DRAFT

Health and Safety Measures Resolution

WHEREAS, Minnesota Statutes Section 123B.09 vests the care, management, and control of independent districts in the school board; and

WHEREAS, the Superintendent of Independent School District 317 [hereinafter the “Superintendent”] is responsible for the management of the schools, the administration of all School District policies, and is directly accountable to the School Board; and

WHEREAS, when responsibilities are not specifically prescribed nor School District policy applicable, the Superintendent shall use personal and professional judgment, subject to review by the School Board, pursuant to School District Policy 302, *Superintendent*; and

WHEREAS, the Centers for Disease Control and Prevention (“CDC”) and the Minnesota Department of Health (“MDH”) have determined that the COVID-19 pandemic is currently ongoing and may remain ongoing for an unknown time; and

WHEREAS, the Minnesota Department of Education (“MDE”) has issued and may continue to issue written guidance for Minnesota schools on educational issues related to COVID-19; and

WHEREAS, the MDH has issued and may continue to issue written guidance for Minnesota schools on public health issues related to COVID-19; and

WHEREAS, the Superintendent and the administration of the School District have conferred with the School Board regarding COVID-19 health and safety measures, the current CDC, MDE, and MDH requirements for each, and other relevant information; and

WHEREAS, based upon the collective consideration of these factors, the Superintendent has recommended to the School Board that face coverings be required during all indoor instruction and events operated by the District.

NOW, THEREFORE, BE IT RESOLVED, by the School Board of Independent School District No. 317 as follows:

Section 1: The Superintendent is hereby directed to implement the following health and safety measures effective October 11, 2021 and continuing until further board action declaring an end to the current local public health concern: All staff, students, and visitors must wear an effective face covering, regardless of vaccination status during all indoor instruction and indoor events operated by the District as defined by the Centers For Disease Control (CDC).

Section 2: The Superintendent is hereby authorized, after consultation with the School Board Chair and notification to the School Board, to select and implement different health and safety measures for the School District or any specific school buildings without School Board action if the Superintendent reasonably believes that prompt implementation of different health and safety measures is necessary, and that constraints of time and public health considerations render it impractical to hold a School Board meeting to approve the implementation. The health and safety measures selected and implemented by the Superintendent shall continue in effect unless and until the School Board, in consultation with the Superintendent and appropriate school district staff and public health officials, deems it in the best interest of the School District and its students to implement different health and safety measures.

Section 3: The Superintendent will provide regular updates to the School Board regarding the School District's efforts to implement COVID-19 related educational and public health guidance issued by the MDE and the MDH, respectively.

SAFE SCHOOLS PLAN

Updated October 11, 2021

Table of Contents

Appendix A – ESSER Funding Chart

Appendix B – Minnesota Department of Health Tips

Introduction

The Deer River Safe Schools Plan is a working document to be updated as indicated by changes in public health data. The cover page will contain the date when updated versions have been released.

On June 4, 2021, The Minnesota Safe Learning Plan, as applicable to the Deer River Schools ended. This terminated the requirements in Executive Orders 20-19, 20-82, 20-94 and 20-95. On June 14, the Deer River Board of Education approved a plan to relax most pandemic related restrictions effective June 15. The Board looked forward with the intent to monitor the school district case rate. They planned to meet in special session, should the local case rate rise and sustain above 20 positive cases per 10,000 residents at any time during the summer. Our summer programs were completed successfully, with local case rates very low and no significant transmission through school activities.

Our public health data on October 11 indicates a case rate within the school district boundaries of 153 per 10,000 residents. Therefore, the Board has taken into consideration precautions that can assist in mitigating the spread of COVID-19 to our students, staff, and visitors. The Board will regularly evaluate the risk level and add or remove precautions as indicated by all sources of local data. The Board is regularly informed by recommendations from the Minnesota Department of Health (MDH) and the Centers for Disease Control (CDC), Itasca and Cass County Public Health, and the Leech Lake Band of Ojibwe Tribal Government.

The district's liability insurance policy, Minnesota Department of Education (MDE) guidelines and the Elementary and Secondary Schools Emergency Relief (ESSER III) Funds all require the district to post a Safe Return to In-Person Learning Plan. The plan must describe how the district intends to safely and responsibly operate in the new school year. The plan was presented to the Board and posted in a public format with engagement opportunities available to the public prior to June 21.

Communication

Our Mission

This Safe Schools Plan is based on a foundation of RESPECT. There are no easy answers for each family in assessing the benefits and risks of returning to in-person instruction. The Deer River Public schools will create options that are legal and reasonably safe with regard to local public health information. We will respect the options selected by each family and staff member. Our strategic mission of hope, happiness, and success will not be abandoned despite these unique challenges.

Please take care of yourself and take care of each other!

The customized schedule developed for each student constitutes private educational data. Staff will only discuss an individual student's educational program with people having a legitimate educational interest.

Communication Methods

The District will release regular communication updates in the following ways:

- District website notices and Infinite Campus messages supplemented with mass/social media options. A new website format has been introduced to more effectively share COVID related information <https://www.isd317.org/>
- Infinite Campus messages sent to the contacts selected in your family profile.
- School Board meeting updates <https://meetings.boardbook.org/Public/Organization/2476>
- Outdoor digital messaging board at the high school campus.

Safety reminders will be present within the facility, including at the following locations:

- At all hand washing sinks to remind everyone of good hand washing practices.
- On entry doors to remind people who have symptoms or possible exposure not to enter.
- At entries notifying people of the screening methods being utilized.

Urgent Messaging

- The district website and Infinite Campus messaging will be the **official forms of notification** regarding the daily status of school operations.
- The school board has approved an emergency closing protocol, which will be applied to weather, pandemic, or any other reason for closing of the schools on short notice.

Pandemic Etiquette

The Warrior Way: Take care of yourself and take care of each other!

Universal Disease Prevention Strategies

The District will promote universal strategies to reduce the spread of COVID-19 and other communicable diseases in all school settings. These include: Vaccination when possible, stay home when sick, face coverings, personal protective equipment (PPE), personal hygiene, practical spacing and outdoor activity. The application of these strategies will intensify if local case rates increase or there is evidence of disease transmission occurring in a school setting.

Face Coverings

All district programs welcome and support the use of face coverings and PPE in all settings! Effective October 11, face coverings are **required** for all staff, students, and visitors regardless of vaccination status during all indoor instruction and indoor events operated by the District. Exemptions and exceptions must be approved by the superintendent or otherwise described in the contents of the current Safe Schools Plan.

The core value of **RESPECT** should be demonstrated at all times. The basis for personal decisions on protection are considered private school data. Students, activity participants and drivers are **required to**

wear face coverings while riding on school provided transportation per directive of the CDC. Please contact school principals to discuss requests for valid exemptions.

Hand Washing and Personal Hygiene

Proper hand washing and personal hygiene practices are very important to reduce the spread of any communicable disease. Posters will be placed at all sinks to remind everyone of good hand washing practices. Hand sanitizer will be placed at strategic locations.

Hand sanitizer and cleaning wipes will be provided to all staff members for their desks and workspaces. Routine or spot cleaning (upon request) during the day will be the most effective strategy for maintaining a safe environment. The custodial staff will conduct a thorough cleaning of instructional and workspaces once daily. School-wide disinfectant strategies may be utilized during weekends and holidays dependent on current recommendations.

Special Precautions

- Music education staff may adapt procedures to align with MDH guidelines for instruction.
<https://www.health.state.mn.us/diseases/coronavirus/musicguide.pdf>
- Staff who provide necessary close contact and direct support services will follow state health department guidelines for personal protection.
<https://www.health.state.mn.us/diseases/coronavirus/schools/directsupport.pdf>
- Extra-curricular sports, co-curricular activities, physical education/recess, laboratory classes, and other similar settings may adapt procedures at any time to align with MDH guidelines. Under the present Safe Schools Plan; active participants such as extra-curricular athletes, physical education students and laboratory classes may be approved by the coach or teacher to remove face coverings in well-spaced indoor settings. This adaptation may be necessary due to safety or increased respiration rate from the activity.

Case Reporting, Quarantines and On-site Testing

The district will be informed by MDH guidance in developing its Safe Schools Plan.

<https://www.health.state.mn.us/diseases/coronavirus/schools/index.html>

Our Health Services Office requests parents, guardians and staff to self-report if they or their student have COVID-19 symptoms, a positive test or have been in close contact with someone with COVID-19 or awaiting test results.

District Health Services are required to report suspected or confirmed cases of COVID-19: Minnesota Rule 4605.7070 requires any person in charge of any institution, school, childcare facility, or camp to report cases of COVID-19 to the Minnesota Department of Health (MDH).

▪ Reportable Disease Rule www.health.state.mn.us/diseases/reportable/rule/index.html

Effective August 31, the superintendent and district nurse will collaborate on quarantine protocol and individual case decisions:

- Any student or employee with a positive COVID-19 test will be placed on a written quarantine plan. The individual will complete the full quarantine period, unless they can present evidence of an acceptable negative test for an earlier return.
- Any student who is ill will be sent home and required to stay home until they are healthy.
- The district will provide courtesy notices to the families of students who were in close contact with a positive case in a school setting.
- Any student or employee who is exposed to a positive COVID-19 case is strongly recommended to test (3-5 days after exposure) and self-quarantine under the guidance of the district nurse. Remember the Warrior Way: Take care of yourself and take care of each other! We can't offer in-person instruction if community transmission is occurring at our schools.
- Any extra-curricular or co-curricular participant may be required to present evidence of an acceptable negative test at any time during their season. Activities are a privilege that require teamwork and cooperation.
- No student will be tested at a school site without parental consent.

The district health office will offer multiple types of optional, free COVID-19 tests. The tests that are available will be dependent upon our access to testing supplies and available qualified staff. Testing at the school health office is offered as a convenience when possible. Students and employees may test at any provider available to them. The following link provides additional options for testing and support:

<https://www.health.state.mn.us/diseases/coronavirus/testsites/index.html>

Screening and monitoring systems will be in place at both school sites. Any student, visitor, or staff member determined by the administration to be at risk or to potentially put others at risk will be restricted from the school site. A designated containment area will be established at each site to safely isolate individuals who are waiting for transportation. Students restricted from school will be quarantined at school until a family member has picked up the student or health services staff has transported the student home with parent permission. A designated vehicle has been purchased and is restricted for quarantine use only. Class III licensed drivers will follow protocol for donning PPE when operating the designated vehicle for this purpose.

Learning Models

Deer River strives to be a district of choice. We specialize in providing in-person, customized instruction built upon strong interpersonal relationships. During the past two years, various executive orders have required that we provide multiple learning models to our students. Our staff has responded to that challenge and provided instruction in many flexible ways out of necessity.

Presently, we are operating with only two mandates: face coverings on transportation and reporting of COVID-19 cases to MDH. All remaining decisions fall under the authority of our local Board of Education.

Therefore, we will strive to provide **in-person** instruction in as safe of a learning environment as possible. There is no scenario in which in-person instruction can be offered without some risk of exposure to COVID-19 or other communicable diseases. The school year will begin on September 7 with buses and schools at full capacity. In the event of local public health data that necessitates a change in instruction model, we will consider the following options:

1. Temporary closure of a classroom or school campus. Students would continue to complete daily assignments utilizing their Learning Management Systems (LMS) during the temporary closure. King students will use Seesaw or teacher provided assignments and High School students will use Schoology as their LMS. Attendance will be derived from participation in daily assignments.
2. If circumstances prevent the reasonably safe continuation at full occupancy, a classroom or school campus may be designated to schedule most students on an every other day basis. At approximately 50% occupancy, most students would attend school on an alternating day schedule. Students would remain at home on the opposite day and participate through their LMS.
3. There is currently **no option for Deer River students to participate in full-time or alternating day online instruction this year**, except for regular high school online programming options offered through the Itasca Area Schools Collaborative (IASC). Families who believe that an online program is the best match for their child (short or long term) should contact their child's principal for guidance.

We will be returning to our **early dismissal schedule on Wednesdays** to facilitate professional learning communities. Please review, print, or pick up the district calendar from your school site

Food Service

Meals

District Food Service programs will continue to be informed by safe health practices according to guidelines established by the Centers for Disease Control (CDC) and Minnesota Department of Health (MDH).

<https://www.health.state.mn.us/people/foodsafety/emergency/covid.html>

Most aspects of food service will return to normal operations for the start the school year. Each site will adapt meal protocols and schedules to create the safest environment possible.

Deer River will continue to offer breakfast and lunch on site each school day. A combined breakfast and lunch bag is also available for any person 18 years old or younger enrolled or residing in the school district. These meals can be picked up at King Elementary School (Door #1) between 11:00 a.m. and noon each school day. Families in need of meal delivery should inquire with Deanna Hron, Director of the Full Service Community Schools program at dhron@isd317.org. Evening meals will be available to residents of all ages at King Elementary through the Community Café (Door #9).

In March, 2019, the federal government provided waivers to create an open site meal program in which all student meals were free of charge. Those waivers became available again on September 15, 2021 and the Deer River Schools are eligible to participate. For the duration of the waivers, breakfast and lunch will be free for all students.

Our district typically receives approximately \$3000 in federal compensatory aid and grants for each student who qualifies for federal education benefits (Free and Reduced Price Lunch). Because meals will be free for all students again this year, it is extremely important that families continue to complete the confidential application for benefits if their household income is anywhere close to the eligibility limits. The traditional paper application and a new easy to use online application are available this year. Access to the applications will be posted on our website at this link <https://www.isd317.org/food-and-nutrition>

District staff members will be following up with families to assist in collecting these applications. All funds generated are used directly in educating our students. Please help us access all resources available to our kids!

Transportation

Bus Ridership

Parents and Guardians are expected to screen their children each day prior to sending them to the bus. Students will be screened and monitored again at their school site. Families will be responsible for retrieving students who arrive at school with any symptoms that may indicate a safety risk. Students unable to participate will be assigned to a designated quarantine waiting area until picked up or transported back home. Parents/guardians or siblings may also provide personal transportation to and from school for their household members.

All people are required by a CDC order to wear face coverings on all public transportation conveyances (airports, public buses, etc.), including school buses.

- CDC: Requirement for Face Masks on Public Transportation Conveyances and at Transportation Hubs www.cdc.gov/coronavirus/2019-ncov/travelers/face-masks-public-transportation.html

District provided student transportation is a privilege and passengers are expected to board wearing a face covering. Each bus will have a limited supply of disposable masks to prevent delays in boarding. Any special circumstances will be communicated by staff to route/van drivers. Drivers will be responsible for assigning seats to create the maximum space between riders. Following the instructions of the driver is critical to creating the safest environment and to maintain a daily seating chart if contact tracing becomes necessary.

Drivers will utilize windows and roof vents to promote fresh air circulation. Transportation staff will be responsible for cleaning high touch areas as needed during and between routes. NorTran will implement a daily cleaning protocol for all vehicles provided for district use.

Facilities

Public schools serve as a primary facility provider for youth and adult organizations in Minnesota. Most state restrictions for community use of school facilities have now ended. All requests for use permits from outside organizations will be considered on a case by case basis by the facilities scheduler.

Physical Barriers

The District has installed barriers in some work areas or high interaction areas.

Water and Ventilation Systems

Most drinking fountains will be turned back on. Water bottle filling stations are operational, and students are encouraged to carry and clean their own water bottles to stay hydrated and healthy. Locker rooms are available for use when authorized by the Activities Director or Physical Education teachers.

The school buildings will operate with the maximum outside air exchange possible for our current Heating Ventilating and Air Conditioning (HVAC) units. The sites will be equipped with the most efficient air filters recommended for our mechanical systems. All staff will receive training on the comprehensive air quality site plan for each school and will be expected to follow guidelines set by the Director of Building and Grounds. Staff may also select alternate spaces to include outdoor locations at their discretion. Targeted rooms at each school will feature high efficiency room filtration systems or other recommended air cleaning apparatus. Both the cleaning protocol and ventilation plans are intended to reduce exposure to pathogens, which may present themselves as droplets or aerosols.

All windows will remain closed to maximize the volume of fresh air turnover and minimize recirculation. Closed windows also improve the efficiency of individual room air cleaners.

Routine Cleaning

Routine cleaning of high touch points will be conducted as listed below, per Centers for Disease Control (CDC) guidelines. In addition, staff members who occupy a space will be provided with hand sanitizer and recommended disinfectant wipes to use frequently during the day. When technology items are in need of cleaning, alcohol wipes will be utilized to prevent damage to the equipment.

Professional Cleaning Plan

Although staff users will provide routine cleaning of their spaces during the day, our custodial staff is prepared to use professional products for requested spot cleaning and regular daily maintenance. The frequency of these two approaches is most likely to limit contact transmission of any communicable disease. If a school is required to temporarily close to investigate a possible COVID-19 exposure, an intensive cleaning process will be developed to trace the footprint of the suspected source individual. Building-wide cleaning treatments will also be explored as trials suggest possible effectiveness:

- Building and Grounds staff will utilize Arsenal Q.T.3 from Hillyard, which is a disinfectant on American Chemistry Council approved list.
<https://www.americanchemistry.com/Novel-Coronavirus-Fighting-Products-List.pdf>
- The dwell time of product is five minutes.
- Personal Protective Equipment (PPE) which includes chemical resistant rubber gloves and eye protection is required to apply this product.

Unique Space Considerations

Playgrounds

Playgrounds at King Elementary will remain open and will be cleaned daily, per CDC guidelines. This includes cleaning high touch surfaces (swing chains, slides and grab handles) using soap and water. Students will be directed to wash hands before and after playground use.

Classrooms

Some rugs may be removed from pre-kindergarten and kindergarten rooms and may be replaced with labeled, individual yoga style mats.

Classrooms will be limited to essential teaching tools. Limiting the number of personal items in the classroom will lighten the cleaning load of the custodial staff. During this time, most rugs, and all other non-standard furniture (couches, chairs, bean bag chairs, lamps, food prep appliances, etc.) will not be allowed in the classroom as they present cleaning challenges.

Special Cleaning Considerations

Toys in Classrooms

During this time, toys in classrooms that cannot be cleaned and sanitized will not be used. After use they are placed in a separate bin and cleaned by the instructor by cleaning with water and detergent, rinsing, sanitizing with an EPA-registered disinfectant, rinsing again, and air-drying.

Porous Surfaces

During this time, unnecessary rugs and other porous objects will be removed from classrooms. Other porous surfaces may include: chairs, furniture, rugs, linens, clothing, etc. If porous surfaces do need to be cleaned, the following steps will be followed:

- Handle laundry wearing gloves
- Transport laundry in disposable garbage bags when possible or clean and disinfect the method of transportation
- Do not shake laundry out
- Wash on hottest water setting with regular detergent
- Dry thoroughly

WHEREAS, when responsibilities are not specifically prescribed nor School District policy applicable, the Superintendent shall use personal and professional judgment, subject to review by the School Board, pursuant to School District Policy 302, *Superintendent*; and

WHEREAS, the Centers for Disease Control and Prevention (“CDC”) and the Minnesota Department of Health (“MDH”) have determined that the COVID-19 pandemic is currently ongoing and may remain ongoing for an unknown time; and

WHEREAS, the Superintendent and the administration of the School District have conferred with the School Board regarding COVID-19 health and safety measures, the current CDC, MDE, and MDH requirements for each, and other relevant information; and

WHEREAS, based upon the collective consideration of these factors, the Superintendent has recommended to the School Board that face coverings be temporarily required during all indoor instruction and events operated by the District and that the instructional model for Grades 6-12 only, temporarily shift to a hybrid attendance pattern to reduce the transmission of communicable diseases in the school setting .

NOW, THEREFORE, BE IT RESOLVED, by the School Board of Independent School District No. 317 as follows:

Section 1: The Superintendent is hereby directed to implement the following health and safety measures effective October 25, 2021 and continuing until further board action declaring an end to the current local public health concern: All staff, students, and visitors must wear an effective face covering, regardless of vaccination status during all indoor instruction and indoor events operated by the District as defined by the Centers For Disease Control (CDC).

Grades 6-12 will attend in-person instruction on alternating days or follow customized individual student schedules prepared by school administration. Students will participate and a record of attendance shall be maintained for students to participate remotely on their alternate day to in-person instruction. The Minnesota Department of Education has granted Deer River Schools a waiver for the 2021-2022 school year to operate alternate learning models for up to 50% of the required instructional time.

Section 2: The Superintendent is hereby authorized, after consultation with the School Board Chair and notification to the School Board, to select and implement different health and safety measures for the School District or any specific school buildings without School Board action if the Superintendent reasonably believes that prompt implementation of different health and safety measures is necessary, and that constraints of time and public health considerations render it impractical to hold a School Board meeting to approve the implementation. The health and safety measures selected and implemented by the Superintendent shall continue in effect unless and until the School Board, in consultation with the Superintendent and appropriate school district staff and public health officials, deems it in the best interest of the School District and its students to implement different health and safety measures.

Section 3: The Superintendent will provide regular updates to the School Board regarding the School District's efforts to implement COVID-19 related educational and public health guidance issued by the MDE and the MDH, respectively.

410 FAMILY AND MEDICAL LEAVE POLICY

I. PURPOSE

The purpose of this policy is to provide for family and medical leave to school district employees in accordance with the Family and Medical Leave Act of 1993 (FMLA) and also with parenting leave under state law.

II. GENERAL STATEMENT OF POLICY

The following procedures and policies regarding family and medical leave are adopted by the school district, pursuant to the requirements of the FMLA and consistent with the requirements of the Minnesota parenting leave laws.

III. DEFINITIONS

A. “Covered active duty” means:

1. In the case of a member of a regular component of the Armed Forces, duty during the deployment of the member with the Armed Forces to a foreign country; and
2. In the case of a member of a reserve component of the Armed Forces, duty during the deployment of the member with the Armed Forces to a foreign country under a call or order to active duty under a provision of law referred to in 10 U.S.C. § 101(a)(13)(B).

B. “Covered servicemember” means:

1. a member of the Armed Forces, including a member of the National Guard or Reserves, who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness; or
2. a covered veteran who is undergoing medical treatment, recuperation, or therapy for a serious injury or illness and who was a member of the Armed Forces, including a member of the National Guard or Reserves, and was discharged or released under conditions other than dishonorable, at any time during the period of five years preceding the first date the eligible employee takes FMLA leave to care for the covered veteran.

- C. “Eligible employee” means an employee who has been employed by the school district for a total of at least 12 months and who has been employed for at least 1,250 hours of service during the 12-month period immediately preceding the commencement of the leave. An employee returning from fulfilling his or her Uniformed Services Employment and Reemployment Rights Act (USERRA)-covered service obligation shall be credited with the hours of service that would have been performed but for the period of absence from work due to or necessitated by USERRA-covered service. In determining whether the employee met the hours of service requirement, and to determine the hours that would have been worked during the period of absence from work due to or necessitated by USERRA-covered service, the employee’s pre-service work schedule can generally be used for calculations. While the 12 months of employment need not be consecutive, employment periods prior to a break in service of seven years or more may not be counted unless the break is occasioned by the employee’s fulfillment of his or her USERRA-covered service obligation or a written agreement, including a collective bargaining agreement, exists concerning the school district’s intention to rehire the employee after the break in service.
- D. “Military caregiver leave” means leave taken to care for a covered servicemember with a serious injury or illness.
- E. “Next of kin of a covered servicemember” means the nearest blood relative other than the covered servicemember’s spouse, parent, son, or daughter, in the following order of priority: blood relatives who have been granted legal custody of the covered servicemember by court decree or statutory provisions, brothers and sisters, grandparents, aunts and uncles, and first cousins, unless the covered servicemember has specifically designated in writing another blood relative as his or her nearest blood relative for purposes of military caregiver leave under the FMLA. When no such designation is made and there are multiple family members with the same level of relationship to the covered servicemember, all such family members shall be considered the covered servicemember’s next of kin, and the employee may take FMLA leave to provide care to the covered servicemember, either consecutively or simultaneously. When such designation has been made, the designated individual shall be deemed to be the covered servicemember’s only next of kin.
- F. “Outpatient status” means, with respect to a covered servicemember who is a current member of the Armed Forces, the status of a member of the Armed Forces assigned to:
1. a military medical treatment facility as an outpatient; or
 2. a unit established for the purpose of providing command and control of members of the Armed Forces receiving care as outpatients.
- G. “Qualifying exigency” means a situation where the eligible employee seeks leave for one or more of the following reasons:

1. to address any issues that arise from a short-notice deployment (seven calendar days or less) of a covered military member;
 2. to attend military events and related activities of a covered military member;
 3. to address issues related to childcare and school activities of a covered military member's child;
 4. to address financial and legal arrangements for a covered military member;
 5. to attend counseling provided by someone other than a health care provider for oneself, a covered military member, or his/her child;
 6. to spend up to 15 calendar days with a covered military member who is on short-term, temporary rest and recuperation leave during a period of deployment;
 7. to attend post-deployment activities related to a covered military member;
 8. to address parental care needs; and
 9. to address other events related to a covered military member that both the employee and school district agree is a qualifying exigency.
- H. "Serious health condition" means an illness, injury, impairment, or physical or mental condition that involves:
1. inpatient care in a hospital, hospice, or residential medical care facility; or
 2. continuing treatment by a health care provider.
- I. "Spouse" means a husband or wife. For purposes of this definition, husband or wife refers to the other person with whom an individual entered into marriage as defined or recognized under state law for purposes of marriage in the state in which the marriage was entered into or, in the case of a marriage entered into outside of any state, if the marriage is valid in the place where entered into and could have been entered into in at least one state. This definition includes an individual in a same-sex or common law marriage that either: (1) was entered into in a state that recognizes such marriages; or (2) if entered into outside of any state, is valid in the place where entered into and could have been entered into in at least one state.
- J. "Veteran" has the meaning given in 38 U.S.C. § 101.

IV. LEAVE ENTITLEMENT

A. Twelve-week Leave under Federal Law

1. Eligible employees are entitled to a total of 12 work weeks of unpaid family or medical leave during the applicable 12-month period as defined below, plus any additional leave as required by law. Leave may be taken for one or more of the following reasons in accordance with applicable law:
 - a. birth of the employee's child and to care for such child;
 - b. placement of an adopted or foster child with the employee;
 - c. to care for the employee's spouse, son, daughter, or parent with a serious health condition;
 - d. the employee's serious health condition makes the employee unable to perform the functions of the employee's job; and/or
 - e. any qualifying exigency arising from the employee's spouse, son, daughter, or parent being on covered active duty, or notified of an impending call or order to covered active duty in the Armed Forces.
2. For the purposes of this policy, "year" is defined as a rolling 12-month period measured backward from the date an employee's leave is to commence.
3. An employee's entitlement to FMLA leave for the birth, adoption, or foster care of a child expires at the end of the 12-month period beginning on the date of the birth or placement.
4. A "serious health condition" typically requires either inpatient care or continuing treatment by or under the supervision of a health care provider, as defined by applicable law. Family and medical leave generally is not intended to cover short-term conditions for which treatment and recovery are very brief.
5. A "serious injury or illness," in the case of a member of the Armed Forces, including a member of the National Guard or Reserves, means:
 - a. injury or illness that was incurred by the member in the line of duty on active duty in the Armed Forces or that existed before the beginning of the member's active duty and was aggravated by service in the line of duty on active duty in the Armed Forces and that may render the member medically unfit to perform the duties

of the member's office, grade, rank, or rating; and

- b. in the case of a covered veteran who was a member of the Armed Forces, including a member of the National Guard or Reserves, at any time, during the period of five years preceding the date on which the veteran undergoes the medical treatment, recuperation, or therapy, means a qualifying injury or illness that was incurred by the member in the line of duty on active duty in the Armed Forces or that existed before the beginning of the member's active duty and was aggravated by service in the line of duty in the Armed Forces and that manifested itself before or after the member became a veteran, and is:

- (1) a continuation of a serious injury or illness that was incurred or aggravated when the covered veteran was a member of the Armed Forces and rendered the servicemember unable to perform the duties of the servicemember's office, grade, rank, or rating; or
- (2) a physical or mental condition for which the covered veteran has received a U.S. Department of Veterans Affairs Service-Related Disability (VASRD) rating of 50 percent or greater and such VASRD rating is based, in whole or in part, on the condition precipitating the need for military caregiver leave; or
- (3) a physical or mental condition that substantially impairs the covered veteran's ability to secure or follow a substantially gainful occupation by reason of a disability or disabilities related to military service, or would do so absent treatment; or
- (4) an injury, including a psychological injury, on the basis of which the covered veteran has been enrolled in the Department of Veterans Affairs Program of Comprehensive Assistance for Family Caregivers.

- 6. Eligible spouses employed by the school district are limited to an aggregate of 12 weeks of leave during any 12-month period for the birth and care of a newborn child or adoption of a child, the placement of a child for foster care, or to care for a parent. This limitation for spouses employed by the school district does not apply to leave taken: by one spouse to care for the other spouse who is seriously ill; to care for a child with a serious health condition; because of the employee's own serious health condition; or pursuant to Paragraph IV.A.1.e. above.
- 7. Depending on the type of leave, intermittent or reduced schedule leave may be granted in the discretion of the school district or when medically

necessary. However, part-time employees are only eligible for a pro-rata portion of leave to be used on an intermittent or reduced schedule basis, based on their average hours worked per week. Where an intermittent or reduced schedule leave is foreseeable based on planned medical treatment, the school district may transfer the employee temporarily to an available alternative position for which the employee is qualified and which better accommodates recurring periods of leave than does the employee's regular position, and which has equivalent pay and benefits.

8. If an employee requests a leave for the serious health condition of the employee or the employee's spouse, child, or parent, the employee will be required to submit sufficient medical certification. In such a case, the employee must submit the medical certification within 15 days from the date of the request or as soon as practicable under the circumstances.
9. If the school district has reason to doubt the validity of a health care provider's certification, it may require a second opinion at the school district's expense. If the opinions of the first and second health care providers differ, the school district may require certification from a third health care provider at the school district's expense. An employee may also be required to present a certification from a health care provider indicating that the employee is able to return to work.
10. Requests for leave shall be made to the school district. When leave relates to an employee's spouse, son, daughter, parent, or covered servicemember being on covered active duty, or notified of an impending call or order to covered active duty pursuant to Paragraph IV.A.1.e. above, and such leave is foreseeable, the employee shall provide reasonable and practical notice to the school district of the need for leave. For all other leaves, employees must give 30 days' written notice of a leave of absence where practicable. The failure to provide the required notice may result in a delay of the requested leave. Employees are expected to make a reasonable effort to schedule leaves resulting from planned medical treatment so as not to disrupt unduly the operations of the school district, subject to and in coordination with the health care provider.
11. The school district may require that a request for leave under Paragraph IV.A.1.e. above be supported by a copy of the covered military member's active duty orders or other documentation issued by the military indicating active duty or a call to active duty status and the dates of active duty service. In addition, the school district may require the employee to provide sufficient certification supporting the qualifying exigency for which leave is requested.
12. During the period of a leave permitted under this policy, the school district will provide health insurance under its group health plan under the same conditions coverage would have been provided had the employee not taken the leave. The employee will be responsible for payment of the

employee contribution to continue group health insurance coverage during the leave. An employee's failure to make necessary and timely contributions may result in termination of coverage. An employee who does not return to work after the leave may be required, in some situations, to reimburse the school district for the cost of the health plan premiums paid by it.

13. The school district may request or require the employee to substitute accrued paid leave for any part of the 12-week period. Employees may be allowed to substitute paid leave for unpaid leave by meeting the requirements set out in the administrative directives and guidelines established for the implementation of this policy, if any. Employees eligible for leave must comply with the family and medical leave directives and guidelines prior to starting leave. The superintendent shall be responsible to develop directives and guidelines as necessary to implement this policy. Such directives and guidelines shall be submitted to the school board for annual review.

The school district shall comply with written notice requirements as set forth in federal regulations.

14. Employees returning from a leave permitted under this policy are eligible for reinstatement in the same or an equivalent position as provided by law. However, the employee has no greater right to reinstatement or to other benefits and conditions of employment than if the employee had been continuously employed during the leave.

B. Twelve-week Leave under State Law

An employee who does not qualify for parenting leave under Paragraphs IV.A.1.a. or IV.A.1.b. above may qualify for a 12-week unpaid leave which is available to a biological or adoptive parent in conjunction with the birth or adoption of a child, or to a female employee for prenatal care or incapacity due to pregnancy, childbirth, or related health conditions. The length of the leave shall be determined by the employee but must not exceed 12 weeks unless agreed by the employer. The employee may qualify if he or she has worked for the school district for at least 12 months and has worked an average number of hours per week equal to one-half of the full time equivalent during the 12-month period immediately preceding the leave. This leave is separate and exclusive of the family and medical leave described in the preceding paragraphs but may be reduced by any period of paid parental, disability, personal, or medical, or sick leave, or accrued vacation provided by the employer so that the total leave does not exceed 12 weeks, unless agreed by the employer, or leave taken for the same purpose under the FMLA. The leave taken under this section shall begin at a time requested by the employee. An employee who plans to take leave under this section must give the employer reasonable notice of the date the leave shall commence and the estimated duration of the leave. For leave taken by a biological or adoptive parent in conjunction with the birth or adoption of a child,

the leave must begin within 12 months of the birth or adoption; except that, in the case where the child must remain in the hospital longer than the mother, the leave must begin within 12 months after the child leaves the hospital.

C. Twenty-six-week Servicemember Family Military Leave

1. An eligible employee who is the spouse, son, daughter, parent, or next of kin of a covered servicemember shall be entitled to a total of 26 work weeks of leave during a 12-month period to care for the servicemember. The leave described in this paragraph shall be available only during a single 12-month period. For purposes of this leave, the need to care for a servicemember includes both physical and psychological care.
2. During a single 12-month period, an employee shall be entitled to a combined total of 26 work weeks of leave under Paragraphs IV.A. and IV.C. above.
3. The 12-month period referred to in this section begins on the first day the eligible employee takes leave to care for a covered servicemember and ends 12 months after that date.
4. Eligible spouses employed by the school district are limited to an aggregate of 26 weeks of leave during any 12-month period if leave is taken for birth of the employee's child or to care for the child after birth; for placement of a child with the employee for adoption or foster care or to care for the child after placement; to care for the employee's parent with a serious health condition; or to care for a covered servicemember with a serious injury or illness.
5. The school district may request or require the employee to substitute accrued paid leave for any part of the 26-week period. Employees may be allowed to substitute paid leave for unpaid leave by meeting the requirements set out in the administrative directives and guidelines established for the implementation of this policy, if any. Employees eligible for leave must comply with the family and medical leave directives and guidelines prior to starting leave.
6. An employee will be required to submit sufficient medical certification issued by the health care provider of the covered servicemember and other information in support of requested leave and eligibility for such leave under this section within 15 days from the date of the request or as soon as practicable under the circumstances.
7. The provisions of Paragraphs IV.A.7., IV.A.10., IV.A.12., IV.A.13., and IV.A.14. above shall apply to leaves under this section.

V. SPECIAL RULES FOR INSTRUCTIONAL EMPLOYEES

- A. An instructional employee is one whose principal function is to teach and instruct students in a class, a small group, or an individual setting. This includes, but is not limited to, teachers, coaches, driver's education instructors, and special education assistants.
- B. Instructional employees who request foreseeable medically necessary intermittent or reduced work schedule leave greater than 20 percent of the work days in the leave period may be required to:
 - 1. take leave for the entire period or periods of the planned medical treatment; or
 - 2. move to an available alternative position for which the employee is qualified, and which provides equivalent pay and benefits, but not necessarily equivalent duties.
- C. Instructional employees who request continuous leave near the end of a semester may be required to extend the leave through the end of the semester. The number of weeks remaining before the end of a semester does not include scheduled school breaks, such as summer, winter, or spring break.
 - 1. If an instructional employee begins leave for any purpose more than five weeks before the end of a semester and it is likely the leave will last at least three weeks, the school district may require that the leave be continued until the end of the semester.
 - 2. If the employee begins leave for a purpose other than the employee's own serious health condition during the last five weeks of a semester, the school district may require that the leave be continued until the end of the semester if the leave will last more than two weeks or if the employee's return from leave would occur during the last two weeks of the semester.
 - 3. If the employee begins leave for a purpose other than the employee's own serious health condition during the last three weeks of the semester and the leave will last more than five working days, school district may require the employee to continue taking leave until the end of the semester.
- D. The entire period of leave taken under the special rules will be counted as leave. The school district will continue to fulfill the school district's leave responsibilities and obligations, including the obligation to continue the employee's health insurance and other benefits, if an instructional employee's leave entitlement ends before the involuntary leave period expires.

VI. OTHER

- A. The provisions of this policy are intended to comply with applicable law, including the FMLA and applicable regulations. Any terms used from the FMLA will have the same meaning as defined by the FMLA and/or applicable

regulations. To the extent that this policy is ambiguous or contradicts applicable law, the language of the applicable law will prevail.

- B. The requirements stated in the collective bargaining agreement between employees in a certified collective bargaining unit and the school district regarding family and medical leaves (if any) shall be followed.

VII. DISSEMINATION OF POLICY

- A. This policy shall be conspicuously posted in each school district building in areas accessible to employees.
- B. This policy will be reviewed at least annually for compliance with state and federal law.

A person may report conduct that may constitute harassment or violence anonymously. However, the school district may not rely solely on an anonymous report to determine discipline or other remedial responses.
- B. The school district encourages the reporting party or complainant to use the report form available from the principal or building supervisor of each building or available from the school district office, but oral reports shall be considered complaints as well.
- C. Nothing in this policy shall prevent any person from reporting harassment or violence directly to a school district human rights officer or to the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.
- D. In Each School Building. The building principal, the principal's designee, or the building supervisor (hereinafter the "building report taker") is the person responsible for receiving oral or written reports of harassment or violence prohibited by this policy at the building level. Any adult school district personnel who receives a report of harassment or violence prohibited by this policy shall inform the building report taker immediately. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant. The building report taker shall ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall serve as a primary contact on policy and procedural matters.
- E. A teacher, school administrator, volunteer, contractor, or other school employee shall be particularly alert to possible situations, circumstances, or events that might include acts of harassment or violence. Any such person who witnesses, observes, receives a report of, or has other knowledge or belief of conduct that may constitute harassment or violence shall make reasonable efforts to address and resolve the harassment or violence and shall inform the building report taker immediately. School district personnel who fail to inform the building report taker of conduct that may constitute harassment or violence or who fail to make reasonable efforts to address and resolve the harassment or violence in a timely manner may be subject to disciplinary action.

- F. Upon receipt of a report, the building report taker must notify the school district human rights officer immediately, without screening or investigating the report. The building report taker may request, but may not insist upon, a written complaint. A written statement of the facts alleged will be forwarded as soon as practicable by the building report taker to the human rights officer. If the report was given verbally, the building report taker shall personally reduce it to written form within 24 hours and forward it to the human rights officer. Failure to forward any harassment or violence report or complaint as provided herein may result in disciplinary action against the building report taker.
- G. In the District. The school board hereby designates Ashley Evans as the school district human rights officer(s) to receive reports or complaints of harassment or violence prohibited by this policy. If the complaint involves a human rights officer, the complaint shall be filed directly with the superintendent.¹
- H. The school district shall conspicuously post the name of the human rights officer(s), including mailing addresses and telephone numbers.
- I. Submission of a good faith complaint or report of harassment or violence prohibited by this policy will not affect the complainant or reporter's future employment, grades, work assignments, or educational or work environment.
- J. Use of formal reporting forms is not mandatory.
- K. Reports of harassment or violence prohibited by this policy are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law.
- L. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's legal obligations to investigate, to take appropriate action, and to comply with any discovery or disclosure obligations.
- M. Retaliation against a victim, good faith reporter, or a witness of violence or harassment is prohibited.
- N. False accusations or reports of violence or harassment against another person are prohibited.
- O. A person who engages in an act of violence or harassment, reprisal, retaliation, or false reporting of violence or harassment, or permits, condones, or tolerates violence or harassment shall be subject to discipline or other remedial responses for that act in accordance with the school district's policies and procedures.

¹ In some school districts the superintendent may be the human rights officer. If so, an alternative individual should be designated by the school board.

Consequences for students who commit, or are a party to, prohibited acts of violence or harassment or who engage in reprisal or intentional false reporting may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion.

Consequences for employees who permit, condone, or tolerate violence or harassment or engage in an act of reprisal or intentional false reporting of violence or harassment may result in disciplinary action up to and including termination or discharge.

Consequences for other individuals engaging in prohibited acts of violence or harassment may include, but not be limited to, exclusion from school district property and events and/or termination of services and/or contracts.

V. INVESTIGATION

- A. By authority of the school district, the human rights officer, within three (3) days of the receipt of a report or complaint alleging harassment or violence prohibited by this policy, shall undertake or authorize an investigation. The investigation may be conducted by school district officials or by a third party designated by the school district.
- B. The investigation may consist of personal interviews with the complainant, the individual(s) against whom the complaint is filed, and others who may have knowledge of the alleged incident(s) or circumstances giving rise to the complaint. The investigation may also consist of any other methods and documents deemed pertinent by the investigator.
- C. In determining whether alleged conduct constitutes a violation of this policy, the school district should consider the surrounding circumstances, the nature of the behavior, past incidents or past or continuing patterns of behavior, the relationships between the parties involved, and the context in which the alleged incidents occurred. Whether a particular action or incident constitutes a violation of this policy requires a determination based on all the facts and surrounding circumstances.
- D. In addition, the school district may take immediate steps, at its discretion, to protect the target or victim, the complainant, and students, teachers, administrators, or other school district personnel pending completion of an investigation of alleged harassment or violence prohibited by this policy.
- E. The alleged perpetrator of the act(s) of harassment or violence shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.
- F. The investigation will be completed as soon as practicable. The school district human rights officer shall make a written report to the superintendent upon completion of the investigation. If the complaint involves the superintendent, the

report may be filed directly with the school board. The report shall include a determination of whether the allegations have been substantiated as factual and whether they appear to be violations of this policy.

VI. SCHOOL DISTRICT ACTION

- A. Upon completion of an investigation that determines a violation of this policy has occurred, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited behavior. School district action taken for violation of this policy will be consistent with requirements of applicable collective bargaining agreements, Minnesota and federal law, and applicable school district policies and regulations.
- B. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the targets or victims and alleged perpetrators of harassment or violence, the parent(s) or guardian(s) of targets or victims of harassment or violence and the parent(s) or guardian(s) of alleged perpetrators of harassment or violence who have been involved in a reported and confirmed harassment or violence incident of the remedial or disciplinary action taken, to the extent permitted by law.
- C. In order to prevent or respond to acts of harassment or violence committed by or directed against a child with a disability, the school district shall, where determined appropriate by the child's individualized education program (IEP) or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in acts of harassment or violence.

VII. RETALIATION OR REPRISAL

The school district will discipline or take appropriate action against any student, teacher, administrator, or other school district personnel who commits an act of reprisal or who retaliates against any person who asserts, alleges, or makes a good faith report of alleged harassment or violence prohibited by this policy, who testifies, assists, or participates in an investigation of retaliation or alleged harassment or violence, or who testifies, assists, or participates in a proceeding or hearing relating to such harassment or violence. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline the individual(s) who engaged in the harassment or violence. Remedial responses to the harassment or violence shall be tailored to the particular incident and nature of the conduct.

VIII. RIGHT TO ALTERNATIVE COMPLAINT PROCEDURES

These procedures do not deny the right of any individual to pursue other avenues of

recourse which may include filing charges with the Minnesota Department of Human Rights or another state or federal agency, initiating civil action, or seeking redress under state criminal statutes and/or federal law.

IX. HARASSMENT OR VIOLENCE AS ABUSE

- A. Under certain circumstances, alleged harassment or violence may also be possible abuse under Minnesota law. If so, the duties of mandatory reporting under Minnesota Statutes Chapter. 260E may be applicable.

II. GENERAL STATEMENT OF POLICY

No student or nonstudent, including adults and visitors, shall possess, use, or distribute a weapon when in a school location except as provided in this policy. The school district will act to enforce this policy and to discipline or take appropriate action against any student, teacher, administrator, school employee, volunteer, or member of the public who violates this policy.

III. DEFINITIONS

A. “Weapon”

1. A “weapon” means any object, device or instrument designed as a weapon or through its use is capable of threatening or producing bodily harm or which may be used to inflict self-injury including, but not limited to, any firearm, whether loaded or unloaded; airguns; pellet guns; BB guns; all knives; blades; clubs; metal knuckles; numchucks; throwing stars; explosives; fireworks; mace and other propellants; stunguns; ammunition; poisons; chains; arrows; and objects that have been modified to serve as a weapon.

3. No person shall use articles designed for other purposes (i.e., lasers or laser pointers, belts, combs, pencils, files, scissors, etc.), to inflict bodily harm and/or intimidate and such use will be treated as the possession and use of a weapon.

B. “School Location” includes any school building or grounds, whether leased, rented,

owned or controlled by the school, locations of school activities or trips, bus stops, school buses or school vehicles, school-contracted vehicles, the area of entrance or departure from school premises or events, all locations where school-related functions are conducted, and anywhere students are under the jurisdiction of the school district.

As used in this definition, "flammable liquid" means any liquid having a flash point below 100 degrees Fahrenheit and having a vapor pressure not exceeding 40 pounds per square inch (absolute) at 100 degrees Fahrenheit but does not include intoxicating liquor. As used in this subdivision, "combustible liquid" is a liquid having a flash point at or above 100 degrees Fahrenheit.

IV. EXCEPTIONS

- A. A student who finds a weapon on the way to school or in a school location, or a student who discovers that he or she accidentally has a weapon in his or her possession, and takes the weapon immediately to the principal’s office shall not be considered to possess a weapon. If it would be impractical or dangerous to take the weapon to the principal’s office, a student shall not be considered to possess a weapon if he or she immediately turns the weapon over to an administrator, teacher or head coach or immediately notifies an administrator, teacher or head coach of the weapon’s location.
- B. It shall not be a violation of this policy if a nonstudent (or student where specified) falls within one of the following categories:

- a. Section 624.714 specifies procedures and standards for obtaining pistol permits and penalties for the failure to do so. Section 624.715 defines an exception to the pistol permit requirements for “antique firearms which are carried or possessed as curiosities or for their historical significance or value.”
 - b. Section 97B.045 generally provides that a firearm may not be transported in a motor vehicle unless it is (1) unloaded and in a gun case without any portion of the firearm exposed; (2) unloaded and in the closed trunk; or (3) a handgun carried in compliance with Sections 624.714 and 624.715.

- 9. persons who are on unimproved property owned or leased by a child care center, school or school district unless the person knows that a student is currently present on the land for a school-related activity.

C. Policy Application to Instructional Equipment/Tools

While the school district does not allow the possession, use, or distribution of weapons by students or nonstudents, such a position is not meant to interfere with instruction or the use of appropriate equipment and tools by students or nonstudents. Such equipment and tools, when properly possessed, used, and stored, shall not be considered in violation of the rule against the possession, use, or distribution of weapons. However, when authorized instructional and work equipment and tools are used in a potentially dangerous or threatening manner, such possession and use will be treated as the possession and use of a weapon.

D. Firearms in School Parking Lots and Parking Facilities

A school district may not prohibit the lawful carry or possession of firearms in a school parking lot or parking facility. For purposes of this policy, the “lawful” carry or possession of a firearm in a school parking lot or parking facility is specifically limited to nonstudent permit-holders authorized under Minnesota Statutes, section 624.714 to carry a pistol in the interior of a vehicle or outside the motor vehicle for the purpose of directly placing a firearm in, or retrieving it from, the trunk or rear area of the vehicle. Any possession or carry of a firearm beyond

the immediate vicinity of a permit-holder's vehicle shall constitute a violation of this policy.

V. CONSEQUENCES FOR STUDENT WEAPON POSSESSION/USE/DISTRIBUTION

A. The school district does not allow the possession, use, or distribution of weapons by students. Consequently, the minimum consequence for students willfully possessing, using, or distributing weapons shall include:

1. immediate out-of-school suspension;
2. confiscation of the weapon;
3. immediate notification of police;
4. parent or guardian notification; and
5. recommendation to the superintendent of dismissal for a period of time not to exceed one year.

B. Pursuant to Minnesota law, a student who brings a firearm, as defined by federal law, to school will be expelled for at least one year. The school board may modify this requirement on a case-by-case basis.

C. The building principal shall, as soon as practicable, refer to the criminal justice or juvenile delinquency system, as appropriate, a student who brings a firearm to school unlawfully.

D. Administrative Discretion

While the school district does not allow the possession, use, or distribution of weapons by students, the superintendent may use discretion in determining whether, under the circumstances, a course of action other than the minimum consequences specified above is warranted. If so, other appropriate action may be taken, including consideration of a recommendation for lesser discipline.

VI. CONSEQUENCES FOR WEAPON POSSESSION/USE/DISTRIBUTION BY NONSTUDENTS

A. Employees

1. An employee who violates the terms of this policy is subject to disciplinary action, including nonrenewal, suspension, or discharge as deemed appropriate by the school board.

502 SEARCH OF STUDENT LOCKERS, DESKS, PERSONAL POSSESSIONS, AND STUDENT'S PERSON

I. PURPOSE

The purpose of this policy is to provide for a safe and healthful educational environment by enforcing the school district's policies against contraband.

II. GENERAL STATEMENT OF POLICY

A. Lockers and Personal Possessions Within a Locker

Pursuant to Minnesota statutes, school lockers are the property of the school district. At no time does the school district relinquish its exclusive control of lockers provided for the convenience of students. Inspection of the interior of lockers may be conducted by school officials for any reason at any time, without notice, without student consent, and without a search warrant. The personal possessions of students within a school locker may be searched only when school officials have a reasonable suspicion that the search will uncover evidence of a violation of law or school rules. As soon as practicable after the search of a student's personal possessions, the school officials must provide notice of the search to students whose lockers were searched unless disclosure would impede an ongoing investigation by police or school officials.

B. Desks

School desks are the property of the school district. At no time does the school district relinquish its exclusive control of desks provided for the convenience of students. Inspection of the interior of desks may be conducted by school officials for any reason at any time, without notice, without student consent, and without a search warrant.

C. Personal Possessions and Student's Person

The personal possessions of students and/or a student's person may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law or school rules. The search will be reasonable in its scope and intrusiveness.

D. A violation of this policy occurs when students use lockers and desks for

unauthorized purposes or to store contraband. A violation occurs when students carry contraband on their person or in their personal possessions.

III. DEFINITIONS

- A. “Contraband” means any unauthorized item possession of which is prohibited by school district policy and/or law. It includes, but is not limited to, weapons and “look-alikes,” alcoholic beverages, controlled substances and “look-alikes,” overdue books and other materials belonging to the school district, and stolen property.
- B. “Personal possessions” includes, but is not limited to, purses, backpacks, bookbags, packages, and clothing.
- C. “Reasonable suspicion” means that a school official has grounds to believe that the search will result in evidence of a violation of school district policy, rules, and/or law. Reasonable suspicion may be based on a school official’s personal observation, a report from a student, parent or staff member, a student’s suspicious behavior, a student’s age and past history or record of conduct both in and out of the school context, or other reliable sources of information.
- D. “Reasonable scope” means that the scope and/or intrusiveness of the search is reasonably related to the objectives of the search. Factors to consider in determining what is reasonable include the seriousness of the suspected infraction, the reliability of the information, the necessity of acting without delay, the existence of exigent circumstances necessitating an immediate search and further investigation (e.g., to prevent violence, serious and immediate risk of harm or destruction of evidence), and the age of the student.

IV. PROCEDURES

- A. School officials may inspect the interiors of lockers and desks for any reason at any time, without notice, without student consent, and without a search warrant.
- B. School officials may inspect the personal possessions of a student and/or a student’s person based on a reasonable suspicion that the search will uncover a violation of law or school rules. A search of personal possessions of a student and/or a student’s person will be reasonable in its scope and intrusiveness.
- C. As soon as practicable after a search of personal possessions within a locker pursuant to this policy, the school officials must provide notice of the search to students whose possessions were searched unless disclosure would impede an ongoing investigation by police or school officials.
- D. Whenever feasible, a search of a person shall be conducted in private by a school official of the same sex. A second school official of the same sex shall be present as an observer during the search of a person whenever feasible.

- E. A strip search is a search involving the removal of coverings or clothing from private areas. Mass strip searches, or body cavity searches, are prohibited. Strip searches will be conducted only in circumstances involving imminent danger.
- F. A school official conducting any other search may determine when it is appropriate to have a second official present as an observer.
- G. A copy of this policy will be printed in the student handbook or disseminated in any other way which school officials deem appropriate. The school district shall provide a copy of this policy to a student when the student is given use of a locker.

V. DIRECTIVES AND GUIDELINES

School administration may establish reasonable directives and guidelines which address specific needs of the school district, such as use of tape in lockers, standards of cleanliness and care, posting of pin-ups and posters which may constitute sexual harassment, etc.

VI. SEIZURE OF CONTRABAND

If a search yields contraband, school officials will seize the item and, where appropriate, turn it over to legal officials for ultimate disposition.

VII. VIOLATIONS

A student found to have violated this policy and/or the directives and guidelines implementing it shall be subject to discipline in accordance with the school district's Student Discipline Policy, which may include suspension, exclusion, or expulsion, and the student may, when appropriate, be referred to legal officials.

506 STUDENT DISCIPLINE

I. PURPOSE

The purpose of this policy is to ensure that students are aware of and comply with the school district's expectations for student conduct. Such compliance will enhance the school district's ability to maintain discipline and ensure that there is no interference with the educational process. The school district will take appropriate disciplinary action when students fail to adhere to the Code of Student Conduct established by this policy.

II. GENERAL STATEMENT OF POLICY

The school board recognizes that individual responsibility and mutual respect are essential components of the educational process. The school board further recognizes that nurturing the maturity of each student is of primary importance and is closely linked with the balance that must be maintained between authority and self-discipline as the individual progresses from a child's dependence on authority to the more mature behavior of self-control.

All students are entitled to learn and develop in a setting which promotes respect of self, others, and property. Proper positive discipline can only result from an environment which provides options and stresses student self-direction, decision-making, and responsibility. Schools can function effectively only with internal discipline based on mutual understanding of rights and responsibilities.

Students must conduct themselves in an appropriate manner that maintains a climate in which learning can take place. Overall decorum affects student attitudes and influences student behavior. Proper student conduct is necessary to facilitate the education process and to create an atmosphere conducive to high student achievement.

Although this policy emphasizes the development of self-discipline, it is recognized that there are instances when it will be necessary to administer disciplinary measures. The position of the school district is that a fair and equitable district-wide student discipline policy will contribute to the quality of the student's educational experience. This discipline policy is adopted in accordance with and subject to the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56.

In view of the foregoing and in accordance with Minn. Stat. § 121A.55, the school board, with the participation of school district administrators, teachers, employees, students, parents, community members, and such other individuals and organizations as

appropriate, has developed this policy which governs student conduct and applies to all students of the school district.

III. AREAS OF RESPONSIBILITY

- A. The School Board. The school board holds all school personnel responsible for the maintenance of order within the school district and supports all personnel acting within the framework of this discipline policy.
- B. Superintendent. The superintendent shall establish guidelines and directives to carry out this policy, hold all school personnel, students, and parents responsible for conforming to this policy, and support all school personnel performing their duties within the framework of this policy. The superintendent shall also establish guidelines and directives for using the services of appropriate agencies for assisting students and parents. Any guidelines or directives established to implement this policy shall be submitted to the school board for approval and shall be attached as an addendum to this policy.
- C. Principal. The school principal is given the responsibility and authority to formulate building rules and regulations necessary to enforce this policy, subject to final school board approval. The principal shall give direction and support to all school personnel performing their duties within the framework of this policy. The principal shall consult with parents of students conducting themselves in a manner contrary to the policy. The principal shall also involve other professional employees in the disposition of behavior referrals and shall make use of those agencies appropriate for assisting students and parents. A principal, in exercising his or her lawful authority, may use reasonable force when it is necessary under the circumstances to correct or restrain a student or prevent bodily harm or death to another.
- D. Teachers. All teachers shall be responsible for providing a well-planned teaching/learning environment and shall have primary responsibility for student conduct, with appropriate assistance from the administration. All teachers shall enforce the Code of Student Conduct. In exercising the teacher's lawful authority, a teacher may use reasonable force when it is necessary under the circumstances to correct or restrain a student or prevent bodily harm or death to another.
- E. Other School District Personnel. All school district personnel shall be responsible for contributing to the atmosphere of mutual respect within the school. Their responsibilities relating to student behavior shall be as authorized and directed by the superintendent. A school employee, school bus driver, or other agent of a school district, in exercising his or her lawful authority, may use reasonable force when it is necessary under the circumstances to restrain a student or prevent bodily harm or death to another.
- F. Parents or Legal Guardians. Parents and guardians shall be held responsible for the behavior of their children as determined by law and community practice.

They are expected to cooperate with school authorities and to participate regarding the behavior of their children.

- G. Students. All students shall be held individually responsible for their behavior and for knowing and obeying the Code of Student Conduct and this policy.
- H. Community Members. Members of the community are expected to contribute to the establishment of an atmosphere in which rights and duties are effectively acknowledged and fulfilled.

VII. DISCIPLINARY ACTION OPTIONS

The general policy of the school district is to utilize progressive discipline to the extent reasonable and appropriate based upon the specific facts and circumstances of student misconduct. The specific form of discipline chosen in a particular case is solely within the discretion of the school district. At a minimum, violation of school district rules, regulations, policies, or procedures will result in discussion of the violation and a verbal warning. The school district shall, however, impose more severe disciplinary sanctions for any violation, including exclusion or expulsion, if warranted by the student's misconduct, as determined by the school district. Disciplinary action may include, but is not limited to, one or more of the following:

- A. Student conference with teacher, principal, counselor, or other school district personnel, and verbal warning;
- B. Confiscation by school district personnel and/or by law enforcement of any item, article, object, or thing, prohibited by, or used in the violation of, any school district policy, rule, regulation, procedure, or state or federal law. If confiscated by the school district, the confiscated item, article, object, or thing will be released only to the parent/guardian following the completion of any investigation or disciplinary action instituted or taken related to the violation.

- S. Exclusion under the Pupil Fair Dismissal Act; and/or
- T. Other disciplinary action as deemed appropriate by the school district.

VIII. REMOVAL OF STUDENTS FROM CLASS

- A. The teacher of record shall have the general control and government of the classroom. Teachers have the responsibility of attempting to modify disruptive student behavior by such means as conferring with the student, using positive reinforcement, assigning detention or other consequences, or contacting the student's parents. When such measures fail, or when the teacher determines it is otherwise appropriate based upon the student's conduct, the teacher shall have the authority to remove the student from class pursuant to the procedures established by this discipline policy. "Removal from class" and "removal" mean any actions taken by a teacher, principal, or other school district employee to prohibit a student from attending a class or activity period for a period of time not to exceed five (5) days, pursuant to this discipline policy.

Grounds for removal from class shall include any of the following:

- 1. Willful conduct that significantly disrupts the rights of others to an education, including conduct that interferes with a teacher's ability to teach or communicate effectively with students in a class or with the ability of other students to learn;
- 2. Willful conduct that endangers surrounding persons, including school district employees, the student or other students, or the property of the school;
- 3. Willful violation of any school rules, regulations, policies or procedures, including the Code of Student Conduct in this policy; or
- 4. Other conduct, which in the discretion of the teacher or administration, requires removal of the student from class.

Such removal shall be for at least one (1) activity period or class period of

instruction for a given course of study and shall not exceed five (5) such periods.

A student must be removed from class immediately if the student engages in assault or violent behavior. "Assault" is an act done with intent to cause fear in another of immediate bodily harm or death; or the intentional infliction of, or attempt to inflict, bodily harm upon another. The removal from class shall be for a period of time deemed appropriate by the principal, in consultation with the teacher.

- B. If a student is removed from class more than ten (10) times in a school year, the school district shall notify the parent or guardian of the student's tenth removal from class and make reasonable attempts to convene a meeting with the student's parent or guardian to discuss the problem that is causing the student to be removed from class.

C. *Procedures for Removal of a Student From a Class.*

1. The teacher will call the office to request an administrator or designee to escort the student to the office.

D. *Responsibility for and Custody of a Student Removed From Class.*

1. The student should be accompanied, if possible, by an adult. When this is not possible, the office should be contacted immediately.
2. Students removed from class will be the responsibility of office personnel, and apply themselves to instructional work as provided by their teachers.
3. The classroom teacher shall provide all necessary assignments and learning materials for the students during the removal period.

E. *Procedures for Return of a Student to a Class From Which the Student Was Removed.*

1. The removing teacher will provide a written incident report and review the incident with an administrator to determine the removal length, schedule parent conference if necessary, and develop a readmission plan.

F. *Procedures for Notification.*

1. The teacher, administrator, or designee will contact parents/guardians to discuss the behavior, readmission plan, and classroom expectations.

G. *Disabled Students; Special Provisions.*

1. Case managers will be consulted with whenever a student removed from class has an active IEP. Appropriate limitations will be implemented as determined by the student's case manager or the IEP team.

H. *Procedures for Detecting and Addressing Chemical Abuse Problems of Students While on School Premises.*

1. *Establishment of a chemical abuse preassessment team pursuant to Minn. Stat. § 121A.26;*
2. *Establishment of teacher reporting procedures to the chemical abuse preassessment team pursuant to Minn. Stat. § 121A.29.*

IX. DISMISSAL

- A. "Dismissal" means the denial of the current educational program to any student, including exclusion, expulsion and suspension. Dismissal does not include removal from class.

The school district shall not deny due process or equal protection of the law to any student involved in a dismissal proceeding which may result in suspension, exclusion or expulsion.

The school district shall not dismiss any student without attempting to provide alternative educational services before dismissal proceedings, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property.

- B. Violations leading to suspension, based upon severity, may also be grounds for actions leading to expulsion, and/or exclusion. A student may be dismissed on any of the following grounds:

1. Willful violation of any reasonable school board regulation, including those found in this policy;
2. Willful conduct that significantly disrupts the rights of others to an education, or the ability of school personnel to perform their duties, or school sponsored extracurricular activities; or
3. Willful conduct that endangers the student or other students, or surrounding persons, including school district employees, or property of the school.

C. Suspension Procedures

1. "Suspension" means an action by the school administration, under rules promulgated by the School Board, prohibiting a student from attending school for a period of no more than ten (10) school days; provided,

however, if a suspension is longer than five (5) school days, the suspending administrator shall provide the superintendent with a reason for the longer term of suspension. This definition does not apply to dismissal for one (1) school day or less where a student with a disability does not receive regular or special education instruction during that dismissal period.

2. If a student's total days of removal from school exceed ten (10) cumulative days in a school year, the school district shall make reasonable attempts to convene a meeting with the student and the student's parent or guardian before subsequently removing the student from school and, with the permission of the parent or guardian, arrange for a mental health screening for the student at the parent or guardian's expense. The purpose of this meeting is to attempt to determine the student's need for assessment or other services or whether the parent or guardian should have the student assessed or diagnosed to determine whether the student needs treatment for a mental health disorder.
3. Each suspension action may include a readmission plan. The plan shall include, where appropriate, a provision for implementing alternative educational services upon readmission which must not be used to extend the current suspension. A readmission plan must not obligate a parent or guardian to provide psychotropic drugs to their student as a condition of readmission. School administration must not use the refusal of a parent or guardian to consent to the administration of psychotropic drugs to their student or to consent to a psychiatric evaluation, screening, or examination of the student as a ground, by itself, to prohibit the student from attending class or participating in a school-related activity, or as a basis of a charge of child abuse, child neglect, or medical or educational neglect. The school administration may not impose consecutive suspensions against the same student for the same course of conduct, or incident of misconduct, except where the student will create an immediate and substantial danger to self or to surrounding persons or property or where the school district is in the process of initiating an expulsion, in which case the school administration may extend the suspension to a total of fifteen (15) days.
4. A child with a disability may be suspended. When a child with a disability has been suspended for more than five (5) consecutive days or ten (10) cumulative school days in the same year, and that suspension does not involve a recommendation for expulsion or exclusion or other change in placement under federal law, relevant members of the child's IEP team, including at least one of the child's teachers, shall meet and determine the extent to which the child needs services in order to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals in the child's IEP. That meeting must occur as soon as possible, but no more than ten (10) days after the sixth (6th) consecutive day of suspension or the tenth (10th) cumulative day of

suspension has elapsed.

5. The school administration shall implement alternative educational services when the suspension exceeds five (5) days. Alternative educational services may include, but are not limited to, special tutoring, modified curriculum, modified instruction, other modifications or adaptations, instruction through electronic media, special education services as indicated by appropriate assessments, homebased or community site instruction, supervised homework, or enrollment in another district or in an alternative learning center under Minn. Stat. § 123A.05 selected to allow the student to progress toward meeting graduation standards under Minn. Stat. § 120B.02, although in a different setting.
6. The school administration shall not suspend a student from school without an informal administrative conference with the student. The informal administrative conference shall take place before the suspension, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property, in which case the conference shall take place as soon as practicable following the suspension. At the informal administrative conference, a school administrator shall notify the student of the grounds for the suspension, provide an explanation of the evidence the authorities have, and the student may present the student's version of the facts. A separate administrative conference is required for each period of suspension.
7. After school administration notifies a student of the grounds for suspension, school administration may, instead of imposing the suspension, do one or more of the following:
 - a. assign the student to attend school on Saturday as supervised by the principal or the principal's designee; and
 - b. petition the juvenile court that the student is in need of services under Minn. Stat. Ch. 260C.
8. A written notice containing the grounds for suspension, a brief statement of the facts, a description of the testimony, a readmission plan, and a copy of the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56, shall be personally served upon the student at or before the time the suspension is to take effect, and upon the student's parent or guardian by mail within forty-eight (48) hours of the conference. (See attached sample Notice of Suspension.)
9. The school administration shall make reasonable efforts to notify the student's parent or guardian of the suspension by telephone as soon as possible following suspension.
10. In the event a student is suspended without an informal administrative

conference on the grounds that the student will create an immediate and substantial danger to surrounding persons or property, the written notice shall be served upon the student and the student's parent or guardian within forty-eight (48) hours of the suspension. Service by mail shall be complete upon mailing.

11. Notwithstanding the foregoing provisions, the student may be suspended pending the school board's decision in an expulsion or exclusion proceeding, provided that alternative educational services are implemented to the extent that suspension exceeds five (5) days.

D. Expulsion and Exclusion Procedures

1. "Expulsion" means a school board action to prohibit an enrolled student from further attendance for up to twelve (12) months from the date the student is expelled. The authority to expel rests with the school board.
2. "Exclusion" means an action taken by the school board to prevent enrollment or re-enrollment of a student for a period that shall not extend beyond the school year. The authority to exclude rests with the school board.
3. All expulsion and exclusion proceedings will be held pursuant to and in accordance with the provisions of the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§121A.40-121A.56.
4. No expulsion or exclusion shall be imposed without a hearing, unless the right to a hearing is waived in writing by the student and parent or guardian.
5. The student and parent or guardian shall be provided written notice of the school district's intent to initiate expulsion or exclusion proceedings. This notice shall be served upon the student and his or her parent or guardian personally or by mail, and shall contain a complete statement of the facts; a list of the witnesses and a description of their testimony; state the date, time and place of hearing; be accompanied by a copy of the Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56; describe alternative educational services accorded the student in an attempt to avoid the expulsion proceedings; and inform the student and parent or guardian of their right to: (1) have a representative of the student's own choosing, including legal counsel at the hearing; (2) examine the student's records before the hearing; (3) present evidence; and (4) confront and cross-examine witnesses. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from the Minnesota Department of Education (MDE).
6. The hearing shall be scheduled within ten (10) days of the service of the

written notice unless an extension, not to exceed five (5) days, is requested for good cause by the school district, student, parent, or guardian.

7. All hearings shall be held at a time and place reasonably convenient to the student, parent, or guardian and shall be closed, unless the student, parent, or guardian requests an open hearing.
8. The school district shall record the hearing proceedings at district expense, and a party may obtain a transcript at its own expense.
9. The student shall have a right to a representative of the student's own choosing, including legal counsel, at the student's sole expense. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from MDE. The school board may appoint an attorney to represent the school district in any proceeding.
10. If the student designates a representative other than the parent or guardian, the representative must have a written authorization from the student and the parent or guardian providing them with access to and/or copies of the student's records.
11. All expulsion or exclusion hearings shall take place before and be conducted by an independent hearing officer designated by the school district. The hearing shall be conducted in a fair and impartial manner. Testimony shall be given under oath and the hearing officer shall have the power to issue subpoenas and administer oaths.
12. At a reasonable time prior to the hearing, the student, parent or guardian, or authorized representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the proposed dismissal action may be based.
13. The student, parent or guardian, or authorized representative, shall have the right to compel the presence of any school district employee or agent or any other person who may have evidence upon which the proposed dismissal action may be based, and to confront and cross-examine any witnesses testifying for the school district.
14. The student, parent or guardian, or authorized representative, shall have the right to present evidence and testimony, including expert psychological or educational testimony.
15. The student cannot be compelled to testify in the dismissal proceedings.
16. The hearing officer shall prepare findings and a recommendation based solely upon substantial evidence presented at the hearing, which must be made to the school board and served upon the parties within two (2) days

after the close of the hearing.

17. The school board shall base its decision upon the findings and recommendation of the hearing officer and shall render its decision at a meeting held within five (5) days after receiving the findings and recommendation. The school board may provide the parties with the opportunity to present exceptions and comments to the hearing officer's findings and recommendation provided that neither party presents any evidence not admitted at the hearing. The decision by the school board must be based on the record, must be in writing, and must state the controlling facts on which the decision is made in sufficient detail to apprise the parties and the Commissioner of Education (Commissioner) of the basis and reason for the decision.
18. A party to an expulsion or exclusion decision made by the school board may appeal the decision to the Commissioner within twenty-one (21) calendar days of school board action pursuant to Minn. Stat. § 121A.49. The decision of the school board shall be implemented during the appeal to the Commissioner.
19. The school district shall report any suspension, expulsion or exclusion action taken to the appropriate public service agency, when the student is under the supervision of such agency.
20. The school district must report, through the MDE electronic reporting system, each expulsion or exclusion within thirty (30) days of the effective date of the action to the Commissioner. This report must include a statement of alternative educational services given the student and the reason for, the effective date, and the duration of the exclusion or expulsion. The report must also include the student's age, grade, gender, race, and special education status. The dismissal report must include state student identification numbers of affected students.
21. Whenever a student fails to return to school within ten (10) school days of the termination of dismissal, a school administrator shall inform the student and his/her parent or guardian by mail of the student's right to attend and to be reinstated in the school district.

X. ADMISSION OR READMISSION PLAN

A school administrator shall prepare and enforce an admission or readmission plan for any student who is excluded or expelled from school. The plan may include measures to improve the student's behavior, including completing a character education program consistent with Minn. Stat. § 120B.232, Subd. 1, and require parental involvement in the admission or readmission process, and may indicate the consequences to the student of not improving the student's behavior. The readmission plan must not obligate parents to provide a sympathomimetic medication for their child as a condition of readmission.

XI. NOTIFICATION OF POLICY VIOLATIONS

Notification of any violation of this policy and resulting disciplinary action shall be as provided herein, or as otherwise provided by the Pupil Fair Dismissal Act or other applicable law. The teacher, principal or other school district official may provide additional notification as deemed appropriate.

In addition, the school district must report, through the MDE electronic reporting system, each physical assault of a school district employee by a student within thirty (30) days of the assault. This report must include a statement of the alternative educational services or other sanction, intervention, or resolution given to the student in response to the assault and the reason for, the effective date, and the duration of the exclusion or expulsion or other sanction, intervention, or resolution. The report must also include the student's age, grade, gender, race, and special education status.

XII. STUDENT DISCIPLINE RECORDS

The policy of the school district is that complete and accurate student discipline records be maintained. The collection, dissemination, and maintenance of student discipline records shall be consistent with applicable school district policies and federal and state law, including the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13.

XIII. DISABLED STUDENTS

Students who are currently identified as eligible under the IDEA or Section 504 will be subject to the provisions of this policy, unless the student's IEP or 504 plan specifies a necessary modification.

Before initiating an expulsion or exclusion of a student with a disability, relevant members of the child's IEP team and the child's parent shall, consistent with federal law, conduct a manifestation determination and determine whether the child's behavior was (i) caused by or had a direct and substantial relationship to the child's disability and (ii) whether the child's conduct was a direct result of a failure to implement the child's IEP. If the student's educational program is appropriate and the behavior is not a manifestation of the student's disability, the school district will proceed with discipline – up to and including expulsion – as if the student did not have a disability, unless the student's educational program provides otherwise. If the team determines that the behavior subject to discipline is a manifestation of the student's disability, the team shall conduct a functional behavioral assessment and implement a behavioral intervention plan for such student provided that the school district had not conducted such assessment prior to the manifestation determination before the behavior that resulted in a change of placement. Where a behavioral intervention plan previously has been developed, the team will review the behavioral intervention plan and modify it as necessary to address the behavior.

When a student who has an IEP is excluded or expelled for misbehavior that is not a manifestation of the student's disability, the school district shall continue to provide special education and related services during the period of expulsion or exclusion.

XIV. OPEN ENROLLED STUDENTS

The school district may terminate the enrollment of a nonresident student enrolled under an Enrollment Option Program (Minn. Stat. § 124D.03) or Enrollment in Nonresident District (Minn. Stat. § 124D.08) at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy (Minn. Stat. Ch. 260A), and the student's case has been referred to juvenile court. The school district may also terminate the enrollment of a nonresident student over the age of seventeen (17) enrolled under an Enrollment Options Program if the student is absent without lawful excuse for one or more periods on fifteen (15) school days and has not lawfully withdrawn from school.

XV. DISTRIBUTION OF POLICY

The school district will notify students and parents of the existence and contents of this policy in such manner as it deems appropriate. Copies of this discipline policy shall be made available to all students and parents at the commencement of each school year and to all new students and parents upon enrollment. This policy shall also be available upon request in each principal's office.

XVI. REVIEW OF POLICY

The principal and representatives of parents, students and staff in each school building shall confer at least annually to review this discipline policy, determine if the policy is working as intended, and to assess whether the discipline policy has been enforced. Any recommended changes shall be submitted to the superintendent for consideration by the school board, which shall conduct an annual review of this policy.

514 BULLYING PROHIBITION POLICY

I. PURPOSE

A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with a student's ability to learn and/or a teacher's ability to educate students in a safe environment. The school district cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects the educational environment of the school district and the rights and welfare of its students and is within the control of the school district in its normal operations, the school district intends to prevent bullying and to take action to investigate, respond to, and to remediate and discipline for those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist the school district in its goal of preventing and responding to acts of bullying, intimidation, violence, reprisal, retaliation, and other similar disruptive and detrimental behavior.

II. GENERAL STATEMENT OF POLICY

- A. An act of bullying, by either an individual student or a group of students, is expressly prohibited on school premises, on school district property, at school functions or activities, or on school transportation. This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, condone or support another student's act of bullying. This policy also applies to any student whose conduct at any time or in any place constitutes bullying or other prohibited conduct that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student or other students, or materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges. This policy also applies to an act of cyberbullying regardless of whether such act is committed on or off school district property and/or with or without the use of school district resources.
- B. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying.
- C. Apparent permission or consent by a student being bullied does not lessen or

negate the prohibitions contained in this policy.

- D. Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.
- E. False accusations or reports of bullying against another student are prohibited.
- F. A person who engages in an act of bullying, reprisal, retaliation, or false reporting of bullying or permits, condones, or tolerates bullying shall be subject to discipline or other remedial responses for that act in accordance with the school district's policies and procedures, including the school district's discipline policy (See MSBA/MASA Model Policy 506). The school district may take into account the following factors:
 - 1. The developmental ages and maturity levels of the parties involved;
 - 2. The levels of harm, surrounding circumstances, and nature of the behavior;
 - 3. Past incidences or past or continuing patterns of behavior;
 - 4. The relationship between the parties involved; and
 - 5. The context in which the alleged incidents occurred.

Consequences for students who commit prohibited acts of bullying may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion. The school district shall employ research-based developmentally appropriate best practices that include preventative and remedial

measures and effective discipline for deterring violations of this policy, apply throughout the school district, and foster student, parent, and community participation.

Consequences for employees who permit, condone, or tolerate bullying or engage in an act of reprisal or intentional false reporting of bullying may result in disciplinary action up to and including termination or discharge.

Consequences for other individuals engaging in prohibited acts of bullying may include, but not be limited to, exclusion from school district property and events.

- G. The school district will act to investigate all complaints of bullying reported to the school district and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

III. DEFINITIONS

For purposes of this policy, the definitions included in this section apply.

- A. “Bullying” means intimidating, threatening, abusive, or harming conduct that is objectively offensive and:
1. an actual or perceived imbalance of power exists between the student engaging in the prohibited conduct and the target of the prohibited conduct, and the conduct is repeated or forms a pattern; or
 2. materially and substantially interferes with a student’s educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges.

The term, “bullying,” specifically includes cyberbullying as defined in this policy.

- B. “Cyberbullying” means bullying using technology or other electronic communication, including, but not limited to, a transfer of a sign, signal, writing, image, sound, or data, including a post on a social network Internet website or forum, transmitted through a computer, cell phone, or other electronic device. The term applies to prohibited conduct which occurs on school premises, on school district property, at school functions or activities, on school transportation, or on school computers, networks, forums, and mailing lists, or off school premises to the extent that it substantially and materially disrupts student learning or the school environment.
- C. “Immediately” means as soon as possible but in no event longer than 24 hours.
- D. “Intimidating, threatening, abusive, or harming conduct” means, but is not limited to, conduct that does the following:
1. Causes physical harm to a student or a student’s property or causes a student to be in reasonable fear of harm to person or property;
 2. Under Minnesota common law, violates a student’s reasonable expectation of privacy, defames a student, or constitutes intentional infliction of emotional distress against a student; or
 3. Is directed at any student or students, including those based on a person’s actual or perceived race, ethnicity, color, creed, religion, national origin, immigration status, sex, marital status, familial status, socioeconomic status, physical appearance, sexual orientation including gender identity and expression, academic status related to student performance, disability, or status with regard to public assistance, age, or any additional characteristic defined in the Minnesota Human Rights Act (MHRA). However, prohibited conduct need not be based on any particular characteristic defined in this paragraph or the MHRA.
- E. “On school premises, on school district property, at school functions or activities,

or on school transportation” means all school district buildings, school grounds, and school property or property immediately adjacent to school grounds, school bus stops, school buses, school vehicles, school contracted vehicles, or any other vehicles approved for school district purposes, the area of entrance or departure from school grounds, premises, or events, and all school-related functions, school-sponsored activities, events, or trips. School district property also may mean a student’s walking route to or from school for purposes of attending school or school-related functions, activities, or events. While prohibiting bullying at these locations and events, the school district does not represent that it will provide supervision or assume liability at these locations and events.

- F. “Prohibited conduct” means bullying or cyberbullying as defined in this policy or retaliation or reprisal for asserting, alleging, reporting, or providing information about such conduct or knowingly making a false report about bullying.
- G. “Remedial response” means a measure to stop and correct prohibited conduct, prevent prohibited conduct from recurring, and protect, support, and intervene on behalf of a student who is the target or victim of prohibited conduct.
- H. “Student” means a student enrolled in a public school or a charter school.

IV. REPORTING PROCEDURE

- A. Any person who believes he or she has been the target or victim of bullying or any person with knowledge or belief of conduct that may constitute bullying or prohibited conduct under this policy shall report the alleged acts immediately to an appropriate school district official designated by this policy. A person may report bullying anonymously. However, the school district may not rely solely on an anonymous report to determine discipline or other remedial responses.
- B. The school district encourages the reporting party or complainant to use the report form available from the principal or building supervisor of each building or available in the school district office, but oral reports shall be considered complaints as well.
- C. The building principal, the principal’s designee, or the building supervisor (hereinafter the “building report taker”) is the person responsible for receiving reports of bullying or other prohibited conduct at the building level. Any person may report bullying or other prohibited conduct directly to a school district human rights officer or the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.

The building report taker shall ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall serve as the primary contact on policy and procedural matters. The building report taker or a third party designated by the school district shall be responsible for the investigation. The building report taker shall provide information about available community resources to the target or victim of the bullying or other prohibited conduct, the perpetrator, and other affected individuals as appropriate.

- D. A teacher, school administrator, volunteer, contractor, or other school employee shall be particularly alert to possible situations, circumstances, or events that might include bullying. Any such person who witnesses, observes, receives a report of, or has other knowledge or belief of conduct that may constitute bullying or other prohibited conduct shall make reasonable efforts to address and resolve the bullying or prohibited conduct and shall inform the building report taker immediately. School district personnel who fail to inform the building report taker of conduct that may constitute bullying or other prohibited conduct or who fail to make reasonable efforts to address and resolve the bullying or prohibited conduct in a timely manner may be subject to disciplinary action.
- E. Reports of bullying or other prohibited conduct are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law. The building report taker, in conjunction with the responsible authority, shall be responsible for keeping and regulating access to any report of bullying and the record of any resulting investigation.
- F. Submission of a good faith complaint or report of bullying or other prohibited conduct will not affect the complainant's or reporter's future employment, grades, work assignments, or educational or work environment.
- G. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's obligation to investigate, take appropriate action, and comply with any legal disclosure obligations.

V. SCHOOL DISTRICT ACTION

- A. Within three days of the receipt of a complaint or report of bullying or other prohibited conduct, the school district shall undertake or authorize an investigation by the building report taker or a third party designated by the school district.
- B. The building report taker or other appropriate school district officials may take immediate steps, at their discretion, to protect the target or victim of the bullying or other prohibited conduct, the complainant, the reporter, and students or others, pending completion of an investigation of the bullying or other prohibited conduct, consistent with applicable law.

- C. The alleged perpetrator of the bullying or other prohibited conduct shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.
- D. Upon completion of an investigation that determines that bullying or other prohibited conduct has occurred, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited conduct. Remedial responses to the bullying or other prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors specified in Section II.F. of this policy. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements; applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; the student discipline policy (See MSBA/MASA Model Policy 506) and other applicable school district policies; and applicable regulations.
- E. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the parent(s) or guardian(s) of students who are targets of bullying or other prohibited conduct and the parent(s) or guardian(s) of alleged perpetrators of bullying or other prohibited conduct who have been involved in a reported and confirmed bullying incident of the remedial or disciplinary action taken, to the extent permitted by law.
- F. In order to prevent or respond to bullying or other prohibited conduct committed by or directed against a child with a disability, the school district shall, when determined appropriate by the child's individualized education program (IEP) team or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in bullying or other prohibited conduct.

VI. RETALIATION OR REPRISAL

The school district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who commits an act of reprisal or who retaliates against any person who asserts, alleges, or makes a good faith report of alleged bullying or prohibited conduct, who provides information about bullying or prohibited conduct, who testifies, assists, or participates in an investigation of alleged bullying or prohibited conduct, or who testifies, assists, or participates in a proceeding or hearing relating to such bullying or prohibited conduct. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline the individual(s) who engaged in the prohibited conduct. Remedial responses to the prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors

specified in Section II.F. of this policy.

VII. TRAINING AND EDUCATION

- A. The school district shall discuss this policy with school personnel and volunteers and provide appropriate training to school district personnel regarding this policy. The school district shall establish a training cycle for school personnel to occur during a period not to exceed every three school years. Newly employed school personnel must receive the training within the first year of their employment with the school district. The school district or a school administrator may accelerate the training cycle or provide additional training based on a particular need or circumstance. This policy shall be included in employee handbooks, training materials, and publications on school rules, procedures, and standards of conduct, which materials shall also be used to publicize this policy.
- B. The school district shall require ongoing professional development, consistent with Minn. Stat. § 122A.60, to build the skills of all school personnel who regularly interact with students to identify, prevent, and appropriately address bullying and other prohibited conduct. Such professional development includes, but is not limited to, the following:
 - 1. Developmentally appropriate strategies both to prevent and to immediately and effectively intervene to stop prohibited conduct;
 - 2. The complex dynamics affecting a perpetrator, target, and witnesses to prohibited conduct;
 - 3. Research on prohibited conduct, including specific categories of students at risk for perpetrating or being the target or victim of bullying or other prohibited conduct in school;
 - 4. The incidence and nature of cyberbullying; and
 - 5. Internet safety and cyberbullying.
- C. The school district annually will provide education and information to students regarding bullying, including information regarding this school district policy prohibiting bullying, the harmful effects of bullying, and other applicable initiatives to prevent bullying and other prohibited conduct.
- D. The administration of the school district is directed to implement programs and other initiatives to prevent bullying, to respond to bullying in a manner that does not stigmatize the target or victim, and to make resources or referrals to resources available to targets or victims of bullying.
- E. The administration is encouraged to provide developmentally appropriate instruction and is directed to review programmatic instruction to determine if adjustments are necessary to help students identify and prevent or reduce bullying

and other prohibited conduct, to value diversity in school and society, to develop and improve students' knowledge and skills for solving problems, managing conflict, engaging in civil discourse, and recognizing, responding to, and reporting bullying or other prohibited conduct, and to make effective prevention and intervention programs available to students.

The administration must establish strategies for creating a positive school climate and use evidence-based social-emotional learning to prevent and reduce discrimination and other improper conduct.

The administration is encouraged, to the extent practicable, to take such actions as it may deem appropriate to accomplish the following:

1. Engage all students in creating a safe and supportive school environment;
 2. Partner with parents and other community members to develop and implement prevention and intervention programs;
 3. Engage all students and adults in integrating education, intervention, and other remedial responses into the school environment;
 4. Train student bystanders to intervene in and report incidents of bullying and other prohibited conduct to the schools' primary contact person;
 5. Teach students to advocate for themselves and others;
 6. Prevent inappropriate referrals to special education of students who may engage in bullying or other prohibited conduct; and
 7. Foster student collaborations that, in turn, foster a safe and supportive school climate.
- F. The school district may implement violence prevention and character development education programs to prevent or reduce policy violations. Such programs may offer instruction on character education including, but not limited to, character qualities such as attentiveness, truthfulness, respect for authority, diligence, gratefulness, self-discipline, patience, forgiveness, respect for others, peacemaking, and resourcefulness.
- G. I. PURPOSE

The school district recognizes its responsibility in regard to the collection, maintenance, and dissemination of pupil records and the protection of the privacy rights of students as provided in federal law and state statutes.

II. GENERAL STATEMENT OF POLICY

The following procedures and policies regarding the protection and privacy of parents and students are adopted by the school district, pursuant to the requirements of 20 U.S.C. § 1232g, *et seq.*, (Family Educational Rights and Privacy Act (FERPA)) 34 C.F.R. Part 99 and consistent with the requirements of the Minnesota Government Data Practices Act, Minnesota Statutes Chapter. 13, and Minnesota. Rules Parts 1205.0100-1205.2000.

III. DEFINITIONS

A. Authorized Representative

“Authorized representative” means any entity or individual designated by the school district, state, or an agency headed by an official of the Comptroller of the United States, the Attorney General of the United States, the Secretary of the U.S. Department of Education, or state and local educational authorities to conduct, with respect to federal or state supported education programs, any audit or evaluation or any compliance or enforcement activity in connection with federal legal requirements that relate to these programs.

B. Biometric Record

“Biometric record,” as referred to in “Personally Identifiable,” means a record of one or more measurable biological or behavioral characteristics that can be used for automated recognition of an individual (e.g., fingerprints, retina and iris patterns, voiceprints, DNA sequence, facial characteristics, and handwriting).

C. Dates of Attendance

“Dates of attendance,” as referred to in “Directory Information,” means the period of time during which a student attends or attended a school or schools in the school

district, including attendance in person or by paper correspondence, videoconference, satellite, Internet, or other electronic information and telecommunications technologies for students who are not in the classroom, and including the period during which a student is working under a work-study program. The term does not include specific daily records of a student's attendance at a school or schools in the school district.

D. Directory Information

"Directory information" means information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. It includes, but is not limited to, the student's name; address; telephone listing; electronic mail address; photograph; date and place of birth; major field of study; dates of attendance; grade level; enrollment status (i.e., full-time or part-time); participation in officially recognized activities and sports; weight and height of members of athletic teams; degrees, honors and awards received; and the most recent educational agency or institution attended. It also includes the name, address, and telephone number of the student's parent(s). Directory information does not include:

1. a student's social security number;
2. a student's identification number (ID), user ID, or other unique personal identifier used by a student for purposes of accessing or communicating in electronic systems if the identifier may be used to access education records without use of one or more factors that authenticate the student's identity such as a personal identification number (PIN), password, or other factor known or possessed only by the authorized user;
3. a student ID or other unique personal identifier that is displayed on a student ID badge if the identifier can be used to gain access to educational records when used in conjunction with one or more factors that authenticate the student's identity, such as a PIN, password, or other factor known or possessed only by the student;
4. personally identifiable data which references religion, race, color, social position, or nationality; or
5. data collected from nonpublic school students, other than those who receive shared time educational services, unless written consent is given by the student's parent or guardian.

E. Education Records

1. What constitutes "education records." Education records means those records that are: (1) directly related to a student; and (2) maintained by the school district or by a party acting for the school district.

2. What does not constitute education records. The term “education records” does not include:

- a. Records of instructional personnel that are:
 - (1) kept in the sole possession of the maker of the record;
 - (2) used only as a personal memory aid;
 - (3) not accessible or revealed to any other individual except a temporary substitute teacher; and
 - (4) destroyed at the end of the school year.
- b. Records of a law enforcement unit of the school district, provided education records maintained by the school district are not disclosed to the unit, and the law enforcement records are:
 - (1) maintained separately from education records;
 - (2) maintained solely for law enforcement purposes; and
 - (3) disclosed only to law enforcement officials of the same jurisdiction.
- c. Records relating to an individual, including a student, who is employed by the school district which:
 - (1) are made and maintained in the normal course of business;
 - (2) relate exclusively to the individual in that individual’s capacity as an employee; and
 - (3) are not available for use for any other purpose.

However, records relating to an individual in attendance at the school district who is employed as a result of his or her status as a student are education records.

- d. Records relating to an eligible student, or a student attending an institution of post-secondary education, that are:
 - (1) made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in his or her professional or paraprofessional capacity or assisting in that capacity;
 - (2) made, maintained, or used only in connection with the

provision of treatment to the student; and

- (3) disclosed only to individuals providing the treatment; provided that the records can be personally reviewed by a physician or other appropriate professional of the student's choice. For the purpose of this definition, "treatment" does not include remedial educational activities or activities that are a part of the program of instruction within the school district.

- e. Records created or received by the school district after an individual is no longer a student at the school district and that are not directly related to the individual's attendance as a student.
- f. Grades on peer-related papers before the papers are collected and recorded by a teacher.

F. Eligible Student

"Eligible student" means a student who has attained eighteen (18) years of age or is attending an institution of post-secondary education.

"Juvenile justice system" includes criminal justice agencies and the judiciary when involved in juvenile justice activities.

H. Legitimate Educational Interest

"Legitimate educational interest" includes an interest directly related to classroom instruction, teaching, student achievement and progress, discipline of a student, student health and welfare, and the ability to respond to a request for education data. It includes a person's need to know in order to:

- 1. Perform an administrative task required in the school or employee's contract or position description approved by the school board;
- 2. Perform a supervisory or instructional task directly related to the student's education;
- 3. Perform a service or benefit for the student or the student's family such as health care, counseling, student job placement, or student financial aid; or
- 4. Perform a task directly related to responding to a request for data.

I. Parent

"Parent" means a parent of a student and includes a natural parent, a guardian, or an individual acting as a parent of the student in the absence of a parent or guardian.

The school district may presume the parent has the authority to exercise the rights provided herein, unless it has been provided with evidence that there is a state law or court order governing such matters as marriage dissolution, separation or child custody, or a legally binding instrument which provides to the contrary.

J. Personally Identifiable

“Personally identifiable” means that the data or information includes, but is not limited to: (a) a student’s name; (b) the name of the student’s parent or other family member; (c) the address of the student or student’s family; (d) a personal identifier such as the student’s social security number or student number or biometric record; (e) other indirect identifiers, such as the student’s date of birth, place of birth, and mother’s maiden name; (f) other information that, alone or in combination, is linked or linkable to a specific student that would allow a reasonable person in the school community, who does not have personal knowledge of the relevant circumstances, to identify the student with reasonable certainty; or (g) information requested by a person who the school district reasonably believes knows the identity of the student to whom the education record relates.

K. Record

“Record” means any information or data recorded in any way including, but not limited to, handwriting, print, computer media, video or audio tape, film, microfilm, and microfiche.

O. Summary Data

“Summary data” means statistical records and reports derived from data on individuals but in which individuals are not identified and from which neither their identities nor any other characteristic that could uniquely identify the individual is ascertainable.

P. Other Terms and Phrases

All other terms and phrases shall be defined in accordance with applicable state and federal law or ordinary customary usage.

IV. GENERAL CLASSIFICATION

State law provides that all data collected, created, received, or maintained by a school district are public unless classified by state or federal law as not public or private or confidential. State law classifies all data on individuals maintained by a school district which relates to a student as private data on individuals. This data may not be disclosed to parties other than the parent or eligible student without consent, except pursuant to a valid court order, certain state statutes authorizing access, and the provisions of FERPA and the regulations promulgated thereunder.

V. STATEMENT OF RIGHTS

A. Rights of Parents and Eligible Students

Parents and eligible students have the following rights under this policy:

1. The right to inspect and review the student’s education records;
2. The right to request the amendment of the student’s education records to ensure that they are not inaccurate, misleading, or otherwise in violation of the student’s privacy or other rights;
3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that such consent is not required for disclosure pursuant to this policy, state or federal law, or the regulations promulgated thereunder;
4. The right to refuse release of names, addresses, and home telephone numbers of students in grades 11 and 12 to military recruiting officers and post-secondary educational institutions;
5. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school district to comply with the federal law and the regulations promulgated thereunder;

6. The right to be informed about rights under the federal law; and
7. The right to obtain a copy of this policy at the location set forth in Section XXI. of this policy.

B. Eligible Students

All rights and protections given to parents under this policy transfer to the student when he or she reaches eighteen (18) years of age or enrolls in an institution of post-secondary education. The student then becomes an “eligible student.” However, the parents of an eligible student who is also a “dependent student” are entitled to gain access to the education records of such student without first obtaining the consent of the student. In addition, parents of an eligible student may be given access to education records in connection with a health or safety emergency if the disclosure meets the conditions of any provision set forth in 34 C.F.R. § 99.31(a).

C. Students with a Disability

The school district shall follow 34 C.F.R. §§ 300.610-300.617 with regard to the privacy, notice, access, record keeping and accuracy of information related to students with a disability.

VI. DISCLOSURE OF EDUCATION RECORDS

A. Consent Required for Disclosure

1. The school district shall obtain a signed and dated written informed consent of the parent of a student or the eligible student before disclosing personally identifiable information from the education records of the student, except as provided herein.
2. The written consent required by this subdivision must be signed and dated by the parent of the student or the eligible student giving the consent and shall include:
 - a. a specification of the records to be disclosed;
 - b. the purpose or purposes of the disclosure;
 - c. the party or class of parties to whom the disclosure may be made;
 - d. the consequences of giving informed consent; and
 - e. if appropriate, a termination date for the consent.
3. When a disclosure is made under this subdivision:

- a. if the parent or eligible student so requests, the school district shall provide him or her with a copy of the records disclosed; and
 - b. if the parent of a student who is not an eligible student so requests, the school district shall provide the student with a copy of the records disclosed.
- 4. A signed and dated written consent may include a record and signature in electronic form that:
 - a. identifies and authenticates a particular person as the source of the electronic consent; and
 - b. indicates such person's approval of the information contained in the electronic consent.
- 5. If the responsible authority seeks an individual's informed consent to the release of private data to an insurer or the authorized representative of an insurer, informed consent shall not be deemed to have been given unless the statement is:
 - a. in plain language;
 - b. dated;
 - c. specific in designating the particular persons or agencies the data subject is authorizing to disclose information about the data subject;
 - d. specific as to the nature of the information the subject is authorizing to be disclosed;
 - e. specific as to the persons or agencies to whom the subject is authorizing information to be disclosed;
 - f. specific as to the purpose or purposes for which the information may be used by any of the parties named in Clause e. above, both at the time of the disclosure and at any time in the future; and
 - g. specific as to its expiration date which should be within a reasonable time, not to exceed one year except in the case of authorizations given in connection with applications for: (i) life insurance or noncancellable or guaranteed renewable health insurance and identified as such, two years after the date of the policy, or (ii) medical assistance under Minnesota Statutes Chapter 256B or Minnesota Care under Minnesota Statutes Chapter 256L, which shall be ongoing during all terms of eligibility, for individualized education program health-related services provided by a school district that are subject to third party reimbursement.

6. Eligible Student Consent

Whenever a student has attained eighteen (18) years of age or is attending an institution of post-secondary education, the rights accorded to and the consent required of the parent of the student shall thereafter only be accorded to and required of the eligible student, except as provided in Section V. of this policy.

B. Prior Consent for Disclosure Not Required

The school district may disclose personally identifiable information from the education records of a student without the written consent of the parent of the student or the eligible student unless otherwise provided herein, if the disclosure is:

1. To other school officials, including teachers, within the school district whom the school district determines have a legitimate educational interest in such records;
2. To a contractor, consultant, volunteer, or other party to whom the school district has outsourced institutional services or functions provided that the outside party:
 - a. performs an institutional service or function for which the school district would otherwise use employees;
 - b. is under the direct control of the school district with respect to the use and maintenance of education records; and
 - c. will not disclose the information to any other party without the prior consent of the parent or eligible student and uses the information only for the purposes for which the disclosure was made;
3. To officials of other schools, school districts, or post-secondary educational institutions in which the student seeks or intends to enroll, or is already enrolled, as long as the disclosure is for purposes related to the student's enrollment or transfer. The records shall include information about disciplinary action taken as a result of any incident in which the student possessed or used a dangerous weapon, and with proper annual notice (see Section XIX.), suspension and expulsion information pursuant to section 7917 of the federal Every Student Succeeds Act, 20 U.S.C. § 7917 and, if applicable, data regarding a student's history of violent behavior. The records also shall include a copy of any probable cause notice or any disposition or court order under Minnesota Statutes section 260B.171, unless the data are required to be destroyed under Minnesota Statutes section 120A.22, subdivision 7(c) or section 121A.75. On request, the school district will provide the parent or eligible student with a copy of the education records that have been transferred and provide an opportunity for

a hearing to challenge the content of those records in accordance with Section XV. of this policy;

4. To authorized representatives of the Comptroller General of the United States, the Attorney General of the United States, the Secretary of the U.S. Department of Education, or the Commissioner of the State Department of Education or his or her representative, subject to the conditions relative to such disclosure provided under federal law;
5. In connection with financial aid for which a student has applied or has received, if the information is necessary for such purposes as to:
 - a. determine eligibility for the aid;
 - b. determine the amount of the aid;
 - c. determine conditions for the aid; or
 - d. enforce the terms and conditions of the aid.

“Financial aid” for purposes of this provision means a payment of funds provided to an individual or a payment in kind of tangible or intangible property to the individual that is conditioned on the individual’s attendance at an educational agency or institution;

6. To state and local officials or authorities to whom such information is specifically allowed to be reported or disclosed pursuant to state statute adopted:
 - a. before November 19, 1974, if the allowed reporting or disclosure concerns the juvenile justice system and such system’s ability to effectively serve the student whose records are released; or
 - b. after November 19, 1974, if the reporting or disclosure allowed by state statute concerns the juvenile justice system and the system’s ability to effectively serve, prior to adjudication, the student whose records are released, provided the officials and authorities to whom the records are disclosed certify in writing to the school district that the data will not be disclosed to any other party, except as provided by state law, without the prior written consent of the parent of the student. At a minimum, the school district shall disclose the following information to the juvenile justice system under this paragraph: a student’s full name, home address, telephone number, and date of birth; a student’s school schedule, attendance record, and photographs, if any; and parents’ names, home addresses, and telephone numbers;
7. To organizations conducting studies for or on behalf of educational agencies

or institutions for the purpose of developing, validating, or administering predictive tests, administering student aid programs, or improving instruction; provided that the studies are conducted in a manner which does not permit the personal identification of parents or students by individuals other than representatives of the organization who have a legitimate interest in the information, the information is destroyed when no longer needed for the purposes for which the study was conducted, and the school district enters into a written agreement with the organization that: (a) specifies the purpose, scope, and duration of the study or studies and the information to be disclosed; (b) requires the organization to use personally identifiable information from education records only to meet the purpose or purposes of the study as stated in the written agreement; (c) requires the organization to conduct the study in a manner that does not permit personal identification of parents and students by anyone other than representatives of the organization with legitimate interests; and (d) requires the organization to destroy all personally identifiable information when information is no longer needed for the purposes for which the study was conducted and specifies the time period in which the information must be destroyed. For purposes of this provision, the term, "organizations," includes, but is not limited to, federal, state, and local agencies and independent organizations. In the event the Department of Education determines that a third party outside of the school district to whom information is disclosed violates this provision, the school district may not allow that third party access to personally identifiable information from education records for at least five (5) years;

8. To accrediting organizations in order to carry out their accrediting functions;
9. To parents of a student eighteen (18) years of age or older if the student is a dependent of the parents for income tax purposes;
10. To comply with a judicial order or lawfully issued subpoena, provided, however, that the school district makes a reasonable effort to notify the parent or eligible student of the order or subpoena in advance of compliance therewith so that the parent or eligible student may seek protective action, unless the disclosure is in compliance with a federal grand jury subpoena, or any other subpoena issued for law enforcement purposes, and the court or other issuing agency has ordered that the existence or the contents of the subpoena or the information furnished in response to the subpoena not be disclosed, or the disclosure is in compliance with an ex parte court order obtained by the United States Attorney General (or designee not lower than an Assistant Attorney General) concerning investigations or prosecutions of an offense listed in 18 U.S.C. § 2332b(g)(5)(B), an act of domestic or international terrorism as defined in 18 U.S.C. § 2331, or a parent is a party to a court proceeding involving child abuse and neglect or dependency matters, and the order is issued in the context of the proceeding. If the school district initiates legal action against a parent or student, it may

disclose to the court, without a court order or subpoena, the education records of the student that are relevant for the school district to proceed with the legal action as a plaintiff. Also, if a parent or eligible student initiates a legal action against the school district, the school district may disclose to the court, without a court order or subpoena, the student's education records that are relevant for the school district to defend itself;

11. To appropriate parties, including parents of an eligible student, in connection with an emergency if knowledge of the information is necessary to protect the health, including the mental health, or safety of the student or other individuals. The decision is to be based upon information available at the time the threat occurs that indicates that there is an articulable and significant threat to the health or safety of a student or other individuals. In making a determination whether to disclose information under this section, the school district may take into account the totality of the circumstances pertaining to a threat and may disclose information from education records to any person whose knowledge of the information is necessary to protect the health or safety of the student or other students. A record of this disclosure must be maintained pursuant to Section XIII.E. of this policy. In addition, an educational agency or institution may include in the education records of a student appropriate information concerning disciplinary action taken against the student for conduct that posed a significant risk to the safety or well-being of that student, other students, or other members of the school community. This information may be disclosed to teachers and school officials within the school district and/or teachers and school officials in other schools who have legitimate educational interests in the behavior of the student;
12. To the juvenile justice system if information about the behavior of a student who poses a risk of harm is reasonably necessary to protect the health or safety of the student or other individuals;
13. Information the school district has designated as "directory information" pursuant to Section VII. of this policy;
14. To military recruiting officers and post-secondary educational institutions pursuant to Section XI. of this policy;
15. To the parent of a student who is not an eligible student or to the student himself or herself;
16. To appropriate health authorities to the extent necessary to administer immunization programs and for bona fide epidemiologic investigations which the commissioner of health determines are necessary to prevent disease or disability to individuals in the public educational agency or institution in which the investigation is being conducted;
17. To volunteers who are determined to have a legitimate educational interest

in the data and who are conducting activities and events sponsored by or endorsed by the educational agency or institution for students or former students;

18. To the juvenile justice system, on written request that certifies that the information will not be disclosed to any other person except as authorized by law without the written consent of the parent of the student:
 - a. the following information about a student must be disclosed: a student's full name, home address, telephone number, date of birth; a student's school schedule, daily attendance record, and photographs, if any; and any parents' names, home addresses, and telephone numbers;
 - b. the existence of the following information about a student, not the actual data or other information contained in the student's education record, may be disclosed provided that a request for access must be submitted on the statutory form and it must contain an explanation of why access to the information is necessary to serve the student: (1) use of a controlled substance, alcohol, or tobacco; (2) assaultive or threatening conduct that could result in dismissal from school under the Pupil Fair Dismissal Act; (3) possession or use of weapons or look-alike weapons; (4) theft; or (5) vandalism or other damage to property. Prior to releasing this information, the principal or chief administrative officer of a school who receives such a request must, to the extent permitted by federal law, notify the student's parent or guardian by certified mail of the request to disclose information. If the student's parent or guardian notifies the school official of an objection to the disclosure within ten (10) days of receiving certified notice, the school official must not disclose the information and instead must inform the requesting member of the juvenile justice system of the objection. If no objection from the parent or guardian is received within fourteen (14) days, the school official must respond to the request for information.

The written requests of the juvenile justice system member(s), as well as a record of any release, must be maintained in the student's file;

19. To the principal where the student attends and to any counselor directly supervising or reporting on the behavior or progress of the student if it is information from a disposition order received by a superintendent under Minnesota Statutes section 260B.171, subdivision 3. The principal must notify the counselor immediately and must place the disposition order in the student's permanent education record. The principal also must notify immediately any teacher or administrator who directly supervises or reports on the behavior or progress of the student whom the principal believes needs the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless

vulnerability. The principal may also notify other school district employees, substitutes, and volunteers who are in direct contact with the student if the principal determines that these individuals need the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. Such notices from the principal must identify the student, outline the offense, and describe any conditions of probation about which the school must provide information if this information is provided in the disposition order. Disposition order information received is private educational data received for the limited purpose of serving the educational needs of the student and protecting students and staff. The information may not be further disseminated by the counselor, teacher, administrator, staff member, substitute, or volunteer except as necessary to serve the student, to protect students and staff, or as otherwise required by law, and only to the student or the student's parent or guardian;

20. To the principal where the student attends if it is information from a peace officer's record of children received by a superintendent under Minnesota Statutes section 260B.171, subdivision 5. The principal must place the information in the student's education record. The principal also must notify immediately any teacher, counselor, or administrator directly supervising the student whom the principal believes needs the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. The principal may also notify other district employees, substitutes, and volunteers who are in direct contact with the student if the principal determines that these individuals need the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. Such notices from the principal must identify the student and describe the alleged offense if this information is provided in the peace officer's notice. Peace officer's record information received is private educational data received for the limited purpose of serving the educational needs of the student and protecting students and staff. The information must not be further disseminated by the counselor, teacher administrator, staff member, substitute, or volunteer except to communicate with the student or the student's parent or guardian as necessary to serve the student, to protect students and staff, or as otherwise required by law.

The principal must delete the peace officer's record from the student's education record, destroy the data, and make reasonable efforts to notify any teacher, counselor, staff member, administrator, substitute, or volunteer who received information from the peace officer's record if the county attorney determines not to proceed with a petition or directs the student into a diversion or mediation program or if a juvenile court makes a decision on a petition and the county attorney or juvenile court notifies the superintendent of such action;

21. To the Secretary of Agriculture, or authorized representative from the Food and Nutrition Service or contractors acting on behalf of the Food and Nutrition Service, for the purposes of conducting program monitoring, evaluations, and performance measurements of state and local educational and other agencies and institutions receiving funding or providing benefits of one or more programs authorized under the National School Lunch Act or the Child Nutrition Act of 1966 for which the results will be reported in an aggregate form that does not identify any individual, on the conditions that: (a) any data collected shall be protected in a manner that will not permit the personal identification of students and their parents by other than the authorized representatives of the Secretary; and (b) any personally identifiable data shall be destroyed when the data are no longer needed for program monitoring, evaluations, and performance measurements; or
22. To an agency caseworker or other representative of a State or local child welfare agency, or tribal organization (as defined in 25 U.S.C. § 5304), who has the right to access a student's case plan, as defined and determined by the State or tribal organization, when such agency or organization is legally responsible, in accordance with State or tribal law, for the care and protection of the student, provided that the education records, or the personally identifiable information contained in such records, of the student will not be disclosed by such agency or organization, except to an individual or entity engaged in addressing the student's education needs and authorized by such agency or organization to receive such disclosure and such disclosure is consistent with the State or tribal laws applicable to protecting the confidentiality of a student's education records.

C. Nonpublic School Students

The school district may disclose personally identifiable information from the education records of a nonpublic school student, other than a student who receives shared time educational services, without the written consent of the parent of the student or the eligible student unless otherwise provided herein, if the disclosure is:

1. Pursuant to a valid court order;
2. Pursuant to a statute specifically authorizing access to the private data; or
3. To appropriate health authorities to the extent necessary to administer immunization programs and for bona fide epidemiological investigations which the commissioner of health determines are necessary to prevent disease or disability to individuals in the public educational agency or institution in which the investigation is being conducted.

VII. RELEASE OF DIRECTORY INFORMATION

A. Classification

Directory information is public except as provided herein.

B. Former Students

Unless a former student validly opted out of the release of directory information while the student was in attendance and has not rescinded the opt out request at any time, the school district may disclose directory information from the education records generated by it regarding the former student without meeting the requirements of Paragraph C. of this section. In addition, under an explicit exclusion from the definition of an “education record,” the school district may release records that only contain information about an individual obtained after he or she is no longer a student at the school district and that are not directly related to the individual’s attendance as a student (e.g., a student’s activities as an alumnus of the school district).

C. Present Students and Parents

The school district may disclose directory information from the education records of a student and information regarding parents without prior written consent of the parent of the student or eligible student, except as provided herein. Prior to such disclosure the school district shall:

1. Annually give public notice by any means that are reasonably likely to inform the parents and eligible students of:
 - a. the types of personally identifiable information regarding students and/or parents that the school district has designated as directory information;
 - b. the parent’s or eligible student’s right to refuse to let the school district designate any or all of those types of information about the student and/or the parent as directory information; and
 - c. the period of time in which a parent or eligible student has to notify the school district in writing that he or she does not want any or all of those types of information about the student and/or the parent designated as directory information.
2. Allow a reasonable period of time after such notice has been given for a parent or eligible student to inform the school district in writing that any or all of the information so designated should not be disclosed without the parent’s or eligible student’s prior written consent, except as provided in Section VI. of this policy.
3. A parent or eligible student may not opt out of the directory information disclosures to:
 - a. prevent the school district from disclosing or requiring the student

to disclose the student's name, ID, or school district e-mail address in a class in which the student is enrolled; or

- b. prevent the school district from requiring a student to wear, to display publicly, or to disclose a student ID card or badge that exhibits information that may be designated as directory information and that has been properly designated by the school district as directory information.
4. The school district shall not disclose or confirm directory information without meeting the written consent requirements contained in Section VI.A. of this policy if a student's social security number or other non-directory information is used alone or in combination with other data elements to identify or help identify the student or the student's records.

D. Procedure for Obtaining Nondisclosure of Directory Information

The parent's or eligible student's written notice shall be directed to the responsible authority and shall include the following:

1. Name of the student and/or parent, as appropriate;
2. Home address;
3. School presently attended by student;
4. Parent's legal relationship to student, if applicable; and
5. Specific categories of directory information to be made not public without the parent's or eligible student's prior written consent, which shall only be applicable for that school year.

E. Duration

The designation of any information as directory information about a student or parents will remain in effect for the remainder of the school year unless the parent or eligible student provides the written notifications provided herein.

VIII. DISCLOSURE OF PRIVATE RECORDS

A. Private Records

For the purposes herein, education records are records which are classified as private data on individuals by state law and which are accessible only to the student who is the subject of the data and the student's parent if the student is not an eligible student. The school district may not disclose private records or their contents except as summary data, or except as provided in Section VI. of this policy, without the prior written consent of the parent or the eligible student. The school district

will use reasonable methods to identify and authenticate the identity of parents, students, school officials, and any other party to whom personally identifiable information from education records is disclosed.

B. Private Records Not Accessible to Parent

In certain cases, state law intends, and clearly provides, that certain information contained in the education records of the school district pertaining to a student be accessible to the student alone, and to the parent only under special circumstances, if at all.

1. The responsible authority may deny access to private data by a parent when a minor student who is the subject of that data requests that the responsible authority deny such access. The minor student's request must be submitted in writing setting forth the reasons for denying access to the parent and must be signed by the minor. Upon receipt of such request the responsible authority shall determine if honoring the request to deny the parent access would be in the best interest of the minor data subject. In making this determination the responsible authority shall consider the following factors:
 - a. whether the minor is of sufficient age and maturity to be able to explain the reasons for and understand the consequences of the request to deny access;
 - b. whether the personal situation of the minor is such that denying parental access may protect the minor data subject from physical or emotional harm;
 - c. whether there are grounds for believing that the minor data subject's reasons for precluding parental access are reasonably accurate;
 - d. whether the data in question is of such a nature that disclosure of it to the parent may lead to physical or emotional harm to the minor data subject; and
 - e. whether the data concerns medical, dental or other health services provided pursuant to Minnesota Statutes sections 144.341-144.347, in which case the data may be released only if the failure to inform the parent would seriously jeopardize the health of the minor.

C. Private Records Not Accessible to Student

Students shall not be entitled to access to private data concerning financial records and statements of the student's parent or any information contained therein.

D. Military-Connected Youth Identifier

When a school district updates its enrollment forms in the ordinary course of business, the

school district must include a box on the enrollment form to allow students to self-identify as a military-connected youth. For purposes of this section, a "military-connected youth" means having an immediate family member, including a parent or sibling, who is currently in the armed forces either as a reservist or on active duty or has recently retired from the armed forces. Data collected under this provision is private data on individuals, but summary data may be published by the Department of Education.

IX. DISCLOSURE OF CONFIDENTIAL RECORDS

A. Confidential Records

Confidential records are those records and data contained therein which are made not public by state or federal law, and which are inaccessible to the student and the student's parents or to an eligible student.

B. Reports Under the Maltreatment of Minors Reporting Act

Pursuant to Minnesota Statutes Chapter 260E, written copies of reports pertaining to a neglected and/or physically and/or sexually abused child shall be accessible only to the appropriate welfare and law enforcement agencies. In respect to other parties, such data shall be confidential and will not be made available to the parent or the subject individual by the school district. The subject individual, however, may obtain a copy of the report from either the local welfare agency, county sheriff, or the local police department subject to the provisions of Minnesota Statutes Chapter 260E.

Regardless of whether a written report is made under Minnesota Statutes Chapter 260E, as soon as practicable after a school receives information regarding an incident that may constitute maltreatment of a child in a school facility, the school shall inform the parent, legal guardian, or custodian of the child that an incident occurred that may constitute maltreatment of the child, when the incident occurred, and the nature of the conduct that may constitute maltreatment.

C. Investigative Data

Data collected by the school district as part of an active investigation undertaken for the purpose of the commencement or defense of pending civil legal action, or are retained in anticipation of a pending civil legal action are classified as protected nonpublic data in the case of data not on individuals, and confidential data in the case of data on individuals.

1. The school district may make any data classified as protected non-public or confidential pursuant to this subdivision accessible to any person, agency, or the public if the school district determines that such access will aid the law enforcement process, promote public health or safety, or dispel widespread rumor or unrest.
2. A complainant has access to a statement he or she provided to the school

district.

3. Parents or eligible students may have access to investigative data of which the student is the subject, but only to the extent the data is not inextricably intertwined with data about other school district students, school district employees, and/or attorney data as defined in Minnesota Statutes section 13.393.
4. Once a civil investigation becomes inactive, civil investigative data becomes public unless the release of the data would jeopardize another pending civil legal action, except for those portions of such data that are classified as not public data under state or federal law. Any civil investigative data presented as evidence in court or made part of a court record shall be public. For purposes of this provision, a civil investigation becomes inactive upon the occurrence of any of the following events:
 - a. a decision by the school district, or by the chief attorney for the school district, not to pursue the civil legal action. However, such investigation may subsequently become active if the school district or its attorney decides to renew the civil legal action;
 - b. the expiration of the time to file a complaint under the statute of limitations or agreement applicable to the civil legal action; or
 - c. the exhaustion or expiration of rights of appeal by either party to the civil legal action.
5. A “pending civil legal action” for purposes of this subdivision is defined as including, but not limited to, judicial, administrative, or arbitration proceedings.

D. Chemical Abuse Records

To the extent the school district maintains records of the identity, diagnosis, prognosis, or treatment of any student which are maintained in connection with the performance of any drug abuse prevention function conducted, regulated, or directly or indirectly assisted by any department or agency of the United States, such records are classified as confidential and shall be disclosed only for the purposes and under the circumstances expressly authorized by law.

X. DISCLOSURE OF SCHOOL RECORDS PRIOR TO EXCLUSION OR EXPULSION HEARING

At a reasonable time prior to any exclusion or expulsion hearing, the student and the student’s parent or guardian or representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the action proposed by the school district may be based, pursuant to the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes section 121A.40, *et seq.*

XI. DISCLOSURE OF DATA TO MILITARY RECRUITING OFFICERS AND POST-SECONDARY EDUCATIONAL INSTITUTIONS

- A. The school district will release the names, addresses, electronic mail address (which shall be the electronic mail addresses provided by the school district, if available, that may be released to military recruiting officers only), and home telephone numbers of students in grades 11 and 12 to military recruiting officers and post-secondary educational institutions within sixty (60) days after the date of the request unless a parent or eligible student has refused in writing to release this data pursuant to Paragraph C. below.
- B. Data released to military recruiting officers under this provision:
1. may be used only for the purpose of providing information to students about military service, state and federal veterans' education benefits, and other career and educational opportunities provided by the military;
 2. cannot be further disseminated to any other person except personnel of the recruiting services of the armed forces; and
 3. copying fees shall not be imposed.
- C. A parent or eligible student has the right to refuse the release of the name, address, electronic mail addresses (which shall be the electronic mail addresses provided by the school, if available, that may be released to military recruiting officers only) or home telephone number to military recruiting officers and post-secondary educational institutions. To refuse the release of the above information to military recruiting officers and post-secondary educational institutions, a parent or eligible student must notify the responsible authority, the building principal, in writing by September 30 each year. The written request must include the following information:
1. Name of student and parent, as appropriate;
 2. Home address;
 3. Student's grade level;
 4. School presently attended by student;
 5. Parent's legal relationship to student, if applicable;
 6. Specific category or categories of information which are not to be released to military recruiting officers and post-secondary educational institutions; and
 7. Specific category or categories of information which are not to be released

to the public, including military recruiting officers and post-secondary educational institutions.

- D. Annually, the school district will provide public notice by any means that are reasonably likely to inform the parents and eligible students of their rights to refuse to release the names, addresses, and home phone numbers of students in grades 11 and 12 without prior consent.
- E. A parent or eligible student's refusal to release the above information to military recruiting officers and post-secondary educational institutions does not affect the school district's release of directory information to the rest of the public, which includes military recruiting officers and post-secondary educational institutions. In order to make any directory information about a student private, the procedures contained in Section VII. of this policy also must be followed. Accordingly, to the extent the school district has designated the name, address, home phone number, and grade level of students as directory information, absent a request from a parent or eligible student not to release such data, this information will be public data and accessible to members of the public, including military recruiting officers and post-secondary educational institutions.

XII. LIMITS ON REDISCLOSURE

A. Redisclosure

Consistent with the requirements herein, the school district may only disclose personally identifiable information from the education records of a student on the condition that the party to whom the information is to be disclosed will not disclose the information to any other party without the prior written consent of the parent of the student or the eligible student, except that the officers, employees, and agents of any party receiving personally identifiable information under this section may use the information, but only for the purposes for which the disclosure was made.

B. Redisclosure Not Prohibited

- 1. Subdivision A. of this section does not prevent the school district from disclosing personally identifiable information under Section VI. of this policy with the understanding that the party receiving the information may make further disclosures of the information on behalf of the school district provided:
 - a. The disclosures meet the requirements of Section VI. of this policy; and
 - b. The school district has complied with the record-keeping requirements of Section XIII. of this policy.
- 2. Subdivision A. of this section does not apply to disclosures made pursuant to court orders or lawfully issued subpoenas or litigation, to disclosures of

directory information, to disclosures to a parent or student or to parents of dependent students, or to disclosures concerning sex offenders and other individuals required to register under 42 U.S.C. § 14071. However, the school district must provide the notification required in Section XII.D. of this policy if a redisclosure is made based upon a court order or lawfully issued subpoena.

C. Classification of Disclosed Data

The information disclosed shall retain the same classification in the hands of the party receiving it as it had in the hands of the school district.

D. Notification

The school district shall inform the party to whom a disclosure is made of the requirements set forth in this section, except for disclosures made pursuant to court orders or lawfully issued subpoenas, disclosure of directory information under Section VII. of this policy, disclosures to a parent or student, or disclosures to parents of a dependent student. In the event that the Family Policy Compliance Office determines that a state or local educational authority, a federal agency headed by an official listed in 34 C.F.R. § 99.31(a)(3), or an authorized representative of a state or local educational authority or a federal agency headed by an official listed in § 99.31(a)(3), or a third party outside of the school district improperly rediscloses personally identifiable information from education records or fails to provide notification required under this section of this policy, the school district may not allow that third party access to personally identifiable information from education records for at least five (5) years.

XIII. RESPONSIBLE AUTHORITY; RECORD SECURITY; AND RECORD KEEPING

A. Responsible Authority

The responsible authority shall be responsible for the maintenance and security of student records.

B. Record Security

The principal of each school subject to the supervision and control of the responsible authority shall be the records manager of the school, and shall have the duty of maintaining and securing the privacy and/or confidentiality of student records.

C. Plan for Securing Student Records

The building principal shall submit to the responsible authority a written plan for securing students records by September 1 of each school year. The written plan shall contain the following information:

1. A description of records maintained;
2. Titles and addresses of person(s) responsible for the security of student records;
3. Location of student records, by category, in the buildings;
4. Means of securing student records; and
5. Procedures for access and disclosure.

D. Review of Written Plan for Securing Student Records

The responsible authority shall review the plans submitted pursuant to Paragraph C. of this section for compliance with the law, this policy and the various administrative policies of the school district. The responsible authority shall then promulgate a chart incorporating the provisions of Paragraph C. which shall be attached to and become a part of this policy.

E. Record Keeping

1. The principal shall, for each request for and each disclosure of personally identifiable information from the education records of a student, maintain a record, with the education records of the student, that indicates:
 - a. the parties who have requested or received personally identifiable information from the education records of the student;
 - b. the legitimate interests these parties had in requesting or obtaining the information; and
 - c. the names of the state and local educational authorities and federal officials and agencies listed in Section VI.B.4. of this policy that may make further disclosures of personally identifiable information from the student's education records without consent.
2. In the event the school district discloses personally identifiable information from an education record of a student pursuant to Section XII.B. of this policy, the record of disclosure required under this section shall also include:
 - a. the names of the additional parties to which the receiving party may disclose the information on behalf of the school district;
 - b. the legitimate interests under Section VI. of this policy which each of the additional parties has in requesting or obtaining the information; and

- c. a copy of the record of further disclosures maintained by a state or local educational authority or federal official or agency listed in Section VI.B.4. of this policy in accordance with 34 C.F.R. § 99.32 and to whom the school district disclosed information from an education record. The school district shall request a copy of the record of further disclosures from a state or local educational authority or federal official or agency to whom education records were disclosed upon a request from a parent or eligible student to review the record of requests for disclosure.
- 3. Section XIII.E.1. does not apply to requests by or disclosure to a parent of a student or an eligible student, disclosures pursuant to the written consent of a parent of a student or an eligible student, requests by or disclosures to other school officials under Section VI.B.1. of this policy, to requests for disclosures of directory information under Section VII. of this policy, or to a party seeking or receiving the records as directed by a federal grand jury or other law enforcement subpoena and the issuing court or agency has ordered that the existence or the contents of the subpoena or the information provided in response to the subpoena not be disclosed or as directed by an ex parte court order obtained by the United States Attorney General (or designee not lower than an Assistant Attorney General) concerning investigations or prosecutions of an offense listed in 18. U.S.C. § 2332b(g)(5)(B) or an act of domestic or international terrorism.
- 4. The record of requests of disclosures may be inspected by:
 - a. the parent of the student or the eligible student;
 - b. the school official or his or her assistants who are responsible for the custody of the records; and
 - c. the parties authorized by law to audit the record-keeping procedures of the school district.
- 5. The school district shall record the following information when it discloses personally identifiable information from education records under the health or safety emergency exception:
 - a. the articulable and significant threat to the health or safety of a student or other individual that formed the basis for the disclosure; and
 - b. the parties to whom the school district disclosed the information.
- 6. The record of requests and disclosures shall be maintained with the education records of the student as long as the school district maintains the student's education records.

XIV. RIGHT TO INSPECT AND REVIEW EDUCATION RECORDS

A. Parent of a Student, an Eligible Student or the Parent of an Eligible Student Who is Also a Dependent Student

The school district shall permit the parent of a student, an eligible student, or the parent of an eligible student who is also a dependent student who is or has been in attendance in the school district to inspect or review the education records of the student, except those records which are made confidential by state or federal law or as otherwise provided in Section VIII. of this policy.

B. Response to Request for Access

The school district shall respond to any request pursuant to Subdivision A. of this section immediately, if possible, or within ten (10) days of the date of the request, excluding Saturdays, Sundays, and legal holidays.

C. Right to Inspect and Review

The right to inspect and review education records under Subdivision A. of this section includes:

1. The right to a response from the school district to reasonable requests for explanations and interpretations of records; and
2. If circumstances effectively prevent the parent or eligible student from exercising the right to inspect and review the education records, the school district shall provide the parent or eligible student with a copy of the records requested or make other arrangements for the parent or eligible student to inspect and review the requested records.
3. Nothing in this policy shall be construed as limiting the frequency of inspection of the education records of a student with a disability by the student's parent or guardian or by the student upon the student reaching the age of majority.

D. Form of Request

Parents or eligible students shall submit to the school district a written request to inspect education records which identify as precisely as possible the record or records he or she wishes to inspect.

E. Collection of Student Records

If a student's education records are maintained in more than one location, the responsible authority may collect copies of the records or the records themselves

from the various locations so they may be inspected at one site. However, if the parent or eligible student wishes to inspect these records where they are maintained, the school district shall attempt to accommodate those wishes. The parent or eligible student shall be notified of the time and place where the records may be inspected.

F. Records Containing Information on More Than One Student

If the education records of a student contain information on more than one student, the parent or eligible student may inspect and review or be informed of only the specific information which pertains to that student.

G. Authority to Inspect or Review

The school district may presume that either parent of the student has authority to inspect or review the education records of a student unless the school district has been provided with evidence that there is a legally binding instrument or a state law or court order governing such matters as marriage dissolution, separation, or custody which provides to the contrary.

H. Fees for Copies of Records

1. The school district shall charge a reasonable fee for providing photocopies or printed copies of records unless printing a copy is the only method to provide for the inspection of data. In determining the amount of the reasonable fee, the school district shall consider the following:
 - a. the cost of materials, including paper, used to provide the copies;
 - b. the cost of the labor required to prepare the copies;
 - c. any schedule of standard copying charges established by the school district in its normal course of operations;
 - d. any special costs necessary to produce such copies from machine based record-keeping systems, including but not limited to computers and microfilm systems; and
 - e. mailing costs.
2. If 100 or fewer pages of black and white, letter or legal size paper copies are requested, actual costs shall not be used, and, instead, the charge shall be no more than 25 cents for each page copied.
3. The cost of providing copies shall be borne by the parent or eligible student.
4. The responsible authority, however, may not impose a fee for a copy of an education record made for a parent or eligible student if doing so would

effectively prevent or, in the case of a student with a disability, impair the parent or eligible student from exercising their right to inspect or review the student's education records.

XV. REQUEST TO AMEND RECORDS; PROCEDURES TO CHALLENGE DATA

A. Request to Amend Education Records

The parent of a student or an eligible student who believes that information contained in the education records of the student is inaccurate, misleading, or violates the privacy rights of the student may request that the school district amend those records.

1. The request shall be in writing, shall identify the item the requestor believes to be inaccurate, misleading, or in violation of the privacy or other rights of the student, shall state the reason for this belief, and shall specify the correction the requestor wishes the school district to make. The request shall be signed and dated by the requestor.
2. The school district shall decide whether to amend the education records of the student in accordance with the request within thirty (30) days after receiving the request.
3. If the school district decides to refuse to amend the education records of the student in accordance with the request, it shall inform the parent of the student or the eligible student of the refusal and advise the parent or eligible student of the right to a hearing under Subdivision B. of this section.

B. Right to a Hearing

If the school district refuses to amend the education records of a student, the school district, on request, shall provide an opportunity for a hearing in order to challenge the content of the student's education records to ensure that information in the education records of the student is not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student. A hearing shall be conducted in accordance with Subdivision C. of this section.

1. If, as a result of the hearing, the school district decides that the information is inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student, it shall amend the education records of the student accordingly and so inform the parent of the student or the eligible student in writing.
2. If, as a result of the hearing, the school district decides that the information is not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student, it shall inform the parent or eligible student of the right to place a statement in the record commenting on the contested information in the record or stating why he or she disagrees with the

decision of the school district, or both.

3. Any statement placed in the education records of the student under Subdivision B. of this section shall:
 - a. be maintained by the school district as part of the education records of the student so long as the record or contested portion thereof is maintained by the school district; and
 - b. if the education records of the student or the contested portion thereof is disclosed by the school district to any party, the explanation shall also be disclosed to that party.

C. Conduct of Hearing

1. The hearing shall be held within a reasonable period of time after the school district has received the request, and the parent of the student or the eligible student shall be given notice of the date, place, and time reasonably in advance of the hearing.
2. The hearing may be conducted by any individual, including an official of the school district who does not have a direct interest in the outcome of the hearing. The school board attorney shall be in attendance to present the school board's position and advise the designated hearing officer on legal and evidentiary matters.
3. The parent of the student or eligible student shall be afforded a full and fair opportunity for hearing to present evidence relative to the issues raised under Subdivisions A. and B. of this section and may be assisted or represented by individuals of his or her choice at his or her own expense, including an attorney.
4. The school district shall make a decision in writing within a reasonable period of time after the conclusion of the hearing. The decision shall be based solely on evidence presented at the hearing and shall include a summary of evidence and reasons for the decision.

D. Appeal

The final decision of the designated hearing officer may be appealed in accordance with the applicable provisions of Minnesota Statutes Chapter 14 relating to contested cases.

XVI. PROBLEMS ACCESSING DATA

- A. The data practices compliance official is the designated employee to whom persons may direct questions or concerns regarding problems in obtaining access to data or

other data practices problems.

- B. Data practices compliance official means Administrative Assistant to the Superintendent.
- C. Any request by an individual with a disability for reasonable modifications of the school district's policies or procedures for purposes of accessing records shall be made to the data practices compliance official.

XVII. COMPLAINTS FOR NONCOMPLIANCE WITH FERPA

A. Where to File Complaints

Complaints regarding alleged violations of rights accorded parents and eligible students by FERPA, and the rules promulgated thereunder, shall be submitted in writing to the U.S. Department of Education, Student Privacy Policy Office, 400 Maryland Avenue S.W., Washington, D.C. 20202-8520.

B. Content of Complaint

A complaint filed pursuant to this section must contain specific allegations of fact giving reasonable cause to believe that a violation of FERPA and the rules promulgated thereunder has occurred.

XVIII. WAIVER

A parent or eligible student may waive any of his or her rights provided herein pursuant to FERPA. A waiver shall not be valid unless in writing and signed by the parent or eligible student. The school district may not require such a waiver.

XIX. ANNUAL NOTIFICATION OF RIGHTS

A. Contents of Notice

The school district shall give parents of students currently in attendance and eligible students currently in attendance annual notice by such means as are reasonably likely to inform the parents and eligible students of the following:

1. That the parent or eligible student has a right to inspect and review the student's education records and the procedure for inspecting and reviewing education records;
2. That the parent or eligible student has a right to seek amendment of the student's education records to ensure that those records are not inaccurate, misleading, or otherwise in violation of the student's privacy or other rights and the procedure for requesting amendment of records;

3. That the parent or eligible student has a right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that federal and state law and the regulations promulgated thereunder authorize disclosure without consent;
4. That the parent or eligible student has a right to file a complaint with the U.S. Department of Education regarding an alleged failure by the school district to comply with the requirements of FERPA and the rules promulgated thereunder;
5. The criteria for determining who constitutes a school official and what constitutes a legitimate educational interest for purposes of disclosing education records to other school officials whom the school district has determined to have legitimate educational interests; and
6. That the school district forwards education records on request to a school in which a student seeks or intends to enroll or is already enrolled as long as the disclosure is for purposes related to the student's enrollment or transfer and that such records may include suspension and expulsion records pursuant to the federal Every Student Succeeds Act and, if applicable, a student's history of violent behavior.

B. Notification to Parents of Students Having a Primary Home Language Other Than English

The school district shall provide for the need to effectively notify parents of students identified as having a primary or home language other than English.

C. Notification to Parents or Eligible Students Who are Disabled

The school district shall provide for the need to effectively notify parents or eligible students identified as disabled.

1. Parents and eligible students are hereby informed that they have the following rights:
 - a. That a parent or eligible student has a right to inspect and review the student's education records within 45 days after the day the request for access is received by the school district. A parent or eligible student should submit to the school district a written request to inspect education records which identify as precisely as possible the record or records he or she wishes to inspect. The parent or eligible student will be notified of the time and place where the records may be inspected;

That the parent or eligible student has a right to seek amendment of the student's education records to ensure that those records are not inaccurate, misleading, or otherwise in violation of the student's privacy rights. A parent or eligible student may ask the school district to amend a record that they believe is inaccurate or misleading. The request shall be in writing, identify the item the parent or eligible student believes to be inaccurate, misleading, or in violation of the privacy rights of the student, shall state the reason for this belief, and shall specify the correction the parent or eligible student wishes the school district to make. The request shall be signed by the parent or eligible student. If the school district decides not to amend the record as requested by the parent or eligible student, the school district will notify the parent or eligible student of the decision and advise him or her of the right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing;

A school official has a “legitimate educational interest” if the individual needs to review an education record in order to fulfill his or her professional responsibility and includes, but is not limited to, an interest directly related to classroom instruction, teaching, student achievement and progress, discipline of a student, and student health and welfare and the ability to respond to a request for educational data;

- e. That the school district forwards education records on request to a school or post-secondary educational institution in which a student seeks or intends to enroll, or is already enrolled, as long as the disclosure is for purposes related to the student’s enrollment, including information about disciplinary action taken as a result of any incident in which the student possessed or used a dangerous weapon, suspension and expulsion information pursuant to 20 U.S.C. § 7917, part of the federal Every Student Succeeds Act [*insert the following bracketed phrase if the school district has a policy regarding Staff Notification of Violent Behavior by Students*] [and data regarding a student’s history of violent behavior,] and any disposition order which adjudicates the student as delinquent for committing an illegal act on school district property and certain other illegal acts;
- f. That the parent or eligible student has a right to file a complaint with the U.S. Department of Education regarding an alleged failure by the school district to comply with the requirements of 20 U.S.C. § 1232g and the rules promulgated thereunder. 520 STUDENT SURVEYS

I. PURPOSE

Occasionally, the school district utilizes surveys to obtain student opinions and information about students. The purpose of this policy is to establish the parameters of information that may be sought in student surveys.

II. GENERAL STATEMENT OF POLICY

Student surveys may be conducted as determined necessary by the school district. Surveys, analyses, and evaluations conducted as part of any program funded through the U.S. Department of Education must comply with 20 U.S.C. § 1232h.

III. STUDENT SURVEYS IN GENERAL

- A. Student surveys will be conducted anonymously and in an indiscernible fashion. No mechanism will be used for identifying the participating student in any way. No attempt will be made in any way to identify a student survey participant. No requirement that the student return the survey shall exist, and no record of the student's returning a survey will be maintained.
- B. The superintendent may choose not to approve any survey that seeks probing personal and/or sensitive information that could result in identifying the survey participant, or is discriminatory in nature based on age, race, color, sex, disability, religion, or national origin.
- C. Surveys containing questions pertaining to the student's or the student's parent(s) or guardian(s) personal beliefs or practices in sex, family life, morality, and religion will not be administered to any student unless the parent or guardian of the student is notified in writing that such survey is to be administered and the parent or guardian of the student gives written permission for the student to participate or has the opportunity to opt out of the survey depending upon how the survey is funded. Any and all documents containing the written permission of a parent for a student to participate in a survey will be maintained by the school district in a file separate from the survey responses.
- D. Although the survey is conducted anonymously, potential exists for personally

identifiable information to be provided in response thereto. To the extent that personally identifiable information of a student is contained in his or her responses to a survey, the school district will take appropriate steps to ensure the data is protected in accordance with Minn. Stat. Ch. 13 (Minnesota Government Data Practices Act), 20 U.S.C. § 1232g (Family Educational Rights and Privacy Act) and 34 C.F.R. Part 99.

- E. The school district must not impose an academic or other penalty on a student who opts out of participating in a student survey.

IV. STUDENT SURVEYS CONDUCTED AS PART OF DEPARTMENT OF EDUCATION PROGRAM

- A. All instructional materials, including teacher's manuals, films, tapes, or other supplementary material which will be used in connection with any survey, analysis, or evaluation as part of any program funded in whole or in part by the U.S. Department of Education, shall be available for inspection by the parents or guardians of the students.
- B. No student shall be required, as part of any program funded in whole or in part by the U.S. Department of Education, without the prior consent of the student (if the student is an adult or emancipated minor), or, in the case of an unemancipated minor, without the prior written consent of the parent, to submit to a survey that reveals information concerning:
 - 1. political affiliations or beliefs of the student or the student's parent;
 - 2. mental and psychological problems of the student or the student's family;
 - 3. sex behavior or attitudes;
 - 4. illegal, antisocial, self-incriminating, or demeaning behavior;
 - 5. critical appraisals of other individuals with whom respondents have close family relationships;
 - 6. legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;
 - 7. religious practices, affiliations, or beliefs of the student or the student's parent; or
 - 8. income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).

- C. A school district that receives funds under any program funded by the U.S. Department of Education shall develop local policies consistent with Sections IV.A. and IV.B., above, concerning student privacy, parental access to information, and administration of certain physical examinations to minors.

1. The following policies are to be adopted in consultation with parents:

- a. The right of a parent to inspect, on request, a survey, including an evaluation, created by a third party before the survey is administered or distributed by a school to a student, including procedures for granting a parent's request for reasonable access to such survey within a reasonable period of time after the request is received.

"Parent" means a legal guardian or other person acting *in loco parentis* (in place of a parent), such as a grandparent or stepparent with whom the child lives, or a person who is legally responsible for the welfare of the child.

- b. Arrangements to protect student privacy in the event of the administration or distribution of a survey, including an evaluation, to a student which contains one or more of the items listed in Section IV.B., above, including the right of a parent of a student to inspect, on request, any such survey.

- c. The right of a parent of a student to inspect, on request, any instructional material used as part of the educational curriculum for the student and procedures for granting a request by a parent for such access within a reasonable period of time after the request is received.

"Instructional material" means instructional content that is provided to a student, regardless of format, including printed or representational materials, audio-visual materials, and materials in electronic or digital formats (i.e., materials accessible through the Internet). The term does not include academic tests or academic assessments.

- d. The administration of physical examinations or screenings that the school district may administer to a student. This provision does not apply to a survey administered to a student in accordance with the Individuals with Disabilities Education Act (20 U.S.C. § 1400, *et seq.*).
- e. The collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that

information (or otherwise providing the information to others for that purpose), including arrangements to protect student privacy that are provided by the school district in the event of such collection, disclosure, or use.

- (1) “Personal information” means individually identifiable information including a student or parent’s first and last name; a home or other physical address (including street name and the name of the city or town); a telephone number; or a Social Security identification number.
- (2) This provision does not apply to the collection, disclosure, or use of personal information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions, such as:
 - (a) college or other post-secondary education recruitment or military;
 - (b) book clubs, magazines, and programs providing access to low cost literary products;
 - (c) curriculum and instructional materials used by elementary and secondary schools;
 - (d) tests and assessments used by elementary schools and secondary schools to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about students, or to generate other statistically useful data for the purpose of securing such tests and assessments and the subsequent analysis and public release of the aggregate data from such tests and assessments;
 - (e) the sale by students of products or services to raise funds for school-related or education-related activities; and
 - (f) student recognition programs.
- (3) The right of a parent to inspect, on request, any instrument used in the collection of information, as described in Section IV.C.1., Subparagraph e., above, before the instrument is administered or distributed to a student and procedures for granting a request by a parent for reasonable

access to such an instrument within a reasonable period of time after the request is received.

2. The policies adopted under Section IV.C., Subparagraph 1., above, shall provide for reasonable notice of the adoption or continued use of such policies directly to parents of students enrolled in or served by the school district.
 - a. The notice will be provided at least annually, at the beginning of the school year, and within a reasonable period of time after any substantive change in a policy.
 - b. The notice will provide parents with an opportunity to opt out of participation in the following activities:
 - (1) Activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information, or otherwise providing that information to others for that purpose.
 - (2) The administration of any third-party survey (non-Department of Education funded) containing one or more of the items contained in Section IV.B., above.
 - (3) Any nonemergency, invasive physical examination or screening that is required as a condition of attendance, administered by the school and scheduled by the school in advance, and not necessary to protect the immediate health and safety of the student or other students.

“Invasive physical examination” means any medical examination that involves the exposure of private body parts, or act during such examination that includes incision, insertion, or injection into the body, but does not include a hearing, vision, or scoliosis screening.
 - c. The notice will advise students of the specific or approximate dates during the school year when the activities in Section IV.C.2., Subparagraph b., above, are scheduled, or expected to be scheduled.
 - d. The notice provisions shall not be construed to preempt applicable provisions of state law that require parental notification and do not apply to any physical examination or screening that is permitted or

required by applicable state law, including physical examinations or screenings that are permitted without parental notification.

V. NOTICE

- A. The school district must give parents and students notice of this policy at the beginning of each school year and after making substantive changes to this policy.
- B. The school district must inform parents at the beginning of the school year if the district or school has identified specific or approximate dates for administering surveys and give parents reasonable notice of planned surveys scheduled after the start of the school year. The school district must give parents direct, timely notice when their students are scheduled to participate in a student survey by United States mail, e-mail, or another direct form of communication.
- C. The school district must give parents the opportunity to review the survey and to opt their students out of participating in the survey.

This policy does not apply to sexual harassment that occurs off school grounds, in a private setting, and outside the scope of the school district's education programs and activities. This policy does not apply to sexual harassment that occurs outside the geographic boundaries of the United States, even if the sexual harassment occurs in the school district's education programs or activities.
- D. Any student, parent, or guardian having questions regarding the application of Title IX and its regulations and/or this policy and grievance process should discuss them with the Title IX Coordinator. The school district's Title IX Coordinator(s) is/are:

Jeff Pesta, Superintendent, Deer River Schools, PO Box 307, Deer River, MN 56636, 218-246-2420, ext 60212, jpesta@isd317.org

Questions relating solely to Title IX and its regulations may be referred to the Title IX Coordinator(s), the Assistant Secretary for Civil Rights of the United States Department of Education, or both.

- E. The effective date of this policy is August 14, 2020 and applies to alleged violations of this policy occurring on or after August 14, 2020.

II. DEFINITIONS

- A. “Actual knowledge” means notice of sexual harassment or allegations of sexual harassment to the school district’s Title IX Coordinator or to any employee of the school district. Imputation of knowledge based solely on vicarious liability or constructive notice is insufficient to constitute actual knowledge. This standard is not met when the only official of the school district with actual knowledge is the respondent.
- B. “Complainant” means a person who is alleged to be the victim of conduct that could constitute sexual harassment under Title IX. A Title IX Coordinator who signs a formal complaint is not a complainant unless the Title IX Coordinator is alleged to be the victim of the conduct described in the formal complaint.
- C. “Day” or “days” means, unless expressly stated otherwise, business days (i.e. day(s) that the school district office is open for normal operating hours, Monday - Friday, excluding State-recognized holidays).
- A. “Deliberately indifferent” means clearly unreasonable in light of the known circumstances. The school district is deliberately indifferent only if its response to sexual harassment is clearly unreasonable in light of the known circumstances.
- B. “Education program or activity” means locations, events, or circumstances for which the school district exercises substantial control over both the respondent and the context in which the sexual harassment occurs and includes school district education programs or activities that occur on or off of school district property.
- C. “Formal complaint” means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the school district investigate the allegation of sexual harassment.
 - 1. A formal complaint filed by a complainant must be a physical document or an electronic submission. The formal complaint must contain the complainant’s physical or digital signature, or otherwise indicate that the complainant is the person filing the formal complaint, and must be submitted to the Title IX Coordinator in person, by mail, or by email.
 - 2. A formal complaint shall state that, at the time of filing the formal complaint, the complainant was participating in, or attempting to participate in, an education program or activity of the school district with which the formal complaint is filed.
- D. “Informal resolution” means options for resolving a formal complaint that do not

involve a full investigation and adjudication. Informal resolution may encompass a broad range of conflict resolution strategies, including mediation or restorative justice.

- E. “Relevant questions” and “relevant evidence” are questions, documents, statements, or information that are related to the allegations raised in a formal complaint. Relevant evidence includes evidence that is both inculpatory and exculpatory. Questions and evidence about the complainant’s sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant’s prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant’s prior sexual behavior with respect to the respondent and are offered to prove consent.
- F. “Remedies” means actions designed to restore or preserve the complainant’s equal access to education after a respondent is found responsible. Remedies may include the same individualized services that constitute supportive measures, but need not be non-punitive or non-disciplinary, nor must they avoid burdening the respondent.
- G. “Respondent” means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment under Title IX.
- H. “Sexual harassment” means any of three types of misconduct on the basis of sex that occurs in a school district education program or activity and is committed against a person in the United States:
 - 1. *Quid pro quo* harassment by a school district employee (conditioning the provision of an aid, benefit, or service of the school district on an individual's participation in unwelcome sexual conduct);
 - 2. Unwelcome conduct that a reasonable person would find so severe, pervasive, and objectively offensive that it denies a person equal educational access; or
 - 3. Any instance of sexual assault (as defined in the Clery Act, 20 U.S.C. §1092(f)(6)A(v)), dating violence, domestic violence, or stalking (as defined in the Violence Against Women Act, 34 U.S.C. §12291).
- I. “Supportive measures” means individualized services provided to the complainant or respondent without fee or charge that are reasonably available, non-punitive, non-disciplinary, not unreasonably burdensome to the other party, and designed to ensure equal educational access, protect safety, and deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, alternative educational services as defined under Minn. Stat. § 121A.41, as amended, mutual

restrictions on contact between the parties, changes in work locations, leaves of absence, increased security and monitoring of certain areas of the school district buildings or property, and other similar measures.

- J. “Title IX Personnel” means any person who addresses, works on, or assists with the school district’s response to a report of sexual harassment or formal complaint, and includes persons who facilitate informal resolutions. The following are considered Title IX Personnel:
1. “Title IX Coordinator” means an employee of the school district that coordinates the school district’s efforts to comply with and carry out its responsibilities under Title IX. The Title IX Coordinator is responsible for acting as the primary contact for the parties and ensuring that the parties are provided with all notices, evidence, reports, and written determinations to which they are entitled under this policy and grievance process. The Title IX Coordinator is also responsible for effective implementation of any supportive measures or remedies. The Title IX Coordinator must be free from conflicts of interest and bias when administering the grievance process.
 2. “Investigator” means a person who investigates a formal complaint. The investigator of a formal complaint may not be the same person as the Decision-maker or the Appellate Decision-maker. The Investigator may be a school district employee, school district official, or a third party designated by the school district.
 3. “Decision-maker” means a person who makes a determination regarding responsibility after the investigation has concluded. The Decision-maker cannot be the same person as the Title IX Coordinator, the Investigator, or the Appellate Decision-maker.
 4. “Appellate Decision-maker” means a person who considers and decides appeals of determinations regarding responsibility and dismissals of formal complaints. The Appellate Decision-maker cannot be the same person as the Title IX Coordinator, Investigator, or Decision-maker. The Appellate Decision-maker may be a school district employee, or a third party designated by the school district.
 5. The superintendent of the school district may delegate functions assigned to a specific school district employee under this policy, including but not limited to the functions assigned to the Title IX Coordinator, Investigator, Decision-maker, Appellate Decision-maker, and facilitator of informal resolution processes, to any suitably qualified individual and such delegation may be rescinded by the superintendent at any time. The school district may also, in its discretion, appoint suitably qualified persons who are not school district employees to fulfill any function under this policy,

including, but not limited to, Investigator, Decision-maker, Appellate Decision-maker, and facilitator of informal resolution processes.

III. BASIC REQUIREMENTS FOR GRIEVANCE PROCESS

A. Equitable Treatment

1. The school district shall treat complainants and respondents equitably. However, equality or parity with respect to supportive measures provided to complainants and respondents is not required.
2. The school district will not impose any disciplinary sanctions or take any other actions against a respondent that do not constitute supportive measures until it has completed this grievance process and the respondent has been found responsible.
3. The school district will provide appropriate remedies to the complainant any time a respondent is found responsible.

B. Objective and Unbiased Evaluation of Complaints

1. Title IX Personnel, including the Title IX Coordinator, Investigator, Decision-maker, and Appellate Decision-maker, shall be free from conflicts of interest or bias for or against complainants or respondents generally or a specific complainant or respondent.
2. Throughout the grievance process, Title IX Personnel will objectively evaluate all relevant evidence, inculpatory and exculpatory, and shall avoid credibility determinations based solely on a person's status as a complainant, respondent, or witness.

- C. Title IX Personnel will presume that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

D. Confidentiality

The school district will keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any complainant, any individual who has been reported to be the perpetrator of sex discrimination, any respondent, and any witness, except as may be permitted by the Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. § 1232g, or FERPA's regulations, and State law under Minn. Stat. § 13.32 34 C.F.R. Part 99, or as required by law, or to carry out the purposes of 34 C.F.R. Part 106, including the

conduct of any investigation, hearing, or judicial proceeding arising thereunder (i.e., the school district's obligation to maintain confidentiality shall not impair or otherwise affect the complainants and respondents receipt of the information to which they are entitled with respect to the investigative record and determination of responsibility).

E. Right to an Advisor; Right to a Support Person

Complainants and respondents have the right, at their own expense, to be assisted by an advisor of their choice during all stages of any grievance proceeding, including all meetings and investigative interviews. The advisor may be, but is not required to be, an attorney. In general, an advisor is not permitted to speak for or on behalf of a complainant or respondent, appear in lieu of complainant or respondent, participate as a witness, or participate directly in any other manner during any phase of the grievance process.

A complainant or respondent with a disability may be assisted by a support person throughout the grievance process, including all meetings and investigative interviews, if such accommodation is necessary. A support person may be a friend, family member, or any individual who is not otherwise a potential witness. The support person is not permitted to speak for or on behalf of a complainant or respondent, appear in lieu of complainant or respondent, participate as a witness, or participate directly in any other manner during any phase of the grievance process.

F. Notice

The school district will send written notice of any investigative interviews or meetings to any party whose participation is invited or expected. The written notice will include the date, time, location, participants, and purpose of the meeting or interview, and will be provided to allow sufficient time for the party to prepare to participate.

G. Consolidation

The school district may, in its discretion, consolidate formal complaints as to allegations of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, where the allegations of sexual harassment arise out of the same facts or circumstances.

H. Evidence

1. During the grievance process, the school district will not require, allow, rely upon, or otherwise use questions or evidence that constitute or seek disclosure of information protected under a legally recognized privilege,

unless the person holding such privilege has waived the privilege.

2. The school district shall not access, consider, disclose, or otherwise use a party's medical, psychological, and similar treatment records unless the school district obtains the party's voluntary, written consent.

I. Burden of Proof

1. The burden of gathering evidence and the burden of proof shall remain upon the school district and not upon the parties.
2. The grievance process shall use a preponderance of the evidence standard (i.e. whether it is more likely than not that the respondent engaged in sexual harassment) for all formal complaints of sexual harassment, including when school district employees are respondents.

J. Timelines

1. Any informal resolution process must be completed within thirty (30) calendar days following the parties' agreement to participate in such informal process.
2. An appeal of a determination of responsibility or of a decision dismissing a formal complaint must be received by the school district within five (5) days of the date the determination of responsibility or dismissal was provided to the parties.
3. Any appeal of a determination of responsibility or of a dismissal will be decided within thirty (30) calendar days of the day the appeal was received by the School District.
4. The school district will seek to conclude the grievance process, including any appeal, within 120 calendar days of the date the formal complaint was received by the School District.
5. Although the school district strives to adhere to the timelines described above, in each case, the school district may extend the time frames for good cause. Good cause may include, without limitation: the complexity of the allegations; the severity and extent of the alleged misconduct; the number of parties, witnesses, and the types of other evidence (e.g., forensic evidence) involved; the availability of the parties, advisors, witnesses, and evidence (e.g., forensic evidence); concurrent law enforcement activity; intervening school district holidays, breaks, or other closures; the need for language assistance or accommodation of disabilities; and/or other unforeseen circumstances.

K. Potential Remedies and Disciplinary Sanctions

1. The following is the range of possible remedies that the school district may provide a complainant and disciplinary sanctions that the school district might impose upon a respondent, following determination of responsibility: counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, mutual or unilateral restrictions on contact between the parties, changes in work locations, leaves of absence, monitoring of certain areas of the school district buildings or property, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge.
2. If the Decision-maker determines a student-respondent is responsible for violating this policy, the Decision-maker will recommend appropriate remedies, including disciplinary sanctions/consequences. The Title IX Coordinator will notify the superintendent of the recommended remedies, such that an authorized administrator can consider the recommendation(s) and implement appropriate remedies in compliance with MSBA Model Policy 506 – Student Discipline. The discipline of a student-respondent must comply with the applicable provisions of Minnesota Pupil Fair Dismissal Act, the Individuals with Disabilities Education Improvement Act (IDEA) and/or Section 504 of the Rehabilitation Act of 1972, and their respective implementing regulations.

IV. REPORTING PROHIBITED CONDUCT

- A. Any student who believes they have been the victim of unlawful sex discrimination or sexual harassment, or any person (including the parent of a student) with actual knowledge of conduct which may constitute unlawful sex discrimination or sexual harassment toward a student should report the alleged acts as soon as possible to the Title IX Coordinator.
- B. Any employee of the school district who has experienced, has actual knowledge of, or has witnessed unlawful sex discrimination, including sexual harassment, or who otherwise becomes aware of unlawful sex discrimination, including sexual harassment, must promptly report the allegations to the Title IX Coordinator without screening or investigating the report or allegations.
- C. A report of unlawful sex discrimination or sexual harassment may be made at any time, including during non-business hours, and may be made in person, by mail, by telephone, or by e-mail using the Title IX Coordinator's contact information. A report may also be made by any other means that results in the Title IX Coordinator receiving the person's verbal or written report.
- D. Sexual harassment may constitute both a violation of this policy and criminal law. To the extent the alleged conduct may constitute a crime, the School District may

report the alleged conduct to law enforcement authorities. The school district encourages complainants to report criminal behavior to the police immediately.

V. INITIAL RESPONSE AND ASSESSMENT BY THE TITLE IX COORDINATOR

- A. When the Title IX Coordinator receives a report, the Title IX Coordinator shall promptly contact the complainant confidentially to discuss the availability of supportive measures, consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint.
- B. The school district will offer supportive measures to the complainant whether or not the complainant decides to make a formal complaint. The school district must maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the school district's ability to provide the supportive measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.
- C. If the complainant does not wish to file a formal complaint, the allegations will not be investigated by the school district unless the Title IX Coordinator determines that signing a formal complaint to initiate an investigation over the complainant's wishes is not clearly unreasonable in light of the known circumstances.
- D. Upon receipt of a formal complaint, the school district must provide written notice of the formal complaint to the known parties with sufficient time to prepare a response before any initial interview. This written notice must contain:
 - 1. The allegations of sexual harassment, including sufficient details known at the time, the identities of the parties involved in the incident (if known), the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident, if known;
 - 2. A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility will be made at the conclusion of the grievance process;
 - 3. A statement explaining that the parties may have an advisor of their choice, who may be, but is not required to be, an attorney;
 - 4. A statement that the parties may inspect and review evidence gathered pursuant to this policy;
 - 5. A statement informing the parties of any code of conduct provision that prohibits knowingly making false statements or knowingly submitting false

information; and

6. A copy of this policy.

VI. STATUS OF RESPONDENT DURING PENDENCY OF FORMAL COMPLAINT

A. Emergency Removal of a Student

1. The school district may remove a student-respondent from an education program or activity of the school district on an emergency basis before a determination regarding responsibility is made if:
 - a. The school district undertakes an individualized safety and risk analysis;
 - b. The school district determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal of the student-respondent; and
 - c. The school district determines the student-respondent poses such a threat, it will so notify the student-respondent and the student-respondent will have an opportunity to challenge the decision immediately following the removal. In determining whether to impose emergency removal measures, the Title IX Coordinator shall consult related school district policies, including MSBA Model Policy 506 – Student Discipline. The school district must take into consideration applicable requirements of the Individuals with Disabilities Education Act and Section 504 of the Rehabilitation Act of 1973, prior to removing a special education student or Section 504 student on an emergency basis.

B. Employee Administrative Leave

The school district may place a non-student employee on administrative leave during the pendency of the grievance process of a formal complaint. Such leave will typically be paid leave unless circumstances justify unpaid leave in compliance with legal requirements. The school district must take into consideration applicable requirements of Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act prior to removing an individual with a qualifying disability.

VII. INFORMAL RESOLUTION OF A FORMAL COMPLAINT

- A. At any time prior to reaching a determination of responsibility, informal resolution may be offered and facilitated by the school district at the school district's discretion, but only after a formal complaint has been received by the school

district.

- B. The school district may not require as a condition of enrollment or continued enrollment, or of employment or continued employment, or enjoyment of any other right, waiver of the right to a formal investigation and adjudication of formal complaints of sexual harassment.
- C. The informal resolution process may not be used to resolve allegations that a school district employee sexually harassed a student.
- D. The school district will not facilitate an informal resolution process without both parties' agreement, and will obtain their voluntary, written consent. The school district will provide to the parties a written notice disclosing the allegations, the requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations, the parties' right to withdraw from the informal resolution process, and any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.
- E. At any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint.

VIII. DISMISSAL OF A FORMAL COMPLAINT

- A. Under federal law, the school district must dismiss a Title IX complaint, or a portion thereof, if the conduct alleged in a formal complaint or a portion thereof:
 - 1. Would not meet the definition of sexual harassment, even if proven;
 - 2. Did not occur in the school district's education program or activity; or
 - 3. Did not occur against a person in the United States.
- B. The school district may, in its discretion, dismiss a formal complaint or allegations therein if:
 - 1. The complainant informs the Title IX Coordinator in writing that the complainant desires to withdraw the formal complaint or allegations therein;
 - 2. The respondent is no longer enrolled or employed by the school district; or
 - 3. Specific circumstances prevent the school district from gathering sufficient evidence to reach a determination.

- C. The school district shall provide written notice to both parties of a dismissal. The notice must include the reasons for the dismissal.
- D. Dismissal of a formal complaint or a portion thereof does not preclude the school district from addressing the underlying conduct in any manner that the school district deems appropriate.

IX. INVESTIGATION OF A FORMAL COMPLAINT

- A. If a formal complaint is received by the School District, the school district will assign or designate an Investigator to investigate the allegations set forth in the formal complaint.
- B. If during the course of the investigation the school district decides to investigate any allegations about the complainant or respondent that were not included in the written notice of a formal complaint provided to the parties, the school district must provide notice of the additional allegations to the known parties.
- C. When a party's participation is invited or expected in an investigative interview, the Investigator will coordinate with the Title IX Coordinator to provide written notice to the party of the date, time, location, participants, and purposes of the investigative interview with sufficient time for the party to prepare.
- D. During the investigation, the Investigator must provide the parties with an equal opportunity to present witnesses for interviews, including fact witnesses and expert witnesses, and other inculpatory and exculpatory evidence.
- E. Prior to the completion of the investigative report, the Investigator, through the Title IX Coordinator, will provide the parties and their advisors (if any) with an equal opportunity to inspect and review any evidence directly related to the allegations. The evidence shall be provided in electronic format or hard copy and shall include all relevant evidence, evidence upon which the school district does not intend to rely in reaching a determination regarding responsibility, and any inculpatory or exculpatory evidence whether obtained from a party or another source. The parties will have ten (10) days to submit a written response, which the Investigator will consider prior to completion of the investigative report.
- F. The Investigator will prepare a written investigative report that fairly summarizes the relevant evidence. The investigative report may include credibility determinations that are not based on a person's status as a complainant, respondent or witness. The school district will send the parties and their advisors (if any) a copy of the report in electronic format or hard copy, for their review and written response at least ten (10) days prior to a determination of responsibility.

X. DETERMINATION REGARDING RESPONSIBILITY

- A. After the school district has sent the investigative report to both parties and before the school district has reached a determination regarding responsibility, the Decision-maker must afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness.
- B. The Decision-maker must provide the relevant questions submitted by the parties to the other parties or witnesses to whom the questions are offered, and then provide each party with the answers, and allow for additional, limited follow-up questions from each party.
- C. The Decision-maker must explain to the party proposing the questions any decision to exclude a question as not relevant.
- D. When the exchange of questions and answers has concluded, the Decision-maker must issue a written determination regarding responsibility that applies the preponderance of the evidence standard to the facts and circumstances of the formal complaint. The written determination of responsibility must include the following:
 - 1. Identification of the allegations potentially constituting sexual harassment;
 - 2. A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;
 - 3. Findings of fact supporting the determination;
 - 4. Conclusions regarding the application of the school district's code of conduct to the facts;
 - 5. A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the school district imposes on the respondent, and whether remedies designed to restore or preserve equal access to the recipient's education program or activity will be provided by the school district to the complainant; and
 - 6. The school district's procedures and permissible bases for the complainant and respondent to appeal and the date by which an appeal must be made.
- E. In determining appropriate disciplinary sanctions, the Decision-maker should consider the surrounding circumstances, the nature of the behavior, past incidents or past or continuing patterns of behavior, the relationships between the parties

involved, and the context in which the alleged incident occurred.

- F. The written determination of responsibility must be provided to the parties simultaneously.
- G. The Title IX Coordinator is responsible for the effective implementation of any remedies.
- H. The determination regarding responsibility becomes final either on the date that the school district provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

XI. APPEALS

- A. The school district shall offer the parties an opportunity to appeal a determination regarding responsibility or the school district's dismissal of a formal complaint or any allegations therein, on the following bases:
 - 1. A procedural irregularity that affected the outcome of the matter (e.g., a material deviation from established procedures);
 - 2. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
 - 3. The Title IX Coordinator, Investigator, or Decision-maker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.
- B. If notice of an appeal is timely received by the school district, the school district will notify the parties in writing of the receipt of the appeal, assign or designate the Appellate Decision-maker, and give the parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome.
- C. After reviewing the parties' written statements, the Appellate Decision-maker must issue a written decision describing the result of the appeal and the rationale for the result.
- D. The written decision describing the result of the appeal must be provided simultaneously to the parties.
- E. The decision of the Appellate Decision-maker is final. No further review beyond the appeal is permitted.

XII. RETALIATION PROHIBITED

- A. Neither the school district nor any other person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX, its implementing regulations, or this policy, or because the individual made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this policy. Intimidation, threats, coercion, or discrimination, including charges against an individual for code of conduct violations that do not involve sex discrimination or sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or formal complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX, its implementing regulations, or this policy, constitutes retaliation. Retaliation against a person for making a report of sexual harassment, filing a formal complaint, or participating in an investigation, constitutes a violation of this policy that can result in the imposition of disciplinary sanctions/consequences and/or other appropriate remedies.
- B. Any person may submit a report or formal complaint alleging retaliation in the manner described in this policy and it will be addressed in the same manner as other complaints of sexual harassment or sex discrimination.
- C. Charging an individual with violation of school district policies for making a materially false statement in bad faith in the course of a grievance proceeding under this policy shall not constitute retaliation, provided, however, that a determination regarding responsibility, alone, is not sufficient to conclude that any party made a materially false statement in bad faith.

XIII. TRAINING

- A. The school district shall ensure that Title IX Personnel receive appropriate training. The training shall include instruction on:
 - 1. The Title IX definition of sexual harassment;
 - 2. The scope of the school district's education program or activity;
 - 3. How to conduct an investigation and grievance process, appeals, and informal resolution processes, as applicable;
 - 4. How to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias;
 - 5. For Decision-makers, training on issues of relevance of questions and evidence, including when questions and evidence about the complainant's prior sexual behavior are not relevant; and

6. For Investigators, training on issues of relevance, including the creation of an investigative report that fairly summarizes relevant evidence.
- B. The training materials will not rely on sex stereotypes and must promote impartial investigations and adjudications of formal complaints.
- C. Materials used to train Title IX Personnel must be posted on the school district's website. If the school district does not have a website, it must make the training materials available for public inspection upon request.

XIV. DISSEMINATION OF POLICY

- A. This policy shall be made available to all students, parents/guardians of students, school district employee, and employee unions.
- B. The school district shall conspicuously post the name of the Title IX Coordinator, including office address, telephone number, and work e-mail address on its website and in each handbook that it makes available to parents, employees, students, unions, or applicants.
- C. The school district must provide applicants for admission and employment, students, parents or legal guardians of secondary school students, employees, and all unions holding collective bargaining agreements with the school district, with the following:
 1. The name or title, office address, electronic mail address, and telephone number of the Title IX Coordinator;
 2. Notice that the school district does not discriminate on the basis of sex in the education program or activity that it operates, and that it is required by Title IX not to discriminate in such a manner;
 3. A statement that the requirement not to discriminate in the education program or activity extends to admission and employment, and that inquiries about the application of Title IX may be referred to the Title IX Coordinator, to the Assistant Secretary for Civil Rights of the United States Department of Education, or both; and
 4. Notice of the school district's grievance procedures and grievance process contained in this policy, including how to report or file a complaint of sex discrimination, how to report or file a formal complaint of sexual harassment, and how the school district will respond.

XV. RECORDKEEPING

- A. The school district must create, and maintain for a period of seven calendar years, records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the school district must document:
1. The basis for the school district's conclusion that its response to the report or formal complaint was not deliberately indifferent;
 2. The measures the school district has taken that are designed to restore or preserve equal access to the school district's education program or activity; and
 3. If the school district does not provide a complainant with supportive measures, then it must document the reasons why such a response was not clearly unreasonable in light of the known circumstances. Such a record must be maintained for a period of seven years.
 4. The documentation of certain bases or measures does not limit the recipient in the future from providing additional explanations or detailing additional measures taken.
- B. The school district must also maintain for a period of seven calendar years records of:
1. Each sexual harassment investigation including any determination regarding responsibility, any disciplinary sanctions imposed on the respondent, and any remedies provided to the complainant designed to restore or preserve equal access to the recipient's education program or activity;
 2. Any appeal and the result therefrom;
 3. Any informal resolution and the result therefrom; and
 4. All materials used to train Title IX Personnel.

The purpose of this policy is to set forth policies and guidelines for access to the school district computer system and acceptable and safe use of the Internet, including electronic communications.

II. GENERAL STATEMENT OF POLICY

In making decisions regarding student and employee access to the school district computer system and the Internet, including electronic communications, the school district considers its own stated educational mission, goals, and objectives. Electronic information research skills are now fundamental to preparation of citizens and future employees. Access to the school district computer system and to the Internet enables students and employees to explore thousands of libraries, databases, bulletin boards, and other resources while exchanging messages with people around the world. The school district expects that faculty will blend thoughtful use of the school district computer system and the Internet throughout the curriculum and will provide guidance and instruction to students in their use.

III. LIMITED EDUCATIONAL PURPOSE

The school district is providing students and employees with access to the school district computer system, which includes Internet access. The purpose of the system is more specific than providing students and employees with general access to the Internet. The school district system has a limited educational purpose, which includes use of the system for classroom activities, educational research, and professional or career development activities. Users are expected to use Internet access through the district system to further educational and personal goals consistent with the mission of the school district and school policies. Uses which might be acceptable on a user's private personal account on another system may not be acceptable on this limited-purpose network.

IV. USE OF SYSTEM IS A PRIVILEGE

The use of the school district system and access to use of the Internet is a privilege, not a right. Depending on the nature and degree of the violation and the number of previous violations, unacceptable use of the school district system or the Internet may result in one or more of the following consequences: suspension or cancellation of use or access privileges; payments for damages and repairs; discipline under other appropriate school

district policies, including suspension, expulsion, exclusion, or termination of employment; or civil or criminal liability under other applicable laws.

V. UNACCEPTABLE USES

- A. While not an exhaustive list, the following uses of the school district system and Internet resources or accounts are considered unacceptable:
1. Users will not use the school district system to access, review, upload, download, store, print, post, receive, transmit, or distribute:
 - a. pornographic, obscene, or sexually explicit material or other visual depictions that are harmful to minors;
 - b. obscene, abusive, profane, lewd, vulgar, rude, inflammatory, threatening, disrespectful, or sexually explicit language;
 - c. materials that use language or images that are inappropriate in the education setting or disruptive to the educational process;
 - d. information or materials that could cause damage or danger of disruption to the educational process;
 - e. materials that use language or images that advocate violence or discrimination toward other people (hate literature) or that may constitute harassment or discrimination.
 2. Users will not use the school district system to knowingly or recklessly post, transmit, or distribute false or defamatory information about a person or organization, or to harass another person, or to engage in personal attacks, including prejudicial or discriminatory attacks.
 3. Users will not use the school district system to engage in any illegal act or violate any local, state, or federal statute or law.
 4. Users will not use the school district system to vandalize, damage, or disable the property of another person or organization, will not make deliberate attempts to degrade or disrupt equipment, software, or system performance by spreading computer viruses or by any other means, will not tamper with, modify, or change the school district system software, hardware, or wiring or take any action to violate the school district's security system, and will not use the school district system in such a way as to disrupt the use of the system by other users.
 5. Users will not use the school district system to gain unauthorized access to information resources or to access another person's materials, information, or files without the implied or direct permission of that person.

6. Users will not use the school district system to post private information about another person, personal contact information about themselves or other persons, or other personally identifiable information, including, but not limited to, addresses, telephone numbers, school addresses, work addresses, identification numbers, account numbers, access codes or passwords, labeled photographs, or other information that would make the individual's identity easily traceable, and will not repost a message that was sent to the user privately without permission of the person who sent the message.

a. This paragraph does not prohibit the posting of employee contact information on school district webpages or communications between employees and other individuals when such communications are made for education-related purposes (i.e., communications with parents or other staff members related to students).

b. Employees creating or posting school-related webpages may include personal contact information about themselves on a webpage. However, employees may not post personal contact information or other personally identifiable information about students unless:

(1) such information is classified by the school district as directory information and verification is made that the school district has not received notice from a parent/guardian or eligible student that such information is not to be designated as directory information in accordance with Policy 515; or

(2) such information is not classified by the school district as directory information but written consent for release of the information to be posted has been obtained from a parent/guardian or eligible student in accordance with Policy 515.

In addition, prior to posting any personal contact or personally identifiable information on a school-related webpage, employees shall obtain written approval of the content of the postings from the building administrator.

c. These prohibitions specifically prohibit a user from utilizing the school district system to post personal information about a user or another individual on social networks, including, but not limited to, social networks such as "Facebook," "Twitter," "Instagram," "Snapchat," "TikTok," "Reddit," and similar websites or applications.

7. Users must keep all account information and passwords on file with the designated school district official. Users will not attempt to gain unauthorized access to the school district system or any other system through the school district system, attempt to log in through another person's account, or use computer accounts, access codes, or network identification other than those assigned to the user. Messages and records on the school district system may not be encrypted without the permission of appropriate school authorities.
 8. Users will not use the school district system to violate copyright laws or usage licensing agreements, or otherwise to use another person's property without the person's prior approval or proper citation, including the downloading or exchanging of pirated software or copying software to or from any school computer, and will not plagiarize works they find on the Internet.
 9. Users will not use the school district system for conducting business, for unauthorized commercial purposes, or for financial gain unrelated to the mission of the school district. Users will not use the school district system to offer or provide goods or services or for product advertisement. Users will not use the school district system to purchase goods or services for personal use without authorization from the appropriate school district official.
 10. Users will not use the school district system to engage in bullying or cyberbullying in violation of the school district's Bullying Prohibition Policy. This prohibition includes using any technology or other electronic communication off school premises to the extent that student learning or the school environment is substantially and materially disrupted.
- B. The school district has a special interest in regulating off-campus speech that materially disrupts classwork or involves substantial disorder or invasion of the rights of others. A student or employee engaging in the foregoing unacceptable uses of the Internet when off school district premises also may be in violation of this policy as well as other school district policies. Examples of such violations may include, but are not limited to, serious or severe bullying or harassment targeting particular individuals, threats aimed at teachers or other students, failure to follow rules concerning lessons, the writing of papers, the use of computers, or participation in other online school activities, and breaches of school security devices. If the school district receives a report of an unacceptable use originating from a non-school computer or resource, the school district may investigate such reports to the best of its ability. Students or employees may be subject to disciplinary action for such conduct, including, but not limited to, suspension or cancellation of the use or access to the school district computer system and the Internet and discipline under other appropriate school district policies, including suspension, expulsion, exclusion, or termination of employment.
- C. If a user inadvertently accesses unacceptable materials or an unacceptable Internet

site, the user shall immediately disclose the inadvertent access to an appropriate school district official. In the case of a school district employee, the immediate disclosure shall be to the employee's immediate supervisor and/or the building administrator. This disclosure may serve as a defense against an allegation that the user has intentionally violated this policy. In certain rare instances, a user also may access otherwise unacceptable materials if necessary to complete an assignment and if done with the prior approval of and with appropriate guidance from the appropriate teacher or, in the case of a school district employee, the building administrator.

VI. FILTER

- A. With respect to any of its computers with Internet access, the school district will monitor the online activities of both minors and adults and employ technology protection measures during any use of such computers by minors and adults. The technology protection measures utilized will block or filter Internet access to any visual depictions that are:
 - 1. Obscene;
 - 2. Child pornography; or
 - 3. Harmful to minors.
- B. The term "harmful to minors" means any picture, image, graphic image file, or other visual depiction that:
 - 1. Taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion; or
 - 2. Depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and
 - 3. Taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.
- C. Software filtering technology shall be narrowly tailored and shall not discriminate based on viewpoint.
- D. An administrator, supervisor, or other person authorized by the Superintendent may disable the technology protection measure, during use by an adult, to enable access for bona fide research or other lawful purposes.
- E. The school district will educate students about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response.

VII. CONSISTENCY WITH OTHER SCHOOL POLICIES

Use of the school district computer system and use of the Internet shall be consistent with school district policies and the mission of the school district.

VIII. LIMITED EXPECTATION OF PRIVACY

- A. By authorizing use of the school district system, the school district does not relinquish control over materials on the system or contained in files on the system. Users should expect only limited privacy in the contents of personal files on the school district system.
- B. Routine maintenance and monitoring of the school district system may lead to a discovery that a user has violated this policy, another school district policy, or the law.
- C. An individual investigation or search will be conducted if school authorities have a reasonable suspicion that the search will uncover a violation of law or school district policy.
- D. Parents may have the right at any time to investigate or review the contents of their child's files and e-mail files in accordance with the school district's Protection and Privacy of Pupil Records Policy. Parents have the right to request the termination of their child's individual account at any time.
- E. School district employees should be aware that the school district retains the right at any time to investigate or review the contents of their files and e-mail files. In addition, school district employees should be aware that data and other materials in files maintained on the school district system may be subject to review, disclosure or discovery under Minnesota Statutes Chapter 13 (Minnesota Government Data Practices Act).
- F. The school district will cooperate fully with local, state and federal authorities in any investigation concerning or related to any illegal activities or activities not in compliance with school district policies conducted through the school district system.

IX. INTERNET USE AGREEMENT

- A. The proper use of the Internet, and the educational value to be gained from proper Internet use, is the joint responsibility of students, parents, and employees of the school district.
- B. This policy requires the permission of and supervision by the school's designated professional staff before a student may use a school account or resource to access the Internet.

- C. The Internet Use Agreement form for students must be read and signed by the user, the parent or guardian, and the supervising teacher. The Internet Use Agreement form for employees must be signed by the employee. The form must then be filed at the school office. As supervising teachers change, the agreement signed by the new teacher shall be attached to the original agreement.

X. LIMITATION ON SCHOOL DISTRICT LIABILITY

Use of the school district system is at the user's own risk. The system is provided on an "as is, as available" basis. The school district will not be responsible for any damage users may suffer, including, but not limited to, loss, damage, or unavailability of data stored on school district diskettes, tapes, hard drives, or servers, or for delays or changes in or interruptions of service or misdeliveries or nondeliveries of information or materials, regardless of the cause. The school district is not responsible for the accuracy or quality of any advice or information obtained through or stored on the school district system. The school district will not be responsible for financial obligations arising through unauthorized use of the school district system or the Internet.

XI. USER NOTIFICATION

- A. All users shall be notified of the school district policies relating to Internet use.
- B. This notification shall include the following:
 - 1. Notification that Internet use is subject to compliance with school district policies.
 - 2. Disclaimers limiting the school district's liability relative to:
 - a. Information stored on school district diskettes, hard drives, or servers.
 - b. Information retrieved through school district computers, networks, or online resources.
 - c. Personal property used to access school district computers, networks, or online resources.
 - d. Unauthorized financial obligations resulting from use of school district resources/accounts to access the Internet.
 - 3. A description of the privacy rights and limitations of school sponsored/managed Internet accounts.
 - 4. Notification that, even though the school district may use technical means to limit student Internet access, these limits do not provide a foolproof

means for enforcing the provisions of this acceptable use policy.

5. Notification that goods and services can be purchased over the Internet that could potentially result in unwanted financial obligations and that any financial obligation incurred by a student through the Internet is the sole responsibility of the student and/or the student's parents.
6. Notification that the collection, creation, reception, maintenance, and dissemination of data via the Internet, including electronic communications, is governed by Public and Private Personnel Data Policy, and Protection and Privacy of Pupil Records Policy.
7. Notification that, should the user violate the school district's acceptable use policy, the user's access privileges may be revoked, school disciplinary action may be taken and/or appropriate legal action may be taken.
8. Notification that all provisions of the acceptable use policy are subordinate to local, state, and federal laws.

XII. PARENTS' RESPONSIBILITY; NOTIFICATION OF STUDENT INTERNET USE

- A. Outside of school, parents bear responsibility for the same guidance of Internet use as they exercise with information sources such as television, telephones, radio, movies, and other possibly offensive media. Parents are responsible for monitoring their student's use of the school district system and of the Internet if the student is accessing the school district system from home or a remote location.
- B. Parents will be notified that their students will be using school district resources/accounts to access the Internet and that the school district will provide parents the option to request alternative activities not requiring Internet access. This notification should include:
 1. A copy of the user notification form provided to the student user.
 2. A description of parent/guardian responsibilities.
 3. A notification that the parents have the option to request alternative educational activities not requiring Internet access and the material to exercise this option.
 4. A statement that the Internet Use Agreement must be signed by the user, the parent or guardian, and the supervising teacher prior to use by the student.
 5. A statement that the school district's acceptable use policy is available for parental review.

XIII. IMPLEMENTATION; POLICY REVIEW

- A. The school district administration may develop appropriate user notification forms, guidelines, and procedures necessary to implement this policy for submission to the school board for approval. Upon approval by the school board, such guidelines, forms, and procedures shall be an addendum to this policy.
- B. The administration shall revise the user notifications, including student and parent notifications, if necessary, to reflect the adoption of these guidelines and procedures.
- C. The school district Internet policies and procedures are available for review by all parents, guardians, staff, and members of the community.
- D. Because of the rapid changes in the development of the Internet, the school board shall conduct an annual review of this policy.

616 SCHOOL DISTRICT SYSTEM ACCOUNTABILITY

I. PURPOSE

The purpose of this policy is to focus public education strategies on a process which promotes higher academic achievement for all students and ensures broad-based community participation in decisions regarding the implementation of the Minnesota Academic Standards and federal law.

II. GENERAL STATEMENT OF POLICY

Implementation of the Minnesota Academic Standards and federal law will require a new level of accountability for the school district. The school district will establish a system to transition to the graduation requirements of the Minnesota Academic Standards. The school district also will establish a system to review and improve instruction, curriculum, and assessment which will include substantial input by students, parents or guardians, and local community members. The school district will be accountable to the public and the state through annual reporting.

III. DEFINITIONS

- A. “Credit” means a student’s successful completion of an academic year of study or a student’s mastery of the applicable subject matter, as determined by the school district.
- B. “Graduation Standards” means the credit requirements and locally adopted content standards or Minnesota Academic Standards that school districts must offer and certify that students complete to be eligible for a high school diploma.
- C. “World’s best workforce” means striving to: meet school readiness goals; have all third grade students achieve grade-level literacy; close the academic achievement gap among all racial and ethnic groups of students and between students living in poverty and students not living in poverty; have all students attain career and college readiness before graduating from high school; and have all students graduate from high school.

IV. ESTABLISHMENT OF GOALS; IMPLEMENTATION; EVALUATION AND REPORTING

A. School District Goals

1. The school board has established school district-wide goals which provide broad direction for the school district. Incorporated in these goals are the graduation and education standards contained in the Minnesota Academic Standards and federal law. The broad goals shall be reviewed annually and approved by the school board. The school board shall adopt annual goals based on the recommendations of the school district's Advisory Committee.
2. The Advisory Committee will be established by the school board to ensure active community participation in all phases of planning and improving the instruction and curriculum affecting state and district academic standards.
3. The school district-wide improvement goals should address recommendations identified through the Advisory Committee process. The school district's goal setting process will include consideration of individual site goals. School district goals may also be developed through an education effectiveness program, an evaluation of student progress committee, or through some other locally determined process.

B. System for Reviewing All Instruction and Curriculum. Incorporated in the process will be analysis of the school district's progress toward implementation of the Minnesota Academic Standards. Instruction and curriculum shall be reviewed and evaluated by taking into account strategies and best practices, student outcomes, principal evaluations under Minn. Stat. § 123B.147, Subd. 3, and teacher evaluations under Minn. Stat. § 122A.40, Subd. 8, or 122A.41, Subd. 5.

C. Implementation of Graduation Requirements

1. The Advisory Committee shall also advise the school board on implementation of the state and local graduation requirements, including K-12 curriculum, assessment, student learning opportunities, and other related issues. Recommendations of the Advisory Committee shall be published annually to the community. The school board shall receive public input and comment and shall adopt or update this policy at least annually.
2. The school board shall annually review and determine if student achievement levels at each school site meet federal expectations. If the school board determines that student achievement levels at a school site do not meet federal expectations and the site has not made adequate yearly progress for two consecutive school years, the Advisory Committee shall work with the school site to adopt a plan to raise student achievement

levels to meet federal expectations. The Advisory Committee may seek assistance from the Commissioner of the Minnesota Department of Education (MDE) (Commissioner) in developing a plan which must include parental involvement components.

3. The educational assessment system component utilized by the school board to measure individual students' educational progress must be based, to the extent annual tests are administered, on indicators of achievement growth that show an individual student's prior achievement. Indicators of achievement and prior achievement must be based on highly reliable statewide or districtwide assessments. The school board will utilize models developed by the Commissioner for measuring individual student progress. The school board must coordinate with MDE in evaluating school sites and continuous improvement plans, consistent with best practices.

D. Comprehensive Continuous Improvement of Student Achievement

1. By December 15 through February 1 of each year, the Advisory Committee will meet to advise and assist the school district in the implementation of the school district system accountability and comprehensive continuous improvement process.
2. The Advisory Committee, working in cooperation with other committees of the school district [*such as the Technology, Educational Effectiveness, Grade Level, Site Instruction, Curriculum and Assessment Committees, etc.*], will provide active community participation in:
 - a. Reviewing the school district instructional and curriculum plan, with emphasis on implementing the Minnesota Academic Standards;
 - b. Identifying annual instruction and curriculum improvement goals for recommendation to the school board;
 - c. Making recommendations regarding the evaluation process that will be used to measure school district progress toward its goals;
 - d. Advising the school board about development of the annual budget.
3. The Advisory Committee shall meet the following criteria:
 - a. The Advisory Committee shall ensure active community participation in all planning for instruction and curriculum

affecting Graduation Standards.

- b. The Advisory Committee shall make recommendations to the school board on school district-wide standards, assessments, and program evaluation.

- C. Personnel data on current and former applicants for employment that is "public" includes:

Veteran status; relevant test scores; rank on eligible list; job history; education and training; and work availability. Once an individual has been appointed to a public body, the following additional items of data are public: residential address and either a telephone number or electronic mail address where the appointee can be reached, or both at the request of the appointee; provided, however, any electronic mail address or telephone number provided by a public body for use by an appointee shall be public. An appointee may use an electronic mail address or telephone number provided by the public body as the designated electronic mail address or telephone number at which the appointee can be reached.

IV. RIGHTS TO PRIVACY

- A. School district employees have a legal right to privacy related to matters which may come before the school board, including, but not limited to, the following:

1. right to a private hearing for teachers, pursuant to Minn. Stat. § 122A.40, Subd. 14 (Teachers Discharge Hearing);

Among the rights available to the public is the right to access public data as provided by Minn. Stat. § 13.43, Subd. 2 (Public Data).

VI. PROCEDURES

A. Agenda Items

1. Citizens who wish to have a subject discussed at a public school board meeting are encouraged to notify the superintendent's office in advance of the school board meeting. The citizen should provide his or her name, address, the name of group represented (if any), and the subject to be covered or the issue to be addressed.
2. Citizens who wish to address the school board on a particular subject may speak during the discussion of that item.
3. The school board chair will recognize one speaker at a time, and will rule out of order other speakers who are not recognized. Only those speakers recognized by the chair will be allowed to speak. Comments by others are out of order. Individuals who interfere with or interrupt speakers, the school board, or the proceedings may be directed to leave.

4. The school board retains the discretion to limit discussion of any agenda item to a reasonable period of time as determined by the school board. If a group or organization wishes to address the school board on a topic, the school board reserves the right to require designation of one or more representatives or spokespersons to speak on behalf of the group or organization.
5. Matters proposed for placement on the agenda which may involve data privacy concerns, which may involve preliminary allegations, or which may be potentially libelous or slanderous in nature shall not be considered in public, but shall be processed as determined by the school board in accordance with governing law.
6. The school board chair shall promptly rule out of order any discussion by any person, including school board members, that would violate the provisions of state or federal law, this policy or the statutory rights of privacy of an individual.
7. Personal attacks by anyone addressing the school board are unacceptable. Persistence in such remarks by an individual shall terminate that person's privilege to address the school board.
8. Depending upon the number of persons in attendance seeking to be heard, the school board reserves the right to impose such other limitations and restrictions as necessary in order to provide an orderly, efficient and fair opportunity for those present to be heard.

B. Complaints

1. Routine complaints about a teacher or other employee should first be directed to that teacher or employee or to the employee's immediate supervisor.
2. If the complaint is against an employee relating to child abuse, discrimination, racial, religious, or sexual harassment, or other activities involving an intimidating atmosphere, the complaint should be directed to the employee's supervisor or other official as designated in the school district policy governing that kind of complaint. In the absence of a designated person, the matter should be referred to the superintendent.
3. Unresolved complaints from Paragraph 1. of this section or problems concerning the school district should be directed to the superintendent's office.
4. Complaints which are unresolved at the superintendent's level may be brought before the school board by notifying the school board in writing.

C. Open Forum

The school board shall normally provide a specified period of time where citizens may address the school board on any topic, subject to the limitations of this policy. The school board reserves the right to allocate a specific period of time for this purpose and limit time for speakers accordingly.

The school board may decide to hold certain types of public meetings where the public will not be invited to address the school board. Possible examples are work sessions and board retreats. The public will still be entitled to notice of these meetings and will be allowed to attend these meetings, but the public will not be allotted time during the meeting to address the board.

D. No Board Action at Same Meeting

Except as determined by the school board to be necessary or in an emergency, the school board will not take action at the same meeting on an item raised for the first time by the public.

VII. PENALTIES FOR VIOLATION OF DATA PRIVACY

- A. The school district is liable for damages, costs and attorneys' fees, and in the event of a willful violation, punitive damages for violation of state data privacy laws. (Minn. Stat. § 13.08, Subd. 1)
- B. A person who willfully violates data privacy is guilty of a misdemeanor. (Minn. Stat. § 13.09)
- C. In the case of an employee, willful violation constitutes just cause for suspension without pay or dismissal. (Minn. Stat. § 13.09)

206A Public Participation at School Board Meetings Procedures

Public comment at each Regular School Board meeting is an opportunity for residents of the School District to address the School Board. After being recognized by the chair, each individual will identify themselves and the group they represent, if any.

To ensure that all individuals have a chance to speak, speakers will be limited to one five-minute presentation. The public comment portion of the Regular School Board meeting is considered to be a listening session.

The Minnesota Government Data Practices Act prohibits comment about specific student matters, even without naming the student, in open session. This includes the public comment portion of a school board meeting. The Board respects and values input on student matters, but when it relates to a specific student or to a specific student matter, such input must be heard by the appropriate personnel – such as the building principal or superintendent – and not during an open meeting of the School Board.

1.01. Authorization; Purpose. This Board hereby authorizes the issuance and sale of its General Obligation School Building Refunding Bonds, Series 2021A, in the principal amount of \$1,445,000 (the Bonds). The proceeds of the Bonds will be used, together with any additional funds of the District which might be required, to refund in advance of maturity and prepay on February 1, 2022 (the Redemption Date), the 2023 through 2025 maturities, aggregating \$1,480,000 in principal amount, of the District's outstanding \$4,980,000 General Obligation School Building Refunding Bonds, Series 2013A, dated originally as of November 6, 2013 (the Refunded Bonds). The purpose of refunding the Refunded Bonds is to achieve debt service savings.

1.02. Sale. The District has retained Ehlers & Associates, Inc., in Roseville, Minnesota (Ehlers) as independent municipal advisor in connection with the sale of the Bonds. Pursuant to Minnesota Statutes, Section 475.60, subdivision 2, paragraph 9, the requirements as to a public sale do not apply to the issuance of the Bonds. Pursuant to the Preliminary Official Statement prepared on behalf of the District by Ehlers, proposals for the purchase of the Bonds were received at or before the time specified for receipt of proposals. The proposals have been opened, publicly read and considered and the purchase price, interest rates and net interest cost under the terms of each proposal have been determined. The most favorable proposal received is that of _____, in _____, _____ (the Purchaser). It is hereby determined to issue the Bonds at a purchase price of \$ _____ (representing the principal amount of \$1,445,000, plus an original issue premium of \$ _____, less an original issue discount of \$ _____, and less an underwriter's discount of \$ _____) plus accrued interest, if any, and upon the further terms and conditions set forth herein.

1.03. Award. The sale of the Bonds is hereby awarded to the Purchaser, and the Chairperson and Clerk are hereby authorized and directed on behalf of the District to execute a contract for the sale of the Bonds with the Purchaser in accordance with the terms of the proposal. The good faith deposit of the Purchaser shall be retained and deposited by the District until the Bonds have been delivered, and shall be deducted from the purchase price paid at settlement. Any good faith deposit of other bidders shall be returned to them forthwith.

SECTION 2. BOND TERMS; REGISTRATION; EXECUTION AND DELIVERY.

2.01. Issuance of Bonds. All acts, conditions and things which are required by the Constitution and laws of the State of Minnesota to be done prior to the issuance of the Bonds having been done, existing and having happened, it is necessary for this Board to establish the form and terms of the Bonds, to provide for the security thereof, and to issue the Bonds forthwith.

2.02. Maturities, Interest Rates and Denominations. The Bonds shall be originally dated as of November 10, 2021, shall be in denominations of \$5,000 or any integral multiple thereof of single maturities, shall mature on February 1 in the years and amounts stated below and shall bear interest from date of issue until paid at the annual rates set forth opposite such years and amounts, as follows:

<u>Year</u>	<u>Amount</u>	<u>Rate</u>	<u>Year</u>	<u>Amount</u>	<u>Rate</u>
2023	\$465,000	%	2025	\$500,000	%
2024	3480,000				

The Bonds shall be issuable only in fully registered form. Interest shall be computed on the basis of a 360-day year composed of twelve 30-day months. The interest thereon and, upon surrender of each Bond, the principal amount thereof, shall be payable by check or draft issued by the Registrar described herein; provided that, so long as the Bonds are registered in the name of a securities depository, or a nominee thereof, in accordance with Section 2.08 hereof, principal and interest shall be payable in accordance with the operational arrangements of the securities depository.

2.03. Dates and Interest Payment Dates. Upon initial delivery of the Bonds pursuant to Section 2.07 and upon any subsequent transfer or exchange pursuant to Section 2.06, the date of authentication shall be noted on each Bond so delivered, exchanged or transferred. The interest on the Bonds shall be payable on February 1 and August 1, commencing August 1, 2022, to the owners of record thereof as of the close of business on the fifteenth day of the immediately preceding month, whether or not such day is a business day.

2.04. No Optional Redemption. The Bonds are not subject to redemption and prepayment prior to maturity.

2.05. Appointment of Initial Registrar. The District hereby appoints Bond Trust Services Corporation, in Roseville, Minnesota, as the initial bond registrar, transfer agent and paying agent (the Registrar). The Chairperson and the Clerk are authorized to execute and deliver, on behalf of the District, a contract with the Registrar. Upon merger or consolidation of the Registrar with another corporation, if the resulting corporation is a bank or trust company organized under the laws of the United States or one of the states of the United States and authorized by law to conduct such business, such corporation shall be authorized to act as successor Registrar. The District agrees to pay the reasonable and customary charges of the

Registrar for the services performed. The District reserves the right to remove the Registrar upon thirty (30) days' notice and upon the appointment and acceptance of a successor Registrar, in which event the predecessor Registrar shall deliver all cash and Bonds in its possession to the successor Registrar and shall deliver the bond register to the successor Registrar.

2.06. Registration. The effect of registration and the rights and duties of the District and the Registrar with respect thereto shall be as follows:

(a) Register. The Registrar shall keep at its principal corporate trust office a bond register in which the Registrar shall provide for the registration of ownership of Bonds and the registration of transfers and exchanges of Bonds entitled to be registered, transferred or exchanged.

(b) Transfer of Bonds. Upon surrender for transfer of any Bond duly endorsed by the registered owner thereof or accompanied by a written instrument of transfer, in form satisfactory to the Registrar, duly executed by the registered owner thereof or by an attorney duly authorized by the registered owner in writing, the Registrar shall authenticate and deliver, in the name of the designated transferee or transferees, one or more new Bonds of a like aggregate principal amount and maturity, as requested by the transferor. The Registrar may, however, close the books for registration of any transfer after the fifteenth day of the month preceding each interest payment date and until such interest payment date.

(c) Exchange of Bonds. Whenever any Bonds are surrendered by the registered owner for exchange the Registrar shall authenticate and deliver one or more new Bonds of a like aggregate principal amount and maturity, as requested by the registered owner or the owner's attorney in writing.

(d) Cancellation. All Bonds surrendered upon any transfer or exchange shall be promptly canceled by the Registrar and thereafter disposed of as directed by the District.

(e) Improper or Unauthorized Transfer. When any Bond is presented to the Registrar for transfer, the Registrar may refuse to transfer the same until it is satisfied that the endorsement on such Bond or separate instrument of transfer is valid and genuine and that the requested transfer is legally authorized. The Registrar shall incur no liability for the refusal, in good faith, to make transfers which it, in its judgment, deems improper or unauthorized.

(f) Persons Deemed Owners. The District and the Registrar may treat the person in whose name any Bond is at any time registered in the bond register as the absolute owner of such Bond, whether such Bond shall be overdue or not, for the purpose of receiving payment of, or on account of, the principal of and interest on such Bond and for all other purposes, and all such payments so made to any such registered owner or upon the owner's order shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid.

(g) Taxes, Fees and Charges. For every transfer or exchange of Bonds, the Registrar may impose a charge upon the owner thereof sufficient to reimburse the Registrar for any tax, fee or other governmental charge required to be paid with respect to such transfer or exchange.

(h) Mutilated, Lost, Stolen or Destroyed Bonds. In case any Bond shall become mutilated or be destroyed, stolen or lost, the Registrar shall deliver a new Bond of like amount, number, maturity date and tenor in exchange and substitution for and upon cancellation of any such mutilated Bond or in lieu of and in substitution for any such Bond destroyed, stolen or lost, upon the payment of the reasonable expenses and charges of the Registrar in connection therewith; and, in the case of a Bond destroyed, stolen or lost, upon filing with the Registrar of evidence satisfactory to it that such Bond was destroyed, stolen or lost, and of the ownership thereof, and upon furnishing to the Registrar of an appropriate bond or indemnity in form, substance and amount satisfactory to it, in which both the District and the Registrar shall be named as obligees. All Bonds so surrendered to the Registrar shall be canceled by it and evidence of such cancellation shall be given to the District. If the mutilated, destroyed, stolen or lost Bond has already matured in accordance with its terms it shall not be necessary to issue a new Bond prior to payment.

(i) Authenticating Agent. The Registrar is hereby designated authenticating agent for the Bonds, within the meaning of Minnesota Statutes, Section 475.55, subdivision 1, as amended.

(j) Valid Obligations. All Bonds issued upon any transfer or exchange of Bonds shall be the valid obligations of the District, evidencing the same debt, and entitled to the same benefits under this resolution as the Bonds surrendered upon such transfer or exchange.

2.07. Execution; Authentication and Delivery. The Bonds shall be prepared under the direction of the Clerk and shall be executed on behalf of the District by the signatures of the Chairperson and the Clerk, provided that all signatures may be printed, engraved, or lithographed facsimiles of the originals. In case any officer whose signature, or a facsimile of whose signature, shall appear on the Bonds shall cease to be such officer before the delivery of any Bond, such signature or facsimile shall nevertheless be valid and sufficient for all purposes, the same as if such officer had remained in office until delivery. Notwithstanding such execution, no Bond shall be valid or obligatory for any purpose or entitled to any security or benefit under this resolution unless and until a certificate of authentication on such Bond has been duly executed by the manual signature of the Registrar. The executed certificate of authentication on each Bond shall be conclusive evidence that it has been authenticated and delivered under this resolution. When the Bonds have been so delivered and authenticated, they shall be delivered by the Clerk to the Purchaser upon payment of the purchase price in accordance with the contract of sale heretofore made and executed, and the Purchaser shall not be obligated to see to the application of the purchase price.

2.08. Securities Depository. (a) For purposes of this section the following terms shall have the following meanings:

“Beneficial Owner” shall mean, whenever used with respect to a Bond, the person in whose name such Bond is recorded as the beneficial owner of such Bond by a Participant on the records of such Participant, or such person’s subrogee.

“Cede & Co.” shall mean Cede & Co., the nominee of DTC, and any successor nominee of DTC with respect to the Bonds.

“DTC” shall mean The Depository Trust Company of New York, New York.

“Participant” shall mean any broker-dealer, bank or other financial institution for which DTC holds Bonds as securities depository.

“Representation Letter” shall mean the Representation Letter pursuant to which the District agrees to comply with DTC’s Operational Arrangements.

(b) The Bonds shall be initially issued as separately authenticated fully registered bonds, and one Bond shall be issued in the principal amount of each stated maturity of the Bonds. Upon initial issuance, the ownership of such Bonds shall be registered in the bond register in the name of Cede & Co., as nominee of DTC. The Registrar and the District may treat DTC (or its nominee) as the sole and exclusive owner of the Bonds registered in its name for the purposes of payment of the principal of or interest on the Bonds, selecting the Bonds or portions thereof to be redeemed, if any, giving any notice permitted or required to be given to registered owners of Bonds under this resolution, registering the transfer of Bonds, and for all other purposes whatsoever; and neither the Registrar nor the District shall be affected by any notice to the contrary. Neither the Registrar nor the District shall have any responsibility or obligation to any Participant, any person claiming a beneficial ownership interest in the Bonds under or through DTC or any Participant, or any other person which is not shown on the bond register as being a registered owner of any Bonds, with respect to the accuracy of any records maintained by DTC or any Participant, with respect to the payment by DTC or any Participant of any amount with respect to the principal of or interest on the Bonds, with respect to any notice which is permitted or required to be given to owners of Bonds under this resolution, with respect to the selection by DTC or any Participant of any person to receive payment in the event of a partial redemption of the Bonds, or with respect to any consent given or other action taken by DTC as registered owner of the Bonds. So long as any Bond is registered in the name of Cede & Co., as nominee of DTC, the Registrar shall pay all principal of and interest on such Bond, and shall give all notices with respect to such Bond, only to Cede & Co. in accordance with DTC’s Operational Arrangements, and all such payments shall be valid and effective to fully satisfy and discharge the District’s obligations with respect to the principal of and interest on the Bonds to the extent of the sum or sums so paid. No person other than DTC shall receive an authenticated Bond for each separate stated maturity evidencing the obligation of the District to make payments of principal and interest. Upon delivery by DTC to the Registrar of written notice to the effect that DTC has determined to substitute a new nominee in place of Cede & Co., the Bonds will be transferable to such new nominee in accordance with paragraph (e) hereof.

(c) In the event the District determines that it is in the best interest of the Beneficial Owners that they be able to obtain Bonds in the form of bond certificates, the District may notify DTC and the Registrar, whereupon DTC shall notify the Participants of the availability through DTC of Bonds in the form of certificates. In such event, the Bonds will be transferable in accordance with paragraph (e) hereof. DTC may determine to discontinue providing its services with respect to the Bonds at any time by giving notice to the District and the Registrar and discharging its responsibilities with respect thereto under applicable law. In such event the Bonds will be transferable in accordance with paragraph (e) hereof.

(d) The execution and delivery of the Representation Letter to DTC by the Chairperson or Clerk, if not previously filed, or if required to be re-filed, with DTC, is hereby authorized and directed.

(e) In the event that any transfer or exchange of Bonds is permitted under paragraph (b) or (c) hereof, such transfer or exchange shall be accomplished upon receipt by the Registrar of the Bonds to be transferred or exchanged and appropriate instruments of transfer to the permitted transferee in accordance with the provisions of this resolution. In the event Bonds in the form of certificates are issued to owners other than Cede & Co., its successor as nominee for DTC as owner of all the Bonds, or another securities depository as owner of all the Bonds, the provisions of this resolution shall also apply to all matters relating thereto, including, without limitation, the printing of such Bonds in the form of bond certificates and the method of payment of principal of and interest on such Bonds in the form of bond certificates.

2.09. Form of Bonds. The Bonds shall be prepared in substantially the form found at EXHIBIT A hereto.

SECTION 3. USE OF PROCEEDS. Upon payment for the Bonds by the Purchaser, Bond proceeds shall be used as follows: (a) \$_____ shall be deposited in the sinking fund established for the Refunded Bonds to be applied to their payment on the Redemption Date; (b) \$_____ shall be used to pay costs of issuance of the Bonds in accordance with Section 6.04 hereof; and (c) \$_____ shall be deposited in the Debt Service Fund created in Section 4.01 hereof.

SECTION 4. DEBT SERVICE FUND AND TAX LEVIES.

4.01. General Obligation School Building Refunding Bonds, Series 2021A Debt Service Fund. The Bonds shall be payable from a separate General Obligation School Building Refunding Bonds, Series 2021A Debt Service Fund (the Debt Service Fund) of the District, which Debt Service Fund the District agrees to maintain until the Bonds have been paid in full. If the money in the Debt Service Fund should at any time be insufficient to pay principal and interest due on the Bonds, such amounts shall be paid from other moneys on hand in other funds of the District, which other funds shall be reimbursed therefor when sufficient money becomes available in the Debt Service Fund. The moneys on hand in the Debt Service Fund from time to time shall be used only to pay the principal of and interest on the Bonds. Into the Debt Service Fund shall be paid: (a) any amount in excess of the amount necessary to accomplish the

refunding described in Section 3; (b) any amount appropriated thereto pursuant to Section 3 hereof; (c) all amounts on deposit in the debt service fund maintained for the payment of the Refunded Bonds upon the retirement of the Refunded Bonds; (d) all taxes collected pursuant to Section 4.02 hereof; and (e) any other funds appropriated by the Board for the payment of the Bonds. If any payment of principal of and interest on the Bonds shall become due when there is not sufficient money in the Debt Service Fund to make such payment, the Clerk shall pay the same from any other available fund of the District, and such other fund shall be reimbursed for such advances out of the proceeds of the taxes levied for the payment of the Bonds when available.

4.02. Tax Levies. For the prompt and full payment of the principal of and interest on the Bonds as the same respectively become due, the full faith, credit and taxing power of the District shall be and are hereby irrevocably pledged. To provide moneys for the payment of principal of and interest on the Bonds as required by Minnesota Statutes, Section 475.61, subdivision 1, there is hereby levied on all taxable property in the District a direct, annual ad valorem tax which shall be spread upon the tax rolls for collection in the years and amounts as follows, as a part of other general taxes of the District, as follows:

<u>Levy Years</u>	<u>Collection Years</u>	<u>Amount</u>
-------------------	-------------------------	---------------

(See attached levy computation)

The taxes shall be irrepealable as long as any of the Bonds are outstanding and unpaid; provided that the District reserves the right and power to reduce the levies in the manner and to the extent permitted by Minnesota Statutes, Section 475.61. It is estimated that the ad valorem taxes will be collected in amounts not less than five percent in excess of the annual principal and interest requirements of the Bonds. If, as of the date tax levies are certified in any year, the sum of the balance in the Debt Service Fund plus any ad valorem taxes theretofore levied for the payment of Bonds payable therefrom and collectible through the end of the following calendar year is not sufficient to pay when due all principal and interest to become due on all Bonds payable therefrom in said following calendar year, or the Debt Service Fund has incurred a deficiency in the manner provided in Section 4.01, an additional direct, irrepealable, ad valorem tax shall be levied on all taxable property within the corporate limits of the District for the purpose of restoring such accumulated or anticipated deficiency in accordance with the provisions of this resolution.

4.03. Debt Service Fund Balance Restriction. In order to ensure compliance with the Internal Revenue Code of 1986 (the Code), and applicable Treasury Regulations (the Regulations), upon allocation of any funds to the Debt Service Fund, the balance then on hand in the Fund shall be ascertained. If it exceeds the amount of principal and interest on the Bonds to become due and payable through February 1 next following, plus a reasonable carryover equal to 1/12th of the debt service due in the following bond year, the excess shall (unless an opinion is otherwise received from bond counsel) be used to prepay or purchase Bonds, or invested at a yield which does not exceed the yield on the Bonds calculated in accordance with Section 148 of the Code.

SECTION 5. DEFEASANCE. When all of the Bonds have been discharged as provided in this section, all pledges, covenants and other rights granted by this resolution to the registered owners of the Bonds shall cease. The District may discharge its obligations with respect to any Bonds which are due on any date by depositing with the Registrar on or before that date a sum sufficient for the payment thereof in full; or, if any Bond should not be paid when due, it may nevertheless be discharged by depositing with the Registrar a sum sufficient for the payment thereof in full with interest accrued from the due date to the date of such deposit. The District may also at any time discharge its obligations with respect to any Bonds, subject to the provisions of law now or hereafter authorizing and regulating such action, by depositing irrevocably in escrow, with a bank or trust company qualified by law as an escrow agent for this purpose, cash or securities which are authorized by law to be so deposited, bearing interest payable at such time and at such rates and maturing or callable at the holder's option on such dates as shall be required to pay all principal and interest to become due thereon to maturity.

SECTION 6. CERTIFICATION OF PROCEEDINGS.

6.01. Filing with County Auditors. The Clerk is hereby authorized and directed to file with the County Auditors of Itasca and Cass Counties, a certified copy of this resolution together with such other information as the County Auditors shall require and to obtain from the County Auditors a certificate that the Bonds have been entered upon the bond registers and that the tax for the payment of the Bonds has been levied as required by law.

6.02. Certification of Proceedings. The officers of the District and the County Auditors are hereby authorized and directed to prepare and furnish to the Purchaser and to Dorsey & Whitney LLP, Bond Counsel, certified copies of all proceedings and records of the District relating to the Bonds and to the financial condition and affairs of the District, and such other affidavits, certificates and information as may be required to show the facts relating to the legality and marketability of the Bonds as they appear from the books and records under the officer's custody and control or as otherwise known to the them. All such certified copies, certificates and affidavits, including any heretofore furnished, shall be deemed representations of the District to the correctness of all statements contained herein.

6.03. Official Statement. The Preliminary Official Statement relating to the Bonds, dated October 7, 2021, prepared and distributed by Ehlers, is hereby approved. Ehlers is hereby authorized on behalf of the District to prepare and distribute to the Purchaser within seven business days from the date hereof, a Final Official Statement listing the offering price, the interest rates, selling compensation, delivery date, the underwriters and such other information relating to the Bonds required to be included in the Official Statement by Rule 15c2-12 adopted by the Securities and Exchange Commission (the SEC) under the Securities Exchange Act of 1934. The officers of the District are hereby authorized and directed to execute such certificates as may be appropriate concerning the accuracy, completeness and sufficiency of the Official Statement.

6.04. Authorization of Payment of Certain Costs of Issuance of the Bonds. The District authorizes the Purchaser to forward the amount of Bond proceeds allocable to the payment of

issuance expenses to Old National Bank, in Chaska Minnesota, on the closing date for further distribution as directed by Ehlers.

SECTION 7. TAX COVENANTS, ARBITRAGE MATTERS, AND CONTINUING DISCLOSURE.

7.01. Restrictive Action. The District covenants and agrees with the registered owners of the Bonds, that it will not take or permit to be taken by any of its officers, employees or agents any actions that would cause interest on the Bonds to become includable in gross income of the recipient under the Code and applicable Regulations, and covenants to take any and all actions within its powers to ensure that the interest will not become includable in gross income of the recipient under the Code and the Regulations. It is hereby certified that the proceeds of the Refunded Bonds were used to finance or refinance the acquisition and betterment of school facilities owned and operated by the District and the District covenants and agrees that, so long as the Bonds are outstanding, the District shall not enter into any lease, management agreement, use agreement or other contract with any nongovernmental entity relating to the school facilities so financed or refinanced which would cause the Bonds to be considered “private activity bonds” or “private loan bonds” pursuant to Section 141 of the Code.

7.02. Arbitrage Certification. The Chairperson and Clerk being the officers of the District charged with the responsibility for issuing the Bonds pursuant to this resolution, are authorized and directed to execute and deliver to the Purchaser a certificate in accordance with the provisions of Section 148 of the Code and applicable Regulations stating the facts, estimates and circumstances in existence on the date of issue and delivery of the Bonds which make it reasonable to expect that the proceeds of the Bonds will not be used in a manner that would cause the Bonds to be “arbitrage bonds” within the meaning of the Code and the Regulations.

7.03. Arbitrage Rebate Exemption. (a) It is hereby determined that the District will qualify for the exception from arbitrage rebate for the Bonds provided by Section 148(f)(4)(B)(i) of the Code.

(b) Notwithstanding the provisions of paragraph (a) of this Section 7.03, if the arbitrage rebate provisions of Section 148(f) of the Code apply to the Bonds, the District hereby covenants and agrees to make the determinations, retain records and rebate to the United States the amounts at the times and in the manner required by said Section 148(f) and applicable Regulations.

7.04. Qualified Tax-Exempt Obligations. The Board hereby designates the Bonds as “qualified tax-exempt obligations” for purposes of Section 265(b)(3) of the Code relating to the disallowance of interest expense for financial institutions, and hereby finds that the reasonably anticipated amount of tax-exempt obligations, which are not private activity bonds (not treating qualified 501(c)(3) bonds under Section 145 of the Code as private activity bonds for the purpose of this representation) which will be issued by the District and all subordinate entities during calendar year 2021 does not exceed \$10,000,000.

7.05. Continuing Disclosure. (a) Purpose and Beneficiaries. To provide for the public

availability of certain information relating to the Bonds and the security therefor and to permit the Purchaser and other participating underwriters in the primary offering of the Bonds to comply with amendments to Rule 15c2-12 promulgated by the SEC under the Securities Exchange Act of 1934 (17 C.F.R. § 240.15c2-12), relating to continuing disclosure (as in effect and interpreted from time to time, the Rule), which will enhance the marketability of the Bonds, the District hereby makes the following covenants and agreements for the benefit of the Owners (as hereinafter defined) from time to time of the outstanding Bonds. The District is the only obligated person in respect of the Bonds within the meaning of the Rule for purposes of identifying the entities in respect of which continuing disclosure must be made. If the District fails to comply with any provisions of this section, any person aggrieved thereby, including the Owners of any outstanding Bonds, may take whatever action at law or in equity may appear necessary or appropriate to enforce performance and observance of any agreement or covenant contained in this section, including an action for a writ of mandamus or specific performance. Direct, indirect, consequential and punitive damages shall not be recoverable for any default hereunder to the extent permitted by law. Notwithstanding anything to the contrary contained herein, in no event shall a default under this section constitute a default under the Bonds or under any other provision of this resolution. As used in this section, Owner or Bondowner means, in respect of a Bond, the registered owner or owners thereof appearing in the bond register maintained by the Registrar or any Beneficial Owner (as hereinafter defined) thereof, if such Beneficial Owner provides to the Registrar evidence of such beneficial ownership in form and substance reasonably satisfactory to the Registrar. As used herein, Beneficial Owner means, in respect of a Bond, any person or entity which (a) has the power, directly or indirectly, to vote or consent with respect to, or to dispose of ownership of, such Bond (including persons or entities holding Bonds through nominees, depositories or other intermediaries), or (b) is treated as the owner of the Bond for federal income tax purposes.

(b) Information To Be Disclosed. The District will provide, in the manner set forth in subsection (c) hereof, either directly or indirectly through an agent designated by the District, the following information at the following times:

- (1) on or before twelve (12) months after the end of each fiscal year of the District, commencing with the fiscal year ending June 30, 2021, the following financial information and operating data in respect of the District (the Disclosure Information):
 - (A) the audited financial statements of the District for such fiscal year, prepared in accordance with generally accepted accounting principles in accordance with the governmental accounting standards promulgated by the Governmental Accounting Standards Board or as otherwise provided under Minnesota law, as in effect from time to time, or, if and to the extent such financial statements have not been prepared in accordance with such generally accepted accounting principles for reasons beyond the reasonable control of the District, noting the discrepancies therefrom and the effect thereof, and certified as to accuracy and completeness in all material respects by the fiscal officer of the District; and

- (B) to the extent not included in the financial statements referred to in paragraph (A) hereof, the information for such fiscal year or for the period most recently available of the type contained in the Official Statement under the headings: Current Property Valuations; Direct Debt; Tax Levies and Collections; Student Body; and Employment/ Unemployment Data, which information may be unaudited.

Notwithstanding the foregoing paragraph, if the audited financial statements are not available by the date specified, the District shall provide on or before such date unaudited financial statements in the format required for the audited financial statements as part of the Disclosure Information and, within 10 days after the receipt thereof, the District shall provide the audited financial statements. Any or all of the Disclosure Information may be incorporated by reference, if it is updated as required hereby, from other documents, including official statements, which have been submitted to the Municipal Securities Rulemaking Board (the MSRB) through its Electronic Municipal Market Access System (EMMA) or the SEC. The District shall clearly identify in the Disclosure Information each document so incorporated by reference. If any part of the Disclosure Information can no longer be generated because the operations of the District have materially changed or been discontinued, such Disclosure Information need no longer be provided if the District includes in the Disclosure Information a statement to such effect; provided, however, if such operations have been replaced by other District operations in respect of which data is not included in the Disclosure Information and the District determines that certain specified data regarding such replacement operations would be a Material Fact (as defined in paragraph (2) hereof), then, from and after such determination, the Disclosure Information shall include such additional specified data regarding the replacement operations. If the Disclosure Information is changed or this section is amended as permitted by this paragraph (b)(1) or subsection (d), then the District shall include in the next Disclosure Information to be delivered hereunder, to the extent necessary, an explanation of the reasons for the amendment and the effect of any change in the type of financial information or operating data provided.

- (2) In a timely manner, not in excess of 10 business days, to the MSRB through EMMA, notice of the occurrence of any of the following events (each a “Material Fact,” as hereinafter defined):
 - (A) principal and interest payment delinquencies;
 - (B) non-payment related defaults, if material;
 - (C) unscheduled draws on debt service reserves reflecting financial difficulties;
 - (D) unscheduled draws on credit enhancements reflecting financial difficulties;
 - (E) substitution of credit or liquidity providers, or their failure to perform;
 - (F) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB), or other material notices or determinations with respect to the tax status of the Bonds or other material events affecting the tax status of the Bonds;
 - (G) modifications to rights of Bond holders, if material;

- (H) Bond calls, if material and tender offers;
- (I) defeasances;
- (J) release, substitution, or sale of property securing repayment of the Bonds if material;
- (K) rating changes;
- (L) bankruptcy, insolvency, receivership, or similar event of the obligated person;
- (M) the consummation of a merger, consolidation, or acquisition involving an obligated person or the sale of all or substantially all of the assets of the obligated person, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material;
- (N) appointment of a successor or additional trustee or the change of name of a trustee, if material;
- (O) incurrence of a financial obligation of the obligated person, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation of the obligated person, any of which affect security holders, if material; “financial obligation” means a (a) debt obligation; (b) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation; or (c) guarantee of a debt obligation or any such derivative instrument; provided that “financial obligation” shall not include municipal securities as to which a final official statement (as defined in the Rule) has been provided to the MSRB consistent with the Rule; and
- (P) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a financial obligation of the obligated person, any of which reflect financial difficulties.

As used herein, for those events that must be reported if material, a “Material Fact” is a fact as to which a substantial likelihood exists that a reasonably prudent investor would attach importance thereto in deciding to buy, hold or sell a Bond or, if not disclosed, would significantly alter the total information otherwise available to an investor from the Official Statement, information disclosed hereunder or information generally available to the public. Notwithstanding the foregoing sentence, a Material Fact is also a fact that would be deemed material for purposes of the purchase, holding or sale of a Bond within the meaning of applicable federal securities laws, as interpreted at the time of discovery of the occurrence of the event.

order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the obligated person.

For purposes of the events identified in paragraphs (O) and (P) above, the term “financial obligation” means (i) a debt obligation; (ii) a derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation; or (iii) a guarantee of (i) or (ii). The term “financial obligation” shall not include municipal securities as to which a final official statement has been provided to the MSRB consistent with the Rule.

- (3) In a timely manner, to the MSRB through EMMA, notice of the occurrence of any of the following events or conditions:
 - (A) the failure of the District to provide the Disclosure Information required under paragraph (b)(1) at the time specified thereunder;
 - (B) the amendment or supplementing of this section pursuant to subsection (d), together with a copy of such amendment or supplement and any explanation provided by the District under subsection (d)(2);
 - (C) the termination of the obligations of the District under this section pursuant to subsection (d);
 - (D) any change in the accounting principles pursuant to which the financial statements constituting a portion of the Disclosure Information are prepared; and
 - (E) any change in the fiscal year of the District.

(c) Manner of Disclosure.

- (1) The District agrees to make available to the MSRB through EMMA, in an electronic format as prescribed by the MSRB, the information described in subsection (b).
- (2) All documents provided to the MSRB pursuant to this subsection (c) shall be accompanied by identifying information as prescribed by the MSRB from time to time.

(d) Term; Amendments; Interpretation.

- (1) The covenants of the District in this section shall remain in effect so long as any Bonds are outstanding. Notwithstanding the preceding sentence, however, the obligations of the District under this section shall terminate and be without further effect as of any date on which the District delivers to the Registrar an opinion of Bond Counsel to the effect that, because of legislative action or final judicial or administrative actions or proceedings, the failure of the District to comply with the requirements of this section will not cause participating underwriters in the primary offering of the Bonds to be in violation of the Rule or other applicable

requirements of the Securities Exchange Act of 1934, as amended, or any statutes or laws successory thereto or amendatory thereof.

- (2) This section (and the form and requirements of the Disclosure Information) may be amended or supplemented by the District from time to time, without notice to (except as provided in paragraph (c)(2) hereof) or the consent of the Owners of any Bonds, by a resolution of this Board filed in the office of the recording officer of the District accompanied by an opinion of Bond Counsel, who may rely on certificates of the District and others and the opinion may be subject to customary qualifications, to the effect that: (i) such amendment or supplement (a) is made in connection with a change in circumstances that arises from a change in law or regulation or a change in the identity, nature or status of the District or the type of operations conducted by the District, or (b) is required by, or better complies with, the provisions of paragraph (b)(5) of the Rule; (ii) this section as so amended or supplemented would have complied with the requirements of paragraph (b)(5) of the Rule at the time of the primary offering of the Bonds, giving effect to any change in circumstances applicable under clause (i)(a) and assuming that the Rule as in effect and interpreted at the time of the amendment or supplement was in effect at the time of the primary offering; and (iii) such amendment or supplement does not materially impair the interests of the Bondowners under the Rule.

If the Disclosure Information is so amended, the District agrees to provide, contemporaneously with the effectiveness of such amendment, an explanation of the reasons for the amendment and the effect, if any, of the change in the type of financial information or operating data being provided hereunder.

- (3) This section is entered into to comply with the continuing disclosure provisions of the Rule and should be construed so as to satisfy the requirements of paragraph (b)(5) of the Rule.

SECTION 8. REFUNDED BONDS CALL. The Clerk is hereby directed to advise Bond Trust Services Corporation, Roseville, Minnesota, as paying agent for the Refunded Bonds, to call the Refunded Bonds for redemption and prepayment on the Redemption Date, and to give thirty (30) days mailed Notice of Redemption, substantially in the form attached hereto, all in accordance with the provisions of the resolution authorizing the issuance of the Refunded Bonds.

SECTION 9. STATE PAYMENT; DISTRICT AND REGISTRAR OBLIGATIONS. The District hereby covenants and obligates itself to notify the Commissioner of Education (the Commissioner) of any potential default in the payment of the principal of or interest on the Bonds and to use the provisions of Minnesota Statutes, Section 126C.55 (the State Payment Law), to guarantee, to the extent permitted by law, payment of the principal of and interest on the Bonds when due. The District further covenants to deposit with the Registrar not less than three business days prior to each February 1 and August 1 as set forth in Section 2.03 hereof, an amount sufficient to make that payment or to notify the Commissioner as provided in the State Payment Law that it will be unable to make all or a portion of such payment. The Registrar will notify the Commissioner if it becomes aware of a potential default in the payment of principal of

and interest on the Bonds on any payment date or if, on the date two business days prior to the date on which a payment is due, there are insufficient funds on deposit with the Registrar to make the required payment on such date. The Registrar will cooperate with the District, the Commissioner and the Commissioner of Management and Budget in implementing the provisions of the State Payment Law. In the event that amounts sufficient to make any such interest or principal payment are held by an escrow or paying agent and invested as authorized by Minnesota Statutes, Chapter 475 and such escrow or paying agent is required to use proceeds from such investment to pay to the Registrar the amount necessary to pay such interest or principal on such payment date, then the requirements of the State Payment Law relating to the deposit of such amounts with the Registrar prior to the payment date of such interest or principal shall be deemed satisfied and neither the District nor the Registrar shall be required to notify the Commissioner that insufficient funds are available to pay such interest or principal on such payment date. The District shall do all other things which may be necessary to perform the Bonds hereby undertaken under the State Payment Law, including any requirements hereafter adopted by the Commissioner of Management and Budget or the Commissioner.
