## FY 2024 DRAFT BUDGET #1

For Presentation to the Board January 10, 2023

---

Mrs. Sandra Martinson, President  
Mrs. Jamie Burgess, Superintendent  
Mrs. Darlene Trigg, Vice-President/Clerk  
Mr. Bob Metcalf, Treasurer  
Mrs. Nancy Mendenhall, Board Member  
Ms. Marjorie Tahbone, Board Member

### MISSION

We inspire and empower students to be culturally grounded responsible citizens who are deeply connected to our community and world.

January 6, 2023

Members of the Board of Education  
Nome Public Schools  
Nome, Alaska 99762

The Nome Public Schools (District) is pleased to present you with the budget for the fiscal year 2024. The budget document is the primary document that communicates the District's plans for spending in the ensuing fiscal year, and it also details its organizational goals and objectives in monetary terms. The District is required to prepare and approve a balanced budget and submit it to the City of Nome by May 1<sup>st</sup> and to the Department of Education & Early Development by July 15<sup>th</sup> each year. A balanced budget is defined as revenue budgeted at least the same as, or more than, the budgeted expenditures or use of fund balance.

In presenting the FY2024 Budget document, we may discuss the instructional, operational, and financial plans in an open forum. We believe community interaction and input between stakeholders leads to improvements benefiting the education of children at Nome Public Schools. The administration of Nome Public Schools has reviewed and discussed its plan for the FY2024 school year in terms of what can be accomplished within the bounds of a balanced budget.

Budget development and analysis is always a work in progress. Changes will occur in FY2024 when salaries, benefits, and foundation funding are finalized.

## Organizational Component

The City of Nome was incorporated in 1901 as a first-class city under the laws of the Territory of Alaska. The City operates under council-manager form of government and performs municipal duties allowed by Alaska Statutes and as directed by its residents.

The Nome Public Schools is a component unit of the City of Nome and is organized under Title 29.42.030 of Alaska Statutes as amended. The City has delegated the administrative responsibility for these functions to the Nome Public Schools Board of Education. The School Board is governed by a five-member school board with members elected by district and complemented by a non-voting student representative.

## Budget Process

**Alaska Statute 14.14.065. Relationship between city school district and city.** The relationships between the school board of a city school district and the city council and

executive or administrator are governed in the same manner as provided in AS 14.14.060. AS 14.14.060 (c) states “except as otherwise provided by municipal ordinance, the borough school board shall submit the school budget for the following year to the borough assembly by May 1 for approval of the total amount. Within 30 days after receipt of the budget the assembly shall determine the total amount of money to be made available from local sources for school purposes and shall furnish the school board with a statement of the sum to be made available. If the assembly does not, within 30 days, furnish the school board with a statement of the sum to be made available, the amount requested in the budget is automatically approved. Except as otherwise provided by municipal ordinance, by June 30, the assembly shall appropriate the amount to be made available from local sources from money available for the purpose.

The District’s School Board approves a budget timeline which includes opportunities for presentation to the public. Below is the FY2024 budget timeline.

#### **FY 2024 BUDGET PROCESS AND TIMELINE**

##### **Budget Process, Timeline, Revenue Presentation, Board Sets Education & Fiscal Priorities For the District in Accordance with their Strategic Plan**

*BP 3100 - BUDGET – The district budget shall be prepared annually from the best possible estimates of revenues and expenditures. The Superintendent or designee shall determine the manner in which the budget shall be prepared and shall schedule the budget adoption process in accordance with legal time requirements. A public hearing shall be held prior to the adoption of the budget or a revised budget.*

## **General Fund Revenues and Expenditures**

Below are the assumptions used to develop the budget.

### ***Revenue Budget***

We have developed this budget based on assumptions about legislative funding for FY2024. This budget assumes that we will be flat funded at \$5,930 per base student allocation (BSA)

with no cuts to Basic Need or any part of the foundation formula itself. We are budgeting for a \$3.2M City of Nome appropriation, which is 87% of the maximum allowable appropriation.

In the State of Alaska, the number of students enrolled in a district during the 20-day count period is the basis for computing the Average Daily Membership (ADM) that is used to calculate the amount of state funding provided to each district.

Revenue projection of \$15,383,673:

- ❖ Enrollment projected at 693 students
- ❖ 90% of the BSA for Correspondence students – 27 projected
- ❖ Intensive students (13 x's the BSA of \$5,930) – 15 projected
- ❖ ISER Area Cost Differential of 1.45
- ❖ Career & Technical Education (CTE) Factor – 1.015
- ❖ Special Needs Factor – 1.20
- ❖ Base Student Allocation (BSA) - \$5,930
- ❖ TRS On-Behalf and PERS On-Behalf – zero net effect against on-behalf expenditures
- ❖ City appropriation is budgeted at \$3,200,000
- ❖ Impact Aid estimated at \$35,200
- ❖ E-rate estimated with 90% discount rate on internet bills - \$1,338,461
- ❖ Other Revenues projected at \$310,000 (includes dorm and DOT rent, local contributions, gate fees)
- ❖ Utilize unreserved fund balance - \$1,063,691; leaving a 6.65% fund balance which is *above* the Board stipulated 5% minimum.

## *Expenditure Budget*

Below are the expenditure highlights and other considerations for FY2024. This budget includes:

- ❖ Annual step increases/salaries updated.
- ❖ A 2% increase to health insurance premium rates.
- ❖ Other employer-paid benefits remain status quo – 22% for PERS & 12.56% for TRS.
- ❖ Staffing based on a combination of needs-based and overall monetary availability per revenue and expenditure assumptions.
- ❖ Utilities remain close to status quo, with the exception of heating fuel which has been decreased to mid-range between FY22 costs and FY23 costs.

## **Nome Elementary School**

- ❖ Retained same staffing levels as FY23.
- ❖ Non-personnel budgets remain status quo.

## **Anvil City Science Academy**

- ❖ Retained same staffing levels as FY23.
- ❖ Non-personnel budgets remain status quo.

## Nome-Beltz Middle High School

- ❖ Increased staffing expense by 1.0 FTE – Behavior Specialist (was grant-funded in FY23).
- ❖ Non-Personnel budgets remain status quo.

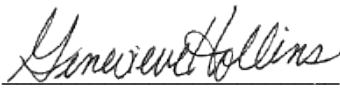

## Districtwide

- ❖ Increased Extensions Teacher FTE to 0.84 to accommodate higher student load and additional work days necessary.
- ❖ Changed 1.0 FTE Human Resources Director vacancy to 0.50 FTE Assistant Superintendent/0.50 FTE Human Resources Director.
- ❖ Transfer to Food Service status quo at \$75,000.
- ❖ Transfer to Pupil Transportation status quo at \$40,000.
- ❖ Transfer to CIP reduced to \$100,000.

We thank you for your consideration of the FY2024 budget.

Sincerely,

*Please Note: FY23 & FY24 data depends on timing of when bills are paid. Ultimately, the District's General Fund holds around \$2M between nonspendable and fund balance. In addition, the monies flowing through the special revenue funds are recorded in the financials in the General Fund cash account with offsetting transaction in Due to other funds liability account.*

## **Public Comment Statement**

The Board of Education welcomes community member input during meetings about issues on or not on the agenda. The Board is not able to respond directly to you during Public Comment; the Board may decide at the end of the meeting during Board Member Comment to discuss your topic at a work session, regular meeting, or direct the Superintendent to look into a situation further.

The Board may not speak about subjects that are protected by legal confidentiality such as specific student discipline issues or personnel issues that could disparage or slander district employees.

Happy New Year to Everyone!

1. Hiring/Staffing Update – Thanks to Ms. Donaldson and Ms. K-J, we have been able to hire a few additional special education paraprofessionals over the last month. We will be continuing to actively seek substitute teachers. We have started the process of posting for some anticipated FY24 positions, and are working with potential candidates to fill the NES Physical Education position (long-term sub) and NBMHS music (full-time hire).

2. Human Resources – I am covering the regular HR duties while we are in the process of seeking an individual to fill this position. Multiple state and federal reports which were not completed are now finished and submitted. HR platforms (leave, substitutes, benefits) have been reviewed and adjusted to be accurate. Attendance at the upcoming Anchorage Job Fair is planned, which is at the end of February and has been reduced to a single day. There are no plans at this point to attend any out of state job fairs.

3. Funding Update – The Governor released his initial FY24 budget, which contained flat funding for education and no funds at all for capital projects for schools. He did state he was open to working with the Legislature on increasing funding for education. There has been some talk from some key legislators that there is likely to be some increase in education funding this year, and we are also pleased to report that the Senate Education Chair will be new Senator Löki Tobin, daughter of Nome's own Lew Tobin. Two reports from several organizations which report on legislative activities are attached with their analyses of the Governor's initial budget for your information. The potential impact of flat funding on the FY24 budget was discussed during the FY24 Budget Draft #1 presentation.

4. Letter to City of Nome – attached is a copy of the letter submitted to Glenn Steckmann and John Handeland at the City requesting to allow the District to retain the reimbursement funds allocated by DEED for the ACSA restroom remodel project, since the project was originally funded by the City. We are requesting to use these funds towards the ADA and Security Entrance Upgrade Project for Nome Elementary and Nome-Beltz per the Board's wishes. I will update the Board once I receive a response from the City Council.

Mr. Glenn Steckman, City Manager  
City of Nome

Re: State of Alaska Reimbursement – ACSA Restroom Remodel Project

Dear Mr. Steckman:

The State of Alaska has funded the reimbursement of the ACSA Restroom Remodel Project in the amount of \$258,551 to Nome Public Schools. This represents 70% of the submitted total cost of the project, as the State has determined the District's participating share of any state-funded capital project as 30%.

Since the project was originally funded by the City of Nome, Nome Public Schools is formally requesting that the reimbursement amount be allowed to be retained by the District in order to apply those funds towards the District's ADA/Entrance Security Project, which is currently estimated to be a total of \$328,168. This project would replace the entrance doors and bus doors at Nome-Beltz Middle/High School, repour the concrete in front of both of these entrances, remodel the bus entrance to remove a third door and replace with a window, upgrade the ADA automatic entries at both NES and Beltz, and install an entry camera in vestibule of both buildings as well as remote release locked doors in the vestibules to increase security.

This project has been designed as a priority project by the NPS Board of Education, and we know is a high priority for our families and community members. Allowing the district to keep these funds will allow us to potentially complete this project by the beginning of the following school year.

Thank you for your consideration in this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "Jamie Burgess", with a long horizontal line extending to the right.

Jamie Burgess, Superintendent

### **Operating Overview:**

Governor Mike Dunleavy introduced his proposed FY 2024 budget on December 15<sup>th</sup>. Totaling \$7.3 billion, the budget is mostly flat funded from last year, with some increases in public safety and health. Some departments incorrectly appear to be taking large cuts, due to lapsing federal covid funds. All the FY24 budget documents can be found at the OMB webpage [here](#).

At \$2.5 billion, the annual Permanent Fund Dividend is the largest budget expense. To afford dividends of \$3,860 per person, the governor's proposal relies on spending \$265 million from savings. Currently, the combined balance for the SBR and CBR accounts is \$2.1 billion dollars, allowing for a buffer. The governor's proposal also cuts the capital budget, which funds infrastructure projects, by two-thirds, and contains no increases for K-12 education, despite an ongoing budget crisis. Governor Dunleavy said in a news conference that the budget proposal is just a starting point. The Governor anticipates changes after lawmakers weigh in, including an increase to education funding. The per-student funding formula known as the Base Student Allocation has not increased in over five years, despite record inflation, and school districts are facing budget shortfalls. There is also **NO** funding for school construction and maintenance, or for the harbor matching grant fund. PCE is fully funded, and the second year of the Alaska Reads Act is funded at \$6.4 million.

The budget does include funding for harbor debt and school bond debt reimbursement, as well as numerous programmatic funds that have been at risk in prior years. Community Jails retains its increased funding from last year at \$10 million. Community Assistance is funded at \$30 million for distribution this year, but future funding is at risk because the fund is not recapitalized.

Under the governor's proposal, there is full statutory funding for the foundation formula, pupil transportation, school bond debt reimbursement, and the REAA Fund deposit (calculated based upon the amount paid for school bond debt reimbursement.) The Department of Education & Early Development has a [DEED update](#) detailing changes between the FY23 budget and the proposed FY24 budget.

- \$1.12 billion for the foundation formula,
- \$72.5 million for pupil transportation,
- \$67.1 million for school bond debt reimbursement, and
- \$27.8 million for the REAA Fund.

In the public safety arena, there is \$3.3 million for 30 new technical and administrative support staff positions in the Department of Public Safety. This funding includes a new VPSO Policy & Programs Director to improve rural public safety response and a new Mental Health Clinician to expand the wellness program. To bolster disaster response across the state, funding of \$2.5 million is added to modernize the Alaska State Defense Force into a professional, full time emergency response and disaster organization within the Department of Military and Veterans Affairs. It will also create a rapid response

team within communities to respond to emergencies. The passage of legislation will be required for this initiative.

In the public health arena, there is increased funding to address tuberculosis and congenital syphilis. Other health initiatives include:

- \$1.2 million to enhance community-based domestic violence and sexual assault prevention and intervention programs (DPS).
- Create the Office of Health Savings, \$523,000.
- Competency Restoration and Jail Based Restoration at API, \$800,000 (Department of Family and Community Services).
- Establish the Complex Placement and Coordination Unit for vulnerable Alaskans, \$205,000 (Department of Family and Community Services).
- Expand the UAA WWAMI program, \$2 million.

The Department of Revenue also released its fall forecast. Revenues are down \$1.1 billion from the prior forecasts for the year due to lower oil prices. The FY23 forecast is now projecting an average of \$88.45 per barrel, and for FY24 an average of \$81 per barrel. These amounts are down from an average of \$101 per barrel just a few months ago. If oil prices remain flat, the budget proposal puts legislators in a box: increases to school funding or maintenance and construction will require either spending from savings, or reducing the permanent fund dividend. The governor is proposing a new source of revenue through the sale of carbon tax credits from undeveloped state forest lands, but there are questions as to how that would work, and such a program would take years to implement. There were few details on the proposal, but legislation will be introduced this session.

### **Conclusion**

This is just the beginning of the budget process. The proposed budget is mostly flat funded and not particularly exciting. Many senators noted that both the capital and operating budgets failed to address a number of urgent needs. Also note, federal grant funds will continue to flow to Alaska over the course of several years and will cover several budget cycles. New grant programs are still being implemented at both the state and federal level and will provide additional opportunities to fund projects. J&H Consulting will continue to monitor the budget as it works through the process starting January 17th.

The governor is proposing a new source of revenue through the sale of carbon tax credits from undeveloped state forest lands but there are questions as to how that would work.

The capital budget this year mostly provides matching funds for federal projects and is pared down from last year. Some \$200 million in state funds matches \$170 billion in federal funds. Some of the highlights are listed below.

Month of December

Nome-beltz Public School

Student Representative

---

In the month of december student were busy finishing up finals and exams for their selective classes. Nevertheless, the festive mood was vibrant in the school hallways; high school teachers had students decorate door in christmas themes. It was a fun and stressful month for teacher and students alike.

#### Athletics:

The wrestling team competed at the Northern Conference in Bethel on December 10th and 11th. Our team preformed well- taking home first place. All the regional wrestling players qualified for the state. ASAA D2 State Meet was on December 17th to the 18th. Many of the wrestler committed that they had a lot of fun with finally having a full sport season.

The boys and girls basketball teams had there first ractices on December 1st. On December 16th to the 18th the girls basketball team went and played in the Service Tip-Off in Anchorage, while the boys team played in the Lumen Christian tournament. Then, at home, both teams participated in alumni game. As the month started to near to the end, both teams when down to Ketchikan to participate in another tournament. Jade Greene and Asa Hukill both received awards after

participating in a skills competition at the tournament. Both teams performed well, taking home fourth place out of eight teams.

#### Clubs:

Educators rushing continues to meeting during school lunch break to discuss how students will be presenting their materials. A few students have chosen to teach classes ranging from elementary to high school level. While, a few other students will presenting essay topics regarding the performance of schools after the affects of covid. The club has been working hard, and brainstorming many ideas regarding fundraising and competition strategies.

Student council and the sophomore class continue to meet up regarding the possibility of a winter formal during the Subway Showdown, January 6th to the 8th. However, do to some complications with mailing services and funds, the dance will most likely be pushed off to a further date sometime in the middle of February. The sophomore class hopes to be able to fundraise the whole month of January and collect materials before the month ends.

#### Meals:

Students are still satisfied with the meal plans and choice for the month of December.

#### Academics:

Finals for all the students were December 25th and the 16th. Students from freshman to senior levels worked hard to move their grades up before the deadline on assignments. A majority of the student population stated that they were satisfied with their performance on the

finals. Nearly the whole student body excelled on their finals and ended the semester with high marks. With that, the majority of the senior class had complaints on a few of the finals regarding their required core classes.

Students comment section:

The student body has voiced concerns about the building maintenance. Many have pointed out that they have seen many maintenance issues, all which cannot be fixed right away. Such as, exposed roof and mold in Ms. Harlow's math classroom. The students participate the works that help fix the building. However, would like to see funds placed into permanently fixing the issues with the school building.

The senior body has had placed several complaints regarding their education. Many of the seniors do not believe that they are being pushed in their regular core classes. When asked, a few seniors stated that they have taken online courses to fill in the gap that their high school class doesn't fill. The seniors would like to see that for next years, all senior level course have a higher standard and try to push the limits of the students (in hopes of better preparing them for college level courses).

Many of the students athlete have voiced concerns about participation points effecting there class grade. Due to traveling for sports, many of the students cannot participate in class activities. There participation points then are marked down, effecting their overall performance grade. A few of the athletes have commented that they feel that they should be excused those dates, or have participation points taken away from effecting the overall grade.

December 27, 2022 (December Report)

Dear Board Members,

Happy New Year! December is something of a blur, but it's a welcome feeling as it meant the return in our community of some traditions which had been paused by COVID. Fireman's Carnival and Breakfast with Santa may not be school events, but certainly impact the energy of our students and the atmosphere at school. The climate was a positive one, with lots of good energy.

Staff are conscientious that this time of year can feel uncertain and cause anxiety for some, so the comfort of routine is important. However, there were some welcome deviations, too – that recall the days of a winter music program. The Kindergarten and Immersion classes put on a small musical performance for their families which was attended by more than 120 community members. Mrs. Bourdon's class also sang a few songs for their families, with 33 community members in attendance. It was wonderful to watch the students perform and see the families looking on in wonder, joy, and love. Many thanks to these teachers for coordinating these special events, and to Mr. Settle for his piano accompaniment.

In the short school month of December we celebrated another 80 reading logs being turned in by three different classes. Congratulations for 40 logs returned (two mascots) to Ms. Ten Eyck's class, and 20 logs returned (one mascot) to each Ms. Secor's and Mrs. Erikson's classes!

**STEM Star for December:** Zachary Slingsby! Zack is a second grade student who is continuously thoughtful and respectful with his peers, both in class and in the after school STEM Club. He is a bright light with inquisitive ideas, showing a love for STEM. Zach was recognized with a robot to build himself and a book about science, along with his certificate. Congratulations, Zack!

- Jan. 13: High Table – Mrs. Erikson’s 3<sup>rd</sup> Grade
- Jan. 20: High Table – Mr. McRae’s 3<sup>rd</sup> Grade
- Jan. 28-29: Alaska RTI/MTSS Conference, Anchorage – Seven NES staff attending

**Statistics:**

School was in session for twelve days in December.

-We had an attendance rate of 78.6% (compared to 81.7% of 306 students for the same period last year.)

-We served 2,293 breakfasts, and 2,115 lunches.

-22 individuals from the community volunteered a total of 33.5 hours in the school. This does include several of our family members who come to enjoy High Table Luncheons with our students.

*Nome Elementary School provides a positive and welcoming environment where our culturally-diverse students, staff, and community members are valued through mutual respect, collaboration, safe interactions, and enriching experiences. Clear and high expectations serve as guidelines to reach success and wellness for all students in this rapidly-changing world.*

## **ACSA School Board Report January 10, 2023**

Lisa Leeper, Principal

### Enrollment / Attendance Update

- We had a 93% student attendance rate for December.
- There were no changes to enrollment in December.

### Classes and Activities

- In December, we focused on wrapping up course work for the end of the first semester. In addition, students and teachers coordinated a few holiday inspired events such as spirit week, door decorating, cafeteria adornments, and stockings on lockers. A parent volunteer helped to sew stockings for new students.
- As a fundraiser for their 8th grade trips to Washington DC or travel to Europe, many ACSA students, Girl Scouts, Beltz 8th graders and parents helped with the 10th "Annual" Breakfast with Santa event at NES. Coordinated by community member Angie Gorn, the very successful fundraiser was almost derailed by weather, but hearty volunteers, including kitchen manager Celeste Mandley from Beltz, and breakfast goers braved the elements for a special morning.
- I have agreed to serve as mentor for Emily Annas, science teacher for Beltz Middle School, as she embarks on a graduate program for school administration through the American College of Education. She is just getting started, but she has lots of ideas for projects that she would like to work on during her internship. I look forward to helping her along the way.

## **Students of the Month**

- We would like to celebrate our December students this month due to Ms. Smith's absence at the December board meeting:
  - High School December Student of the Month: Natallie Tobuk, 12th-grade
  - Middle School December Student of the Month: Sage Gregg, 8th-Grade

Starting in February, NBMHS will begin acknowledging students who demonstrate qualities aligned with our regional Cultural Values; we look forward to these presentations and highlighting the qualities that grow our Nanooks!

## **Teacher and Support Staff Celebrations**

- We will have this system in place starting Spring semester.

Although December consisted of 12 academic school days, the Den was busy!

## **The following is a list of happenings that currently impact NBMHS:**

- We are still actively recruiting for our Assistant Principal and MS/HS Music positions.
- Substance usage (tobacco, marijuana, vape products) continues to be problematic; counselors partnered with NSHC's CAMP program to provide presentations on the dangers of vaping and substance abuse. Future endeavors are in the works to keep education on this issue consistent and proactive. The installation of vape sensors in all bathrooms begins this spring.
- Excessive student absenteeism before and after the holidays poses various challenges, especially for credit bearing courses.
- Wednesday professional development has been dedicated to Winterim, semester, and activities planning; although this collaboration is essential and demonstrates the commitment of teachers and staff, this has posed some barriers for goal

setting and other endeavors. Teachers have suggested an inservice day at the start of the spring term to facilitate these preparations while preserving weekly collaboration time for strategic and campus goal setting and professional growth.

### Growing the Den:

- NBHS had another successful round of final exams to grow student accountability and post-secondary skills. The Middle School wrapped up their semester with high expectations and rounds of workshops to foster holiday spirit!
- Thanks to the tireless efforts of Angela Hansen, who has been working as a substitute for our Music Program, Beltz musicians held their 2022 Christmas Concert and Dessert Fundraiser on December 13th at the Nome Elementary School commons. Students, families, NPS staff, and community members packed the area for a wonderful performance and top notch treats. The event was an enormous success and fueled the motivation and energies of students! Mrs. Hansen and NES Assistant Principal Nick Settle are working tirelessly to keep the program afloat during spring term as we work to fill the vacancy.
- NBHS Winterim planning is complete and we are incorporating our MAP testing into the schedule to increase participation and student buy-in. 9th and 10th-grade students will test in the mornings. 11th and 12th-grade students will engage in academic classes blended with post-secondary workshops and planning. All students will take a variety of sessions in the afternoon from Monday January 9-Friday, January 13. Thanks to our partnerships with NACTEC, KNOM, the Nome Volunteer Fire Department, and Norton Sound, we have a great variety of classes this year that include:
  - Small Engines & ATV/Snowmachine Repair
  - Heavy Equipment
  - Stained Glass Art
  - Card Game Strategies
  - Philosophy and Film
  - Winter Adventures 101
  - History Through Film

- “On Air” with KNOM’s Davis Hovey
- Making Metal Castings: An Intro to Foundry Processes
- Emergency Trauma Technician Certification
- Photography & Videography Crash Course
- Intro to Firefighting
- Welding
- Bookbinding
- NYO Ball Making
- Board Game Strategies

### **Activities Wrap-up:**

- The NBHS Wrestling team wrapped its season with some great successes! At the ASAA Northern Conference, Nanooks brought home numerous 1st-place wins for their respective weight classes: Natallie Tobuk, Young Erickson, Ben Milton, Duke McDuffy, and Andy Peterson made the pin!
- NBHS Wrestlers gave it their all at the 2022 State Meet in Anchorage. Nome was led by Natallie Tobuk’s 2nd place finish and Lucas Marvin’s 3rd Place finish. Thank you for an awesome season Nanooks! #gofightpin
- NBHS Boys and Girls Basketball teams began their seasons with games at Seward and Homer. Asa Hukill won the Homer game with a dramatic 3 pointer as time was running out with Nome down by one point!
- The NBHS basketball teams competed at the Ketchikan Christmas Basketball Tournament. Joining Nome-Beltz were the New Stuyahok Girls, Metlakatla Girls, Sitka Girls, Ketchikan, Eatonville (WA) Boys, Philomath (OR), Lathrop Boys, Nikiski Boys, and Barrow High School. Asa Hukill and Jade Green made the All-Tourney Team. Finn Gregg and Brooklen Crowe brought home Free-Throw Champion recognition and Jade Green earned the 3-Point Champion award. Nome Boys opened the tournament with the eventual champions and #1 ranked in Class 4A Dimond Lynx. Dimond won the game 84-37. Nome rebounded with a 51-48 win over Eatonville Washington, and a 59-48 win over Barrow High School. Individual game results are listed below. Nome boys season record is now 4-1.
- The Nanooks will host the Subway Showdown Thursday, January 5-Saturday, January 7, 2023. #gofightdunk

## **Completed Projects**

Launched Cyber Security compliance training on 12SEP22. As of 31DEC22 approximately 83% of staff have completed the training. Suspense date to complete the training was 12NOV22. Increasing restrictions are being placed on accounts for personnel who have not completed the training.

## **Current projects**

Still running tests on 10 demo Vivi devices which will allow connection to any HDMI capable display, large screen TV, or interactive panel to a web interface for centralized control (by site or district admin) of emergency notifications (which can interrupt / force show on all connected displays), run a schedule to display digital signage / messages, and present internal video broadcasts. The devices will also allow classroom teachers to use additional built in classroom and presentation tools for: wireless screen mirroring, whiteboard operations, playing video / audio files / playlists, display clock / stopwatch / and timer tools, student screen sharing, distribute assessments, instant polling, and show wellness / mindfulness lessons that are embedded with the interface.

Processing 150+ 2012 model MacBook Pros, 40ea 2015 MacBookAirs and small quantities of iPads to ship to SecondLife Mac as part of their device buy back program. Any funds received through this program will be used to offset the cost of purchasing new technology devices and repair parts.

Training of NBMHS Registrar and NBMHS Attendance Secretary in PowerSchool Admin roles.

Installation of SPED and additional classroom interactive displays (4 total) at NES.

Installation of new network cabinet enclosure at NBMHS Kitchen areas.

Working in conjunction with NBMHS Admin staff on a special project to assist in monitoring environmental air quality in exclusive locations.

## **Future Projects**

Testing Proof of Concept for an edge network appliance to allow dedicated secure connection to our internal network through issued access devices. These devices would allow remote workers to function (printing services, access to Network Attached Storage, local servers, etc) as if they were connected to our internal network.

Network diagraming for our entire network infrastructure.

Replacement of classroom and pod printers (approximately 40) that are reaching end of lifecycle.

## **PowerSchool Online Enrollment**

As of 31DEC22 there are 159 New Student Enrollments and 505 Returning Student Enrollments for a total of 664 records. This equates to **92.7%** of our current student count as having online enrollments completed for SY22-23 and is **2% lower** than this same timeframe last year. Registrars will concentrate efforts on contacting Parents / Guardians who need to submit online enrollments (NES = 25, NBMHS = 72). Returning Student enrollment is currently extended until 30JAN23.

**PowerSchool Student Information System Access data**  
**PowerSchool use, by students and parents.**

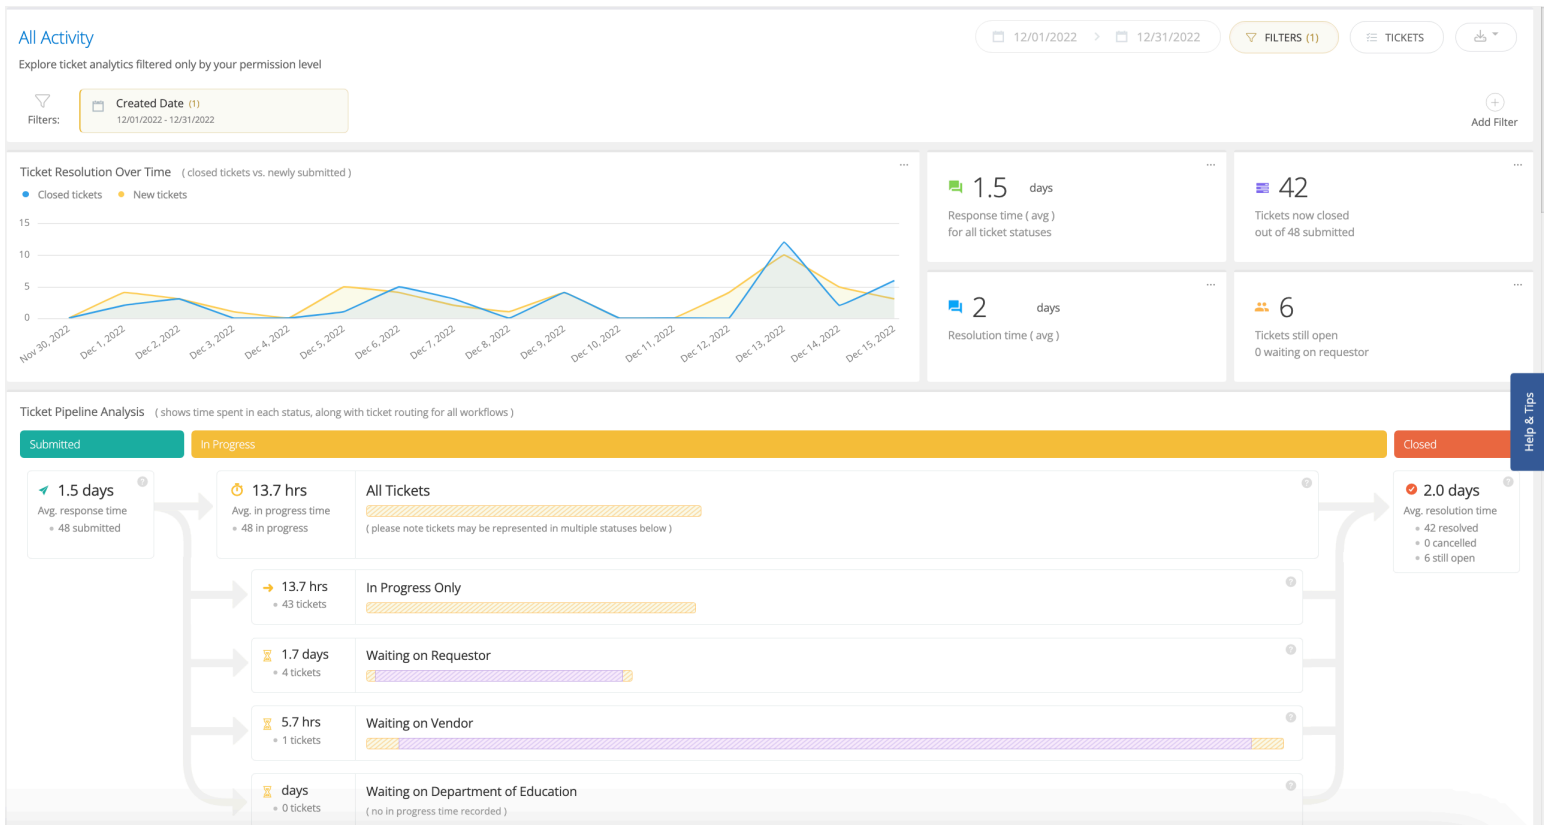

**Total Parent and Student PS Web and Mobile Access Sessions:**

## Technology Web HelpDesk

Part of the Technology Department's duty is to maintain the Technology Web Help Desk for staff to request repairs, training and troubleshooting. In December we closed / resolved 42 out of 48 (87.5%) of the tech requests submitted through the system. Our average response time was 1.5 days and average resolution time was 2 days. We encourage staff to make use of this resource but many immediate needs are still handled outside of it.

## BACKGROUND INFORMATION

The District selects legislative priorities to guide the superintendent and Board of Education in advocacy work with the state and federal governmental representatives during the current legislative session and beyond. The priorities are not presented in any particular rank order, but represent those needs which would have the most positive impact on all stakeholders in the District.

Guiding documents to inform discussion and decision include the Alaska Association of School Boards' Legislative Priorities and the Alaska Council of School Administrators' Joint Position Statements.

## ADMINISTRATIVE RECOMMENDATION

The administration recommends approval of the Nome Public Schools FY23 Legislative Priorities as presented.

**Sample Motion:** I move to approve the Nome Public Schools FY23 Legislative Priorities as presented.

2023 Nome Public Schools Board of Education  
Legislative Priorities

**2023 State Legislative Priorities**

The Nome Public Schools Board of Education has chosen the following priority areas for the 2022 Legislative Session. We will focus our advocacy efforts with the Alaska Legislature around the following:

- Early, Predictable and Full Funding for a High Quality Education

The Board supports full and predictable funding for a high quality education for all students, which should provide revenue to cover the actual cost of education in all districts, allows for inflation and increasing costs, and includes all initiatives, laws and mandates that require additional costs and services. In addition, forward funding and early notification of funding is crucial to allow for recruitment and retention of quality educators and administrators in today's challenging job market. The Base Student Allocation should be adjusted to a figure of approximately \$7,000 in order to keep up with the 21% inflation rate over the last five years (2017-2022) and provide competitive salaries, keep up with the rapidly growing cost of energy and supplies, and allow for the increase in the cost of health insurance and other employee benefits.

- Funding of School Capital/Major Maintenance Projects

Nome Public Schools currently has well over \$6 million dollars in needed capital improvement projects, due to aging facilities and systems for buildings many of which were opened in the mid-1960's. Reinstatement of school bond reimbursements and full funding of projects submitted through the Capital Improvement Program are crucial to ensuring our school facilities are safe and providing the best possible environment for learning. Ensuring funding for needed construction of teacher housing facilities is also a high priority item that impacts the ability of the district to recruit and retain quality staff.

- Attracting and Retaining Quality Educators and Administrators

Teacher and leadership turnover hampers progress on district initiatives and negatively impacts student achievement. Alaska students deserve knowledgeable, stable, and committed teachers, principals and support staff, who are culturally grounded in their local communities. Turnover of less than 10% annually is critical to allow programmatic changes to take hold and produce desired results in the long term. Programs and professional development to grow equity leadership are crucial in making changes to a system we acknowledge has not always served our children well. Equitable and inflation-responsive funding of school districts to provide competitive salaries and wages in response to the high cost of living in many areas in the State, control of health care costs, follow through on commitments to the TRS/PERS pension systems,

and high quality teacher preparation programs through the University system are all key to developing Alaska's teacher workforce. The teacher preparation programs offered through the Alaska University system should focus on graduating students who are prepared to serve students in the various rural communities around the state, with proficiency and background knowledge in culturally affirming instruction.

Affordable housing is a crucial factor in this area, and is lacking in Nome and the Bering Strait Region in general. The District's efforts to provide additional housing for educators has been hampered by the lack of available funding for either school districts or municipalities; the Alaska Housing Finance Corporation's Teacher Housing Grant is an important funding mechanism, but is limited to building small projects and is inadequate in scope or funding to support the rapid expansion of projects needed to meet current needs.

- Culturally Responsive Education and Language Revitalization

Culturally responsive classrooms and school settings are foundational and fundamental to any school with a high percentage of Alaska Native students. Our students deserve to see their culture, language and knowledge as an integral part of everyday instruction. It is crucial to the achievement of Alaska Native students when identity is validated through content and methods, and they are motivated and successful when they see themselves reflected in their classrooms and schools. Curriculum which reflects students' cultural identity is often lacking in schools, as textbooks and supplemental materials reflect Western views and values. Modifying curriculum and supplemental materials requires additional time and funding, but results in students who feel engaged and connected to their schools.

Professional development for all staff in culturally responsive teaching and curriculum development, regardless of whether they come from within the community or out of the state, is vital. In addition, legislation and funding that supports efforts to grow a local teaching force from within the community would ensure more stable and culturally knowledgeable educators.

Last but not least, Nome Public Schools calls upon the Alaska Legislature to support indigenous language revitalization efforts by supporting immersion programs for students, as well as programs which build language knowledge for school staff.

- Early Childhood Education Funding

The Board places a high priority on funding quality pre-Kindergarten programs, including supports for early literacy efforts. Children entering kindergarten who have participated in pre-K programs (including Head Start) demonstrate a high degree of kindergarten readiness and reading achievement. Pre-K programs provide needed early literacy skill development, social skills, and physical skill development. Adding three and four-year-old children in quality pre-K programs to the Base Student Allocation and promoting sustainable collaborative community partnerships between school districts and existing pre-K providers would provide strong foundations to build needed school readiness skills.

- Social, Emotional and Mental Health of Children

The negative impact of the recent COVID-19 pandemic on the social, emotional and mental health of our children has turned the spotlight on the need for support and funding for school counselors, social workers, and school psychologists, as well as professional development for educators and families in trauma-sensitive and trauma-preventative practices. Schools must now assist children in regulating emotions, developing coping skills, and forming strong positive relationships with adults. Recent efforts focused on the social/emotional learning of students must be continued and expanded, especially those based in community partnerships.

Nome Public Schools also embraces the concept of wellness and a whole child approach. Children who are taught to connect their mind, body and spirit through grounding in cultural beliefs and practices have healthy attitudes and make healthy life choices. We support instruction and curriculum that promote these practices.

- Literacy and Reading Achievement

The Board of Education recognizes that reading is a fundamental skill for all students, and one of the most important focus areas for any school. The recent passage of the Alaska Reads Act is a starting point and provides a framework for moving literacy achievement forwards in Alaska schools. Professional development and support for teachers at all levels in the area of effective reading instruction is a high priority, and ensuring that teacher preparatory programs provide a strong foundation for teacher candidates in reading instruction is crucial for the future of Alaska's students. We believe the greatest focus should be on increasing the pedagogical knowledge of primary grade teachers on teaching fundamental reading skills, as well as expanding early childhood education to expand the timeframe for teaching these skills in the most critical learning years. Low teacher/student ratios in the primary grades are also critical to providing personalized high-quality student support. Nome Public Schools encourages the Legislature to continue to partner with districts and the Department of Education and Early Development to provide continued financial and structural support for early literacy efforts.

- Career and Workforce Development

Nome Public Schools recognizes that the Alaskan and U.S. workforce is undergoing a unprecedented shift and schools must be poised to prepare students for rapidly changing needs, including growth in jobs in infrastructure. The coming deep draft expansion of the Nome Port will mean our schools must deepen and expand our existing partnerships with local employers and the University of Alaska's Northwest Campus to create more formalized school-to-work pathways including apprenticeships and internships. The Northwest Arctic Career and Technical Center (NACTEC) is a pivotal linchpin in ensuring students from Nome and the Bering Strait Region are prepared to fill these positions and keep economic growth tightly centered and benefiting their home communities.

### **2023 Federal Legislative Priorities**

The Nome Public Schools Board of Education has chosen the following priority areas for the 2023 Legislative Session. We will focus our advocacy efforts with the Federal Legislature around the following:

- Legislation that supports and/or coordinates with our State Priorities
- Removal of limitations and/or barriers to access federal funds, especially those designed to meet the educational needs of Alaska Native students

## BACKGROUND INFORMATION

The District selects capital priorities to submit to the Nome City Council each year to support partnerships between the two entities in seeking funding opportunities, as well as provide the Council the opportunity to choose to directly fund the cost of one or more projects.

Several of the projects presented have been on the district's list for more than six years, due to inadequate funding from the State Legislature for school capital maintenance. The newest project, the ADA and Security Upgrade for NES and NBMHS, is a priority in response to the rise in school violence and the need to update these two older buildings to improve security with regards to outside intruders while still providing a welcoming environment for students and families.

## ADMINISTRATIVE RECOMMENDATION

The administration recommends approval of the Nome Public Schools FY23 Capital Priorities as presented.

**Sample Motion:** I move to approve the Nome Public Schools FY23 Capital Priorities as presented.

## Nome Public Schools FY23 Capital Priorities

The following four projects represent the highest need and/or oldest projects for the Nome Public Schools buildings. All projects have currently been submitted to the Department of Education and Early Development for state funding; actual awards are dependent upon DEED's rankings and the amount allocated by the legislature for education capital funding. The Governor's preliminary FY24 budget allocates no funding for capital projects for education.

- Supplemental Funding Request – Nome-Beltz Roof Replacement \$3,235,584

This is a supplemental funding request for the previously funded roof replacement project. Construction costs for the project have increased dramatically since the original cost estimate was prepared due to inflation and the impact of the COVID-19 pandemic on staffing and supply chains. The previously funded amount is insufficient to meet the current cost of the project.

- Secure Access and ADA Improvements for Nome Elementary School and Nome-Beltz \$328,168

ADA-This project is to address accessibility to NBHS to include the installation of ADA accessible front doors, regrading/replacing damaged concrete at bus door entrance which prevents ADA accessibility. It will include any needed ADA repairs/upgrades to interior and exterior of both the high school and the elementary.

Security- This project will address security concerns at both campuses to include installation of new interior double doors inside the front entrance that can be remotely secured, as well as the installation of a closed circuit camera system.

The District hopes to utilize reimbursement funding from DEED for the previously completed Anvil City Science Academy restroom update to begin work on this project in the coming summer. Preliminary architectural work has been completed.

- Nome Elementary School Fire Alarm Replacement \$555,024

This project will replace the outdated (1987) Fire panel and field devices. A completely new design and installation of panel and devices which may require new wiring. New system to ensure compliance and safety to most current NFPA and state Codes. Currently the system is obsolete, and we are sourcing used parts via eBay. Preliminary electrical engineering work has been completed.

- Nome-Beltz Generator Replacement & Electrical Service \$900,356

This project will replace an old and undersized backup generator, with a new larger generator with enclosure, which will also increase capacity to allow the high school to operate as an emergency shelter for the entire community. Installation of new transformers and required modification of power lines will also be included.

-------------------------------------	----------------------	--------------------------	-----------------------	--------------------------	--------------------	--------------------------	--------------

## BACKGROUND INFORMATION

The District originally contracted with Fremontii LLC to provide project management services for the DDC Control System Upgrade. The original contract amount was under the bar for Board approval, but with the most recent proposed change order, the cost is now such that is prudent for the Board to approve.

The project is scheduled to wrap up in March 2023, and Fremontii will provide additional services to work with our maintenance department on some in-house repairs to get the project to the planned close-out state while still staying within the original overall budgeted cost for the project, which is covered by COVID ARP grant funds.

Additional work is still needed to fully complete the project, but will depend on additional funding obtained from the State or another source.

## ADMINISTRATIVE RECOMMENDATION

The administration recommends approval of the Project Management Contract for the DDC Control System Upgrade Project with Fremontii LLC.

**Sample Motion:** I move to approve the Project Management Contract for the DDC Control System Upgrade Project with Fremontii LLC.

**ADDENDUM**  
between  
Fremontii, LLC.  
and  
Nome Public Schools

This Addendum is made to the Agreement between Fremontii, LLC., and Nome Public Schools executed 1/17/2022, and now amended by mutual agreement by the parties as follows:

1. Billing Clarification – Fremontii, LLC's current contract, Scope of Work and Fee Contract For Project Management Consulting Nome Public Schools Facilities HVAC Controls Upgrades, shall additionally state in the Billing section the following: Fremontii, LLC. will invoice for a one third (1/3) deposit of the base bid of \$583,281.13 at .05 percent which is \$31,242.13 in the amount of \$10,415.00. Thereafter progress payments until completion of the project, including another third (1/3) in May 2022, and the entire balance upon completion. Reimbursable's will be billed bi-monthly as necessary or with the other billings.

All other terms and conditions remain unchanged and in effect. This Addendum and any/all preceding amendments to the agreement are incorporated by reference into the original agreement executed of Date 1/17/2022 as if entirely rewritten therein.

Executed on January 24, 2022, year.
