Superintendent's Report

February 9, 2026

BUDGET/FINANCIAL UPDATE

- We continue to be in a good financial position with only spending 26.09% of the budget through January 2026. We currently have \$2,458,662 cash on hand. That includes all the general fund (\$2,004,687), Depreciation Fund (\$315,963), and the Special Building Fund (\$138,011). This is a strong cash position to cover expenses during the months in which the district does not receive collected taxes.
- I have started to build the budget for next year. State aid will be certified later this winter/spring and I will continue to work on the 2026-2027 budget. State aid certification should come out at the end of this month.

BUILDING AND GROUNDS

- Rule 10 Safety - The Rule 10 Safety audit has been completed and is included in this month's agenda.
- ESCO Phase 1 Project Update - The building and grounds committee met on Wednesday, February 4 with Facilities Advocates and Northland Securities. We had many great discussions on the project and possible financing options. At this time, we would have to do the project in phases rather than the full project due to financing options. Due to this added expense of mobilizing the crane multiple times and the need to break apart the project, the best timing of moving forward may be late next fall and plan for summer of 2027. This will give us additional funds if we use QCPUF as a funding option. We should be able to fund the whole project instead of breaking it apart.

INFORMATIONAL ITEMS

- Legislative Updates:
 - There was a hearing for LB 1038 this week in regards to dropping the maximum levy cap for public schools to lessen the reliance of school funding on local property taxes, increase the number of equalized school districts, and narrow the statewide difference between school districts' levy rates. NRCSA has supported this bill but also wanted to see the modeling of what this might look like. While NRCSA is supporting this bill, we are hearing that other educational groups are in opposition. The model put out by NDE would be very beneficial for Shelton Public Schools.
 - LB 765 creates a new threshold in order to pass a school bond issue. Not only must the ballot question pass by a majority vote but, in addition, 50.1% or more of the registered voters must cast a vote on a school bond question. Where voter turnout is historically low but receives overwhelming support, the bond issue may fail due to voter turnout.
- District Evaluation Tool - On February 13, the leadership team will zoom with Marc Doss from NEE (University of Missouri). More information will be shared following the meeting.
- Letters of Intent were sent out to all staff and are due back on Friday, February 6.
- Calendar Update - The proposed 2026–2027 school calendar was developed with a deliberate focus on aligning instructional priorities, assessment requirements, and MTSS implementation while remaining fully compliant with the required days outlined in the

Superintendent's Report

February 9, 2026

Negotiated Agreement. Particular attention was given to balancing instructional time with building a system of support necessary to support student learning, interventions, and staff collaboration.

To better protect uninterrupted instructional time, we are proposing a shift of MTSS days from Wednesdays to Fridays. Wednesdays currently represent the only uninterrupted instructional day during the week, and this adjustment is intended to preserve instructional continuity while still ensuring dedicated time for MTSS processes.

In addition, the calendar intentionally lays out MTSS work across the entire school year, providing staff with clear expectations, defined timelines, and transparency regarding when specific tasks and benchmarks should be completed in support of student learning, targeted interventions, and meaningful staff collaboration.

December 19, 2025

To the Shelton Board of Education,

I would like to provide you with an update on my Fulbright Teachers for Global Classrooms Exchange Fellowship. Beginning in September and wrapping in December, I was part of an online class that focused on Global Competence. Topics throughout the course included Global Learning, Citizen Diplomacy, Global + Local = *Glocal* Education, Information Literacy & Digital Wellbeing including AI, Cross-cultural Communication, and Global Collaboration.

Along with 25 other teachers in my cohort, I utilized webinars, research, discussion boards, spotlight challenges and project design to dive into these topics and develop a toolkit to put this learning into practice. My personalized toolkit consists of presentation proposals for conferences and professional development to share what I've learned with other educators, unit designs for my classes, and suggestions for continuing my own learning. Students are already benefiting from this experience. Implementing the spotlight challenges in my classes has been successful. Students are thinking more critically about global issues and exploring the world beyond our school. Websites and apps like <https://www.gapminder.org/dollar-street> have proved especially engaging to students as they see how others live.

The next phase of the fellowship will begin with a trip to the Global Education Symposium in Washington, DC, February 5-7. There I will meet with fellow Fulbrighters and we will learn about designing a capstone project. The capstone project will incorporate all of our learning and experiences into a plan that brings global learning to our schools and communities. We will also discuss the International Field Experience.

For the International Field Experience, I am extremely excited to share with you that I am one of 19 United States educators to be placed in The Philippines! My travel dates are July 12-29, 2025. I am thankful that these dates will allow me to continue my teaching responsibilities uninterrupted for the remainder of the school year. I am looking forward to sharing this experience and the capstone project with my students when classes resume in August.

I would like to offer my sincere thanks to the Shelton Board of Education for supporting me in this endeavor. I will continue to provide updates and appreciate your continued support.

Sincerely,

Shanna Held

Re: Board Report

Elementary Enrollment

Current elementary enrollment stands at **158 students**.

Parent Teacher Conferences

At Parent–Teacher Conferences, we aim to provide clear communication about student performance and growth. Topics and data that are shared with parents include:

Present level of performance, DIBELS, MAP, Behavioral and Social Skills

Kindergarten and PK Registration

Kindergarten registration will look a little different this year. Mrs. Gomez approached me with the idea of beginning the registration process with individual sessions for parents to attend. This format will provide a more personalized experience for our families and allow parents to ask Mrs. Gomez questions one-on-one. Our goal is for this to be the first step in establishing a strong, positive working relationship between home and school.

We have begun accepting preschool applications for all four-year-old students. We prioritize four-year-old enrollment first to ensure that every child who will attend kindergarten at Shelton has, at a minimum, one year of preschool experience before starting kindergarten. Once we have ensured that all four-year-olds are registered, we will then open registration for three-year-old students. I am working closely with Kindergarten and PK staff to finalize dates and logistics for upcoming registration.

Hoops For Heart

Hoops For Heart was kicked off on February 2nd. Mr. Walter will once again be facilitating the fundraising.

Respectfully Submitted,

Jeff Kenton

SUBJECT: Special Education Contract and Cooperative Service Agreements

A Special Education Contract for the 2026-27 school year is enclosed for you to sign and return. The signature does not need to be notarized; however, your board should officially authorize the services at your next board meeting. This contract includes Speech Therapy Services. If your district contracts for this service, it will be indicated on the enclosed Schedule A. Also, enclosed are the cooperative service agreements for Special Education Supervision, Deaf Education Services, Psychology Services, Audiology Services, Physical Therapy, Occupational Therapy, Vision Services, Orientation and Mobility, Mental Health and Vocational Services if you contract for these services. **Please sign and date all of the cooperative service agreements, the contract and return them along with Schedule A to me no later than March 1, 2026.** The ESU board will approve the contract, and a copy will be returned to you.

Schedule A (enclosed) is the service and FTE provided for the 2025-26 school year and the anticipated service for the 2026-27 school year. We have highlighted on the Schedule A any services that we offer that you do not participate in. If you would like more information on any of these services, please contact me. If for any reason your district intends to request a change to the service or FTE for 2026-27, **please make note of the change on Schedule A**, sign and return it to me as part of the contract. The cost of services will be approximately 5% above the current year. A description of all services provided is available upon request.

Schedule B (enclosed) is a brief description of how each service is billed and the rationale for the different billing categories we use. Again, if you have any questions, please do not hesitate to contact me.

To recap, you need to return to ESU 10:

1. The Special Education Contract (1 contract, **sign back page**)
2. Schedule A (1 form, **sign on front**)
3. Cooperative Program Agreements (1 to 9 forms, **sign on front**)

Approval by both boards indicates agreement and cannot be changed for the 26-27 school year after they have been approved.

Please feel free to contact me if you have any questions.

Schedule B

Special Education Services are billed in 4 different ways. They are explained below including the rationale for the way the different services are billed.

FTE

Speech Language Pathology (SLP) is billed by FTE. The FTE amount is calculated by taking the total budget for the SLP program and dividing it by the amount of SLP FTE employed by the service unit for that fiscal year. Districts are billed based on the percentage of FTE they contract for.

Rationale for billing it this way: Historically, districts have requested a specific number of days of SLP time according to their districts' needs and duties of their SLP. Billing by FTE guarantees that they are able to secure the time they desire. SLPs spend more consistent time in a district than other disciplines.

ADM

Audiology, Physical Therapy, Occupational Therapy, School Psychology, and Supervision are billed as cooperative programs. This means that the programs are joined by school districts and the cost of the program is billed to the school district based on their Average Daily Membership (ADM) as submitted annually to NDE.

Rationale for billing this way: The needs in these programs ebb and flow as often as week by week so billing them in this manner means that districts can have their needs met as they come up without budget adjustments week by week. It allows for flexibility for districts and ESU staff to respond more immediately to whatever needs arise. Logically, a district with more students is going to have more needs so they have more time in the staff member's schedule. Because districts pay based on ADM, larger districts will have higher charges and smaller districts will have lower charges.

Per Student

Deaf Education (DHH), Vision Education (VI), and Orientation & Mobility (O&M) are billed on a per student cost according to the caseload of the provider. The budget or costs for the month are divided by the number of students on a service provider's caseload and that gives us the per student cost. The per student cost is multiplied by the number of students on the caseload in that specific district and then billed to the district.

Rationale for billing this way: Students who are DHH, VI, or have O&M needs are a very low incidence disability so there is not a need to bill by FTE and it is inequitable to bill by ADM. The low incidence of these disabilities and the size of ESU 10 districts make it unlikely that statistically it would fit the ADM pattern so we bill these programs on a per student basis to the districts who need the service.

Day(s)/Week

Mental Health Therapy is currently the only program that is billed on a day(s) per week basis. For a district that contracts for the three programs of SLP, OT and PT from the service unit, their cost is \$11,000 for the year for 1 day per week. If a district contracts with ESU 10 for one or two of these programs, their cost is \$16,000 for the year for 1 day per week. If a district does not contract for any of the three programs, their cost is \$21,000 for the year for 1 day per week.

Rationale for billing this way: ESU 10 supplements the cost of the Mental Health Therapy Program with Medicaid in Public Schools (MIPS) dollars to keep costs as low as possible for school districts. The services provided by SLPs, OTs, and PTs are the highest source of income for MIPS dollars so districts that contract for these services are supplemented at a higher rate by having lower costs for the Mental Health Supports. 25-26 is the only year Mental Health therapy costs increased.

**EDUCATIONAL SERVICE UNIT 10
CONTRACT FOR
SPECIAL EDUCATION SERVICES**

THIS AGREEMENT, made and entered into this 5th day of January, 2026, by and between **EDUCATIONAL SERVICE UNIT 10** of the State of Nebraska hereinafter called "**SERVICING AGENCY**," and **Shelton Public Schools**, called "**DISTRICT**."

WITNESSETH:

The District does hereby agree to hire the Servicing Agency to service its age-eligible students with disabilities during the school year 2026-27, and the Servicing Agency agrees to act as such Servicing Agency, for the consideration and under the terms and conditions as hereinafter set forth:

1. A description of the program of special education and related services to be provided to District students shall be as set forth in Schedule "A" hereto attached, including full-time equivalency (FTE) provided in 2025-26 and anticipated in 2026-27 unless district notifies servicing agency otherwise.
2. The District shall pay the Servicing Agency for said special education and related services in accordance with Schedule A. This Schedule shall be in full force and effect during the school year of 2026-27, commencing not earlier than August 1, 2026, and ending not later than August 20, 2027. The total dollar amount of this contract will be submitted to the district on or before July 1, 2026, or as soon as the budgets are set for the Servicing Agency, whichever is later.
3. The District agrees that the costs for the actual services rendered will be reconciled by the Service Agency, and the amount payable for those special education services to be delivered by the Servicing Agency shall be paid in full. All programs and services will be billed based on the actual services delivered as outlined in Schedule A, based on the structure in Schedule B.
4. The District agrees that the amount payable for special education services the first month of the school year will be one-tenth (1/10) of the budgeted cost with payment due on or before October 16, 2026.
5. The Servicing Agency agrees to bill the District for the actual cost of special education services rendered and to reconcile prior overpayment or underpayment based on actual services rendered.
6. The Servicing Agency agrees to provide the District with the final billing, a complete reconciliation of the actual costs of services rendered, and the actual rate for cost of services. The final billing to the District shall serve as a final reconciliation of the amount of payment previously agreed upon in item two of this contract.
7. The District agrees that the final billing for special education services submitted to the District by the Servicing Agency for actual services rendered during the contract period shall be considered as an amendment to the original contract and shall be included in full by this reference. If the District does not dispute any of the amounts or services contained in the final billing within 30 days, the parties agree that it will be incorporated in full as an amendment to this contract.
8. Special education programs or services which extend beyond the regular school year will be provided by the Servicing Agency upon request by the District. Extended programs shall be covered by separate contract.
9. It is further agreed that in the event the District does not pay the Servicing Agency as herein set forth, the Servicing Agency may cancel this contract and refuse further service. In the event of such Cancellation, the Servicing Agency may recover any past due amounts and exercise any other rights that may exist by law.
10. The Servicing Agency shall record and supply to the District, upon request, information on each child for whom services are contracted, including time-and-effort logs detailing the services provided, the name of the provider, the duration of the services, and the date on which services were provided. The Servicing Agency agrees to confer with the District for purposes of evaluating such child's progress and the District's compliance with applicable laws.

11. The Servicing Agency shall assist the District with the preparation of plan and budget, financial reports and other procedures, artifacts, and obligations required by NDE Rule 51 or 52.
12. The District and the Servicing Agency agree to abide by the mandated procedures for identification, verification, placement, development of the individualized program, inspection and review of student records, and other requirements as specified in NDE Rules 51 and 52, Regulations and Standards for Special Education Programs, Nebraska State Department of Education, and the current Federal Regulations implementing IDEA.
13. The District hereby agrees that changes or modifications in the program or children served shall be mutually agreed upon before said change or modifications are implemented.
14. Should the Servicing Agency be unable to render the services contracted because of the Servicing Agency's inability to employ personnel who meet the criteria for employment of the Servicing Agency and/or the certification requirements of the State of Nebraska, or for other reasons which are determined by the Servicing Agency to be valid, the Servicing Agency has no obligation to provide services contracted for but not provided or reimburse the District for any additional cost incurred to procure those services. The Servicing Agency values its collaborative relationship with the District and will give reasonable efforts to assist the District in procuring those services. The District will be notified no later than September 1, 2026 of the Service Agency's inability to provide any services under this contract.
15. The District agrees that any act intentionally and unilaterally done which may cause litigation against the Servicing Agent shall be defended at the sole expense of the District and any damages assessed against the District for the Servicing Agency or either of them shall be borne entirely by the District. This paragraph shall not operate to indemnify or relieve the Servicing Agency of any liability otherwise attaching to it under any applicable state or federal law, nor to any action undertaken by the District in the provision of special education services or related services which are undertaken in consultation with the Servicing Agency or in a good faith effort by the District to comply with lawful obligations of the District.
- 16. The District agrees that in the event the District desires to change the services provided by this contract for a subsequent year whether by change in full-time equivalency, staffing, change in percentage FTE of any area of endorsement held by personnel presently assigned to the District, or to eliminate any program or service being provided pursuant to this contract, the District shall notify the Servicing Agency administrator in writing of such requested change on or before March 1, 2026 (next preceding the starting date of the school year to be affected by any changes) as are described in this paragraph.**
- 17. The District agrees that in the event that no such written notice is made to the Servicing Agency on or before March 1, that the Servicing Agency shall be entitled to assume that the District desires the same FTE in all areas of endorsement, certification or other qualification, and in all programs it had through this contract with the Servicing Agency, including in Schedule A. In the event the District should later notify the Servicing Agency of a diminished request for FTE in any area of endorsement, certification or other qualification, or in any program or service provided by this contract, the Servicing Agency shall use its best effort to find other employment for such affected personnel, provided, however, that in the event such personnel cannot be reassigned and to the extent that such personnel constitute a cost to the Servicing Agency that cannot be passed through by way of contract or otherwise, the District agrees to pay any cost incurred by the Servicing Agency for such personnel.**
18. This contract may be renegotiated or amended by mutual agreement.

School-Sponsored Trip Request Form

Name of the school club, organization, or group requesting this trip: *FFA*

Date request was submitted: *January 12, 2026*. Dates of the trip: *October 21-24, 2026*

**Students would depart late in the evening on Tuesday, October 20th, and travel through the night, arriving on October 21st. They would return in the late evening of Saturday, October 24th.*

Sponsor's Name: *Hannah Horak*

Additional supervisor's name (s): *Parent sponsor if necessary.*

General description of the trip: *Students will travel by charter bus to Indianapolis for the National FFA Convention. While at the convention, students will have the opportunity to meet and interact with FFA members from across the country, attend leadership trainings and workshops, listen to motivational speakers, and go on educational tours.*

Ideally, we would take younger members (freshmen and sophomores) who can bring ideas and skills back to the chapter and serve as future leaders within the FFA chapter. However, older members are eligible too. I would like to take 6-10 FFA members if there is enough interest, but I will not plan to travel if there are fewer than 5 interested.

We are on schedule to attend the convention every other fall; we last attended in October of 2024. We would travel with the Nebraska Tour Group, which includes about 13 charter buses of students and FFA advisors from across the state - rather than traveling independently as some schools do.

Who is eligible to attend? How are students selected if there is a selection process?
Any 9-12 FFA members would be eligible to apply to attend. Ideally, I would like to take 6-10 members on this trip. (See note below) I have an application that I've used in the past that asks students to explain why they are interested in the trip and what they hope to gain from the experience. The applications are reviewed by a selection committee. Applications will be completed by May to allow for planning.

Cost to the organization: *Dependent on # of students. Ideally, sponsor travel would be paid by group or in part by the school.*

Estimated total cost per student: \$435-\$480 (depending on price increases and tours selected). Plus hotel prices \$220 per night split between students.

Cost to the students: *\$150-250 per student; students are able to fundraise to reduce costs.*
Cost to the district: *Van transportation to and from Grand Island (to the charter bus), substitute expense to cover for FFA advisor absence. If the school is willing to pay it, the cost of the advisor's hotel room (has been paid by school in the past)*

Will the organization do fundraising for this trip? If so, what type of fundraising will be conducted?

Regular chapter fundraising (fruit sales, greenhouse sales, concession stands) should be able to cover the expenses of this trip.

Additional notes or comments: I have tried to make it as clear as possible to students that this takes place the week of State Cross Country, the first round of State Football Playoffs, and the week before sub district volleyball play. I am currently surveying them for interest to make sure we have enough students who want to go before moving forward.

If approved, I would fill out the appropriate registration forms in late February and we would be required to begin sending payment installments to the group starting in May. Should we need to back out for any reason, there are usually schools looking for extra spots so we would likely be able to be reimbursed for the expenses we had already invested into the trip.
