How to Provide Input to the School Board

Effective 02-19-14

The Corvallis School Board values the opinions and input of community patrons. As such, the purpose of this document is to provide general guidelines about how to make the most of your time when communicating with the School Board. The public may offer public testimony during certain School Board meetings or correspond in writing via email or U.S. mail, as outlined below.

I. Public Testimony

Members of the public have the opportunity to share their ideas and opinions with the Board during the agenda item labeled *Public Testimony*. These opportunities are offered only at certain School Board meetings.

To request the opportunity to offer public testimony

- A. Complete a *Request to Address the Board* card, which can be found on a table at or outside the entrance of the meeting room.
- B. Complete all requested information. The Board Secretary will notify you if any information has been omitted or is unclear.
- C. Be specific regarding the topic about which you wish to speak. The Board Secretary will contact you if the topic is unclear or too general.
- D. Give the completed Request to Address the Board card to the Board Secretary at the head table **before** the meeting begins.
- E. Failing to fully and clearly complete the card and/or to submit it to the Board Secretary before the meeting begins may affect your opportunity to testify at the meeting.

Rules for Public Testimony

1. If you're called to testify:
 - Proceed to the podium in front of the Board.
 - Only one person at a time will be allowed at the podium, with exceptions at the board chair's discretion.
 - State your name and address, and the topic you will address before you begin.
 - These are a matter of public record and will not count against your time.
 - Exception: Current students may omit their address but should state the school they attend.
2. Direct your comments to the Board. The Board Chair will refer any questions or requests for action to the proper person for a response at a later date.
3. Keep your comments to the specified time allotted.
 - You will be signaled when you have 30 seconds remaining.
 - You will be signaled when your time is up.
4. If others have testified before you about the same issue, please state that fact and either decline to testify or limit your comments to points not already stated.

5. If a group wishes to speak:
 - Please designate one spokesperson for the group; that person will stand at the podium.
 - In order to maintain the meeting schedule, repetitious comments will not be permitted.
6. Speakers may offer objective criticism of district operations and programs but the Board will not hear complaints concerning individual district personnel.
 - Any such complaints must be handled following the steps outlined in policy KL and administrative regulation KL-AR, copies of which are available during meetings at which public testimony is allowed, or online at <http://policy.osba.org/corvall/KL/index.asp>.
 - Complaints regarding budget, programs, or other district issues also should be handled by first following the steps outlined in policy KL.
7. Undue interruption or other interference with the orderly conduct of Board business cannot be allowed.
 - Defamatory or abusive remarks are always out of order.
 - The board chair may terminate the speaker's privilege of address if, after being called to order, the speaker persists in improper conduct or remarks.

Important information

- A. The board secretary will sort the *Request to Address the Board* cards that are complete and were received before the meeting begins into sets by topic, then will shuffle each set and place them face down at her place.
- B. When it is time for public testimony, the board secretary will draw one card from each set, in turn, and announce the name of the person who will be called up to testify.
- C. If you are called upon to testify, you will be allowed only a small amount of time to do so; usually three minutes are granted, but it could be less at the discretion of the board chair.
- D. If more testimony requests are submitted than can be accommodated during the allotted time on the board's agenda, you might not be called upon to provide your testimony. In that case, please refer to section II – Written Correspondence, should you wish to provide your comments in written form.
- E. When you testify, your name, address and testimony are matters of public record, except for student addresses.
- F. Although it is not required, you may wish to prepare a written outline for your comments or to write out your testimony in its entirety.

A person with dark hair is looking down at a large stack of books and papers. The books are stacked horizontally, with titles like 'The Sciences of the Artificial', 'THE DESIGN OF EVERYDAY THINGS', 'INFORMATION AGES', 'GRAMMAR', 'ARTIFICIAL', 'ERING CULTURE', and 'ING AMONG SCIENTISTS' visible. A large, thick stack of papers is in the foreground, with a metal clip holding some of them. The text 'RESEARCH?' and 'WHY?' is overlaid in white serif font on a semi-transparent dark background.

RESEARCH?

WHY?

- Intervention effectiveness: Pre K – 3rd grade have a 90% success rate when applied systematically with fidelity (*after 3rd, 75% are not as effective*)
- Full day kindergarten allows for more social interaction in a supportive setting
- Currently students are not accessing preschool at the rate we desire
- 50 additional students enrolled 13-14 school year for kindergarten at Mt View and Wilson

A close-up, shallow depth-of-field photograph of a child's hand reaching for wooden alphabet blocks scattered on a white, textured rug. The blocks are various colors (brown, blue, green, red) and have letters and numbers on them. The background is blurred, showing more blocks and a hint of a colorful object.

READY?

Schools

We are committed to implement full day kindergarten in 2015-16, so is it even feasible to implement a year early?

Adams, Franklin, Hoover and Jefferson principals met to discuss the following:

- Room and Infrastructure
- Curriculum
- Buy In/Support
- Staffing Process

Yes we can!

A photograph of a parent with glasses reading a book to a young child. The child is leaning their head against the parent and looking at the book. The background shows a bookshelf filled with books. The text "PARENTS" is overlaid in large white letters, and "What do they have to say?" is overlaid in smaller white letters below it.

PARENTS

What do they have to say?

At Kindergarten Information Night conducted a 1 question survey:

How interested are you in having your child attend a full day kindergarten class next year (district sponsored)?

171 parents responded:

121	Very Interested (71%)
9	Interested (5%)
24	Neutral/Somewhat interested (14%)
17	Not Interested (10%)

A photograph of a classroom corner. On the left, a yellow dollhouse with a red roof sits on a black shelf. Next to it is a clear plastic storage bin filled with small wooden blocks. In the center, a round wooden table with a floral tablecloth holds a vase of orange and blue flowers. To the right, a wooden play stove with black knobs and a yellow backsplash is visible. A yellow bulletin board with a decorative border is on the wall to the right.

RECOMMENDATION

From Elementary Principal Team

All 8 elementary principals agreed that this would be the best use of funds.

- Consensus on using the 1.0 FTE for class size reduction for all day kindergarten
- Title schools will benefit if we move to all day in all schools; offset the cost of staffing currently coming from Title 1 about \$450,000
 - Preschool?
 - Counseling?
 - Wrap around services for families?

Communicable Diseases

The district shall provide reasonable protection for students against the risk of exposure to communicable disease. The district will follow the Oregon Department of Education and the state and local health authorities' rules and regulations pertaining to communicable diseases.

Protection from communicable disease generally shall be through immunization, exclusion or other measures provided for in Oregon Revised Statutes, Oregon Administrative Rules, the State Health Division, and rules of the County Health Department. Second Reading

Corvallis School District 509J
Board of Directors

BOARD MEETING DATE: March 10, 2014

FOR ACTION

SUBJECT: Board Policy JECB—Admission of Nonresident Students—Revised—Second Reading

Issue: House Bill 2747 enacted by the 2013 legislature modifies the district's traditional methods of interdistrict transfers or mutual district agreements and requires school districts to adopt specified standards for admittance.

Revisions have been made to Board Policy JECB—Admission of Nonresident Students to reflect changes to our student transfer process.

Options Considered: Not revising the policy.

Involvement: District office staff

Consequences: Policy would not be in compliance with Oregon law.

Cost Impact: Unknown

ACTION REQUESTED: Adoption of policy JECB as amended.

CONTACT PERSON(S): Kevin Bogatin, Kerry Richey

Admission of Nonresident Students

Consent by Affected Boards/Tuition

The district may enroll nonresident students as follows:

1. By written consent of the affected school boards as provided by Board policy. The student becomes a “resident pupil” of the attending district thereby allowing the receiving attending district to receive State School Fund moneys;
2. ~~By written consent (under ORS 339.133(5)(b)) from the school board for the district in which the receiving school is located as provided by Board policy. The student becomes a “resident pupil” of the attending district thereby allowing the attending district to receive State School Fund moneys;~~
23. By unilaterally admitting with tuition a nonresident student whereby neither district is eligible for State School Fund moneys;
34. If a juvenile court determines it is in the student’s best interest, a student placed in a substitute care program outside the district will continue to be considered a resident student and allowed to attend the school the student attended prior to placement. The public agency placing the student in a substitute care program will be responsible for the transportation of the student, if public agency funds are available.

~~The Board shall deny regular school admission to nonresident students who are under expulsion from another district for a weapons policy violation.~~ The Board may, based on district criteria, deny regular school admission to nonresident students who are under expulsion from another district. ~~for reasons other than a weapons policy violation.~~

~~The Board reserves the right to accept/reject nonresident students based upon the availability of space, resources, personnel, appropriate programs, and a positive review of educational records.~~

The Board may ask for the student’s name, contact information, date of birth, grade level, and whether the student is currently under expulsion.

The Board may not consider nor ask for any information from the student about race, religion, sex, gender identity, gender expression, sexual orientation, ethnicity, national origins, disability, health, whether a student has an individual education program (IEP) or the terms of that IEP, identification as talented and gifted, income level, residence, proficiency in English, athletic ability, or academic records. The Board may not request or require the student to participate in an interview, tour any of the schools or facilities, or otherwise meet with any representatives of the school or district prior to the district deciding whether to give consent. Nothing prevents a

student from voluntarily meeting with district personnel and touring any of the schools or facilities of a school district or from requesting or receiving any information from a school or the school district.

The Board will annually determine whether to limit the number of students to whom consent will be given. If the number of students seeking consent exceeds the number of spaces, the Board will use an equitable lottery selection process. The process may give priority to students who have siblings currently enrolled in the district. The Board may revise the maximum number of students to whom consent will be given at a time other than the annual date established by the Board if there are no pending applications for consent.

If the Board decides not to give consent to a student, the Board must provide a written explanation to the student.

The Board may determine the length of time the consent is given. Any limitations in length of time must be applied consistently among all students to whom consent is given.

The district is not required to provide transportation outside the boundaries of the district. The student will be allowed to use existing bus routes and transportation services of the district. Transportation will be provided if required by federal law.

~~The Board may consider situations such as:~~

- ~~1. Students with academic needs or abilities that can be met more readily by school services available in the Corvallis School District;~~
- ~~2. Students living in remote areas whose school transportation can be met more conveniently and efficiently by the Corvallis School District;~~
- ~~3. Students with disciplinary or emotional problems who may have a greater opportunity to succeed in the environment of the Corvallis School District;~~
- ~~4. Students whose parents move from the district during a school year.~~

Consent of Board for the District in which the School is Located ~~under ORS 339.133(5)(b)~~

Annually, by March 1, the Board shall establish the number of students to whom consent will be given ~~for admission under ORS 339.133(5)(b)~~ for the upcoming school year. The Board may choose to limit consent based on school, grade, or the combination of both. The Board may decide not to give consent to any person under this process.

The Board may not deny consent, ~~or~~ give priority, nor ask for any information from the student about race, religion, sex, gender identity, gender expression, sexual orientation, ethnicity, national origins, disability, health, whether a student has an individual education program (IEP) or the terms of that IEP, identification as talented and gifted, income level, residence, proficiency in English, athletic ability, or academic records.

~~based on race, religion, sex, sexual orientation, ethnicity, national origin, disability, terms of individual education program, income level, proficiency in the English language, or athletic ability.~~

Applications for consent shall be submitted no later than **March 31**, ~~April 1~~, prior to the year of requested consent.

~~If the number of students seeking consent exceeds the number of students the Board has determined will be given consent, consent will be based on an equitable lottery selection process.~~
~~The district is not required to provide transportation outside the boundaries of the district. The student will be allowed to use existing bus routes and transportation services of the district. Transportation will be provided if required by federal law.~~

By May 1, the district shall provide written notification of attendance to the district of the student's legal residence.

X.H. Award of Network Bandwidth Contract to Comcast Business
Communications

BOARD MEETING DATE: **March 10, 2014**

FOR ACTION

SUBJECT: Award of Network Bandwidth Contract

The District has operated on an annual agreement with Comcast Business Communications since 2007 to provide bandwidth connectivity between our District sites and Linn Benton Lincoln Education Service District (LBL ESD). Each year, this agreement has been renewed under guidelines of the federal ERate program, resulting in a 60% reimbursement rate or approximately \$88,000 annually. The total annual ERate reimbursement for all eligible communications and network-related costs is approximately \$136,000. Because of the increased bandwidth needs in the District due to 1:World, the District increased the bandwidth between Linus Pauling Middle School (200Mbps) and the District Office and the District Office to LBL ESD (300 Mbps), our Internet service provider. These two segment increases exceeded the maximum bandwidth levels identified in the 2007 Comcast contract (100Mbps) and therefore were not eligible for full ERate reimbursement.

The E-Rate Program or, more precisely, the Schools and Libraries Universal Service Support Mechanism, provides discounts to assist most schools and libraries in the United States to obtain affordable telecommunications and Internet access. Four service categories are funded: Telecommunications Services, Internet Access, Internal Connections Other Than Basic Maintenance, and Basic Maintenance of Internal Connections. Discounts range from 20% to 90% of the costs of eligible services, depending on the level of poverty and the urban/rural status of the population served. Eligible schools, school districts and libraries may apply individually or as part of a consortium.

For the 2014-15 ERate filing season, the District issued a High Bandwidth Intra-District WAN Request for Proposal on January 29, 2014. Proposals were due on February 26, 2014; the District received a single bid, from Comcast Business Communications. Their proposal included a quote for a 5-year contract that included current bandwidth rates, including the increases mentioned previously, for \$9,500 per month, or approximately \$3,100 less than our current monthly charge. The District identified in the proposal up to a maximum of 10Gbps bandwidth per site location so that any future bandwidth increases would continue to be eligible for the full ERate reimbursement without the need to go out for bid in future years.

Approval of this award would result in a formal contract negotiated under the guidelines of ERate. This will 1) restore full ERate reimbursement eligibility beginning in 2014-15; 2) provide longer term cost stability with a 5-year agreement; and, 3) allow for continued maximum ERate reimbursement if/when the bandwidth speeds need to be increased in the future. ERate requires a signed contract by March 26, 2014.

ACTION REQUESTED: Approve the Award of Network Bandwidth Contract to Comcast Business Communications.

X.I. 2014-15 School Calendar

BOARD MEETING DATE: March 10, 2014

FOR ACTION

SUBJECT: 2014-15 School Calendar

Issue:

The Board approved key dates for the 2014-15 school year on February 25, 2013:

First day of school	September 3, 2014
Thanksgiving break	At minimum November 27-28, 2014
Winter break	December 22, 2014 – January 2, 2015
Spring break	March 23-27, 2015

Due to the unusual amount of weather closure days we have had this school year, we've had to make several adjustments to the current calendar to ensure we meet instructional time, for example, cancelling one of the professional development early release days in December and cancelling spring conferences.

District staff recommends a 2014-15 calendar that is similar to the 2013-14 calendar, to allow a full year to gather input on the professional development early release days and continue exploring ideas for secondary parent conferences. This also would give staff and families a second year of a similar calendar pattern. In addition for the 2015 calendar year, Labor Day is a week later in September, so input will need to be solicited if the district considers starting before or after Labor Day, and the impact on the rest of the school year.

Highlights of the calendar:

- Elementary and middle school are aligned with early release for PLC time on Friday afternoons
- Two days of school during Thanksgiving week
- High school given more conference time due to year-long classes, seeing more kids at one time
- Last day of school same for all levels
- Three Fridays have a 2-hour/half day early release for staff development for elementary and middle school, two days for high school
- President's Day is non-contract for staff (possibly make-up day for weather closure)
- 27 full instructional weeks

ACTION REQUESTED:

Adopt the proposed 2014-15 school calendar.

XI.B. Board Policy—LBE—Public Charter Schools—Revised—First Reading

BOARD MEETING DATE: March 10, 2014

FOR INFORMATION

SUBJECT:

Board Policy—LBE—Public Charter Schools—Revised—First Reading
Administrative Regulation—LBE-AR—Public Charter Schools—Revised—For Information

Issue: There are several bills affecting public charters schools from the 2013 Legislature. HB 2150 modifies the content and process for a proposal to establish a public charter school; HB 2875 provides that, following the approval of the renewal of the charter, an expiring charter agreement remains in effect for the public charter school until the new charter is negotiated; HB 3093 requires the school district in which the public charter school is located to include the public charter school's annual audit as part of the audit report form the school district to the Department of Education. This legislation is effective January 1, 2014.

Further, OSBA provides language for board policy LBE—Public Charter Schools that provides the criteria the district must use to not approve a student's enrollment to a virtual public charter school. Administrative regulation LBE-AR also addresses the requirements related to the financial management system in a public charter school's application.

Options Considered: Not revising the policy or administrative regulation.

Involvement: District office staff.

Consequences: Policy and administrative regulation will remain outdated.

Cost Impact: Unknown.

Public Charter Schools**

The district recognizes that public charter schools offer an opportunity to create new, innovative, and more flexible ways of educating students in an atmosphere of learning experiences based on current research and development. Public charter schools shall demonstrate a commitment to the mission and diversity of public education while adhering to one or more of the following goals:

1. Increase student learning and achievement;
2. Increase choices of learning opportunities for students;
3. Better meet individual student academic needs and interests;
4. Build stronger working relationships among educators, parents and other community members;
5. Encourage the use of different and innovative learning methods;
6. Provide opportunities in small learning environments for flexibility and innovation;
7. Create new professional opportunities for teachers;
8. Establish additional forms of accountability for schools; and
9. Create innovative measurement tools.

Public charter schools may be established as a new public school, from an existing public school or a portion of the school, or from an existing alternative education program. A public charter school may not convert an existing tuition-based private school into a charter school, affiliate itself with a nonsectarian school or religious institution, or encompass all the schools in the district unless the district is composed of only one school.

The ~~district's School~~ Board will not approve any public charter school proposal when it is deemed that its value is outweighed by any direct identifiable, significant, and adverse impact on the quality of the public education of students residing in the district. To meet the eligibility criteria for Board approval, a public charter school proposal must meet the requirements of Oregon Revised Statutes, Oregon Administrative Rules, Board policy, and regulation. Upon request of the Board, the public charter school applicant must furnish in a timely manner any other information the Board deems relevant and necessary to conduct a complete and good faith evaluation of the charter school proposal.

The district will determine if it has any unused or underutilized buildings. Buildings may be made available for public charter school use, subject to Board approval. Approved use may be limited to instructional purposes only. Appropriate-use fees will be determined by the Board. Public charter school use outside the district's instructional day will be subject to Board policy KG, Community Use of District Facilities and accompanying administrative regulation.

Public charter school students may, upon request, be allowed to participate in district programs such as physical education, instrumental and vocal music offerings, or other selected options if space and materials are available. Appropriate user fees for such options will be determined by the district. Students must adhere to state law, Board policies, regulations, and rules concerning conduct and discipline.

The district may provide instructional materials, lesson plans, or curriculum guides for use in a public charter school on a fee basis.

A public charter school or the sponsor of the public charter school is considered the employer of any employees of the public charter school. The public charter school employer will be determined with each proposal. If the Board is the employer, the terms of the current collective bargaining agreement will be examined to determine which parts of the agreement apply. If the Board is not the sponsor of the public charter school, it shall not be the employer and will not collectively bargain with public charter school employees.

The district will annually by December 1 calculate the number of students residing in the district who are enrolled in a virtual public charter school. When the percentage is three percent or above, the district may choose not to approve additional students for enrollment to a virtual public charter school.

The district is only required to use data that is reasonably available to the district including but not limited to the following for such calculation:

1. The number of students residing in the district enrolled in the schools within the district;
2. The number of students residing in the district enrolled in public charter schools located in the district;
3. The number of students residing in the district enrolled in virtual public charter schools;
4. The number of home-schooled students who reside in the district and who have registered with the educational service district; and
5. The number of students who reside in the district enrolled in private schools located within the school district.

A parent may appeal a decision of a school district not to approve a student for enrollment to a virtual public charter school to the State Board of Education.

The superintendent will develop administrative regulations for public charter schools to include the proposal process, review and appeal procedure and charter agreement provisions.

Hazing/Harassment/Intimidation/Menacing/Bullying/Cyberbullying/Teen
Dating Violence Complaint Procedures—Students—Revised—For Information

Hazing/Harassment/Intimidation/Menacing/Bullying/Cyberbullying/Teen Dating Violence Complaint Procedures—Students

Any student who believes that he/she has been hazed, harassed, intimidated, menaced, bullied, cyberbullied, or a victim of teen dating violence is encouraged to use this complaint procedure. A complaint should be filed as soon as possible after the incident(s). Complaints will be investigated promptly (within 10 school five-working days of receipt). Every effort will be made by the administration to preserve confidentiality and protect the student's privacy to the extent the investigative process allows.

The district will in no way retaliate against a person who files a complaint or tolerate staff or other students retaliating against a complainant.

If hazing, harassment, intimidation, menacing, bullying, cyberbullying, or an incident of teen dating violence is not found, the district still may determine that the conduct was inappropriate and require that such conduct be stopped.

Informal Complaint Process

Students may use an informal complaint procedure. This seeks to achieve a resolution that both the complainant and the alleged perpetrator agree upon.

An informal complaint may be oral or in writing. It should be brought to the student's building administrator or other district staff member. If the matter is brought to another district staff member first, the staff member will inform the building administrator of the situation as soon as possible.

The complainant may be advised of ways to resolve the problem on his/her own. If that is unsuccessful or if the complainant does not wish to confront the alleged perpetrator, the administrator will discuss the complaint with the alleged perpetrator and an informal resolution may be proposed. The complainant may accept or reject the proposed resolution.

If the proposed resolution is accepted, the administrator will keep a record of the complaint and its resolution. The administrator also will follow up with the complainant to ensure that the problem has in fact been resolved. ~~If the proposed resolution is rejected or the complaint cannot be resolved, the administrator will investigate and resolve the case according to the formal complaint procedure.~~ This informal process ends, in all cases, with an acceptance or rejection of the proposed resolution. Upon completion of the informal process, a written record of the complaint and its proposed or accepted resolution shall be kept by the administrator for a minimum of two years, together with

written documentation of any follow-up by the administrator on the complaint. This written documentation shall be made available for review in any subsequent, related formal complaint.

Formal Complaint Procedure

The building administrator¹ ~~or district department director~~ has responsibility for investigations concerning hazing, harassment, intimidation, menacing, bullying, acts of cyberbullying, or incidents of teen dating violence. ~~The investigator(s) shall be a neutral party having had no involvement in the complaint presented.~~ The investigator will be a district employee with no involvement in the actions that are the subject of the complaint. The superintendent may recommend the use of an outside (non-staff member) investigator.

All complaints will be investigated promptly in accordance with the following procedures:

Step 1 Any hazing, harassment, intimidation, menacing, bullying, acts of cyberbullying, incidents of teen dating violence information (complaints, rumors, etc.) shall be presented in writing to the building administrator ~~principal or district department director~~. Complaints against the ~~administrator principal or district department director~~ shall be filed in writing with the superintendent. Complaints against the superintendent shall be filed in writing with the Board chair. The Board chair may recommend the use of an outside (non-staff member) investigator. All such information will be recorded in ~~reduced to~~ writing and will include the specific nature of the offense and corresponding dates.

Step 2 The district official receiving the complaint shall investigate promptly. Parents will be notified of the nature of any complaint involving their student. The district official will arrange such meetings as may be necessary with all concerned parties within ~~10 school~~ ~~five working~~ days after receipt of the information or complaint. The parties will have an opportunity to submit evidence and a list of witnesses. All findings related to the complaint will be recorded in ~~reduced to~~ writing by the district official. The district official(s) conducting the investigation shall notify the complainant and parents as appropriate, when the investigation is concluded and a decision regarding disciplinary action, as warranted, is determined.

A copy of the notification letter or the date and details of notification to the complainant, together with any other documentation related to the incident, including disciplinary action taken or recommended, shall be forwarded to the superintendent.

Step 3 If the complainant is not satisfied with the decision at Step 2, he/she may submit a written appeal to the superintendent or designee. Such appeal must be filed within 10 working days after receipt of the Step 2 decision. The superintendent or designee will arrange such meetings with the complainant and other affected parties as deemed necessary to discuss the appeal. The superintendent or designee shall provide a written decision to the complainant's appeal within 10 working days.

¹Required by state law House Bill 2599 (HB 2599)

Step 4 If the complainant is not satisfied with the decision at Step 3, a written request for review may be filed with the Board. Such request for review must be filed within 10 working days after receipt of the Step 3 decision. In an attempt to resolve the complaint, the Board shall meet with the concerned parties at a regular Board meeting in Executive Session. ~~The Board shall, within twenty working days, conduct a hearing at which time the complainant shall be given an opportunity to present the complaint.~~ The Board shall provide a written decision to the complainant within 10 working days following the completion of the hearing.

Time

The number of days given at each level shall be regarded as a maximum and every effort will be made to expedite the process, unless extenuating circumstances require the superintendent to extend the length of the investigation.

XI.L. Board Policy KL—Public Complaints—Revised—First Reading

Public Complaints

Complaints are handled and resolved as close to their origin as possible.

Although no community member will be denied the right to petition the Board for redress of a grievance, complaints will be referred through the proper administrative channels for solution before investigation or action by the Board. Exceptions are complaints that concern Board actions or Board operations, as well as appeals to student transfer decisions. Decisions made by the Assistant Superintendent on transfer appeals will be final (JCA-AR). All decisions made on transfer appeals will be communicated to the Board chair.

The Board advises the public that the proper channeling of complaints ~~is:~~
~~involving instruction, discipline or learning materials is as follows:~~

1. ~~Staff member;~~ Teacher
2. ~~Building administrator~~ principal or district department director (if applicable);
3. Superintendent;
4. Board.

While speakers may during public meetings offer objective criticism of school operations and programs, the Board will not hear ~~personal~~ complaints concerning district personnel nor against any person connected with the school system. To do so could expose the Board to a charge of being party to slander and would prejudice any necessity to act as the final review of administrative recommendations regarding the matter. The Board chairman will direct the patron to the appropriate means for Board consideration and disposition of legitimate complaints involving individuals.

The superintendent shall develop regulations designed to encourage the timely resolution of public complaints while providing a system of review which will allow both the complainant and the district an opportunity to be heard.
