Tentative Agreement between Corvallis SD and OSEA Chapter 2 - 8/2/19

Preamble

This contract is entered into by the Oregon School Employees Association, Chapter No. 2, hereinafter referred to as the "Association," and School District No. 509J, hereinafter referred to as the "Board" or "District." This contract incorporates the sole and complete Agreement ("Agreement") reached between the District and the Association resulting from negotiations held pursuant to the provision of ORS 243.650, *et. seq.*

The Board and District recognizes the important contribution classified employees offer in the education of our students. The values of dignity and respect highlight the importance of the classified employee group.

Article 1 Recognition

1.2 Bargaining Unit

The parties hereby agree that the bargaining unit consists of all regular classified employees whose job classifications appear in Attachment A of this Agreement, save and except that supervisory and confidential employees, substitutes, temporary, work experience employees, and District students are specifically excluded.

When the District creates a new classified job title and proposes to exclude it from the bargaining unit as confidential (per ORS 243.650), a representative of the Association will be invited to give input to determine the appropriate bargaining unit status.

1.5 Limited-Term Employee

1.5.5 There are times when the district needs an employee to ride the school bus to support students with special needs. This time can change every year based on the needs. This time will be offered to regular status employees and if accepted will be considered as limited-term "bus ride" time. The employee can earn benefits for this time during the assigned school year, but does not become regular time, only limited-term time each year.

Article 3 – Contracting Out

3.1 If the Superintendent determines it may be necessary to contract out ~~any new technology that~~ or introduce ~~any new technology that~~ and it may reasonably be expected to result in the layoff of any bargaining unit member(s), s/he will provide written notification to the OSEA Chapter President and Field Representative concurrent with initial notification to the Board.

3.2 If within 14 calendar days of notification OSEA informs the Superintendent in writing of its desire to be involved in the decision-making process, a joint study

committee will be formed to address the issue through an interest-based process which will include, at a minimum, the following steps: problem definition; data collection; option development and evaluation (which may include an option proposal submitted by affected bargaining unit members); and, if possible, consensus.

- 3.3** If, after the completion of the interest-based process, the joint committee fails to reach consensus or proposes a solution which involves contracting out, a subsequent decision by the Board to pursue contracting out will trigger the Board's obligation to notify and bargain with the Association pursuant to ORS 243.698.
- 3.4** If the District determines that it may be necessary to contract out bargaining unit work the District will make every effort to provide timely notice and information to the Association as well as an opportunity for input before triggering the expedited bargaining procedures outlined in ORS 243.698.

Article 4 – Association Rights

4.2 Association Membership

Membership or non-membership in the Association shall be the free, independent choice of each member of the bargaining unit. The District agrees that no acts of retaliation will occur from district administration due to any union member's involvement in union activities.

4.3 Fair Share

All bargaining unit employees shall pay fair share fees equal to the amount required by the Association for the regular membership. The District agrees to deduct such fees from the wages of each bargaining unit employee who is not a member of the Association and transmit the fair share deduction to the central office of the OSEA monthly.

In accordance with ORS 243.666, if an employee certifies to the Association, in writing, the presence of bona fide religious tenets or teachings in a church or religious body of which such employee is a member, the provisions of the above shall not apply. Such employee shall pay an amount equal to the full, regular fees to the United Way or a charity or charitable organization mutually agreed upon by the employee and the Association. The employee shall provide written proof to the District and the Association that this has been done.

The Association agrees to hold the District harmless against any and all claims, suit, orders, or judgments brought against the District as a result of the provisions of this Article.

Article 5 – Reclassification

A reclassification is when an employee believes he/she is performing duties of a higher position that is currently in existence.

5.1 Reclassification Notification Studies

The Association president shall be notified of pending reclassification studies and solicited for opinion and input. Such studies shall be funded by the District.

The District shall provide the Association president with a copy of all job descriptions or any changes in established job descriptions as a result of the provision of this Article. Such information shall be available to the Association prior to the District's implementation of such changes.

5.2 Reclassification Committee

The District and the Association shall form a reclassification review committee by each appointing three representatives. The purpose of the committee shall be to review any employee, District, or Association request for position reclassification within the established classification-and-pay plan and to make a non-binding recommendation with respect thereto, including a recommendation to look within the industry or profession. The Reclassification Committee ("Committee") shall schedule a time to review each reclassification request and make recommendations.

An employee or representative of his/her choice may present the reclassification request to the Committee.

5.6 Step Advancement

Any employee recommended for reclassification by the Reclassification Committee after March 1 will not be eligible for step advancement on July 1 of that year. will follow the same step advancement eligibility as described in Article 10.

Article 6 – Workweek, Hours of Work

6.3 Year-Round Employees

A year-round employee is an employee whose scheduled annual assignment is a 12-month period. The Martin Luther King Jr. holiday will be a non-contract day for full-time, year-round employees, except that in years in which an additional work day is required for a 260-day contract year, it will be a regular work day.

6.6 Access to Curriculum Training

When new curriculum is adopted or implemented the district will offer classified employees district training along with licensed staff, when appropriate to the employee's assignment or requested by the building administrator.

6.7 Access to IEP/Other

The District agrees to provide classified staff who provide direct services to students, access to the students IEP, 504 plans, behavior intervention plans and safety plans, while maintaining the student's confidentiality.

Article 7 – Seniority & Layoffs

7.1 Order of Displacement/Layoff

The District reserves the right to determine positions to be eliminated or reduced in annual hours of employment. Displacements and layoffs within each affected job title shall be determined by the District on the basis of seniority, provided the operational needs for special occupational skills are met. Where seniority is the same, the determination shall be made by **lottery**. No non-probationary employees shall be displaced or laid off within a job title until all probationary employees in that job title, with same or fewer hours as the affected non-probationary employees, have been terminated in accordance with the provisions of Article 19, Probationary Period, of this Agreement.

If the District determines the need for a layoff, notice of not less than two weeks shall be provided to non-probationary employees to be laid off. Notice of layoff shall be by personal delivery or by certified mail restricted to the addressee. When an employee is notified of layoff, an employee can request a meeting with a District representative within one work week subsequent to receipt of the notice. The purpose of such meeting shall be to review recall rights and procedures.

7.3 Special Occupational Skills

The order of displacement/layoff within each affected job title shall be determined by the District on the basis of seniority, provided the operational needs for special occupational skills are met. The special occupational skills that an employee should bring to the classification would be defined as a specific ability that another person in the same job title or family would not have, and could not learn the skill with minimal training, and that the program in which the employee works would suffer should that employee be bumped out. Examples would be:

- Educational Assistant 2 in the **dual language English as a Second Language** program where fluency in Spanish is needed or required.
- Educational Assistant 2 in the Special Education program **working as a Supported Educational Assistant** where experience working with Autism or special needs students is **desired needed** or required.
- ~~Educational Assistant 2 – Life Skills Assistant working in a self-contained classroom with students who have significant physical, cognitive, or behavioral disabilities.~~

7.4 Eligibility

Provisions of Article 7.4 through 7.10.4 apply only to employees working four hours or more per day. Employees who work fewer than four hours/day are not entitled to any provisions of this article, and if have lower seniority in any bumping procedures would be considered terminated.

In order to be placed or bumped into another position, an employee must meet minimum job qualifications based on skills and training as listed on the job description and most recent job posting for that position. If a regular employee takes a limited-term assignment, their regular status and seniority accrual continues.

7.6 Reassignment/Bumping Procedures

The administration will attempt, through reassignment/transfer, to place the employee into an opening within their job title that provides at least 90 percent of the employee's annual hours of assigned work at the time of displacement. The goal of reassignment/transfer is to attempt to restore the employee's hours to 100 percent. An employee is not entitled to a position that is of greater hours than he/she occupied at the time of the layoff.

7.6.1 Single Job Title Procedure. Displaced employees holding a single job title shall be eligible for placement/bumping as follows:

- a. The employee will first be entitled to fill any existing vacancy within their current job title that provides at least 90 percent of their total annual hours of assigned work at the time of displacement with a goal of restoring their time to 100 percent.
- b. If no vacancies exist within the job title, the employee, based on their seniority and provided the operational needs for special occupational skills are met, will be eligible to bump the least senior person within the job title that provides at least 90 percent of their total annual hours of assigned work at the time of displacement.
- c. If there are no positions within the job title for which the employee is eligible to bump, employee will be entitled to fill any existing vacancy on an equal or lower pay range within their job family (see Attachment A—Classified Job Families and Salary Range) that provides at least 90 percent of their total annual hours of assigned work.

The exception is an Educational Assistant-Lifeskills cannot be placed into an Educational Assistant 3 vacancy, unless they have held that position (EA3) within last three years, but would be eligible for placement in an Educational Assistant 2 vacancy provided the operational needs for special occupational skills are met.

- d. If no vacancies exist within the job family, the employee, based on their seniority and provided the operational needs for special occupational skills are met, will be eligible to bump the least senior person at an equal or lower range within their job family that provides at least 90 percent of their total annual hours of assigned work at the time of displacement.

The exception is an Educational Assistant-Lifeskills cannot bump an employee in an Educational Assistant 3 position, unless they have held that position (EA3) within last three years, but would be eligible to bump the least senior person at an Educational Assistant 2 range or lower range within their job family provided the operational needs for special occupational skills are met and at least 90 percent of their total annual hours of assigned work at the time of displacement.

- e. If there are no positions within the job family for which the employee is eligible to bump, the employee will be eligible for placement or bumping into a previously or currently held job title that provides at least 90 percent of their total annual hours of assigned work at the time of displacement, provided the position was held within the last three years. An employee who selects or rejects this option does not forfeit the right to recall into the job family or title held at time of displacement.

As an exception, employees in a stand alone position, identified in the job families listed in the appendix, would be eligible for placement or bumping into a previously held job title within the last five years.

- f. The employee may accept placement or bump into positions that provide less than 90 percent of their annual hours of assigned work at the time of displacement without forfeiting their right to recall into a position of more hours during the recall period.

7.6.2 Multiple Job Title Procedure. If an employee's entire assignment is displaced, the job title with the highest numbers of hours will first be used for placement. Displaced employees holding more than one job title shall be eligible for placement/bumping as follows:

- a. The employee will first be entitled to fill any existing vacancy within the job title where the reduction occurred that provides at least 90 percent of their total annual hours of assigned work at the time of displacement with a goal of restoring their time to 100 percent.

- b. If there are no vacancies within the job title where the reduction occurred, the employee will then be entitled to fill any existing vacancy within any other jobs titles currently held that provides at least 90 percent of their total annual hours of assigned work at the time of displacement with a goal of restoring their time to 100 percent.
- c. If no vacancies exist within any of the job titles, the employee will be eligible to bump the least senior person within the affected job title that provides at least 90 percent of their total annual hours of assigned work at the time of displacement.
- d. If there are no positions within the affected job title for which the employee is eligible to bump, the employee will be eligible to bump, based on their seniority and provided the operational needs for special occupational skills are met, the least senior person at an equal or lower range within their job family (see Attachment A—Classified Job Families and Salary Range) that provides at least 90 percent of their total annual hours of assigned work at the time of displacement.

The exception is an Educational Assistant-Lifeskills cannot bump an employee in an Educational Assistant 3 position, unless they have held that position (EA3) within last three years, but would be eligible to bump the least senior person at an Educational Assistant 2 range or lower range within their job family provided the operational needs for special occupational skills are met and at least 90 percent of their total annual hours of assigned work at the time of displacement.

- e. If there are no positions within the job family for which the employee is eligible to bump, the employee will be eligible for placement or bumping into a previously or currently held job title that provides at least 90 percent of their total annual hours of assigned work at the time of displacement, provided the position was held within the last three years. An employee who selects or rejects this option does not forfeit the right to recall into a job family or title held at time of displacement.

As an exception, employees in a stand alone position, identified in the job families listed in the appendix, would be eligible for placement or bumping into a previously held job title within the last five years.

- f. If placement or bumping at any of the levels outlined above results in more than a ten percent reduction in annual salary, the employee may accept or reject the option without waiving recall rights.

Article 8 - Personnel Records

8.2 Removal of Material

When a formal reprimand has been placed in the employee's file and he/she has subsequently been employed for three consecutive years without further reprimand, the ~~file letter and any documents related to the letter~~ shall, upon request, be purged ~~of all extraneous documents except formal evaluation~~. If the District and the Association do not agree on the adjustment to the benefit program or the use of the medical insurance waiver savings, and if additional money is needed to continue the benefit program, the Association shall agree to an increase of the amount

13.2 Accrual

Vacation shall be accrued from the first day of hire and in accordance with the following schedule, and shall include allowance for employees with years of continuous service as follows:

13.3.23 The vacation year shall be July 1 through June 30. Year-round employees shall take earned vacation as approved by their supervisors to whom the employees are directly responsible and when during the school year, in consultation with the building administrator (if assigned to a school).

Article 14 Leaves

14.1 Bereavement Leave

Upon request, up to three days leave with pay shall be allowed in the event of death in the immediate family. For the purpose of this Article, immediate family is defined in Appendix C. as blood relatives and in-laws, to include spouse, children (including stepchildren and children towards whom the employee stands in loco parentis), parents, grandparents, brothers, sisters, aunts, uncles, or any relative or domestic partner living in the immediate household. With the approval of the superintendent, bereavement leave may be extended beyond three days when substantial justification exists.

The Superintendent or designee may, at his/her discretion, grant use of bereavement leave for individuals not listed in Appendix C above, and additional days as needed.

14.2 Personal/Emergency Leave

Each employee shall receive three days of personal/emergency leave with pay each year. The leave shall be available upon request with no questions asked. One additional closure emergency leave day, based on the classified employee's daily hours, will be available for district called school closures and/or delayed starts only. This day may be taken in one hour increments as needed and used first for school closure and/or delayed starts.

14.2.1 When possible, The employee shall provide the District with a minimum of 5 working days 48 hours notice in advance of his/her intention to take leave, except in case of an emergency.

14.2.2 Leave shall may not be granted if a substitute is not available.

14.2.3 Personal/emergency leave (and all vacation leave) must be taken prior to approval of any unpaid leave. Unpaid leave is granted at the discretion of the District.

14.2.4 This leave may be taken in fifteen minute half-day increments. ~~Exception: Personal/Emergency leave can be used in one hour increments for sick leave when an employee runs out of sick leave and for late start or school cancellation.~~

14.2.5 At the end of June, each employee who has worked their full contract year shall be paid for all unused personal/emergency leave days except that 260-day employees will have unused personal/emergency leave credited as additional vacation for the next year. ~~No pay off will be allowed for the closure emergency leave day.~~

14.3 District Closure/Delayed Start Leave

One closure emergency leave day, based on the classified employee's daily hours, will be available for district called school closures and/or delayed starts only. This day may be taken in fifteen minute increments as needed and used for school closure and/or delayed starts. If delayed start occurs the employee has the opportunity to flex this time by mutual agreement of the employee and their supervisor. No pay out will be allowed for the closure emergency leave day.

14.4 School Cancellation, District Closure, and Delayed Start

When school is cancelled, the District is closed, or there is a delayed start due to inclement weather or other circumstances beyond the District's control, the District shall attempt to notify employees by phone, radio, District web site, or television announcement.

14.4.1 School Cancellation

The school office and maintenance staff with a 225 work day calendar or more shall report to work and if unable may use district closure emergency leave or personal/emergency leave time. One school maintenance employee may be designated by the District as emergency crew and will report to work as is safely possible and be paid as emergency crew. Employees with less than a 225 work day calendar shall not report to work and may use district closure emergency leave or personal/emergency leave for closure day(s). If the District elects to make up school closure day(s), employees with less than a 225 work day calendar shall report to work.

14.4.2 District Closure

When the District is closed for the day, only the emergency crew is to report to work. Members of the emergency crew (only staff members designated by their administrator) will report to work as close to their assigned time as they can safely arrive. When this occurs, the emergency crew member may use district closure emergency leave or personal/emergency leave at straight time until able to report. Emergency crew will be paid double time (two times the regular hourly rate) for all time

worked on a District closure day. Employees who are on double-time pay shall, so long as such continues, not be eligible for the minimum call-back or overtime pay specified in Section 6.4 hereof. The provision of this section shall not be construed as to interfere with the right of the District to lay off employees pursuant to Article 7. The District may, at its option, apply the provision of this section to temporary school closures that are due to causes other than inclement weather.

14.4.3 Delayed Start

When a delayed start is announced, all classified employees are requested to report as close to their assigned time as they can safely arrive. If an employee cannot report to work at their assigned time then they may use their district closure emergency leave, or if unavailable, their personal/emergency leave or they may work with their building/worksite administrator/supervisor to arrange flex time, for any work time missed.

14.7 Sick Leave with Pay

All employees shall accrue sick leave as insurance against the impact of personal illness or injury. Sick leave shall be accrued at the rate of ~~one hour for 21.6 hours worked~~, one day per month worked, pro-rated based on an employee's regular hours, with a minimum of ten regular workdays for employees who work nine consecutive months during the year. Unused sick leave shall accumulate to an unlimited total.

All employees shall be credited with their full annual sick leave benefits on the first day of their work year. Employees terminating before the end of their work year, who have used more days of sick leave than their service days entitle them to, shall have the excess days (not earned) deducted from their final paycheck and if insufficient, the employee shall reimburse the District for the excess days paid to them.

An employee whose term of illness extends through June 30 of any given fiscal year and at that time has not used up all accumulated sick leave shall continue to receive paychecks against prior years' accumulated sick leave. However, in these cases, such employee's sick leave account shall not be credited for additional hours in the new fiscal year until he/she has returned to work. An employee with an illness covered by accumulated sick leave benefits shall be subject to disciplinary action, if other unauthorized employment is undertaken while off the job.

An employee shall not consider sick leave as a right that allows absence at any time for other than the reasons set forth in this Article. Certification of one or more physicians that an illness or injury prevents an employee from carrying out his/her duties shall not usually be required unless the employee is absent in excess of five consecutive days. If medical evidence indicates an employee can

return to his/her duties, he/she shall return or in continued absence be terminated. Sick leave shall not be considered available as terminal leave, either in time or in dollars, except as reported to the Public Employees Retirement System upon retirement.

Sick leave may be taken in hourly increments and used for the employee's or a family member's mental or physical illness, injury or health condition, need for medical diagnosis, care or treatment of a mental or physical illness, injury or health condition, or need for preventive care, or for reasons consistent with the Family Medical Leave Act (FMLA) or OFLA. Definition of family member is in Appendix C and may be updated following any changes to OFLA or FMLA. The Superintendent or designee may grant use of sick leave to other individuals not listed in Appendix C.

~~Sick leave shall be utilized for personal medical, dental, and optical appointments on an hour-for-hour basis. Sick leave may be utilized for absence due to personal illness or injury and absence due to critical illness/injury of a member of the immediate family.~~

~~The immediate family shall be defined as blood relatives and in-laws, to include spouse, children (including stepchildren and children towards whom the employee stands in loco parentis), parents, grandparents, brothers, and sisters.~~

~~The following definition of family member will be used and may be updated following any changes to OFLA and FMLA. Family member means the spouse, domestic partner, custodial parent, non-custodial parent, adoptive parent, foster parent, biological parent, parent-in-law, parent of same sex domestic partner, grandparent, grandchild, or a person with whom the employee is or was in a relationship of in loco parentis. It also includes the biological, adopted, foster, or stepchild of a teacher or the child of a teacher's domestic partner. A teacher's child in any of these categories may be either a minor or an adult at the time the leave is taken. The Superintendent or designee may allow other family members to be included.~~

When an employee is absent due to illness or injury compensable under workers' compensation laws, the District's obligation to pay under this sick leave article is limited to the difference between the payment received from workers' compensation and the employee's regular salary. In such instances, prorated charges will be made against accrued sick leave.

14.8 Jury Duty

If an employee is called for jury duty, he/she shall receive the regular hourly rate for the hours of work lost as a result of such duty, less the amount of monies **only if it's over \$50** (excluding mileage reimbursement which the employee keeps)

paid by the court. The employee is required to provide a copy of the check, given by the court, to payroll if it's over \$50.

Day-shift employees will be required to report for work if their jury duty ends on any day in time to permit at least two hours work in the balance of their regular shift. They shall not receive pay for any hours not worked or in court. Other shift employees will not be required to report for work on any day they have performed jury duty more than one-half (1/2) day. Hours paid for jury duty will be counted as hours worked for the purpose of computing leave benefits and insurance contributions.

14.9 Leave Without Pay

The District may grant unpaid leaves of absence for a specific period of time up to one year when, in the District's judgment, such leaves would not hamper the District's operations. Such leaves shall not be granted for the purpose of other employment.

Upon application by a regular employee, and at the discretion of the Superintendent or superintendent designee, unpaid leave for the purpose of personal illness or injury of the employee may be granted after sick leave with pay has been exhausted.

An employee's seniority date will be adjusted for any authorized unpaid leave taken in excess of 90 consecutive calendar days, starting with the 91st calendar day. This will include unpaid leave taken during any school break periods. An employee on such leave shall maintain, but not add to, seniority and sick leave. Authorized unpaid leave less than 90 consecutive days will not have an impact on the employee's seniority. Upon return, the employee shall be returned to the same position or one of comparable pay.

All vacation and personal leave must be taken prior to approval of any unpaid leave. Unpaid leave is granted at the discretion of the District.

14.11 Association Leave

Association District employee representatives may shall be granted 160 hours of leave per fiscal year (non-cumulative) to be used as Association representatives for the purpose of representing employees under the terms of ORS 243.650 through 243.766. The cost for the Association Representative's release time (all hourly wage and related costs) shall be reimbursed to the District by the Association local OSEA Chapter 2. The District must be given prior notice of the expected leave and approval for the leave is conditioned on the District's determination that the representative's District responsibilities can be covered by the availability of a qualified substitute or other means. This paid leave time isn't work time as defined by state and federal wage and hour law and regulations.

Article 15 – Sick Leave Bank

15.6 Access to the Sick Leave Bank

Eligible employees may request sick leave from the Bank if they meet all of the following criteria:

- a. The member has exhausted all other forms of paid leave.
- b. The member has not previously accessed the Bank during the current ~~calendar~~ school year; subject to review in cases of extreme hardship.

15.7 Oversight

Requests that meet the access criteria will be forwarded to JLMC (Article 17) for review and decision-making at the next scheduled meeting after receipt by Human Resources. JLMC may approve, modify, or deny the request after consensus has been reached if possible.

If the committee fails to reach consensus, the ~~District Association president~~ shall make the final decision regarding the request. ~~If an applicant desires to appeal a rejection, he/she may file under the contract grievance procedure.~~

The District will maintain Sick Leave Bank records and ~~may~~ shall provide a bi-annual report to ~~JLMC the Association president~~ upon request.

~~JLMC~~ The Association president will review the available sick leave bank balance on a bi-annual basis to determine the need for additional member contributions. Additional member contributions will be limited to one occurrence per calendar year.

~~JLMC–The Association President will retain the right to terminate a member's membership in the Bank and/or obtain financial reimbursement from a member in the event of sick leave bank fraud or misuse.~~

Article 16 – Staff Development

- a. The maximum reimbursement amount per member shall be ~~\$750~~ \$1500 per annum, except that employees who work less than four hours per day shall be eligible for a maximum reimbursement of ~~\$375~~ \$750.
- d. A maximum District cost for classified professional development of ~~\$15,000~~ \$20,000 for each fiscal year will be approved under the terms of this agreement. If and when course work totaling the above amount has been approved, no additional tuition or fees will be paid for that year. If the annual allotment has not been used by March 1, then staff that have already received reimbursement earlier in the year may apply for additional reimbursement, if qualified. A third reimbursement may be requested before June 30, if funds are available, subject to prior approval and verification of course completion.

At the discretion of the District a new uniform may be selected. A “new uniform” is defined as any significant change in color, style, or type of fabric. The District shall meet with a committee of employees selected by the Association to choose any new uniform. If no consensus is reached, the District shall select the uniform. All uniforms are the property of the District. Employees will furnish their own laundry. Uniforms will be replaced as needed. All employees shall be required to wear such uniforms in a visible manner at all times while on duty, with the exception of special occasion days identified by building administrators, such as school spirit apparel.

22.3.2 The time limits referred to in these procedures are to be considered maximums. Failure at any level of this procedure by the aggrieved to appeal a grievance to the next level within the specified time limits shall be deemed to be abandonment of the grievance. Failure at any level of this procedure to communicate the decision in writing on a grievance within the specified time limits shall permit the aggrieved to proceed to the next level.

22.3.3 Forms for processing grievances shall be prepared by the District and will be printed and given appropriate distribution by the parties so as to facilitate operation of the grievance procedure.

- 22.4.2 Level One. If the aggrieved is not satisfied with the disposition of his/her grievance, he/she may, within ten days after the discussion provided for above, reduce the grievance to writing and sign it. Within ten days of the hearing the appeal, the Superintendent or his/her designee shall communicate to the parties involved and their official representatives his/her written decision, which shall include supporting reasons thereof.

If the aggrieved is not satisfied with the decision of the Superintendent or his/her designee, he/she may file a written appeal with the Superintendent or his/her designee within five days from the receipt of the Superintendent's or his/her designee's decision. In case of a grievance involving any continuing or other money claim against the District, no award shall be made by the arbitrator which shall allow any alleged accruals for more than ten days prior to the date when such grievance shall have first been presented.

It is specifically and expressly understood and agreed that taking a grievance appeal to arbitration constitutes an election of remedies and a waiver of any and all rights by the appealing employee, the Association, and all persons it represents to litigate or otherwise contest the appealed subject matter in any court or other available forum. Likewise, litigation or other contest of the subject matter of the grievance in any court or other available forum shall constitute an election of remedies and a waiver of the right to arbitrate the matter.

In the event the arbitrator finds that he/she has no authority or power to rule in the case, the matter shall be referred back to the parties without decision or recommendation on the merits of the case.

IV. SUPPORT FOR BENTON COUNTY 9-1-1 SERVICE DISTRICT

Corvallis

SCHOOL DISTRICT

Prepared for: Corvallis School Board
Prepared by: Vincent Adams, School Board Member
Meeting Date: September 4, 2019

Support for Benton County 911 Service District **ACTION REQUESTED**

Background

On August 15, 2019, the Corvallis School Board received public testimony from Benton County Commissioner Xan Augerot on the proposal referred to the voters to establish a taxing district to fund 911 services. If approved, the district would provide essential funding for emergency services dispatch for all communities and people that reside within Benton County. This service also includes coordinating mutual aid responses with neighboring jurisdictions, coordinating air ambulance responses, and dispatching for the U.S. Forest Service and the Oregon Department of Forestry.

The service district, if approved, would equitably share the cost of providing 911 services throughout Benton County. The existing 911 agreement dates back to 1983 and has remained largely unchanged even as the population of Benton County has increased 24% in the past 35 years. The 911 center experienced a rise in the use of mobile phone technology and a 132% increase in dispatched calls for service over the past three decades. The number of calls dispatched within 60 seconds – a common industry benchmark – has changed from 93% in 2006 to 71% in 2018. The proposed 911 district, if approved, would provide funding to hire 11 additional dispatchers and upgrade equipment at CRCC. Additional staffing and equipment upgrades would reduce response times, and improve communication and situational awareness.

It is permissible for school boards to opine on local measures with the stipulation that such action does not use public resources beyond the administration of board meetings.

Proposed 911 Service District for Benton County

Frequently Asked Questions

In November 2019, Benton County voters will have an opportunity to consider a proposed service district to support emergency 911 dispatch services throughout Benton County, Oregon.

If approved, the new district would replace the existing 911 agreement that dates back to 1983. Emergency telecommunications have evolved in both technological and service capabilities in the 35 years since the original agreement was put into place. This resource answers some common questions about the proposed service district and how it would affect communities in Benton County if the measure passes.

Q: How are 911 services delivered in Benton County?

A: The Corvallis Regional Communications Center (CRCC) provides 911 emergency telecommunications and dispatch services for an area of about 726 square miles, which encompasses most of Benton County. This includes services to the following emergency agencies:

- Adair Rural Fire Protection District
- Alsea Rural Fire Protection District
- Benton County Sheriff's Office
- Blodgett Rural Fire Protection District
- Corvallis Fire Department (Including the Corvallis Rural Fire Protection District)
- Corvallis Police Department
- Hoskins/Kings Valley Rural Fire Protection District
- Monroe Rural Fire Protection District
- Philomath Police Department
- Philomath Rural Fire Protection District

This service also includes coordinating mutual aid responses with neighboring jurisdictions, coordinating air ambulance responses, and dispatching for the U.S. Forest Service and the Oregon Department of Forestry.

CRCC operates a multi-million dollar emergency communications system throughout the county. If approved, the district would allow this equipment to be maintained to industry standards, improving response capabilities for emergency responders.

Q: Why are voters being asked to consider a new service district?

A: The service district, if approved, would create a new model for sharing the cost of providing 911 services throughout Benton County.

The existing 911 agreement dates back to 1983 and has remained largely unchanged even as the population of Benton County has increased 24% in the past 35 years. The 911 center experienced a 132% increase in dispatched calls for service over the same time period.

In addition, the number of calls dispatched within 60 seconds – a common industry benchmark – has changed from 93% in 2006 to 71% in 2018. The proposed 911 district, if approved, would provide funding to hire 11 additional dispatchers and upgrade equipment at CRCC. Additional staffing and equipment upgrades would improve response times, communications, and situational awareness.

Emergency Calls Dispatched in Less Than 60 Seconds

The number of calls dispatched within 60 seconds in Benton County has changed from 93% in 2006 to 71% in 2018.

Q: How would the district affect me, if approved?

A: If approved, the new 911 service district would appear on your Benton County property tax bill. The tax rate for the new district would be \$0.65 per \$1,000 of assessed value, which would generate about \$5.6 million annually. Funding gathered through the district would be distributed to CRCC by the Benton County Board of Commissioners.

If the district is not approved, the assessment of \$0.65 per \$1,000 of assessed value would not be made. The special taxing district would not be created, additional staff would not be hired, and the equipment upgrades would not take place. The existing 1983 inter-governmental agreement for 911 services would remain in place.

Q: Why was this measure referred to the voters?

A: CRCC began exploring the possibility of developing a 911 service district for Benton County following a report produced in 2012 by ESCI Inc., and the 2018 Benton County Criminal Justice System Assessment.

Over the last 18 months, CRCC delivered presentations about the proposed 911 service district to communities throughout Benton County, including the following municipalities and organizations:

- Adair Village
- Alsea Rural Fire Protection District
- Benton County
- Corvallis
- Monroe
- Philomath

Similar districts were passed by voters in Deschutes County and Hood River County to support 911 services in those areas.

Q: What's next?

A: The proposed 911 service district will appear on the ballot on November 5, 2019. Once the ballot measure for the service district is certified for the ballot (likely in August), public employees (including those working for Benton County or the City of Corvallis) will be prohibited from engaging in political advocacy while on the job during working hours or otherwise acting in their official capacity. This flip between 2012 and 2013 is believed to be caused by the increase of smart phones and family plans thereby reducing land line phones and increasing cell phone usage.
