Joe Akre,

This is my official notice that I will not be returning to the paraprofessional position for the upcoming school year (2022-2023).

With my recent health decline, it is not something I can keep up with. I will do my best to stay through the end of the current year, barring any further decline in my health.

I apologize for the inconvenience that my absence has caused, due to the decline in my health, and I understand if the company does not want me to return to work due to my prolonged absence.

Dear Jen,

With a heavy heart, I am submitting this letter as formal notification of my upcoming retirement. My last day at King Elementary will be June 3, 2022.

I have truly enjoyed my time at King Elementary. Working alongside some of the most caring, dedicated and talented teachers, support staff, and administrators has been a blessing. Although I have taught interventions, title and 4th grade for the most part, I am especially grateful for having had the opportunity to work with the special education team for the past four years. Before coming to King, I began my teaching career in another district as a long term substitute teacher for EBD and SLD. Four years ago, after many years of teaching 4th grade, I followed my heart and applied to teach DCD. I will be forever grateful to have had the privilege of working with the students, families, service providers, and paras in the DCD program.

Please let me know what my next steps are and what I can do to help make the transition following my retirement as smooth as possible.

Although I am looking forward to spending more time with my *Real Family*, I will truly miss my *King Family*.

Respectfully,

Kaija Helmbrecht

This request meets the criteria for a general LOA, however it is completely up to the district's discretion. Nick would need to submit notice by February 1, 2023 if he intended to return to his position. Unless, you have reservations we would grant the leave pending the hiring of a qualified replacement.

Dear Dr. Pesta,

I am writing to request a leave of absence for the 2022-2023 school year, due to a temporary teaching position overseas that has been offered to me in Thailand.

I have taught in Deer River for nearly six years, and I am incredibly proud to be apart of this community. The students and staff of this district mean the world to me, and Deer River has become home.

With that being said, I have been offered a once in a lifetime position I feel the need to pursue. I would be eternally grateful and appreciative if Deer River was willing to accommodate this.

Thank you for your consideration.

Sincerely,

Nick Koerbitz

To: ISD 317 Board of Education

- Iron Range All-Conference Basketball Team selections included Ty Morrison, Ethan Williams and Sam Rahier. Cale Jackson and Tait Kongsjord were named to the Honorable Mention Team.
- Students and staff have been intermittently collecting sap at the Deer River Schools' Sugar Bush in Inger (Chachabahning).
- On March 31, the FFA Small Animals Veterinary Science Team (Hope Morris, Eowyn Baker, Israel Treat, Faith Hawkins, and Hannah Hanson) earned a state competition berth with a 3rd place ranking.
- The FFA Best Informed Greenhand Team (Abbey Harrison, Israel Treat, Hudson Barnes, Aiden French, Dezeræ Shaw, and Arianna Warner) finished as the 1<sup>st</sup> place team while also qualifying for the state competition.
- Superintendent Jeff Pesta participated in a State Capitol visit on April 6 with a group of superintendents representing Region 7 of the Minnesota Association of School Administrators. They discussed education legislation with North Central Minnesota legislators including Senator Eichorn of District 05.

# Annual Compliance/Vote of Concurrence or Nonconcurrence

District, Charter, or Tribal School Name: Deer River Publ. Schools

## The American Indian Parent Advisory Committee Vote

**The AIPAC Issued a Vote of Concurrence**

Date of Concurrent Vote:

Date the AIPAC presented to the school board:

**The AIPAC Issued a Vote of Nonconcurrence**

A vote of nonconcurrence requires the AIPAC to provide specific written recommendations for improvement to the school board. The school board is required to respond in writing to each recommendation within 60 days of the recommendations being put forth. The school board must provide this written response to both the AIPAC and to the Office of Indian Education.

Date of Nonconcurrent vote: 21/11/2022

Date the AIPAC presented to the school board: 2/14/2022

Date the written response from the school board is due: 4/18/2022

**The District/School Does Not Have an AIPAC**

The district has not yet formed an AIPAC, but recognizes the need to do so in order to remain compliant with Minnesota Statutes, section 124D.78. By signing below, the district/school leadership commits to working with the Office of American Indian Education on committee formation.

Boozhoo/Aaniin/Greetings:

I am Rachel Herring, a representative of the American Indian Parent Advisory Committee for the Deer River School District. First of all we, the AIPAC, would like to say there are many positive improvements the Deer River team has made in the education opportunities for Deer River students. This has been an ongoing team effort for the District and has involved many people and hours of time; however we have had many discussions on the steps we need to address the disparities in the achievement of Native American students in the district. On February 11, 2022, we, as an AIPAC chose to vote in Nonconcurrency. The AIPAC's intent is to send our concerns to the school board by the issuance of this vote. We do not feel that the school is adequately meeting the needs of our Anishinaabeg students at this time.

In our meeting, we discussed key areas that we would like to see change and improvement on behalf of our students. These areas are:

Academic Achievement and Integration (Curriculum and Staff)

Consultation on programs that affect our students' academics such as other Title programs(I, III, IX).

Closing the Gap

Disproportionate Discipline Referrals,

Under representation in Volleyball and FFA

Quality Cultural Competency Training for Staff.

Effective and Relevant Mental Health Programs

Adequate training from Indigenous perspectives

We will be convening as an AIPAC by the end of the week, to discuss the specific recommendations that we will be putting forth in writing.

RE: Deer River Board of Education Response to AIPAC Vote of Nonconcurrency

In accordance with [Minnesota Statutes, section 124D.78, subdivision 2](#), “By resolution, **the board must respond in writing within 60 days**, in cases of nonconcurrency, to each recommendation made by the committee and state its reasons for implementing or not implementing the recommendations”.

**This written board response is due April 18, 2022.** This written response should: Be thoughtfully written, reviewed and **signed by the entire school board**; Address each AIPAC recommendation that the resolution of nonconcurrency addresses, including specific reasons for implementing or not implementing the recommendations.

## Deer River Board of Education Response to AIPAC Vote of Nonconcurrency

### **1. Academic Achievement & Integration**

ISD 317 was identified by the Minnesota Department of Education (MDE) as a “racially isolated district” in 2019. ISD 318 chose to partner with ISD 317 in an MDE Achievement and Integration plan. Sarah Scofield was appointed as the coordinator and a multi-district cohort was formed to increase cultural awareness and competency in both districts. The schools were closed by executive order in March of 2020 and the cohort lost some momentum. As most public health restrictions began to end at the start of 2022, the cohort met to commit to a reboot effort. The first cohort meeting since that date was held on March 24. Districts with an AIPAC must include representation in the A&I cohort (Minn. R. 3535.0160, subp. 2, and 3535.0170, subp. 3). AIPAC representation and participation will be critical to the success of the A&I cohort and plan as it moves into its second three-year cycle.

### **2. Consultation on Programs That Impact Student Academic Achievement to Include Title I, III, and IX programs**

The district has proposed an annual AIPAC meeting calendar in which all tribal consultations with representatives of the Leech Lake Band of Ojibwe (LLBO) occur simultaneously with AIPAC quarterly meetings. This ensures that invitations, schedules, and logistics occur in a prompt and coordinated manner with an opportunity for thorough consultation.

Title I: Improving Basic Programs

- Spring tribal & AIPAC consultation and fall parent engagement meeting for King Elementary schoolwide programming.

Title II: High Quality Teachers

- Consultation on the Grow Your Own Teacher initiative supported by Career Pathways to Education, professional development support for non-licensed staff with the potential to teach, collaboration with Bemidji State University American Indian Resource Center, and eminence credentialing through LLBO.

Title IX: Education for Homeless or Displaced Students

- The McKinney-Vento Act Liaison is the Full Service Community Schools Coordinator. Ms. Hron regularly attends AIPAC meetings as a non-rostered participant. The district will be updating policy regarding the education of homeless and displaced students during the summer of 2022. Progress updates will be provided at regular AIPAC meetings.

### **3. Closing the Opportunity Gap**

The greatest potential for a widening of the opportunity gap is during the transition from King Elementary to the 6<sup>th</sup> grade program at Deer River High School. Students leave behind the

relationship with their primary teacher, integrated Anishinaabe Education culture instruction, Positive Behavioral Interventions and Supports (PBIS), a Multi-Tiered Systems of Support (MTSS) coach, recess, and morning meetings.

The district proposes a pilot program for August 2022 to add orientation days and events to build a “school within a school” 6<sup>th</sup> grade model focused on the transition in settings and developmental stages characteristics of most middle school students. In addition, the teaching team will have access to Developmental Designs style professional development.

The 6<sup>th</sup> grade team would be expanded to feature:

- A dedicated administrator for student management familiar with indigenous cultural practices. A student handbook revised through an equity lens.
- A teacher trained in Response to Interventions practices to differentiate instruction for student groups who are both succeeding in formative assessments or need re-teaching.
- A fully supported Tier 2 intervention program (FOCUS) with a lead tutor, and up to two assistant tutors, dependent upon overall staffing needs within Anishinaabe Education.
- Support from a district K-12 MTSS coach and K-12 instructional coaches.
- A part-time Indigenous cultural liaison to assist with family communication and embed cultural education and activities.
- Increased physical activity breaks both indoors and outdoors.

#### **4. Disproportionate Discipline Referrals**

The middle school Assistant Principal will work under the supervision of the High School Principal with primary responsibility for grades 6-8 to focus on the needs of adolescent learners. A new student handbook will be revised to apply an equity lens to all aspects of student management. These will include alternatives to discipline that are culturally competent and promote student social and emotional learning.

#### **5. Under Representation in Volleyball & FFA**

Appendix A provides a response prepared by the Activities Director, FFA Advisor, & Varsity Volleyball Coach. Longitudinal demographic data will be maintained for those two activities and any other activity that may reveal indicators of possible under representation.

#### **6. Quality Cultural Competency Training for Staff**

The site principals and their respective site and district leadership teams are responsible for staff development opportunities. Since August 2021, the district’s equity coordinator has been a member of the planning team with the goal of viewing all staff training through an equity lens. In March 2022, the district engaged Dr. Angela LaRocque (an indigenous licensed clinical psychologist) to begin a series of professional development events centered on becoming

trauma informed schools, to include the impact of historical, generational, and secondhand trauma.

**7. Effective and Relevant Mental Health Programs**

The district added an additional mental health therapist at the secondary school for the 2021-2022 school year. An extended contract for districtwide therapeutic services with North Homes Children and Family Services is being negotiated at the present time. A district task force is being organized to develop an innovative staff mental health support program reflective of the increased burden generated by the pandemic era.

**8. Adequate Staff Training from Indigenous Perspectives**

During several occasions in the 2021-2022 school year, impromptu staff training events became necessary. For those events, the administration, counseling department, equity coordinator, and Anishinaabe education department collaborated to include first-person, indigenous perspectives. The district leadership team, which includes the equity coordinator will be empowered to continue to provide both planned and responsive staff training to orient all employees to indigenous perspectives and create a welcoming, safe, and productive environment for students, families, and staff. This mirrors the priority Board of Education goal set for this school year.

## **Appendix A**

Response to Item #5

Underrepresentation in FFA & Volleyball

### **Native Participation in FFA & Volleyball**

#### **FFA**

Current Membership: 40 students

Native Students: 13 students

Total Ag Students\*: 171

Total Native Ag Students\*: 62

#### **Plan to increase Native Student Participation:**

First and foremost, FFA is intra-curricular, meaning that according to FFA's National Charter, students cannot be in FFA unless they are enrolled in an agriculture class. The first step to increasing Native involvement in FFA is to increase Native enrollment in Agriculture classes. Currently, 171 7th-12th grade students are or have been enrolled in an agriculture class in the 2021-2022 school year. Of those 171 students, just over 23% have joined FFA. Out of those 171 students, 62 students are Native. Of those 62 native students, 21% are in FFA. If 23% of Native Ag students were enrolled in FFA, we would have 1 more Native FFA member. To actually increase Native involvement in FFA, we will need to increase Native enrollment in Ag Classes. If Ag class demographics matched school demographics, 74 of the 171 students enrolled in Ag classes would be Native. In this case, for Native Student involvement to match total involvement, we would have 4 more native students as members in FFA.

One of the biggest challenges is branding. Everywhere I go, people assume I teach farming. Students enrolled in Critter Care or Food Skills don't recognize it as an Ag Class or a part of Agriculture. One of the first things that I teach every junior high student is how broad agriculture is, to include food, fiber, and natural resources. Still, parents and even other staff members believe that all I teach is cows and corn. To combat this, I ensure that junior high students learn about wildlife, forestry, and other natural resources. I've also been working to incorporate more Native practices into these teachings.

One of the biggest ways increasing Native enrollment in classes can be achieved is by ensuring content is relevant to Native students. This summer, I will be collaborating with the Anishinaabe department to deliver science and natural resource instruction that is interconnected with Anishinaabe

Culture. Through this experience, I am hoping to be able to bring some of that back to the school year and incorporate more of it into daily instruction. Additionally, in courses like Food Skills, I plan to cook more native dishes, including dishes with Wild Rice. I also plan to collaborate more with the Anishnaabe department to bring students to activities such as Sugar Bushing. In my Forestry and Wildlife courses, I plan to continue to utilize Nando-gikenimindwaa Nininawemaaganidog, an Anishnaabeg book on natural resources. I currently utilize it while teaching tree ID, leaf arrangements, leaf shapes, and flower parts. In the future, I also plan to utilize it to teach different animal classification systems.

Once I get students into agriculture classes, I plan to help guide them into FFA through Career Development Events (FFA Contests). These contests are usually exciting to students and can involve a variety of topics from Wildlife or Forestry to Floriculture or Small Animals. The opportunities really allow students to follow their interests. Two mistakes I have made in the past are practice schedules and confusing students with Leadership Development Events. FFA is a student led organization, therefore I let students design their own practice schedule. This can help plan around their schedules, as I can be flexible. However, sometimes more timid members aren't let into the loop or don't speak up when a practice time doesn't work for them, resulting in them falling behind their potential teammates. This is really common with Native students who live farther away and aren't sure about transportation. If we cement a practice schedule that they are able to share with their families early on, we are more likely to be able to successfully get students to practice. We will also be able to work around transportation issues as we will know in advance if there are issues. In the future, I plan to take a more active role designing practice schedules. Since I have put a calendar with all of the practice dates and times in my classroom, attendance to practices has increased and I plan to continue to use this system. The other mistake I've made is allowing students to get confused between Leadership Development Events and Career Development Events. Leadership Development Events (LDEs) are contests that usually center around public speaking, which is something that terrifies a lot of students, especially younger ones. Sometimes they think that all contests involve public speaking and will shut down, refusing to participate in any contests and then lose out on opportunities that they are interested in. They'll drop FFA because they don't think that there is a place for them in it. In the future, I plan to ensure that it is clear which contests are about what to hopefully calm some of those fears. This doesn't mean that Native students won't participate in LDEs, just that I will ease them into it.

\*Numbers are pulled from total roster numbers. If students are enrolled in multiple Ag Classes, they are counted multiple times.

*Class numbers were pulled in February, current numbers may vary slightly*

*6th Graders were not counted in these demographics as they cannot be in FFA*

## **VOLLEYBALL**

For the Fall of 2022 Volleyball Season

There was a total of 32 athletes that came out grades 7-12. 11 of the 32 were Native American.

After Covid Communication is vital to all activity's success. Many younger students and parents do not know the procedures for participating in activities due to being out of school and activities being discontinued during the pandemic.

We have already had one planning meeting for the 2022 season during advisory and plan to have more this spring.

Prior to Covid we started a pony league youth program, but it was stalled during the pandemic. This program was NEW to Deer River and reaches all player from grades 4-6. This gives them an opportunity to experience what VB is like in the fall.

We also have not had a youth camp due to covid the past couple of years. We will again try to run some of these this summer to expose all students grades 4-12 to the game of Volleyball. We could work closely with the Tribe's Youth Services division to possible hold some of these camps this summer at either Ball Club or Inger community centers and utilize Youth Services Transportation to it.

### 802 DISPOSITION OF OBSOLETE EQUIPMENT AND MATERIAL

*[Note: The provisions of this policy substantially reflect statutory requirements.]*

#### I. PURPOSE

The purpose of this policy is to provide guidelines for the superintendent to assist in timely disposition of obsolete equipment and material.

#### II. GENERAL STATEMENT OF POLICY

Effective use of school building space, and consideration for safety of personnel, will at times require disposal of obsolete equipment and material.

#### III. DEFINITIONS

- A. “Contract” means an agreement entered into by the school district for the sale of supplies, materials, or equipment.
- B. “Official newspaper” is a regular issue of a qualified legal newspaper.

#### IV. MANNER OF DISPOSITION

##### A. Authorization

The superintendent shall be authorized to dispose of obsolete equipment and materials by selling it at a fair price consistent with the procedures outlined in this policy. Any sale exceeding the minimum amount for which bids are required must first be specifically authorized by the school board. The superintendent shall be authorized to properly dispose of used books, materials, and equipment deemed to have little or no value.

##### B. Contracts Over \$175,000

- 1. If the value of the equipment or materials is estimated to exceed \$175,000, sealed bids shall be solicited by two weeks’ published notice in the official newspaper. This notice shall state the time and place of receiving bids and contain a brief description of the subject matter. Additional publication in the official newspaper or elsewhere may be made as the school board shall deem necessary.

2. The sale shall be awarded to the highest responsible bidder, be duly executed in writing, and be otherwise conditioned as required by law.
3. A record shall be kept of all bids, with names of bidders and amounts of bids, and an indication of the successful bid. A bid containing an alteration or erasure of any price contained in the bid which is used in determining the highest responsible bid shall be rejected unless the alteration or erasure is corrected by being crossed out and the correction printed in ink or typewritten adjacent thereto and initialed in ink by the person signing the bid.
4. In the case of identical high bids from two or more bidders, the school board may, at its discretion, utilize negotiated procurement methods with the tied high bidders so long as the price paid does not go below the high tied bid price. In the case where only a single bid is received, the school board may, at its discretion, negotiate a mutually agreeable contract with the bidder so long as the price paid does not fall below the original bid. If no satisfactory bid is received, the board may readvertise.
5. All bids obtained shall be kept on file for a period of at least one year after their receipt. Every contract made without compliance with the foregoing provisions shall be void.
6. Data submitted by a business to a school in response to a request for bids are private until opened. Once opened, the name of the bidder and the dollar amount specified become public; all other data are private until completion of the selection process, meaning the school has completed its evaluation and ranked the responses. After completion of the selection process, all data submitted by all bidders are public except trade secret data. If all responses are rejected prior to completion of the selection process, all data remain private, except the name of the bidder and the dollar amount specified which were made public at the bid opening for one year from the proposed opening date or until resolicitation results in completion of the selection process or until a determination is made to abandon the purchase, whichever occurs sooner, at which point the remaining data becomes public. Data created or maintained by the school district as part of the selection or evaluation process are protected as nonpublic data until completion of the selection or evaluation process. At that time, the data are public with the exception of trade secret data.

C. Contracts From \$25,000 to \$175,000

If the amount of the sale is estimated to exceed \$25,000 but not to exceed \$175,000, the contract may be made either upon sealed bids in the manner directed above or by direct negotiation, by obtaining two or more quotations for the purchase or sale when possible, and without advertising for bids or otherwise complying with the requirements of competitive bidding notice. All quotations

obtained shall be kept on file for a period of at least one year after receipt.

D. Contracts \$25,000 or Less

If the amount of the sale is estimated to be \$25,000 or less, the contract may be made either upon quotation or in the open market, in the discretion of the school board. The sale in the open market may be by auction. If the contract is made on quotation, it shall be based, so far as practicable, on at least two quotations which shall be kept on file for a period of at least one year after receipt.

E. Electronic Sale of Surplus Supplies, Materials, and Equipment

Notwithstanding the other procedural requirements of this policy, the school district may contract to sell supplies, materials, and equipment which is surplus, obsolete, or unused through an electronic selling process in which purchasers compete to purchase the supplies, materials, or equipment at the highest purchase price in an open and interactive environment.

F. Notice of Quotation

Notice of procedures to receive quotations shall be given by publication or other means as appropriate to provide reasonable notice to the public.

G. Sales to Employees

No officer or employee of the school district shall sell or procure for sale or possess or control for sale to any other officer or employee of the school district any property or materials owned by the school district unless the property and materials are not needed for public purposes and are sold to a school district employee after reasonable public notice, at a public auction or by sealed response, if the employee is not directly involved in the auction or sale process. Reasonable notice shall include at least one week's published or posted notice. A school district employee may purchase no more than one motor vehicle from the school district at any one auction. This section shall not apply to the sale of property or materials acquired or produced by the school district for sale to the general public in the ordinary course of business. Nothing in this section shall prohibit an employee of the school district from selling or possessing for sale public property if the sale or possession for sale is in the ordinary course of business or the normal course of the employee's duties.

H. Exceptions for Surplus School Computers

1. A school district may bypass the requirements for competitive bidding and is not subject to any other laws relating to school district contracts if it is disposing of surplus school computer and related equipment, including a tablet device, by conveying the property and title to:

- a. another school district;
  - b. the state department of corrections;
  - c. the board of trustees of Minnesota State Colleges and Universities;
  - d. the family of a student residing in the district whose total family income meets the federal definition of poverty; or
  - e. a charitable organization under section 501(c)(3) of the Internal Revenue Code that is registered with the attorney general’s office for educational use.
2. If surplus school computers are not disposed of as described in Paragraph 1., upon adoption of a written resolution of the school board, when updating or replacing school computers, including tablet devices, used primarily by students, the school district may sell or give used computers or tablets to qualifying students at the price specified in the written resolution. A student is eligible to apply to the school board for a computer or tablet under this subdivision if the student is currently enrolled in the school and intends to enroll in the school in the year following the receipt of the computer or tablet. If more students apply for computers or tablets than are available, the school must first qualify students whose families are eligible for free or reduced-price meals and then dispose of the remaining computers or tablets by lottery.

**OF A, A Long-Term Substitute.**

**WHEREAS** Mary Buech, is a probationary teacher in Independent School District No.317.

**BE IT RESOLVED**, by the School Board of Independent School District No. 317, that pursuant to Minnesota Statutes 122A.40, Subdivision 5, that the teaching contract of Mary Buech, a long-term substitute in Independent School District No.317, is hereby terminated at the close of the current 2021-2022 school year.

**BE IT FURTHER RESOLVED** that written notice be sent to said teacher regarding termination and nonrenewal of their contract as provided by law, and that said notice shall be in substantially the following form:

**NOTICE OF TERMINATION AND NONRENEWAL**

Ms. Mary Buech  
34159 N Shoal Lake Road  
Grand Rapids MN 55744

Dear Ms. Buech,

You are hereby notified that at a regular meeting of the School Board of Independent School District No. 317 held on April 11th, 2022, a resolution was adopted by a majority roll call vote to terminate your contract effective at the end of the current school year and not to renew your contract for the 2022-2023 school year. Said action of the board is taken pursuant to M.S. 122A.40, Subd. 5.

You may officially request that the school board give its reasons for the nonrenewal of your teaching contract. For your information, however, this action is taken because of right sizing within our district.

Yours very truly,

SCHOOL BOARD OF  
INDEPENDENT SCHOOL DISTRICT NO. 317
