Dear Dr. Cooke:

DATTCO would like to extend our sincerest apologies to you, your staff, the Board, and the Windsor families who were inconvenienced by the school bus scheduling and routing issues that arose during the first week of school. As of today, the majority of issues are corrected, however, we know that your expectations, and ours, were to have a smooth opening. We did not accomplish that during the first several days of school, and we apologize.

At DATTCO, we take pride in ensuring the safe and satisfactory transport of students. If we experience difficulties of this nature, which is infrequent, we work hard to correct them as quickly as possible, so that the district can rely on us to be the professional company with which you contracted. We have been working closely each day with your staff to review every concern, and at this point we believe that the majority of routes are on time and consistently performing to the schedules that meet your needs. We received some very positive feedback from the schools this past week, and will continue to make any necessary minor routes adjustments to insure that every single detail is addressed to your satisfaction.

All of us at DATTCO greatly appreciate your cooperation during start up. We deeply value our relationship with the Board of Education, the Town of Windsor, and all community members, and are committed to providing the highest level of service. Thank you again for having confidence in us.

Sincerely,

RE: Assessment of Transportation

It is clear there were major issues with transportation at the start of this school year. The move to our new transportation provider, DATTCO, was filled with issues that impacted our families and made for a difficult start to the new school year. I am pleased that starting with Day #7 of our school year and going forward to date, buses ran on time with a few exceptions and experiences for families has been much more positive. However, there is still work to do.

My own assessment, as well as my staff's assessment, of the issues that caused these problems at the start of the school year are:

- All school bus arrival times were 10 minutes later than in previous years. For example, WHS was set for 7:25 a.m. and should have been set for 7:15 a.m.; Sage Park was set for 7:55 a.m. and should have been set for 7:45 a.m.; elementary schools were set for 8:35 a.m. and should have been set for 8:25 a.m. This caused a delay that impacted each school level.
- When routes were initially developed within the routing software that DATTCO uses, a step was inadvertently omitted which caused buses to let students off on the incorrect side of the street. This in turn caused many routes to be backwards and students were having to cross major roads in Windsor that we do not allow students to cross (i.e. Windsor Avenue, Palisado Avenue).
- While 40 bus drivers did join Dattco from our previous provider, there were still 22 new drivers on our routes.
- DATTCO did not provide the proper training and review of bus runs with their employees that would be necessary as part of a new contract. This caused drivers to become lost on routes and/or call into dispatch for directions.
- DATTCO had 2 drivers leave the first day to take another job.
- DATTCO had phone service issues from August 31st through Sept 2nd. All incoming calls to Dattco offices would either continue to ring with no answer, get transferred to South Windsor's terminal or just be disconnected.
- Day #1 was extremely difficult and the afternoon run was not completed for a small number of students until 6:00 p.m.

There were some inefficiencies within our own dismissal processes that had not been an issue before but were highlighted due to the above issues. An example would be dismissal processes at Sage and JFK that were delayed due to traffic near the school. We have sought assistance from the Windsor Police Department for these schools. Also, our procedures on how students are dismissed within the buildings were reviewed and expedited.

It became clear after the conclusion of the bus runs on Day #3 (September 1st) that although times improved, the original published bus runs needed to be revised. We met with DATTCO officials a second time and discussed that they would need to make minor changes to bus stops for Tuesday, September 6th and that on September 7th, more significant revisions on the bus runs would need to occur. On September 7th, buses ran similar to what would be a typical first day of school. As stated previously, from that day forward, buses were more efficient with pickup and drop off.

We also took additional steps during this time to address these issues:

- Windsor Public Schools staff (administrators, teachers, paraprofessionals) were placed on afternoon elementary bus runs home for Days #2 through #4 of the school year. This provided assistance to new drivers and a direct connection from our transportation office to these buses. After a very difficult first day, this helped to alleviate concerns for some families.
- We sent six robo calls and emails to all families to keep them informed on the busing issues.
- We staffed additional phones in school offices with secretaries later in the day than normal.
- We pulled central office staff from other departments to assist in responding to phone inquiries and email requests from families to help address their concerns.
- We met with DATTCO officials daily during this time and had numerous conversations via phone calls.
- Our new Transportation Coordinator and Danielle Batchelder have worked long hours, weekends and holidays to make the necessary changes and respond to families' concerns.
- DATTCO stationed an employee in our transportation office for approximately two weeks to assist in making necessary changes to routes.

I have been deeply disappointed with the transportation service from DATTCO to date. The bus service since September 7th has improved and is more of what we expected and were promised when the Board awarded the contract to DATTCO. I fully expect that the service will remain at this level for the remainder of the contract.

Please find attached a letter from Cliff Gibson, DATTCO Chief Operating Officer, which illustrates that what we experienced was not a typical implementation for them.

This is the regular yearly update on AP scores and student enrollment. Scores were last presented in the fall of 2015. The presentation will include scores from 2016 along with some historical perspective.

Status:

The AP program has seen continual growth in the number of students and overall exams while maintaining a high level of success in our overall pass rate.

Recommendation:

The AP program continues to grow and meet with success at WHS. We continue to look for ways to finance training for teachers and to support students outside of the regular school day.

WINDSOR BOARD OF EDUCATION

AGENDA ITEM

For Consideration by the Board of Education at the Meeting of: September 20, 2016

Prepared By: Terrell Hill
Asst. Supt. for Human Resources

Presented By: Terrell Hill

Attachments: Summary of Public Act 16-67 and Breakage Report

Subject: Update on Staffing at Start on the 2016-2017 School Year

BACKGROUND: For the September Board of Education meeting information is always provided on all of the personnel actions that have taken place since the June Board of Education meeting.

A. Recruitment Fairs

Human Resources actively recruited new teachers at recruitment fairs. Windsor Public Schools administrators and teachers have actively recruited at the following teacher/administrator job fairs: University of Connecticut, Westfield State University, HBCU's (Hampton U., Howard U., and VA State U.), CREC Minority Teacher Recruitment Fair, and ARC (Alternative Route to Certification Program). Administrators and teachers accompanied the Assistant Superintendent for Human Resources to fairs.

B. Advertisements

We advertised our teacher openings in the *Hartford Courant*, *Northeast Minority News*, CT REAP (website with CT educational jobs), CEA (CT Educ. Assoc.), CASCIAC (CT Assoc. of Schools and CT Interscholastic Athletic Conference), CAPSS (CT Assoc. of Public School Superintendents) and the Windsor Public Schools Website. In our efforts to reach a much larger and, more diverse population we have contracted with *CareerBuilder.com* which allows us to advertise a position on over 1600 websites nationwide, as well as 36 Diversity websites.

Hiring Process

Candidates participate in multiple rounds of interviews which typically include representation from teachers, curriculum supervisors, building administrators and central office administrators. We also require a writing sample for all positions and an authentic assessment (such as teaching a lesson) whenever possible. The authentic assessment portion is another tool for the district to differentiate candidates. All interview processes for teachers end with an interview with the Assistant Superintendent for Human Resources. Interview processes for administrators below the rank of cabinet or building principal end with an interview with the Superintendent.

Another important piece of the process is the reference check. Administrators complete a district reference check form by personally contacting at least three (3) of the candidates' references. A detailed conversation ensues focusing on areas that are important to Windsor in its new hires. Additionally, there have been some new legal updates with regards to Background/Reference checks. (See attached Memo)

New Teacher Orientation

All new teachers, including those hired during last school year, took part in a comprehensive three day new teacher orientation held on August 22nd through the 24th. The orientation focused heavily on instructional strategies, teambuilding, and technology. Dr. David Cormier from EASTCONN, was brought in by Dr. Oliver to present on "*Core Instructional Practice*." The orientation included a lunch put on by the Windsor Chamber of Commerce and completion of Module 5 of the State of Connecticut's TEAM program. TEAM stands for Teacher Education and Mentoring Program and is a five module program for new teachers. These presentations were conducted by our TEAM Coordinators and Mike Greenwood. Matt Dadona and his team provided training around the district's chromebooks and overall technology processes. With the addition of a third day for orientation, we had the opportunity to take the new staff to EMPOWER Leadership Sports & Adventure Center in Middletown. The new staff all took part in team building and leadership activities, which culminated in a ziplining experience. All of the new staff challenged themselves, and shared that the experience was a powerful and bonding one.

C. Statistics

As of September 12, 2016 there are 61 new employees in the district. This number includes teachers, administrators, directors, Cabinet, food services, security, and behavior techs. Of the "newly hired" 11 employees actually began contracted employment during the 2015-2016 school year. Teacher openings were due to teachers taking positions in other districts, retirements, childrearing, or moving out of state.

For all newly hired certified employees (41 total), the division between male and female is approximately 20% male, and 80% female. Of the newly hired certified staff approximately 34% of them are educators of color.

Of the newly hired educators:

- 20 have experience from another school district (only 8 have more than 5 years experience)
- 21 are educators new to the profession (See attached breakage report)

RECOMMENDATION: The BOE receive this report for informational purposes only.

WINDSOR PUBLIC SCHOOLS
Windsor, CT

MEMORANDUM

TO: Craig Cooke

FROM: Terrell M. Hill
Assistant Superintendent for Human Resources

DATE: 8/30/2016

RE: Summary of Public Act 16-67

The state legislature recently enacted Public Act 16-67 ("the Act") in response to a new provision in the federal Every Student Succeeds Act ("ESSA"). We presently do thorough background checks by way of references, fingerprinting for criminal background check, and DCF registry. There will now be additional steps in the background check process. The Act impacts all potential employees who have "direct student contact." Positions with direct student contact would include teachers, administrators, paraprofessionals, behavioral therapists, coaches, food service workers, custodians, clerical/administrative support staff in the schools, and school nurses.

As a result of this new Act the following must be done:

The Applicant must

- Submit to state and national criminal history and child abuse and neglect registry records checks;
- List all former educational employers or other employment where they had direct contact with children;
- Provide an authorization for release of information by former employers and the State Department of Education (SDE);
- State whether they have been the subject of an abuse, neglect or sexual misconduct investigation unless the finding was unsubstantiated; ever disciplined, asked to resign, separated from employment where there were pending allegations, substantiated charges or a criminal conviction regarding child abuse, neglect or sexual misconduct, or surrendered or had their certification or license revoked.

The BOE must

- Conduct a review of an applicant's employment history, using a standard SDE form;
- Make good faith effort to contact former employers. "Good faith" is defined as three attempts via telephone on three separate days;
- Request SDE eligibility status for any applicant for a position requiring certification, authorization or permit;
- Notify the SDE of any information it receives that an applicant has been disciplined for a finding of abuse, neglect or sexual misconduct;
- Not enter into any collective bargaining agreement, employment contract, agreement for resignation or termination, service agreement or any other contract or agreement, or take any action which would
 - Have the effect of suppressing information relative to investigation of a report of suspected abuse, neglect or sexual misconduct by a current or former employee;
 - Affect their ability to report suspected or substantiated abuse, neglect or sexual misconduct; or
 - Require them to expunge information regarding allegations of finding of abuse, neglect or sexual misconduct, unless 'dismissed or found to be false';
- Not hire any applicant who was previously terminated or resigned from employment if such person has been convicted of a violation of section 17a-101a (mandatory reporting statute) when an allegation of abuse or neglect or sexual misconduct has been substantiated; and
- Upon request, provide information to any other BOE regarding any information it has concerning a finding of abuse, neglect or sexual misconduct.

The Act provides that any employer who provides the required information regarding an applicant shall be immune from criminal and civil liability, provided the employer did not knowingly supply false information. Any applicant who knowingly provides false information may be disciplined, including denial of employment or termination of contract of employment of certified employee.

PREPARED BY: Danielle Batchelder

PRESENTED BY: Danielle Batchelder

ATTACHMENTS: Financial Statement for Fiscal Year that Ended June 30, 2016

SUBJECT: Fiscal Year '16 Year End Financial Report

BACKGROUND:

Each year at this time, the budget from the previous school year is officially closed and a report made to the Board on the end year status.

The Board of Education's budget for Fiscal Year 2016, which ended June 30th, was \$66,025,942. Our unexpended balance is \$103,887.00. (NOTE: results have not been audited.)

For the Fiscal Year End June 30, 2016, there were under expenditures in certified salary, Special Education tuition and benefits. Offsetting this under expenditure was over expenditures in areas such as substitute salaries, special education tutor salaries, pupil transportation, magnet school tuition and technology. The savings in salary and benefits are attributable to favorable hiring and savings in employee health insurance. The savings in employee health insurance is a result of a low claims year. Transportation cost increases were a result of added bus runs to accommodate additional Special Education transportation students throughout the school year.

STATUS:

A letter will be sent to the Town of Windsor notifying them of the amount that will be returned.

RECOMMENDATION:

That the Board approves the return of \$103,887.00 to the Town. (Final amount subject to completion of the audit.)

STUDENT ATTENDANCE AND TRUANCY

Regular and punctual student attendance in school is essential to the educational process. Connecticut state law places responsibility for assuring that students attend school with the parent or other person having control of the child. To assist parents and other persons in meeting this responsibility, the Board of Education, through its Superintendent, will adopt and maintain procedures to implement this policy.

In addition, the Board of Education takes seriously the issue of chronic absenteeism. To address this issue, the Board of Education, through its Superintendent, will adopt and maintain procedures regarding chronic absenteeism in accordance with state law.

1. ~~Scheduling Major Tests~~ Test Schedules

- A. ~~In fairness to students who must be absent because of required religious holidays and in order to avoid the necessity for make-up activities, major tests and/or the introduction of new topics and materials should not be scheduled on these days.~~ When scheduling either classroom or system-wide tests, teachers and administrators are encouraged to consider possible conflicts with religious holidays that the students in their classes may encounter. Efforts should be made to choose a schedule for tests and makeup opportunities that are reasonable under the circumstances and maximize the number of students in attendance. Teachers should let parents know of important class activities such as tests, field trips, or presentations as far in advance as possible so that potential conflicts with religious obligations can be avoided or accommodated. Exhibit 1 – Eighth Amendment to the Town of Windsor, Connecticut Retirement Plan

Subject: Town of Windsor Retirement Plan

Background:

The Town of Windsor Retirement Plan covers town Employees and BOE employees who are not eligible for membership in the State Teachers' Retirement Board (TRB) plan.

As defined in the pension plan, the Employer means the Town of Windsor and the Board of Education. Amendments to the Town of Windsor, Connecticut Defined Benefit Retirement Plan require approval of the Town Council and the Board of Education. The Attached agenda item summary includes the proposed amendments to the pension plan.

Status:

Agenda Item Summary

Date: September 19, 2016

To: Honorable Mayor and Members of the Town Council

Prepared By: Jim Bourke, Finance Director

Reviewed By: Peter Souza, Town Manager 

Subject: Amendment to the Town of Windsor Defined Benefit Retirement Plan

Background

Efforts continue to mitigate costs associated with the town's defined benefit pension plan. Over the last several years, General Government and Board of Education bargaining unit employee groups as well as unaffiliated employee groups have increased their contributions to the town's defined benefit plan. The defined benefit plan is closed to new hires of both the Town and the Board of Education. New eligible hires are participating in defined contribution plans.

As outlined in the pension plan legal document, the "Employer" is defined as the Town of Windsor and the Board of Education. Therefore, both the Town Council and the Board of Education need to adopt resolutions to formalize plan changes.

Discussion/Analysis

Per the recent contract arbitration award for the Teamsters' collective bargaining agreement, the bargaining unit employee contribution increased from 4.0% to 4.25% effective, but not retroactive, January 1, 2016. Effective and retroactive to July 1, 2016, the members of this bargaining unit will increase their defined benefit contribution from 4.25% to 4.5%. Effective July 1, 2017, the employee contribution will increase from 4.50% to 4.75%.

Effective September 19, 2016, unaffiliated General Government employees will increase their defined benefit contribution from 4.50% to 4.75%.

In order to formalize these changes, the Town Council and Board of Education are requested to adopt a resolution to amend the defined benefit pension plan.

Financial Impact

It is estimated that the increases as described above will result in approximately \$22,000 in savings for FY 2017.

Other Board Action

As stated in the pension plan legal document, the "Employer" is defined as the Town of Windsor and the Board of Education. Therefore, both the Town Council and the Board of Education need to adopt the appropriate resolution. The Board of Education will act on the resolution later this month.

Recommendations

If the Town Council is in agreement, the following motion is recommended for approval:

“RESOLVED that EXHIBIT I, entitled, 'Eighth Amendment to the Town of Windsor, Connecticut Defined Benefit Retirement Plan' is hereby adopted and approved and BE IT FURTHER RESOLVED that the Mayor and Town Manager are hereby authorized and directed to take any actions, and to execute such documents and instruments, as may be necessary or appropriate to carry out the intent of the foregoing resolution.”
