P/AR 6114.7 SCHOOL SECURITY AND SAFETY PLAN [NEW]

Last year, the Connecticut General Assembly enacted legislation creating new requirements for boards of education relating to school security and safety. Each school within a school district must develop and implement a school security and safety plan based on school security and safety standards developed by the Division of Emergency Management and Homeland Security (“DEMHS”) within the Connecticut Department of Emergency Services and Public Protection (“DESPP”), in consultation with the Connecticut Department of Education. DESPP/DEMHS has developed a school security and safety template based on these standards for boards of education to use in developing plans for each school. In addition, boards must establish a school security and safety committee for each school, provide certain trainings and conduct certain assessments. We anticipate that the specifics of these plans will be exempt from disclosure under the FOIA. The policy included as a recommendation here is designed to provide the policy framework for the drafting of the specific plans contemplated by the legislation. As per our earlier guidance in this area, these new school security and safety plans must be in place for the 2014-2015 school year.

SCHOOL SECURITY AND SAFETY

Each school operating under the jurisdiction of the Windsor Board of Education will create and implement an all-hazards school security and safety plan to bolster its existing emergency preparedness, response capability and school safety and security measures and to best meet all-hazards threats. This plan will adhere to the requirements of state law and will include procedures for managing various types of emergencies and crisis management procedures. Each individual school's plan should be kept securely and will only be provided to the Board of Education, school staff and administration, members of state and local law enforcement, first responders and local municipal officials. Pursuant to Connecticut General Statutes § 1-210 (b)(19), the plan will not be available to the public.

SCHOOL SECURITY AND SAFETY ADMINISTRATIVE REGULATIONS

I. Security and Safety Committee

In order to create a fully individualized safety plan for each district school, each school will establish a school security and safety committee.* The committee is responsible for assisting in the development of the school's plan and in administering the plan. The committee will meet at least annually to review and update the school's security and safety plan as necessary. In determining whether the security and safety plan requires updating, the committee will take into account the results of the security and vulnerability assessment of the school, as described in Section IV below. The security and safety committee shall also be notified of any instances of disturbing or threatening behavior that may not meet the definition of bullying and shall report such information, as necessary, to the district safe school climate coordinator. Any information provided under this regulation shall be provided in accordance with the confidentiality restrictions imposed under the Family Educational Rights and Privacy Act ("FERPA") and the district's Confidentiality and Access to Student Information policy and regulations.

The school security and safety committee shall include in its membership a local police officer, a local first responder, a teacher, a building administrator, a mental health professional, and a parent or guardian of a student at the school. Any parent/guardian serving as a member of the Committee shall not participate in any activities which may compromise the confidentiality of any student. Subject matter experts, including but not limited to the local public works director, food services director, the Superintendent of Schools, additional law enforcement members or first responders and representatives of the municipality or others shall be invited to participate as needed.

II. Security and Safety Plan

Each school's all-hazards school security and safety plan will be created using the format prescribed by the Connecticut State Department of Emergency Services and Public Protection/Division of Emergency Management and Homeland Security in conjunction with the Connecticut State Department of Education. The Board will submit the finalized school security and safety plan for each school to the Department of Emergency Services and Public Protection. Additionally, each plan will be filed as an annex to the municipality's Local Emergency Operations Plan, filed annually with DESPP/DEMHS pursuant to Conn. Gen. Stat. § 28-7. A reference kit that meets the requirements of DESPP/DEMHS will be created in conjunction with the security and safety plan, which will be available to first responders in the event of a safety or security emergency.

III. Training and Orientation for School Employees

Each school employee at the school shall receive an orientation on the school's security and safety plan. Additionally, each school employee at the school shall receive

violence prevention training in a manner described in the security and safety plan. The training will be conducted in cooperation with the school safety and security committee and shall include local law enforcement, fire, emergency management, and emergency medical services. The goal of the orientation and training is to provide the school community and municipal officials with an understanding of the need for unified planning, preparedness and response.

IV. Assessments

At least every two years, the Board shall conduct a security and vulnerability assessment for each school in the district. Each school's security and safety committee shall be advised of the results of the assessment for the committee's school and such results shall be considered by the committee in updating and revising the school's security and safety plan.

Local law enforcement and other public safety officials including the local emergency management director, fire marshal, building inspector and emergency medical services representative shall evaluate, score and provide feedback on fire drills and crisis response drills at each school in the district. By July 1st of each year, the Board shall submit a report to the Department of Emergency Management Homeland Security Regional Coordinator regarding types, frequency and feedback related to the fire drills and crisis response drills.

AR 1149 SEXUAL OFFENDERS

Public Act 14-213 expands the requirement in General Statutes § 54-258 that the Department of Emergency Services and Public Protection (“DESPP”) notify the superintendent of schools for the school district into which a registered sexual offender will be released, and to provide the superintendent with the information from the sexual offender registry that is generally available to the public. Now such notification must be provided whenever a registrant changes addresses. The model policy has been revised to reflect this change.

Pursuant to state law, the Connecticut Department of Public Safety is obligated to notify school superintendents whenever a sexual offender is released into the community or **whenever a registered sexual offender changes his or her address.**

In order to provide information from the Connecticut Department of Public Safety to interested persons in the Windsor Public Schools' community, a link to the Connecticut Department of Public Safety's sexual offender registry has been placed on the school district's website.

When the Superintendent of Schools receives a specific notification from the Connecticut Department of Public Safety that a registered sexual offender is being released into the Windsor community, the Superintendent or his/her designee will post the notification from the Connecticut Department of Public Safety on the district's website within a reasonable period of time.

In addition, school district personnel shall cross-reference the Connecticut Department of Public Safety's sexual offender registry prior to hiring any new employee and prior to permitting a volunteer to work with students in any capacity. Registration as a sexual offender constitutes grounds for denial of employment and/or volunteer opportunities in the Windsor Public Schools.

The Superintendent or his/her designee shall provide training to appropriate staff members regarding the methods for accessing the sexual offender registry information posted on the Connecticut Department of Public Safety and the provisions of these regulations.

OTHER NON-EMPLOYEES**

In response to ongoing discussions with school districts regarding the need for enhanced security and safety within the school setting, we drafted this model policy to provide school districts with sample protocols with respect to access to schools by volunteers and other individuals not employed by the schools.

SCHOOL VOLUNTEERS, STUDENT INTERNS AND OTHER NON-EMPLOYEES

The Board of Education recognizes the importance of school volunteers at all levels of schooling. Volunteers can enhance collaboration between the school and community, broaden the school's educational environment and ultimately enrich students' school experience. The Board further acknowledges that it may, from time to time, be asked to provide learning experiences for student interns within the school environments. In recognition of the benefit of having volunteers, interns and other such non-employees providing services within the schools, the Board supports the involvement of these individuals in accordance with suitable regulations and safeguards to be developed by the Administration.

Volunteers, interns and other such non-employees working within the schools ("volunteers") must work under the supervision of _____ Public Schools staff. Volunteers are held to the same standards of conduct as school staff and must observe all Board of Education policies, including applicable policies on the confidentiality of student information.

Volunteers may be required to submit to state and federal criminal record checks and a record check of the Department of Children and Families ("DCF") Child Abuse and Neglect Registry. No person who is required to register as a sex offender under state or federal law, or whose name is currently listed on the DCF registry, may volunteer in the _____ Public Schools.

Persons interested in volunteering their services should contact the school principal.

Screening Procedure

The following procedure has been established for screening volunteers, interns and other non-employees (“volunteers”) within the _____ Public Schools. For the purpose of this procedure, volunteers are defined as those individuals who volunteer their time to assist in schools for the benefit of the student body with the express knowledge, consent and direction of a _____ Public Schools employee. Student interns are defined as individuals currently enrolled in a post-secondary program for which an authorized internship is required or for which the student may be granted credit as part of an approved course of study. As with other volunteers, all student interns must be approved in advance by the building administrator or his/her designee and must be under the direction of a Board employee.

This procedure identifies those situations in which an individual may be required to submit to state and federal criminal record checks and a record check of the Department of Children and Families (“DCF”) Child Abuse and Neglect Registry within 10 days of application and/or request to volunteer within the _____ Public Schools. All results must be received by the **[Human Resources Office]** before the volunteer may commence his or her services. No person who is a required to register as a sex offender under state or federal law, or whose name is currently listed on the DCF registry, may volunteer in the _____ Public Schools.

Screening Procedure Definitions

The District has identified two classifications of volunteers: Group I and Group II.

Group I

Volunteers will be classified in Group I when they assist school staff members with school activities in the presence of a _____ Public Schools employee. Background checks, other than the sex offender registry check, will not be required of Group I volunteers. Group I volunteers are those who assist school staff members with school activities such as those listed below:

- a. assisting in a classroom, cafeteria, or library when a staff member is present; or
- b. accompanying a class on a field trip during the school day with a staff member; or
- c. helping in the school office during regular school hours; or
- d. assisting in the cafeteria or library during regular school hours; or
- e. assisting during extracurricular events, i.e., dances, fairs, open house, sporting events, etc.

Group II

Volunteers will be classified in Group II when they provide services to students when not in the direct presence of a _____ Public Schools employee. Group II volunteers will be required to complete a consent form regarding the release of information concerning any prior or pending criminal offenses, and such volunteers will be required to submit to a record check of the Department of Children and Families (DCF) Abuse and Neglect Registry. Group II volunteers are those who engage in activities such as those listed below:

- a. accompanying a class on a field trip in which the plans include that students be divided into small groups supervised solely by the volunteer chaperone for any length of time; or
- b. chaperoning an overnight field trip; or
- c. working in direct contact with students without the direct presence of a _____ Public Schools employee;
- d. working as a student intern; or
- e. coaching.

Upon receipt of DCF Abuse and Neglect Registry results indicating that the volunteer is involved in an abuse or neglect investigation or that the volunteer is listed as a perpetrator of abuse or neglect on the Registry, the Superintendent or his or her designee will notify the volunteer of the results of the Registry check and will provide an opportunity for the volunteer to respond to the results of the Registry check. No person who is a required to register as a sex offender under state or federal law, or whose name is currently listed on the DCF registry, may be approved to volunteer within the _____ Public Schools.

When a criminal record check of a volunteer reveals a criminal conviction, whether disclosed or undisclosed on the volunteer's consent form, the Superintendent will make a case-by-case determination as to whether to allow the individual to volunteer in the _____ Public Schools. Prior to any such decision by the Superintendent or designee, the Superintendent or designee shall inform the volunteer and shall provide an opportunity for the volunteer to respond. Notwithstanding the foregoing, the falsification or omission of any information on a volunteer consent form, including, but not limited to, information concerning criminal convictions or pending criminal charges, may be grounds for the Superintendent or designee to prohibit the individual from becoming a volunteer.

Prior Approval Required

All school volunteers (including student interns or other non-employee working in the schools) must be approved in advance by the building principal or other administrative designee. The school district, acting through the appropriate building administrator or his/her designee, reserves the right to discontinue or disallow the services of any volunteer at any time at the discretion of the administration.

Sign-in Procedure

All volunteers must report to the school office upon arrival provide identification and sign in and must report to the office prior to departure to sign out. A sign-in/sign-out log will be maintained in each school office. Volunteers must indicate the purpose of their visit and include any other information (i.e. destination; provide proof of identification etc.) as may be required by the log. Additionally, volunteers will be provided with identification badges, which must be displayed during each visit.

AR 4120.5 CONCUSSION TRAINING FOR ATHLETIC COACHES

Public Act 14-66 makes significant changes to the statutes relating to student concussions, some of which became effective July 1, 2014, necessitating policy changes at this time. Certain elements of this public act will become effective with the 2015-2016 school year.

For the changes effective with this school year, General Statutes § 10-149b now describes concussions as “a type of brain injury.” The law now also requires notification to parents when a child is removed from play due to suspected concussion. Specifically, effective July 1, 2014, whenever a coach removes a student athlete from participating in any intramural or interscholastic athletic activity because of signs, symptoms or behaviors consistent with a concussion following an observed or suspected blow to the head or body or a diagnosis of a concussion, a “qualified school employee” as defined in the law, principal, teacher, licensed athletic trainer, licensed physical or occupational therapist employed by a school district, coach or school paraprofessional, must notify the student athlete’s parent or legal guardian. This notification must be provided not later than 24 hours after the removal, but the school employee should make a reasonable effort to provide immediate notification to the parent or legal guardian.

Our model policy has been amended to reflect these new requirements.

AR 4120.5

CONCUSSION TRAINING FOR ATHLETIC COACHES

This training course must be approved by the State Department of Education.
2. Coaches must provide proof of initial course completion to the Athletic Director or his/her designee prior to commencing their coaching assignments for the season in which they coach.
3. One year after receiving an initial training, and every year thereafter, coaches must review current and relevant information regarding concussions prior to commencing their coaching assignments for the season. This current and relevant information shall be that approved by the State Department of Education. Coaches need not review this information in the year they are required to take a refresher course, as discussed below.
4. Coaches must complete a refresher course concerning concussions and head injuries not later than five (5) years after receiving their initial training course, and once every five (5) years thereafter. Coaches must provide proof of refresher course completion to the Athletic Director or his/her designee prior to commencing their coaching assignments for the season in which they coach.
5. The Board shall consider a coach as having successfully completed the initial training course regarding concussions and head injuries if such coach completes a course that is offered by the governing authority for intramural and interscholastic athletics and is substantially similar, as determined by the Department of Education, to the training course required by subsection 1 of these administrative regulations, provided such substantially similar course is completed on or after

January 1, 2010, but prior to the date the State Board of Education approves the training course discussed in subsection 1 of these administrative regulations.

Concussion Management

1. Any coach of any intramural or interscholastic athletics shall immediately remove a student athlete from participating in any intramural or interscholastic athletic activity who:
 - a. is observed to exhibit signs, symptoms or behaviors consistent with a concussion following an observed or suspected blow to the head or body; or

3. The coach shall not permit such student athlete to participate in any supervised team activities involving physical exertion, including, but not limited to, practices, games or competitions, until such student athlete receives written clearance to participate in such supervised team activities involving physical exertion from a licensed health care professional trained in the evaluation and management of concussions.
4. Following receipt of clearance, the coach shall not permit such student athlete to participate in any full, unrestricted supervised team activities without limitations on contact or physical exertion, including, but not limited to, practices, games or competitions, until such student athlete:
 - a. no longer exhibits signs, symptoms or behaviors consistent with a concussion at rest or with exertion; and
 - b. receives written clearance to participate in such full, unrestricted supervised team activities from a licensed health care professional trained in the evaluation and management of concussions.

Reporting Requirements

2. Should a coach fail to adhere to the requirements of these administrative regulations, the coach may be subject to discipline up to and including termination, as well as permit revocation by the State Board of Education.

Public Act 14-198 provides that, effective with the 2014-2015 school year, a child age five to eighteen, enrolled in a public or private school, and whose parent or legal guardian is an active duty member of the armed forces (1) who has been called for duty, or (2) who is on leave from or has immediately returned from deployment, must be granted ten (10) days of excused absences in any school year to visit with such child's parent or legal guardian. The law grants boards of education discretion to grant additional excused absences in connection with such visits. However, under the new law, the student and parent (or legal guardian) remain responsible for obtaining the student's assignments prior to any excused absence, and for ensuring that such assignments are completed by the student before his or her return to school.

In addition, under current law, school officials must provide a notification of rights to parents regarding kindergarten enrollment when a child is identified as eligible for special education. This notice is to be provided at the PPT. Public Act 14-39 now requires that this notification of rights must now inform parents of their right to withhold from enrolling such child in kindergarten, in accordance with state law.

We have revised our model policy to incorporate changes necessitated by these two new public acts, and have included a model notice for use at PPTs to inform parents of their right to opt out of kindergarten enrollment.

STUDENT ATTENDANCE AND TRUANCY

Regular and punctual student attendance in school is essential to the educational process. Connecticut state law places responsibility for assuring that students attend school with the parent or other person having control of the child. To assist parents and other persons in meeting this responsibility, the Board of Education, through its Superintendent, will adopt and maintain procedures to implement this policy.

A special education student who is experiencing attendance problems should be referred to a PPT meeting for program review.
- e. If a FWSN petition is filed and the court orders an educational evaluation of the student, the district shall conduct an appropriate educational evaluation if no such evaluation has been performed within the preceding year.
