The members of the Central Education Association, Administration, and the Board of Education acknowledge and celebrate our differences because they enrich our possibilities. We stand united in some deeper purposes and shared beliefs. We believe that a strong and effective school district depends on our ability to work well together, which we further believe is critical for the preservation and improvement of public education in Central District 301.

To build our working relationship and create a climate of trust, we pledge to do the following:

- Respect one another
- Actively listen to one another
- Communicate with candor and honesty
- Seek information before reaching conclusions
- Embrace the challenges of the future
- See problems as opportunities to work together
- Recognize and value each others' needs and interests
- Seek consensus whenever possible
- Celebrate our accomplishments
- Recognize and value the dignity, contributions, and responsibilities of each other
- Build a shared vision

We recognize that it is our responsibility to educate new members of the stakeholder groups in the history and culture of our commitment to a collaborative relationship. We will regularly assess our progress in implementing our commitment, so that we can continue to better honor the spirit of this agreement.

Article I

RECOGNITION

1.1 Representation

The Board of Education of Central Community Unit School District 301, Kane and DeKalb Counties, Burlington, Illinois, hereinafter referred to as the "Board," recognizes Central Education Association IEA/NEA, hereinafter referred to as the "Association," as the sole negotiating agent for all regularly employed personnel filling positions requiring a professional certificate (with the exception of all personnel with an administrative or supervisory assignment), hereinafter referred to as "teachers," unless a representative election is held.

Article II

MANAGEMENT RIGHTS

All authority and duties conferred upon the Board of Education by the laws and the Constitution of the State of Illinois and of the United States, including the determination and administration of school policy, the operation and management of the schools and the direction of employees, shall remain vested exclusively in the Board or the Board's duly authorized administrators, except to the extent expressly and specifically limited by this agreement.

Article III

TEACHER AND ASSOCIATION RIGHTS

3.1 Personnel Files

Within three (3) school days after the superintendent receives the request from a teacher, the teacher shall have the right to review the contents of the teacher's personnel file and place therein written reaction to any of its contents. Teachers shall be notified of whatever is placed in their personnel file (except for routine items, such as payroll information, address, certification, transcripts, and official evaluation, etc.).

3.2 Right to Organize

Teachers shall have the right to organize, join, and assist the Association and participate in professional negotiations with the Board. The Board shall not discriminate against any teacher with respect to hours, wages, terms, and conditions of employment for reasons of membership in the Association, participation in negotiations with the Board, or the institution of any grievance, complaint, or proceedings under this agreement.

3.3 Shared Decision-Making

Committees in the District shall be jointly formed through a shared decision-making process involving a team comprised of both the Association and the Administration. The goal of this process is to maintain effective communications between the Association and the Administration. The Administration and Association shall maintain communication regarding the anticipated frequency of meetings required to achieve district goals and initiatives.

For building level committees, the selection of building teacher representatives shall be made collaboratively by the building administration and the elected building Association representatives.

3.4 Right to Representation

When a teacher is required to appear before the building administrator for a reprimand or for any matter which could adversely affect the teacher's continued employment in the district, the teachers shall be entitled to choose an Association representative to be present. However, if the District is conducting an investigation and the teacher's choice of a representative is not available, then the teacher shall choose another representative so as not to cause the District unreasonable delay when the issue is time sensitive. When a teacher is required to appear before the Board for any matter which could affect the teacher's salary or continued employment in the district, the teacher shall be entitled to choose a representative of the Association to be present. Further, when a teacher is required to appear before the Board, the teacher shall be notified in writing of the reason for the appearance.

3.5 Meeting, Notices, and General Information

Upon prior notification to the building principal and/or the Superintendent, provided that there is no conflict with previously scheduled building use, the Association shall be permitted the use of the school buildings for meetings outside of regular teacher work hours. They shall have use of teacher mailboxes, inter-school mail, district technology, and school bulletin boards in teacher work rooms for the purpose of internal communication. In the event the building is used on a non-school day, the Association will reimburse the district for any additional expense incurred.

3.6 CEA DO Collaboration Meetings

The Association president and vice president or designee and the Superintendent and Deputy Superintendent or designee shall meet once per month during the school calendar year. The schedule for these meetings will be determined by the Superintendent and the Association president prior to the start of the school year.

3.7 Individual Contracts

Terms and conditions reflected in individual contracts or employment agreements will not be inconsistent with the terms of this Agreement.

3.8 Part Time Personnel Benefits

- A. Any teacher who works at least 80% time shall be considered full-time. Any teacher who works less than 80% shall be considered part-time.
- B. Part-time teachers shall be entitled to sick leave and longevity stipend proportional to that of a full time teacher.
- C. Any teacher who works at least 80% time shall be entitled to the district paid insurance premium equal to that provided to full-time teachers. Any teacher who works at least 50% but less than 80% shall be entitled to one-half (1/2) the insurance premium paid by the district on behalf of full-time teachers.

3.9 Dues Deduction

The Board agrees to deduct Association membership dues beginning with the first pay period in October through July 31 as the dues deduction plan of the Association member specifies. This plan shall be in accordance with the Association's specifications.

Upon the Association member's signing the appropriate authorization, this authorization is in effect until the member submits a letter to the Association requesting a change in dues deduction.

These equal deductions are to fulfill obligations for the Association/IEA/NEA dues for present members of the Association listed and furnished by the Treasurer of the Association.

The District shall provide the Association President or designee with information about all employees in the bargaining unit, including but not limited to, the following information:

- A. Within 10 calendar days from the beginning of every school term and every 30 calendar days thereafter in the school term, in an Excel file or other editable digital file format agreed to by the Association, the employee's name, job title, worksite location, home address, work telephone numbers, identification number if available, and any home and personal cellular telephone numbers on file with the District, date of hire, work email address, and any personal email address on file with the District; and
- B. Unless otherwise mutually agreed upon, within 10 calendar days from the date of hire of a bargaining unit employee, in an electronic file or other format agreed to by the exclusive representative, the employee's name, job title, worksite location, home address, work telephone numbers, and any home and personal cellular telephone numbers on file with

the District, date of hire, work email address, and any personal email address on file with the District.

The Association will provide a listing of members for dues deductions to the District office by October 1st preceding the advent of deductions. Dues deductions shall begin with the October 15th paycheck.

Dues deductions will be remitted within ten (10) days of deduction to the named Treasurer of the Association along with a list of individuals and amounts deducted.

3.10 Selection of Administrators

Teachers shall be included in the selection process of all district administrators. The interview format will be reviewed with the Association president for all administrative positions, and Association's representatives shall be from as broad a spectrum as the vacancy warrants. Association building representatives will be solicited by administration to serve on building level and district office administrator interviews. A list of all interview team volunteers will be shared/discussed with the Association president or designee. The Administration and Association shall collaboratively form the interview team. Before the Board acts, the committee will meet with the superintendent or a designee to discuss the finalists and reasons for their choices. The final selection of any administrator is the authority of the superintendent. Therefore, the Association understands that, on occasion, the superintendent may determine the selection of an administrator without convening an interview team.

3.11 Teacher Employment Security

- A. The Board shall not suspend or otherwise discipline any tenured teacher unless for just cause. A paper record of verbal warning shall be maintained at the building level in a file which shall be separate and apart from the teacher's personnel file. If the teacher receives any subsequent discipline, the record of verbal warning shall be added to his or her personnel file. A teacher may attach a rebuttal to any discipline included in the personnel file.
- B. Before discipline is imposed on a teacher in response to a complaint initiated by a student, parent, staff member, or administrator, the administration shall inform the teacher of the source and nature of the complaint. However, the preceding sentence shall not apply and/or serve to prevent the District from taking disciplinary action where the District is unable to inform the teacher due to a criminal proceeding, or where informing the teacher would compromise the health, safety, or welfare of another. No anonymous complaints shall be placed or referenced in the teacher's personnel file, be included in written evaluations, or cause disciplinary action.

Article IV
EMPLOYMENT CONDITIONS

4.1 Pupil Problems

The parties agree that the teacher has the primary responsibility for maintenance of discipline within the classroom, hallways, and areas under his/her supervision, assignment, or duty. This responsibility of, and action by, the teacher shall be under the direction of policies, procedures, and practices established by the Board, superintendent, and building administrators.

4.2 Notification of Assignments

All teachers shall be given electronic notice of their assignments for the forthcoming year no later than five (5) work days prior to the last day of the school term. In the event changes in such assignments are proposed, the teacher affected shall be notified and consulted as soon as possible before the change is made. If a teacher's assignment is changed, the teacher shall be allowed to resign within five (5) work days after receiving notice of the assignment change or before the new school term begins (whichever comes first). In the event the member perceives such a change as being unnecessary, the member may request a review by the superintendent and the Association president. The request must be made in writing and submitted to the superintendent and the Association president within five (5) work days after receiving notice of the assignment change. A work day is defined as a day when the Administration Office is open for business.

4.3 Class Size, Class Composition, and Learning Environment

The teacher will be recognized as a resource on class size, class composition, and learning environment. Concerns may be submitted to the building administrator. After review by the building administrator and teacher(s), a recommendation will be submitted to the superintendent if so desired by either the teacher(s) or building administrator.

It is recognized by the Board of Education and the Association that the number of students in the classroom has an impact on an effective educational program. The Board of Education agrees to make reasonable effort to maintain appropriate class size subject to space availability, budget limitations, availability of teachers, and/or necessary funds. For this purpose, the parties agree to use the numbers below as guidelines.

A.	Early childhood	15	Second Aide
		20	Split
B.	Kindergarten - 2nd grade	23	Aide
		26	Split
C.	3rd - 5th grades	25	Aide
		28	Split
D.	6th - 8th grades	30	Split
E.	9th - 12th grades	31	Split
F.	Middle School Counselor	600	

G. High School Counselor 400*

* Counselor caseload will include outsourced students.

The class size numbers in grade K-12 apply to core academic areas only.

- H. The Board and administration will make every effort to maintain class size in lab classes at spaces available or the above guidelines, whichever is fewer.
- I. When assigning paraprofessionals to the classroom, the teacher's recommendation will be strongly considered. If he/she is not in agreement with this decision, he/she may appeal to the superintendent.
- J. Any special needs paraprofessionals shall accompany the students to whom they are assigned to the specials classes if required by the student's IEP.
- K. When a regular education instructional paraprofessional is required for grades 6-8, a plan will be developed by the teacher team and presented to the building principal and superintendent. The Board will commit to 2 F.T.E.
- L. Class Size Review - Building administrators shall meet with their respective faculty in the spring to review projected enrollments and staffing needs for the coming year. The purpose of these meetings shall be to identify areas of concern. Such concerns shall be reported to the superintendent and Association president.
- M. Any educator whose class makeup exceeds the class size and/or has a challenging class composition may complete and submit the 'educator relief form'. The building principal and educator will meet within 10 workdays of submission of the 'educator relief form'. If the educator is not satisfied with the building principal's response, the educator may appeal to the Superintendent or designee either directly or through the Association President. The decision is at the discretion of the Administration. This provision is non-grievable.

4.4 Vacancy Notification

- A.1 A vacancy is any position that is not currently staffed due to changes in enrollment, retirement, transfer, or resignation. Whenever a vacancy occurs that requires certification, a notice of such vacancy shall be posted on the district's web site and in each school building in a prominent location. These notices will include the job description, effective date of vacancy, type of certification necessary, (building, grade level, subject area), and information concerning the securing and deadline for filing of the application. A like notice will be posted in the same location(s) for extra-curricular positions. A minimum of seven (7) workdays posting in district is required before any vacancy may be filled (except in cases when an opening occurs 3 weeks before the opening of school, during the school year, or in ELL or a hard-to-fill secondary position). Vacancy notices will be sent to all bargaining unit employees electronically. A work day is defined as a day when the Administration office is open for business.
- A.2 All vacancies shall be posted on the district's web site and emailed to all bargaining unit employees. A copy shall be sent to the president of the CEA or his/her designated representative at the time of the initial posting.
- B. Extra-Curricular Positions

The administration will make every effort to fill extra-curricular positions internally. However, the most qualified candidate will be hired.

C. Extra-Curricular Supervisory Positions

1. Extra-curricular supervisory positions will be offered to all employees covered by this Agreement. If the position remains open, it shall then be filled by any qualified individual. These positions will be paid at the rate set forth in Section 8.11.

4.5 Length of Day

- A. A teacher's regular assigned work day shall not exceed eight (8) hours per day (including lunch).
- B. Starting and ending times, including institute and in-service days, shall be established by the administration and changes shall be approved by the superintendent after consultation with the Association president.
- C. A teacher's starting and ending times may be adjusted as needed with prior notification to the building principal and/or his/her designee.
- D. Teachers will occasionally be required to perform additional duties and responsibilities beyond the normal school day such as teachers' meetings, committee meetings, staffings, and individual parent-teacher conferences.

In addition to the parent-teacher conferences established by the school calendar, all teachers in the District will be required to attend up to three (3) separate evening functions each school year without compensation. Any additional required evening supervision will be classified as extracurricular assistance and will be compensated at the hourly rate set forth in 8.14. Teachers may volunteer to attend additional evening functions throughout the school year.

Music teachers shall also be required to attend up to three (3) separate evening functions each school year without additional compensation but shall be compensated at the hourly rate set forth in 8.14 for any music events that take place in the evening unless the music teacher is already receiving a stipend for music activities.

Additionally, because school counselors perform different duties than teachers, their evening hours will be served in a different capacity. In lieu of attending parent-teacher conferences, school counselors shall work eight (8) hours of planned evening events, inclusive of set-up, time allocated for Q & A, etc. The planned evening events may include, but are not limited to, Senior Parent Night, Naviance Parent Night, NCAA Night, Financial Aid Night, AP Night, and Junior College Night. The administration and school counselors will work in collaboration to determine who shall attend such events.

If school counselors are required to attend a parent-teacher conference night because an IEP is also scheduled, the school counselor will be paid the hourly rate set forth in 8.14.

E. Student contact time will not exceed the following limits:

1. 335 minutes per day or 1675 minutes per week for full-time elementary specialized instructors (i.e., art, music, physical education, and library/media specialist);

2. 315 minutes per day or 1,575 minutes per week for full-time elementary student support services (reading, English learner, special education teachers and SLPs); and
 3. 300 minutes per day or 1,500 minutes per week for all other full-time bargaining unit members.
- F. If a teacher is required to travel between schools, student contact time shall be reduced by 1/2 hour on the days that the teacher is required to travel. If travel is confined to Central Campus locations (CHS, CMS, HBT) or East Campus locations (PV, CT, PKMS) the student contact time shall be reduced by 1/3 hour on days that the teacher is required to travel. This provision shall not apply on School Improvement and Institute Days.
- G. No increment of less than 20 minutes shall constitute preparation time.
- H. District teachers will have a duty-free lunch period of not less than thirty (30) minutes. The thirty (30) minutes shall not include passing period time (6-12) or transition time (EC-5).
- I. Elementary teachers shall be provided preparation time during those periods when their classes are scheduled to receive instruction from specialists. Preparation time for elementary teachers does not include periods when classes are in the library. Every effort shall be made to schedule elementary specialists in such a way as to provide a daily planning period for each teacher.
- J. Planning periods shall be maintained at the 2009 – 2010 levels. Full day kindergarten planning periods shall be equal to the plan minutes provided for first through fifth grade classroom teachers.
- K. If requested by an administrator, part-time teachers shall be expected to attend Institute Days and SIP Days in their entirety and shall be compensated for any hours beyond their expected work day at the hourly rate set forth in 8.14. Part-time teachers shall be expected to participate in parent-teacher conferences in their entirety and shall not receive additional compensation for their participation.

4.6 Seniority

Seniority shall be defined as continuous service with Central Community Unit School District 301. It begins for all teachers on the teacher's first day of work. In the event more than one teacher holds the same seniority date, their ranking shall be determined by date of hire. If there is a tie between two teachers based on the date of hire, the teacher with the highest educational attainment shall be considered more senior. If there continues to be a tie after considering educational attainment, seniority ranking shall be determined by lot.

Part-time teaching service will be pro-rated according to the teacher's percentage of FTE (beginning with the 2014-2015 school year). Teachers who take a leave of absence in excess of ninety (90) work days will not accumulate seniority for the entire length of the leave, but the seniority already accumulated at the start of the leave shall not be lost. Likewise teachers who take a sabbatical leave or serve in a non-bargaining unit position shall not accumulate any seniority during the leave, or the non-bargaining unit service, but seniority already accumulated at the start of the leave shall not be lost.

A teacher's seniority under this provision shall determine his or her length of continuing service in the District as utilized in Section 24-12 of the *School Code*.

4.7 Transfers

A. Voluntary

Any certified staff member may file a request to fill a posted vacancy, and such requests shall be given consideration before any final decision is made to fill the vacancy with an applicant from outside of the Association. Such application shall be in writing to the building principal where the vacancy exists. When filling a vacant position, the District shall consider, without limitation, the certification, qualification, merit and ability (including performance evaluations, if applicable), and relevant experience of the applicants. When two or more equally qualified teachers apply for transfer to the same open position, the teachers involved will enter into the interview process. Subject to the statutory factors for filling a vacant position, the interests and aspirations of the individual teacher as well as the needs of the District shall be considered in all transfer decisions. Teachers who apply for a voluntary transfer but are not selected shall receive an electronic notice within 10 workdays of the District's decision. The notice shall include the reason for the denial.

The Board agrees that prior to the implementation of transfers required by school openings, closings, or grade level reorganizations it will consult with the Association with regard to procedure for such transfers.

1. Interview Process

The Board will continue its long standing practice of involving staff in the interview process. That process is as follows:

- a. The building administrator in charge shall be responsible for the development of the collaborative interview process.
- b. The interview session(s) may include the administrators in charge and up to six teachers.
- c. Teacher representatives selected by the Association and the administration shall be from as broad a spectrum as the vacancy warrants.
- d. Persons involved in the interview process shall be advised of the need of confidentiality and respect the rights and dignity of those involved.
- e. The building administrator has the final say in the hiring process. Before the job is offered the committee will meet with the Building Administrator to discuss the final choice and reasons for same.

B. Involuntary

1. The Board acknowledges that it is most desirable to have professional staff working in positions for which they volunteer; however, it is not always possible to accommodate such wishes. At no time will staff be transferred for arbitrary or capricious reasons.
2. Except for involuntary transfers occurring within twenty-one (21) calendar days prior to the start of school due to changes in enrollment or hard to fill positions, before any involuntary transfer of tenured staff is completed, the District will post said position and attempt to fill it on a voluntary basis. If the position cannot be filled on a voluntary basis and the transfer

of a tenured staff member is warranted, a conference with that teacher shall take place in advance. The rationale for such a transfer shall be provided by the administration in writing if requested. (Teachers who have been involuntarily transferred may request that they be informed of any vacancy which becomes available for which they are qualified. The teacher's request shall be in writing and state the specific position of interest. In order for such request to remain in force, the request must be made annually). Any teacher transferred without request shall be offered their previous position the following school year if that position exists.

3. District seniority will be considered in the involuntary transfer process.
4. No involuntary transfers of tenured staff will occur within twenty-one (21) calendar days prior to the start of school unless required by changes in enrollment or hard to fill positions. Any involuntary transfers to hard to fill positions shall receive a stipend of \$2,500.

4.8 Internal Substitution

Internal substitution is discouraged for all but emergency situations. In an effort to deal with those emergency situations, each building principal will, at the beginning of every year, compile a list of those teachers who would volunteer to do internal substitution and when each would be available to substitute. In those situations where it is necessary to utilize an internal substitute, those teachers who have volunteered would be asked to substitute on a rotating basis.

If there is no regular substitute or volunteer available, the principal or his/her designee may assign a teacher to substitute. This involuntary assignment shall also be administered on a rotating basis among all available teachers. No teacher shall be required to perform involuntary substitutions more than four (4) times each school year. Any teacher who substitutes shall be compensated at the negotiated internal substitution rate in Section 8.8. A teacher will not monitor another teacher's class while his/her class is in session

4.9 Special Education Services

- A. An analysis of workload will be completed beginning with the 2022-2023 school year.
 1. A Workload Analysis Panel ("Panel") of equal representation of administrators and district-wide teachers will be established. The Panel will include a representative from each relevant special education professional discipline.
 2. The purpose of this Panel shall be to collaboratively review and develop a workload analysis process that shall be used to identify staffing needs or solutions for special education services and programs at each band (EC-5 and 6-12) within the District.
 3. The Panel will also be utilized to identify solutions to areas of workloads that are approaching or exceeding the maximum desired values as outlined in the District's Workload Analysis process. The Panel may also be utilized by a teacher to help identify solutions to workload concerns.
 4. The Panel shall meet on a quarterly basis.
- B. The district will work to establish an updated workload plan beginning with the 2022-2023 year in accordance with 23 Illinois Administrative Rules Section 226.735 Work Load for Special Educators.

C. Inclusion

The Board and Association recognize that the Board of Education has a duty and responsibility to provide students with disabilities an appropriate education in the least restrictive environment in accordance with an Individual Educational Program (IEP) or 504 Plan for each student developed pursuant to an IEP meeting involving school personnel, the student, and the student's parents and/or guardians. Primary consideration of special education students for the process of inclusion in a general classroom shall be based upon federal and state regulations regarding Least Restrictive Environment and the provision of special education services to identified students.

1. To help ensure the success of all students, the general education teacher will be provided with the necessary staff development training, specialized curricular materials, and appropriate support systems as determined by the student support or IEP team. Support systems may include the assignment of a paraprofessional and/or adaptive equipment provided by the district. Services and/or consultation from related service specialists or external consultants as specified in the IEP or the accommodation plan will be provided.

Other assistance may include, but not be limited to the following:

- a. Providing specialized instructional assistance by special education staff to the student or teacher as delineated in the IEP.
 - b. Requesting a PST or IEP meeting as necessary to review the appropriateness of a student's IEP or placement.

 3. The District shall place no more than one student with significant disabilities per general education classroom, unless a valid educational reason exists, as determined by the building level student support team which shall include the general education teacher. In the event that more than one student with significant disabilities is included within a general education classroom, paraprofessional support shall be available.
 4. Appropriate training for teachers anticipated to receive a student with significant disabilities will be provided prior to the student's programming or immediately following programming, if prior time is not practical. Ongoing training/consultation shall be furnished by the District for those individuals who are responsible for the implementation of the included student's IEP.

5. Every effort will be made to schedule planning meetings for the purposes of collaboration, consultation, modifications, coordination of services, etc. during the regular school day, unless other arrangements are requested by the involved staff. Scheduling should allow for a qualified classroom substitute teacher.

D. Student Services Council

The Association shall establish a Student Services Council. The Committee shall be composed of members appointed by the Association president. The Council shall:

1. Meet as the committee deems necessary.
2. Dialogue regarding delivery of student services.

- E. Student support services (SLP's and special education) and ELL teachers shall be granted two full days of release time each year, which may be taken in half day increments, to complete required paperwork with the release time to be scheduled by mutual agreement between the teacher and building administrator. Additionally, these teachers may seek approval from the building administrator for additional days of release time if needed for the completion of work responsibilities during periods of heavy volume.

In addition, Special Education Resource teachers, Early Childhood, and ELL teachers may work one additional full day per year within five (5) business days before the start of the school year, for which they will be paid on a per diem basis. To receive payment, teachers must submit a payroll adjustment form to their building administrator within fifteen (15) calendar days of the start of the school year.

Special Education Resource, Early Childhood, and ELL teachers who are receiving a retirement incentive that is calculated based on a 182-day work year shall work an additional day, which shall be worked five (5) business days before the start of the school year. However, their work year shall remain at 182 days.

4.10 Safe Working Conditions

The Board shall make good faith, reasonable efforts to insure that educators are not required to work under unsafe, hazardous or unhealthy conditions or to perform tasks that endanger health, safety, or well-being. All questions arising under this section shall be resolved exclusively through the grievance procedure, except in cases where conditions present an eminent danger of immediate physical harm.

4.11 Security Cameras

The primary purpose and use of the security cameras in the District is to monitor illegal activity, unauthorized access to restricted areas, unauthorized removal of personal and/or District property, damage to property and other acts of wrongdoing. The use of security cameras will not occur in restrooms, locker rooms, shower areas, individual classrooms or individual offices. However, individual classrooms and individual offices may be recorded as mutually agreed by the teacher and administrator. (Note that

individual classrooms and offices shall not include such common areas as the LMC, the cafeteria, the Fieldhouse, Theater, Commons, outside kennel relief area, inside kennel building, and outside of the ALE House). Access to data involving employees will be limited to appropriate administrative personnel and attorneys, police liaison officers, law enforcement officials and in response to subpoenas or court orders. Such review will take place in the office of one of the parties listed above. In the event data from security cameras is used for the purpose of investigating or disciplining an employee, the following process will be followed:

1. The Employee and the Association will be informed of an investigation of an alleged incident.
2. The Employee under investigation shall be advised of his/her right to be represented in the investigatory meeting regarding the alleged incident, unless the Employee declines representation.
3. Any discipline that may be imposed against the Employee as a result of the alleged incident investigation shall be in accordance with the applicable provisions in this Agreement.

All employees are informed, per this contract, of the use of the surveillance equipment. All new employees shall be notified in writing, of the use of surveillance equipment as part of the new employee orientation.

4.12 Supervision of Student Teachers

No teacher will be required to accept the responsibility of supervising student teachers.

Article V

TEACHER EVALUATION

5.1 Primary Goal and Purpose of the Evaluation

- A. The Association and the Board agree that the primary goal of teacher evaluations is to encourage and promote the professional development of all teachers and to assist in the retention of top quality non-tenured teachers.
- B. The purpose of the evaluation is three-fold:
 - 1. To facilitate the improvement of teaching and learning
 - 2. To support best practices in education and provide for periodic review and evaluation of all staff
 - 3. To provide a basis for administrative recommendations regarding renewal, promotion, assignment, or dismissal of staff
- C. The purpose of probationary evaluation is to determine the following:
 - 1. If the educator meets district standards for competence in his or her practice
 - 2. If the educator has the potential to become an excellent educator by district standards
 - 3. If the educator will be re-employed

The probationary evaluation program is designed to determine future employment status and to assist in the development of professional potential.

5.2 Procedure, Administration, Orientation, and Primary Goal

- A. The principal, or the administrator in charge of teacher supervision, shall be responsible for the administration of the procedure for teacher evaluation.
- B. The designated administrator shall orient all teachers to be evaluated under the administrator's supervision in regard to teacher evaluation procedures, standards, and instruments. At this time, teachers will be informed of their assigned summative evaluator. This shall be done by September 15 each year, or sooner if required by law or regulation. No formative evaluation shall take place until such orientation is completed.
- C. All probationary teacher evaluations shall be completed by March 15 of each year, and all tenured teacher evaluations shall be completed by May 1 of each year unless an extension is agreed to by the teacher and evaluator and approved by the Association president and the superintendent.

5.3 Procedure

- A. Each school year, probationary teachers, including part time teachers, shall be formally evaluated at least one (1) time. Tenured teachers who received a "Proficient" or "Excellent" on their last summative evaluation, shall be formally evaluated at least one (1) time in the course of the three (3) school years following their receipt of the evaluation. Such teachers will be informally observed at least once in the course of the two (2) school years after receipt of the rating. Tenured teachers who received a "Needs Improvement" or an "Unsatisfactory" on their last summative evaluation, shall be formally evaluated at least one (1) time in the year following the receipt of such rating. However, the preceding sentence shall not be construed to require such evaluation to occur in the event a teacher is dismissed or RIF'ed prior to the implementation or completion of the evaluation. Further, nothing in the agreement shall be construed to limit the number of formal or informal observations of educator performance deemed necessary by the administration or to limit the administration's ability to evaluate a teacher in an "off-cycle" year.

Each observation process shall include, but not be limited to, an instructional classroom observation, a written report, and a pre and post conference. An instructional classroom observation consists of an observation of the teacher in his or her classroom for a minimum of forty-five (45) minutes at a time, or an observation during a complete lesson, or an observation during an entire class period. Efforts shall be made for instructional observation in different subject areas, age, and/or ability levels, whenever possible or feasible.

- B. In accordance with Section 24A-5 of the School Code, the evaluator shall take the teacher's attendance into consideration, but shall also consider the nature of any absences (e.g., sick/personal/FMLA as opposed to dock days) when formulating the teacher's summative evaluation.
- C. The evaluator and teacher shall sign the report before it is placed in the teacher's personnel file. Such signature by the teacher only acknowledges that the teacher has read the report and does not indicate agreement with its contents. Formal classroom observations (visitation) of teachers for purposes of evaluation shall be conducted openly and with the full knowledge of the teacher. However, this does not preclude chance or casual observations of the teacher.
- D. The teacher shall receive a copy of all evaluative material placed in the teacher's personnel file within five (5) school days of its placement there.
- E. The teacher shall have the right to respond in writing to any evaluative material placed in the teacher's personnel file and have the response included with such evaluative material in the teacher's personnel file by mailing or emailing the written response to the Superintendent or designee within twenty (20) working days of the receipt of the evaluative material. All responses shall be reviewed by both the evaluator and the superintendent..
- F. In case of an adverse evaluation serious enough so that termination is considered, either the teacher or supervising administrator may ask that another administrator be requested to complete another evaluation within five (5) days after the initial evaluation.
- G. In all cases where a probationary teacher shall not be recommended for continued employment, the probationary teacher's supervising administrator shall advise the teacher of the recommendation at least ten (10) calendar days prior to the Board action on such recommendation.
- H. Teacher Receptiveness

Teachers shall receive in a positive and professional manner, the suggestions and ideas for improvement as well as criticism and administrative comments to note needed change, correction, or implementation.

5.4 Evaluation Instrument Review Committee & Certified Educator Evaluation Plan

The Evaluation Instrument Review Committee is a joint teacher/administrator committee that shall review, and if necessary, revise the current Certified Educator Evaluation Plan. This committee shall be composed of equal representation of Association members and members from the administration, but shall, at minimum, include a teacher and an administrator from each level (primary, middle school, and high school) and the superintendent and Association president or their designees. Participants on this committee shall be selected by the group which they represent. Meetings shall be called jointly by the superintendent and Association president. Recommendations shall be submitted to the Association members of the District Leadership Team for their concurrence.

Article VI
GRIEVANCE PROCEDURE

6.1 Purpose

The purpose of this procedure is to provide at the lowest possible administrative level a standard means by which the welfare of the teachers can be maintained.

6.2 Definition

A grievance shall mean a claim initiated by a teacher or a group of teachers which indicates a violation, misinterpretation, or misapplication of any of the provisions of this agreement. The termination of a probationary teacher shall not be the basis for a grievance.

For the purpose of this grievance provision, a school day is defined as a day when the District office is open.

6.3 Procedure Steps

A. Teacher - Supervisor Informal Conference

The parties hereto acknowledge that it is most desirable for a teacher(s) and the immediately involved supervisor to resolve problems through free and informal discussion. The teacher and his or her immediate supervisor shall attempt to resolve the grievance through informal verbal discussion.

B. Teacher – Supervisor Formal Conference (Step I)

If the grievance cannot be resolved informally, the grievant shall present the grievance in writing (forms shall be available at each building) to the immediately involved supervisor within twenty-five (25) school days of the date of the occurrence of the event giving rise to the grievance. The formal written grievance shall include a description of the specific grounds of the grievance, a listing of the provisions of this Agreement which are alleged to have been violated or misapplied and actions requested of the Administration to remedy the grievance. The supervisor shall arrange for a meeting to take place within ten (10) school days after the receipt of the grievance form. The Association's representative, the grievant, and the immediate supervisor shall be present for the meeting. The grievant and immediate supervisor may each have a notetaker present at the Step I conference. Within ten (10) school days of the meeting, the grievant, and the Association shall be provided with the supervisor's written response, including the reasons for the decision.

C. Association – Superintendent (Step II)

If the grievance is not resolved at Step I, then the Association may refer the grievance to the superintendent or the superintendent's official designee within ten (10) school days after the receipt of the Step I response. The superintendent shall arrange with the Association's representative, for a meeting to take place within ten (10) school days of the superintendent's receipt of the appeal. The Association's representative and the superintendent or designee may each have a notetaker present at the Step II conference. Within ten (10) school days of the meeting, the Association shall be provided with the superintendent's written response, including the reasons for the decision.

D. Meeting with the Board

If the grievance still exists and the Association is not satisfied, the next step is a meeting with the Board.

1. If the Association desires a meeting with the Board, written notice shall be given to the superintendent requesting such a meeting within ten (10) school days of receipt of the superintendent's written response.
2. Within 30 school days after receiving the written request, the Board shall meet with the aggrieved teacher(s), the Association's grievance committee, principal or supervisor, superintendent, and others approved by the superintendent, Board, or Association president.
3. The decision of the Board shall be rendered in writing to the Association within fifteen (15) school days after the Board meeting.

E. Arbitration

If the grievance still exists and the Association is not satisfied the next step is arbitration.

1. If the Association, on behalf of the aggrieved teacher(s), desires impartial arbitration, written notice shall be given to the superintendent within twenty (20) school days after receiving the decision of the Board (Step D). If a request for impartial arbitration has not been received by the superintendent within twenty (20) days after receiving the Board's decision (Step D), then the grievance shall be deemed withdrawn.
2. Within fifteen (15) school days after receiving the written request for impartial arbitration, the Board shall enter into the arbitration selection process. The arbitration proceedings shall be conducted by an arbitrator agreed upon by the Association and Board.
3. If agreement has not been reached on the selection of an arbitrator by the end of the fifteen (15) school days after receiving the request for impartial arbitration, the American Arbitration Association (or other mutually agreed upon source) shall be requested to act as administrator of the proceedings and supply a list of five arbitrators' names and qualifications.

Either party may reject one list of arbitrators in its entirety and request that another list be submitted.

From the list of five arbitrators, the party initially requesting the arbitration shall strike two names from the list and then the other party shall strike two names from the list. The person whose name remains on the list shall be the arbitrator selected. The arbitrator shall be notified by the superintendent of his/her selection and requested to contact the parties to set a hearing date, time, and place.

4. Neither the Board nor the Association shall be permitted to assert any grounds or submit any evidence to the arbitrator which had not previously been disclosed to the other party during the previous steps.
5. The arbitrator shall have no power to nullify, alter, modify, amend, ignore, add to or subtract from the provisions, terms or conditions of this agreement in any way. The

arbitrator's decision must be based solely upon his/her interpretation of the meaning or application of the express relevant provision of this agreement.

6. Insofar as such arbitration is limited as stated in the preceding paragraph, both parties agree to abide by the results of the findings of the arbitrator.
7. Any grievance which arose prior to the effective date of this agreement shall not be processed.
8. Each party shall bear the full cost for its representation in the arbitration. The cost of the arbitrator and the American Arbitration Association shall be divided equally between the Board and the Association.
9. If either party requests a transcript of the proceedings, that party shall bear full costs for the transcript. If both parties order a transcript, the cost of the two (2) transcripts shall be divided equally between the parties. If the arbitrator requests a copy of the transcript, the cost shall be divided equally between the parties.

6.4 Grievant, Association, and Board Cooperation

The grievant and Association shall not interrupt the instructional and regular duties of teachers within the district in the investigation of any alleged grievance. To the extent possible grievance investigations will take place outside work hours. However, should the Board and the Association agree that the investigation be held during work hours, the Board and Association representatives shall be released without loss of pay or benefits.

6.5 Bypass

If the teacher(s) and the superintendent agree, any step of the grievance procedure may be bypassed and the grievance brought directly to the next step.

6.6 Grievance Withdraw

A grievance may be withdrawn at any level by the teacher(s) making written request to the superintendent to withdraw the grievance, or by the failure by the teacher(s) to continue on to the next step in the procedure.

6.7 Step II Grievance

Grievances involving a supervisor or supervisors beyond the teacher's immediate supervisor may be initially filed by the Association at Step II.

6.8 No Reprisal Clause

No reprisals shall be taken by the Board against any teacher because of the teacher's participation or refusal to participate in a grievance.

6.9 No Written Response

If no written decision has been rendered within the time limits indicated by a Step, then the grievance shall be deemed denied and may be advanced to the next Step.

Article VII

LEAVES & BENEFITS

7.1 Unpaid Leaves of Absence

- A. Leaves of Absence without pay may be granted to tenured teachers by the Board upon recommendation of the superintendent when staff conditions permit. Such leaves will be for a maximum of one full school year and upon return to the district will assure the teacher of a position for which he/she is qualified. Any teacher not returned to the position he/she held immediately preceding the leave shall be covered by Section 4.7B(1) of this contract.
- B. All leave requests must be presented to the superintendent of schools and should be presented at least three school months prior to the beginning of the proposed leave.
- C. Leaves may be granted to tenured teachers for:
 - 1. Additional Education

When a teacher has been employed in District 301 for a minimum of four years, and additional education can be shown to bring about improvement in the teacher's performance, and a planned program which is recognized by an education accrediting agency is submitted, leave will be considered.
 - 2. Personal Leave

Requests for personal leave will be considered on the basis of convenience to the school district. A plan which provides for continuity of instruction and grade reporting of students must be agreed upon by the teacher, principal, and the superintendent prior to granting such leave.
- D. Unpaid leaves of absence may be granted to all teachers for serious illness within the immediate family.
- E. A teacher who is on an unpaid leave of absence for a half year or less receives one year credit on the salary schedule. A teacher who is on an unpaid leave for more than a half year does not receive credit on the salary schedule. Placement on the tenure seniority list will be based on actual months of service. Each month or fraction thereof shall be counted as one tenth of a school year.
- F. A teacher on leave of absence may continue membership in the medical and dental insurance program providing the teacher elects to participate in advance, in writing, and pays the premiums in advance to the business office. No contribution toward such insurance programs will be made by the Board of Education during such leave period.
- G. A teacher granted a full school year leave will notify the superintendent's office in writing of his/her intent to return to the school district for the next school year by February 1 of the year in which the leave shall terminate. Failure to do so will result in immediate and automatic voluntary resignation of his/her employment relationship with the district.
- H. For a teacher granted a full school year leave of absence, the District reserves the right to limit the

teacher's access to student record databases during the term of such leave.

7.2 Pregnancy and Parental Leave

A. Teachers Eligible¹ for FMLA Leave

Teachers who are eligible for FMLA leave due to the birth of a child, the placement of a child for adoption or foster care, or to care for the newborn or newly placed child within the first 12 months following birth or placement, shall be entitled to take up to sixty (60) work days of leave. All paid and unpaid leave taken for the birth of a child, the placement of a child for adoption or foster care, or to care for the newborn or newly placed child within the first 12 months following birth or placement shall run concurrent with any leave available under the Family and Medical Leave Act ("FMLA"). Additionally, if a teacher elects to take any of the sixty (60) work days of leave, and the teacher has personal paid leave days available, the teacher must use the paid leave. Leave taken for the sole purpose of caring for the newborn or newly-placed child may not be taken on an intermittent basis, unless a teacher is approved by the Administration to return to work temporarily at the beginning of the school year for orientation and start of the year activities (e.g. SIP, meeting students, setting up a classroom, preparing plans for a substitute teacher). Any such approval shall be at the Administrator's sole discretion and shall be nonprecedential and nongrievable.

During the first 12 months following the birth or placement for adoption or foster care, if a teacher has exhausted his or her FMLA leave and the teacher or his/her newborn or newly-placed child has a serious health condition, the teacher will receive an additional thirty (30) work day leave, provided that the teacher submits proper medical documentation of the serious health condition. During this leave, the teacher must use sick leave days, if available. Moreover, during this leave, the teacher may continue in the group insurance program(s) provided under this Agreement, under the same terms and conditions as before the teacher's leave began.

Upon a return from this leave, the teacher shall be entitled to return to his or her prior position or to an "equivalent" job.

B. Teachers Not Eligible¹ for FMLA Leave

Teachers who are not FMLA-eligible shall be entitled to take up to a thirty (30) work day leave due to the birth of a child, or the placement of a child for adoption or foster care. If paid sick leave is available, it must be applied to the first thirty (30) work days of absence and any subsequent period of absence that is substantiated by medical certification.

Upon a return from this leave, the teacher shall be entitled to return to his or her prior position or to an "equivalent" job.

C. Extended Leave

Paid - Following the exhaustion of the pregnancy and parental leave set forth in Paragraphs A & B above, nothing shall prohibit any teacher who submits proper medical documentation substantiating a medical need from using additional personal paid sick leave days (if available) consistent with the terms of use provided in 7.3(A) of this Agreement.

Unpaid - In addition, after the expiration of the leave periods set forth in Paragraphs A & B above, any teacher may elect unpaid leave, for up to the balance of the academic year in which the birth or placement took place. Birth or placement that takes place during the summer shall be regarded as taking place in the following academic year.

¹ Eligible shall mean qualified for and have FMLA leave time available.

General Conditions - During the extended leave, the teacher shall be able to continue in the group insurance program(s) provided under this agreement by making advance monthly payment of the premium(s) due to the district. Teachers must provide reasonable notice to the superintendent or designee at least 30 (thirty) days in advance of taking the leave, or as soon as practicable. Following receipt of such notice, the superintendent or designee shall meet with the requesting teacher to determine the start and end of the leave period, to discuss the teacher's decision whether to continue in the group insurance program(s), including any related payment schedule, and to discuss any adjustments to the teacher's compensation to reflect the impact of the unpaid leave. Upon return from extended leave, the teacher shall be reinstated to a position in the district.

D. **Spouses Employed by the District**

If spouses are employed by the District, they may together take only 12-weeks for FMLA leave when the reason for the leave is the birth, adoption, foster placement, or first year care of a child.

E. It is understood that a non-tenured teacher may be approved for a pregnancy or parental leave under the same terms and conditions applicable to a tenured teacher. However, for a school term to count toward the attainment of tenure, the non-tenured teacher must work at least one hundred twenty (120) full time employment days. A school term that is not counted toward attainment of tenure shall not be considered a break in service for purposes of determining whether the non-tenured teacher has been employed for the period of time necessary to attain tenure, provided that the non-tenured teacher actually teaches or is otherwise present and participating in the District's educational program in the following school term.

F. Notwithstanding any reinstatement rights within Section 7.2 to the contrary, the District reserves the right to honorably dismiss a probationary or tenured teacher in the event of a reduction in force or to non-renew a probationary teacher who is on a pregnancy or parental leave under this Section 7.2.

7.3 Sick Leave

A. Sick leave is leave necessitated by personal illness or illness in the immediate family.

B. Full-time teachers who first become TRS members before June 1, 2014, without deduction in pay, shall be credited with twelve (12) days of sick leave per year. When a teacher has accumulated and continues to maintain at least 150 sick leave days, the teacher shall be credited fifteen (15) days of sick leave per year. If a teacher who previously reached 150 sick leave day's falls below 150 days he or she may request a meeting with the Association president and the superintendent to determine his or her future sick day allotment. All days accumulated beyond 340 shall be deposited in the Sick Leave bank upon the teacher's retirement. A teacher may use sick leave up to the maximum he/she has accumulated. Should TRS rules regarding accumulated sick day creditable to retirement change, this section shall be opened for reconsideration.

Full-time teachers who first become TRS members on or after June 1, 2014, without deduction in pay, shall be credited with twelve (12) days of sick leave per year. Sick leave shall be cumulative to 180 days at the end of the school year. A teacher may use sick leave up to the maximum he/she has accumulated.

C. A teacher who is on an unpaid leave of absence at the beginning of a school year shall not be

credited with sick/personal leave days until he/she returns* to duty for at least five (5) consecutive work days. A teacher who is first hired by the District after the start of the school year, shall have his/her sick/personal leave pro-rated for the first year.

(*Teachers who return to duty temporarily, pursuant to 7.2(A), shall not be credited with sick leave days until they return to duty on a permanent basis.)

- D. Sick leave of up to three (3) days may be used in the event of death within the immediate family; the superintendent shall extend such to allow a reasonable time to return to the district following burial, or extend in special circumstances.
- E. Immediate family shall mean spouse, parent, brother, sister, child, grandparent, grandchild, father-in-law, mother-in-law, step-parents, step-children step-parents-in-law, daughter/son-in-law, brother-in-law, and sister-in-law, or persons living in the household.
- F. Any teacher hospitalized for surgery shall present medical clearance, signed by his/her physician, before returning to work.
- G. A teacher may use up to two (2) sick leave days per year for funeral attendance not covered under the terms for use of sick leave. Such leave may be taken in half- or full-day increments.

7.4 Sick Bank

A. Purpose

The purpose of the Sick Bank is to provide continuation of income to Sick Bank members who incur a period of severe and/or life-threatening illness and/or injury and have expended all of their personal paid leave.

B. Eligibility

- 1. Membership shall be voluntary.
- 2. Teachers must apply for initial membership before October 1. Teachers hired after October 1 will be able to join within ten (10) work days from the first day of employment. Membership shall continue unless the individual notifies the superintendent or designee and the Association president in writing that he/she wishes to withdraw as a member of the Sick Bank.
- 3. Members shall contribute one (1) sick day per year for the first two (2) years of their membership. Teachers who join the Sick Bank after their first year of employment will contribute two days in their first year of membership.
- 4. In the event the Bank is depleted to less than one hundred (100) days, each member shall contribute one additional day.
- 5. Sick leave days deposited by a withdrawing member shall remain in the Bank.
- 6. Part-time teachers will be eligible for the Sick Bank provided they contribute the days necessary for membership.

C. Administration

The Bank shall be exclusively administered by the Association for the benefit of the members in accordance with the terms of the Teacher/Board Master Contract and the Sick Bank Rules and Regulations adopted by the Association. The District plays no role in the administration of the Bank other than as outlined in 7.4 B and 7.4 D. Specifically the District does not determine eligibility to withdraw days from the Bank or play any role in reviewing medical records/other relevant information in determining whether to grant or deny a request to withdraw days from the Bank; all such actions are within the exclusive authority and responsibility of the Association. The Association shall assume liability for any decisions regarding the grant or denial of sick bank days.

It is expressly acknowledged and understood that, although the Association can approve "withdrawals" from the Bank, the Association does not have the authority to grant "leave" to any employee of the District and no employee shall be considered to be on leave based solely on the fact that he/she was granted days from the Bank. The Board has and reserves the exclusive right to administer employee leaves in accordance with state and federal laws, regulations, any applicable Board Policy and the negotiated provisions of the Teacher/Board Master Contract.

1. The Bank shall be administered by a committee of three (3) teachers appointed by the Association president. The committee shall rule on individual applications for withdrawals of days from the Bank within the following guidelines:
 - a. The teacher shall have exhausted his/her individual personal paid leave.
 - b. The Bank shall be applicable to illness or injury of the member only.
 - c. The teacher shall supply such medical reports as deemed necessary by the committee which may include a second opinion.
 - d. The teacher shall not be permitted to withdraw days from the Sick Bank until after s/he has exhausted all his or her available personal paid leave and has been absent from work for thirty (30) consecutive work days in the school year in which the request is made. In no event shall the first thirty (30) consecutive work days of illness or injury be covered by the bank.
 - e. The maximum number of days granted to any member for an illness or injury shall not exceed ninety (90) work days.
 - f. Only members of the Sick Bank may draw days from the Bank. A member cannot claim access to the Bank if, while on unpaid leave s/he suffers an illness or injury, after resignation or dismissal, or while on TRS disability or worker's compensation.
 - g. The teacher shall not be required to pay back, in any manner, the number of days awarded by the Bank.
2. The decision of the committee is final and shall not be grieved.

D. Application

The Parties agree to the following non-grievable process concerning the submission and approval of requests for withdrawals from the Bank.

1. The District will provide a packet of Sick Bank documents to members who notify the Human Resource Office of a possible long-term absence. The packet shall include a Sick Bank application under which teachers requesting to withdraw days from the Bank must agree to allow the District to release information, including medical record information, to the Association.
2. The District will forward any applications and properly released medical and other information to the Association Sick Bank Chair.
3. When an application is approved, the Association Sick Bank Chair shall notify the Human Resource Office of the applicant's name and the number of days to be withdrawn from the Bank and paid to the applicant.
4. The Human Resource Office will maintain all required records for the maintenance of the Sick Bank. The Sick Bank Committee shall meet with administration for the purpose of reviewing the number of days in the Bank and any withdrawal history from the previous twelve (12) months.

The Parties acknowledge that any past, present or future approvals of withdrawals from the Bank shall be regarded as non-precedential with respect to the grant or denial of any other requests for withdrawals.

7.5 Personal Leave

- A. At the beginning of each school term, each full-time teacher shall be credited with three (3) days of leave, without deduction of pay, to be used for the teacher's personal business. A teacher who is on unpaid leave at the beginning of the school term shall not be credited with personal leave days until he/she returns* to duty for at least five (5) consecutive work days. A teacher who is first hired by the District after the start of the school year, shall have his/her personal leave pro-rated for the first year.

(*Teachers who return to duty temporarily, pursuant to 7.2(A), shall not be credited with personal leave days until they return to duty on a permanent basis.)

- B. If a teacher can demonstrate that previously used personal leave days were used for reasons outside the teacher's control and additional days of personal leave are needed for reasons outside the teacher's control, the superintendent may approve a request for additional personal leave days.

In the event that the Association desires to send representative(s) to local, state, and national conferences or on other business pertinent to Association affairs, the representative(s) shall be excused without loss of salary or benefits for any aggregate number of days not to exceed fifteen (15) in any school year used for such purposes and further providing the frequency of excused leaves does not impair the quality of classroom instruction and that a written request for leave has been submitted to the superintendent. The cost of substitute teacher(s) shall be paid by the district to a maximum of ten (10) days. The cost of substitute teacher(s) for any day over ten shall be paid by the Association at the current substitute rate. - F. Professional leave shall be used for the following purposes:

7.8 Job Sharing Leave

A. Policy

Job Sharing is defined as a voluntary employment arrangement in which two (2) tenured teachers who have been employed by District 301 for not less than five (5) years share one full-time position and have been granted a job share leave of absence.

A job sharing leave may be granted to tenured teachers at the sole discretion of the Board of Education. The goal of a job sharing arrangement is to provide benefits to all parties involved: teachers, students, and parents in District 301.

B. Procedures

Following notification of the principal of the intent to apply for a job share leave, the teacher(s) proposing the leave shall forward the plan to the superintendent for consideration and potential recommendation to the Board of Education. The superintendent shall formulate the recommendation in consultation with the principal. The granting or denial of a leave does not set a precedent with respect to the granting or denial of future leaves. Refusal to grant such a leave shall not be subject to challenge through the grievance procedure. The district shall notify the applicant(s) of disposition regarding requested leave by April 1. Written disposition shall be forwarded to applicant(s) on the original application proposal. Exceptions to the stated timelines may be allowed should extenuating circumstances occur.

Individuals who wish to job share shall jointly apply to the Board of Education no later than March 1 of the year before they wish to job share. The Application shall specify that both parties understand that they will only receive a pro rata share of benefits and must attend all Institute Days, Parent-Teacher Conference Days, Training Days and other required employee duties on a full-time basis without additional compensation.

The teachers who are in a job sharing position must notify the Board in writing no later than February 1 if they wish for the job sharing position to be considered for renewal for the next school

year. The Board may require that a teacher return to full time teaching by giving written notice no later than May 1.

C. Salary Credit Allowable

Teachers in job sharing leave positions shall receive salary step growth at the start of the school year following the accumulation of the equivalence of one (1) year of full time service (i.e., if a person works two (2) years in a 50% job share position he/she would advance only one step on the salary schedule after the second year. They would not advance a step after one (1) year of a job share position. Contributions to the Teachers' Retirement System shall be pro-rated according to the time worked).

D. Length of Leave

The length of a job sharing leave shall be for one (1) school year and may be considered for renewal under the same procedures as detailed in 7.8.B.

E. Seniority

Teacher's participating in the job sharing leave program shall accrue seniority in proportion to the time worked (e.g., one-half year for each year of one-half time employment). The tenure of a teacher on job sharing leave shall not be interrupted during the time he/she is on the leave.

F. Insurance

Teacher's participating in the job sharing program shall be eligible for insurance benefits. The Board of Education's obligation toward the premium shall be on a pro-rata basis equal to the percentage of employment of each job sharing teacher. The job sharing teacher shall pay the balance of any premium via payroll deduction. Teachers could not exceed the existing level of insurance coverage (pro-rated) that they had during their last year of full-time employment.

G. Return from Leave

Participants in a job sharing leave program shall submit written notice of their intent to return by February 1 proceeding the year they plan to return. The superintendent will place the returning teachers in positions that best meet the needs of the district with consideration being given to the teachers' previous teaching experience.

H. Sick Days/Personal Leave Days

Sick days and personal leave days shall be provided in proportion to the time worked.

Article VIII

TEACHER COMPENSATION AND FRINGE BENEFITS

8.1 Salary Schedule

Teachers who have been on the last step of the MA +46 lane for at least one year shall receive a 2.25% increase over their prior year's salary each year.

- A. The teacher salary schedule shall be as set forth in (Appendices A, A-1, B, B-1, C, C-1) which are attached to and incorporated into this agreement. The schedule shall be based on the school calendar as established by the Board upon the recommendation of the superintendent.
- B. Teacher required workdays shall not exceed 182 days per year during the term of this contract unless an adjustment (increase) in pay is provided.
- C. Teachers' salaries shall not be reduced (except in case of a strike or other employee related work stoppage) as a result of the school calendar being reduced to less than 182 teacher work days during the term of this contract.
- D. Any teacher placed on remediation shall have his/her base salary frozen for the period of remediation. The salary freeze shall be limited to loss of movement on step, but not across lanes. The teacher placed on remediation shall be moved to the correct step after successful completion of remediation and her/her pay shall be adjusted prospectively for the remainder of the school year. In addition, extra duty pay shall not be affected.
- E. The salary of any teacher new to the District with prior teaching experience in a public school district will be equal to an existing District 301 teacher with equivalent experience and educational attainment. However, for positions considered by the administration to be "hard to fill," which includes, but is not limited to, ELL, special education, high school physics and chemistry, the administration may determine to offer a one-time hiring bonus of between \$2,500.00 and \$5,000.00, with the specific bonus amount determined at the administration's discretion. The administration also reserves the discretion to spread the one-time hiring bonus over a 2-3 year period to help ensure retention and a return on the investment.
- F. Those teachers hired after July 1, 1993, and those teachers with less than BS+16 as of September 15, 1995, shall be paid according to Appendix A for 2022-2023, Appendix B for 2023-2024, and Appendix C for 2024-2025.

Those teachers hired prior to July 1, 1993, with a BS+16 or beyond as of September 15, 1995, will continue on the existing pay scale and shall be paid according to Appendix A-1 for 2022-2023, Appendix B-1 for 2023-2024, and Appendix C-1 for 2024-2025.

Upon receiving a master's degree, teachers positioned in columns E, F, G as of September 15, 1995, will retain that placement and shall advance on the salary schedule for each additional eight (8) hours earned to the limit of the salary schedule.

- G. Official transcripts or university/college grade reports (provided that the grade report indicates that the teacher earned graduate credit for the course, or undergraduate credit (as provided below)) reflecting additional academic credits are due by September 15 and February 15. Salary adjustments will be reflected by no later than the October and March checks, and credit shall be

retroactive to the start of the semester in which the evidence of academic credit is presented.

A committee shall be established consisting of four (4) District representatives and four (4) Association representatives for the purpose of identifying those institutions where teachers may take traditional or blended graduate or post-graduate coursework to receive up to eight (8) credit hours per year that will be applied to horizontal lane advancement in the following areas:

- (1) Courses in the teacher's current content area (e.g., Science, Math, Special Education, Social Studies, World Languages (e.g., German and Spanish), English, Speech, Fine Arts, Student Counseling, and Physical Education/Health (not to include coaching));
- (2) Educational Technology; and
- (3) Curriculum and Instruction.

Each party shall select its own representatives for the committee. The committee shall meet and identify the approved institutions by December 31, 2022. Thereafter, the committee may meet to discuss changes to the approved institutions upon mutual agreement. Graduate or post-graduate coursework at the identified institutions in the above areas will be automatically approved upon the teacher's program request.

Additionally, if approved in advance by the superintendent or designee, any teacher may apply up to eight (8) credit hours per year^{*/**} (September 1-August 31) toward horizontal lane advancement for successful completion of:

- (1) Any graduate or post-graduate coursework deemed appropriate for present or future teaching assignments.
- (2) an accredited undergraduate degree program in a hard-to-fill area, which may include but is not limited to special education, Spanish, ELL, ESL; or
- (3) accredited undergraduate coursework leading to an additional endorsement or satisfying a prerequisite which must be taken to proceed with another approved program.

Fully online degree programs and traditional/blended programs that require District approval will be reviewed and may be approved by the superintendent or designee on a case-by-case basis. A teacher who wishes to discuss whether a proposed course of study will qualify for horizontal advancement on the salary schedule may request a meeting with the Superintendent or designee. The approval or denial under this section of any coursework or of any program shall be non-precedential and shall not be subject to the grievance procedures of this contract.

Regardless of the number of approved undergraduate credit hours completed, a teacher who has not acquired a Master's degree shall not advance beyond the BA+24 lane.

^{*}(Teachers working toward their first approved Master's Degree may apply up to eight (8) credit hours per semester toward horizontal lane advancement. Additionally, such a teacher shall be permitted to advance to the MA column, even if such advancement would cause the teacher to advance more than sixteen (16) hours in one year.)

^{**}The 8 (or 16) credit hour limit on horizontal lane advancement applies to both college coursework and PGAP classes combined. If a teacher with an 8 hour limit completes 6 hours of graduate coursework, he/she may use only 2 credit hours of PGAP credit for horizontal lane movement.

Teachers must submit a request for approval by the superintendent or designee under this

Section, which must be received at least 10 work days prior to the start of the course or program at issue. A work day is defined as a day when the Administration Office is open for business.

- H. The appropriate salary schedule for each year of this agreement is attached to and made a part of this contract along with schedule of indexes. Full-time teachers employed prior to January 1st in any academic year will qualify for step advancement for the subsequent year. Part-time teachers employed prior to January 1st in any academic year will qualify for step advancement at a rate of one step for every two years of continuous service to the district.
- I. As a fringe benefit, and pursuant to the authority granted it by Section 414(h)(2) of the *Internal Revenue Code*, in addition to the salary set forth in Appendix A, the Board shall pick up and pay on behalf of each teacher covered by this Agreement the teacher's required contributions to the Teachers' Retirement System ("TRS") in an amount not to exceed 9% (which is 9.8901% with the add-on factor) of each teacher's creditable earnings. If the required contribution to TRS falls below 9%, the Board will apply the difference to the teacher's salary. In such event, the Board shall not be required to pick up and pay more than the new decreased contribution rate even if the rate subsequently increases (e.g., if the rate falls to 8% and the teachers receive the difference in their salary, the Board shall not be obligated to pick up and pay more than 8% in the future. Additionally, the Board shall pick up and pay on behalf of each teacher covered by this Agreement the teacher's required contributions to the Teachers' Health Insurance Security Fund ("THIS") in an amount not to exceed 0.88% of each teacher's creditable earnings. Such contributed amounts shall be considered excludable from income for federal tax purposes.
- J. The parties acknowledge that each has the right to demand a reopener of this Agreement to address salary and/or any other economic provisions if legislation is enacted or a court decision is rendered which affects Central Community Unit School District No. 301 so as to significantly impact the money available for the purpose of funding the pay and benefits set forth under this Agreement. In the event of such an occurrence, the party demanding the reopener shall inform the other in writing, and the parties agree to reopen the economic provisions and commence negotiations.

8.2 Additional Compensation

The superintendent may authorize additional compensation over the salary schedule on a year-to-year basis in those cases where a teacher has to carry an unusually heavy teaching load or is required to perform considerable additional duties. Increased classes over the regular class load on a full-time basis at the high school shall result in an increased salary on a pro rata basis, as approved by the superintendent after consultation with the Association president. Prior to the Board finalizing any decision to change the current (i.e., 2022-2023) course loads at the middle school or high school, the CEA will be notified and offered the opportunity to make a demand to engage in mid-term bargaining.

8.3 Payroll Installments

- A. Each teacher shall be paid on the basis of twenty-four (24) equal payments – issued by no later than the 15th and last day of each month
- B. Payroll adjustments other than movement on the salary schedule and annuities shall be made upon the teacher's request.

Adjustments in annuities may be made on a quarterly basis.

8.4 Payment for Extra Duty Assignments

- A. The Extra Duty Payment Schedule shall be set forth in the appendix which is attached to and incorporated in this agreement.
- B. When a new extra-duty position is created within the district, and it is assigned to a teacher by an administrator, placement of the position on the Extra-duty Schedule shall be by mutual agreement among the principal, Association president, and superintendent of schools.
- C. When the extra duty assignment of a teacher qualifies under the Extra Duty Payment Schedule, then such pay shall be added to the teacher's salary and shall be paid with the regular paycheck each pay period or as otherwise approved by the superintendent.
- D. Guidelines for each Extra Duty Assignment will be established. These guidelines will include a description of the goals of the assignment, expected number of student participants, number of student contacts /meetings/ practices, and duration of the assignment. These assignments will be reviewed by the principal or his/her designee. If the expectations of the assignment are not being met, the principal or designee addresses the concern with the sponsor and /or coach. Notification will be given to the Association president and the superintendent or designee. If guidelines for the assignment are still not being met in a one month period, the stipend will be suspended, and deductions will be made in the Extra Duty Sponsor / Coach reimbursement, equitably until the previously paid portion of the stipend is paid back.

8.5 Insurance

- A. For those teachers who work at least 50% of a full-time schedule and who elect any of these group insurance benefits, the district shall pay all or a portion of the premiums for the following:
 - 1. Group life insurance for the teacher in the amount of \$50,000 or more. However, the amount of group term life insurance may be reduced for employees who are 65 and older in accordance with the schedule of benefits established by the group term life insurance carrier. Teachers may purchase additional insurance as provided by the insurance carrier.
 - 2. Coverage for medical and/or dental insurance.
- B. For each teacher who works at least 80% of a full-time schedule and who qualifies and requests any of the preceding insurance benefits, the district shall pay:
 - 1. Single coverage benefits: 100%
 - 2. Family coverage benefits: 75%

The district shall pay one-half (1/2) of the above premium (i.e., 50%/37.5%) for teachers who work at least 50% of a full-time schedule, but less than 80% of a full-time schedule.

- C. Married couples/domestic partners who are both employed by the district, who elect health insurance, will have a \$0 premium contribution. The \$0 premium contribution will apply for the entire family. The deductibles, co-pays and coinsurance will be the employees' responsibility. The Family Dental premiums will also be covered by the District at 100% for the base plan. However, the difference in premiums for the Buy-Up plan will be paid by the employee.

- D. Any teacher who works at least 80% of a full-time schedule and who qualifies for insurance benefits may select a \$1,800.00 stipend in lieu of insurance benefits, as long as he or she is not otherwise covered by or enrolled in the District's insurance plan. This stipend will be made in one payment and will come with the first check in December. Employees who elect the \$0 premium benefit shall not be eligible for this stipend.
- E. The Board, after consultation with the CEA, shall determine the specifications and select the carrier of the group insurance policies.

8.6 Flexible Spending Account

1. The Board shall maintain a Section 125 cafeteria plan providing for salary reduction of 1) premiums for District group health insurance coverage and 2) contributions to a health flexible spending account and dependent care flexible spending account which meet the requirements of Section 125 of the Internal Revenue Service Code. If at any time, such Section 125 or related regulations are amended, the parties shall promptly revise the plan to comply with the amendment.
2. An employee electing to participate in District health, vision or dental insurance shall automatically be deemed to have elected to participate in the Section 125 plan premium conversion benefit providing for salary reduction of the employee's contributions toward those insurance premiums on a pre-tax basis. An employee may annually elect to participate in the health flexible spending account and/or dependent care flexible spending accounts under the Section 125 cafeteria plan. The amounts elected shall be deducted from the employee's compensation on a pre-tax basis. The Section 125 plan year shall start on January 1 and end on December 31. Prior to the beginning day of the plan year, each employee shall, in writing, designate the dollar amount(s) elected for that year for each of the following benefits:
 - a. Contributions for a health flexible spending account not to exceed the lesser of the limit set by the IRS regulations or \$4,000 per plan year. Such contributions shall be used for reimbursement for the amount of the deductibles on the group insurance and for any other qualified unreimbursed medical care as defined by the Internal Revenue Code.
 - b. Contributions to a dependent care flexible spending account not to exceed \$5,000 (\$2,500 if married and filing separately) or such lesser amount as may be permitted by the IRS in any plan year. Such contributions shall be used for reimbursement for qualified dependent care expenses as defined and allowed in the Internal Revenue Code.
3. The amounts designated may not be changed during the plan year except if there is a change in family status or other circumstances provided in the Regulations issued by the Internal Revenue Service. Any amount designated for which valid reimbursement claims are not made on a timely basis will be forfeited and not otherwise paid to the employee during the succeeding plan year, and such amounts shall become the property of the plan.
4. The dollar total of the designated benefits elected pursuant to the plan will be deducted in equal amounts from the employee's salary payment during the plan year.
5. Claims for reimbursement must be for services received or expenses incurred during the plan year, except that the health flexible spending account plan may provide for a carryover or grace period for incurring claims in accordance with IRS regulations.

6. The Board does not guarantee or, in any way, warrant that the salary reductions are non-taxable, said determination to be made by each individual employee. Additionally, if due to a plan audit or nondiscrimination testing the Section 125 Plan is found to be out of compliance with the Internal Revenue Code or corresponding regulations, the Board may correct the non-taxable status of salary reductions.

8.7 Termination of Salary & Benefits

Teachers who have resigned or who are terminated for any other reason may choose to be paid all compensation within twenty (20) days of the last work day or may continue their regular twice monthly pay through the end of August. If a teacher takes all pay within twenty (20) days of the last work day, insurance benefits shall terminate on the last day of the month in which final compensation is made.

Board paid insurance benefits shall terminate on the last day of the month in which final compensation is made.

8.8 Internal Substitute Pay

The rate for teachers who lose their lunch or preparation period due to internal substitution or other assigned duties will be as follows:

30 minutes or less	\$25.00
31 to 45 minutes	\$35.00
46 to 60 minutes	\$45.00
61-75 minutes	\$55.00
76-90 minutes	\$65.00

The rate for specials teachers and service providers who are reassigned during a school day will be as follows:

Under 2 hours	\$40.00
2-4 hours	\$70.00
More than 4 hours	\$120.00

8.9 Retirement

A. Teachers will be eligible for the following retirement plan if they:

1. Are at least sixty (60) years of age by December 31 in the year of retirement; or
2. Are at least fifty-five (55) years of age with thirty-five (35) years of creditable service as defined by the Illinois Teacher's Retirement System ("TRS") by December 31 in the year of retirement; and
3. Have a minimum of twenty (20) years of full time service in CUSD #301. For the purposes of this Article, nonexempt TRS creditable compensation (earnings) is defined by the Illinois Pension Code and TRS rules and regulations.

If the creditable earnings used by the District to calculate a teacher's 6% retirement benefit includes extra duty or overload pay and the teacher subsequently stops performing the extra duties or overload assignment, the District will deduct the extra duty or overload pay from the teacher's retirement benefit. However, if a teacher's extra duty/overload assignment is removed due to program cuts, lack of enrollment, or some other circumstance beyond the teacher's control, there shall be no reduction in compensation.

Additionally, in the event a teacher ceases to perform a paid duty, has any periods of unpaid leave, reduces to a part-time schedule, etc., his/her creditable earnings shall be adjusted to reflect the reduction in time or services provided to the District and so as to avoid any excess salary contribution to TRS.

A teacher who requests a one, two, or three year retirement plan shall only be eligible to receive the retirement benefit if the creditable earnings that will be used by TRS to determine the teacher's "final average salary" do not exceed the prior year's creditable earnings by more than 6%.

One Year Plan

If an eligible teacher gives the Board an irrevocable letter of retirement prior to August 31 stating that he/she shall retire at the end of the next school year, the teacher will be removed from the salary schedule and for the final year of employment the teacher's nonexempt TRS creditable earnings shall be increased by six percent (6%) over the teacher's nonexempt TRS creditable earnings for the prior year of employment.

The teacher's prior year nonexempt TRS creditable earnings were \$100,000. The teacher's final year nonexempt TRS creditable earnings will be \$106,000 (i.e., $\$100,000 \times 1.06 = \$106,000$).

Two Year Plan

If an eligible teacher gives the Board an irrevocable letter of retirement prior to August 31 two (2) years prior to the year of retirement, the teacher will be removed from the salary schedule and for the final two (2) years of employment the teacher's nonexempt TRS creditable earnings shall be increased by six percent (6%) over the teacher's nonexempt TRS creditable earnings for the prior years of employment respectively.

Example: A teacher will retire on June 30, 2024. The teacher's nonexempt TRS creditable earnings for the 2021-2022 school year were \$100,000. The teacher's nonexempt TRS creditable earnings for the 2022-2023 school year will be \$106,000 (i.e., $\$100,000 \times 1.06 = \$106,000$). The teacher's nonexempt TRS creditable earnings for the 2023-2024 school year will be \$112,360 (i.e., $\$106,000 \times 1.06 = \$112,360$).

Three Year Plan

If an eligible teacher gives the Board an irrevocable letter of retirement prior to August 31 three (3) years prior to the year of retirement, the teacher will be removed from the salary schedule and for the final three (3) years of employment the teacher's nonexempt TRS creditable earnings shall be increased by six percent (6%) over the teacher's nonexempt TRS creditable earnings for the prior years of employment respectively.

Example: A teacher will retire on June 30, 2025. The teacher's nonexempt TRS creditable earnings for the 2021-2022 school year were \$100,000. The teacher's nonexempt TRS creditable earnings for the 2022-2023 school year will be \$106,000 (i.e., $\$100,000 \times 1.06 = \$106,000$). The teacher's nonexempt TRS creditable earnings for the 2023-2024 school year will be \$112,360 (i.e. $\$106,000 \times 1.06 = \$112,360$). The teacher's nonexempt TRS creditable earnings for the 2024-2025 school year will be \$119,101.60 (i.e., $\$112,360 \times 1.06 = \$119,101.60$).

Four Year Plan

If an eligible teacher gives the Board an irrevocable letter of retirement prior to August 31 four (4) years prior to the year of retirement, the teacher will be removed from the salary schedule and for the final four (4) years of employment the teacher's nonexempt TRS creditable earnings shall be increased by six percent (6%) over the teacher's nonexempt TRS creditable earnings for the prior years of employment respectively.

Example: A teacher will retire on June 30, 2026. The teacher's nonexempt TRS creditable earnings for the 2021-2022 school year were \$100,000. The teacher's nonexempt TRS creditable earnings for the 2022-2023 school year will be \$106,000 (i.e., $\$100,000 \times 1.06 = \$106,000$). The teacher's nonexempt TRS creditable earnings for the 2023-2024 school year will be \$112,360 (i.e. $\$106,000 \times 1.06 = \$112,360$). The

teacher's nonexempt TRS creditable earnings for the 2024-2025 school year will be \$119,101.60 (i.e., \$112,360 x 1.06 = 119,101.60). The teacher's nonexempt TRS creditable earnings for the 2025-2026 school year will be \$126,247.70 (i.e., \$119,101.60 x 1.06 = \$126,247.70).

Any teacher may revoke his/her election to retire only in the case of death or total disability of a member of the immediate family. All monies paid as a bonus will be repaid through equal monthly installments.

For a teacher receiving the retirement benefit, at no time shall the teacher's creditable earnings exceed the teacher's prior year's creditable earnings by 6%.

8.10 Mileage Expense Reimbursement

Automobile mileage expense reimbursement must be approved in advance by the superintendent of schools. The rate of reimbursement for approved mileage expenses shall be at least equal to the U.S. Internal Revenue Service rate.

Reimbursement shall be made for travel between schools for the purpose of performing regularly assigned duties.

Any teacher assigned coaching duties who is required to travel to an assigned duty in a District 301 school other than the school where he/she ends his teaching day shall be reimbursed for such travel when he/she uses his/her personal vehicle for transportation.

All requests for mileage expense reimbursement must be submitted no later than 30 days after the end of the month in which the expense was incurred and should be calculated from the teacher's designated "home school" for reimbursement.

8.11 Athletic Supervision, Extra-Curricular Supervision Assistance, and Saturday School Supervision

For teachers who are assigned by the Athletic Director or Principal to complete these duties, the per diem pay shall be \$65.00. A \$150 stipend will be paid for the supervision of identified tournaments/events. Events that are eligible for the \$150 stipend will be determined by the Athletic Directors/administration after consultation with the Association president or his/her designee. The stipend paid for supervision of a Central High School JV/Varsity football game shall be \$175.

8.12 Longevity Stipend

Each Tier I teacher who was employed by the District during the 2016-2017 school year and who has continuously worked in the district for the specified number of years shall receive an additional stipend as shown below to be paid with the June or July payroll. These multipliers shall be applied to the base salary listed on the schedule for each year.

	2023-2025
10-14 years	0.014

In addition, this committee will develop a needs assessment instrument and will be responsible for monitoring the completion of this instrument by the District staff. The subcommittee will be made up of the superintendent or his/her designee, Association president or his/her designee and one (1) teacher from each instructional level (elementary, middle school, and high school). Teachers shall be selected by the Association. Should a teacher from the CCC Committee be unavailable, the Association may choose one from outside the committee.

2. Teachers may not repeat a course unless pre-approved by the Assistant Superintendent for Human Resources; and
3. Participants are expected to be present at all sessions and to complete all assignments;
4. Absence, unless due to catastrophic reasons, from more than 20% of instructional time will result in the loss of credit for that course; and
5. A certificate of completion will be presented to the participant and a copy will be placed in his/her file.

2. A fee of \$25.00 per class will be charged to each participant. In addition, each participant shall be responsible for the cost of any possible course books, materials, and/or other supplies.

Teachers must request these waivers each university school term.
