## **Superintendent's Comments - June 2019**

### **Carmichael Construction L.L.C.**

The concrete in front of the elementary entry has now been poured. Carmichael still has to get the finish dirt work completed and grass seed sown. Jacobi to finish removing the glue from the seams. This appeared to work well but I would like to see what the finished product looks like. A final walk-through with CMBA still needs to take place as well.

### **Shot put Border**

The border for the shot put ring has been ordered and will be installed within the next two weeks

### **Practice Field Sprinklers and Grass**

Not a lot to talk about here. This will have to get organized by Craig and those that will be helping. We will first need to get an estimate of cost and determine if there is a possibility for a fundraising opportunity.

### **Summer Plans for the Shop**

Rod to report on the shop progress.

### **Preschool Playground**

A 17 X 35 concrete pad was poured next to the playground as a foundation for the storage shed. American fence will be putting the fencing in place over the next couple of weeks. Both of these projects will be paid by the preschool grant.

### **Track Surface**

Fisher Tracks has finished recoating the track surface and painting the lines. It looks nice.

### **New Gym**

The new gym floor has been refinished.

### **SLPs**

We are continuing to look for a SLP for the preschool. ESU 9 is having a difficult time locating a person at this time. This may cause use to change how we are working with our speech students.
