- ☒ Discussion/action by board of education
- ☐ Presentation/action next meeting

Purpose: To approve a long-term capital maintenance plan.

Background: At the May 9th, 2023 school board meeting, the District provided an overview of anticipated capital maintenance needs in order to continue to maintain and preserve our historic properties. The presented plan reflects the needs identified at the May 9th meeting and provides a summary of the types of capital expenditures that can be anticipate.

Fiscal impact: The 10-year plan aligns with the costs anticipated in the financial plan presented at the May 9th meeting. The District anticipates funding future capital maintenance costs through a combination of Funds 41 and 46. A capital budget for the upcoming fiscal year will be presented to the Board of School Directors for approval on an annual basis.

Purpose: To approve a Resolution to Authorize a Long-Term Capital Improvement Fund.

Background: At the May 9th, 2023 school board meeting, the District presented a financial strategy to manage the District's anticipated future capital needs. As one component of that strategy, the District recommended that the Board approve establishment of a Long Term Capital Improvement Fund (Fund 46) as a vehicle to complement the existing Fund 41.

Fiscal impact: The Long Term Capital Maintenance Fund provides a financial benefit to the District by providing a fund that allows funds to be designated at the end of the fiscal year, versus the beginning, and absorb the shared cost impact at the time of deposit versus expenditure.

Resolution to Authorize A Long Term Capital Improvement Fund

SCHOOL DISTRICT OF SHOREWOOD

RESOLUTION TO AUTHORIZE LONG-TERM CAPITAL IMPROVEMENT TRUST FUND

WHEREAS, pursuant to the provisions of Section 120.137 of Wisconsin Statutes, a school board that has approved a long-term capital improvement plan may create a long-term capital improvement trust fund for the purpose of financing the costs of the capital improvements included in the approved long-term capital improvement plan; and

WHEREAS, the School District of Shorewood “long-term capital improvement plan” is a capital improvement plan for at least a 10-year period; and

WHEREAS, the School District of Shorewood School Board desires to create a long-term capital improvement trust fund pursuant to the fund’s review by the District’s legal counsel and the District’s Auditors;

NOW HEREBY BE IT RESOLVED BY THE SCHOOL DISTRICT OF SHOREWOOD SCHOOL BOARD that, pursuant to the provisions of Section 120.137, of Wisconsin Statutes, the School District of Shorewood School Board hereby creates and establishes a capital improvement trust fund (the “Trust Fund”) pursuant to the above law, and all of the following shall apply to such capital improvement trust fund:

1. The School District of Shorewood School Board may not expend money deposited in such a trust fund for a period of 5 years beginning on the date the trust fund is created. After the 5-year period, the School District of Shorewood School Board may make expenditures from the trust fund solely for the purposes described in the approved long-term capital improvement plan.
2. The School District of Shorewood School Board may not transfer money from a long-term capital improvement trust fund to any other school district fund.
3. For purposes of calculating equalization aid, money deposited in a long-term capital improvement trust fund is counted as a shared cost at the time the money is deposited in the trust fund, but such money is not counted as a shared cost at the time the money is expended from the trust fund.

BE IT FURTHER RESOLVED, that this resolution is effective as of June ____, 2023.

BE IT FURTHER RESOLVED, that the officers, employees, and agents of the District are authorized and directed to do any and all things reasonably necessary to accomplish the purposes of this Resolution.

Adopted this __th day of June, 2023 and recorded in the board minutes of June __th, 2023.

EXECUTIVE SUMMARY FOR THE SHOREWOOD SCHOOL BOARD

Topic: FY24 Preliminary Budget

Date: June 13, 2023

Prepared by: Heather Heaviland

Recommended action:

- ☐ Information only
- ☐ Presentation/discussion
- ☒ Discussion/action by board of education
- ☐ Presentation/action next meeting

Purpose: To approve a preliminary budget for the 2023-2024 school year.

Background: The preliminary budget serves the dual purpose of (a) allowing for the continued operation of the District and (b) is the basis for the Budget Hearing and Annual Meeting on August 22, 2023. The preliminary budget includes the best estimates of expected revenue and expenditures for the upcoming school year as of the date preparation. Adjustments will be made throughout the summer and early fall to develop what is known as the original budget to be approved by the Board in October.

The preliminary budget has been developed through multiple phases and conversations over the past several months. These include:

- 5-Year Financial Projections presented to the board on 12/13/22 and 12/20/22
- Enrollment Projections presented to the board on 1/24/23
- Budget Scenario Update, including revenue projections, on 3/14/2023
- ESSER Update provided to the board on 4/11/2023
- Budget Balancing Strategies presented to the board on 4/25/2023
- Multiple community conversations regarding the budget and the District's financial position during the Fall of 2022 and Winter of 2023, conducted as part of the operational referendum evaluation and information sharing process
- Capital maintenance financial strategy presented on 5/9/23

Assumptions used to develop the proposed preliminary budget are consistent with those presented in the aforementioned informational presentation and are further detailed in the attached 2023-2024 Proposed Preliminary Budget.

Financial Impact

The proposed preliminary budget reflects significant progress in building the District's financial health. Efforts to align staffing and expenditures with the current student population and needs resulted in containment of general fund expenditure growth to within 1% of the current year's budget, which reflects progress towards the 5-Year Projections prepared in Fall 2022 of .55%. The aggregate general operating budget which includes special education, however, exceeded expectations with a net decrease of 1%. At the same time, the District was able to accommodate requests for additional funding in departments with the most significant expenditure growth, including athletics and technology, while returning all other department budgets to their pre-2022 reduction amounts.

Revenue expectations, despite a much needed contribution from the operating referendum, fell short of projected levels. Combined general operating revenues are projected at \$34.2 million, which is \$1.9 million short of the fall projections. Primary factors contributing to the decrease in revenue include decreased grant revenue and decreased open enrollment revenue compared to the projection. An increase in the state budget is unlikely to change this projection significantly given provisions in the funding formula that protect the District from further revenue decline and are already in place. While enrollment projections are unchanged at this time, ongoing concerns regarding decreases in the school age population suggest that revenue declines may continue in the future.

Despite the revenue shortfall, the District is well positioned to end the 2023-24 school year in a much stronger position than currently with a projected fund balance of 23% of projected expenditures. In order to maintain financial health and stability, the District will need to maintain the same level of fiscal stewardship. We continue to expect expense growth to outpace revenue growth, even with a significant increase in the state budget. Looking ahead to 2024-2025, loss of ESSER grants will need to replace several budgeted items that would be difficult for the District to operate without. The District will move forward with the strategies outlined in the April 25th budget balancing presentation and provide periodic updates to the board as appropriate.

FY24 Preliminary Budget Narrative

FY24 Preliminary Budget

2023-2024 Preliminary Budget (06-13-2023)

I. Assumptions for the Preliminary Budget

The preliminary budget establishes the intent of the district regarding programs and services for the ensuing year and is used as the basis for receiving public comment at the Budget Hearing and for approval of an initial estimated tax levy at the Annual Meeting.

To develop the preliminary budget several estimates must be made, some of which will materially change between the time of the estimate and when the original budget is adopted in October, such as general state aid, property tax levy, impact of actual enrollment, staffing changes, and others. The following assumptions were used for the proposed preliminary budget and reflect changes compared to the 22-23 revised budget:

- General state aid will decrease by \$300,000 with an estimated total amount of \$6,071,003.
- The property tax levy increased by \$3,064,097. This reflects the net of an increase to the general operating and capital project levies and a decrease to the debt service and community service levies. Decreases to the debt service and community service levies were anticipated, as they had been increased temporarily based on specific needs for debt refunding and capital projects.
- Revenue for open enrollment is projected at \$1,887,408. This represents 90%

of the District's open enrollment goal as a conservative estimate to account for the possibility that all non-returning open enrollment seats will not be filled.

- Wages were increased by 3.0%, inclusive of all changes to salary schedules.
- Realignment of workforce to reflect current enrollment and needs resulted in a net reduction of total salary expense, after increases, of \$294,349.
- Monthly medical premiums remained static; however, District contributions to the employee deductibles are projected to raise the total anticipated benefit expense for a total increase across health care premiums of \$489,065.
- Retirement benefit contributions are projected at \$541,597.
- School and department budgets were restored to their pre-2022 reduction levels and budgets for athletics and technology were increased to account for inflationary expense increases and replacement needs for classroom technology. After adjusting for the one time investment in student chromebooks made in 2022, and reductions made to certain contracts and other expenses that are no longer needed, the total general operating budgets for purchased services and supplies decreased by \$121,151 (3%).
- \$690,388 in ESSER funds will be leveraged for:
 - \$72,744 for summer school;
 - \$175,00 for substitute teachers;
 - \$88,800 to support the implementation of new phonics and math curriculum;
 - \$73,041 to support delivery of mental health services;
 - \$280,803 to support continuity of instruction by offsetting salary and benefit expense; and,
- Capital maintenance expenditures, as outlined in the 10-year capital maintenance plan, including \$350,000 in improvements to recreational facilities and \$650,408 in repairs and maintenance of other District properties.

The District's top five highest projected expenditures, excluding salaries and benefits, special education transfer, and items that are exempt from the revenue limit are:

- Open enrollment tuition payments for students enrolled in other Districts (\$320,736)
- Substitute teachers and aides (\$401,203)
- Property insurance (\$157,320)
- Repairs and maintenance (\$155,793)
- Worker's compensation insurance (\$152,244)

Within the general fund and across expense types, benefit expense increased the most by \$404,645, due to medical benefit increases, followed by purchased services which increased by a net of \$258,571, due primarily to increases in athletics, technology, and utilities.

II. General Operations, Fund Balance

The District maintains a fund balance as a safety net for unexpected events and has set a goal of increasing its fund balance over the next five years. The FY24 budget projects a year-end fund balance of \$7,211,048. This represents a much stronger financial position at 23% of the projected 2023-24 expenses for funds 10 and 27 than the District has experienced in previous years. With passage of the \$5.5M annual operating referendum, the District anticipated significant growth in fund balance in the first year (2023-24), followed by decreasing gains in the subsequent four years. The District anticipates careful management of the fund balance to ensure that it is maintained and used for non-recurring expenses, to reduce the need for operational debt, and to fuel program choices that help maintain a strong financial position.

III. Property Tax Levy

The budget anticipates a property tax increase of \$3,064,097 (13.4%) over the total current year levy. The increase is driven by the voter-approved operational referendum which provided for an increase to the revenue limit for purposes of operations and maintenance.

The equalized value amount for the Village of Shorewood is, for projection purposes, assumed at \$1.975 million. This represents an increase of 2.2%, or the average annual increase from 2017 through 2021. 2022 was omitted from the average calculation as a TID closure created a larger than typical increase in value. The chart below depicts the tax levy and the impact on the mill rate over time.

10 Year Tax Levy and Mill Rate History					
Fiscal Year		Tax Levy	Increase (Decrease)	Change	Equalized Mill Rate
2014-15	Actual	19,022,886			
2015-16	Actual	19,679,974	657,088	3.5%	13.88
2016-17	Actual	20,105,480	425,506	2.2%	13.88
2017-18	Actual	20,816,294	710,814	3.5%	13.88
2018-19	Actual	21,659,543	843,249	4.1%	13.88
2019-20	Actual	22,405,811	746,268	3.4%	14.07
2020-21	Actual	22,284,348	(121,463)	-0.5%	14.13
2021-22	Actual	21,665,147	(619,201)	-2.8%	13.40
2022-23	Actual	22,869,257	1,204,110	5.6%	11.84
2023-24	Proposed	25,933,354	3,064,097	13.4%	13.13

The tax levy supports educational and support programs (general operations), repayment of debt, capital projects and community services. Taxes for other than general operations are restricted to the specific purpose for which they are levied. As shown in the chart below, the levy is primarily for general operations.

2023-2024 represents a significant increase in general operating funds, which continues to represent the largest portion of the tax levy.

IV. State Aid

The State of Wisconsin shares in the costs of education based on three methods of revenue distribution. General Aid is direct property tax relief distributed to school districts in accordance with multiple formulae. Per Pupil Adjustment Aid is classified as a general-purpose aid and is used for operation and maintenance of school programs. Categorical Aid is based on performance of specific tasks or providing specific programs and is restricted to the specific purpose for which it is intended.

State Aid by Category					
Fiscal Year	General Aid	Per Pupil Aid	Categorical Aid	Total State Aid	Increase (Decrease)
2011-12	3,633,592	0	808,602	4,442,194	
2012-13	4,870,290	82,800	818,009	5,771,099	1,328,905
2013-14	5,143,964	126,225	815,378	6,085,567	314,468
2014-15	5,039,363	256,200	919,545	6,215,108	129,541
2015-16	5,367,323	268,650	951,145	6,587,118	372,010
2016-17	5,641,758	458,250	963,561	7,063,569	476,451
2017-18	6,131,376	840,150	1,041,050	8,012,576	949,007
2018-19	5,824,659	1,226,250	1,403,679	8,454,588	442,012
2019-20	5,390,317	1,386,056	1,129,249	7,905,622	(548,966)
2020-21	6,396,264	1,348,956	1,136,122	8,881,342	975,720
2021-22	6,340,962	1,314,824	1,169,809	8,825,595	(55,747)
2022-23	6,654,148	1,271,945	1,227,677	9,153,770	328,175
2023-24	6,364,812	1,275,498	1,133,814	8,774,124	(379,646)

The table above shows the amount of aid received in each of the three classifications since the 2011-12 school year. State aid increased every year until 2019-20 and has been less predictable since then. Per pupil aid is projected to remain relatively stable for next year, while general and categorical aid are projected to decrease slightly.

V. Other Budget Information

Revenue Limits

The State of Wisconsin limits the amount of revenue public schools generate through the combination of state general aid and the property tax levy. This limitation is referred to as “Revenue Limits”. The proposed budget includes \$5.5M in additional allowed revenue limit. The per student revenue amount is not projected to increase. While the state legislature may approve an increase, the District currently has a “hold harmless” allowance in the projected revenue limit formula which would decrease if the per pupil amount increases. These are anticipated to largely offset with no significant benefit to the District of an increase in 2023-24.

Student Membership and Enrollment

Student membership refers to the number of students that the District counts for the purpose of calculating the revenue limit, which includes all full time, resident students who attend Shorewood schools as well as Shorewood residents who attend other public-school districts in Wisconsin through the open enrollment option. The District also counts part time students, such as K4 and summer school, although they do not each count as a full-time student.

Membership used in the revenue limit formula for 2023-24 is 1,694, a decline from the prior year of 25 students. The formula uses a rolling 3-year average to smooth out the financial impact of a material change, such as experienced here. The table at the end of this section reports the 3-year average.

Enrollment is the number of students that are educated in a District school and may include students from other school districts. Enrollment is important in determining the resources needed, such as space, instructional materials, and number of staff. Whereas membership determines revenue, enrollment determines costs.

School funding formulae reallocate funds from one district to another for the number of non-resident students in each school district. Therefore, for budget purposes, the District must monitor both membership and enrollment. The table below shows the 3-year rolling average membership has been declining since 2018-2019. Total enrollment has been buffered by open enrollment.

10 Year Membership and Enrollment History					
Year	Revenue Limit Members *	Member Change	Enroll	Enroll Change	Enroll Over (Under) Members
2014-15	1,728		2,011		283

Energy Efficiency Exemption

The Board of Education approved upgrades to electrical, heating, ventilating, air conditioning and lighting systems under a provision of state law that allows the repayment of the debt for these upgrades to be exempt from the revenue limit. The following report provides information on utility cost savings because of this project, through the last reporting date of November 30, 2022.

Outstanding Long-term Debt

The amount of long-term debt that a school district is permitted to issue is limited to 10% of equalized value. The following tables report debts for which there is a balance outstanding and the calculation of the margin of indebtedness. Credit rating firms consider the margin as one of the factors in assigning a credit rating to the District. Shorewood outstanding debt is 3%, well

below the allowable amount.

VI. Budget Publication

The DPI has established standard formatting for the publication of budgets and a recommended format for approval by the Board of Education. The required publication standard will be followed when the original budget is published in the local newspaper. The recommended budget adoption format is displayed below.

Budgets are estimates based on information available at the time of development and will change as additional facts and circumstances necessitate. Interpretation of budgets without an understanding of the programs and activities operated by the District and the federal and state rules and regulations can lead to erroneous conclusions.

For more information about this budget or the school district in general please refer to our web site, <https://www.shorewood.k12.wi.us/>.

* The 60 & 70 series funds are "fiduciary" funds. Presentation of these funds have been removed from the adoption format to agree with GASB 34 requirements. This change also brings the school district adoption format more into conformity with statute 65.90 requirements used for other Wisconsin governments which specify that information be presented for governmental and proprietary funds, but does not require it for fiduciary funds.

EXECUTIVE SUMMARY FOR THE SHOREWOOD SCHOOL BOARD

Topic: Additional Open Enrollment Seats
Date: June 2, 2023
Prepared by: [Heather Heaviland](#)

- ☐ Information only
- ☐ Presentation/discussion
- ☒ Discussion/action by board of education
- ☐ Presentation/action next meeting

Purpose: To approve additional open enrollment seats in order to: 1) Accommodate current students who moved out of the District during the school year and are currently enrolled through a tuition waiver; and, 2) Replace current open enrollment seats that the District anticipates will be vacated at the end of the current school year.

Background: Students enrolled in the Shorewood School District as residents who move out of the District during the school year are able to continue attending Shorewood Schools through a tuition waiver. At the end of the school year, the District has the option of offering these students a seat through open enrollment in order for them to continue attending in the next school year. Currently, 14 students attend Shorewood Schools through tuition waivers.

At the January 24, 2023 meeting, the School Board approved the addition of 46 new open enrollment seats. The District proposes increasing the number of new open enrollment seats in order to accommodate students currently enrolled through tuition waivers. In addition, the District anticipates the loss of 11 current open enrollment students who, when the District presented its enrollment projections in January, were anticipated to return next year. In order to maintain the same projected total enrollment, the District proposes to increase the number of new open enrollment seats by a total of 25; 14 of these seats will be taken by students currently enrolled at the District. The remaining 11 seats would be offered in grades where

projected 2023-2024 enrollment is anticipated to fall below the 125 minimum cohort size the District established for future grade levels.

Recommended Motions:

Motion #1: Move to declare a total of 25 additional open enrollment seats at the following grade levels for 2023-2024:

K4	0
K5	3
1	1
2	1
3	4
4	3
5	1
6	3
7	1
8	1
9	2
10	0
11	2
12	3

As approved at the January 24th meeting, current students (those on tuition waivers) and siblings of current students will be accepted first, prior to opening seats to new students or families.

Fiscal impact: In the absence of these new seats, the District would face a revenue loss of approximately \$250,000. These additional seats replace approximately \$200,000 of this otherwise lost revenue.

(A) Includes Fund 39 debt (including OPEB) and expected exemption levy for Energy Efficiency debt (net of energy savings, which is assumed constant at 2023 level of \$159,474).

(B) State aid impact based on prior fiscal year incremental expenditure over base year (FY 2017-18) at the following aid levels (2022-23 October certification):

Maximum Total Aid Loss Year Over Year (Hold Harmless).....	15.00%
Tertiary Aid Percentage.....	-29.91%

(C) Mill rate based on 2022 Equalized Valuation (TID-OUT) of \$1,932,192,151 with annual growth of 0.00% through 2025, 0.50% thereafter.

NOTES: Example financing scenarios could be impacted by other variables, such as significant market or statutory changes, which may necessitate adjustments to the financing plans.

Scenarios where a greater portion of the overall debt is issued in advance of the expenditures of the proceeds will likely result in higher fees earned by the investment manager of the debt proceeds.

CONTRACT
FOR COOPERATIVE EDUCATIONAL SERVICE AGENCY #1
2023-2024

Shorewood School District

This contract is made in duplicate between the Board of Control of Cooperative Educational Service Agency #1, party of the first part, and the **Shorewood School District**, party of the second part.

WHEREAS party of the first part has been designated to serve educational needs in all areas of Wisconsin by serving as a link between school districts and the state; by providing services to school districts, University of Wisconsin System institutions, and technical colleges; and by facilitating communication and cooperation among all public and private schools, agencies, and organizations that provide services to pupils as provided in Chapter 116, Wisconsin Statutes.

NOW, THEREFORE, said party of the first part hereby agrees to provide to the party of the second part education-related services per summary sheet attached to be performed by legally qualified personnel.

SAID PARTY of the first part agrees to make payments to the personnel providing the services and to remit to the authorized governmental or private agencies such amounts for which salary reductions are required or authorized including, but not limited to, the Federal Insurance Contribution Act and Chapter 40, Wisconsin Statutes.

The party of the second part agrees to pay annually pro rata costs in advance for services rendered. All billings from the party of the first part will be based on budgeted estimated costs.

The party of the second part agrees to reimburse the party of the first part for its proportionate share of costs of the services provided under this contract including but without limitation because of enumeration, unemployment compensation, litigation expenses, collective bargaining and monetary awards by courts and agencies as per Section 116.03(4).

Annually, on or prior to **February 1, 2024**, the parties to this contract shall review its term and consider its possible renewal.

The party of the first part is the sole employer of the person or persons providing services under this contract.

The superintendent is authorized by the Board of Education to participate in any state, federal and foundation consortium grants awarded to the party of the first part subsequent to the signing of this contract.

In witness whereof, the parties have set their hands the day and year written below:

_____, Wisconsin _____, 2023

Chairman, Board of Control of Cooperative Educational Service Agency #1

Secretary, Board of Control of Cooperative Educational Service Agency #1

_____, Wisconsin _____, 2023

President, Board of Education, **Shorewood School District**

Clerk, Board of Education, **Shorewood School District**

Please return both copies signed for acceptance by the CESA #1 Board of Control by July 1, 2023.

\$1 Purchase Option

Thank you for considering Apple Financial Services to fund your technology plan. Please find your \$1 Purchase Option financing proposal below.

Financed Amount	Annual Payments in Advance	Lease Term
\$69,615.00	\$18,157.00	4 Years

What is a \$1 Purchase Option?

This is a financing option designed for equipment ownership at the end of the financed term. The \$1 Purchase Option creates predictable payments while enabling universities and schools to deploy years' worth of equipment today using budgeted funds.

Why use a \$1 Purchase Option?

This option is usually recommended for educational institutions that know they want to own equipment at the end of term. Once the financed term ends, ownership will enable flexibility: continue using the equipment or trade it in to recover value toward new gear.

What are my options at the end of the financed term?

End of term options will be detailed in the final documents. The options include:

1. Purchase the equipment at end of term for \$1.
2. Trade in equipment for value toward a new purchase or financed term.

Overall, the \$1 Purchase Option enables administrators to buy more equipment today, while providing the flexibility that ownership allows.

Please do not hesitate to call or email me at the contact information below with any questions.

This proposal is for informational purposes and does not constitute a legally binding obligation of either party. Subject to the satisfactory completion of the Lessor's standard credit approval process and the completion of documentation acceptable to the Lessor, Apple Financial Services is not a financial advisor and does not have a fiduciary duty to you under federal securities laws. Consult with your financial advisor regarding the options offered.

Lease Discount Disclosure Statement: Apple Inc. through the Apple Financial Services program may provide an equipment discount to certain third-party investors. The discount may be applied to facilitate a lease rate discount. The actual interest rate paid on any resulting lease may be reflected in an amortization table provided with lease documents. The quoted payment amount does not include amounts that may be due for taxes or fees, if applicable.

The lease charge portion of the payments can be determined by applying to the total adjusted cost the rate which will amortize the total adjusted cost down to the purchase option amount. The lease charge rate may be higher than the actual annual interest rate because of the amortization of certain costs and fees incurred by the third-party investor. Rates may be subject to verification that the Lessee is a state or political subdivision as defined in Sec. 103 of the IRS Code, 1986.

Berry Board Report
June 13, 2023
Southeast Wisconsin Schools Alliance

Legislative Update from Ramie Zelenkova, our SWSA lobbyist

Budget proposal on the table:

- \$325 per pupil for public districts - compared to \$1510 we advocated for
- Being reported as \$1B in "spendable revenue" for schools. Details still unclear (e.g. does that include voucher schools)
- Charter schools 20-40% increase in per pupil payment
- Increase in low revenue ceiling, 10k to 11k

- JFC will meet today in executive session. An omnibus budget motion is likely today.
- 33% special education match versus 66%-100% we need.
- \$30M grants for mental health

- General consensus around "doing something for literacy" - likely one-time funding sunseting 2028 (see more below)

- This was presented alongside shared revenue with municipalities and county government because *negotiations* were tied. Shared revenue does not actually impact school

- Ramie: "Share revenue took up a lot of oxygen in the room."

Discussion points:

- Yes, this is \$1B in investment to schools, a historic investment in schools. What is missed in that headline is that we've had a historic *disinvestment* for six of the last eight years.
- We haven't had a per pupil increase that keeps pace with inflation for 14 years.
- This will leave many districts cutting programs, cutting staff, unable to recruit teachers in the current labor shortage, and going to referendum.
- Teacher burnout is only going to worsen without resources, leading to continued shortage and turnover that hurts kids.

Literacy legislation:

- Joel Kitchens, Chair of Ed Committee, sponsored legislation
- Bill introduced end of last week, Assembly hearing today. Draft includes:
 - Office of literacy at DPI
 - Funding for literacy coaches deployed across the state
 - Council of Early literacy at DPI to look at curriculum and instruction - made up of appointees.

- Proposed requirement to hold back 3rd graders who don't pass certain reading tests - unclear which assessments or screeners would be used. Issue here is that Forward exam results don't even come in until mid-summer, and quicker screeners are not designed to be high-stakes tests. (note, Tennessee adopted something similar that has created a lot of chaos). Retention (holding students back a grade) is not supported by evidence.
- If Forward exams are the basis for retention, this year that would have meant 14,000 9-year-olds in Wisconsin held back a grade.
- Most of the funding expires 2028, so one-time money for a need that will not expire.
- Member point: Reading specialists, literacy coaches that will fill these DPI jobs are working in our districts today ... that creates a problem in an environment of labor shortage.
- MPS Lobbyist Chris Thiel mentioned that it is probably useful to communicate with the Governor's office about this, whereas budget advocacy might be better directed to JFC membership.
- Science-based reading instruction is the right thing, but it's expensive! Assessment, universal screening like Fastbridge, and curriculum are great. A coach-based model hasn't worked in other states.

Here is a great reminder of our fiscal reality from SWSA:

Summer Break

The District and School Board recognized eight retiring staff members at a reception at the High School on May 30, and this annual event is among many that mark the end of the school year.

This group of colleagues has a combined total of 204 years of service to the District, and they have made a difference in the lives of thousands of students and their families. I am deeply grateful for the passion and commitment to education they have shared with us, and Board and community members can read sentiments shared by their colleagues on the [District website](#). Congratulations and best wishes to:

| ● Christine Albrightson (Atwater) | ● John Jacobson (SHS) |
| ● Julie Bennett (Atwater) | ● Vince Peterson (SHS) |
| ● Cathy Daniels (Atwater) | ● Deb Schwinn (SHS) |
| ● Cheryl Sawdy (Lake Bluff) | ● Tony Seidita (District) |

With the 2022-2023 school year officially in the books, I want to express my gratitude to all District staff members, and to our students and families, for making this year one filled with growth, achievement and service to the community. Congratulations, too, to our 6th grade and 8th grade students, who will be moving on to Shorewood Intermediate School and Shorewood High School in the fall, and to the Class of 2023, who received their diplomas at Graduation on Sunday, June 11.

While instructional staff finished grading and records on June 9, District staff and school leaders will be turning their attention to a busy summer schedule, including:

- Summer Board meetings (June 27, July 11 and August 8), and the Annual Meeting and Budget Hearing on Tuesday, August 22. Over the past several weeks, the District has requested that the SEA commence negotiations on our Agreement for the 2023-2024 school year, as this is a priority for the budget that will be discussed in August and presented for final approval in October.
- Completing landscaping projects outlined at the May 9 Board meeting;
- Operating Recreation and Community Services summer programming for children and teens; these complement ongoing adult enrichment and Fitness Center classes, and summer entertainment and events offered to the entire community;
- Managing Summer School, which runs from June 20 to July 27 - SHS Associate Principal, Amanda Jamerson, will serve as Summer School Principal again this year;
- Professional development, training and summer curriculum and technology projects, including development of student programming for the SIS Makerspace, implementation of the next phases of STEP (our 1:1 student technology initiative); and
- Recruitment for staff vacancies. We have under ten vacancies - including teachers and other District staff - to fill this summer, which is significantly lower than previous years.

Laurie Burgos was in the District on Friday, June 2, and she has now completed her one-on-one meetings with school leaders and department administrators, in addition to attending some key events and other meetings, and a casual meet & greet with members of the SEED Board and Foundation volunteers. Laurie and I will continue our meetings over the next few weeks to review District and school priorities, school growth goals, communications and other topics. Laurie will be participating in ICS training along with other new staff members shortly after her arrival in the District and scheduling meetings with community partners, Village officials and others who can help orient her to the District and our community.

Laurie also plans to attend the All-Class Reunion and Community Picnic on July 1 - her official first day. Our facilities referendum partners - Huffman Keel Partners and Miron Construction - are helping to underwrite the event and we are very grateful for their generous support to help relaunch alumni outreach. Mike Huffman and others who worked on our facilities projects will be at the event to help SHS Principal Tim Kenney and some recent SHS graduates commemorate completion of the Administration Building with placement of a student-created time capsule behind the building's date stone. Tours of the High School and other activities are planned and

all community members are welcome - and encouraged - to attend. The entire day's schedule can be viewed on the [District website](#) and updates will be added as the event date approaches.

An All-Class Reunion has not been held in several years. Members of the Class of 2023 received an Alumni Association welcome letter before graduation, and an alumni gathering at Hubbard Park Lodge follows the Community Picnic. We appreciate the leadership of Sarah and Peter Hammond, the new Alumni Association Co-Presidents, Brian Spahn, Martha Bodden, Chelsea Cross and other alumni volunteer leaders, and the SEED Foundation, for partnering with Chief of Staff, Carrie Wettstein, and others in the District to re-establish this event and support the District's outreach and engagement efforts. Please mark your calendars.

Strategic and Annual Priorities

The culmination of the school year (and fiscal year, which ends on June 30) is also a benchmark for ongoing evaluation work happening across the District and in our schools. Completion of a full cycle of student assessments and the Educator Effectiveness cycle, the conclusion of pilots and other projects, annual surveys and other data collection is used extensively for the evaluation of programs and services, for decision-making and for goal setting for future years. Some of the work underway during the final days of school included:

- Selecting the K-3 phonics curriculum to be implemented next year. This follows the recent conclusion of a two-year pilot project that was established to address early literacy needs identified through goal setting in 2021-2022;
- End-of-year student data reviews in the elementary grades to identify new and ongoing student needs for 2023-2024 and evaluate the success of learning interventions; and
- The final steps toward completion of standards alignment and prioritization work in the elementary schools and training on the new K5-5 math curriculum.

Our school principals and the Teaching & Learning team have also been meeting to work on school growth plans for next year, and Mike Joynt will present the District's R2 (Academic Growth - Literacy and Numeracy) Student Results Report at the June 27 Board meeting. Work to integrate the results of our School Perceptions and Youth Risk Behavior survey results into our goals and work plans will also be a focus during the summer months.

I will be presenting a summary of the 2023 School Perceptions survey results (Parents & Community Members, Staff and Students) as well at the June 27 meeting and look forward to discussing our analyses of the data and trends. In keeping with our practice of sharing Board reports more broadly, these will be made available on the District website following the next Board meeting.
