

Special Meeting

Tuesday, April 4, 2017 7:00 PM

LP Wilson Community Center, Board Room, 601 Matianuck Avenue, Windsor, CT
06095

1. **Call to Order, Pledge to the Flag and Moment of Silence**
2. **Audience to Visitors**
3. **Set Graduation Date for Class of 2017 (Action Anticipated)**
4. **Board Budget Reduction**
5. **District Data Team**
6. **Next Generation School and District Accountability Reports for 2015-2016**
7. **Announcements**
8. **Adjournment**

WINDSOR BOARD OF EDUCATION

AGENDA ITEM

For Consideration by the Board of Education at the Meeting of: April 4, 2017

PREPARED BY: Craig A. Cooke, Ph.D.

PRESENTED BY: Craig A. Cooke, Ph.D.

ATTACHMENTS:

SUBJECT: Set Graduation Date for Class of 2017

BACKGROUND:

Each year the Board of Education must vote on the date for graduation. We are requesting the Board approve Wednesday, June 14th as the date for graduation. Graduation will be held at The Bushnell in Hartford. We are in compliance with Connecticut State law, which allows the graduation date be set on or after April 1st. Graduation cannot be held before the 180th day of the school year. June 14th is the 181st day of Windsor's school year.

The tentative last day of school for kindergarten through grade 11 will be Thursday, June 15, 2017 which is the 182nd day of the instructional school year.

RECOMMENDATION:

Move the Board of Education approve June 14, 2017 as the graduation date for the Class of 2017.

Recommended by the Superintendent:

Agenda Item # 3

WINDSOR BOARD OF EDUCATION

AGENDA ITEM

For Consideration by the Board of Education at the Meeting of: April 4, 2017

PREPARED BY: Craig A. Cooke, Ph.D.

PRESENTED BY: Craig A. Cooke, Ph.D.
Danielle Batchelder

ATTACHMENTS: 17/18 BOE Recommended Budget – Reduction Recommendation

SUBJECT: Board Budget Reduction

BACKGROUND:

At its February 22, 2017 Regular Meeting, the Board motioned to accept the proposed 2017-2017 budget as submitted by the Superintendent with a reduction of \$150,000. Said reduction will be determined by the Superintendent along with the stipulation that it does not impact student instruction.

RECOMMENDATION:

For informational purposes only.

Recommended by the Superintendent:

Agenda Item #

4

17/18 BOE Recommended Budget - Reduction Recommendation			
16/17 Adopted Budget	\$67,471,330		
17/18 Superintendent's Proposed Budget	\$68,448,113		
*BOE Reduction 2.22.17	(\$150,000)		
17/18 BOE Recommended Budget	\$68,298,113		
% Increase	1.23%		
Dollar Increase	\$826,783		
\$150,000 Reduction for Non-Instructional Services (per BOE Recommended Budget)*			
Chromebooks	(\$50,000)		
Insurance Consultant	(\$38,000)		
Fuel	(\$32,000)		
Transportation Reduction	(\$30,000)		
Balance	(\$150,000)		

Windsor Public Schools
Board of Education Report:
State Assessment Results
2015- 2016

Prepared by Santosha Oliver, Ph.D.

October 2016

Interpreting Data

The State Assessment presentation to the BOE focused on the change in standardized test scores from 2015 to 2016. While displaying data in this manner is standard practice, the Board was cautioned that changes in scores from year to year, e.g., 2015 to 2016, may reflect a change in student demographics, as well as academic achievement. As such, the follow-up report to the BOE provides a snapshot of student growth on the Smarter Balanced assessment in English Language Arts and Mathematics. In response to the BOE request, STAR and SAT School Day results are also included in the report.

A matched cohort is the same group of students moving through Windsor Public Schools over time. A non-matched cohort is roughly the same group of students moving through the system over time, i.e., the same grade level moving through the system over time. However, a non-matched cohort analysis does not control for student transience, i.e., students who move into the district or leave the district. As such, a non-matched cohort analysis may reflect changes in student demographics as well as academic achievement. Matched cohort data is the best measure of student growth as migration, i.e., movement in and out of Windsor Public Schools is controlled, and therefore represents the academic growth for the same group of students over time.

The Smarter Balanced Assessments in Mathematics and English Language Arts are reported with a total scale score and a corresponding achievement level for each content

area. "Scale scores are the basic unit of reporting. A scale score is derived from a total number of obtained score points that is statistically adjusted and converted into a consistent, standardized scale that permits direct and fair comparisons of scores from different forms of a test either within the same administration year or across years" (Tan & Michel, 2011). According the CSDE Interpretive Guide, "established psychometric procedures are used to ensure that a given scale score represents the same level of performance regardless of the test form. This allows for the fair comparison of scale scores from a computer adaptive test where different students are presented with different test questions. While scale scores are comparable across tests in a given content area, they are not comparable across content areas; a scale score on the mathematics test should not be compared to a scale score on the ELA test."

Smarter Balanced Achievement Levels

Content Area	Grade 3	Grade 4	Grade 5	Grade 6	Grade 7	Grade 8
Mathematics						
Level 4	2501-2621	2549-2659	2579-2700	2610-2748	2635-2778	2653-2802
Level 3	2436-2500	2485-2548	2528-2578	2552-2609	2567-2634	2586-2652
Level 2	2381-2435	2411-2484	2455-2527	2473-2551	2484-2566	2504-2585
Level 1	2189-2380	2204-2410	2219-2454	2235-2472	2250-2483	2265-2503
ELA						
Level 4	2490-2623	2533-2663	2582-2701	2618-2724	2649-2745	2668-2769
Level 3	2432-2489	2473-2532	2502-2581	2531-2617	2552-2648	2567-2667
Level 2	2367-2431	2416-2472	2442-2501	2457-2530	2479-2551	2487-2566
Level 1	2114-2366	2131-2415	2201-2441	2210-2456	2258-2478	2288-2486

"The Smarter Balanced overall scale scores fall along a continuous vertical scale (from approximately 2000 to 3000) that increases across grade levels. The mathematics and ELA threshold scores are provided in the table above. These scores can be used to illustrate students' current level of achievement and their growth over time. When aggregated, these scores can also describe school- or district-level changes in performance on the tests and can be used to measure gaps in achievement among different groups of students" (CSDE Interpretive Guide).

Table 1. Smarter Balanced Mathematics Performance of Non-Matched Cohorts in Windsor from 2015 to 2016.

Grade	Windsor Public Schools 2015 Math Average Vertical Scale Score	Windsor Public Schools 2016 Math Average Vertical Scale Score
Grade 3	2430	
Grade 4	2465	2475
Grade 5	2481	2484
Grade 6	2505	2510
Grade 7	2524	2545
Grade 8		2518

Table 2. Smarter Balanced English Language Arts Performance of Non-Matched Cohorts in Windsor from 2015 to 2016.

Grade	Windsor Public Schools 2014-2015 ELA Average Vertical Scale Score	Windsor Public Schools 2015-2016 ELA Average Vertical Scale Score
Grade 3	2421	
Grade 4	2459	2469
Grade 5	2495	2489
Grade 6	2530	2527
Grade 7	2511	2546
Grade 8		2531

These tables compare the achievement of roughly the same group of students in Windsor from one grade in 2015 to the next higher grade in 2016. For example, academic growth in Mathematics and English Language arts was observed as our 3rd graders in 2015 advanced to 4th grade in 2016, as evidenced by the increase in the average vertical scale score (shown in grey).

Table 3. Smarter Balanced Mathematics Performance of Non-Matched Cohorts in Connecticut from 2015 to 2016.

“Rough Cohort” Growth - Math

Grade	2014-15 Math Average Vertical Scale Score	2015-16 Math Average Vertical Scale Score
Grade 3	2427	
Grade 4	2470	2478
Grade 5	2493	2501
Grade 6	2513	2521
Grade 7	2530	2538
Grade 8		2551

Table 4. Smarter Balanced English Language Arts Performance of Non-Matched Cohorts in Connecticut from 2015 to 2016.

“Rough Cohort” Growth - ELA

Grade	2014-15 ELA Average Vertical Scale Score	2015-16 ELA Average Vertical Scale Score
Grade 3	2430	
Grade 4	2474	2480
Grade 5	2510	2518
Grade 6	2530	2536
Grade 7	2550	2559
Grade 8		2574

These tables compare the achievement of roughly the same group of students in Connecticut from one grade in 2015 to the next higher grade in 2016.

Table 5. 2016 Smarter Balanced Performance At/Above Level 3 in English Language Arts and Mathematics.

2016 State Assessment Report

October 4, 2016
Presented by:
Santosha Oliver, Ph.D.

Objective

To present an overview of the 2016 Connecticut Mastery Test (CMT), Connecticut Academic Performance Test (CAPT), Smarter Balanced Assessment (SBAC) and SAT School Day results.

Grade when tested Spring 2016	Grade in September 2016 i.e. "incoming"	Class of...
Grade 3	Grade 4	2025
Grade 4	Grade 5	2024
Grade 5	Grade 6	2023
Grade 6	Grade 7	2022
Grade 7	Grade 8	2021
Grade 8	Grade 9	2020

Part 1 – CMT & CAPT

```

graph LR
    A[Part 1: CMT/CAPT Science] --> B[Part 2: Smarter Balanced Assessment]
    B --> C[Part 3: SAT School Day]
  
```

Connecticut Mastery Test (CMT)

- All Connecticut public school students in grades 5 & 8 participated in the statewide science assessment in March.

Connecticut Academic Performance Test (CAPT)

- All Connecticut public school students in grade 10 participated in the statewide science assessment in March.

Science Areas of Knowledge & Skills Measured

Life Science
Physical Science
Earth Science
 Energy Transformations
 Chemical Structures & Properties
 Global Interdependence
 Cell Chemistry & Biotechnology
 Genetics, Evolution & Biodiversity
Scientific Inquiry, Literacy & Numeracy

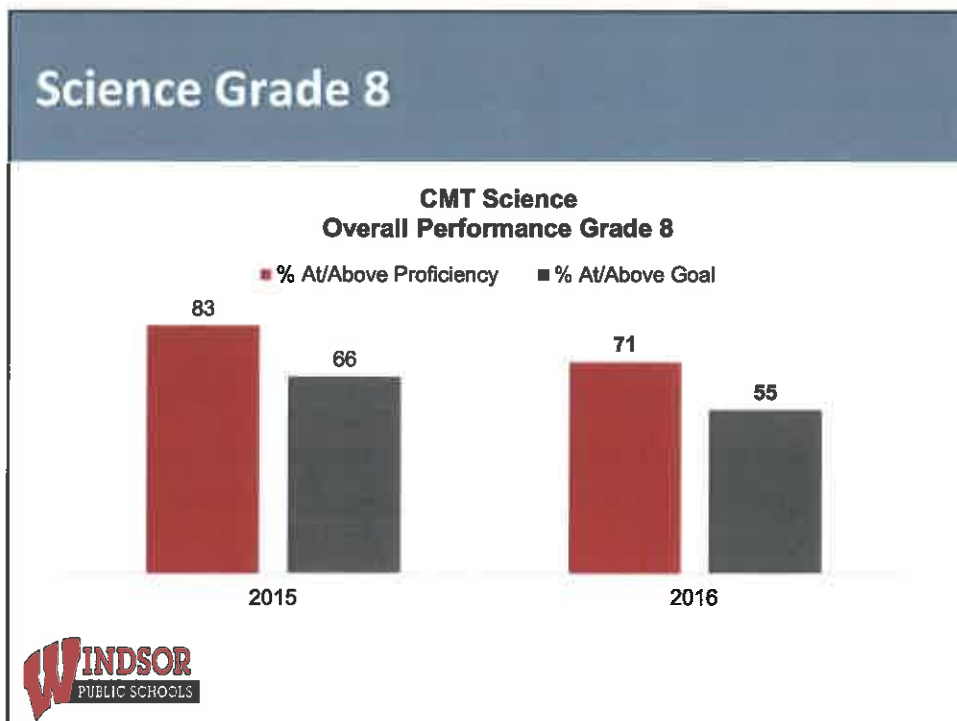

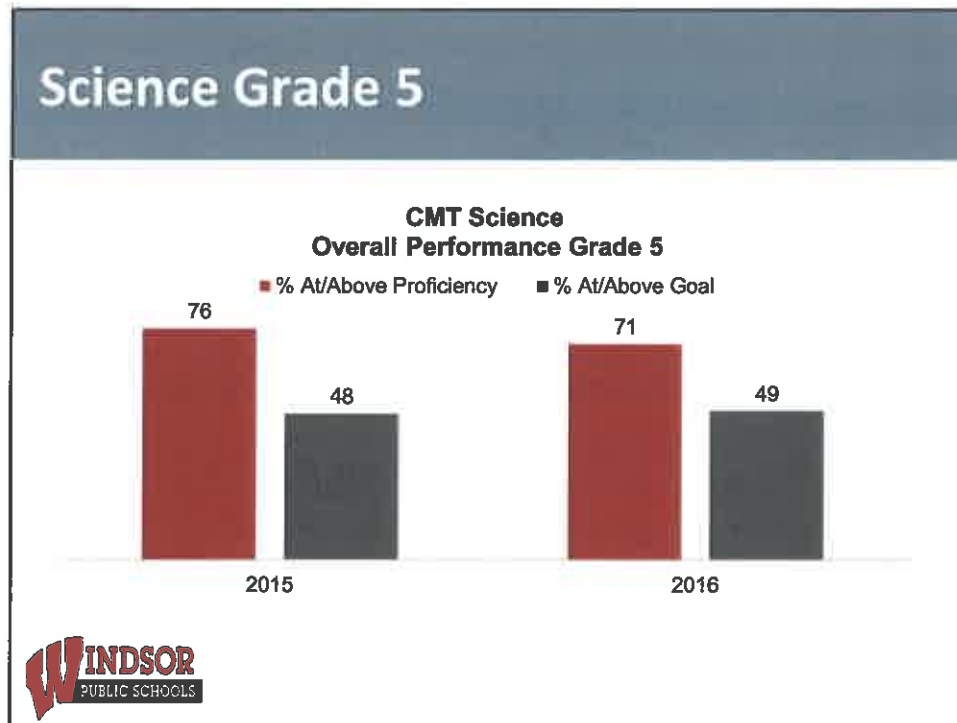

CMT & CAPT Performance Levels

Science scores fall into performance levels from below basic (lowest) to advanced (highest).

Advanced
Goal
 Proficient
 Basic
 Below Basic

Note: The performance levels have no relationship to SBAC.

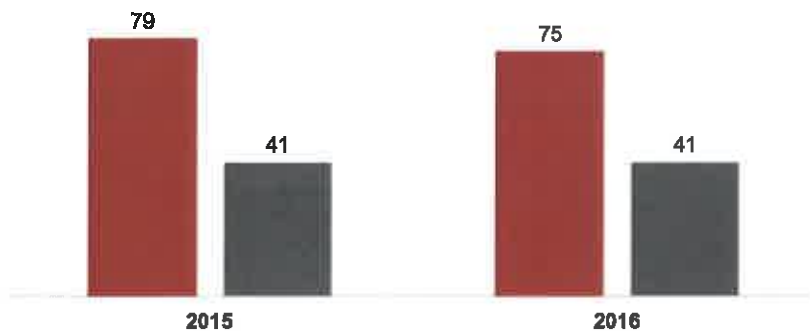

Science Grade 10

CAPT Science Overall Performance Grade 10

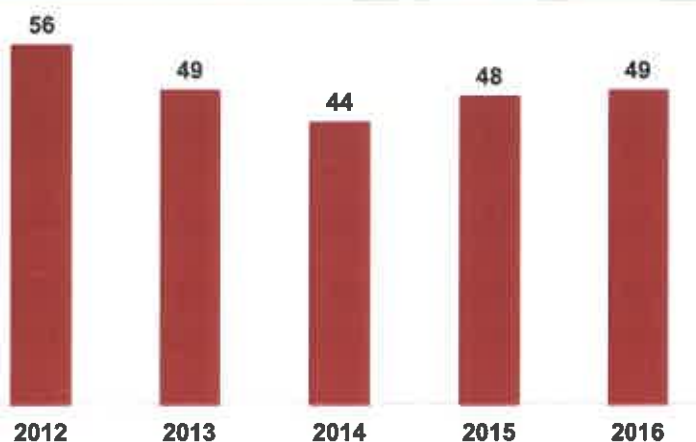

■ % At/Above Proficiency ■ % At/Above Goal

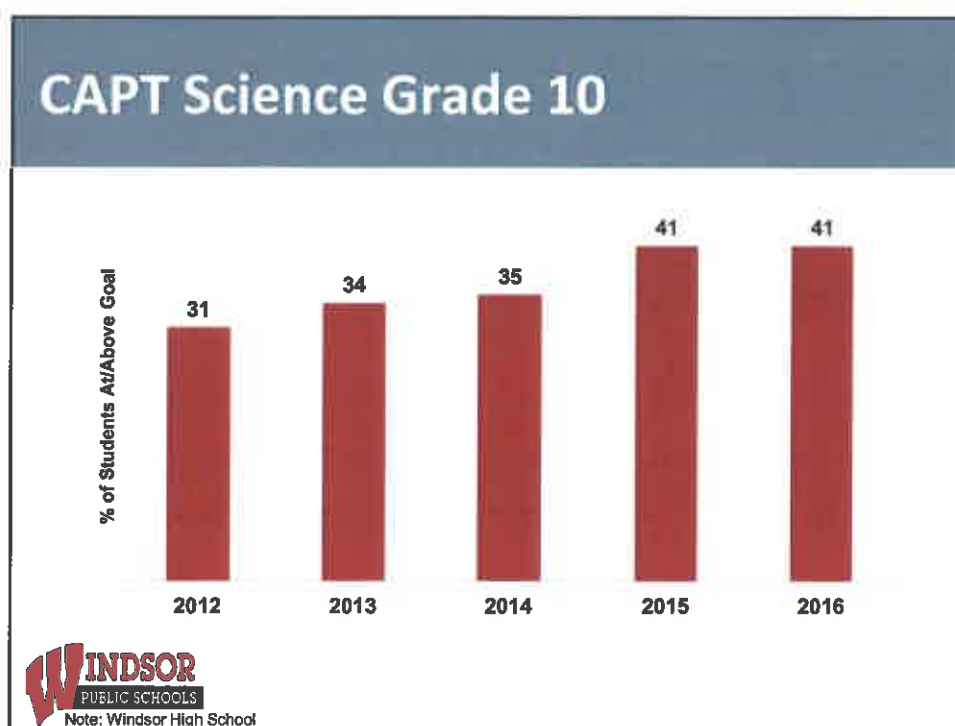

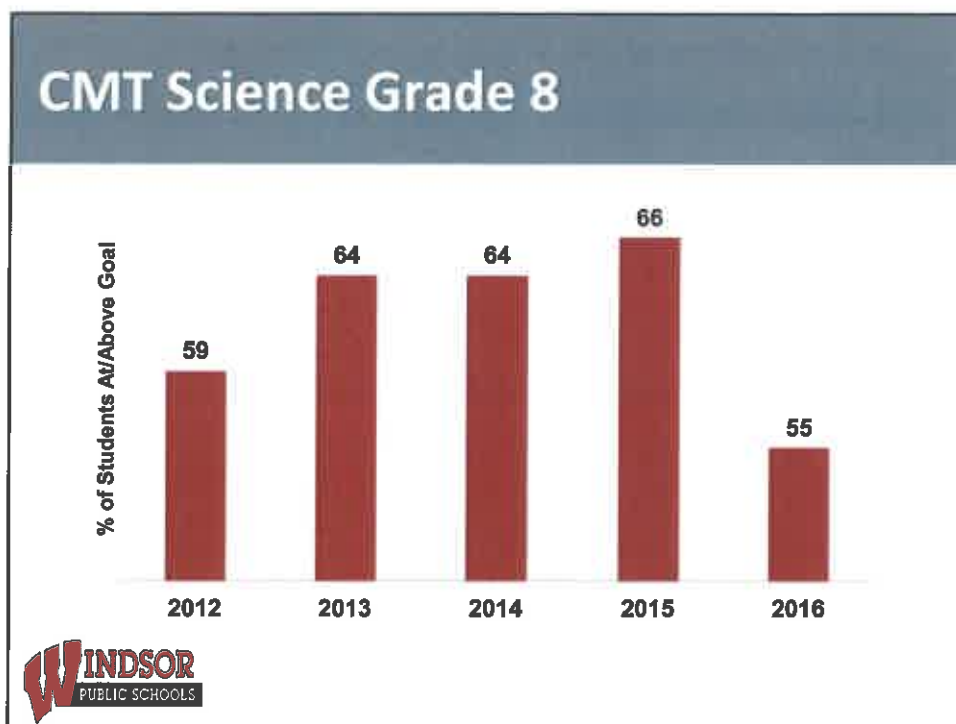

Note: Windsor High School

CMT Science Grade 5

% of Students At/Above Goal

Implications/Next Steps

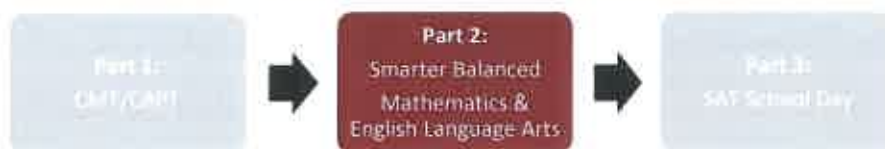

Next Generation Science Standards

Professional Development

Curriculum

Part 2 – Smarter Balanced

Smarter Balanced Assessment (SBAC)

- All Connecticut public school students in grades 3-8 participated in the statewide assessment in Spring 2016.
- The test measures concepts and skills that students are expected to master in Mathematics and English Language Arts.
- The tests measures learning in two ways: computer adaptive tests & math performance tasks.

Smarter Balanced Achievement Levels

Smarter Balanced assessment scores fall into achievement levels from Level 1 (lowest) to Level 4 (highest).

Level 4

Level 3*

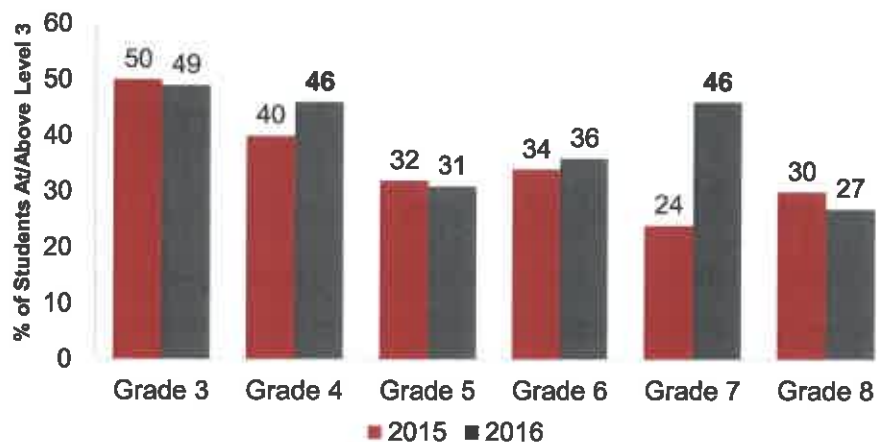

Level 2

Level 1

Note: *Goal is level 3 or higher. The performance levels have no relationship to CMT/CAPT.

Overall Mathematics Performance Grades 3-8

Mathematics at a Glance Grades 3-8

SBAC Math			
Grade	Number of Students Tested in 2016	% At/Above Level 3	Change At/Above Level 3 2015-2016
3	247	49%	-1
4	209	46%	+6
5	234	31%	-1
6	212	36%	+2
7	206	46%	+22
8	244	27%	-3

These statistics represent the results from the second year of Connecticut's Next Generation Accountability Model for districts and schools. For detailed information and resources about every indicator including the rationale for its inclusion, the methodology used as well as links to resources, research, and evidence-based strategies, please consult the document titled Using Accountability Results to Guide Improvement which is available on the [Next Generation Accountability Resources page of the CSDE Performance Office](#).

This model is the direct result of an extensive consultation process over a two year period. The CSDE sought feedback from district and school leaders, Connecticut educators, state and national experts, CSDE staff, and many others. This model was originally outlined in Connecticut's flexibility application to the U.S. Department of Education and formally approved by the USED in August 2015 and is now included in Connecticut's state plan for the Every Student Succeeds Act.

Gap Indicators	Non-High Needs Rate*	High Needs Rate	Size of Gap	State Gap Mean + 1 Stdev**	Is Gap an Outlier?
Achievement Gap Size Outlier?					N
ELA Performance Index Gap	70.6	54.7	16.0	16.5	
Math Performance Index Gap	66.7	50.0	16.8	18.9	
Science Performance Index Gap	62.8	48.4	14.5	17.2	
Graduation Rate Gap (2013 Cohort)	94.0%	86.3%	7.7%	15.3%	N

*If the Non-High Needs Rate exceeds the ultimate target (75 for Performance Index and 94% for graduation rate), then the ultimate target is displayed and used for gap calculations. **If size of gap exceeds the state mean gap plus one standard deviation, then the gap is an outlier.

The Connecticut Next Generation ACCOUNTABILITY SYSTEM

CONNECTICUT STATE DEPARTMENT OF EDUCATION

In Connecticut, we believe all students have the ability to learn, grow and rise to the challenge of high expectations. The Connecticut Next Generation Accountability System helps us deliver on our promise of a high quality education for all by creating a more comprehensive, holistic picture of how our students and schools are performing.

Q: What is the Connecticut Next Generation Accountability System?

A: Connecticut's Next Generation Accountability System is a broad set of 12 indicators that help tell the story of how well a school is preparing its students for success in college, careers and life. The new system moves beyond test scores and graduation rates and instead provides a more holistic, multifactor perspective of district and school performance and incorporates student growth over time.

Q: What has changed since the previous accountability system?

A: There are two main differences with the new accountability system. First, in addition to measuring academic achievement, the new system also focuses on student growth over time. Measuring growth provides a more accurate picture than just looking at a snapshot in time of student performance. The second big change is that the new accountability system includes additional key indicators, such as chronic absenteeism, physical fitness and arts access. Research tells us that students who attend school on a daily basis and maintain a healthy lifestyle are more likely to graduate and succeed in college. Access to an engaging arts curriculum creates a more well-rounded educational experience.

Q: What are the 12 indicators?

- A:**
1. Academic achievement status measured by state assessments
 2. Academic growth
 3. Assessment participation rate
 4. Chronic absenteeism
 5. Preparation for postsecondary and career readiness – coursework
 6. Preparation for postsecondary and career readiness – exams
 7. Graduation – on track in ninth grade
 8. Graduation – four-year adjusted cohort graduation rate – all students
 9. Graduation – six-year adjusted cohort graduation rate – high needs
 10. Postsecondary entrance rate – all students (college enrollment)
 11. Physical fitness
 12. Arts access

Q: How do we use the accountability system?

A: The Next Generation Accountability System will help us measure school and district success toward the goal of providing every student a quality education that prepares him or her for success down the road. Each school will receive a score calculated using a formula that incorporates the accountability system indicators. There will be a tiered system of resources and supports for

continued on next page

The Connecticut Next Generation Accountability System

schools based on their score. Schools with low student performance and a low accountability score could be designated turnaround schools, meaning they would have to create and implement a plan for accelerating school improvement.

Q: Will the new accountability system help Connecticut close its achievement gap?

A: Yes. A key feature of the new accountability system is that it separates data for high-needs subgroups of students. That will give us a better idea of how students living in poverty, students who have disabilities and students learning English are performing in school and how we can better support them on the path to success.

Q: How does the new accountability system strengthen transparency in school performance?

A: As part of the Next Generation Accountability System, schools will receive a report that provides a picture of how the school measures up on all 12 of the indicators. The data will be easily searchable and will provide a more comprehensive, holistic picture of student and school performance.

Q: Who created the new accountability system? Was it a collaborative process?

A: For two years, the Connecticut State Department of Education actively sought feedback regarding the accountability system from district and school leaders, Connecticut educators, state and national experts, CSDE staff, and many others. The “next generation” system is a direct result of this extensive consultation process.

Q: Since Congress passed and the president signed a new federal education bill, the Every Student Succeeds Act, does that mean Connecticut’s accountability system will have to change?

A: We created the Connecticut Next Generation Accountability System through a highly collaborative process and with an eye to the future. In fact, Connecticut’s new accountability system is well aligned to the requirements for accountability indicators under ESSA. We are still awaiting guidelines from the federal government on exactly what the new legislation means for Connecticut once the state’s Elementary and Secondary Education Act waiver expires and the new law takes effect.

Q: Where can I get more information?

A: To learn more about the Connecticut Next Generation Accountability System, visit the [Performance and Accountability](#) section of the State Department of Education’s website.

Next-Generation Accountability

October 4, 2016

State's Accountability System is intended to:

- Track progress
- Help schools and districts make improvements
- Show where support is needed most
- Recognize successes
- Promote transparency
- Satisfy federal and state requirements

Source: CSDE

Why were these changes made?

- Provide a more complete picture of a school or district
- Guard against narrowing of the curriculum to the tested subjects
- Expand ownership of accountability to all staff
- Encourage leaders to view accountability results not as a “gotcha” but as a tool to guide and track improvement efforts
- Extensive feedback on these changes were sought

Source: CSDE

Indicators Measured are:

- ELA Performance - All students
- ELA Performance - High needs students
- Math Performance - All Students
- Math Performance - High needs students
- Science Performance - All students
- Science Performance - High needs students
- Growth Measures
- Chronic Absenteeism - All students
- Chronic Absenteeism - High needs students
- Preparation for CCR - % taking courses
- Preparation for CCR - % passing exams
- On-track to High School Graduation
- 4-year Graduation - All students
- 6-year Graduation - High needs students
- Postsecondary Entrance
- Physical Fitness (participation) and (fitness rate)
- Art Access

Academic Growth (Longitudinal)

Percentage of students in Grades 4 through 8 meeting growth targets
(½ Smarter Balance - ELA, ½ Smarter Balance - Math)

All Students

Students in High Needs Subgroup

Chronic Absenteeism Indicator

Percentage of students chronically absent

- All Students
- Students in High Needs Subgroup

Preparation for Postsecondary and Career Readiness - Coursework

- Percentage of students in Grades 11 & 12 participating in at least one of the following during high school:

Two courses in Advanced Placement/IB/dual enrollment; or Two courses in one of seven CTE categories; or Two workplace experience courses in any area.

Note: An example of dual enrollment would be the UConn Early College Experience program.

Preparation for Postsecondary and Career Readiness - Exams

Percentage of students in Grades 11 & 12 achieving College and Career Readiness (CCR) benchmark on at least one of the following:

- Smarter Balance 11th
- SAT
- ACT
- Advanced Placement
- International Baccalaureate (IB)

Graduation - On-Track in 9th Grade

Percentage of 9th graders earning at least five, full-year credits in the year and no more than one failing grade in English, Mathematics, Science or Social Studies.

Graduation - Four Year Adjusted Cohort Graduation Rate - All Students

Percentage of first time 9th graders who graduate with a regular high school diploma in four years or less - All students

Note: Ultimate target for all students remains 94%. WHS's was 92.5% in 2014/15

Graduation - Six Year Adjusted Cohort Graduation Rate - High Needs

Percentage of first time 9th graders who graduate with a regular high school diploma in six years or less - High Needs Subgroup

Postsecondary Entrance Rate - All Students

Percentage of graduating class who enrolled in a 2- or 4-year postsecondary institution any time during the first year after high school graduation.

Physical Fitness

Percentage of students meeting/exceeding the “Health Fitness Zone Standard” in all four areas of the CT Physical Fitness Assessment.

Note: Participation rate is also a factor. Student participation under 90% causes a reduction in points awarded.

Arts Access

Percentage of students in Grades 9 through 12 participating in at least one dance, theater, music, or visual arts course in the school year.

Next-Generation Accountability
April 2017

State's Accountability System is intended to:	
Track progress	Promote transparency
Help schools and districts make improvements	Satisfy federal and state requirements
Recognize successes	Source: CSDE
Why were these changes made?	
Provide a more complete picture of a school or district	Encourage leaders to view accountability results not as a "gotcha" but as a tool to guide and track improvement efforts
Guard against narrowing of the curriculum to the tested subjects	Extensive feedback on these changes were sought
Expand ownership of accountability to all staff	Source: CSDE
Indicators Measured are:	
ELA Performance - All students	Preparation for CCR - % taking courses
ELA Performance - High needs students	Preparation for CCR - % passing exams
Math Performance - All students	On-track to High School Graduation
Math Performance - High needs students	4-year Graduation - All students
Science Performance - All students	6-year Graduation - High needs students
Science Performance - High needs students	Postsecondary Entrance
