**WINDSOR BOARD OF EDUCATION  
AGENDA ITEM**

**For Consideration by the Board of Education at the Meeting of:** December 18, 2018

**Prepared By:** Dawn Hunter

**Presented By:** Dawn Hunter/Marjorie Renno

**Attachments:** Pertinent Information Related to the England/France Trip

**Subject:** England and France Overnight Field Trip-April break 2020 (Dates to be secured after BOE 2019-2020 school calendar approval in January 2019)

---

**Background:**

Students at Windsor High School were provided the opportunity to travel to France in 2017, 2010 and Canada in 2011, 2013, 2015, 2018 to experience firsthand French culture with myself as tour leader. I would like to provide students with another opportunity to travel to France in 2020 with the experience of an additional neighboring country, England. Art teacher, Marjorie Renno, and I have teamed up in collaboration to give Windsor High School's World Language and Art students the unique opportunity to participate in a trip that we have tailored to expose students to the two different cultures; languages, food, customs, and famous landmarks and works of art in world-renowned art galleries.

**Status:**

A proposed field trip in April 2020 to England and France is considered for students enrolled in all levels of World Language and Art (Preference will be given to former/present students who are enrolled in World Language or Art. If any other Windsor High School student shows interest in signing up for the trip, teacher recommendations will be required if the French/Art teachers are not acquainted with the interested student). The educational objectives of the trip, as well as the cost, itinerary, trip and cancellation insurance are included in the packet provided to the Windsor Board of Education. As part of the cost of the tour, I have included the price with the all-inclusive insurance that each student will be required to purchase in the event that the Board determines that it is unsafe to travel at the time of the trip.

**Recommendation:**

Move the Board of Education approve the proposed trip to England and France reserving the right to cancel if it feels that the safety of the students is at risk.

## Grant Funded Field Trips/Travel

### **2012 & 2011 Greater Hartford Arts Council – Windsor Walks: Building Bridges**

- In partnership with the Windsor Historical Society, I designed a semester long project for my Pre-AP Studio Art students to be lead on walking tours through our historic district. Students took photographs and did sketches along these tours that were then used to develop works of art that addressed the question: How does perception influence interpretation? Students also met with local artists throughout the semester. The project culminates with a student designed exhibit that unifies the community through discussion of how we all experience our community. The project continues today as self-funded by generous donors who attended the original exhibits.

### **January 2011 Selected Member of American Artist Delegation to United Arab Emirates**

- *Selected as part of the Inaugural Group of American Artists to exhibit at the Sharjah Art Museum in the United Arab Emirates. Served as part of the American delegation of artists who traveled to the Middle East to work with an international group of artists, curators and educators to participate in the 29<sup>th</sup> Annual Juried Exhibit of the Emirates Fine Arts Society.*

### **2010 Windsor Education foundation Grant – Art & Reading Initiative**

- Working with other Art Department members, we developed a unit where art students visited the Museum of Fine Arts in Boston to view the Albert Durer Exhibit: Virtuoso. While there, students completed a written critical analysis of a chosen work of art. Upon return, they developed narratives employing the writing process to create a story inspired by that work in order to connect ideas between art and literature. High School students then presented these stories to middle school students and led the younger students in a printmaking project based on the presented narratives.

### **2008 ING Classroom Grant – Strategies for Critically Analyzing Art (on site at the Guggenheim, NYC)**

- Organized ING grant funded student art trip to NYC for advanced art students to work with museum staff on critical analysis activities in conjunction with the Guggenheim's retrospective of Cai Guo-Qiang. Students were asked to consider materiality, concept and form as they developed their own visual investigations for their senior portfolios.

## Hotel information

Even though you'll be far from home, your comfort won't be compromised. That's because when you travel with Explorica, you'll stay in clean, safe, attractive hotels that provide modern amenities and easy access to major attractions.

It is Explorica's policy to accommodate students in safe and clean hotels. We follow the three "C"s for our hotels – clean, comfortable and convenient. Upgraded hotels are available upon request.

The selection of our hotels is based on proximity to tour sights, comfort, quality and safety. Students are roomed in either triple or quad accommodations based on the hotel availability. Students have the option to upgrade to twin rooming for \$45 per night. Paying adults (23 or older) are roomed in twin/double accommodations and a \$45 per night double/twin rooming supplement is included in the adult total cost (\$75 per night for cruises and ferries). Adults have the option to upgrade to a single room for an additional \$40 per night.

##### *Group Leader Evaluations*

*"The hotel was nice and had great common spaces for hanging out. Excellent breakfast and nice rooms."*

## Meal information

Explorica provides breakfast and dinner daily on all tours (unless otherwise indicated on your itinerary). Explorica makes sure all travelers have the opportunity to experience local cuisine with their meals, such as a tapas dinner in Spain, crêpes in France or wiener schnitzel in Germany.

## Tour director

Your tour director is responsible for organizing the overall logistics of the trip. He or she will be with you from the beginning of the tour until the end to oversee the arrangements for all transportation, meals, accommodations and sightseeing. The tour director can also provide a wealth of information and suggestions for your free time. Local guides are your resource for detailed destination information and help supplement the travel experience.

## Communication on tour

Explorica provides a Tour Diary for each group that travels. We were the first company to develop the diary and have been providing this service for 10 successful years. Our online Tour Diary lets parents and friends see pictures of the group as they travel, so they know their children are safe, happy, learning and having fun. Here is an example of a posting for a group that traveled on our Galápagos Islands tour in February 2017:

"Day 2 - Hello everyone! Today was a wonderful first day! After breakfast we went to visit the highlights of Quito, museums, churches, plazas, government palace, and more. Then we had lunch in a traditional restaurant of the old town, after that we went to the equator line; there we had fun practicing some experiments and some of us got a certification as 'egg master.' We went back to the hotel and at night kids had dinner, and finally it was time to prepare everything to Galapagos! Tomorrow we leave early. We're having a great time!"

## Safety and security

All tour directors come highly recommended with at least five years of experience in the industry. In addition to their safety expertise, we provide 24/7 emergency support, and have a global presence with over 45 offices around the world.

Explorica also offers each traveler the option to purchase the Travel Protection Plan at \$12/day or \$18/day for the Travel Protection Plan Plus.

Explorica has a \$50 million Liability Insurance Policy (see below). We can have the school information printed on the certificate before traveling.

We are a member of USTOA: United States Tour Operators Association's \$1 Million Travelers Assistance Program. As an Active Member of USTOA, Explorica, Inc. is required to post \$1 million with USTOA to be used to reimburse, in accordance with the terms and conditions of the USTOA Travelers Assistance Program, the advance payments of Explorica, Inc. customers in the unlikely event of Explorica, Inc. bankruptcy, insolvency or cessation of business. Further, the \$1 million posted by Explorica, Inc. may be sufficient to provide only a partial recovery of the advance payments received by Explorica, Inc. Complete details of the USTOA Travelers Assistance Program may be obtained by writing to USTOA at 275 Madison Avenue, Suite 2014, New York, New York 10016, by email to [information@ustoa.com](mailto:information@ustoa.com) or by visiting their website at [www.USTOA.com](http://www.USTOA.com).

In addition to the USTOA, Explorica is affiliated with the following notable organizations: Student Youth Travel Association (SYTA), National Tour Association (NTA), European Tour Operators Association (ETOA), Better Business Bureau (BBB), International Air Transportation Association (IATA), World Youth Student & Educational (WYSE) Travel Confederation, British Educational Travel Association (BETA). We also partner with IJET, a leading worldwide security and risk management organization, for additional assistance in evaluating global conditions.

## Liability policy

To Whom It May Concern,

We understand that many school officials have expressed concern about allowing their students to travel. We want to assure you that the safety of the tour participants is Explorica's number one priority and that we have policies and procedures in place to protect the school, school district, teachers and participants involved with this tour.

Explorica's liability insurance is one of the largest in the industry at \$50 million. This insurance coverage extends to cover certain individuals acting on behalf of Explorica as tour directors, program leaders, chaperones, and volunteer speakers. Your school can be named as additional insured, if desired.

We of course share your concern for the students' safety and peace of mind. Our optional Cancel for Any Reason travel protection plan provides medical, baggage and cancellation insurance coverage for our travelers. We also have a network of support staff in the United States as well as a 24-hour emergency service for groups and their families. We offer additional peace of mind for parents and friends of our travelers by providing an online Tour Diary that is updated with pictures and journal entries by the Tour Director throughout the trip.

If you would like to discuss this matter further, we would be happy to speak with you at any time. Please call us at 1.888.310.7120.

Sincerely,  
Stephane Cosse  
VP Operations

## Positive feedback

After every tour Explorica asks our program leaders to create an evaluation to judge our overall pre-tour, during tour, and post-tour performance as a company. Everything is judged and it is a great way to provide feedback for us to improve as a company. Oftentimes we are given such positive feedback that we want to share it with potential Explorica program leaders.

**Linda L., English & German teacher, Bowdoin, ME**

My students had the time of their lives on this trip. Our tour director was so knowledgeable and incredible that Berlin, Prague and Munich just came alive during these 10 days. What an experience!

**Michelle D., Coburg, ON**

Well-organized, educational and safe travel — I couldn't ask for more! I have students knocking on my door the first day back asking, "Where is the trip next year?"

**Joe H., Spanish teacher, Chandler, AZ**

I LOVE teaching, but I LOVE traveling more! What better experience can we bring to the lives of our students than actually living in the countries we study?!

**Kathleen W., French teacher, Higganum, CT**

A wonderful experience for the students, especially hitting Carnevale in Venice. Our tour director enlivened the whole trip with his wit, charm and depth of knowledge.

### Flight delays and cancellations

Explorica's emergency department is available 24/7. The Explorica Travel Protection Plan also provides generous coverage for any additional costs incurred due to delays and cancellations. Itineraries are often rescheduled accordingly to make up for any missed activities.

## Activities

### **Water safety (swimming, kayaking, boating, canoeing, etc.)**

Life jackets are provided for all water-based activities by the activity provider. Groups do not visit beaches without lifeguards.

### **Adventure activities**

For adventure activities such as zip-lining, snorkeling, hiking, circus school or others, proper safety equipment (helmets, belays, snorkels, etc.) is required for all participants. The activity provider may require participants, or chaperones in the case of minors, to sign a waiver or release agreement. Participants are not required by Explorica to participate in this or in any activity, and may choose not to do so. Tour directors should advise their group leaders that if they have any students who are afraid of heights, water or uncomfortable doing an activity, then non-participation may be the best option.

## Meals and accommodations

### **Food safety**

All restaurants are inspected by Explorica staff and must pass safety inspection. All food allergies and requests are noted by the tour director and group leader, and all restaurants are notified of allergies in advance.

### **Hotel safety**

All hotels are inspected by Explorica staff and must pass safety inspection. All hotels provided have security staff, and additional security or specific floor supervision can be provided upon request. Nighttime security is included in all our domestic tour packages. Teachers, chaperones and students will be placed on the same floors to ensure additional supervision when possible.

## Communication on tour

We promise to keep our student travelers as safe as possible, but we understand that most parents want to check in for themselves. To ensure that student travelers can contact their families as much as possible, we make sure that there are a number of communication options available. This way students can share their adventures with those at home, and parents can personally verify that their children are safe and secure while on tour.

### **Emergency assistance**

We believe it's important to be prepared for any emergencies that might arise while traveling. With Explorica's worldwide network, internationally located offices, and 24/7 emergency support, we can help you with any problem, at any time, in any country. If a problem or emergency occurs on your tour, we will respond swiftly and appropriately to minimize any disruption to your trip.

### **Explorica Customer Care**

Our dedicated 24-hour emergency contact line is always staffed and ready to provide rapid response. If you have an emergency any time during your tour, please call 1.617.210.6194.

### **Worldwide network**

While on tour, our international network of offices enables us to react immediately to any situation requiring immediate on-site assistance

### **Tour Diaries**

Our exclusive online Tour Diaries enable parents to check in on their students' daily activities while on tour, without interrupting any of their adventures. Our tour directors publish photos and journal entries at the end of each day on tour, so that families at home can keep tabs of their travelers from across the country or across the world.

### **Calling home**

While travelers should be careful about flaunting expensive smartphones, it can be a great safety asset to have a working phone while traveling. On international tours, consider using a prepaid international calling card or international cell phone to keep in touch with your group and your family at home. We recommend purchasing international calling cards in destination countries, as locally bought cards are the most effective.

## Travel protection

Protect yourself, your belongings and your tour investment with the best insurance in educational travel. We suggest all travelers purchase one of our two travel protection plans, so they are covered for lost bags, misplaced tickets or passports, or illness during the tour.

Through Trip Mate, our third-party travel protection plan provider, four out of five Explorica travelers protect their tours with our travel protection plans. Explorica offers two great plans that help protect your educational travel investment.

### **Explorica Travel Protection Plan**

Our standard protection plan covers you for the following events:

- › A traveler's injury, sickness, or death of an immediate family member
- › Theft of passport or visas
- › Loss of luggage and personal effects
- › Trip cancellation or trip interruption due to covered reasons such as a covered sickness, injury or death
- › Trip cancellation or trip interruption due to terrorist acts, as defined.

### **Explorica Travel Protection Plan PLUS**

For everything else, there's our Travel Protection Plan PLUS, which includes our exclusive Cancel For Any Reason waiver benefit in addition to our standard insurance. This means that no matter *what* your reason, if you cancel your trip at least 30 days prior to departure, you will be reimbursed for 75% of cancellation fees in *cash*, an option not available anywhere else.

# The Explorica safety plan

Explorica's approach to safety and security is to be prepared. We always plan not to have a crisis, but we prepare for everything just in case. Explorica has a very comprehensive internal response plan (including a major incident response plan) regarding the many emergency situations that may occur while on tour. The following major incidents are considered in Explorica's plan:

- › Flight, bus, train, cruise or ferry accident
- › Fire
- › Terrorism
- › Natural disasters
- › Injury or death of a tour participant
- › Overnight hospitalization
- › Criminal charges
- › Lost student or adult
- › Allegations by participants
- › Pandemics

All levels of the company are involved in order to resolve any situation. This includes the direct involvement of the tour director, their communications to the tour director supervisors, the Emergency Department, the Operations Department and our Customer Care Department. There is a corresponding priority and escalation process, with senior executive involvement only a mobile phone call away, 24 hours per day.

# Emergency management

Tour directors are trained on how to address emergency situations at the onset of every travel season. Explorica provides an emergency phone number to all participants, parents, chaperones, tour directors and anyone else associated with the trip. Explorica's emergency and operations staff conduct drills and trainings on an annual basis, to test all processes and procedures.

## Minor incidents

Tour directors report any minor accident to our operations team at the onset of the incident. Depending on the situation, appropriate personnel are informed via an internal communication system, which alerts multiple departments of minor accidents, allowing them to work quickly and efficiently to resolve the issue. Incidents are not resolved until labeled as closed in the system.

## Major incidents

Similar to a minor accident, all information regarding a major accident is reported via our internal communication system. In a major accident situation, our safety & security officer is contacted immediately to ensure the situation is communicated accordingly to all parties. Tour directors and ground representatives work with the group leader to ensure all parties are safe and taken care of for the remainder of the tour. We will contact the insurance provider when necessary.

## Extreme weather or natural disasters

In the case of extreme weather or natural disasters, the tour director will report the situation via our internal communication system and notify our safety & security officer. Arrangements will be made to ensure the safety and satisfaction of the students on tour.

## Allergies

Explorica advises the tour director and all relevant suppliers of allergies provided by the traveler online or by the group leader by completed allergy forms. The tour director will work with chaperones to ensure students' safety.

## Prevention and action plan for missing students

Head counts are performed at each meeting point on tour, and each time the group boards a bus or other form of transportation. All students receive the hotel's name, address and phone numbers. In the event of a missing student, our emergency procedures would be activated and all parties on location would support efforts in finding the student. Teachers are also accountable for assisting in these efforts.

## Lost or stolen passports

In the event of a lost or stolen passport, your group's tour director and the Explorica operations team will assist you in the proper procedures for obtaining a new one. Explorica is not liable for lost or stolen passports. For coverage in such an event, please purchase one of our travel protection plans.

# Proactive security steps

**Explorica's Safety & Security Guide is available to all group leaders before their tour, and we have emergency contingency plans in place on all travel programs. To ensure the highest level of safety for our travelers in every scenario:**

- › We have a global presence with over 45 offices around the world to monitor situations and assist in the event that safety issues arise.
- › Our VP of Risk Management, supported by our 24/7 team of dedicated risk management professionals, continually assesses all travel destinations and situations.
- › We partner with iJet, a leading worldwide security and risk management organization, for additional assistance in evaluating global conditions, and we actively monitor any security issues with them.
- › Our tour directors live and work in the cities our students visit and are available at all times to support their groups. We are in regular contact with all of our staff on the ground to provide up-to-date information on local conditions.

**If a terror event or natural disaster occurs in your city during travel (if group is together without the tour director):**

- › The tour director and group leader should determine whether to shelter in place, to return to the hotel, or to move to a safer location.

**If a terror event or natural disaster occurs in your city during travel (if group is together with the tour director):**

- › If you are at a location/activity determine whether it is best to shelter in place, return to the hotel, or move to a safer location.
- › If you are at a restaurant/other public location, you can consult with locals for their recommendations.
- › Contact Explorica as soon as practical (as well as your school). Use the 24/7 number listed below.

**If a terror event or natural disaster event occurs in your city during travel (if during free time):**

- › During free time, it is likely your group will be fragmented and in multiple locations. Your top priority as group leader is to determine the safety of your students.
- › All group participants (students, chaperones) must understand that if there is an incident in the city at time of travel, they must either immediately return to the hotel for headcount, or contact you indicating they are safe but unable to safely return to the hotel at the time.
- › You may choose to share a secondary meeting location if your hotel is unsafe for return.
- › If participants assess that it is not safe for them to return to the hotel, they can shelter in place. They should then reach out to you via phone/text, email, or through social media posts. Students without phones may need to borrow one from local residents.
- › Contact Explorica as soon as practical (as well as your school). Use the 24/7 number listed below.

## **How to reach Explorica in an emergency:**

- › Phone **+1.617.210.6194** (24/7 Emergency Contact Line)
- › Please program the above number and your school's number into your phone prior to travel.

Explorica disclaimer: The purpose of this document is to serve as a preparatory guide for group leaders and Explorica team in-country in the event of a terror incident/natural disaster in the city in which a group is traveling. This document is not intended for distribution to students. It is based on the best knowledge and recommendations of the Explorica Risk Management team. Note that situations on the ground may dictate a different course of action, and participants should use their judgment about the safest course of action in an emergency.

# Liability

We understand that many school officials are concerned about allowing their students to travel, but we assure you that safety is Explorica's number one priority. We have taken all precautions to protect students and other tour participants, and we have policies in place to protect the school, school board, teachers and participants involved with our tours.

Explorica has an exceptional safety record, but in the unlikely event of injuries or damages resulting from our negligence, we have a \$50 million liability policy with Zurich Insurance Group that protects third parties such as the school and school board. For additional information on our liability insurance, or to receive proof of coverage, please contact your Explorica program consultant or call 1.888.310.7120.

# Explorica's Code of Conduct

**Educate yourself about the culture you're visiting.** Before you jet off across the world, do a little research. How do they dress? What do they eat? How do they say "hello"? This will help you adjust to the new environment and keep you from looking like a tourist.

**X marks the spot.** Be where you need to be when you need to be there. Always come prepared with local maps, essential phone numbers, and a watch, so it's easy for you to get to designated meeting spots on time. Scheduled activities are mandatory. If you need to be excused from an activity for any reason, please ask your group leader for permission in advance.

**Pay attention to your surroundings.** In a new environment, there's a lot to take in, but you need to stay alert. Be mindful of your safety and belongings at all times, so that you can avoid any mishaps while traveling.

**Listen to your group leader and tour director.** Your group leader is responsible for your safety, and your Explorica tour director is an expert in every aspect of your destination. It is important that you listen to them and do what they say at all times. This means getting places on time, respecting curfew, and following all rules in place, so everyone can have a fun and safe experience.

**Organize your free time responsibly.** Throughout your trip you'll have periods of free time. During this time, you should always be with a small group, and never stray too far from your meeting place. Be sure to wear a watch, carry a map, and allot plenty of time to get to your meeting place early, so the rest of your group doesn't have to wait.

**Respect the people and the culture.** When you travel, think of yourself as a guest in someone else's home. Even if foods, clothes, or behaviors seem strange to you, be understanding and accepting of the culture.

**Illegal activities will not be tolerated.** The laws abroad may be very different from the laws back home, but no matter how strange they may seem to you, follow them! If not, you are subject to the legal consequences and immediate dismissal from the tour.

**Consumption of hard alcohol will not be tolerated.** We do not permit excessive drinking on our tours. The allowance of a glass of wine or beer at meals is up to the discretion of your group leader if you are over 18 and of legal drinking age in the country you are visiting.

**Offer help and support to your peers, group leader and tour director.** You're all in this together! Whether a friend needs a hand lifting a suitcase, your group leader needs to get everyone quiet to call roll, or your tour director needs help learning someone's name, lend a helping hand to whoever needs it.

**Damages are your own personal responsibility.** If you break it, you buy it. If you damage anything in your hotel or bus or incur any additional fees (e.g. phone calls, room service, etc.), you will be held responsible and required to pay for it. If you notice any damage upon arrival, notify your tour director immediately.

**Experience the world and have fun!** These rules are in place to keep your entire group safe, healthy, and happy on tour. Now it's your job to get out there and enjoy the experience of a lifetime. *Bon voyage!*

## Budget Assumptions for 2019-2020

1. **Enrollment:** Each year, the Windsor Public School District commissions the New England School Development Council (NESDEC) to conduct an enrollment projection study. NESDEC uses the cohort survival technique as well as current town-specific information in preparing Windsor's enrollment forecasts.

District wide enrollment has had a steady increase over the past few years. In 15/16 and 16/17, enrollment remained stable. The NESDEC projected enrollment for 17/18 and 18/19 showed a decrease of 36 students over 16/17 and then another decrease of 19 students over 17/18. Contrary to the study results, 17/18 enrollment increased to 3,238 and the final October 1, 2018 results have enrollment at 3,269 for 18/19. *This is an increase of 83 students over the past two years.* The projected enrollment for 19/20 shows a continued increase.

2. **Staffing & Programs:** Based on the likelihood of a lean 19/20 budget, any requests for additional staffing will be highly scrutinized and may not survive the budget process. Decisions around staffing and program redesign will be driven by their potential impact on raising student achievement while honoring the commitment to be fiscally responsible.
3. **Health Insurance:** If we continue to have low claim trends as we've been experiencing the past few years, the cost for health care is projected to remain flat and possibly decrease slightly.
4. **State & Federal Funding/Grants:** ECS and Excess Cost Funding for Windsor is expected to remain stable for 19/20. The entitlement grants (Title and IDEA) have held flat. We're hopeful that those grants will not be cut in 19/20.
5. **ECS Alliance Grant:** Funding reliability of the Alliance Grant has varied over the past 6 years. 18/19 is year 6 of the grant. Funding for 19/20 is highly likely to remain consistent with 18/19.
6. **Energy:** All schools are now operating with natural gas and by Spring 2019, 5 of our 6 schools will have completed a total school LED upgrade. The energy efficiency upgrades that have been made have allowed the district to lower energy costs over the past few years. Locking in a rate sooner rather than later is important in order to remain flat funded in this budget line item. Cost-saving measures within the facility and operations area are a must.
7. **Facilities:** All capital needs are presented to George Greco, Physical Plant Manager. State and federal compliance issues must be addressed. The need to properly maintain our buildings is also a priority and we anticipate a request for increased major maintenance funding.
8. **Transportation:** The contractual increase for DATTCO Transportation is 3.9% or \$183,515 for 19/20. The percent increase is due to lower percent increases in prior years. Special education transportation for 19/20 is estimated to increase by \$83,500 (4.3%) for 19/20. This increase is due to additional individualized transportation based on student needs.
9. **Diesel Fuel:** Diesel fuel has been at a low the past two years. We do not anticipate that moving forward. The lock in price in 17/18 was \$1.81/gallon and in 18/19 it is \$2.05. The projected rate for 19/20 is \$2.50/gallon which is consistent with that Town of Windsor's projection. This is an increase of \$42,182. This will be monitored in the coming months by the Town.

Notwithstanding the provisions of subsection (f) of Conn. Gen. Stat. § 31-51i, such employer shall report to the contractor any such finding, either telephonically or through written communication. If the contractor receives any information indicating such a finding or otherwise receives any information indicating such a finding or otherwise has knowledge of such a finding, the contractor shall, notwithstanding the provisions of subsection (f) of Conn. Gen. Stat. § 31-51i, immediately forward such information to the district, either telephonically or through written communication. If the district receives such information, it shall determine whether such employee may work in a position involving direct student contact at any school in the district. No determination by the district that any such employee shall not work under any such contract in any such position shall constitute a breach of such contract.

- H. Any applicant who knowingly provides false information or knowingly fails to disclose information required in subdivision (1) of subsection (A) of this section shall be subject to discipline by the district that may include
  - 1. denial of employment, or
  - 2. termination of the contract of a certified employee, in accordance with the provisions of Conn. Gen. Stat. § 10-151.

Stat. § 31-51i, the district shall provide, upon request by another local or regional board of education, governing council of a state or local charter school or interdistrict magnet school operator, or supervisory agent of a nonpublic school for the purposes of an inquiry pursuant to paragraphs I.A.2 or I.G. of this policy or to the Commissioner of Education pursuant to paragraph I.B. of this policy any information that the district has concerning a finding of abuse or neglect or sexual misconduct by a subject of any such inquiry.

Prior to offering employment to an applicant, the district shall make a documented good faith effort to contact each current and any former employer (please note the definition of “former employer” employer above, including the applicable twenty year reporting period) of the applicant that was a local or regional board of education, governing council of a state or local charter school, interdistrict magnet school operator, or supervisory agent of a nonpublic school, or if the applicant’s employment with such current or former employer caused the applicant to have contact with children in order to obtain information and recommendations that may be

relevant to the applicant's fitness for employment. Such effort, however, shall not be construed to require more than three telephonic requests made on three separate days.

- K. The district shall not offer employment to any applicant who had any previous employment contract terminated by a local or regional board of education, council of a state or local charter school, interdistrict magnet school operator, or a supervisory agent of a nonpublic school, or who resigned from such employment, if the person has been convicted of a violation of Conn. Gen. Stat. § 17a-101a, when an allegation of abuse or neglect or sexual assault has been substantiated.

## II. DCF Registry Checks

Prior to hiring any person for a position with the district, the district shall require such applicant to submit to a records check of information maintained on the Registry concerning the applicant.

For any applicant whose current or most recent employment occurred out of state, the district shall request that the applicant provide the district with authorization to access information maintained concerning the applicant by the equivalent state agency in the state of most recent employment, if such state maintains information about abuse and neglect and has a procedure by which such information can be obtained. Refusal to permit the district to access such information shall be considered grounds for rejecting any applicant for employment.

The district shall request information from the Registry or its out of state equivalent promptly, and in any case no later than thirty (30) calendar days from the date of employment. Registry checks will be processed according to the following procedure:

- A. No later than ten (10) calendar days after the Superintendent or his/her designee has notified a job applicant of a decision to offer employment to the applicant, or as soon thereafter as practicable, the Superintendent or designee will either obtain the information from the Registry or, if the applicant's consent is required to access the information, will supply the applicant with the release form utilized by DCF, or its out of state equivalent when available, for obtaining information from the Registry.
- B. If consent is required to access the Registry, no later than ten (10) calendar days after the Superintendent or his/her designee has provided the successful job applicant with the form, the applicant must submit the signed form to DCF or its out of state equivalent, with a copy to the Superintendent or his/her designee. Failure of the applicant to submit the signed form to DCF or its out of state equivalent within such ten-day period, without good cause, will be grounds for the withdrawal of the offer of employment.
- C. Upon receipt of Registry or out-of-state registry information indicating previously undisclosed information concerning abuse or neglect investigations concerning the successful job applicant/employee, the Superintendent or his/her designee will notify the affected applicant/employee in writing of the results of the Registry check and will provide an opportunity for the affected applicant/employee to respond to the results of the Registry check.
- D. If notification is received by the Superintendent or designee that that the applicant is listed as a perpetrator of abuse or neglect on the Registry, the Superintendent or designee shall provide the applicant with an opportunity to be heard regarding the results of the Registry check. If

warranted by the results of the Registry check and any additional information provided by the applicant, the Superintendent or designee shall revoke the offer of employment and/or terminate the applicant's employment if he or she has already commenced working for the district.

### III. Criminal Records Check Procedure

- A. Each person hired by the district shall be required to submit to state and national criminal record checks within thirty (30) calendar days from the date of employment. Each person otherwise placed within a school under any public assistance employment program, employed by a provider of supplemental services pursuant to federal law or in a nonpaid, noncertified position completing preparation requirements for the issuance of an educator certificate, who performs a service involving direct student contact shall also be required to submit to state and national criminal record checks within thirty (30) calendar days from the date such worker begins to perform such service. Record checks will be processed according to the following procedure:\*
1. No later than five (5) calendar days after the Superintendent or his/her designee has notified a job applicant of a decision to hire the applicant, or as soon thereafter as practicable, the Superintendent or his/her designee will provide the applicant with a packet containing all documents and materials necessary for the applicant to be fingerprinted by Biometric ID Services. This packet shall also contain all documents and materials necessary for the police department to submit the completed fingerprints to the State Police Bureau of Identification for the processing of state and national criminal record checks. The Superintendent or his/her designee will also provide each applicant with the following notifications before the applicant obtains his/her fingerprints: (1) Agency Privacy Requirements for Noncriminal Justice Applicants; (2) Noncriminal Justice Applicant's Privacy Rights; (3) and the Federal Bureau of Investigation, United States Department of Justice Privacy Act Statement.
  2. No later than ten (10) calendar days after the Superintendent or his/her designee has provided the successful job applicant with the fingerprinting packet, the applicant must arrange to be fingerprinted by Biometric ID Services. Failure of the applicant to have his/her fingerprints taken within such ten-day period, without good cause, will be grounds for the withdrawal of the offer of employment.
  3. Any person for whom criminal records checks are required to be performed pursuant to this policy must pay all fees and costs associated with the fingerprinting process and/or the submission or processing of the requests for criminal record checks.
  4. Upon receipt of a criminal record check indicating a previously undisclosed conviction, the Superintendent or his/her designee will notify the affected applicant/employee in writing of the results of the record check and will provide an opportunity for the affected applicant/employee to respond to the results of the criminal record check. The affected applicant/employee may notify the Superintendent or his/her designee in writing within five (5) calendar days that the affected/employee will challenge his/her criminal history record check. Upon written notification to the Superintendent or his/her designee of such a challenge, the affected applicant/employee shall have ten (10) calendar days to provide the Superintendent or his/her designee with necessary documentation regarding the

affected applicant/employee's record challenge. The Superintendent or his/her designee may grant an extension to the preceding ten-day period during which the affected applicant/employee may provide such documentation for good cause shown.

5. Decisions regarding the effect of a conviction upon an applicant/employee, whether disclosed or undisclosed by the applicant/employee, will be made on a case-by-case basis. Notwithstanding the foregoing, the falsification or omission of any information on a job application or in a job interview, including but not limited to information concerning criminal convictions or pending criminal charges, shall be grounds for disqualification from consideration for employment or discharge from employment.
6. Notwithstanding anything in paragraph III.A.5 of this Policy, above, no decision to deny employment or withdraw an offer of employment on the basis of an applicant/employee's criminal history record shall be made without affording the applicant/employee the opportunities set forth in paragraph III.A.4 of this Policy, above.

2. If a substitute teacher submitted to state and national criminal history record checks upon being hired by the district, then the substitute teacher will not be required to submit to another criminal history record check so long as the substitute teacher is continuously employed by the district, that is, employed for at least one day of each school year, by the district, provided a substitute teacher is subjected to such checks at least once every five years.

Substantially related is defined to mean "the information contained in the credit report is related to the position for which the employee or prospective employee who is the subject of the report is being evaluated." That notification must be provided in a document separate from the employment application. The notification must state that the district may use the information in the consumer credit report to make decisions related to the individual's employment.

The district will obtain consent before performing the credit or other background checks. If the district intends to take an action adverse to a potential employee based on the results of a credit report, the district must provide the prospective employee with a copy of the report on which the district relied in making the adverse decision, as well as a copy of "A Summary of Your Rights Under the Fair Credit Reporting Act," which should be provided by the company that provides the results of the credit check. The district will notify the prospective employee either orally, in writing or via electronic means that the adverse action was taken based on the information in the consumer report. That notice must include the name, address and phone number of the consumer reporting company that supplied the credit report; a statement that the company that supplied the report did not make the decision to take the unfavorable action and cannot provide specific reasons for the district's actions; and a notice of the person's right to dispute the accuracy or completeness of any information the consumer reporting company furnished, and to get an additional free report from the company if the person asks for it within sixty (60) calendar days.

## **REPORTS OF SUSPECTED ABUSE OR NEGLECT OF ADULTS WITH AN INTELLECTUAL DISABILITY OR AUTISM SPECTRUM DISORDER**

Section 46a-11b of the Connecticut General Statutes requires that certain school personnel report any suspected abuse or neglect of persons between eighteen (18) and sixty (60) years of age who: 1) have an intellectual disability or 2) receive funding or services from the Department of Social Services' ("DSS") Division of Autism Spectrum Disorder Services. In furtherance of this statute and its purpose, it is the policy of the [Windsor](#) Board of Education to require ALL EMPLOYEES of the Board of Education to comply with the following procedures in the event that, in the ordinary course of their employment or profession, they have reasonable cause to suspect that a person with an intellectual disability or an individual receiving funding or services from DSS' Division of Autism Spectrum Disorder Services between eighteen (18) and sixty (60) years of age has been abused or neglected.

### **1. Scope of Policy**

This policy applies not only to employees who are required by law to report suspected abuse and/or neglect of adults with intellectual disabilities, but also to ALL EMPLOYEES of the Board of Education.

### **2. Definitions**

For the purposes of this policy:

"Abuse" means the willful infliction of physical pain or injury or the willful deprivation by a caretaker of services which are necessary to the person's health or safety.

"Neglect" means a situation where a person with an intellectual disability either is living alone and is not able to provide for himself or herself the services which are necessary to maintain his or her physical and mental health, or is not receiving such necessary services from the caretaker.

"Statutory Mandated Reporter" means an individual required by Conn. Gen. Stat. Section 46a-11b to report suspected abuse and/or neglect of adults with intellectual disabilities. In the public school context, the term "statutory mandated reporter" includes teachers, school administrators, school guidance counselors, paraprofessionals, [licensed behavior analysts](#), registered or licensed practical nurses, psychologists, social workers, licensed or certified substance abuse counselors, mental health professionals, physical therapists, occupational therapists, dental hygienists, speech pathologists, and licensed professional counselors.

3. Reporting Procedures for Statutory Mandated Reporters

If a statutory mandated reporter has reasonable cause to suspect or believe that any person with an intellectual disability, or any individual who receives funding or services from DSS' Division of Autism Spectrum Disorder Services, between eighteen (18) and sixty (60) years of age has been abused or neglected, the mandated reporter shall, as soon as practicable, but not later than ~~seventy-two~~ forty-eight (~~72~~ 48) hours after having reasonable cause to suspect abuse or neglect, make an oral report to:

Abuse Investigation Division  
Department of Developmental Services ("DDS")  
460 Capitol Avenue  
Hartford, Connecticut 06106  
Telephone: 1-844-878-8923

An unsuccessful attempt to make an initial report to DDS on the weekend, holiday, or after business hours shall not be construed as a violation of this policy or applicable law if the mandatory reporter makes reasonable attempts to make such report as soon as practicable after the initial attempt. For purposes of this policy, "reasonable attempts" means documented efforts to contact DDS by phone, electronic mail or in person.

The statutory mandated reporter shall also immediately notify the Superintendent.

Such initial oral report shall be followed by a written report to the Abuse Investigation Division of DDS not later than five calendar days after the initial oral report was made, and a copy of any written report shall be given to the Superintendent.

4. Reporting Procedures for Non-Statutory Mandated Reporters

The following procedures apply only to employees who are not statutory mandated reporters, as set forth above.

- a) If an employee who is not a statutory mandated reporter has reasonable cause to suspect that any person with an intellectual disability, or any individual who receives funding or services from the DSS' Division of Autism Spectrum Disorder Services, between eighteen (18) and sixty (60) years of age has been abused or neglected, the following steps shall be taken.
  - (1) The employee shall as soon as practicable, but not later than ~~seventy-two~~ forty-eight (~~72~~ 48) hours after having reasonable cause to suspect abuse or neglect, make an oral report by telephone

or in person to the Superintendent of Schools or his/her designee, to be followed by an immediate written report to the Superintendent or his/her designee.

- (2) If the Superintendent or his/her designee determines that there is reasonable cause to suspect or believe that any person with an intellectual disability, or any individual who receives funding or services from the DSS' Division of Autism Spectrum Disorder Services, between eighteen (18) and sixty (60) years has been abused or neglected, the Superintendent or designee shall cause reports to be made in accordance with the procedures set forth for statutory mandated reporters, set forth above.

- b) Nothing in this policy shall be construed to preclude an employee from reporting suspected abuse and/or neglect of adults with intellectual disabilities, or any individual who receives funding or services from the DSS' Division of Autism Spectrum Disorder Services, directly to the Abuse Investigation Division of DDS.

5. Contents of Report

Any oral or written report made pursuant to this policy shall contain the following information, if known:

- a) the name and address of the allegedly abused or neglected person;
- b) a statement from the reporter indicating a belief that the person is intellectually disabled or receives funding or services from the DSS' Division of Autism Spectrum Disorder Services, together with information indicating that the person is unable to protect himself or herself from abuse or neglect;
- c) information concerning the nature and extent of the abuse or neglect; and,
- d) any additional information that the reporter believes would be helpful in investigating the report or in protecting the person with an intellectual disability or who receives funding or services from the DSS' Division of Autism Spectrum Disorder Services.

6. Investigation of the Report

If the suspected abuser is a school employee, the Superintendent shall thoroughly investigate the report, and shall, to the extent feasible, endeavor to coordinate any such investigation with the investigation conducted by the Abuse Investigation Division of DDS.

The Superintendent's investigation shall include an opportunity for the suspected abuser to be heard with respect to the allegations contained within the report. During the course of an investigation of suspected abuse by a school employee, the Superintendent may suspend the employee with pay or may place the employee on administrative leave with pay, pending the outcome of the investigation.

If the investigation by the Superintendent and/or the Abuse Investigation Division of DDS produces evidence that a person with an intellectual disability, or any individual who receives funding or services from the DSS' Division of Autism Spectrum Disorder Services, has been abused by a school employee, the Superintendent and/or the Board, as appropriate, may take disciplinary action, up to and including termination of employment.

7. Delegation of Authority by Superintendent

The Superintendent may appoint a designee for the purposes of receiving and making reports, notifying and receiving notification, or investigating reports pursuant to this policy.

8. Disciplinary Action for Failure to Follow Policy

Any employee who fails to comply with the requirements of this policy shall be subject to discipline, up to and including termination of employment.

9. Non-discrimination Policy

The Board of Education shall not discharge or in any manner discriminate or retaliate against any employee who, in good faith, makes a report pursuant to this policy, or testifies or is about to testify in any proceeding involving abuse or neglect.

**STUDENT ATTENDANCE, TRUANCY AND CHRONIC ABSENTEEISM****I. Attendance and Truancy****A. Definitions for Section I**

1. “Absence” - any day during which a student is not considered “in attendance” at his/her assigned school, or on a school sponsored activity (e.g. field trip), for at least one half of the school day.
2. “Disciplinary absence” – Any absence as a result of school or district disciplinary action. Any student serving an out-of-school suspension or expulsion should be considered absent. Such absence is not considered excused or unexcused for attendance and truancy purposes.
3. “Educational evaluation” - for purposes of this policy, an educational evaluation is an assessment of a student’s educational development, which, based upon the student’s presenting characteristics, would assess (as appropriate) the following areas: health, vision, hearing, social and emotional status, general intelligence, academic performance, communicative status and motor abilities.
4. “Excused absence” – a student is considered excused from school if the school has received written documentation describing the reason for the absence within ten (10) days of the student’s return to school, or the child has been excluded from school in accordance with section 10-210 of the Connecticut General Statutes, and meets the following criteria:
  - a. Any absence before the student’s tenth absence, is considered excused when the student’s parent/guardian approves such absence and submits appropriate written documentation in accordance with this regulation.
  - b. For the student’s tenth absence and all absences thereafter, a student’s absences from school are, with appropriate documentation in accordance with this regulation, considered excused only for the following reasons:
    - i. student illness (verified by an appropriately licensed medical professional);
    - ii. religious holidays;
    - iii. mandated court appearances (documentation required);
    - iv. funeral or death in the family, or other emergency beyond the control of the student’s family;

- v. extraordinary educational opportunities pre-approved by the district administrators and in accordance with Connecticut State Department of Education guidance and this regulation;
  - vi. lack of transportation that is normally provided by a district other than the one the student attends.
- c. A student, age five to eighteen, whose parent or legal guardian is an active duty member of the armed forces who has been called for duty, is on leave from or has immediately returned from deployment to a combat zone or combat support posting, shall be granted ten (10) days of excused absences in any school year, and, in the discretion of the administration, additional excused absences to visit such student's parent or legal guardian with respect to the parent's leave or deployment. In the case of such excused absences, the student and parent or legal guardian are responsible for obtaining assignments from the student's teacher prior to any period of excused absence, and for ensuring that such assignments are completed by the student prior to his or her return to school.
5. "In Attendance" - any day during which a student is not considered to be absent from his/her assigned school, or from an activity sponsored by the school (e.g. field trip), for at least one half of the school day.
  6. "Student" - a student enrolled in the Windsor Public Schools (the "District").
  7. "Truant" - any student five (5) to eighteen (18) years of age, inclusive, who has four (4) unexcused absences from school in any one month or ten (10) unexcused absences from school in any school year.
  8. "Unexcused absence" - any absence from a regularly scheduled school day for at least one half of the school day, unless the absence an excused absence as defined above or the absence is a disciplinary absence.

The determination of whether an absence is excused will be made by the building principal or his/her designee. Parents or other persons having control of the child may appeal that decision to the Superintendent or his/her designee, whose decision shall be final.

#### B. Written Documentation Requirements for Absences

"Written Documentation" - includes a signed note from the student's parent/guardian, a signed note from a school official that spoke in person with the parent/guardian regarding the absence, or a note confirming the absence by the school nurse or by a licensed medical professional, as appropriate, that explains the nature of and the reason for the absence as well as the length of the absence.

#### C. Truancy Exceptions:

1. A student five (5) or six (6) years of age shall not be considered truant if the parent or person having control over such student has appeared personally at the school district office and exercised the option of not sending the child to school at five (5) or six (6) years of age.

2. A student seventeen (17) years of age shall not be considered truant if the parent or person having control over such student consents to such student's withdrawal from school. Such parent or person shall personally appear at the school district office and sign a withdrawal form indicating such consent. Such withdrawal form must include an attestation from a guidance counselor or school administrator from the school that the district provided the parent (or person having control of the child) with information on the educational options available in the school system and community.
3. If a parent or guardian of an expelled student chooses not to enroll the student in an alternative program, the student shall not be considered to be "truant."

D. Readmission to School Following Voluntary Withdrawal

1. Except as noted in paragraph 2 below, if a student voluntarily withdraws from school (in accordance with Section C.2, above) and subsequently seeks readmission, the Board may deny school accommodations to the student for up to ninety (90) school days from the date of the student's withdrawal from school.
2. If a student who has voluntarily withdrawn from school (in accordance with Section C.2, above) seeks readmission within ten (10) school days of his/her withdrawal, the Board shall provide school accommodations to the student not later than three (3) school days after the student requests readmission.

E. Determinations of Whether a Student is "In Attendance":

1. A student serving an out of school suspension or expulsion shall be reported as absent unless he or she receives an alternative educational program for at least one half of the regular school day. In any event, the absence is considered a disciplinary absence, and will not be designated as excused or unexcused.
2. On early dismissal days and days shortened due to inclement weather, the regular school day for attendance purposes is considered to be the amount of instructional time offered to students on that day. For example, if school is open for four hours on a shortened day scheduled, a student must be present for a minimum of two hours in order to be considered "in attendance."
3. Students placed on homebound instruction due to illness or injury in accordance with applicable regulations and requirements are counted as being "in attendance" for every day that they receive instruction from an appropriately certified teacher for an amount of time deemed adequate by the administration so as to ensure that the student is able to successfully return to the regular classroom setting.

F. Procedures for students in grades K-8\*

1. Notification
  - a. Annually at the beginning of the school year and upon the enrollment of any child during the school year, the administration shall notify the parent or other person having control of the student enrolled in grades K - 8 in writing of the obligations pursuant to Conn. ### 1. Intervention

- a. When a student is truant, the building principal or his/her designee shall schedule a meeting with the parent (or other person having control of such student) and appropriate school personnel to review and evaluate the reasons for the student's truancy. The Team will also consider whether the student should be referred to a planning and placement team ("PPT") meeting to review the student's need and eligibility for special education. A special education student who is experiencing attendance problems should be referred to a PPT meeting for program review.

e. Where the documented implementation of the procedures specified in subsections (a) through (d) above does not result in improved outcomes despite collaboration with the parent/guardian, the Superintendent or his/her designee may, with written parental consent, refer a student who is truant to a Youth Service Bureau.

Gen. Stats. §§ 21a-277 and 21a-278, the administrator will recommend such student for expulsion, in accordance with the Board's student discipline policy.
  - (d) Students found to be in violation of this policy may be referred by the building administrator to an appropriate agency licensed to assess and treat drug and alcohol involved individuals. In such event, assessment and treatment costs will be the responsibility of the parent or guardian.

**Exclusion Procedures**

If it is determined that the interests of the student and the school are better served when a student with a communicable or infectious disease is excluded, procedural safeguards will establish such by extensive medical evidence which shall include, but not be limited to:

- A. The nature of the disease.
- B. Whether transmission may be controlled.
- C. Whether the personal characteristics of the student involved are such that exclusion of the affected student from the regular classroom is clearly necessary to protect the health of other students.
- D. As medical knowledge and circumstances may change rapidly, the medical advisor will monitor current medical information and assess the student's medical condition and the school's ability to accommodate that student in light of the most current medical information. New facts may warrant a different result from the one previously reached.
- E. Where a student or student's parents object to the Board's decision to exclude that student, the Board of Education will provide a hearing to adjudicate pertinent facts concerning the exclusion.

**Medical Intervention**

The school nurse or medical advisor will establish guidelines, which will provide simple, effective precautions against transmission of communicable disease for all students and staff. Universal precautions will be used to clean up after a student or staff person has an accident or injury at school. Blood or other bodily fluids emanating from any person should be treated cautiously. Such guidelines will be reviewed regularly in light of medical advances. Necessary reports will be made to health authorities consistent with state law.

If emergency exclusion of a student is warranted, regulation will provide procedures to take care of the emergency situation.

Consideration will be given to temporary removal of a student from school, if in the school population, a disease, flu, cold or childhood disease might negatively impact the infected

student's health. Students with infectious diseases may be temporarily removed from school when that student is acutely ill.

Classroom and educational programs will be established so that students, staff and the public are better informed of the risk and prevention of transmission of communicable diseases. The school nurse or other medical staff will be available to assist in any problem resolution, answer questions and coordinate services provided by other staff.

**Confidentiality**

A. School staff shall strictly observe the privacy rights of students with a communicable disease. No person who obtains confidential medical information may disclose or be compelled to disclose such information except to the following:

1. The protected student or parent
2. Any person who secures a release of the confidential related information
3. A federal, state or local officer when such disclosure is mandated or authorized by federal state law.
4. A health care provider or health facility when knowledge of the related information is necessary to provide appropriate treatment to the protected student and when confidential related information is already recorded in the medical chart or record or a health provider has access to such records for the purpose of providing medical care to that student.

B. When confidential information relating to communicable disease is disclosed, it should be accompanied by a statement in writing which shall include the following similar language:

1. "This information has been disclosed to you from records whose confidentiality is protected by state law. State law prohibits you from making any further disclosure without the specific written consent of the student or legal guardian to whom it pertains or as otherwise permitted by law. A general authorization for the release of medical or other information is not sufficient for this purpose."

2. A notation of all such disclosure shall be placed in the medical record or with any record related to a communicable disease test results of a protected student. Any person who willfully violates the provisions of this law will be liable in a private cause of action for injuries suffered as a result of such violation.

**Students/Staff with HIV, ARC, (AIDS Related Complex) or AIDS**

- A. All children, including those diagnosed as having AIDS or evidence of HIV infection, have the right to attend regular classes.
- B. Any student with AIDS/HIV may only be excluded from school when continued attendance would result in an immediate risk of injury or harm to the individual student or to others with whom the student may have contact. Risk of transmission of the disease must be the basis for any determination to exclude a child from school. The Medical Advisor will determine such risk.
- C. The child's personal physician is the primary manager of a child with any communicable disease, including those diagnosed as having HIV/AIDS or with clinical evidence of the infection with HIV, the AIDS associated virus.
  1. A parent, guardian or physician may choose to notify the school.
  2. Since the student diagnosed as having AIDS or with evidence of HIV infection has a greater risk of incurring infections, a student's physician and parents should be consulted to determine what steps to take in the event that there is an outbreak of a communicable disease, such as chicken pox, measles, etc.
- D. Siblings of children diagnosed as having AIDS or with evidence of HIV infection have the right to attend school without any restrictions.
- E. Any blood or any body fluid should be handled in accordance with the universal precaution guidelines.

**Personnel**

Any employee diagnosed as having AIDS or evidence of HIV infection shall not be discriminated against in employment and shall not be terminated from employment on account of such a condition.

1. An employee should ensure that any cutaneous (skin) eruptions or weeping lesions are covered.
2. Any employee, including an employee with AIDS/HIV, required to provide assistance to other employees or students where there has been trauma to those individuals such as an open wound, which could provide a portal or entry for the virus, or mouth-to-mouth resuscitation must follow the universal precautions guidelines.
3. Any employee, who is unable to work on account of AIDS/HIV or related conditions, shall be entitled to the same benefits as any employee with illness or disability in accordance with Board of Education policy and the terms of the respective employee contract agreements.

**Confidentiality/Notification**

1. The diagnosis of a student or staff member with AIDS/HIV is information that must be treated as confidential and accords the highest degree of protection from public and any other unnecessary disclosure.
2. Only those persons with an absolute need to know because of potential medical emergencies may be informed of the medical condition of a particular student or staff person. To maintain strictest medical confidentiality, any disclosure of a student and/or staff member's AIDS/HIV infections should be only on a direct person-to-person basis.

**Pediculosis (Head Lice) Guidelines**

**Identification**

If a teacher or other school employee views the following symptoms, the student is to be referred to the school nurse for a Pediculosis screening:

- A. Excessive scratching of the scalp.
- B. Observation of nits (ivory colored eggs approximately 1/32" in length) or lice in hair.

**Procedures Regarding Individual Students**

- A. If live lice or nits appearing in close proximity to scalp are observed, the student is to be considered to have pediculosis. In this situation, the Principal will exclude the student, and the nurse will instruct the parent or guardian on treatment procedures and precautions against spreading. The school nurse or Principal will notify parents of identified student immediately.
- B. The nurse will do head checks on all students in the classroom and on any students who are siblings of infected student. If students have siblings in other schools, the nurse will notify the school nurse of that school. The siblings will be screened immediately.
- C. Identified students may return to school immediately following treatment, which includes the application of head louse shampoo. ~~The parent will be required to sign a statement attesting to the administration of appropriate treatment, and~~ The student will be re-screened by the nurse upon the student's return to school.
- D. Identified students are to be re-screened seven to ten days after re-admittance to school. ~~Parents will be required to sign a statement attesting to the administration of appropriate treatment at that point in time.~~
- E. If there are nits that are not close to the scalp in a student's hair and there is a question as to whether there is a currently active infestation, implementation of the above-stated procedure will be strongly recommended to the parents.

**Procedures Regarding Individual Students (continued)**

- F. To ensure confidentiality, the names of the students who have pediculosis will be shared with no other parents and with only those staff members that the Principal deems to have a reason to know. No parents other than the parent of a student in question will be present when a student is being individually re-checked by the nurse.
- G. If a student's pediculosis problem does not appear to be eliminated by the standard medical treatment, the school medical advisor may intervene and request the school Principal to exclude the student from school until all lice or nits have been removed from the student's head.

**Procedures Regarding the School Community**

- A. If a count of active pediculosis cases exceeds one percent (1%) of the school enrollment during a ten (10) calendar day period of time, the nurse is to assess the entire school. This decision is to be made by the school nurse and the school Principal.
- B. If a student has been declared an inactive case and becomes infected at another point in time, he or she will be re-classified as an unduplicated active case when the new one percent (1%) count is being calculated.
- C. The school Principal, the [School](#) Medical Advisor and nurse are to assess the extent of the problem and form a plan of action regarding notification of parents of non-affected students. The Superintendent will be notified.
- D. If a substantial number of pediculosis cases exist in a school or there are continually recurring cases, the School Medical Advisor, after consulting with the school nurse, may advise the school administration to implement a "no nit order." This order would mean that even appropriately treated students are not to be re-admitted into the school if there are any nits in their hair.

For this reason, the ~~district~~ District is committed to developing strategies and practices to minimize the risk of accidental exposure to life threatening food allergens and to ensure prompt and effective medical response should a ~~child~~ student suffer an allergic reaction while at school. The ~~district~~ District is also committed to appropriately managing and supporting students with ~~glycogen-storage-disease~~ GSD. The ~~district~~ District further recognizes the importance of collaborating with parents and appropriate medical staff in developing such practices and encourages strategies to enable the student to become increasingly proactive in the care and management of his/her food allergy and/or ~~glycogen-storage-disease~~ GSD, as developmentally appropriate. To this end, the ~~Public Schools adopt~~ District adopts the following guidelines related to the management of life threatening food allergies and ~~glycogen-storage-disease~~ GSD for students enrolled in ~~district~~ District schools.

### **I. Identifying Students with Life-Threatening Food Allergies and/or Glycogen Storage Disease**

Early identification of students with life-threatening food allergies and/or ~~glycogen storage-disease~~ (GSD) is important. The ~~district~~ District therefore encourages parents/guardians of ~~children~~ students with a life-threatening food ~~allergy~~ allergies to notify the school of the allergy, providing as much ~~information~~ medical documentation about the extent and nature of the food allergy as is known, as well as any known effective treatment for the allergy. The ~~district~~ District also encourages parents/guardians of ~~children~~ students with a ~~glycogen-storage-disease~~ GSD to notify the school of the disease, providing as much ~~information~~ medical documentation about the ~~extent-and-type~~ of GSD, nature of the ~~glycogen-storage-disease-as-is-known,-as-well-as-any-known-effective,~~ and current treatment ~~for~~ of the ~~glycogen-storage-disease~~ student.

### **II. Individualized Health Care Plans and Emergency Care Plans**

1. If the ~~district~~ District ~~determines~~ obtains medical documentation that a ~~child~~ student has a life-threatening food allergy or ~~glycogen-storage-disease~~ GSD, the ~~district~~ District shall develop an individualized health care plan (IHCP) for the ~~child~~ student. Each IHCP should contain information relevant to the child's participation in school activities, and should attempt to strike a balance between individual, school and community needs, while fostering normal development of the ~~child~~ student.
2. The IHCP should be developed by a group of individuals, which shall include the parents, and appropriate school personnel. Such personnel may include, but are not limited to, the school nurse, school or food service administrator(s); classroom teacher(s); and the student, if appropriate. The school may also consult with the school's medical advisor, as needed.

3. IHCPs are developed for students with special health needs or whose health needs require daily interventions. The IHCP describes how to meet the ~~child~~ student's health and safety needs within the school environment and should address the student's needs across school settings. Information to be contained in an IHCP should include a description of the functional health issues (diagnoses); student objectives for promoting self care and age appropriate independence; and the responsibilities of parents, school nurse and other school personnel. The IHCP may also include strategies to minimize the allergic student's risk for exposure. For the student with ~~glycogen-storage-disease~~ GSD, the IHCP may include strategies designed to ameliorate ~~the risk of risks~~ **associated with** such disease and support the student's participation in the classroom. IHCPs for such students may include such considerations:
  - a. classroom environment, including allergy free considerations, or allowing the student with GSD to have food/dietary supplements when needed;
  - b. cafeteria safety;
  - c. participation in school nutrition programs;
  - d. snacks, birthdays and other celebrations;
  - e. alternatives to food rewards or incentives;
  - f. hand-washing;
  - g. location of emergency medication;
  - h. who will provide emergency and routine care in school;
  - i. h-risk management during lunch and recess times;
  - j. i-special events;
  - k. j-field trips, fire drills and lockdowns;
  - l. k-extracurricular activities;
  - m. l-school transportation;
  - n. m-the provision of food or dietary supplements by the school nurse, or any school employee approved by the school nurse;
  - o. n-staff notification, including substitutes, and training; and
  - p. o-transitions to new classrooms, grades and/or buildings.
4. The IHCP should be reviewed annually, or whenever there is a change in the student's emergency care plan, changes in self-monitoring and self-care abilities of the student, or following an emergency event requiring the administration of medication or the implementation of other emergency protocols.
5. For a student with ~~glycogen-storage-disease~~ GSD, the IHCP shall not prohibit a parent or guardian, or a person designated by such parent or guardian, to provide food or dietary supplements to a student with ~~glycogen-storage-disease~~ GSD on school grounds during the school day.
6. In addition to the IHCP, the ~~district~~ District shall also develop an Emergency Care Plan (ECP) for each ~~child~~ student identified as having a life threatening food allergy. The ECP is part of the IHCP and describes the specific directions about what to do in a medical emergency. For the student with a life-threatening food allergy, the ECP should include the following information:
  - a. The ~~child~~ student's name and other identifying information, such as date of birth, grade and photo;
  - b. The ~~child~~ student's specific allergy;

- c. The ~~child~~ student's signs and symptoms of an allergic reaction;
  - d. The medication, if any, or other treatment to be administered in the event of exposure;
  - e. The location and storage of the medication;
  - f. Who will administer the medication (including self-administration options, as appropriate);
  - g. Other emergency procedures, such as calling 911, contacting the school nurse, and/or calling the parents or physician;
  - h. Recommendations for what to do if the ~~child~~ student continues to experience symptoms after the administration of medication; and
  - i. Emergency contact information for the parents/family and medical provider.
7. In addition to the IHCP, the ~~district~~ District shall also develop an ~~Emergency Care Plan (ECP)~~ for each ~~child~~ student identified as ~~having glycogen storage disease~~ GSD. The ECP is part of the IHCP and describes the specific directions about what to do in a medical emergency. For the student with ~~glycogen storage disease~~ GSD, the ECP should include the following information:
- a. The ~~child~~ student's name and other identifying information, such as date of birth, grade and photo;
  - b. Information ~~pertaining to the child's condition~~ about the disease or disease specific information (i.e. type of GSD);
  - c. The ~~child~~ student's signs and symptoms of ~~a diabetic emergency~~ an adverse reaction (such as hypoglycemia);
  - d. The medication, if any, or other treatment to be administered in the event of ~~same~~ an adverse reaction or emergency (i.e. Glucagon);
  - e. The location and storage of the medication;
  - f. Who will administer the medication (including self-administration options, as appropriate);
  - g. Other emergency procedures, such as calling 911, contacting the school nurse, and/or calling the parents or physician;
  - h. Recommendations for what to do if the ~~child~~ student continues to experience symptoms after the administration of medication; and
  - i. Emergency contact information for the parents/family and medical provider.
8. In developing the ECP, the school nurse should obtain current ~~health information~~ medical documentation from the parents/family and the student's health care provider, including the student's emergency plan and ~~all~~ proper medication orders. If needed, the school nurse or other appropriate school personnel, should obtain consent to consult directly with the child's health care providers to clarify medical needs, emergency medical protocol and medication orders.
9. A student identified as having a life-threatening food allergy or ~~glycogen storage disease~~ GSD is entitled to an IHCP and an ECP, regardless of his/her status as a ~~child~~ student with a disability, as that term is understood under Section 504 of the Rehabilitation Act of 1973 ("Section 504"), or the Individuals with Disabilities Education Act ("IDEA").

10. The ~~distriet~~ District shall ensure that the information contained in the IHCP and ECP is distributed to any school personnel responsible for implementing any provisions of the IHCP and/or ECP, and that any procedures in the IHCP and/or ~~EHP~~ECP comply with the ~~distriet~~ District's policies and procedures regarding the administration of medications to students.
11. Whenever appropriate, a student with a life-threatening food allergy and/or ~~glycogen-storage-disease~~GSD should be referred to a Section 504 Team for consideration if/when there is reason to believe that the student has a physical or mental impairment ~~(a life-threatening food allergy)~~ that substantially limits one or more major life activities, as defined by Section 504. Whenever appropriate, students with life-threatening food allergies and/or ~~glycogen-storage-disease~~GSD should be referred to a PPT for consideration of eligibility for special education and related services under the IDEA, if there is reason to suspect that the student has a qualifying disability and requires specialized instruction.
12. When making eligibility determinations under Section 504 and/or the IDEA, schools must consider the student's needs on an individualized, case-by-case basis.

### III. Training/Education

1. The ~~distriet~~ District shall provide appropriate education and training for school personnel regarding the management of students with life threatening food allergies and GSD. Such training ~~shall~~may include an overview of life-threatening food allergies and GSD; prevention strategies; IHCPs and ECPs; and food safety and sanitation. Training shall also include, as appropriate for each school (and depending on the specific needs of the individual students at the school), training in the administration of medication with cartridge injectors (i.e. epi-pens), and/or the specific preventative strategies to minimize ~~a child's~~the risk of exposure to life-threatening allergens, and prevent adverse reactions in students with GSD (such as the provision of food or dietary supplements for ~~students-with-glycogen-storage-disease)~~. School personnel will be also be educated on how to recognize symptoms of allergic reactions and/or symptoms of ~~a diabetic emergency~~low blood sugar, as seen with GSD, and what to do in the event of an emergency. Staff training and education will be coordinated by the Director of Pupil and Special Education Services. Any such training regarding the administration of medication shall be done accordance with state law and Board policy.
2. Each school within the ~~distriet~~ District shall also provide age-appropriate information to students about food allergies and ~~glycogen-storage-disease~~GSD, how to recognize symptoms of an allergic reaction and/or ~~diabetic~~low blood sugar emergency and the importance of adhering to the school's policies regarding food and/or snacks.

### IV. Prevention

Each school within the ~~distriet~~ District will develop appropriate practices to minimize the risk of exposure to life threatening allergens and the risks associated with GSD. Practices ~~which~~that may be considered may include, but are not limited to:

1. Encouraging handwashing;
2. Discouraging students from swapping food at lunch or other snack/meal times;
3. Encouraging the use of non-food items as incentives, rewards or in connection with celebrations.
4. Training staff in recognizing symptoms of anaphylaxis and hypoglycemia; and
5. Planning for school emergencies, to include consideration of the need to access medication, food and/or dietary supplements.

## V. Communication

1. As described above, the school nurse shall be responsible for coordinating the communication ~~between~~ among parents, a student's individual health care provider and the school regarding a student's life threatening allergic condition and/or ~~glycogen-storage-disease~~ GSD. School staff responsible for implementing a student's IHCP will be notified of their responsibilities and provided with appropriate information as to how to minimize risk of exposure and/or ~~diabetic emergency~~ alterations in blood sugar levels and how to respond in the event of ~~an~~ such emergency.
2. Each school will ensure that there are appropriate communication systems available within each school (i.e. telephones, cell phones, walkie-talkies) and for off-site activities (i.e. field trips) to ensure that school personnel are able to effectively respond in case of emergency.
3. The ~~district~~ District shall develop standard letters to be sent home to parents, whenever appropriate, to alert them to food restrictions within their ~~child~~ student's classroom or school.
4. All ~~district~~ District staff are expected to follow district policy and/or federal and state law regarding the confidentiality of student information, including medical information about the student.
5. The ~~district~~ District shall make the Management Plan and Guidelines for Students with Food Allergies and/or Glycogen Storage Disease available on the Board's website or the website of each school under the Board's jurisdiction.
6. The ~~district~~ District shall provide annual notice to parents and guardians regarding the Management Plan and Guidelines for Students with Food Allergies and/or Glycogen Storage Disease. Such notice shall be provided in conjunction with the annual written statement provided to parents and guardians regarding pesticide applications in the schools.

## VI. Monitoring the District's Plan and Procedures

The ~~district~~ District should conduct periodic assessments of its Management Plan and Guidelines for Students with Food Allergies and/or Glycogen Storage Disease. Such assessments should occur at least annually and after each emergency event involving the administration of medication to a student with a life-threatening food allergy or GSD to determine the effectiveness of the process, why the incident occurred, what worked and what did not work.

The Superintendent shall annually attest to the Department of Education that the District is implementing the Management Plan and Guidelines for Students with Food Allergies and/or Glycogen Storage Disease.

**For Consideration by the Board of Education at the Meeting of: December 18, 2018**

**PREPARED BY:** Danielle Batchelder

**PRESENTED BY:** Danielle Batchelder

**ATTACHMENTS:** Student Enrollment Report & Recap

**SUBJECT:** Student Enrollment as of December 1, 2018

---

### BACKGROUND:

Attached are the enrollment figures as of December 1, 2018. Mrs. Batchelder will answer any questions.

### STATUS:

In prior BOE enrollment reports, the enrollment report grouped all students into one category labeled "Outside Placement/Private Placement (SPED)". Beginning in September 2016, the Out Placement/Private Placement (SPED) line was separated into two categories:

1. *Out of District Placement-Special Education students*
2. *Private Placement Special Education students*

**Out of District - Special Education:** Those students who are placed at a Connecticut State Department of Education (CSDE) approved private special education program as recommended by a planning and placement team (PPT) as part of a student's individualized education program (IEP). Additionally, this category may include a family who moves into Windsor with a child who has a disability who has already been placed in a private special education program and/or children who are placed in Windsor foster home(s) by the Department of Children and Families (DCF) and are already enrolled in a private special education program.

**Private Placement - Special Education:** Those students who have been identified special education through the planning and placement team (PPT) process that have been parentally placed at a non-public school located in Windsor (i.e., St. Gabriel, Trinity Christian, Madina Academy, Praise Power & Prayer, etc.).

**Background:** The Windsor School Food Service participates in the National School Lunch Program at each of our school facilities, at St. Gabriel's and CREC's Academy of Aerospace and Engineering. We also participate in the National School Breakfast Program at our four elementary schools, Sage Park Middle School, Windsor High School and CREC AAE. We operate the After School Snack Program for our Treehouse Program in Windsor. We operated our Summer Food Service Program of lunch and snack at Deerfield Apartment Complex, Goslee Pool, Wilson Library, and added Poquonock Elementary School location during summer break. We are complying with the Healthy Food Certification again this year to send a consistent message to our students in keeping with our wellness policies.

Our annual goal is to operate with a small reserve account to offset unanticipated needs and to increase participation from students and staff in all our programs.

A monthly financial report is presented to the Board of Education. This report includes sales and financial information for the current period.

**3. Budget Assumptions FY 20**

Discussion:

Dr. Cooke and Danielle Batchelder presented and explained the draft Budget Assumptions for the 2019-2020 budget preparation process:

1. Enrollment: Each year, the Windsor Public School District commissions the New England School Development Council (NESDEC) to conduct an enrollment projection study. NESDEC uses the cohort survival technique as well as current town-specific information in preparing Windsor's enrollment forecasts. District wide enrollment has had a

steady increase over the past few years. In 15/16 and 16/17, enrollment remained stable. The NESDEC projected enrollment for 17/18 and 18/19 showed a decrease of 36 students over 16/17 and then another decrease of 19 students over 17/18. Contrary to the study results, 17/18 enrollment increased to 3,238 and the final October 1, 2018 results have enrollment at 3,269 for 18/19. This is an increase of 83 students over the past two years. The projected enrollment for 19/20 shows a continued increase.

2. Staffing & Programs: Based on the likelihood of a lean 19/20 budget, any requests for additional staffing will be highly scrutinized and may not survive the budget process. Decisions around staffing and program redesign will be driven by their potential impact on raising student achievement while honoring the commitment to be fiscally responsible.

3. Health Insurance: If we continue to have low claim trends as we've been experiencing the past few years, the cost for health care is projected to remain flat and possibly decrease slightly.

4. State & Federal Funding/Grants: ECS and Excess Cost Funding for Windsor is expected to remain stable for 19/20. The entitlement grants (Title and IDEA) have held flat. We're hopeful that those grants will not be cut in 19/20.

5. ECS Alliance Grant: Funding reliability of the Alliance Grant has varied over the past 6 years. 18/19 is year 6 of the grant. Funding for 19/20 is highly likely to remain consistent with 18/19.

6. Energy: All schools are now operating with natural gas and by Spring 2019, 5 of our 6 schools will have completed a total school LED upgrade. The energy efficiency upgrades that have been made have allowed the district to lower energy costs over the past few years. Locking in a rate sooner rather than later is important in order to remain flat funded in this budget line item. Cost-saving measures within the facility and operations area are a must.

7. Facilities: All capital needs are presented to George Greco, Physical Plant Manager. State and federal compliance issues must be addressed. The need to properly maintain our buildings is also a priority and we anticipate a request for increased major maintenance funding.

8. Transportation: The contractual increase for DATTCO Transportation is 3.9% or \$183,515 for 19/20. The percent increase is due to lower percent increases in prior years. Special education transportation for 19/20 is estimated to increase by \$83,500 (4.3%) for 19/20. This increase is due to additional individualized transportation based on student needs.

9. Diesel Fuel: Diesel fuel has been at a low the past two years. We do not anticipate that moving forward. The lock in price in 17/18 was \$1.81/gallon and in 18/19 it is \$2.05. The projected rate for 19/20 is \$2.50/gallon which is consistent with that Town of Windsor's projection. This is an increase of \$42,182. This will be monitored in the coming months by the Town.

Dr. Cooke and Mrs. Batchelder answered questions from board members and discussion on suggestions ensued.

#### **4. Update on Internal and External Task Force Committees on School Climate**

Discussion:

Dr. Cooke introduced and thanked both committees for attending the meeting and is excited to share the work of the committees.

Ms. Mary Kay Ravenola, Principal of John F. Kennedy School and Ms. Tracie Peterson, Principal of Poquonock School, Co-Facilitators of the External Task Force, as well as members of their committee, presented their recommendations to the board. Questions and discussion followed their presentation.

Dr. Terrell Hill, Assistant Superintendent for Human Resources and Ms. Danielle Batchelder, Director of Business Services and WHS Assistant Principal Phaedra Durost, and members of their committee, presented the recommendations of the Internal Task Force. Questions and comments of appreciation from board members followed their presentation.

Mr. Lockhart looks forward to hearing updates on the two committees in late spring.
