## Memo

To: Board of Education

From: Craig A. Cooke, Ph.D., Superintendent of Schools

Date: April 21, 2020

Re: Personnel: Non-Renewal Procedures

---

In accordance with section 10-151 of the Connecticut General Statutes the Board of Education is to receive my recommendation for the non-renewal of identified teachers. The Board is expected to take action at the April 21, 2020 regular meeting.

There are two categories for non-renewals this year:

1. Non-Renewal of Non-Tenured Teachers on Limited Employment

For open positions created by teachers on a one-year leave and for certified positions filled after August 26, the teachers who are hired to fill these positions are placed on a “Limited Employment” contract. Temporary and part-time assignments, (e.g., if we hire a .4 teacher at Sage Park in September), also fall under “limited employment.” Limited employment means that the contract is time-bound; specifically, it ends at the end of the school year. Open positions are then re-posted, and anyone on a limited contract can apply for them. The conditions of the Limited Employment contract were clearly explained to those who are working under it, and teachers confirmed their understanding in writing at the time of employment. It should be noted that these non-renewals **are not a reflection of teaching competency**, but rather reflect that they were hired for a specific length of time, i.e., until June 30, 2020. There are teachers in this category to be non-renewed.

Legal Procedures for Board and Superintendent

1. The teacher is advised by the Superintendent and/or Assistant Superintendent for Human Resources that a recommendation will be made at the April 21, 2020 Board meeting that his/her contract be non-renewed.
2. The Superintendent makes a recommendation not to renew the contract.
3. The Board of Education accepts the recommendation and votes affirmatively.
4. Notice is forwarded by certified mail and/or hand delivered to the teacher no later than May 1, 2020.

## MANAGEMENT PLAN AND GUIDELINES FOR STUDENTS WITH FOOD ALLERGIES ~~AND/OR~~ GLYCOGEN STORAGE DISEASE AND/OR DIABETES

The Windsor Public Schools (the “~~Distriet~~district”) recognize that food allergies ~~and~~ glycogen storage disease (~~GSD~~) and diabetes may be life threatening. For this reason, the ~~Distriet~~district is committed to developing strategies and practices to minimize the risk of accidental exposure to life threatening food allergens and to ensure prompt and effective medical response should a student suffer an allergic reaction while at school. The ~~Distriet~~district is also committed to appropriately managing and supporting students with ~~GSD~~ glycogen storage disease and diabetes. The ~~Distriet~~district further recognizes the importance of collaborating with parents/guardians, adult students (defined as students age eighteen (18) and older) and appropriate medical staff in developing such practices and encourages strategies to enable the student to become increasingly proactive in the care and management of his/her food allergy ~~and/or GSD, glycogen storage disease or diabetes~~, as developmentally appropriate. To this end, the ~~Distriet~~ adopts~~district~~ adopt the following guidelines related to the management of life threatening food allergies, glycogen storage disease, and ~~GSD~~ diabetes for students enrolled in ~~Distriet~~district schools.

### I. Identifying Students with Life-Threatening Food Allergies and/or Glycogen Storage Disease

Early identification of students with life-threatening food allergies, diabetes and/or glycogen storage disease (GSD) is important. The ~~Distriet~~district therefore encourages parents/guardians of students and adult students with life-threatening food allergies to notify the school of the allergy, providing as much medical documentation about the extent and nature of the food allergy as is known, as well as any known effective treatment for the allergy. The ~~Distriet~~district also encourages parents/guardians of students and adult students with GSD and diabetes to notify the school of the disease, providing as much medical documentation about the type of GSD or diabetes, nature of the disease, and current treatment of the student.

Students with life-threatening food allergies and diabetes are virtually always students with disabilities and should be referred to a Section 504 team, which will make a final determination concerning the student’s eligibility for services under Section 504. The Section 504 team may determine that the only services needed are in the student’s Individualized Health Care Plan (IHCP) and/or Emergency Care Plan (ECP); in that case, the IHCP and/or ECP will also serve as the student’s Section 504 plan. The Section 504 team will also ensure that parents receive appropriate notice and are informed of their rights under Section 504, including their right to request an impartial hearing if they disagree with the provisions in the Section 504 plan.

Students with GSD and less severe food allergies should be referred to a Section 504 team if there is reason to believe that the student’s GSD or food allergy substantially limits a major life activity. To determine whether a food allergy is severe enough to substantially limit a major life activity, the team should consider the impact on the student when the student has been exposed to the allergen and has not yet received treatment.

Major life activities include, but are not limited to:

(i) Caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, sitting, reaching, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, interacting with others, and working; and

(ii) The operation of a major bodily function, including functions of the immune system, special sense organs and skin; normal cell growth; and digestive, genitourinary, bowel, bladder, neurological, brain, respiratory, circulatory, cardiovascular, endocrine, hemic, lymphatic, musculoskeletal, and reproductive functions. The operation of a major bodily function includes the operation of an individual organ within a body system.

## **II. Individualized Health Care Plans and Emergency Care Plans**

1. If the ~~District~~district obtains medical documentation that a student has a life-threatening food allergy ~~or~~, GSD, or diabetes, the ~~District~~district shall develop an ~~individualized health care plan~~ (IHCP) for the student. Each IHCP should contain information relevant to the student's participation in school activities, ~~and should attempt to strike a balance between individual, school and community needs, while fostering normal development of the student.~~
2. The IHCP ~~should~~shall be developed by a group of individuals, which shall include the parents, the adult student, if applicable, and appropriate school personnel. Such personnel may include, but are not limited to, the school nurse, school or food service administrator(s), classroom teacher(s) and the student, if appropriate. The school may also consult with the school's medical advisor, as needed.
3. IHCPs are developed for students with special health needs or whose health needs require daily interventions. The IHCP describes how to meet the student's health and safety needs within the school environment and should address the student's needs across school settings. Information to be contained in an IHCP should include a description of the functional health issues (diagnoses); student objectives for promoting self-care and age appropriate independence; and the responsibilities of parents, school nurse and other school personnel. The IHCP may also include strategies to minimize the allergic student's risk for exposure. For the student with ~~GSD~~life-threatening food allergies, GSD, or diabetes, the IHCP may include strategies designed to ameliorate risks associated with such disease and support the student's participation in the classroom. IHCPs for such students may include such considerations:
  - a. classroom environment, including allergy free considerations, or allowing the student with GSD or diabetes to have food/dietary supplements when needed;
  - b. cafeteria safety;
  - c. participation in school nutrition programs;
  - d. snacks, birthdays and other celebrations;
  - e. alternatives to food rewards or incentives;
  - f. hand-washing;
  - g. location of emergency medication;
  - h. who will provide emergency and routine care in school;
  - i. risk management during lunch and recess times;
  - j. special events;

- k. field trips, fire drills and lockdowns;
  - l. extracurricular activities;
  - m. school transportation;
  - n. the provision of food or dietary supplements by the school nurse, or any school employee approved by the school nurse;
  - o. staff notification, including substitutes, and training; and
  - p. transitions to new classrooms, grades and/or buildings.
4. The IHCP should be reviewed annually, or whenever there is a change in the student's ~~emergency care plan~~ECP, changes in self-monitoring and self-care abilities of the student, or following an emergency event requiring the administration of medication or the implementation of other emergency protocols.
5. For a student with ~~GSD~~a life-threatening food allergy, GSD, or diabetes, the IHCP shall not prohibit a parent or guardian, or a person designated by such parent or guardian, to provide food or dietary supplements to a student with ~~GSD~~a life threatening food allergy, GSD, or diabetes on school grounds during the school day.
6. In addition to the IHCP, the ~~District~~district shall also develop an ~~Emergency-Care Plan (ECP)~~ for each student identified as having a life-threatening food allergy. The ECP is part of the IHCP and describes the specific directions about what to do in a medical emergency. For the student with a life-threatening food allergy, the ECP should include the following information:
  - a. The student's name and other identifying information, such as date of birth, grade and photo;
  - b. The student's specific allergy;
  - c. The student's signs and symptoms of an allergic reaction;
  - d. The medication, if any, or other treatment to be administered in the event of exposure;
  - e. The location and storage of the medication;
  - f. Who will administer the medication (including self-administration options, as appropriate);
  - g. Other emergency procedures, such as calling 911, contacting the school nurse, and/or calling the parents or physician;
  - h. Recommendations for what to do if the student continues to experience symptoms after the administration of medication; and
  - i. Emergency contact information for the parents/family and medical provider.
7. In addition to the IHCP, the ~~District~~district shall also develop an ECP for each student identified as having ~~GSD~~and/or diabetes. The ECP is part of the IHCP and describes the specific directions about what to do in a medical emergency. For the student with ~~GSD~~or diabetes, the ECP should include the following information, as may be appropriate:
  - a. The student's name and other identifying information, such as date of birth, grade and photo;
  - b. Information about the disease or disease specific information (i.e. type of ~~GSD~~or diabetes);

- c. The student's signs and symptoms of an adverse reaction (such as hypoglycemia);
  - d. The medication, if any, or other treatment to be administered in the event of an adverse reaction or emergency (i.e. Glucagon or insulin)
  - e. The location and storage of the medication;
  - f. Who will administer the medication (including self-administration options, as appropriate);
  - g. Other emergency procedures, such as calling 911, contacting the school nurse, and/or calling the parents or physician;
  - h. Recommendations for what to do if the student continues to experience symptoms after the administration of medication; and
  - i. Emergency contact information for the parents/family and medical provider.
8. In developing the ECP, the school nurse should obtain current medical documentation from the parents/family and the student's health care provider, including the student's emergency plan and proper medication orders. If needed, the school nurse or other appropriate school personnel, should obtain consent to consult directly with the student's health care providers to clarify medical needs, emergency medical protocol and medication orders.
9. A student identified as having a life-threatening food allergy ~~or~~, GSD, or diabetes is entitled to an IHCP and an ECP, regardless of his/her status as a student with a disability, as that term is understood under Section 504 of the Rehabilitation Act of 1973 ("Section 504"), or the Individuals with Disabilities Education Act ("IDEA").
10. The ~~District~~district shall ensure that the information contained in the IHCP and ECP is distributed to any school personnel responsible for implementing any provisions of the IHCP and/or ECP, and that any procedures in the IHCP and/or ECP comply with the ~~District~~district's policies and procedures regarding the administration of medications to students.
- ~~11. — Whenever appropriate, a student with a life-threatening food allergy and/or GSD should be referred to a Section 504 Team for consideration if/when there is reason to believe that the student has a physical or mental impairment that substantially limits one or more major life activities, as defined by Section 504. Whenever appropriate, students with life threatening food allergies and/or GSD should be referred to a PPT for consideration of eligibility for special education and related services under the IDEA, if there is reason to suspect that the student has a qualifying disability and requires specialized instruction.~~
11. ~~12.~~ When making eligibility determinations under Section 504 and/or the IDEA, schools must consider the student's needs on an individualized, case-by-case basis.

### **III. Training/Education**

- 1. The ~~District~~district shall provide appropriate education and training for school personnel regarding the management of students with life threatening food allergies ~~and~~, GSD and diabetes. Such training may include an overview of life-

threatening food allergies ~~and~~, GSD and diabetes; prevention strategies; IHCPs and ECPs; and food safety and sanitation. Training shall also include, as appropriate for each school (and depending on the specific needs of the individual students at the school), training in the administration of medication with cartridge injectors (i.e. epi-pens), and/or the specific preventative strategies to minimize the risk of exposure to life-threatening allergens and prevent adverse reactions in students with GSD and diabetes (such as the provision of food or dietary supplements for students). School personnel will be also be educated on how to recognize symptoms of allergic reactions and/or symptoms of low blood sugar, as seen with GSD and diabetes, and what to do in the event of an emergency. Staff training and education will be coordinated by **Steven Carvalho, Director of Pupil and Special Education Services**. Any such training regarding the administration of medication shall be done accordance with state law and Board policy.

2. Each school within the ~~District~~district shall also provide age-appropriate information to students about food allergies ~~and~~, GSD and diabetes, how to recognize symptoms of an allergic reaction and/or low blood sugar emergency and the importance of adhering to the school's policies regarding food and/or snacks.

#### IV. Prevention

Each school within the ~~District~~district will develop appropriate practices to minimize the risk of exposure to life ~~threatening~~allergens ~~and~~, as well as the risks associated with GSD and diabetes. Practices that may be considered may include, but are not limited to:

1. Encouraging handwashing;
2. Discouraging students from swapping food at lunch or other snack/meal times;
3. Encouraging the use of non-food items as incentives, rewards or in connection with celebrations;
4. Training staff in recognizing symptoms of anaphylaxis and hypoglycemia; and
5. Planning for school emergencies, to include consideration of the need to access medication, food and/or dietary supplements.

#### V. Communication

1. As described above, the school nurse shall be responsible for coordinating the communication among parents, a student's individual health care provider and the school regarding a student's life ~~threatening~~allergic condition, GSD and/or ~~GSD~~diabetes. School staff responsible for implementing a student's IHCP will be notified of their responsibilities and provided with appropriate information as to how to minimize risk of exposure and/or alterations in blood sugar levels and how to respond in the event of such emergency.
2. Each school will ensure that there are appropriate communication systems available within each school (i.e. telephones, cell phones, walkie-talkies) and for off-site activities (i.e. field trips) to ensure that school personnel are able to effectively respond in case of emergency.

3. The ~~District~~district shall develop standard letters to be sent home to parents, whenever appropriate, to alert them to food restrictions within their student's classroom or school.
4. All ~~District~~district staff are expected to follow ~~District~~district policy and/or federal and state law regarding the confidentiality of student information, including medical information about the student.
5. The ~~District~~district shall make the Management Plan and Guidelines for Students with Food Allergies ~~and/or~~ Glycogen Storage Disease and/or Diabetes available on the Board's website or the website of each school under the Board's jurisdiction.
6. The ~~District~~district shall provide annual notice to parents and guardians regarding the Management Plan and Guidelines for Students with Food Allergies ~~and/or~~ Glycogen Storage Disease and/or Diabetes. Such notice shall be provided in conjunction with the annual written statement provided to parents and guardians regarding pesticide applications in the schools.

## VI. Monitoring the District's Plan and Procedures

The ~~District~~district should conduct periodic assessments of its Management Plan and Guidelines for Students with Food Allergies ~~and/or~~ Glycogen Storage Disease and/or Diabetes. Such assessments should occur at least annually and after each emergency event involving the administration of medication to a student with a life-threatening food allergy, GSD or ~~GSD~~diabetes to determine the effectiveness of the process, why the incident occurred, what worked and what did not work.

The Superintendent shall annually attest to the Department of Education that the District is implementing the Management Plan and Guidelines for Students with Food Allergies ~~and/or~~ Glycogen Storage Disease and/or Diabetes.

For elementary school students, the Board includes a time of not less than twenty (20) minutes in total, during the regular school day, to be devoted to physical exercise, except that a planning and placement team ("PPT") may develop a different schedule for students requiring special education and related services. ~~The Board prohibits school employees from disciplining elementary school students by preventing them from participating in the entire time devoted to physical exercise during the regular school day. This policy does not prevent a student from being disciplined or being sent to the office during the physical activity.~~

In an effort to promote physical exercise and undirected play, the Board prohibits school employees from disciplining elementary school students by preventing them from participating in the full 20 minutes of time devoted to physical exercise or additional time devoted to undirected play during the regular school day, except in instances where the student's behavior poses a health and/or safety concern or as determined by a student's Section 504 or planning and placement team.

## MEMORANDUM

**TO:** Board of Education  
**FROM:** Craig A. Cooke, Ph.D.  
**DATE:** April 21, 2020  
**SUBJECT:** COVID-19 Update

- 
1. Windsor Public Schools are closed through Wednesday, May 20, 2020 by Governor Lamont's executive order.
  2. Windsor Public Schools continues distance learning until at least May 20th. We have made an alteration to our schedule of providing more Social and Emotional Learning (SEL) work on Wednesday and using part of Wednesday for make-up work for students. We have found, through surveys and input from students and families, that the amount of work provided to students has been in some cases overwhelming. This alteration of Wednesday's schedule will allow us to continue the district's SEL work and provide students and staff some relief, along with some needed meeting and consultation time for staff.
  3. State of CT guidance has been for districts to move forward with Planning and Placement Team (PPT) meetings and 504 meetings as deemed necessary by the district. Windsor Pupil Services' Staff recognize that in-person meetings are best for families and students however with our closure until May 20th, we must begin those processes now, especially for students who will be moving to a different school for the 2020/2021 school year.
  4. Windsor Public Schools will be provided 1147 new Dell Laptops by the Governor's Learn from Home Taskforce. These laptops were donated to the State specifically for Alliance District high school students. We do not anticipate receiving these laptops until June. We are very grateful for this significant donation and have begun discussions on how to utilize these within our district.
  5. Windsor Food Service has served 7,594 meals through Friday, April 17th. Each of those meals included lunch and breakfast for the next day. Windsor will have two locations serving meals during this closure, unless further restrictions are put into place. The locations are:
    - a. Windsor High School - entrance by tennis courts
    - b. Oliver Ellsworth School - entrance by near main office

Hours are 10:30 AM to 12:30 PM, Monday through Friday, Students age 18 and younger

6. As we have moved into week four of distance learning, materials and supplies for students at home are becoming less and less. We are looking at ways to distribute materials along with the expected donation of Scholastic materials from the State of Connecticut.
7. The Connecticut Interscholastic Athletic Conference (CIAC) will be meeting this week to discuss the status of the Spring season. I am aware that they will be discussing possibly extending the season beyond the school year.
8. Mr. Osunde and I have almost daily communications regarding WHS events and planning for alternatives. We maintain open to any and all options for graduation which include smaller ceremonies, a ceremony scheduled into the summer, remote ceremony or other alternatives.
9. We are continuing to discuss grading options as well and will be most likely following the Commissioner of Education's recommendation of utilizing Pass/Fail for the 4th quarter. Pass/Fail grades have been accepted by CT colleges and widely across the U.S.
10. This week we will conduct first round interviews for the positions of JFK Principal and Poquonock Principal. We anticipate conducting round 2 interviews next week and hope to be able to bring forward a finalist for both positions to the Board on May 5th. May 5th was previously held for the Board as a special meeting date.
11. Through our continued partnership with the Hartford Foundation for Public Giving, the Foundation has provided us with a \$75,000 grant to support our school district through this pandemic. We are looking at utilizing the grant, among other potentials, for a Fall extended learning program to support students who may have fallen behind due to distance learning. No formal decisions have been made at this time.

# WINDSOR BOARD OF EDUCATION

## AGENDA ITEM

**For Consideration by the Board of Education at the Meeting of:** April 21, 2020

**PREPARED BY:** Danielle Batchelder

**PRESENTED BY:** Danielle Batchelder

**ATTACHMENTS:** Student Enrollment Report & Recap

**SUBJECT:** Student Enrollment as of April 1, 2020

---

### BACKGROUND:

Attached are the enrollment figures as of April 1, 2020. Mrs. Batchelder will answer any questions.

### STATUS:

In prior BOE enrollment reports, the enrollment report grouped all students into one category labeled “Outside Placement/Private Placement (SPED)”. Beginning in September 2016, the Out Placement/Private Placement (SPED) line was separated into two categories:

1. *Out of District Placement-Special Education students*
2. *Private Placement Special Education students*

**Out of District - Special Education:** Those students who are placed at a Connecticut State Department of Education (CSDE) approved private special education program as recommended by a planning and placement team (PPT) as part of a student's individualized education program (IEP). Additionally, this category may include a family who moves into Windsor with a child who has a disability who has already been placed in a private special education program and/or children who are placed in Windsor foster home(s) by the Department of Children and Families (DCF) and are already enrolled in a private special education program.

**Private Placement - Special Education:** Those students who have been identified special education through the planning and placement team (PPT) process that have been parentally placed at a non-public school located in Windsor (i.e., St. Gabriel, Trinity Christian, Madina Academy, Praise Power & Prayer, etc.).

# **WINDSOR BOARD OF EDUCATION AGENDA ITEM**

**For Consideration by the Board of Education at the Meeting of:** April 21, 2020

**Prepared By:** Patricia Patton

**Presented By:** Danielle Batchelder

**Attachments:** Food Service Financial Report

**Subject:** Cafeteria Operations – March 2020

---

**Background:** The Windsor School Food Service participates in the National School Lunch Program at each of our school facilities, at St. Gabriel's and CREC's Academy of Aerospace and Engineering. We also participate in the National School Breakfast Program at our four elementary schools, Sage Park Middle School, Windsor High School and CREC AAE. We operate the After School Snack Program for our Treehouse Program in Windsor. We operated our Summer Food Service Program of lunch and snack at Deerfield Apartment Complex, Goslee Pool, Wilson Library, and added Poquonock Elementary School location during summer break. We are complying with the Healthy Food Certification again this year to send a consistent message to our students in keeping with our wellness policies.

Our annual goal is to operate with a small reserve account to offset unanticipated needs and to increase participation from students and staff in all our programs.

A monthly financial report is presented to the Board of Education. This report includes sales and financial information for the current period.

**Status:** Financial Report for March 2020

**Recommendation:** Informational only.

**Reviewed by:** DB

**Recommended by the Superintendent:** CAC

**Agenda Item #:** 7c.

**WINDSOR BOARD OF EDUCATION  
AGENDA ITEM**

**For Consideration by the Board of Education at the Meeting of:** April 21, 2020

**Prepared By:** Danielle Batchelder

**Presented by:** Danielle Batchelder

**Attachments:** CSDE Operational Memorandum No. 05-19

**Subject:** Healthy Food Certification (Section 10-215f of the CT General Statutes)

---

**BACKGROUND:**

Public Act 06-63\* *An Act Concerning Healthy Food and Beverages in Schools* became effective July 1, 2006. Compliance with Section 1, "Requirement for Beverages," is required. Section 3, "Optional Healthy Food Certification," is optional. The Windsor Public Schools chose to comply with Section. 3. Compliance with the Optional Healthy Food Certification enabled the District to receive an additional ten cents per student meal from the state. The BOE had to have adopted a Wellness Policy, which it has.

**STATUS:**

The Windsor Public Schools has successfully completed fourteen years of the Healthy Food Certification. In order to receive the supplemental meal (10 cents) reimbursement for the 2020-21 school year, the Board of Education is required to certify compliance with the Act.

**RECOMMENDATION:**

That the Board of Education accepts the Healthy Food Certification program (Section 10-215f of the Connecticut General Statutes), as well as the following resolutions:

The Windsor Board of Education, pursuant to C.G.S. Section 10-215F, certifies that all food items offered for sale to students in the schools under its jurisdiction, and not exempted from the Connecticut Nutrition Standards published by the Connecticut State Department of Education, will comply with the Connecticut Nutrition Standards during the period of July 1, 2020 through June 30, 2021. This certification shall include all food offered for sale to students separately from reimbursable meals at all times and from all sources, including but not limited to, school stores, vending machines, school cafeterias, and any fundraising activities on school premises sponsored by the school or by non-school organization and groups.

**Food and beverage exemptions required:** The Windsor Public School's board of education will allow the sale to students of food items that do not meet the Connecticut Nutrition Standards and beverages not listed in Section 10-221q of the Connecticut General Statutes provided that the following conditions are met:

1. The sale is in connection with an event occurring after the end of the regular school day or on the weekend
2. The sale is at the location of the event
3. The food and beverage items are not sold from a vending machine or school store.

An “event” is an occurrence that involves more than just a regularly schedule practice, meeting, or extracurricular activity. For example, soccer games, school plays, and interscholastic debates are events but soccer practices, play rehearsals, and debate team meetings are not. The “regular school day” is the period from midnight before to 30 minutes after the end of the official school day. “Location” means where the event is being held.

STATE OF CONNECTICUT  
DEPARTMENT OF EDUCATION

**TO:** Sponsors of the National School Lunch Program

**FROM:** John D. Frassinelli, Bureau Chief   
Bureau of Health/Nutrition, Family Services and Adult Education

**DATE:** January 22, 2020

**SUBJECT:** Operational Memorandum No. 05-20  
Process for Submitting the Healthy Food Certification (HFC) Statement for  
School Year 2020-21

This memo addresses the requirements for submitting the 2020-21 HFC Statement to the Connecticut State Department of Education (CSDE). Under HFC, public school districts that participate in the NSLP may choose to follow the Connecticut Nutrition Standards (CNS) and receive additional state funding. This memo also provides information on the Connecticut Nutrition Standards (CNS), HFC resources, and state beverage requirements for public schools.

In summary, districts must use the appropriate motion language and schedule the required votes at a meeting of the board of education or governing authority that occurs **before April 30, 2020**, so the district can submit the *final board-approved meeting minutes* to the CSDE by **July 1, 2020**. The three votes include whether to:

- adopt the healthy food option under HFC;
- allow food exemptions to the healthy food option under HFC (if the district votes to implement the healthy food option); and
- allow beverage exemptions under Section 10-221q of the Connecticut General Statutes (C.G.S.) (if the district chooses to allow beverage exemptions).

Please carefully review this memo for detailed information on each requirement. Districts must follow the specified instructions to ensure timely submission and CSDE approval of the 2020-21 HFC Statement.

### Requirement for Annual HFC Statement

C.G.S. Section 10-215f requires that each local board of education or governing authority for all Connecticut public school districts participating in the National School Lunch Program (NSLP) must **take action annually** to certify whether all food items sold to students separately from reimbursable meals will or will not meet the CNS. Public schools include all public schools,

regional educational service centers, the Connecticut Technical High School System, charter schools, interdistrict magnet schools, and endowed academies.

For school year 2020-21, the HFC period is July 1, 2020, through June 30, 2021. All public school districts participating in the NSLP **must** submit the online Healthy Food Certification Statement (Addendum to Agreement for Child Nutrition Programs (ED-099)) by **July 1, 2020**. The vote by the board of education or governing authority on whether to participate in HFC must occur by July 1, 2020, or the district is ineligible for HFC during school year 2020-21.

### **HFC Application Process for 2020-21**

The annual HFC Statement will be completed online in the CSDE's Connecticut Online Application and Claiming System for Child Nutrition Programs (CNP System), as part of the district's 2020-21 application module for the U.S. Department of Agriculture's (USDA) Child Nutrition Programs. The 2020-21 CNP application module is expected to be available in the CNP System in **May 2020**. The CSDE will notify sponsors when the 2020-21 CNP application module is open, at which time the HFC application module will also be available.

All public school sponsors of the NSLP **must follow the procedures below** to ensure timely submission of the 2020-21 HFC Statement by the deadline of July 1, 2020.

1. Schedule the HFC votes at a meeting of your board of education or governing authority that occurs **before April 30, 2020**, so the district can submit the **final board-approved meeting minutes** to the CSDE by **July 1, 2020**. **Note:** The CSDE cannot accept **draft meeting minutes** to approve the HFC application. Be sure to schedule the initial board meeting early enough to enable timely submission of the **final board-approved meeting minutes**. If the board of education conducts the HFC votes in June, and final board approval of the June minutes does not occur until the next board meeting in July or August, the district will not be able to submit the final board-approved June minutes by July 1, 2020.
- A. **Vote for healthy food option:** The board of education or governing authority for each public school that participates in the NSLP must vote "yes" or "no" on whether to implement the healthy food option of C.G.S. Section 10-215f, i.e., follow the CNS for all foods sold to students separately from reimbursable meals. The board motion and final board-approved meeting minutes must include the following specific criteria for the healthy food option required by C.G.S. Section 10-215f:

**Motion language for healthy food option:** Pursuant to C.G.S. Section 10-215f, the board of education or governing authority certifies that all food items offered for sale to students in the schools under its jurisdiction, and not exempted from the Connecticut Nutrition Standards published by the Connecticut State

Department of Education, will comply with the Connecticut Nutrition Standards during the period of July 1, 2020, through June 30, 2021. This certification shall include all food offered for sale to students separately from reimbursable meals at all times and from all sources, including but not limited to school stores, vending machines, school cafeterias, culinary programs, and any fundraising activities on school premises sponsored by the school or non-school organizations and groups.

- B. Vote for food exemptions:** If the board of education or governing authority votes “yes” for the healthy food option in 1A above, the board of education or governing authority must also vote on whether to allow food exemptions. (**Note:** If the board of education or governing authority votes “no” for the healthy food option, a vote on whether to allow food exemptions is not required.) The board motion and final board-approved meeting minutes must include the following specific criteria for the food exemptions required by C.G.S. Section 10-215f:

**Motion language for food exemptions:** The board of education or governing authority will allow the sale to students of food items that do not meet the Connecticut Nutrition Standards provided that the following conditions are met: 1) the sale is in connection with an event occurring after the end of the regular school day or on the weekend; 2) the sale is at the location of the event; and 3) the food items are not sold from a vending machine or school store. An “event” is an occurrence that involves more than just a regularly scheduled practice, meeting, or extracurricular activity. For example, soccer games, school plays, and interscholastic debates are events but soccer practices, play rehearsals, and debate team meetings are not. The “regular school day” is the period from midnight before to 30 minutes after the end of the official school day. “Location” means where the event is being held, and must be the same place as the food sales.

- C. Vote for beverage exemptions:** The beverage requirements of C.G.S. Section 10-221q apply to *all public schools*, regardless of whether the district certifies for the healthy food option of HFC under C.G.S. Section 10-215f or participates in the USDA’s Child Nutrition Programs. Additional information on the beverage requirements is available on the CSDE’s [Beverage Requirements](#) webpage.

Beverage exemptions under C.G.S. Section 10-221q are not part of the annual HFC Statement, which applies only to food sales. If a public school district chooses to allow beverage exemptions, the CSDE recommends that the board of education or governing authority conducts the vote on beverage exemptions at the *same time* as the HFC votes. If the district does not have a beverage exemption in place, noncompliant beverages can never be sold to students on school premises. The board motion and final board-approved meeting minutes must include the following specific

criteria for beverage exemptions required by C.G.S. Section 10-221q:

**Motion language for beverage exemptions:** The board of education or governing authority will allow the sale to students of beverages not listed in Section 10-221q of the Connecticut General Statutes provided that the following conditions are met: 1) the sale is in connection with an event occurring after the end of the regular school day or on the weekend; 2) the sale is at the location of the event; and 3) the beverages are not sold from a vending machine or school store. An “event” is an occurrence that involves more than just a regularly scheduled practice, meeting or extracurricular activity. The “school day” is the period from midnight before to 30 minutes after the end of the official school day. “Location” means where the event is being held, and must be the same place as the beverage sales.

- D. **Option to combine food and beverage exemptions:** Instead of the two separate food and beverage motions in steps 1B and 1C above, the district may choose to combine food and beverage exemptions in one motion by using the language below.

**Motion language for combined food and beverage exemptions:** The board of education or governing authority will allow the sale to students of food items that do not meet the Connecticut Nutrition Standards and beverages not listed in Section 10-221q of the Connecticut General Statutes provided that the following conditions are met: 1) the sale is in connection with an event occurring after the end of the regular school day or on the weekend; 2) the sale is at the location of the event; and 3) the food and beverage items are not sold from a vending machine or school store. An “event” is an occurrence that involves more than just a regularly scheduled practice, meeting, or extracurricular activity. For example, soccer games, school plays, and interscholastic debates are events but soccer practices, play rehearsals, and debate team meetings are not. The “regular school day” is the period from midnight before to 30 minutes after the end of the official school day. “Location” means where the event is being held.

For more information on food and beverage exemptions, see the CSDE’s handout, [\*Exemptions for Foods and Beverages in Public Schools\*](#).

2. Conduct the HFC votes for the healthy food option and food exemptions (and the vote for beverage exemptions, if applicable) at the scheduled meeting of the board of education or governing authority in spring 2020. Until the CNP System opens (anticipated in May 2020), **maintain a copy of the *final board-approved meeting minutes*** indicating the

results of the HFC votes for the healthy food option and food exemptions (and beverage exemptions, if applicable), as outlined in step 1.

- A. The final board-approved meeting minutes must indicate whether the board of education or governing authority voted “yes” or “no” to implement the healthy food option, and must include the *specific language* under “Motion language for healthy food option” in step 1A on page 2.
  - B. If the board of education or governing authority voted “yes,” for the healthy food option, the final board-approved meeting minutes must also indicate whether the board of education or governing authority voted “yes” or “no” to allow food exemptions, and must include the *specific language* for either “Motion language for food exemptions” under step 1B on page 3, or “Motion language for combined food and beverage exemptions” under step 1D on page 4.
  - C. If the board of education or governing authority voted to allow beverage exemptions, the final board-approved meeting minutes must include the *specific language* for either “Motion language for beverage exemptions” under step 1C on page 4, or “Motion language for combined food and beverage exemptions” under step 1D on page 4.
3. In **May 2020**, when the CSDE notifies districts that the CNP System is open and the HFC application module is available, complete the online HFC application module and upload the *final board-approved meeting minutes* indicating the results of the HFC votes for the healthy food option and food exemptions (and the vote for beverage exemptions, if applicable). The CSDE will e-mail school nutrition programs when the 2020-21 HFC application module of the CNP System is available. Instructions on how to access the HFC application module will be provided at that time. **Note: Please do not access the CNP System prior to receiving this notification from the CSDE.**

For additional guidance on the HFC application process, review the CSDE’s presentation, [Application Procedures for HFC](#), and visit the “[Apply](#)” section of the CSDE’s HFC webpage.

### **Interschool Agreements for HFC Schools**

A public school or district (recipient site) that receives meals under contract from a HFC district (providing sponsor) may choose to certify for the healthy food option and follow the CNS for all foods sold to students separately from reimbursable meals. This must be indicated in section 3 of the Full-service Interschool Agreement Form between the recipient site and the providing sponsor district.

In order for the providing sponsor to receive HFC payments for any recipient sites, the interschool agreement must be submitted to the CSDE by **July 1, 2020**. If the CSDE receives the interschool agreement *after* this date, the CSDE will *not* include the recipient site's lunch counts in the total number of reimbursable lunches used to determine HFC payments for school year 2020-21. For more information, see CSDE [Operational Memorandum No. 4-20: Interschool Agreements for School Year 2020-21](#).

Schools must e-mail copies of the completed interschool agreements to the CSDE. Interschool agreements are not submitted through the CNP System. The interschool agreements for school year 2020-21 are available in the “[Interschool Agreements](#)” section of the CSDE’s [Forms for School Nutrition Programs](#) webpage.

### **Connecticut Nutrition Standards (CNS)**

The CSDE did not change the CNS for school year 2020-21. For a summary of the CNS, see the CSDE’s handout, [Summary of Connecticut Nutrition Standards for Foods in Schools](#). Additional information on the CNS is available on the CSDE’s [CNS](#) webpage. The CSDE’s [HFC](#) webpage provides numerous resources to assist districts with implementing HFC including:
