**POLICY REGARDING STUDENTS AND
SECTION 504 OF THE REHABILITATION ACT OF 1973 AND
TITLE II OF THE AMERICANS WITH DISABILITIES ACT OF 1990**

Section 504 of the Rehabilitation Act of 1973 ("Section 504") prohibits discrimination against individuals with a disability in any program receiving Federal financial assistance. Similarly, Title II of the Americans with Disabilities Act of 1990 ("Title II" or "ADA") prohibits discrimination against individuals with a disability by state and local governments. To be protected under Section 504 and the ADA ("collectively, "Section 504/ADA"), an individual must (1) have a physical or mental impairment that substantially limits one or more major life activities; (2) have a record of such an impairment; or (3) be regarded as having such an impairment.

In order to fulfill its obligation under Section 504/ADA, the Windsor Public Schools recognize a responsibility to avoid discrimination in policies and practices regarding its personnel, students, parents/guardians and members of the public who participate in school sponsored programs. In this regard, the Windsor Public Schools prohibit discrimination against any person with a disability in any of the services, programs or activities of the school system.

The school district has specific responsibilities under Section 504 to identify, evaluate and provide an educational placement for students who have a physical or mental impairment that substantially limits a major life activity. The school district's obligation includes providing access to a free appropriate public education ("FAPE") for students determined to be eligible under Section 504/ADA. Under Section 504, FAPE is defined as the provision of regular or special education and related services that are designed to meet the individual educational needs of a student with a disability as adequately as the needs of students without disabilities are met, and that are provided without cost (except for fees imposed on nondisabled students/parents).

If the parent/guardian of a student disagrees with the decisions made by the professional staff of the school district with respect to the identification, evaluation or educational placement of his/her child, the parent/guardian has a right to request an impartial due process hearing.

In addition, a student or parent/guardian of a student may also file an internal grievance/complaint on these issues or any other type of discrimination on the basis of disability by or within the district by utilizing the grievance/complaint procedures outlined in the Board's Administrative Regulations Regarding Students and Section 504 of Rehabilitation Act of 1973 and Title II of Americans with Disabilities Act, and/or may file a complaint with the Office for Civil Rights, U.S. Department of Education ("OCR"):

Office for Civil Rights, Boston Office
U.S. Department of Education
8th Floor
5 Post Office Square
Boston, MA 02109- 3921
(617) 289-0111

Anyone who wishes to file a grievance/complaint with the district, or who has questions or concerns about this policy, should contact **Steven Carvalho, Director of Pupil and Special Education Services, the Section 504/ADA Coordinator for the Windsor Public Schools, at phone number 860-687-2000 x 1238.**

The Windsor Public Schools prohibits retaliation against any person who makes a good faith report or complaint of disability-based discrimination or who participates or cooperates in the investigation of such complaint.

II. Procedures for Grievances/Complaints Alleging Discrimination on the Basis of Disability

- A. Any eligible person, including any student, parent/guardian, staff member or other employee who feels that he/she has been discriminated against on the basis of disability may submit a written complaint to the district's designated Section 504/ADA Coordinator within thirty (30) school days of the alleged occurrence. Timely reporting of complaints facilitates the prompt investigation and resolution of such complaints. If the complaint is made verbally, the individual taking the complaint will reduce it to writing.
- B. At any time, when a complaint involves discrimination that is directly related to a claim regarding the identification, evaluation or educational placement of a student under Section 504, the complainant may request that the Section 504/ADA Coordinator submit the complaint directly to an impartial hearing officer and request a hearing in accordance with Section III.D. Complaints regarding a student's rights with respect to his/her identification, evaluation or educational placement shall be addressed in accordance with the procedures set forth below in Section III.
- C. Retaliation against any individual who complains pursuant to the Board's policy and regulations listed herein is strictly prohibited. The district will not tolerate any reprisals or retaliation that occur as a result of the good faith reporting or complaint of disability-based discrimination or as a result of an individual's participation or cooperating in the investigation of a complaint. The district will take necessary actions to prevent retaliation as a result of filing a complaint or the participation in an investigation of a complaint.
- D. If the Section 504/ADA Coordinator is the subject of the complaint, the complaint should be submitted directly to the Superintendent who may conduct the investigation or appoint a designee to conduct the investigation in accordance with these procedures.
- E. Complaints will be investigated promptly within timeframes identified below. Timeframes may be extended as needed given the complexity of the investigation, availability of individuals with relevant information and other extenuating

circumstances. Confidentiality will be maintained by all persons involved in the investigation to the extent possible.

F. The complaint should contain the following information:

1. The name of the complainant;
2. The date of the complaint;
3. The date(s) of the alleged discrimination;
4. The names of any witnesses or individuals relevant the complaint;
5. A detailed statement describing the circumstances in which the alleged discrimination occurred; and
6. The remedy requested.

However, all complaints will be investigated to the extent possible, even if such information is not included in the complaint. In such circumstances, additional information may be requested by the investigator as part of the investigation process.

G. Upon receipt of the complaint, the individual investigating the complaint shall:

1. Provide a copy of the written complaint to the Superintendent of Schools;
2. Meet with the complainant within ten (10) school days to discuss the nature of the complaint, identify individuals the complainant believes have relevant information, and obtain any relevant documents the complainant may have;
3. Provide the complainant with a copy of the applicable Board Section 504/ADA Policy and these administrative regulations;
4. Conduct an investigation that is adequate, reliable, and impartial. Investigate the factual basis for the complaint, including conducting interviews with individuals with information and review of documents relevant to the complaint;
5. Maintain confidentiality to the extent practicable throughout the investigative process in accordance with state and federal law;
6. Communicate the outcome of the investigation in writing to the complainant, and to any individual properly identified as a party to the complaint (to the extent permitted by state and federal confidentiality requirements), within fifteen (15) school days from the date the complaint was received by the Section 504/ADA Coordinator or Superintendent. The investigator may extend this deadline for no more than fifteen (15) additional school days if needed to complete the investigation. The complainant shall be notified of such extension. The written notice shall include a finding whether the complaint was substantiated and if so, shall identify how the district will remedy any identified violations of Section 504/ADA;

7. If a complaint is made during summer recess, the complaint will be reviewed and addressed as quickly as possible given the availability of staff and/or other individuals who may have information relevant to the complaint. If fixed timeframes cannot be met, complainant will receive notice and interim measures may be implemented as necessary (see subparagraph 6);
 8. Ensure that appropriate corrective action is taken whenever allegations are verified. When allegations are verified, ensure that measures to remedy the effects of the discrimination are appropriately considered, and offered, when appropriate. Corrective action should include steps to avoid continuing discrimination.
 9. In the event the investigator concludes that there is no violation of Section 504/ADA, the district may attempt to resolve the complainant's ongoing concerns, if possible.
- H. If the complainant is not satisfied with the findings and conclusions of the investigation, the complainant may present the complaint and written outcome to the Superintendent for review and reconsideration within thirty (30) calendar days of receiving the findings. This process provides an opportunity for the complainant to bring information to the Superintendent's attention that would change the outcome of the investigation. In submitting the complaint and written outcome for review, the complainant must explain why he/she believes the factual information was incomplete, the analysis of the facts was incorrect, and/or the appropriate legal standard was not applied, *and* how this information would change the investigator's determination in the case. Failure to provide all such information may result in the denial of the review.

Upon review of a written request from the complainant, the Superintendent shall review the investigative results of the investigator and determine if further action and/or investigation is warranted. Such action may include consultation with the investigator and complainant, a meeting with appropriate individuals to attempt to resolve the complaint or a decision affirming or overruling the investigator's conclusions or findings. The Superintendent shall provide written notice to the complainant of his/her decision within ten (10) school days following the receipt of the written request for review.

III. Grievance/Complaint Resolution Procedures for Complaints Involving a Student's Identification, Evaluation or Educational Placement

Complaints regarding a student's identification, evaluation or educational placement shall generally be handled using the procedures described below. **However, at any time, the complainant may request that the Section 504/ADA Coordinator submit the complaint directly to an impartial hearing officer, and request a hearing in accordance with the provisions of subsection D (below).**

Drug/Alcohol Violations

If a student with a disability violates the Board's policies relative to the use or possession of illegal drugs or alcohol, the Board may take disciplinary action against such student for his/her illegal use or possession of drugs or alcohol to the same extent that the Board would take disciplinary action against nondisabled students. Such disciplinary action is not subject to the complaint or due process procedures outlined below.

A. Submission of Complaint to Section 504/ADA Coordinator

1. In order to facilitate the prompt investigation of complaints, any complaint regarding a student's identification, evaluation or educational placement under Section 504 should be forwarded to the district's Section 504/ADA Coordinator within thirty (30) school days of the alleged date that the dispute regarding the student's identification, evaluation and/or education placement arose. 3. Complaints will be investigated promptly within timeframes identified below. Timeframes may be extended as needed given the complexity of the investigation, availability of individuals with relevant information and other extenuating circumstances.
4. Upon receipt of the complaint, the Section 504/ADA Coordinator shall:
 - a. Forward a copy of the complaint to the Superintendent of Schools;
 - b. Meet with the complainant within ten (10) school days to discuss the nature of his/her concerns and determine if an appropriate resolution can be reached. If a complaint is made during summer recess, the complaint will be reviewed and addressed as quickly

as possible given the availability of staff and other individuals who may have information relevant to the complaint;

- c. If, following such a meeting, further investigation is deemed necessary, the Section 504/ADA Coordinator shall promptly investigate the factual basis for the complaint, consulting with any individuals reasonably believed to have relevant information, including the student and/or complainant; and
- d. Communicate the results of his/her investigation in writing to the complainant and any persons named as parties to the complaint (to the extent permitted by state and federal confidentiality requirements) within fifteen (15) school days from the date the complaint was received by the Section 504/ADA Coordinator.
- e. In the event that that the Section 504/ADA Coordinator has a conflict of interest that prevents him/her from serving in this role, the complaint shall be forwarded to the Superintendent who shall appoint an investigator who does not have a conflict of interest.

B. Review by Superintendent of Schools

1. If the complainant is not satisfied with the findings and/or resolution offered as a result of the Section 504/ADA Coordinator's review, the complainant may present the complaint and the written statement of findings to the Superintendent for review and reconsideration within thirty (30) calendar days of receiving the findings. This process provides an opportunity for complainants to bring information to the Superintendent's attention that would change the outcome of the investigation. In submitting the complaint and written outcome for review, the complainant must explain why he/she believes the factual information was incomplete, the analysis of the facts was incorrect, and/or the appropriate legal standard was not applied, *and* how this information would change the investigator's determination in the case. Failure to provide all such information may result in the denial of the review.
2. The Superintendent shall review the complaint and any relevant documents maintained by the Section 504/ADA Coordinator or other investigator and shall consult with the Section 504/ADA Coordinator or other investigator regarding attempts to resolve the complaint. The Superintendent also shall consult with the complainant. The Superintendent may attempt to resolve the complainant's concerns alone, or with another appropriate administrator.
3. Following the Superintendent's review, he or she shall communicate his/her findings to the complainant within ten (10) school days following his/her receipt of the written request for review.
4. If the complainant is not satisfied with the Superintendent's

decision or proposed resolution, he/she may request that the Superintendent submit the matter to a neutral mediator or to an impartial hearing officer. This request for mediation or a hearing should be made within fifteen (15) school days of the Superintendent's decision. Mediation shall only occur by mutual agreement of the parties.

C. Mediation Procedures:

A parent/guardian or student aged 18 or older may request mediation with a neutral mediator to attempt to resolve a disagreement with the decisions made by the professional staff of the school district with respect to the identification, evaluation or educational placement of the student.

1. A request for mediation regarding a student's identification, evaluation or educational placement under Section 504 should be forwarded to the district's Section 504/ADA Coordinator within thirty (30) school days of the alleged date that the dispute regarding the student's identification, evaluation, and/or education placement arose or within fifteen (15) school days of the Superintendent's decision in reviewing a complaint handled through the grievance/complaint procedure described in Section III.B, above.

4. The mediator shall inform all parties involved of the date, time and place of the mediation and of the right to have legal counsel or other representation at the complainant's own expense, if desired.

5. The mediator shall meet with the parties jointly, or separately, as determined by the mediator, and shall facilitate a voluntary settlement of the dispute between the parties, if possible.
6. All statements, offers, or discussions and/or information shared during the mediation process, but not available from other means, shall be confidential, and may not be used in a subsequent hearing or other administrative or judicial proceeding related to the disagreement that is the subject of the mediation.

4. The impartial hearing officer shall inform all parties involved of the date, time and place of the hearing and of the right to present witnesses, other evidence and to be represented by legal counsel at each party's own expense, if desired.
5. The impartial hearing officer shall hear all aspects of the complainant's complaint concerning the identification, evaluation or educational placement of the student and shall reach a decision within forty-five (45) school days of receipt of the request for hearing. The decision shall be presented in writing to the complainant and to the Section 504/ADA Coordinator.
6. II. Procedures for Grievances Alleging Discrimination on the Basis of Disability

- A. Any eligible person, including any student, parent/guardian, staff member or other employee who feels that he/she has been discriminated against on the basis of disability may submit a written complaint to the district's designated Section 504 Coordinator within ninety (90) school days of the alleged occurrence. Complainants are encouraged to file complaints as soon as possible, as timely reporting of complaints facilitates the prompt and equitable investigation and resolution of such complaints. If the complaint is made verbally, the individual taking the complaint will reduce it to writing.
- B. At any time, when complaints involve discrimination that is directly related to a claim regarding the identification, evaluation, or educational placement of a student under Section 504, the complainant may request that the Section 504 Coordinator submit the complaint directly to an impartial hearing officer, and request a hearing in accordance with the Administrative Regulations for Due Process Complaint Procedures.
- C. Retaliation against any individual who complains pursuant to the Board's policy and regulations listed herein is strictly prohibited. The district will not tolerate any reprisals or retaliation that occur as a result of the good faith reporting or complaint-of disability-based discrimination, or as a result of an individual's participation or cooperating in the investigation of a complaint. The district will take necessary actions to prevent retaliation as a result of filing a complaint or the participation in an investigation of a complaint.
- D. If the Section 504 Coordinator is the subject of the complaint, the complaint should be submitted to the Section 504 Coordinator, with a copy to the Superintendent, who may conduct the investigation or appoint a designee to conduct the investigation in accordance with these procedures.
- E. Complaints will be investigated promptly within timeframes identified below. Timeframes may be extended as needed given the complexity of the investigation, availability of individuals with relevant information and other extenuating circumstances. Confidentiality will be maintained by all persons involved in the investigation to the extent possible.
- F. The complaint should contain the following information:
 - 1. The name of the complainant;
 - 2. The date of the complaint;
 - 3. The date(s) of the alleged discrimination;
 - 4. The names of any witness(es) or individuals relevant to the complaint;
 - 5. A detailed statement describing the circumstances in which the alleged discrimination occurred; and
 - 6. Remedy requested.

However, all complaints will be investigated to the extent possible, even if such information is not included in the complaint. In such circumstances, additional information may be requested by the investigator as part of the investigation process.

G. Upon receipt of the complaint, the individual investigating the complaint shall:

1. Provide a copy of the written complaint to the Superintendent of Schools;
2. Meet with the complainant within ten (10) school days to discuss the nature of the complaint, identify individuals the complainant believes have relevant information, and obtain any relevant documents the complainant may have;
3. Provide the complainant with a copy of the Board's Section 504 Policy, this procedure, and any other applicable administrative regulations;
4. Conduct an investigation that is adequate, reliable and impartial. Investigate the factual basis for the complaint, including conducting interviews with individuals with information and review of documents relevant to the complaint;
5. Maintain confidentiality to the extent practicable throughout the investigative process, in accordance with state and federal law;
6. Communicate the outcome of the investigation in writing to the complainant, and to any individual properly identified as a party to the complaint (to the extent permitted by state and federal confidentiality requirements), within fifteen (15) school days from the date the complaint was received by the Section 504 Coordinator or Superintendent. The investigator may extend this deadline for no more than fifteen (15) additional school days if needed to complete the investigation. (The complainant shall be notified of such extension). The written notice shall include a finding whether the complaint was substantiated and if so, shall identify how the district will remedy any identified violations of Section 504;
7. If a complaint is made during summer recess, as many steps of the investigation that can be completed must be given the availability of staff and/or other individuals who may have information relevant to the complaint. If fixed timeframes cannot be met, complainant will receive notice and interim measures may be implemented as necessary (see subparagraph 6);
8. Ensure that appropriate corrective action is taken whenever allegations are verified. When allegations are verified, ensure that compensatory services and or other measures to remedy the effects of the discrimination are appropriately considered, and offered, when appropriate. Corrective action should include steps to avoid continuing discrimination.

9. In the event the investigator concludes that there is no violation of Section 504, the District may attempt to resolve the complainant's ongoing concerns, if possible.
- H. If the complainant is not satisfied with the findings of the investigation, upon conclusion of the investigation, the complainant may present the complaint and written outcome to the Superintendent for review and reconsideration within thirty (30) calendar days of receiving the findings. This process provides an opportunity for complainants to bring information to the Superintendent's attention that would change outcome of the investigation. In submitting the complaint and written outcome for review, the complainant must explain why he or she believes the factual information was incomplete, the analysis of the facts was incorrect, and/or the appropriate legal standard was not applied, *and* how this would change the investigator's determination in the case. Failure to do so may result in the denial of the review.

Upon review of a written request from the complainant, the Superintendent shall review the investigative results of the Section 504 Coordinator and determine if further action and/or investigation is warranted. Such action may include consultation with the investigator and complainant, a meeting with appropriate individuals to attempt to resolve the complaint or a decision affirming or overruling the investigator's conclusions or findings. The Superintendent shall provide written notice to the complainant of his/her decision within ten (10) school days following the receipt of the written request for review.

RESTRAINT AND SECLUSION OF PERSONS AT RISK

The Board of Education seeks to foster a safe and positive learning environment for all students. In compliance with law, Board of Education employees will avoid the use of physical restraint or seclusion of students. However, physical restraint or seclusion of a student may be necessary in an emergency situation to maintain the safety of the student or another individual.

The following sets forth the procedures for compliance with the relevant Connecticut General Statutes and Regulations concerning the physical restraint and seclusion of persons at risk in the Windsor Public Schools. The Board of Education mandates compliance with this regulation at all times. Violations of this regulation by a Board of Education staff member or other individual working at the direction of, or under the supervision of, the Board of Education, may result in disciplinary action, up to and including possible termination of employment status and/or termination of contract for services.

Nothing within these regulations shall be construed to interfere with the Board's responsibility to maintain a safe school setting, in accordance with Connecticut General Statutes § 10-220, or to supersede the justifiable use of reasonable physical force permitted under Connecticut General Statutes § 53a-18(6).

I. **Definitions:**

Provider: A person who provides direct care, education or supervision of a person at risk.

Assistant Provider or Assistant: A person assigned to provide, or who may be called upon in an emergency to provide, assistance or security to a provider.

Person at Risk: A child who meets the eligibility criteria for special education services under the Individuals with Disabilities Education Act, 20 U.S.C. § 1400 *et seq.* ("IDEA"), and who is receiving special education from the Board of Education, or a child who is being evaluated for eligibility for special education pursuant to statute and awaiting a determination.

Life Threatening Physical Restraint: Any physical restraint or hold of a person that restricts the flow of air into a person's lungs, whether by chest compression or any other means.

Physical Restraint: Any mechanical or personal restriction that immobilizes or reduces the free movement of a person's arms, legs or head. **The term does not include:** (A) Briefly holding a person in order to calm or comfort the person; (B) restraint involving the minimum contact necessary to safely escort a person from one area to another; (C) medical devices, including, but not limited to, supports prescribed by a health care provider to achieve proper body position or balance; (D) helmets or other protective gear used to protect a person from injuries due to a fall; or (E) helmets, mitts and similar devices used to prevent self injury when the device is part of an Individualized Education Program ("IEP").

Seclusion: The confinement of a person in a room, whether alone or with supervision by a provider or assistant, in a manner that prevents the person from leaving that room. **Seclusion does not include** any confinement of a person at risk in which the person is physically able to leave the area of confinement including, but not limited to, in-school suspension and time-out.

Behavior Intervention: Supports and other strategies developed by the planning and placement team ("PPT") to address the behavior of a person at risk that impedes the learning of the person at risk or the learning of others.

Licensed Health Care Provider: (1) A legally qualified practitioner of medicine; (2) an advanced practice registered nurse; (3) a registered nurse licensed pursuant to Chapter 378 of the Connecticut General Statutes; or (4) a physician assistant licensed pursuant to Chapter 370 of the Connecticut General Statutes.

II. Procedures for Physical Restraint of Persons at Risk

- A. Life-Threatening Physical Restraint: No provider or assistant shall under any circumstance use a life-threatening physical restraint on a person at risk.
- B. No provider or assistant shall use involuntary physical restraint on a person at risk EXCEPT as an emergency intervention to prevent immediate or imminent injury to the person at risk or to others.
- C. Physical restraint of a person at risk shall never be used as a disciplinary measure or as a convenience.
- D. Providers and assistants must explore all less restrictive alternatives prior to using physical restraint for a person at risk.
- E. Providers and assistants must comply with all regulations promulgated by the Connecticut State Board of Education in their use of physical restraint with a person at risk.

F. Monitoring

1. A provider or an assistant must continually monitor any person at risk who is physically restrained. The monitoring must be conducted by direct observation of the person at risk.
2. A provider or an assistant must regularly evaluate the person being restrained for signs of physical distress. The provider or assistant must record each evaluation in the educational record of the person being restrained.

III. Procedures for Seclusion of Persons at Risk

A. No provider or assistant shall use involuntary seclusion on a person at risk EXCEPT as follows:

1. as an emergency intervention to prevent immediate or imminent injury to the person at risk or to others; OR
2. as specifically provided for in the IEP of the person at risk, if other less restrictive, positive behavior interventions appropriate to the behavior exhibited by the person at risk have been implemented but were ineffective.

B. Seclusion as a Behavior Intervention in an IEP

1. Prior to including seclusion in the IEP of a person at risk, the PPT must review the results of a functional behavioral assessment and other information determined to be relevant by the PPT. If, based on this information, the PPT determines that the use of seclusion is an appropriate behavior intervention for the person at risk, the PPT shall include the assessment data and other relevant information in the IEP of the person at risk as the basis upon which a decision was made to include the use of seclusion as a behavior intervention. The use of seclusion in the IEP must be reviewed at least annually by the PPT. The PPT must include the following information in the IEP of the person at risk:
 - a. the location of seclusion for the person at risk, which may be multiple locations within a school building;
 - b. the maximum length of any period of seclusion, in accordance with Section III(D) of this regulation;

- c. the number of times during a single day that the person at risk may be placed in seclusion;
 - d. the frequency of monitoring required for the person at risk while in seclusion;
 - e. the timeframe and manner of notification of each incident of seclusion, as determined by the PPT and the parents of the person at risk; and
 - f. any other relevant information agreed-to by the PPT taking into consideration the age, disability and behaviors of the person at risk that might subject the person at risk to the use of seclusion.
2. When seclusion is included in the IEP of a person at risk and is used as a behavior intervention strategy more than two times in any school quarter, the PPT must convene to review the use of seclusion as a behavior intervention. At this PPT meeting, the team may consider whether additional evaluations or assessments are necessary to address the behavior of the person at risk and may revise the IEP as appropriate.
3. Prior to including seclusion in an IEP of a person at risk, the PPT must inquire as to whether there are any known medical or psychological conditions that would be directly and adversely impacted by the use of seclusion as a behavior intervention. A person at risk may not be placed in seclusion if such person is known to have any medical or psychological condition that a licensed health care provider has indicated will be directly and adversely impacted by the use of seclusion. The PPT may request a medical or psychological evaluation of the child for purposes of determining whether there is a medical or psychological condition that will be directly and adversely impacted by the use of seclusion as a behavior intervention. Any written statement from a licensed health care professional in this regard shall be included in the special education file of the person at risk.
- C. Seclusion of a person at risk shall never be used as a disciplinary measure or as a convenience.
- D. Any period of seclusion (1) shall be limited to that time necessary to allow the person at risk to compose him or herself and return to the educational environment and (2) shall not exceed one hour. The use of seclusion may be continued with written authorization from the building principal or designee to prevent immediate or imminent injury to the person at risk or

to others. Where transportation of the person at risk is necessary, the written authorization to continue the use of seclusion is not required if immediate or imminent injury to the person at risk or to others is a concern.

- E. Providers and assistants must explore all less restrictive alternatives prior to using seclusion for a person at risk, unless seclusion is being used pursuant to the IEP of the person at risk.
- F. Any room used for seclusion must:
 - 1. be of a size that is appropriate to the chronological and developmental age, size and behavior of the person at risk;
 - 2. have a ceiling height that is comparable to the ceiling height of the other rooms in the building in which the seclusion room is located;
 - 3. be equipped with heating, cooling, ventilation and lighting systems that are comparable to the systems that are used in the other rooms of the building in which the seclusion room is located;
 - 4. be free of any object that poses a danger to the person at risk who is being placed in the seclusion room;
 - 5. have a door with a lock only if that lock is equipped with a device that automatically disengages the lock in case of an emergency.¹ Any latching or securing of the door, whether by mechanical means or by a provider or assistant holding the door in place to prevent the person at risk from leaving the room, shall be able to be removed in the case of any emergency. An “emergency,” for purposes of this subsection, includes but is not limited to the following:
 - a. the need to provide direct and immediate medical attention to the person at risk;
 - b. fire;
 - c. the need to remove the person at risk to a safe location during a building lockdown; or
 - d. other critical situations that may require immediate removal of the person at risk from seclusion to a safe location; and

¹ Not later than January 1, 2014, the locking mechanism of any room in a public school specifically designated for use as a seclusion room shall be a pressure sensitive plate.

6. have an unbreakable observation window located in a wall or door to permit frequent visual monitoring of the person at risk and any provider or assistant in such room. The requirement for an unbreakable observation window does not apply if it is necessary to clear and use a classroom or other room in the school building as a seclusion room for a person at risk.
- G. Providers and assistants must comply with all regulations promulgated by the Connecticut State Board of Education in their use of seclusion for a person at risk.
- H. Monitoring
1. If seclusion is included in the IEP of the person at risk, the IEP must describe the frequency of monitoring of the person at risk while in seclusion. The monitoring must be conducted by direct observation of the person at risk.
 2. If a person at risk has been secluded as an emergency intervention to prevent immediate or imminent injury to the person at risk or others, a provider or an assistant must frequently monitor the person at risk. The monitoring must be conducted by direct observation of the person at risk.
 3. A provider or an assistant must regularly evaluate the person at risk in seclusion for signs of physical distress. The provider or assistant must record each evaluation in the educational record of the person who is in seclusion.

IV. Training of Providers and Assistant Providers

- A. The Board of Education shall provide physical management training for all Board of Education employees who engage in the physical restraint and seclusion of persons at risk pursuant to this regulation. Prior to engaging in physical restraint and/or seclusion practices pursuant to this regulation, Board of Education employees must successfully complete the Board of Education's physical management training program.
- B. The Board shall provide training in physical management, physical restraint and seclusion procedures including, but not limited to, training to recognize health and safety issues for children placed in seclusion to ensure the safe use of seclusion as a behavior intervention.
- C. The Board shall also provide training in verbal defusing or deescalation; prevention strategies; types of physical restraint; the differences between life-threatening physical restraint and other varying levels of physical

restraint; the differences between permissible physical restraint and pain compliance techniques; monitoring to prevent harm to a person physically restrained or in seclusion and recording and reporting procedures on the use of restraints and seclusion.

V. Documentation and Communication

A. After each incident of physical restraint or seclusion, and no later than the school day following the incident, a provider must complete the standardized incident report form developed by the Connecticut State Department of Education for reporting incidents of physical restraint and seclusion. The incident form must be included in the educational file of the person at risk who was physically restrained or secluded. The information documents on the form must include the following:

1. in the case of an emergency use, the nature of the emergency and what other steps, including attempts at verbal de-escalation, were taken to prevent the emergency from arising if there were indications that such an emergency was likely to arise;
2. a detailed description of the nature of the restraint or seclusion;
3. the duration of the restraint or seclusion;
4. the effect of the restraint or seclusion on the person's established behavioral support or educational plan; AND
5. whether the seclusion of a person at risk was conducted pursuant to an IEP.

B. A provider must notify the parent or guardian of a person at risk of each incident that the person at risk is physically restrained or placed in seclusion.

1. An attempt shall be made to notify the parent or guardian of the person at risk on the day of, or within twenty-four (24) hours after, physical restraint or seclusion is used with the person at risk as an emergency intervention to prevent immediate or imminent injury to the person or others.
2. Notification may be made by telephone, e-mail, or other method which may include, but is not limited to, sending a note home with the person at risk.
3. The parent or guardian of a person at risk who has been physically restrained or placed in seclusion shall be sent a copy of the

completed standardized incident report of such action no later than two (2) business days after the emergency use of physical restraint or seclusion, regardless of whether the parent received the notification described in subsections 1 and 2 above.

4. Where seclusion has been included in the IEP of a person at risk, notification shall be made in accordance with Section III(B)(1)(e) above.
- C. The Director of Special Education [or other responsible administrator], or his or her designee, must, at each initial PPT meeting for a child, inform the child's parent, guardian, or surrogate parent, or the pupil if such pupil is an emancipated minor or eighteen years of age or older, of the laws relating to physical restraint and seclusion as expressed through this regulation, and of the laws and regulations adopted by the Connecticut State Board of Education relating to physical restraint and seclusion.

**BOARD OF EDUCATION POLICY
WINDSOR PUBLIC SCHOOLS
WINDSOR, CT**

Parent Involvement

The Board of Education believes that the education of children is a cooperative effort among parents, school and community. In this policy the word "parent" also includes guardians and other family members involved in supervising the child's schooling.

Increased parent and community involvement improves student achievement. Parent and community involvement initiatives in the school system will be flexible and creative, promote effective two-way communication, and offer opportunities for all parents to participate. The implementation of this policy is the responsibility of all district staff.

Further, the Board of Education believes that the administration must take whatever steps are necessary to facilitate a broad variety of opportunities for parents to connect frequently with the schools in which their children are enrolled and with the overall system.

Each school should:

- A. Encourage strong home-based partnerships;
- B. Provide for consistent and effective communication between parents and school officials;
- C. Offer parents ways to assist and encourage their children to do their best;
- D. Offer ways parents can support classroom learning activities;
- E. Provide opportunities for parents to have a voice in planning and decision-making at both the school and district level; and
- F. Include a parent and student/feedback mechanism.

FAMILY ENGAGEMENT

The Board of Education believes strongly that students are most successful when educators, families, and community members work in full, equal, and equitable partnership. By creating an understanding that student learning and development is a shared responsibility, school, family, and community partnerships have proven to result in enhanced academic performance, improved social and emotional skills, and improved student attendance.

Recognizing that effective partnerships must be mutually developed and fully supported, the Board of Education is committed to providing the systemic resources necessary to foster meaningful family and community engagement and a culture of collaboration. To that end, at both the district and school level these resources will include, but not be limited to:

- Regular, meaningful, two way communication between schools and families that includes information related to student progress as well as strategies to support learning at home
- School environments that are both welcoming and governed by policies and procedures that take into account families' needs and cultural backgrounds
- Authentic opportunities for families and community members to participate actively in school and district planning, program development, and decision making
- Shared opportunities for school staff and families to build their capacity to partner effectively and to co-develop cultural competence
- Activities and initiatives that will promote leadership development and foster advocacy skills among families
- Mechanisms for eliciting student, family, and community feedback and monitoring school and district climates

Responsibility for providing these resources rests with Windsor Public School staff members at both district and school levels. Administrators, teachers, and support staff will be committed to establishing collaborative, trusting relationships with families and community and to developing full, equal partnerships that are focused on and linked to student learning.

Subject: Curriculum Development 2nd Reading: Grade 6, Grade 7 and Grade 8 ELA

Background:

Grade 6, 7 and 8 ELA courses blend conceptual learning with skill-building. Personalized unit themes and enduring understandings drive teaching and learning, while students further develop reading, writing, and communicating competencies, as outlined in the Common Core State Standards and assessed in the Smarter Balanced assessment suite.

Grade 6 - The course is designed to help students transition smoothly from elementary school to middle school by allowing them to build the foundational skills necessary to access a wide array of literature and literary nonfiction to identify texts, genres, and/or authors of great personal interest.

Grade 7 - The course is designed to engage the middle school student, so that (s)he builds the foundational skills necessary to access a wide array of literature and literary nonfiction to identify texts, genres, and/or authors of great personal interest.

Grade 8 - The course is designed to engage the middle school student, so that (s)he builds the foundational skills necessary to access a wide array of literature and literary nonfiction to identify texts, genres, and/or authors of great personal interest. It also places additional emphasis on encouraging students to consider their academic and personal pursuits, as they prepare to transition to high school.

Status:

Grade 6 ELA, Grade 7 ELA and Grade 8 ELA were presented at the BOE Regular Meeting on January 15, 2019, as a 1st Reading.

Recommendation:

The Board approves Grade 6 ELA, Grade 7 ELA, and Grade 8 ELA as a 2nd Reading.

ATTACHMENTS: Student Enrollment Report & Recap

SUBJECT: Student Enrollment as of February 1, 2019

BACKGROUND:

Attached are the enrollment figures as of February 1, 2019. Mrs. Batchelder will answer any questions.

STATUS:

In prior BOE enrollment reports, the enrollment report grouped all students into one category labeled "Outside Placement/Private Placement (SPED)". Beginning in September 2016, the Out Placement/Private Placement (SPED) line was separated into two categories:

1. *Out of District Placement-Special Education students*
2. *Private Placement Special Education students*

Out of District - Special Education: Those students who are placed at a Connecticut State Department of Education (CSDE) approved private special education program as recommended by a planning and placement team (PPT) as part of a student's individualized education program (IEP). Additionally, this category may include a family who moves into Windsor with a child who has a disability who has already been placed in a private special education program and/or children who are placed in Windsor foster home(s) by the Department of Children and Families (DCF) and are already enrolled in a private special education program.

Private Placement - Special Education: Those students who have been identified special education through the planning and placement team (PPT) process that have been parentally placed at a non-public school located in Windsor (i.e., St. Gabriel, Trinity Christian, Madina Academy, Praise Power & Prayer, etc.).

Subject: Cafeteria Operations – January 2019

Background: The Windsor School Food Service participates in the National School Lunch Program at each of our school facilities, at St. Gabriel's and CREC's Academy of Aerospace and Engineering. We also participate in the National School Breakfast Program at our four elementary schools, Sage Park Middle School, Windsor High School and CREC AAE. We operate the After School Snack Program for our Treehouse Program in Windsor. We operated our Summer Food Service Program of lunch and snack at Deerfield Apartment Complex, Goslee Pool, Wilson Library, and added Poquonock Elementary School location during summer break. We are complying with the Healthy Food Certification again this year to send a consistent message to our students in keeping with our wellness policies.

Our annual goal is to operate with a small reserve account to offset unanticipated needs and to increase participation from students and staff in all our programs.

A monthly financial report is presented to the Board of Education. This report includes sales and financial information for the current period.
