Potential Statement To Be Read By Board President Prior To Public Comment:

At this time, the Board will open the public comment portion of the meeting. We value and appreciate input from members of our community.

Board meetings are held to conduct the official business of the district. While meetings are open to the public, they are meetings held in public but are not public forums. Public comment provides an opportunity for individuals to share perspectives and concerns related to school district matters.

Individuals wishing to address the Board must first sign in with the recording secretary prior to the start of the meeting, including their address and phone number for the record. When recognized by the Board President, speakers should state their name and, if relevant, the name of any organization they represent.

Each speaker will be limited to **five minutes**, and the total time allotted for public comment will be **sixty minutes** unless modified by the Board. If there are more than 12 individuals who wish to address the board, the 60 minutes will be divided equally between the number of speakers.

Please direct comments to the Board as a whole. Comments that are defamatory, abusive, or disruptive will not be permitted. Concerns regarding individual employees should be addressed through the district's administrative procedures rather than during public comment.

The Board will listen to all comments; however, the Board will generally not respond to public comment and will not take action on items raised unless the matter appears on the published agenda.

Thank you for your participation and for helping us maintain a respectful and orderly meeting.

Superintendent's Report

July 13, 2026

BUDGET/FINANCIAL UPDATE

- Through June of 2026 we have spent 51.37% of the total budget totaling \$3,671,239. We continue to be in a strong financial position as we move into the summer months with July and August still to go in our 2025-2026 Budget year.

BUILDING AND GROUNDS

- I have been continuing to keep in contact with Facilities Advocates and Northland Securities. On Tuesday, June 2 and again this past week, I met with Northland securities to review options within QCPUF and/or Lease-Purchase financing. We will continue to analyze our budget positions to determine the best course of action. Dave Raymond, Facilities Advocates, discussed the possibility of the following timeline to avoid price increases in January of 2027:
 - **July 13-** School Board meeting- either live or Zoom for a brief update/overview of project and process
 - **August 10-** School Board meeting- present updated Scope of Work and Budget for project implementation summer 2027
 - **Sept. 14-** School Board meeting with Fiscal Agent (Jeff Schneider) Northland Securities to inform on Financing Options for ESCO contract
 - **October 12-** School Board to approve a Guaranteed Maximum Price (GMP) ESCO contract so final engineering, invitations to bid documents prepared and HVAC equipment is ordered
 - **Nov. 9-** School Board meeting to approve the Financing of the ESCO contract
 - **Work Completed Summer of 2027**
- **Roof Damage** - Black Hawk Construction provided a quote for repairs on the old gym roof and wrestling room roof. The quote for replacement was \$129,737 with the addition of 2 layer 2.5" polysio and Securshield HD coverboard (Total R-30) with the addition of \$15,697. This brings the total replacement cost for hail damage to \$145,434.
- The HS ELA classroom is completed other than assembling the rest of the furniture and cabinets for storage.
- Mr. Bahe has met with the Wood River Athletic Director to discuss and work out more details with jr. high football coop with Wood River.

INFORMATIONAL ITEMS

- **Transportation** - We had significant damage to all of our cars, vans, and Expedition this past spring due to hail. The quotes have been submitted to the claims adjuster. Here are the quotes for repair:
 - 2025 Ford Expedition - \$4,374.25
 - 2021 Ford Transit - \$10,976.15
 - 2016 Ford Transit - \$12,992.85
 - 2008 Ford Taurus X - \$9,493.02
 - 2006 Ford Freestyle - \$9,798.70
- **Music/Band Position**

Superintendent's Report

July 13, 2026

- I have been in contact with most colleges and universities across the state. Wayne State has responded and forwarded the information on to their faculty and alumni. Due to the timing and fewer students and staff on campus, response might be a little delayed.

III. Construction Projects with an Anticipated Cost of Under \$350,000

A. Methods of Bidding/Soliciting Quotations or Estimates

The type of procedures required depends on the anticipated cost of the project.

1. Construction with an Anticipated Cost of up to \$15,000 (Micro-Purchases)

Micro-purchase means an individual procurement transaction for supplies or services using simplified acquisition procedures, the annual aggregate amount of which does not exceed \$15,000. Micro-purchases may be made or awarded without soliciting competitive quotations, to the extent district staff determine that the cost of the purchase is reasonable. For purposes of this policy "reasonable" means the purchase is comparable to market prices for the geographic area.

To the extent practicable, the District distributes micro-purchases equitably among qualified suppliers. The District will follow its standard policy on purchasing.

2. Construction with an Anticipated Cost of between \$15,000 and \$350,000 (Simplified Acquisition Procedures)

For construction projects subject to this policy, simplified acquisitions are purchases that, in the aggregate amount, is more than \$15,000 and less than \$350,000 annually. For simplified acquisitions, price or rate quotes shall be obtained in advance from a reasonable number of qualified sources as detailed in the district's standard policies on purchasing and on bid letting and contracts.

B. Construction Projects with an estimated cost of between \$136,000 and \$349,999 will be made pursuant to the District's Policy on Bid Letting and Contracts.

Pursuant to Nebraska law, construction projects which have an

anticipated aggregate cost of \$136,000 or more are subject to state public lettings laws (NEB. REV. STAT. §§ 73-101 through 73-106). The board will follow its standard policy on bid letting and contracts for construction projects financed with federal funds which have an anticipated aggregate cost of between \$136,000 and \$350,000.

IV. Construction Projects with an Anticipated Cost Over \$350,000

2. The invitation for bids, which will include any specifications and pertinent attachments, must define the items or services in order for the bidder to properly respond;
3. Sealed bids will be publicly opened in a place and at the specific time stated in the bid solicitation. Bidders shall be notified of the opening and invited to be present.
4. The contract will be awarded to the lowest responsive and responsible bidder.

 - b) Payment discounts will only be used to determine the low bid when prior experience indicates that such discounts are usually taken advantage of.
 - c) Any or all bids may be rejected if there is a sound documented reason.
5. The board shall have discretion in determining which bidders are responsible and responsive and shall award the contract to the lowest, responsible, and responsive bidder whose bid meets the bid specifications. This means that the board will select the bid that offers the best value and award a contract based upon the amount of the bid and the bidder's ability and capacity to carry on the work, its equipment and facilities, honesty, integrity, skills,

business judgment, experience, equipment, facilities, financial stability, past performance, and other relevant factors.

6. The board will generally complete its review of bids and select a vendor within 30 days of bid submission.

1. The superintendent or designee will arrange to advertise for bids by publishing notice in any newspaper of general circulation within the school district at least 7 calendar days prior to the date on which bids are due.

2. Nothing shall prevent the superintendent or designee from advertising in additional media outlets or for a longer period of time.

C. Bid Documents

1. The bid documents shall identify the day upon which the bids shall be returned, received, or opened and shall identify the hour at which the bids will close or be received or opened.

2. The bid documents shall also provide that such bids shall be opened simultaneously in the presence of the bidders or their representatives.

3. Bids received after the date and time specified in the bid documents shall be returned to the bidder unopened.

4. If bids are being opened on more than one contract, the board, in its discretion, may award each contract as the bids are opened.

5. Sealed bids will be opened in a place and at the specific time stated in the bid solicitation. Bidders shall be notified of the opening and invited to be present.

6. Bids will be reviewed by the Superintendent and/or designee and submitted to the board for approval.

7. The board shall have discretion in determining which bidders are responsible and responsive and shall award the contract to the lowest, responsible, and responsive bidder whose bid meets the bid specifications. This means that the board will select the bid

that offers the best value and award a contract based upon the amount of the bid and the bidder's ability and capacity to carry on the work, its equipment and facilities, honesty, integrity, skills, business judgment, experience, equipment, facilities, financial stability, past performance, and other relevant factors.

8. The board will generally complete its review of bids and select a vendor within 30 days of bid submission.

D. The terms of any construction project undertaken pursuant to this policy will be memorialized in a written contract which has been reviewed by the district's legal counsel and approved by the board.

V. Other Contract Matters.

A. Required Terms

The non-Federal entity's contracts must contain the applicable provisions required by section 200.327 and described in Appendix II to Part 200—Contract Provisions for non-Federal Entity Contracts Under Federal Awards. This includes a "Buy American" provision that provides that as appropriate and to the extent consistent with law, the District and contractor should, to the greatest extent practicable under a Federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). The requirements of the Buy American provision must be included in all subawards including all contracts and purchase orders for work or products under this award.

B. Contracting with Certain Vendors

Pursuant to the standards contained in 2 C.F.R. § 200.321, the District will take all necessary affirmative steps to assure that minority businesses, women's business enterprises, veteran-owned businesses, and labor surplus area firms are used when possible and consistent with state law.

To the maximum extent practicable, the school food program shall purchase domestic commodities or products produced in the U.S. or processed in the U.S. substantially using agricultural commodities produced in the U.S.

C. Full and Open Competition

The district's procurement transactions will be conducted in a manner providing full and open competition consistent with 2 C.F.R §200.319.

D. Debarment and Suspension

The District awards contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, public policy compliance, proper classification of employees (see the Fair Labor Standards Act, 29 U.S.C. 201, chapter 8), record of past performance, and financial and technical resources when conducting a procurement transaction.

The District may not subcontract with or award subgrants to any person or company who is debarred or suspended. For all contracts over \$25,000 the District verifies that the vendor with whom the District intends to do business with is not excluded or disqualified. 2 C.F.R. Part 200, Appendix II(1) and 2 C.F.R. §§ 180.220 and 180.300.

The District will verify debarment or suspension by reviewing the excluded parties list on SAM.gov, collecting a certification through the bidding process, and/or by including a debarment and suspension provision in the bid and contract documents. The Superintendent or his/her designee shall be responsible for such verification.

E. Settlements of Issues Arising Out of Contract

The District alone is responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to, source evaluation, protests, disputes, and claims. These standards do not relieve the District of any contractual responsibilities under its contracts. Violations of law will be referred to the local, state, or federal authority having proper jurisdiction.

F. Record Keeping

1. Record Retention

- a) The District maintains all records that fully show (1) the amount of funds under the grant or subgrant; (2) how the subgrantee uses those funds; (3) the total cost of each project; (4) the share of the total cost of each project provided from other sources; (5) other records to facilitate an effective audit; and (6) other records to show compliance with federal program requirements. 34 C.F.R. §§ 76.730-.731 and

§§ 75.730-.731. The District also maintains records of significant project experiences and results. 34 C.F.R. § 75.732. These records and accounts must be retained and made available for programmatic or financial audit.

- b) The U.S. Department of Education is authorized to recover any federal funds misspent within 5 years before the receipt of a program determination letter. 34 C.F.R. § 81.31(c). Schedule 10 (Local School Districts) and Schedule 24 (Local Agencies General Records) of the Nebraska Records Management Division as approved by the Nebraska Secretary of State/State Records Administrator requires the District to maintain records regarding construction projects for a minimum of five (5) years after the sale or demolition of the building. However, if any litigation, claim, or audit is started before the expiration of the record retention period, the records will be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken. 2 C.F.R. § 200.334.
 - c) Records will be destroyed in compliance with Schedule 10, Schedule 24, and State law. This includes the completion of a Records Disposition Report.
2. Maintenance of Construction Records for Projects Financed with Federal Funds
- a) The District must maintain records sufficient to detail the history of all construction projects financed with federal funds. These records will include, but are not necessarily limited to the following: rationale for the method of construction, selection of contract type, contractor selection or rejection, the basis for the contract price (including a cost or price analysis), and verification that the contractor is not suspended or debarred.
 - b) Retention of construction records shall be in accordance with applicable law and Board policy.

VI. Conflict of Interest and Code of Conduct

- A. Board and staff member conflicts of interest are governed by the district's conflict of interest policies.
- B. Contracts covered by this policy are subject to the following additional provisions.
 - 1. Employees, officers, and agents engaged in the selection, award, and/or administration of district contracts which are prohibited from engaging in such actions if a real or apparent conflict of interest is present.
 - 2. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract.
 - 3. The board may determine at its discretion that a financial interest is not substantial enough to give rise to a conflict of interest.

C. Favors and Gifts

An employee, officer, agent, and board member of the District may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts, with the limited exception of unsolicited items of nominal value.

D. Enforcement

Disciplinary Actions will be applied for violations of such standards by officers, employees, board members, or agents of the District at the board's discretion.

VII. Financial Management

A. Identification.

The District will identify, in its accounts, all federal awards received and expended and the federal programs under which they were received. Federal program and award identification include, as applicable, the CFDA title and

number, federal award identification number and year, name of the federal agency, and, if applicable, name of the pass-through entity.

B. Financial Reporting

The District will make an accurate, current, and complete disclosure of the financial results of each federal award or program in accordance with the financial reporting requirements set forth in the Education Department General Administrative Regulations (EDGAR).

C. Accounting Records

The District maintains records which adequately identify the source and application of funds provided for federally-assisted activities. These records must contain information pertaining to grant or subgrant awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation.

D. Internal Controls

The Superintendent or his/her designee must maintain effective control and accountability for all funds, real and personal property, and other assets through board review and approval of claims, an annual audit of the district's finances pursuant to the applicable Nebraska Department of Education and federal rules and regulations, and comparison of expenditures and outlays to budgeted amounts. The District adequately safeguards all such property and assures that it is used solely for authorized purposes.

E. Budget Control

Actual expenditures or outlays will be compared with budgeted amounts for each federal award at least annually and more often as required by law or deemed prudent by the board or administrative staff.

F. Payment Methods

The District will comply with applicable methods and procedures for payment that minimize the time elapsing between the transfer of funds and disbursement by the District, in accordance with the Cash Management Improvement Act at 31 CFR Part 205. Generally, the District receives payment from the Nebraska Department of Education on a reimbursement basis. 2 CFR § 200.305. However, if the District receives an advance in federal grant funds, the District will remit interest earned on the advanced payment quarterly to the federal agency. The District may retain interest amounts up

to \$500 per year for administrative expenses. 2 CFR § 200.305(b)(9).

Consistent with state and federal requirements, the District will maintain source documentation supporting the federal expenditures (invoices, time sheets, payroll stubs, etc.) and will make such documentation available for the Nebraska Department of Education to review upon request.

G. Allowability of Costs

Expenditures must be aligned with approved budgeted items. Any changes or variations from the state-approved budget and grant application need prior approval.

When determining how the District will spend its grant funds, the Superintendent or his/her designee will review the proposed cost to determine whether it is an allowable use of federal grant funds before obligating and spending those funds on the proposed good or service. All costs supported by federal education funds must meet the standards outlined in EDGAR, 2 CFR Part 3474 and 2 CFR Part 200, Subpart E. The Superintendent or his/her designee must consider these factors when making an allowability determination.

The Superintendent or his/her designee will consider Part 200's cost guidelines when federal grant funds are expended. The Superintendent or his/her designee will also consider whether all state - and District-level requirements and policies regarding expenditures have been followed.

H. Use of Program Income – Deduction, Addition, or Cost Sharing or Matching

The default method for the use of program income for the District is the deduction method. 2 C.F.R. § 200.307(e). Under the deduction method, program income is deducted from total allowable costs to determine the net allowable costs. Program income will only be used for current costs unless the District is otherwise directed by the federal awarding agency or pass-through entity. 2 C.F.R. § 200.307(e)(1). The District may also request prior approval from the federal awarding agency to use the addition method. Under the addition method, program income may be added to the Federal award by the Federal agency and the non-Federal entity. The program income must then be used for the purposes and under the conditions of the Federal award. 2 C.F.R. § 200.307(e)(2). The District may also request prior approval from the federal awarding agency to use the cost sharing or matching method.

While the deduction method is the default method, the District always refers

to the grant award notice prior to determining the appropriate use of program income.

I. Cost Sharing or Matching

For all Federal awards, any shared costs or matching funds and all contributions, including cash and third-party in-kind contributions, must be accepted as part of the non-Federal entity's cost sharing or matching when such contributions meet all of the following criteria:

- (1) Are verifiable from the non-Federal entity's records;
- (2) Are not included as contributions for any other Federal award;
- (3) Are necessary and reasonable for accomplishment of project or program objectives;
- (4) Are allowable under [subpart E \(Cost Principles\) of this part](#);
- (5) Are not paid by the Federal Government under another Federal award, except where the Federal statute authorizing a program specifically provides that Federal funds made available for such program can be applied to matching or cost sharing requirements of other Federal programs;
- (6) Are provided for in the approved budget when required by the Federal awarding agency; and
- (7) Conform to other provisions of this part, as applicable.

J. Documentation of Personnel Expenses

Records that reflect charges to federal awards for salaries and wages will comply with the rules and requirements of 2 CFR 200.430.

VIII. Other Contract Matters.

A. Required Terms

The non-Federal entity's contracts must contain the applicable provisions required by section 200.327 and described in Appendix II to Part 200—Contract Provisions for non-Federal Entity Contracts Under Federal Awards.

B. Contracting with Certain Vendors

Pursuant to the standards contained in 2 C.F.R. § 200.321, the District will take all necessary affirmative steps to assure that minority businesses, women's business enterprises, veteran-owned businesses, and labor surplus

area firms are used when possible consistent with state law.

To the maximum extent practicable, the school food program shall purchase domestic commodities or products produced in US or processed in US substantially using agricultural commodities produced in US.

C. Record Keeping

The District also maintains records of significant project experiences and results. 34 C.F.R. § 75.732. These records and accounts must be retained and made available for programmatic or financial audit.

Schedule 10 (Local School Districts) and Schedule 24 (Local Agencies General Records) of the Nebraska Records Management Division as approved by the Nebraska Secretary of State/State Records Administrator requires the District to maintain records regarding federal awards for a minimum of six (6) years. Consequently, the District shall retain records for a minimum of six (6) years from the date on which the final Financial Status Report is submitted, unless otherwise notified in writing to extend the retention period by the awarding agency, cognizant agency for audit, oversight agency for audit, or cognizant agency for indirect costs. However, if any litigation, claim, or audit is started before the expiration of the record retention period, the records will be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken. 2 C.F.R. § 200.333.

c) Records will be destroyed in compliance with Schedule 10, Schedule 24, and State law. This includes the completion of a Records Disposition Report.

2. Maintenance of Procurement Records

a) The District must maintain records sufficient to detail the history of all procurements. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, the basis for the contract price (including a cost or price analysis), and verification that the contractor is not suspended or debarred.

b) Retention of procurement records shall be in accordance with applicable law and Board policy.

D. Privacy

The District has protections in place to ensure that the personal information of both students and employees is protected. These include the use of passwords that are changed on a regular basis; staff training on the requirements of the Family Educational Rights and Privacy Act (FERPA) and State confidentiality requirements; and training on identifying whether an individual requesting access to records has the right to the documentation.

These records and accounts must be retained and made available for programmatic or financial audit.

b) The U.S. Department of Education is authorized to recover any federal funds misspent within 5 years before the receipt of a program determination letter. 34 C.F.R. § 81.31(c). Schedule 10 (Local School Districts) and Schedule 24 (Local Agencies General Records) of the Nebraska Records Management Division as approved by the Nebraska Secretary of State/State Records Administrator requires the District to maintain records regarding construction projects for a minimum of five (5) years after the sale or demolition of the building. However, if any litigation, claim, or audit is started before the expiration of the record retention period, the records will be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken. 2 C.F.R. § 200.[333334](#).

c) Records will be destroyed in compliance with Schedule 10, Schedule 24, and State law. This includes the completion of a Records Disposition Report.

2. Maintenance of Construction Records for Projects Financed with Federal Funds

a) The District must maintain records sufficient to detail the history of all construction projects financed with federal funds. These records will include, but are not necessarily limited to the following: rationale for the method of construction, selection of contract type, contractor selection or rejection, the basis for the contract price (including a cost or price analysis), and verification that the contractor is not suspended or debarred.

b) Retention of construction records shall be in accordance with applicable law and Board policy.

VI. Conflict of Interest and Code of Conduct

- A. Board and staff member conflicts of interest are governed by the district's conflict of interest policies.
- B. Contracts covered by this policy are subject to the following additional provisions.
 - 1. Employees, officers, and agents engaged in the selection, award, and/or administration of district contracts which are prohibited from engaging in such actions if a real or apparent conflict of interest is present.
 - 2. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract.
 - 3. The board may determine at its discretion that a financial interest is not substantial enough to give rise to a conflict of interest.

C. Favors and Gifts

An employee, officer, agent, and board member of the District may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts, with the limited exception of unsolicited items of nominal value.

D. Enforcement

Disciplinary Actions will be applied for violations of such standards by officers, employees, board members, or agents of the District at the board's discretion.

VII. Financial Management

A. Identification.

The District will identify, in its accounts, all federal awards received and expended and the federal programs under which they were received. Federal program and award identification include, as applicable, the CFDA title and

number, federal award identification number and year, name of the federal agency, and, if applicable, name of the pass-through entity.

B. Financial Reporting

The District will make an accurate, current, and complete disclosure of the financial results of each federal award or program in accordance with the financial reporting requirements set forth in the Education Department General Administrative Regulations (EDGAR).

C. Accounting Records

The District maintains records which adequately identify the source and application of funds provided for federally-assisted activities. These records must contain information pertaining to grant or subgrant awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation.

D. Internal Controls

The Superintendent or his/her designee must maintain effective control and accountability for all funds, real and personal property, and other assets through board review and approval of claims, an annual audit of the district's finances pursuant to the applicable Nebraska Department of Education and federal rules and regulations, and comparison of expenditures and outlays to budgeted amounts. The District adequately safeguards all such property and assures that it is used solely for authorized purposes.

E. Budget Control

Actual expenditures or outlays will be compared with budgeted amounts for each federal award at least annually and more often as required by law or deemed prudent by the board or administrative staff.

F. Payment Methods

The District will comply with applicable methods and procedures for payment that minimize the time elapsing between the transfer of funds and disbursement by the District, in accordance with the Cash Management Improvement Act at 31 CFR Part 205. Generally, the District receives payment from the Nebraska Department of Education on a reimbursement basis. 2 CFR § 200.305. However, if the District receives an advance in federal grant funds, the District will remit interest earned on the advanced payment quarterly to the federal agency. The District may retain interest amounts up

to \$500 per year for administrative expenses. 2 CFR § 200.305(b)(9).

Consistent with state and federal requirements, the District will maintain source documentation supporting the federal expenditures (invoices, time sheets, payroll stubs, etc.) and will make such documentation available for the Nebraska Department of Education to review upon request.

G. Allowability of Costs

Expenditures must be aligned with approved budgeted items. Any changes or variations from the state-approved budget and grant application need prior approval.

When determining how the District will spend its grant funds, the Superintendent or his/her designee will review the proposed cost to determine whether it is an allowable use of federal grant funds before obligating and spending those funds on the proposed good or service. All costs supported by federal education funds must meet the standards outlined in EDGAR, 2 CFR Part 3474 and 2 CFR Part [200, Subpart E](#). The Superintendent or his/her designee must consider these factors when making an allowability determination.

The Superintendent or his/her designee will consider Part 200's cost guidelines when federal grant funds are expended. The Superintendent or his/her designee will also consider whether all state - and District-level requirements and policies regarding expenditures have been followed.

H. Use of Program Income – Deduction, Addition, or Cost Sharing or Matching

The default method for the use of program income for the District is the deduction method. 2 C.F.R. § 200.307(e). Under the deduction method, program income is deducted from total allowable costs to determine the net allowable costs. Program income will only be used for current costs unless the District is otherwise directed by the federal awarding agency or pass-through entity. 2 C.F.R. § 200.307(e)(1). The District may also request prior approval from the federal awarding agency to use the addition method. Under the addition method, program income may be added to the Federal award by the Federal agency and the non-Federal entity. The program income must then be used for the purposes and under the conditions of the Federal award. 2 C.F.R. § 200.307(e)(2). The District may also request prior approval from the federal awarding agency to use the cost sharing or matching method.

While the deduction method is the default method, the District always refers

to the grant award notice prior to determining the appropriate use of program income.

I. Cost Sharing or Matching

For all Federal awards, any shared costs or matching funds and all contributions, including cash and third-party in-kind contributions, must be accepted as part of the non-Federal entity's cost sharing or matching when such contributions meet all of the following criteria:

- (1) Are verifiable from the non-Federal entity's records;
- (2) Are not included as contributions for any other Federal award;
- (3) Are necessary and reasonable for accomplishment of project or program objectives;
- (4) Are allowable under [subpart E \(Cost Principles\) of this part](#);
- (5) Are not paid by the Federal Government under another Federal award, except where the Federal statute authorizing a program specifically provides that Federal funds made available for such program can be applied to matching or cost sharing requirements of other Federal programs;
- (6) Are provided for in the approved budget when required by the Federal awarding agency; and
- (7) Conform to other provisions of this part, as applicable.

J. Documentation of Personnel Expenses

Records that reflect charges to federal awards for salaries and wages will comply with the rules and requirements of 2 CFR 200.430.

VIII. Other Contract Matters.

A. Required Terms

The non-Federal entity's contracts must contain the applicable provisions required by section 200.~~326~~-327 and described in Appendix II to Part 200—Contract Provisions for non-Federal Entity Contracts Under Federal Awards.

B. Contracting with Certain Vendors

Pursuant to the standards contained in 2 C.F.R. § 200.321, the District will take all necessary affirmative steps to assure that minority businesses, women's business enterprises, veteran-owned businesses, and labor surplus

area firms are used when possible consistent with state law.

To the maximum extent practicable, the school food program shall purchase domestic commodities or products produced in US or processed in US substantially using agricultural commodities produced in US.

C. Record Keeping

1. Record Retention

a) The District maintains all records that fully show (1) the amount of funds under the grant or subgrant; (2) how the subgrantee uses those funds; (3) the total cost of each project; (4) the share of the total cost of each project provided from other sources; (5) other records to facilitate an effective audit; and (6) other records to show compliance with federal program requirements. 34 C.F.R. §§ 76.730-.731 and §§ 75.730-.731. The District also maintains records of significant project experiences and results. 34 C.F.R. § 75.732. These records and accounts must be retained and made available for programmatic or financial audit.

b) The U.S. Department of Education is authorized to recover any federal funds misspent within 5 years before the receipt of a program determination letter. 34 C.F.R. § 81.31(c). Schedule 10 (Local School Districts) and Schedule 24 (Local Agencies General Records) of the Nebraska Records Management Division as approved by the Nebraska Secretary of State/State Records Administrator requires the District to maintain records regarding federal awards for a minimum of six (6) years. Consequently, the District shall retain records for a minimum of six (6) years from the date on which the final Financial Status Report is submitted, unless otherwise notified in writing to extend the retention period by the awarding agency, cognizant agency for audit, oversight agency for audit, or cognizant agency for indirect costs. However, if any litigation, claim, or audit is started before the expiration of the record retention period, the records will be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken. 2 C.F.R. § 200.333.

c) Records will be destroyed in compliance with Schedule 10, Schedule 24, and State law. This includes the completion of a Records Disposition Report.

2. Maintenance of Procurement Records

a) The District must maintain records sufficient to detail the history of all procurements. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, the basis for the contract price (including a cost or price analysis), and verification that the contractor is not suspended or debarred.

b) Retention of procurement records shall be in accordance with applicable law and Board policy.

D. Privacy

The District has protections in place to ensure that the personal information of both students and employees is protected. These include the use of passwords that are changed on a regular basis; staff training on the requirements of the Family Educational Rights and Privacy Act (FERPA) and State confidentiality requirements; and training on identifying whether an individual requesting access to records has the right to the documentation.

Fiscal Management for Purchasing and Procurement Using Federal Funds

I. Applicability of Policy

This policy applies only to non-construction related purchases undertaken with federal funds which are subject to the federal Uniform Grant Guidance (UGG) and other applicable federal law, including but not limited to the Education Department and General Administration Regulations (EDGAR) and the United States Department of Agriculture (USDA) regulations governing school food service programs. In the event this policy conflicts or is otherwise inconsistent with mandatory provisions of the UGG, EDGAR or other applicable federal law, the mandatory provisions of the laws shall control.

All other non-construction purchases will be governed by the Board's general purchasing policy, which can be found earlier in this subsection. In the event of a conflict between state and federal law, the more stringent requirement shall apply.

This procurement policy shall govern all purchasing activities that relate to any aspect of the National School Lunch and Breakfast Programs. The district's goal is to fully implement all required procurement rules, regulations and policies set forth in 2 CFR 200, 7 CFR parts 210, 3016 and 3019, and by the Nebraska Department of Education.

II. Procurement System

The District maintains the following purchasing procedures.

A. Responsibility for Purchasing

The authority to make purchases shall be governed by the District's purchasing policy, which can be found elsewhere in this section. Except as otherwise provided in the District's purchasing policy, the acquisition of services, equipment, and supplies shall be centralized in the administration office under the supervision of the superintendent of schools, who shall be responsible for developing and administering the purchasing program of the school district. Purchases or commitments of district funds that are not authorized by this policy will be the responsibility of the person making the commitment.

B. Methods of Purchasing

The type of purchase procedures required depends on the cost of the item(s) being purchased.

1. Purchases up to \$15,000 (Micro-Purchases)

Micro-purchase means an individual procurement transaction for supplies or services using simplified acquisition procedures, the annual aggregate amount of which does not exceed \$15,000. Micro-purchases may be made or awarded without soliciting competitive quotations, to the extent district staff determine that the cost of the purchase is reasonable. For purposes of this policy "reasonable" means the purchase is comparable to market prices for the geographic area.

To the extent practicable, the District distributes micro-purchases equitably among qualified suppliers. The District will follow its standard policy on purchasing, which can be found earlier in this subsection.

2. Purchases between \$15,000 and \$350,000 (Simplified Acquisition Procedures)

Simplified acquisitions are purchases that, in the aggregate amount, are more than \$15,000 and less than \$350,000 annually. For simplified acquisitions, price or rate quotes shall be obtained in advance from a reasonable number of qualified sources as detailed in the district's standard policies on purchasing and on bid letting and contracts, which can be found earlier in this subsection.

3. Purchases Over \$350,000

a) Sealed Bids (Formal Advertising)

For purchases over \$350,000, the district will generally follow the bidding process outlined in the board's policy on Bidding for Construction, Remodeling, Repair or Site Improvement. If sealed bids are not accepted for a purchase of over \$350,000, the district will retain an explanation for that decision.

b) Contract/Price Analysis

The District performs a cost or price analysis in connection with every procurement action in excess of \$350,000, including contract modifications. The district will make an independent estimate of costs prior to receiving bids or proposals.

4. Noncompetitive Proposals (Sole Sourcing)

- a) Procurement by noncompetitive proposals is procurement through solicitation of a proposal from only one source and may be used only when one or more of the following circumstances apply:
 - 1) The procurement transaction can only be fulfilled by a single source;
 - 2) The public exigency or emergency for the requirement will not permit a delay resulting from providing public notice of a competitive solicitation;
 - 3) The federal awarding agency or pass-through entity expressly authorizes written approval of noncompetitive proposals in response to a written request from the District; or
 - 4) After solicitation of a number of sources, competition is determined inadequate.
- b) Noncompetitive proposals may only be solicited with the approval of the superintendent or the board. Sufficient and appropriate documentation that justifies the sole sourcing decision must be maintained by the superintendent or designee.
- c) A cost or price analysis will be performed for noncompetitive proposals when the price exceeds \$350,000.

5. Competitive Proposals.

- a) The technique of competitive proposals is normally conducted with more than one source submitting an offer, and either a fixed price or cost-reimbursement type contract is awarded. It is generally used when conditions are not appropriate for the use of sealed bids. If this method is used, the following requirements apply:

- 1) Requests for proposals must be publicized and identify all evaluation factors and their relative importance. Any response to publicized requests for proposals must be considered;
 - 2) Proposals must be solicited from an adequate number of qualified sources; and
 - 3) Contracts must be awarded to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered.
- b) The District may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors' qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method, where price is not used as a selection factor, can only be used to procure A/E professional services. The method may not be used to purchase other services provided by A/E firms are a potential source to perform the proposed effort.
- c) The District may select a proposal that offers the best value and that is based upon the proposer's responsiveness to the proposal, experience, reputation, staff qualifications, ability and capacity to carry on the work, price, honesty, integrity, skills, business judgment, financial stability, past performance, and other relevant factors. The evaluation may be conducted by the school board, a designated committee, or another designee of the school board.

C. Use of Purchase (Debit & Credit) Cards

District use of purchase cards is subject to the policy on purchase cards which can be found elsewhere in this subsection.

D. Federal Procurement System Standards

The district's procurement transactions will be conducted in a manner providing full and open competition consistent with 2 C.F.R §200.319.

The District will maintain and follow general procurement standards consistent with 2 C.F.R. §200.318.

E. Debarment and Suspension

The District awards contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, public policy compliance, proper classification of employees (see the Fair Labor Standards Act, 29 U.S.C. 201, chapter 8), record of past performance, and financial and technical resources when conducting a procurement transaction.

The District may not subcontract with or award subgrants to any person or company who is debarred or suspended. For all contracts over \$25,000 the District verifies that the vendor with whom the District intends to do business with is not excluded or disqualified. 2 C.F.R. Part 200, Appendix II(1) and 2 C.F.R. §§ 180.220 and 180.300.

The District will verify debarment or suspension by revising the excluded parties list on SAM.gov, collecting a certification through the bidding process, and/or by including a debarment and suspension provision in the bid and contract documents. The Superintendent or his/her designee shall be responsible for such verification.

F. Settlements of Issues Arising Out of Procurements

The District alone is responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to, source evaluation, protests, disputes, and claims. These standards do not relieve the District of any contractual responsibilities under its contracts. Violations of law will be referred to the local, state, or federal authority having proper jurisdiction.

III. Conflict of Interest and Code of Conduct

A. Board and staff member conflicts of interest are governed by the district's conflict of interest policies.

B. Purchases covered by this policy are subject to the following additional provisions.

1. Employees, officers, and agents engaged in the selection, award, and/or administration of district contracts which are prohibited from engaging in such actions if a real or apparent conflict of interest is present.
2. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract.
3. The board may determine at its discretion that a financial interest is not substantial enough to give rise to a conflict of interest.

C. Favors and Gifts

An employee, officer, agent, and board member of the District may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts, except that this provision does not prohibit the receipt of unsolicited items of nominal value. For purposes of this policy, "nominal value" means a fair market value of \$25 or less.

D. Enforcement

Disciplinary Actions including, but not limited to, counseling, oral reprimand, written reprimand, suspensions without pay, or termination of employment, will be applied for violations of such standards by officers, employees, board members, or agents of the District.

IV. Property Management Systems

A. Property Classifications

1. Equipment means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost that equals or exceeds the lesser of the capitalization level established by the District for financial statement purposes, or \$10,000.
2. Supplies means all tangible personal property other than those described in §200.33 Equipment. A computing device is a supply if the acquisition cost is less than the lesser of the

capitalization level established by the District for financial statement purposes or \$10,000, regardless of the length of its useful life. 2 C.F.R. §200.94.

3. Computing Devices means machines that acquire, store, analyze, process, and publish data and other information electronically, including accessories (or “peripherals”) for printing, transmitting and receiving, or storing electronic information. 2 C.F.R. §200.20.
4. Capital Assets means tangible or intangible assets used in operations having a useful life of more than one year which are capitalized in accordance with GAAP. Capital assets include:
 - a) Land, buildings (facilities), equipment, and intellectual property (including software) whether acquired by purchase, construction, manufacture, lease-purchase, exchange, or through capital leases; and
 - b) Additions, improvements, modifications, replacements, rearrangements, reinstallations, renovations or alterations to capital assets that materially increase their value or useful life (not ordinary repairs and maintenance). 2 C.F.R. §200.12.

B. Inventory Procedure

Newly purchased property shall be received and inspected by the staff member who ordered it to ensure that that it matches the purchase order, invoice, or contract and that it is in acceptable condition.

Equipment, Computing Devices, and Capital Assets must be tagged with an identification number, manufacturer, model, name of individual who tagged the item, and date tagged).

C. Inventory Records

For equipment, computing devices, and capital assets purchased with federal funds, the following information is maintained in the property management system:

1. Serial number;
2. District identification number;
3. Manufacturer;

4. Model;
5. Date tagged and individual who tagged it;
6. Source of funding for the property;
7. Who holds title;
8. Acquisition date and cost of the property;
9. Percentage of federal participation in the project costs for the federal award under which the property was acquired;
10. Location, use and condition of the property; and
11. Any ultimate disposition data including the date of disposal and sale price of the property.

The inventory list shall be adjusted by the superintendent of schools or his/her designee for property that is sold, lost, stolen, cannot be repaired, or that cannot be located.

D. Physical Inventory

1. A physical inventory of the property must be taken and the results reconciled with the property records at least once every two years.
2. The Superintendent or his/her designee will ensure that the physical inventory is performed. The physical inventory will generally occur during the months of June or July, but may be conducted during other time periods with the approval of the superintendent.

E. Maintenance

In accordance with 2 C.F.R. 313(d)(4), the District maintains adequate maintenance procedures to ensure that property is kept in good condition.

F. Lost or Stolen Items

The District maintains a control system that ensures adequate safeguards are in place to prevent loss, damage, or theft of the property. The District will notify the Federal agency or pass-through entity of any loss, damage, or theft of equipment that will have an impact on the program.

G. Use of Equipment

Equipment must be used in the program or project for which it was acquired as long as needed, whether or not the project or program continues to be supported by the federal award, and the District will not encumber the

property for any non-federal program use without prior approval of the federal awarding agency and the pass-through entity.

H. Disposal of Equipment

When it is determined that equipment acquired under a federal award is no longer needed for the original project or program or for other activities currently or previously supported by a federal awarding agency, the Superintendent or his/her designee will contact the awarding agency (or pass-through for a state-administered grant) for disposition instructions.

If the item has a current fair market value of \$10,000 or less, it may be retained, sold, or otherwise disposed of with no further obligation to the federal awarding agency or pass-through entity. The Superintendent or his/her designee will utilize sales procedures which ensure the highest possible return on the disposal of the equipment.

I. Equipment Retention

When included in the terms and conditions of the Federal award, the Federal agency may permit the recipient to retain equipment, or authorize a pass-through entity to permit the recipient to retain equipment, with no further obligation to the Federal Government unless prohibited by Federal statute or regulation.

J. Equipment and Capital Expenditures

All equipment and capital expenditures shall comply with the rules and requirements of 2 CFR 200.439.

K. Depreciation

All depreciation shall comply with the rules and requirements of 2 CFR 200.436.

L. Reporting and Recording Federal Property Interest

The district will comply with federal interest reporting and submit annual reports, if required, regarding a real property interest due to a renovation, major remodeling, construction, or real property project funded by federal grant funds.

V. Financial Management

A. Identification

The District will identify, in its accounts, all federal awards received and expended and the federal programs under which they were received. Federal program and award identification include, as applicable, the CFDA title and number, federal award identification number and year, name of the federal agency, and, if applicable, name of the pass-through entity.

B. Financial Reporting

The District will make an accurate, current, and complete disclosure of the financial results of each federal award or program in accordance with the financial reporting requirements set forth in the Education Department General Administrative Regulations (EDGAR).

C. Accounting Records

The District maintains records which adequately identify the source and application of funds provided for federally-assisted activities. These records must contain information pertaining to grant or subgrant awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation.

D. Internal Controls

The Superintendent or his/her designee must maintain effective control and accountability for all funds, real and personal property, and other assets through board review and approval of claims, an annual audit of the district's finances pursuant to the applicable Nebraska Department of Education and federal rules and regulations, and comparison of expenditures and outlays to budgeted amounts. The District adequately safeguards all such property and assures that it is used solely for authorized purposes. The District takes reasonable cybersecurity and other measures to safeguard information including protected personally identifiable information.

E. Budget Control

Actual expenditures or outlays will be compared with budgeted amounts for each federal award at least annually and more often as required by law or deemed prudent by the board or administrative staff.

F. Payment Methods

The District will comply with applicable methods and procedures for payment that minimize the time elapsing between the transfer of funds and disbursement by the District, in accordance with the Cash Management Improvement Act at 31 CFR Part 205. Generally, the District receives payment from the Nebraska Department of Education on a reimbursement basis. 2 CFR § 200.305. However, if the District receives an advance in federal grant funds, the District will remit interest earned on the advanced payment quarterly to the federal agency. The District may retain interest amounts up to \$500 per year for administrative expenses. 2 CFR § 200.305(b)(9).

Consistent with state and federal requirements, the District will maintain source documentation supporting the federal expenditures (invoices, time sheets, payroll stubs, etc.) and will make such documentation available for the Nebraska Department of Education to review upon request.

G. Allowability of Costs

Expenditures must be aligned with approved budgeted items. Any changes or variations from the state-approved budget and grant application need prior approval.

When determining how the District will spend its grant funds, the Superintendent or his/her designee will review the proposed cost to determine whether it is an allowable use of federal grant funds before obligating and spending those funds on the proposed good or service. All costs supported by federal education funds must meet the standards outlined in EDGAR, 2 CFR Part 3474 and 2 CFR Part 200, Subpart E. The Superintendent or his/her designee must consider these factors when making an allowability determination.

The Superintendent or his/her designee will consider Part 200's cost guidelines when federal grant funds are expended. The Superintendent or his/her designee will also consider whether all state - and District-level requirements and policies regarding expenditures have been followed.

H. Use of Program Income – Deduction, Addition, or Cost Sharing or Matching

The default method for the use of program income for the District is the deduction method. 2 C.F.R. § 200.307(e). Under the deduction method, program income is deducted from total allowable costs to determine the net allowable costs. Program income will only be used for current costs unless the District is otherwise directed by the federal awarding agency or pass-through entity. 2 C.F.R. § 200.307(e)(1). The District may also request prior

approval from the federal awarding agency to use the addition method. Under the addition method, program income may be added to the Federal award by the Federal agency and the non-Federal entity. The program income must then be used for the purposes and under the conditions of the Federal award. 2 C.F.R. § 200.307(e)(2). The District may also request prior approval from the federal awarding agency to use the cost sharing or matching method.

While the deduction method is the default method, the District always refers to the grant award notice prior to determining the appropriate use of program income.

I. Cost Sharing or Matching

For all Federal awards, any shared costs or matching funds and all contributions, including cash and third-party in-kind contributions, must be accepted as part of the non-Federal entity's cost sharing or matching when such contributions meet all of the following criteria:

- (1) Are verifiable from the non-Federal entity's records;
- (2) Are not included as contributions for any other Federal award;
- (3) Are necessary and reasonable for accomplishment of project or program objectives;
- (4) Are allowable under subpart E (Cost Principles) of this part;
- (5) Are not paid by the Federal Government under another Federal award, except where the Federal statute authorizing a program specifically provides that Federal funds made available for such program can be applied to matching or cost sharing requirements of other Federal programs;
- (6) Are provided for in the approved budget when required by the Federal awarding agency; and
- (7) Conform to other provisions of this part, as applicable.

J. Documentation of Personnel Expenses

Records that reflect charges to federal awards for salaries and wages will comply with the rules and requirements of 2 CFR 200.430.

VI. Written Compensation Policies

A. Time and Effort Standards

All employees who are paid in full or in part with federal funds must keep specific documents to demonstrate the amount of time they spent on grant activities. This includes an employee whose salary is paid with state or local

funds but is used to meet a required “match” in a federal program. These documents, known as time and effort records, are maintained in order to charge the costs of personnel compensation to federal grants. Charges to federal awards for salaries and wages must be based on records that accurately reflect the work performed. These records must:

- (1) Be supported by a system of internal controls which provides reasonable assurance that the charges are accurate, allowable, and properly allocated;
- (2) Be incorporated into official records;
- (3) Reasonably reflect total activity for which the employee is compensated, not exceeding 100% of compensated activities;
- (4) Encompass both federally assisted and all other activities compensated by the District on an integrated basis;
- (5) Comply with the established accounting policies and practices of the District and
- (6) Support the distribution of the employee’s salary or wages among specific activities or costs objectives.

B. Time and Effort Procedures

Time and effort procedures will follow and comply with 2 CFR 200.430(i).

C. Fringe Benefits

Except as provided otherwise by federal law, the costs of fringe benefits will be allowable provided that the benefits are reasonable and required by law, a district-employee agreement, or another policy of the District.

D. Leave

The cost of fringe benefits in the form of regular compensation paid to employees during periods of authorized absences from the job, such as for annual leave, family-related leave, sick leave, holidays, court leave, military leave, administrative leave, and other similar benefits, are allowable if they are provided under established written District leave policies.

E. Unexpected or Extraordinary Circumstances

In the event of a pandemic or other unexpected or extraordinary circumstance, the District may close school or individual buildings. In such case, the District may compensate federally funded or other employees during such closure to ensure the return of staff to employment after the closure as allowed by state or federal law.

F. Documentation for Personnel Expenses

Records that reflect charges to federal awards for salaries and wages will comply with the rules and requirements of 2 CFR 200.430.

VII. Other Contract Matters.

A. Required Terms

The non-Federal entity's contracts must contain the applicable provisions required by section 200.326 and described in Appendix II to Part 200—Contract Provisions for non-Federal Entity Contracts Under Federal Awards.

B. Contracting with Certain Vendors

Pursuant to the standards contained in 2 C.F.R. § 200.321, the District will take all necessary affirmative steps to assure that minority businesses, women's business enterprises, veteran-owned businesses, and labor surplus area firms are used when possible consistent with state law.

Buy American. The District participates in the National School Lunch Program and School Breakfast Program and is required to use the nonprofit food service funds, to the maximum extent practicable, to buy domestic commodities or products for Program meals. A “domestic commodity or product” is defined as one that is either produced in the U.S. or is processed in the U.S. substantially using agricultural commodities that are produced in the U.S. as provided in 7 CFR 210.21(d). The District may deviate from this general requirement only if:

- The product is not produced or manufactured in the U.S. in sufficient and reasonably available quantities of a satisfactory quality; or
- Competitive bids reveal the costs of a U.S. product are significantly higher than the non-domestic product.

C. Record Keeping

1. Record Retention

- a) The District maintains all records that fully show (1) the amount of funds under the grant or subgrant; (2) how the subgrantee uses those funds; (3) the total cost of each project; (4) the share of the total cost of each project provided from other sources; (5) other records to facilitate an effective audit; and (6) other records to show

compliance with federal program requirements. 34 C.F.R. §§ 76.730-.731 and §§ 75.730-.731. The District also maintains records of significant project experiences and results. 34 C.F.R. § 75.732. These records and accounts must be retained and made available for programmatic or financial audit.

- b) The U.S. Department of Education is authorized to recover any federal funds misspent within 5 years before the receipt of a program determination letter. 34 C.F.R. § 81.31(c). Schedule 10 (Local School Districts) and Schedule 24 (Local Agencies General Records) of the Nebraska Records Management Division as approved by the Nebraska Secretary of State/State Records Administrator requires the District to maintain records regarding federal awards for a minimum of six (6) years. Consequently, the District shall retain records for a minimum of six (6) years from the date on which the final Financial Status Report is submitted, unless otherwise notified in writing to extend the retention period by the awarding agency, cognizant agency for audit, oversight agency for audit, or cognizant agency for indirect costs. However, if any litigation, claim, or audit is started before the expiration of the record retention period, the records will be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken. 2 C.F.R. § 200.333.
- c) Records will be destroyed in compliance with Schedule 10, Schedule 24, and State law. This includes the completion of a Records Disposition Report.

2. Maintenance of Procurement Records

- a) The District must maintain records sufficient to detail the history of all procurements. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, the basis for the contract price (including a cost or price analysis), and verification that the contractor is not suspended or debarred.

- b) Retention of procurement records shall be in accordance with applicable law and Board policy.

D. Privacy

The District has protections in place to ensure that the personal information of both students and employees is protected. These include the use of passwords that are changed on a regular basis; staff training on the requirements of the Family Educational Rights and Privacy Act (FERPA) and State confidentiality requirements; and training on identifying whether an individual requesting access to records has the right to the documentation.

E. Travel Costs

All travel expenses paid with federal grant funds shall meet the federal requirements such as:

- (1) All travel costs must be reasonable and necessary;
- (2) All travel costs must be consistent with District policy; and
- (3) All travel costs must be directly related to the grant award.

In addition, all travel expenses funded with federal grant funds must be preapproved by the Superintendent or designee. The state per diem rates for lodging shall be used to determine that maximum amount charged to a federal grant. For reimbursement of meals, the per diem rate and rules set by the State of Nebraska through the Nebraska Department of Administrative Service's Expense Reimbursement Document "ERD" Guidelines will apply. There will be no reimbursement for breakfast if the staff member's lodging provides continental breakfast at no cost. For reimbursement for mileage or fuel, the State of Nebraska mileage rate will apply. If a District-owned vehicle is available for travel, the District-owned vehicle must be utilized unless preapproved by the Superintendent or designee. All expenditures claimed by staff must include receipts and a completed voucher.

Fiscal Management for Purchasing and Procurement Using Federal Funds

I. Applicability of Policy

This policy applies only to non-construction related purchases undertaken with federal funds which are subject to the federal Uniform Grant Guidance (UGG) and other applicable federal law, including but not limited to the Education Department and General Administration Regulations (EDGAR) and the United States Department of Agriculture (USDA) regulations governing school food service programs. In the event this policy conflicts or is otherwise inconsistent with mandatory provisions of the UGG, EDGAR or other applicable federal law, the mandatory provisions of the laws shall control.

All other non-construction purchases will be governed by the Board's general purchasing policy, which can be found earlier in this subsection. In the event of a conflict between state and federal law, the more stringent requirement shall apply.

This procurement policy shall govern all purchasing activities that relate to any aspect of the National School Lunch and Breakfast Programs. The district's goal is to fully implement all required procurement rules, regulations and policies set forth in 2 CFR 200, 7 CFR parts 210, 3016 and 3019, and by the Nebraska Department of Education.

II. Procurement System

The District maintains the following purchasing procedures.

A. Responsibility for Purchasing

The authority to make purchases shall be governed by the District's purchasing policy, which can be found elsewhere in this section. Except as otherwise provided in the District's purchasing policy, the acquisition of services, equipment, and supplies shall be centralized in the administration office under the supervision of the superintendent of schools, who shall be responsible for developing and administering the purchasing program of the school district. Purchases or commitments of district funds that are not authorized by this policy will be the responsibility of the person making the commitment.

B. Methods of Purchasing

The type of purchase procedures required depends on the cost of the item(s) being purchased.

1. Purchases up to ~~\$10,000~~15,000 (Micro-Purchases)

Micro-purchase means an individual procurement transaction for supplies or services using simplified acquisition procedures, the annual aggregate amount of which does not exceed ~~\$10,000~~15,000. Micro-purchases may be made or awarded without soliciting competitive quotations, to the extent district staff determine that the cost of the purchase is reasonable. For purposes of this policy "reasonable" means the purchase is comparable to market prices for the geographic area.

To the extent practicable, the District distributes micro-purchases equitably among qualified suppliers. The District will follow its standard policy on purchasing, which can be found earlier in this subsection.

2. Purchases between ~~\$10,000~~15,000 and ~~\$250,000~~350,000 (Simplified Acquisition Procedures)

Simplified acquisitions are purchases that, in the aggregate amount, are more than ~~\$10,000~~15,000 and less than ~~\$250,000~~350,000 annually. For simplified acquisitions, price or rate quotes shall be obtained in advance from a reasonable number of qualified sources as detailed in the district's standard policies on purchasing and on bid letting and contracts, which can be found earlier in this subsection.

3. Purchases Over ~~\$250,000~~350,000

a) Sealed Bids (Formal Advertising)

For purchases over ~~\$250,000~~350,000, the district will generally follow the bidding process outlined in the board's policy on Bidding for Construction, Remodeling, Repair or Site Improvement. If sealed bids are not accepted for a purchase of over ~~\$250,000~~350,000, the district will retain an explanation for that decision.

b) Contract/Price Analysis

The District performs a cost or price analysis in connection with every procurement action in excess of ~~\$250,000~~350,000, including contract

modifications. The district will make an independent estimate of costs prior to receiving bids or proposals.

4. Noncompetitive Proposals (Sole Sourcing)

- a) Procurement by noncompetitive proposals is procurement through solicitation of a proposal from only one source and may be used only when one or more of the following circumstances apply:
 - 1) The procurement transaction can only be fulfilled by a single source;
 - 2) The public exigency or emergency for the requirement will not permit a delay resulting from providing public notice of a competitive solicitation;
 - 3) The federal awarding agency or pass-through entity expressly authorizes written approval of noncompetitive proposals in response to a written request from the District; or
 - 4) After solicitation of a number of sources, competition is determined inadequate.
- b) Noncompetitive proposals may only be solicited with the approval of the superintendent or the board. Sufficient and appropriate documentation that justifies the sole sourcing decision must be maintained by the superintendent or designee.
- c) A cost or price analysis will be performed for noncompetitive proposals when the price exceeds ~~\$250,000~~\$350,000.

5. Competitive Proposals.

- a) The technique of competitive proposals is normally conducted with more than one source submitting an offer, and either a fixed price or cost-reimbursement type contract is awarded. It is generally used when conditions are not appropriate for the use of sealed bids. If this method is used, the following requirements apply:

- 1) Requests for proposals must be publicized and identify all evaluation factors and their relative importance. Any response to publicized requests for proposals must be considered;
 - 2) Proposals must be solicited from an adequate number of qualified sources; and
 - 3) Contracts must be awarded to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered.
- b) The District may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors' qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method, where price is not used as a selection factor, can only be used to procure A/E professional services. The method may not be used to purchase other services provided by A/E firms are a potential source to perform the proposed effort.
- c) The District may select a proposal that offers the best value and that is based upon the proposer's responsiveness to the proposal, experience, reputation, staff qualifications, ability and capacity to carry on the work, price, honesty, integrity, skills, business judgment, financial stability, past performance, and other relevant factors. The evaluation may be conducted by the school board, a designated committee, or another designee of the school board.

C. Use of Purchase (Debit & Credit) Cards

District use of purchase cards is subject to the policy on purchase cards which can be found elsewhere in this subsection.

D. Federal Procurement System Standards

The district's procurement transactions will be conducted in a manner providing full and open competition consistent with 2 C.F.R §200.319.

The District will maintain and follow general procurement standards consistent with 2 C.F.R. §200.318.

E. Debarment and Suspension

The District awards contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, public policy compliance, proper classification of employees (see the Fair Labor Standards Act, 29 U.S.C. 201, chapter 8), record of past performance, and financial and technical resources when conducting a procurement transaction.

The District may not subcontract with or award subgrants to any person or company who is debarred or suspended. For all contracts over \$25,000 the District verifies that the vendor with whom the District intends to do business with is not excluded or disqualified. 2 C.F.R. Part 200, Appendix II(1) and 2 C.F.R. §§ 180.220 and 180.300.

The District will verify debarment or suspension by revising the excluded parties list on SAM.gov, collecting a certification through the bidding process, and/or by including a debarment and suspension provision in the bid and contract documents. The Superintendent or his/her designee shall be responsible for such verification.

F. Settlements of Issues Arising Out of Procurements

The District alone is responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to, source evaluation, protests, disputes, and claims. These standards do not relieve the District of any contractual responsibilities under its contracts. Violations of law will be referred to the local, state, or federal authority having proper jurisdiction.

III. Conflict of Interest and Code of Conduct

A. Board and staff member conflicts of interest are governed by the district's conflict of interest policies.

B. Purchases covered by this policy are subject to the following additional provisions.

1. Employees, officers, and agents engaged in the selection, award, and/or administration of district contracts which are prohibited from engaging in such actions if a real or apparent conflict of interest is present.
2. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract.
3. The board may determine at its discretion that a financial interest is not substantial enough to give rise to a conflict of interest.

C. Favors and Gifts

An employee, officer, agent, and board member of the District may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts, except that this provision does not prohibit the receipt of unsolicited items of nominal value. For purposes of this policy, "nominal value" means a fair market value of \$25 or less.

D. Enforcement

Disciplinary Actions including, but not limited to, counseling, oral reprimand, written reprimand, suspensions without pay, or termination of employment, will be applied for violations of such standards by officers, employees, board members, or agents of the District.

IV. Property Management Systems

A. Property Classifications

1. Equipment means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost that equals or exceeds the lesser of the capitalization level established by the District for financial statement purposes, or \$10,000.
2. Supplies means all tangible personal property other than those described in §200.33 Equipment. A computing device is a supply if the acquisition cost is less than the lesser of the

capitalization level established by the District for financial statement purposes or \$10,000, regardless of the length of its useful life. 2 C.F.R. §200.94.

3. Computing Devices means machines that acquire, store, analyze, process, and publish data and other information electronically, including accessories (or “peripherals”) for printing, transmitting and receiving, or storing electronic information. 2 C.F.R. §200.20.
4. Capital Assets means tangible or intangible assets used in operations having a useful life of more than one year which are capitalized in accordance with GAAP. Capital assets include:
 - a) Land, buildings (facilities), equipment, and intellectual property (including software) whether acquired by purchase, construction, manufacture, lease-purchase, exchange, or through capital leases; and
 - b) Additions, improvements, modifications, replacements, rearrangements, reinstallations, renovations or alterations to capital assets that materially increase their value or useful life (not ordinary repairs and maintenance). 2 C.F.R. §200.12.

B. Inventory Procedure

Newly purchased property shall be received and inspected by the staff member who ordered it to ensure that that it matches the purchase order, invoice, or contract and that it is in acceptable condition.

Equipment, Computing Devices, and Capital Assets must be tagged with an identification number, manufacturer, model, name of individual who tagged the item, and date tagged).

C. Inventory Records

For equipment, computing devices, and capital assets purchased with federal funds, the following information is maintained in the property management system:

1. Serial number;
2. District identification number;
3. Manufacturer;

4. Model;
5. Date tagged and individual who tagged it;
6. Source of funding for the property;
7. Who holds title;
8. Acquisition date and cost of the property;
9. Percentage of federal participation in the project costs for the federal award under which the property was acquired;
10. Location, use and condition of the property; and
11. Any ultimate disposition data including the date of disposal and sale price of the property.

The inventory list shall be adjusted by the superintendent of schools or his/her designee for property that is sold, lost, stolen, cannot be repaired, or that cannot be located.

D. Physical Inventory

1. A physical inventory of the property must be taken and the results reconciled with the property records at least once every two years.
2. The Superintendent or his/her designee will ensure that the physical inventory is performed. The physical inventory will generally occur during the months of June or July, but may be conducted during other time periods with the approval of the superintendent.

E. Maintenance

In accordance with 2 C.F.R. 313(d)(4), the District maintains adequate maintenance procedures to ensure that property is kept in good condition.

F. Lost or Stolen Items

The District maintains a control system that ensures adequate safeguards are in place to prevent loss, damage, or theft of the property. The District will notify the Federal agency or pass-through entity of any loss, damage, or theft of equipment that will have an impact on the program.

G. Use of Equipment

Equipment must be used in the program or project for which it was acquired as long as needed, whether or not the project or program continues to be supported by the federal award, and the District will not encumber the

property for any non-federal program use without prior approval of the federal awarding agency and the pass-through entity.

H. Disposal of Equipment

When it is determined that equipment acquired under a federal award is no longer needed for the original project or program or for other activities currently or previously supported by a federal awarding agency, the Superintendent or his/her designee will contact the awarding agency (or pass-through for a state-administered grant) for disposition instructions.

If the item has a current fair market value of \$10,000 or less, it may be retained, sold, or otherwise disposed of with no further obligation to the federal awarding agency or pass-through entity. The Superintendent or his/her designee will utilize sales procedures which ensure the highest possible return on the disposal of the equipment.

I. Equipment Retention

When included in the terms and conditions of the Federal award, the Federal agency may permit the recipient to retain equipment, or authorize a pass-through entity to permit the recipient to retain equipment, with no further obligation to the Federal Government unless prohibited by Federal statute or regulation.

J. Equipment and Capital Expenditures

All equipment and capital expenditures shall comply with the rules and requirements of 2 CFR 200.439.

K. Depreciation

All depreciation shall comply with the rules and requirements of 2 CFR 200.436.

L. Reporting and Recording Federal Property Interest

The district will comply with federal interest reporting and submit annual reports, if required, regarding a real property interest due to a renovation, major remodeling, construction, or real property project funded by federal grant funds.

V. Financial Management

A. Identification

The District will identify, in its accounts, all federal awards received and expended and the federal programs under which they were received. Federal program and award identification include, as applicable, the CFDA title and number, federal award identification number and year, name of the federal agency, and, if applicable, name of the pass-through entity.

B. Financial Reporting

The District will make an accurate, current, and complete disclosure of the financial results of each federal award or program in accordance with the financial reporting requirements set forth in the Education Department General Administrative Regulations (EDGAR).

C. Accounting Records

The District maintains records which adequately identify the source and application of funds provided for federally-assisted activities. These records must contain information pertaining to grant or subgrant awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation.

D. Internal Controls

The Superintendent or his/her designee must maintain effective control and accountability for all funds, real and personal property, and other assets through board review and approval of claims, an annual audit of the district's finances pursuant to the applicable Nebraska Department of Education and federal rules and regulations, and comparison of expenditures and outlays to budgeted amounts. The District adequately safeguards all such property and assures that it is used solely for authorized purposes. The District takes reasonable cybersecurity and other measures to safeguard information including protected personally identifiable information.

E. Budget Control

Actual expenditures or outlays will be compared with budgeted amounts for each federal award at least annually and more often as required by law or deemed prudent by the board or administrative staff.

F. Payment Methods

The District will comply with applicable methods and procedures for payment that minimize the time elapsing between the transfer of funds and disbursement by the District, in accordance with the Cash Management Improvement Act at 31 CFR Part 205. Generally, the District receives payment from the Nebraska Department of Education on a reimbursement basis. 2 CFR § 200.305. However, if the District receives an advance in federal grant funds, the District will remit interest earned on the advanced payment quarterly to the federal agency. The District may retain interest amounts up to \$500 per year for administrative expenses. 2 CFR § 200.305(b)(9).

Consistent with state and federal requirements, the District will maintain source documentation supporting the federal expenditures (invoices, time sheets, payroll stubs, etc.) and will make such documentation available for the Nebraska Department of Education to review upon request.

G. Allowability of Costs

Expenditures must be aligned with approved budgeted items. Any changes or variations from the state-approved budget and grant application need prior approval.

When determining how the District will spend its grant funds, the Superintendent or his/her designee will review the proposed cost to determine whether it is an allowable use of federal grant funds before obligating and spending those funds on the proposed good or service. All costs supported by federal education funds must meet the standards outlined in EDGAR, 2 CFR Part 3474 and 2 CFR Part 200, Subpart E. The Superintendent or his/her designee must consider these factors when making an allowability determination.

The Superintendent or his/her designee will consider Part 200's cost guidelines when federal grant funds are expended. The Superintendent or his/her designee will also consider whether all state - and District-level requirements and policies regarding expenditures have been followed.

H. Use of Program Income – Deduction, Addition, or Cost Sharing or Matching

The default method for the use of program income for the District is the deduction method. 2 C.F.R. § 200.307(e). Under the deduction method, program income is deducted from total allowable costs to determine the net allowable costs. Program income will only be used for current costs unless the District is otherwise directed by the federal awarding agency or pass-through entity. 2 C.F.R. § 200.307(e)(1). The District may also request prior

approval from the federal awarding agency to use the addition method. Under the addition method, program income may be added to the Federal award by the Federal agency and the non-Federal entity. The program income must then be used for the purposes and under the conditions of the Federal award. 2 C.F.R. § 200.307(e)(2). The District may also request prior approval from the federal awarding agency to use the cost sharing or matching method.

While the deduction method is the default method, the District always refers to the grant award notice prior to determining the appropriate use of program income.

I. Cost Sharing or Matching

For all Federal awards, any shared costs or matching funds and all contributions, including cash and third-party in-kind contributions, must be accepted as part of the non-Federal entity's cost sharing or matching when such contributions meet all of the following criteria:

- (1) Are verifiable from the non-Federal entity's records;
- (2) Are not included as contributions for any other Federal award;
- (3) Are necessary and reasonable for accomplishment of project or program objectives;
- (4) Are allowable under subpart E (Cost Principles) of this part;
- (5) Are not paid by the Federal Government under another Federal award, except where the Federal statute authorizing a program specifically provides that Federal funds made available for such program can be applied to matching or cost sharing requirements of other Federal programs;
- (6) Are provided for in the approved budget when required by the Federal awarding agency; and
- (7) Conform to other provisions of this part, as applicable.

J. Documentation of Personnel Expenses

Records that reflect charges to federal awards for salaries and wages will comply with the rules and requirements of 2 CFR 200.430.

VI. Written Compensation Policies

A. Time and Effort Standards

All employees who are paid in full or in part with federal funds must keep specific documents to demonstrate the amount of time they spent on grant activities. This includes an employee whose salary is paid with state or local

funds but is used to meet a required “match” in a federal program. These documents, known as time and effort records, are maintained in order to charge the costs of personnel compensation to federal grants. Charges to federal awards for salaries and wages must be based on records that accurately reflect the work performed. These records must:

- (1) Be supported by a system of internal controls which provides reasonable assurance that the charges are accurate, allowable, and properly allocated;
- (2) Be incorporated into official records;
- (3) Reasonably reflect total activity for which the employee is compensated, not exceeding 100% of compensated activities;
- (4) Encompass both federally assisted and all other activities compensated by the District on an integrated basis;
- (5) Comply with the established accounting policies and practices of the District and
- (6) Support the distribution of the employee’s salary or wages among specific activities or costs objectives.

B. Time and Effort Procedures

Time and effort procedures will follow and comply with 2 CFR 200.430(i).

C. Fringe Benefits

Except as provided otherwise by federal law, the costs of fringe benefits will be allowable provided that the benefits are reasonable and required by law, a district-employee agreement, or another policy of the District.

D. Leave

The cost of fringe benefits in the form of regular compensation paid to employees during periods of authorized absences from the job, such as for annual leave, family-related leave, sick leave, holidays, court leave, military leave, administrative leave, and other similar benefits, are allowable if they are provided under established written District leave policies.

E. Unexpected or Extraordinary Circumstances

In the event of a pandemic or other unexpected or extraordinary circumstance, the District may close school or individual buildings. In such case, the District may compensate federally funded or other employees during such closure to ensure the return of staff to employment after the closure as allowed by state or federal law.

F. Documentation for Personnel Expenses

Records that reflect charges to federal awards for salaries and wages will comply with the rules and requirements of 2 CFR 200.430.

VII. Other Contract Matters.

A. Required Terms

The non-Federal entity's contracts must contain the applicable provisions required by section 200.326 and described in Appendix II to Part 200—Contract Provisions for non-Federal Entity Contracts Under Federal Awards.

B. Contracting with Certain Vendors

Pursuant to the standards contained in 2 C.F.R. § 200.321, the District will take all necessary affirmative steps to assure that minority businesses, women's business enterprises, veteran-owned businesses, and labor surplus area firms are used when possible consistent with state law.

Buy American. The District participates in the National School Lunch Program and School Breakfast Program and is required to use the nonprofit food service funds, to the maximum extent practicable, to buy domestic commodities or products for Program meals. A “domestic commodity or product” is defined as one that is either produced in the U.S. or is processed in the U.S. substantially using agricultural commodities that are produced in the U.S. as provided in 7 CFR 210.21(d). The District may deviate from this general requirement only if:

- The product is not produced or manufactured in the U.S. in sufficient and reasonably available quantities of a satisfactory quality; or
- Competitive bids reveal the costs of a U.S. product are significantly higher than the non-domestic product.

C. Record Keeping

1. Record Retention

- a) The District maintains all records that fully show (1) the amount of funds under the grant or subgrant; (2) how the subgrantee uses those funds; (3) the total cost of each project; (4) the share of the total cost of each project provided from other sources; (5) other records to facilitate an effective audit; and (6) other records to show

compliance with federal program requirements. 34 C.F.R. §§ 76.730-.731 and §§ 75.730-.731. The District also maintains records of significant project experiences and results. 34 C.F.R. § 75.732. These records and accounts must be retained and made available for programmatic or financial audit.

- b) The U.S. Department of Education is authorized to recover any federal funds misspent within 5 years before the receipt of a program determination letter. 34 C.F.R. § 81.31(c). Schedule 10 (Local School Districts) and Schedule 24 (Local Agencies General Records) of the Nebraska Records Management Division as approved by the Nebraska Secretary of State/State Records Administrator requires the District to maintain records regarding federal awards for a minimum of six (6) years. Consequently, the District shall retain records for a minimum of six (6) years from the date on which the final Financial Status Report is submitted, unless otherwise notified in writing to extend the retention period by the awarding agency, cognizant agency for audit, oversight agency for audit, or cognizant agency for indirect costs. However, if any litigation, claim, or audit is started before the expiration of the record retention period, the records will be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken. 2 C.F.R. § 200.333.
- c) Records will be destroyed in compliance with Schedule 10, Schedule 24, and State law. This includes the completion of a Records Disposition Report.

2. Maintenance of Procurement Records

- a) The District must maintain records sufficient to detail the history of all procurements. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, the basis for the contract price (including a cost or price analysis), and verification that the contractor is not suspended or debarred.

- b) Retention of procurement records shall be in accordance with applicable law and Board policy.

D. Privacy

The District has protections in place to ensure that the personal information of both students and employees is protected. These include the use of passwords that are changed on a regular basis; staff training on the requirements of the Family Educational Rights and Privacy Act (FERPA) and State confidentiality requirements; and training on identifying whether an individual requesting access to records has the right to the documentation.

E. Travel Costs

All travel expenses paid with federal grant funds shall meet the federal requirements such as:

- (1) All travel costs must be reasonable and necessary;
- (2) All travel costs must be consistent with District policy; and
- (3) All travel costs must be directly related to the grant award.

In addition, all travel expenses funded with federal grant funds must be preapproved by the Superintendent or designee. The state per diem rates for lodging shall be used to determine that maximum amount charged to a federal grant. For reimbursement of meals, the per diem rate and rules set by the State of Nebraska through the Nebraska Department of Administrative Service's Expense Reimbursement Document "ERD" Guidelines will apply. There will be no reimbursement for breakfast if the staff member's lodging provides continental breakfast at no cost. For reimbursement for mileage or fuel, the State of Nebraska mileage rate will apply. If a District-owned vehicle is available for travel, the District-owned vehicle must be utilized unless preapproved by the Superintendent or designee. All expenditures claimed by staff must include receipts and a completed voucher.

Relations with Employee Collective Bargaining Associations

The board of education recognizes the right of staff members to belong to professional employee organizations. The board will negotiate with organizations that have been certified or recognized in accordance with public employee bargaining statutes. The board or administration will coordinate with certified or recognized organizations for purposes of collective bargaining.

The district will allow professional employee organizations to make reasonable use of district facilities for meetings outside the district's and the employees' work hours. With administrative approval, organizations may use district resources, post notices of meetings, and provide other information on bulletin boards designated for this purpose, and use district email and mailboxes for delivery of information specific to the organization. Organizations must pay for all supplies used, damage caused, or the loss or theft of borrowed property.

For purposes of recruiting new members, organizations may host or attend certain meetings of certificated staff outside the district's and the employees' work hours. Attendance at any staff meetings does not include all-staff, building-level, committee, or other meetings called by the district, unless those meetings are open to other organizations or if required by law.

Relations with Employee Collective Bargaining Associations

The board of education recognizes the right of staff members to belong to organizations for bargaining purposes pursuant to state statutes. The board will negotiate with employee associations that have been established in accordance with public employee bargaining statutes and will negotiate with local collective bargaining unit representatives at mutually agreeable times.

To facilitate an amicable relationship between the district and any local employee associations, the district will allow associations to make reasonable use of district facilities for meetings outside the school's and the employees' work hours. With administrative approval, associations may use district resources, post notices of meetings and other information on bulletin boards designated for this purpose, and use district e-mail and mail boxes for delivery of employment-related information. Associations must pay for all supplies used, damage caused, or the loss or theft of borrowed property.

Mandatory Attendance Age

All children who are or will turn six years old before January 1 of the current school year are of mandatory attendance age. Children who have not turned eighteen years of age are of mandatory attendance age.

Exceptions

This policy does not apply when attendance is made impossible or impracticable by severe weather conditions or by the mental or physical illness of the student or a child whom the student is parenting.

A child who will not reach age 7 before January 1 of the current school year may be excused from mandatory attendance if the child's parent or guardian completes an affidavit affirming that alternative educational arrangements have been made for the child. A copy of the required affidavit is attached to this policy.

Discontinuing Enrollment – 5 Year Old Students

The person seeking to discontinue the enrollment of a student who will not reach six years of age prior to January 1 of the current school year shall submit a signed, written request to the superintendent using the form which is attached to this policy. The superintendent may confirm the validity of the submission with the State Department of Education.

Prohibition on Discontinuing Enrollment – Abuse or Neglect Investigation

Each building principal, at his or her discretion, may delegate these responsibilities to any other qualified individual. documentation supports such absence. In the instance of chronic illness, documentation shall be reviewed each semester.

Excused Absences – Others

The following additional absences will be considered excused if they are confirmed by communication to the school from the student's parent/guardian:

1. Severe weather
2. Medical appointments for the student

When a student receives 15 unexcused absences or the hourly equivalent in any school year, the Attendance Officer will send written notification of the student's total absences to the student's parent or guardian and shall schedule a meeting with relevant stakeholders to discuss and address any barriers to the student's attendance, unless the Attendance Officer determines that such a meeting would not be productive in facilitating the student's regular attendance.

Admission of Part-Time Students

A student may be permitted to enroll on a part-time basis pursuant to this policy and applicable curricular practices when enrollment is appropriate for reasons that include but are not limited to the following: the student attends another education institution on a primary basis; is enrolled for a limited number of credit hours needed to graduate; has a modified schedule because of a disability or as part of an individualized education plan; or is a student who attends a private, denominational, or parochial school or a school that elects not to meet accreditation or approval requirements (referred to herein as an exempt school student or an exempt school, respectively).

Eligibility and Application for Enrollment. A student may be eligible for part-time enrollment if the student:

1. is of appropriate age to attend school;
2. is a resident of this school district;
3. is a resident of another school district attending a private, denominational, parochial, or exempt school, but only if
 - a. this school district is the closest to the student's residence that offers the extracurricular sport or activity they desire to participate in, and their resident school district does not offer that sport or activity; or
 - b. the school building the student would attend if accepted for part-time enrollment is closer than the school building the student attends or would attend at the resident district;
4. has not graduated from high school; and
5. has not received a graduate equivalency diploma.

The parent or guardian must meet all of the district's admission requirements and file an application for enrollment on forms provided by the school district by August 1 prior to the year of enrollment. For second semester high school courses, the application must be filed by January 1. For students who move into the district mid-semester, the application must be filed within 20 days of moving into the district. The administration shall review the application, determine whether to approve or deny it, notify the parent or guardian, and schedule enrollment at an educationally appropriate time in the building or attendance center of the administration's choice. Enrollment does not carry over from one school year to the next, and the parent or guardian must apply for enrollment each school year.

Limitations Based on Resources. The part-time enrollment of students is subject to limitations for grades, classes, courses, and programs based on the limited resources available to the school district. Full-time students shall be given priority for enrollment in grades, classes, courses, and programs.

Placement of Students. Students accepted for part-time enrollment shall be placed in courses for which they have adequate preparation and which are determined to be educationally appropriate based on criteria that include, but are not limited to the student's age, achievement test scores, academic record, evaluation by school personnel and any other standards used by the district for the placement of students.

Grades and Academic Honors. Students accepted for part-time enrollment shall receive grades, report cards, and transcripts, but shall not be eligible to graduate, receive a diploma or qualify for class ranking unless they meet all district requirements including earning a sufficient number of credit hours and semesters of attendance.

Applicability of School Rules. Students accepted for part-time enrollment are subject to all rules and standards of the board of education and administration as set forth in policy, handbooks or other communications, as well as the rules and directives of the building administration and staff. They must remain on the school campus during scheduled classes but must leave the school campus when not engaged in a course, course-related activity, or an extracurricular activity or sport, unless the building principal approves their presence. Students who violate school policies, rules, or directives shall be subject to disciplinary procedures up to and including suspension and expulsion.

Extracurricular Sports and Activities. [OPTION 1: accredited private school students can't participate] Students who are enrolled in a private, denominational, or parochial school may not participate in extracurricular sports and activities sponsored by the school district.

[OPTION 2: accredited private school students can participate]. Students who are enrolled in a private, denominational, or parochial school may not participate in extracurricular sports and activities sponsored by the school district if they participate in extracurricular sports and activities at any other public, private, denominational, or parochial school. Any such students who desire to participate in extracurricular sports and activities at the school district must enroll in the following number of credit hours from the school district:

3. For extracurricular sports and activities not regulated or governed by any such entity: 5 credit hours.

Exempt school students may only participate in extracurricular sports and activities if they are enrolled in at least 20 total credit hours per semester, when combining the exempt school credit hours and credit hours taken on a part-time basis at the school district. Exempt school students are not eligible to participate in extracurricular sports and activities sponsored by the school district if they participate in any sport or activity sponsored by any other public, private, denominational, or parochial school. 3. For extracurricular sports and activities not regulated or governed by any such entity: 5 credit hours.

All students permitted to participate in extracurricular sports and activities under this policy must also meet all other eligibility requirements set by the board, administration, and coach/sponsor prior to participating and for continued participation in the sport or activity. This includes but is not limited to rules for completing courses; up/down lists for deficient grades and/or incompletes; and all eligibility and other requirements of the Nebraska School Activities Association and any other governing bodies for the activity or sport.

Transportation. Part-time school students are not entitled to transportation or reimbursement for transportation to and from the school for class attendance purposes, unless required by law. Eligible part-time students are entitled to transportation to and from practices and extracurricular events to

POLICY 5013: EXTRACURRICULAR DRUG TESTING PROGRAM

The school district supports and values student participation in extracurricular activities, but such participation in school district extracurricular activities is a privilege and not a right. Students in all extracurricular activities in grades 7-12 shall be subject to mandatory and random testing for the presence of alcohol or illegal drugs.

1. Purpose of Random Drug Testing

- a. The school district has recognized that observed and suspected drug and alcohol use and abuse has increased among the student population, including students participating in extracurricular activities.
 - b. The school district seeks to provide safe, drug-free schools.
 - c. The school district seeks to deter the use of illegal and prohibited drugs and alcohol among students.
 - d. The school district recognizes that students who use illegal and prohibited drugs pose a threat to the health and safety of themselves, other students, teachers, administrators, and other persons.
 - e. The school district finds that the drug and alcohol problem among the student body will be effectively addressed by making sure that the large number of students participating in extracurricular activities do not use drugs and alcohol.
2. **Notice:** Each student who participates or seeks to participate in extracurricular activities shall be given a copy of this policy either in written form or included in the student and activities handbook. The policy and all forms will be posted on the district's website
 3. **Drug Testing Coordinator:** The Drug Testing Coordinator shall be the Principal or his or her designee unless otherwise indicated.
 4. **Extracurricular Activities:** This policy applies to any activity that meets the guidelines of an extracurricular activity at the school district, which includes but is not necessarily limited to the following:

5. Students Who Are Required to Submit to Drug Testing

- a. **Grades:** All students in grades 7-12 who participate in any extracurricular activity or competition are part of the pool subject to random drug testing.
 - b. **Consent:** A student and his or her parent(s)/guardian(s) must sign a consent form before the student shall be eligible to try out for, practice with, or participate in the extracurricular activity. The consent form is attached to this policy.
 - c. **Selection Pool Eligibility:** Students shall remain in the selection pool for an entire calendar year (365 days) from the date the consent form is received by the school district.
 - d. **Withdrawal:** Students who have a consent form on file remain eligible for drug tests from the date the consent form is received by the school district and throughout the remainder of the school year or until the student files a Withdrawal of Student from Activity form signed by the student and his or her parent(s)/guardian(s). Upon withdrawal, the student shall not be eligible to participate in any activity that is subject to drug testing for the remainder of the school year. A student who files a Withdrawal of Student from Activity form after selected for a random drug test but before submitting to the test or after testing positive shall be ineligible to participate in any extracurricular activities for one calendar year from the date the Withdrawal of Student from Activity form is received by the Drug Testing Coordinator.
6. **Drugs:** Students participating in extracurricular activities are prohibited from using, possessing, distributing, manufacturing, or having drugs present in their system. "Drugs" means:

Any substance considered illegal by the Uniform Controlled Substances Act, Neb. Rev. Stat. § 28-401 et seq. Any substance, which is controlled by the Food and Drug Administration unless prescribed to the student by any licensed medical practitioner

7. Testing Procedures

- a. **Student Selection:** All students who participate in extracurricular activities and submit a consent form will be included in a master list and will be subject to random drug screening. The master list shall be submitted to the company employed by the district to conduct the testing.
 - b. **Parental Request:** Students who do not participate in extracurricular activities may be added to the random drug screening master list upon parental/guardian request and filling out the forms. If a parent requests that they have their student drug tested, the parent/guardian, not the district, will pay the cost of that test.
8. **Type of Test:** The school district reserves the right to utilize breath or a 12-panel urinalysis testing procedures. Urine samples, which screen positive, will be confirmed by either a Gas Chromatography/Mass Spectrometry (GC/MS) or Liquid Chromatography/Mass Spectrometry (LC/MS) confirmatory test. Positive breath alcohol tests will be confirmed by EBT (Evidential Breath Tester).
9. **Collection Site:** The Drug Testing Coordinator will designate the varsity locker room's outer restroom as the collection sites at which the student will provide specimens. The collection site may be off the premises of the school district, if deemed necessary.
10. **Collection Procedures:** The school board will select a Drug Program Administrator (DPA). The DPA shall randomly select the students subject to drug testing from the master list of the active students participating in extracurricular activities at the time of the test. The DPA will maintain and follow generally accepted industry standards for collecting, maintaining, shipping, and accessing all specimens. The DPA will seek to obtain the sample in a manner designed to insure accurate testing protocols while minimizing intrusion into a student's privacy. The DPA and the school district will provide a copy of the collection procedures upon request. The Drug Testing Coordinator will determine the time of day for testing to be completed.
 - a. **Drugs:** Students may be randomly tested for any drugs, including but not limited alcohol, amphetamines, methamphetamine, barbiturates, benzodiazepines, cocaine, metabolites, LSD, marijuana, metabolites, methadone, methaqualone, opiates, oxycodone/hydrocodone, phencyclidine,

propoxyphene, ecstasy, nicotine (tobacco).

- b. **Results:** The Drug Program Administrator or their representative shall notify the student's parent/guardian of any positive test after the initial screening. The DPA will use a secure method to transmit all positive test results to the DPA's Medical Review Officer (MRO). An MRO accreditation body will certify the MRO. The MRO will be responsible for reviewing test results and determining whether the use of a substance identified by the sample analysis is from illicit use or a legitimate medical use. Prior to making a final decision, the MRO or his or her assistant shall contact the student and his or parent(s)/guardian(s) to discuss the result over the telephone. If the MRO determines the test results are negative, no further action shall be taken against the student. The MRO will only report results of verified positives to the DPA. The DPA shall then notify the Drug Testing Coordinator of the positive test result. The Drug Testing Coordinator shall notify the student and his or her parent(s)/guardian(s) and any staff members responsible for implementing the consequences of this policy.
 - c. **Request for a Retest:** A split specimen will be collected for all testing methods, with the exception of alcohol testing. A positive alcohol test will be confirmed with an EBT device. A student's parent(s)/guardian(s) may request that the split specimen be tested at a second nationally certified laboratory from a list provided by the MRO. The request for the test must be submitted in writing to the MRO (with a copy sent to the Drug Testing Coordinator) within 72 hours of being notified of the final testing result. The student and his or her parent(s)/guardian(s) must pay the associated costs for an additional test in advance. The costs will be reimbursed if the result of the split sample test is negative. The student will remain subject to the consequences of this policy during the retesting procedure.
11. **Negative Tests:** Students and their parents will receive verbal or written notice when the student's test result is negative by the district's Drug Testing Coordinator.
12. **Consequences for Testing Positive:** Whenever the test results indicate the presence of drugs, and/or a student is caught or self-reports using drugs and/or alcohol, Drug Testing Coordinator shall schedule and hold a confidential meeting with the student, parent/guardian, and sponsor/coach. Other members of the school's administration may also attend the meeting. At the meeting, the Drug Testing Coordinator shall explain the drug testing procedures and the policy of the district. The consequences shall be as follows (All offenses are cumulative in grades 7-8. Offenses that occur in grades 7-8 shall not count as offenses in grades 9-12. The student shall attend additional drug and alcohol counseling or educational program provided by the district. The counseling will be arranged by the Guidance Counselor in conjunction with the student's parents or guardians.

The student must submit to a district-administered test and test

11. Tampering: Tampering is the use of any agent or technique, which is designed to avoid detection of a drug and/or compromise the integrity of a drug test and is prohibited. This includes providing false urine samples (for example, urine substitution), contaminating the urine sample with chemicals or chemical products, the use of diuretics to dilute urine samples, and the use of masking. If the Drug Program Administrator, the MRO, or the onsite-collecting agent determines that a student tampered with a drug test, they will contact the Drug Testing Coordinator and the student shall not be eligible to participate in any activities covered under this policy including all meetings, practices, performances and competitions for one calendar year.

The use of any such agent or technique shall be treated as a positive test for drugs prohibited by this Policy and shall be subject to the penalties set forth in Section 9 of this Policy.

12. Maintenance of Records: All results of drug testing shall be confidential, Procedures for maintaining confidentiality will be developed by the school district and the testing organization. The Drug Testing Coordinator shall maintain records of positive tests in a secure location. This information will not be available to anyone other than appropriate

school personnel and parents. This information will be destroyed upon the student's graduation or one year after the student's class graduates. Under no circumstances will this information become a part of the student's permanent file, nor will it be sent to another school when the student moves to another district or transfers to another school. The school district will not share drug-testing results with any law enforcement agencies.

13. **Appeal:** A student participating in extracurricular activities who has been determined by school district officials to be in violation of this policy shall have the right to appeal the decision to the Superintendent or his/her designee(s). The request for a review must be submitted to the Superintendent in writing within five (5) calendar days of notice of the positive test. A student requesting a review will remain eligible to participate in any extracurricular activities until the review is completed. The Superintendent or his/her designee(s), in consultation with the Drug Program Administrator and the Medical Review Officer, shall then determine whether the original finding was justified. 5035 Student Discipline

Administrative and teaching personnel may take actions regarding student behavior, other than those specifically provided in this policy and the Student Discipline Act, which are reasonably necessary to aid the student, further school purposes, or prevent interference with the educational process. Such actions may include, but need not be limited to, counseling of students, parent conferences, referral to restorative justice practices or services, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling, psychological evaluation, or psychiatric evaluation upon the written consent of a Parent to such counseling or evaluation. Disciplinary consequences may also include in-school suspension, Saturday School, and any other consequence authorized by law. District administrators may develop building-specific protocols for the imposition of student discipline.

Any disciplinary action taken by staff must be consistent with the requirements of other applicable laws, including but not limited to the IDEA, Section 504, and Title IX.

In this policy, references to "Principal" shall include building principals, the principal's designee, or other appropriate school district administrators.

"Parent" means parent, guardian, or educational decisionmaker of the student. "Educational decisionmaker" means a person designated or ordered by a court to make educational decisions on behalf of a child.

Any statement, notice, recommendation, determination, or similar action specified in this policy shall be effectively given at the time written evidence thereof is delivered personally to or upon receipt of certified or registered mail or upon actual knowledge by a student or his or her Parent.

Any student who is suspended or expelled from school pursuant to this policy may not participate in any school activity during the duration of that exclusion including adjacent school holidays and weekends. The student activity eligibility of a student who is mandatorily reassigned shall be determined on a case-by-case basis by the principal of the building to which the student is reassigned.

Pre-Kindergarten through Second Grade Students

Notwithstanding any other provision of this policy, an elementary school shall not suspend a student in pre-kindergarten through second grade unless the student:

1. Brings a deadly weapon as defined in section 28-109 onto school grounds, into a vehicle owned, leased, or contracted by a school being used for a school purpose or into a vehicle being driven for a school purpose by a school employee or his or her designee, or at a school-sponsored activity or athletic event; or
2. Engages in violent behavior capable of causing physical harm to another student or school employee.

As an alternative to suspension, the school district may take any action authorized by law, including those provided in section 79-258.

Makeup Work for Suspended Students

Any student who is suspended must be given an opportunity to complete any classwork and homework missed during the period of suspension, including, but not limited to, examinations ("makeup work"). Any makeup work must be completed and turned in within 2 school days after completion of the suspension. This makeup guideline shall be provided to the student and a Parent at the time of suspension. Suspended students may not be required to attend the school's alternative program for expelled students in order to complete classwork or homework.

Short-Term Suspension

The Principal may exclude students from school or any school function for a period of up to five school days (short-term suspension) on the following grounds:

1. Conduct constituting grounds for expulsion as hereinafter set forth; or
2. Other violations of rules and standards of behavior adopted by the Board of Education or the administrative or teaching staff of the school, that occur on or off school grounds, if such conduct interferes with school purposes or there is a connection between such conduct and school.

The following process applies to short-term suspension:

1. The Principal shall make a reasonable investigation of the facts and circumstances. Short-term suspension shall be imposed only after a determination that the suspension is necessary to help any student, to further school purposes, or to prevent an interference with school purposes.
2. After the principal has determined that a short-term suspension is necessary, but prior to commencement of the short-term suspension, the student and the Parent will be given oral and written notice of the charges against the student. They will be advised of what the student is accused of having done, be given an explanation of the evidence the authorities have, and be given an opportunity to present evidence of the student's version of the facts.
3. Within 24 hours or such additional time as is reasonably necessary, not to exceed an additional 48 hours, following the suspension, the Principal will send a written statement to the student, and the student's Parent, describing:
 - a. The student's conduct, misconduct or violation of the rule or standard;
 - b. The reasons for the action taken;
 - c. The actions made by the school to try to discontinue or alleviate the behavior of the student prior to considering suspension;
 - d. Resources the school is able to provide or recommend to assist the student; and
 - e. How the school plans to handle such behavior in the future, including an actionable plan aimed at maximizing strategies to keep the student in school.
4. An opportunity will be given to the student, and the student's Parent, to have a conference with the Principal ordering the short-term suspension before or at the time the student returns to school and shall document such effort in writing. The Principal shall determine who, in addition to the Parent, is to attend the conference. If no conference has been held, a Parent may submit a written request to the suspending principal before the student returns to school.
5. Students who are short-term suspended must be given the opportunity to complete classwork and homework missed during the period of suspension, including but not limited to examinations, as provided herein.

Emergency Exclusion

Students may be emergency excluded from school pursuant to the board's separate policy on emergency exclusion or state law.

Weapons and/or Firearms

Weapons. No student may possess, handle, or transmit any weapon while on school grounds, in a school vehicle, or at any school activity or event off school grounds except as permitted by this policy. **Definition of Weapon.** The term "weapon" means any object, device, instrument, material, or substance which is capable of causing injury in the manner it is used or intended to be used.

Firearms. No student may bring, possess, handle or transmit a firearm on school grounds, in a school owned vehicle, or at a school activity or event off school grounds, except as permitted by this policy. **Definition of Firearm.** The term "firearm, as defined in 18 U.S.C. 921, means any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive, the frame or receiver of any such weapon, any firearm muffler or firearm silencer, or any destructive device (excluding an antique firearm).

Exceptions Regarding Firearms and Weapons. The only exceptions for a student to bring or possess a weapon, including a firearm, are as follows:

1. The issuance of firearms to or possession of firearms by members of the Reserve Officers Training Corps when training or
2. Firearms which may lawfully be possessed by the person receiving instruction under the immediate supervision of an adult instructor who may lawfully possess firearms.

Consequences - Firearm. Any student who brings a firearm, as that term is defined in 18 United States Code 921, to school will be expelled from school for one calendar year. The superintendent of schools and the board of education shall have the authority to modify the expulsion requirement on a case-by-case basis.

Consequences – Weapon. State law and this policy provide that any student who violates this policy by knowingly bringing, possessing, handling or transmitting a weapon, other than a firearm, on school grounds, in a school owned vehicle, or at a school activity or event off school grounds may be suspended on a long-term basis, mandatorily reassigned, or expelled for the remainder of the school year in which the expulsion takes effect (if the misconduct occurs during the first semester) or the remainder of the second semester, summer school, and the first semester of the following school year (if the misconduct occurs during the second semester).

Confiscation of Firearms and Weapons. Administrative and teaching personnel are statutorily authorized, without a warrant, to confiscate any firearm or weapon possessed in violation of this policy. Any firearm that is confiscated by school personnel shall be delivered to a peace officer as soon as practicable. Such firearms are subject to being destroyed by law enforcement authorities.

Report to Law Enforcement Authorities. All school personnel are required to report any violation of this policy to a principal or the superintendent of schools. Pursuant to state and federal law, school personnel are required to report to law enforcement authorities when a student brings a firearm to school.

Long-Term Suspension

Students may be excluded by the Principal from school or any school function for a period of more than five school days but less than twenty school days (long-term suspension) for any conduct constituting grounds for expulsion as hereinafter set forth. The process for long-term suspension is set forth below.

Expulsion

1. **Meaning of Expulsion.** Expulsion means exclusion from attendance in all schools, grounds and activities of or within the system for a period not to exceed the remainder of the semester in which it took effect unless the misconduct occurred (a) within ten school days prior to the end of the first semester, in which case the expulsion shall remain in effect through the second semester, or (b) within ten school days prior to the end of the second semester, in which case the expulsion shall remain in effect for summer school and the first semester of the following school year, or (c) unless the expulsion is for conduct specified in these rules or in law as permitting or requiring a longer removal, in which case the expulsion shall remain in effect for the period specified therein. Such action may be modified or terminated by the school district at any time during the expulsion period.
2. **Summer Review.** Any expulsion that will remain in effect during the first semester of the following school year will be automatically scheduled for review before the beginning of the school year. The review will be conducted by the hearing officer who conducted the initial expulsion hearing, or a hearing officer appointed by the Superintendent in the event no hearing was previously held or the

initial hearing officer is no longer available or willing to serve, after the hearing officer has given notice of the review to the student and the student's Parent. This review shall be limited to newly discovered evidence or evidence of changes in the student's circumstances occurring since the original hearing. This review may lead to a recommendation by the hearing officer that the student be readmitted for the upcoming school year. If the school board or board of education or a committee of such board took the final action to expel the student, the student may be readmitted only by action of the board. Otherwise the student may be readmitted by action of the Superintendent.

3. **Suspension of Enforcement of an Expulsion:** Enforcement of an expulsion action may be suspended (i.e., "stayed") for a period of not more than one full semester in addition to the balance of the semester in which the expulsion takes effect, and as a condition of such suspended action, the student may be assigned to a school, class, or program/plan and to such other consequences which the school district deems appropriate.
4. **Alternative School or Pre-expulsion Procedures.** The school shall either provide an alternative school, class or educational program for expelled students, or shall follow the pre-expulsion procedures outlined in NEB. REV. STAT. 79-266.
5. **Conclusion of Expulsion.** At the conclusion of an expulsion, the school district will reinstate the student and accept nonduplicative, grade-appropriate credits earned by the student during the term of expulsion from any Nebraska accredited institution or institution accredited by one of the six regional accrediting bodies in the United States.

5035 Student Discipline

Administrative and teaching personnel may take actions regarding student behavior, other than those specifically provided in this policy and the Student Discipline Act, which are reasonably necessary to aid the student, further school purposes, or prevent interference with the educational process. Such actions may include, but need not be limited to, counseling of students, parent conferences, referral to restorative justice practices or services, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling, psychological evaluation, or psychiatric evaluation upon the written consent of a parent or guardian to such counseling or evaluation. Disciplinary consequences may also include in-school suspension, Saturday School, and any other consequence authorized by law. District administrators may develop building-specific protocols for the imposition of student discipline.

Any disciplinary action taken by staff must be consistent with the requirements of other applicable laws, including but not limited to the IDEA, Section 504, and Title IX.

In this policy, references to "Principal" shall include building principals, the principal's designee, or other appropriate school district administrators.

Any statement, notice, recommendation, determination, or similar action specified in this policy shall be effectively given at the time written evidence thereof is delivered personally to or upon receipt of certified or registered mail or upon actual knowledge by a student or his or her parent or guardian.

Any student who is suspended or expelled from school pursuant to this policy may not participate in any school activity during the duration of that exclusion including adjacent school holidays and weekends. The student activity eligibility of a student who is mandatorily reassigned shall be determined on a case-by-case basis by the principal of the building to which the student is reassigned.

Pre-Kindergarten through Second Grade Students

Notwithstanding any other provision of this policy, an elementary school shall not suspend a student in pre-kindergarten through second grade unless the student brings a deadly weapon as defined in section 28-109 on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or his or her designee, or at a school-sponsored activity or athletic event. As an

alternative to suspension, the school district may take any action authorized by law, including those provided in section 79-258.

Makeup Work for Suspended Students

Any student who is suspended must be given an opportunity to complete any classwork and homework missed during the period of suspension, including, but not limited to, examinations ("makeup work"). Any makeup work must be completed and turned in within 2 school days after completion of the suspension. This makeup guideline shall be provided to the student and a parent or guardian at the time of suspension. Suspended students may not be required to attend the school's alternative program for expelled students in order to complete classwork or homework.

Short-Term Suspension

The Principal may exclude students from school or any school function for a period of up to five school days (short-term suspension) on the following grounds:

1. Conduct constituting grounds for expulsion as hereinafter set forth; or,
2. Other violations of rules and standards of behavior adopted by the Board of Education or the administrative or teaching staff of the school, that occur on or off school grounds, if such conduct interferes with school purposes or there is a connection between such conduct and school.

The following process applies to short-term suspension:

1. The Principal shall make a reasonable investigation of the facts and circumstances. Short-term suspension shall be imposed only after a determination that the suspension is necessary to help any student, to further school purposes, or to prevent an interference with school purposes.
2. Prior to commencement of the short-term suspension, the student will be given oral or written notice of the charges against the student. The student will be advised of what he or she is accused of having done, be given an explanation of the evidence the authorities have, and be given an opportunity to explain the student's version of the facts.
3. Within 24 hours or such additional time as is reasonably necessary, not to exceed an additional 48 hours, following the suspension, the Principal will send a written statement to the student, and the student's parent or guardian, describing the student's conduct, misconduct or violation of the rule or standard and the reasons for the

action taken. An opportunity will be given to the student, and the student's parent or guardian, to have a conference with the Principal ordering the short-term suspension before or at the time the student returns to school and shall document such effort in writing. The Principal shall determine who, in addition to the parent or guardian, is to attend the conference.

4. Students who are short-term suspended must be given the opportunity to complete classwork and homework missed during the period of suspension, including but not limited to examinations, as provided herein.

Emergency Exclusion

Students may be emergency excluded from school pursuant to the board's separate policy on emergency exclusion or state law.

No student may bring, possess, handle or transmit a firearm on school grounds, in a school owned vehicle, or at a school activity or event off school grounds, except as permitted by this policy. **Definition of Firearm.** The term "firearm, as defined in 18 U.S.C. 921, means any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive, the frame or receiver of any such weapon, any firearm muffler or firearm silencer, or any destructive device (excluding an antique firearm).

Exceptions Regarding Firearms and Weapons. The only exceptions for a student to bring or possess a weapon, including a firearm, are as follows:

1. The issuance of firearms to or possession of firearms by members of the Reserve Officers Training Corps when training or
2. Firearms which may lawfully be possessed by the person receiving instruction under the immediate supervision of an adult instructor who may lawfully possess firearms.

The superintendent of schools and the board of education shall have the authority to modify the expulsion requirement on a case-by-case basis.

Consequences – Weapon. State law and this policy provide that any student who violates this policy by knowingly bringing, possessing, handling or transmitting a weapon, other than a firearm, on school grounds, in a school owned vehicle, or at a school activity or event off school grounds may be suspended on a long-term basis, mandatorily reassigned, or expelled for the remainder of the school year in which the expulsion takes effect (if the misconduct occurs during the first semester) or the remainder of the second semester, summer school, and the first semester of the following school year (if the misconduct occurs during the second semester).

Confiscation of Firearms and Weapons. Administrative and teaching personnel are statutorily authorized, without a warrant, to confiscate any firearm or weapon possessed in violation of this policy. Any firearm that is confiscated by school personnel shall be delivered to a peace officer as soon as practicable. Such firearms are subject to being destroyed by law enforcement authorities.

Long-Term Suspension

Students may be excluded by the Principal from school or any school function for a period of more than five school days but less than twenty school days (long-term suspension) for any conduct constituting grounds for expulsion as hereinafter set forth. The process for long-term suspension is set forth below.

Expulsion

1. **Meaning of Expulsion.** Expulsion means exclusion from attendance in all schools, grounds and activities of or within the system for a period not to exceed the remainder of the semester in which it took effect unless the misconduct occurred (a) within ten school days prior to the end of the first semester, in which case the expulsion shall

remain in effect through the second semester, or (b) within ten school days prior to the end of the second semester, in which case the expulsion shall remain in effect for summer school and the first semester of the following school year, or (c) unless the expulsion is for conduct specified in these rules or in law as permitting or requiring a longer removal, in which case the expulsion shall remain in effect for the period specified therein. Such action may be modified or terminated by the school district at any time during the expulsion period.

2. **Summer Review.** Any expulsion that will remain in effect during the first semester of the following school year will be automatically scheduled for review before the beginning of the school year. The review will be conducted by the hearing officer who conducted the initial expulsion hearing, or a hearing officer appointed by the Superintendent in the event no hearing was previously held or the initial hearing officer is no longer available or willing to serve, after the hearing officer has given notice of the review to the student and the student's parent or guardian. This review shall be limited to newly discovered evidence or evidence of changes in the student's circumstances occurring since the original hearing. This review may lead to a recommendation by the hearing officer that the student be readmitted for the upcoming school year. If the school board or board of education or a committee of such board took the final action to expel the student, the student may be readmitted only by action of the board. Otherwise the student may be readmitted by action of the Superintendent.
3. **Suspension of Enforcement of an Expulsion:** Enforcement of an expulsion action may be suspended (i.e., "stayed") for a period of not more than one full semester in addition to the balance of the semester in which the expulsion takes effect, and as a condition of such suspended action, the student may be assigned to a school, class, or program/plan and to such other consequences which the school district deems appropriate.
4. **Alternative School or Pre-expulsion Procedures.** The school shall either provide an alternative school, class or educational program for expelled students, or shall follow the pre-expulsion procedures outlined in NEB. REV. STAT. 79-266.
5. **Conclusion of Expulsion.** At the conclusion of an expulsion, the school district will reinstate the student and accept nonduplicative, grade-appropriate credits earned by the student during the term of expulsion from any Nebraska accredited institution or institution accredited by one of the six regional accrediting bodies in the United States.

Parent Involvement in Education Practices

For purposes of this policy, “parent” includes a parent, guardian, or educational decision maker (a person designated or ordered by a court to make educational decisions on behalf of a student).

The school district recognizes the importance of parental involvement in the education of their children. To the extent practicable, the school district will make a reasonable effort to make any learning materials, including original materials, available for inspection by a parent upon request.

The school district will take the following steps to ensure that the rights of parents to participate in the education of their children are preserved.

1. Parents will be provided access to textbooks, tests, activities information; digital materials; websites or applications used for learning; training materials for teachers, administrators, and staff; procedures for the review and approval of training materials, learning materials, and activities; and other curriculum materials (“curricular materials”) as follows:
 - a. A parental request to review specific curricular materials (written, visual, or audio) should be made to the principal of the building where the curricular materials are used.
 - b. The building principal will assess the request and determine the allowable volume and time frame of the review to prevent disruption to the efficient operations of the district.
 - c. The purpose of this provision is to allow reasonable access to the extent practicable. Individuals who make requests (a) for the purpose of adding staff burden; (b) at an unreasonable frequency or volume; or (c) for purposes inconsistent with the efficient operations of the district may be denied access to materials.
 - d. A parental request to review specific standardized and criterion-referenced tests used in the district should be made in writing to the building principal. Copies of the most recent tests used in the district will be available for parent review. Parents wishing to review statewide assessments will be provided with sample questions and a copy of a practice test, but will not be provided with copies of the actual assessment due to testing security. In the case of other secure tests such as the ACT, parents must contact the publisher to obtain copies of the test.

2. Parents will be permitted, within district procedures, to attend and observe courses, assemblies, counseling sessions, and other instructional activities.
 - a. Parents are invited to make appointments with the building principal to visit classes, assemblies, and other instructional activities. The principal shall give permission after determining that parental observation would not disrupt the activity. Observations that last more than 60 minutes or occur on consecutive days are typically disruptive and will not be permitted absent unusual circumstances, in the sole discretion of the building principal.
 - b. Parents may contact the building principal to request permission to attend counseling sessions in which their child is involved.
3. Parents may request that their children be excused from testing (except as provided below), classroom instruction, learning materials, activities, guest speaker events, and other school experiences ("school events") that parents find objectionable.
 - a. Parents must submit this request in writing to the building principal for consideration.
 - b. Building principals may excuse a student from any school events at the parent's written request if, in the principal's professional judgment, excusal from the activity would not result in diminution of the student's educational experience.
 - c. When the building principal determines it appropriate, alternative experiences may be provided for the student by the school.
4. Parents will be informed through the student handbook and district policies of the manner that the district will provide access to records of students.
5. Parents will be informed of the standardized and criterion-referenced district testing program. Parents may request additional information from the building principal.
6. Parents will be informed of the circumstances under which they may opt-out of state and federal assessments.

- a. In accordance with federal law, at the beginning of the school year, the District shall provide notice of the right to request a copy of this policy to parents of students attending schools receiving Title I funds. The District will provide a copy of this policy to a requesting parent in a timely manner.

- b. State Assessments

State and federal law simultaneously require students to take state assessments, with few exceptions, but also permit parents to request to opt their students out of these assessments. Approval of opt out requests is contrary to the mandatory testing laws, so the District cannot “approve” the request. Parents who do not present their child for testing will result in the child receiving the lowest score possible on the assessment.

- c. National Assessment of Educational Progress

As a condition of receiving federal funds, the District participates in the National Assessment of Educational Progress (NAEP). To help ensure that the District has a representative sample of students taking the NAEP, which will allow the District to assess the quality and effectiveness of its programming on a national level, the District strongly encourages all eligible students to participate. However, student participation in NAEP is voluntary.

The District shall provide parents of eligible students with reasonable notice prior to the exam being administered. Parents wishing to opt their students out of the NAEP assessment must notify the district in writing at least three days prior to the exam date to ensure that the District can coordinate supervision and alternative activities for students who have opted out.

- 7. Parents will be notified of their right to remove their children from surveys prior to district participation in surveys.

- a. The principal must approve all surveys intended to gather information from students before they are administered to students.

- b. Students' participation in surveys is voluntary. Parents may restrict their child from participating in any survey.
 - c. If the school administers (1) a survey requesting that students provide sexual information, mental health information, medical information, information on health-risk behaviors, religious information, information of political affiliation, or any other information that the school board deems to be sensitive in nature or (2) a non-anonymous survey requesting students provide information relating to drug, vape, alcohol, or tobacco use, the school district shall, at least fifteen days prior to the administration of the survey, notify parents, guardians, and educational decision makers of students that are to receive such survey. The notice will be made through the school's electronic notification system or by physical mail to the address on file for the student. The notice will describe the nature and types of questions included in the survey, the purposes and age-appropriateness of the survey, how information collected by the survey will be used, who will have access to such information, the steps that will be taken to protect student privacy, and whether and how any findings or results of such survey will be disclosed.
 - d. Parents have the right to: (1) request that a copy of the survey be sent through the school's electronic notification system or physical mail to the address on file for the student, (2) review the survey in person at the school, and (3) exempt their child from participating in the survey.
 - e. Unless required by federal or state law or regulation, school personnel administering any survey shall not disclose personally identifiable information of a child.
 - f. No survey requesting sexual information of a student shall be administered to any student in kindergarten through grade six.
 - g. The district will also comply with any survey requirements found in the district's policy on Protection of Pupil Rights.
8. The district will make this policy accessible by a prominently displayed link on its public website. Any amended policy will be made accessible within a reasonable time of its amendment.

However, for a course in which students receive high school credit or a course being taken as part of an approved accelerated or differentiated curriculum program, the district shall offer the course without charge for tuition, transportation, books, or other fees. Students who choose to apply for post-secondary education credit for these courses must pay tuition and all other fees associated with obtaining credits from a post-secondary educational institution. District Title I Parent and Family Engagement Policy

The school district will jointly develop with parents a School-Parent-Student Compact that outlines how the parents, school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the State's high standards.

The written District Parent and Family Engagement Policy will be jointly developed and distributed to parents and family members of participating children and the local community in an understandable format and to the extent practicable, in a language the parents can understand. An annual evaluation of the content and effectiveness of the Parent and Family Engagement Policy will be used to design evidence-based strategies for more effective parental involvement, to revise the Parent and Family Engagement Policy and to remove barriers to participation.

The school district recognizes the unique needs of students who are being served in its Title I program, and the importance of parent and family engagement in the Title I program. Parent and family engagement in the Title I Program shall include, but is not limited to:

1. An annual meeting to which all parents of participating children will be invited to inform parents of their school's participation under this part, to explain the requirements of this part, and the right of the parents to be involved. Invitations may take the form of notes sent with students or announcements in the school newsletter. Additional meetings may be scheduled, based upon need and interest for such meetings.
2. An explanation of the details for the child's and parents' participation, including but not limited to: curriculum objectives, the forms of academic assessment used to measure student progress and the achievement levels of the challenging State academic standards, type and extent of participation, parental input in educational decisions, coordination and integration with other Federal, State, and district programs, and evaluations of progress.

3. Opportunities for participation in parent involvement activities such as training to help parents work with their children to improve achievement. A goal of parent activities is to provide parents with opportunities to participate in decisions relating to the education of their students, where appropriate.
4. The district will, to the extent practicable, provide parents of limited English proficiency, parents with disabilities, parents with limited literacy, are economically disadvantaged, are of a racial or minority background or parents of migratory children with opportunities for involvement in the Title I Program. Communication to parents about student progress and the district's other Title I Program communications will be provided in the language used in the home to the extent practicable. Responses to parent concerns will be provided in a timely manner.
5. Opportunities for parent-teacher conferences, in addition to those regularly scheduled by the school district, if requested by the parents or as deemed necessary by school district staff.
6. The district will coordinate and integrate parental involvement programs and activities with other programs in the community. These may include cooperation with other community programs such as Head Start and preschools and other community services such as the public library.
7. Educate teachers, specialized instructional support personnel, principals, and other school leaders, with the assistance of parents in the value and utility of contributions of parents, how to reach out to, communicate with and work with parents as equal partners.

This policy shall be reviewed annually at the annual meeting where concerned parties can have a conversation about possible changes to the Parent and Family Engagement Policy.

Grade Placement and Academic Credits of Transfer Students

The district will use the criteria outlined below to determine both the grade-level placement and the academic credit awarded to transfer students. The administration is the final decision-maker and decisions made pursuant to this policy may not be appealed to the board of education.

Transfer from an Accredited School District

A student transferring from an accredited school generally will be placed at the grade level that is comparable to the placement in the school from which the student is transferring. Temporary placement may be made until a student's records are received to verify the placement.

The student's building principal may place a student into a grade level that is different from the accredited school from which the student is transferring after considering the following information:

- Student's chronological age
- Previous school experience
- Academic transcript received from the accredited school of origin
- Testing data from the accredited school of origin, including but not limited to, standardized achievement test data, criterion-referenced test data, classroom testing data, and diagnostic test data
- Testing data from any tests or assessments conducted by the school district

All credits awarded to a student by an accredited institution will be counted towards applicable graduation requirements for the transferring student.

Transfer From a Non-Accredited School

A student or a parent/guardian of a student who is transferring into the district from a non-accredited school must provide the district with copies of all materials that have been used to provide instruction to the student that the family would like the district to consider in determining the appropriate grade level at which to place the student and credits to be awarded to the student. The student's building principal will then consider those materials and the following factors in determining the grade level placement for the student:

- Student's chronological age
- Previous school experience
- Materials submitted by the student or family pursuant to this policy

- Testing data from any tests or assessments conducted by the school district

The district will only award credit toward graduation from courses while the student was in a non-accredited school if the student can demonstrate mastery of the concepts required for completion of that course. Mastery will be assessed by standard and nonstandardized testing, at the discretion of the administration.

Multiple Enrollments and Re-enrollments In the Same Semester

Students from non-accredited schools who disenroll and then re-enroll in the district multiple times during the same semester will be permitted to resume the grade placement that the student was in at the time of the prior enrollment. However, students who fail to attend the total number of days per semester required of enrolled students will not be eligible to receive credit for the partial semester of enrollment.

The district will not retroactively award credit for time spent in exempt or non-accredited status.

A student's eligibility to participate in extracurricular activities upon re-entry is subject to all eligibility rules and the district's policies governing extracurricular eligibility.

Placement of International Students.

The district administration, in conjunction with the building principal, will determine the appropriate grade level/credit status of a student transferring from a country other than the US.

Graduation Requirements

Regardless of the school(s) previously attended, a student transferring into the school district in grades 9-12 will be responsible for meeting all graduation requirements to be awarded a diploma from the district.

Transfer From a Non-Accredited School.

A student or a parent/guardian of a student who is transferring into the district from a non-accredited school must provide the district with copies of all materials that have been used to provide instruction to the student that the family would like the district to consider in determining the appropriate grade level at which to place the student and credits to be awarded to the student. The student's building principal will then consider those materials and the following factors in determining the grade level placement for the student:

- Student's chronological age
- Previous school experience

- Materials submitted by the student or family pursuant to this policy
- Testing data from any tests or assessments conducted by the school district

The district will only award credit toward graduation from courses while the student was in a non-accredited school if the student can demonstrate mastery of the concepts required for completion of that course. Mastery will be assessed by standard and nonstandardized testing, at the discretion of the administration.

Multiple Enrollments and Re-enrollments In the Same Semester

Students from non-accredited schools who disenroll and then re-enroll in the district multiple times during the same semester will be permitted to resume the grade placement that the student was in at the time of the prior enrollment. However, students who fail to attend the total number of days per semester required of enrolled students will not be eligible to receive credit for the partial semester of enrollment.

The district will not retroactively award credit for time spent in exempt or non-accredited status.

A student's eligibility to participate in extracurricular activities upon re-entry is subject to all eligibility rules and the district's policies governing extracurricular eligibility.

Placement of International Students.

The district administration, in conjunction with the building principal, will determine the appropriate grade level/credit status of a student transferring from a country other than the US.

Graduation Requirements

Regardless of the school(s) previously attended, a student transferring into the school district in grades 9-12 will be responsible for meeting all graduation requirements to be awarded a diploma from the district.

Student Cell Phone and Other Electronic Devices

Students may NOT use cell phones or other electronic devices (AirPods, smart watches, personally-owned tablets, gaming devices, etc.) while at school during school hours. They cannot use them during passing periods or at lunch. Smart watches and other wearable devices must have communications and notifications disabled during school hours. The only exceptions are for students whose education team determines it necessary, such as to accommodate a disability, or as required by law.

Students should keep cell phones or other electronic devices in their lockers or backpacks to avoid distractions and temptation to use them during school hours. Students may keep them on their person, but any use is prohibited.

Any student who uses their cell phone or other electronic device during school hours is in violation of this policy and the student code of conduct and may face disciplinary consequences. Staff who discover students using a cell phone or electronic device while at school during the school day will immediately confiscate the device and turn it into the administration.

In addition to the disciplinary consequences imposed, a parent or legal guardian of the offending student must pick up the confiscated devices from the office in person. The administration will return the device to the parent or guardian, after meeting with the parent or guardian to discuss the rule violation.

Students who repeatedly violate this policy may, at the discretion of the school's administration, be subject to additional discipline, up to and including expulsion.

Student Cell Phone and Other Electronic Devices

Students may use cell phones or other electronic devices while at school, so long as they do so safely, responsibly and respectfully and comply with all other school rules while using these devices.

By bringing their cell phones and other electronic communication devices to school, students consent to the search of said devices by school staff when permitted by law.

Students may not have cell phones or electronic devices on while they are in locker rooms, restrooms, or any other area in which others may have a reasonable expectation of privacy.

The taking, disseminating, transferring, or sharing of obscene, pornographic, lewd, or otherwise illegal images or photographs, whether by electronic data transfer or otherwise (including things like texting, sexting, emailing, etc.) may constitute a crime under state and/or federal law. Any person engaged in these activities while on school grounds, in a school vehicle or at a school activity will be subject to the disciplinary procedures of the student code of conduct.

While on school property, at a school activity, or in a school vehicle, students may not use their cell phones or electronic devices to bully, harass, or intimidate any other person as governed by the student code of conduct.

Students shall be personally and solely responsible for the security of their electronic devices. The district is not responsible for theft, loss or damage of any electronic device, including any calls or downloads.

Students who violate this policy may have their cell phones or electronic devices confiscated immediately. The administration will return confiscated devices to the parent or guardian of the offending student, after meeting with the parent or guardian to discuss the rule violation. Students who violate this policy may, at the discretion of the school's administration, be subject to additional discipline, up to and including suspension or expulsion.

Student Use of AI Tools

As used in this policy, artificial intelligence tools (“AI Tools”) mean machine-based resources that use computer science, algorithms, large language models, and/or machine learning to perform tasks, answer questions, collect information, and respond to human-directed tasks, queries, and objectives. AI Tools include, but are not necessarily limited to, commercially-available resources like ChatGPT, Gemini, Claude and similar programs.

AI Tools may be useful to student learning. However, students and staff must ensure that student use of AI Tools should focus on using such tools as a resource and for background material, rather than using the AI Tools to complete the assignment. Therefore, AI Tools may only be used by students in accordance with the following requirements:

1. Students may not use AI tools on any assignment, test, or project unless the staff member has given express permission for the student to do so. Staff Member permission to use an AI tool on one assignment does not carry over to other assignments. Individual staff members will decide for each individual assignment the extent to which students may use AI Tools.
2. If a student uses any AI Tools in connection with a school assignment, the student must:
 - a. Give proper attribution to the specific AI Tool(s) used to the same extent that students are expected to give proper attribution to other sources of information such as books, texts, encyclopedias, secondary sources, and other traditional media. Such attribution may include, but is not necessarily limited to, accurate quotations, citations, footnotes, endnotes, and/or bibliography entries.
 - b. Never copy and paste the output from the AI Tool into the student’s work as if the student wrote such section himself or herself.
3. Students may never use AI Tools to:
 - a. Cheat on any assignment, test, or quiz;
 - b. Help answer questions on a test or quiz without staff member permission;
 - c. Make or share deepfakes or fake images, audio, or video of any real person;

- d. Make or share sexual, nude, or intimate images of any real person—even if the image is fake or AI-made;
 - e. Bully, harass, threaten, intimidate or impersonate any person;
 - f. Place another student or staff member name, photo, voice, or personal information into an AI Tool without staff member authorization;
 - g. Use AI Tools to bypass accommodations, content filters, or school security.
4. A student may use AI Tools as an accommodation if his/her IEP team or Section 504 committee has approved use of the tool. The student must disclose the use of AI Tools to the staff member grading the assignment.
5. A student's failure to meet the requirements stated in this policy will constitute a violation of the district's prohibitions against cheating plagiarism and/or academic dishonesty, including but not necessarily limited to such prohibitions stated in the Student Handbook, which violation will subject the student to discipline up to and including expulsion.
6. The student requirements stated above are the minimum requirements for any student assignment. An individual teacher may impose more stringent requirements for any specific academic assignment or coursework.

ACH Originator

The District sends electronic payments through the ACH (Automated Clearing House) Network such as payroll direct deposits and/or vendor payments. Because of these payments, the District is classified as an ACH Originator. As an ACH Originator, the District complies with the National Automated Clearing House Association (NACHA) Operating Rules which govern the ACH Network. The District's bank requires compliance with the Rules as a condition of the District's ability to send ACH Payments.

Responsibilities. The District follows all terms of its Originating Depository Financial Institution/Originator Agreement with its bank. The District obtains a written authorization before sending any ACH payment. The District meets all processing deadlines set by the bank and NACHA. The District gives authorization records to the bank upon request within NACHA's required timeframes. The District keeps all sensitive banking information secure. When the District receives a Notification of Change, it updates the payment record before the next ACH transaction. When the District receives a return due to an error or unauthorized activity, it stops all related subsequent payments until instructions are received from the Bank. The District keeps its computer systems and network secure in line with its bank agreement. The District uses procedures to spot unauthorized payments. All employees with ACH duties will complete training, if required by the Bank or NACHA, and respond to audit requests. The District will implement internal controls and procedures to mitigate errors and risk of unauthorized ACH entries.

Fraud Monitoring. The District reviews ACH transactions for unusual patterns or amounts before submitting each file. If the District suspects an error or unauthorized ACH transaction, the District will: determine whether the problem is fraud, a scam, or an internal error; notify the bank right away; contact law enforcement if needed; and stop all related future ACH transactions.

Employee Training. All employees with ACH duties will complete any ACH origination training required by the District's designated bank(s).

4065 Staff Use of AI Tools

As used in this policy, artificial intelligence tools ("AI Tools") means machine-based resources that use computer science, algorithms, large language models, and/or machine learning to perform tasks, answer questions, collect information, and respond to human-directed tasks, queries, and objectives. AI Tools include, but are not necessarily limited to, commercially-available resources like ChatGPT, Gemini, Claude, and similar technologies. The board wants to encourage staff to use AI tools to support student learning in safe and lawful ways.

This policy works together with the district's policies on Student Use of AI Tools, Staff Internet and Computer Use, and Staff and District Social Media Use.

Tool Approval. Staff may not use an AI Tool with students or with student information unless a member of the district's administration has approved it. To use a new tool, staff must request approval from his/her supervising administrator first. Before approving a tool, the district will review the vendor's privacy and security practices, the kind of student information the tool would use, and whether a written data-sharing agreement with the vendor is required. The district will keep a list of approved AI Tools and the allowed uses for each.

I. Staff Expectations for Use of AI Tools in Education

A. Acceptable Use of AI Tools. Staff members must use their own professional oversight for any task they use AI Tools to complete and must carefully review the outputs of all AI Tools. Staff may use approved AI Tools to help with things like:

1. Drafting lesson plans, learning goals, and activities;
2. Assisting in initial review and feedback of student work;
3. Making reading passages or practice problems at different levels;
4. Drafting general messages like newsletters or announcements;
5. Finding resources or summarizing public information;
6. Drafting routine communications.

B. Protecting Student Information. Staff may upload student information into an AI Tool only when (a) the tool is district-approved, and (b) the vendor is bound by a written data-sharing agreement with terms that meet FERPA, COPPA, PPRA, and applicable state student data privacy laws. For this purpose, student information includes student names, ID numbers, education records, IEPs, Section 504 plans, evaluations, health records, and discipline records. This rule applies whether the staff member uses a district account, a personal account, a free version, or a paid version.

C. Recording and Transcription Tools. Staff may use AI recording or transcription tools only if:

1. The transcription tool has been approved by an administrator for use in the school context; and
2. All participants to the meeting are informed that the staff member is recording or transcribing the meeting.

The resulting recording or transcript may be subject to the district's retention and confidentiality policies.

D. Unacceptable Use of AI Tools in Education. Staff may never use AI tools to:

1. Upload FERPA-protected information about students without the express, written authorization from administrators who have assured themselves that such disclosure is lawful;
2. Relying solely on an AI Tool to grade student work that counts toward a grade or transcript or otherwise evaluate student academic progress;
3. Make or share deepfakes or fake images, audio, or video of any real person.
4. Make or share sexual or intimate images of any real person—even if the image is AI-generated;
5. Use AI to harass, bully, threaten, or impersonate any student, staff member, parent, board member, or community member;
6. Use AI to watch, track, or scan faces of students or staff outside of systems the board has approved;

7. Upload materials to AI if the copyright or license does not allow it;
8. Share district AI accounts or passwords with students or others;
9. Use district AI accounts for personal or business reasons; or
10. Use AI to bypass district network security, content filters, or device controls.

If any staff member is uncertain about the application of this policy to any AI Tool use, the staff member will check with a supervising administrator before use.

- “Parent” means the parent, guardian, or educational decisionmaker of any student currently attending the school district; and
- “Educational decisionmaker” means a person designated or ordered by a court to make educational decisions on behalf of a child.

Catalog of Library Books. The superintendent or designee shall create and maintain a catalog of all books in the school district’s library, categorized by school building, that shall be accessible by a Parent.

Opportunity for Notification. A Parent shall have the opportunity to be notified when the Parent’s student checks out a book from the school library, which notification shall include the title of the book, the author(s) of the book, and the date the book is due to be returned to the school library. The administration may elect to allow a Parent to exercise the opportunity to receive such notifications by means of a website, application notification, or by opting into email notifications.

Nothing in this policy shall be construed to create any rights of access or rights to notification in favor of any person that does not meet the definition of Parent stated above.

WELCOME

Dear Students and Parents:

On behalf of the faculty, administration, and board of education, we welcome you to another school year. We are looking forward to helping your children reach their learning potential and achieve their educational goals in the upcoming year.

Please read this handbook carefully. Students and their parents are responsible for knowing the rules, regulations, and procedures covered in this handbook. The student handbook is an extension of school policies and has the force and effect of board policy when approved by the board of education.

There are several forms at the end of this handbook that you must read, sign, and return no later than August 21st.

This handbook contains information of value to every student and parent. It contains explanations of school regulations and procedures necessary for our school to run smoothly and efficiently. If you are ever in doubt about what is the right thing to do, ask a classroom teacher, speak with the building principal, or contact my office.

Sincerely,

Mr. Rodney Engel
Superintendent

Intent of Handbook

This handbook is intended to be used by students, parents, and staff as a guide to the rules, procedures, and general information about this school district. Students and their parents must become familiar with the handbook, and parents should use it as a resource and assist their children in following the rules contained in it. The use of the word “parents” refers to any adult who has the responsibility for making education-related decisions about a child, including, but not limited to biological parents, adoptive parents, legal guardians, and adults acting in loco parentis.

Although the information in this handbook is detailed and specific on many topics, it is not intended to be all-encompassing or to cover every situation and circumstance that may arise during a school day or school year. This handbook does not create a “contract” with parents, students, or staff, and the administration may make decisions and rule revisions at any time to implement the educational program and to assure the well-being of all students. The administration is responsible for interpreting the rules contained in the handbook. If a situation or circumstance arises that is not specifically covered in this handbook, the administration will make a decision based on applicable school district policies, and state and federal statutes and regulations.

MISSION STATEMENT

The Mission of Shelton Public Schools is to develop respectful, independent problem solvers who have acquired the skills and character necessary to confront the challenges of today and the confidence to impact tomorrow.

BELIEF STATEMENTS

- We believe that clear and coherent systems are important to achieving our goals.
- Each student should have access to high-quality grade-level material no matter the platform.
- Our systems must be designed to ensure every student has equitable opportunities to meet the high expectations we set for students' success.
 - This means special populations (SPED, EL, Gifted) need systemic support to ensure their success.
- Students and staff need social-emotional and mental health support.
 - This means kids need positive relationships and connections with peers and adults to be successful while teachers need collaboration and interaction.

Safety Precautions are critical for staff, students, and community

SECTION ONE

BASIC SCHOOL RULES AND GENERAL PRACTICES

Attendance

Required Attendance

Every person residing in the school district who has legal or actual charge or control of any child who is of mandatory attendance age shall cause that child to attend a public or private school regularly unless the child has graduated from high school or has been allowed to disenroll pursuant to this policy.

Mandatory Attendance Age

All children who are or will turn six years old before January 1 of the current school year are of mandatory attendance age. Children who have not turned eighteen years of age are of mandatory attendance age.

Exceptions

This policy does not apply when attendance is made impossible or impracticable by severe weather conditions or by the mental or physical illness of the student or a child whom the student is parenting.

A child who will not reach age 7 before January 1 of the current school year may be excused from mandatory attendance if the child's parent or guardian completes an affidavit affirming that alternative educational arrangements have been made for the child. A copy of the required affidavit is attached to this policy.

Discontinuing Enrollment – 5- Year- Old Students

The person seeking to discontinue the enrollment of a student who will not reach six years of age prior to January 1 of the current school year shall submit a signed, written request and to the superintendent using the form which is attached to this policy. The school district may request written verification or documentation that the person signing the form has legal or actual charge or control of the student. The school district shall discontinue the enrollment of any student who satisfies these requirements. Any student whose enrollment is discontinued under this subsection shall not be eligible to reenroll in this school district until the beginning of the following school year unless otherwise required by law.

Discontinuing Enrollment – 16- and 17- Year- Old Students

Only children who are at least 16 years of age may be disenrolled from the district. The person seeking to discontinue the child's enrollment shall submit a signed, written request that demonstrates that the student meets

the district's legal criteria allowing for disenrollment to the superintendent using the applicable district form. The district will follow the procedures outlined on the attached form in considering requests to disenroll.

Only children disenrolling to attend a non-accredited school may be exempt from this policy. The person with legal or actual charge or control of the child must provide the superintendent with a copy of the signed request submitted to the State Department of Education for attending non-accredited schools. The superintendent may confirm the validity of the submission with the State Department of Education.

Prohibition on Discontinuing Enrollment – Abuse or Neglect Investigation

Upon notice from the Department of Health and Human Services, the District shall not facilitate the transfer or disenrollment of a student whose parent, guardian, or educational decisionmaker is subject to an active investigation by the Department for fourteen days or until further notice from the Department, whichever occurs first.

Attendance Officer

Each building principal is designated as an attendance officer for the district. Each building principal, at his or her discretion, may delegate these responsibilities to any other qualified individual. The attendance officer is responsible for enforcing the provisions of state law relating to compulsory attendance. This responsibility includes but is not limited to filing a report with the county attorney of the county in which a student resides. Compensation for the duties of attendance officer is included in the salary for the superintendent or designee.

Excused Absences – Physical or Mental Illness

Absences shall be excused by a parent, guardian, or educational decision maker, as defined in section 79-530, of the child for physical or mental illness and as documented by a credentialed health professional, provided the documentation supports such absence. In the instance of chronic illness, documentation shall be reviewed each semester.

Excused Absences - Others

The following absences will be considered excused if they are confirmed by communication to the school from the student's parent/guardian:

1. Severe weather

2. Medical appointments for the student or for a child whom the student is parenting.
3. Death or serious illness of the student's family member
4. Attending a funeral, wedding or graduation
5. Appearance at court or for other legal matters
6. Observance of religious holidays of the student's own faith
7. College planning visits
8. Personal or family vacations

Excessive Absenteeism

When a student receives 8 unexcused absences or the hourly equivalent in any semester, the Attendance Officer will follow the district's policy to address barriers to the student's attendance.

When a student has accrued 20 days of unexcused absences, or the hourly equivalent, the district may report the matter to the county attorney in the county where the student resides.

Absences due to illness

The school district will contact parents if a student becomes ill at school. A student who is absent due to illness has two days for every day of absence to complete missed assignments.

Planned absences

Parents who know in advance that a student will be absent must call the school or send a written note at the earliest possible date. Students who will be absent for reasons that can be anticipated, such as routine medical appointments and school activities, must complete any work required by the teacher before the absence. Parents should make every attempt to schedule medical and other appointments after school hours when possible.

Students are obligated to:

- 1) Complete all class work in advance for any absence that can be anticipated.
- 2) Attend school a full day before attending practice or participating in a scheduled student activity except in cases of family emergencies or prearranged absences.

- 3) Check out of school at the office if leaving school during the school day.
- 4) Make up any and all work that is assigned by teachers as make-up work for the instructional time that has been missed.

Parents are obligated to:

- 1) Call the appropriate building office to inform the school of the reason for each absence.
- 2) Submit a doctor's statement, if requested, for each period of absence due to illness that exceeds five days.

Making Up Absences (Tardies)

When a student receives 10 unexcused absences (5 tardies will count toward 1 absence) or the hourly equivalent in any semester, the student shall be required to make up those absences through attendance in early dismissal/MTSS time or summer school. Students who do not make up absences or tardies risk losing credit for any course in which the absences (tardies) were accumulated.

Pregnant and Parenting Students

The District will not discriminate in its education program or activity against any student based on the student's current, potential, or past pregnancy. Students who are pregnant or parenting are encouraged to continue participating in the district's educational and extracurricular programs. Students who anticipate deviations from their regular school experience or accrue absences due to pregnancy or parenting should notify their building principal as early as possible to discuss their educational programming in collaboration with the Title IX Coordinator.

Band

Students may participate in the elementary band and begin taking band lessons in the 5th grade. Students in grades 7-8 may participate in the middle school band; grades 9-12 may participate in the high school band. Instruments will be provided by students or the school as provided by school policy. Fees may be charged as allowed or provided in the Public Elementary and Secondary Student Fee Authorization Act and the school's student fee policy or other applicable policy.

Bills

Students should pay bills for supplies, fines, shop materials, clothing orders, etc. in the school bookkeeper's office. Any check for these payments should be made out to Shelton Public Schools unless otherwise instructed. Pursuant

to board policy, the district will assess an additional penalty of \$30 for any check returned from the bank for insufficient funds.

When students purchase items of significant value, such as class rings and letter jackets, they must make payment at the time of purchase or when the order is placed.

Books and Supplies

Students must take care of books and other supplies provided by the district. The school will assess fines for damage to books and school property.

Students must supply their own consumable items such as pens, pencils, tablets, notebooks, erasers, and crayons. Each classroom teacher will prepare a supply list for students at the beginning of the school year.

Breastfeeding and Lactation

In order to accommodate lactating and breastfeeding students, the district will provide reasonable opportunities to express breast milk or breastfeed in a place, other than a bathroom, which is shielded from view and free from intrusion from district students, employees, and the public. The district will also provide a location for students to store expressed breast milk in or near the location designated for students to express milk to create the least amount of disruption to the student's participation in class or activities.

Students who wish or need to express breast milk on a regular schedule must work with school administrators to create a schedule that accommodates the student's needs while facilitating education to the maximum extent possible.

In order to prevent interference with the educational process, no student shall express breast milk within school classrooms or buses. Nothing in this policy limits the authority of the administration to impose consequences consistent with the Student Discipline Act and other state and federal law.

Bulletin Boards

Bulletin boards are maintained throughout the building to communicate general information, material, and school announcements. Students should check the bulletin boards carefully each school day. A written copy of daily announcements will be posted on the main bulletin board by the offices.

Bulletin board or electronic publishing space may be provided for the use of students and student organizations for notices relating to matters of general

interest to students. The following general limitations apply to all posting or publishing:

1. All postings must be approved by the appropriate building principal or designee. Students may not post any material containing any statement or expression that is libelous, obscene, or vulgar; that would violate board of education policies, including the student code of conduct; or that is otherwise inappropriate for the school environment.
2. All postings must identify the student or the student organization posting or publishing the notice.
3. Material shall be removed after a reasonable time to assure full access to the bulletin boards or electronic publishing media.

Bullying

Students are prohibited from engaging in any form of bullying. The Centers for Disease Control and Prevention defines bullying as “any unwanted aggressive behavior(s) by another youth or group of youths who are not siblings or current dating partners that involves an observed or perceived power imbalance and is repeated multiple times or is highly likely to be repeated.” Nebraska statute defines bullying as “an ongoing pattern of physical, verbal or electronic abuse.” The District’s administrators will consider these definitions when determining whether any specific situation constitutes bullying. Both of these definitions include both in-person and cyberbullying behaviors.

The disciplinary consequences for bullying will depend on the severity, frequency, duration, and effect of the behavior and may result in sanctions up to and including suspension or expulsion. Students who believe they are being bullied should immediately inform a teacher or the building principal.

Reporting Bullying

Students who experience or observe bullying behavior must immediately report what happened to a teacher or administrator. Students can use the district’s anonymous platform, <https://safe2helpne.com/>, to make this report. Students may always confer with their parents or guardians about bullying they experience or witness, but the students must also ultimately report the situation to a teacher or administrator.

Bullying Investigations

School district staff will investigate allegations of bullying using the same practices and procedures that the district observes for student disciplinary

matters. In no circumstance will school district staff be deliberately indifferent to allegations of bullying.

Cafeteria Rules

1. All food must be consumed in the areas designated by the school.
2. After students have eaten, they must return trays to the kitchen. All straws, papers, milk cartons should be deposited in the trash cans. All leftover food should be scraped off the tray onto the correct container. Forks and spoons should be placed in the pan with water, NOT THROWN AWAY!
3. Students are to use proper manners including eating quietly.
4. Students may not throw food or other items.
5. Second servings are available to those who have made an effort to clean their trays and have requisite funds as required by board policy.
6. Students should remain at their tables until they are dismissed.
7. Parents who wish their child to eat lunch away from school must provide a written authorization to the student's building principal.
8. Students must treat lunch personnel with respect.
9. Students who violate the above rules will be disciplined.

Candy and Gum

Students may not bring candy or gum to school unless they have prior permission from their classroom teacher or the administration.

Cell Phones and Other Electronic Devices

Students may NOT use cell phones or other electronic devices (AirPods, smart watches, personally-owned tablets, gaming devices, etc.) while at school during school hours. They cannot use them during passing periods or at lunch. Smart watches and other wearable devices must have communications and notifications disabled during school hours. The only exceptions are for students whose education team determines it necessary, such as to accommodate a disability, or as required by law.

Students should keep cell phones or other electronic devices in their lockers or backpacks to avoid distractions and temptation to use them during school hours. Students may keep them on their person, but any use is prohibited.

Any student who uses their cell phone or other electronic device during school hours is in violation of this policy and the student code of conduct and may face disciplinary consequences. Staff who discover students using a cell phone or electronic device while at school during the school day will immediately confiscate the device and turn it into the administration.

In addition to the disciplinary consequences imposed, a parent or legal guardian of the offending student must pick up the confiscated devices from the office in person. The administration will return the device to the parent or guardian, after meeting with the parent or guardian to discuss the rule violation.

Students who repeatedly violate this policy may, at the discretion of the school's administration, be subject to additional discipline, up to and including expulsion.

Cheating, Plagiarism, and Academic Dishonesty

Students may not cheat, plagiarize, or otherwise participate in any academic dishonesty in any form. Prohibited behavior includes:

- Obtaining, attempting to obtain, or aiding another person to obtain credit for work by any dishonest or deceptive means.
- Lying.
- Copying another person's work or answers.
- Discussing the answers or questions on a test or assignment unless specifically authorized by the teacher.
- Taking or receiving copies of a test without the permission of the teacher.
- Using or displaying notes, "cheat sheets," or other sources of unauthorized information.
- Using the ideas or work of another person as if they were your own without giving proper credit to the source.
- Submitting work or any portion of work completed by another person.
- Failing to give credit for ideas, statements, facts, or conclusions which rightfully belong to another person.
- Failing to use quotation marks or other appropriate means of attribution when quoting directly from another person or source.

A student who cheats, plagiarizes, or otherwise participates in any academic dishonesty is subject to discipline, up to and including expulsion.

Child Abuse and Neglect

School employees will report suspected abuse or neglect of a child as required by state law and school policy. Nebraska law defines abuse or neglect as knowingly, intentionally, or negligently causing or permitting a minor child or an incompetent or disabled person to be (1) placed in a situation that endangers his or her life or physical or mental health; (2) cruelly confined or cruelly punished; (3) deprived of necessary food, clothing, shelter or care; (4) left unattended in a motor vehicle, if such child is six years of age or younger; (5) sexually abused; (6) placed in a situation

to be sexually exploited through sex trafficking of a minor as defined in state law or by allowing, encouraging, or forcing such person to engage in debauchery, public indecency, or obscene or pornographic photography, films, or depictions; or (7) placed in a situation to be a trafficking victim as defined in state law.

Class Dismissal

Classes are in session from the ringing of the tardy bell until the teacher dismisses the class. The bell at the end of the period is not a dismissal bell, and students may not leave their classrooms until they have been excused by their classroom teacher.

Classroom Behavior

Student behavior and attitude in the classroom must be cooperative and serious. All students must:

- arrive to class on time;
- prepare for class with all necessary materials;
- be considerate of others;
- respond promptly to all directions of the teacher; and
- take care of school property and the property of others.

Teachers will establish classroom conduct rules that students must obey.

Closed Campus

Students may not leave the building without permission from the administration. Seniors, who are in good academic standing, may leave campus to go home for lunch if they have secured their parents' written permission and submitted it to the office. Students may lose this privilege, for reasons determined by the high school principal.

Coats and Boots

Elementary students must wear coats outdoors when the weather makes it advisable. The staff will decide when coats are required for recess.

Elementary students may choose to wear overshoes or boots when the playground is wet or muddy. Waterproof boots worn to school should be taken off and regular shoes worn during the day. Boots worn to school must be marked with the student's name.

Communicable Diseases

Any student who has contracted a contagious disease may be restricted from attendance at school until the student is no longer contagious. The school district uses the Title 173- Nebraska Health and Human Services/Control of Communicable Disease, Chapter 3 of the Nebraska Administrative Code as a

"best practice" guideline for contagious and infectious diseases. If there are questions regarding the communicability of your child's health condition or if you know your child has contracted a contagious or communicable disease or condition not otherwise specified in board policy or this handbook, please call 308-647-6742.

Communicating with Parents

Parents shall be kept informed of student progress, grades, and attendance through report cards, progress reports, and parent/teacher conferences. The school district will notify parents if their students are failing or close to failing. The school district will endeavor to notify parents of failing students prior to entry of the failing grade on the student's report card. Parents will also be notified of their student's possible failure to meet graduation requirements. Other pertinent information will be communicated to parents by mail or by personal contact. Official transcripts of student progress, grades, and attendance will be sent to other school systems upon the student's transfer when the district receives a written request signed by the student's parent or guardian or upon being notified that the student has enrolled in another school.

Complaint Procedure

Good communication helps to resolve many misunderstandings and disagreements. This complaint procedure applies to complaints unless the complaint is subject to a different procedure required by law, policy or contract. Individuals who have a complaint should discuss their concerns with appropriate school personnel in an effort to resolve problems at the lowest level of the chain of command. When those efforts do not resolve matters satisfactorily, including matters involving discrimination or harassment on the basis of race, color, national origin, sex, marital status, disability, or age, a complainant should follow the procedures set forth in any specific policy addressing those areas or the procedures set forth below. Allegations of sex discrimination covered by Title IX will be addressed through the board's Title IX policy.

References to "coordinator" in this policy refer to the board-designated coordinator for the applicable area, such as the Section 504 Coordinator for allegations of disability-based discrimination.

Under this policy, factual conclusions will be based on a preponderance of the evidence.

Complaint and Appeal Process.

1. The first step is for the complainant to speak directly to the person(s) with whom the complainant has a concern. For example, a parent who is unhappy with a classroom teacher should initially discuss the matter with the teacher. However, the complainant should skip the first step if complainant reasonably believes speaking directly to the person would subject complainant or complainant's student to discrimination or harassment.
2. The second step is for the complainant to speak to the building principal, coordinator, superintendent of schools, or president of the board of education, as set forth below. Anyone with questions about the appropriate person to speak with may request clarification from the superintendent.
 - a) Complaints about the operation, decisions, or personnel within a building should be submitted to the principal of the building.
 - b) Complaints about the operations of the school district or a building principal should be submitted in writing to the superintendent of schools.
 - c) Complaints about the superintendent of schools should be submitted in writing to the president of the board of education.
 - d) Complaints involving discrimination or harassment on the basis of race, color, national origin, sex, marital status, disability, or age may also be submitted at any time during the complaint procedure to the applicable coordinator. Complaints involving discrimination or harassment may also be submitted at any time to the Office for Civil Rights, U.S. Department of Education: by email at OCR.KansasCity@ed.gov; by telephone at (816) 268-0550; or by fax at (816) 268-0599.
3. When a complainant submits a complaint to an administrator or coordinator, the administrator or coordinator shall first determine whether another applicable procedure is required by policy or law and if so, direct the complaint to the appropriate person to follow that procedure. If not, the administrator or coordinator will promptly and thoroughly investigate the complaint, and shall:
 - a) Determine whether the complainant has discussed the matter with the respondent.

- 1) If the complainant has not, urge the complainant to discuss the matter directly with the respondent, if appropriate.
 - 2) If the complainant refuses to discuss the matter with the respondent, the administrator or coordinator shall, in his or her sole discretion, determine whether the complaint should or must be pursued further.
 - b) Strongly encourage the complainant to reduce his or her concerns to writing.
 - c) Interview the complainant and, if necessary, the respondent against whom the complaint is filed, to determine:
 - 1) All relevant details of the complaint;
 - 2) All witnesses and documents which the complainant believes support the complaint;
 - 3) The action or solution which the complainant seeks.
 - d) Respond to the complainant. If the complaint involves discrimination or harassment, the response shall be in writing and shall be submitted within 180 calendar days after the administrator or coordinator receives the complaint.
4. If either the complainant or the respondent is not satisfied with the decision, he or she may appeal the decision to the superintendent. The superintendent may assign a qualified designee to hear any appeal.
 - a) The appeal must be in writing.
 - b) This appeal must be received by the superintendent no later than three (3) calendar days from the date of the decision.
 - c) For complaints addressed through other applicable procedures that do not include a separate investigatory process, the superintendent will investigate as he or she deems appropriate.
 - d) The superintendent will prepare a written decision and provide it to the complainant and any other person entitled by law to receive the appeal decision. For complaints involving

discrimination or harassment, the superintendent shall submit the decision within 180 calendar days after the superintendent received complainant's written appeal. Appeals to the superintendent from complaints involving discrimination or harassment are final once the superintendent delivers the written decision, as are all other appeals/complaints to the superintendent unless the complaint can be appealed on the limited grounds to appeal to the board below.

5. The board's role is to set policy, establish and implement a budget, and evaluate the superintendent. The board does not manage the daily operations of the school district entrusted to its administration unless required by law or policy. Because of the board's statutory roles, it does not hear complaints or appeals that may involve oversight or discipline of students, staff, or others, unless those involve the superintendent as discussed below. The board does not hear complaints or appeals based on allegations of discrimination or harassment unless otherwise required by law. The board will hear appeals only in the following circumstances:
 - a) When the complaint is about a board policy, not implementation of the policy;
 - b) When the complaint involves the budget or school expenditures that have been or must be approved by the board; or
 - c) When the board is required by law, policy, or contract to hear a complaint or appeal.
6. If a complaint involves those limited grounds and a party is not satisfied with the superintendent's decision regarding the complaint or appeal, he or she may appeal the decision to the board.
 - a) This appeal must be in writing.
 - b) This appeal must be received by the board president no later than ten (10) calendar days from the date the superintendent communicated his/her decision to the complainant.
 - c) This policy allows, but does not require the board to receive statements from interested parties and witnesses relevant to the complaint appeal. However, all matters involving discrimination or harassment allegations against the superintendent shall be

promptly and thoroughly investigated by the board president or a designee.

- d) The board president will notify the complainant and any other person legally required to receive the decision in writing of its decision. If the complaint involves discrimination or harassment allegations against the Superintendent, the board president shall submit the decision within 180 calendar days after receiving the written appeal.
 - e) There is no appeal from any decision of the board unless authorized by law.
7. Formal complaints about the superintendent shall be filed with the president of the board. However, complaints about the superintendent do not include disagreement with the superintendent's decision on appeal based on a complaint of discrimination, harassment, or action of any other employee who is not the superintendent. Upon receipt of a complaint, the board president or his or her designee shall promptly and thoroughly investigate the complaint, and shall:
- a) Coordinate with school district staff, other than the superintendent, to determine if another procedure in policy or law requires the complaint against the superintendent to follow another procedure. If so, the board president will coordinate handling the complaint through that procedure. If another procedure applies, such as in the case of allegations of sex discrimination against the superintendent, the board president or, at his or her discretion, the full board will serve only to hear any appeal by a party to the complaint.
 - b) Determine whether the complainant has discussed the matter with the superintendent.
 - 1) If the complainant has not, the board president or designee will urge or require the complainant to discuss the matter directly with the superintendent, if appropriate or required.
 - 2) If the complainant refuses to discuss the matter with the superintendent, the board president shall, in his or her sole discretion, determine whether the complaint should or must be pursued further.

- c) Determine, in his or her sole discretion, whether to place the matter on the board agenda for consideration at a regular or special meeting by the full board.
- d) Respond to the complainant or appeal. If the complaint or appeal involves discrimination or harassment, the response shall be in writing and shall be submitted within 180 calendar days after the president received the complaint.
- e) Appoint or contract with other individuals qualified to assist the board through this process or any other applicable procedure used to address allegations against the superintendent.

No Retaliation. The school district prohibits retaliation against any person for filing a complaint or for participating in the complaint procedure in good faith.

Special Rules Regarding Educational Services and Related Services to Students with Disabilities. Students with disabilities and their families have specific rights outlined in state and federal law, including administrative processes by which they may challenge the educational services being provided by the school district. Therefore, the appeal process contained in this policy may not be used to challenge decisions made by a student's individualized education plan (IEP) team or 504 team.

Complaints about the educational services provided a student with a disability, including but not limited to services provided to a student with an IEP, access to curricular and extracurricular activities, and educational placement must be submitted to the school district's Director of Special Education. The Director of Special Education will address the complaint in a manner that he/she deems appropriate and will provide the complainant with a copy of the Notice of IDEA Parental Rights promulgated by the Nebraska Department of Education.

Complaints about the educational services provided a student with a disability pursuant to a Section 504 plan must be submitted to the school district's 504 Coordinator. The 504 Coordinator will address the complaint in a manner that he/she deems appropriate and will provide the complainant with a copy of the Notice of Section 504 Parental Rights adopted by the board of education.

Complaints about the educational services provided to a student who is suspected of having a disability must be submitted in writing to the school

district's Director of Special Education or to the district's 504 Coordinator. The Director of Special Education or 504 Coordinator will either refer the student for possible verification as a student with a disability or will provide prior written notice of the district's refusal to do so.

Bad Faith or Serial Filings. The purpose of the complaint procedure is to resolve complaints at the lowest level possible within the chain of command. Individuals who file complaints (a) without a good faith intention to attempt to resolve the issues raised; (b) for the purpose of adding administrative burden; (c) at a volume unreasonable to expect satisfactory resolution; or (c) for purposes inconsistent with the efficient operations of the district may be dismissed by the superintendent without providing final resolution other than noting the dismissal. There is no appeal from dismissals made pursuant to this section.

Computer Network Use by Students

Students are expected to use computers and the Internet as an educational resource. The following procedures and guidelines govern the use of computers and the Internet at school.

I. Student Expectations in the Use of the Internet

A. Acceptable Use

1. Students may use the Internet to conduct research assigned by teachers.
2. Students may use the Internet to conduct research for classroom projects.
3. Students may use the Internet to gain access to information about current events.
4. Students may use the Internet to conduct research for school-related activities.

files on the system are subject to search and inspection at any time.

2. The school district uses a technology protection measure that blocks access to some Internet sites that are not in accordance with the policy of the school district. Standard use of the Internet utilizes a proxy server-based filter that screens for non-curriculum related pages.
3. Due to the nature of filtering technology, the filter may at times filter pages that are appropriate for student research. The system administrator may override the technology protection measure for the student to access a site with legitimate educational value that is wrongly blocked.
4. The school district staff will monitor students' use of the Internet through direct supervision and by monitoring Internet use history to ensure enforcement of the policy.

B. Consequences for Violation of this Policy

1. Access to the school's computer system and to the Internet is a privilege, not a right. Any violation of school policy and rules may result in:
 - a. Loss of computer privileges;
 - b. Short-term suspension;
 - c. Long-term suspension or expulsion in accordance with the Nebraska Student Discipline Act; and
 - d. Other discipline as school administration and the school board deems appropriate.
2. Students who use school computer systems without permission and for non-school purposes may be guilty of a criminal violation and will be prosecuted.

III. Protection of Students

A. Children's Online Privacy Protection Act (COPPA)

1. The school will not allow companies to collect personal information from children under 13 for commercial purposes. The school will make reasonable efforts to disable advertising in educational computer applications.
2. This policy allows the school to act as an agent for parents in the collection of information within the school context. The school's use of student information is solely for education purposes.

B. Education About Appropriate On-Line Behavior

1. School district staff will educate students about appropriate online behavior, both in specific computer usage units and in the general curriculum.
2. Staff will specifically educate students on

- a. Appropriate interactions with other individuals on social networking websites and in chat rooms.
 - b. Cyberbullying awareness and response.
3. The School District's technology coordinator shall inform staff of this educational obligation and shall keep records of the instruction which occurs in compliance with this policy

Conferences

Students' academic success has been closely linked to parental involvement in school. The school district has formal parent-teacher conferences at the end of the first quarter and during the third quarter.

In addition to formal conferences, classroom teachers will communicate with parents as necessary. Parents are encouraged to communicate with their student's teacher or the building principal to discuss parental concerns, student needs or any other issue.

Copyright and Fair Use

The school district complies with federal copyright laws. Students must comply with copyright laws when using school equipment or working on school projects and assignments. Federal law prohibits the unauthorized reproduction of works of authorship, regardless of the medium in which they were created.

The "fair use" doctrine allows limited reproduction of copyrighted works for educational and research purposes. "Fair use" of a copyrighted work includes reproduction for purposes such as criticism, news reporting, teaching (including multiple copies for classroom use), scholarship, or research. Students who are unsure whether their proposed reproduction of copyrighted material constitutes "fair use" should consult with their teacher or building principal, review the school district's copyright compliance policy, and review *Copyright for Students* found at <https://www.whoishostingthis.com/resources/student-copyright/>. You can find more information on copyright compliance requirements and permitted uses from the U.S. Copyright Office and the Library of Congress at the following site: <http://www.loc.gov/teachers/usingprimarysources/copyright.html>.

Damage to School Property

Students who damage school property either intentionally or unintentionally may be required to pay to replace or restore the property, at the discretion of the administration.

Dating Violence

Dating violence, as that term is defined by Nebraska law, will not be tolerated by the school district. Students who engage in dating violence on school grounds, in a school vehicle or at a school activity or that otherwise violates the Nebraska Student Discipline Act will receive consequences consistent with the Act and the district's student discipline policies.

The school district shall provide dating violence training to staff deemed appropriate by the administration and in accordance with Nebraska law.

Discrimination and Harassment

Students who believe that they have been the subject of unlawful discrimination or harassment due to their disability should contact the following Section 504 Coordinator: School Counselor at 308-647-5459, khubbert@sheltonbulldogs.org or in person at school. Students who believe that they have been the subject of unlawful discrimination or harassment due to their sex should contact the following Title IX Coordinator: The High School Principal at 308-647-5459, ahostetler@sheltonbulldogs.org, or in person at school. Students who believe that they have been the subject of any other unlawful discrimination or harassment should contact the Superintendent at 308-647-6742, rengel@sheltonbulldogs.org or in person at school. Students may report discrimination or harassment to any staff member who will then forward it on to the appropriate coordinator or administrator. The staff member will follow school district policies to respond to the report.

Dress Code

The District prohibits student attire or appearance that:

- Causes or is likely to cause a material and substantial disruption to the District's programs and activities.
- Promotes, depicts, or refers to violence, drugs, alcohol, vulgarity, obscenity, illegal activity, hate speech, bullying speech, or harassing speech.
- Includes words, gestures, or images that contain or imply sexual content or innuendo.
- Otherwise undermines the District's mission to inculcate the habits, manners, and values fundamental to civility, community, and the educational environment.

Violations of the dress code shall be addressed in a manner consistent with the Student Code of Conduct. The District reserves the right to request

immediate attire changes from students. The District will require students to adhere to uniform standards and/or wear district approved or issued uniforms in order to participate in activities.

Students may be required to wear protective clothing or equipment or otherwise modify their attire or secure their hair to ensure the safety of themselves and others. In such cases, a good faith effort to reasonably accommodate students will be made to ensure safety without compromising religious beliefs, grooming practices, or requiring students to permanently alter their appearance. The least restrictive means appropriate to address the identified health or safety concern shall be used.

Driving and Parking Personal Vehicles

Students who drive privately owned motor vehicles to school must obey the following rules:

1. Students may not move their vehicles during the school day without the permission of the building principal or superintendent. Students will not be allowed to sit in or be around their vehicles during the school day, without administrative permission.
2. Students must drive with care to ensure the safety of the pedestrians. Students may not drive carelessly or with excessive speed.
3. By driving personal vehicles to school and parking on school grounds, students consent to having that vehicle searched by school officials when they have reasonable suspicion that such a search will reveal a violation of school rules.

Drug Free Schools

The board of education has adopted policies to comply with the Federal Drug-Free Schools and Communities Act. Students are prohibited from using, possessing, or selling any drug, alcohol, or tobacco while on school grounds, at a school activity or in a school vehicle. In addition, students who participate in the school's activities program should refer to the Activities Handbook which prohibits the use or possession of alcohol, controlled substances and tobacco at all times.

Any student who violates any school policy regarding drug, alcohol, and tobacco use will be disciplined, up to and including short-term suspension, long-term suspension, or expulsion from school and/or referral to appropriate authorities for criminal prosecution.

Emergency Contact Information

Parents must complete an emergency information card for each child enrolled in the district. The card should list the family physician's name,

where parents or a responsible adult can be located, and any necessary emergency instructions. Parents must promptly inform the school if this contact information changes during the school year.

Evacuations

The school district will hold routine evacuation drills throughout the school year. Classroom teachers will provide students with detailed instructions on building evacuations.

Eye Exams

All students enrolling in kindergarten or transferring into the school district from out of state must undergo a visual examination by a physician, a physician assistant, an advanced practice registered nurse, or an optometrist, which consists of testing for amblyopia, strabismus, and internal and external eye health, with testing sufficient to determine visual acuity, except that no such physical examination or visual evaluation shall be required of any child whose parent or guardian objects in writing. They must provide evidence of the vision examination within six months prior to entrance. The cost of such physical examination and visual evaluation shall be borne by the parent or guardian of each child who is examined.

Food Service Program

The school district provides a food service program that is designed to provide adequate nutrition and an educational experience for students.

Breakfast

The school will serve breakfast daily from 7:30 a.m. until 7:50 a.m. Students who qualify for free or reduced-price lunch also qualify for free or reduced-price breakfast. The school district charges students \$2.75 and adults \$2.75 for breakfast.

Lunch

Lunch prices depend on the federal funding that the program receives. Lunch for K-4 is \$3.90. Lunch for 5-12 lunch is \$4.10 for students and \$4.80 for adults.

Extra Milk

The school will offer an extra milk to students in grades 5-12. All milk served to a student (except the initial carton served with lunch) will cost \$.60 per half pint. The price for milk may change during the school year. Charges for extra milk will be included in the students lunch account.

Payment for Meals

Students are encouraged to pay for meals several weeks in advance. Payment should be made to the bookkeeper in the office.

If a student owes more than \$20, the student will be provided up to five limited "courtesy meals," such as a plain sandwich. Thereafter, if a student has no funds available to pay for a meal, no food will be provided. Students who qualify for free meals will not be denied a reimbursable meal, even if they have accrued a negative balance from other food purchases.

Students who qualify for free meals will not be denied a reimbursable meal, even if they have accrued a negative balance from other food purchases. School staff may prohibit any students from charging a la carte or extra items if they do not have cash in hand or their account has a negative balance.

If a student repeatedly lacks funds to purchase a meal, has not brought a meal from home, and is not enrolled in a free meal program, the district will use its resources and contacts to protect the health and safety of the student. Failure or refusal of parents or guardians to provide meals for students may require mandatory reporting to child protection agencies as required by law.

Collection of Delinquent Meal Charge Debt

The school district is required to make reasonable efforts to collect unpaid meal charges. The building principal or his or her designee will contact households about unpaid meal charges and notify them again of the availability of the free and reduced meal program and/or establish payment plans and due dates by telephone, e-mail, or other written or oral communication. If these collection efforts are unsuccessful, the school district may pursue any other methods to collect delinquent debt as allowed by law.

Collection efforts may continue into a new school year.

Notice of Non-discrimination

In accordance with federal law and U.S. Department of Agriculture policy, this institution is prohibited from discrimination on the basis of race, color, national origin, sex, age, disability, or reprisal or retaliation for prior civil rights activity in any program or activity conducted or funded by USDA. Additionally, program information may be made available in languages other than English.

Field Trips

Classes occasionally take field trips off school property for educational enrichment. A student's parent, or "caregiver" as that term is defined in the Nebraska Strengthening Families Act, must authorize a student to participate in a field trip by signing a permission slip and providing it to the school before the field trip. Students who have not completed classroom work on time may not be allowed to attend field trips. Students must comply with the student code of conduct, any applicable extracurricular conduct codes, and all directives by trip chaperones.

First-Aid

First-aid items may only be used by school staff. Students who need first aid should ask for assistance from their classroom teacher or the nearest staff member.

Head Lice

Students found to have live head lice or louse eggs will not be permitted at school and will be sent home. Upon discovering the presence of any indication of lice or louse eggs the student's parent(s) or guardian(s) will be notified, and if appropriate will be asked to pick up the student from school immediately.

Students will not be permitted to return to school until the district finds that no live lice or eggs can be detected. The parent(s) or guardian(s) will be required to treat the student and accompany the student to school to be examined.

The student cannot ride the school bus until the district has cleared the student to return to school.

Health Problems Limiting Activities

Parents who do not want their children to play outdoors or participate in physical education for health reasons must send a written request to school. If a student persistently requests to be excused from these activities, the building principal or classroom teacher may require a doctor's verification.

Parents should notify principal or superintendent if their student has any special health problems such as diabetes, asthma, or the like.

Homebound Instruction

The school district may provide a student with instruction in his or her home and under parental supervision if the student is physically or mentally ill or injured and unable to attend regular classes for an extended period of time. Homebound instruction shall be provided when the student's physical and mental condition are such that the student can benefit from instruction and no other provision will meet the student's educational needs. If you believe that homebound instruction is appropriate for your child, please contact the building principal to initiate the appropriate process to determine eligibility.

Homeless Children and Youth

Homeless students generally include children who lack a fixed, regular, and adequate nighttime residence, as further defined by applicable state and federal law.

It is the school's policy not to stigmatize or segregate homeless students on the basis of their status of being homeless. Transportation for homeless students who enroll in the district shall be furnished by the district under the same guidelines applying to other students or if such transportation is necessary for compliance with federal law.

Each homeless child shall be provided services for which the child is eligible comparable to services provided to other students in the school selected regardless of residency. Homeless children shall be provided access to education and other services that such children need to ensure that they have an opportunity to meet the same student performance standards to which all students are held.

If a homeless child registered to attend school in the district is receiving family reconciliation services pursuant to state law, the district will work in cooperation with any county or department of social services in the district to jointly develop an educational program for the child. The district's homeless coordinator is the Superintendent of Schools, who may be contacted at 308-647-6742.

Illness or Injury at School

Students who feel ill or are hurt while at school should seek immediate assistance from their classroom teacher or the nearest staff member. The school will contact parents to pick students up from school whenever necessary. When school officials determine that a student needs immediate medical attention but the parents cannot be reached by phone, emergency services will be summoned or the student will be taken directly to the doctor and/or hospital. Parents must complete an emergency information card for each child enrolled in the district. The card should list the family physician's name, where parents or a responsible adult can be located, and any necessary emergency instructions.

Immunizations

All students must furnish one of the following to school officials:

- proof of adequate immunizations for mumps, measles, rubella; diphtheria, pertussis, tetanus; polio; and hepatitis B series; or
- a signed parental statement of refusal to provide the immunization history. Homeless students who are in need of immunizations will be referred to the homeless coordinator, who shall assist in obtaining necessary immunizations or medical records.

Provisional Enrollment. Students who meet the statutory requirements for provisional enrollment shall be allowed to attend school for sixty days without the necessary immunizations.

Students who are excepted from the immunization requirement may be excluded from school in the event of an outbreak of any contagious disease in the school population.

Initiations and Hazing

Initiations and hazing by members of classes, clubs, athletic teams, or any other organization affiliated with the district are prohibited except as otherwise permitted by this policy. Any student engaging in hazing or non-approved initiations is subject to discipline as permitted by policy and law.

Initiations are defined as any ritualistic expectations, requirements, or activities placed upon new members of a school organization for the purpose of admission into the organization, even if those activities do not rise to the level of "hazing" as defined below. Initiations are prohibited except by permission of the superintendent.

Hazing is defined as any activity by which a person intentionally or recklessly endangers the physical or mental health or safety of an individual for the

purpose of initiation into, admission into, affiliation with, or continued membership in any school organization. Hazing activities include, but are not limited to, whipping, beating, branding, an act of sexual penetration, an exposure of the genitals of the body done with the intent to affront or alarm any person, a lewd fondling or caressing of the body of another person, forced and prolonged calisthenics, prolonged exposure to the elements, forced consumption of any food, liquor, beverage, drug, or harmful substance not generally intended for human consumption, prolonged sleep deprivation, or any brutal treatment or the performance of any unlawful act that endangers the physical or mental health or safety of any person.

Lockers and Other School Property

The school district owns and exercises exclusive control over student lockers, desks, computer equipment, and other such property. Students should not expect privacy regarding usage of or items placed in or on school property, because school property is subject to search at any time by school officials. Periodic, random searches of lockers, desks, computers, and other such property may be conducted at the discretion of the administration. The assignment of a locker is on a temporary basis and may be revoked at any time. School officials may inspect student lockers without any particularized suspicion or reasonable cause.

Lost and Found

All lost and found articles are to be taken to the main office. Students may claim lost articles there. Unclaimed articles will be donated to a local charity or otherwise disposed of at the conclusion of each semester.

Medications

Whenever possible, parents should arrange medication schedules to eliminate the need for giving medication during school hours. When it is necessary for school personnel to administer medication to students, the school district will comply with the Nebraska Medication Aide Act, the requirements of Title 92, Nebraska Administrative Code, Chapter 59, (promulgated by the Nebraska Department of Education and entitled *Methods of Competency Assessment of School Staff Who Administer Medication*), and all state and federal regulations. Parents and guardians who wish to have their child receive medication from school personnel must comply with the following procedures:

Prescription medication. (1) Parents/guardians must provide a physician's written authorization for the administration of the medication. (2) Parents/guardians must provide their own written permission for the administration of the medication. (3) The medication must be brought to school in the prescription container and must be properly labeled with the

student's name, the physician's name, and directions for administering the medication.

Non-prescription medication. (1) Parents/guardians must provide written permission for the administration of the medication. (2) The medication must be brought to the school in the manufacturer's container. (3) The container must be labeled with the child's name and with directions for provision or administration of the medication

The district reserves the right to review and decline requests to administer or provide medications that are not consistent with standard pharmacological references, are prescribed in doses that exceed those recommended in standard pharmacological references, or that could be taken in a manner that would eliminate the need for giving them during school hours. The district may request parental authorization to consult with the student's physician regarding any medication prescribed by such physician.

Media Center

Students must check out materials from the librarian on duty. Each borrower is responsible for all books checked out in his/her name. A fine of five cents per day per book may be charged for overdue books. Each student is responsible for any fine that accumulated on a book charged to him/her. If a book is lost and not found by the end of the semester, the student must pay for it. Students must also pay for any damage they cause to library books.

Memorials

Memorials or plaques honoring deceased students are generally not allowed in or on the school grounds unless authorized by board policy. Dedications to students will not be allowed.

Scholarships in the deceased person's name will not be set up by the school. Scholarships set up by outside organizations or individuals, such as a foundation, will be allowed.

Opting Out of Assessments

The Board of Education has adopted a policy on approval and denial of state and federal assessment opt-out requests, which is based on requirements in law. The policy can be requested by contacting the Superintendent of Schools or [Policy 5018](#).

Parental Involvement

The school district recognizes the unique needs of students who are being served in its Title I program, and the importance of parent and family

engagement in the Title I program. Parent and family engagement in the Title I Program shall include, but is not limited to:

1. An annual meeting to which all parents of participating children will be invited to inform parents of their school's participation under this part, to explain the requirements of this part, and the right of the parents to be involved. Invitations may take the form of notes sent with students or announcements in the school newsletter. Additional meetings may be scheduled, based upon need and interest for such meetings.
2. An explanation of the details for the child's and parents' participation, including but not limited to: curriculum objectives, the forms of academic assessment used to measure student progress and the achievement levels of the challenging State academic standards, type and extent of participation, parental input in educational decisions, coordination, and integration with other Federal, State, and district programs, and evaluations of progress.
3. Opportunities for participation in parent involvement activities, such as training to help parents work with their children to improve achievement. A goal of these parent activities is to provide parents with opportunities to participate in decisions relating to the education of their students, where appropriate.
4. The district will, to the extent practicable, provide parents of limited English proficiency, parents with disabilities, parents with limited literacy, are economically disadvantaged, are of a racial or minority background or parents of migratory children with opportunities for involvement in the Title I Program. Communication to parents about student progress and the district's other Title I Program communications will be provided in the language used in the home to the extent practicable. Responses to parent concerns will be provided in a timely manner.
5. Opportunities for parent-teacher conferences, in addition to those regularly scheduled by the school district, if requested by the parents or as deemed necessary by school district staff.
6. The district will coordinate and integrate parental involvement programs and activities with other programs in the community. These may include cooperation with other community programs

such as Head Start and preschools and other community services such as the public library.

7. The district will educate teachers, specialized instructional support personnel, principals, and other school leaders, with the assistance of parents in the value and utility of contributions of parents, how to reach out to, communicate with, and work with parents as equal partners.

Parties

Elementary classes may have seasonal parties during the year. Parents shall communicate with their student's classroom teacher for the teacher's rules regarding birthday and holiday parties. Invitations for private parties and non-school-sponsored events may not be distributed at school.

Personal Items

The school provides the necessary equipment for classroom and school day activities. **Students should not bring items such as athletic equipment, electronic devices, toys, or other similar personal items to school unless they have the prior permission of their classroom teacher or a school administrator. The school is not responsible for damaged or lost personal items or equipment.**

Physical Education

The school district requires students to receive physical education to assist them in developing gross and fine motor skills. Students are not required to wear P.E. uniforms, but are encouraged to wear tennis shoes for P.E.

Physical Exam

Students entering kindergarten and the seventh grade, and those entering school from another state, are statutorily required to show evidence that they have had a physical examination within six months prior to the date of entering school.

Pictures

The school district arranges for a photographer to be present at school in the fall to take class pictures. Parents will be notified of the date. Included in the individual packet is a class composite. Parents who want pictures of their students or of their student's class composite may purchase them directly from the photographer.

Playground Rules

Students must follow these rules to keep the playground safe when they are using the playground as part of the school day:

1. Students must obey the playground supervisor at all times.
2. Students may not enter the street/highway to retrieve a ball unless given permission by the playground supervisor.
3. Students must play away from the school windows.
4. Touch and flag football are permitted, but tackle football is prohibited. Students may only play football on grassy areas.
5. Students may throw balls and other authorized play equipment. They may not throw rocks, gravel, snowballs, and clothing.
6. Students must use the playground equipment properly and in a safe manner.
7. Students may not leave the playground after they have arrived at school for the day.

Students who violate these rules will be disciplined with the loss of recess or other privileges, detention, and/or other consequences.

The school's playgrounds, equipment, and surrounding areas are generally not supervised. Staff will supervise students when the students are using these areas as part of the school day or as part of a school activity. At all other times and in all other circumstances, the school district does not provide supervision of its playgrounds, equipment, and surrounding areas.

Police Questioning and Apprehension

Police or other law enforcement officers may be called to the school at the request of school administration, or may initiate contact with the school in connection with a criminal investigation. The school district shall inform parents when law enforcement officers seek access to their student prior to the student being questioned unless the officers are investigating charges that the student has been the victim of abuse or neglect. Members of the school district staff will comply with board policy regarding police questioning of students.

Protection of Student Rights

The Board of Education respects the rights of parents and their children and has adopted a Protection of Pupil Rights policy in consultation with parents to comply with the Protection of Pupil Rights Amendment (PPRA). The policy is available on the district's website or upon request from the district's administrative office. Parents may opt their child out of participation in activities identified by the Protection of Pupil Rights policy by submitting a written request to the superintendent. The approximate dates during the school year when a survey requesting personal information as defined in the Protection of Pupil Rights policy is scheduled are as follows: *ACT Testing - Spring*. Parents may have access to any survey or other material described in the Protection of Pupil Rights policy by submitting a written request to the superintendent.

ACT Exam

Students taking the ACT Exam will be prompted to complete a short, optional questionnaire addressing a number of topics. If you wish to review this questionnaire prior to the administration of the exam, please submit a written request to the superintendent.

Public Displays of Affection

Students may not engage in public displays of affection that are disruptive to the school environment or distracting to others. Prohibited conduct includes hugging, kissing, touching or any other display of affection that a staff member determines to be inappropriate.

Reasonable Suspicion Testing

Students may be required to submit to drug or alcohol testing if there is a reasonable suspicion that the student is under the influence of drugs or alcohol.

Rights of Custodial and Non-Custodial Parents

The school district will honor the parental rights of natural and adoptive parents unless those rights have been altered by a court.

The term “custodial parent” refers to a biological or adoptive parent to whom a court has given primary physical and legal custody of a child, and a person such as a caseworker or foster parent to whom a court has given legal custody of a child.

The district will not restrict the access of custodial and non-custodial parents to their students and their students’ records, unless the district has been provided a copy of a court order that limits those rights. If the district is provided such a court order, school officials will follow the directives set forth in the order.

The district will provide the custodial parent with routine information about his or her child, including notification of conferences. The district will not provide the non-custodial parent with such information on a routine basis, but will provide it upon the non-custodial parent’s request unless it has been denied by the courts.

A non-custodial parent who wishes to attend conferences regarding his or her child will be provided information about conference times so both parents may attend a single conference. The district is not required to schedule separate conferences if both parents have been previously informed of scheduled conference times.

If either or both parents' behavior is disruptive, staff members may terminate a conference and reschedule it with appropriate modifications or expectations.

Secret Organizations

Secret organizations are prohibited. School officials shall not allow any person or representative of any such organization to enter upon school grounds or school buildings for the purpose of rushing or soliciting students to participate in any secret fraternity, society, or association.

School Day

The school day typically begins at 8:00 a.m. and ends at 3:30 p.m. Students are to leave the school grounds after dismissal. School staff will provide supervision for students on school grounds 15 minutes before the school day begins and 15 minutes after the school day ends. **There will be no supervision provided by the school before or after these times.** Parents must arrange for their children to leave school promptly at the end of the day.

Self-Management of Diabetes or Asthma/Anaphylaxis

Subject to school policy, the school district will work with the parent or guardian in consultation with appropriate medical professionals to develop a medical management plan for a student with diabetes, asthma, or anaphylaxis. Parents desiring to develop such a plan should contact the school nurse.

Smoking and Tobacco

The use or possession of any tobacco product, including cigarettes, cigars, or other tobacco or tobacco derivative products; vapor products or electronic nicotine delivery systems; alternative nicotine products; or any other such look-alike or imitation product, is not permitted on school property at any time.

The administration is authorized to use sniffer dogs to minimize the presence of illicit items on school grounds. Students and staff are specifically notified of the following:

1. Lockers may be sniffed by sniffer dogs at any time.
2. Vehicles parked on school property may be sniffed by sniffer dogs at any time.
3. Classrooms and other common areas may be sniffed by sniffer dogs at any time students and staff are not present.
- 4. If contraband of any kind is found, the student or staff member shall be subject to appropriate disciplinary action.**

Standardized Testing

The NWEA MAP Assessment is administered annually in grades K-11 to determine the students' achievement probability for individual success. Tests are administered in fall and winter, and the results are sent home. NWEA NSCAS Assessment is administered in the spring for students in grades 3rd - 8th.

Student Assistance

Parents who believe their students have any learning, behavior, or emotional needs that they believe are not being addressed by the school district should contact the student's teacher. If appropriate, the teacher may convene the Student Assistance Team (SAT). The SAT can explore possibilities and strategies that will best meet the educational needs of the student.

Student Fee Policy

The school district shall provide free instruction in accordance with the Nebraska State Constitution and Nebraska state law. The district also provides activities, programs, and services that extend beyond the minimum level of constitutionally required free instruction. Under the Public Elementary and Secondary Student Fee Authorization Act, the district is permitted to charge students fees for these activities or to require students to provide specialized equipment and attire for certain purposes. This policy is subject to further interpretation or guidance by administrative or board regulations. Students are encouraged to contact their building administration, their teachers or their coaches, and sponsors for further specifics.

Definitions.

1. "Students" means students, their parents, guardians, or other legal representatives.
2. "Extracurricular activities" means student activities or organizations that (1) are supervised or administered by the district; (2) do not count toward graduation or advancement between grades; and (3) are not otherwise required by the district.
3. "Post-secondary education costs" means tuition and other fees associated with obtaining credit from a post-secondary educational institution.

Listing of Fees Charged by this District.

1. **Clothing Required for Specified Courses and Activities.** Students are responsible for complying with the district's grooming and attire

guidelines and for furnishing all clothing required for any special programs, courses, or activities in which they participate. The teacher, coach, or sponsor of the activity will provide students with written guidelines that detail any special clothing requirements and explain why the special clothing is required for the specific program, course, or activity.

- 2. Safety Equipment and Attire.** The district will provide students with all safety equipment and attire that is required by law. Building administrators will assure that (a) such equipment is available in the appropriate classes and areas of the school buildings, (b) teachers are directed to instruct students in the use of such devices, and (c) students use the devices as required. Students are responsible for using the devices safely and as instructed.
- 3. Personal or Consumable Items.** The district does not provide students with personal or consumable items for participation in courses and activities including, but not limited to, pencils, paper, pens, erasers, and notebooks. Students who wish to supply their own personal or consumable items may do so, as long as those items comply with the requirements of the district. The district will provide students with facilities, equipment, materials, and supplies, including books. Students are responsible for the careful and appropriate use of such property. Students will be charged for damage to school property caused by the student and will be held responsible for the reasonable replacement cost of any school property that they lose.
- 4. Materials Required for Course Projects.** The school district will provide students with the materials necessary to complete all basic curricular projects. - 5. Technological Devices.** The district will provide students with the technological devices necessary to complete all basic curricular projects. To the extent that a student is not required by the district's curriculum to utilize a device off district property, the district may charge students a convenience fee to take the device off district property. The maximum dollar amount of this convenience fee charged by the district will be \$10.

As with all school property, students may be charged for damage to such devices. To protect against such potential losses, students and

parents may, but are not required, to purchase insurance coverage for the devices. The maximum dollar amount of this insurance coverage facilitated by the district will be \$1,200. The district may also charge a damage deposit which will be returned or may be rolled to cover the damage deposit for the next year if it is not needed to cover the costs of any damage to the device. The maximum dollar amount of this damage deposit will be \$100.

Additionally, the district may allow students to purchase technological devices by arranging for the students to purchase these devices through a single, or series of, payments.

The district may require students to furnish specialized equipment and clothing that is required for participation in extracurricular activities, or may charge a reasonable fee for the use of district-owned equipment or attire. Attached to this policy is a list of the fees charged for particular activities. The coach or sponsor will provide students with additional written guidelines detailing the fees charged, the equipment and/or clothing required, or the usage fee charged. As a general rule, students must pay all costs associated with such post-secondary courses. However, for a course in which students receive high school credit or a course being taken as part of an approved accelerated or differentiated curriculum program, the district shall offer the course without charge for tuition, transportation, books, or other fees. Students who chose to apply for post-secondary education credit for these courses must pay tuition and all other fees associated with obtaining credits from a post-secondary educational institution. The costs of these items will naturally vary, but the maximum dollar amount of the fee is anticipated to be \$200 per course.

8. Transportation Costs. The district will charge students reasonable fees for district-provided transportation services to the extent permitted by federal and state statutes and regulations. The maximum dollar amount of the transportation fee charged by this district shall be \$0.725 per mile.

9. Copies of Student Files or Records. The school district will charge a fee for making copies of a student's files or records for the student's parents or guardians. The Superintendent or the Superintendent's designee shall establish a schedule of student record fees. Students' parents have the right to inspect and review the students' files or records without the payment of a fee, and the district shall not charge a fee to search for or retrieve any student's files or records. The district will charge a fee of \$0.1 cents per page for reproduction of student records.

13. Charges for Musical Extracurricular Activities. Students who qualify for fee waivers under this policy will be provided, at no charge, the use of a musical instrument in optional music courses that are not extracurricular activities. For musical extracurricular activities, the school district will require students to provide the following equipment and/or attire:

- Band students must provide their own instruments.
- Swing choir students must purchase outfits and shoes selected by the sponsor and/or student group. The maximum dollar amount charged by the district for these materials will be \$0.

14. Contributions for Class Extracurricular Activities. Students are eligible to participate in a number of extracurricular activities during their years in Junior/ Senior High school, including prom, various senior recognitions, and graduation. In order to fund these extracurricular activities, the school district will ask each student to make a contribution to their class's fund beginning in seventh grade. This contribution is completely voluntary. Students who chose not to contribute to the class fund are still eligible to participate in the extra activities.

Waiver Policy.

Students who qualify for free or reduced-price lunches under United States Department of Agriculture child nutrition programs shall be provided a fee waiver or be provided the necessary materials or equipment without charge for (1) participation in extracurricular activities, (2) materials for course projects, and (3) the use of a musical instrument in optional music courses that are not extracurricular activities. Students are not required to participate in the free or reduced-price lunch program to qualify for the waivers provided in this section. The district is not obligated to provide any particular type or quality of equipment or other material to eligible students. Students who wish to be considered for waiver of a particular fee must submit a completed fee waiver application to their building principal. Application forms are available in each school building office.

Voluntary Contributions to Defray Costs.

When appropriate, the district will request donations of money, materials, equipment, or attire from parents, guardians and other members of the community to defray the costs of providing certain services and activities to students. These requests are not requirements, and staff members of the district are directed to communicate that fact clearly to students, parents, and patrons.

Fund-Raising Activities

Students may be permitted or required to engage in fund-raising activities to support various curricular and extracurricular activities in which they participate. Students who decline to participate in fund-raising activities are not eligible under this policy for waiver of the costs or fees which the fund-raising activity was meant to defray.

Student Illness

Students who suffer from a significant illness which has an actual or expected duration of six months or more may be eligible for accommodations and supports under Section 504 of the Rehabilitation Act or under the Individuals with Disabilities in Education Act. The school will provide accommodations to students who are returning to school after a prolonged absence due to illness, including pediatric cancer, through a 504 plan or an IEP, as appropriate. The student's plan will include informal or formal accommodations, modifications of curriculum and monitoring by medical or academic staff as determined by the student's IEP team or 504 committee. Parents and staff will engage in ongoing communication about the needs of a student who is facing these circumstances.

Students who become ill at school will be sent to the building office where the school nurse or other school employee will determine the appropriate response. When a child is too ill to remain at school, a school employee will

contact the child's parent(s) and arrange for the child to be picked up or sent home. If an illness or injury requires immediate medical attention, school officials shall attempt to contact the child's parent(s) regarding treatment for the child. If the parents cannot be contacted, school officials may have the child treated by an available physician. Students who show symptoms of a contagious disease may be sent home, and the district may require a physician's statement before allowing such students to return to school.

Student Government

Students are encouraged to formulate and participate in elective and representative student government activities. The organization, operation, and scope of the student government shall be administered by the superintendent or designee.

Student Records

The Family Education Rights and Privacy Act ("FERPA") provides parents certain rights with respect to their student's education records. These rights include the right to inspect and review the student's education records within 45 days of the date the school receives a request for access; and the right to request the amendment of the student's education records that you believe to be inaccurate.

If parents believe one of their student's records is inaccurate, they should write to the school principal, clearly identify the part of the record they want changed, and specify why they believe it is inaccurate. If the school decides not to amend the record as requested, it will notify the parents of the decision and advise them of their right to a hearing regarding the request for amendment.

Directory Information. FERPA and the Nebraska Public Records Law authorize school districts to make "directory information" available for review at the request of non-school individuals. These laws also give parents and guardians a voice in the decision-making process regarding the disclosure of directory information regarding their children. The school district has designated the following as directory information:

name and grade, name of parent and/or guardian, address, telephone number, including the student's cell phone number, e-mail address, date and place of birth, dates of attendance, the image or likeness of students in pictures, videotape, film or other medium, major field of study, participation in activities and sports, degrees and awards received, social media usernames and handles, weight and height of members of athletic teams, most recent previous school attended, certain class work which may be published onto the Internet, classroom assignment

and/or home room teacher, student ID number, user ID, or other unique personal identifier used by the student for purposes of accessing or communicating in electronic systems (but only if the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a personal identification number (PIN), password, or other factor known or possessed only the authorized user). Directory information does not include a student's social security number.

Directory information about students may be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that market or manufacture class rings, sell student photographs or publish student yearbooks.

Federal law requires school districts to provide military recruiters and institutions of higher education with the names, addresses, and telephone listings of high school students unless parents have notified the school district in writing that they do not want this information disclosed without prior written parental consent. Military recruiters will be granted the same access to a student in a high school grade as is provided to postsecondary educational institutions or to prospective employers of such students.

Parents who **OBJECT** to the disclosure of any directory information about their student should write a letter to the principal. This letter should specify the particular categories of directory information that the parents do not wish to have released about their child or the particular types of outside organizations to which they do not wish directory information to be released. This letter must be received by the school district no later than September 1, 2026.

Non-Directory Information

All of the other personally identifiable information about students that is maintained in the school district's education records will generally not be disclosed to anyone outside the school system except under one of two circumstances: (1) in accordance with the provisions of the FERPA statutes and related administrative regulations, or (2) in accordance with the parent's written instructions.

One FERPA exception permits disclosure to school officials with legitimate educational interests without consent. A school official includes, but is not necessarily limited to, a teacher or other educator, administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); school board member; volunteer; contractor or consultant who, while not employed by the school, performs an institutional

service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, representative of the district's insurance providers, auditor, medical consultant, therapist, or a third-party website operator who has contracted with the school district or its agent to offer online programs for the benefit of students and/or the district; members of law enforcement acting on behalf of the school district; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official typically has a "legitimate educational interest" if the official needs to review an education record in order to fulfill a school-related professional, contractual, statutory, or regulatory responsibility.

The district will share information with the Department of Education necessary to comply with the requirement of state law that all third- year high school students take a college entrance exam. Any redisclosure of information related to the administration of this exam shall be governed by the agreement between the Nebraska Department of Education and the third-party testing company.

Transfer of Records Upon Student Enrollment

Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. The school is not obligated to inform parents when it makes a disclosure under this provision.

Complaints

Individuals who wish to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA may contact the Office that administers FERPA:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-4605

Student Schedule Changes

Student schedule changes may be made without penalty during the first three days of each semester. Drop and Add slips are to be obtained from the office of the Guidance Counselor and must be signed by the guidance counselor and building principal before they are presented to the teacher of the class that is to be added or dropped.

After the first week of the semester, students who insist on dropping a class, except for instances of an extended illness, will receive a "0" on their permanent records, and that grade will be averaged into the student's cumulative grade point average. If an extended illness makes it impossible or impracticable for a student to successfully complete a class or classes, the student may be allowed to withdraw from a class or classes as (WP)-Withdraw Passing or (WF)-Withdraw Failing. If permission to withdraw as WP or WF is given by the building principal and guidance counselor, the grade(s) will not be averaged into the cumulative grade point average of the student.

Before students are allowed to withdraw from a class as WP or WF, the student, the parents of the student, the guidance counselor, and the building principal must meet and review the circumstances of the situation. All available means that could be utilized to allow the student to successfully complete the course(s) must be reviewed before permission to withdraw as WP or WF is given by the building principal and guidance counselor.

Student Use of AI Tools

As used in this section, artificial intelligence tools ("AI Tools") mean machine-based resources that use computer science, algorithms, large language models, and/or machine learning to perform tasks, answer questions, collect information, and respond to human-directed tasks, queries, and objectives. AI Tools include, but are not necessarily limited to, commercially-available resources like ChatGPT, Gemini, Claude and similar programs.

AI Tools may be useful to student learning. However, students and staff must ensure that student use of AI Tools should focus on using such tools as a resource and for background material, rather than using the AI Tools to complete the assignment. Therefore, AI Tools may only be used by students in accordance with the following requirements:

1. Students may not use AI tools on any assignment, test, or project unless the staff member has given express permission for the student to do so. Staff Member permission to use an AI tool on one assignment does not carry over to other assignments. Individual staff members will decide for each individual assignment the extent to which students may use AI Tools.
2. If a student uses any AI Tools in connection with a school assignment, the student must:
 - a. Give proper attribution to the specific AI Tool(s) used to the same extent that students are expected to give proper attribution to other sources of information such as books, texts,

encyclopedias, secondary sources, and other traditional media. Such attribution may include, but is not necessarily limited to, accurate quotations, citations, footnotes, endnotes, and/or bibliography entries.

- b. Never copy and paste the output from the AI Tool into the student's work as if the student wrote such section himself or herself.
3. Students may never use AI Tools to:
 - a. Cheat on any assignment, test, or quiz;
 - b. Help answer questions on a test or quiz without staff member permission;
 - c. Make or share deepfakes or fake images, audio, or video of any real person;
 - d. Make or share sexual, nude, or intimate images of any real person—even if the image is fake or AI-made;
 - e. Bully, harass, threaten, intimidate or impersonate any person;
 - f. Place another student or staff member name, photo, voice, or personal information into an AI Tool without staff member authorization;
 - g. Use AI Tools to bypass accommodations, content filters, or school security.
4. A student may use AI Tools as an accommodation if his/her IEP team or Section 504 committee has approved use of the tool. The student must disclose the use of AI Tools to the staff member grading the assignment.
5. A student's failure to meet the requirements stated in this policy will constitute a violation of the district's prohibitions against cheating plagiarism and/or academic dishonesty, including but not necessarily limited to such prohibitions stated in the Student Handbook, which violation will subject the student to discipline up to and including expulsion.
6. The student requirements stated above are the minimum requirements for any student assignment. An individual teacher may impose more stringent requirements for any specific academic assignment or coursework.

Tardiness

A student who does not have a valid excuse for being tardy to any class may be required to serve detention. After four tardies to school, the student and parents will be required to meet with the principal to discuss the situation.

Telephone Calls

The school's telephone may be used only with permission of staff.

Threat Assessment and Response

The board of education is committed to providing a safe environment for members of the school community. Students, staff and patrons are urged to immediately report any statements or behavior that makes the observer fearful or uncomfortable about the safety of the school environment.

1. Definitions

- a. A **threat** is an expression of a willful intent to physically or sexually harm someone or to damage property in a way that indicates that an individual poses a danger to the safety of school staff, students or other members of the school community.
 - i. The threat may be expressed/communicated behaviorally, orally, visually, in writing, electronically, or through any other means.
 - ii. A **transient threat** is an expression of anger or frustration that can be quickly or easily resolved.
 - iii. A **substantive threat** is an expression of serious intent to harm others which includes, but is not limited to, any threat which involves a detailed plan and means.
- b. A **threat assessment** is a fact-based process emphasizing an appraisal of observed (or reasonably-observable) behaviors to identify potentially dangerous or violent situations, to assess them and to manage/address them. Threat assessment is the process of identifying and responding to serious threats in a systematic, data-informed way.
 - i. The threat assessment process is distinct from student disciplinary procedures. The mere fact that the district is conducting a threat assessment does not by itself necessitate suspension, expulsion or emergency exclusion without complying with state law and board policy related governing those actions.
 - ii. The threat assessment process is distinct from specialized instruction which a student with a disability may receive from the school district. The school district will not change

a student's educational placement as that term is used in the Individuals with Disabilities in Education Act *solely* as part of a threat assessment.

2. Obligation to Report Threatening Statements or Behaviors.

All staff and students must report **substantive threats** to a member of the administration immediately and comply with any other mandatory reporting obligations. Staff and students who are unsure whether a threat is substantive or transient should report the situation. Staff and students must make such report regardless of the nature of the relationship between the individual who initiated the threat or threatening behavior and the person(s) who were threatened or who were the focus of the threatening behavior. Staff and students must also make such reports regardless of where or when the threat was made or the threatening behavior occurred.

THREATS OR ASSAULTS WHICH REQUIRE IMMEDIATE INTERVENTION SHOULD BE REPORTED TO THE POLICE AT 911.

3. Threat Assessment Team

The threat assessment team (team) shall consist of the Superintendent, Principal, School Counselor, and members of the school Safety Team. Not every team member needs to participate in every threat assessment. If the threat has been made by or is directed towards, a student with a disability, the threat assessment team must include a staff member who is knowledgeable about special education services or Section 504 of the Rehabilitation Act, as appropriate. Neither the student nor their student's family members are part of the threat assessment team.

The team is responsible for investigating all reported threats to school safety, evaluating the significance of each threat, and devising an appropriate response. The threat assessment team shall work closely with the crisis team in planning for crisis situations. The threat assessment team shall be familiar with mental health resources available to students, staff and patrons and shall collaborate with local mental health service providers as appropriate.

4. Threat Assessment Investigation and Response

When a threat is reported, the school administrator shall initiate an initial inquiry/triage and, in consultation with members of the threat assessment team, make a determination of the seriousness of the threat as expeditiously as possible. The school administrator must contact law enforcement if the administrator believes that an individual poses a clear and immediate threat of serious violence.

If there is no reasonably apparent imminent threat present or once such an imminent threat is contained, the threat assessment team will meet to evaluate and respond to the threatening behavior. The team may, but is not required to, review the following types of information:

- Review of the threatening behavior and/or communication;
- Interviews with the individuals involved including students, staff members, and family members as necessary and/or appropriate;
- Review of school and other records for any prior history or interventions with the students involved;
- Any other investigatory methods that the team determines to be reasonable and useful.

At the conclusion of the investigation, the team will determine what, if any, response to the threat is appropriate. The team is authorized to disclose the results of its investigation to law enforcement and to the target(s) of any threatened acts. The team may refer the individual of concern to the appropriate school administrator for consequences under the school's student discipline policy or, if appropriate, report the results of its investigation to the student's individualized education plan team.

Regardless of threat assessment activities, disciplinary action and referral to law enforcement will occur consistent with board policy and Nebraska law.

5. Communication with the Public about Reported Threats

The team will keep members of the school community appropriately informed about substantive threats and about the team's response to those threats. This communication may include oral announcements, written communication sent home with students, or communication through print or broadcast media. However, the team will not reveal the identity of the individual of concern or of any target(s) of threatened violence unless permitted by law.

6. Coordination with the Crisis Team After Resolution of Threat

The threat assessment team will confer with the district's crisis team after a threat has been investigated to provide the crisis team with information that the crisis team may use in assessing or revising the district's All-Hazard School Safety Plan.

Transportation Services

The district operates school buses as a convenience for students and parents. They represent a substantial investment, and students are expected to care for and respect them.

Transportation to School

Students who ride the bus to school will arrive in time for them to eat breakfast at school. Parents must contact their bus driver if a student will not ride the bus on a given day. Bus drivers endeavor to adhere to their schedule, and will wait for riders only a short period of time so as not to jeopardize the time remaining for the rest of their schedule.

Non-resident or option enrollment students may ride the buses, but they will be charged a fee to be established by the board of education. The Superintendent will schedule bus routes, and questions concerning them should be directed to that office.

Bus Regulations

Riding school vehicles is a privilege, not a right. The bus drivers have the same authority as teachers while transporting students. Students must comply with the following rules and all school conduct rules and directives while riding in school vehicles. In addition, students must also comply with the student code of conduct while riding in school vehicles. If misconduct is recurring, the student will not be allowed to ride the bus.

a) Rules of Conduct on School Vehicles:

- 1) Students must obey the driver promptly.
- 2) Students must wait in a safe place for the bus to arrive, clear of traffic and away from where the vehicle stops.
- 3) Students are prohibited from fighting, engaging in bullying, harassment, or horseplay.
- 4) Students must enter the bus without crowding or disturbing others and go directly to their assigned seats.
- 5) Students must remain seated and keep aisles and exits clear while the vehicle is moving.
- 6) Students are prohibited from throwing or passing objects on, from, or into vehicles.
- 7) Students may not use profane language, obscene gestures, tobacco, alcohol, drugs, or any other controlled substance on the vehicles.
- 8) Students may not carry weapons, look-a-like weapons, hazardous materials, nuisance items, or animals onto the vehicle.
- 9) Students may carry on conversations in ordinary tones, but may not be loud or boisterous and should avoid talking to the driver while the vehicle is in motion. Students must be absolutely quiet when the vehicle approaches a railroad crossing and any time the driver calls for quiet.

- 10) Students may not open windows without permission from the driver. Students may not dangle any item (e.g. legs, arms, backpacks) out of the windows.
- 11) Student must secure any item or items that could break or produce injury if tossed about the inside of the vehicle if the vehicle were involved in an accident
- 12) Student must respect the rights and safety of others at all times.
- 13) Students must help keep the vehicle clean, sanitary, and orderly. Students must remove all personal items and trash upon exiting.
- 14) Students may not leave or board the vehicle at locations other than the assigned stops at home or school unless approved prior to departure by the superintendent or designee.
- 15) Video cameras may be placed on buses, at random, to monitor student behavior on the bus.

b) Consequences

Drivers must promptly report all student misconduct to the administration. These reports may be oral or written. Students who violate the Rules for Conduct will be referred to their building principal for discipline. Disciplinary consequences may include a note home to parents, suspension of bus riding privileges, exclusion from extracurricular activities, in-school suspension, short-term or long-term suspension from school, and/or expulsion.

These consequences are not progressive, and school officials have discretion to impose any listed punishment they deem appropriate, in accordance with state and federal law and board policy.

c) Records

Records of vehicle misconduct will be forwarded to the appropriate building principal and will be maintained in the same manner as other student discipline records. Reports of serious misconduct may be forwarded to law enforcement.

Requests to be dropped off at a point **not** on the regular route will not be accommodated, unless extenuating circumstances arise and the request is approved by the transportation director or administration.

Students who are not regular route riders may not ride the bus home with a friend, unless the parent of the non-route student presents written

permission to the bus driver ahead of time. The written permission should include the date, the non-route rider's name, the signature of the non-rider's parent, and the place approved for drop off. Such requests may not be granted if they cause overcrowding of the vans or buses (Vans-10 riders only, plus driver).

Transportation to Activities

The school district provides transportation to students who are participating in school-sponsored events and they must ride to those events in a school vehicle. Students who wish to take private transportation home from a school event must submit a release form to the sponsor that has been signed by that student's parent.

Video Surveillance, Recordings, and Photographs

The Board of Education has authorized the use of video cameras on school district property to ensure the health, welfare, and safety of all staff, students and visitors, and to safeguard District facilities and equipment. Video cameras may be used in locations deemed appropriate by the Superintendent. If a video surveillance recording captures a student or other building user violating school policies or rules or local, state, or federal laws, it may be used in appropriate disciplinary proceedings against the student or other building user and may also be provided to law enforcement agencies.

Recordings Made by Parents/Guardians and Patrons.

Parents/guardians and patrons may make recordings of school activities intended to be public in a non-disruptive manner including things like athletic contests and school board meetings to the extent permitted by law unless otherwise lawfully restricted by the administration. Parents/guardians or patrons may not make recordings if they are volunteering or visiting school during the school day without permission of the administration or supervising staff member and subject to this policy, such as recording their child's classroom activities or recess. Parents may not record meetings with administrators or staff, including meetings related to a student's IEP or 504 Plan. Violation of this policy will result in immediate termination of any meeting that is being recorded and may be grounds for exclusion from school property, loss of volunteer privileges, or other restrictions deemed appropriate by the administration.

Recordings Made by Students. This policy applies to students during the school day on school grounds; when being transported to and from school activities or programs in a vehicle owned, leased, or contracted by a school being used for a school purpose by a school employee or by his or her designee; or at a school-sponsored activity or athletic event. Students may make recordings of school activities in a non-disruptive manner including

things like athletic contests and other extracurricular performances to the extent permitted by law. Students generally are not permitted to record classroom instruction or members of the school community during the school day without the express consent of a staff member or as required by the student's education plan. Student use of assistive technology that has the capacity to record and/or transmit recordings (e.g. AngelSense) must be approved by the student's education team or administration. Students remain subject to all other district policies and rules. In no event shall recordings be taken or made in restrooms, locker rooms, or other areas where there is a reasonable expectation of privacy. Students who violate this policy may be subject to discipline up to and including expulsion.

Weather-Related School Closing

The Superintendent will occasionally announce an emergency early school dismissal, late start, or cancellation of school due to extreme heat, snow, or ice. School closings will be announced on Apptegy/Frontline the district's communication system as well as Local 4 and NTV news. Parents should assume that school is open and a regular schedule is being followed if there is no announcement concerning the school district. Please do not call the school or individual staff members to find out whether school is being canceled. Parents who do not believe it is safe to transport their students to school may keep their students home after contacting the district office.

If schools are closed due to severe weather conditions, all after-school activities will be canceled.

Withdrawal From School

Students who are moving from the district must notify the school office.

Work Permits

The building principal or other authorized school official shall be responsible for the issuance of work permits for children in accordance with state law.

SECTION TWO

ACADEMIC INFORMATION

Academic Lettering

A student in grades 9-12 is eligible for an academic letter if he/she achieves Honor Roll status any three of the four quarters in a year.

Class Rank

Student class rank shall be determined by using a numeric grade point average derived from all classes graded on a numeric basis. To be included in the class ranking, a student must have received a numeric grade for each core curriculum class in which he/she was enrolled. For the purposes of this policy, core curriculum shall include all courses in the areas of language arts, mathematics, science, and social studies.

Students who transfer into the school district will be eligible to be included in class ranking after two semesters of attendance.

Students who transfer into the school district in middle of their senior year will be eligible to be included in class ranking, although a mid-year transfer will not displace the ranking of a student who has not transferred mid-year. In those circumstances there will be two students holding the relevant class ranking. Mid-year transfer students will not be eligible to receive senior awards such as valedictorian and salutatorian unless the student has been enrolled in the district's high school for the last two semesters.

Credit for Non-Academic Work

Credit is not awarded for participation in extracurricular activities such as sports, speech, drama, etc. However, all such activities in which the student participates, as well as honors earned, are noted on the student's permanent record.

Correspondence and Online Courses

Under certain circumstances, the school district will reimburse students for the cost of tuition, textbooks, and other mandatory class materials for high school correspondence or online courses that are not part of the school district's regular curriculum. To receive reimbursement, the student must: 1) pay all initial course costs when he/she registers for the course; 2) select a course that is not available in the school curriculum, nor is any comparable course available; 3) register for the course during a specific school period; 4) have a faculty member designated as course monitor; and 5) complete the course during the regular school semester(s).

The district will not be liable for the costs of such courses until the student has successfully completed the course according to the established timelines. After the student has completed the course and the district has reimbursed the student for these costs, the textbooks and class materials shall become the property of the district.

Grades

Students will receive letter grades for their academic core classes.

A student may earn an incomplete when he or she fails to complete classroom assignments. Any student in grades 7-11 who receives an incomplete will have this grade recorded on his/her permanent record until the required work is completed to the teacher's satisfaction. If a student does not remove an incomplete by completing the minimum classroom assignments, the incomplete will be calculated as a failing grade in determining the student's grade point average.

If a student does not remove an incomplete by completing the necessary work within two weeks of the end of the grading period, the incomplete will become a failing grade that the student may make up only by taking the entire course again. The two-week period may be extended by mutual agreement of the teacher, principal, and student.

A student who receives an incomplete during his/her senior year must satisfactorily complete the classroom assignments to participate in the graduation ceremony. Seniors with incompletes will not be dismissed from school attendance until the classroom assignments are completed to the teacher's satisfaction.

Graduation Awards

Graduating seniors will be awarded for their academic achievements during the annual commencement activities. The winners of these awards will be determined on the basis of student academic achievement in the core

curriculum: English, mathematics, science, social studies, business education, foreign language, and computer science.

The valedictorian and salutatorian of the graduating class shall be the students with the highest and second highest cumulative percentage grade point averages respectively in core curriculum course work completed in grades nine through twelve. These students will receive their awards during commencement exercises.

Students whose cumulative grade point average in core curriculum course work completed in grades nine through twelve ranks them in the top twenty-five percent of their class and will be recognized during commencement exercises.

Graduation Requirements

Students must earn 255 total credit hours and 40 hours of documented community service in order to graduate from high school.

Required courses and credit hours that students must complete in order to qualify for the Shelton High School Diploma are:

Transfer students must meet the minimum hour requirement for graduation both in terms of total number and specific subject areas. Substitutions may be made for deficiencies in required courses, provided that it was not possible to include the courses on the student's schedule while enrolled at this school district.

Students who receive special education services are mainstreamed into the regular education curriculum when appropriate. The curriculum content of regular education classes may be modified to accommodate the individual needs and abilities of verified special education students. Each curriculum modification will be included on the student's Individual Education Plan by the Multi-Disciplinary Team and/or school staffing teams composed of special and regular education staff. Hours in special education will be counted toward a high school diploma.

Parents of students who may not qualify for their high school diploma because of academic deficiencies will be notified of this possibility by the beginning of the second semester of the student's senior year.

Homework

Classroom teachers will often assign homework. Parents who have questions about homework or concerns about class work should contact the teacher. Questions not resolved by the teacher should be referred to the administration.

Each student is expected to spend some time preparing for studies outside of school hours. The amount of time that is needed will depend upon each student. Normally, at least an hour a day should be spent in preparing for an average assignment.

Students who struggle to complete assignments or who must spend an inordinate amount of time completing an assignment should seek the help

and advice of their teachers and consult with the principal and/or the guidance counselor.

Honor Roll

To qualify for the honor roll, students must be enrolled in a minimum of seven (7) classes, four of which must be from the core curriculum of English, mathematics, science, social studies, business education, foreign language, and computer science. Students who earn a quarter or semester academic average of 94% or better with no grade in any class lower than 90% will qualify for the honor roll.

Mid-Term Graduation

Students are generally required to attend four years of high school (minimum of seven semesters) to be eligible to receive a diploma from the school district.

The Board of Education, upon receiving administrative recommendation, may grant mid-term exit from high school to students who have completed the requirements for graduation. To be considered for mid-term exit from high school, the student and his/her parents or guardian should apply during the first quarter of the student's senior year. The Board of Education will act on all requests. Any student who is granted mid-term exit from high school forfeits all privileges of high school enrollment, except the right to participate in commencement exercises.

Report Cards

Report cards are sent home the week following the end of the nine-week reporting period. Mid-quarter reports are also sent to parents of students who are having difficulty in an academic subject.

SECTION THREE

STUDENT DISCIPLINE

General Discipline Philosophy

The school district has the authority to discipline students who behave inappropriately on the way to school, at school, during lunch, on the way home, and at all school activities (home and away or any time while on school or district property).

The school district's discipline is guided by the following principles:

1. The school district's discipline policy is intended to ensure that students take responsibility for their behavior.
2. Behavior expectations and the consequences for failing to meet those expectations will be clearly communicated to all students and their parents.
3. The severity of consequences for violating behavior expectations will generally be progressive in nature. That is, sanctions will increase with each instance of misconduct; however, each instance will be assessed on its own facts, and sanctions will be imposed based on the severity of the misconduct.
4. Parents play a vital role in supporting and reinforcing the school district's expectations of their students.
5. Behavior expectations apply to all students; consequences are enforced consistently without regard to a student's academic record or achievement.

Extracurricular activities, including athletics, cheerleading, band, chorus, and club activities, are governed by the Student Activity Handbook. Students who are involved in extracurricular activities may face consequences related to the activity in addition to the consequences discussed in this handbook.

The school district reserves the right to refer to the appropriate non-school agency any act or conduct of its students which may constitute a crime under federal, state, county, or local law. The administration will cooperate with these agencies in their investigations.

Forms of School Discipline

Administrative and teaching personnel may take actions regarding student behavior that are reasonably necessary to aid the student, further school purposes, or prevent interference with the educational process. Such actions may include, but need not be limited to, counseling of students, parent conferences, referral to restorative justice practices or services, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular

activity, or requirements that a student receive counseling, psychological evaluation, or psychiatric evaluation upon the written consent of a parent or guardian to such counseling or evaluation. The actions may also include in-school suspensions during the day or mandatory attendance at Saturday school. When in-school suspensions, after-school assignments, Saturday School, or other disciplinary measures are assigned, the student is responsible for complying with such disciplinary measures; a failure to serve such assigned discipline as directed will serve as grounds for further discipline, up to expulsion from school. District administrators may develop building-specific protocols for the imposition of student discipline.

In this section, references to "Principal" shall include building principals, the principal's designee, or other appropriate school district administrators.

For purposes of this section, "Parent" means parent, guardian, or educational decisionmaker of the student. "Educational decisionmaker" means a person designated or ordered by a court to make educational decisions on behalf of a child.

Any statement, notice, recommendation, determination, or similar action specified in this section shall be effectively given at the time written evidence thereof is delivered personally to or upon receipt of certified or registered mail or upon actual knowledge by a student or his or her Parent.

Any student who is suspended or expelled from school pursuant to this section may not participate in any school activity during the duration of that exclusion including adjacent school holidays and weekends. The student activity eligibility of a student who is mandatorily reassigned shall be determined on a case-by-case basis by the principal of the building to which the student is reassigned.

After School Sessions and Detentions

Teachers and administrators may require students to stay after school or to serve a detention when the student violates any of the rules contained in this handbook or violates classroom-specific conduct rules set by individual teachers.

Students who ride the bus home from school will be given a 24-hour notice of after-school time or a detention so that the parents may make plans to pick up the student the following day.

- After-school sessions will not exceed 30 minutes from the time of dismissal and are to be served in the teacher's room. A student who fails to attend an after-school session may be given a detention by the teacher or may face additional disciplinary consequences up to

and including long-term suspension and/or expulsion. A student who has a conflict with an after-school session is responsible for working it out with the teacher.

- Detentions are 30 minutes, served in the central office or the detention room designated by the building principal.

Saturday School

The building administrator may require a student to attend Saturday School for four hours on Saturday morning. Saturday School is held from 8:30 AM to 12:30 PM in a classroom staffed by teachers. Students follow strict rules and must work on assignments the entire time, except for short breaks. Students who do not follow Saturday School rules will be removed from the classroom and will face further disciplinary action.

In-School Suspension

The building administrator may require a student to serve in-school suspension. Students may be required to attend up to six hours per day of school-sponsored suspension a day at a designated location where they will study and participate in campus clean up. There will be zero tolerance for behavior problems from students placed in in-school suspension. Students not completing their In-School Suspension will face further disciplinary action.

Emergency Exclusion

Students may be emergency excluded from school pursuant to the board's separate policy on emergency exclusion or state law.

Short-Term Suspension

The Principal or the Principal's designee may exclude a student from school or any school function for a period of up to five school days (short-term suspension) on the following grounds:

1. Any of the conduct described in the subsections under "Grounds for Long-Term Suspension, Expulsion, or Mandatory Reassignment" below irrespective of the location at which such misconduct; or
2. Other violations of rules and standards of behavior adopted by the board of education or the administrative or teaching staff of the school, which occur on or off school grounds, if such conduct interferes with school purposes or there is a nexus between such conduct and school.

The following process will apply to short-term suspensions:

1. The Principal shall make a reasonable investigation of the facts and circumstances. Short-term suspension shall be imposed only after a determination that the suspension is necessary to help any student, to further school purposes, or to prevent an interference with school purposes.
2. After the principal has determined that a short-term suspension is necessary, but prior to commencement of the short-term suspension, the student and the Parent will be given oral and written notice of the charges against the student. They will be advised of what the student is accused of having done, an explanation of the evidence the authorities have, and an opportunity to present evidence of the student's version of the facts.
3. Within 24 hours or such additional time as is reasonably necessary following the suspension (not to exceed an additional 48 hours), the Principal will send a written statement to the student and the student's Parent, describing: the student's conduct, misconduct, or violation of the rule or standard; the reasons for the action taken; the actions made by the school to try to discontinue or alleviate the behavior of the student prior to considering suspension; resources the school is able to provide or recommend to assist the student; and how the school plans to handle such behavior in the future, including an actionable plan aimed at maximizing strategies to keep the student in school.

An opportunity will be given to the student, and the student's Parent, to have a conference with the Principal ordering the short-term suspension before or at the time the student returns to school and shall document such effort in writing. The Principal shall determine who, in addition to the Parent, is to attend the conference. If no conference has been held, a Parent may submit a written request to the suspending principal before the student returns to school.

Students who are short-term suspended will be given the opportunity to complete classwork, including but not limited to examinations and will meet the deadlines assigned by the teacher for all students in the class.

Firearms. No student may bring, possess, handle, or transmit a firearm on school grounds, in a school owned vehicle, or at a school activity or event off school grounds, except as permitted by this policy.

Definition of Firearm. The term "firearm," as defined in 18 U.S.C. 921, means any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive, the frame or receiver of any such weapon, any firearm muffler or firearm silencer, or any destructive device (excluding an antique firearm).

Exceptions Regarding Firearms. The only exceptions for a student to bring or possess a weapon, including a firearm, are as follows:

1. The issuance of firearms to or possession of firearms by members of the Reserve Officers Training Corps when training or
2. Firearms which may lawfully be possessed by the person receiving instruction under the immediate supervision of an adult instructor who may lawfully possess firearms.

Consequences - Firearm. Any student who brings a firearm, as that term is defined in 18 United States Code 921, to school will be expelled from school for one calendar year. The superintendent of schools and the board of education shall have the authority to modify the expulsion requirement on a case-by-case basis.

Long-Term Suspension

Students may be excluded by the Principal from school or any school function for a period of more than five school days but less than twenty school days (long-term suspension) for any conduct constituting grounds for expulsion as hereinafter set forth. The process for long-term suspension is set forth below.

Pre-Kindergarten through Second Grade Students

An elementary school shall not suspend a student in pre-kindergarten through second grade unless the student:

1. Brings a deadly weapon as defined in section 28-109 on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or his or her designee, or at a school-sponsored activity or athletic event; or
2. Engages in violent behavior capable of causing physical harm to another student or school employee

As an alternative to suspension, the school district may take any action authorized by law, including those provided in section 79-258.

Expulsion

1. **Meaning of Expulsion.** Expulsion means exclusion from attendance in all schools, grounds and activities of or within the system for a period not to exceed the remainder of the semester in which it took effect unless the misconduct occurred (a) within ten school days prior to the end of the first semester, in which case the expulsion shall remain in effect through the second semester, or (b) within ten school days prior to the end of the second semester, in which case the expulsion shall remain in effect for summer school and the first semester of the following school year, or (c)

unless the expulsion is for conduct specified in these rules or in law as permitting or requiring a longer removal, in which case the expulsion shall remain in effect for the period specified therein. Such action may be modified or terminated by the school district at any time during the expulsion period.

2. **Summer Review.** Any expulsion that will remain in effect during the first semester of the following school year will be automatically scheduled for review before the beginning of the school year. The review will be conducted by the hearing officer who conducted the initial expulsion hearing, or a hearing officer appointed by the Superintendent in the event no hearing was previously held or the initial hearing officer is no longer available or willing to serve, after the hearing officer has given notice of the review to the student and the student's parent or guardian. This review shall be limited to newly discovered evidence or evidence of changes in the student's circumstances occurring since the original hearing. This review may lead to a recommendation by the hearing officer that the student be readmitted for the upcoming school year. If the school board or board of education or a committee of such board took the final action to expel the student, the student may be readmitted only by action of the board. Otherwise, the student may be readmitted by action of the Superintendent.
3. **Suspension of Enforcement of an Expulsion:** Enforcement of an expulsion action may be suspended (i.e., "stayed") for a period of not more than one full semester in addition to the balance of the semester in which the expulsion takes effect, and as a condition of such suspended action, the student may be assigned to a school, class, or program/plan and to such other consequences which the school district deems appropriate.
4. **Alternative School or Pre-expulsion Procedures.** The school shall provide either an alternative school, class or educational program for expelled students or shall follow the pre-expulsion procedures outlined in Neb. Rev. Stat. 79-266.

Grounds for Long-Term Suspension, Expulsion, or Mandatory Reassignment:

 - f. A description of the hearing procedures provided by the act, along with procedures for appealing any decision rendered at the hearing;
 - g. A statement that the principal, legal counsel for the school, the student, the student's Parent, or the student's representative has the right (i) to examine the student's academic and disciplinary records and any affidavits to be used at the hearing concerning the alleged misconduct and (ii) to know the identity of the witnesses to appear at the hearing and the substance of their testimony; and
 - h. A form on which the student, the student's Parent may request a hearing, to be signed by such parties and delivered to the principal or superintendent in person or by registered or certified mail to the address provided on the form.

 7. The hearing shall be held within a period of five school days after appointment of the hearing examiner, but such time may be changed by the hearing examiner for good cause with consent of the parties. No hearing shall be held upon less than two school days' actual notice to the principal, the student, and the student's Parent, except with the consent of all the parties.
 8. SECTION FOUR

The school district is committed to providing a school environment that enhances learning and the development of lifelong wellness. The goals outlined in this policy were determined and selected after reviewing and considering evidence-based strategies.*

1. Goals for Nutrition Promotion and Education

- a. The district will promote healthy food and beverage choices for all students, as well as encourage participation in school meal programs by such methods as implementing evidence-based healthy food promotion techniques through the school meal programs and promoting foods and beverages that meet or exceed the USDA Smart Snacks in School nutrition standards.
- b. The health curriculum will include information on good nutrition and healthy living habits.
- c. Teachers will incorporate information on nutrition and wellness into the classroom curriculum as appropriate.
- d. The district will collaborate with public and private entities to promote student wellness.
- e. Water will be made available to students throughout the school day.

2. Goals for Physical Activity

- a. The school district's curriculums shall include instruction on physical activity and habits for healthy living.
- b. Students will be encouraged to engage in physical activities throughout the school day and will be provided with opportunities to do so.
- c. The district encourages parents and guardians to support their children's participation in physical activity, to be physically active role models, and to include physical activity in family events.

3. Goals for Other School-Based Activities Designed to Promote Student Wellness

- a. The district will participate in state and federal child nutrition programs as appropriate.
- b. The district will provide professional development, support, and resources for staff about student wellness.
- c. Students will be provided sufficient time in which to eat school-provided meals.
- d. The district's lunchrooms will be attractive and well-lighted.
- e. The district will allow other health-related entities to use school facilities for activities such as health clinics and screenings so long as the activities meet the district's requirements and criteria for the use of facilities.
- f. The district may partner with other individuals or entities in the community to support the implementation of this policy.
- g. The district will strive to provide physical activity breaks for all students, recess for elementary students, and before and after school activities, as well as encourage students to use active transport (walking, biking, etc.)
- h. The district will use evidence-based strategies to develop, structure, and support student wellness.

4. Standards and Nutrition Guidelines for All Foods and Beverages Sold to Students on the School Campus and During the School Day

- a. The district will ensure that student access to foods and beverages meet federal, state and local laws and guidelines including, but not limited to:
 - i. USDA National School Lunch and School Breakfast nutrition standards
 - ii. USDA Smart Snacks in School nutrition standards.

- b. The district will offer students a variety of age-appropriate, healthy food and beverage selections with plenty of fruits, vegetables, and whole grains aimed at meeting the nutrition needs of students within their calorie requirements in order to promote student health and reduce childhood obesity.

5. Standards for All Foods and Beverages Provided, But Not Sold to Students During the School Day

The district may provide a list of healthy party ideas or food and beverage alternatives to parents, teachers, and students for classroom parties, rewards and incentives, or classroom snacks. The district discourages the use of food and beverages as a reward or incentive for performance or behavior.

6. Food and Beverage Marketing

Marketing and advertising is only allowed on school grounds or at school activities for foods and beverages that meet or exceed the USDA Smart Snacks in School nutrition standards, except as follows:

- a. This requirement does not apply to marketing that occurs at events outside of school hours such as after school sporting or any other events, including school fundraising events.
- b. The district will not immediately replace menu boards, coolers, tray liners, beverage cups, and other food service equipment with depictions of noncompliant products or logos to comply with the new USDA Smart Snacks in Schools nutrition requirements. All previously purchased products will be used, and all existing contracts honored.
- c. All equipment that currently displays noncompliant marketing materials will not be removed or replaced (e.g., a score board with a Coca-Cola logo). However, as the district reviews and considers new contracts, and as scoreboards or other such durable equipment are replaced or updated over time, any products that are marketed and advertised will meet or exceed the USDA Smart Snacks in School nutrition standards

7. Public Participation

Parents, students, representatives of the school food authority, teachers, school health professionals, board members, school administrators, and

members of the general public shall be allowed to provide their input to the school district during the wellness policy adoption and review process.

8. Competitive Foods (Includes Food and Beverages Sold in Vending Machines, School Stores, and Fundraisers)

- a. Definitions. "Competitive food" means all food and beverages other than meals reimbursed under programs authorized by the Richard B. Russell National School Lunch Act and the Child Nutrition Act of 1966 available for sale to students on the school campus during the school day. For the purpose of competitive food standards implementation, "school day" means the period from the midnight before to 30 minutes after the end of the official school day.
- b. Applicability. Except as otherwise allowed by the Nebraska Department of Education (NDE) or applicable law, all competitive food sold during the school day must meet the USDA Smart Snacks Standards and the nutrition standards found in 7 CFR § 210.11. The competitive food restrictions do not apply to food sold during non-school day hours, weekends, and off-campus fundraising events such as concessions during after-school sporting events, school plays or concerts; or to bulk food items that are sold for consumption at home. (Ex: frozen pizzas, cookie dough tubs, etc.)
- c. Fundraiser Exemptions. A special exemption is allowed for the sale of food and/or beverages that do not meet the competitive food standards as required in this section for the purpose of conducting an infrequent school-sponsored fundraiser. The specially exempted fundraisers must not take place more than the frequency specified by NDE during such periods that schools are in session. No specially exempted fundraiser foods or beverages may be sold in competition with school meals in the food service area during the meal service.
- d. Other Exemptions. The only other nutrition exemptions from the competitive food requirements are those found in 7 CFR § 210.11.
- e. Other Limitations. No competitive food can be sold to children anywhere on school premises beginning one half hour before breakfast and/or lunch service until one half hour after meal service unless all proceeds earned during these time periods go to the school nutrition program.

9. Triennial Assessment

The school board shall assess and review this policy at least every three years to determine:

- a. Compliance with this policy;
- b. How this policy compares to NDE model wellness policies;
- c. Progress made in attaining the goals of this policy.

The school board will update or modify this policy as appropriate.

10. Public Notice

In addition to identifying the topic on its meeting agenda as required by the Open Meetings Act, the school district will provide notice of this policy at least annually to the public and other stakeholders identified in this policy by one or more of the following methods: on its webpage, in its newsletter, in the student and employee handbooks, newspaper advertisements, direct mailings, electronic mail, and public postings.

In addition to identifying the topic on its meeting agenda as required by the Open Meetings Act, the school district will provide notice of the Triennial Assessment and progress reports towards meeting the goals in this policy using one or more of those same methods.

11. Recordkeeping

The District will retain records to document compliance with the requirements of the wellness policy at its central office.

12. Operational Responsibility

The superintendent is responsible for coordinating the implementation of this policy and for monitoring the district's progress in meeting the goals established by this policy. The superintendent will periodically report to the board on the district's progress in implementing this policy.

* These strategies include, but are not necessarily limited to, those cited in the Alliance for a Healthier Generation's Model Wellness Policy (Updated June 2020 to Reflect the USDA Final Rule) found at <https://api.healthiergeneration.org/resource/2>.

3057 Title IX Policy

As required by Title IX of the Education Amendments of 1972, it is the policy of the district that no person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subject to discrimination under any of the district's programs or activities, or in regards to admission or employment. Any person may report sex discrimination, including sexual harassment. This report must be made by any means to the district's Title IX Coordinator whose contact information can be found on the district's website and in the district's student and staff handbooks. Any other inquiries regarding the application of this policy should be referred to the Title IX Coordinator.

- A hunched-over position
- Breathlessness causing speech in one-to-two word phrases or complete inability to speak

ANAPHYLACTIC SYMPTOMS OF BODY SYSTEM: Any of the symptoms may occur within seconds. The more immediate the reaction, the more severe the reaction may become. Any of the symptoms present require several hours of monitoring.

- **Skin:** warmth, itching, and/or tingling of underarms/groin, flushing, hives
- **Abdominal:** pain, nausea and vomiting, diarrhea
- **Oral/Respiratory:** sneezing, swelling of face (lips, mouth, tongue, throat), lump or tightness in the throat, hoarseness, difficulty inhaling, shortness of breath, decrease in peak flow meter reading, wheezing reaction
- **Cardiovascular:** headache, low blood pressure (shock), lightheadedness, fainting, loss of consciousness, rapid heart rate, ventricular fibrillation (no pulse)
- **Mental status:** apprehension, anxiety, restlessness, irritability

EMERGENCY PROTOCOL:

1. CALL 911.
2. Summon school nurse if available. If not, summon designated trained, non-medical staff to implement an emergency protocol.

4. Administer medications (epinephrine auto injector and nebulized albuterol) per standing order.
5. Determine cause as quickly as possible.
6. Monitor vital signs (pulse, respiration, etc.).
7. Contact parents immediately and prescribing health care practitioner as soon as possible.
8. Any individual treated for symptoms with epinephrine at a school will be transferred to a medical facility.

STANDING ORDERS FOR RESPONSE TO LIFE-THREATENING ASTHMA OR ANAPHYLAXIS:

- Administer epinephrine auto injector junior for any child less than 60 pounds or adult epinephrine auto injector for any individual over 60 pounds into the muscle towards the front and outer side of the thigh.
- Follow with nebulized albuterol while awaiting EMS.

INTRODUCTION

This handbook provides information to persons who are employed by the school district and are referred to in this handbook as employees, staff, or staff members. It is designed to provide practical information about the daily operation of the schools in the district and contains building and district directories, safety and emergency information, as well as district policies and procedures. Each staff member should carefully review this handbook. The administration and the board of education continually review policies and procedures, so staff members should discuss comments, concerns, or suggestions about this handbook with their building principal or another member of the administrative staff.

This handbook does not create a “contract” of employment. Staff positions and assignments that do not require a teaching certificate or are not otherwise governed by the teacher tenure laws may be ended or changed on an at-will basis notwithstanding anything in this handbook or any other publication or statement, except a contract approved by the board of education.

Many situations may arise that are not covered by this handbook. In those instances, staff members should use their own good judgment or consult with the administration. If any information contained in this handbook conflicts with board policy or state statute, the policy or statute will govern.

The provisions in this handbook are subject to change at the sole discretion of the Superintendent and the Board of Education. From time to time, you may receive updated information concerning changes in the handbook. These updates should be kept within the handbook so that all procedures can be kept up to date. If you have any questions regarding this handbook, please ask your supervisor or the Superintendent for assistance.

Your suggestions about ways to improve the school are welcome and will always be considered.

Students may report discrimination or harassment to any staff member who will then forward it on to the appropriate coordinator or administrator. The staff member will follow school district policies to respond to the report.

For additional prohibited discrimination and related information, please review school district Policy 3053 – Nondiscrimination.

DRUG-FREE WORKPLACE REQUIREMENTS

It is vitally important to have a healthy workforce that is free from the effects of illegal drugs. The use or possession of unlawful drugs in the workplace has a very detrimental effect upon safety and morale of the affected employee, coworkers, and the public at large; and on productivity and the quality of work.

Federal law requires this school district, as a recipient of federal funds, to maintain a drug-free workplace. The unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in the district's workplace is prohibited. The term "workplace" includes every location where district employees may be found during their working hours or while they are on duty, regardless of whether the location is within the geographic boundaries of the district. Any employee who violates this policy will be disciplined with measures up to and including discharge. The district may, in its sole discretion, require or allow an employee who violates this policy to participate in and satisfactorily complete a drug abuse assistance or rehabilitation program.

The district shall provide every current employee with a copy of this policy, and shall provide each newly hired employee with a copy upon hiring. Every employee shall be required to signify receipt of a copy of the policy in writing. All district employees must abide by this policy, including those who are not directly engaged in the performance of work pursuant to a federal grant.

An employee must notify his/her supervisor of any conviction of a criminal drug statute for a violation occurring in the workplace within five days. The failure to report such a conviction will be grounds for dismissal. If the employee convicted of such an offense is engaged in the performance of work pursuant to the provisions of a federal grant, the district shall notify the grant agency within 10 days of receiving notice of a conviction from the affected employee or of receiving actual notice of such a conviction.

POLICIES AND PROCEDURES REGARDING ALL STAFF

Accidents and Injuries

Staff must inform the building office immediately of all accidents and/or injuries to students or staff, and complete the appropriate accident form that is available from the office secretary. The accident form must be returned to the office within twenty-four hours.

Activity Accounts and Fundraising

Activity accounts are handled through the superintendent's office. No student or sponsor may make any purchase without a signed purchase order from the superintendent. **Purchases made without permission are the personal obligation and responsibility of the purchaser.**

The superintendent is responsible for authorizing any fundraising on the part of student activities. **No fundraising may occur without express administrative permission.**

Activity Tickets

All staff, spouses, and their school-age children will be admitted to home games free of charge. Activity tickets will be issued to staff through the building offices.

Agents, Salesmen and Other Business Representatives

Staff must determine whether the business representative has been granted permission before discussing business matters. Classroom teachers may not interrupt class work to confer with such representatives.

Staff may not use school time or school facilities for any personal activity for personal financial gain or confer with any business representative for personal business during school time.

Board Policies, Rules, and Directives

The board of education has adopted policies that govern the operation of the school district. A complete policy manual is available on the district's website or in the main administrative office. These manuals will be updated as the board adopts new policies or modifies existing policies. In particular, the 4000 series deals with policies that affect personnel. Additionally, the Board has authorized the Superintendent and his or her designee to adopt rules and directives regarding the conduct of students, staff, and other persons. Many of these rules and directives are published in the Student Handbook, Staff Handbook, and Activity Handbook, respectively. Each of these handbooks are available on the district's website and in the main administrative office. **By signing below, you agree that you have read and understood these policies, handbooks, rules, and directives, their application to you, and that you have had an opportunity to discuss any questions with the administration.**

Child Abuse

School employees who have reasonable cause to believe that a child has been subjected to child abuse or neglect or observe a child being subjected to conditions or circumstances which reasonably would result in child abuse or neglect will report the suspected abuse or neglect according to the following procedure.

1. Any school employee who has reasonable cause to believe that a child has been abused or neglected shall report the suspicion to the building principal immediately. Employees shall also personally report or cause a report to be made to local law enforcement or to the Department of Health and Human Services.
2. When the principal makes a report of suspected child abuse or neglect, he/she shall inform the employee(s) who made the initial report.
3. Nothing in the paragraph above shall hinder a school employee from fulfilling his/her/their obligation to report suspected abuse or neglect if he, she or they have reasonable cause to believe that a child has been abused or neglected.

4. Any doubt or question in reporting such cases shall be resolved in the favor of reporting the suspected abuse or neglect. Consultation between the administrator and school employee is encouraged, keeping in mind that prompt reporting is essential.

Complaint Procedure

Good communication helps to resolve many misunderstandings and disagreements. This complaint procedure applies to complaints unless the complaint is subject to a different procedure required by law, policy or contract. Individuals who have a complaint should discuss their concerns with appropriate school personnel in an effort to resolve problems at the lowest level of the chain of command. When those efforts do not resolve matters satisfactorily, including matters involving discrimination or harassment on the basis of race, color, national origin, sex, marital status, disability, or age, a complainant should follow the procedures set forth in any specific policy addressing those areas or the procedures set forth below. Allegations of sex discrimination covered by Title IX will be addressed through the board's Title IX policy.

References to "coordinator" in this policy refer to the board-designated coordinator for the applicable area, such as the Section 504 Coordinator for allegations of disability-based discrimination.

Under this policy, factual conclusions will be based on a preponderance of the evidence.

Complaint and Appeal Process.

1. The first step is for the complainant to speak directly to the person(s) with whom the complainant has a concern. For example, a parent who is unhappy with a classroom teacher should initially discuss the matter with the teacher. However, the complainant should skip the first step if complainant reasonably believes speaking directly to the person would subject complainant or complainant's student to discrimination or harassment.
2. The second step is for the complainant to speak to the building principal, coordinator, superintendent of schools, or president of the board of education, as set forth below. Anyone with questions about the appropriate person to speak with may request clarification from the superintendent.
 - a) Complaints about the operation, decisions, or personnel within a building should be submitted to the principal of the building.

- b) Complaints about the operations of the school district or a building principal should be submitted in writing to the superintendent of schools.
 - c) Complaints about the superintendent of schools should be submitted in writing to the president of the board of education.
 - d) Complaints involving discrimination or harassment on the basis of race, color, national origin, sex, marital status, disability, or age may also be submitted at any time during the complaint procedure to the applicable coordinator. Complaints involving discrimination or harassment may also be submitted at any time to the Office for Civil Rights, U.S. Department of Education: by email at OCR.KansasCity@ed.gov; by telephone at (816) 268-0550; or by fax at (816) 268-0599.
3. When a complainant submits a complaint to an administrator or coordinator, the administrator or coordinator shall first determine whether another applicable procedure is required by policy or law and if so, direct the complaint to the appropriate person to follow that procedure. If not, the administrator or coordinator will promptly and thoroughly investigate the complaint, and shall:
- a) Determine whether the complainant has discussed the matter with the respondent.
 - 1) If the complainant has not, urge the complainant to discuss the matter directly with the respondent, if appropriate.
 - 2) If the complainant refuses to discuss the matter with the respondent, the administrator or coordinator shall, in his or her sole discretion, determine whether the complaint should or must be pursued further.
 - b) Strongly encourage the complainant to reduce his or her concerns to writing.
 - c) Interview the complainant and, if necessary, the respondent against whom the complaint is filed, to determine:
 - 1) All relevant details of the complaint;

- 2) All witnesses and documents which the complainant believes support the complaint;
 - 3) The action or solution which the complainant seeks.
 - d) Respond to the complainant. If the complaint involves discrimination or harassment, the response shall be in writing and shall be submitted within 180 calendar days after the administrator or coordinator receives the complaint.
- 4. If either the complainant or the respondent is not satisfied with the decision he or she may appeal the decision to the superintendent. The superintendent may assign a qualified designee to hear any appeal.
 - a) The appeal must be in writing.
 - b) This appeal must be received by the superintendent no later than three (3) calendar days from the date of the decision.
 - c) For complaints addressed through other applicable procedures that do not include a separate investigatory process, the superintendent will investigate as he or she deems appropriate..
 - d) The superintendent will prepare a written decision and provide it to the complainant and any other person entitled by law to receive the appeal decision. For complaints involving discrimination or harassment, the superintendent shall submit the decision within 180 calendar days after the superintendent received complainant's written appeal. Appeals to the superintendent from complaints involving discrimination or harassment are final once the superintendent delivers the written decision, as are all other appeals/complaints to the superintendent unless the complaint can be appealed on the limited grounds to appeal to the board below.
- 5. The board's role is to set policy, establish and implement a budget, and evaluate the superintendent. The board does not manage the daily operations of the school district entrusted to its administration unless required by law or policy. Because of the board's statutory roles, it does not hear complaints or appeals that may involve oversight or discipline of students, staff, or others, unless those involve the superintendent as discussed below. The board does not hear complaints or appeals based on allegations of discrimination or

harassment unless otherwise required by law. The board will hear appeals only in the following circumstances:

- a) When the complaint is about a board policy, not implementation of the policy;
- b) When the complaint involves the budget or school expenditures that have been or must be approved by the board; or
- c) When the board is required by law, policy, or contract to hear a complaint or appeal.

If a complaint involves those limited grounds and a party is not satisfied with the superintendent's decision regarding the complaint or appeal, he or she may appeal the decision to the board.

- d) This appeal must be in writing.
 - e) This appeal must be received by the board president no later than ten (10) calendar days from the date the superintendent communicated his/her decision to the complainant.
 - f) This policy allows, but does not require the board to receive statements from interested parties and witnesses relevant to the complaint appeal. However, all matters involving discrimination or harassment allegations against the superintendent shall be promptly and thoroughly investigated by the board president or a designee.
 - g) The board president will notify the complainant and any other person legally required to receive the decision in writing of its decision. If the complaint involves discrimination or harassment allegations against the Superintendent, the board president shall submit the decision within 180 calendar days after receiving the written appeal.
 - h) There is no appeal from any decision of the board unless authorized by law.
6. Formal complaints about the superintendent shall be filed with the president of the board. However, complaints about the superintendent do not include disagreement with the superintendent's decision on appeal based on a complaint of discrimination, harassment, or action of any other employee who is not the superintendent. Upon receipt of a complaint, the board president or his or her designee shall promptly and thoroughly investigate the complaint, and shall:

- a) Coordinate with school district staff, other than the superintendent, to determine if another procedure in policy or law requires the complaint against the superintendent to follow another procedure. If so, the board president will coordinate handling the complaint through that procedure. If another procedure applies, such as in the case of allegations of sex discrimination against the superintendent, the board president or, at his or her discretion, the full board will serve only to hear any appeal by a party to the complaint.
- b) Determine whether the complainant has discussed the matter with the superintendent.
 - 1) If the complainant has not, the board president or designee will urge or require the complainant to discuss the matter directly with the superintendent, if appropriate or required.
 - 2) If the complainant refuses to discuss the matter with the superintendent, the board president shall, in his or her sole discretion, determine whether the complaint should or must be pursued further.
- c) Determine, in his or her sole discretion, whether to place the matter on the board agenda for consideration at a regular or special meeting by the full board.
- d) Respond to the complainant or appeal. If the complaint or appeal involves discrimination or harassment, the response shall be in writing and shall be submitted within 180 calendar days after the president received the complaint.
- e) Appoint or contract with other individuals qualified to assist the board through this process or any other applicable procedure used to address allegations against the superintendent.

No Retaliation. The school district prohibits retaliation against any person for filing a complaint or for participating in the complaint procedure in good faith.

Special Rules Regarding Educational Services and Related Services to Students with Disabilities. Students with disabilities and their families have specific rights outlined in state and federal law, including administrative

processes by which they may challenge the educational services being provided by the school district. Therefore, the appeal process contained in this policy may not be used to challenge decisions made by a student's individualized education plan (IEP) team or 504 team.

Complaints about the educational services provided a student with a disability, including but not limited to services provided to a student with an IEP, access to curricular and extracurricular activities, and educational placement must be submitted to the school district's Director of Special Education. The Director of Special Education will address the complaint in a manner that he/she deems appropriate and will provide the complainant with a copy of the Notice of IDEA Parental Rights promulgated by the Nebraska Department of Education.

Complaints about the educational services provided a student with a disability pursuant to a Section 504 plan must be submitted to the school district's 504 Coordinator. The 504 Coordinator will address the complaint in a manner that he/she deems appropriate and will provide the complainant with a copy of the Notice of Section 504 Parental Rights adopted by the board of education.

Complaints about the educational services provided to a student who is suspected of having a disability must be submitted in writing to the school district's Director of Special Education or to the district's 504 Coordinator. The Director of Special Education or 504 Coordinator will either refer the student for possible verification as a student with a disability or will provide prior written notice of the district's refusal to do so.

Bad Faith or Serial Filings. The purpose of the complaint procedure is to resolve complaints at the lowest level possible within the chain of command. Individuals who file complaints (a) without a good faith intention to attempt to resolve the issues raised; (b) for the purpose of adding administrative burden; (c) at a volume unreasonable to expect satisfactory resolution; or (c) for purposes inconsistent with the efficient operations of the district may be dismissed by the superintendent without providing final resolution other than noting the dismissal. There is no appeal from dismissals made pursuant to this section.

Computers and the Internet: Acceptable Use by Staff

Internet access is an important tool for communicating, keeping up-to-date with current developments in education, and for conducting research to enhance management, teaching, and learning skills. Staff members must refer to and comply with the board policy regarding Staff Internet and Computer Use. A copy of this policy is attached below. Staff should also

refer to and comply with the board policy regarding Staff and District Social Media Use.

[Policy 4012 Staff Internet and Computer Use](#)
[Policy 4051 Staff and District Social Media Use](#)

Conflict of Interest

All staff members are subject to the board's policy governing conflict of interest. That policy provides, in part, that no employee shall solicit or accept anything of value, including a gift, loan, contribution, reward, or promise of future employment based on an agreement that the vote, official action, or judgment of the employee would thereby be influenced.

Contact Information

Staff are required to keep the district informed of any change in their name, address, telephone or other contact information. Contact the building secretary to report a change.

Copyright and Fair Use

The school district complies with federal copyright laws. Staff members must comply with copyright laws when using school equipment or working on behalf of the district. Federal law prohibits the unauthorized reproduction of works of authorship, regardless of the medium in which they were created.

The "fair use" doctrine allows limited reproduction of copyrighted works for educational and research purposes. "Fair use" of a copyrighted work includes reproduction for purposes such as criticism, news reporting, teaching (including multiple copies for classroom use), scholarship, or research. Staff who are unsure whether their proposed reproduction of copyrighted material constitutes "fair use" should consult with their building principal, review the school district's copyright compliance policy, and review *Reproduction of Copyrighted Works by Educators and Librarians* from the U.S. Copyright Office found at <https://www.copyright.gov/circs/circ21.pdf> and *Copyright for Students* found at <https://www.whoishostingthis.com/resources/student-copyright/>. You can find more information on copyright compliance requirements and permitted uses from the U.S. Copyright Office and the Library of Congress at the following site:
<http://www.loc.gov/teachers/usingprimarysources/copyright.html>.

Corporal Punishment

Corporal punishment is the infliction of bodily pain as a penalty for disapproved behavior, and is prohibited by law. Some physical contact is

inevitable, and most of it is appropriate. Corporal punishment does not include the use of physical force that is reasonable and necessary to (1) protect school employees; (2) protect students or property; or (3) remove a student from a situation that endangers the student, persons, or property. Staff members should promptly report any event that required the use of physical force to their building principal.

Crisis Response Team

Any staff member appointed by the district administration will serve on the Crisis Response Team as outlined in the board policies. The Crisis Response Team serves a vital role in supporting the district's staff and students. It is the responsibility of the appointed staff member to discuss with the district administration any circumstances that may affect the staff member's ability to perform the tasks required by board policy.

Disability Leave (Short-Term)

Short-term disability leave will be treated in the manner required by state and federal law and consistent with the negotiated agreement with the school district's local education association. Short-Term Disability leave will run concurrently with FMLA leave.

Discrimination and Harassment

The school district prohibits discrimination and harassment based upon or related to race, color, national origin, sex, religion, marital status, disability, age or any other unlawful basis that (1) has the purpose or effect of creating an intimidating, hostile, or offensive school environment, (2) has the purpose or effect of substantially or unreasonably interfering with an employee's school performance, or (3) otherwise adversely affects an employee's employment opportunities. Employees who believe that they have been the subject of unlawful discrimination or harassment due to their disability should contact the following Section 504 Coordinator: School Counselor at 308-647-5459, khubbert@sheltonbulldogs.org or in person at school. Employees who believe that they have been the subject of unlawful discrimination or harassment due to their sex should contact the following Title IX Coordinator: HS Principal, Amy Hostetler at 308-647-5459, ahostetler@sheltonbulldogs.org, 210 9th Street, Shelton NE 68876, or in person at school. Employees who believe that they have been the subject of any other unlawful discrimination or harassment should contact the Superintendent, Rodney Engel, at 308-647-6742, rengel@sheltonbulldogs.org, 210 9th Street, Shelton NE 68876 or in person at school. Employees may report discrimination or harassment to any staff member who will then forward it on to the appropriate coordinator or administrator. The staff member will follow school district policies to respond to the report.

Driving (both school and personal vehicles)

Staff members who drive school vehicles or volunteer to use their personal automobile to transport students must have a valid driver's license and proof of insurance. Staff members will be provided a Driver's Certification form to verify this information. Staff members who drive school vehicles or transport students in their personal vehicles are responsible for following safe driving practices, including use of seat belts by all occupants, and are responsible for any injury or accident. Staff members are not to use cell phones while driving a school vehicle or while transporting students. Please see the school district's policy on school vehicle use for further information.

Drivers for the school district must be free from drug and alcohol use or abuse. The school district will test drivers as permitted under state and federal law and in accordance with board policy.

Dress Code

The attire worn by staff members conveys an important image to students and the general public. The appearance of professional staff members shall be appropriate to their assigned duties and indicative of their professional standing in the school and community.

Certified staff, paraeducators, and office staff should generally dress in business casual attire that is clean and professional.

The following are examples of unprofessional attire which should not be worn by classroom staff during the traditional school day, when students or visitors are in attendance, or when the employee is supervising, directing, or coaching students when the public is in attendance:

- For men: shirts without collars, unless the shirt can be deemed professional by other standards.
- Athletic wear, including sweat, jogging and wind suits, except when teaching a physical education activity in the gymnasium, on a playing field, or at athletic or other activity practices.
- Shorts, except when teaching physical education class or at athletic or other activity practices.
- Blue jeans, except at athletic or other activity practices, or on days considered to be "dress down" days.
- Hats, except when worn outside for sun coverage.
- Rubber soled 'flip flop' thong sandals.
- Any attire which is excessively wrinkled or torn, so that it is no longer neat and professional.
- Any attire which is immodest or may distract other employees or students in the learning environment.

Custodial, maintenance, and transportation staff should dress in attire appropriate to the work they are performing.

The superintendent or principal shall maintain the discretion to make determinations on staff dress and appearance. Administrators may temporarily suspend all or a portion of the dress code when other factors support a lower dress expectation for school employees (e.g., special “casual days” or field days). Any violation of school policy and rules may result in disciplinary action.

Drug and Alcohol Testing

School district administrators who suspect that drugs or alcohol may be present in a staff member’s system may require the staff member to provide a body fluid or breath sample as provided in Nebraska law. Staff members who refuse a lawful directive to provide a body fluid or breath sample may be subject to disciplinary or administrative action by the employer, including denial of continued employment.

Duty to Report

School personnel shall self-report any of the following to the District’s Superintendent within 24 hours of its occurrence or at the beginning of the next school day, whichever is earlier:

- Any criminal citation if the alleged offense is a misdemeanor or felony under federal or Nebraska law or in the state in which the alleged offense occurred;
- Any arrest for any reason;
- Any criminal conviction;
- Any sentence of incarceration;
- Any criminal or civil filing or Department of Health and Human Services or law enforcement investigation for child abuse and/or neglect;
- Any complaint or other administrative that could impact any certificate or professional license held by the employee;
- Any action or threat of action by any entity against the employee’s driver’s license or ability or authority to operate a motor vehicle if the employee’s job duties may require the operation of a motor vehicle.

The failure to make a report required by this section may result in disciplinary action up to and including cancellation, termination, and non-renewal.

Electronic Communication While Driving

Except as provided below, school personnel shall not use any electronic communication device to read a written communication, manually type a written communication, send a written communication, verbally communicate with others, or otherwise communicate with others while operating a school vehicle or while using a school-issued electronic communication device while operating a private vehicle. This prohibition includes but is not limited to answering or making telephone calls not related to the transportation and reading or responding to e-mails, instant messages, or text messages.

The superintendent or building principal may grant exceptions and allow verbal communication on an as needed basis for specific district-related work based upon employees' duties and responsibilities.

Expenses

The board will reimburse staff for all approved expenses incurred in attending to school business. Reimbursement for mileage, supplies, overnight travel expense, and credit course reimbursement fees are processed on an expense report form that is available from each building secretary. Appropriate receipts must be attached.

To be reimbursed for an item or for personal vehicle use, staff members must complete a reimbursement claim form, attach receipts and submit it to the Superintendent for approval.

All claims for reimbursement must be approved by the board, so some delay is probable. Mileage reimbursement will be denied if a school vehicle was available.

Family and Medical Leave (FMLA)

Qualified employees will be provided leave under the Family and Medical Leave Act (FMLA) as provided in board policy. The school district will utilize the "rolling" 12-month period measured backward from the date an employee uses any FMLA leave.

In-School Communication

Every staff member will be assigned a mailbox in the building where he or she works. Staff members are expected to check their mailboxes for messages in the morning upon arrival at school, at lunch time, and at the end of the day before departing.

A great deal of information is distributed to staff via the school's e-mail system. Each staff member must check his or her e-mail account frequently

throughout the school day. Staff members are allowed to use their school e-mail accounts for a moderate amount of personal e-mail correspondence. However, sending or receiving personal e-mail during class time is prohibited, regardless of whether that personal e-mail is received on the staff member's school e-mail account or a personal account.

Intellectual Property

All written or artistic works, instructional materials, inventions, procedures, ideas, innovations, systems, programs, or other work product created or developed by any employee in the course and scope of performance of his or her employment duties on behalf of the district, whether published or not, shall be the exclusive property of the district. The district has the sole right to sell, license, assign, or transfer any and all right, title, or interest in and to such property.

Jury and Witness Duty Leave

An employee who has been called to serve as a juror will be granted paid leave. Employees must sign over to the district the compensation they receive for jury duty, but not compensation for expenses.

An employee who has been subpoenaed to testify as a witness in a court proceeding shall be entitled to one day of paid leave. To receive paid leave, the employee must sign over to the district his or her witness fee.

Keys

Staff will not lend or have any duplicate keys made of any school key. Staff will make sure all doors are locked when they enter or leave the building other than regular school hours and are responsible for setting the security system after hours.

Staff members are responsible at all times for all keys issued to them and must keep their keys in a secure location or on the employee's person. Each classroom teacher must check that the doors and windows in his or her room are closed and locked at the end of the school day. Staff must report lost or stolen keys to the building principal immediately.

Locker Room Supervision

Staff members must review and comply with the board's policy regarding locker room supervision.

Maintenance & Cleaning Request Forms

Staff members should fill out maintenance requests forms just as soon as they need or see a maintenance problem. Staff will utilize the [Maintenance Request Form](#) to submit a maintenance or custodial request.

Meals Program

Staff may take advantage of meals offered through the district's foods program. Staff may purchase lunches from the school cafeteria for \$4.80 per lunch. The lunch price includes one carton of milk. Extra cartons cost 60 cents. Staff members must deposit funds in their lunch accounts before purchasing meals. Staff members will not be allowed to run deficit in their lunch accounts.

Military Leaves of Absence

Leaves of absence without pay for military or Reserve duty are granted to all employees as required by law. An employee who is called to active military duty or to Reserve or National Guard training or who volunteers for the same should submit copies of the military orders to the Superintendent as soon as is practicable. An administrator, at his or her discretion, may require an employee who requests leave under the Nebraska Family Military Leave Act to provide certification from the proper military authority to verify the employee's eligibility for the leave requested.

Military Leave under the Federal Family and Medical Leave Act (FMLA) and the Nebraska Family Military Leave Act will be governed by the board's policies.

Milk Expression

Except as otherwise provided by law, the district will provide reasonable break time for an employee who wishes to breastfeed or express breast milk for her nursing child each time such employee has the need to do so. The district will provide a place, other than a bathroom, which is shielded from view and free from intrusion from co-workers and the public. These accommodations will be provided for one year after the child's birth, unless otherwise required by law.

News and Press Releases

Only individuals who have prior administrative approval may issue press releases or other official communications regarding school activities and events in furtherance of the individual's official responsibilities. The superintendent may delegate responsibility for communicating with the media to building principals, the activities director, event sponsors, and other staff on an ad hoc basis.

Activity sponsors and other staff who are involved in newsworthy activity should submit typed press releases to the office for distribution to the media when noteworthy events have occurred. Coaches must communicate with local TV, radio, and print media promptly after matches or games to

disseminate the results.

Newsletters

The district secretary will inform staff of the relevant deadlines for each newsletter. Staff members are encouraged to submit articles for the newsletter that reports recent classroom activities and emphasizes positive aspects of the district's mission.

Obligations Related to American Civics Instruction

All staff members shall be familiar with, and comply with, the requirements of state law, board policy, and district curriculum to properly instruct students regarding American Civics, Social Studies, American History, and appropriate patriotic exercises on particular days of the year. Neglect of any such responsibilities by any employee may be considered just cause for dismissal.

Outside Employment

No full-time staff member may accept any other employment or carry on any business or activity for profit that interferes with the complete and competent discharge of his or her responsibilities to the school district.

Political Activities

District employees retain all rights of citizenship, including, but not limited to, engaging in political activities. An employee of the District may participate in the political process, including seeking an elective office, provided that the staff member does not campaign on school property during working hours, and provided all other legal requirements are met. The District assumes no obligation beyond making such opportunities available.

While the District supports its employees by allowing them to exercise their rights, any impact on the employee's ability to perform his or her functions as required by the district is grounds for discipline. For further guidance regarding political conduct on school grounds, contact the superintendent and consult the board policies.

Pregnant or Parenting Students

The school district encourages students who are pregnant or parenting are encouraged to continue to participate in the district's educational and extracurricular programs. Students who anticipate deviations from their regular school experience or accrue absences due to pregnancy or parenting have been told to notify their building principal as early as possible to discuss their educational programming. The building principal will work with the student and appropriate district staff to develop a plan to assist the

student in participating in district curriculum and extra-curricular activities. Such a plan may include:

1. If the student cannot regularly attend classes, the provision of online courses;
2. The arrangement of meeting times with teachers;
3. If the student has not identified appropriate childcare, the identification of child care providers that meet statutory requirements for quality and care; and
4. All other curricular adjustments, modifications, and means of supplementing classroom attendance deemed appropriate by the school administrators including, but not limited to, modification of attendance policies.

Professional Boundaries Between Staff and Students

All district employees must follow board policy when interacting with students in any way. School district employees are responsible for conducting themselves professionally and for teaching and modeling high standards of behavior and civic values, both at and away from school. District employees must be aware of professional boundaries between students and staff, and they must never blur the boundaries. These standards of behavior apply to social networking sites, such as Facebook, Twitter, Instagram, etc., along with communications and interactions of any kind between staff and students.

Examples of unprofessional misconduct include: inappropriate sexual communications or interactions with students, meeting with students in private outside of school, and intruding on a student's personal space. These are a few examples of inappropriate behavior, not an exhaustive list. For further guidance, refer to the district's policies regarding professionalism and staff-student interactions.

Any teacher or student who witnesses or knows information about a district employee violating board policy should report the violation to the district administration *immediately*. Minor violations and questionable violations should be reported as soon as possible, but always within 24 hours.

A violation of board policies for professionalism will form the basis for employee discipline up to and including termination or cancellation of employment, filing a report with law enforcement officials, and filing a report with the Commissioner of Education.

Professional Growth

All employees must complete 6 units of professional growth credit and shall be provided opportunities for the development of increased competence

beyond that which they may attain through the performance of their assigned duties.

In addition to this requirement, the superintendent will select in-service programming to provide additional professional growth activities for certified and classified staff.

Purchasing

All requisitions for books and school supplies must be filed with the building principal. The requisition must include the name of the article being requested, where it may be purchased, how many articles are required and their cost. Requisition forms are available from the office. Orders should not be placed until the district office has issued a printed purchase order. Once an order has been received, the staff member must notify the building secretary so payment can be processed. Failure to follow the procedure for requisitions may prevent the staff member from receiving the items requisitioned. All orders or supplies must be authorized by the administration. Staff may be personally liable for any orders placed without such authorization.

When routine supplies are needed for immediate use, staff should contact the building secretary. When it is necessary to make a special or emergency requisition for supplies or equipment, staff should contact the principal for the necessary forms. The superintendent will either approve or disapprove the request through the principal.

Records and Reports

Staff members must refer to and comply with Board Policy No. 5016 regarding the management and maintenance of student records.

All staff members shall promptly furnish the administration with any information relating to their professional training, experience, activities or work required for reports to county, state or federal officials or for official school records. Personal information will be treated confidentially by school officials.

Recordings of Students and Classrooms

Staff members may make audio and video recordings of classroom instruction and school activities upon authorization of the superintendent or supervising administrator. Staff should refer to Board Policy 3059 for information on recording by students.

School Calendar

The official school calendar is maintained in each building office. All

activities and events must be scheduled and approved by the building principal. To avoid conflict, a sponsor should not call a meeting of any activity until the schedule has been checked and the meeting approved by the office.

School Property

School property is not to be lent to individuals except by permission of the superintendent.

Staff or groups who wish to use school facilities should make requests to the building principal as early as possible so that they may be placed on the school calendar.

Staff must inform the building principal of any school property that needs repair or that is lost, stolen, or damaged beyond repair. Matters regarding custodial service in the building should be handled through the principal's office.

School Vehicle Use

The transportation of students in a pupil transportation vehicle is governed by the rules of the Nebraska Department of Education and the district's safe pupil transportation plan or safety and security plan. School district employees, board members, and other elected or appointed school district officials who are not transporting children are authorized to use a school district vehicle to travel to a designated location or to their home when the primary purpose of the travel serves a school district purpose. Staff should refer to the board policy regarding the use of school vehicles.

Security

Each staff member is responsible for the security of his/her own classroom or work area. Staff must lock the doors and windows of their classrooms and/or other work areas each night.

Staff members who use the building after it has been locked by the custodian or on weekends are responsible for turning off all lights and locking all windows and doors that they or students under their supervision may have used.

Under no circumstances are pupils to be allowed in the building after school hours without faculty supervision. Keys to any school areas are not to be loaned to students under any circumstances.

Smoking on School Premises or at School Activities

The use or possession of any tobacco product, including cigarettes, cigars, or other tobacco or tobacco derivative products; vapor products or electronic nicotine delivery systems; alternative nicotine products; or any other such look-alike or imitation product, is not permitted on school property at any time.

Sniffer (Drug) Dogs

The administration is authorized to use sniffer dogs to minimize the presence of illicit items on school grounds. Students and staff are specifically notified that:

1. Lockers may be sniffed by sniffer dogs at any time.
2. Vehicles parked on school property may be sniffed by sniffer dogs at any time.
3. Classrooms and other common areas may be sniffed by sniffer dogs at any time students and staff are not present.
4. If contraband of any kind is found, the student or staff member shall be subject to appropriate disciplinary action.

Social Media Usage by Staff

Social media is an important tool for communicating, keeping up-to-date with current developments in education, and for conducting research to enhance management, teaching, and learning skills. The district also uses social media accounts to provide information to district stakeholders. All staff members must refer to and comply with the board's policies regarding Staff Internet and Computer Use and Staff and District Social Media Use. Staff members who are uncertain about the applicability of board policy to a particular situation must confer with their supervising administrator prior to posting on social media.

Solicitation and Distribution of Merchandise

In the interest of maintaining a proper school environment and preventing interference school purposes, employees may not sell merchandise, solicit financial contributions, solicit, or distribute literature or printed material for any non-school related cause during working time or on school grounds.

Staff Room

The staff room is maintained for the exclusive use and convenience of the staff. It is not for student use and staff members should not hold student conferences there. Each staff member will assume responsibility in keeping the staff room in an orderly and presentable condition.

Staff Use of AI Tools

As used in this section, artificial intelligence tools ("AI Tools") means machine-based resources that use computer science, algorithms, large

language models, and/or machine learning to perform tasks, answer questions, collect information, and respond to human-directed tasks, queries, and objectives. AI Tools include, but are not necessarily limited to, commercially-available resources like ChatGPT, Gemini, Claude, and similar technologies. The board wants to encourage staff to use AI tools to support student learning in safe and lawful ways.

This policy works together with the district's policies on Student Use of AI Tools, Staff Internet and Computer Use, and Staff and District Social Media Use.

Tool Approval. Staff may not use an AI Tool with students or with student information unless a member of the district's administration has approved it. To use a new tool, staff must request approval from his/her supervising administrator first. Before approving a tool, the district will review the vendor's privacy and security practices, the kind of student information the tool would use, and whether a written data-sharing agreement with the vendor is required. The district will keep a list of approved AI Tools and the allowed uses for each.

Staff Expectations for Use of AI Tools in Education

A. Acceptable Use of AI Tools. Staff members must use their own professional oversight for any task they use AI Tools to complete and must carefully review the outputs of all AI Tools. Staff may use approved AI Tools to help with things like:

1. Drafting lesson plans, learning goals, and activities;
2. Assisting in initial review and feedback of student work;
3. Making reading passages or practice problems at different levels;
4. Drafting general messages like newsletters or announcements;
5. Finding resources or summarizing public information;
6. Drafting routine communications.

B. Protecting Student Information. Staff may upload student information into an AI Tool only when (a) the tool is district-approved, and (b) the vendor is bound by a written data-sharing agreement with terms that meet FERPA, COPPA, PPRA, and applicable state student data privacy laws. For this purpose, student information includes student names, ID numbers, education records, IEPs, Section 504 plans, evaluations, health records, and discipline records. This rule applies whether the staff

member uses a district account, a personal account, a free version, or a paid version.

C. Recording and Transcription Tools. Staff may use AI recording or transcription tools only if:

1. The transcription tool has been approved by an administrator for use in the school context; and
2. All participants to the meeting are informed that the staff member is recording or transcribing the meeting.

The resulting recording or transcript may be subject to the district's retention and confidentiality policies.

D. Unacceptable Use of AI Tools in Education. Staff may never use AI tools to:

1. Upload FERPA-protected information about students without the express, written authorization from administrators who have assured themselves that such disclosure is lawful;
2. Relying solely on an AI Tool to grade student work that counts toward a grade or transcript or otherwise evaluate student academic progress;
3. Make or share deepfakes or fake images, audio, or video of any real person.
4. Make or share sexual or intimate images of any real person—even if the image is AI-generated;
5. Use AI to harass, bully, threaten, or impersonate any student, staff member, parent, board member, or community member;
6. Use AI to watch, track, or scan faces of students or staff outside of systems the board has approved;
7. Upload materials to AI if the copyright or license does not allow it;
8. Share district AI accounts or passwords with students or others;
9. Use district AI accounts for personal or business reasons; or
10. Use AI to bypass district network security, content filters, or device controls.

If any staff member is uncertain about the application of this policy to any AI Tool use, the staff member will check with a supervising administrator before use.

Student Interviews

Employees shall refer any police officer, child protective service worker, or other similar individual seeking to speak to or interview a student to an administrator.

Student Supervision

As teachers we have both a legal liability and an ethical responsibility to actively supervise students, both in and out of the classroom. In order to do this teachers are to be in their classrooms by no later than 7:50 a.m. in the morning. Teachers are to remain in their teaching area until at least 3:35 p.m. As a teacher, you are not to leave a class unattended unless there is an emergency situation.

If you must leave a class, notify the office via phone call. Coaches and activity sponsors are to remain in the building until all students have left. As much as possible, please supervise students in locker rooms.

Telephones

School telephones are maintained for the primary purpose of conducting school business. Staff members should limit their use of school phones to brief conversations. Teachers will not be called to the telephone during class time except in the case of an emergency.

Staff members may not use personal cell phones to make or receive calls or to send or receive text messages during instructional time.

Threat Assessment and Response

The board of education is committed to providing a safe environment for members of the school community. Students, staff and patrons are urged to immediately report any statements or behavior that makes the observer fearful or uncomfortable about the safety of the school environment.

1. Definitions

- a. A threat** is an expression of a willful intent to physically or sexually harm someone or to damage property in a way that indicates that an individual poses a danger to the safety of school staff, students or other members of the school community.
 - i. The threat may be expressed/communicated behaviorally, orally, visually, in writing, electronically, or through any other means.

- ii. A **transient threat** is an expression of anger or frustration that can be quickly or easily resolved.
 - iii. A **substantive threat** is an expression of serious intent to harm others which includes, but is not limited to, any threat which involves a detailed plan and means.
- b. A **threat assessment** is a fact-based process emphasizing an appraisal of observed (or reasonably-observable) behaviors to identify potentially dangerous or violent situations, to assess them and to manage/address them. Threat assessment is the process of identifying and responding to serious threats in a systematic, data-informed way.
 - i. The threat assessment process is distinct from student disciplinary procedures. The mere fact that the district is conducting a threat assessment does not by itself necessitate suspension, expulsion or emergency exclusion without complying with state law and board policy related governing those actions.
 - ii. The threat assessment process is distinct from specialized instruction which a student with a disability may receive from the school district. The school district will not change a student's educational placement as that term is used in the Individuals with Disabilities in Education Act *solely* as part of a threat assessment.

2. Obligation to Report Threatening Statements or Behaviors.

All staff and students must report **substantive threats** to a member of the administration immediately and comply with any other mandatory reporting obligations. Staff and students who are unsure whether a threat is substantive or transient should report the situation. Staff and students must make such report regardless of the nature of the relationship between the individual who initiated the threat or threatening behavior and the person(s) who were threatened or who were the focus of the threatening behavior. Staff and students must also make such reports regardless of where or when the threat was made or the threatening behavior occurred.

THREATS OR ASSAULTS WHICH REQUIRE IMMEDIATE INTERVENTION SHOULD BE REPORTED TO THE POLICE AT 911.

3. Threat Assessment Team

The threat assessment team (team) shall consist of the Superintendent, Principal, School Counselor, and members of the school Safety Team. Not every team member needs to participate in every threat assessment. If the threat has been made by or is directed towards, a student with a disability, the threat assessment team must include a staff member who is knowledgeable about special education services or Section 504 of the Rehabilitation Act, as appropriate. Neither the student nor their student's family members are part of the threat assessment team.

The team is responsible for investigating all reported threats to school safety, evaluating the significance of each threat, and devising an appropriate response. The threat assessment team shall work closely with the crisis team in planning for crisis situations. The threat assessment team shall be familiar with mental health resources available to students, staff and patrons and shall collaborate with local mental health service providers as appropriate.

4. Threat Assessment Investigation and Response

When a threat is reported, the school administrator shall initiate an initial inquiry/triage and, in consultation with members of the threat assessment team, make a determination of the seriousness of the threat as expeditiously as possible. The school administrator must contact law enforcement if the administrator believes that an individual poses a clear and immediate threat of serious violence.

If there is no reasonably apparent imminent threat present or once such an imminent threat is contained, the threat assessment team will meet to evaluate and respond to the threatening behavior. The team may, but is not required to, review the following types of information:

- Review of the threatening behavior and/or communication;
- Interviews with the individuals involved including students, staff members, and family members as necessary and/or appropriate;
- Review of school and other records for any prior history or interventions with the students involved;
- Any other investigatory methods that the team determines to be reasonable and useful.

At the conclusion of the investigation, the team will determine what, if any, response to the threat is appropriate. The team is authorized to disclose the results of its investigation to law enforcement and to the target(s) of any threatened acts. The team may refer the individual of concern to the appropriate school administrator for consequences under the school's student discipline policy or, if appropriate, report the results of its

investigation to the student's individualized education plan team.

Regardless of threat assessment activities, disciplinary action and referral to law enforcement will occur consistent with board policy and Nebraska law.

5. Communication with the Public about Reported Threats

The team will keep members of the school community appropriately informed about substantive threats and about the team's response to those threats. This communication may include oral announcements, written communication sent home with students, or communication through print or broadcast media. However, the team will not reveal the identity of the individual of concern or of any target(s) of threatened violence unless permitted by law.

6. Coordination with the Crisis Team After Resolution of Threat

The threat assessment team will confer with the district's crisis team after a threat has been investigated to provide the crisis team with information that the crisis team may use in assessing or revising the district's All-Hazard School Safety Plan.

Ticket Taking

All staff will be expected to take tickets at one time or another at home events. Staff members who coach a sport may take tickets at an event they do not coach. Staff members who are unavailable to take tickets at the event they are assigned to work must find their own replacements and notify the building principal of who will be taking their place.

Transportation Request Forms

Staff members must complete transportation request forms as soon as they know they need school-provided transportation to allow the activities director adequate time to schedule drivers and vehicles.

Visitors

Staff should welcome members of the public who wish to visit school, but should ensure that visitors follow the district's requirements.

All visitors must report to the building office before visiting any classroom or other areas of the building.

Visitors must comply with the following guidelines:

- if a visitor wishes to observe a specific skill or subject, he or she will be asked to observe during a specified time period
- children under the age of 10 years must be accompanied by a parent or guardian

- all visitors must have the prior approval of the principal or superintendent
- salespeople and other such agents will not be allowed to solicit staff members during school hours
- visitors must wear the visitor's badge supplied by the building office

Wage and Salary Payments

Staff members are paid on the 20th of each month. The district provides direct deposit of paychecks to designated financial institutions. Otherwise, paychecks will be delivered personally at school or mailed to the address on file in the district office. Staff who wish to activate or modify their direct deposits or who wish to have paychecks mailed to a different address must contact the district office. The school district will mail staff paychecks to the last address on file for each employee during months when school is not in session. Employees shall not be paid in advance under any circumstances.

All required deductions, such as for federal, state, and local taxes, retirement contributions, and all authorized voluntary deductions, such as for insurance or union dues, will be withheld automatically from your paychecks. Garnishments are legal proceedings imposed by a court of law upon the school district requiring payment to a third party of monies earned by district employees. The school district will accept all legal garnishments and tax levies against wages in compliance with state and federal law. An employee's pay will be held upon receipt of a garnishment until a court order is issued indicating satisfaction of the indebtedness or until ordered to surrender the monies to the court or its agent. The school district prohibits improper pay deductions, and employees shall be reimbursed for any improper pay deductions. If you believe that an improper deduction has been made to your pay, you should immediately report this information to your direct supervisor, payroll personnel, or the Superintendent.

Staff members, by their signature on the acknowledgement page of this handbook, authorize the school district to withhold such sums from their paychecks as necessary to cover property damage, cash shortages or other amounts owed to the school district by the employee.

Weather-Related Closings

If school is called off because of bad weather or for any other reason, it will be announced on Thrillshare-Apptegy.

Parents may decide to keep their children at home in inclement weather because of personal circumstances. Students absent because of severe weather when school is in session will be marked absent. Staff members should treat the absence like any other absence for legitimate causes provided parents properly notify the school of their decision. Parents may

pick up their children in inclement weather (except in case of a tornado) at any time during the school day. Students will not normally be dismissed from school during severe weather on the basis of a telephone request.

Workplace Searches

To safeguard the property and interests of our students, employees, and patrons; to help prevent the possession, sale, and use of illegal drugs on school grounds, and in keeping with the spirit and intent of the district's drug-free workplace policy and other policies, the school district reserves the right to question employees and all other persons entering and leaving our premises, and to inspect any packages, parcels, purses, handbags, briefcases, lunch boxes, or any other possessions or articles carried to and from school when it has reasonable grounds to do so. The school also reserves the right to search any employee's office, desk, files, locker, or any other area or article on school grounds. All offices, desks, files, lockers, and so forth, are school district property and are issued or provided for the use of employees only during their employment with the district. Inspections may be conducted at any time at the discretion of the administration. Employees who refuse to cooperate with this provision will be subject to disciplinary action up to and including discharge.

POLICIES AND PROCEDURES REGARDING CERTIFIED STAFF

Absences

The accumulation of leave for teaching staff is governed by the Negotiated Agreement between the Board of Education and the Education Association. This handbook sets forth the process for using that leave

1. Sick Leave

Certified staff members who are too ill to perform their teaching duties must contact their building principal by 6:00 a.m.

2. Personal Leave

Certified staff who wish to take personal leave must submit a leave request to their building principal at least three days in advance of the proposed leave. Building principals may deny personal leave requests if the school district is unable to secure the services of a qualified substitute teacher on the day of the proposed leave. Staff members may not take personal leave adjacent to a school break. For example, if school is not in session on a Monday, certified staff may not take personal leave the preceding Friday or following Tuesday.

3. Professional Leave

The board and administration recognize the value of continuing education and encourage certified staff to participate in seminars, workshops and other activities which will continue their professional growth. Certified staff members who wish to take professional leave must submit a leave request to their building principal, along with a description of the proposed event and any written materials about the event. Building principals may deny requests for professional leave if they are unable to secure the services of a qualified substitute or if the principal determines that the activity will not enhance the certified staff member's effectiveness as an employee of the district. Certified staff members who feel they have been unfairly denied professional leave may grieve the principal's decision, pursuant to the grievance procedure contained in the district's Negotiated Agreement.

4. Substitute Folders

Each teacher must prepare a substitute folder and keep the completed folder in the upper right-hand drawer of his/her desk. The folder must contain:

- a.) the current seating chart for each class;
- b.) the daily routine followed by each class;
- c.) all schedules (fire drill procedures, lunch schedule, etc.);
- d.) a copy of this handbook; and

- e.) plans for the day if the teacher's absence was anticipated. (These plans are in addition to the teacher's regular lesson plan book.)

Certified staff members may not make arrangements for their own substitute.

Assemblies

Classroom teachers must attend assemblies and pep rallies and sit with students to help maintain order.

All certified staff members should attend school assemblies and should try to attend as many of the school functions as possible regardless of whether they have specific assigned duties or not.

Assignment Notebooks/Student Planners

Assignment Notebooks function as students' make-up slips, as well as a pass out of class or to see another instructor. They can also be used as a communication tool home to parents. Students may not be in the hallways during class time without his/her assignment notebook signed by the instructor. Every time a student leaves class during class time, it should be signed. This way, other staff can ascertain where the student has permission to be.

Students may not go to another classroom without a signed pass obtained from that teacher. No student may be in the halls during class or study time without a signed pass for a specific destination. If a teacher retains a student after the period ends, staff must write a note in the student's assignment book stating why the student was late, rather than sending the student to the office for a tardy slip.

Assignment of Teachers

The administration will assign certified staff to individual duties. Certified staff will also be assigned for various forms of hall, extracurricular, recess, traffic, lunch period and other noontime duties, and athletic events.

Certificates, Teacher Contracts, Salary Information

Teaching certificates must be registered with the Superintendent before they may legally be paid. It is the certified staff member's responsibility to make sure this is done.

Each certified staff member must provide the superintendent's office with the following information:

- a. social security number,

- b. retirement number,
- c. withholding form W-4, and
- d. authorization to withhold for insurance benefits.

Each new certified staff member must fill out forms for retirement benefits before the first pay day as well as the family coverage of the district hospital/medical insurance program.

It is the sole responsibility of the certified staff member to inform the superintendent of any changes, including but not limited to changes in certification, endorsements, benefits plans, and salary payment information.

Cheating

Students caught cheating (including plagiarizing) must be sent to the building principal for administrative discipline. The classroom teacher may also give the cheating student a zero grade for the test or assignment.

Check-out Forms

All certified staff must complete a check-out form and obtain the building principal's signature on the form prior to departing for the summer. Classrooms must be tidy to allow the custodial staff to clean classrooms and work areas. Certified staff members who do not clean their work area before departing for the summer will not receive their paychecks until the work is completed.

Class Record Books

A class record book is the school's official record of matters relating to each student in each teacher's class. It may be maintained in paper or electronic form and must be complete in scope and accurately maintained. All classroom teachers are required to keep class record books which list students in each class in alphabetical order and show the attendance and all grades earned by each student. At the end of each school year, classroom teachers must turn their record books into the building office. Record books are subject to examination by the building principal or superintendent at any time.

Classroom Management and Student Discipline

Classroom discipline is first and foremost the responsibility of the classroom teacher. Individual teachers are expected to assume responsibility for good discipline throughout the school system. However, if a certified staff member needs assistance with student discipline, they should seek the advice and counsel of the principal or superintendent.

Classroom teachers may not leave their classrooms unless the students are

supervised by a competent adult.

Classroom teachers may not close the door to their rooms until they have left the building or unless they are sponsoring some other group in other areas.

Classroom teachers should have a well-defined discipline plan that is known to the students. Rules and consequences should be stated clearly and posted where appropriate.

Each building has its own specific procedures concerning student discipline. Classroom teachers should consult with their building principal for more information.

Teachers may remove a student from the classroom for failure to comply with established rules of conduct. Only an administrator can suspend or expel students from class or school and due process must be followed.

Students may be kept after school for matters relating to discipline or to assist in their academic progress. Certified staff should allow all elementary students and junior/senior high students who ride the bus to arrange parental transportation for the next day with their parents. Students who do not have transportation concerns may be kept without delay. Students may not avoid being kept after school because they have an after school practice or other school activity.

Both elementary and secondary certified staff are responsible for assisting with hallway discipline between classes and in the school lunchroom.

Classes should begin on time and end promptly. Work should continue throughout the period assigned for it. Classroom teachers have no right to waste the pupils' time. Classroom teachers may not dismiss classes early except by permission of the building principal.

Staff members may never send a student off school grounds without the authorization of the building principal.

Classroom teachers may not admit tardy students to class without an admit slip from the principal or the student's teacher from the previous period.

Classroom Sanitation

1. Handling of Body Fluids

All body fluids of all persons should be considered to potentially contain infectious agents (germs). Hand washing after contact with a school child is

recommended if physical contact has been made with any child's blood or body fluids. The term "body fluids" includes: blood, semen, drainage from scrapes and cuts, tears, feces, urine, vomit, respiratory secretions, and saliva.

2. Infectious Diseases

Certified staff should promptly report any indication of an infectious or contagious disease to the school nurse or building principal. Certified staff should report to the school nurse or the student's parents any pupil whom they suspect of having been exposed to any infectious or contagious disease.

Coaching Supplies

Coaching supplies will be distributed by the athletic director. Such items include tape, prewrap, heel pads, band aids, ankle braces, game balls, etc. Coaches should request additional supplies from the activities directory only when they have run out of supplies.

Coaches must fill out and submit inventory forms to the activities director immediately after the season is complete.

Collection of Student Money

Staff members must comply with the school district's student fee policy before collecting any funds from students.

Money collected from students should be turned into the office on the day it is collected for deposit in the proper activity or school district fund. Any checks written by students or parents for various payments should be made out to Shelton Public Schools, unless otherwise instructed. Certified staff must submit a [financial accountability form](#) when they turn funds into the office.

When students purchase items such as coats, rings, etc., through the school district, they must pay for these and other major items before the order is sent. The sponsor of any school organization is not to give merchandise to students; items will be distributed by the office after proper payment.

Community Involvement

Certified staff are encouraged to take part in civic affairs in the community and must do so when required by state law and board policy.

Computer Lab

Students and staff who use computers owned by the district must abide by the district's acceptable use policies. Students may use the computer lab during lunch and after school. Classroom teachers may not send students to the computer lab during study halls or class unless they have made prior

arrangements with the lab coordinator.

Classroom teachers who wish to bring classes to the computer lab must sign up as far in advance as possible with the lab coordinator. Absolutely no food or drink is allowed in the computer lab.

Display of Classroom Work in the School and the Community

Classroom teachers are encouraged to display student work for public viewing. Students and parents enjoy viewing the display and may be even more supportive of their school because the display shows them many of the things the students do. Classroom teachers may use the window area of the central office or the commons area to display student work or they may use during a night activity. Certified staff must contact the principal before displaying student work at an evening activity.

Down Slips/Eligibility List

Downs list/Eligibility List will run on Monday mornings.

Duties of Certified Staff

The duties of certified staff include, but are not limited to, the following:

- a) Becoming acquainted with board policies, district rules and regulations, and the state laws concerning teachers and pupils.

Eligibility Grades 7-12

Student academic eligibility for participation in extra-curricular activities will be determined on a weekly basis. A student will become ineligible by maintaining an average of less than seventy percent (70%) in two or more classes weekly. Eligibility will be based on the weekly cumulative semester mathematical average of each student. The grading period will end at the conclusion of school on the last school day of the week. Beginning on the fourth Monday of each semester, the principal and/or counselor will review grades reports to determine who is and is not eligible. At the discretion of the sponsor, ineligible students will be allowed to participate in practice. Activities affected by the eligibility rule are:

1. All interscholastic contests, including but not limited to, athletics, FFA, FBLA, speech contests, and similar organizations or events.
2. Cheerleading.
3. Music competition, performances (except Christmas and Spring concerts), and clinics.
4. All school dances.
5. Other activities deemed appropriate by the principal.

Extracurricular Activities

Staff must schedule all events and other extracurricular activities at the activity director's office to avoid conflicts. Activities must be put on the school calendar located in the activity director's office at least one week before the activity. Staff should avoid or shorten practices and activities on Wednesday evenings and Sundays, in order to give students sufficient time away from school for family-related activities.

Certain activities require time be scheduled outside regular school hours. Any school sponsored activity involving students must have approval of the principal prior to the activity, including all fund raising activities.

Regular classroom work in all grades will have precedence over any other activity. Students will not be dismissed from classes to participate in extra-curricular activities without permission from the principal. Make up slips must be completely signed and returned to the sponsor of the activity prior to dismissal from class. All evening activities, except practices, must have no less than two school sponsors. Non school sponsors must be approved by the administration. If vehicles are used for transportation, the drivers must be adults who have been approved by the school.

The activities director has the responsibility for all activities. Therefore, any ruling or handbook decision he/she makes will be school regulation in lieu of further board action.

No student may participate in a field trip off school property without written permission of his or her parent or guardian.

Evacuations

Early in the semester, classroom teachers should review instructions for leaving the classroom with all of their students. Classroom teachers should also periodically review with each class what to do in case of fire, tornado or other emergency.

1. Fire Drills

Fire drills will be held on a regular basis. Certified staff may or may not be notified in advance. These drills are important exercises that help ensure the safety of students in case of an emergency.

When the fire alarm is sounded, all students and staff immediately must cease the activity in which they are engaged and leave the building at once, following these regulations:

- a) Students nearest the windows will close them before leaving.
- b) The classroom teacher will be the last to leave the room. He or she will turn out all lights and close the door as he or she leaves.
- c) Classroom teachers will take their fire drill packets and class grade books with them when they leave their classrooms.
- d) The first two students reaching the exit doors will hold the doors wide open until everyone has filed out.
- e) Staff and students will move far enough away from the building to avoid possible injury from fire and falling embers, and also, to remain clear of emergency vehicle traffic.
- f) Once outside, each teacher must account for every student in the class. Classroom teachers will take roll for their class and;
 - 1) hold up a Green Card (all students accounted for)

- 2) hold up a Red Card (missing student (s) listed)
- 3) hold up a White Card (extra students listed)

The signal to return to the school building will be the short bell. It will be sounded upon completion of the drill. Students will return in an orderly manner.

2. Tornado Drills

When a tornado warning has been issued, the school will evacuate classrooms and move students to the designated tornado shelters. Tornado alerts will be given via the intercom system. When a tornado alert is given, all students and staff immediately must cease the activity in which they are engaged immediately and seek shelter, following these regulations:

- a) All students and staff should proceed to the designated tornado shelter.
- b) Once in the basement, each teacher must account for every student in the class.
- c) Classroom teachers should be sure that each student is sitting with his or her back to the wall, their knees up and their heads should be between their legs.

3. Protocol for all Evacuations

Upon evacuation signals, all students and staff must exit each building. Classroom teachers should do the following:

- 1) Take the class roster;
- 2) Lock the classroom door after all occupants have exited the room;
- 3) Keep the class together and move promptly in an orderly fashion; and
- 4) Upon arriving at the evacuation point, take roll, maintain order, and supervise students.

Evaluations

The appropriate district administrator will evaluate tenured and probationary teachers as required by law and district policy. Additional evaluations, both formal and informal, may be conducted as the district administration deems appropriate. Copies of the district's evaluation forms are contained in the District's Shared Google Drive labeled [NEE - Evaluation System](#).

Examinations

Tests and examinations are to be given at the teacher's discretion and should be listed in the teacher's syllabi. Tests and final exams will not be given ahead of time. Students are not to type tests or grade any major tests.

Faculty Meetings

The superintendent and principals will call meetings as needed. Certified staff are required to be present at all faculty meetings unless excused by the administration.

Field Trip Request Forms

Certified staff who wish to take students off school property must submit a request to the superintendent at least ten calendar days prior to the date of the requested activity.

Elementary grades will be limited to one field trip per year. Additional requests may be granted on a case by case basis.

Grading Policy

Grades need to be up-to-date in Powerschool before 8:30 a.m. on each Monday. A pupil should never be ineligible without first being placed on a warning week.

Grades are given as letter or percentage as requested by the building principal. No incompletes or condition grades will be given, but grades may be changed by request of the classroom teacher to the principal. If a student fails the first semester and passes the second semester, a classroom teacher may pass a student for the full year.

A student is to be graded on academic performance. **A student's grade is not to be reduced for discipline.** Prejudice or favoritism has no place in grading a student. All grading should be explained in simple, understandable terms to the student.

Classroom teachers should provide students and parents with frequent updates regarding the student's progress during the quarter. At the conclusion of each quarter, students will receive an end-of-quarter report card. Classroom teachers should use the following symbols for each subject area:

Standard Grading Scale		
		<u>GPA</u>
A	100% - 93%	4.0
B	92% - 86%	3.0
C	85% - 78%	2.0
D	77% - 70%	1.0
F	69% and below	0.0

In the elementary grades, students will receive letter grades only in

designated “core” curricular subjects. Elementary teachers should report student progress on grade reports using the following system:

1st Grade – 2nd Grade

A, B, C, D, F

Math

Guest Lecturers

Guest lecturers must be approved by the administration before they are asked to address a class. The guest lecturer must have a specific, relatable objective in his/her lecture.

Hall Duty

Every classroom teacher is on hall duty before school in the morning and between classes. Classroom teachers are responsible especially for the part of the hall adjacent to their classrooms.

Homework Policy

Homework is an important part of student learning. When parents, teachers, and students work together, out-of-class assignments are a valuable part of the instructional program. Homework should provide opportunities for students to practice acquired skills, develop initiative, form independent study habits, and use community resources.

Instructional Materials

High-quality instructional materials will be provided by the district when possible. Teachers are expected to utilize the provided materials within the locally determined curriculum to implement coherent units, lessons, and activities that reflect high expectations and enable each student to achieve district state content standards, learning goals, and objectives. All media must be previewed for suitability by the classroom teacher before being shown to students.

Lesson Plans

Each teacher will prepare and complete a proper lesson plan on Friday for the following week. These plans must be written so that they are clear to any substitute teacher and readily available to any teacher. An up-to-date seating chart of the class or classes shall be part of the lesson plan book. Other regulations relative to lesson plans will be made by individual building principals. The lesson plans of all classroom teachers are subject to review of the building principal or other members of the school district's administration at any time.

Lesson plans must **identify major instructional objectives and show page assignments and general direction that might be followed by anyone who might be called upon to teach the classes.**

Lesson plans for the upcoming week must be completed by 8 a.m. on Monday of each week or the first day of the week if it starts later.

Media Center

The media center is set up to serve the needs of certified staff and students. Certified staff who need assistance with textbooks, literature sets, magazines and other reference materials should consult with the media specialist assigned to their building.

Students may use the media center during study halls, at lunch, after school and in the evenings. Classroom teachers may send individual students to use the media center during class time, but should contact the media staff before sending a group of students during class. The media staff may send disruptive students back to class or study hall, or may exclude unruly students from the media center for a specified period of time. Classroom teachers who send their entire class to the media center must accompany and supervise the students, unless prior arrangements have been made with the media specialist.

Audiovisual materials are available to certified staff through the media center. Certified staff may obtain these materials by filling out the required requisition form and sending it to the media specialist in their building. When certified staff return media, they should complete the film report card and return it to the media specialist.

Paraeducators

Paraeducators provide valuable assistance in the educational process and allow teachers to carry out their responsibilities in a more efficient and effective manner. A paraeducator must not, however, assume teaching responsibilities. The classroom teacher must maintain the role of leadership

and responsibility for the students, with the teacher aide in a supportive role. Paraeducators may be used to assist the classroom teacher by, among other tasks, assisting with instructional activities under the direction of the teacher, helping to supervise students, copying tests and other written material, organizing class materials, preparing bulletin boards, grading tests or class work, and calculating and recording grades. Paraeducators are to work only on and within their assigned work days. If the classroom teacher desires the paraeducator to work hours other than the assigned work hours or assigned work day, he or she must contact the administration for approval.

Parent-Teacher Communication

Students' academic success has been closely linked to parental involvement in school. Certified staff should strive to develop open and supportive relationships with parents and guardians. Each classroom teacher is responsible for keeping a student's parents informed about the student's progress. This may be done by letter, telephone, e-mail, or personal conference. Certified staff must attend parent teacher conferences, promptly return phone calls, participate in teacher events for students and parents, and where necessary utilize a planner as a communication tool. Certified staff who need additional support in communicating with parents should contact their building principal or guidance counselor.

Parking

Staff members have the circle drive parking lot reserved for them. **Students are not to park their cars in the staff lot.** Staff members may not allow students to park in the staff lot when groups leave early in the morning on a school day for field trips or athletic events.

Parties

1. No activities or picnics shall be held by an organization of the school without the presence of the sponsor or sponsors.
2. Special celebrations cannot interfere with the school breakfast and lunch programs. (i.e. no pizza parties over lunch, or donuts before school, etc.)
3. The number of activities and the closing hour for activities will be determined by the building principal and organization sponsor.
4. In making arrangements for activities and picnics, staff must avoid disturbing the routine of the school.
5. Cleaning up after the activity is the responsibility of the sponsor.

Planning Time

Each classroom teacher is provided with duty-free time for planning, preparation of school-related materials, and a brief respite from the duties of

the day.

The Board defines planning time as time for educational planning and other task-related functions that cannot normally be accomplished during instructional periods. Planning time should not be confused with personal time. **Planning time is not to be used for running personal errands, conducting personal business, or pursuing non-school hobbies and/or interests.**

PowerSchool and PowerGrade

All teachers/classroom aides will be required to use PowerSchool. Attendance will be taken as follows: Elementary – at the beginning of the morning, and right after lunch; and Secondary – at the beginning of every period. Attendance must be taken within the first five minutes of each period / beginning session. Lunch count will also be taken with PowerSchool.

A "comment bank" will be developed for comments on progress reports, report cards, and discipline reports at a later date. You may use the "comment bank" or enter your own free-form comment.

Classroom teachers are not permitted to install PowerGrade on their home computer.

Certified staff who have trouble/problems with PowerSchool, should contact the District Technology Coordinator.

Private Tutoring

Classroom teachers must provide individual assistance to students as a part of their duties. Any certified staff member who engages in private tutoring for pay (compensation of any kind from a source other than the District) is subject to the following rules:

- Certified staff may not arrange to provide private tutoring for any child enrolled in the staff member's class.
- Certified staff are not to provide private tutoring in a school building.
- Certified staff are not to provide private tutoring during duty time.
- Certified staff are prohibited from advertising or promoting the private tutoring services in the school or in the school's communications systems except with the express permission of the Superintendent or designee.

Projection Maps

The school district will only use the Gall-Peters projection map or a similar cylindrical equal-area projection map or the AuthaGraph projection map for

display or use in the classroom. Use of the Mercator projection map is prohibited unless:

1. The Mercator projection map is used in conjunction with other projection maps in a teaching exercise to demonstrate that all maps are flawed in some way and different map projections serve different functions and may affect how individuals view the world; or
2. The Mercator projection map is part of any:
 - a. book or material obtained prior to July 19, 2024; or geographic information system; or computer program that renders a three-dimensional representation of Earth based primarily on satellite imagery, such as Google Earth or similar software; and
 - b. a Gall-Peters projection map or similar cylindrical equal-area projection map or an AuthaGraph projection map is displayed in the classroom or shown to students during the lesson in which a Mercator projection map is used.

Pupils' Records

1. Each classroom teacher must keep a set of records in the daily class record book of the class recitations, tests, exams, daily work, notebook, etc. This serves as a justification of the final grade in case of dispute between teacher and pupil, or teacher and parent, and assists in making out the final grades. This book must be turned into the principal at the end of each school year.
2. Report cards will be issued within one week following the end of the quarter unless otherwise announced.
 - a) Reports should be conscientiously and accurately made because they are a serious estimate of the degree of success of the pupil.
 - b) Each classroom teacher should be adequately prepared to defend all decisions given on the report card.
 - c) Each classroom teacher is responsible for distribution of class cards on time.
 - d) Classroom teachers must confer with the principal before recording any incomplete, failing, or conditional grades on report cards.

Rights of Certified and Probationary Teachers

Certified and probationary teachers are entitled to the legal and procedural rights outlined in the board policies and state and federal law with regard to the amendment, cancellation, or termination of the teacher's employment contract. For specific questions relating to those procedural or legal rights, please refer to the district's board policies.

School Day

All certified staff must be at school or on duty between the hours of 7:45 a.m. and 3:45 p.m., Monday through Friday. Under special circumstances, certified staff may seek permission from their building principal to vary these duty hours. In addition, certified staff may be assigned responsibilities at other hours by the principal or superintendent for supervising or directing school activities or affairs or for participation in affairs under the direct sponsorship of the school.

Each teacher will be in his or her classroom and ready to teach at 8:00 a.m. each day. Classroom teachers will stand at their doors when class is dismissed and must be outside their classroom doors before each class period. Classroom teachers must be physically present in their classrooms at all times during class periods and conference periods. **Under no circumstances may students be left unattended.**

Personal work may not be done on school time.

Sponsors

Certified staff members are assigned by the superintendent as class and club sponsors. Sponsors must be present at all meetings and activities of the sponsored group. The procedure for activity accounts and meetings can be found in the student manual. Purchasing of supplies must be approved by the Superintendent.

Student Activities

Staff members who sponsor extracurricular activities such as athletics, class plays, and class activities may leave the school building only after making sure that all students and other individuals have left the building. No student is to be left unattended in the school building at any time.

School-owned clothing or equipment that is checked out to students remains the property of the school. The clothing or equipment is not to be used or worn by the student except for its intended use. Each piece of equipment or clothing is to be returned to the instructor or coach when the season or the use for such clothing or equipment is over. Certified staff will be held responsible for clothing and equipment that is not returned.

Student Aides

Student aides are to be directly supervised by the certified staff member and are not to leave the building or be in the halls or anywhere they are not being supervised. Student aides are not to be used to assist the certified staff member by helping supervise another student, grade tests or class

work, calculate student grades, or record grades. Keys are NEVER to be given to students, whether they are student aides or not. A student aide should not be present and assisting a certified staff member without another adult present after the end of regular teacher duty hours.

Student Attendance

Students are expected to arrive at each class, be seated and ready for instruction prior to the beginning of the class day or class period, as appropriate. Student tardiness is the classroom teacher's professional responsibility. Classroom teachers must insist that students be on time.

Each teacher must maintain an accurate record of student attendance each day. Classroom teachers must carefully check and record attendance information at the beginning of each school day and, in upper grades, at the beginning of each period. Students and student assistants are not permitted to check attendance. Excessive absenteeism should be reported to the building principal or guidance counselor.

Students returning from an absence must report to the office prior to going to class. A returning absentee must show each classroom teacher the admittance pass that was issued by the school office. No student should be accepted back into class after an absence without this pass.

A student who departs school during the school day must report to the office and sign out before leaving the building. A student who returns during the school day must sign in at the building office before returning to class.

Student Attire

The responsibility for proper daily grooming and dress is primarily the responsibility of students and parents/guardians. However, certified staff members must insist that students do not remain in school while wearing attire that violates the dress code set forth in the Student Handbook.

Classroom teachers must report students who are not in compliance with the dress code to the building principal. The final decision on what is considered proper grooming and appearance is the responsibility of the building principal.

Student Illness

In the event of student illness or injury, classroom teachers should notify the building principal or superintendent immediately. Staff should never send a pupil home without notifying school officials and checking to see if his/her parents are home.

Student Medication

Student medications should not be dispensed by staff members unless they follow the following procedures.

No staff members other than the school nurse may dispense medications (prescription or over-the-counter) to students at any time. Students may, with written parental or guardian permission, self-administer medications such as aspirin and cough syrup or cough drops.

Staff members are not authorized to dispense prescription medicine without an agreement with a parent or guardian to provide a prescription container for the medicine that includes a pharmaceutical label, the physician's name, a child guard cap and directions for administering the medication.

After receiving the medication, the school employee should lock the medication in a cabinet or place it in an area where access is restricted to school employees only.

Student Searches

Certified staff members may not search students or their belongings. If a staff member suspects that a student is in possession of contraband, he/she should immediately contact a member of the administration and supervise the student until the administrator arrives. Students who are suspected of having an item in violation of school rules may be directed to wait with a staff member.

Substitute Teaching During Planning Period

Certified staff may be required to substitute during their planning period. Certified staff asked to give up any portion of their scheduled instructional planning time to cover classes or supervise students will be compensated at a prorated rate equivalent to \$15.00 for a standard high school class period as stated in the negotiated agreement.

Teaching Controversial Issues

Teachers may teach or lead discussions about controversial issues if they comply with the following criteria:

- The issues discussed must be relevant to the curriculum and be part of a planned educational program.
- Students must have free access to appropriate materials and information for analysis and evaluation of the issues.
- The teacher must encourage students to consider and discuss a variety of viewpoints.
- The topic and materials used must be within the range, knowledge, maturity, and competence of the students.

- The teacher must inform parents and the building principal before discussing sensitive or controversial issues.
- The teacher must keep detailed, documentary evidence to prove that both sides and/or all facts available were presented.
- Teachers must refrain from advocating partisan causes, sectarian religious views, or selfish propaganda through any classroom or a school device; however, a teacher shall not be prohibited from expressing a personal opinion as long as the student is encouraged to reach his/her own decision independently.

Textbooks

Classroom teachers will issue textbooks to the pupils, keeping a record of the number and condition of the book assigned to each pupil. If the books are new, classroom teachers must make sure the books are stamped and numbered before distribution.

Textbooks are to be stored in the classroom or storeroom. Textbooks are to be checked out to the students with teachers keeping an accurate record of each book by number in the place provided in grade books. Pupils are to pay for lost or damaged books. Student textbooks must be covered with a book cover.

Workbooks do not become the property of the students and in most cases should be retained by the school.

POLICIES AND PROCEDURES REGARDING CLASSIFIED STAFF

Staff Internet and Computer Use

Internet access is an important tool for communicating, keeping up-to-date with current developments in education, and for conducting research to enhance management, teaching and learning skills. The following procedures and guidelines are intended to ensure appropriate use of the Internet at the school by the district's faculty and staff. Staff should also refer to the district's policy on Staff and District Social Media Use.

I. Staff Expectations in Use of the Internet

A. Acceptable Use While on Duty or on School Property

1. Staff shall be restricted to use the Internet to conduct research for instructional purposes.
2. Staff may use the Internet for school-related e-mail communication with fellow educators, students, parents, and patrons.
3. Staff may use the Internet in any other way which serves a legitimate educational purpose and that is consistent with district policy and good professional judgment.
4. Teachers should integrate the use of electronic resources into the classroom. As the quality and integrity of content on the Internet is not guaranteed, teachers must examine the source of the information and provide guidance to students on evaluating the quality of information they may encounter on the Internet.

B. Unacceptable Use While on Duty or on School Property

1. Staff shall not access obscene or pornographic material.
2. Staff shall not engage in any illegal activities on school computers, including the downloading and reproduction of copyrighted materials.
3. Staff shall not use school computers or district internet access to use peer-to-peer sharing systems such as

BitTorrent, or participate in any activity which interferes with the staff member's ability to perform their assigned duties.

4. The only political advocacy allowed by staff on school computers or district internet access is that which is permitted by the Political Accountability and Disclosure Act and complies with district policy.
5. Staff shall not share their passwords with anyone, including students, volunteers or fellow employees.

II. School Affiliated Websites

Staff must obtain the permission of the administration prior to creating or publishing any school-affiliated web page which represents itself to be school-related, or which could be reasonably understood to be school-related. This includes any website which identifies the school district by name or which uses the school's mascot name or image.

Staff must provide administrators with the username and password for all school-affiliated web pages and must only publish content appropriate for the school setting. Staff must also comply with all board policies in their school-affiliated websites and must comply with the board's policy on professional boundaries between staff and students at all times and in all contexts.

Publication of student work or personality-identifiable student information on the Internet may violate the Federal Education Records Privacy Act. Staff must obtain the consent of their building principal or the superintendent prior to posting any student-related information on the Internet.

III. Enforcement

A. Methods of Enforcement

The district owns the computer system and monitors e-mail and Internet communications, Internet usage, and patterns of Internet usage. Staff members have no right of privacy in any electronic communications or files, which are stored or accessed on or using school property and these are subject to search and inspection at any time.

1. The district uses a technology protection measure that blocks access to some sites that are not in accordance with the district's policy. Standard use of the Internet utilizes a proxy server-based filter that screens for non-curriculum related pages.
2. Due to the nature of technology, the filter may sometimes block pages that are appropriate for staff research. The system administrator may override the technology protection measures that blocks or filters Internet access for staff access to a site with legitimate educational value that is wrongly blocked.
3. The district will monitor staff use of the Internet by monitoring Internet use history to ensure enforcement of this policy.

B. Any violation of school policy and rules may result in that staff member facing:

1. Discharge from employment or such other discipline as the administration and/or the board deem appropriate;
2. The filing of a complaint with the Commissioner of Education alleging unprofessional conduct by a certified staff member;
3. When appropriate, the involvement of law enforcement agencies in investigating and prosecuting wrongdoing.

IV. Off-Duty Personal Use

School employees may use the internet, school computers, and other school technology while not on duty for personal use as long as such use is (1) consistent with other district policies, (2) consistent with the provisions of Title 92, Nebraska Administrative Code, Chapter 27 (Nebraska Department of Education "Rule 27"), and (3) is reported as compensation in accordance with the Internal Revenue Code of 1986, as amended, and taxes, if any, are paid. All of the provisions of Rule 27 will apply to non-certificated staff for the purposes of this policy. In addition, employees may not use the school's internet, computers, or other technology to access obscene or pornographic material, sext, or engage in any illegal activities.

TITLE IX

V. Title IX Policy (Policy 3057)

As required by Title IX of the Education Amendments of 1972, it is the policy of the district that no person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subject to discrimination under any of the district's programs or activities, or in regards to admission or employment. Any person may report sex discrimination, including sexual harassment. This report must be made by any means to the district's Title IX Coordinator whose contact information can be found on the district's website and in the district's student and staff handbooks. Any other inquiries regarding the application of this policy should be referred to the Title IX Coordinator.

A systemic allergic reaction (anaphylaxis) is a severe response resulting in cardiovascular collapse (shock) after the injection of an antigen (e.g. bee or other insect sting), ingestion of a food or medication, or exposure to other allergens, such as animal fur, chemical irritants, pollens or molds, among others. The blood pressure falls, the pulse becomes weak, **AND DEATH CAN OCCUR.** Immediate allergic reactions may require emergency treatment and medications.

LIFE-THREATENING ASTHMA SYMPTOMS: Any of these symptoms may occur:

- Chest tightness
- Wheezing
- Severe shortness of breath
- Retractions (chest or neck "sucked in")
- Cyanosis (lips and nail beds exhibit a grayish or bluish color)
- Change in mental status, such as agitation, anxiety, or lethargy

- A hunched-over position
- Breathlessness causing speech in one-to-two word phrases or complete inability to speak

ANAPHYLACTIC SYMPTOMS OF BODY SYSTEM: Any of the symptoms may occur within seconds. The more immediate the reaction, the more severe the reaction may become. Any of the symptoms present require several hours of monitoring.

- **Skin:** warmth, itching, and/or tingling of underarms/groin, flushing, hives
- **Abdominal:** pain, nausea and vomiting, diarrhea
- **Oral/Respiratory:** sneezing, swelling of face (lips, mouth, tongue, throat), lump or tightness in the throat, hoarseness, difficulty inhaling, shortness of breath, decrease in peak flow meter reading, wheezing reaction
- **Cardiovascular:** headache, low blood pressure (shock), lightheadedness, fainting, loss of consciousness, rapid heart rate, ventricular fibrillation (no pulse)
- **Mental status:** apprehension, anxiety, restlessness, irritability

EMERGENCY PROTOCOL:

1. CALL 911.
2. Summon school nurse if available. If not, summon designated trained, non-medical staff to implement an emergency protocol.
3. Check airway patency, breathing, respiratory rate, and pulse.
4. Administer medications (epinephrine auto injector and nebulized albuterol) per standing order.
5. Determine cause as quickly as possible.
6. Monitor vital signs (pulse, respiration, etc.).
7. Contact parents immediately and prescribing health care practitioner as soon as possible.
8. Any individual treated for symptoms with epinephrine at a school will be transferred to a medical facility.

STANDING ORDERS FOR RESPONSE TO LIFE-THREATENING ASTHMA OR ANAPHYLAXIS:

- Administer epinephrine auto injector junior for any child less than 60 pounds or adult epinephrine auto injector for any individual over 60 pounds into the muscle towards the front and outer side of the thigh.
- Follow with nebulized albuterol while awaiting EMS.
- If symptoms persist, repeat epinephrine auto injector followed by nebulized albuterol every fifteen minutes while awaiting EMS arrival.
- Administer CPR, if indicated.

Introduction

Student participation in extracurricular activities has been linked to improved attendance, higher academic achievement, and greater student self-confidence and self-esteem. Shelton Public Schools provides students with the opportunity to participate in a comprehensive activities program that includes athletics, fine arts, and select clubs or organizations associated with academic areas.

Although the school district believes strongly in the value of student activities, participation in the activities program is a privilege, not a right. Students must obey the rules set out in this handbook and any additional rules created by their coach or activity sponsor. This handbook is advisory and does not create a "contract" with parents, students, or staff. The administration reserves the right to make decisions and make rule revisions at any time to implement the educational program and to assure the well-being of all students. The administration is responsible for interpreting the rules contained in the handbook. If a situation or circumstance arises that is not specifically covered in this handbook, the administration will make a decision based upon all applicable school district policies, and state and federal statutes and regulations.

Please read this handbook carefully. Students and their parents are responsible for complying with all of the rules and procedures detailed in this booklet.

Parents must sign the acknowledgement and permission to participate form at the end of this handbook before their student will be permitted to participate in the activity programs of the district.

The provisions in this handbook are subject to change at the sole discretion of the Board of Education. From time to time, you may receive updated information concerning changes in the handbook. These updates should be kept within the handbook so that it is up to date. If you have any questions regarding this handbook, please contact the Superintendent for assistance.

SECTION ONE: GENERAL INFORMATION ABOUT THE ACTIVITIES PROGRAM

Academic Eligibility

To be eligible to participate in the school's activity programs, each student must (1) meet Nebraska State Activities Association (NSAA) requirements concerning scholastic eligibility, (2) meet the requirements of board policy including all rules applicable to the activity, and (3) a student will be considered ineligible or "down" if he/she has is failing (not maintaining at least a 70% average) any two or more classes for two consecutive weeks. The first of those two weeks will be considered a warning week. Students will be eligible to participate during their warning week, but any week(s) directly subsequent to the warning week will result in ineligibility for that calendar week. Grade averages are based on the student's cumulative average for the current quarter. Participants must attend practices and participate in all conditioning during any period of ineligibility.

A student should be in school at least ½ the periods of the school day, to be eligible to participate in activities after school hours on that date, unless excused by the principal.

A student must have passed at least 20 hours, from the previous semester, in order to be eligible for extracurricular activities for the semester. Any student who has not met the above requirement will be ineligible to participate in extracurricular activities.

The school district will notify a participant and his or her parents whenever the participant is declared academically ineligible.

Students may not participate in any activity, performance or practice while serving a short-term suspension, long-term suspension, or expulsion from school.

Attendance at Practices and Contests

Participants in the activities program are expected to attend and be on time at all practices and meetings scheduled by the coach or sponsor. Participants may be excused for absences resulting from a participant's illness, a death in the family, a doctor's appointment, a court appearance, or other absences that are arranged in advance. The coach, sponsor, or director of an activity may require a participant who has an excused absence to complete an alternate assignment for missing a practice, meeting, event,

performance, or contest. A participant who is unable to attend a scheduled practice, meeting, or game must contact the coach or sponsor in advance. Students who are absent from school due to illness are not required to provide the coach or sponsor with additional notification of the student's absence from practice.

Students who are absent from school for any part of the day will not be permitted to practice or participate in an athletic contest or activity performance unless the student has the building principal's prior permission to participate despite the absence.

If a participant misses a scheduled contest or performance, the coach or sponsor may impose discipline up to and including suspension of the participant from the activity for the remainder of the season or length of the activity.

Closings

Unless the administration determines that it is permissible for the activity to continue as scheduled, all activities will be cancelled or postponed in the event that school has been called off for inclement weather or any other reason as determined by the administration. Unless the administration determines that it is permissible for the activity to continue as scheduled.

Colors

The Shelton School colors are blue and white.

Complaint Procedure

To reduce conflicts in the school's activities program, students and/or their parents should use district's formal complaint procedure to manage conflicts about the program. The complaint procedure is printed in the school's student handbook and may be found on the district's web site: www.sheltonbulldogs.org/.

Concussion Awareness

The Nebraska Unicameral has found that concussions are one of the "most commonly reported injuries in children and adolescents who participate in sports and recreational activities and that the risk of catastrophic injury or death is significant when a concussion or brain injury is not properly evaluated and managed."

The School District will:

- a. Require all coaches and trainers to complete a training course approved by the Chief Medical Officer on how to recognize the

symptoms of a concussion or brain injury and how to seek proper medical treatment for a concussion or brain injury.

- b. On an annual basis provide concussion and brain injury information to students and their parents or guardians prior to such students initiating practice or competition. This information will include:
 - 1 The signs and symptoms of a concussion;
 - 2 The risks posed by sustaining a concussion; and
 - 3 The actions a student should take in response to sustaining a concussion, including the notification of his or her coaches.

A student who participates on a school athletic team must be removed from a practice or game when he/she is reasonably suspected of having sustained a concussion or brain injury in such practice or game after observation by a coach or a licensed health care professional who is professionally affiliated with or contracted by the school. The student will not be permitted to participate in any school supervised team athletic activities involving physical exertion, including practices or games, until the student:

- a. has been evaluated by a licensed health care professional;
- b. has received written and signed clearance to resume participation in athletic activities from the licensed health care professional; and
- c. has submitted the written and signed clearance to resume participation in athletic activities to the school accompanied by written permission to resume participation from the student's parent or guardian.

If a student is reasonably suspected after observation of having sustained a concussion or brain injury and is removed from an athletic activity, the parent or guardian of the student will be notified by the school of:

- a. the date and approximate time of the injury suffered by the student,
- b. the signs and symptoms of a concussion or brain injury that were observed, and
- c. any actions taken to treat the student.

The school district will not provide for the presence of a licensed health care professional at any practice or game.

School officials shall deem the signature of an individual who represents that he/she is a licensed health care professional on a written clearance to resume participation that is provided to the school to be conclusive and reliable evidence that the individual who signed the clearance is a licensed health care professional. The school will not take any additional or independent steps to verify the individual's qualifications.

Dances

School dances are part of the district's extracurricular activity program. Students who wish to participate in school dances must comply with the activity code. Students may be prohibited from participating in school dances as a consequence for violating school rules or these activity rules.

Junior High/Middle School Dances

Junior high/middle school (7-8) dances are restricted to students currently enrolled in the junior high school and will be sponsored by junior high teachers and parents. Any organization wishing to sponsor a junior high dance must obtain permission from the principal regarding date and times. Each dance must be sponsored by at least one faculty member. Once admitted to the dance, students must remain until the close of the dance. Students who leave the dance will not be readmitted. Students who are academically ineligible will not be allowed to attend school dances.

High School Dances

All high school dances are restricted to students in grades 7-12 students and their guests. Any organization wishing to sponsor a dance must obtain permission from the principal regarding date and times. Each dance must be sponsored by at least one faculty member. Once admitted to the dance, students must remain until the close of the dance. Students who leave the dance will not be readmitted. Students who are academically ineligible will not be allowed to attend school dances.

Homecoming and Prom

The Homecoming dance is open to 7-12 grade students and guests of Shelton High School.

The Junior/Senior Prom is open to students and guests of the Shelton High School junior and senior classes. Guests must follow all rules that the students must follow. Each student is responsible for his/her guest's conduct. Appropriate attire is required for these dances.

Electronic Communication

The school board supports the use of technology by coaches, extracurricular sponsors, and other staff members to communicate with students for legitimate educational, extracurricular, and other school-related purposes. However, electronic communication between students and teachers, sponsors, and coaches shall be appropriate at all times and shall not violate any law, district policies, or the Regulations and Standards for Professional Practices Criteria, commonly known as Rule 27 of the Nebraska Department of Education ("Rule 27"). Please see the Social Media Policy For School District Employees for further explanation.

Equipment

Each participant in the athletic portion of the activities program will be issued a locker to store his/her personal belongings and school equipment that has been checked out. Students should secure their athletic lockers with combination locks.

School-owned clothing or equipment that is checked out to individual students remains the property of the school. The clothing or equipment is not to be used or worn by the student except for the intended use. Each piece of equipment or clothing is to be returned to the instructor or coach when the season or the use for such clothing or equipment is over. Each participant is responsible for all equipment checked out to him/her. Students will be assessed the replacement cost for school equipment that has been check out to him/her and is lost or stolen.

Fundraising

All school-sponsored fundraising activities must be approved by a member of the school district administration. Fundraising for any activity must comply with the district's policies, including applicable provisions specifically pertaining to Booster Clubs and PTOs for non-school-sponsored fundraising. Use of the school mascot shall not be permitted unless approved by the superintendent. [New Fundraiser Permission Forms](#)

Individual Training Rules and Rules of Conduct

Head coaches or sponsors may develop additional training rules or rules of conduct for their activity. Students are responsible for knowing these rules and complying with them.

Initiations and Hazing

Initiations and hazing by members of classes, clubs, athletic teams, or any other organization affiliated with the district are prohibited except as otherwise permitted by this policy. Any student engaging in hazing or

non-approved initiations is subject to discipline as permitted by policy and law.

Initiations are defined as any ritualistic expectations, requirements, or activities placed upon new members of a school organization for the purpose of admission into the organization, even if those activities do not rise to the level of "hazing" as defined below. Initiations are prohibited except by permission of the superintendent.

Hazing is defined as any activity by which a person intentionally or recklessly endangers the physical or mental health or safety of an individual for the purpose of initiation into, admission into, affiliation with, or continued membership in any school organization. Hazing activities include, but are not limited to, whipping, beating, branding, an act of sexual penetration, an exposure of the genitals of the body done with the intent to affront or alarm any person, a lewd fondling or caressing of the body of another person, forced and prolonged calisthenics, prolonged exposure to the elements, forced consumption of any food, liquor, beverage, drug, or harmful substance not generally intended for human consumption, prolonged sleep deprivation, or any brutal treatment or the performance of any unlawful act that endangers the physical or mental health or safety of any person.

Injuries

Participants who suffer any type of injury while involved in extracurricular activities must notify the coach or sponsor immediately. The coach or sponsor will then evaluate the injury and, if necessary, notify the participant's parents or seek immediate medical treatment.

If at any time during participation a doctor removes an athlete from participation because of an illness or injury, the athlete must have a written release from a doctor before participating again. The written release must be given to the coach or sponsor of the activity.

Note: The release requirement will be satisfied if the initial doctor's order specifies the duration of the student's restriction from participation and/or competition. Also see Concussion Awareness above.

Insurance

The school district does not provide medical or other insurance coverage for students who participate in athletic contests or other activities. It is the parents' responsibility to provide adequate insurance to cover any medical expenses that may be incurred while the student is participating in athletics or other activities.

The school district makes an accident insurance plan available for purchase by participants and their families through an authorized insurance agent. Information about policies which families may purchase will be available prior to each sports season and at fall registration.

Lettering Requirements

The following guidelines will be used in determining students' eligibility for lettering:

- 1. Football:** The athlete must participate in twelve quarters of varsity play, complete the season in good standing, and/or have the recommendation of the head coach.
- 2. Volleyball:** The athlete must compete in 2 sets in 45% of the varsity matches during the regular season games, and/or have the recommendation of the head coach.

- 7. Boys Wrestling:** Be of good character, a teammate, and team player. Must adhere to all team rules and regulations set forth by the coach. Practice every week AND participate in at least four regular season tournaments or 2. Practice every week AND place at a tournament. (*Practice every week means attending the regular Monday practices or scheduling (and attending) a practice with Mrs. Pope at a different time.*)
- 11. One-Act:** The participant be an active participant in a minimum of two productions, while demonstrating leadership, cooperation, respect (of director and other cast/crew) and perseverance during the production season. They must also complete the season in good standing.

Mascot

The official emblem for boys' and girls' athletic teams is the Bulldog. The mascot cannot be used for non-school-sponsored purposes unless approved by the superintendent.

Practices

The individual head coach or sponsor, in cooperation with the high school principal, will schedule all starting times of practices. All participants are expected to be ready at the time set by the coach or sponsor.

To be eligible to practice, a participant must satisfy the following requirements:

1. Submit to the coach or sponsor a signed physical form and Activities Code that verifies that a physical examination has been completed and that the student and parent(s) understand the school's position regarding the use or possession of alcohol, tobacco, and other related drugs.
2. Furnish the high school principal with proof of insurance.

Secret Organizations

Secret organizations are prohibited. School officials shall not allow any person or representative of any such organization to enter upon school grounds or school buildings for the purpose of rushing or soliciting students to participate in any secret fraternity, society, or association.

Student Manager, Helpers, or Activity Aids

Students wishing to serve as student volunteers for extracurricular activities must gain the permission of the activity coach or sponsor. Student volunteers must comply with all of the rules and procedures contained in this handbook.

Sunday and Wednesday Night Activities

In order to provide students sufficient time away from school for family-related activities, the school will endeavor not to schedule activities on Wednesday evenings or on Sundays. Practices will be organized so that all participants are showered, dressed, and/or leave the facilities by 6:00 p.m. on Wednesday nights. An exception to this guideline would be when a team, group of students, or an individual may be required to participate in an activity sponsored by the conference, district, or state on a Wednesday night.

The school does not allow Sunday practice sessions, except when a varsity team, group of students, or individual is scheduled to compete or perform on a Monday. Practices scheduled for a Sunday must have the prior approval of the activities director or building principal.

Transportation

All participants are expected to ride to and from away activities by means of approved school transportation.

A participant may ride home with his or her parent/guardian only if the parent/guardian personally contacts the sponsor at the activity. A participant may ride home with an adult if the participant's parent/guardian has personally contacted the principal prior to the activity and the adult personally contacts the sponsor at the activity prior to leaving with the student. Parents are discouraged from requesting to take their children home after an away contest or performance. Travel to and from an event provides time for the students to further develop a strong team concept.

Weight Room

The weight room has been developed to help each athlete, student, or adult in the community maintain a level of physical fitness. **No one may use the weight room or equipment without proper supervision.** The school

will develop a schedule for use of the weight room by athletes during the school year and during the summer months.

The weight room is a high demand area within the school facilities. The following guidelines will help determine the priorities in reference to use if more than one group desires to use the facility at the same time:

1. Physical education instruction
2. By the team sports, which are in season
3. Conditioning programs for athletes not currently out for a sport
4. Summer conditioning programs
5. Adult education

SECTION THREE: CODE OF CONDUCT

All students associated with Shelton Public Schools and participating in extracurricular or school sponsored activities (including all NSAA activities) are required to avoid conduct that is detrimental to the integrity of, and public confidence in, the school. Rules promoting lawful, ethical, and responsible conduct serve the interests of all people associated with the school. Illegal and irresponsible conduct puts people at risk, tarnishes the reputation of the offender and everyone else associated with the school, and undermines the public support and respect of the school district.

Standard of Conduct. Participation in school-sponsored or extracurricular activities is a privilege and not a right. Participants must follow board policy, this code, and all the training rules and rules of conduct of the coaches and/or activity sponsors. Students participating in school-sponsored or extracurricular activities are held to a high standard. Students are expected to conduct themselves in a way that is lawful, responsible, promotes the values upon which the school is based, and that brings credit to themselves and the school. Students who fail to live up to the required standard of conduct are guilty of detrimental conduct and subject to discipline under all school policies, the general student code of conduct, and these Activity Participation Rules.

Coach and Sponsor Rules. Coaches and/or activity sponsors shall establish training rules or rules of conduct for participation in or attendance at the activity or event. General training rules or rules of conduct shall be established prior to the activity or event. This Code shall control in the event that there is a conflict with coach or sponsor rules.

Prohibited Conduct. Students in school-sponsored and/or extracurricular activities may not engage in the following conduct:

1. Receipt of a criminal citation by law enforcement for any reason.
2. Conviction of a crime in adult court or the adjudication of a criminal charge in juvenile court.
3. Any behavior that is illegal under the laws of Nebraska or the United States of America regardless of whether it results in a criminal charge or conviction.

4. Any conduct that substantially interferes with the educational process or disrupts the activity or event.
5. Possession, consumption, use, distribution, or being under the influence of alcohol, illicit drugs, tobacco, controlled substances, or any lookalike or imitations thereof; or being in the presence of alcohol, illicit drugs, controlled substances, or any lookalike or imitations thereof that are being possessed, consumed, used, or distributed by any person under twenty-one (21) years of age without parental supervision. "Lookalike or imitations" means substances such as K2 and products like electronic nicotine delivery systems, vapor pens, etc. (Note: the term "under the influence" for school purposes has a less strict meaning than it does under criminal law; for school purposes, the term means any level of impairment and includes even the odor of alcohol on the breath or person of a student; also, it includes being impaired by reason of the use or abuse of any substance for the purpose of inducing a condition of intoxication, stupefaction, depression, giddiness, paralysis, inebriation, excitement, or irrational behavior, or in any manner changing, distorting, or disturbing the auditory, visual, mental, or nervous processes).
6. Engaging in initiations, defined as any ritualistic expectations, requirements, or activities placed upon new members of a school organization for the purpose of admission into the organization, even if those activities do not rise to the level of "hazing" as defined below. Initiations are prohibited except by permission of the superintendent.
7. Engaging in hazing as defined by state law and this policy. Hazing is defined as any activity by which a person intentionally or recklessly endangers the physical or mental health or safety of an individual for the purpose of initiation into, admission into, affiliation with, or continued membership in any school organization. Under state criminal law, hazing activities include, but are not limited to, whipping, beating, branding, an act of sexual penetration, an exposure of the genitals of the body done with the intent to affront or alarm any person, a lewd fondling or caressing of the body of another person, forced and prolonged calisthenics, prolonged exposure to the elements, forced consumption of any food, liquor, beverage, drug, or harmful substance not generally intended for human consumption, prolonged sleep deprivation, or any brutal treatment or the performance of any unlawful act that endangers the physical or mental health or safety of any person. For purposes of school rules, hazing also includes any activity expected of someone joining a group, team, or activity that humiliates, degrades or risks emotional and/or physical harm, regardless of the person's willingness to participate; personal servitude; restrictions on personal hygiene; yelling, swearing and insulting new members/newcomers; being forced to wear embarrassing or

humiliating attire in public; consumption of vile substances or smearing of such on one's skin; binge drinking and drinking games; sexual simulation and sexual assault.

12. Failing to report for an activity at the beginning of a season unless excused by the coach or activity sponsor.
13. Failing to attend scheduled practices and meetings unless excused by the coach or activity sponsor.

Such conduct is prohibited during the activity season, regardless of whether it occurs on-campus or off-campus. Activity season means that period commencing on the first day of an activity practice through the last day of the season or the last scheduled event.

Discipline. Students who violate any provision of these Activity Participation Rules may be subject to discipline up to and including expulsion from extracurricular activities and school sponsored events. (including but not limited to graduation ceremony and related activities). These

disciplinary consequences and this Activity Code of Conduct are in addition to and do not prejudice, diminish, impede, or reduce any discipline that is authorized by the Nebraska Student Discipline Act, NEB. REV. STAT. §§ 79-254 to 79-294, Board Policy, or the Student Handbook. Disciplinary action may include a probationary period and conditions that must be satisfied prior to or following reinstatement. Administrators and coaches will take the following into consideration when making disciplinary decisions:

1. Any prior or additional misconduct;
2. The nature and seriousness of the offense;
3. The motivation for the offense;
4. The amount of violence involved;
5. The student's demeanor and attitude regarding the violation;
6. The actual, threatened, or potential risk to the student and others due to the student's behavior;
7. Whether the student has compensated or will compensate the victim in the event of property damage or personal injury;
8. Whether the circumstances of the violation are likely to recur;
9. The student's willingness to participate in evaluations, counseling, or other programs;
10. Any mitigating factors;
11. Any other relevant factors.

If suspended, the student must continue to participate in practices and conditioning during the suspension if required by the coach or activity sponsor. The failure to comply with the practice and conditioning requirement will make the student ineligible for reinstatement to the activity.

Sportsmanship, Ethics, and Integrity.

The Board of Education of Shelton recognizes the value of extracurricular activities in the educational process and the values that students may develop when they have an opportunity to participate in organized activities outside of the traditional classroom.

Student participants and district appointed sponsors involved with school board and/or school approved extracurricular activities are expected to demonstrate the same level of responsibility and behavior at practice, competitions, and extracurricular events as is expected in the classroom. School district representatives and students are responsible for maintaining sportsmanlike behavior, exhibiting ethical conduct, and demonstrating integrity. The Board of Education of Shelton further encourages the

development and promotion of sportsmanship, ethics, and integrity in all phases of the educational process as well as all segments of the community. This includes administrators, participants, adult supervisors, parents, fans, spirit groups and support/booster groups.

Spectators are permitted to attend extracurricular activities only as guests of the school district. Accordingly, as a condition of this permission, they must comply with the school district's rules and policies. Spectators will not be allowed to interfere with the enjoyment of the students participating, other spectators or with the performance of employees and officials supervising the extracurricular activities. Spectators, like the student participants, are expected to display mature behavior and sportsmanship. The failure of spectators to do so is not only disruptive but also embarrassing to the students, the school district and the entire community.

Any spectator, including adults, who behave in a manner that is not consistent with school district expectations and this policy, may be removed from the event by security personnel, school officials, or by the individual in charge of the event. In addition, the individual may be denied admittance to future school events or activities for a specified period of time. School officials shall send a notice of exclusion from future extracurricular activities to the spectator involved. Such notice is to be provided from the activities director and /or the respective building principal. Due process shall be provided in accordance with school district policies and shall include the opportunity for a hearing with school officials. In the event the spectator removed or denied future admittance is a student from a visiting school, an effort will be made to work with the administration of the visiting school with respect to future exclusion.

The district shall also have full authority to invoke penalties or pursue legal action as consistent with district rules, regulations, school board policies, and Nebraska and Federal laws.

To protect the rights of students to participate without fear of interference, and to permit the sponsors and officials of extracurricular activities to perform their duties without interference, the following provisions are in effect, but not limited to:

1. Abusive, verbal or physical conduct of spectators directed at participants, officials or sponsors or extracurricular activities or conduct that interferes with the administration of the extracurricular activity will not be tolerated.
2. The use of vulgar or obscene language directed at students, officials or sponsors participating in an extracurricular activity or at other spectators will not be tolerated.

Student and Coach Sportsmanship

Student and coach conduct is a reflection of the climate and culture of the school district. As a result, students and coaches are expected to display sportsmanship at all times. Unsportsmanlike conduct is defined as a technical or unsportsmanlike call from a game/match/meet official.

This policy is in addition to any NSAA violation such as, but not limited to, *Participants Ejections from Athletic Contest*. All NSAA rules and regulations apply and will be enforced.

Students who demonstrate unsportsmanlike conduct will be subject to the following consequences:

Unsportsmanlike conduct resulting in a penalty, technical foul (not a technical foul due to game rules violation), red card, or other assessed penalty will follow the steps below.

1. The first unsportsmanlike technical foul will result in a meeting with the coach to review sportsmanship expectations. The athlete will complete an online sportsmanship course.
2. The second unsportsmanlike technical foul will result in a meeting with the coach, Athletic Director, parent/guardian, and Principal or Superintendent to review sportsmanship expectations and consequences could include but not limited to suspension from part/all of an athletic contest. The athlete will review the online sportsmanship course.
3. The third unsportsmanlike technical foul will result in a meeting with the coach, Athletic Director, parent/guardian, and Principal or Superintendent to review sportsmanship expectations and consequences could include but not limited to suspension from part/all of an athletic contest and consequences could include but not limited to suspension from all of an athletic contest. The athlete will review the online sportsmanship course.

This will reset with each new sports season and will not accumulate.

Coaches who demonstrate unsportsmanlike conduct will be subject to the following consequences:

1. The first unsportsmanlike technical foul will result in a meeting with the coach and athletic director to review sportsmanship expectations and complete an online sportsmanship course.
2. The second unsportsmanlike technical foul will result in a meeting with the Athletic Director, and Principal or Superintendent to review sportsmanship expectations and consequences could include but not limited to suspension from part/all of an athletic contest. The coach will review the online sportsmanship course.
3. The third unsportsmanlike technical foul will result in a meeting with the coach, Athletic Director, and Principal or Superintendent to review sportsmanship expectations and consequences could include but not limited to suspension from part/all of an athletic contest. The coach will review the online sportsmanship course.

This will reset with each new sports season and will not accumulate.

The Board of Education of School District 19, Shelton hereby adopts the following Spectator Code of Sportsmanship Behavior, Ethics, and Integrity.

It is the responsibility of the spectator to:

1. Keep cheers positive. There should be no profanity or degrading language/gestures.

Evaluation, Counseling, and Treatment. Apart from any other disciplinary procedures, students who violate any provision of these rules may be required to undergo a formal clinical evaluation at the administration's/coach's/sponsor's discretion. Based upon the results of that evaluation, the student may be encouraged or required to participate in an education program, counseling, or other treatment deemed appropriate by the evaluating professional.

Reporting of Incident. Students shall report any violation of these rules to the coach, principal, or superintendent no later than 30 minutes after the beginning of the next school day after the violation has occurred. Failure to report an incident will constitute a violation of these rules and will be taken into consideration in making disciplinary determinations under this policy.

Discipline Procedures. Prior to any disciplinary action under this activities code, the following procedures shall be followed:

As used in this "Discipline Procedures" section, "Investigator" means the coach or activity sponsor of the team or activity in which the student is participating, or any teacher, school official, or school representative whom the Principal or the Superintendent has authorized to perform the duties and responsibilities of "Investigator" as described below.

1. The Investigator shall make an investigation of alleged violation and provide an opportunity for the student to present his or her version of the facts surrounding the alleged violation.
2. The Investigator shall consider all information obtained as a result of the investigation, including information obtained from the student, and shall render a decision regarding disciplinary action. Within a reasonable period of time of the Investigator's decision, the student and his/her parent or guardian shall be given written notice of the disciplinary action taken by the Investigator.

Review of Investigator's Decision. A student or the student's parents may, within five (5) school days of the notice of disciplinary action from the Investigator, notify the superintendent in writing of their request for a review of the coach or activity sponsor's determination. The superintendent or his or her designee shall review the situation and render a decision within three (3) school days from the date of the request for review. The superintendent's decision shall be in writing and shall be final.

Misrepresentations. Any misrepresentation of fact by a student regarding any alleged violation of these rules shall be considered a separate violation of these rules, and the student shall be subject to additional disciplinary action.

Questions. Any parent or student who has questions about board policy, this code, training rules, or rules of conduct of coaches or activity

sponsors, or their interpretation or application shall consult with the activities director and/or the superintendent.

Assistance. Students are encouraged to consult with their coach, an administrator, a counselor, or a teacher to obtain access to educational, counseling, and other programs and resources that may be available to help avoid misconduct that may result in discipline under this policy.

A Parent's Guide to Concussions

WHAT IS A CONCUSSION?

A concussion is a brain injury that results in a temporary disruption of normal brain function. A concussion occurs when the brain is violently rocked back and forth or twisted inside the skull as a result of a blow to the head or body. An athlete does not have to lose consciousness ("knocked-out") to suffer a concussion.

CONCUSSION FACTS

- It is estimated that more than 140,000 high school athletes across the United States suffer a concussion each year. (Data from NFHS Injury Surveillance System).
- Concussions occur most frequently in football, but girls' lacrosse, girls' soccer, boys' lacrosse, wrestling, and girls' basketball follow closely behind. All athletes are at risk.
- A concussion is a traumatic injury to the brain.
- Concussion symptoms may last from a few days to several months.
- Concussions can cause symptoms that interfere with school, work, and social life.
- Athletes who have symptoms from a concussion should not return to sports because they are still at risk for prolonging symptoms and further injury.
- A concussion may cause multiple symptoms. Many symptoms appear immediately after the injury, while others may develop over the next several days or weeks. The symptoms may be subtle and are often difficult to fully recognize.

WHAT ARE THE SIGNS AND SYMPTOMS OF A CONCUSSION?

Signs Observed by Parents or Guardians

| <ul style="list-style-type: none">▪ Appears dazed or stunned▪ Is confused about assignment or position▪ Forgets an instruction▪ Is unsure of game, score, or opponent▪ Moves clumsily▪ Answers questions slowly▪ Loses consciousness (even briefly)▪ Shows behavior or personality changes | <ul style="list-style-type: none">▪ Can't recall events prior to hit or fall▪ Can't recall events after hit or fall |
|---|--|

Symptoms Reported by Athlete

- Headache or “pressure” in head
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Sensitivity to light or noise
- Feeling sluggish, hazy, foggy, or groggy
- Concentration or memory problems
- Confusion
- Does not “feel right”

WHAT SHOULD I DO IF I THINK MY CHILD HAS HAD A CONCUSSION?

An athlete who is suspected of having a concussion must be removed from play immediately, whether it is in a game or practice. Continuing to participate in physical activity after a concussion can lead to worsening concussion symptoms, increased risk of further injury, and even death. Parents and coaches are not expected to be able to “diagnose” a concussion, as that is the job of a medical professional. However, they must be aware of the signs and symptoms of a concussion and if they are suspicious, the child must stop playing:

WHEN IN DOUBT – SIT THEM OUT!

Every athlete who sustains a concussion needs to be evaluated by a health care professional who is familiar with sports concussions. Parents should call their child’s physician, explain what has happened, and follow the physician’s instructions. A child who is vomiting, has a severe headache, or has difficulty staying awake or answering simple questions should be taken to the parent’s doctor or emergency room immediately.

WHEN MAY AN ATHLETE RETURN TO PLAY FOLLOWING A CONCUSSION?

No athlete who has suffered a concussion should return to play or practice the same day. Previously, athletes were allowed to return to play if their symptoms resolved within 15 minutes of the injury. Studies have shown that the young brain does not recover quickly enough for an athlete to return to activity in such a short time.

Concerns about athletes who return to play too quickly have led state lawmakers in Oregon and Washington to pass laws stating that **no athlete shall return to play on the day he or she suffered a concussion and the athlete must be cleared by an appropriate health care professional before he or she are allowed to return to play in games or practices.** The laws also mandate that coaches receive education on recognizing the signs and symptoms of concussion.

Once an athlete is free of symptoms of a concussion and is cleared to return to play by a health care professional knowledgeable in the care of sports concussions, he or she should proceed with activity in a step-wise fashion to allow the brain to readjust to exertion. On average, the athlete will complete a new step each day. The return-to-play schedule should proceed as below following medical clearance:

Step 1: Light exercise, including walking or riding an exercise bike. No weight-lifting.

Step 2: Running in the gym or on the field. No helmet or other equipment.

Step 3: Non-contact training drills in full equipment. Weight training can begin.

Step 4: Full contact practice or training.

Step 5: Game play.

If symptoms occur at any step, the athlete should cease activity and be re-evaluated by a health care provider.

HOW CAN A CONCUSSION AFFECT SCHOOLWORK?

Following a concussion, many athletes will have difficulty in school. These problems may last from days to months and often involve difficulties with short and long-term memory, concentration, and organization.

In many cases, it is best to reduce the athlete's class load after the injury. This may include staying home from school for a few days, followed by a lightened schedule for a few days or perhaps a longer period of time if needed. Decreasing the stress on the brain soon after a concussion may reduce symptoms and shorten the recovery period.

WHAT CAN YOU DO?

- Both you and your child should learn to recognize the "Signs and Symptoms" of a concussion as listed above.
- Emphasize to administrators, coaches, teachers, and other parents your concerns and expectations about concussion and safe play.
- Teach your child to tell the coaching staff if he or she experiences such symptoms.
- Teach your child to tell the coaching staff if he or she suspects that a teammate has a concussion.
- Monitor sports equipment for safety, fit, and maintenance.
- Ask teachers to monitor any decrease in grades or changes in behavior that could indicate concussion.
- Report concussions that occurred during the school year to appropriate school staff. This will help in monitoring injured athletes as they move to the next season's sports.

OTHER FREQUENTLY ASKED QUESTIONS:

Why is it so important that an athlete not return to play until they have completely recovered from a concussion?

An athlete who has not fully recovered from an initial concussion is very vulnerable to recurrent, cumulative, and even catastrophic consequences of a second concussive injury. Such difficulties are prevented if the athlete is allowed time to recover from the concussion and return-to-play decisions are carefully made. No athlete should return to sport or other at-risk participation when symptoms of a concussion are present and recovery is ongoing.

Is a “CT scan” or MRI needed to diagnose a concussion?

Diagnostic testing which includes CT (“CAT”) and MRI scans are rarely needed following a concussion. While these are helpful in identifying life-threatening brain injuries (e.g., skull fracture, bleeding, swelling), they are not normally used, even by athletes who have sustained severe concussions. A concussion is diagnosed based upon the athlete’s story of the injury and the health care provider’s physical examination.

What is the best treatment to help my child recover more quickly from a concussion?

The best treatment for a concussion is rest. There are no medications that can speed the recovery from a concussion. Exposure to loud noises, bright lights, computers, video games, television, and phones (including text messaging) may exacerbate the symptoms of a concussion. You should allow your child to rest as much as possible in the days following a concussion. As the symptoms decrease, you may allow increased use of computers, phone, video games, etc., but the access must be reduced if symptoms worsen.

How long do the symptoms of a concussion usually last?

The symptoms of a concussion will usually go away within one week of the initial injury. You should anticipate that your child will likely be out of sports for about two weeks following a concussion. However, in some cases, symptoms may last for several weeks or even months. Symptoms such as headache, memory problems, poor concentration, and mood changes can interfere with school, work, and social interactions. The potential for such

long-term symptoms indicates the need for careful management of all concussions.

How many concussions can an athlete have before he or she should stop playing sports?

There is no “magic number” of concussions that determine when an athlete should give up playing contact or collision sports. The circumstances surrounding each individual injury, such as the way the injury happened and length of symptoms following the concussion are very important and must be considered when assessing the athlete’s risk for further and potentially more serious concussions. The decision to “retire” from sports is a decision best reached following a complete evaluation by your child’s primary care provider and consultation with a physician or neuropsychologist who specializes in treating sports concussion.

I’ve read recently that concussions may cause long-term brain damage in professional football players. Is this a risk for high school athletes who have had a concussion?

The issue of “chronic encephalopathy” in several former NFL players has received a great deal of media attention lately. Very little is known about what may be causing dramatic abnormalities in the brains of these unfortunate retired football players. At this time, we have very little knowledge of the long-term effects of concussions that happen during high school athletics.

In the cases of the retired NFL players, it appears that most had long careers in the NFL after playing in high school and college. In most cases, they played football for over 20 years and suffered multiple concussions in addition to hundreds of other blows to their heads. Alcohol and steroid use may also be contributing factors in some cases. Obviously, the average high school athlete does not come close to suffering the total number or sheer force of head trauma seen by professional football players. However, the fact that we know very little about the long-term effects of concussions in young athletes is further reason to carefully manage each concussion.

- **Skin:** warmth, itching, and/or tingling of underarms/groin, flushing, hives
- **Abdominal:** pain, nausea and vomiting, diarrhea
- **Oral/Respiratory:** sneezing, swelling of face (lips, mouth, tongue, throat), lump or tightness in the throat, hoarseness, difficulty inhaling, shortness of breath, decrease in peak flow meter reading, wheezing reaction

- **Mental status:** apprehension, anxiety, restlessness, irritability

EMERGENCY PROTOCOL:

1. CALL 911.
2. Summon school nurse if available. If not, summon designated trained, non-medical staff to implement an emergency protocol.
3. Check airway patency, breathing, respiratory rate, and pulse.
4. Administer medications (epinephrine auto injector and nebulized albuterol) per standing order.
5. Determine cause as quickly as possible.
6. Monitor vital signs (pulse, respiration, etc.).
7. Contact parents immediately and prescribing health care practitioner as soon as possible.
8. Any individual treated for symptoms with epinephrine at a school will be transferred to a medical facility.

STANDING ORDERS FOR RESPONSE TO LIFE-THREATENING ASTHMA OR ANAPHYLAXIS:

- Administer epinephrine auto injector junior for any child less than 60 pounds or adult epinephrine auto injector for any individual over 60 pounds into the muscle towards the front and outer side of the thigh.
- Follow with nebulized albuterol while awaiting EMS.
- If symptoms persist, repeat epinephrine auto injector followed by nebulized albuterol every fifteen minutes while awaiting EMS arrival.
- Administer CPR, if indicated.

AUTHORIZATION AND ACKNOWLEDGEMENT

WARNING: SERIOUS CATASTROPHIC AND PERHAPS FATAL INJURY MAY RESULT FROM ATHLETIC PARTICIPATION

Many forms of athletic competition result in violent physical contact among players, the use of equipment that may result in accidents, strenuous physical exertion, and numerous other exposures to risk of injury. Students and parents must assess the risks involved in such participation and make their choice to participate in spite of those risks. No amount of instruction, precaution, or supervision will eliminate these risks. Students have suffered accidents resulting in death, paraplegia, quadriplegia, and other very serious permanent physical impairment while playing sports. By granting permission for your student to participate in athletic competition, you, the parent or guardian, acknowledge that such risk exists. Students will be instructed in proper techniques to be used in athletic competition and in the proper utilization of all equipment worn or used in practice and competition. Students must adhere to that instruction and utilization and must refrain from improper uses and techniques.

I understand the statement above and I understand that by allowing my student to participate in athletic events, I assume the risk that he/she may be injured, perhaps severely.

OVERALL SUMMARY FEEDBACK / COMMENTS:

While there is always opportunity for improvement and growth, the board believes that Mr. Engel has done an excellent job in his first year as superintendent and has exceeded expectations! The board very much appreciates the student first mindset, which has created a culture shift in our district. It has been noted that expectations and accountability have improved within the school and even kids have mentioned the consistency and they feel like things are fair and equal. It has also been observed that there is far less discussion of the superintendent in public, which is seen as a good thing!

Alliance for a Healthier Generation 10-step Checklist

According to 7 CFR 210.31(e)(2), all School Food Authorities (SFAs) are required to complete an assessment of their compliance with their local wellness policy (LWP) at least once every three years and make this assessment available to the public by posting assessment responses/documentation to your school/district/residential child care institution (RCCI) website.

The local wellness policy (LWP) triennial assessment must be completed by **June 30, 2026**. Non-compliance with this requirement will result in a hold of the SFAs Child Nutrition Program claims for reimbursement until this requirement is met.

The questions contained in this survey have been taken from the Alliance for a Healthier Generation's LWP assessment.

This survey outlines the ten required components of the LWP as defined by the USDA final rule of 2016. SFAs can use this checklist with Healthier Generation's Model Wellness Policy to revise/update their LWP to ensure that it meets federal requirements. Healthier Generation's Model Wellness Policy includes model language for the required components, as well as resources to support implementation.

Please provide your SFA's information and then select the rating that applies to your LWP for each of the 10 questions below.

The rating scale is:

- 2 = Current policy includes **all** required language for this component
- 1 = Current policy includes **some** of the required language for this component
- 0 = Current policy includes **none** of the required language for this component

Extent of Compliance with Wellness Policy

Instructions for Districts with Multiple School Buildings:

Districts with multiple school buildings will need to indicate the extent of compliance for each building for the following wellness policy requirements. Practices for each building should align with the district wellness policy.

If your district has an internal procedure for collecting this data (e.g., Google form, Excel spreadsheet, etc.), you may provide a link to a copy of that file in lieu of completing the section below. Alternatively, you may opt to complete the section below to indicate extent of compliance for each building; however, if multiple levels of compliance are checked (e.g., some school buildings are compliant while others are partially compliant), you will need to indicate the number of schools that fall into each category in the Notes section.

Instructions for Single Site Schools/Districts & RCCIs:

Single site schools/districts and RCCIs - indicate your school's/district's/RCCIs extent of compliance for the following wellness policy requirements. Practices should align with written wellness policy.

1. Federal/State Meal Standards (e.g., School Meals and Smart Snacks)

- ☐ Not Compliant (if checked, complete notes section below)
- ☐ Partially Compliant (if checked, complete notes section below)
- ☒ Compliant (skip to question 2)

Notes: Delete this text and type notes on efforts being made to bring school/district/RCCI into compliance

2. Foods/Beverages Offered but Not Sold Standards (e.g., classroom/school celebrations)

- ☐ Not Compliant (if checked, complete notes section below)
- ☐ Partially Compliant (if checked, complete notes section below)
- ☒ Compliant (skip to question 3)

Notes: We continue to be compliant but will closely monitor our 'Grab-n-Go' breakfast for our 7-12 students making sure to provide only items on the Smart Snack List. We have been compliant and added a Frazzle machine that makes slushies from real fruit juice. It is utilized during Grab-n-Go and occasionally during lunch as a fruit alternative.

3. Food/Beverage Marketing and Advertising Standards

- ☐ Not Compliant (if checked, complete notes section below)
- ☐ Partially Compliant (if checked, complete notes section below)
- ☒ Compliant (skip to question 4)

Notes: Delete this text and type notes on efforts being made to bring school/district/RCCI into compliance

4. Describe how the public (parents, community members, etc.) were included and/or invited to participate in the LWP development, implementation, review, and update.

This is an area in which we will need to improve. We would like to get more involvement from the community to review and participate within the review and updating of the wellness policy. We know our families are busy and many work out of town and are already busy with other parent groups. We will continue to seek out the participation of the community. Many of our staff are also parents and involved in many aspects of the community. We can lean into their expertise and connections to ensure our policy meets the expectations and needs of our school and community.

Phase 1 ESCO Contract – Project Summary

July 13, 2026

Shelton Public Schools

SUMMARY – Following a Buildings & Grounds Committee meeting and School Board meeting on January 12, direction was given to focus on the HVAC & BAS units of the building. Duct cleaning and air balancing was added to the Scope of Work and Utility Calculations and Data has been estimated and provided in this Project Summary. The BOE decided this project would be implemented in it's entirety for the Summer of 2027 and not for 2026:

Scope of Work

- Replace the (5) multi-zone rooftop units that are at the end of their expected lifespan with Lennox PMZ penthouse systems.
- Clean and re-balance ductwork attached to the Multi Zone systems.
- Commissioning of Building Automation System

Guaranteed Maximum Cost (GMP)

- The above scope of work Guaranteed Maximum Price (GMP) is \$1,525,000

PHASE 1 Recommended Solutions

HVAC Replacement

The current multi-zone rooftop units serving the school were installed in the early 2000's. As they continue to age costs to repair and maintain these units will escalate.

Multi-zone units like these are inefficient and are no longer produced except by a few custom HVAC manufacturers. These custom made replacement units are very expensive and we typically try to change the HVAC system design when we encounter them as a cost saving measure.

Our recommendation would be to replace the (5) multizone units with PMZ Penthouse systems. These systems incorporate individual split systems for each zone. The split systems utilize gas furnaces and air cooled DX cooling similar to most residential systems.

The furnaces will be enclosed in a metal penthouse that fits on the same foot print of the existing roof top unit. The PMZ also incorporates economizer dampers for fresh air intake and free cooling when ambient outside air temperatures allow.

Each "zone" is operated separately and can heat or cool independently of the other zones. Each zone thermostat connects to a master control panel that operates all the systems and outdoor air dampers. The controls will readily communicate to the existing Honeywell building automation system allowing for one main user interface.

By utilizing basic residential equipment it creates a simpler system to troubleshoot, repair, and maintain. We also expect energy savings of 10%-25% or more compared to the current equipment.

Duct Cleaning / Air Balancing

Prior to installing new rooftop units is a good time to clean the ductwork throughout the building. Cleaning the air ducts ensures a healthier breathing environment and improves overall efficiency of the HVAC system. The original ductwork for the Shelton Public School dates to 1965 and it is unknown if it has ever been cleaned.

A commercial duct cleaning contractor will use negative pressure and rotating brushes to dislodge buildup and extract it from the ductwork. Large scale vacuums trap the dirt and allergens along each section of duct. Some access holes may be required to reach all areas of the duct system. Any holes cut will be properly patched and sealed.

Air balancing is the process of measuring and adjusting an HVAC system's airflow to ensure each room receives the correct amount of heated or cooled air and enhance indoor air quality by matching actual performance with design specifications. HVAC technicians use tools like balometers and manometers to test air volume (CFM) and pressure, then adjust duct dampers and other controls to meet the building's specific comfort and operational needs.

During duct cleaning any dampers located inside the ducts that are used for air balancing will be opened and or mis - aligned during the cleaning process. This requires the systems be re-balanced to assure proper airflow to each supply register and grill in the system. In a commercial HVAC system duct cleaning and air balancing should be performed in unison to assure proper system operation.

Building Automation System commissioning

The building automation system was recently updated by others with new hardware and software components. After the upgrade was performed the system has experienced operational issues.

The new multizone systems we propose to install will require connection and modification to the existing Honeywell building automation system. During the installation of the new penthouse systems, we propose to perform a commissioning test of the entire BAS system.

This commissioning process will evaluate and verify if the system is functioning correctly. Any issues found will be listed in a deficiency report with suggestions on how to correct each deficiency. After this report is generated, the District can decide how best to proceed with any corrections.

Next Steps

- July- Update Phase 1 as directed by BOE
- August- BOE to discuss Final Proposal of Phase 1 ESCO contract
- September – BOE to authorize Supt to sign Guaranteed Maximum Price (GMP) contract
 - Final design & Evaluations
 - Invitation to bid documents prepared
 - Equipment ordered
 - 3rd Party Engineering Review
- October- BOE approves of financing (Lease Purchase OR wrap around QCPUF or combo)
- Spring/Summer 2027- Project implemented

Energy Information

Should the above project be approved and implemented, the following pages show the annual energy/utility savings that the project will be saved. It's estimated that over 25% of annual consumption will be saved after implementing the HVAC & BAS projects.

SAMPLE FINAL School Board Resolution

MOVE THAT:

Following the RFQ competitive process, as stated in State Statue section 66-1062 to 66-1066, the Board of Education authorizes the superintendent to sign a ESCO Contract with Facility Advocates for the amount not to exceed \$ _____ for the Energy Conservation Measure projects as proposed and discussed.
