Source: Laws 2004, LB 821, § 34.

84-1408. Declaration of intent; meetings open to public.

It is hereby declared to be the policy of this state that the formation of public policy is public business and may not be conducted in secret.

Every meeting of a public body shall be open to the public in order that citizens may exercise their democratic privilege of attending and speaking at meetings of public bodies, except as otherwise provided by the Constitution of Nebraska, federal statutes, and the Open Meetings Act.

Annotations

- Nebraska's public meetings laws do not apply to school board deliberations pertaining solely to disputed adjudicative facts. *McQuinn v. Douglas Cty. Sch. Dist. No. 66*, 259 Neb. 720, 612 N.W.2d 198 (2000).
- The primary purpose of the public meetings law is to ensure that public policy is formulated at open meetings. *Marks v. Judicial Nominating Comm.*, 236 Neb. 429, 461 N.W.2d 551 (1990).
- The public meetings law is broadly interpreted and liberally construed to obtain the objective of openness in favor of the public, and provisions permitting closed sessions must be narrowly and strictly construed. *Grein v. Board of Education of Fremont*, 216 Neb. 158, 343 N.W.2d 718 (1984).
- Although a committee was a subcommittee of a natural resources district board, it was not subject to the Open Meetings Act because there was never a quorum of board members in attendance and the committee did not hold hearings, make policy, or take formal action on behalf of the board. *Koch v. Lower Loup NRD*, 27 Neb. App. 301, 931 N.W.2d 160 (2019).
- A county board of equalization is a public body whose meetings shall be open to the public. *Wolf v. Grubbs*, 17 Neb. App. 292, 759 N.W.2d 499 (2009).

84-1409. Terms, defined.

For purposes of the Open Meetings Act, unless the context otherwise requires:

(1)(a) Public body means (i) governing bodies of all political subdivisions of the State of Nebraska, (ii) governing bodies of all agencies, created by the Constitution of Nebraska, statute, or otherwise pursuant to law, of the executive department of the State of Nebraska, (iii) all independent boards, commissions, bureaus, committees, councils, subunits, or any other bodies created by the Constitution of Nebraska, statute, or otherwise pursuant to law, (iv) all study or advisory committees of the executive department of the State of Nebraska whether having continuing existence or appointed as special committees with limited existence, (v) advisory committees of the bodies referred to in subdivisions (i), (ii), and (iii) of this subdivision, and (vi) instrumentalities exercising essentially public functions; and

(b) Public body does not include (i) subcommittees of such bodies unless a quorum of the public body attends a subcommittee meeting or unless such subcommittees are holding hearings, making policy, or taking formal action on behalf of their parent body, except that all meetings of any subcommittee established under section 81-15,175 are subject to the Open Meetings Act, (ii) entities conducting judicial proceedings unless a court or other judicial body is exercising rulemaking authority, deliberating, or deciding upon the issuance of administrative orders, and (iii) the Judicial Resources Commission or subcommittees or subgroups of the commission;

(2) Meeting means all regular, special, or called meetings, formal or informal, of any public body for the purposes of briefing, discussion of public business, formation of tentative policy, or the taking of any action of the public body; and

(3) Virtual conferencing means conducting or participating in a meeting electronically or telephonically with interaction among the participants subject to subsection (2) of section 84-1412.

Annotations

- A township is a political subdivision, and as such, a township board is subject to the provisions of the public meetings laws. *Steenblock v. Elkhorn Township Bd.*, 245 Neb. 722, 515 N.W.2d 128 (1994).
- A county agricultural society is a public body to which the provisions of the Nebraska public meetings law are applicable. *Nixon v. Madison Co. Ag. Soc'y*, 217 Neb. 37, 348 N.W.2d 119 (1984).
- Failure by a public governing body, as defined under section 84-1409, R.R.S.1943, to take and record a roll call vote on an action, as required by section 84-1413(2), R.S.Supp.,1980, grants any citizen the right to sue for the purpose of

having the action declared void. In this case such failure could not be later corrected by a nunc pro tunc order because there was no showing that a roll call vote on the disputed action was actually taken, and even if it was the record showed it was not recorded until over a year later. Sections 23-1301, R.R.S.1943, and 23-1302, R.R.S.1943, make it the duty of the county clerk to record proceedings of the board of county commissioners. *State ex rel. Schuler v. Dunbar*, 208 Neb. 69, 302 N.W.2d 674 (1981).

- Although a committee was a subcommittee of a natural resources district board, it was not subject to the Open Meetings Act because there was never a quorum of board members in attendance and the committee did not hold hearings, make policy, or take formal action on behalf of the board. *Koch v. Lower Loup NRD*, 27 Neb. App. 301, 931 N.W.2d 160 (2019).
- Although the Open Meetings Act does not define "subcommittee," a subcommittee is generally defined as a group within a committee to which the committee may refer business. *Koch v. Lower Loup NRD*, 27 Neb. App. 301, 931 N.W.2d 160 (2019).
- The Open Meetings Act does not require policymakers to remain ignorant of the issues they must decide until the moment the public is invited to comment on a proposed policy. By excluding nonquorum subgroups from the definition of a public body, the Legislature has balanced the public's need to be heard on matters of public policy with a practical accommodation for a public body's need for information to conduct business. *Koch v. Lower Loup NRD*, 27 Neb. App. 301, 931 N.W.2d 160 (2019).
- As an administrative agency of the county, a county board of equalization is a public body. *Wolf v. Grubbs*, 17 Neb. App. 292, 759 N.W.2d 499 (2009).
- The electors of a township at their annual meeting are a public body under the Open Meetings Act. *State ex rel. Newman v. Columbus Township Bd.*, 15 Neb. App. 656, 735 N.W.2d 399 (2007).
- The meeting at issue in this case was a "meeting" within the parameters of subsection (2) of this section because it involved the discussion of public business, the formation of tentative policy, or the taking of any action of the public power district. *Hansmeyer v. Nebraska Pub. Power Dist.*, 6 Neb. App. 889, 578 N.W.2d 476 (1998).
- Informational sessions in which the governmental body hears reports are briefings. *Johnson v. Nebraska Environmental Control Council*, 2 Neb. App. 263, 509 N.W.2d 21 (1993).

84-1410. Closed session; when; purpose; reasons listed; procedure; right to challenge; prohibited acts; chance meetings, conventions, or workshops.

(1) Any public body may hold a closed session by the affirmative vote of a majority of its voting members if a closed session is clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual and if such individual has not requested a public meeting. The subject matter and the reason necessitating the closed session shall be identified in the motion to close. Closed sessions may be held for, but shall not be limited to, such reasons as:

(a) Strategy sessions with respect to collective bargaining, real estate purchases, pending litigation, or litigation which is imminent as evidenced by communication of a claim or threat of litigation to or by the public body;

(b) Discussion regarding deployment of security personnel or devices;

(c) Investigative proceedings regarding allegations of criminal misconduct;

(d) Evaluation of the job performance of a person when necessary to prevent needless injury to the reputation of a person and if such person has not requested a public meeting;

(e) For the Community Trust created under section 81-1801.02, discussion regarding the amounts to be paid to individuals who have suffered from a tragedy of violence or natural disaster; or

(f) For public hospitals, governing board peer review activities, professional review activities, review and discussion of medical staff investigations or disciplinary actions, and any strategy session concerning transactional negotiations with any referral source that is required by federal law to be conducted at arms length.

Nothing in this section shall permit a closed meeting for discussion of the appointment or election of a new member to any public body.

(2) The vote to hold a closed session shall be taken in open session. The entire motion, the vote of each member on the question of holding a closed session, and the time when the closed session commenced and concluded shall be recorded in the minutes. If the motion to close passes, then the presiding officer immediately prior to the closed session shall restate on the record the limitation of the subject matter of the closed session. The public body holding such a closed session shall restrict its consideration of matters during the closed portions to only those purposes set forth in the motion to close as the reason for the closed session. The meeting shall be reconvened in open session before any formal action may be taken. For purposes of this section, formal action shall mean a collective decision or a collective commitment or promise to make a decision on any question, motion, proposal, resolution, order, or ordinance or formation of a position or policy but shall not include negotiating guidance given by members of the public body to legal counsel or other negotiators in closed sessions authorized under subdivision (1)(a) of this section.

(3) Any member of any public body shall have the right to challenge the continuation of a closed session if the member determines that the session has exceeded the reason stated in the original motion to hold a closed session or if the member contends that the closed session is neither clearly necessary for (a) the protection of the public interest or (b) the prevention of needless injury to the reputation of an individual. Such challenge shall be overruled only by a majority vote of the members of the public body. Such challenge and its disposition shall be recorded in the minutes.

(4) Nothing in this section shall be construed to require that any meeting be closed to the public. No person or public body shall fail to invite a portion of its members to a meeting, and no public body shall designate itself a subcommittee of the whole body for the purpose of circumventing the Open Meetings Act. No closed session, informal meeting, chance meeting, social gathering, email, fax, or other electronic communication shall be used for the purpose of circumventing the requirements of the act.

(5) The act does not apply to chance meetings or to attendance at or travel to conventions or workshops of members of a public body at which there is no meeting of the body then intentionally convened, if there is no vote or other action taken regarding any matter over which the public body has supervision, control, jurisdiction, or advisory power.

A body may not be required to allow citizens to speak at each meeting, but it may not forbid public participation at all meetings.

(b) All out-of-state locations identified in the notice are located within public buildings used by members of the entity or at a place which will accommodate the anticipated audience;

(c) Reasonable arrangements are made to accommodate the public's right to attend, hear, and speak at the meeting, including making virtual conferencing available at an in-state location to members, the public, or the press, if requested twenty-four hours in advance;

(d) No more than twenty-five percent of the public body's meetings in a calendar year are held out-of-state;

(e) Out-of-state meetings are not used to circumvent any of the public government purposes established in the Open Meetings Act; and

(f) The public body publishes notice of the out-of-state meeting at least twenty-one days before the date of the meeting in a legal newspaper of statewide circulation.

(8) Public bodies shall make available at the meeting or the instate location for virtual conferencing as required by subdivision (6)(c) of this section, for examination and copying by members of the public, at least one copy of all reproducible written material to be discussed at an open meeting, either in paper or electronic form. - To preserve an objection that a public body failed to make documents available at a public meeting as required by subsection (8) of this section, a person who attends a public meeting must not only object to the violation, but must make that objection to the public body or to a member of the public body. *Stoetzel & Sons v. City of Hastings*, 265 Neb. 637, 658 N.W.2d 636 (2003).

84-1413. Meetings; minutes; roll call vote; secret ballot; when; agenda and minutes; required on website; when.

(1) Each public body shall keep minutes of all meetings showing the time, place, members present and absent, and the substance of all matters discussed.

(2) Any action taken on any question or motion duly moved and seconded shall be by roll call vote of the public body in open session, and the record shall state how each member voted or if the member was absent or not voting. The requirements of a roll call or viva voce vote shall be satisfied by a public body which utilizes an electronic voting device which allows the yeas and nays of each member of such public body to be readily seen by the public.

(3) The vote to elect leadership within a public body may be taken by secret ballot, but the total number of votes for each candidate shall be recorded in the minutes.

(4) The minutes of all meetings and evidence and documentation received or disclosed in open session shall be public records and open to public inspection during normal business hours.

(5) Minutes shall be written or kept as an electronic record and shall be available for inspection within ten working days or prior to the next convened meeting, whichever occurs

earlier, except that cities of the second class and villages may have an additional ten working days if the employee responsible for writing or keeping the minutes is absent due to a serious illness or emergency.

The agenda shall be placed on the website at least twenty-four hours before the meeting of the governing body. Minutes shall be placed on the website at such time as the minutes are available for inspection as provided in subsection (5) of this section. This information shall be available on the public website for at least six months.

- If a person present at a meeting observes and fails to object to an alleged public meetings laws violation in the form of a failure to conduct rollcall votes before taking actions on questions or motions pending, that person waives his or her right to object at a later date. *Hauser v. Nebraska Police Stds. Adv. Council*, 264 Neb. 944, 653 N.W.2d 240 (2002).
- Subsection (2) of this section does not require the record to state that the vote was by roll call, but requires only that the record show if and how each member voted. Neither does the statute set a time limit for recording the results of a vote, after which no corrections of the record can be made. If no intervening rights of third persons have arisen, a board of county commissioners has power to correct the record of the proceedings had at a previous meeting so as to make them speak the truth, particularly where the correction supplies some omitted fact or action and is done not to contradict or change the original record but to have the record show that a certain action was taken or thing done, which the original record fails to show. *State ex rel. Schuler v. Dunbar*, 214 Neb. 85, 333 N.W.2d 652 (1983).
- Failure by a public governing body, as defined under section 84-1409, R.R.S.1943, to take and record a roll call vote on an action, as required by section 84-1413(2), R.S.Supp.,1980, grants any citizen the right to sue for the purpose of having the action declared void. In this case such failure could not be later corrected by a nunc pro tunc order because there was no showing that a roll call vote on the disputed action was actually taken, and even if it was the record showed it was not recorded until over a year later. Sections 23-1301, R.R.S.1943,

and 23-1302, R.R.S.1943, make it the duty of the county clerk to record proceedings of the board of county commissioners. *State ex rel. Schuler v. Dunbar*, 208 Neb. 69, 302 N.W.2d 674 (1981).

- There is no requirement that a public body make a record of where notice was published or posted. *Wolf v. Grubbs*, 17 Neb. App. 292, 759 N.W.2d 499 (2009).

84-1414. Unlawful action by public body; declared void or voidable by district court; when; duty to enforce open meeting laws; citizen's suit; procedure; violations; penalties.

(1) Any motion, resolution, rule, regulation, ordinance, or formal action of a public body made or taken in violation of the Open Meetings Act shall be declared void by the district court if the suit is commenced within one hundred twenty days of the meeting of the public body at which the alleged violation occurred. Any motion, resolution, rule, regulation, ordinance, or formal action of a public body made or taken in substantial violation of the Open Meetings Act shall be voidable by the district court if the suit is commenced more than one hundred twenty days after but within one year of the meeting of the public body in which the alleged violation occurred. A suit to void any final action shall be commenced within one year of the action.

(2) The Attorney General and the county attorney of the county in which the public body ordinarily meets shall enforce the Open Meetings Act.

(3) Any citizen of this state may commence a suit in the district court of the county in which the public body ordinarily meets or in which the plaintiff resides for the purpose of requiring compliance with or preventing violations of the Open Meetings Act, for the purpose of declaring an action of a public body void, or for the purpose of determining the applicability of the act to discussions or decisions of the public body. It shall not be a defense that the citizen attended the meeting and failed to object at such time. The court may order payment of reasonable attorney's fees and court costs to a successful plaintiff in a suit brought under this section.

(4) Any member of a public body who knowingly violates or conspires to violate or who attends or remains at a meeting knowing that the public body is in violation of any provision of the Open Meetings Act shall be guilty of a Class IV misdemeanor for a first offense and a Class III misdemeanor for a second or subsequent offense.

ANNUAL REPORT PROPOSAL

PREPARED FOR

SCHUYLER COMMUNITY SCHOOL

11.08.24

Bret,

It was great to talk with you about the Schuyler district and how we could support both an annual report and help with ongoing district communication.

At IdeaBank Marketing, we are strategic and creative professionals dedicated to forward thinking clients. We spend time doing what we are good at for people we trust are good at what they do.

I've included an estimate for your approval, along with a brief outline of the timeline.

In summary, for the annual report: We will continue our conversation about what you want to accomplish, areas where you'd like to improve understanding in the community or something you'd really like to celebrate. Once we do that, I get to work. We will do interviews and I'll come out and take photos. We'll design the report, complete with graphics with data from your NEP profile page or other data you want to highlight. Once you proof it and approve it, we get it printed and mailed out. I've also included additional copies in English and Spanish to be delivered to you at the district office to have on hand for visitors.

For the ongoing district communication support: It's a fun process. I'll meet with you and your district leadership team to get started. In the spring we'll conduct a survey of staff, parents, students and the community. I'll develop a district communication plan based on our conversations and the surveys, and present that plan to the board of education.

This plan would also include support with content and labor on each year's annual report and other projects you may need help with.

Most importantly, it also includes on-call communications consulting as needed. If you're experiencing a crisis, I'm a call away to support you with communication strategy.

I'm excited to work with you. I'm certain you will see an impact through the community's improved understanding, support and pride of their local public school district.

Thank you for your consideration,

A handwritten signature in black ink, appearing to read "Jack E. Sheard". The signature is fluid and cursive, with a large loop at the end.

Building a Relationship

At IdeaBank, we encourage a give-and-take relationship with our clients. We do not dictate strategy and tactics to you. Instead, we develop strategy jointly with you. After all, you know your business better than we do. What we bring to the table is a knowledge of marketing communications and the perspective of an “outsider” who asks the curious questions that lead to better communication and better marketing.

It does not take us long to get a working knowledge of a client’s business. Although every new account presents a challenge to us, we have established a reputation as a “quick study” agency — a group of competent, intelligent people who are able to get a quick grasp on a client’s product, market and goals.

Our primary objective is to develop a strong market position for you within your industry. Through smart marketing, strong creative and continued evaluation, we focus on your marketing message and use it repeatedly to create a strong, clear identity in the minds of your target audiences.

IdeaBank is not just an advertising agency, and we’re not just a web developer or a design boutique. We are a marketing communications firm that happens to do advertising, web development and design. The last thing you need is an “ad factory” or just a pretty website. From experience, we know marketing makes your advertising and website work.

OUR MISSION

Provide proactive marketing solutions and client support that exceeds expectations. Yeah, we do cool stuff, but only if it gets results. It’s all about client results, not agency resumés.

OUR VISION

**Strategic and creative professionals
dedicated to forward-thinking clients.**

Our 4D Process

HOW WE COMPLETE PROJECTS.

You may realize that your business or organization needs a particular marketing product, like a video, brochure or website. But have you considered how that fits within your entire marketing plan? In our 4D Process, we Discover, Define, Develop and Deliver to meet your goals with a strategic approach to marketing.

1 Discover

We begin by learning about you. We ask questions to understand the big picture — your business, its vision, mission and goals — as well as your immediate needs. We help identify your ideal client, the target audience for your marketing.

2 Define

Our Education Communication Process

Jack Sheard is our education communication and marketing strategist. Jack spent eight years coordinating marketing and communications at a 10,000-student Nebraska school district, leading communication on strategic planning, curriculum adoption, a successful bond issue, shooting threats, student and staff deaths, viral stories, media management and more.

At IdeaBank Marketing, our Education Communication Plans are custom designed for each school district using a the best practice of the four-step process: Research, Planning, Implementation and Evaluation.

1 Research

We start with a series of Discovery meetings and planning sessions with the superintendent and leadership team to identify the district's goals and communication needs, as well as the audiences and current practices in place. At this point, we will conduct a surveys of all staff, all parents, select students and the community at large to identify the communication preferences of each audience, as well as their current perception of key district messages.

2 Planning

Utilizing the research, we will work with district leaders to develop audience preferences and baselines for the communication plan. We will also create crisis communication plans and media interaction processes. The communication plan will also identify key messages and methods for the year for the district to focus on to help improve the perception within the target audiences.

3 Implementation

To ensure the communication plan is effective, IdeaBank will also help with implementation. We will set you up to succeed! We also provide content throughout the year, including development of a theme for the district for the year, stories about key areas of the district and work on your annual report, all strategically tied to needs outlined in the communication plan.

4 On-call consultation

Utilizing Jack's experience with school communication and marketing, IdeaBank provides you with advice and consultation on any topic. You also have Jack on-call to answer questions and provide service, along with the rest of the experts at IdeaBank. Jack will be your district's personal communication strategist and on-call consultant.

Strategy First

DISCOVERY

IdeaBank is an experienced communications, marketing and advertising firm. We have earned a reputation for producing quality, creative communications work that gets results— without costing an arm and a leg. But one thing we refuse to overlook is that strategy comes before creative. It is essential that we know and understand your situation and your audience inside and out before making recommendations. This type of approach, although time-consuming at the beginning, has proven beneficial in both efficiency and cost effectiveness over the long run.

- **Why You Need Strategy Before Tactics**

- » You might be trying to “speak” to anyone and everyone
- » You’re not sure what tactics make sense right now
- » You’re not sure if you’re making an impact or moving the needle
- » You’re struggling to stand out from competitors or competing messages

The answers to the problems above aren’t found in Social Media, Web Content, Billboards, Print Materials – these are strategy problems that can only be addressed with strategy solutions.

- **Once we develop a marketing strategy that is perfect for your organization, you’ll discover that:**

- » You can reach an audience that’s ideal for you and your messages
- » You can stand out in ways that make the competition irrelevant
- » You can know confidently what you should and should not be doing
- » You can identify the most effective ways to appeal to most appropriate audience
- » You will gain credibility and respect from those you serve

We are dedicated to working in partnership with our clients. We understand and appreciate that you know your business better than we can ever hope to. We marry our agency’s abilities with your knowledge to create a synergistic relationship that delivers results.

Participation Numbers

End of Season Numbers

2024 - 11

2023 - 14

2022 - 11

2021 - 22

2020 - 14

2019 - 18

Ideal numbers should be in the 20's due to eligibility issues, injuries, attrition, sufficient pitching depth, etc...

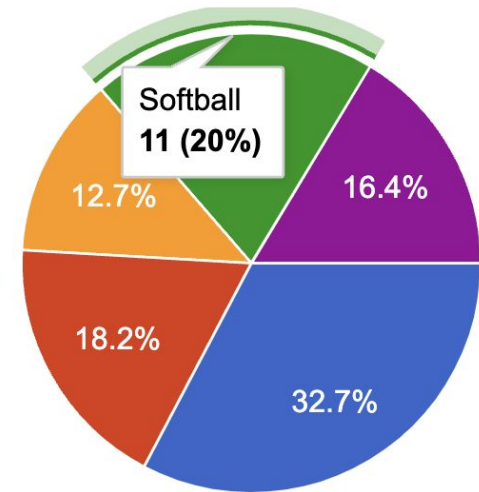

- There have been many games that we have had to forfeit due to not having enough players.
- It is getting harder to schedule teams, as they are unsure if they will get a game.
- Hiring umpires is becoming more difficult, as they are in demand and getting a game cancelled is a wasted opportunity for them (We have a history/reputation of having to cancel games late)

Projected numbers

- After having sent a survey to all High School girls, the projected returners for next year are in the 5-7 range (11 indicated interest on the survey, but are reviewing the names with the coach, the realistic returners are 5-7)

Which fall sport do you plan to play next year?

55 responses

Recent results

- There are generally 25+ games available to be played on a HS Softball Schedule

- 2023 - 0-11
- 2022 - 0-22
- 2021 - 1-26
- 2020 - 0-21
- 2019 - 4-25

The screenshot shows a green header for a sports website. At the top, it lists 'MAXPREPS', 'CBSSPORTS.COM', and '247SPORTS'. Below this is the 'MAXPREPS' logo in white. To the right of the logo are three navigation tabs: 'Softball', 'Football', and 'Baseball'. The main content area features a circular profile picture of a softball with a large white 'S' on a green background. To the right of the image, the text reads 'Schuyler Warriors' and 'Varsity Softball' in large white font. Below that, it says 'Schuyler, NE | 29 Followers'. At the bottom of the header, there is a dropdown menu set to '2024-25 V. Softball' and a 'Home' link.

CO-OP

- The closest and most practical Co-op option would be North Bend. However, they declined the co-op request.
- David Clty Aquinas reached out for a co-op due to their having low numbers next year (their numbers would increase greatly in the following years). This would likely only be a short term co-op. **** Side note***Aquinas dropped us from their schedule 2 years ago.

Title IX

At Schuyler Central High School, we currently offer **7 Boys Sports** (Cross Country, Football, Basketball, Wrestling, Golf, Track, Soccer) and **8 Girls Sports** (Cross Country, Volleyball, Golf, Softball, Basketball, Wrestling, Track, Soccer)

If it were necessary to discontinue offering a softball, there would not be a Title IX issue or violation

Youth Softball/Summer Programs

- Interest and attendance for Youth Softball and off-season camps/leagues has been very low in recent years.
- Many players that do softball in High School begin their careers with very little fundamental knowledge and skills. The coaches are forced to practice the very basics of throwing, catching, swinging, etc... while other teams are working on the more advanced and complex aspects of the game. This puts us further behind competitively every year

Recommendation

Due to the declining numbers, lopsided results, scheduling hurdles, and difficulties in fielding a team that can compete at a varsity level, my recommendation would be to discontinue offering Softball as an extracurricular activity at Schuyler Central High School.

Report on the Audit of the Financial Statements

Qualified and Unmodified Opinions

We have audited the accompanying modified cash basis financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Schuyler Community Schools, District No. 123, Schuyler, Nebraska, as of and for the year ended August 31, 2024, and the related notes to the financial statements, which collectively comprise the Schuyler Community Schools, District No. 123, Schuyler, Nebraska's basic financial statements as listed in the table of contents.

Summary of Opinions

<u>Opinion Unit</u>	<u>Type of Opinion</u>
Governmental Activities	Qualified
General Fund	Qualified
Nutrition Fund	Unmodified
Qualified Capital Purpose Undertaking Fund	Unmodified
Bond Fund	Unmodified
Aggregate Remaining Fund Information	Unmodified

Qualified Opinion on the Governmental Activities and General Fund

In our opinion, except for the effects of the matter described in the Basis for Qualified and Unmodified Opinions section of our report, the financial statements referred to above present fairly, in all material respects, the modified cash basis financial position of the Governmental Activities and General Fund of Schuyler Community Schools, District No. 123, Schuyler, Nebraska, as of August 31, 2024, and the changes in the modified cash basis financial position thereof for the year then ended in accordance with the modified cash basis of accounting as described in Note 1.

Unmodified Opinion on the Nutrition Fund, Qualified Capital Purpose Undertaking Fund, Bond Fund, and Aggregate Remaining Fund Information

In our opinion, the modified cash basis financial statements referred to above present fairly, in all material respects, the respective modified cash basis financial position of the Nutrition Fund, Qualified Capital Purpose Undertaking Fund, Bond Fund, and Aggregate Remaining Fund Information of Schuyler Community Schools, District No. 123, Schuyler, Nebraska, as of August 31, 2024, and the respective changes in modified cash basis financial position thereof for the year then ended in accordance with the modified cash basis of accounting as described in Note 1.

Basis for Qualified and Unmodified Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Schuyler Community Schools, District No. 123, Schuyler, Nebraska and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified and unmodified audit opinions.

Matter Giving Rise to the Qualified Opinion in the Governmental Activities and General Fund

Schuyler Community Schools, District No 123, Schuyler, Nebraska experienced turnover in the business manager position and utilizes an outdated accounting system, which resulted in deficiencies in the accounting records. Specifically, sufficient supporting documentation was not available for outstanding deposits included in the bank reconciliation of \$96,153 and the District was also unable to substantiate balances in interfund accounts of \$300,082. As of the date of our audit report, management had not completed the necessary reconciliations or analyses to resolve these matters. We were unable to confirm or verify these balances through alternative means. As a result of these matters, we were unable to determine whether any adjustments might be necessary to the General Fund's cash, interfund balances, and related accounts as presented in the financial statements. Because the General Fund is reported as a major governmental fund and is included in the aggregated totals for governmental activities, these differences also affect the opinion expressed on the governmental activities.

Emphasis of Matter-Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting as described in Note 1, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Schuyler Community Schools, District No. 123, Schuyler, Nebraska's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Schuyler Community Schools,

District No. 123, Schuyler, Nebraska's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Schuyler Community Schools, District No. 123, Schuyler, Nebraska's basic financial statements. The supplementary information on pages 34-54 and schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, except for the effects on the supplementary information of the qualified opinion on the governmental activities and General Fund as explained in the Basis for Qualified Opinion section, the supplementary information on pages 34-54 are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 30, 2024, on our consideration of Schuyler Community Schools, District No. 123, Schuyler Nebraska's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Schuyler Community Schools, District No. 123, Schuyler, Nebraska's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Schuyler Community Schools, District No. 123, Schuyler, Nebraska's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2024

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Schuyler Community School, District No. 123, Schuyler, Nebraska (the "District") is a tax- exempt political subdivision and a Class 3 school district of the State of Nebraska. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The following is a summary of the significant accounting policies of the District.

Reporting Entity

The District's Board of Education is the basic level of government, which has financial accountability and control over all activities related to public school education in the District. The District receives funding from local, state, and federal government sources and must comply with the requirements of these funding source entities. However, the District is not included in any other governmental "reporting entity" as defined by the GASB pronouncement, since the District's board members are elected by the public and have decision-making authority, the authority to levy taxes, the power to designate management, the ability to significantly influence operations, and primary accountability for fiscal matters.

All significant activities and organizations on which the District exercises oversight responsibility have been included in the District's financial statements.

The criteria for including organizations as component units within the District's reporting entity, as set forth in Section 2100 of GASB's *Codification of Governmental Accounting and Financial Reporting Standards*, include whether:

- The organization is legally separate (can sue and be sued in their own name).
- The District holds the corporate powers of the organization.
- The District appoints a voting majority of the organization's board.
- The District is able to impose its will on the organization.
- The organization has the potential to impose a financial benefit/burden on the District.
- There is fiscal dependency by the organization on the District.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Reporting Entity (Continued)

Based on the aforementioned criteria, the only potential component unit of the District is the Schuyler Community Schools Foundation (the Foundation), a not-for-profit entity organized in 2015, exclusively for the benefit of the District. Financial activities related to the Foundation are not reflected in the District's financial statements since activities of the Foundation for the year were not significant to the reporting entity.

Government-Wide Statements

The District utilizes the provisions of GASB Statement 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*. Statement 34 established standards for external financial reporting for all state and local government entities, which includes government-wide financial statements, fund financial statements, and the classification of net position into the following components: restricted and unrestricted.

The statement of net position and statement of activities report information on the District as a whole. The effects of inter-fund activity have been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental receipts, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The District does not report any business-type activities.

The statement of activities demonstrates the degree to which the direct disbursements of a given function or segment are offset by program receipts. Direct disbursements are those that are clearly identifiable with a specific function or segment. Program receipts include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included in program receipts are reported as general receipts.

Fund Financial Statements

The fund financial statements of the reporting entity are organized into funds, each of which is considered a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, liabilities, fund equity, receipts, and expenditures. All of the District's funds are considered

governmental funds. An emphasis is placed on major funds within the governmental category. A fund is considered major if it is the primary operating fund of the District, meets specific mathematical criteria set forth by GASB, or is identified as a major fund by the District's management. All remaining governmental funds by category are summarized into a single column as nonmajor governmental funds.

The District reports the following major governmental funds:

General Fund - The General Fund is the general operating fund of the District and accounts for all receipts and disbursements of the District not encompassed within other funds. All property tax receipts and other receipts that are not allocated by law, budgetary requirement, or contractual agreement to some other fund are accounted for in this fund. General operating disbursements and the new replacement capital outlay costs that are not paid through other funds are paid from the General Fund.

The General Fund for financial reporting purposes also includes the following components, which are considered funds for budgetary purposes but do not meet the definition as special revenue funds as clarified in GASB 54, or whose activities are insignificant and reporting as part of the General Fund is allowable.

Depreciation Fund - The Depreciation Fund is used to accumulate funds for the eventual purchase of significant capital outlay by reserving such monies from the General Fund.

Employee Benefit Fund - The Employee Benefit Fund is established to specifically reserve General Fund money for the benefit of the District employees.

Cooperative Fund - The fund is used to report cooperative activities between the District and one or more public agencies through interlocal agreements. The fund is not maintained on an imprest basis. Since there are no restrictions on the funds accumulated in excess of the annual cooperative agreement contracts, and resources accumulated are available to the District, this fund is considered a component of the General Fund for financial reporting.

Nutrition Fund - The Nutrition Fund is used to accommodate all aspects of the School Lunch Program and accounts for all receipts and disbursements of all Child Nutrition Programs.

Qualified Capital Purpose Undertaking Fund - The Qualified Capital Purpose Undertaking Fund may be established for the removal of environmental hazards, the reduction or elimination of accessibility barriers in District buildings, and the repayment of a qualified zone academy bond issued for a qualified special purpose. General Fund disbursements for the purpose of this fund are not allowed.

Bond Fund - This fund accounts for taxes levied and other revenue specifically maintained for the payment of bond principal and interest. Proceeds from bond issuance are deposited and recorded as a receipt in the Special Building Fund. Proceeds from refunding bond issues are deposited and recorded as a receipt in the Bond Fund. The General Fund is used to make bond principal and interest payments if the Bond Fund balance is not sufficient to meet these requirements.

The District reports the following nonmajor governmental funds:

Activities Fund - The Activities Fund is used to account for the financial operations of quasi-independent student organizations, interschool athletics, and other self-supporting or partially self-supporting school activities not part of another fund.

Special Building Fund - The Special Building Fund is established for acquiring or improving sites and buildings, including the construction, alteration, or improvement of buildings.

Student Fee Fund - A Student Fee Fund is established to collect fees for participation in extracurricular activities, postsecondary education costs, and summer school or night school. The money is expended for the purposes for which it was collected from the students.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Accounting

The District prepares its financial statements on the modified cash basis, which is in conformity with the accounting practices prescribed or permitted by the State of Nebraska Department of Education.

The modified cash basis of accounting is a basis of accounting other than GAAP as established by GASB. The modified cash basis of accounting is based on the recording of cash and cash equivalents and changes therein and only recognizes revenues, expenses, assets, and liabilities resulting from cash transactions, adjusted for modifications that have substantial support in generally accepted accounting principles.

Only cash (and cash equivalents) and items that involve the receipt or disbursement of cash (or equivalents) during the period are recognized, except for the following modifications:

Assets that normally convert to cash and cash equivalents (e.g., certificates of deposit) that arise from transactions and events involving cash or cash equivalents are recognized; and

Taxes and other revenues collected by the county treasurers are included in revenues of the District in the year collected by the counties and the District funds held by the county treasurers at year-end are included as assets of the District. This is in accordance with the requirements of the State of Nebraska Department of Education.

As a result of the use of this modified cash basis of accounting, certain transactions are not recorded in the financial statements. For example, accounts receivable and revenue for billed or provided services that have not been collected in cash are not accrued as revenue or receivables. Additionally, capital assets, such as property, equipment, and infrastructure, and long-term liabilities, such as debt and compensated absences are not reported. Right-to-use assets and liabilities related to leases and subscription-based technology arrangements are not reported.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Accounting (Continued)

If the District utilized accounting principles generally accepted in the United States of America, the fund financial statements for governmental funds would use the modified accrual basis of accounting, and the fund financial statements for proprietary fund types would use the accrual basis of accounting. All government-wide financial statements would be presented in accordance with the accrual basis of accounting.

Equity Classification

Government-Wide Statements

Equity is classified as net position and displayed in two components:

Restricted net position consists of assets with constraints placed on the use either by external groups such as creditors, grantors, contributors, or laws and regulations of other governments or through constitutional provisions or enabling legislation.

Unrestricted net position consists of net assets that do not meet the definition of restricted.

It is the District's policy to use restricted net position first, prior to the use of unrestricted net assets, when a disbursement is paid for purposes in which both restricted and unrestricted net position are available.

Fund Financial Statements

Governmental fund equity is classified as fund balance.

Fund Balance Classification

The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the District is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

Equity Classification (Continued)

Fund Financial Statements (Continued)

Nonspendable

This classification includes amounts that cannot be spent because they either are not in spendable form or because they are legally or contractually required to be maintained intact. The District currently has no amounts classified in this category.

Restricted

This classification includes amount for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws and regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation.

Committed

This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the Board of Education. These amounts cannot be used for any other purpose unless the Board removes or changes the specified use by taking the same type of action (ordinance or resolution) that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements.

Assigned

This classification includes amounts that are constrained by the District's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the Board of Education or through the Board delegating this responsibility to the District administrator through the budgetary process.

Fund Financial Statements (Continued)

Unassigned

This classification includes the residual fund balance for the General Fund.

The District would typically use restricted fund balances first, followed by committed resources, and then assigned resources, as appropriate opportunities arise, but reserve the right to selectively spend unassigned resources first to defer the use of these other classified funds.

Capital Assets

Capital assets are not recorded as assets on the government-wide or fund financial statements, and depreciation is not recognized. Purchases of capital assets are recorded as disbursements by function in the financial statements.

Inter-fund Balances and Activities

In the process of aggregating the financial information for the government-wide financial statements, some amounts reported as inter-fund activity and balances in the fund financial statements have been eliminated or reclassified. Interfund activity, if any, within and among the governmental fund categories is reported as follows in the fund financial statements:

Interfund loans

Flow of assets from one fund to another where repayment is expected. Outstanding balance of interfund loan are reported as cash receipts and disbursements at end of year.

Interfund reimbursements

Repayments from funds responsible for certain disbursements to the funds that initially paid for them are not reported as reimbursements but as adjustments to disbursements in the respective funds.

Internal and Interfund Balances and Activities (Continued)

Interfund transfers

Flow of assets from one fund to another where repayment is not expected are reported as cash receipts and disbursements.

The District made the following reimbursements during the year ended August 31, 2024:

QCPUF to the General Fund	\$ 500,000
QCPUF to the Special Building Fund	\$ 125,000

Long-Term Obligations

Long-term debt is not reported as a liability in the government-wide or fund financial statements. Proceeds from long-term debt are reported as receipts and payments of principal are reported as disbursements in both the government-wide and fund financial statements.

Budget Process and Property Taxes

The District is required by state law to hold public hearings and adopt annual budgets for all funds on the modified cash basis of accounting. Total disbursements for each fund may not exceed the total budgeted disbursements. The General Fund is also subject to a total non-special education disbursement limit. Appropriations for disbursements lapse at year-end. Any revisions to the adopted budget of total disbursements to any fund require a public hearing. State statutes of the Nebraska budget Act provide the prescribed budget practices and procedures that governing bodies are required to follow. The amounts that may be budgeted for certain specific funds are subject to various disbursements and/or tax levy limitations.

The property tax requirement resulting from the budget process is utilized to establish the tax levy in accordance with state statutes, which tax levy attaches as an enforceable lien on property within the District as of January 1. Taxes are due as of that date. One-half of the real estate taxes due January 1 become delinquent after the following May 1, with the second one-half becoming delinquent after September 1.

Compensated Absences

In accordance with the modified cash basis of accounting, vacation, and sick leave are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting used by the District requires management to make estimates and assumptions that affect certain reported amounts and disclosures; accordingly, actual results could differ from those estimates.

Right to Use Assets

Right-to-use assets are not recorded as assets on the government-wide or fund financial statements, and amortization is not recognized. Likewise, the related liabilities for these leases and subscription-based technology arrangements are not recognized in the financial statements. Payment on all leases and subscription-based technology arrangements are recorded as disbursements by function in the financial statements.

NOTE 2: DEPOSITS AND INVESTMENTS

For the following disclosures, deposits - including checking accounts, savings accounts, money market accounts, and certificates of deposit - are all classified as cash on the financial statements.

The District's cash and investments are reported as follows:

Governmental-type activities	\$ 6,925,287
------------------------------	--------------

The carrying value (fair value) of the cash and investments consisted of the following:

Checking and savings accounts	\$ 6,925,287

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the District’s deposits may not be returned to it. As of August 31, 2024, all of the District’s deposits with financial institutions were fully insured or collateralized by securities held in the District’s name in the form of joint safekeeping receipts. State law requires all funds in depositories to be fully insured or collateralized, and the District’s policy is to require depositories to provide pledged securities to cover deposits in excess of Federal Deposit Insurance Corporation (FDIC) limits.

Investments

Nebraska Statutes provide that the District may, by and with the consent of the Board of Education of the District, invest the funds of the District in securities, including repurchase agreements, the nature of which individuals of prudence, discretion and intelligence acquire or retain in dealing with the property of another.

NOTE 3: EXPENDITURES IN EXCESS OF BUDGETED AMOUNTS

During the year ended August 31, 2024, expenditures in the District’s Employee Benefit Fund exceeded budget by \$3,561, Special Building Fund exceeded budget by \$24,165, and the Activities Fund exceeded budget by \$37,714.

Plan Description (Continued)

Retirement System (NPERS). NPERS provides retirement and disability benefits to plan members and beneficiaries. The School Employees Retirement Act establishes benefit provisions.

In 1945, the Nebraska Legislature enacted the law establishing a retirement plan for school employees of the State. During the NPERS fiscal year ended June 30, 2023, there were 263 participating school districts. These were the districts that had contributions during the fiscal year. All regular public school employees in Nebraska, other than those who have their own retirement plans (Class V school districts, Nebraska State Colleges, University of Nebraska, and Nebraska Community Colleges), are members of the plan.

Normal retirement is at age 65. For an employee who became a member before July 1, 2013, the monthly benefit is equal to the greater of the following: (1) the sum of a savings annuity, which is the actuarial equivalent of the member's accumulated contributions and a service annuity equal to \$3.50 per year of service; or (2) the monthly average of the three 12-month periods of service as a school employee in which such compensation was the greatest, multiplied by total years of creditable service, multiplied by a formula factor of two percent, and an actuarial factor based on age.

For an employee who became a member on or after July 1, 2013, the monthly benefit is equal to the greater of the following: (1) the sum of a savings annuity, which is the actuarial equivalent of the member's accumulated contributions and a service annuity equal to \$3.50 per year of service; or (2) the average of the five 12-month periods of service as a school employee in which such compensation was the greatest, multiplied by total years of creditable service, multiplied by a formula factor of two percent, and an actuarial factor based on age.

Benefit calculations vary with early retirement. Employees' benefits are vested after five years of plan participation or when termination occurs at age 65 or later. Vested members are eligible to receive an unreduced retirement benefit at age 65.

For school employees who became members prior to July 1, 2013, the benefit paid to a retired member or beneficiary receives an annual cost of living adjustment, which is increased by the lesser of the percentage change in the Consumer Price Index for Urban Wage Earners and Clerical Workers or two and one-half percent. The current

benefit paid to a retired member or beneficiary is adjusted so that the purchasing power of the benefit being paid is not less than 75 percent of the purchasing power of the initial benefit.

For school employees who became members on or after July 1, 2013, the benefit paid to a retired member or beneficiary receives an annual cost-of-living adjustment, which is increased by the lesser of the percentage change in the Consumer Price Index for Urban Wage Earners and Clerical Workers or one percent. There is no purchasing power floor for employees who fall under this tier.

Contributions

The State's contribution is based on an annual actuarial valuation. In addition, the State contributes an amount equal to two percent of the compensation of all members. This contribution is considered a non-employer contribution since school employees are not employees of the State. The employee contribution was equal to 9.78 percent from July 1, 2022 to June 30, 2023, (and from July 1, 2023 through August 31, 2024). The school district (employer) contribution is 101 percent of the employee contribution. The District's contribution to the Plan for its year ended August 31, 2024 was \$1,303,501.

For the District's year ended August 31, 2024, the District's total payroll for all employees was \$14,424,846. The total covered payroll was \$13,179,809. Covered payroll refers to all compensation paid by the District to active employees covered by the Plan.

Plan Fiduciary Net Position

Detailed information about the Plan's fiduciary net position is available in the separately issued Nebraska Public Employees Retirement Systems Plan financial report. NPERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained via the internet at <http://www.auditors.nebraska.gov>.

NOTE 7: EARLY RETIREMENT INCENTIVE PROGRAM

The District offers an Early Retirement Incentive Program for full-time certified teachers and administrators to offer financial incentives that will assist long-term employees considering early retirement and early leave decisions. To participate in the program, the employee submits a written application by February 1 prior to the school year in which the employee wishes to discontinue full-time employment. The employee must be fifty-five (55) years of age on or before September 1 of the employee's final contract year and must have at least ten (10) creditable years of service with a masters degree in education.

The Board of Education shall select up to four (4) eligible employees to participate in the plan each fiscal year. In the event the total number of eligible employees electing for early retirement exceeds four (4) employees, the Board of Education bases their selection of eligible employees based on the following criteria:

- Previous Application Denied
- Highest Salary
- Number of Years of Service
- Tiebreaker (Random Selection)

A qualified certificated employee who has been accepted for participation in the ERIP shall receive the following ERIP benefit during the three (3) fiscal years immediately following the participant's retirement:

- A ten thousand dollar (\$10,000) contribution to a Health Reimbursement Account (HRA) to be credited to the employee in three (3) equal installments at the beginning of each of the three (3) fiscal years.
- A non-elective contribution to a 403(b) annuity or custodial account selected by the participant in an amount equal to two percent (2%) of his/her schedule salary at the 1.0 Full Time Equivalent (FTE) during the employee's final contract year multiplied by the number of years of creditable services with the District, up to a maximum of twenty-five thousand dollars (\$25,000). The contribution shall be paid in six (6) installments of the three (3) fiscal years.

The District made \$66,611 in payments for the ERIP for the year ended August 31, 2024. The total future payments required to be paid under the ERIP is \$233,300.

The General Fund transferred \$100,000 to the Depreciation Fund, \$128,067 to the Employee Benefit Fund, and \$10,000 to the Cooperative Fund for support during the fiscal year. The Activities Fund transferred \$264,510 to the General Fund.

NOTE 9: COMMITMENTS AND CONTINGENCIES

The District participates in a number of state and federally assisted programs. These programs are subject to financial and compliance audits of various agencies and departments, many of which have not yet been performed. The District's management believes that the amount of expenditures, if any, which may be disallowed by the granting agencies, would not be significant.

NOTE 10: TAX ABATEMENTS

The District is subject to tax abatements granted by Schuyler Community Redevelopment Authority (CRA), a component unit of the City of Schuyler, who has entered into tax increment financing (TIF) agreements with various redevelopers. The incremental increase in valuation from the development is not included in the District's available valuation base until the TIF agreement has expired, which is generally 15 years. The incremental taxes, including the District's share is returned to the developer, effectively rebating the taxes on the increased valuation.

Information relevant to the tax abatements impacting the District for the year ending August 31, 2024, are as follows:

Total TIF valuation 2023	5,539,720
District's total levy (per \$100 valuation)	1.117842
District's share of tax abatement	61,925

NOTE 11: RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District maintains commercial insurance coverage covering each of the above risks of loss. Management believes that the coverage is adequate to preclude any significant uninsured risk of exposure to the District. Settled claims in the past three years have not exceeded the coverages.

During the fiscal year, it was identified that the 403(b) plan had engaged in discriminatory practices in prior periods. NOTE TO BUDGETARY SCHEDULES

NOTE 1: SCHEDULES OF RECEIPTS, DISBURSEMENTS, AND CHANGES IN FUND BALANCE - MODIFIED CASH BASIS - BUDGET AND ACTUAL

Basis of Accounting

The accompanying schedules of receipts, disbursements, and changes in fund balance - modified cash basis - budget and actual are presented on the modified cash basis of accounting. This basis is generally consistent with the basis of accounting used in preparing the basic financial statements. All undisclosed appropriations lapse at the end of the budget year. For budgetary purposes, transfers to the Employee Benefit Fund and Depreciation Fund are reflected as functional disbursements in the General Fund when the transfer is made.

Budget Law

The District is required by state law to hold public hearings and adopt annual budgets for all funds on the modified cash basis of accounting. Total disbursements for each fund may not exceed the total budgeted disbursements. The General Fund is also subject to a total non-special education disbursement limit. Appropriations for disbursements to any fund require a public hearing.

The Employee Benefit Fund exceeded budget by \$3,561, Special Building Fund exceeded budget by \$24,165, and the Activities Fund exceeded budget by \$37,714.

Reconciliation

The Nebraska Department of Education requires separate budgets for those funds considered as General Fund components for budget purposes. A reconciliation of the General Fund financial reporting basis to the budgetary basis is as follows:

Receipts over disbursements - financial report basis	
General Fund	<u>227,896</u>
Receipts over disbursements - budgetary basis	
General Fund	167,827
Depreciation Fund	2,627
Employee Benefit Fund	34,283
Cooperative Fund	23,159
	<u>227,896</u>

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER
MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Education
Schuyler Community Schools
District No. 123, Colfax County
Schuyler, Nebraska

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each fund, and the aggregate remaining fund information of Schuyler Community Schools, District No. 123, Schuyler, Nebraska, as of and for the year ended August 31, 2024, and the related notes to the financial statements, which collectively comprise Schuyler Community Schools District No. 123, Schuyler Nebraska's basic financial statements and have issued our report thereon dated December 30, 2024. Our report includes a qualified opinion on the General Fund due to insufficient supporting documentation for outstanding deposits and interfund balances. This qualification also affects the opinion on the governmental activities because the General Fund is reported as a major governmental fund and is included in the totals for governmental activities. All other opinion units received unmodified opinions.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Schuyler Community Schools District No. 123, Schuyler Nebraska's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Schuyler Community Schools District No. 123, Schuyler, Nebraska's internal control. Accordingly, we do not express an opinion on the effectiveness of the Schuyler Community Schools District No. 123, Schuyler, Nebraska's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying schedule of findings and questioned costs as items 2024-001 and 2024-002 to be material weaknesses.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the accompanying schedule of findings and questioned costs as items 2024-003, 2024-004, 2024-005, and 2024-006 to be significant deficiencies.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Schuyler Community Schools District No. 123, Schuyler, Nebraska's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed one instance of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which is described in the accompanying schedule of findings and questioned costs as item 2024-007.

Schuyler Community Schools District No. 123, Schuyler, Nebraska's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on Schuyler Community Schools District No. 123, Schuyler, Nebraska's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. Schuyler Community Schools District No. 123, Schuyler, Nebraska's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH
MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE
REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Education
Schuyler Community Schools
District No. 123, Colfax County
Schuyler, Nebraska

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Schuyler Community Schools District No. 123, Schuyler, Nebraska's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of Schuyler Community Schools District No. 123, Schuyler, Nebraska's major federal programs for the year ended August 31, 2024. Schuyler Community Schools District No. 123, Schuyler, Nebraska's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Schuyler Community Schools District No. 123, Schuyler, Nebraska complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended August 31, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal*

Awards (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Schuyler Community Schools District No. 123, Schuyler, Nebraska and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Schuyler Community Schools District No. 123, Schuyler, Nebraska's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for the compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Schuyler Community Schools District No. 123, Schuyler, Nebraska's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Schuyler Community Schools District No. 123, Schuyler, Nebraska's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Schuyler Community Schools District No. 123, Schuyler, Nebraska's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Schuyler Community Schools

District No. 123, Schuyler, Nebraska's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.

- Obtain an understanding of Schuyler Community Schools District No. 123, Schuyler, Nebraska's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Schuyler Community Schools District No. 123, Schuyler, Nebraska's internal control over compliance, Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the

requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

SECTION II. FINDINGS RELATED TO THE FINANCIAL STATEMENTS

2024-001: SEGREGATION OF DUTIES

Criteria

Internal controls should be in place to ensure proper segregation of duties.

Condition

Due to the size of the District, there is limited segregation of duties over bookkeeping and accounting functions. The same individual routinely reconciles the bank statements; processes payroll, including initiation and control of automated bank transactions; makes journal entries; and manages the general ledger functions.

Cause

The District has a limited number of personnel involved in the accounting functions.

Potential Effect

Because of the lack of segregation of duties, unauthorized transactions could occur.

Recommendation

Procedures should be implemented to ensure that duties with respect to handling and recording transactions be segregated or that alternative controls be used to compensate for lack of segregation.

District's Response

The District, within the constraints of existing time and cost considerations, will continue to review the situation and make improvements as deemed appropriate.

SECTION II. FINDINGS RELATED TO THE FINANCIAL STATEMENTS (Continued)

2024-002: BANK RECONCILIATIONS

Criteria

Sound internal control practices and accounting standards dictate that bank reconciliations should be completed accurately and in a timely manner. Timely bank reconciliations help ensure that discrepancies are identified and resolved promptly, reducing the risk of financial misstatements or undetected errors or fraud.

Condition

It was noted that the District did not complete bank reconciliations timely or accurately throughout the fiscal year. Several bank reconciliations were delayed by multiple months, and errors were identified in the reconciliations that required adjustment. Additionally, the District was unable to provide sufficient supporting documentation for outstanding deposits included in the bank reconciliation, totaling \$96,153, which could not be validated through alternative audit procedures. Further, an additional \$500,000 transaction lacked adequate documentation to substantiate the source or classification of the funds. These deficiencies were primarily due to turnover in accounting positions, outdated accounting software, and a lack of oversight over the reconciliation process.

Cause

The untimely and inaccurate reconciliations appear to be the result of turnover in accounting positions and a lack of oversight over the reconciliation process.

Effect

Failure to complete bank reconciliations timely and accurately increases the risk of errors or irregularities in the financial records remaining undetected. This could lead to misstated financial statements, errors in cash balances, and potential misuse of funds. As noted in the auditor's report, these deficiencies resulted in a qualified opinion on the General Fund and impacted the opinion on the governmental activities, as the General Fund is a major component of the District's financial reporting.

MANAGEMENT RESPONSE AND PLANNED CORRECTIVE ACTION
FOR THE YEAR ENDED AUGUST 31, 2024

SECTION II. FINDINGS RELATED TO THE FINANCIAL STATEMENTS (Continued)

2024-002: BANK RECONCILIATIONS (Continued)

Recommendation

We recommend the District establish a policy requiring bank reconciliations to be completed within 30 days of month-end, provide training to staff responsible for completing reconciliations to ensure they have the necessary skills and understanding of the process, and implement a review process where a second individual reviews reconciliations for accuracy and completeness.

District's Response

The District acknowledges the finding and is committed to resolving the issue. The District has already begun implementing measures to address this, including hiring additional accounting staff and implementing updated software.

2024-003: ACTIVITIES FUND ACCOUNTING

Criteria

Accounting standards and best practices require that all financial activity of the District be recorded accurately and timely in the main general ledger to ensure complete and reliable financial reporting. Proper integration or reconciliation of subsidiary systems, such as the Activities Fund, is essential to meet these requirements.

Condition

The District used a separate software program to account for the Activities Fund, which was not integrated with the primary accounting software. As a result, several months of Activities Fund transactions were not included in the main general ledger during the fiscal year and were corrected through audit adjustments.

Cause

The lack of integration between the two systems and the absence of regular reconciliation processes contributed to the incomplete recording of financial activity in the main general ledger.

SCHUYLER COMMUNITY SCHOOLS

SCHUYLER, NEBRASKA
MANAGEMENT RESPONSE AND PLANNED CORRECTIVE ACTION
FOR THE YEAR ENDED AUGUST 31, 2024

SECTION II. FINDINGS RELATED TO THE FINANCIAL STATEMENTS (Continued)

2024-003: ACTIVITIES FUND ACCOUNTING (Continued)

Effect

Failure to include all financial activity in the general ledger increases the risk of incomplete or inaccurate financial reporting. This may lead to misstatements in the financial statements and could hinder the District's ability to make informed financial decisions.

Recommendation

We recommend that the District integrate the Activities Fund accounting system with its primary accounting software to ensure all transactions are captured in the general ledger in a timely and accurate manner. If integration is not feasible, management should implement procedures to reconcile the two systems monthly and ensure all financial activity is appropriately recorded in the main general ledger.

District's Response

The District will integrate the Activity Fund accounting system with the primary accounting software and will establish monthly reconciliation procedures.

2024-004: MISCLASSIFICATION OF GENERAL FUND EXPENDITURES

Criteria

Expenditures are required to be recorded in the appropriate fund to ensure accurate financial reporting and compliance with legal and regulatory requirements. Funds should be used only for their designated purposes, and transactions should be classified correctly at the time of initial recording.

Condition

During the audit, we identified instances where General Fund expenditures were recorded in the Activities Fund. This practice misclassifies expenditures and results in inaccuracies in the District's financial statements. The Activities Fund is not intended to serve as a clearing account for transactions that properly belong to other funds.

MANAGEMENT RESPONSE AND PLANNED CORRECTIVE ACTION
FOR THE YEAR ENDED AUGUST 31, 2024

SECTION II. FINDINGS RELATED TO THE FINANCIAL STATEMENTS (Continued)

2024-004: MISCLASSIFICATION OF GENERAL FUND EXPENDITURES (Continued)

Cause

The misclassification appears to have been a matter of convenience, potentially due to a lack of clear procedures or staff training on proper fund usage and transaction classification.

Effect

Misclassifying expenditures can result in financial reporting inaccuracies, leading to a misrepresentation of the District's financial position and noncompliance with fund restrictions.

Recommendation

We recommend that the District implement procedures to ensure all expenditures are properly classified at the time of entry. Staff should receive training to understand the purpose and restrictions of each fund to avoid future misclassification. Additionally, the District should review and reclassify any improperly recorded transactions to the correct fund to ensure accurate financial reporting.

District's Response

The District will provide staff training on proper fund usage and classification and review prior transactions to ensure compliance and accuracy in financial reporting.

2024-005: MISSING PAYROLL DOCUMENTATION

Criteria

Federal regulations require that employee personnel files include signed contracts and completed I-9 forms. Signed contracts establish the terms of employment, including salary and responsibilities, while I-9 forms are legally required to verify an employee's eligibility to work in the United States.

MANAGEMENT RESPONSE AND PLANNED CORRECTIVE ACTION
FOR THE YEAR ENDED AUGUST 31, 2024

SECTION II. FINDINGS RELATED TO THE FINANCIAL STATEMENTS (Continued)

2024-005: MISSING PAYROLL DOCUMENTATION (Continued)

Condition

During our payroll testing, we identified that signed contracts were missing for two employees, and required I-9 forms for some employees were not on file. This indicates deficiencies in the District's personnel file management and record-keeping practices.

Cause

The absence of these documents appears to result from a lack of robust procedures for ensuring complete and accurate personnel records during the hiring and onboarding process.

Effect

The lack of signed contracts increases the risk of disputes regarding employment terms and compliance issues related to payroll. Missing I-9 forms could expose the District to potential penalties for noncompliance with federal immigration laws.

Recommendation

We recommend that the District establish and enforce procedures to ensure that all required payroll documentation, including signed contracts and I-9 forms, is obtained and properly maintained in employee personnel files. Periodic reviews of personnel files should be conducted to verify that all documentation is complete and up to date.

District's Response

The District has implemented new procedures to ensure all required payroll documentation is properly maintained and will conduct periodic reviews of personnel files for completeness.

SECTION II. FINDINGS RELATED TO THE FINANCIAL STATEMENTS (Continued)

2024-006: RELATED PARTY TRANSACTIONS

Criteria

Sound governance practices and ethical standards require that individuals in positions of authority abstain from decision-making processes, including voting, when they have a direct or indirect financial interest. This is critical for ensuring transparency, avoiding conflicts of interest, and maintaining the integrity of governance decisions.

Condition

During our audit, we noted instances where Board members did not consistently abstain from voting on the approval of payments to themselves or their businesses.

Cause

The failure to abstain appears to be due to insufficient awareness of conflict-of-interest policies and legal requirements, as well as a lack of oversight during the voting process.

Effect

Allowing Board members to participate in approving claims that involve their financial interests undermines transparency and exposes the District to potential ethical and legal challenges.

Recommendation

We recommend that the District reinforce its conflict-of-interest policies and ensure that the Board members abstain from voting on any transactions in which they have a financial interest. These abstentions should be documented clearly in the Board meeting minutes. Additionally, the District should provide training to Board members to increase awareness of conflict-of-interest requirements.

District's Response

The District will provide training to Board members regarding conflict-of-interest policies and ensure abstentions are documented in meeting minutes to maintain transparency and compliance.

2024-007: BUDGET COMPLIANCE

Criteria

The District is required by state law to hold public hearings and adopt annual budgets for all funds on the modified cash basis of accounting. Total expenditures for each fund may not exceed the total budgeted expenditures.

Condition

As explained in Note 3 to the financial statements, expenditures exceeded budgeted expenditures as follows: Employee Benefit Fund \$3,561, Special Building Fund \$24,165, and Activities Fund \$37,714.

Cause

Management did not amend the budget to allow for an increase in expenditures in excess of the original budget.

Effect

This is a violation of state law.

Recommendation

Management should amend the budget document before funds are expended in excess of the appropriated expenditures.

District's Response

The District will compare and review the budgeted amounts and amend future budget documents, if required.

1. Term of Contract. This Contract is for a term of two (2) years beginning on the 1st day of July, 2025, and expiring on the 30th day of June, 2027. The Superintendent shall remind the Board in writing of this provision no later than its regular November meeting of each year of this contract and shall make the renewal of his employment contract an agenda item for the regular December board meeting during each year of this contract. At the time of each contract renewal and/or amendment, the Superintendent shall be responsible for taking all necessary steps to ensure that the district has complied with the Superintendent Pay Transparency Act.

3. Salary. The Superintendent's salary for the 2025-26 school year is (TBD). The parties commit to negotiate in good faith about the salary to be paid to the Superintendent for the 2025-26 and successive school years and agree that the salary amount shall not be less than the amount noted above. Said annual salary shall be paid in equal installments in accordance with the policy of the Board governing payment of certificated employees of the District.

The District, acting by and through its Board of Education, reserves the right to adjust the annual salary during the term of this Contract, said salary adjustment, however, shall not reduce the annual salary to any lesser amount than that as above stated. Any adjustment in salary made during the term of this Contract shall be in the form of an amendment or complete restatement and shall become a part of this Contract; provided, however, that in making any such salary adjustment, it shall not be considered that the District has entered into a new Contract, nor shall the ending date of this Contract be thereby extended unless the Board of Education, by specific action, shall expressly extend such end date. In no event shall any such extension, together with the unexpired term of this Contract or any prior extension, be for a period in excess of three (3) years.

This Contract shall conform to the regulations governing deductions with reference to Mandatory Withholdings, Internal Revenue Service and Nebraska Department of Revenue Tax regulations, Social Security, and the Nebraska School Employees' Retirement Act. Vacation shall not be taken at times that would interfere with the Superintendent's attendance at regularly scheduled Board meetings or at times when the Superintendent's duties require the Superintendent's attendance at school (e.g., beginning and end periods of the school year).

1. Carry-over and Accumulation. Vacation is to be used during each contract year. Any unused vacation days remaining from a prior contract year shall be subtracted from the number of vacation days the Superintendent is given for the following contract year, such that the total vacation days at the beginning of each contract year be twenty (20) days. Upon ending employment, unused vacation days available in the final contract year will be paid to the Superintendent at the Superintendent's daily per day rate of \$ _____.

2. PTO Leave. The Superintendent shall be allowed eleven (11) working days of PTO days at the beginning of each contract year, for the purpose of accommodating the Superintendent's need for sick, bereavement and/or personal days of leave. 3. Carry-over and Accumulation of PTO Leave. Unused PTO leave will be converted to sick leave and may be carried over from one contract year to the next succeeding contract year to a maximum of 50 sick leave days. Once the maximum is accumulated, no further PTO leave days will be available or granted for the ensuing contract year or years until the accumulated number of sick leave days is less than 50, and then only to the extent necessary to restore the total number of available sick leave days to the maximum of 50 days. There shall be no pay for unused sick _____.

Deleted: ; provided that there shall be no pay for unused vacation days in the event the Board determines that the Superintendent has engaged in misconduct which provides just cause for cancellation of this Contract.

The following days shall ordinarily be considered holidays and not working days: Good Friday, July 4th, Labor Day, Thanksgiving, the day after Thanksgiving, Christmas Eve, Christmas Day, New Year's Day, and Memorial Day. The reasonable and necessary expenses of such meetings shall be reimbursed by the District consistent with Board policies. In addition, the District shall pay the Superintendent's annual dues to the Nebraska Council of School Administrators and may pay dues to other professional organizations suitable for the Superintendent's position upon the Superintendent's request.

- G. Avoidance of Fines or Penalties. The Board may elect *to* not provide any benefit set forth in the Contract in the event the Board determines, in its discretion, that the provision of the benefit would result in a fine, penalty, or would otherwise be deemed unlawful or contrary to the best interests of the School District. In the event that the Board makes such an election, then the Board shall negotiate with the Superintendent to obtain a like-benefit that would not result in a fine, penalty, or the like, and in the event such is not available, then the Superintendent's salary shall be grossed up in an amount equal to the cost savings from not providing the benefit (excluding the costs of fines and penalties).

5. **Duties.** The Superintendent is employed as the Superintendent. The Superintendent shall perform the duties of such position as are regularly and customarily expected for such positions and such duties and responsibilities as are set forth in Board Policy or Regulation for such position. The Superintendent shall be subject to such other duties as the Board may assign. The Superintendent agrees to devote full time to the assigned duties, provided that, with the advance agreement of the Board of Education, the Superintendent may undertake consultative work, speaking engagements, writing, lecturing, or other professional duties outside of employment with the District.

In performing the assigned duties, the Superintendent shall be governed by the policies, regulations, directions, and expectations of the Board of Education. The Superintendent shall, in all respects, diligently and faithfully perform the assigned duties to the best of the Superintendent's professional ability. The Superintendent shall be the chief administrative officer for the District and shall have primary responsibility for implementation of Board policy. The Superintendent shall be responsible for development of policies for adoption by the Board and for development of regulations and rules consistent with Board policy. In the absence of Board policy on matters which require prompt action, the Superintendent shall have the authority to act using the Superintendent's professional judgment and consistent with legal requirements; provided that the Superintendent shall report the nature of the matter and the action taken to the Board no later than the next regularly scheduled Board meeting. The parties agree, individually and collectively, to promptly refer all criticism, complaints, and suggestions called to their attention to the Superintendent for action, study or recommendation, as appropriate. The parties further agree that a good and positive working relationship between the Board and the Superintendent is an essential function of the Superintendent's position and a material term of this Contract.

7. **Evaluation of the Superintendent.** The Superintendent shall be evaluated twice during the first contract year and once during each subsequent contract year, unless the Board deems additional evaluations are appropriate. The Superintendent shall receive a copy of the evaluation and shall have the right to submit a response to the evaluation, which response shall be placed in the Superintendent's personnel file. By November 1st of each contract year, the Superintendent shall remind the Board President of the need to evaluate the Superintendent.

Nothing in this Paragraph prevents the Board, or individual Board members, from providing additional feedback to the Superintendent outside of a formal evaluation.

8. Contract Termination. In the event the Superintendent violates any of the provisions of this Contract, or performs any act, or does anything which is materially harmful to the District, or which substantially inhibits the Superintendent's ability to discharge the duties as set forth herein, including, but not limited to: (1) becoming legally disqualified to perform as a superintendent in the State of Nebraska; (2) participation in any fraud; (3) causing any intentional damage to property; (4) engaging in any unlawful act; (5) any representations in this Contract being determined to be false or incorrect; (6) failure to indicate in writing, upon request by the Board President, whether the Superintendent desires to remain employed by the District and extend this Contract beyond the Contract's current end date; (7) failing to establish and maintain a good and positive working relationship with the Board; (8) lying or making a material misrepresentation or omission during the job application process; and/or (9) just cause, including: (a) incompetency, which includes, but is not limited to, demonstrated deficiencies or shortcomings in knowledge of subject matter or administrative skills; (b) neglect of duty; (c) unprofessional conduct; (d) insubordination; (e) immorality; (f) physical or mental incapacity; (g) failure to give evidence of professional growth as required by law; or (h) other conduct which interferes substantially with the continued performance of duties; then the Superintendent may be discharged in accordance with applicable law. Suspension or other disciplinary action may be implemented by the Board President and enforced in accordance with applicable law. Upon lawful cancellation or the ending of this Contract, the compensation to be paid hereunder shall be an amount which bears the same ratio to the annual salary specified as the number of months or fraction thereof to the date of such ending bears to the twelve months in the annual salary period in which ending occurs. Any portion of the salary paid, but not earned, prior to the date of the ending of this Contract, and any sums owing to the District by the Superintendent, shall be set off from sums due to the Superintendent and, if the sums owing to the District are in excess of the sums due the Superintendent, the amount owing shall be immediately refunded by the Superintendent.

Abandonment

30. If at any time during the Term, the Tenant abandons the Premises or any part of the Premises, the Landlord may, at its option, enter the Premises by any means without being liable for any prosecution for such entering, and without becoming liable to the Tenant for damages or for any payment of any kind whatever, and may, at the Landlord's discretion, as agent for the Tenant, relet the Premises, or any part of the Premises, for the whole or any part of the then unexpired Term, and may receive and collect all rent payable by virtue of such reletting, and, at the Landlord's option, hold the Tenant liable for any difference between the Rent that would have been payable under this Lease during the balance of the unexpired Term, if this Lease had continued in force, and the net rent for such period realized by the Landlord by means of the reletting. If the Landlord's right of reentry is exercised following abandonment of the premises by the Tenant, then the Landlord may consider any personal property belonging to the Tenant and left on the Premises to also have been abandoned, in which case the Landlord may dispose of all such personal property in any manner the Landlord will deem proper and is relieved of all liability for doing so.

Attorney Fees

31. All costs, expenses and expenditures including and without limitation, complete legal costs incurred by the Landlord on a solicitor/client basis as a result of unlawful detainer of the Premises, the recovery of any rent due under the Lease, or any breach by the Tenant of any other condition contained in the Lease, will forthwith upon demand be paid by the Tenant as Additional Rent. All rents including the Base Rent and Additional Rent will bear interest at the rate of 12% per annum from the due date until

paid.

Governing Law

32. It is the intention of the Parties to this Lease that the tenancy created by this Lease and the performance under this Lease, and all suits and special proceedings under this Lease, be construed in accordance with and governed, to the exclusion of the law of any other forum, by the laws of the State of Nebraska, without regard to the jurisdiction in which any action or special proceeding may be instituted.

Severability

33. If there is a conflict between any provision of this Lease and the applicable legislation of the State of Nebraska (the 'Act'), the Act will prevail and such provisions of the Lease will be amended or deleted as necessary in order to comply with the Act. Further, any provisions that are required by the Act are incorporated into this Lease.

Assignment and Subletting

34. The Tenant will not assign this Lease, or sublet or grant any concession or license to use the Premises or any part of the Premises. An assignment, subletting, concession, or license, whether by operation of law or otherwise, will be void and will, at the Landlord's option, terminate this Lease.

Additional Provisions

Care and Use of Premises

36. The Tenant will promptly notify the Landlord of any damage, or of any situation that may significantly interfere with the normal use of the Premises.
37. Vehicles which the Landlord reasonably considers unsightly, noisy, dangerous, improperly insured, inoperable or unlicensed are not permitted in the Tenant's parking stall(s), and such vehicles may be towed away at the Tenant's expense. Parking facilities are provided at the Tenant's own risk. The Tenant is required to park in only the space allotted to them.
38. The Tenant will not make (or allow to be made) any noise or nuisance which, in the reasonable opinion of the Landlord, disturbs the comfort or convenience of other tenants.
-

- 39. The Tenant will not engage in any illegal trade or activity on or about the Premises.
- 40. The Landlord and Tenant will comply with standards of health, sanitation, fire, housing and safety as required by law.

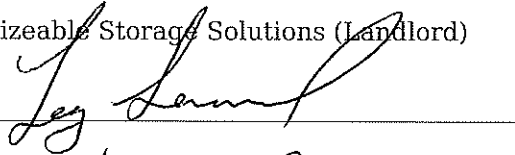

Surrender of Premises

- 41. At the expiration of the lease term, the Tenant will quit and surrender the Premises in as good a state and condition as they were at the commencement of this Lease, reasonable use and wear and damages by the elements excepted.

Rules and Regulations

- 42. The Tenant will obey all rules and regulations posted by the Landlord regarding the use and care of the Building, parking lot and other common facilities that are provided for the use of the Tenant in and around the Building on the Premises.
- 43. This Lease will constitute the entire agreement between the Landlord and the Tenant. Any prior understanding or representation of any kind preceding the date of this Lease will not be binding on either party to this Lease except to the extent incorporated in this Lease. ANNUAL REPORT PROPOSAL

PREPARED FOR

SCHUYLER COMMUNITY SCHOOL

11.08.24

Bret,

It was great to talk with you about the Schuyler district and how we could support both an annual report and help with ongoing district communication.

At IdeaBank Marketing, we are strategic and creative professionals dedicated to forward thinking clients. We spend time doing what we are good at for people we trust are good at what they do.

I've included an estimate for your approval, along with a brief outline of the timeline.

In summary, for the annual report: We will continue our conversation about what you want to accomplish, areas where you'd like to improve understanding in the community or something you'd really like to celebrate. Once we do that, I get to work. We will do interviews and I'll come out and take photos. We'll design the report, complete with graphics with data from your NEP profile page or other data you want to highlight. Once you proof it and approve it, we get it printed and mailed out. I've also included additional copies in English and Spanish to be delivered to you at the district office to have on hand for visitors.

For the ongoing district communication support: It's a fun process. I'll meet with you and your district leadership team to get started. In the spring we'll conduct a survey of staff, parents, students and the community. I'll develop a district communication plan based on our conversations and the surveys, and present that plan to the board of education.

This plan would also include support with content and labor on each year's annual report and other projects you may need help with.

Most importantly, it also includes on-call communications consulting as needed. If you're experiencing a crisis, I'm a call away to support you with communication strategy.

I'm excited to work with you. I'm certain you will see an impact through the community's improved understanding, support and pride of their local public school district.

Thank you for your consideration,

A handwritten signature in black ink, appearing to read "Jack E. Sheard". The signature is fluid and cursive, with a large loop at the end.

Building a Relationship

At IdeaBank, we encourage a give-and-take relationship with our clients. We do not dictate strategy and tactics to you. Instead, we develop strategy jointly with you. After all, you know your business better than we do. What we bring to the table is a knowledge of marketing communications and the perspective of an “outsider” who asks the curious questions that lead to better communication and better marketing.

It does not take us long to get a working knowledge of a client’s business. Although every new account presents a challenge to us, we have established a reputation as a “quick study” agency — a group of competent, intelligent people who are able to get a quick grasp on a client’s product, market and goals.

Our primary objective is to develop a strong market position for you within your industry. Through smart marketing, strong creative and continued evaluation, we focus on your marketing message and use it repeatedly to create a strong, clear identity in the minds of your target audiences.

IdeaBank is not just an advertising agency, and we’re not just a web developer or a design boutique. We are a marketing communications firm that happens to do advertising, web development and design. The last thing you need is an “ad factory” or just a pretty website. From experience, we know marketing makes your advertising and website work.

OUR MISSION

Provide proactive marketing solutions and client support that exceeds expectations. Yeah, we do cool stuff, but only if it gets results. It’s all about client results, not agency resumés.

OUR VISION

**Strategic and creative professionals
dedicated to forward-thinking clients.**

Our 4D Process

HOW WE COMPLETE PROJECTS.

You may realize that your business or organization needs a particular marketing product, like a video, brochure or website. But have you considered how that fits within your entire marketing plan? In our 4D Process, we Discover, Define, Develop and Deliver to meet your goals with a strategic approach to marketing.

1 Discover

We begin by learning about you. We ask questions to understand the big picture — your business, its vision, mission and goals — as well as your immediate needs. We help identify your ideal client, the target audience for your marketing.

2 Define

Your answers to our big-picture and fine-detail questions help us define a strategy and formulate a plan for your marketing. We will help you reach your target audience and define success based on your goals.

3 Develop

You may have heard the expression, “Plan the work and work the plan.” We execute the plan we’ve formed with you by developing the right messages to reach your audience and producing creative assets that align with your goals.

4 Deliver

We put the finished work in front of your target audience, but we don’t stop there. We monitor and measure the results to determine if our efforts are meeting your goals and we adjust as necessary.

Our Education Communication Process

Jack Sheard is our education communication and marketing strategist. Jack spent eight years coordinating marketing and communications at a 10,000-student Nebraska school district, leading communication on strategic planning, curriculum adoption, a successful bond issue, shooting threats, student and staff deaths, viral stories, media management and more.

At IdeaBank Marketing, our Education Communication Plans are custom designed for each school district using a the best practice of the four-step process: Research, Planning, Implementation and Evaluation.

1 Research

We start with a series of Discovery meetings and planning sessions with the superintendent and leadership team to identify the district's goals and communication needs, as well as the audiences and current practices in place. At this point, we will conduct a surveys of all staff, all parents, select students and the community at large to identify the communication preferences of each audience, as well as their current perception of key district messages.

2 Planning

Utilizing the research, we will work with district leaders to develop audience preferences and baselines for the communication plan. We will also create crisis communication plans and media interaction processes. The communication plan will also identify key messages and methods for the year for the district to focus on to help improve the perception within the target audiences.

3 Implementation

To ensure the communication plan is effective, IdeaBank will also help with implementation. We will set you up to succeed! We also provide content throughout the year, including development of a theme for the district for the year, stories about key areas of the district and work on your annual report, all strategically tied to needs outlined in the communication plan.

4 On-call consultation

Utilizing Jack's experience with school communication and marketing, IdeaBank provides you with advice and consultation on any topic. You also have Jack on-call to answer questions and provide service, along with the rest of the experts at IdeaBank. Jack will be your district's personal communication strategist and on-call consultant.

Strategy First

DISCOVERY

IdeaBank is an experienced communications, marketing and advertising firm. We have earned a reputation for producing quality, creative communications work that gets results– without costing an arm and a leg. But one thing we refuse to overlook is that strategy comes before creative. It is essential that we know and understand your situation and your audience inside and out before making recommendations. This type of approach, although time-consuming at the beginning, has proven beneficial in both efficiency and cost effectiveness over the long run.

- **Why You Need Strategy Before Tactics**

- » You might be trying to “speak” to anyone and everyone
- » You’re not sure what tactics make sense right now
- » You’re not sure if you’re making an impact or moving the needle
- » You’re struggling to stand out from competitors or competing messages

The answers to the problems above aren’t found in Social Media, Web Content, Billboards, Print Materials – these are strategy problems that can only be addressed with strategy solutions.

- **Once we develop a marketing strategy that is perfect for your organization, you’ll discover that:**

- » You can reach an audience that’s ideal for you and your messages
- » You can stand out in ways that make the competition irrelevant
- » You can know confidently what you should and should not be doing
- » You can identify the most effective ways to appeal to most appropriate audience
- » You will gain credibility and respect from those you serve

We are dedicated to working in partnership with our clients. We understand and appreciate that you know your business better than we can ever hope to. We marry our agency’s abilities with your knowledge to create a synergistic relationship that delivers results.

Report on the Audit of the Financial Statements

Qualified and Unmodified Opinions

We have audited the accompanying modified cash basis financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Schuyler Community Schools, District No. 123, Schuyler, Nebraska, as of and for the year ended August 31, 2024, and the related notes to the financial statements, which collectively comprise the Schuyler Community Schools, District No. 123, Schuyler, Nebraska's basic financial statements as listed in the table of contents.

Summary of Opinions

<u>Opinion Unit</u>	<u>Type of Opinion</u>
Governmental Activities	Qualified
General Fund	Qualified
Nutrition Fund	Unmodified
Qualified Capital Purpose Undertaking Fund	Unmodified
Bond Fund	Unmodified
Aggregate Remaining Fund Information	Unmodified

Qualified Opinion on the Governmental Activities and General Fund

In our opinion, except for the effects of the matter described in the Basis for Qualified and Unmodified Opinions section of our report, the financial statements referred to above present fairly, in all material respects, the modified cash basis financial position of the Governmental Activities and General Fund of Schuyler Community Schools, District No. 123, Schuyler, Nebraska, as of August 31, 2024, and the changes in the modified cash basis financial position thereof for the year then ended in accordance with the modified cash basis of accounting as described in Note 1.

Unmodified Opinion on the Nutrition Fund, Qualified Capital Purpose Undertaking Fund, Bond Fund, and Aggregate Remaining Fund Information

In our opinion, the modified cash basis financial statements referred to above present fairly, in all material respects, the respective modified cash basis financial position of the Nutrition Fund, Qualified Capital Purpose Undertaking Fund, Bond Fund, and Aggregate Remaining Fund Information of Schuyler Community Schools, District No. 123, Schuyler, Nebraska, as of August 31, 2024, and the respective changes in modified cash basis financial position thereof for the year then ended in accordance with the modified cash basis of accounting as described in Note 1.

Basis for Qualified and Unmodified Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Schuyler Community Schools, District No. 123, Schuyler, Nebraska and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified and unmodified audit opinions.

Matter Giving Rise to the Qualified Opinion in the Governmental Activities and General Fund

Schuyler Community Schools, District No 123, Schuyler, Nebraska experienced turnover in the business manager position and utilizes an outdated accounting system, which resulted in deficiencies in the accounting records. Specifically, sufficient supporting documentation was not available for outstanding deposits included in the bank reconciliation of \$96,153 and the District was also unable to substantiate balances in interfund accounts of \$300,082. As of the date of our audit report, management had not completed the necessary reconciliations or analyses to resolve these matters. We were unable to confirm or verify these balances through alternative means. As a result of these matters, we were unable to determine whether any adjustments might be necessary to the General Fund's cash, interfund balances, and related accounts as presented in the financial statements. Because the General Fund is reported as a major governmental fund and is included in the aggregated totals for governmental activities, these differences also affect the opinion expressed on the governmental activities.

Emphasis of Matter-Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting as described in Note 1, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Schuyler Community Schools, District No. 123, Schuyler, Nebraska's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Schuyler Community Schools,

District No. 123, Schuyler, Nebraska's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Schuyler Community Schools, District No. 123, Schuyler, Nebraska's basic financial statements. The supplementary information on pages 34-54 and schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, except for the effects on the supplementary information of the qualified opinion on the governmental activities and General Fund as explained in the Basis for Qualified Opinion section, the supplementary information on pages 34-54 are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 30, 2024, on our consideration of Schuyler Community Schools, District No. 123, Schuyler Nebraska's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Schuyler Community Schools, District No. 123, Schuyler, Nebraska's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Schuyler Community Schools, District No. 123, Schuyler, Nebraska's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2024

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Schuyler Community School, District No. 123, Schuyler, Nebraska (the "District") is a tax- exempt political subdivision and a Class 3 school district of the State of Nebraska. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The following is a summary of the significant accounting policies of the District.

Reporting Entity

The District's Board of Education is the basic level of government, which has financial accountability and control over all activities related to public school education in the District. The District receives funding from local, state, and federal government sources and must comply with the requirements of these funding source entities. However, the District is not included in any other governmental "reporting entity" as defined by the GASB pronouncement, since the District's board members are elected by the public and have decision-making authority, the authority to levy taxes, the power to designate management, the ability to significantly influence operations, and primary accountability for fiscal matters.

All significant activities and organizations on which the District exercises oversight responsibility have been included in the District's financial statements.

The criteria for including organizations as component units within the District's reporting entity, as set forth in Section 2100 of GASB's *Codification of Governmental Accounting and Financial Reporting Standards*, include whether:

- The organization is legally separate (can sue and be sued in their own name).
- The District holds the corporate powers of the organization.
- The District appoints a voting majority of the organization's board.
- The District is able to impose its will on the organization.
- The organization has the potential to impose a financial benefit/burden on the District.
- There is fiscal dependency by the organization on the District.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Reporting Entity (Continued)

Based on the aforementioned criteria, the only potential component unit of the District is the Schuyler Community Schools Foundation (the Foundation), a not-for-profit entity organized in 2015, exclusively for the benefit of the District. Financial activities related to the Foundation are not reflected in the District's financial statements since activities of the Foundation for the year were not significant to the reporting entity.

Government-Wide Statements

The District utilizes the provisions of GASB Statement 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*. Statement 34 established standards for external financial reporting for all state and local government entities, which includes government-wide financial statements, fund financial statements, and the classification of net position into the following components: restricted and unrestricted.

The statement of net position and statement of activities report information on the District as a whole. The effects of inter-fund activity have been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental receipts, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The District does not report any business-type activities.

The statement of activities demonstrates the degree to which the direct disbursements of a given function or segment are offset by program receipts. Direct disbursements are those that are clearly identifiable with a specific function or segment. Program receipts include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included in program receipts are reported as general receipts.

Fund Financial Statements

The fund financial statements of the reporting entity are organized into funds, each of which is considered a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, liabilities, fund equity, receipts, and expenditures. All of the District's funds are considered

governmental funds. An emphasis is placed on major funds within the governmental category. A fund is considered major if it is the primary operating fund of the District, meets specific mathematical criteria set forth by GASB, or is identified as a major fund by the District's management. All remaining governmental funds by category are summarized into a single column as nonmajor governmental funds.

The District reports the following major governmental funds:

General Fund - The General Fund is the general operating fund of the District and accounts for all receipts and disbursements of the District not encompassed within other funds. All property tax receipts and other receipts that are not allocated by law, budgetary requirement, or contractual agreement to some other fund are accounted for in this fund. General operating disbursements and the new replacement capital outlay costs that are not paid through other funds are paid from the General Fund.

The General Fund for financial reporting purposes also includes the following components, which are considered funds for budgetary purposes but do not meet the definition as special revenue funds as clarified in GASB 54, or whose activities are insignificant and reporting as part of the General Fund is allowable.

Depreciation Fund - The Depreciation Fund is used to accumulate funds for the eventual purchase of significant capital outlay by reserving such monies from the General Fund.

Employee Benefit Fund - The Employee Benefit Fund is established to specifically reserve General Fund money for the benefit of the District employees.

Cooperative Fund - The fund is used to report cooperative activities between the District and one or more public agencies through interlocal agreements. The fund is not maintained on an imprest basis. Since there are no restrictions on the funds accumulated in excess of the annual cooperative agreement contracts, and resources accumulated are available to the District, this fund is considered a component of the General Fund for financial reporting.

Nutrition Fund - The Nutrition Fund is used to accommodate all aspects of the School Lunch Program and accounts for all receipts and disbursements of all Child Nutrition Programs.

Qualified Capital Purpose Undertaking Fund - The Qualified Capital Purpose Undertaking Fund may be established for the removal of environmental hazards, the reduction or elimination of accessibility barriers in District buildings, and the repayment of a qualified zone academy bond issued for a qualified special purpose. General Fund disbursements for the purpose of this fund are not allowed.

Bond Fund - This fund accounts for taxes levied and other revenue specifically maintained for the payment of bond principal and interest. Proceeds from bond issuance are deposited and recorded as a receipt in the Special Building Fund. Proceeds from refunding bond issues are deposited and recorded as a receipt in the Bond Fund. The General Fund is used to make bond principal and interest payments if the Bond Fund balance is not sufficient to meet these requirements.

The District reports the following nonmajor governmental funds:

Activities Fund - The Activities Fund is used to account for the financial operations of quasi-independent student organizations, interschool athletics, and other self-supporting or partially self-supporting school activities not part of another fund.

Special Building Fund - The Special Building Fund is established for acquiring or improving sites and buildings, including the construction, alteration, or improvement of buildings.

Student Fee Fund - A Student Fee Fund is established to collect fees for participation in extracurricular activities, postsecondary education costs, and summer school or night school. The money is expended for the purposes for which it was collected from the students.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Accounting

The District prepares its financial statements on the modified cash basis, which is in conformity with the accounting practices prescribed or permitted by the State of Nebraska Department of Education.

The modified cash basis of accounting is a basis of accounting other than GAAP as established by GASB. The modified cash basis of accounting is based on the recording of cash and cash equivalents and changes therein and only recognizes revenues, expenses, assets, and liabilities resulting from cash transactions, adjusted for modifications that have substantial support in generally accepted accounting principles.

Only cash (and cash equivalents) and items that involve the receipt or disbursement of cash (or equivalents) during the period are recognized, except for the following modifications:

Assets that normally convert to cash and cash equivalents (e.g., certificates of deposit) that arise from transactions and events involving cash or cash equivalents are recognized; and

Taxes and other revenues collected by the county treasurers are included in revenues of the District in the year collected by the counties and the District funds held by the county treasurers at year-end are included as assets of the District. This is in accordance with the requirements of the State of Nebraska Department of Education.

As a result of the use of this modified cash basis of accounting, certain transactions are not recorded in the financial statements. For example, accounts receivable and revenue for billed or provided services that have not been collected in cash are not accrued as revenue or receivables. Additionally, capital assets, such as property, equipment, and infrastructure, and long-term liabilities, such as debt and compensated absences are not reported. Right-to-use assets and liabilities related to leases and subscription-based technology arrangements are not reported.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Accounting (Continued)

If the District utilized accounting principles generally accepted in the United States of America, the fund financial statements for governmental funds would use the modified accrual basis of accounting, and the fund financial statements for proprietary fund types would use the accrual basis of accounting. All government-wide financial statements would be presented in accordance with the accrual basis of accounting.

Equity Classification

Government-Wide Statements

Equity is classified as net position and displayed in two components:

Restricted net position consists of assets with constraints placed on the use either by external groups such as creditors, grantors, contributors, or laws and regulations of other governments or through constitutional provisions or enabling legislation.

Unrestricted net position consists of net assets that do not meet the definition of restricted.

It is the District's policy to use restricted net position first, prior to the use of unrestricted net assets, when a disbursement is paid for purposes in which both restricted and unrestricted net position are available.

Fund Financial Statements

Governmental fund equity is classified as fund balance.

Fund Balance Classification

The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the District is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

Equity Classification (Continued)

Fund Financial Statements (Continued)

Nonspendable

This classification includes amounts that cannot be spent because they either are not in spendable form or because they are legally or contractually required to be maintained intact. The District currently has no amounts classified in this category.

Restricted

This classification includes amount for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws and regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation.

Committed

This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the Board of Education. These amounts cannot be used for any other purpose unless the Board removes or changes the specified use by taking the same type of action (ordinance or resolution) that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements.

Assigned

This classification includes amounts that are constrained by the District's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the Board of Education or through the Board delegating this responsibility to the District administrator through the budgetary process.

Fund Financial Statements (Continued)

Unassigned

This classification includes the residual fund balance for the General Fund.

The District would typically use restricted fund balances first, followed by committed resources, and then assigned resources, as appropriate opportunities arise, but reserve the right to selectively spend unassigned resources first to defer the use of these other classified funds.

Capital Assets

Capital assets are not recorded as assets on the government-wide or fund financial statements, and depreciation is not recognized. Purchases of capital assets are recorded as disbursements by function in the financial statements.

Inter-fund Balances and Activities

In the process of aggregating the financial information for the government-wide financial statements, some amounts reported as inter-fund activity and balances in the fund financial statements have been eliminated or reclassified. Interfund activity, if any, within and among the governmental fund categories is reported as follows in the fund financial statements:

Interfund loans

Flow of assets from one fund to another where repayment is expected. Outstanding balance of interfund loan are reported as cash receipts and disbursements at end of year.

Interfund reimbursements

Repayments from funds responsible for certain disbursements to the funds that initially paid for them are not reported as reimbursements but as adjustments to disbursements in the respective funds.

Internal and Interfund Balances and Activities (Continued)

Interfund transfers

Flow of assets from one fund to another where repayment is not expected are reported as cash receipts and disbursements.

The District made the following reimbursements during the year ended August 31, 2024:

QCPUF to the General Fund	\$ 500,000
QCPUF to the Special Building Fund	\$ 125,000

Long-Term Obligations

Long-term debt is not reported as a liability in the government-wide or fund financial statements. Proceeds from long-term debt are reported as receipts and payments of principal are reported as disbursements in both the government-wide and fund financial statements.

Budget Process and Property Taxes

The District is required by state law to hold public hearings and adopt annual budgets for all funds on the modified cash basis of accounting. Total disbursements for each fund may not exceed the total budgeted disbursements. The General Fund is also subject to a total non-special education disbursement limit. Appropriations for disbursements lapse at year-end. Any revisions to the adopted budget of total disbursements to any fund require a public hearing. State statutes of the Nebraska budget Act provide the prescribed budget practices and procedures that governing bodies are required to follow. The amounts that may be budgeted for certain specific funds are subject to various disbursements and/or tax levy limitations.

The property tax requirement resulting from the budget process is utilized to establish the tax levy in accordance with state statutes, which tax levy attaches as an enforceable lien on property within the District as of January 1. Taxes are due as of that date. One-half of the real estate taxes due January 1 become delinquent after the following May 1, with the second one-half becoming delinquent after September 1.

Compensated Absences

In accordance with the modified cash basis of accounting, vacation, and sick leave are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting used by the District requires management to make estimates and assumptions that affect certain reported amounts and disclosures; accordingly, actual results could differ from those estimates.

Right to Use Assets

Right-to-use assets are not recorded as assets on the government-wide or fund financial statements, and amortization is not recognized. Likewise, the related liabilities for these leases and subscription-based technology arrangements are not recognized in the financial statements. Payment on all leases and subscription-based technology arrangements are recorded as disbursements by function in the financial statements.

NOTE 2: DEPOSITS AND INVESTMENTS

For the following disclosures, deposits - including checking accounts, savings accounts, money market accounts, and certificates of deposit - are all classified as cash on the financial statements.

The District's cash and investments are reported as follows:

Governmental-type activities	\$ 6,925,287
------------------------------	--------------

The carrying value (fair value) of the cash and investments consisted of the following:

Checking and savings accounts	\$ 6,925,287

As of August 31, 2024, there were no certificates of deposit maturing beyond one year.

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the District’s deposits may not be returned to it. As of August 31, 2024, all of the District’s deposits with financial institutions were fully insured or collateralized by securities held in the District’s name in the form of joint safekeeping receipts. State law requires all funds in depositories to be fully insured or collateralized, and the District’s policy is to require depositories to provide pledged securities to cover deposits in excess of Federal Deposit Insurance Corporation (FDIC) limits.

Investments

Nebraska Statutes provide that the District may, by and with the consent of the Board of Education of the District, invest the funds of the District in securities, including repurchase agreements, the nature of which individuals of prudence, discretion and intelligence acquire or retain in dealing with the property of another.

NOTE 3: EXPENDITURES IN EXCESS OF BUDGETED AMOUNTS

During the year ended August 31, 2024, expenditures in the District’s Employee Benefit Fund exceeded budget by \$3,561, Special Building Fund exceeded budget by \$24,165, and the Activities Fund exceeded budget by \$37,714.

NOTE 4: FUNDS HELD BY COUNTY TREASURER

Plan Description (Continued)

Retirement System (NPERS). NPERS provides retirement and disability benefits to plan members and beneficiaries. The School Employees Retirement Act establishes benefit provisions.

In 1945, the Nebraska Legislature enacted the law establishing a retirement plan for school employees of the State. During the NPERS fiscal year ended June 30, 2023, there were 263 participating school districts. These were the districts that had contributions during the fiscal year. All regular public school employees in Nebraska, other than those who have their own retirement plans (Class V school districts, Nebraska State Colleges, University of Nebraska, and Nebraska Community Colleges), are members of the plan.

Normal retirement is at age 65. For an employee who became a member before July 1, 2013, the monthly benefit is equal to the greater of the following: (1) the sum of a savings annuity, which is the actuarial equivalent of the member's accumulated contributions and a service annuity equal to \$3.50 per year of service; or (2) the monthly average of the three 12-month periods of service as a school employee in which such compensation was the greatest, multiplied by total years of creditable service, multiplied by a formula factor of two percent, and an actuarial factor based on age.

For an employee who became a member on or after July 1, 2013, the monthly benefit is equal to the greater of the following: (1) the sum of a savings annuity, which is the actuarial equivalent of the member's accumulated contributions and a service annuity equal to \$3.50 per year of service; or (2) the average of the five 12-month periods of service as a school employee in which such compensation was the greatest, multiplied by total years of creditable service, multiplied by a formula factor of two percent, and an actuarial factor based on age.

Benefit calculations vary with early retirement. Employees' benefits are vested after five years of plan participation or when termination occurs at age 65 or later. Vested members are eligible to receive an unreduced retirement benefit at age 65.

For school employees who became members prior to July 1, 2013, the benefit paid to a retired member or beneficiary receives an annual cost of living adjustment, which is increased by the lesser of the percentage change in the Consumer Price Index for Urban Wage Earners and Clerical Workers or two and one-half percent. The current

benefit paid to a retired member or beneficiary is adjusted so that the purchasing power of the benefit being paid is not less than 75 percent of the purchasing power of the initial benefit.

For school employees who became members on or after July 1, 2013, the benefit paid to a retired member or beneficiary receives an annual cost-of-living adjustment, which is increased by the lesser of the percentage change in the Consumer Price Index for Urban Wage Earners and Clerical Workers or one percent. There is no purchasing power floor for employees who fall under this tier.

Contributions

The State's contribution is based on an annual actuarial valuation. In addition, the State contributes an amount equal to two percent of the compensation of all members. This contribution is considered a non-employer contribution since school employees are not employees of the State. The employee contribution was equal to 9.78 percent from July 1, 2022 to June 30, 2023, (and from July 1, 2023 through August 31, 2024). The school district (employer) contribution is 101 percent of the employee contribution. The District's contribution to the Plan for its year ended August 31, 2024 was \$1,303,501.

For the District's year ended August 31, 2024, the District's total payroll for all employees was \$14,424,846. The total covered payroll was \$13,179,809. Covered payroll refers to all compensation paid by the District to active employees covered by the Plan.

Plan Fiduciary Net Position

Detailed information about the Plan's fiduciary net position is available in the separately issued Nebraska Public Employees Retirement Systems Plan financial report. NPERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained via the internet at <http://www.auditors.nebraska.gov>.

NOTE 7: EARLY RETIREMENT INCENTIVE PROGRAM

The District offers an Early Retirement Incentive Program for full-time certified teachers and administrators to offer financial incentives that will assist long-term employees considering early retirement and early leave decisions. To participate in the program, the employee submits a written application by February 1 prior to the school year in which the employee wishes to discontinue full-time employment. The employee must be fifty-five (55) years of age on or before September 1 of the employee's final contract year and must have at least ten (10) creditable years of service with a masters degree in education.

The Board of Education shall select up to four (4) eligible employees to participate in the plan each fiscal year. In the event the total number of eligible employees electing for early retirement exceeds four (4) employees, the Board of Education bases their selection of eligible employees based on the following criteria:

- Previous Application Denied
- Highest Salary
- Number of Years of Service
- Tiebreaker (Random Selection)

A qualified certificated employee who has been accepted for participation in the ERIP shall receive the following ERIP benefit during the three (3) fiscal years immediately following the participant's retirement:

- A ten thousand dollar (\$10,000) contribution to a Health Reimbursement Account (HRA) to be credited to the employee in three (3) equal installments at the beginning of each of the three (3) fiscal years.
- A non-elective contribution to a 403(b) annuity or custodial account selected by the participant in an amount equal to two percent (2%) of his/her schedule salary at the 1.0 Full Time Equivalent (FTE) during the employee's final contract year multiplied by the number of years of creditable services with the District, up to a maximum of twenty-five thousand dollars (\$25,000). The contribution shall be paid in six (6) installments of the three (3) fiscal years.

The District made \$66,611 in payments for the ERIP for the year ended August 31, 2024. The total future payments required to be paid under the ERIP is \$233,300.

The General Fund transferred \$100,000 to the Depreciation Fund, \$128,067 to the Employee Benefit Fund, and \$10,000 to the Cooperative Fund for support during the fiscal year. The Activities Fund transferred \$264,510 to the General Fund.

NOTE 9: COMMITMENTS AND CONTINGENCIES

The District participates in a number of state and federally assisted programs. These programs are subject to financial and compliance audits of various agencies and departments, many of which have not yet been performed. The District's management believes that the amount of expenditures, if any, which may be disallowed by the granting agencies, would not be significant.

NOTE 10: TAX ABATEMENTS

The District is subject to tax abatements granted by Schuyler Community Redevelopment Authority (CRA), a component unit of the City of Schuyler, who has entered into tax increment financing (TIF) agreements with various redevelopers. The incremental increase in valuation from the development is not included in the District's available valuation base until the TIF agreement has expired, which is generally 15 years. The incremental taxes, including the District's share is returned to the developer, effectively rebating the taxes on the increased valuation.

Information relevant to the tax abatements impacting the District for the year ending August 31, 2024, are as follows:

Total TIF valuation 2023	5,539,720
District's total levy (per \$100 valuation)	1.117842
District's share of tax abatement	61,925

NOTE 11: RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District maintains commercial insurance coverage covering each of the above risks of loss. Management believes that the coverage is adequate to preclude any significant uninsured risk of exposure to the District. Settled claims in the past three years have not exceeded the coverages.

NOTE TO BUDGETARY SCHEDULES

NOTE 1: SCHEDULES OF RECEIPTS, DISBURSEMENTS, AND CHANGES IN FUND BALANCE -
MODIFIED CASH BASIS - BUDGET AND ACTUAL

Basis of Accounting

The accompanying schedules of receipts, disbursements, and changes in fund balance - modified cash basis - budget and actual are presented on the modified cash basis of accounting. This basis is generally consistent with the basis of accounting used in preparing the basic financial statements. All undisclosed appropriations lapse at the end of the budget year. For budgetary purposes, transfers to the Employee Benefit Fund and Depreciation Fund are reflected as functional disbursements in the General Fund when the transfer is made.

Budget Law

The District is required by state law to hold public hearings and adopt annual budgets for all funds on the modified cash basis of accounting. Total disbursements for each fund may not exceed the total budgeted disbursements. The General Fund is also subject to a total non-special education disbursement limit. Appropriations for disbursements to any fund require a public hearing.

The Employee Benefit Fund exceeded budget by \$3,561, Special Building Fund exceeded budget by \$24,165, and the Activities Fund exceeded budget by \$37,714.

Reconciliation

The Nebraska Department of Education requires separate budgets for those funds considered as General Fund components for budget purposes. A reconciliation of the General Fund financial reporting basis to the budgetary basis is as follows:

Receipts over disbursements - financial report basis	
General Fund	<u>227,896</u>
Receipts over disbursements - budgetary basis	
General Fund	167,827
Depreciation Fund	2,627
Employee Benefit Fund	34,283
Cooperative Fund	23,159

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER
MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Education
Schuyler Community Schools
District No. 123, Colfax County
Schuyler, Nebraska

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each fund, and the aggregate remaining fund information of Schuyler Community Schools, District No. 123, Schuyler, Nebraska, as of and for the year ended August 31, 2024, and the related notes to the financial statements, which collectively comprise Schuyler Community Schools District No. 123, Schuyler Nebraska's basic financial statements and have issued our report thereon dated December 30, 2024. Our report includes a qualified opinion on the General Fund due to insufficient supporting documentation for outstanding deposits and interfund balances. This qualification also affects the opinion on the governmental activities because the General Fund is reported as a major governmental fund and is included in the totals for governmental activities. All other opinion units received unmodified opinions.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Schuyler Community Schools District No. 123, Schuyler Nebraska's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Schuyler Community Schools District No. 123, Schuyler, Nebraska's internal control. Accordingly, we do not express an opinion on the effectiveness of the Schuyler Community Schools District No. 123, Schuyler, Nebraska's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying schedule of findings and questioned costs as items 2024-001 and 2024-002 to be material weaknesses.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the accompanying schedule of findings and questioned costs as items 2024-003, 2024-004, 2024-005, and 2024-006 to be significant deficiencies.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Schuyler Community Schools District No. 123, Schuyler, Nebraska's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed one instance of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which is described in the accompanying schedule of findings and questioned costs as item 2024-007.

Schuyler Community Schools District No. 123, Schuyler, Nebraska's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on Schuyler Community Schools District No. 123, Schuyler, Nebraska's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. Schuyler Community Schools District No. 123, Schuyler, Nebraska's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH
MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE
REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Education
Schuyler Community Schools
District No. 123, Colfax County
Schuyler, Nebraska

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Schuyler Community Schools District No. 123, Schuyler, Nebraska's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of Schuyler Community Schools District No. 123, Schuyler, Nebraska's major federal programs for the year ended August 31, 2024. Schuyler Community Schools District No. 123, Schuyler, Nebraska's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Schuyler Community Schools District No. 123, Schuyler, Nebraska complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended August 31, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal*

Awards (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Schuyler Community Schools District No. 123, Schuyler, Nebraska and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Schuyler Community Schools District No. 123, Schuyler, Nebraska's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for the compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Schuyler Community Schools District No. 123, Schuyler, Nebraska's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Schuyler Community Schools District No. 123, Schuyler, Nebraska's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Schuyler Community Schools District No. 123, Schuyler, Nebraska's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Schuyler Community Schools

District No. 123, Schuyler, Nebraska's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.

- Obtain an understanding of Schuyler Community Schools District No. 123, Schuyler, Nebraska's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Schuyler Community Schools District No. 123, Schuyler, Nebraska's internal control over compliance, Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the

requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

SECTION II. FINDINGS RELATED TO THE FINANCIAL STATEMENTS

2024-001: SEGREGATION OF DUTIES

Criteria

Internal controls should be in place to ensure proper segregation of duties.

Condition

Due to the size of the District, there is limited segregation of duties over bookkeeping and accounting functions. The same individual routinely reconciles the bank statements; processes payroll, including initiation and control of automated bank transactions; makes journal entries; and manages the general ledger functions.

Cause

The District has a limited number of personnel involved in the accounting functions.

Potential Effect

Because of the lack of segregation of duties, unauthorized transactions could occur.

Recommendation

Procedures should be implemented to ensure that duties with respect to handling and recording transactions be segregated or that alternative controls be used to compensate for lack of segregation.

District's Response

The District, within the constraints of existing time and cost considerations, will continue to review the situation and make improvements as deemed appropriate.

SECTION II. FINDINGS RELATED TO THE FINANCIAL STATEMENTS (Continued)

2024-002: BANK RECONCILIATIONS

Criteria

Sound internal control practices and accounting standards dictate that bank reconciliations should be completed accurately and in a timely manner. Timely bank reconciliations help ensure that discrepancies are identified and resolved promptly, reducing the risk of financial misstatements or undetected errors or fraud.

Condition

It was noted that the District did not complete bank reconciliations timely or accurately throughout the fiscal year. Several bank reconciliations were delayed by multiple months, and errors were identified in the reconciliations that required adjustment. Additionally, the District was unable to provide sufficient supporting documentation for outstanding deposits included in the bank reconciliation, totaling \$96,153, which could not be validated through alternative audit procedures. Further, an additional \$500,000 transaction lacked adequate documentation to substantiate the source or classification of the funds. These deficiencies were primarily due to turnover in accounting positions, outdated accounting software, and a lack of oversight over the reconciliation process.

Cause

The untimely and inaccurate reconciliations appear to be the result of turnover in accounting positions and a lack of oversight over the reconciliation process.

Effect

Failure to complete bank reconciliations timely and accurately increases the risk of errors or irregularities in the financial records remaining undetected. This could lead to misstated financial statements, errors in cash balances, and potential misuse of funds. As noted in the auditor's report, these deficiencies resulted in a qualified opinion on the General Fund and impacted the opinion on the governmental activities, as the General Fund is a major component of the District's financial reporting.

SCHUYLER, NEBRASKA
MANAGEMENT RESPONSE AND PLANNED CORRECTIVE ACTION
FOR THE YEAR ENDED AUGUST 31, 2024

SECTION II. FINDINGS RELATED TO THE FINANCIAL STATEMENTS (Continued)

2024-002: BANK RECONCILIATIONS (Continued)

Recommendation

We recommend the District establish a policy requiring bank reconciliations to be completed within 30 days of month-end, provide training to staff responsible for completing reconciliations to ensure they have the necessary skills and understanding of the process, and implement a review process where a second individual reviews reconciliations for accuracy and completeness.

District's Response

The District acknowledges the finding and is committed to resolving the issue. The District has already begun implementing measures to address this, including hiring additional accounting staff and implementing updated software.

2024-003: ACTIVITIES FUND ACCOUNTING

Criteria

Accounting standards and best practices require that all financial activity of the District be recorded accurately and timely in the main general ledger to ensure complete and reliable financial reporting. Proper integration or reconciliation of subsidiary systems, such as the Activities Fund, is essential to meet these requirements.

Condition

The District used a separate software program to account for the Activities Fund, which was not integrated with the primary accounting software. As a result, several months of Activities Fund transactions were not included in the main general ledger during the fiscal year and were corrected through audit adjustments.

Cause

The lack of integration between the two systems and the absence of regular reconciliation processes contributed to the incomplete recording of financial activity in the main general ledger.

SCHUYLER COMMUNITY SCHOOLS
DISTRICT NO. 123, COLFAX COUNTY
SCHUYLER, NEBRASKA
MANAGEMENT RESPONSE AND PLANNED CORRECTIVE ACTION
FOR THE YEAR ENDED AUGUST 31, 2024

SECTION II. FINDINGS RELATED TO THE FINANCIAL STATEMENTS (Continued)

2024-003: ACTIVITIES FUND ACCOUNTING (Continued)

Effect

Failure to include all financial activity in the general ledger increases the risk of incomplete or inaccurate financial reporting. This may lead to misstatements in the financial statements and could hinder the District's ability to make informed financial decisions.

Recommendation

We recommend that the District integrate the Activities Fund accounting system with its primary accounting software to ensure all transactions are captured in the general ledger in a timely and accurate manner. If integration is not feasible, management should implement procedures to reconcile the two systems monthly and ensure all financial activity is appropriately recorded in the main general ledger.

District's Response

The District will integrate the Activity Fund accounting system with the primary accounting software and will establish monthly reconciliation procedures.

2024-004: MISCLASSIFICATION OF GENERAL FUND EXPENDITURES

Criteria

Expenditures are required to be recorded in the appropriate fund to ensure accurate financial reporting and compliance with legal and regulatory requirements. Funds should be used only for their designated purposes, and transactions should be classified correctly at the time of initial recording.

Condition

During the audit, we identified instances where General Fund expenditures were recorded in the Activities Fund. This practice misclassifies expenditures and results in inaccuracies in the District's financial statements. The Activities Fund is not intended to serve as a clearing account for transactions that properly belong to other funds.

SCHUYLER COMMUNITY SCHOOLS
DISTRICT NO. 123, COLFAX COUNTY
SCHUYLER, NEBRASKA
MANAGEMENT RESPONSE AND PLANNED CORRECTIVE ACTION
FOR THE YEAR ENDED AUGUST 31, 2024

SECTION II. FINDINGS RELATED TO THE FINANCIAL STATEMENTS (Continued)

2024-004: MISCLASSIFICATION OF GENERAL FUND EXPENDITURES (Continued)

Cause

The misclassification appears to have been a matter of convenience, potentially due to a lack of clear procedures or staff training on proper fund usage and transaction classification.

Effect

Misclassifying expenditures can result in financial reporting inaccuracies, leading to a misrepresentation of the District's financial position and noncompliance with fund restrictions.

Recommendation

We recommend that the District implement procedures to ensure all expenditures are properly classified at the time of entry. Staff should receive training to understand the purpose and restrictions of each fund to avoid future misclassification. Additionally, the District should review and reclassify any improperly recorded transactions to the correct fund to ensure accurate financial reporting.

District's Response

The District will provide staff training on proper fund usage and classification and review prior transactions to ensure compliance and accuracy in financial reporting.

2024-005: MISSING PAYROLL DOCUMENTATION

Criteria

Federal regulations require that employee personnel files include signed contracts and completed I-9 forms. Signed contracts establish the terms of employment, including salary and responsibilities, while I-9 forms are legally required to verify an employee's eligibility to work in the United States.

MANAGEMENT RESPONSE AND PLANNED CORRECTIVE ACTION
FOR THE YEAR ENDED AUGUST 31, 2024

SECTION II. FINDINGS RELATED TO THE FINANCIAL STATEMENTS (Continued)

2024-005: MISSING PAYROLL DOCUMENTATION (Continued)

Condition

During our payroll testing, we identified that signed contracts were missing for two employees, and required I-9 forms for some employees were not on file. This indicates deficiencies in the District's personnel file management and record-keeping practices.

Cause

The absence of these documents appears to result from a lack of robust procedures for ensuring complete and accurate personnel records during the hiring and onboarding process.

Effect

The lack of signed contracts increases the risk of disputes regarding employment terms and compliance issues related to payroll. Missing I-9 forms could expose the District to potential penalties for noncompliance with federal immigration laws.

Recommendation

We recommend that the District establish and enforce procedures to ensure that all required payroll documentation, including signed contracts and I-9 forms, is obtained and properly maintained in employee personnel files. Periodic reviews of personnel files should be conducted to verify that all documentation is complete and up to date.

District's Response

The District has implemented new procedures to ensure all required payroll documentation is properly maintained and will conduct periodic reviews of personnel files for completeness.

2024-006: RELATED PARTY TRANSACTIONS

Criteria

Sound governance practices and ethical standards require that individuals in positions of authority abstain from decision-making processes, including voting, when they have a direct or indirect financial interest. This is critical for ensuring transparency, avoiding conflicts of interest, and maintaining the integrity of governance decisions.

Condition

During our audit, we noted instances where Board members did not consistently abstain from voting on the approval of payments to themselves or their businesses.

Cause

The failure to abstain appears to be due to insufficient awareness of conflict-of-interest policies and legal requirements, as well as a lack of oversight during the voting process.

Effect

Allowing Board members to participate in approving claims that involve their financial interests undermines transparency and exposes the District to potential ethical and legal challenges.

Recommendation

We recommend that the District reinforce its conflict-of-interest policies and ensure that the Board members abstain from voting on any transactions in which they have a financial interest. These abstentions should be documented clearly in the Board meeting minutes. Additionally, the District should provide training to Board members to increase awareness of conflict-of-interest requirements.

District's Response

The District will provide training to Board members regarding conflict-of-interest policies and ensure abstentions are documented in meeting minutes to maintain transparency and compliance.
