Subject: CABE Student Leadership Awards

BACKGROUND:

Each year, the Windsor Board of Education recognizes two outstanding students from both Windsor High School and Sage Park Middle School to receive the Connecticut Association Boards of Education Student Leadership Award. This award was developed to give local Boards of Education a chance to reward student potential. Students who are selected exhibit exemplary leadership qualities as defined by a list of criteria developed by the CABE Board of Directors.

STATUS:

Due to the COVID-19 Pandemic and social distancing protocols, the May 18, 2021 meeting is closed to the public. Students have been asked to view the recognition portion of the meeting by accessing Cable Channel 96 on Comcast and Frontier or by viewing by the online meetings on the town's website. A certificate and gift will be sent to the students as soon as possible.

RECOMMENDATION:

For information only:

This year's two recipients chosen from Windsor High School are:

Raeann Reid
Isaac Rosario

This year's two recipients chosen from Sage Park Middle School are:

Josmairy Acosta
Aveed Shrestha

WHS and SPMS administrators will read a short bio on each student.

Agenda Item # 2a

President Lockhardt and Board of Education members:

My name is Lisa Thomas. I am a teacher at Clover Street School and live at 255 Geraldine Drive in Coventry. I am a 37 year public school teacher. I taught in Hebron CT for the first part of my career, and in Windsor for the past 16 years. Two districts, two very different experiences. I will send this statement to the Board and would like it attached to the minutes.

Choosing to teach in Windsor is one of the most profound decisions I've made, both professionally and personally. I'm so grateful for the significant ways that Windsor has influenced me not just as a teacher, but as a person. The growth in our district's attention to diversity, equity and excellence in how we do our work has had a positive, profound impact on me, my colleagues, and most important on our students and their families.

I trace the growth of Windsor's equity work directly to Superintendent Hill and his team from the time he was hired to oversee the district's Human Resources office. Quickly thereafter our staff began to look like our families. Our students could see themselves not just in their teachers, but in the custodial staff, the food services staff, the administrative staff, Treehouse and Family Resource Center staff. Everywhere. Diversity of race, religion, gender identity, and cultural identity.

I have watched as our students have become more and more comfortable talking about who they are. If you've ever attended one of our Clover Street School Poetry slams, you *know* what I'm talking about! And if you haven't - well, they are available on demand at WIN-TV. Or I'm happy to lend you a few copies of the Clover Kids Literary Arts Magazine. You just honored three of our past Clover Poets: Raeann, Josmairy, and Isaac. Aren't we so very proud of where their voices have taken them as leaders? I have goosebumps after hearing Mr. Parker's and Ms Jorgenson's descriptions of their contributions to our Windsor community.

You might also want to sit in on a pupil personnel meeting where families now see themselves reflected in the members of the team and feel more at ease when discussing the needs of the children they love. And where the team members are able to guide one another toward a better understanding of those children. Or you could join one of our staff meetings when we come together after the murder of yet another Black person; or after the assault on an elderly Asian woman; or after the discovery of multiple nooses hanging in Amazon's Windsor facility. Join us and see how we are better able to *listen*, to *accept*, to *look inside ourselves*, to *call our own selves out* for the very important purpose of supporting one another and the work we do on behalf of the children in our care.

So when I hear that members of the Windsor Board of Education have expressed that equity work is unnecessary and that it makes white teachers too uncomfortable I am disappointed. And I am saddened. I am here to tell you that as a white teacher in the Windsor schools I am grateful for the opportunity to engage in equity conversations. I have not heard one colleague say otherwise. And if there are those who do, I hope they will have the courage to discuss it with other staff and administrators. As educators, our job is to move students into their zone of proximal development - a level of learning where they have not yet mastered the concepts being taught but can do so with guidance. As educators, we know that this is an uncomfortable journey for our students because they are not guaranteed correct answers and thus it is a bit scary. When white teachers engage in equity work, we are also in a zone of proximal development and, yes, it can be uncomfortable. But as educators we know that when things get uncomfortable, that is when we are learning and growing, just like our students.

As a parent and as a longtime Town Councilwoman, I am always mindful of the contrasts between the experience Windsor students have as compared to those "back home". Because of the deep and honest equity work that Windsor has engaged in over the years - and continues to engage in - Windsor's students are far more prepared than so many others to become productive, creative and inclusive adults in the 21st century. I am privileged and proud to have been part of that work. Windsor continues on the right path, doing great things along the way. Don't let anyone tell you otherwise.

Thank you for your time.

PREPARED BY: Danielle Batchelder

ATTACHMENTS: Student Enrollment Report & Recap

SUBJECT: Student Enrollment as of May 1, 2021

BACKGROUND:

Attached are the enrollment figures as of May 1, 2021. Mrs. Batchelder will answer any questions.

STATUS:

In prior BOE enrollment reports, the enrollment report grouped all students into one category labeled "Outside Placement/Private Placement (SPED)". Beginning in September 2016, the Out Placement/Private Placement (SPED) line was separated into two categories:

1. *Out of District Placement-Special Education students*
2. *Private Placement Special Education students*

Out of District - Special Education: Those students who are placed at a Connecticut State Department of Education (CSDE) approved private special education program as recommended by a planning and placement team (PPT) as part of a student's individualized education program (IEP). Additionally, this category may include a family who moves into Windsor with a child who has a disability who has already been placed in a private special education program and/or children who are placed in Windsor foster home(s) by the Department of Children and Families (DCF) and are already enrolled in a private special education program.

Private Placement - Special Education: Those students who have been identified special education through the planning and placement team (PPT) process that have been parentally placed at a non-public school located in Windsor (i.e., St. Gabriel, Trinity Christian, Madina Academy, Praise Power & Prayer, etc.).
