VI. Action Items

VI.A. Board Policy, Handbooks, and Support Programs

This committee is responsible for annual review of board policies, handbooks, and crisis/safety plans. This committee is also responsible for the support and development of support programs(nursing, food service) in the district.

VI.A.1. Consider, discuss, and take action to reaffirm existing policies, regulations, and handbooks for the governance of the district.

The board of education upon reorganization of the board is also to reaffirm all policies, regulations and handbooks for the governance of the district. It is general practice, unless mandated by law, to review policies, regulations, and handbooks prior to the beginning of the new school year.

Board policies are hosted electronically by the Nebraska Association of School Boards. Policy changes are provided through two law firms (**Perry, Guthery, Haase, and Gessford, P.C., L.L.O and KSB School Law, PC, L.L.O**). These two law firms are hired by the Educational Service Units to provide policy updates in compliance with State and Federal Legislation. The NASB codifies these policy recommendations and uploads them in their system.

Policy Manual Updates

The 2022-23 policy manual was updated last summer. Jim Luebbe, Policy Director from NASB, worked with the policy committee to update the manual and bring handbooks into compliance with our current manual.

Motion to reaffirm existing policies, regulations and handbooks for the governance of the district. Passed with a motion by Virginia Semerad and a second by Brian Vavricek.

VI.A.2. Consider, discuss, and take action to approve updates to the 2022-23 Return-to-Learn Plan.

Our head nurse, Tori Oehlich, has been working with East Central Health Professionals to update our COVID-19 Return-to-Learn Plan.

In addition to the plan is a set of updated COVID-19 Response Protocols. These protocols are an addendum to the plan and are to be used to guide possible actions according to established operational zones.

The plan is not policy and only needs one vote for approval. See attached updated plan for the second semester.

Motion to approve updates to the 2022-23 Return-to-Learn Plan. Passed with a motion by Brian Vavricek and a second by Amanda Jedlicka.

VI.B. Budget, finance, negotiations, and personnel

This committee is responsible for budget, finance, and contract negotiations with administration, certificated staff, and support staff.

VI.B.1. Discuss, consider and take all necessary action with regard to possible approval of a contract for a telephone system replacement and installation project.

The School District's current telephone system is outdated and obsolete. Replacement phones and parts can no longer be obtained. The School District applied for and was awarded funds under the Elementary and Secondary School Emergency Relief Act to procure a new district-wide telephone system to replace the existing district telephone system. The School District develop and issued an invitation for bids on September 14, 2022, which sought bids from qualified telephone vendors to provide the equipment and installation of anew telephone system. Bids were received on October 21 from the following five (5) telephone system vendors:

- Allo Communications
- Kidwell
- Americom Communications
- GoTo Communications
- Applied Connective

Upon receipt of bids, School District administration thoroughly reviewed the bids and vetted and interviewed the vendors. The bids from two bidders, Allo and Applied, were deemed insufficient, as the bids did not include pricing for all necessary components of the new telephone system. Of the three other bidders, the bid from Americom provided the lowest equipment and monthly recurring costs, and was deemed the best system for the School District.

School District administration recommends awarding a contract to Americom Communications as the lowest responsible and best bidder for this project. The contract amount would be \$149,151, to be initially paid with School District funds. The School District would seek reimbursement of this amount through ESSER.

Motion that the Board of Education should, and does hereby (1) approve Americom Communications as the lowest responsible bidder for the telephone system replacement and installation project, (2) authorize and approve the agreement with Americom Communications in the amount of \$149,151.00, in the form on file with official School District records and as presented at this meeting, or with such changes as are approved by the Superintendent of Schools, for the purpose of purchasing, replacing and installing a new telephone system throughout the school district, and (3) authorize, approve, and direct the President of the Board of Education, Superintendent of Schools, or a designee for the School District, to sign, execute, and deliver such agreement, and any documents or agreements called for in such agreement, for and on behalf of the School District, to sign and approve any amendments, modifications, and change orders, to pay the agreement amount and other transaction costs, change orders, and expenses related to the project, and to take or cause to be taken all other action necessary or appropriate to complete any requirements or obligations under the agreement. Passed with a motion by Richard Brabec and a second by Dr Renee Sayer.

VII.B. Principals Reports

Preschool and SES 3-5 Principal's Report: Mr. Comley

Program/Staff Member Spotlight: This month I would like to highlight Mark Wemhoff. I have been supervising girls wrestling meets lately, and honestly, over the last 2 years, I have seen a coach that cares deeply about his program and works with individuals during these events. At the last wrestling meet I watched Mr. Wemhoff, actually had an assistant coach get on the mat and show a young lady what to do while the girl was wrestling! That is good coaching and dedication. I have been impressed with Mr. Wemhoff and what he has done for Schuyler! Thank you Mr. Wemhoff

SES K-2 Principal's Report: Mrs. Keairnes

Program/Staff Member Spotlight: I would like to highlight Vanessa Stanek! She is the technology coordinator at the Elementary School and she consistently goes above and beyond whatever tasks are thrown at her each day. She is very prompt to support staff with any technical needs throughout the day and has done a great job of updating our building website to keep the community informed about things happening in our building. She also fills in for nursing positions when needed. Vanessa maintains great relationships with all individuals in our building and is highly respected.

Dual Language, Fisher's, & Richland Principal's Report: Ms. Bebout

Program/Staff Member Spotlight: I would like to highlight Tasha Eldridge. Tasha was born and raised in Denison, Iowa. She has also lived in Sioux City, Red Oak, and Sidney, Iowa, and Douglas, Wyoming. She currently resides just outside of David City. She has worked for the school district since 2019. She has also worked in Sidney/Farragut, Iowa and Gillette, Wyoming. Tasha is married to Michael and has three children; Nathaniel-12, Jacob-10, and Olivia-7. Tasha has a Bachelor of Music Degree (emphasis in Piano) and a Masters in Education.

Tasha resigned at the end of last year to pursue her baking business and have more time with her family. This year she did a long-term sub position to help alleviate our music teacher's schedule as we were unable to fill her position. She put on an amazing Veterans Day Program and Christmas Musical. She has such a great relationship with the students and we enjoyed having her back in our buildings this fall!

Middle School Assistant Principal's Report: Mr. Banahan

Spotlight Program: This month I would like to spotlight the work of our ELL department specifically Mr. Rod Ruybalid and Mrs. Angie Wemhoff. These two teachers work with a wide range of students who know little to no English when they start school here at SMS. They do a great job working with these students to get them to improve their English speaking, listening, writing, and reading skills which will help them learn in the classroom. These two teachers do a great job working with our students, even though at times it can seem like they are underappreciated or forgotten in the large picture of the school. We do appreciate the hard work they put into helping our students achieve success where they are and the continuous pushing as they encourage these students to continue to grow at high rates in our school.

Spotlight Upcoming Event: At SMS, we are wrapping up our winter testing window for the Star, MAP, and NSCAS tests. Next month many of our students will begin the ELPA 21 Language Assessment. This assessment is for any student whose family's home language is not English. Students will have to continue to take this test until they are able to test out in the four areas that the test focuses on. The four areas that ELPA 21 focuses on include, writing, speaking, listening, and reading in the English language. Students are then given a score in those areas on a scale of 1-5 with 5 being the highest level for each area. How students do on this assessment will determine whether or not they are on the LEP (Limited English Proficiency) identified. Once students have tested out of their LEP program they no longer need to take the ELPA 21 assessment, as they have been identified as mastery of the English language.

Schuyler Middle School Principal's report: Mr. Zavadil

Program Spotlight: January is a perfect time for administration and teachers to get a lot of work and learning in before the distraction of spring events. Our staff has returned from break ready to teach and excited to start the second semester strong. Mrs. Wemhoff in our English Language Learner department will start work on goal setting conversations with our EL students that will be taking the ELPA test. The ELPA is an annual test given to any student that has been identified as an English Language Learner and is a very difficult test to pass. In fact, when we look at our achievement data our students that do pass the ELPA test are proving to be the highest performing students in the district. Outperforming all other subgroups, which includes all race, socioeconomic status, Special Education status. Which might indicate the level of difficulty of this test.

Staff Member Spotlight: This month I would like to highlight the work of Mrs. Kment. She is the School counselor at Schuyler Middle School and serves our building in a myriad of capacities. Mrs. Kment helps our students that are struggling with their emotions and relationships. She works with Mr. Banahan to coordinate our MTSS programs. Mrs. Kment sets up our state testing and works with administration to help create a working building schedule. She sets up student schedules and serves as an invaluable member of our leadership team at the Middle School.

Upcoming Events: Schuyler Middle School staff have a busy January and February planned. We will participate in the district professional development event that will take place on January 16-18th. Our administration has two days this month scheduled to work with Discovery education STEM leadership training. Our Capturing Kids' Hearts representative from the Flippen organization will be coming to us to help us continue to grow our culture the week of January 23rd.

High School Asst. Principal's Report: Mr. Steinhoff

Staff Member Spotlight: This month I would like to spotlight Mr. Austin Hauptman. Mr. Hauptman teaches physical education and health, and also coaches varsity football and junior high track. This is Mr. Hauptman's first year at the high school, and has been an excellent addition to our staff. He does an excellent job of building relationships with his students and teaching his content. He is also a perfectionist, always working to improve his craft. Mr. Hauptman has a knack for meeting students where they are working with them to move them towards their potential.

High School Assistant Principal's Report: Mrs. Ladwig

Staff Member Spotlight: I would like to highlight the work of Mr. Rick Carter. Mr. Carter teaches Algebra I, Pre-Calculus, and Calculus at SCHS, and he also coaches cross country and track. As an extremely knowledgeable math teacher, Mr. Carter does everything he can to help students learn the content and be successful in both school and life. Mr. Carter works with kids before and after school as well as during summer school. Not only is Mr. Carter an advocate for our kids, but he is also a teacher leader in our building. He always has a smile on his face and does not hesitate to step up and help other teachers when needed. We are extremely grateful to have Mr. Carter as a part of our SCHS family!

High School Principal's Report: Dr. Lefdal

Program/Staff Member Spotlight: I would like to highlight Brandi Zavadil in our counseling department. Brandi's ability to reach students where they are, and set programming requirements as well as work with students transitioning into the country and our school is second to none. He has helped create an amazing place for our newcomers and continues to make our program stronger every day.

Notable Topics: I am excited to see how our wrestling program does this month. Our boy's and girl's teams look very good and have been very competitive. Our coaches have been doing an excellent job making sure students are keeping their grades up and focused on improvement.

Looking ahead: I am excited for the professional development days in January. I believe the speakers and the content will be great for our staff. I appreciate all the work Dr. Gibbons, Dr. Hoelsing, and the admin team have done to line up the speakers and organize the programs. It is truly a great day to be a Warrior!

VII.C. Directors Reports

Youth Sports Director's Report: Mrs. Keairnes

Program/Staff Member Spotlight: I would like to highlight our girls youth basketball program! This year we have 68 girls in grades K-6th who have signed up to participate in youth basketball. The head coach is Mr. Brante Hayes and he has done a great job of coordinating practices and engaging some parent volunteers to help out with the program.

Warrior Academy - AfterSchool Program Director's Report: Ms. Bebout

Spotlight Partner: I would like to highlight our partnership with Pinnacle Bank. They donated \$330 to our afterschool program! We greatly appreciate their constant support for the students in our district. They have supported us over the years monetarily, by allowing students to come into the bank for a tour and to see the vault, and as speakers to our students. This financial support will help with programming we offer to students. Pinnacle Bank's Mission Statement says, "At Pinnacle Bank, our mission is to serve our community, to provide value to our clients, to respect employees and provide shareholders with sustained growth and earnings with their investment." I believe you see this example in our community!!! Thank you very much!!

Middle School Activities Director's Report: Mr. Banahan

Spotlight Program: Here at SMS we are starting up our boys basketball season, and we currently have over 40 boys signed up to play basketball this year on our teams. We are excited to see some growth from our 8th-grade team from last season, and we are excited to see what our 7th-grade boys can do on the hardwood. We will have some new faces on the sidelines this season, as Mr. Chad Wiseman is taking over the helm from Mr. Schultz who was the head coach the last two years. We are excited about what our boys can do on the court this season, and want to thank Mr. Schultz for coaching the last two years. Joining Mr. Wiseman on the sidelines will be Mr. Petersen, Mr. Prososki, and Mr. Halvorsen. Our first game will be on January 17th vs Central City.

Spotlight Upcoming Event: Mr. Brante Hayes along with the help of Mr. Wehner are working to get a 3-on-3 league going for our 5th-8th Schuyler girls interested in working on their basketball skills during the months of January and February on Saturday mornings from 10 AM-12 PM at SMS. We are hoping to help our girl basketball players to continue to develop their basketball skills. Along with basketball, Mrs. Richards and Miss Cruz will be working with some club volleyball girls and playing games in a winter league at Lakeview during the months of January and February as well. We are excited to see the work being put in by our coaches and athletes.

High School Activities Director's Report: Mr. Steinhoff

Staff Member Spotlight: This month I would like to highlight Mrs. Renee Brabec. Renee is an administrative assistant at the high school and does amazing work for both our transportation department and the activities department. She is extremely organized, detail-oriented, and hard working. She is passionate about everything Schuyler and our school and community and both benefit greatly from her dedication.

Program Spotlight: In this month's program spotlight I would like to highlight our high school boys wrestling team. This past month, they have experienced a lot of success. A few of their accomplishments are highlighted below:

- Defeated both Lakeview and Scotus in our duals with them and are currently 9-3 in duals as a team.
- We finished first at the Wisner Pilger Invite
- Finished 2nd place at Rising City
- 12 out of our 14 varsity wrestlers have winning records.

Looking Ahead: We host our annual boys and girls wrestling invite this weekend. The girls varsity and boys junior varsity are on Friday, January 13th, the boys varsity meet is Saturday the 14th, and our youth wrestling club hosts their youth tournament on Sunday the 15th. All three of these meets should be very entertaining and provide elite competition for our athletes.

Special Education Director's Report: Mrs. Vrba

Staff Member Spotlight: Nadia was a 5th grade teacher last year and is teaching the parent classes at SES this year. She has answered our prayers and accepted the teaching position for our High Needs Room. Our students are so extremely lucky to have her as their teacher. I visited her classroom already this year and found all of our students engaged in learning activities. Nadia is a true ray of sunshine in our school system.

Marcos just graduated from Wayne State on the 16th of December. He has signed on to be our 2nd grade Special Education teacher until March 7th! (But, I am hoping to work "our Schuyler Community School's magic" on him. I would love to keep him until the end of our school year.) He spent both Monday and Tuesday before our holiday vacation working with our teachers to learn the "Schuyler Way" of teaching. I am going to convince him, still, that Schuyler is the perfect place to teach!!

On a different note... Since our last Board of Education meeting, I have had the extreme exciting pleasure of watching our Warriors Girls' Varsity Basketball Team win games against Lexington and Boys Town. It was the best site seeing our girls celebrate together as a team. Jason Wehner and his assistants are doing an incredible job with our girls.

Curriculum, Assessment, and Instruction Director's Report: Dr. Gibbons

Assessment Data: Last month, I shared last year's NSCAS Assessment Data with you. I was asked to share our plans for improving those scores. See attached Document.

VII.D. Superintendent's Report

Program/Staff Member Spotlight: Ronnie Mundil and Dan Rinkol for their work on setting up meetings, researching systems, and securing bids for the telephone system upgrade in compliance with statutory requirements and Federal ESSERS III regulations.

1. **Strategic Planning Workshops:** Staff Strategic Planning Workshops are scheduled for January 16-18 from 8:00-4:00. Attached is a draft workshop schedule. We will finalize the schedule at our leadership meeting on Monday, January 9th.

2. **Workers Compensation Experience Rating:** Each year we receive an update on our workers' compensation experience rating based on our safety programs and workplace injuries. Our rating improved from 1.02 on 12/1/2021 to .96 on 12/1/2022. See attached information.

VII.E. Board Member/Committee Reports

1. **Foundation Meeting:** Due to the holiday, the January Foundation meeting was moved to Monday, January 9th. Brian will provide an update at the meeting.

2. **Legislative Update:** There is always a flurry of activity at the start of a 90-day session. The 2023 Legislative Session is certainly no different. The hallways are jammed with furniture as senators move out of offices and into new offices (based on seniority). There is also a flurry of activity with regard to the business of the Legislature as bill introduction begins. It's a race to get bills drafted and ready for formal introduction, referral to a committee, and getting hearing dates set. Typically, the sooner a bill is introduced the sooner it might be heard in committee. Bill drafters literally work day and night to meet the demand.

Speaker Arch released his plan for the next few weeks. Several important things to know is that bill introduction lasts for 10 days, ending January 18th. During a typical 90-day session, between 700 to 800 bills will be introduced. There is no limit to the number of bills a senator can introduce. It's really about the number of bills a given senator feels he/she can commit to handling.

Afternoon public hearings will begin on January 23rd. From January 30th through February 10th, public hearings will be held in both the morning and afternoon. It is important to know if you plan to testify on a given bill during that period (check to determine the morning or afternoon time for the hearing).

Schedule

January 6, 9 through 13

- Convene at 10:00 a.m.
- Bill introduction

We currently have January 17th and 18th as a professional development days for all staff. We have rescheduled the first 3 days of APL training for new teachers in conjunction with our two PD days in the original calendar. Therefore, the second semester calendar needs to reflect "No School for Students" January 16-18.

The leadership team is in the process of finalizing the completed action plans for 2022 and working on arranging workshops in support of the 2023 strategic plan input identified in the ThoughtExchanges from staff and parents.

Motion to approve amending 2nd semester calendar as presented. Passed with a motion by Brian Vavricek and a second by Dr Renee Sayer.

Action Item

The board of education has the following options:

1. Appoint a member to fill the remainder of the vacated term. This can be done at this meeting if the board chooses to do so. If this process is used, the newly appointed member would be installed at the regular January school board meeting.

IV.B. Budget, finance, negotiations, and personnel

Procedural Item

Chuck Misek, Rich Brabec, Brian Vavricek

This committee is responsible for budget, finance, and contract negotiations with administration, certificated staff, and support staff.

IV.B.1. Consider, discuss, and take action to approve the 2022-23 teacher incentive program.

Action Item

The board of education and the teacher's negotiation's team have reached a tentative settlement on the 2023-24 Master Agreement. Included as an addendum is the 2022-23 teacher incentive program.

The incentive plan is not a negotiable item, but since it does impact teacher pay, it is a mutually supported document. The incentive plan remained the same with the exception of the item listed below.

Additional Incentive Consideration

1. District and State Fine Arts Judge or Athletic Official

Rationale: Due to the shortage of officials needed to host district and state level contests, any teacher assigned as an official for a district or state contest would be given district professional leave and keep the stipend paid for services.

1. Submit a copy of the contract to their principal.
2. Secure substitute teacher arrangements with their principal.

Preschool/SES 3-5 Principal's Report: Mr. Comley

Program/Staff Member Spotlight: This month I would like to highlight Kimmi Viquez. Mrs. Viquez is our afterschool program director. Mrs. Viquez does an excellent job coordinating and leading a program that gets a lot of attention. Mrs. Viquez is always friendly and works well with the staff in the program. Schuyler is extremely lucky to have an employee like Mrs Viquez working with our families and staff! Thank you Mrs Viquez for all you do!

SES K-2 Principal's Report: Mrs. Keairnes

Program/Staff Member Spotlight: I would like to highlight Sarah Garcia. Mrs. Garcia is a Kindergarten teacher at the Elementary School. She is on our MTSS committee, Field Day committee, Math curriculum team, and she is on our Process Champions team for our Capturing Kids Hearts Program. She is also the Girls Youth Sports Coordinator and coaches softball at the high school and youth level. Mrs. Garcia consistently exceeds expectations with every task she is given. She is highly motivated and is always willing to help any individual seeking support in any way. Thank you Mrs. Garcia!

Middle School Assistant Principal's Report: Mr. Banahan

Staff Member Spotlight: This month I would like to recognize the work of our SMS Physical Education department (Mr. Bos, Mr. Wiseman, and Mr. Proski). They have initiated a couple of new ideas for our students to help improve the weight training program for our Middle School students. The first thing they did was create "Workout Wednesdays", where students in all Physical Education classes are doing strength building exercises, along with speed and agility drills, and plyometrics. These skills help our students develop a passion for working out and provide students with the basic understanding of how to workout properly. Each week, the teachers discuss which period of students put the best effort forward, and has the most students involved at a high level. They then tally up the periods and at the end of the month they recognize those students on the website and social media pages. The final thing they are doing is providing a time for our middle school students to get into the weight room outside of school hours. They are providing a time for students to lift weights four times a week from 6:30-7:30 AM, for students in 7th and 8th grade. This allows them to get accustomed to our high school weight room, as well as provides a safe space for the students to learn how to lift weights with proper form and technique. Thank you for providing these amazing opportunities for our students!

Spotlight Upcoming Event: SMS Band and Choir concert, being held at Schuyler Central High School Performing Arts Auditorium on December 12th with the 6th-grade choir starting at 6 PM, followed by the 7th and 8th-grade performances at 7 PM. This will be another terrific

show put on by our amazing music and band teachers Miss Morgan Semerad, Mr. Nestor Pelayo, and Mr. Paul Niedbalski.

Middle School Principal's Report: Mr. Zavadil

Program Spotlight: We have just a little over a week until the beginning of our holiday break. Our staff and students have been working hard and are wrapping up the Winter round of NSCAS testing. Our administration has been working hard on instructional supervision utilizing many of the great techniques being utilized at the high school and were taught to us by Mrs. Kennedy. Our staff has been working very hard on instruction. Our new staff are just about to wrap up their first semester and have worked very hard to get up to pace. They are doing a great job and we are happy to have them aboard.

Staff Member Spotlight: This month I would like to highlight the exceptional work of Mrs. Nolan. She is our 6th grade Science teacher and has a great way of engaging students with Science. Students are engaged in her class and her instructional methods focus upon inquiry learning, which can teach both Science and how to be truly curious about natural phenomena. She is a great asset to Schuyler Middle School.

Upcoming Events: Schuyler Middle School will be hosting an anti-vaping speaker named Robb Halladay. He will also be giving his presentation at the SCHS auditorium at 6pm for parents. SMS administration is working with SMS Student council to bring in Mr. Holladay. He is booked very far in advance and we were able to book him back in early September for this December speaking engagement. Also, tonight we have our Holiday Concert. This evening, Mr. Pelayo, Mr. Niedbalski and Ms. Semerad worked hard to prepare the students for this event.

High School Asst. Principal's Report: Mr. Steinhoff

Staff Member Spotlight: This month I would like to highlight Ms. Blaser. Ms. Blaser teaches social studies and has been a great addition to our staff this year. She has made an impact not only through her effective instruction in her own class, but through her commitment to us, our culture, and doing what is right for our kids and staff. Ms. Blaser has been a mentor teacher, a volunteer in many areas, and dedicated herself to being here at many of our activities just to support our kids.

High School Assistant Principal's Report: Mrs. Ladwig

Program/Staff Member Spotlight: I would like to highlight the work of the SCHS kitchen staff led by Ms. Sheila Trainer. Sheila does an excellent job communicating with the administration as needed, and she is always willing to be flexible with the lunch schedule when it comes to testing and special events. For District One-Act, the kitchen staff prepared soups, sandwiches, and cookies for all the SCHS staff as well as the visiting school's directors and judges. This year's kitchen staff is friendly and greets students and staff with smiles every day. We are lucky to have this group of unsung heroes at SCHS!

High School Principal's Report: Dr. Lefdal

Program Spotlight: I would like to spotlight our one-act performers and coaches. The coaches and students put on an amazing performance at the conference and district programs

and are headed to State! It is exciting to see so many children be part of the program as well as see other students find a place to shine. Congrats to all that are participating and leading this program.

Notable Topics: Our meetings with Kathy Kennedy have been very good this year. We have had some great conversations as well as excellent planning. We have invited Kathy Kennedy to present at our workshops in January to train all of our staff in value-add classroom coaching as well as how to work with students in a similar way. I am also excited about continuing our classroom coaching model in the spring.

Looking ahead: I am excited to begin work on our strategic planning and professional development session in January. It is always an interesting process and I love to have discussions about the future direction of our district and to hear other professionals' ideas and suggestions for improvement.

Youth Sports Director's Report: Mrs. Keairnes

Program/Staff Member Spotlight: I would like to highlight Serena Sanchez for the work she has done with our youth wrestling program. Ms. Sanchez was a college athlete who wrestled at Midland University and she is an assistant coach for our high school girls wrestling team along with being our youth wrestling coach. This year we had 43 athletes signed up to participate in our youth wrestling program. She has done a fantastic job of teaching athletes of all ages and experiences the basics of wrestling. It has been amazing to watch the growth our athletes have been making with the fundamental skills in wrestling and becoming more and more passionate about the sport. Thank you Mrs. Sanchez!

Middle School Activities Director's Report: Mr. Banahan

Program Spotlight: I would like to highlight our Middle School coaches for girl's basketball as well as Wrestling. These coaches have done an outstanding job of working with our young men and women and helping to develop them into great young Warriors! Coach Brante Hayes, and his staff (Adam Robinson, Allison Wooden, and Pat Halvorsen have worked hard to help these girls improve every day in with their basketball skills. They have been fun to watch compete this year, and they have continued to improve with their play each and every week. I also want to thank Coach Casey Harper and his staff (Guillermo Gutierrez, Wade Brashear, and Don Maxwell) for all of their hard work this wrestling season. To not only manage 70 wrestlers but to help them each improve their wrestling skills and shape them into high-quality young men and women is no small feat! Thank you for all that you do!

Staff Member Spotlight: I would like to spotlight Bernice Maxwell and GERALYN SHANNON, for all of their hard work and dedication to helping set up and run three very successful wrestling events this season! Both of these ladies helped set up the gyms, ran the books, and helped clean up after each event we hosted. They went above and beyond what was asked of them to help ensure that our events ran smoothly, and I am so thankful for all of their help and support of our Warrior wrestling program. Thank you both so much for all of your help!

High School Activities Director Report: Mr. Steinhoff

Program Spotlight: In this month's program spotlight I would like to highlight our state-bound play production team. Our team put on an amazing performance, and is headed to State for a

second straight year. It is amazing to see such a large group of our students work together and perform the way they have this year. One act is a big time commitment and not only requires talent and teamwork, but also a significant amount of time. Our one-act coaches and competitors are often the last to leave the school, as they practice after fall and winter sports. Congratulations to the competitors and coaches.

Looking Ahead: The month of December is full of action from our winter sports. Boys and girls basketball and boys and girls wrestling have started their seasons. We also have the band and choir Christmas concert coming up on Sunday, December 11th.

Special Education Director's Report:

Program/Staff Member Spotlight: For December I am spotlighting our passionate and hardworking school psychologist. April Becker has an incredible understanding of mental health, learning, and behavior which helps children succeed academically, socially, behaviorally, and emotionally in our classrooms. She possesses the following traits that reflect the characteristics of a true professional:

- **The Willingness to Learn:** She is always continuing her educational quest and approaches problems with an open mind. She is generating practices to promote learning, resiliency, interventions for educational and behavior purposes daily.
- **Patience:** She has the ability to keep a cool, calm, mild demeanor during testing sessions, working with frustrated teachers, working with students with intense behaviors and presiding over MDTs with parents and other professionals. April has the natural ability to interpret a student's testing data to ensure parents understand their child's learning and mental health needs. She does a phenomenal job of helping parents navigate the whole special education process in a positive way.
- **Respect Towards Confidentiality:** April is trustworthy with personal information and is the utmost professional at testing data/scores. She has an extremely strong sense of ethics.
- **Strong Interpersonal Skills:** She has the ability to interact well with a wide variety of people: colleagues, students, parents, etc.

I felt the need to share my respect and admiration of April as our school psychologist because there isn't a single person outside the walls of our Special Education Office that knows how hard she works. Dr. Hoelsing made one of his best decisions ever when he offered her a contract to become SCS's School Psychologist...she is a "priceless" addition!

Curriculum, Instruction & Assessment Director's Report: Dr. Gibbons

Program/Staff Member Spotlight: Our Multi-Tiered Systems of Support (MTSS) team has established new action plans for this school year and we are working through them. Our overall goal is to have a fully functioning MTSS process in place for the start of the next school year.

Curriculum - The Committee on American Civics met on November 21st at 6:30pm in the Chapel Meeting Room. Board members Lanuza and Sayer were present. Dr. Gibbons presented how we are meeting the requirements set out in the American Civics law.

- Curriculum can be viewed on the district website by going to Menu SCS FMP Modules and finally, Standards.
- Our Curriculum stresses the services of the men and women who achieved our national independence, established our constitutional government, and preserved our union and is so written to include the incorporation of multicultural education so as to develop a pride and respect for our institutions and not be a mere recital of events and dates.

- We also incorporate the administration of a written test identical to the civics portion of the naturalization test in 8th grade and also high school.
- Appropriate celebrations are held on specified holidays.
- We also discussed the current curriculum cycle.

Assessment - We are currently in the Winter Assessment window. Students in grades 3 - 8 are taking the NSCAS growth assessment, while other grades are taking the MAP assessment.

Student Council Board Report 1/9/23

On December 20th, the high school FOCUS groups competed in some team building activities. Students who had not finished their finals, used the time to make up their final exams before leaving for break. There were four different activities: tug-of-war (which turned into Duck Duck Goose), a table rolling contest, a puzzle competition, and knockout. There are photos below.

Classes resumed on January 5th. Students were excited to get back to school and their activities.

Mask Guidelines

Due to the ongoing risk of COVID-19, SCS will implement some triggers for students and staff. SCS cannot and will not ask about health conditions and/or vaccination status. Individuals and families should exercise additional precautions they see fit to be in attendance at school. We need both the community and parents' help to curb the spread of COVID-19.

While masks are not mandated, employees and students who would like to wear them are encouraged to do so.

If mandated, mask-wearing or other precautions **WILL NOT** be optional. There will be no contact tracing done by SCS, the health district, or any other medical institution. This is our best way of stopping community spread while still allowing students, staff, and families the freedoms they wish to keep regarding masks.

MASKS ARE RECOMMENDED AND NOT REQUIRED PK-12

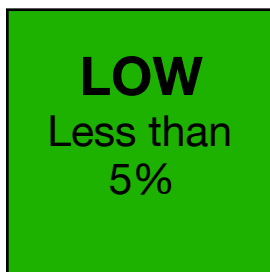

Unless the board of education authorizes it's obligation through statute: 79-526.

Class III or IV school district; school board; schools; supervision and control; powers.

- (1) The school board or board of education of a Class III or IV school district has responsibility for the general care and upkeep of the schools, shall provide the necessary supplies and equipment, and except as otherwise provided, has the power to cause pupils to be taught in such branches and classified in such grades or departments as may seem best adapted to a course of study which the board shall establish with the consent and advice of the State Department of Education. The board shall make provision for pupils that may enter at any time during the school year. The board shall have a record kept of the advancement of all pupils in each branch of study. **The board shall make rules and regulations as it deems necessary for the government and health of the pupils and devise any means as may seem best to secure the regular attendance and progress of children at school.**

What may trigger a mask mandate?

Our absentee rate for COVID-19 that exceeds 10% across the district will result in contacting our Local Health Department for recommendations.

Absenteeism due to COVID-19 will be reported on Wednesdays at 12pm

At 10%, possible recommendations include:

Social distancing during lunch hours

Only immediate family allowed into the buildings during regular school hours

Increased restrictions on school visitors and spectators at school events

Indoor activities may be handled differently than outdoor activities

Schuyler Community Schools may, at its option, (i) return defective goods at Vendor's expense, for a full refund of the purchase price; (ii) return defective products to Vendor for repair or replacement; or (iii) exercise any other rights that Schuyler Community Schools may have at law or in equity. Schuyler Community Schools' inspection or failure to inspect shall not relieve the Vendor of any obligations hereunder.

3. WARRANTY. All goods and materials shall be new, unless otherwise specified in the Agreement. If the Vendor is not the manufacturer of the goods supplied under the Agreement, the Vendor assigns all manufacturer warranties to Schuyler Community Schools. 5. INVOICES. Invoices for payments must be submitted by the Vendor to Schuyler Community Schools with sufficient detail to support payment. The terms and conditions included in the Vendor's invoice shall be deemed to be solely for the convenience of the parties. No terms or conditions of any such invoice shall be binding upon Schuyler Community Schools, and no action by Schuyler Community Schools, including without limitation the payment of any such invoice in whole or in part, shall be construed as binding or estopping Schuyler Community Schools with respect to any such term or condition, unless the invoice term or condition has been previously agreed to by Schuyler Community Schools as a change order to the Agreement.

6. TAXES. The Agreement is a single transaction exempt certificate. Schuyler Community Schools is exempt from payment of the Nebraska sales tax under Section 77-2704.15. Sales Tax Exempt No. 05-0618144. Schuyler Community Schools assumes no liability for payment of any taxes as a result of the Agreement.

7. FUNDING OUT CLAUSE OR LOSS OF APPROPRIATIONS. Schuyler Community Schools may terminate the Agreement, in whole or in part, in the event funding is no longer available. Schuyler Community Schools' obligation to pay amounts due for fiscal years following the current fiscal year is contingent upon board of education appropriation of funds for the Agreement. Should said funds not be appropriated, Schuyler Community Schools may terminate the Agreement with respect to those payments for the fiscal years for which such funds are not appropriated. Schuyler Community Schools will give the Vendor written notice thirty (30) calendar days prior to the effective date of any termination, and advise the Vendor of the location (address and room number) of any related equipment. All obligations of Schuyler Community Schools to make payments after the termination date will cease and all interest of Schuyler Community Schools in any related equipment will terminate. The Vendor shall be entitled to receive just and equitable compensation for any authorized work which has been satisfactorily completed as of the termination date. In no event shall the Vendor be paid for a loss of anticipated profit.

8. RIGHT TO AUDIT. Vendor shall establish and maintain a reasonable accounting system that enables Schuyler Community Schools to readily audit the Agreement. Schuyler Community Schools and its authorized representatives shall have the right to audit, to examine, and to make copies of or extracts from all financial and related records (in whatever form they may be kept, whether written, electronic, or other) relating to or pertaining to the Agreement kept by or under the control of the Vendor, including, but not limited to those kept by the Vendor, its employees, agents, assigns, successors, and subcontractors. Vendor shall, at all times during the term of the Agreement and for a period of seven (7) years after the completion of the Agreement, maintain such records, together with such supporting or underlying documents and materials.

9. EARLY TERMINATION. The Agreement may be terminated as follows:

A. Schuyler Community Schools and the Vendor, by mutual written agreement, may terminate the Agreement at any time.

Appendix A

B. Schuyler Community Schools, in its sole discretion, may terminate the Agreement for any reason upon thirty (30) calendar days written notice to the Vendor. Such termination shall not relieve the Vendor of warranty or other obligations incurred under the terms of the Agreement.

C. Schuyler Community Schools may terminate the Agreement immediately for the following reasons: (i) if directed to do so by statute or regulation; (ii) Vendor has made an assignment for the benefit of creditors, has admitted in writing its inability to pay debts as they mature, or has ceased operating in the normal course of business; (iii) fraud, misappropriation, embezzlement, malfeasance, misfeasance, or illegal conduct pertaining to performance under the Agreement by its Vendor, its employees, officers, directors, or shareholders; (iv) an involuntary proceeding has been commenced by any party against the Vendor under any one of the chapters of Title 11 of the United States Code and (a) the proceeding has been pending for at least sixty (60) calendar days; or (b) the Vendor has consented, either expressly or by operation of law, to the entry of an order for relief; or (c) the Vendor has been decreed or adjudged a debtor; (v) a voluntary petition has been filed by the Vendor under any of the chapters of Title 11 of the United States Code; (vi) Vendor engaged in collusion or ones' actions which could have provided Vendor an unfair advantage in obtaining the Agreement.

10. BREACH BY VENDOR. Schuyler Community Schools may terminate the Agreement, in whole or in part, if the Vendor fails to perform its obligations under the Agreement in a timely and proper manner. Schuyler Community Schools may, by providing a written notice of default to the Vendor, allow the Vendor to cure a failure or breach of Agreement within a period of thirty (30) calendar days (or longer at Schuyler Community Schools' discretion considering the gravity and nature of the default). Said notice shall be delivered by certified mail or in person with proof of delivery. Allowing the Vendor time to cure a failure or breach of Agreement does not waive Schuyler Community Schools' right to immediately terminate the Agreement for the same or different Agreement breach which may occur at a different time. In case of default of the Vendor, Schuyler Community Schools may contract the goods from other sources and hold the Vendor responsible for any excess cost occasioned thereby.

11. PERMITS, REGULATIONS, LAWS. The Vendor shall procure and pay for all permits, licenses, and approvals necessary for the execution of the Agreement. The Vendor shall comply with all applicable local, state, and federal laws, ordinances, rules, orders, and regulations.

12. INDEPENDENT CONTRACTOR. It is agreed that nothing contained herein is intended or should be construed in any manner as creating or establishing the relationship of partners between the parties hereto. The Vendor represents that it has, or will secure at its own expense, all personnel required to perform the services under the Agreement. The Vendor's employees and other persons engaged in work or services required by the Vendor under the Agreement shall have no contractual relationship with Schuyler Community Schools; they shall not be considered employees of Schuyler Community Schools. All claims on behalf of any person arising out of employment or alleged employment (including without limit claims of discrimination against the Vendor, its officers, or its agents) shall in no way be the responsibility of Schuyler Community Schools. The Vendor will hold Schuyler Community Schools harmless from any and all such claims. Such personnel or other persons shall not require nor be entitled to any compensation, rights, or benefits from Schuyler Community Schools including without limit, tenure rights, medical and hospital care, sick and vacation leave, severance pay, or retirement benefits.

Appendix A

The Vendor shall comply with all applicable local, state, and federal statutes and regulations regarding civil rights laws and equal opportunity employment. The Vendor certifies that it is an equal opportunity employer and actively recruits a well-qualified and diverse staff including minority applicants as well as historically underutilized business subcontractors, and does not discriminate against any employee or applicant for employment or subcontractor by reason of sex, disability, race, color, religion, veteran status, national or ethnic origin, age, marital status, pregnancy, childbirth or related medical condition, or other protected status. The Vendor and any subcontractors shall not discriminate against any employee or applicant for employment to be employed in the performance of the Agreement, with respect to hire, tenure, terms, conditions or privileges of employment, because of sex, disability, race, color, religion, veteran status, national or ethnic origin, age, marital status, pregnancy, childbirth or related medical condition, or other protected status, as prohibited by the Nebraska Fair Employment Practice Act or federal law. The Vendor agrees to post in conspicuous places available to employees and applicants, notices setting forth the Contractor's nondiscrimination policies. The Vendor and its subcontractors shall, in all solicitations or advertisements for employees placed by them or on their behalf, state that all qualified applicants will receive consideration for employment without regard to sex, disability, race, color, religion, veteran status, national or ethnic origin, age, marital status, pregnancy, childbirth or related medical condition, or other protected status.

14. TIME IS OF THE ESSENCE. Time is of the essence in the Agreement. The acceptance of late performance with or without objection or reservation by Schuyler Community Schools shall not waive any rights of Schuyler Community Schools nor constitute a waiver of the requirement of timely performance of any obligations on the part of the Vendor remaining to be performed.

15. ASSIGNMENT BY THE CONTRACTOR. The Vendor may not assign, voluntarily or involuntarily, the Agreement or any of its rights or obligations hereunder (including without limitation rights and duties of performance) to any third party, without the prior written consent of Schuyler Community Schools, which will not be unreasonably withheld.

The Vendor agrees to defend, indemnify, hold, and save harmless Schuyler Community Schools and its employees, volunteers, agents, and its elected and appointed officials (“the indemnified parties”) from and against any and all claims, liens, demands, damages, liability, actions, causes of action, losses, judgments, costs, and expenses of every nature, including investigation costs and expenses, settlement costs, and attorney fees and expenses (“the claims”), sustained or asserted against Schuyler Community Schools, arising out of, resulting from, or attributable to (i) the willful misconduct, negligence, error, or omission of the Vendor, its employees, subcontractors, consultants, representatives, and agents, (ii) the actual or alleged infringement or misappropriation of any patent, copyright, trade secret, trademark, or confidential information of any third party by the Vendor or its employees, subcontractors, consultants, representatives, and agents, and (iii) with respect to withholding taxes, worker’s compensation, employee benefits, or any other claim, demand, liability, damage, or loss of any nature relating to any of the personnel provided by the Vendor. The Vendor may not settle any claim that will affect Schuyler Community Schools’ use of the goods without Schuyler Community Schools’ prior

Appendix A

written consent. At Schuyler Community Schools' election, the actual or anticipated judgment may be treated as a breach of warranty by the Vendor, and Schuyler Community Schools may receive the remedies provided under the Agreement.

17. GOVERNING LAW. The Agreement shall be governed in all respects by the laws and statutes of the State of Nebraska. Any legal proceedings against Schuyler Community Schools regarding the Agreement shall be brought in the state or federal courts located in Colfax County, Nebraska. Faxing is not looked at as critical and is not required to be set up in a High Availability Design.) Technical responses:

F. Redundancy.

1. The Company requires a solution that provides High Availability between our Primary and Secondary locations. If the Primary Sites loses connectivity or experiences equipment failure then the system should automatically fail over to the secondary site. All system licensing and functions are required to be 100% redundant and remain 100% functional in the secondary location (with the one exception of fax services. Faxing is not looked at as critical and is not required to be set up in a High Availability Design.) Please describe how high availability will perform and how the system will failover, how it will fail over the SIP Trunks, how do the phones fail over, how the Desktop Software fails over, and how primary numbers fail over?

The hosted solution from Zultys is hosted in multiple data centers. Therefore, if one school site loses connectivity it will not affect any other sites. As long as the internet connection is functioning, the system is available.

Additionally, the Zultys solution has a big advantage in disaster recovery because that there is an app for Smartphones that can be used in conjunction with the desk phone or desktop software (ZAC application) for emergency or mobile services. Your phone extension can literally travel with you, and the app can be used if the premises go offline.

2. Additional disaster recovery options. In addition to above we would also like to consider other possibilities. Please indicate if you support these and describe how high availability will perform and how the system will failover utilizing these options.

The Zultys data centers automatically fail over if one of them goes offline. For end users, only internet access is needed. For Premium and Standard license types, users have the option of using the mobile phone app for disaster recovery or for everyday mobile usage. The disaster recovery is an inherent part of the system, meaning you do not need to house and manage fail-over hardware on site.

5. EQUIPMENT WARRANTY. The school district expects the warranty on all telephone system equipment of not less than 1 year, to commence upon completion of the entire project. Handsets or other system component equipment received at the school district prior to project completion should not trigger the commencement of any warranty periods. **Please describe how you intend to handle warranty on equipment and the entire system.**

Any hardware provided (phones, switches, door phones, analog adapters) will be replaced at no charge if it fails within the first year of operation.

ZULTYS CLOUD SERVICES

Is It Time to Move Your Business Communications to the Cloud?

One of the newest and fastest-growing telecommunications trends is called “hosted” or “hosted VoIP.” From a technology standpoint, it is about moving your business communications to the cloud. However, it is also a change in how you pay for your office phone system and Unified Communications solution. As opposed to making a capital investment for the ownership, the hosted approach allows you to pay for this service every month. So it’s both a new technology and a new approach to expense management.

Enterprise Capabilities

Enterprise-grade communication tools

Easily Scalable

Add phones and services as your business expands, over 10,000 users

Cost Saving

No large upfront investment required

Reliable

Multiple redundant data centers supervised and maintained 24/7/365

Business Continuity

The system continues operating even if your office is out of power or your internet connection is down

Stay Connected to Your Business From Wherever You Are

In the hosted world, your communications system resides in “the cloud,” on a server in a remote data center, and you access it with an internet connection. Servers installed in our state-of-the-art data centers are fully redundant with failover protection and are supervised around the clock.

With Zultys Cloud Services, you can be up and running very quickly. Ongoing administration is simple with the MX Admin interface that enables user management, monitoring, and making changes to your service at any time.

ZULTYS CLOUD SERVICES

Not All Hosted Solutions Are Created Equal

When selecting a business phone system, one size doesn't fit all. It's about designing the right fit so you can focus on running your business instead of worrying about your phone system.

The right fit is the one that gives you the tools to increase productivity and efficiency and help you grow your business profitably while improving client support. Many cloud phone systems out there were designed for the small-office and home-office market and lack true business functionality.

Zultys hosted solutions are built upon over a decade of delivering powerful enterprise-class communications capabilities to small, medium, and large organizations throughout the world.

Whether you have 10 employees or 10,000, have a single location or 100 branch offices, we have the system and the experience to help you communicate better.

EDUCATION

Transforming the Education Industry's Communications

Our UC solutions can be powerful agents of change for educational institutions.

Educational institutions must continually find innovative ways to improve processes and enhance systems to benefit the needs of students and the working conditions of faculty and administrators.

Our Unified Communications solution merges voice, data, video, chat, presence, and mobility applications onto a single easy-to-use platform. This gives school staff access to effective tools that will enable them to achieve goals for improving communications responsiveness, productivity, and dissemination of information, while enhancing safety and security, and reducing costs.

A More Connected, Mobile, and Safe Education Solution

Dissemination of knowledge is no longer tied to a physical campus or traditional classrooms. Cloud-based computing, mobile connectivity, and streaming video enable collaboration and learning to take place anytime and anywhere. Our robust suite of management communication tools enables institution staff to monitor and track all streams of communication for improved productivity and efficiency.

- When deployed as a district-wide implementation, IT staff can maintain and program all campuses with one single administration tool.
- Web-based management allows IT to quickly change calling privileges for teachers, administrators, and other staff from an easy-to-use, single pane of glass interface.
- With Zultys MX Mobile, school staff can communicate instantly with each other by voice, chat, or video to enhance collaboration and increase productivity.
- In a school environment Zultys IP desktop phones can be moved from room to room without IT assistance.

EDUCATION

Improved Responsiveness

For school districts and higher education institutions, communication isn't simply about a communications system. It's about fostering collaboration inside and outside the classroom between educators and parents. Our UC delivers the necessary tools to foster an environment of faster communication between these groups.

- Voicemail / fax to email — Manage calls from parents and other teachers from the office, from home, or on the go from smartphones.
- Allows for operators to answer from home during snow days, or during an emergency when reaching school isn't possible.
- Presence notification via PC, tablet, or mobile device screen shows teacher and administrator availability to take calls or chat.
- Faculty like janitorial staff, security, or any other mobile personnel can use their phone extension on the go.
- Built-in conferencing allows staff to schedule audio and video meetings and share screens and files with stakeholders inside and outside the organization.

Safety and Security

Ensuring that students, faculty, and staff are kept safe is a paramount concern for every educational institution today. A Unified Communications solution provides tools for enhancing safety to everyone in a school setting.

- Enhanced ability to react to situations and communicate immediately. For example, administrators can press a button on a desktop IP phone or a mobile device and connect to built-in speakers on a classroom phone.
- MX mobile support safeguards employees and students in and around a building by allowing faculty to communicate quickly and discreetly with each other in times of emergency.

In the event of a 911 emergency at any school, the Zultys system automatically notifies selected school staff that a 911 call has been placed. Notification includes building location along with the room number and extension of the 911 call, to drastically improve emergency response time.

Workforce Mobility

MX Mobile provides staff access to shared information at any time, from wherever they are, fostering a cohesive and connected work environment. Using tools like voice, chat, presence alerts, SMS messaging, and more, employees are reachable in a multitude of ways, keeping connectivity and communication constant. Additionally, school employees have access to their email, voice mail, and more, regardless of their location.

- MX Mobile allows faculty to make calls and SMS text messages to parents with the built-in softphone. They can also see their call log, change their status, and even send secure IMs to other teachers and administrative staff while on the go, in the halls, in the lunchroom, or off campus.
- Enable effective communications during campus events by connecting mobile staff who are outside of school buildings, like security, maintenance, and drivers, with on-premise school administration and teachers, for improved coordination and emergency response if needed.

Personal Number Privacy

Faculty won't expose their personal cell phone number when contacting parents or students from their mobile device.

Appendix C

**DAVIS BACON ACT – ADDITIONAL CONTRACT PROVISIONS
FOR TELEPHONE SYSTEM REPLACEMENT PROJECT
SCHUYLER COMMUNITY SCHOOLS**

- (a) **Davis Bacon Act.** The Agreement is subject to the federal Davis-Bacon Act and implementing regulations, including 29 C.F.R. § 5.1 et seq., all as may be amended from time to time. The follow clauses, terms and conditions in this subsection (a) are expressly incorporated into the Agreement. The Contractor is responsible for compliance with all aspects of the following incorporated terms. To the extent the regulations call for Owner performances, the duties shall be carried out by the Contractor, either in consultation with the Owner or with notice to the Owner.
- (1) **Minimum wages.**
- (i) All laborers and mechanics employed or working upon the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor, which is attached hereto as Exhibit 1 and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics. Exhibit 1 is effective as of the date of the Agreement and may be updated from time to time by the U.S. Department of Labor. Contractor and all subcontractors shall comply with the latest version of Exhibit 1. Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (a)(1)(iv) of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in 29 C.F.R. § 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided, That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under paragraph (a)(1)(ii) of this section) and the Davis-Bacon poster (WH-1321, attached as Exhibit 2) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

Appendix C

- (ii)**

 - (A)** The Contractor, in consultation with and notice to the Owner, shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The Contractor, in consultation with and notice to the Owner, shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

 - (1)** The work to be performed by the classification requested is not performed by a classification in the wage determination; and
 - (2)** The classification is utilized in the area by the construction industry; and
 - (3)** The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.
 - (B)** If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the Owner agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the Contractor on behalf of the Owner to the Administrator of the Wage and Hour Division, U.S. Department of Labor, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the Owner or will notify the Owner within the 30-day period that additional time is necessary.
 - (C)** In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the Owner do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the Contractor, on behalf of the Owner, shall refer the questions, including the views of all interested parties and the recommendation of the Owner, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the Owner or will notify the Owner within the 30-day period that additional time is necessary.
 - (D)** The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a)(1)(ii) (B) or (C) of this section, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.
- (iii)** Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.
- (iv)** If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the

Appendix C

amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, Provided, That the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

- (2) **Withholding.** The Owner shall upon its own action or upon written request of an authorized representative of the U.S. Department of Labor withhold or cause to be withheld from the contractor under this contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), all or part of the wages required by the contract, the Owner may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.
- (3) **Payrolls and basic records.**
- (i) Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work (or under the United States Housing Act of 1937, or under the Housing Act of 1949, in the construction or development of the project). Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs,

Appendix C

the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

- (ii)**

 - (A)** The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to the Owner, for transmission, when requested, to the appropriate federal and/or state agency. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 CFR 5.5(a)(3)(i), except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead the payrolls shall only need to include an individually identifying number for each employee (e.g., the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division Web site at <http://www.dol.gov/esa/whd/forms/wh347instr.htm> or its successor site, and is attached as Exhibit 3. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request to the Owner for transmission, when requested, to the appropriate federal and/or state agency, the contractor, or the Wage and Hour Division of the U.S. Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this section for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to the sponsoring government agency (or the applicant, sponsor, or owner).
 - (B)** Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

 - (1)** That the payroll for the payroll period contains the information required to be provided under § 5.5 (a)(3)(ii) of Regulations, 29 CFR part 5, the appropriate information is being maintained under § 5.5 (a)(3)(i) of Regulations, 29 CFR part 5, and that such information is correct and complete;
 - (2)** That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in Regulations, 29 CFR part 3;
 - (3)** That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

Appendix C

- (C) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the “Statement of Compliance” required by paragraph (a)(3)(ii)(B) of this section.
 - (D) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under section 1001 of title 18 and section 231 of title 31 of the United States Code.
 - (iii) The contractor or subcontractor shall make the records required under paragraph (a)(3)(i) of this section available for inspection, copying, or transcription by authorized representatives of the Owner or the U.S. Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, the Federal agency may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.
- (4) Apprentices and trainees —**
- (i) **Apprentices.** Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services or with a State Apprenticeship Agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman’s hourly rate) specified in the contractor’s or subcontractor’s registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice’s level of progress, expressed as a percentage of the journeymen

Appendix C

hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

- (ii) **Trainees.** Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.
- (iii) **Equal employment opportunity.** The utilization of apprentices, trainees and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR part 30.

Appendix C

- (5) **Compliance with Copeland Act requirements.** The contractor shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this contract.
 - (6) **Subcontracts.** The contractor or subcontractor shall insert in any subcontracts the clauses contained in 29 CFR 5.5(a)(1) through (10) and such other clauses as the appropriate state agency or Federal agency may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in 29 CFR 5.5.
 - (7) **Contract termination: debarment.** A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.
 - (8) **Compliance with Davis-Bacon and Related Act requirements.** All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract.
 - (9) **Disputes concerning labor standards.** Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the U.S. Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and the Owner, the U.S. Department of Labor, or the employees or their representatives.
 - (10) **Certification of eligibility.**
 - (i) By entering into this contract, the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).
 - (ii) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).
 - (iii) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.
- (b) **Contract Work Hours and Safety Standards Act.** The Agreement is subject to the federal Contract Work Hours and Safety Standards Act when the amount of the Agreement is more than \$100,000.00. When applicable, the follow clauses, terms and conditions in this subsection (b) are expressly incorporated into the Agreement. The Contractor is responsible for compliance with all aspects of the following incorporated terms. To the extent the regulations call for Owner performances, the duties shall be carried out by the Contractor, either in consultation with the Owner or with notice to the Owner.

Appendix C

- (1) **Overtime requirements.** No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.
- (2) **Violation; liability for unpaid wages; liquidated damages.** In the event of any violation of the clause set forth in paragraph (b)(1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (b)(1) of this section, in the sum of \$ 27 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (b)(1) of this section.
- (3) **Withholding for unpaid wages and liquidated damages.** The Owner shall upon its own action or upon written request of an authorized representative of the U.S. Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (b)(2) of this section.
- (4) **Subcontracts.** The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (b)(1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (b)(1) through (4) of this section.

for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the E0, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the E0 is available at <https://www.dol.gov/agencies/whd/government-contracts>.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than ""SU"" or ""UAVG"" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the ""SU"" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates

Appendix C

Exhibit 1

Wage Determination – General Decision No. NE20220078 (Effective 09-02-2022) (Page 6 of 7)

the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour National Office because National Office has responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Appendix C

(Page 7 of 7)

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.

4.) All decisions by the Administrative Review Board are final.

This sticker may be affixed to the individual worker's hard hats. All means of identification other than what is provided by the Contractor must be approved by the Contractor's on-site Superintendent or Project Manager prior to implementation by the contractor. Schuyler Community Schools

Schuyler, NE 68661

Americom is pleased to present a phone system solution to Schuyler Community Schools.

Our proposal is a Zultys Hosted Phone System that represents the latest in phone technology, and it is a turn-key, all-inclusive solution in that it includes any infrastructure upgrades required to operate a VoIP Hosted Phone System. We have also ensured that this solution complies with Kari's Law and the Ray Baum act for E911.

This proposal includes:

1. The infrastructure upgrades to operate a VoIP system (Network Cabling and Switches)
2. The physical Phones for deployment
3. The installation of the phones, switches, and phone service
4. The phone service itself, on a monthly basis.

Our Zultys Hosted phone system is a true hosted collaboration and communications system. This means that the functionality and features reside in the cloud data center; there will never be any equipment to break or repair, and the system will always be using the latest technology. The data centers have backup/disaster recovery built into the solution, so diverse hosting centers is built into the solution.

It is important to note that this service replaces both your phone system and your local phone lines; local telephone line bills can be canceled once the numbers port over to the new service. It is recommended to keep legacy phone lines for alarms/elevators for the time being. We have also included door phones in this solution, along with network switches to match the switches you are using today.

We have also communicated with the Colfax County Sheriff to ensure that the local 911 center has the capability to work with our system to comply with current E911 standards.

Please let us know any questions you may have about our solution. We would prefer to set up a demonstration of the system to make sure that all licensing makes sense and provides the capabilities you need, and to ensure that the E911 plan is appropriate for your locations.

We are confident that this system will serve Schuyler Community Schools well, both now and into the future. We enjoy our long-standing business relationship with you, and we appreciate the opportunity to continue that relationship.

Sincerely,

To all concerned including the Board of Education, Dr. Hoelsing, and Mr. Zavadil:

Due to unforeseen and unfavorable personal circumstances, I reluctantly submit this letter of resignation as a 8th grade teacher at Schuyler Middle School effective January 16, 2023.

I have enjoyed a number of years substitute teaching for the district and now being a full time teacher. It's been a pleasure to say the least. Unfortunately, life happens and my commitment to my wife and eight children are first and foremost.

I thank you for the opportunities you have afforded me, and pray you can understand the difficult decision I needed to make. May God bless you and the district now and in the future.

Sincerely yours,

Michael Madej

Executive Summary

McPherson & Jacobson L.L.C. provides a comprehensive search process. Below are some of the highlights of our process:

- Our process is comprehensive and provides critical support for the most time-consuming aspects of recruiting and screening the candidates, so the board can focus on interviewing and selection.
- Transparency is a hallmark of our protocol. Stakeholder participation emphasizes the transparency of our process.
- We take the entire board through a consensus decision-making process to identify the top criteria for the selection of the new superintendent.
- We meet with groups to ensure broad-based stakeholder input in the selection process. In addition, we provide an online survey to reach out to anyone who could not attend a stakeholder meeting. The consultants will present a comprehensive written report to the board, which includes all of the comments recorded during the input sessions.
- McPherson & Jacobson's consultants actively recruit candidates that meet the selection criteria. If desired, we will recruit non-traditional candidates.
- Applicant confidentiality is important to attract top candidates. Names remain confidential until the board selects their finalists.
- We continue to work with your school district until a superintendent is hired and in place.
- Phase V provides a continued commitment to work with your board and new superintendent for one year. We help you collaboratively establish annual performance objectives for the new superintendent's first year. Evidence from previous searches shows this phase to be very positive as it fosters a good transition.
- We are so confident of our ability to identify the district's criteria, recruit and screen applicants against those criteria, and assist during the transition period, that we guarantee our service. If your superintendent leaves for whatever reason during the guarantee period, we will repeat the process for no charge except for actual expenses.

Our mission is to ensure your search results in quality leadership for education excellence.

McPherson & Jacobson has **over 130 consultants** across the nation. Over one-fourth of McPherson & Jacobson consultants are minorities or female. Our diverse group of consultants has extensive backgrounds in education and public service including current and former superintendents, assistant superintendents, university professors, and school board members. Over sixty percent have a doctorate degree. Their diversity and expertise ensures your search results in quality leadership for education excellence.

Sustainability in Leadership

Waters and Marzano review of 3.4 million students' achievement scores found that Superintendents' tenure is positively correlated with student achievement.

Organizations using the McPherson & Jacobson protocol have enjoyed sustainability of leadership. Over the last five years, **over eighty-five percent** of administrators are in the position for which they were hired. **Almost sixty percent** of administrators are still in the position for which they were hired within the past ten years. **Over forty percent** of the administrators selected by governing boards within the past 15 years continue in the position for which they were hired.

Applicant Diversity

While McPherson & Jacobson does not represent candidates, we keep a data bank of quality candidates. Once a board identifies the characteristics it desires in its new superintendent, the consultants from McPherson & Jacobson, L.L.C. will identify and aggressively recruit, on a national level, candidates who match the board's identified criteria.

McPherson & Jacobson has **over 130 consultants** across the nation. McPherson & Jacobson recruits from a diverse pool of applicants. McPherson & Jacobson lead the search for the first black woman superintendent hired in Nebraska.

Search Process

Five Phases of a Superintendent Search

Phase I—Initiating the Search Process

- ✓ **Using a group process with the board, identify the most important characteristics of the future superintendent.**

The consultants will assist the board in identifying the most important characteristics the board would like the new superintendent to possess. These characteristics will be used as a template for recruiting and selecting candidates.

- ✓ **Establish appropriate timelines and target dates for the selection process.**

The consultants will prepare a proposed calendar for the search process. Dates for advertising the announcement of vacancy, closing date, dates for interviewing, a target date for selecting the new superintendent, and a date for the new superintendent to begin will be determined.

- ✓ **Determine, with the board, appropriate advertising venues.**

The consultants will assist the board in determining the scope of the search. Appropriate media venues (professional journals, trade papers, newspapers, and websites) and associated costs will be presented for consideration.

- ✓ **Identify appropriate stakeholder groups.**

The board will identify the various stakeholder groups that they want McPherson & Jacobson's consultants to meet with to solicit input into the process.

- ✓ **Assist the board in determining compensation parameters.**

In order to recruit and select top candidates, compensation packages need to be competitive. Our consultants will present data indicating what districts in the same geographic region and similar size are paying superintendents. Whenever possible, they will also present compensation information for districts that recently hired a superintendent. This information is provided for the board's consideration of compensation parameters.

Final compensation decisions will be determined by the board and the selected candidate.

- ✓ **Identify the point of contact for the district**

The board will identify an appropriate staff person to work with the consultants to coordinate the logistics of the search. This includes tasks such as assisting with information for the promotional brochure and coordinating details for stakeholder input and other meetings within the district.

Phase II—Stakeholder Input, Advertising the Position, Recruiting Applicants

- ✓ **Work with the district to schedule the stakeholder input meetings.**

The consultants will work with the district's point of contact to determine the stakeholder input schedule and coordinate notifying the stakeholders about the meetings.

✓ **Meet with groups identified by the board to provide stakeholder input into the selection process.**

The consultants will meet with the stakeholder groups identified by the board and solicit their input into the selection process. Each group is asked to identify the strengths of the school district and community, the issues facing the new superintendent, and the characteristics they would like to see the new superintendent possess.

The board chooses which groups it would like the consultants to meet with, but the most common groups include central office administrators, building administrators, teachers, classified staff, students, and community and business groups. The consultants will assist the board in choosing which groups it wishes to include.

For any unable to attend a stakeholder meeting, we provide an online version of the questions we ask the groups. At the request of the district, the survey can be available in multiple languages.

The results of the stakeholder meetings and online stakeholder input are summarized by the consultants and presented to the board.

✓ **Develop promotional literature and brochures announcing the vacancy.**

In order to attract quality applicants, it is important to promote your school system and community. With on-site assistance from the district, the consultants will assist in preparing an announcement of vacancy that highlights the strengths of your school system and community. Our graphic artist will prepare a professional color brochure that highlights the school district and community, including the board's selection criteria, the board members, and the application procedures and timelines.

✓ **Prepare and place announcement of vacancy.**

McPherson & Jacobson's staff will prepare and place the announcement of vacancy. It will be sent to the state school board and administrator associations, as well as media venues selected by the board. Additionally, McPherson & Jacobson maintains an interactive website (www.macnjake.com) that allows applicants to access all the application materials and apply online. The website averages over 225,000 hits per month.

✓ **Develop an application unique to your vacancy that reflects the selection criteria determined by the board.**

McPherson & Jacobson's staff will create an application form requiring applicants to describe their strengths and experiences relating to each criterion identified by the board. This will be one of the preliminary screening devices used by the consultants when assessing potential candidates.

✓ **Post application information and notify interested applicants.**

McPherson & Jacobson's staff contacts potential applicants and manages all the application materials using our online application software. Our office staff handles this task without assistance from your district.

✓ **Actively recruit applicants who meet the district’s needs.**

While McPherson & Jacobson does not represent candidates, we actively maintain a data bank of quality candidates. Once the board has chosen its selection criteria, we will send the information to all of our consultants across the United States, asking them to nominate candidates who would be a good match. We will encourage those candidates to apply. Some of the best candidates may not be actively seeking another position and will need to be recruited.

McPherson & Jacobson stays current with trends in educational leadership by being an active participant and presenter at national and state education conferences. We participate in Job Central at the American Association of School Administrators conference, the National School Boards Association annual conference, and others such as the AASA Women’s Leadership Conference.

✓ **Confidentiality of Applicants**

McPherson & Jacobson proposes an open process for the search. We believe the public business should be done in public with transparency. We also understand the need for applicants’ confidentiality. Our process keeps the names of all applicants confidential until they are named a finalist for the position, at which time the names of the finalists are made public.

If the board believes that the names of the finalists should be kept confidential until they make their selection, we can do that. This is your search and we will adapt our process to fit your unique needs.

✓ **Keep all applicants informed of their status in the selection process.**

During the application process, McPherson & Jacobson’s staff monitors applicants and notifies them of what is still needed to complete the process.

✓ **Communicate with all Board Members in a timely manner**

The consultants will communicate with all board members keeping them informed of the status of the search throughout the process.

Phase III—Applicant Screening

✓ **Evaluate each applicant against the selection criteria.**

The consultants will read and evaluate all of the completed files submitted by applicants. They will read the application form and all of the additional material in each file and begin reviewing against the selection criteria.

✓ **Conduct reference checks.**

We understand that applicants do not submit references who will not speak highly of them. We begin with the references given and ask them a list of questions relevant to the selection criteria. After asking those questions, we ask each reference to give us the names of other people who can speak of the applicant’s qualifications. We then call those individuals and ask them the same set of questions, including asking them to give us the

names of other people who can speak of the applicant's qualifications. We go a minimum of three people removed from the primary references. What we are looking for is consistency of answers that will verify the applicant's strengths and weaknesses.

In addition to contacting references, the consultants conduct an extensive Internet search of the applicants.

✓ **Pre-Interview and Video of Shortlist Applicants.**

The consultants will pre-interview applicants to be submitted on the shortlist. We will have these applicants submit a video which the consultants can share with the board.

✓ **Assist the board in developing a set of interview questions that reflect the identified selection criteria and characteristics.**

The consultants will present an extensive list of potential interview questions that reflect the selection criteria and characteristics desired by the board. The board members choose interview questions that reflect their criteria and priorities.

If the board chooses to conduct two rounds of interviews, the consultants will assist in developing interview questions for both rounds of interviews.

Phase IV—Reviewing Candidates with the Board, Interviews

✓ **Review candidates with the board and assist board members in determining which candidates they will interview.**

The consultants will present a complete list of applicants, who completed the application process, to the board for its review. We do not eliminate any applicants; however, a short list will be submitted of those applicants who we found most closely met the district's criteria. The consultants will present a reference profile demonstrating the consistent feedback for each short list applicant, along with a video from the short list applicants.

Upon reviewing the recommendations, the consultants will assist the board members in identifying which applicants they wish to consider as candidates for interviews.

✓ **Assist the board in determining interview procedures.**

After the board selects their final candidates to interview, the names of these candidates will be made public upon confirming the interviews (if the board chooses to release the names). During the interview process, the stakeholder groups will have an opportunity to meet the individual candidates.

If the board chooses to conduct semi-finalist interviews, the candidates will only meet with the board. The names of the semi-finalist candidates will remain confidential (in states where an executive session is allowed), and stakeholders will not meet the semi-finalists. The finalist interviews will be conducted as described in the paragraph above.

✓ **Coordinate interview and visitation procedures.**

If the board chooses, McPherson & Jacobson will schedule semi-finalist interviews. Semi-finalist interviews are typically conducted with the board only. After the semi-finalist interviews, the board will select their finalists.

If the board chooses to involve stakeholder groups in the interview process, the consultants will assist in establishing the finalist interview schedule that includes district staff, students, and community groups. A typical interview day will include a tour of the district and community, meeting with stakeholder groups, and a formal interview with the board.

✓ **Assist the groups identified by the board in planning for meeting each candidate and providing feedback to the board.**

If the board chooses to involve stakeholder groups in the interview process, representatives will be selected from the stakeholder groups identified by the board. The purpose of these groups is two-fold: 1) to promote the school district and community to the candidate; and 2) to form an impression of each candidate, which they will share with the board. The board will identify chairpersons for each stakeholder group. The consultants will meet with the chairpersons to discuss their roles and responsibilities. The consultants will also provide the chairpersons with a form to record the group's consensus impressions of each candidate's strengths and any concerns or questions the group may have. Each form will be sealed in an envelope and turned in to the district contact person.

✓ **Coordinate visitation procedures for the candidate's spouse/significant other.**

We encourage boards to invite spouse/significant others to attend the interview day. The consultants will coordinate, with the point of contact, a portion of the interview day for the spouse/significant other to have an expanded visitation of the community. Tours typically include available housing, medical facilities, churches, recreational opportunities, and areas of interest unique to your community.

✓ **Assist the board in making final arrangements for each candidate's visit.**

It is common practice for the district to pay interview expenses for the candidates and their spouse/significant others. To ensure that expenses stay within established guidelines, the consultants will assist the point of contact in making lodging and travel arrangements for each candidate.

✓ **Contact all finalists and schedule their interview dates.**

The consultants will contact the final candidates, notifying them they are finalists for the position and scheduling their interview dates. The consultants will be the contact for answering any questions and coordinating the candidates' visits to the district.

✓ **Notify all applicants not selected for an interview.**

Once the board has selected its final candidates, all other applicants will receive, on behalf of the board, a personalized notification thanking them for taking the time to complete the application materials and notifying them that they are not a finalist.

✓ **Conduct background checks.**

Included in the expenses are criminal/financial/educational degree verification background checks for the finalists selected to be interviewed.

✓ **Personally contact each finalist who was not offered the position.**

Once a contract has been offered by the board and accepted, the consultants will call each of the other final candidates and thank them on behalf of the board for interviewing for the position. *These candidates are not notified until an offer has been accepted.* If by chance you lose your top candidate, we want to keep viable candidates available.

Phase V—Transition with Success

✓ **Establish performance objectives for new superintendent.**

Working with the board and new superintendent, the consultant will assist in establishing two or three performance objectives the board wants the superintendent to focus on during the first year. These objectives are beyond the day-to-day school district operations.

Once the performance objectives have been identified, board members will be asked what they will accept as evidence of progress towards the accomplishment of the identified objectives.

The superintendent will take the information generated from this session and develop an action plan for achieving the performance objectives.

✓ **Provide a guarantee.**

If the board chooses to use our complete service, we will guarantee our process for **two (2) years**. If the person selected leaves the position, *FOR WHATEVER REASON*, within the guarantee period, we will repeat the process at no charge except actual expenses.

We are convinced that our process of identifying your most important selection criteria, meaningfully involving stakeholders, screening candidates against the criteria, and working with you during the critical first year, will ensure your search results in quality leadership for education excellence.

Timeline

The timeline for the search process is established when we meet with the board, so we can address the unique needs of the district. However, the time from our first meeting with the board until the finalist is selected is typically a minimum of two to three months.

Search sequence:

- At the beginning of the search

 - Advertising decisions are made

Stakeholder Involvement

Obtaining stakeholder input is an integral part of McPherson & Jacobson's search process. Since 1991, McPherson & Jacobson has conducted over 940 superintendent searches for school districts ranging from 10 to over 300,000 students. For each search, we have coordinated stakeholder input sessions. Besides meeting with stakeholder groups designated by the board, an online input survey is also available for those who cannot attend the meetings. After the meetings have been completed, the board will receive a written report with the findings of the meetings and online input.

Initial stakeholder input sessions

The consultants will meet with groups identified by the board to solicit their input into the selection process. Each group is asked to identify the strengths of the school district and community, the characteristics they would like to see the new superintendent possess, and the issues facing the new superintendent. The results of these meetings are summarized by the consultants and presented to the board. The board chooses which groups it would like the consultants to meet with, but the most common groups include central office administrators, building administrators, teachers, classified staff, students, and community and business groups. The consultants will assist the board in choosing which groups it wishes to include. An online survey option will be provided to stakeholders who are unable to attend the scheduled meetings.

Meeting the candidates

A representative group of eight to twelve people will be selected to represent each of the groups identified by the board. The consultants will meet with a chairperson for each group to discuss their roles and responsibilities. The purposes of these groups are two-fold: one, to promote the school district and community to the candidate; and two, to form an impression of each candidate, which they will share with the board. The consultants will coach each group on how to conduct the meeting with each candidate and what questions they can or cannot ask. The consultants will also provide the chairpersons with a form in which, using group consensus, they will record their impressions of each candidate. The forms will be sealed in an envelope after meeting with each candidate and turned in to the district contact person. Upon completing the interview process with all candidates, the board will receive and open the forms from each group.

Process for Obtaining Staff Input

The consultants will meet with central office administrators, building administrators, teachers, classified staff, and students, to solicit their input into the selection process. Each group is asked to identify the strengths of the school district and community, the characteristics they would like to see the new superintendent possess, and the issues facing the new superintendent. The results of these meetings are summarized by the consultants and presented to the board.

Our normal protocol is to host meetings for the teachers and classified staff in the afternoon, right after school dismissal to give the maximum opportunity for the staff to participate. Central office and building administrator meetings are scheduled at multiple locations to maximize the opportunities for their input. Student input sessions are not scheduled during class time, they are normally held during lunch breaks.

Process for Obtaining Parent and Community Input

The consultants will meet with parents and community stakeholders, to solicit their input into the selection process. Each group is asked to identify the strengths of the school district and community, the characteristics they would like to see the new superintendent possess, and the issues facing the new superintendent. The results of these meetings are summarized by the consultants and presented to the board.

Our normal protocol is to host meetings for the parents and community stakeholders in the evenings at multiple locations to allow as many stakeholders as possible to give their input.

Process for Including Ethnically Diverse Communities

McPherson & Jacobson will work with the district to determine the best practices to obtain input from ethnically diverse communities in the district. If in-person meetings are required, McPherson & Jacobson will work with the district to obtain the necessary translators.

Process for Obtaining Online Stakeholder Input

McPherson & Jacobson will create an online input survey to allow stakeholders to submit their input. At the request of the district, surveys for multiple languages can be developed and posted.

Cost Proposal

Investment

The fee for conducting the superintendent search is \$7,500 for Phases I-V.

McPherson & Jacobson has the tools to conduct all or some components of the search process electronically. We can work with the board to determine the best practices as the search progresses to determine if in-person or online meetings will best meet the needs of the district.

The total not to exceed amount including expenses is \$9,890.*

Included in the expenses is

- Thirty (30) days on AASA (American Association of School Administrators)
- Posting on Nebraska Council of School Administrators
- Posting on Teach in Nebraska
- One (1) day of in-person stakeholder meetings
- Online stakeholder input surveys
- Video interviews of candidates (five (5) video interviews are included in the not to exceed amount)
- Criminal/financial/credential verification background check for candidates chosen by the board for interviews (four (4) background checks are included in the not to exceed amount)
- Travel expenses for consultants for scheduled trips to the school district.
- Office expenses

**If the district chooses to do parts of the search using online meetings, the expenses may decrease.*

NOTE:

- Expenses may increase if the district chooses additional media advertising.
- Fees and expenses will increase if the district requests additional stakeholder input days.
- Interview expenses for the candidates are not included in the expenses listed.
- There is an additional fee and expenses for the consultants to attend the interview sessions.

McPherson & Jacobson Guarantees

Client Satisfaction

McPherson & Jacobson is committed to working with the school district until a superintendent is identified and hired. If a second round of candidate selection is necessary, the only cost to the district would be the additional expenses, there is not an additional fee.

If the board chooses to use our complete service, we will guarantee our process for **two (2) years**. If the person selected leaves the position, for whatever reason, within the guarantee period, we will repeat the process at no charge except actual expenses. *The guarantee is valid only if the board is comprised of fifty (50) percent or more of the member who hired the superintendent.*

We are convinced that our process of identifying your most important selection criteria, meaningfully involving stakeholders, screening candidates against the criteria, and working with you during the critical first year, will ensure your search results in quality leadership for education excellence.

Price Match

McPherson & Jacobson, L.L.C. will match the search fee for comparable services.

Recruiting the Selected Candidate

McPherson & Jacobson consultants do not actively recruit administrators that have been placed in our searches. We would not have the retention rates for our placements if we recruited the administrators from our searches. Over the last five years, **over eighty-five percent** of administrators are in the position for which they were hired. **Almost sixty percent** of administrators are still in the position for which they were hired within the past ten years. **Forty percent** of the administrators selected by governing boards within the past 15 years continue in the position for which they were hired.

Additional Services:

In addition to the basic services provided, McPherson & Jacobson can provide at no additional charge the following services:

- Assist the board in revising and updating the superintendent's job description.
- Assist the board in developing an effective contract.
- Provide assistance in negotiating the contract with the finalist.
- Schedule an on-site visitation to the finalist's home district.

What Board Members Say About McPherson & Jacobson's Search Services

July 2018

McPherson & Jacobson was always reachable and responsive. They took the time to acclimate themselves with our culture, and take the time to understand the needs of our school district as well as our community and teachers. This resulted in their ability to connect us with candidates who met our needs. By the number of highly qualified candidates they presented, it was clear that they took the time to listen and really understand what we were looking for.

Their partnership in this process was greatly appreciated, I personally would highly recommend them as your next partner when embarking on a superintendent search.

Prepared For

Schuyler Community Schools

Schuyler Board of Education,

We appreciate the opportunity to share information on the NASB Superintendent Search Service with the Board of Education. The Nebraska Association of School Boards provides a multitude of services to our members, including superintendent search services. The team at NASB would value the opportunity to work with the school district, through the search process.

My name is Shari Becker, and I am the Director of the Nebraska Association of School Boards Education Leadership Search Service. I have been the Director of the Search Service since April of 2013 and worked for the Service for six years prior to becoming the Director. I have worked on over 100 searches, taking the lead on over 70.

Hiring a superintendent is one of the most important decisions a school board will make. The NASB Search Service looks at the process through the eyes of a board member. We ensure a highly professional search process that will attract quality applicants but will also bring credit to the board for the manner in which the search is conducted.

Please contact me at the number below if you have any questions.

Respectfully submitted,

Shari L. Becker

Search Service Protocol

In the following section, you will see a detailed outline of the NASB Search Protocol. We typically meet with the full board two or three times during the search.

Preliminary Work

- Distribute board survey
- Begin creation of marketing flyer
- Advertise vacancy on NASB and other applicable sites

Board Work Session I

- Collaborate with the board to design a timeline to guide the search process
- Review and discuss board survey results and Leadership Profile document

NOTE: Leadership Profile is developed from input directly from board members. The Board will review the Profile and NASB will alter, as necessary. The Profile is then used to guide the Board in selecting interview questions, selecting interview candidates, and assessing the interview process. The Profile will ultimately guide a board retreat once the permanent superintendent begins.

- Discuss search process details, interview questions and schedule structure
- Discuss NASB Statewide Superintendent Salary Survey and compensation package
- Discuss interview questions and procedures with the board

Strategic Plan Initiatives

1. Partnered with Instructional Empowerment (formerly Learning Sciences International) to improve our Proficiency Scales to make it clearer that they are learning progressions. This will help with standards-based planning and developing standards-based learning targets.
 1. The consultants will return this spring to complete a learning target audit with building principals to evaluate our progress and to help principals coach teachers if they are struggling to provide standards-based instruction.
2. Supplemented our core reading program by implementing the Heggerty Phonemic Awareness program to help teachers implement the foundations of reading standards in grades K-2. Grades 3-5 have implemented the program Grammar Workshop from Sadlier.
3. We have some initiatives for improving instruction with our English Learner population. Since that is 42% of our students, we must remember that all teachers are EL Teachers. We have a program called Ellevation that has a few different components to help us.
 1. Strategies - has specific teaching strategies to help teachers work with students.
 2. Modules - there are professional development modules within Ellevation that help teachers improve their EL instruction.
 3. Math Primers - These are activities that teachers can use to preload instruction and vocabulary to help EL students be prepared for instruction in the mainstream math classroom.
4. We have Anne Hubbel from the Nebraska Department of Education Title III English Learners office coming to our workshops January 18.
5. We have begun implementing our Multi-Tiered Systems of Support program in the district. The main focus of an MTSS program is to:
 1. Ensure that all students receive strong instruction in the classroom.
 2. Identify students that are struggling in the classroom
 3. Provide different levels of support (tiers) as needed.
6. We have been using the Star Assessment from Renaissance Learning over the past few years. It helps us have a deeper understanding of student needs. We are beginning to use many products in the Renaissance ecosystem to support our Tier 1 instruction. These programs are all accessible on student iPads.
 1. Star Assessments in reading and math give us standards-based achievement information about each student.
 2. Results flow directly from the Star assessments into practice programs Freckle Math and Freckle ELA to provide students with practice items that meet their individual needs.
 3. Students also have phonological awareness practice in a program called Lalilo (early grades).
 4. Students can also practice their reading comprehension skills in an online library called MyOn and MyOn news, these programs lead into our Accelerated Reader program.
 5. If students need additional support and instruction, the teacher can assign instructional activities in Nearpod directly from Star Assessment results.

7. At the high school level, we have been completing practice ACT writing sessions for the last few years to help students and teachers understand what is expected of them on the ACT writing section. Students write to a prompt, ELA teachers in grades 6-12 come together to score them. Students then have the opportunity to rewrite their papers in order to practice writing an essay that is expected of them on the ACT. Since starting this, our writing scores are the highest that they've ever been.

As a subset of the strategic plan, our school improvement teams create academic goals. We currently have the following goals:

Schuyler Elementary

- Goal: By the end of the 22-23 school year, 80 percent of students in each grade level (K-2) will meet their reading and math MAP goals by performing at or above the 50th percentile or show a growth of 20 points.
- Goal: By the end of the 22-23 school year, 80 percent of students in each grade level (3-5) will meet their reading and math Spring NSCAS goals by performing "On Track" or "College and Career Ready" or achieve the expected point growth based on the state average.

Richland School

- 85% of students will meet or exceed Mean RIT in specific goal area from Fall MAP test to Spring MAP test. ('meet' means at average, high average, or high category on grade report)

Fisher's 24 School

- Reading-Students will show consistent growth in vocabulary, comprehension, and word analysis from the August baseline to May as evidenced by STAR 360 benchmarks.
- Math- Students will show consistent growth from the August baseline to May as evidenced by STAR 360 benchmarks.

Dual Language School

- (K-1 Dual Language) 75% of students will meet or exceed Mean RIT in reading and math in a specific goal area from fall STAR assessment to spring STAR assessment.

Schuyler Middle School

- By the end of the 2023 school year, implement an assessment system that facilitates individual student tracking to improve NSCAS and MAPS proficiency.
- By the end of the 2023 school year, publish and share a school wide curriculum.

Schuyler Central High School

At Schuyler Central High School we have goals for math, reading and writing.

- Math goal is that 90% of our students will improve their Math RIT by 1.0 point on the MAP test from Fall to Spring of the school year.
- Reading goal is 90% of our students will improve their Reading RIT by 1.0 point on the MAP Reading test from Fall to Spring of the school year.
- Writing goal is our student will demonstrate increased writing competency by achieving a score of 6 on the ACT writing test.
