Upcoming Events and Important Dates

- **October 17, Bond Expo, 6:30 pm at Linus Pauling Middle School**
- **October 22, Bond Oversight Committee, 5:30 pm at District Office (Wenaha Trailer)**

Welcome Student Representatives

Tonight we welcome our high school student representatives who will join us this school year. Welcome to Somer Sanchez and Taylor Palmer from College Hill and Cella Allen and Indigo Luna from CHS. We also welcome Trevor Adams from CV who is standing in for Trevor Thibert who was not able to join us tonight. Cella and Indigo both had conflicting activities tonight so their substitutes for this evening are Robert Ramirez (CHS senior class co-president) and Suraj Kulkarni (junior class co-president.)

I want to thank our student representatives for their willingness to interact and participate in our school board meetings. These students lead busy lives, between the rigor of high school academics, extracurricular activities, family and friends, they are keeping a number of plates spinning. As you know, I believe listening to our student's voices is vital at all levels of our organization and our student representatives will play an important role in our school board.

Crescent Valley Athletic Field

As you know, the synthetic turf has been completed at Crescent Valley and the remaining work is track resurfacing. I'm happy to share that the final surfacing has been completed and with continued dry weather, the striping will be completed soon. We will be able to host the fall season's final varsity home games on the new field for girls soccer, boys soccer, and football this month.

Association of Two Way Dual & Language Education (ATDLE)

Last week I was honored to attend the ATDLE Conference with the Linus Pauling Dual Language Staff in Reno, Nevada. The team presented on their journey to implement a dual language program at the middle school level. As one of a small number of districts that has a K-12 dual-language program, there was a high level of interest and questions about how Linus Pauling and our district has moved dual-language forward. I am extremely proud of these staff.

Teaching and Learning Department Continuous Improvement Plan

Administrators from the Teaching and Learning Department are continuing to lay the foundation for the School Improvement Plan report which will be presented later this fall.

Students Advocating for Equity (SAFE)

Facilitated by Marcianne Rivera Koetje, SAFE has expanded to include Cheldelin Middle School. Students from our high schools and Cheldelin Middle School will be coming together for their first

meeting on October 16. This group will be discussing student restroom design and providing input to our bond management team.

Focus on Equity and Inclusion Training

Our equity work began in 2013 with training for leadership staff and we have continued to provide Beyond Diversity training to staff each year. Later this month, we will be providing Beyond Diversity training for district staff and community partners including staff from Lebanon, Albany, and Philomath. This is an opportunity for us to support equity work across our region.

The District Equity Leadership Team Advisory (DELTA) will meet later this month and members of the Design Advisory Committees will share their experience as participants in the design process.

We are beginning in-depth professional development later this month for staff to support our LGBTQ+ students and specifically to support transgender and gender-nonconforming students as we continue to implement board policy JBC.

Middle School Cross Country

The 11th Annual NW Middle School Cross Country Showdown took place at Avery Park this afternoon with hundreds of middle school athletes competing including a team of 85 from Linus Pauling and 60 from Cheldelin. The event is hosted by the Linus Pauling Middle School Cross Country program. The course winds through the fields and trails of the park giving spectators multiple views of the race as it unfolds. Special thanks to the middle school cross country coaches and especially Gerhard Behrens for his leadership and advocacy for this event.

VII. BOND PROGRAM UPDATE (7:30 p.m.)*

CORVALLIS SCHOOL DISTRICT BOND PROGRAM UPDATE October 10, 2019

GENERAL PROGRAM UPDATE

There continues to be a high level of activity on the bond program as the team works to close out the summer construction activities and continue the design and outreach processes on numerous projects. In addition, new projects are launching with the related planning for design and outreach.

The design teams have completed the design development phase and are beginning the final construction documents for Garfield, Lincoln, Hoover, Crescent Valley and Cheldelin in anticipation of submitting for permits this winter with bidding activities this winter and spring. Project estimates have been updated and the teams are working hard to ensure the projects remain on budget.

The land use approval process is underway for the upcoming projects. Well attended neighborhood meetings have been held for Garfield, Lincoln and Hoover. Planning Commission meetings are yet to be scheduled but will likely occur in late November or early December.

Design Advisory Committees (DAC) for the projects under design continue to meet and the team has begun the DAC planning for the Jefferson, Adams and Wilson which will begin design work in November.

A community outreach Bond Expo night will be held at Linus Pauling on October 17th. This event will allow folks to get an update on the status of all the bond projects. The bond team also participated in the recent Curriculum Nights at Lincoln and Hoover sharing the current designs with parents, staff and student. We'll also be making the rounds to the schools to share our progress during regular staff meetings and during lunch time.

Planning is underway for another round of student internships and student engagement opportunities.

The Construction Manager/General Contractor (CMGC) selection process for Lincoln and Hoover will launch with the issuance of the Request for Proposal (RFP) on September 30th.

VIII. STUDENT SUCCESS ACT PLANNING (8:15 p.m.)*

Corvallis

SCHOOL DISTRICT

Prepared for: Corvallis School Board

Prepared by: Olivia Meyers Buch, Finance and Operations Director

Meeting Date: October 10, 2019

Student Success Act Planning

NO ACTION REQUIRED

The Student Success Act (SSA) marks a turning point for education in Oregon. When fully implemented, schools across the state will receive an additional \$1 billion investment to provide new opportunities for every student in our state, particularly students who have been historically underserved.

Student Investment Account

The SSA dedicates at least half of its funding to a newly established Student Investment Account (SIA) that will be distributed as non-competitive grants to all Oregon school districts and eligible charter schools. Through the SIA, the Corvallis School District is expected to receive about \$5 million per year starting with the 2020-21 school year. This funding has two purposes:

1. Meet students' mental and behavioral health needs
2. Increase academic achievement and reduce academic disparities for:
 - Students of color
 - Students with disabilities
 - Emerging bilingual students
 - Students navigating poverty, homelessness, and foster care; and other students that have historically experienced disparities in our schools.

Community Engagement

The SSA requires strategic and continuous improvement planning that includes authentic needs assessment, engagement and data review processes. The first step is completing a needs assessment, which must address the five priority areas identified in the SSA:

- Reducing academic disparities for students.
- Meeting students' mental or behavioral health needs.
- Providing equitable access to academic courses.
- Allowing teachers and staff to have sufficient time to collaborate with other teachers and staff; review data on students' grades, absences and discipline, based on school and on grade level or course; and develop strategies to ensure that at-risk students stay on track to graduate.
- Strengthening partnerships.

Local needs assessment and engagement processes will inform the district's Continuous Improvement Plan (CIP) and application for SIA funds.

Student Investment Account Grants

To receive grant money from the Student Investment Account (SIA), all Oregon school districts and eligible charter schools will be expected to meet the strategic planning, needs assessment and authentic engagement requirements. All grant requests must have a spending plan focused in *any, some or all* of the four allowable use categories:

Reducing Class Size

- Use evidence-based criteria to ensure appropriate student-teacher ratios or staff caseloads;
- This may include increasing the use of instructional assistants.

Well-Rounded Education

- Developmentally appropriate and culturally responsive early literacy practices and programs in pre-K through third grade.
- Culturally responsive programs and practices in grades 6-8, including learning, counseling and student support that is connected to colleges and careers.
- Broadened curricular options at all grade levels including: Art, Music, PE, STEM, CTE, engaging electives, accelerated, dual credit, IB, AP, Life Skills, TAG, dropout and prevention programs, and transition supports.
- Access to licensed educators with a library media endorsement.

Instructional Time

- More hours and/or days.
- Summer programs; before or after school programs.
- Technological investments that minimize class time used for assessments administered to students.

Health & Safety

- Social and emotional learning, trauma-informed practices; student mental and behavioral health.
- Improvement to organizational structures that lead to better interpersonal relationships at the school; improvement to teaching and learning practices.
- More school health professionals and assistants.
- Facility improvements directly related to improving health or safety.

During the Board meeting, staff will outline the Student Success Act planning process and community engagement plan, which will include community forums, meetings with stakeholder groups, online surveys, and feedback loops.

(The report is posted online with the informational packet of this meeting and will be filed with the official 2019-20 Board records.) The presenters responded to questions from Board members.

MOTION:

It was moved by Director Fortson and seconded by Vice Chair Finger McDonald to approve the contract with OSEA for 2019-22, effective July 1, 2019. The motion was voted on and passed unanimously.

IV. SUPPORT FOR BENTON COUNTY 9-1-1 SERVICE DISTRICT

Director Adams referred to a report the Board received prior to the meeting, and responded to questions from the rest of the Board. (The report is posted online with the informational packet of this meeting and will be filed with the official 2019-20 Board records.)

MOTION:

It was moved by Vice Chair Finger McDonald and seconded by Director Jones that the Corvallis School Board Chair shall, as needed, communicate the Board's endorsement for Measure 2-124 Establish Benton County Service District for 911 Emergency Communications Services, and has the authority to sign documents to this effect.

Director Adams explained for the new Board members' benefit that school boards have the prerogative to support political measures. He said if the 9-1-1 service district is approved it will have a substantive positive impact on children both at home and in school.

Director Fortson echoed support for the motion and shared an anecdote regarding a delay in receiving emergency services.

The motion was voted on and passed unanimously.

V. BOARD MEMBER COMMENTS

Board members shared positive stories about their kids' first day of school.

Superintendent Noss expressed appreciation that Directors Baker and Fortson were able to attend the school year kickoff and professional learning day for the 900 staff members of the District. Mr. Noss shared information about the events of the day and offered words of thanks for the many community partners that helped create a successful event. Director Fortson reported favorably on training they attended that day regarding trauma informed care and Adverse Childhood Experiences (ACEs).

Vice Chair Finger McDonald said one of the student teachers at Garfield this year is a former Garfield student.

Director Adams said a group of moms of secondary-level students contacted him with a request to tighten up Board policy language around cell phone access. Superintendent Noss pointed out that access to cell phones has much gray area and cautioned the Board to keep in mind the ramifications of any potential policy changes.

Director Conroy expressed appreciation for all of the people who worked on negotiations for both association contracts.

Director Conroy referenced discussions the Board had at its August retreat regarding creating transformational policy, and offered academic achievement and financial assuredness as possible topics for consideration in that regard.

Director Adams asked that a future agenda include time for Board members to discuss their reflections from the August retreat. Superintendent Noss said Board discussion regarding goals is planned for a future agenda and suggested using that time for retreat reflections.

Chair Al-AbdRabbuh said he would be reaching out to Board members regarding District committee and work group assignments.

Paula Leslie of Corvallis expressed curiosity regarding the District's abilities to track whether the efforts to support students' mental health are reducing the stigma and reducing suicide, and

Due to the lateness of the hour, the Board asked Superintendent Noss to use the input given and return to the Board at a later date with suggested language.

XII. CONSOLIDATED INFORMATION

The Board received the following information:

A. Non-Licensed Personnel Information – (This document is posted online with the informational packet of this meeting and will be filed with the official 2019-20 Board records.)

XIII. BOARD MEMBER COMMENTS

Director Adams' requests for future agenda topics included:

- Expanded budget process, including greater community engagement.
- Students experiencing homelessness.
- Libraries.
- Dual language immersion.

Director Adams asked if a Board member would be willing to attend, just as an audience member, meetings of the Home, Opportunity, Planning, and Equity Council. Director Fortson volunteered.

Director Adams expressed concern about the practice some teachers have of assigning parents to provide snacks for their classroom; not every family can afford to do, which creates an equity issue. Directors Fortson and Jones echoed the concern.

Director Fortson said they heard from approximately 10 LGBTQ+ students who have expressed interest in attending School Board meetings, which is a clear indication that the students are aware of the Board's ongoing efforts.

Director Jones' requests for future agenda topics included:

- Fostering more engagement with families that are experiencing homelessness.
- Changes in the Breakfast in the Classroom program. (Vice Chair Finger McDonald and Director Fortson echoed this request.)

Director Conroy advised his fellow Board members to notify the principal and/or superintendent in advance when planning to visit a school in their official capacity.

Director Conroy suggested that academic achievement could be one of the transformational policies the Board could take on. Superintendent Noss noted that the transformational policy the Board will take on this year is around dress code, based on the Board's previous indication that it was a priority.

Conversation took place regarding the Board-School Liaison program and whether to continue it in its current form, modify it, or discontinue it. Superintendent Noss said he received input that involvement differs by Board member; were the program to continue, it would need more structure.

The Board also discussed the possibility of designating official Board liaisons to a broad array of community groups in order to increase community engagement. Chair Al-AbdRabbuh asked Board members to send him suggestions for community groups; he will create a draft of a guiding document for Board consideration at a later date.

July Financial Statements (Unaudited)

Background

The Statement of Resources and Requirements for the General Fund for the period ending July 31, 2018 and July 31, 2019 follow this report.

Year-to-date operating revenues through the end of July 2019 total \$6.6 million or 8.1% of total budgeted operating revenues as compared to \$6.2 million or 8.4% through the end of July 2018. As usual, revenues from the state school fund constitute the majority of funds received at this point in the year.

The beginning fund balance reflects an increase of \$0.9 million over the adopted budget of \$15.4 million. Overall, total resources in 2018-19 were 104.8% of budget while total expenditures were 98.3% of budget.

Year-to-date operating expenditures through the end of July 2019 total \$3.5 million or 4.2% of total budgeted operating expenditures as compared to \$2.5 million or 3.3% through the end of July 2018.

Projected resources and requirements through June 30, 2020 result in an ending fund balance of \$11.3 million, or 14.0% of projected operating revenues. The projected ending fund balance reflects a decrease in fund balance, or operating deficit, of \$5.1 million. All General Fund reserves are projected to be at or above the designations outlined in board policy on June 30, 2019.

August Financial Statements (Unaudited)

NO ACTION REQUIRED

Background

The Statement of Resources and Requirements for the General Fund for the period ending August 31, 2018 and August 31, 2019 follow this report.

Year-to-date operating revenues through the end of August 2019 total \$9.9 million or 12.2% of total budgeted operating revenues as compared to \$9.3 million or 12.7% through the end of August 2018. As usual, revenues from the state school fund constitute the majority of funds received at this point in the year.

The beginning fund balance reflects an increase of \$0.9 million over the adopted budget of \$15.4 million. Overall, total resources in 2018-19 were 104.8% of budget while total expenditures were 98.3% of budget.

Year-to-date operating expenditures through the end of August 2019 total \$6.3 million or 7.4% of total budgeted operating expenditures as compared to \$4.5 million or 5.9% through the end of August 2018.

Projected resources and requirements through June 30, 2020 result in an ending fund balance of \$11.3 million, or 14.0% of projected operating revenues. The projected ending fund balance reflects a decrease in fund balance, or operating deficit, of \$5.1 million. All General Fund reserves are projected to be at or above the designations outlined in board policy on June 30, 2019.

If known, such report shall contain the names and addresses of the child and the parents of the child or other persons responsible for the child's care, the child's age, the nature and extent of the suspected abuse, the explanation given for the suspected abuse, any other information which the person making the report believes might be helpful in establishing the possible cause of the suspected abuse and the identity of the possible perpetrator.

A written record of the child abuse report shall be made by the employee suspecting the abuse of a child. See JHFE-AR(2) Suspected Abuse of a Child Reporting Form. The written record may be made using the district's abuse reporting form which includes at a minimum:

The written record of the abuse report shall not be placed in the student's educational record. A copy of the written report shall be retained by the employee making the report and a copy shall be provided to the employee's supervisor and assistant superintendent.

When the district receives a report of suspected abuse of a child by one of its employees, and the assistant superintendent determines that there is reasonable cause to support the report, the district shall place the district employee on paid administrative leave until the DHS or a law enforcement agency either: 1) determines that the report is unfounded or that the report will not be pursued; or 2) determines that the report is founded and the education provider takes the appropriate disciplinary action against the district employee. If the DHS or a law enforcement agency is unable to determine whether the abuse of a child occurred, the district may either reinstate the employee or take disciplinary action at the district's discretion.

The written record of each reported incident of abuse of a child, action taken by the district, and any findings as a result of the report shall be maintained by the district.

Definitions

1. Oregon law recognizes these types of abuse:
 - a. Physical;
 - b. Neglect;

The disciplinary records of a district employee or former district employee convicted of a crime listed in ORS 342.143 are not exempt from disclosure under ORS 192.345 or 192.355. Therefore, if a district employee or former employee is convicted of a crime listed in ORS 342.143, the district that is or was the employer of that employee when the crime was committed shall disclose the disciplinary records of the employee to any person upon request. and the prescribed Oregon law commits a violation punishable by law. A district employee who fails to comply with the confidentiality of records requirements commits a violation punishable by the prescribed law. If an employee fails to report suspected abuse of a child or fails to maintain confidentiality of records as required by this policy, the employee will be disciplined.

Cooperation with Investigator

Weapons in the Schools**

Students shall not bring, possess, conceal, or use a weapon on or at district property, activities under the jurisdiction of the district, or interscholastic activities administered by a voluntary organization approved by the State Board of Education (e.g., Oregon School Activities Association).

For purposes of this policy, and as defined by state and federal law, “weapon” includes:

1. A “dangerous weapon” means any weapon, device, instrument, material, or substance that under the circumstances in which it is used, attempted to be used, or threatened to be used is readily capable of causing death or serious physical injury.
2. A “deadly weapon” means any instrument, article, or substance specifically designed for and presently capable of causing death or serious physical injury. ~~Deadly weapons may include, but are not limited to, knives, metal knuckles, straight razors, noxious or irritating gases, poisons, unlawful drugs, or other items fashioned with the intent to use, sell, harm, threaten, or harass students, staff members, parents, or patrons.~~
3. A “firearm” means any weapon (including a starter gun) that will or is designed to or may be readily converted to expel a projectile by the action of an explosive, frame or receiver of any such weapon (~~i.e., body of the firearm~~), any firearm silencer, or any destructive device.
4. A “destructive device” means any explosive, incendiary, or poison gas component or any combination of parts either designed or intended for use in converting ~~such components~~ any device into any destructive device or from which a destructive device may be readily assembled. A destructive device does not include any device which is designed primarily or redesigned primarily for use as a signaling, pyrotechnic, line throwing, safety or similar device.

Weapons may include, but are not limited to, knives, metal knuckles, straight razors, noxious or irritating gases, poisons, unlawful drugs, or other items fashioned with the intent to use, sell, harm, threaten, or harass students, staff members, parents, or patrons.

Replicas of weapons are also prohibited by Board policy. Exceptions to the district's replicas prohibition may be granted only with prior building administrator principal approval for certain curriculum or school-related activities. ~~Violations will result in discipline up to and including expulsion.~~

Weapons in the Schools** - JFCJ

Possession of any pocket knife at a school or school-related function is prohibited, whether or not the knife is a weapon and violators may be subject to suspension or expulsion. Prohibited weapons and replicas of weapons are subject to seizure or forfeiture.

In accordance with Oregon law, any employee who has reasonable cause to believe a student or other person has, within the previous 120 days, unlawfully been in possession of a firearm or destructive device as defined by this policy, shall immediately report such violation to an administrator, his/her ~~their~~ designee or law enforcement. Employees who report directly to law enforcement shall also immediately inform an administrator.

Administrators shall promptly notify the appropriate law enforcement agency of staff reports received and at any other time there is reasonable cause to believe violations have occurred or that a student has been expelled for bringing, possessing, concealing, or using a dangerous or deadly weapon, firearm, or destructive device. Parents will be notified of all conduct by their student that violates this policy.

Employees shall promptly report all other conduct prohibited by this policy to an administrator.

Students found to have brought, possessed, concealed or used a firearm in violation of this policy or state law shall be expelled for a period of not less than one year. All other violations of the policy will result in discipline up to and including expulsion and/or referral to law enforcement, as appropriate. The superintendent may, on a case-by-case basis, modify this expulsion requirement. The superintendent may propose alternative programs of instruction or instruction combined with counseling that are age appropriate, and shall provide such information in writing to the student and the parent in accordance with law. Appropriate disciplinary and/or legal action will be taken against students or others who assist in activity prohibited by this policy.

Special education students shall be disciplined in accordance with federal law and Board policy JGDA - Discipline of Students with Disabilities and accompanying administrative regulation.

Weapons under the control of law enforcement personnel are permitted. The superintendent may authorize other persons to possess weapons for courses, programs and activities approved by the district and conducted on district property.

The district will post a notice at any site or premise off district grounds that at the time is being used exclusively for a school program or activity. The notice shall identify the district as the sponsor, the activity as a school function and that the possession of firearms or dangerous weapons in or on the site or premises is prohibited under ORS 166.370.

In accordance with the federal Gun-Free School Zone Act, possession or discharge of a firearm in a school zone is prohibited. A "school zone," as defined by federal law, means in or on school grounds or within 1,000 feet of school grounds.

"Gun-Free School Zone" signs may be posted in cooperation with city and/or county officials as appropriate. Violations, unless otherwise excepted by law or this policy, shall be reported to the appropriate law enforcement agency.

~~Incidents of students possessing weapons or realistic replicas will be reported to the student's parents and a referral to the appropriate law enforcement agency shall be made. Appropriate disciplinary and/or legal action will be taken against any unauthorized person who possesses weapons or assist possession in any way. Students found to have brought, possessed, concealed, or used a firearm in violation of this policy or state law shall be expelled for a period of not less than one year. All other violations of the policy will result in discipline up to and including expulsion and/or referral to law enforcement, as appropriate.~~

~~The superintendent may, on a case by case basis, modify this expulsion requirement. The district may also request suspension of a student's driving privileges or the right to apply for driving privileges with the Oregon Department of Transportation, as provided by law. Appropriate disciplinary and/or legal action will be taken against students or others who assist in activity prohibited by this policy.~~

~~The Board delegates its authority to expel students to a hearings officer. The superintendent has the authority to modify the length of any expulsion under this policy. The hearings officer will consult with the superintendent to determine such modifications prior to issuing the final expulsion determination. The student has a right to appeal the hearings officer's decision to the Board.~~

~~Expulsion proceedings for students who have individualized education programs or 504 plans will be in accordance with specific regulations and procedures as prescribed by law.~~

~~Weapons under the control of law enforcement personnel are permitted. The superintendent may authorize other persons to possess weapons for courses, programs, and activities approved by the district and conducted on district property.~~
