Promotion/Retention

The Board of Education is dedicated to the best total and continuous development of each student enrolled in its schools. Therefore, the District will establish and maintain the highest standards required for each grade and monitor student performance in a continuous and systematic manner. The administration and faculty shall establish a system of grading and reporting academic achievement to students and their parents and guardians. The system shall also determine when promotion and graduation requirements are met. The decision to promote a student to the next grade level shall be based on **demonstrated and assessed knowledge** ~~successful completion~~ of the curriculum, attendance, personal and social maturity, performance on objective tests, and student demonstration of **performance mastery** of the Goals for Windsor Students (P 0200) at each level.

To graduate from the Windsor Public Schools a student must demonstrate competency in specific basic skills. Assessment of the level of competency in the specified basic skills includes the results from **state assessments** ~~the Connecticut Academic Performance Test (CAPT)~~. Administration will identify a course of study to assist a student who has not successfully completed the **state** assessments.

Promotion/Retention

1. The Windsor Public Schools are committed to ensuring that every graduate is a lifelong learner, productive worker, responsible citizen and thoughtful participant in our diverse communities. It is the goal of this school system that every graduate will achieve the Goals for Windsor Students, adopted by the Board of Education as Policy 0200.
2. These expectations shall frame the teaching, learning and assessment processes of the Windsor schools. Such expectations are viewed as crucial to lifelong learning and essential to gaining student's commitment to the learning process.
3. The Administration will maintain rigorous grade-by-grade standards and a curriculum and assessment system to support such standards. A high priority must be placed on ensuring a student's ability to read on grade level. These standards are based on Windsor's goals and aligned with Connecticut's statewide assessment system, ~~CMT's, CAPT,~~ and Common Core of Learning and Curriculum Frameworks. They are translated into local curriculum frameworks to guide instruction based upon high expectations for student achievement.
4. ~~Social promotion is not acceptable.~~
5. Student promotion and graduation shall be based on demonstrated and/or assessed mastery **knowledge** of the content and skills standards. *(especially in the core subjects of English/language arts, mathematics, science and social science).* ~~Students should earn the right to move from grade to grade through demonstration of the mastery of the knowledge and skills required of them.~~
 - A. Students are expected to progress through each grade usually within one school year. To accomplish this, instruction should accommodate the varying interests and growth patterns of individual students and include strategies for addressing academic deficiencies when needed. Students shall progress through the grade levels by demonstrating growth in learning and meeting grade-level standards of expected student achievement. ~~The student's readiness for work at the next grade level shall be required before he/she is promoted.~~

The District shall utilize multiple measures of academic performance indicators as determinants in promotion/retention decisions. Student assessment of performance shall be based upon and aligned with the adopted standards. Student evaluation shall be fair, consistent and appropriate to program goals. The assessment program shall include, but not be limited to, the use of standardized and teacher made tests, projects, portfolios, and other student demonstrations of mastery, teacher observation, and student performance on objective tests.

- B. Schools shall identify students at risk, modify instruction, and offer additional support to prevent retention. Prior to deciding on retention for a student not mastering the appropriate skills, the district shall provide and may require the student to attend one or more alternatives for remedial assistance.
 - C. Academic achievement, ~~attitude~~, effort, work habits, behavior, attendance, and other significant learning related factors shall be regularly evaluated and communicated to students and their parents/guardians.
 - D. Parents/guardians shall also be included in the planning of intervention strategies and the ongoing monitoring of the student's progress. Parent/guardians are to be fully involved and informed throughout the promotion/retention decision-making process. Parents will be notified as early as possible of prevention and intervention strategies, and following unsuccessful attempts to bring the student to mastery, that retention is being considered. The Principal shall be responsible for making the final promotion/retention decision.
6. The District may provide alternatives to promotion for students not successfully completing academic requirements for promotion. Such programs could include, but not be limited to, transitional programs, **summer school** and alternative schools/programs within the District or in cooperation with other school districts.

Grade 11 to 12 17.0 credits (18.5 credits beginning with the class of 2017)

IV. Performance Standards: Reading, Writing, Mathematics and Science

A. Definition

1. Reading: Students will demonstrate the ability to read a short piece of fiction and develop a valid and supported written initial response, interpretation, connection and evaluation.
2. Writing: Students will demonstrate the ability to read a non-fiction article and respond critically in writing to a question called a prompt by producing an essay that is focused, organized, elaborated, and edited for Standard English conventions.
3. Mathematics: Students will demonstrate the ability to use mathematics to solve algebraic and or geometric multi-step problems. The student will be provided any required formulas and may use a calculator in completing the task. Also, the student will explain in writing either how s/he arrived at each answer or justify each answer in writing.
4. Science: Students will demonstrate the ability to use the process of scientific inquiry (describe, explain, and predict natural phenomena, use questioning, collect, analyze and interpret data, and assess the relevance, validity, and credibility of scientific information) to investigate scientific problems. The student will be provided with any required formulas and some information to complete the tasks. The student can explain, in writing, the process of scientific inquiry by analyzing and interpreting data, and using supporting content knowledge to identify and justify the answer.

B. Exemptions

1. Students will be exempt from the district performance standard if they have
 - a. Achieved proficiency, that is, 3 or higher on the Connecticut Academic Performance Test (CAPT) Science Assessment. Achieved proficiency on the

OR

b. Achieved a minimum score of 500 on the SAT II in writing and mathematics.

OR

c. Achieved at least 1000 on the SAT I, with a minimum score of 500 on both the verbal and math sections.

OR

d. Achieved a minimum composite score of 20 on the ACT.

OR

e. Achieved a minimum score of 47 on the PSAT.

2. Transfers: If a student transfers into Windsor High School after completing at least three years in a high school in another district, s/he must have met the goal on the test from the sending district or state in order to be exempt from Windsor's performance standard requirement for graduation.
3. Special Needs: The performance standard requirement for graduation for a student with special needs may be modified if so indicated on the student's Individual Education Plan (IEP).

C. Implementation

1. Students who do not demonstrate proficiency on the CAPT Science assessment or through one of the alternative standards must retake the Science CAPT in their Junior year.
2. Students who do not demonstrate proficiency on the SBAC English/Language Arts assessment will be required to take and pass a remediation course during their Senior year.
3. Students who do not demonstrate proficiency on the SBAC Mathematics assessment will be required to pass a District Performance Assessment during their Senior year.

4. Students will have opportunities within their English, social studies, mathematics and science courses to practice department developed and approved practice performance assessments.

D. Notification

1. Of students:

- The school counseling department will write to the to-be-juniors who do not meet the district performance standard through CAPT Science achievement or by achieving one of the exemption standards to remind them of the performance standard requirements for graduation.

2. Of parents:

- Parents of 10th graders will be notified of their child's CAPT results in the fall of their junior year.
- The school counseling department will notify in writing the parents of students who do not demonstrate proficiency in the CAPT Science, SBAC English/Language Arts, and/or SBAC Mathematics and inform them of the performance standard requirements for graduation.
- The school counseling department will also notify in writing the parents of to-be seniors who have not met the performance standard goal in any area and thus must pass one or more of the remedial courses.

E. Administration of Performance Standard Assessment

1. Mathematics

- a. Mathematics teachers will administer practice performance assessments over the course of a student's junior year. Each assessment will be used as a classroom assignment for all students, will be graded by the teacher, and will be counted as part of the student's work for the marking period.
- b. Students who do not score proficient or higher on the SBAC Math assessment by the beginning of their senior year must take and pass a District Performance Assessment during their Senior year.

Section: Students

2. Science

- a. Science teachers will administer performance assessments over the course of a student's junior year. Each assessment will be used as a classroom assignment for all students, will be graded by the teacher, and will be counted as part of the student's work for the marking period.
- b. All students who did not score proficient or higher on the CAPT Science assessment as sophomores must retake the test during their junior year.
- c. Students who do not score proficient or higher on the CAPT Science assessment by the beginning of their senior year must take and pass a District Performance Assessment during their Senior year.

F. Appeals

1. Reading and Writing

- a. A student whose score in the remedial class is at least 50% may appeal the grade by submitting a request for an appeal to the principal within 20 school days of receiving the score. A student must submit a statement explaining why the grade is incorrect. The principal or his/her designee will conduct an audit of the student's performance to assess their mastery of essential skills.

2. Mathematics and Science

- b. A student whose score on the assessment(s) is at least 50% may appeal the score by submitting a request for an appeal to the principal within 20 school days of receiving the score. A student must submit a statement, using the scoring rubric, explaining why the score is incorrect. If an appeal is made, the paper will be submitted anonymously to an administrator trained in mathematics or science assessment scoring.

The outcome of the review will be sent to the principal, who will communicate the result of the review to the student and the parents.

V. Options If Requirements Are Not Met

A. Seniors who have earned the necessary 23 **(25 effective with the Class of 2017)** credits to graduate but have not met the district performance standard on one or more of the reading, writing, mathematics and science performance assessments must:

1. Enroll in summer school courses that if successfully completed would meet the standard, or

Sit for a retake of the district performance assessment during the summer, the date of administration to be determined by the school system.

B. Seniors who are short .5 to 2.0 credits for graduation must:

1. Enroll in summer school and pass the courses needed to graduate.
2. If the student does not meet all necessary credit requirements for graduation through summer school, s/he can return to WHS in September but only to make-up those courses needed to graduate. [The student may not carry a full load of courses, and will be permitted on campus only during the time s/he is in class.]

OR

3. Attend night school or community college to earn the necessary credits for graduation.

Note: if the student has not met the district performance standard on one or more of the performance assessments, the student can sit for a retake of the performance assessment in the summer (See Section V. A. number 2 and 3).

C. Seniors who are short 3 or more credits toward graduation:

1. May return to Windsor High and carry a full load of courses. If, in addition, they have not met one or more of the district performance assessment standards, they will be required to participate in a structured remediation course. Students must pass the course to meet the standard.

Note: Any senior returning for another year of school must meet the graduation standard of the class with which they will graduate. In other words, if the standards have changed, a returning senior must comply with the new standards.

VI. Residency Requirement:

To receive a Windsor High School diploma, students must have earned a minimum of 5.50 credits while attending Windsor High School. Of the 5.50 credits earned at Windsor High School, 2.50 credits must be earned during the senior year. Students transferring to Windsor High School and planning to graduate in June of the school year in which they transferred, must be enrolled at the school no later than February 1st of that same school year to receive a Windsor High School diploma.
