- 2. collaborate with Safe School Climate Specialists, the Board, and the Superintendent to prevent, identify and respond to bullying in district schools;

3. provide data and information, in collaboration with the Superintendent, to the Department of Education regarding bullying;
4. meet with Safe School Climate Specialists at least twice during the school year to discuss issues relating to bullying the school district and to make recommendations concerning amendments to the district's Plan.

B. Safe School Climate Specialist

The Principal of each school (or principal's designee) shall serve as the Safe School Climate Specialist. The Safe School Climate Specialist shall investigate or supervise the investigation of reported acts of bullying and act as the primary school official responsible for preventing, identifying and responding to reports of bullying in the school.

V. **Development and Review of Safe School Climate Plan**

- A. The Principal of each school shall establish a committee or designate at least one existing committee ("Committee") in the school to be responsible for developing and fostering a safe school climate and addressing issues relating to bullying in the school. Such committee shall include at least one parent/guardian of a student enrolled in the school, as appointed by the school principal.
- B. The Committee shall: 1) receive copies of completed reports following bullying investigations; 2) identify and address patterns of bullying among students in the school; **3) review and amend school policies relating to bullying; implement the provisions of the school security and safety plan, if applicable, regarding the collection, evaluation and reporting of information relating to instances of disturbing or threatening behavior that may not meet the definition of bullying;** 4) review and make recommendations to the Coordinator regarding the Safe School Climate Plan based on issues and experiences specific to the school; 5) educate students, school employees and parents/guardians on issues relating to bullying; 6) collaborate with the Coordinator in the collection of data regarding bullying; and 7) perform any other duties as determined by the Principal that are related to the prevention, identification and response to school bullying.
- C. Any parent/guardian serving as a member of the Committee shall not participate in any activities which may compromise the confidentiality of any student, including, but not limited to receiving copies of investigation reports, or identifying or addressing patterns of bullying among students in the school.
- D. The Board of Education shall approve the Safe School Climate Plan developed pursuant to Board policy and submit such plan to the Department of Education. Not later than thirty (30) calendar days after approval by the Board, the Board shall make such plan available on the Board's and each individual school in the school district's web site and ensure that the Safe School Climate Plan is included

in the school district's publication of the rules, procedures and standards of conduct for schools and in all student handbooks.

VI. Procedures for Reporting and Investigating Complaints of Bullying

- A. Students and parents (or guardians of students) may file written reports of bullying. Written reports of bullying shall be reasonably specific as to the basis for the report, including the time and place of the alleged conduct, the number of incidents, the target of the suspected bullying, and the names of potential witnesses. Such reports may be filed with any building administrator and/or the Safe School Climate Specialist (i.e. building principal), and all reports shall be forwarded to the Safe School Climate Specialist for review and actions consistent with this Plan.
- B. Students may make anonymous reports of bullying to any school employee. Students may also request anonymity when making a report, even if the student's identity is known to the school employee. In cases where a student requests anonymity, the Safe School Climate Specialist or his/her designee shall meet with the student (if the student's identity is known) to review the request for anonymity and discuss the impact that maintaining the anonymity of the complainant may have on the investigation and on any possible remedial action. All anonymous reports shall be reviewed and reasonable action will be taken to address the situation, to the extent such action may be taken that does not disclose the source of the report, and is consistent with the due process rights of the student(s) alleged to have committed acts of bullying. No disciplinary action shall be taken solely on the basis of an anonymous report.
- C. School employees who witness acts of bullying or receive reports of bullying shall orally notify the Safe School Climate Specialist or another school administrator if the Safe School Climate Specialist is unavailable, not later than one (1) school day after such school employee witnesses or receives a report of bullying. The school employee shall then file a written report not later than two (2) school days after making such oral report.
- D. The Safe School Specialist shall be responsible for reviewing any anonymous reports of bullying and shall investigate or supervise the investigation of all reports of bullying and ensure that such investigation is completed promptly after receipt of any written reports. In order to allow the district to adequately investigate complaints filed by a student or parent/guardian, the parent of the student suspected of being bullied should be asked to provide consent to permit the release of that student's name in connection with the investigation process, unless the student and/or parent has requested anonymity.
- E. In investigating reports of bullying, the Safe School Climate Specialist or designee will consider all available information known, including the nature of the allegations and the ages of the students involved. The Safe School Climate Specialist will interview witnesses, as necessary, reminding the alleged

perpetrator and other parties that retaliation is strictly prohibited and will result in disciplinary action.

VII. Responding to Verified Acts of Bullying

- A. Following investigation, if acts of bullying are verified, the Safe School Climate Specialist or designee shall notify the parents or guardians of the students against whom such acts were directed as well as the parents or guardians of the students who commit such acts of bullying of the finding **not later than forty-eight hours** after the investigation is completed. This notification shall include a description of the school's response to the acts of bullying. In providing such notification, however, care must be taken to respect the statutory privacy rights of other students, including the perpetrator of such bullying. The specific disciplinary consequences imposed on the perpetrator, or personally identifiable information about a student other than the parent/guardian's own child, may not be disclosed except as provided by law.
- B. In any instance in which bullying is verified, the Safe School Climate Specialist or designee shall also invite the parents or guardians of the student who commits any verified act of bullying and the parents or guardian of the student against whom such act was directed to a meeting to communicate the measures being taken by the school to ensure the safety of the student/victim and to prevent further acts of bullying. The invitation may be made simultaneous with the notification described above in Section VII.A. The purpose of the meeting is to communicate to parents/guardians the measures being taken by the school to ensure the safety of the student involved and to prevent further acts of bullying. Normally, separate meetings shall be held with the respective parents; however, at the discretion of the Safe School Climate Specialist and with written consent of the parents/guardians involved, the meeting(s) may be held jointly.
- C. If bullying is verified, the Safe School Climate Specialist or designee shall develop a student safety support plan for any student against whom an act of bullying was directed. Such support plan will include safety measures to protect against further acts of bullying.
- D. A specific written intervention plan shall be developed to address repeated incidents of bullying against a single individual or recurrently perpetrated bullying incidents by the same individual. The written intervention plan may include counseling, discipline and other appropriate remedial actions as determined by the Safe School Climate Specialist or designee, and may also incorporate a student safety support plan, as appropriate.
- E. Notice to Law Enforcement

If the Principal of a school (or his/her designee) reasonably believes that any act of bullying constitutes a criminal offense, he/she shall notify appropriate law enforcement. Notice shall be consistent with the Board's obligations under state and federal law and Board policy regarding the disclosure of personally

identifiable student information. In making this determination, the Principal or his/her designee, may consult with the school resource officer, if any, and other individuals the principal or designee deems appropriate.

- F. If a bullying complaint raises concern about discrimination or harassment on the basis of a legally protected classifications (such as race, religion, color, national origin, sex, sexual orientation, age, disability or gender identity or expression), the Safe School Climate Specialist or designee shall also coordinate any investigation with other appropriate personnel within the district as appropriate (e.g. Title IX Coordinator, Section 504 Coordinator etc.), **so as to ensure that any such bullying investigation complies with the requirements of such policies regarding nondiscrimination.**

VIII. Documentation and Maintenance of Log

- A. Each school shall maintain written reports of bullying, along with supporting documentation received and/or created as a result of bullying investigations, consistent with the Board's obligations under state and federal law. Any educational record containing personally identifiable student information pertaining to an individual student shall be maintained in a confidential manner, and shall not be disclosed to third parties without written prior written consent of a parent, guardian or eligible student, except as permitted under Board policy and state and federal law.
- B. The Principal of each school shall maintain a list of the number of verified acts of bullying in the school and this list shall be available for public inspection upon request. Consistent with district obligations under state and federal law regarding student privacy, the log shall not contain any personally identifiable student information, or any information that alone or in combination would allow a reasonable person in the school community to identify the students involved. Accordingly, the log should be limited to basic information such as the number of verified acts, name of school and/or grade level and relevant date. Given that any determination of bullying involves repeated acts, each investigation that results in a verified act of bullying for that school year shall be tallied as one verified act of bullying unless the specific actions that are the subject of each report involve separate and distinct acts of bullying. The list shall be limited to the number of verified acts of bullying in each school and shall not set out the particulars of each verified act, including, but not limited to any personally identifiable student information, which is confidential information by law.
- C. The Principal of each school shall report the number of verified acts of bullying in the school annually to the Department of Education in such manner as prescribed by the Commissioner of Education.

IX. Other Prevention and Intervention Strategies

- A. Bullying behavior can take many forms and can vary dramatically in the nature of the offense and the impact the behavior may have on the victim and other

students. Accordingly, there is no one prescribed response to verified acts of bullying. While conduct that rises to the level of “bullying”, as defined above, will generally warrant traditional disciplinary action against the perpetrator of such bullying, whether and to what extent to impose disciplinary action (e.g., detention, in-school suspension, suspension or expulsion) is a matter for the professional discretion of the building principal (or responsible program administrator or his/her designee). No disciplinary action may be taken solely on the basis of an anonymous complaint. As discussed below, schools may also consider appropriate alternative to traditional disciplinary sanctions, including age-appropriate consequences and other restorative or remedial interventions.

- B. A specific written intervention plan shall be developed to address repeated incidents of bullying against a single individual or recurrently perpetrated bullying incidents by the same individual. This plan may include safety provisions, as described above, for students against whom acts of bullying have been verified and may include other interventions such as counseling, discipline, and other appropriate remedial or restorative actions as determined by the responsible administrator.
- C. The following sets forth possible interventions which may also be utilized to enforce the Board’s prohibition against bullying:

- i. Non-disciplinary interventions

When verified acts of bullying are identified early and/or when such verified acts of bullying do not reasonably require a disciplinary response, students may be counseled as to the definition of bullying, its prohibition, and their duty to avoid any conduct that could be considered bullying. Students may also be subject to other forms of restorative discipline or remedial actions, appropriate to the age of the students and nature of the behavior.

If a complaint arises out of conflict between students or groups of students, peer or other forms of mediation may be considered. Special care, however, is warranted in referring such cases to peer mediation. A power imbalance may make the process intimidating for the victim and therefore inappropriate. In such cases, the victim should be given additional support. Alternatively, peer mediation may be deemed inappropriate to address the concern.

- ii. Disciplinary interventions

When acts of bullying are verified and a disciplinary response is warranted, students are subject to the full range of disciplinary consequences. Anonymous complaints, however, shall not be the basis for disciplinary action.

- m. Continuing awareness and involvement on the part of school employees and parents with regards to prevention and intervention strategies;
 - n. Modeling by teachers of positive, respectful, and supportive behavior toward students;
 - o. Creating a school atmosphere of team spirit and collaboration that promotes appropriate social behavior by students in support of others;
 - p. Employing classroom strategies that instruct students how to work together in a collaborative and supportive atmosphere.
- D. In addition to prevention and intervention strategies, administrators, teachers and other professional employees may find opportunities to educate students about bullying and help eliminate bullying behavior through class discussions, counseling, and reinforcement of socially-appropriate behavior. Administrators, teachers and other professional employees should intervene promptly whenever they observe mean-spirited student conduct, even if such conduct does not meet the formal definition of “bullying.”

X. Improving School Climate

[Individual schools should use this section to outline affirmative steps to improve the quality of school climate as defined within a particular school and/or district. These strategies should align with school improvement plans, school climate assessments, and be based on current data available on the quality of school climate within the school and/or district including, but not limited to, the type, nature, frequency etc. of behavior that may constitute or lead to bullying, harassment or similar behavior. This section is intended to be broader in scope and should be targeted towards fostering positive school climate rather than exclusively preventing, investigating and otherwise responding to specific incidences of bullying.]

XI. Annual Notice and Training

- A. Students, and parents or guardians of students shall be notified annually of the process by which students may make reports of bullying.
- B. The Board shall provide for the inclusion of language in student codes of conduct concerning bullying.
- C. At the beginning of each school year, each school shall provide all school employees with a written or electronic copy of the school district’s safe school climate plan and require that all school employees annually complete training on the identification, prevention and response to bullying as required by law.

- D. After July 1, 2014, any person appointed by the district to serve as district safe school climate coordinator shall complete mental health and first aid training offered by the Commissioner of Mental Health and Addiction Services.**

XII. School Climate Assessments

Biennially, the Board shall require each school in the district to complete an assessment using the school climate assessment instruments, including surveys, approved and disseminated by the Connecticut State Department of Education. The Board shall collect the school climate assessments for each school in the district and submit such assessments to the Connecticut State Department of Education.

PHYSICAL ACTIVITY AND STUDENT DISCIPLINE

It is the policy of the Board to promote the health and well-being of district students by encouraging healthy lifestyles including promoting physical exercise and activity as part of the school day.

[NOTE: Public Act 13-173 requires boards of education to adopt a policy, as the board deems appropriate, concerning the issue regarding any school employee being involved in preventing a student from participating in the entire time devoted to physical exercise in the regular school day. Below is suggested language that prohibits a school employee from depriving elementary students from participating in the full 20 min/day of physical exercise required under current law. Boards may extend this prohibition beyond elementary students, as deemed appropriate by the Board.]

Prohibition on Deprivation of Physical Exercise Period as a Form of Discipline:

For elementary school students, the Board includes a time of not less than twenty (20) minutes in total, during the regular school day, to be devoted to physical exercise. The Board prohibits school employees from disciplining elementary school students by preventing them from participating in the entire time devoted to physical exercise during the regular school day.

Prohibition on Compulsion of Physical Activity as a Form of Discipline:

For all students, the Board prohibits school employees from disciplining students by requiring students to engage in physical activity as a form of discipline during the regular school day.

Definition:

For the purposes of this policy, a “school employee” is defined as (1) a teacher, substitute teacher, school administrator, school superintendent, guidance counselor, psychologist, social worker, nurse, physician, school paraprofessional or coach employed by the Board or working in the district schools, or (2) any other individual who, in the performance of his or her duties, has regular contact with students and who provides services to or on behalf of students enrolled in the district schools pursuant to a contract with the Board.

Disciplinary Action for Failure to Follow Policy:

Any employee who fails to comply with the requirements of this policy may be subject to discipline, up to and including termination of employment. Any contracted individual who provides services to or on behalf of students enrolled in the district and who fails to comply with the requirements of this policy may be subject to having his/her contract for services suspended by the district.

FAMILY AND MEDICAL LEAVE

PURPOSE

The purpose of these regulations is to establish guidelines for leaves taken by employees of the Board under the Federal Family and Medical Leave Act of 1993.

ELIGIBILITY

Employees who have worked for the Board for at least fifty-two (52) weeks during the seven years preceding the start of a leave, and who have worked at least 1,250 actual work hours during the twelve (12) months immediately preceding the start of a leave, are eligible for unpaid leave under the FMLA.

Full-time teachers are deemed to meet the 1,250 service hour requirement. *Teacher* (or employee employed in an instructional capacity, or instructional employee) means an employee employed principally in an instructional capacity by an educational agency or school whose principal function is to teach and instruct students in a class, a small group, or an individual setting, and includes athletic coaches, driving instructors, and special education assistants such as signers for the hearing impaired. The term does not include teacher assistants or aides who do not have as their principal function actual teaching or instructing, nor auxiliary personnel such as counselors, psychologists, curriculum specialists, cafeteria workers, maintenance workers, bus drivers, or other primarily noninstructional employees.

REASONS FOR LEAVE

Leaves under the FMLA may be taken for the following reasons:

- For incapacity due to pregnancy, prenatal care, or child birth;
- To care for the employee's child after birth, or placement of a child with the employee by adoption or foster care (leave must be taken within 12 months after birth or placement);
- To care for the employee's spouse, son or daughter, or parent, who has a serious health condition;

- For the employee's own serious health condition that makes the employee unable to perform one or more essential functions of his or her current position.
- Because of a qualifying exigency arising out of the fact that the employee's spouse, son, daughter, or parent is on (or has been notified of an impending call to) covered active duty in the Armed Forces (including a member of the National Guard or Reserves). Qualifying exigencies may include:
 - (a) Short-notice deployment activities (if a member receives seven or fewer calendar days notice prior to the date of deployment);
 - (b) Military events and related activities;
 - (c) Childcare and school activities;
 - (d) Financial and legal arrangements;
 - (e) Counseling activities;
 - (f) Rest and recuperation activities;
 - (g) Post-deployment activities; and/or
 - (h) Additional activities.
- To care for the employee's spouse, parent, son or daughter, or next of kin who is a covered servicemember with a serious injury or illness incurred in the line of duty on active duty that may render the servicemember medically unfit to perform the duties of his or her office, grade, rank or rating. A covered servicemember includes (1) a member of the Armed Forces (including a member of the National Guard or Reserves) (a) who is undergoing medical treatment, recuperation, or therapy; (b) is in outpatient status; or (c) is on the temporary disability retired list for a serious injury or illness, and (2) a veteran who is undergoing medical treatment, recuperation, or therapy for a serious injury or illness who was a member of the Armed Forces at any time during the five years preceding the date on which the veteran undergoes medical treatment, recuperation, or therapy.

LENGTH OF LEAVE

General Entitlement

Except in the case of leave to care for a covered servicemember with a serious injury or illness, an eligible employee is entitled to take up to a maximum of twelve (12) workweeks of FMLA leave during any 12-month entitlement period. The 12-month entitlement period for family or medical leave is July 1 through June 30 of year.

Section: Personnel – Certified/Non-Certified

Subject: FAMILY & MEDICAL LEAVE

AR-4311.2

**ADMINISTRATIVE REGULATIONS
WINDSOR PUBLIC SCHOOLS
WINDSOR, CT**

An eligible employee is entitled to up to 26 workweeks of leave to care for a covered servicemember with a serious injury or illness during a single 12-month period. Leave for that purpose is measured forward from the date an employee begins leave to care for the covered servicemember.

More Than One Qualifying Reason

If leave is taken for more than one of the qualifying reasons listed above, the employee is entitled to a combined total of 12 workweeks of leave during any 12-month entitlement period unless one of the reasons is to care for a covered servicemember with a serious injury or illness. If one of the reasons is to care for a covered servicemember with a serious injury or illness, then the employee is entitled to a combined total of 26 workweeks of leave during the single 12-month period, but is still limited to a combined maximum of 12 workweeks for leave taken for any reason other than to care for a covered servicemember with a serious injury or illness.

Both Spouses Working for the School District

If both spouses are employees of the Board and request leave for the birth, placement of a child by adoption or for foster care, or to care for a seriously ill parent, they only will be entitled to a maximum combined total leave equal to twelve (12) weeks in any 12-month entitlement period. If either spouse (or both) uses a portion of the total 12-week entitlement for one of the purposes in the preceding sentence, each is entitled to the difference between the amount he or she has taken individually and the 12 weeks for FMLA leave for their own or their spouse's serious health condition in the 12-month entitlement periods.

TYPES OF LEAVE AND CONDITIONS

Block of Time, Intermittent And Reduced Schedule Leave

An employee may take FMLA leave in a block of time, on an intermittent basis, or on a reduced schedule basis, as explained below.

1. “Block” FMLA leave is leave for a continuous period of time. Such leave may be taken for any of the reasons permitted by the FMLA.
2. “Intermittent” leave means leave taken in separate periods of time rather than for one continuous period of time. Examples of intermittent leave include leave taken one day per week over a period of a few months or leave taken on an occasional/as needed basis for other than routine medical appointments. Non-exempt employees may take intermittent leave in increments of one-quarter hour.
3. “Reduced Schedule” leave is leave that reduces the employee's usual number of work hours per day for some period of time. For example, an employee may request to work part-time for a number of weeks so the employee can assist in the care of a parent with a serious health condition.

Intermittent or reduced schedule leave can only be taken when medically necessary for an employee's or covered family member's serious health condition, or because of a covered servicemember's serious illness or injury, and the medical need can best be accommodated through an intermittent or reduced schedule leave. Such leave may be taken:

1. When necessary for planned or unanticipated medical treatment, or for treatment that is required by a health care provider periodically (e.g., leave taken for chemotherapy or for prenatal examinations);
2. For recovery from a serious health condition or a covered servicemember's serious injury or illness;
3. To provide care or psychological comfort to a covered family member or a covered servicemember;
4. Where the employee or covered family member is incapacitated from performing the essential functions of the position because of a chronic serious health condition, or because of a serious injury or illness of a covered servicemember; or
5. Due to a qualifying exigency.

Temporary Transfer

If foreseeable intermittent or reduced schedule leave is medically required based upon planned medical treatment of the employee or a family member, including during a period of recovery from a serious health condition, or if the School District agrees to permit intermittent or reduced schedule leave for the birth of a child or for placement of a child for adoption or foster care, the School District may temporarily transfer the employee to another job with equivalent pay and benefits that better accommodates the type of leave requested.

Also, special arrangements may be required of any instructional employee who needs to take intermittent or reduced-schedule leave which will involve absence for more than twenty (20) percent of the work days in the period over which the leave will extend (for example, more than five days over a five-week period).

Scheduling Planned Medical Treatment

When planning medical treatment for foreseeable FMLA leave, an employee must consult with his or her supervisor and make a reasonable effort to schedule the treatment so as not to disrupt unduly the School District's operations, subject to the approval of the health care provider. Ordinarily, the employee should consult with the supervisor prior to scheduling the treatment in order to work out treatment schedule which best suits the needs of the School District and the employee. The School District may, for justifiable cause, require an employee to attempt to reschedule treatment, subject to the approval of the health care provider as to any modification of the treatment schedule.

Leave Taken by Instructional Employees Near the End of an Academic Term

1. If a leave taken by an instructional employee for any reason begins more than five (5) weeks before the end of an academic term, the Board may require that employee to continue the leave until the end of the term if the leave will last at least three (3) weeks and the employee would return to work during the three-week period before the end of the term.
2. If the employee begins a leave during the five-week period preceding the end of an academic term for a reason other than the employee's own serious health condition, the Board may require the employee to continue taking leave until the end of the term if the

leave will last more than two (2) weeks and the employee would return to work during the two-week period before the end of the term.

3. If the employee begins a leave during the three-week period preceding the end of an academic term for a reason other than the employee's own serious health condition, the Board may require the employee to continue taking leave until the end of the term if the leave will last more than five (5) working days.

REQUESTS FOR LEAVE

Initial Request

An employee must inform his or her supervisor of the need for a family or medical leave at least thirty (30) days before the leave is to begin if the need for the leave is foreseeable based upon an expected birth, placement for adoption for foster care, planned medical treatment for the employee's or family member's serious health condition, or the planned medical treatment for a serious injury or illness of a covered servicemember. If 30 days notice is not practicable, then the employee must provide notice as soon as practicable under the circumstances, usually the same day or the next business day after the employee becomes aware of the need for FMLA leave. An employee must provide notice as soon as practicable if the foreseeable leave is for a qualifying exigency. When the approximate timing of the need for leave is not foreseeable, an employee must inform his or her supervisor as soon as practicable under the circumstances.

The employee should follow the School District's normal procedures for providing notice of the need for leave. The employee must provide sufficient information to make his or her supervisor aware that the employee needs FMLA-qualifying leave, and must inform the supervisor of the anticipated timing and duration of the leave.

Subsequent Requests

If the requested leave is for a reason for which leave was previously designated as FMLA leave by the School District, the employee must specifically reference the reason for the leave or the need for "FMLA" leave. In addition, an employee must inform his or her supervisor as soon as practicable if date(s) of scheduled leave change or are extended, or if the date(s) were initially unknown.

Section: Personnel – Certified/Non-Certified

Supervisor Notice Obligations

The supervisor must promptly (the same day) notify the School District's Human Resources Department/FMLA Administrator that an employee has requested leave that may qualify under FMLA. Human Resources will coordinate the processing of all FMLA leave paperwork.

CERTIFICATIONS REQUIRED

For leaves taken for any FMLA-qualifying reason, an employee may be required to submit a completed certification form supporting the need for leave. The appropriate form will be provided to the employee within five business days after the employee gives notice of the need for leave. The employee must submit the completed form within fifteen (15) calendar days of receiving the request for the completed certification. If it is not practicable for the employee to provide the completed form within 15 calendar days despite the employee's diligent, good faith efforts, the employee must inform Human Resources/the FMLA Administrator of the reason for delay. FMLA-protected leave may be delayed or denied if the employee does not provide a complete and sufficient certification as required.

USE OF PAID LEAVE

Accrued paid personal leave and accrued paid vacation will be substituted (in that order) for any unpaid portions of family or medical leave taken for any reason. However, where the leave is for the employee's own serious health condition, accrued paid sick leave shall be substituted for unpaid portions of family or medical leave prior to the substitution of accrued paid personal and accrued paid vacation leave. The amount of unpaid family or medical leave entitlement is reduced by the amount of paid leave that is substituted.

MEDICAL INSURANCE AND OTHER BENEFITS

During approved family or medical leaves of absence, the Board will continue to pay its portion of medical insurance premiums for the period of unpaid family or medical leave. The employee must continue to pay his/her share of the premium, and failure to do so may result in loss of coverage. If the employee does not return to work after expiration of the leave, the employee will be required to reimburse the Board for payment of medical insurance premiums during the family or medical leave, unless the employee does not return because of a serious health condition or circumstances beyond the employee's control.

Section: Personnel – Certified/Non-Certified

Subject: FAMILY & MEDICAL LEAVE

AR-4311.2

**ADMINISTRATIVE REGULATIONS
WINDSOR PUBLIC SCHOOLS
WINDSOR, CT**

During an FMLA leave, an employee will continue to accrue benefits such as seniority and paid leave. Unused employment benefits accrued by the employee up to the day on which the leave begins will not be lost upon return to work. Leave taken under this policy does not constitute an absence under Board's attendance guidelines.

RETURN TO WORK/REINSTATEMENT

Except for circumstances unrelated to the taking of a family or medical leave, an employee who returns to work following the expiration of a family or medical leave is entitled to return to the job held prior to the leave or to an equivalent position with equivalent pay and benefits. If an employee takes leave to care for his or her own serious health condition, prior to returning to work, the employee must provide medical certification that the health condition which created the need for the leave no longer renders the employee unable to perform the functions of the job. This certification must be submitted to the Human Resources Department.

ADDITIONAL INFORMATION

Questions regarding family or medical leave may be directed to Human Resources.

Students**Promotion/Retention**

The Board of Education is dedicated to the best total and continuous development of each student enrolled in its schools. Therefore, the District will establish and maintain the highest standards required for each grade and monitor student performance in a continuous and systematic manner. The administration and faculty shall establish a system of grading and reporting academic achievement to students and their parents and guardians. The system shall also determine when promotion and graduation requirements are met. The decision to promote a student to the next grade level shall be based on successful completion of the curriculum, attendance, personal and social maturity, performance on objective tests, and student demonstration of mastery of the Goals for Windsor Students (P 0200) at each level.

To graduate from the Windsor Public Schools a student must demonstrate competency in specific basic skills. Assessment of the level of competency in the specified basic skills includes the results from the Connecticut Academic Performance Test (CAPT). Administration will identify a course of study to assist a student who has not successfully completed the assessments.

Students**Promotion/Retention**

1. The Windsor Public Schools are committed to ensuring that every graduate is a lifelong learner, productive worker, responsible citizen and thoughtful participant in our diverse communities. It is the goal of this school system that every graduate will achieve the Goals for Windsor Students, adopted by the Board of Education as Policy 0200.
2. These expectations shall frame the teaching, learning and assessment processes of the Windsor schools. Such expectations are viewed as crucial to lifelong learning and essential to gaining student's commitment to the learning process.
3. The Administration will maintain rigorous grade-by-grade standards and a curriculum and assessment system to support such standards. A high priority must be placed on ensuring a student's ability to read on grade level. These standards are based on Windsor's goals and aligned with Connecticut's statewide assessment system, CMT's, CAPT, Common Core of

Learning and Curriculum Frameworks. They are translated into local curriculum frameworks to guide instruction based upon high expectations for student achievement.

4. Social promotion is not acceptable.

5. Student promotion and graduation shall be based on demonstrated and/or assessed mastery of the content and skills standards. *(especially in the core subjects of English/language arts, mathematics, science and social science)* Students should earn the right to move from grade to grade through demonstration of the mastery of the knowledge and skills required of them.

A. Students are expected to progress through each grade usually within one school year. To accomplish this, instruction should accommodate the varying interests and growth patterns of individual students and include strategies for addressing academic deficiencies when needed. Students shall progress through the grade levels by demonstrating growth in learning and meeting grade-level standards of expected student achievement. The student's readiness for work at the next grade level shall be required before he/she is promoted.

The District shall utilize multiple measures of academic performance indicators as determinants in promotion/retention decisions. Student assessment of performance shall be based upon and aligned with the adopted standards. Student evaluation shall be fair, consistent and appropriate to program goals. The assessment program shall include, but not be limited to, the use of standardized and teacher made tests, projects, portfolios, and other student demonstrations of mastery, teacher observation, and student performance on objective tests.

B. Schools shall identify students at risk, modify instruction, and offer additional support to prevent retention. Prior to deciding on retention for a student not mastering the appropriate skills, the district shall provide and may require the student to attend one or more alternatives for remedial assistance.

C. Academic achievement, attitude, effort, work habits, behavior, attendance, and other significant learning related factors shall be regularly evaluated and communicated to students and their parents/guardians.

D. Parents/guardians shall also be included in the planning of intervention strategies and the ongoing monitoring of the student's progress. Parent/guardians are to be fully involved and informed throughout the promotion/retention decision-making process. Parents will be notified as early as possible of prevention and intervention strategies, and following unsuccessful attempts to bring the student to mastery, that retention is being considered. The Principal shall be responsible for making the final promotion/retention decision.

6. The District may provide alternatives to promotion for students not successfully completing academic requirements for promotion. Such programs could include, but not be limited to, transitional programs and alternative schools/programs within the District or in cooperation with other school districts.
