Superintendent Comments - November 13, 2017

1. Siding Project - Torske - Substantially Completed. I did have to order 4 new Pella middle-level windows for the shop. Need to finish the shutters/vents in front of school that cover where I believe a heating unit once was. This will be a different material other than the siding.
2. Camera System - I had CEI security come out to hook up the 4 cameras not operating. 2 of the cameras are not working and need replaced. The wiring is bad - weather deteriorated - and also needs to be replaced. CEI is giving me a quote on this and 2 new cameras. These are on the roof and were removed when the siding was removed.
3. Sprinkler - Bamford Inc. - Reminder, this will be done in December over Winter Break
4. Fencing Project - American Fence - This is completed.
5. Yoga Chromebooks - They are in. We have held 2 parent/student meetings. Christian did a nice job with a slide show presentation. Most all have now been distributed to students and are now in classrooms. I plan to learn how to request funding from the REAP grant and use this \$25,000 to help pay for these.
6. Reading Streets - Inservice went well. I was a great day spent with elementary teachers collaborating and working together. I was very impressed with the K-6 teachers.
7. State Education Conference - Any questions on the conference. November 15-17.
8. After School 4-H - Adams County Extension Program - The first activity was a hit. Students made smoothies by pedaling a bicycle blender. I have hired 2 paras to stay and help. Right now about 30 students attending. Mr. Landon out, Mrs. Julie Oshner is now in-charge of these activities. Some of the activities have now changed to what Julie is more comfortable teaching. Schedules were sent home with kids.
9. Fall MAP Scores - They were sent home to parents. Mr. Roe prepared a parent letter, Jan found a great piece that clearly explained MAP for parents, I included a piece that explained the MAP data sheet for parents. Scores were excellent! We will celebrate our scores with Ice Cream Sandwiches on Tuesday, Nov. 21st before Thanksgiving break.
10. Maintenance of Effort (MOE) - We did not meet MOE for the 15-16 school year. I need to do some more checking to see if there is anything that we can do but we may need to pay back \$3,389. Have to meet MOE in 2 of 4 different ways to calculate it. We did not meet in any.

11. Google for Education Certified Administrator and Chrome Device Implementation & Management - Christian is signed up for a two day workshop where he will become Google Certified in these areas. This knowledge will greatly enhance our ability to manage the chromebooks. The cost is \$450 but discounted from \$700 if taking both sessions.
12. Special Building Fund - 10-31-17 Balance (\$753,995.42) + 17-18 Tax Revenues (\$484,848.48) Less estimated amount to pay Ziemba \$32,000 = Approximately \$1,206,843.90 . If next year we set our tax levies for the Special Building Fund in the same manner that we did for the 17-18 school year, we will have at least another \$450,000 to add to this total equaling \$1,656,843.90. We will then need to build this fund back up but it will not need to be at the \$.10 tax rate we have asked for the past two years.
13. Christ Lutheran - Doug Eisele - Doug has requested Christ Lutheran's share of the Title II money. From my research on this Christ Lutheran has not participated in Title II funds in the past and we have received all of this money. Robby completed this request back in April in this same manner. I do not know that Christ Lutheran will be allocated any money. I am speaking with ESU 9 on this matter and will ask them to contact Doug Eisele to explain the situation. The professional development that they attended was religious based which is not an allowable expenditure under Title II funds.
14. Property Tax and Public Policy Forum - Held at Adams Central - Friday, December 1, 2017 at 8:45 am.

9:00 am Presentation by Nebraska Farm Bureau
9:30 am Presentation by Nebraska Farmers Union
10:00 am Discussion and Q & A Time
11:00 am Final remarks & Closing

Can be watched live at <http://striv.tv/channel/adams-central/#>

Online question submission is available at: <https://goo.gl/forms/DEyyVhMfS49E001s1>

15. Mold Inspection - An inspection was performed and air quality was fine.
16. Shop - Looking into some construction in the shop. Hope to have some projects that students can participate in to learn an assortment of skills.
17. Textbook-Curriculum Cycle Review - I have asked Mr. Roe to begin gathering information on the state of our Textbooks and Materials. Teachers indicate that many textbooks are old and outdated. It will be necessary for a schedule to be prepared and approved by the board.

18. Shot and Discuss Rings - Mr. Schnitzler has asked me to visit with the board regarding placement of the shot and discuss rings.
