*(Revised 01-23-17)*

The Corvallis School Board values the opinions and input of community patrons. ### **I. Written Correspondence**

Letters, emails and other written materials submitted to the Board are considered public record. They may be submitted via U.S. mail to: Corvallis School Board, Attn: Julie Catala, P.O. Box 3509J, Corvallis, OR 97339. Emails may be sent to: [schoolboard@corvallis.k12.or.us](mailto:schoolboard@corvallis.k12.or.us), and will reach all Board members as a group. ### **II. Public Comment at Meetings**

Members of the public have the opportunity to share their ideas and opinions with the Board during the agenda item labeled *Public Comment*. These opportunities are offered only during Business and some Special Meetings of the School Board. Spanish language interpreter services will be available at Business Meetings.

#### To request the opportunity to offer public comment

- A. Complete a “Comment Request” card, which can be found on a table at or outside the entrance to the meeting room, and give it to the Board Secretary at the head table **before** the meeting begins.
- B. Complete all requested information. Failing to fully and clearly complete the card and/or to submit it to the Board Secretary before the meeting begins may affect your opportunity to offer comments at the meeting.
- C. Although it is not required, you may wish to prepare a written statement from which to read during the meeting; if so, you may choose to leave your written comments with the Board Secretary to file with the official minutes of the meeting.
- D. Although they are not required, you are welcome to provide handouts to the Board; if so, please bring 13 copies and give them to the Board Secretary to distribute.
- E. The Board Secretary will sort cards, by topic, when they are completely filled out and were submitted before the meeting started. If there were several cards in one set/topic, the Board Secretary will draw one card from each set, in turn.
- F. If more comment requests were submitted than could be accommodated during the allotted time on the Board’s agenda, you might not be called upon to provide your comments. In that case, you may submit your comments in written form; see below for information.

- G. When you testify, your name, address and comments are matters of public record; however, students and staff do not need to provide their addresses.

**Rules for Public Comment**

- A. When you're called on to comment, proceed to the podium/table in front of the Board, state your name and the topic you will address before you begin. This is a matter of public record and will not count against your time. Only one person at a time is allowed to be at the podium/table, with exceptions at the discretion of the Board Chair.
- B. Direct your comments to the Board. The Board Chair will refer questions or requests for action to an appropriate person who will provide a response at a later date.
- C. Keep your comments within the specified time allotted, usually three minutes. The Board Secretary will signal you with one chime when you have 30 seconds remaining and with two chimes when your time is up.
- D. If others have spoken before you about the same issue, please state that fact and either decline to comment or limit your comments to points not already stated.
- E. If a group wishes to speak, designate one spokesperson for the group; that person will stand at the podium/table. In order to maintain the meeting schedule, repetitious comments are discouraged.
- F. Speakers may offer objective criticism of district operations and programs, but the Board will not hear complaints concerning individual District personnel. Any such complaints must be handled following the steps outlined in policy "KL-Public Complaints" and administrative regulation "KL-AR-Public Complaints," copies of which are available during meetings at which public comment is accepted or online at <http://policy.osba.org/corvall/KL/index.asp>.
- G. Complaints regarding budget, programs, or other District issues also should be handled by following the steps outlined in policy KL. Challenges of instructional resources or materials used by the District are subject to the rules and regulations of policy "II/IIA-Instructional Resources/Instructional Materials" at <http://policy.osba.org/corvall/I/index.asp>.
- H. Undue interruption or other interference with the orderly conduct of Board business cannot be allowed. Defamatory or abusive remarks are always out of order. The Board Chair may terminate the speaker's privilege of address if, after being called to order, the speaker persists in improper conduct.

## **Graduation Rate, CTE, and Freshmen on Track**      **NO ACTION REQUIRED**

### **4 year Graduation Rate/5 Year Completers**

*Completers* are students who earned a regular or modified diploma (as well as those who earned an extended diploma, adult high school diploma, or GED) within five years.

- The 2015-16 graduation rate data released from the Oregon Department of Education (ODE) shows that our overall graduation rate was 82% compared to the state average of 74.8%.
- Graduation rates for Hispanic students increased from 56.9% in 2011 to 87.5% in 2016.
- The five-year cohort “completer” rate remained the same as last year at 92.8%, while the statewide rate is 81.9%.
- The dropout rate decreased from 2.12% in 2014-15 to less than 1% in 2015-16.
- Improvement in grad rate: roughly 70% average for the period 2010-11 to 2012-13, and about 84% average for 2013-14 to 2015-16

### **Non-Completers (4 year)**

*Non-completers* are students who, as part of the 2015-16 cohort, did not continue in enrollment in our district, nor did our schools receive requests for student files from other school districts.

Total number: 59

Our non-completers come from varying backgrounds. The largest group is comprised of:

- White
- Not an English Language Learner (ELL)
- Without an IEP

### **What will it take to make the next leap past a 90% four year graduation rate?**

- High school staff who continue to seek new ways to remove barriers and help students stay engaged in school.
- Continued emphasis on current practices which support student success:
  - Interventions that are increasingly tied to individual student needs (Behavioral; Academic; Social/Emotional)
  - Significant attention being directed towards ensuring that teachers understand and can use instructional “best practices.” Particular emphasis is being placed on

ensuring that instruction is both relevant and engaging.

- In response to difficult student behavior, the focus is shifting from a punitive to a restorative mindset.
- Instruction in CTE programs has become increasingly aligned to 21st Century skills requirements.
- Increased emphasis on creating school communities characterized by truly inclusive values/practices that are supportive of all students.
- Increasing the availability of, and access to, alternative learning opportunities.
- Further developing CTE programs.

### **Career & Technical Education (CTE)**

*CTE concentrators* are students who earned one or more credits in technical skill-based courses as part of a state-approved CTE program. Corvallis' 208 CTE concentrators had a graduation rate of 89.4% in 2015-16.

### **Freshmen on Track**

The freshmen cohort of 2015-16, above 90%, is the highest in the last four years. Groups of students with the lowest percentage on track are (using the group names as required for reporting):

- American Indian/Alaska Native
- Black/African American
- Economically Disadvantaged
- Students with Disabilities

To reach these students, our schools are focusing on the strategies mentioned above.

**V. BOARD-SCHOOL LIAISON REPORTS**

**VI. STUDENT REPRESENTATIVE REPORTS**

## VII. SUPERINTENDENT'S REPORT

Superintendent Noss offered highlights from the past month and provided information regarding current and future initiatives.

## VIII. PUBLIC/STAFF COMMENT

Dana Monroe, Claudia Hall, Lisa Haag, and Carie Roberts, art teachers in the district, thanked the board for the work they have done to support art education in Corvallis schools. They urged the Board to begin the conversation about having a comprehensive art program and to consider allocating funds from the local option levy to keep art at the highest standards. They indicated a desire for district support so that art teachers could meet as a Professional Learning Community, such as teachers of other subjects do.

John Friedlander, 554 N. 9<sup>th</sup> Street, Philomath, shared information regarding Look For The Good Project, a successful K-6 bullying prevention program based on the core belief that gratitude changes mindsets, reduces violence, and improves everything; the program prepares kids to prevent bullying by becoming compassionate leaders in their communities. He encouraged the board to consider the curriculum, especially in light of increased bullying in schools surrounding the recent election.

## IX. 2017-18 BUDGET PARAMETERS

Finance and Operations Director Buch led a review of the draft budget parameters for 2017-18, which were provided to the board under separate cover. (The draft parameters will be filed with the minutes of this meeting.) Ms. Buch noted that budget parameters provide guidance to staff as they establish the framework for building a proposed budget. She said the parameters being recommended tonight were based on discussions with staff and the district's finance work group, which includes three board member liaisons.

A lengthy discussion ensued regarding the draft parameter: *"Equity will be a priority in resource allocation consistent with the goal of maximizing student achievement; discourage donations from individuals or groups affiliated with one school or program for the direct purpose of hiring or employing additional staff to provide service primarily to that same school or program."*

### **MOTION:**

**It was moved by Director Sauret and seconded by Director Kemper to adopt the proposed budget parameters as submitted with the exception of the fundraising parameter, which was changed to *"Encourage donations for purposes other than hiring or employing staff."***

Director Newsham requested the parameter relating to reserves be discussed in a separate work session since the full board was not involved in the development of the document. He noted that board policy DA provides guidelines for set asides and reserves, and he would prefer the superintendent present a budget the superintendent believes adequately addresses the educational needs of students and not unnecessarily constrained at the outset. He expressed dismay that the

full board had no previous opportunity for a discussion on this issue and thought setting arbitrary budget limits at this stage of the budget process was counterproductive to the board's role of improving student achievement.

**The motion was voted on. Director Newsham voted in opposition; the remaining five board members voted in favor. The motion carried.**

Chair McQuillan pointed out that the board will be dedicating almost the entire February 21, 2017 board meeting to discussing the fundraising policy and will accept public comment on the topic at that time.

#### **X. 2017-18 SCHOOL CALENDAR PARAMETERS**

Human Resources Director Duvall opened the conversation regarding 2017-18 school calendar parameters and expressed a desire to finalize the calendar no later than April. A lengthy discussion ensued around a desire to reduce the adverse impact of weather closures on the first semester.

Chair McQuillan referred to the way parent/teacher conferences were scheduled this past October, saying she would have preferred having one long school week and one short school week, instead of two shortened weeks back-to-back.

Chair McQuillan noted that some parents have told her they want conferences for all levels on the same day but other parents have expressed concern that doing so would prevent district staff from attending their own children's conferences.

#### **XI. DIVISION 22 STANDARDS**

Elementary Schools Coordinator Amy Lesan led a review of the annual report regarding compliance with Oregon Administrative Rule Chapter 581, Division 22. (The report will be filed with the minutes of this meeting.) One of the questions asked by board members was why the district doesn't currently employ a certified media specialist. Ms. Lesan said it is a hard position to fill and there aren't any certification programs nearby; however, the district's program is very systematized, which is why there are no gaping holes. She added that the two classified staff who run the program are phenomenal.

Director Sauret referred to the low percentage of time that students at Corvallis and Crescent Valley High Schools receive the minimum number of hours of instructional time and questioned whether there really was that much open time for students at those schools. Superintendent Noss said there was a change in reporting, and staff wanted to bring it to the board's attention now. He added that building principals are discussing it and will continue to look at the issue.

#### **MOTION:**

**It was moved by Director Kemper and seconded by Director Sauret to authorize the school district to include up to 30 hours of professional development time, up to 30 hours of parent teacher conferences, and up to 60**

**hours of recess for students in grades kindergarten through grade three for calculation of instructional hours. The motion was voted on and unanimously approved.**

**XII. RESOLUTION NO. 17-0102 FOR THE 2017-18 LINN BENTON LINCOLN EDUCATION SERVICE DISTRICT (LBL ESD) LOCAL SERVICE PLAN**

Superintendent Noss led a review of the resolution, noting that service decisions are made by the LBL ESD member-district superintendents usually for a two year period; however, this resolution covers only the 2017-18 year because the superintendents are conducting a review of tier 1 and tier 2 services.

In response to questions from board members regarding the quality of technology services provided by the ESD, Technology Services Director Rob Singleton said the district's network is running a lot better than in previous years. He said the ESD is listening to district staff and keeping up with the demands.

Vice Chair Adams said that over the last year he heard a lot from parents about what wasn't working but this year he has heard nothing negative.

Mr. Singleton said moving forward, the district must look at the total cost and best value of doing technology independently vs. through the ESD or with third party vendors.

**MOTION:**

**It was moved by Director Sauret and seconded by Vice Chair Adams to adopt Resolution No. 17-0102 for the 2017-18 Linn Benton Lincoln Education Service District Local Service Plan. The motion was voted on and unanimously approved.**

**BOARD OF DIRECTORS**  
Corvallis School District 509J

**I. CALL TO ORDER AND ROLL CALL**

The meeting was called to order at 6:31 p.m. in the Board Room of the Central Administration Building, 1555 SW 35th Street, Corvallis, OR 97333. The secretary recorded those present as listed below.

<u>BOARD MEMBERS PRESENT</u>	<u>EXECUTIVE STAFF PRESENT</u>
Vincent Adams, Vice Chair Sami Al-AbdRabbuh Judy Ball Bill Kemper Alexis McQuillan, Chair Scott Newsham Tom Sauret	Ryan Noss, Superintendent Kevin Bogatin, Assistant Superintendent Olivia Meyers Buch, Finance and Operations Director Jennifer Duvall, Human Resources Director

A quorum was present and due notice had been published.

**II. PLEDGE OF ALLEGIANCE**

Chair McQuillan led the Pledge of Allegiance.

**III. SCHOOL BOARD RECOGNITION MONTH**

Superintendent Noss read aloud the Governor's proclamation announcing January as School Board Recognition Month. Mr. Noss extended appreciation on behalf of the district for the tireless efforts of the board to support all students. Students and staff from all schools presented library books they had purchased in honor of the school board, which will be added to the schools' library collections.

**IV. STUDENTS AND FAMILIES EXPERIENCING HOMELESSNESS**

Homeless education coordinator Chris Hawkins and Elementary Schools Coordinator Amy Lesan gave a presentation and led a review of the written report that was provided to the board under separate cover. (The report and a hard copy of the presentation will be filed with the minutes of this meeting.)

Some of the information presented included:

- The number of students experiencing homelessness continues to rise.
- The Corvallis Public Schools Foundation and many local agencies work with the district to ensure students' needs are met.
- Sometimes outside agencies refuse to work with families or families opt out of services provided by those agencies; however, the children continue to come to school, leaving the district isolated in providing wrap-around support.

The presenters responded to questions from board members.

#### **V. SPECIAL EDUCATION/ENGLISH LANGUAGE LEARNERS**

Assistant Superintendent Kevin Bogatin, Elementary Schools Coordinator Amy Lesan, and Equity and ELL Coordinator Marcianne Rivero Koetje gave a slide presentation and led a review of the report "Special Education/Emerging Bilingual Educational Practices" that was provided to the board under separate cover. The presenters also distributed several handouts with a variety of information that supported their presentation. (The report and handouts, and a hard copy of the presentation will be filed with the minutes of this meeting.)

The information presented was intended to give the board a deeper understanding of the journey the district has undergone to date to provide equitable access for every child. The presenters responded to questions from board members.

#### **VI. OREGON DEPARTMENT OF EDUCATION TEMPORARY RULE REGARDING INSTRUCTIONAL HOURS REQUIREMENT**

Superintendent Noss led a review of a document he provided to the board under separate cover, regarding a proposed temporary rule the Oregon State Board of Education might implement, which would allow districts faced with extreme weather-related situations this year to request that up to 14 hours of emergency school closure time be counted as part of the total instructional time for 2016-17. (A copy of the document will be filed with the minutes of this meeting.)

Superintendent Noss said weather closure makeup days currently in the school calendar are February 20, and June 19-22, 2017. He said a lot of community input was received and it favored adding back full days rather than adding minutes to existing school days. He said a dilemma in creating the school calendar every year is that if school starts after Labor Day, weather makeup days are pushed late into June. He indicated that more community conversation is needed regarding the start date.

Board members discussed the issue of accessing ODE's potential temporary rule, as well as how to structure makeup time for the school days which have already been lost this year due to weather closures.

The board reached consensus to utilize the makeup days already in the calendar rather than add minutes to existing days, and to table the issue of ODE's potential temporary rule with the understanding that Superintendent Noss could bring it back to the board for discussion if necessary and if ODE actually implements the temporary rule.

**VII. ADJOURNMENT**

There being no further business before the Board, Chair McQuillan adjourned the meeting at 9:10 p.m.

## **Human Sexuality, AIDS/HIV, Sexually Transmitted Diseases, Health Education\*\***

The district shall provide an age appropriate, comprehensive plan of instruction focusing on human sexuality, HIV/AIDS and sexually transmitted infections, and disease prevention in elementary and secondary schools as an integral part of health education and other subjects.

Course material and instruction for all education courses that discuss human sexuality shall enhance a student's understanding of sexuality as a normal and healthy aspect of human development. A part of the comprehensive plan of instruction shall provide age-appropriate instruction focusing on child sexual abuse prevention for students in kindergarten through grade 12. The district must provide a minimum of four instructional sessions annually; one instructional session is equal to one standard class period. In addition, the HIV/AIDS and sexually transmitted infections and disease prevention education and the human sexuality education comprehensive plan shall provide adequate instruction at least annually, for all students in grades 6 through 8 and at least twice during grades 9 through 12.

Parents, teachers, school administrators, local health department staff, other community representatives, and persons from the medical community who are knowledgeable of the latest scientific information and effective education strategies shall develop the plan of instruction and align it with the Oregon Health Education Standards and Benchmarks.

The Board shall approve the plan of instruction and require that it be reviewed and updated biennially in accordance with new scientific information and effective educational strategies.

Parents of minor students shall be notified in advance of any human sexuality or AIDS/HIV instruction. Any parent may request that his/her child be excused from that portion of the instructional program under the procedures set forth in ORS 336.035 (2).

The comprehensive plan of instruction shall include the following information that:

1. Promotes abstinence for school age youth and mutually monogamous relationships with an uninfected partner for adults;
2. Allays those fears concerning HIV that are scientifically groundless;
3. Is not biased as to the student's choices, but is informative, balanced, and medically accurate;
4. Provides accurate information and skills based instruction on risks and benefits of contraceptives, condoms, and other disease reduction measures;

5. Discusses responsible sexual behaviors and hygienic practices ~~that~~ ~~which~~ may reduce or eliminate unintended pregnancy, exposure to HIV, hepatitis B/C, and other sexually transmitted infections and diseases;
6. Emphasizes the risks of behaviors such as the sharing of needles or syringes for injecting illegal drugs and controlled substances;
7. Discusses the characteristics of the emotional, physical, and psychological aspects of a healthy relationship;
8. Discusses the benefits of delaying pregnancy beyond the adolescent years as a means to better ensure a healthy future for parents and their children. The student shall be provided with statistics based on the latest medical information regarding both the health benefits and the possible side effects of all forms of contraceptives including the success and failure rates for prevention of pregnancy, sexually transmitted infections, and diseases;
9. Stresses that sexually transmitted diseases can be possible hazards of sexual contact;
10. Provides students with information about Oregon laws that address young people's rights and responsibilities relating to childbearing and parenting;
11. Advises students of laws pertaining to their financial responsibility for their children;
12. Advises students of consequences of having sexual relations with persons younger than 18 years of age to whom they are not married;
13. Encourages family communication and involvement and helps students learn to make responsible, respectful, and healthy decisions;
14. Teaches that no form of sexual expression or behavior is acceptable when it physically or emotionally harms oneself or others and that it is wrong to take advantage of or exploit another person;
15. Teaches that consent is an essential component of healthy sexual behavior. Course material shall promote positive attitudes and behaviors related to healthy relationships and sexuality and encourage active student bystander behavior;
16. Teaches students how to identify and respond to attitudes and behaviors which contribute to sexual violence;
17. Validates the importance of honesty, respect for each person's dignity and well-being, and responsibility for one's actions;
18. Uses inclusive materials and strategies that recognize different sexual orientations, gender identities, and gender expression; stresses importance of respect for persons of differing sexual orientations, gender identities, and gender expressions;

19. Includes information about relevant community resources, how to access these resources, and the laws that protect the rights of minors to anonymously access these resources.

The comprehensive plan of instruction shall emphasize skills-based instruction that:

1. Assists students to develop and practice effective communication skills, development of self esteem, and ability to resist peer pressure;
2. Provides students with the opportunity to learn about and personalize peer, media, technology, and community influences that both positively and negatively impact their attitudes and decisions related to healthy sexuality, relationships, and sexual behaviors, including decisions to abstain from sexual intercourse;
3. Enhances students' ability to access valid health information and resources related to their sexual health;
4. Teaches how to develop and communicate sexual and reproductive boundaries;
5. Is research based, evidence based, ~~or~~ and founded on best practices; and
6. Aligns with the Oregon Health Education Contender Standards and Benchmarks.

All sexuality education programs emphasize that abstinence from sexual intercourse, when practiced consistently and correctly, is the only 100 percent effective method against unintended pregnancy, sexually transmitted infections and diseases.

Abstinence is to be stressed, but not to the exclusion of contraceptives and condoms for preventing unintended pregnancy and sexually transmitted infections and diseases. Such courses are to acknowledge the value of abstinence while not ignoring, humiliating, or devaluing in any way those students who have had or are having sexual relationships. Further, sexuality education materials, including instructional strategies and activities must not, in any way use shame or fear based tactics.

Materials and information shall be presented in a manner sensitive to the fact that there are students who have experienced, perpetrated, or witnessed sexual abuse and relationship violence.

## Assessing and Reporting Academic Achievement\*\*

The Board feels it is important that teachers have as much accurate knowledge of student achievement as possible to assess students' needs and growth; thus, a sharing of information among parent, teacher and student is essential.

The district shall ensure that all students have the opportunity to demonstrate progress toward mastery of the knowledge and skills of the student's current grade level or course content level. Students who have not yet met or who have exceeded all of the standards at any grade level will be offered additional services or alternative educational or public school options.  
~~a level of proficiency. Students who fail to meet or who exceed all of the standards at any grade level will be offered additional services or alternative public education options.~~

The Board directs staff to follow these guidelines in measuring and determining reporting student progress:

~~1. Parents will be informed regularly, at least four times a year, of their student's progress in school;~~

1. Parents and students may be informed of their student's progress toward achieving the academic content standards, including but not limited to:

- a. Information on progress in each subject area to meet or exceed the academic content standards<sup>1</sup> at the student's current grade level or course content level, including major goals to determine the information;
- b. Specific evidence of student progress toward mastery of a continuum of academic knowledge and skills (academic content standards) of a subject area, upon request from a parent;
- c. Student scores on all state and local assessments indicating any of the requirements that have been waived for the district or the individual and time periods for the waiver; and
- d. Student progress toward completion of diploma requirements to parents of students in grades 9-12, including credits earned demonstration of extended application, and demonstration of Essential Skills.

2. Parents will be alerted and conferred with as soon as possible when a student's performance or attitude becomes unsatisfactory or shows marked or sudden deterioration.

---

<sup>1</sup>Information detailing the academic content standards may be found on the Oregon Department of Education website at [www.oregon.gov](http://www.oregon.gov).

3. Grades and/or portfolio content assessment will be based upon academic performance and academic behaviors, and will not include student attitude. Grades will not be used for disciplinary purposes. Attendance shall not be the sole criterion for the reduction of a student's grade.
4. At comparable levels, the school system will strive for consistency in grading and reporting except when this consistency is inappropriate for certain classes or certain students.
5. When no grades are given but the student is evaluated in terms of progress, the school staff also will provide a realistic appraisal of the student's standing in relation to his/her peers.
6. The staff will take particular care to explain to parents the meaning of marks and symbols used to reflect student performance.

## SCHOOL DISTRICT

Prepared for: Corvallis School Board  
Prepared by: Olivia Meyers Buch, Finance and Operations Director  
Meeting Date: February 6, 2017

### **December 31, 2016 Financial Statements (Unaudited)      NO ACTION REQUIRED**

#### Background

The General Fund is reported on a monthly basis and other funds on a quarterly or semi-annual basis. As December is the end of the second quarter of the fiscal year, you will find reports on the following funds in addition to the General Fund: Food Service; District Donation; Designated Facilities; Designated Revenue; Debt Service; PERS Debt Service; Student Body; Early Retirement; Grant; and Insurance. The General Fund highlights are included below while other fund highlights are reported on the individual fund statement.

The Statement of Resources and Requirements for the General Fund for the period ending December 31, 2015 and 2016 follow this report. Year-to-date operating revenues through the end of December 2016 total \$48.1 million or 74.9% of total budgeted operating revenues as compared to \$44.5 million or 71.2% through the end of December 2015.

General fund expenditures through December 2016 are up \$2.4 million as compared to the prior year. The significant portion of the increase has come in the form of summer maintenance expenditures including lead remediation and annual maintenance, as well as planned technology purchases. In addition, FY 2015-16 was the end of the facilities grant and the General Fund is absorbing back the purchase of instructional materials, instructional technology, and facilities expenditures. Contracted payroll increases account for the majority of the balance of the increase.

Projected resources and requirements through June 30, 2017 result in an ending fund balance of \$8.94 million, or 14.0% of projected operating revenues. The projected ending fund balance reflects a change in fund balance, or operating deficit, of \$1.3 million. As a result, some general fund reserves are projected to be slightly below the designations outlined in board policy on June 30, 2017.

Please contact me with questions or if you would like additional information.

**Notes:**

1. The Food Service Fund is a self-supporting fund.
2. Revenues to support the program are generated from student participation in food programs, federal and state programs, and a catering operation.
3. Operations are evaluated to see where costs can be reduced to align with revenues. Staff actively promote the federally subsidized free and reduced breakfast and lunch programs to increase participation and revenues received from the programs.
4. The District also provides food service programs to other districts and agencies such as Philomath School District, Alsea School District, and several day cares.
5. ODE reimburses the District through a monthly claim submission process thereby creating a deficit cash position at times dependent on the timeliness of reimbursement. The Food Service Fund cash flow capacity has narrowed as participation has decreased.

**Notes:**

1. The District issued refinancing bonds for its PERS unfunded actuarial liability. Bonds were sold October 9, 2002 at a true interest cost of 5.897%. Additional bonds were sold on June 7, 2005 at a true interest cost of 4.44%.
2. Instead of having PERS carry the unfunded liability at an 7.75% interest rate, the District entered into a pool that issued taxable bonds and turned the proceeds over to PERS. This financing strategy aids in keeping rates lower than would have been issued by PERS.

**Notes:**

- The District has approximately 36 grant awards from federal, state, and private sources estimated at \$5.7 million. The larger awards typically span a several year time period.
- Indirect costs are administrative costs such as audit, legal, business, human resources, and technology that are paid for by the General Fund but also utilized by the grant funds. Board policy calls for the District to recover indirect costs related to grants. This amount shows as a revenue in the General Fund and is used to offset General Fund operations. The District indirect cost rate is the maximum allowed by the State and varies from year to year. The State approves this rate each year. The rate for 2016-17 decreased to 4.13% from 4.43% in the prior year.
