### **4. Election of the Windsor Superintendent of Schools (Action Anticipated)**

**Motion Passed:** Moved: That in accordance with Connecticut General Statutes, Section 10-157, the Board of Education hereby elects Dr. Terrell Hill to serve as Superintendent of Schools for the Windsor Public Schools for the remainder of the 2020-2021 school year, under the current contract, and FURTHER MOVED: That the Board hereby offers Dr. Hill a three-year contract of employment commencing July 1, 2021 through June 30, 2024, and the Board authorizes its President to execute this contract on behalf of the Board passed with a motion by Mr. David Furie and a second by Ms. Ayana Taylor.

Discussion:

The comments below were made during the discussion of the motion.

Mr. Panos spoke regarding the experience and capabilities of Dr. Hill and that he wants Windsor to do well, but stated that he feels Dr. Hill does not look out for the best interest of the students and that he needs to look beyond education fads that have complicated and cost more to teach. He said he will not vote in favor of Dr. Hill.

Mr. Eleveld had concerns that the process was disingenuous and that the contract shows favoritism. He also commented on the lack of exclusivity in the contract regarding not being employed outside of the district. He will not support Dr. Hill when voting.

Mr. Ristas said that Mr. Panos and Mr. Eleveld had already spoken to his concerns.

Mr. Furie is very excited to offer Dr. Hill the position of Superintendent. When he listened to the wants and needs of the community, Dr. Hill meets all their needs and he doesn't think there could be a better candidate.

Ms. Khan said that accountability is his greatest quality and that he is both professional and has high expectations. She believes he will lead the district in the direction it needs to go.

Ms. Ricketts showed her appreciation to Dr. Hill and feels it is clear he has a passion for the role of superintendent. She will gladly support the nomination.

Ms. Taylor stated that Dr. Hill is a leader in education and that during the laborious process, where they interviewed many candidates, he was still her choice.

Mr. Lockhart said he was unapologetic if it is considered favoritism when there was a qualified candidate already available. He followed the rules and policies of the board although he did request that the board waive the process of

the search to save money. He said that Dr. Hill is the man for the job, but that being accused of favoritism is something that he rejects. The process has spoken and he will not allow the integrity to be questioned. The democrats voted as a block with input from every faction of the community. He also said that Dr. Hill exceeded the profile provided.

Mr. Ristas stated that there were many factors involved in the decision besides the profile provided by Dr. Erardi such as the direction that Dr. Hill will push the district very hard.

Mr. Ronald Eleveld	No
Mr. David Furie	Yes
Ms. Maryam Khan	Yes
Ms. Ayana Taylor	Yes

Mr. Bosch said he wishes Dr. Hill the best, but for reasons the board is aware his vote is no.

Mr. Eleveld also wishes Dr. Hill the best, his credentials are at a high level, however his vote is no.

Mr. Lockhart quoted, "no weapon formed against you shall prosper."

Ms. Taylor said there is no amount of privilege that can stop greatness.

Mr. Lockhart then, on behalf of the board, offered congratulations to Dr. Hill. He also thanked Ms. Sally Brown for assisting in the search process and who made a great effort to insulate the process. He also recognized Dr. Erardi for his effort to engage the community in the process and his availability to the board as well as providing weekly updates.

Prior to the vote to terminate the Superintendent Search Committee, Mr. Panos commented that it would be inconsistent to support this motion, contrary to the previous vote so, therefore, he will vote no.

**SUBJECT:** Student Enrollment as of April 1, 2021

### BACKGROUND:

Attached are the enrollment figures as of April 1, 2021. Mrs. Batchelder will answer any questions.

### STATUS:

In prior BOE enrollment reports, the enrollment report grouped all students into one category labeled "Outside Placement/Private Placement (SPED)". Beginning in September 2016, the Out Placement/Private Placement (SPED) line was separated into two categories:

2. *Private Placement Special Education students*

**Out of District - Special Education:** Those students who are placed at a Connecticut State Department of Education (CSDE) approved private special education program as recommended by a planning and placement team (PPT) as part of a student's individualized education program (IEP). Additionally, this category may include a family who moves into Windsor with a child who has a disability who has already been placed in a private special education program and/or children who are placed in Windsor foster home(s) by the Department of Children and Families (DCF) and are already enrolled in a private special education program.

**Private Placement - Special Education:** Those students who have been identified special education through the planning and placement team (PPT) process that have been parentally placed at a non-public school located in Windsor (i.e., St. Gabriel, Trinity Christian, Madina Academy, Praise Power & Prayer, etc.).

Ms. Khan gave an overview of the updates to the policy and regulations.

Mr. Ristas questioned if the use of the word "retention" was out of place given the district does not, as a practice, hold students back.

#### **1. Call to Order, Pledge to the Flag and Moment of Silence**

##### Discussion:

The meeting was called to order by Mr. Lockhart at 6:31 PM with the Pledge to the Flag and a Moment of Silence. Also in attendance were Superintendent of Schools Dr. Terrell Hill, Assistant Superintendent for Instructional Services Dr. Santosha Oliver, Director of Business Services Danielle Batchelder and Interim Director of Pupil and Social Education Services Kristina Wieckowski.

Stephen Higgins and Dr. Stephanie Lockhart were present to begin the presentation on district and school equity work. Additional speakers were present at various times and are notated under agenda item 3.

#### **2. Audience to Visitors**

##### Discussion:

Eric Weiner, no address given, Mr. Weiner began by welcoming Dr. Hill into his new position as superintendent. He spoke in favor of equity, diversity and inclusion within the district. He said that any board of education members who are not in agreement are sorely mistaken.

Sally Grossman, 106 Niles Road - She stated that as she has listened to the budget meetings she has been appalled at the ignorance and racism displayed by certain members of the board of education. She questions why funding for equity work is up for debate. The school system is made up of 70% students of color, but the merits of equity training are still questioned.

Nick Mercier, 32 Ford Street, New Britain - Mr. Mercier is a teacher in the district and a board of education member in New Britain. He stated that equity began well before the last year and that he, personally, has seen positive results. It is one of the most powerful trainings he has participated in and is some of the most important work that has been done. He suggested that board members reach out to him with any questions. He is proud of the work Windsor has done.

#### **3. Presentation on District and School Equity Work**

##### Discussion:

Stephen Higgins, Assistant Principal at Oliver Ellsworth, began the presentation by discussing the role that the district and school equity work has played in the past and present of Windsor Public Schools.

Dr. Stephanie Lockhart, Assistant Principal at Windsor High School, continued the presentation with a video of the book, *I Am Enough* by Grace Byers and read by 2nd grade girls from Oliver Ellsworth School. After the video, Dr. Lockhart presented data charts showing performance inequities within the district.

Bonnie Fineman, Arts and Humanities Director, introduced Priority 1, Academics. She introduced teachers Lindsey Majors and Mandy Renert who both spoke about representative materials used to promote equity.

Christina Morales, Office of Family and Community Partnership Coordinator, introduced Priority 2, Family Engagement. She introduced teachers Monique Scott and Laura Eskenazi who spoke about how home visits strengthen bonds between teachers and students. She also introduced parent Rosanna Wilson, who shared her personal experience with family engagement on a personal and occupational level.

Kimberly Wood, Assistant Principal at JFK School, spoke regarding Priority 3, Hiring and Retention. She introduced teacher Christina Chapple who discussed the application of equity training as a teacher and how it impacts students. She also introduced former Board of Education Student Representative and Senior at WHS, Kamryn Monroe, who spoke about her personal experience of having only 2 teachers of color in the 9 years she has been in the district and the 111 classes she has taken.

Dalia Ghanesh-May, Head Teacher at Clover Street School, opened Priority 4 discussion on Positive Youth Development. She introduced teachers Andrea Chudzik, Felicia Hamilton and Nicole Jones, who spoke in turns on supporting positive identity, hearing students' voices and how students identify inequities. The teachers introduced students Layla Browne, Jerren Langford, LeAzia Coston and Adia Hill who spoke about the empowerment they have in various clubs and groups which allow for honest expression, action planning, and amplifying their voices.

Liana Jorgensen, Principal at Sage Park Middle School, spoke about Priority 5, Professional Development. She introduced staff members Cay Freeman, Jessica Dean, Gladynell Yuiza, Dana Gagne and Garrett Connolly who spoke about book clubs, weekly staff updates, micro-aggression resolution and adult learning. There were parent testimonials from Becky Jacobson, who spoke about how equity helps all students and how bias exist even in diverse towns, and Dr. Christina Swaidan, who explained that equity goes beyond color and is also affected by access and economics.

Mr. Higgins, Dr. Lockhart, Ms. Fineman and Mr. Gruber answered questions from the board when the presentation was complete.

Mr. Ristas read a quote that was in the draft presentation given to the board ahead of time, that was not in the final presentation shown this evening and whether or not it truly reflects Windsor. The responses included that racism is everywhere, the national school system is inequitable and we need to honor lived experiences.

Mr. Eleveld verified that a written question in the Q&A section would be read and addressed. He commended the speakers and appreciates the opportunity for conversation.

Mr. Bosch thanked all presenters and spoke about their passion. He said that every student is engaged in something and they should find interests. He questioned why there doesn't seem to be an achievement gap at private schools as opposed to public. Dr. Hill spoke on the subject, explaining that private schools are selective in admittance and also have the ability to disenroll as needed to uphold their image. They can choose not to admit special needs students.

Mr. Panos stated that teachers are taught to be socially aware prior to employment and questions what the results are of this training. Mr. Higgins responded that social awareness isn't really part of the teacher's schooling and that it is something that comes from the district. This 5-year plan will encompass the whole district. Mr. Gruber stated that this is an incredibly detailed plan and that data will be available when students no longer suffer from inequality. Mr. Panos said that he hopes this genuine effort is truly a success.

Ms. Khan stated that the presentation has shown how Windsor Public Schools has embedded equity and that a monetary amount cannot be placed on the work being done.

Mr. Furie thanked everyone for the presentation and said that some things may not be fair, but they may still be equitable.

Ms. Taylor thanked the presenters and said she feels this is being done to ingrain it into the culture and climate. She requested a glossary of terms and acronyms be added to the end of the presentation.

Ms. Ricketts thanked everyone for their effort and hard work. She asked if this was going to be a yearly presentation and if details regarding American Indians, Native Alaskans and Native Hawaiians can be included. Dr. Hill explained

that if data on those groups is not present, it is because no data was available. Mr. Lockhart said that bi-annual reporting should be considered.

There was a second round of questions by several board members.

Mr. Panos asked if there was an accounting of time that the teachers dedicate to equity work as opposed to the academics they teach, and if it is causing a distraction. Mr. Higgins explained that equity is part of everything that the staff does and it is part of every process.

Ms. Taylor stated that you can't get academic achievement without equity.

Mr. Panos stated that this cannot be an endless pursuit.

At this time, Dr. Hill read the statement posted in the Q&A section of the virtual meeting.

Kayla Monroe wrote, "How will we be able to implement equitable practices across the board when the elementary schools are still segregated by the districting lines?"

Dr. Hill responded that redistricting was done after 2009 which addressed the segregation by busing students from different parts of town to other elementary schools.

Ms. Ricketts had no comments.

Mr. Eleveld had no comments.

**PREPARED BY:** Terrell M. Hill, PhD

**PRESENTED BY:** Terrell M. Hill, PhD

**ATTACHMENTS:**

**SUBJECT:** Last Day of School for 2020-2021

---

### **BACKGROUND:**

Each year the Board of Education communicates the last day of school. For the 2020-2021 school year, the CT State Board of Education changed the requirement from 180 days as the minimum for the length of the school year to 177 days. Per the Board approved calendar, Tuesday, June 15, 2021 would be 177th student day and Wednesday, June 16, 2021 will be the last teacher day (professional development) of Windsor's school year.

The last student day is always a half day, therefore Tuesday, June 15, 2021, would be a half day for students in Kindergarten through Grade 11.

Graduation has been scheduled for Monday, June 14, 2021.

### **STATUS:**

N/A

### **RECOMMENDATION:**

Board shares information with the public. No action required, only graduation date requires a vote which was approved at the September 15, 2020 regular meeting.

AGENDA ITEM**

**Prepared By:** Danielle Batchelder

**Attachments:**

**Subject:** Healthy Food Certification (Section 10-215f of the CT General Statutes)

---

**BACKGROUND:**

Public Act 06-63\* *An Act Concerning Healthy Food and Beverages in Schools* became effective July 1, 2006. Compliance with Section 1, "Requirement for Beverages," is required. Section 3, "Optional Healthy Food Certification," is optional. The Windsor Public Schools chose to comply with Section. 3. Compliance with the Optional Healthy Food Certification enabled the District to receive an additional ten cents per student meal from the state. The BOE had to have adopted a Wellness Policy, which it has.

**STATUS:**

The Windsor Public Schools has successfully completed fourteen years of the Healthy Food Certification. In order to receive the supplemental meal (10 cents) reimbursement for the 2021-22 school year, the Board of Education is required to certify compliance with the Act.

**RECOMMENDATION:**

That the Board of Education accepts the Healthy Food Certification program (Section 10-215f of the Connecticut General Statutes). The following motions are needed:

**Motion 1:**

**The Windsor Board of Education, pursuant to C.G.S. Section 10-215F, certifies that all food items offered for sale to students in the schools under its jurisdiction, and not exempted from the Connecticut Nutrition Standards published by the Connecticut State Department of Education, will comply with the Connecticut Nutrition Standards during the period of July 1, 2021 through June 30, 2022. This certification shall include all food offered for sale to students separately from reimbursable meals at all times and from all sources, including but not limited to, school stores, vending machines, school cafeterias, and any fundraising activities on school premises sponsored by the school or by non-school organization and groups.**

**Motion 2:**

**Food and beverage exemptions required: The Windsor Public School's board of education will allow the sale to students of food items that do not meet the Connecticut Nutrition Standards and beverages not listed in Section 10-221q of the Connecticut General Statutes provided that the following conditions are met:**

1. The sale is in connection with an event occurring after the end of the regular school day or on the weekend
2. The sale is at the location of the event
3. The food and beverage items are not sold from a vending machine or school store.

An "event" is an occurrence that involves more than just a regularly schedule practice, meeting, or extracurricular activity. For example, soccer games, school plays, and interscholastic debates are events but soccer practices, play rehearsals, and debate team meetings are not. The "regular school day" is the period from midnight before to 30 minutes after the end of the official school day. "Location" means where the event is being held.

### Promotion/Retention

The Board of Education is dedicated to the best total and continuous development of each student enrolled in its schools. Therefore, the District will establish and maintain the highest standards required for each grade and monitor student performance in a continuous and systematic manner. The administration and faculty shall establish a system of grading and reporting academic achievement to students and their parents and guardians. The system shall also determine when promotion and graduation requirements are met. The decision to promote a student to the next grade level shall be based on successful completion of the curriculum, attendance, personal and social maturity, performance on objective tests, and student demonstration of mastery of the Goals for Windsor Students (P 0200) at each level.

To graduate from the Windsor Public Schools a student must demonstrate competency in specific basic skills. Assessment of the level of competency in the specified basic skills includes the results from the ~~Connecticut Academic Performance Test (CAPT)~~ **Connecticut Summative Assessment system**. Administration will identify a course of study to assist a student who has not successfully completed the assessments.

## Students

### Promotion/Retention

1. The Windsor Public Schools are committed to ensuring that every graduate is a lifelong learner, productive worker, responsible citizen and thoughtful participant in our diverse communities. It is the goal of this school system that every graduate will achieve the Goals for Windsor Students, adopted by the Board of Education as Policy 0200.
2. These expectations shall frame the teaching, learning and assessment processes of the Windsor schools. Such expectations are viewed as crucial to lifelong learning and essential to gaining student's commitment to the learning process.
3. The Administration will maintain rigorous grade-by-grade standards and a curriculum and assessment system to support such standards. A high priority must be placed on ensuring a student's ability to read on grade level. These standards are based on Windsor's goals and aligned with Connecticut's **statewide Summative Assessment system** and the **Connecticut Core Standards** ~~GMT's, CAPT, Common Core of Learning and Curriculum Frameworks~~. They are translated into local curriculum frameworks to guide instruction based upon high expectations for student achievement.
4. Social promotion is not acceptable.
5. Student promotion and graduation shall be based on demonstrated and/or assessed mastery of the content and skills standards. *(especially in the core subjects of English/language arts, mathematics, science and social science)* Students should earn the right to move from grade to grade through demonstration of the mastery of the knowledge and skills required of them.

A. Students are expected to progress through each grade usually within one school year. To

accomplish this, instruction should accommodate the varying interests and growth patterns of individual students and include strategies for addressing academic deficiencies when needed. Students shall progress through the grade levels by demonstrating growth in learning and meeting grade-level standards of expected student achievement. The student's readiness for work at the next grade level shall be required before he/she is promoted.

The District shall utilize multiple measures of academic performance indicators as determinants in promotion/retention decisions. Student assessment of performance shall be based upon and aligned with the adopted standards. Student evaluation shall be fair, consistent and appropriate to program goals. The assessment program shall include, but not be limited to, the use of standardized and teacher made tests, projects, portfolios, and other student demonstrations of mastery, teacher observation, and student performance on objective tests.

B. Schools shall identify students at risk, modify instruction, and offer additional support to prevent retention. Prior to deciding on retention for a student not mastering the appropriate skills, the district shall provide and may require the student to attend one or more alternatives for remedial assistance.

C. Academic achievement, attitude, effort, work habits, behavior, attendance, ~~and other significant learning-related factors~~ shall be regularly ~~evaluated~~ and communicated to students and their parents/guardians.

D. Parents/guardians shall also be included in the planning of intervention strategies and the ongoing monitoring of the student's progress. Parent/guardians are to be fully involved and informed throughout the promotion/retention decision-making process. Parents will be notified as early as possible of prevention and intervention strategies, and following unsuccessful attempts to bring the student to mastery, that retention is being considered. The Principal shall be responsible for making the final promotion/retention decision.

6. The District may provide alternatives to promotion for students not successfully completing academic requirements for promotion. Such programs could include, but not be limited to, transitional programs and alternative schools/programs within the District or in cooperation with other school districts.
