Services Agreement

THIS SERVICES AGREEMENT (this “Agreement”) is made this August 1, 2025 (the “Effective Date”), between Burlington Central High School (the “School”) and ATI Holdings, LLC, an Illinois limited liability company (the “Contractor”).

WHEREAS the School desires to have certain athletic training services, pre-game taping, game training supervision and medical assistance services performed in connection with its athletic programs; and

WHEREAS, the Contractor has agreed to perform such services on behalf of the School under terms and conditions as set forth in this Agreement.

NOW, THEREFORE, the parties, intending to be legally bound, and in consideration of the mutual covenants and agreements herein contained, do hereby agree as follows:

1. Description of Services. The Contractor agrees to furnish all labor services as set forth more fully in Schedule A entitled “Services” hereby referenced and incorporated herein and to attend those events set forth in a Schedule B entitled “Compensation and Attendance Schedule” hereby referenced and incorporated herein. School acknowledges and agrees that the Services are not a substitute for the services of a physician and shall not involve the practice of medicine as regulated by applicable law, and that Contractor shall perform the Services under the direction and control of the School and its athletic trainers, physicians, employees and agents.
2. Home Games. The parties understand and agree that it is the primary responsibility of Contractor to attend scheduled athletic events at the School’s premises or designated “home” field, court, or applicable venue throughout the school year as determined by the athletic director. In the event that there are two home athletic events subject to this Agreement scheduled at the same time, the School’s athletic director or other designee shall notify the Contractor whether personnel shall divide time between the scheduled athletic events subject to the Agreement or whether personnel shall only attend one of the scheduled events.
3. Site of Services and School Support of Programs. The School shall provide at its sole cost and expense appropriate space for the rendering of any sports medicine program services including, but not limited to, appropriate equipment for the development of preventative programs and an appropriate level of sports medicine supplies for the use of its students, as well as technology necessary for Contractor to deliver, document and manage care, whether on-site or via telehealth solutions, including, but not limited to, computer and internet access. The School shall obtain and maintain executed consents from each athlete or participant allowing the Contractor’s personnel to provide medical assistance and/or treatment to such persons, and, if the athlete or participant is under the age of 18, the consent also must be executed by such person’s parent or legal guardian. If the School desires to receive any protected health information of an athlete or participant from the Contractor, the School will cause such person (or their parent or legal guardian) to execute and deliver an acceptable authorization to release medical information. The School shall be solely responsible for determining the times of practice and for scheduling all athletic events subject to this Agreement. The School shall facilitate and notify Contractor of any communications and schedule changes between the School, coaches and the Contractor. The School shall submit to the Contractor within fourteen (14) calendar days after the Effective Date all school holiday practice/game schedules subject to this Agreement. The School must submit schedule changes at least fifteen (15) business days prior to the event in order to facilitate availability of personnel. The School agrees to provide appropriate support for the development of a sports medicine program and the Services to be provided in connection with its sports medicine program and athletic practices and events and

shall designate an individual(s) (athletic director(s)) to directly monitor and evaluate compliance of the Contractor. The School shall be responsible for providing access to all emergency communications. The School also shall be responsible for obtaining any consent or authorization necessary to utilize the application described on Schedule C entitled "Players Health Application Schedule" hereby referenced and incorporated herein, to the extent required under the School's policies or applicable law. Neither party shall unlawfully discriminate against personnel involved in the provision of Services under this Agreement on the basis of race, religion, sex, color, age, disability, national origin, military service or any other basis prohibited by applicable law.

4. Compensation. The School will pay to the Contractor, for the contemplated performance of Services hereunder, sums as set forth fully in the attached Schedule B "Compensation and Attendance Schedule" incorporated herein. Payment is due within thirty (30) days of the invoice date. The Contractor may assess interest at a rate of 1.5% per month or the highest rate of interest permitted by law (if lower) for payments past due until payment is made, and the School shall be responsible for costs of collection incurred by Contractor, including reasonable attorneys' fees and court costs.
5. Term. The initial term of this Agreement (the "Initial Term") will be three (3) years commencing at the start of Services at the School, unless sooner terminated as provided herein, and thereafter will automatically renew for successive additional one-year periods (each a "Renewal Term" and together with the Initial Term, the "Term"), unless sooner terminated as provided herein, provided that the parties shall mutually agree to the fees applicable during any renewal year(s) prior to such renewal (and otherwise the Term will end). Either party may terminate this Agreement in the event of a breach of this Agreement that is not cured within thirty (30) days after written notice, provided that if the breach cannot be cured within the 30-day period, the breaching party shall have additional time of not more than sixty (60) days to cure provided such party actively pursues cure. The Contractor may terminate this Agreement upon written notice if Client fails to pay any amount owed hereunder within forty-five (45) days of the date due, and either party may terminate this Agreement upon sixty (60) days' prior written notice.
6. Exclusivity. The School agrees that it has not authorized and during the Term of this Agreement, will not authorize or permit, the endorsement or promotion of any services or products directly or indirectly competitive with services offered by the Contractor and/or any of its affiliates.
7. Independent Contractor. It is hereby understood and agreed that the Contractor, in performing this Agreement, is acting in the capacity of an independent contractor, and that the Contractor is not an agent, servant, partner, nor employee of the School. The Contractor will have control over the work to be performed and shall be solely responsible to pay its own federal, state and local taxes, salaries, social security payments, and any and all other payments incurred by the Contractor in the performance of this Agreement, as well as perform all necessary legal requirements pertaining to employment. None of the benefits provided by the School to its employees, including but not limited to workers' compensation insurance, disability insurance, medical insurance, and employment insurance are available from the School to the Contractor and/or any and all of the Contractor's agents, servants, and employees. The Contractor has no authority hereunder to assume or create any obligation or responsibility, express or implied, on behalf or in the name of the School or to bind the School in any way whatsoever.
8. Insurance. The Contractor shall be responsible for providing general liability insurance, professional liability insurance, and workers' compensation insurance for its athletic trainers and its Services. The limits of liability for Contractor's general liability and professional liability insurance policies shall be no less than \$1,000,000.00 per occurrence, \$3,000,000.00 per annual aggregate and workers' compensation coverage in accordance with applicable federal and state statutory requirements. The School shall be responsible for providing general liability insurance including,

premises liability insurance, and professional liability insurance for the activities of its employees. The parties shall provide evidence to each other's satisfaction that such insurance is in force. The parties shall maintain such insurance coverage during the Term. Appropriate certificates evidencing such insurance shall be provided upon request.

9. Indemnification, Limitation of Liability. Each party (in such case, an "Indemnifying Party") agrees to indemnify and hold harmless the other party (in such case, an "Indemnified Party") and the Indemnified Party's directors, members, managers, officers, employees, subcontractors, agents, representatives, volunteers, successors and assigns from any and all claims, demands, causes of action, losses and damages arising out of or relating to any alleged acts or omissions of the Indemnifying Party in undertaking the Indemnifying Party's duties under this Agreement. Notwithstanding the foregoing, the School shall not be obligated to indemnify or hold harmless the Contractor for any claims, demands, causes of action, losses and damages arising out of or relating to any alleged acts or omissions from which the School is immune from prosecution or liability under applicable state law. In no event will either party be liable to the other for any incidental or consequential damages claimed to have arisen under or relating to this Agreement.
10. Force Majeure. Neither party shall be liable for any delay, failure or inability to perform its obligations (except the obligation to make payments as provided herein) under this Agreement due to any cause beyond its reasonable control including, but not limited to, Acts of God, civil disturbances, accidents, equipment breakdowns, utility failures, and unavailability of personnel due to disability, leaves or other reasons.
11. Notices. All notices under this Agreement shall be made in writing and shall be deemed to have been given if personally delivered or transmitted by facsimile during regular business hours, or mailed by certified mail, postage pre-paid, return receipt requested, to the School at its last known address, and, if sent to Contractor, addressed to ATI Holdings, LLC, 790 Remington Blvd., Bolingbrook, IL 60440, Attn: Sports Medicine Director, as may be updated by written notice.
12. Assignment. The Contractor shall have the right to subcontract any of the Services to qualified and duly certified personnel provided that the Contractor shall supervise and oversee the performance of such personnel.
13. Non-Solicitation. The School agrees that during the Term and for a period of twelve (12) months after termination of the Agreement, the School shall not without prior written approval of the Contractor, directly or indirectly, take any action that constitutes, results or may reasonably be expected to result in soliciting, inducing or encouraging any of Contractor's personnel providing Services under this Agreement (presently or affiliated with the Contractor in the then most recent twelve (12) month period) to curtail or terminate such person's affiliation or employment, or otherwise solicit, hire or assist others in soliciting or hiring such persons. Nothing herein shall limit the School's right to post opportunities in publications or on-line websites of general or trade circulation, which shall not be a breach of this Agreement provided that it is not directed to Contractor's employees covered by this Agreement.
14. Severability. In the event that any provision of this Agreement, or application of such provision to persons or circumstances is held to be invalid, illegal, or unenforceable pursuant to judicial decree or decision, the remainder of this Agreement or the application of such provision to persons or circumstances other than those to which it is held invalid, will not be affected thereby, and shall be construed as if such invalid provision had never been contained herein and shall remain valid and enforceable according to its terms.

15. Entire Agreement. This Agreement supersedes and replaces all prior agreements between the parties with respect to the Agreement's subject matter. This Agreement may not be amended or rescinded except by the mutual written consent of authorized representatives of the parties. This Agreement may be assigned to an affiliate of the Contractor or a party acquiring its assets or equity related to this Agreement. Each person executing this Agreement hereby represents and warrants that they have the full authority to execute this document on behalf of their respective party.
16. Governing Law. This Agreement shall be governed by state law in the state in which services are rendered, without regard to rules of conflicts of law.
17. WAIVER OF JURY TRIAL. THE PARTIES IRREVOCABLY WAIVE THEIR RIGHTS TO A JURY TRIAL.

IN WITNESS WHEREOF, the parties have caused this Agreement to be executed by their duly authorized representatives as of the date first written above.

RE: Recommendation for Acceptance of Copy Paper Bid

Copy paper bid specifications for the entire district were sent out to twelve suppliers for the 2025-2026 school year. We received formal bids from eight companies: Warehouse Direct, Inc., The Paper Corporation, Murnane Paper, Quill LLC, Veritiv, Contract Paper Group, Midland Paper and Garvey's Office Products. Contract Paper Group came in with the lowest responsible bid totaling \$67,876.29. They were awarded the paper bid last year and we were pleased with their services.

We are recommending that we accept Contract Paper Group's bid. A bid recap and contract are included in the board packet.

COPY PAPER PRODUCTS AGREEMENT

THIS AGREEMENT is entered into as of the last date shown below by and between the Board of the Education of Central Community Unit School District 301 (the “Board”), and Contract Paper Group (“Contractor”) (collectively referred hereto as “the Parties”).

WHEREAS, the Board has requested public bids for copy paper products (“Goods”); and

2. **Term.** The term of this Agreement shall be from July 1, 2025, through June 30, 2026. The Agreement may be renewed for up to four (4) additional one-year periods thereafter upon mutual written agreement. 3. **Bid Documents.** The entire contract consists of this Agreement, as well as the associated Bid Documents, including but not limited to, the Advertisement, Bid Submission Form, Bid Conditions, Paper Distribution Sites, Qualification Statement, and the Contractor’s Bid, plus any addenda to the Bid Documents. In the event any term or provision in this Agreement conflicts with any term or provision in the Bid Documents, the term or provision in this Agreement shall prevail. To the extent Contractor’s bid included any exceptions to the bid documents or addenda, they are rejected.

RE: Recommendation for Acceptance of Refuse/Recycling Bid

Bid specifications for Refuse and Recycling services for the upcoming two school years (2025-2026 and 2026-2027) were distributed to four companies. Formal bids were received from three respondents. Upon review, Waste Management's bid contained exceptions, some of which represent substantive deviations from the bid terms. Therefore, administration recommends rejecting Waste Management's bid as non-responsive. It is recommended that the contract be awarded to Groot Industries, the lowest responsible bidder and the district's current, reliable service provider.

A bid recap and the Services Agreement is included in the board packet.

Burlington, IL 60109

Dear Drs. Powell and Schumacher,

Thank you for the opportunity to present Educational Leadership Solutions as the firm to serve your district's Board of Education in the hiring of their next superintendent. Our leadership team, consisting of high caliber, successful school leaders is excited to share with you our data-based process that will ensure the hiring of a top-notch, outstanding superintendent for your district.

Educational Leadership Solutions is a firm that uses research-based practices and data-driven processes, combined with our education-based experiences to match the best candidates with your district. This process, which also incorporates input from your district's stakeholders, will provide the best opportunities for your Board of Education to select the best candidate to lead the Central CUSD #301 for the future.

The following pages of this proposal will provide a flow chart overview of our process, as well as some additional background information about our firm. We have also included the Fee Structure to do the Search. We would be pleased to present the contents of this proposal to your entire Board of Education should that be a part of your selection process. The consultants from our firm to do this Search, if so awarded, would be Dr. Nick Polyak, and myself, Dr. Gary Zabilka. Our biographies are included in this proposal.

Thank you for the opportunity to share this proposal with you. We look forward to the possibility of meeting the Board of Education in a couple weeks. Don't hesitate to contact us if you have any questions.

Respectfully submitted,

Richard Voltz, Ph.D.
Don White, Ph.D.
Gary Zabilka, Ed.D.

SEARCH PROCESS OVERVIEW

The process starts with the facilitation of conversations and the collection of data that can be used to determine the selection criteria for screening applicants. It then proceeds to the data-driven initial review of the materials submitted by the applicants. The process finishes with the compilation of individual ratings based on responses to questions that have been aligned to previously identified criteria.

The data collected from each person participating on an interview team is compiled into an easily understood image. The person/people responsible for making the final employment recommendation will also receive a subjective feedback document for each candidate from all interview team participants. In addition, this process can also include a comprehensive, customized salary and benefit analysis for making a contract offer that is fair and responsive to the District's desires. Overall, this process takes approximately 10-12 weeks, unless customized.

Educational Leadership Solutions uses an exclusive process to vet the various candidates who apply for the leadership position. This analysis results in a proposal shared with the school board and together the school board and the Educational Leadership associate discuss the findings and arrive at the best candidates to be interviewed for the position.

SEARCH PROCESS DELIVERABLES

We believe that the Board of Education should know exactly what they can expect and will receive as a result of working with Educational Leadership Solutions.

Following is a list of deliverables which will provide an overview of our Solutions-based Search process:

- A pre-planning meeting with the Board of Education, where members of our firm will meet with the Board of Education to establish a timeline for the search, establish a communication plan, and layout the entire search process.

- Data Analysis Documents

 - Candidate review criteria based on district input and stakeholder survey(s) and/or focus groups.

COSTS OF THE SEARCH

1. General Fee

The General Fee for this search is all-inclusive for the entire search process itself—it is \$17,900.

2. Regular Expenses

The Regular Expense Fee is the administrative cost of the search and is provided as a “not to exceed” amount. Regular expenses include things such as copying costs, limited materials, travel reimbursements and other outside costs related to your search. For this search, the regular expenses will not exceed \$1,000.

3. Compensation and Benefits Analysis

If desired, EdLS can complete a compensation and benefits analysis that includes regional and peer districts. This analysis will include the most recent data that is available and will provide valuable information for when the Board is prepared to negotiate a contract with the selected candidate. The cost of completing the compensation study is \$1,000.

4. Advertising Costs

Advertising costs are costs related to the advertising of your search on a wider spectrum, particular if the district would like national exposure. These are billed to the district by EdLS if the district agrees to them. These can include any or all of the following:

- Publishing online in the American Association of School Administrators Journal;
- Publishing online in a widely read education periodical—Education Week.
- A national email “blast” to all superintendents in the country.
- Advertising your Search on our firm’s website is included in the general fee.

5. Miscellaneous Costs

Districts sometimes would like a more thorough Criminal background search on their final candidate. EdLS can arrange for this, but the cost for this is incurred by the district.

SATISFACTION STATEMENT

Educational Leadership Solutions is a firm that is committed to excellence, and it is for that reason that we will continue to work for the district until they are satisfied with the Solution(s) we have recommended.

In the case of an Administrative Search, if the selected candidate does not complete at least two years in the role they have been hired, Educational Leadership Solutions will complete another Search for the district without the cost of the General Fee.

OVERVIEW OF THE COMPANY

Hazard, Young, Attea, and Associates (HYA) is a national executive search firm located at 909 W. Euclid #926, Arlington Heights, IL 60006. The phone number is 847.250.7261 and general email is hya@hyasearch.com.

HYA has more experience in identifying quality education executives than any other firm in the industry. The fact that the firm has assisted Boards with successful selections in more than 1,600 searches with student enrollment ranging from less than 500 students to upwards of 640,000 is no accident. HYA began working with rural, urban, and suburban school Boards 38 years ago in an effort to assist them in recruiting highly qualified candidates and finding a leader who is the right fit for the district. HYA's success is about people: our Associates, their extensive contacts, and the Boards we assist. We build relationships with each new search, expanding our reach and our record of success.

The large quantity of searches our firm conducts per year puts us at a competitive advantage. The search volume places our firm and its Associates in more frequent contact with potential candidates, many of whom may not be actively seeking employment but are then known to the Associates and can thus be recruited when or if an appropriate position arises. In addition to your local HYA team, clients have a network of 100+ Associates from throughout the United States who assist with the firm's mission to provide aggressive, thorough, and quality assistance to school Boards in need of identifying and recruiting highly qualified executives for superintendencies and other administrative positions.

In addition to the consultants, HYA is staffed by a back office that provides support in statistical analysis of the community survey, updating of the Board Portal, providing templates for the district to invite stakeholders to interviews, focus groups, and forums, and to participate in the online survey.

Four of Hya's "Distinguishing Differences"

Regular communication. As outlined above, all Board members have 24/7 access to all applicants' documents, all meeting notes, and all other search-related materials (except consultants' personal interview notes) through a password-protected Board portal. Additionally, as our references will attest, any of the three consultants immediately return calls and respond to text messages and emails. Also, once applications are received, the consultants provide a weekly update memo or if the Board prefers will hold a weekly update video conference.

Fully dedicated team. Your three Associates are 100% committed to your search. We do not have other full-time jobs or conflicts, so that we can provide you the highest quality service and dedication this process requires. Throughout the search process, the Associates will be available to counsel with the Board about the search. The Associates will assist the Board until the Board determines it has found the appropriate candidate for the position. In addition, no other team will be able to match the number of similar districts the three consultants have served and led.

Research Based

HYA 38 years of experience supporting school districts in improving student outcomes. HYA's community engagement process employs research-based approaches to identifying the goals, needs, and priorities of the school system, along with the desired characteristics of its next leader. The Engage Phase was developed based on AASA's published research on effective leadership. The resulting Leadership Profile Report provides information on the priorities of the District and challenges the new leader may face, essential information the Board will use in the selection process, and which the new leader can use day one of employment. Furthermore, by blending best practices consulting, sophisticated analytics, advanced technology, and professional service, HYA offers transition services and an analytics infrastructure to help the Board and their new leader better understand the interrelationships among school functions, and the impact of decisions and expenditures on student outcomes.

Community Engagement

This component of the program is critically important. We have outlined our process in the Engage Phase on page 4 but want to reiterate and expound upon some key points.

Unlike other firms, we commit to 25 sessions (usually 45-60 minutes, though some run longer) that can be a combination of interviews, focus groups, and forums/town halls that can be conducted on-site and/or online. Generally, we conduct about 12-18 individual interviews, 10-20 focus groups, and two or three town halls/forums (one on site for community, one on site for staff, one online for staff, and one open online for anyone). Individual or small group (two or three individuals) Interviews always include each board member, the sitting superintendent, teacher, and support staff association/union leadership, foundation, and/or booster chairs, student leadership, and any other key stakeholder(s) the board identifies.

Focus groups include **representative** students (i.e., not just student leaders) from each school, staff at each school, special education staff, mental health providers, school administrators, support staff and operational personnel, PTO/A leaders, Foundation and Booster board

members, special interest parent groups (e.g. instrumental music, special education, gifted and talented, etc.), and community groups including senior citizens, former board members, faith-based leaders, realtors, chamber of commerce, service clubs, city councils members, etc. We also encourage districts to set up meetings with any groups that may be opponents of district policies or bring alternative viewpoints to board meetings and school and district leaders.

As for town halls and forums, we have facilitated groups as small as 20 and larger than 100 in person and nearly 100 in online webinars and are eager to do so for Central USD 301.

Moreover, our online survey is custom-made in collaboration with the school board members. Most firms use off-the-shelf surveys, but we pride ourselves on customizing the online survey to the district's needs. Of course, the survey results are only as good as the quantity and commitment of respondents, so we work with the district to be sure that every stakeholder has the opportunity to take it through direct emails, posting links and QR codes on websites, as well as posting QR codes on the front doors of the school, in staff eating and work areas, and in athletic and music programs if the district approves

The attached comprehensive Leadership Profile Report for the Highland Park School District which is similar to Central USD 301 in terms of high performance and high community expectations is an example of how community engagement informs all aspects of the search process.

EXPERIENCE IN IDENTIFYING QUALIFIED CANDIDATES

Like other firms, we advertise and recruit locally, regionally, and nationally. What sets our firm apart is our three specific competitive advantages:

- 1) HYA's extensive national network of more than 140 associates who actively support one another's searches and strive to identify solid candidates.
- 2) **The consultants not only seek out individuals we know, through our personal and professional networks, but we also solicit and follow up with potential candidates from board members, staff members, and community members in every interview and focus group, and on the community survey.** As [Mary Jane Bonfield](#), Board President of the Highland Park Independent School District, will attest (see attachments), HYA consultants Max and Jim Largent contacted more than 100 individuals whose names were brought to them. Contacts were made by phone calls, email, LinkedIn, and video conferencing. Several chose to apply, and in fact, the individual who ultimately got the job was a contact made by HYA's Jim Largent.
- 3) HYA's website job board (<https://hyasearch.com/findajob/>) is THE source for superintendents and aspiring students to search for jobs because we not only list all searches that we facilitate, but also those of our competitors. Moreover, for the jobs we list, we not only provide a thorough description of the district and the job, but we can also include materials that the district wants to post. Candidates appreciate the detailed information and thus come to our website before any other national search board. Also, potential candidates know that from our website, they can find jobs across the country

that other firms support. We find that this is a mutually beneficial practice for our clients and for those seeking a superintendent's position.

WORK PLAN

Engage Phase

The Engage Phase is a disciplined and inclusive approach that seeks first to understand what students, staff, parents, Board, and community members need and desire from their school district and Superintendent. HYA engages both internal and external stakeholders - students, staff (ALL staff and association leadership), parents, taxpayers without children in schools, advocacy groups, community special interest groups, sender district school, and district leaders - using virtual or face-to-face interviews, focus groups, forums, and surveys. The goal is to gather information from all stakeholders to identify the strengths of the district/community and current and foreseeable district/community challenges within a research-based framework to match the right leader with your school district.

HYA takes great pride in its commitment to community engagement and the thoroughness of the processes used to gather input. The firm has a strong reputation for deep and meaningful engagement through its stakeholder forums, community interest group meetings, and individual interviews. We have extensive experience and expertise conducting both on-site and online interviews, focus groups, forums, meetings, candidate presentations, meet and greets, and community Q&A sessions in both English and Spanish.

HYA also collaborates with the Board to develop a **unique, customized online survey** for all stakeholders. The resulting survey report is presented with disaggregated data by stakeholder groups and identifies the goals, needs, and priorities of the school system along with the desired characteristics of its next leader.

HYA collects and compiles all of this data into the comprehensive Leadership Profile Report (LPR) is presented at a Board meeting, and we recommend that it be immediately available to your community. HYA Leadership Profile Report which includes findings from Board member interviews; stakeholder interviews, focus groups, and forums; findings from the online survey; stakeholders perceptions of the strengths of the district to be sustained and to attract applicants as well as immediate and long term challenges the next leader will face; detailed description of the community's perception of the next leader's priorities; a specific list of the desired professional qualifications and personal characteristics for the next leader.

An example of the report from Highland Park Independent School District (Texas), a search which Dr. McGee led, is included as an attachment to show the comprehensiveness of the LPR.

This report is used to recruit candidates (see next section); to form the basis for interview questions and “look for” responses to the questions; as the framework for a rubric Board members can use to assess each applicant; and to inform the development of the new superintendent’s 100 day plan and initial performance goals.

Depending on the Board’s selections for the Engage Phase, some of the most important deliverables include the following:

- **Facilitate and provide a written summary of the planning meeting with the Board that details the timeline and steps of the search process** and decisions made by the Board;
- Based on Board member interviews **generate and publish the position description, qualifications, and application process;**
- Findings from individual consultant days for interviews, focus groups, and/or town hall meetings; included in the price of the proposal are up to **25 one hour sessions** (a session is defined as an interview, focus group, or town hall meeting). Additional sessions can be added per the daily rate in the pricing section.
- HYA Leadership Profile Report which as described above includes findings from Board member interviews; stakeholder interviews, focus groups, and forums; findings from the online survey; stakeholders perceptions of the strengths of the district to be sustained and to attract applicants as well as immediate and long term challenges the next leader will face; detailed description of the community’s perception of the next leader’s priorities; a specific list of the desired professional qualifications and personal characteristics for the next leader;

Recruit Phase

HYA uses a myriad of recruiting techniques to ensure all potential candidates are reached. Without spending a dollar on advertising, HYA clients know that they are getting immediate exposure through the HYA Active Searches page with over 25,000 page views per month. In addition, HYA provides analytics on your job postings, including how many views your job has received during a specific period, the average amount of time your posting was viewed, etc. No other firm has the infrastructure to provide this data to its clients.

In addition to national and regional advertising, HYA utilizes the firm's extensive national network of Associates. HYA Associates throughout the country are aware of outstanding Superintendents and aspiring Superintendents in their state and region and maintain close professional relationships with many educators and school district leaders who might be interested in making a job change or career move. HYA Associates has ongoing relationships and board positions with state and national superintendent organizations, including AASA, ALAS (we conducted their Executive Director search pro bono), and NABSE. In addition, as described and illustrated on page 18 of this proposal, [HYA's website](#) is THE NATIONAL GO TO SOURCE for both sitting superintendents and aspiring superintendents seeking jobs.

Moreover, HYA excels at recruiting candidates from diverse backgrounds. Currently, 33% of our associates are people of color, and half are women. HYA Emeritus Associate was the founder of NABSE (National Alliance of Black School Educators), and current HYA associates are members. Two of our current Associates are the founding members of ALAS. HYA also has a partnership with ALAS; we have placed their previous four directors. Our Associates are working with Districts across the nation on equity initiatives as detailed on our equity and inclusion webpage: hyasearch.com/equity-and-inclusion/ Finally, HYA associates have served and/or currently serve as members of and Board of Directors of:

ALAS (Association of Latino Administrators and Superintendents) and ALAS's Co-Director of Superintendents Leadership Academy
NABSE (National Alliance of Black School Educators)
AASA's Urban Superintendents' Academy

HYA has extensive contacts in these organizations to recruit a diverse and highly qualified slate of candidates. HYA is proud of the diversity of candidates hired with its assistance, including individuals of varied gender, race, ethnicity, culture, and religious background. HYA commits to identifying, supporting, and placing school and district leaders of color and gender who have long been historically underrepresented in these posts. HYA works with the Board to understand the district's equity and inclusion work to better recruit candidates with recent and relevant experience. We have not seen any evidence that other firms are as proactive in this regard as HYA.

All this said, we know that actions speak louder than words and have several examples to share and have selected a few recent ones. We have not only honored every district that requests we recruit applicants of color, but we have exceeded their expectations, as evidenced by the quality of historically underrepresented candidates we slate and are ultimately placed. For example, in

2022, the Roaring Fork School District requested that he recruit bilingual and bicultural candidates, and two of the three finalists were Latino men, and the third was a Caucasian woman who was learning Spanish. Likewise, when Dr. McGee facilitated the Oak Park Elementary District search, both slates contained men and women of color, and the two finalists were an African American woman and an Asian woman. While the Asian woman was selected, the other finalists were hired as superintendents in another district that HYA served.

Reference checking is one of the most important tasks in the search process. We begin with the informal references of referrals for potential candidates. Once an individual moves to the level of a potential candidate through the application process or through recommendations and recruitment efforts, we begin our vetting process. This includes contacting the listed references on the application or provided by the candidate. While this step is necessary, it is not sufficient, as most candidates will provide references that will provide only highly favorable comments. We continue the vetting process by conducting comprehensive internet searches to review any public information regarding the candidates. HYA Associates conducts confidential reference calls to obtain deep insight on any candidate that would be recommended to the Board for consideration. Given our network of Associates and many professional relationships, it is likely that we know someone who either knows the candidate directly or knows someone who knows the candidate. These references often provide confidential, hard-to-obtain information about the candidate that is invaluable in determining whether to recommend the candidate to the Board. Added to this, our internet screening goes well beyond page one of Google searches as we check for images, all social media accounts and posts, news clips, publicly available financial information, and employment verification.

Associates are kept informed of the searches the firm is conducting, and we seek recommendations from them regarding candidates who fit the profile being sought for that district. The proof of our recruiting network and efforts is the fact that approximately two-thirds of the candidates ultimately selected by Boards with whom we work were recruited for the position rather than applied for or self-nominated. The deliverables during the recruitment phase include:

- **Develop and distribute recruitment materials including a full color brochure**
- **Prepare and place statewide, regional, and national advertisements.**
- **Personally recruit and contact candidates utilizing national networks;**
- Correspond with candidates regarding the search process, timeline, Leadership Profile Report, and Desired Characteristics – with each candidate having one consultant as the single source of contact;

- **Conduct thorough prescreening of applicants** including interviews, reference checks, social media presence and posts, and internet screening of news media, profiles, images, and the like;
- **Identify best qualified candidates based on their fit with the Leadership Profile Report's desired qualifications and characteristics;**
- **Prepare and present the application materials of a selected slate of candidates for Board consideration (and if desired for an Advisory Committee) along with a summary of their strengths and weaknesses.**

Select Phase

When the Associates present a select slate of candidates to the Board, the number of slated candidates is determined by the Board during the initial planning meeting. HYA believes that the Associates are responsible for supporting the School Board in all phases of the search. This is particularly true during the interview process with the semi-finalists and finalists because the Board should be focused on assessing the candidates, not managing logistics. **The Associates are available 24/7 throughout the interview process to provide advisory services to the Board** and will facilitate a debriefing session after the interviews to discuss what the Board learned about the candidates. It is the Board's decision and sole discretion to hire or not hire a particular candidate, and the Board takes responsibility for that decision.

Some of the specific deliverables during this phase include:

- **To ensure compliance with applicable legal requirements,** conduct the Interview Workshop for the Board (and if desired, and Advisory Committee) and provide materials and protocols to ensure informative and effective board interviews;
- **Assist the Board with logistics and the scheduling of interviews with selected semi-finalists and finalists;**
- **Facilitate the finalists' "day(s) in the District" interviews, "meet and greets," forums, meals with members, and tours for candidates and their partners;**
- Prepare sample interview questions, interview scenarios, and presentation topics for each round of interviews along with examples of "look fors" in responses;
- **Prepare a rubric to assist the Board in evaluating the interviews and application materials of semi-finalists and finalists;**
- Facilitate Board discussion to narrow the candidate pool after each round of interviews;

- **If desired, facilitate a Board site visit to one or more final candidates;**
- Communicate with all unsuccessful candidates at the close of the search and the appointment of the new superintendent;
- Assist the Board in announcing the appointment of the new superintendent;

In preparation for the Interview Workshop, the Associates will solicit questions, hypothetical situations, and/or topics of interest, identified by the Board as desirable topics of discussion for the Board's initial round of interviews with the candidates. **HYA uses this feedback and what they learned from the Engagement Phase to develop an interview "script" for the Board, which includes a draft set of questions, a rubric, and desired "look fors" in answers.** The Board reviews and may revise this script during the Interview Workshop and then use it for the first round of interviews. It should be noted that second-round interviews are generally unscripted and designed to follow up on topics and questions identified during the first round of interviews. The Interview Workshop that takes place before the slate presentation, or in a separate advance session, is designed to prepare the Board for candidate interviews. It will include written guidelines and protocols to ensure informative and comprehensive interviews. The workshop is approximately one to two hours in length and will also cover the steps in the final stages of the search.

The Associates will facilitate each decision-making session of the Board, if desired. Such involvement permits more active engagement by all Board members in both the general search process and the specific dialogue regarding the candidate pool. In facilitating the decision-making process, HYA assists the Board in assessing the abilities of the respective candidates in relation to the criteria identified by the Board. HYA does not provide counsel relative to the Board's process for interviewing candidates.

An additional step, which is highly recommended towards the end of the Select Phase before any public announcement, is the third-party due diligence report. This process involves an investigative background check(s) that may be conducted on candidates that the Board brings back for final interviews or the preferred candidate. The investigative background checks (s) are conducted by an independent third-party entity and include a review of criminal and civil court records, driving records, college degrees, and university accreditations. The comprehensive package includes print and social media reviews.

Transition Phase

From placing over 1,600 leaders, HYA knows how critical the transition phase is for success and longevity. Our transition phase includes facilitating a meeting with the Board and the new superintendent to:

- Share nuances and insights that may not be readily apparent in the Leadership Profile Report;
- Discuss governance and communication protocols;
- Review the superintendent's draft of 100 Day Plan.
- Collaborate on crafting initial performance goals for the superintendent.

COST

We are proposing an **ALL IN** fee that includes all the consultant work outlined in this proposal and the RFP, state and regional advertising, the **customized** online survey, and a **third-party independent background check for the final candidate**. We are not seeking reimbursement for any consultant travel. The only additional expenses will be if and when the district wants to bring in candidates for interviews and visits, and those reimbursements will be provided directly by the district to the candidate.

The proposal “all in, not to exceed” fee is **\$29,900**, payable in three segments:

- 1) \$10,000 upon contract signing
- 2) \$10,000 following the slate presentation
- 3) \$9,900 once the new superintendent’s contract is signed

Purpose

The purpose of this Letter of Agreement (the “Agreement”) is to document the working arrangement between Hazard, Young, Attea and Associates (“HYA”) or (“Consultant”) or (“Associate(s)”), and the Highland Park Independent School District Board of Trustees (the “District”) or (the “Board”) to support the Board in its effort to recruit and employ their Superintendent of Schools.

Section I: HYA Responsibilities

HYA shall provide the following services and deliverables:

Engage Phase:

- B. Provide for up to four individual consultant days to conduct 15 individual interviews, 20 focus groups of up to 20 participants each, 2 community wide forums, and 1 all staff forum or a combination thereof for face-to-face and/or online videoconference sessions, as determined by the District. The Board and District Leadership Team will collaborate with consultants to determine who will be selected for individual interviews and the categories, dates and times, and location of focus groups.
- C. Develop, administer, and analyze a customized electronic survey of community constituents and provide a report of findings. The survey will obtain input from the array of district stakeholders regarding the desired professional qualifications and personal attributes desired for the next leader. It will also gather feedback on the mission and vision, goals, needs, and priorities of the school district to help better match a candidate’s skills with the needs of the District and requirements of the role.
- D. Provide templates for invitations for interviews, focus groups, forums, and survey access to the district for distribution.
- E. Seek direction and input from Board regarding findings from interviews, focus groups, and survey prior to building a profile for the new superintendent role.
- F. Prepare and present a *Leadership Profile Report (LPR)* presentation deck and final report on the data from the survey, interviews, forums and/or focus groups with district and community representatives and other material made available to the associates.

Recruit Phase:

- G. Prepare and coordinate advertisements as selected and paid for by the Board.
- H. Recruit and contact candidates from the education sector as well other sectors (i.e., non-profit, military and private), utilizing state and national networks as well as Board and stakeholder nominations.

- J. Create a Shared Drive Board Portal as a repository for all candidates' application materials.
- K. Interview candidates face-to-face or via video conference.
- L. Conduct reference checks and complete news media and social media background checks.
- M. Identify best qualified candidates.
- N. Prepare materials of selected slate of candidates for the Board consideration.

Select Phase:

- O. Present a slate of candidates, the number of candidates to be determined by the Board or Board Committee in collaboration with the consultants.
- P. Conduct the Interview Workshop and provide materials, sample questions with a rubric and "look fors," and protocol to ensure informative effective Board interviews, for all rounds of interviews.
- Q. Schedule interviews for the Board with selected semi-finalists and finalists.
- R. Facilitate Board discussion to narrow candidate pool after each round of interviews.
- S. Assist Board in developing a draft salary and benefit package for the new superintendent.
- T. Coordinate and provide investigative background check(s) of candidates as selected and paid for by the Board.
- U. If desired, assist the district in organizing a "verification visit" to the final candidate(s) current district.

Transition Phase:

- V. Communicate with all unsuccessful candidates at the close of the search and the appointment of the new superintendent.
- W. Hold a debriefing meeting with the new Superintendent and Board regarding information learned throughout the search process as it relates to creating annual goals and a 100 day plan.
- X. Offer other transitional services to be considered by the Board and if desired, paid for by the Board.

Section II: Board and District Responsibilities

- A. The Board approves the search process and the application requirements at the Planning Meeting.
- B. The Board selects advertising to be paid for by the Board.
- C. The Board/District collaborates with HYA to develop advertising and recruiting verbiage.
- D. The Board/District collaborates with HYA to schedule focus groups, interviews and forums and manage the logistics of these sessions.
- E. The Board/District determines the process for selecting the participants in focus groups and issues invitations to focus group participants, identify locations for the groups, and follow up with a second notice if necessary.
- F. The Board conducts interviews (and verification visits, if desired) of finalists shortly after a slate is presented.
- G. The Board/District writes and executes the employment contract with the selected superintendent, with the assistance of its attorney. The Associates will support the Board and its attorney at no additional cost, if requested.

- H. The Board/District communicates with local media regarding the search process and appointment of a superintendent with its community relations/public relations designee. The consultants will support the Board and its designee at no additional cost, if requested.

Section III: Guarantees

- A. Throughout the search process the consultants will be available to counsel with the Board about the search. The consultants will assist the Board, at no additional cost, until the Board determines it has found the appropriate candidate for the position.
- B. The superintendent appointed with HYA's assistance will not be recruited for or presented to another school district board of education as a candidate unless the Board provides written authorization to HYA that they may do so.
- C. If the Superintendent departs from the position during the first year under any circumstances, HYA will recruit new candidates for the Board at no additional cost barring travel, advertising and due diligence expenses. If the Superintendent departs prior to the end of the second contract year and the majority of the Board who selected the leader is still intact and serving on the Board, HYA will recruit new candidates for the Board at no additional cost barring travel, advertising and due diligence expenses.
- D. Should the Board choose to end the search before a superintendent is selected, the Board is responsible for a pro-rated portion of the search fee, any advertisement costs incurred prior to the date of termination, background checks and all expenses incurred prior to their decision. Should HYA choose to end, or become unable to complete, the search once the Engagement Phase is completed and before a superintendent is selected (anytime during the Recruit, Select, or Transition phases), HYA is responsible for repayment of any portion of search fees already paid by the District less the District's 50% initial payment upon contract signing (Section IV A below).
- E. HYA agrees that the principal consultants for the Highland Park Independent School District superintendent search will be Dr. Glenn McGee and Jim Largent, as well as others if necessary. No principal consultant for this search will simultaneously conduct or participate in searches for districts with similar demographics, resources, and record of achievement. Dr. Glenn McGee will serve as lead consultant for the entirety of the search and will not take on any role of interim superintendent, school or district administrator, or adjunct professor during the entirety of the search. In the event a principal consultant other than Dr. Glenn McGee takes on any such additional roles as named herein, HYA will provide another equally or more highly qualified consultant with recent and relevant experience facilitating other superintendent searches.
- F. HYA agrees to comply with all District and state legal requirements.
- G. HYA agrees to preserve the confidential nature of any information that becomes available to the firm resulting from the services rendered to the Board.

Section IV: Fees and Payment Schedule

In consideration for Services, the District will pay to Hazard, Young, Attea and Associates for:

- A. Consulting Fee for the search in the amount of **\$29,900** which includes the four phases of the search process described above.

This fee is due in three installments:

- 50% will be invoiced upon execution of the contract/agreement
- 25% will be invoiced upon presentation of the slate
- 25% will be invoiced upon appointment of the new superintendent

- B. Advertising: HYA's webpage and social media pages are included in the above consulting fee (IV.A.) as is advertising in the Texas Association of School Administrators. Additional advertising is available as selected and paid for by the Board pursuant to the Advertising Services Schedule attached to this agreement.
- C. Additional Background Check: At Board expense, HYA will provide a third party investigative background check which consists of transcript verification, social media and news media research, and research and reporting on legal and financial background matters for the final candidate the Board seeks to select. This third party, independent check is in addition to the due diligence social media, news media, and internet profiles and image screening HYA conducts, at no additional cost, during the process on all qualified and eligible candidates. The cost for this will not exceed \$2100.
- D. Travel Reimbursement for Consultants: The District agrees to reimburse consultants for any Board approved travel beyond the first four on site consulting trips. Reimbursements may include air fare, car rental or ride share expenses, and mileage at the standard IRS rates upon submission of the District's required forms. In the event an overnight stay is required due to onsite meetings on consecutive days, the District agrees to reimburse any out of state consultant(s) for modest lodging. Meals are not reimbursable.

Section V: Reimbursement Costs for Finalists and/or Semi-finalists

If the Board chooses to reimburse candidates for travel for interviews, candidates will submit for reimbursement directly to the District.

Section VI: Additional Services

If the Board wishes to secure additional services beyond those described in this agreement or to design customized workshops and services, these services can be discussed and defined with the consultants and added to the contract as an addendum.

Section VII: Business Relationship

- A. The District and HYA agree that HYA does not have the status of employee, shall not be entitled to any employee fringe benefits, and shall function as an independent contractor. Accordingly, HYA shall be responsible for, and shall pay for, any wages, benefits, charges, fees, taxes, including social security taxes, health care charges/taxes, workers' compensation taxes, unemployment taxes, STRS/SERS contributions (if required), and/or any other governmental charges or taxes required to be paid on behalf of HYA's service providers, employees, agents, contractors, subcontractors, or assigns performing any work or providing any services under this Agreement.
- B. The District agrees that any and all Intellectual Property and technology designed, made or conceived by HYA (solely or jointly with others) arising from HYA's work for the District, is the sole property of HYA, without royalty or other consideration to the District. The District and the Board agree that neither the Board members nor any District employee will disclose HYA trade secrets or confidential information to any person outside of the District's employment or make any unauthorized use of such confidential information.

- C. All information, notes, interview sheets, lists, and other documents developed by HYA consultants shall remain the property of HYA. Notwithstanding the foregoing, HYA acknowledges and agrees that records it provides to the District, or records collected and maintained on the District's behalf, may be subject to production under the State of Texas Public Records Laws and Open Meetings Act.
- D. The Board's decision to hire or not hire a particular candidate is at the sole discretion of the Board; and the Board takes responsibility for that decision. HYA is not responsible for any decision the Board makes in the employment process relative to the hiring or failure to hire of any candidate(s) slated by the Consultants.

Section VIII: Term and Termination

This Agreement shall become effective on the date the Agreement is signed by the District and will continue in effect until the earlier of: (1) the search is completed and mutually terminated by both parties, or (2) either party provides the other with written notice of termination.

LITIGATION RECORD

HYA has not been involved in litigation with any of our clients within the last five years or for that matter since the firm's inception.

ENSURING CLIENT SATISFACTION

HYA's philosophy and practice is to do whatever it takes as long as it takes to ensure every school district finds the leader who is the perfect fit for that district. Our consultants are committed to remaining with you throughout the entire process. Moreover, HYA guarantees that we will conduct the recruitment and selection phase at no additional cost within two years after the superintendent is hired, if the Board decides to sever the employment relationship with the superintendent provided the majority of the Board members who initially hired the superintendent are currently active Board members.

Additionally, HYA guarantees it will not recruit the superintendent for any other position as long as she or he is employed by the district without written consent of the Board President. If the selected superintendent were on his own volition to apply for another district HYA is serving, HYA would report that to the District's Board President and would not screen, interview, or slate that candidate.

Turning to the RFP's required information regarding a successful search, if HYA's recommended Slate is not considered viable or if the pool of the finalists proves not to be viable, HYA is committed to reopening the search, assisting in identifying and placing an interim Superintendent, and extending the timeline as long as it takes to find the next Superintendent at no additional charge. A recent example was the Milwaukee Public School search. While the Board did not have serious objections to the initial slate of six candidates, they thought there would be some more qualified applicants if the timeline were extended four to six weeks. Dr. Richie, who was co-leading the search, and Dr. McGee as HYA's President got to work and recruited four additional candidates, three of whom made it to the finals, and one whom Dr. McGee personally recruited – Dr. Brenda Cassellius – was ultimately selected.

Re: Max McGee and Jim Largent of Hazard, Young, Attea & Associates

To Whom it May Concern,

It is my privilege to highly recommend the work of Hazard, Young, Attea & Associates, and in particular, the work of Max McGee and Jim Largent. During a recent superintendent search for the Highland Park Independent School District in Dallas, Texas, I had the pleasure of working closely and regularly with both Max and Jim and can attest to the incredible value they brought to our superintendent search process on all fronts.

First and foremost, the quality of Max's and Jim's work was most evidenced by their ability to recruit, vet, and recommend to our board for consideration such an outstanding list of semi-finalist and finalist superintendent applicants. Max and Jim vetted over a hundred candidate names, including names recommended by our own trustees and community members. Even with engaged trustees and community members adding names to the overall candidate pool, it was evident our board would not have had such high caliber applicants to consider but for the vetting and recruiting efforts of Max and Jim within their extensive HYA network, and even more so, within their own personal networks. Furthermore, they did not just bring us high caliber candidates, but just as importantly, candidates who particularly matched the local desires and needs of our board and community. Max and Jim promised to make our job difficult by bringing us too many outstanding, well-suited candidates; I believe they kept their promise in full.

Additionally, Max and Jim went above and beyond in conducting a thorough and successful engagement phase for our superintendent search. During the engagement phase, they exceeded expectations in the amount of time they spent, both in gathering information from our various stakeholder groups and in synthesizing the vast amount of information they gathered into a useful Leadership Profile Report that would guide our search. They conducted over 38 forums, focus groups and interviews (with over 300 participants in total) and received over 1,700 responses to their online survey. When needed, they went beyond the call of duty to meet with additional stakeholders and ensure all felt heard. Upon interacting with more challenging audiences, they responded with grace, diplomacy, and steadfastness. In creating the Leadership Profile Report, they masterfully represented both our district's positives and its areas for improvement in such a constructive way that all parties truly felt heard and even some more critical voices quieted.

Finally, I would add that Max and Jim continually impressed me with their interpersonal skills. They exhibited the utmost professionalism in all contexts, but they did so in a way that was both personable and collaborative. Both Max and Jim proved their keen sense for reading a room and understanding the unspoken nuances that can exist. They continually made themselves available to answer a phone call, respond to an email/text, join a zoom, or even come on site as needed. We hired Max and Jim to execute a tried-and-true superintendent search process,

which they did with excellence. But as experienced past superintendents who have also worked alongside many different boards as consultants, it was the objectivity, wisdom, and counsel they gave us along the way as trustees for which I will be forever grateful. I came to value Max and Jim as true partners and friends who I would call again for counsel in days ahead.

I recommend Max McGee and Jim Largent of Hazard, Young, Attea & Associates for your consideration without reservation. I am confident they will continue to exceed expectations as they lead future searches. If I can be of further assistance, please do not hesitate to contact me.

Sincerely,

To Whom This May Concern,

In the wake of unexpected leadership transition and board turnover, HYA delivered exceptional results when Yorkville CUSD 115 needed it most. Historically, our district has used HYA for program evaluations and strategic planning. When the district was faced with this improbable disruption, we looked to our trusted partner, HYA, and did not even consider another firm.

HYA's comprehensive approach went over and beyond typical search services. The HYA team provided crucial interim support while simultaneously guiding an executive search process that honored our district's unique staff, teachers, and larger community needs.

HYA's incomparable services lie in their stakeholder engagement and unparalleled talent network. They attracted aligned candidates through research-based practices, careful listening, and precise matching of leadership qualities to our district's distinct challenges. Most importantly, HYA provided a sense of stability and professionalism during a period of considerable uncertainty for our district.

Their professionalism, accessibility, and strategic guidance throughout the process transformed a taxing transition into a seamless opportunity for our district's continued advancement. For districts seeking not just a search firm, but a true strategic partner—HYA presents the gold standard in educational leadership.

Sincerely,

Shawn A. Schumacher, Ph.D.

Dear Members of the Board of Education:

Thank you so very much for offering my education consulting practice the opportunity to present a proposal and share a conversation with you about an effective search process that we could facilitate with your district for your new superintendent. We are confident we could work together to find a successful leader for Central Unit School District #301. We are very much aware of the great pride the district takes in always providing for your community and students an effective and successful leader.

I am a retired superintendent from Will County after serving as Elwood CCSD #203 Superintendent for nine years. I have been retired now for four years. I facilitate my own consulting business and have also served in two interim capacities since I retired. More details on my background are provided for you in this proposal.

We define our success as a consultant by the success our mentees and constituents have in the education position they are serving. We will begin to understand your strengths and needs through conversations with the members of the Board, staff, and your entire constituency, if the Board of Education wishes to have a variety of stakeholders involved in the superintendent search process. Our recruitment and interview process will result in well-vetted, highly qualified candidates from which the Board of Education will make their selection of a new superintendent.

Thank you for considering our proposal for your superintendent search. Again, we would feel very honored to work with the Central Unit School District #301 Board of Education to achieve the mutual goal of finding great leadership for the students you serve.

- Interview Committee(s) comprised of staff, parents and community members interview the semifinalists in a structured process and each member writes individual feedback.
- The Board may have the semi-final candidates give a short Formal Presentation to observe the candidates' presentation skills.
- The Board conducts a second set of interviews using feedback from the Interview Committees in a formal and informal setting.
- The Board negotiates and takes action on the new Superintendent's contract.

Proposed Search Plan

Methods to communicate with the School Board

We have found the best method to communicate with a School Board is through a Board Liaison and District Staff Liaison. We use phone, email, scanning and texting. However, we will communicate in the way best for all Board members in your District. Our consultants are available to meet with the Board in person as often as requested. During the search, we provide updates and formal reports as needed and present the Slate of Candidates. We will recommend that the Search Process, Search Timeline, and original Profile Report be displayed on your District's website for all constituents, staff members, Board members and candidates to see.

Timelines, pre-qualifications, and final recommendation processes

Our suggested timeline is listed with a detailed search description. We find that bringing a slate of five (5) to seven (7) pre-qualified candidates to the Board works the best. We then provide training for the Board to interview and reduce the slate to three (3) finalists in first interviews. We also recommend interview committees to make non-ranked, individual recommendations to the Board before their final candidate interviews. The Consultants will facilitate these interviews.

Our role in assisting the Board with candidate selection

We will provide the Board with detailed written interview guidelines, including questions for the candidates. We will provide training for the Board in interviewing techniques. We provide all written materials for the Interview Committees and may facilitate the interviews.

Recommendations for community participation

We recommend that the Board involve both citizens and staff and that they confidentially interview the candidates during the final interview stage and offer feedback to the Board of Education.

Information needed from Board and staff

In every search, there are specific duties and actions that can be performed only by District Board and staff liaisons. We recommend one designated Board member as the liaison for the overall communication purposes of the search and one staff member assigned to the search for logistical purposes.

Designated staff member(s) will be asked to do the following tasks:

- Send the survey link to community and post on District website
- Provide logistical support for Focus Groups
- Duplicate copy ready materials for the interview committees
- Oversee arrangements for the interview places and equipment needed for them
- Assist in making dinner arrangements for the Board and the finalist candidates. (Optional)
- Duplicate the Committee feedback for each board member after the finalist interviews.
- Assist the Board liaison and Consultants as search issues arise

Methods to identify and recruit candidates

To identify prospective candidates, we use a variety of methods. The most efficient way is through our Colleague Network. We have 60 consultants in **SCHOOL EXEC CONNECT** who work very closely together to identify candidates. Our national network has been effective in identifying candidates from out-of-state. We will use regional and state venues to advertise the position and will work with your Board to design your complete advertising approach for the position. Because candidates know and trust our firm, they will check our website and your District's website for information about your position.

Central Community Unit School District 301 Request For Proposal-Superintendent Search

Executive Summary

The Illinois Association of School Boards' Executive Search team is honored to provide this information response to Central Community Unit School District 301. The proposal was prepared following careful consideration of the scope of services necessary for a successful superintendent search.

- A robust nationwide search designed to attract diverse and highly qualified candidates.
- A transparent process customized to meet the Board of Education's wants and needs and also includes meaningful stakeholder input.
- Recruitment and outreach designed to attract the most qualified candidates.
- The utilization of disaggregated stakeholder input to develop an "ideal candidate profile" and to inform interview questions.
- A close analysis of each candidate's application and qualification to discern strengths, weaknesses, and the likelihood of success.
- Screening interviews and reference checks to vet the top potential candidates.
- The provision of support and resources to fully prepare the Board for first- and second-round interviews, candidate analysis, compensation considerations, and more.

In short, the IASB will partner with your district as an experienced search team that has: a proven track record; stellar client satisfaction; a high superintendent retention rate; a robust national network and outreach; a customizable process; knowledgeable and dedicated search consultants; and close affiliation with state and national professional organizations to maximize outreach, recruitment, and vetting. As the market leader for superintendent searches in Illinois, the IASB's Executive Search team meets and exceeds each of those priorities.

Recruiting and hiring a superintendent is the most critical task a Board will undertake. The stakes have never been higher, and the need for exceptional school leaders has never been greater. Central Community Unit School District 301 is an important school district; the Illinois Association of School Boards' Executive Search team has the expertise, energy, network, and process to collaborate with the Board of Education to secure the superintendent best suited for your district.

Central Community Unit School District 301 is a member of the Illinois Association of School Boards—a not-for-profit organization—our Executive Search team is able to provide high-quality services as the private for-profit firms for considerably less.

Experience and Qualifications

The Illinois Association of School Boards (IASB) is located in two offices, both in Illinois. Services will be provided through our Lombard Office which is very easily accessible to the district and is approximately 38 miles away.

We are the only organization whose primary goal is to serve Illinois boards of education and Illinois public schools. The Executive Searches service of the IASB is the most experienced search service in the state. IASB has primarily conducted superintendent searches for member districts for more than 50 years. There have been 656 searches done over the last 25 years in 83 of the 102 counties throughout the state.

Project Team

The Executive Searches area of IASB has nine members. A minimum of three members will be assigned to Central Community School District 301. The lead consultant serving the district will be Dr. Carmen I. Ayala. Mr. Al Molby, consultant, and Mrs. Mary Torgler, an administrative assistant, will provide support and assistance. The resumes of Dr. Ayala and Mr. Molby are attached to this proposal. There are no conflicts foreseen with any of the Executive Search team members.

Experience

After retiring as the Illinois Superintendent of Education, Dr. Carmen I. Ayala joined IASB in January of 2024. Dr. Ayala has over 40 years of experience in education. She has lead and supported 9 searches. Mr. Alan Molby has been with IASB since 2015 and has lead 55 searches.

The amount of time taken to fill the position (from firm engagement through offer accepted) generally takes approximately from four to six months.

The duration the selected successful candidate remained (or has remained) in the position, for candidates recruited by IASB, has been as follows:

Out of 26 superintendents recruited and hired by IASB during the 2022-2023 school year, 96% still remain in their position as superintendent. Out of 21 superintendents recruited and hired by IASB during the 2023-2024 school year, 100% remain in their positions. This represents a 96% retention rate. The IASB has served 630 school districts in 83 out of 102 counties in Illinois since 2001 with an overall retention rate of 94%.

Steps in the Superintendent Search Process

Introduction

- Consultation with the IASB search consultant(s) is available throughout the search process.
- IASB guarantees to continue to work with the Board of Education until a selection is made.
- Please note there are five services identified as “Optional.” If any or all of the optional services are selected by the Board of Education, the additional/applicable fee(s) will apply (see Menu of Services).
- The steps in this document pertain to a superintendent search. When contracted to facilitate a professional search for a different position (e.g., CSBO, assistant superintendent, principal), the steps are adjusted as appropriate and agreed to.

STEP 1. Develop Timeline, Announcement of Vacancy, Criteria, and Salary (Open Session)

After an official board action to approve the Illinois Association of School Boards (IASB) to facilitate the superintendent search, an IASB consultant will meet with the Board of Education to establish the timeline (see attached) and process to be followed in the search. It is important to have agreement about a clear process which will give the search “transparency” and legitimacy in the eyes of all.

Each member of the board will complete a survey* which is used to determine the ideal candidate section of the announcement of vacancy. In addition, a link to an online survey will be made available to the staff, parents, and/or the community to solicit their input on priorities regarding the person to be sought as superintendent. The surveys will be tabulated by IASB. A summary report of the board, staff and/or community surveys will be shared with the board at a scheduled meeting. The survey results will be used to develop the “Ideal Candidate” traits and requirements that will be included in the *Announcement of Vacancy*.

*The survey provided is used statewide and was developed in consideration of the *Professional Standards for Educational Leaders*. It identifies traits/skills needed for educational leader success, and forces participants to choose those most significant to them. The responses of the stakeholder groups – Board, staff, parents, and/or community—will be analyzed for congruence. In addition, specific questions can also be added about the education, experience, and residency of the new superintendent.

The IASB consultant will provide the board with salary data (i.e., regional/state data only—not candidates’ salary history, per 2019 legislation) to help the board determine the compensation to be offered.

Optional Module A: Conduct In-District Focus Group interviews.

The IASB consultant will act as an interviewer and facilitator to gather perceptions of key district members (e.g., representatives from district administration, staff, parents, and/or other members of the school community) regarding the characteristics and skills to be sought in a new superintendent. This up-front input will be used in conjunction with the survey results to develop the “Ideal Candidate” criteria.

STEP 2. Announce and Advertise the Vacancy.

The IASB will solicit applicants for the position in accordance with the timeline established by the board. As part of an aggressive nationwide search, the vacancy will be placed before potential candidates across the nation and around the globe. Postings and/or contacts might include:

- IASB posts positions on its website (www.iasb.com/executive).
- Illinois Association of School Administrators (IASA) Job Bank (<https://www.illinoiseducationjobbank.org>).
- National Affiliation of Superintendent Searchers (NASS) members.
- Position posting on K12jobspot.com.
- Illinois Council of Professors of Education Administration (ICPEA) members.
- Higher Logic email to the following groups:

Illinois Association of School Business Officials (IASBO).

Illinois Principals Association (IPA) membership.

Illinois Association of School Administrators (IASA) membership.

Illinois Council of Professors of Educational Administration

Current Superintendents throughout the State of Illinois.

A listing of individuals who have indicated an interest in receiving the IASB vacancy notices and current superintendents.

The IASB consultant will assist the board in developing and completing the material for the *Announcement of Vacancy* (i.e. customized advertising brochure) which will publicize the position. The *Announcement of Vacancy* will typically reference information regarding the application process, the candidate traits and experience sought, compensation, key search timeline dates, the district and the surrounding area, the financial structure of the district, and the members of the Board of Education. The *Announcement of Vacancy* will be reviewed and discussed in Open Session.

Optional Module B: Utilize Additional Advertising

Advertisement in *Education Week*, a national publication devoted entirely to education.

Advertisement on the AASA homepage, the AASA Career page, the AASA News of the Nation and Leader's Edge e-newsletters.

Advertisement through the Association of Latino Administrators and Superintendents (ALAS).

STEP 3. Collect Applications; Verify Qualifications, Experience and Licensure of all Candidates.

IASB accepts only online applications. IASB will verify candidates' qualifications and licensure and will field questions from those interested in the position.

STEP 4. Analyze All Applications.

IASB will assemble a team to analyze the materials submitted by all applicants. Consultants independently and collectively analyze all applications in order to identify ideal candidates.

IASB unbiased screening team will interview candidates before presentation of recommended candidates to the Board. As a result of these formal, structured interviews, the IASB screening team will finalize the slate of candidates to be presented to the board.

STEP 5: Develop a List of Recommended Candidates.

IASB will use the “Ideal Candidate” section of the Announcement of Vacancy to identify candidates who are deemed the best fit/match for the district.

STEP 6: Conduct Limited Background Inquiries on Recommended Candidates.

The IASB reviewing team will verify references of recommended candidates. IASB will perform a limited background inquiry of each applicant before placing him/her in the pool of candidates that is presented to the board.

The ultimate employer of the candidate should make personal contact with the semifinalist candidates’ references, since you as the employer will be held accountable for your hiring decisions. Therefore, the references you rely on to make this decision should not be second-hand. The district is responsible for conducting a criminal background check on the candidate selected for employment and completing other hiring protocols as required by district policy or recommended by district legal counsel. Many employers wish to utilize an Employment Screener Provider to ensure they are securing the very best people to fill positions. To that end, Peopletrail is one service that offers organizations an array of pre-employment solutions. (See additional information on the last page of this document).

STEP 7: Schedule Candidate Interviews with Board of Education.

IASB consultant will schedule first round interviews at the discretion of the Board of Education and the availability of the candidates.

STEP 8: Present Recommended Candidates and Interview Preparation (Closed Session).

The IASB consultant will meet with the Board of Education in Closed Session to provide:

- A report with a summary of the entire applicant pool (e.g., number, state of residence, educational preparation, and current responsibilities/positions).
- A slate of candidates recommended by the screening team, including the professional preparation of each candidate. The board will receive the complete application packet of each of the candidates recommended by the screening team.
- Information, documents, and procedures to assist the board in conducting first and final round interviews, evaluating candidates, and conducting a Site Visit.

Optional Module C: Conduct Practice Interview Session

In order to prepare for interviews with the recommended candidates, an IASB consultant will conduct a practice interview session with the board. This will occur in Closed Session.

Conduct Initial Interviews of the Recommended Candidates.

To prepare, the board will study the candidates' credentials and application materials. In addition, the board president, or his/her designee, will conduct reference inquiries. The board will conduct the first round interviews with each candidate in Closed Session.

Conduct Second Interviews of the Identified Candidates.

From those initially interviewed, the board will select candidates in whom it has a high degree of interest for second round interviews. If not already completed, the board president, or his/her designee, will conduct reference inquiries. The board will conduct the second round interviews with each candidate (i.e., the semi-finalists) in Closed Session.

Optional Module D: Facilitate Stakeholder Group Interviews with Semi-Finalists.

IASB consultant will facilitate stakeholder group (e.g., representative district administrators, teachers/staff, parents, community members) interviews with each semi-finalist candidate.

STEP 9. Conduct Site Visit and Finalize Decision.

After narrowing the field to a preferred finalist, the IASB recommends that a delegation of two board members visit the community in which the finalist works and/or resides. The site visit will serve as a further means of assessing the favored candidate's appropriateness for the position. The board will hear a report of the site visit from the delegation. Based on the report by the delegation, the board will either offer a contract or re-evaluate the candidates. The board will finalize its process as a result of the interviews, reference inquiries, and site visit and will offer a contract to the person of its choice.

STEP 10: New Superintendent Hired.

Upon official board action and signing of contract, the board will notify staff and the community of the selection. The Board will make arrangements for the district and community members to meet the person as quickly as possible.

Post-Search Workshop for the New Team (facilitated by Field Services Director).

IASB is pleased to offer your board and new superintendent team a complimentary in-district workshop to assist you as you move forward working together during this first critical year. This workshop will provide an opportunity for the board and new superintendent to begin to build the new governance team and to become acquainted with resources your school board association has available to support you in this important work. The workshop generally will be a “team building” workshop that may be customized based upon district needs.

IASB guarantees to continue to work with the board of education until a selection is made.

Cost

The cost for the superintendent search is **\$9,400**. It is all-inclusive with the exception of four options the district may choose from. Those options are as follows:

☐ **OPTIONAL:** IASB consultant conducts in-district staff and/or community interviews to supplement survey results.

(Additional Cost: \$1,500 per day per consultant)

☐ **OPTIONAL:** Place additional advertising (e.g., Education Week, AASA). (Additional Cost: Actual Cost)

☐ **OPTIONAL:** IASB consultant conducts in-district practice interview training session with Board of Education members.

(Additional Cost: \$1,500)

☐ **OPTIONAL:** Facilitate in-district stakeholder group interviews with semi-finalist candidates.

(Additional Cost: \$1,500 per day per consultant)

There are no additional costs for materials, travel, posting or advertising (except as described above. A sample Professional Services Agreement is attached. One-half of the

cost is required upon signature of the agreement and the balance once the superintendent has been selected and his/her contract secured.

Ensuring Client Satisfaction

We offer a statement of assurance and a guarantee of services:

- In the (highly unlikely) event the search process does not proceed as anticipated (e.g., candidates presented are not fully satisfactory to the Board, the preferred candidate does not accept the position), the search will be adjusted, extended, and/or re-launched **at no additional cost to your school district.**
- If the superintendent hired leaves the district within the first year of employment—regardless of the reason — IASB will facilitate a new search to replace that individual **at no additional cost to your school district.**

Additional Information –

IASB is a member of the National Affiliation of Superintendent Searches (NASS). NASS is comprised of 39 states who share candidate postings and support each other in finding the most qualified superintendent candidates. It is unique to no other search firm due to the number of states and level of recruitment outreach it provides. IASB is also transitioning to Revelus, an application system that is used by 17 states. This also provides additional recruitment outreach than other search firms.
