- 8. Superintendent Report
 - a. Bond Project update Chris Giggy presented
 - Highlights: the electrical and panel room projects construction has started and on schedule.
 Within two weeks concrete will be added . HVAC project, equipment has been put through submittal. VOC building current design is quite a bit over budget. In talking to staff it is a design that they do not really want. The plan is to get feedback from staff and create a new design that will work for the district needs. The goal is to have a design by next month so bids can be procured with completion being this summer as planned. The good news is that electrical upgrades, the switch that was going to cause delay until summer of 2024. A different vendor has been found that would move that date up to January/February. With the redesign of the VOC building this will also bring down the cost which may offer money to do other bond projects.
 - b. Student Improvement Plan update
 - c. Preschool Program update -Bart Rothenberger and Sean Gallagher met with the executive director of the preschool program. They had a really good discussion. They asked if there was a MOU in place between the district and the preschool program which is also supplied with grant money from the preschool promise grant. He eluded that there is but no one seems to be able to put a hand on it. We are going to reestablish that agreement. They provide all of the programming and staffing for the preschool. They take care of all operations, supplies and materials, internet and phone.

There have been some donations to the district from the preschool to help pay for different programs. For example they pay for the family liaison program. What the district pays for is electricity, transportation, food and the facility. The conversation was started about the possibility of the preschool paying rent. Paul Smith indicated that there was funding available to do that.

8. RIF Process update:

The budget will be balanced when it is brought to the budget committee. Alsea will be reducing staff by 40% across the board. Certified, classified and LaHO staff will all be affected. There will be an all staff meeting held this coming Monday. Mr Gallagher feels that the staff be kept up to date on the process and who will be affected before the public is notified. This notification will not include names of staff affected just the positions. Questions have been raised as to if staff continue to resign will that help to save another person's job and the answer is, it depends on the position resigned from. For instance teaching positions could help save other teaching positions depending on the need. And the same goes with classified positions. Depending on the position resigned from will depend on whether it will be filled or absorbed by remaining staff. More information to come at the next board meeting.

9. Financials

a. Monthly Accounts - LaRae Sullivan

Highlights: We are still at 3.75% interest on the LGIP account. The enrollments have gone down again since last month 18 from LaHO and 6 from the building leaving a total of 446 for the district.

The state school fund has increased, to give the district an anticipated \$11m which helps our ending balance. We are expecting \$55k from Kings Valley for Transportation.

The documents provided to you show the transfers to provide transparency. Looking at the transfers will show some of the history. We will be using \$136k for bus replacement, Capital Project will be \$0 as discussed, Food Service will use \$40k as some examples. This will all be laid out in the documents that will be presented to the Budget Committee.

b. ASB Account Balances - March 2023

Deb Lindberg had a few questions about a few of the bills. One of them was an item of \$1661 for licensure. LaRae explained that it was an agreed upon expenditure so that Mr Elbers could help with maintenance around the district. Deb expressed that she would like to have that looked into as she does not recall that coming before the board. She questioned charges for food service. It was explained that this is how it is handled when an adult staff or guest purchases a lunch, it is paid for then billed back to the district by Corvallis.

10. Discussion

- a. Cash Flow / Financial Reports
- b. Bond Project update
- c. Second Reading of Policies IA-LGA-AR(2) Risteen stated that she worked with Mr. Gallagher regarding wording on Policy IGAI which is the Human Sexuality, AIDS/HIV, Sexually Transmitted Diseases Health Education, in the last paragraph an adjustment is requested to be all inclusive to all students. She also requests that an AR be written to further define how a teacher will present this information to students and inform parents. Deb Lindberg wants to also request the age appropriateness. Age appropriate is defined by ODE provided from research. Mr Gallagher will provide that document to the board at the next meeting. Regardless, the district is obligated to teach the subject. Also keep in mind that parents do have the option to opt their student out of this curriculum. Mr Gallagher recommended pulling this policy from the approval list until further action has been taken.

Soren Rounds had a question regarding policy KGBB - Firearms Prohibited. Specifically around 'No person on grounds of the schools controlled by the Board (including in school buildings), will possess any firearm1, except when said firearm is possessed by a person who is not otherwise prohibited from possessing the firearm, and is unloaded and locked in a motor vehicle.' There are some things that can be done such as signage posted at the front of the school. Or, adopt a policy that permits persons who hold a concealed carry permit. Deb Lindberg thought that the previous administration made note that the district insurance policy prohibited the ability of any person with a concealed carry permit to be on district property. Mr. Gallagher said that insurance verbiage usually is around staff carrying a handgun. The board asked Mr Gallagher to look into what this policy actually means. This policy will also be moved to a later discussion. Policy KGC-GBK - Prohibited use, Possession, Distribution or Sale of Tobacco Products and inhalant Delivery Systems. states that 'For the purpose of this policy, "inhalant delivery system" means a device that can be used to deliver nicotine or cannabinoids in the form of a vapor or aerosol to a person inhaling from the device; or a component of a device or a substance in any form sold for the purpose of being vaporized or aerosolized by a device, whether the component or substance is sold or not sold separately. This does not include USFDA-approved tobacco products or other therapy products marketed and sold solely for the approved purpose.' This policy will also be on hold until further questions are answered.

d. Outdoor School Grant application, Outdoor School April 24th - 28th

Due to COVID we have lost the ability to send our students to Outdoor School. Our Grant application was accepted covering the costs of sending our students to Outdoor School. The director of the Outdoor school did reiterate to Mr. Clendenin that first and foremost this is still school. Students and staff will conduct themselves accordingly. There was discussion around a number of topics and parent concerns. Mr Clendenin feels very comfortable with the amount of supervision that will keep our students safe. Sara Harris and Skip Lynch will be present during the week to add an extra level of supervision. Plans have been put into place in case a student is not comfortable or needs to be removed from the school. Deb Lindberg asked about the possibility of adding student leaders as well to help.

- e. 2023 24 Academic Calendar 2nd reading presented. The calendar is presented with a different format of reading left to right instead of up and down. The board was reminded that school will start a week later due to issues with food service and their work calendar. Thanksgiving break will include Parent/Teacher conferences. Also noted was if a holiday landed on Monday of the week, school will be in session that Friday of the week.
- f. Capital Improvement Plan recommendation this did not get completed in time. Mr Gallagher requested postponement until a later date.
- g. Resolution 23-08 as presented by LaRae Sullivan. As LaRae discussed earlier this was mainly to show where the money was moved around to balance accounts.
- 11. Resignations
 - a. Brick and Mortar
 - i. Haylie Rose, HS Counselor
 - ii. Joy Jordan, teacher
 - iii. Joe Harris
 - b. District
 - i. Cheryl Doe, Special Education Director
 - c. Learn at Home Oregon
 - i. Jill Taglia, LaHO teacher
- 12. Patron Comments
 - a. Jaime Olsen, hearing the board with comments around the consideration of the policies discussed earlier in the meeting. She is requesting that an 'online library' be provided of the curriculum discussed. Extend the process to the books provided in the library as well. Maybe have teachers provide a syllabus to parents so that parents are well informed.
 - b. Russ Ceperich, asked for further clarification regarding the Pre-school waiver and what that meant. Mr. Gallager said that was to eliminate the factor of economic status, this opens up the availability to parents . Housebill 2704 could influence the board's decision on concealed carry because if it passes it will require metal detectors be installed if the board decided to not to allow people with a concealed carry permit to be on campus. This could be very cost prohibitive. He is a big fan of Outdoor School. As for sex education and whatever gender teaching. He spoke of the difference in the maturity of his own children. He asked that the board not let the state dictate what is age appropriate. He requested that parents be allowed to determine if their student is ready. He also asked if it was possible to have one or two teachers that are trained to teach these lessons and not allow substitute teachers to be able to do that.
- 13. Board Comments Deb Lindberg that finding things on the Alsea district website is very difficult. She would like to also comment that the lessons of sexuality be approached very carefully. She cautioned that she for one is a very modest parent and was not comfortable with information being put out there that is inappropriate or not age appropriate.
- 14. Action Items:
 - a. Payment of Bills March 2023 Deb Lindberg motioned to approve the payment of bills minus the one bill that needs more information. Mr Gallagher explained that the bills have already been paid. Deb Lindberg withdrew her motion. Risteen Follett motioned to approve the bills as presented. Ryan VanLeuven seconded. Deb Lindberg voted against the payment of bills. All other board members yea.

- b. Second Reading of Policies IA-LGA-AR(2) Deb Lindberg motioned to approve with the removal of policies; KGB, IGAI and have an AR added. KGC-GBK be removed. Ryan Van Leuven seconded. All in favor yea.
- c. Resignations:
 - i. Halie Rose, HS Counselor
 - ii. Joy Jordan, building teacher
 - iii. Cheryl Doe, Special Education Director
 - iv. Jill Taglia, LaHO teacher
 - v. With the addition of Joe Harris, building teacher Deb Lindberg motioned to approve resignations. Ryan Van Leuven seconded. All in favor yea.

d. Acceptance of Grant, Outdoor School Outdoor School Deb Lindberg motion to accept the Grant for outdoor school. Linda Montanez seconded. All in favor yea.

e. Outdoor School at Camp Tadmor April 24-28, Deb Lindberg motioned to approve Outdoor School. Soren Rounds seconded. All in favor yea.

f. 2023-24 Academic Calendar - Deb Lindberg motioned to approve the 2023-24 academic calendar. Linda Montanez seconded. All in favor yea.

g.. Capital Improvement recommendation - removed from this action item.

h.Approve training dates for July or August for new board members - Risteen Follett apologized for not getting this information to the board earlier. She presented four different date sets for tentative approval. They are as follows: 7/10 - 7/13, 7/17 - 7/19, 8/21 - 8/23 and 8/30 - 8/31. New Superintendent Krista Nieraeth was contacted and these dates work for her as well. This training will be conducted over two days. Risteen Follett motioned to select the options of 7/17 - 7/19 and 8/21 - 8/23. Deb Lindberg seconded. All in favor yea.

i. Resolution 23-08 - transfer of funds. Deb Lindberg motioned to approve. Soren Rounds seconded. All in favor yea.

Alsea School District Bond Projects Construction Manager's Report

Report Date: May 8, 2023

GENERAL OVERVIEW

Construction began mid-March on the Electrical Upgrades and Panel Room projects. That work is expected to be complete this summer except for the main switch gear. An alternate source for switchgear was found and is expected to be available in early 2024 so new work can be energized.

The HVAC Upgrade project was authorized and permitted in March. Equipment is being procured. Construction will start when school is out in June and is expected to be completed this summer. However, the equipment will not be operational until the switchgear mentioned above is installed.

The original VOC Building design was over budget and didn't meet needs expressed by staff. Another architect with expertise in these designs was contacted to develop alternate concepts. An initial meeting is being held on May 8 with this architect to gather staff input for a new design. Preliminary concepts the architect prepared for the meeting are included in this report.

The District approached ZCS Engineering, a local structural engineering firm, to prepare an application for a seismic grant in the late-2023 cycle. Previous applications were prepared by the architect. ZCS has specific expertise with seismic grant applications in Oregon. They will wait for the State announcement on available grant funds this summer and then will prepare the application in August/September for submission in November/December. Awards are made the following spring. In addition, the District will be eligible for a TAP grant in early 2024 to fund the seismic grant assessment and application, so there will be no impact to the District's budget even if the grant isn't awarded.

PROJECT TEAM

Soderstrom Architects from Portland was engaged to prepare new conceptual designs for the VOC Building. They have extensive expertise with school design and created the recent Dallas School VOC design.

BUDGET

The updated Budget Summary for bond project revenue and expenses is attached. Comments on revenue and expense elements are noted below.

<u>Revenue</u>

The current program budget is \$4.62 million including ESSER funds and the OSCIM grant that doubles the value of the bond amount. No changes last month.

<u>Expenses</u>

The "Current Budget" column in Expenses shows the projected costs matched to the revenue budget. There are currently \$1.8 million available for design and construction of the VOC Building or other uncommitted projects. Note that the budget also includes \$200k in uncommitted Owner's Contingency for unforeseen costs on all projects.

The "Committed Costs" column shows the value of work that has been contracted so far. Changes from last month are as follows.

- Construction a change order for \$13k was issued to the contractor on the Panel Room project to add back the future sewer line for a potential new kitchen since this line runs under the foundation of the new panel room and would be very costly to add in the future. Also, a deductive change order for \$4k was made to the contractor for the Restroom project to remove minor scope that wasn't performed.
- Design fees for the original architect were reduced by \$53k to remove the construction-phase work for the VOC Building from their scope of services. They were paid in full for the original VOC design even though it can't be used.
- Consultants fees of \$1.2k were added for a survey company to create elevation certifications for the County on the new panel room foundation as required by permit since this area is adjacent to the floodplain.

The "Paid to-Date" column shows the value of work that has been paid for. April expenditures were not available at the time this report was issued.

SCHEDULE

Mobilization for the Electrical Upgrade and Panel Room projects began the week of March 13. The old storage room has been demolished, the transformer vault has been set, new conduit runs and other underground utilities have been installed, and the area has been graded for the panel room slab. The slab is being formed for concrete pour scheduled for mid-May. The contractor is behind schedule by almost one month and has been put on notice to update their master schedule and stay on track with future work. Fortunately, delays in this work won't affect the overall program schedule or budget.

The main switchgear for the Electrical Upgrade has a long lead time which was originally about 1 year so work wouldn't have been completed until next summer. However, an alternate source was identified by the electrician with a shorter lead time so installation is being projected for February 2024.

The HVAC Upgrade construction will start this June when school is out. New HVAC equipment can't be energized until the switchgear mentioned above is installed.

PROJECT-SPECIFIC ACTIVITY

Electrical Upgrade & Panel Room

The transformer vault has been set and main conduit installed.

Underground utilities have been installed in the area of the new panel room and grading completed for concrete forms.

Re: District payments of certifications

At the last board meeting, the board inquired about the district paying for certifications and/or licensures of employees. Here are the answers that I have uncovered after evaluating district practices and consulting OSBA legal counsel:

- 1. **Certification Costs:** A school district paying for an employees certification is a common practice amongst school districts and employment groups. A school district benefits from compensating employees for certification costs. These certifications range from First Aide, Teaching Certifications, CDL's, Training Certifications, Athletics, Licenses, etc...
- 2. **Reimbursement vs Direct Payment:** The district can either directly pay for the cost of the certification and/or reimburse the employee for the cost. There are liability risks that can arise with direct payment and must be evaluated on a case by case basis.
- 3. **Certification Identity:** Usually the certification needs to be in the employees name, not the school districts name. This protects the school district from liability if the employee uses the certification for private employment practices that end up in legal challenges on the employee separate from the school district.
- 4. **Cost Savings:** Often times an employee that possesses certain certifications saves the district money since the district does not have to contract with outside services. (i.e. bus driver trainer, contractor, electrical, first aide, etc...)
- 5. **Liability:** A school district is at times required by law to have a certain percentage of employees that possess certain certifications like first aide.
- 6. **Ethics:** An employee that uses district reimbursed certifications outside of the school district for personal use and/or profit does not constitute an ethics and/or board policy violation.

I hope this helps to clear up and answer any questions regarding the boards inquiry. Please don't hesitate to contact me if additional information is needed.

Appendix I

Athletic Extra Duty Schedule 2023 -2024 Percentage of Base Salary BA-1

Athletic Extra Duty Schedule

An assignment outside and in addition to the typical workday. It includes assignments such as coaching and other extracurricular assignments. Bargaining unit members have the first right of refusal to apply for Athletic Extra Duty Assignments. Teachers shall receive notice of open Athletic Extra Duty Assignments by May 1st of each year. The district is not required to fund every Licensed Extra Duty on the schedule on an annual basis. If the district fills an Athletic Extra Duty Assignment with a non-bargaining unit member and elects to pay that employee more than is indicated in this Appendix, the Appendix will be revised to include this higher amount on the next year's schedule

Licensed Stipend

Licensed Stipend is additional compensation that is negotiated between the District and the Association. The stipend is for recognition for additional work such as Special Education teachers with IEP meetings or designated hard to fill assignments. Licensed Stipends can only be provided to bargaining unit members who are assigned a position with the additional

negotiated stipend. Stipends shall be indicated on related job postings outlined in Article 7. Licensed Stipends shall be funded on an annual basis. Licensed stipends must be negotiated with the Association and memorialized in this Appendix otherwise the district is prohibited from paying such stipends.

Licensed Extra Duty

Licensed Extra Duty is defined as an assignment outside and in addition to the typical workday. It is an assignment that requires the training and experience of a licensed educator and is therefore reserved exclusively for bargaining unit members. The district is not required to fund every Licensed Extra Duty on the schedule on an annual basis. However, whenever it does, those assignments must be given to a bargaining unit member. Vacancies for Licensed Extra Duty assignment shall be filled pursuant to Article 7.

The district will contribute \$1250 per teacher, per month, toward employee benefits to include: health, dental, vision, disability and life insurance.

Bonus

Committment bonus starting SY24-25 will be allocated in 5 year increments and are not retroactive. \$500 at year 5, \$1000 at years 10 and 15, \$1500 at year 20 and 25, and \$2000 at year 30, awarded for cumulative certified teaching experience within the Alsea District.

ARTICLE 12 – Compensation and Professional Development

A. Salary Schedule(s) 2023-24, and 2024-25 are attached as Appendix II.

Beginning with the 2000-2001 school year, the District will pick up the employee PERS contribution. Horizontal movement on the salary schedule shall be to the next column when qualified, plus a one-year experience step in the new column.

Compensation Schedules for Licensed Extra-Duty, Athletic Extra-Duty assignments, and Licensed Assignment Stipends are attached as Appendix I.

- B. Teachers who were employed for a minimum of one hundred and thirty-five days in the prior work year shall be eligible to advance one year on the salary schedule. Said step movement shall be effective on July 1st. Employment dates do not carry over from school year to school year, should employment initiate during an existing school year.
- C. The district will grant newly hired teachers credit for experience on the salary schedule. Credit for experience shall be defined as work as a regular licensed employee in a public school district, charter school, or in any District approved licensed capacity. Credit for experience will be granted for work experience provided such work experience is at the journeyman level or higher and is related to the job assignment (e.g. career and technical teachers). For the purposes of determining a year of employment, employment for one hundred and thirty-five days shall be the minimum standard.
- D. A goal of the Alsea School District is to continually improve the quality of educational instruction. One objective of this goal is to encourage certified staff to continually advance in their knowledge of both content and instruction, and to share this knowledge with other staff. This enhances instruction and models "lifelong learner" behavior for students. The District will support staff growth and advancement in two areas, tuition reimbursement and Professional Growth Units (PGU's).

1. Tuition Reimbursement/Advancement on the Salary Schedule

a. By October 1st of each year, the District shall notify all teachers of their right to receive tuition funds for up the maximum reimbursement allowed by the IRS as untaxed reimbursement. Teachers who anticipate accessing tuition reimbursement shall present the Superintendent with their coursework to gain authorization for reimbursement. If the course proposal is not submitted for prior authorization, there is a possibility the tuition will not be reimbursed. Reimbursement shall be paid at the end of the contract year in June.

The district shall budget a minimum of \$25,000 for tuition reimbursement by February 1 of the contract. The district agrees to replenish reimbursement to \$25,000 annually during the contract period (eg. If \$10,000 is expensed, the district replaces the expense to \$25,000). Funds do not carry over but the minimum of \$25,000 will be funded annually. The district will reimburse per credit earned up to the highest Oregon university system (OUS) rate from the latest posting on the OUS website

Additional coursework may be reimbursed up to but not to exceed the maximum amount allowed by the IRS as untaxed reimbursement. If any teachers decline their right to reimbursement and/or additional budgeted funds remain they may be divided proportionally among remaining teachers who have additional approved coursework up the maximum reimbursement allowed by the IRS for untaxed reimbursement if the funds allow.

A final accounting of the year's tuition reimbursements shall be provided to the Association President at the time the funds are dispersed.

b. Teachers must keep the district advised of any college credits they may earn if they expect those credits to be considered toward column advancement on the salary schedule for the subsequent year.
Written notification to the District must be made by February 1 of the current year for any credits earned to be considered for advancement on the salary schedule for the subsequent school year. Teachers must provide the district with proof of successful completion of any course prior to advancement on the salary schedule.

c. Notwithstanding anything to the contrary implied by the foregoing provisions of this article, the District is not obligated to make reimbursement for tuition, in any one year, in excess of the amount included in the budget for such purposes.

2. Professional Growth Units (PGU's)

a. The District believes that it is not only formal college credits that can advance knowledge and contribute to professional growth. The District will allow professional non-college credit experiences to count toward advancement on the salary schedule. One PGU shall be given for thirty (30) hours of approved learning activity. Three PGUs shall be equal to one (1) college credit in relation to advancement on the salary schedule. To qualify for advancement on the salary schedule, application must be made in writing by February 1 for any historical activity to apply for advancement on the subsequent school year salary schedule. Applications regarding PGU's shall be in accordance with the procedures adopted by the School Board in Appendix III.

b. Approval of PGU's

- 1. Activities should have the prior authorization of the Superintendent in order to qualify for advancement on the salary schedule.
- 2. Completed applications will be received by a committee comprised of two (2) staff and one (1) administrator. This committee will make a recommendation to the Board regarding the activity being considered for approval for advancement on the salary schedule.
- The Superintendent will have the final authority of approval or denial of PGU credit as to whether they result in advancement on the salary schedule.

- 4. No more than three (3) PGU's shall normally be granted any employee in any year toward advancement on the salary schedule. However, a staff member may petition for additional units.
- 5. No activity for which the District has contributed funding during contract hours, or for which the staff member has received payment shall be approved for PGU credit.
- E. In the event of a situation beyond the control of the Board, which requires the closing of one or more grades, the school year may be extended to compensate for the number of instructional minutes in such grades, to meet the minimal instructional minutes requirements of the state regulations for a full year of school, at the discretion of the Board, with no additional pay in excess of the teacher's contracted salary.
- F. The parties agree that effective July 1, 2000 the District will begin the PERS pickup.

Re: AEA Negotiations

Attached you will find a tentatively agreed to recommendation for board approval. A total of 10 negotiations sessions were held between AEA and District representation. The negotiations process was very collaborative in nature, both sides worked very well together to find common areas of agreement. The negotiations were limited to Appendix I – Extra Duty Schedule, Appendix II – Salary Schedule, and Article 12 – Compensation and Professional Development. Some of the highlights of the agreements are:

- Bargaining unit members have the first right of refusal to apply for Athletic Extra Duty Assignments
- Licensed stipends have been updated, aligned for competitive compensation, and comprehensive with current district needs. Job descriptions will be developed to clearly define job expectations
- No restrictions on years of experience used for salary schedule placement
 - Minimum of 135 days required to determine one year of employment
- Tuition Reimbursement
 - District sets aside \$25,000 annually for tuition reimbursement
 - Tuition may be reimbursed up to but to not exceed cost
 - o Tuition reimbursed at the highest Oregon University System (OUS) rate
- Professional Growth Units (PGU)
 - District allows professional non-college credit experiences to count towards salary advancement
 - 30 hours = 1 PGU, 3 PGU's = 1 college credit

- Extra Duty Schedule
 - Salaries based upon certified salary schedule BA+0 at defined percentages
- Salary schedule:
 - One year agreement for 23-24 only
 - o 3% COLA adjustment
 - Up to \$1250/month health insurance benefit (no change)
 - Steps awarded
 - In-District Commitment bonus awards in five year increments (non-retroactive):

• Year	Bonus
• 5	• \$500
• 10	• \$1000
• 15	• \$1000
• 20	• \$1500

MEMORANDUM

May 11th 2023

TO:	Alsea School District Board of Directors
FROM:	LaRae Sullivan, LBL-ESD Assistant Business Manager
RE:	April 30 th , 2023 Financial Statements

Board Members,

Attached you will find the 2022-23 financial statements through April 30th, 2023. These statements include the General Fund Statement of Revenues Budget vs. Actual, General Fund Statement of Expenditures Budget vs. Actual, and total Appropriations for the year.

The General Fund statements include the actual revenues and expenditures from July 1, 2022 through April 30th, 2023. The estimated General Fund Ending Fund Balance is \$3,210,920. Unappropriated Ending Fund Balance make up \$1,341,734 of the Fund Balance total.

This is projected with expenditure appropriations estimated based average for remaining months.

Items to consider still:

- Maintenance of Effort
- State School Fund (SSF) variable for May State reconciliation for past years
- Loss or Gain of Enrollment
- Extra savings due to RIF for FY22.23

At this time there has been an estimate of 9.9 billion biennium proposal by the Oregon Governor's budget for additional funds being released to the State School fund for the next fiscal year. This has historically been based a 49/51 split over the next two fiscal years.

All of Alsea School District 7J investments are held in the Local Government Investment Pool. Investments total \$5,707,006.62 and are yielding an annualized interest rate of 3.75% through April 30th, 2023.

Enroliment: Please remember enroliment could change on a daily basis. These numbers are as of: 05/01/2023

Re: ELA Curriculum Adoption

Attached is a recommendation from Lori Greenfield – Curriculum Coordinator to adopt a K-12 English Language Arts (ELA) curriculum. This adoption is 12 years overdue and is essential to support our staff and students with a core academic priority area. The district has the funding set aside in the 2022-23 SIA Grant that is designed to support school improvement. The district will be providing targeted professional development for staff at the beginning of the 2023-24 school year to ensure proper staff support and consistency of implementation. I fully support this recommendation for adoption.

Re: ELA Adoption

The K-12th grade teachers unanimously recommend the purchase of *myView Literacy* and *myPerspectives* English Language Arts (ELA) curricula by Savvas Learning Company.

Rationale:

Alsea School District teachers and students need and deserve effective teaching and learning materials. There has been no formal ELA adoption for instructional materials to guide and support teaching and learning for the past two of the six-year adoption cycles in the elementary and even longer for the secondary. The resources we have could not address the current Oregon ELA standards as they were not developed at the time of publication. The K-5th curriculum does not meet the standards or needs for teaching our students early reading skills. As a result, teachers must supplement and completely replace the core materials in the primary grades. Secondary teachers must generate all their curriculum. Our students suffer from the lack of instructional resources. They experience gaps in learning and must adapt to very inconsistent practices and standards from one grade to the next. Our students deserve better!

With a new adoption our students will have consistent and appropriate materials in every grade. We are committed to training to ensure that each class will have highly effective instruction and appropriate learning opportunities.

Over the past two years K-5th grade teachers reviewed the following programs from the state approved list before reaching their decision.

• Core Knowledge Language Arts 2nd Edition by Amplify Education

- *Wit & Wisdom* by Great Minds PBC
- *Wonders* by McGraw Hill LLC
- *HMH Into Reading* by Houghton Mifflin Harcourt Publishing Company
- *myView Literacy* by Savvas Learning Company

This year the 6th-12th grade teachers reviewed the following programs from the state approved list before reaching their decision.

- HMH Into Reading by Houghton Mifflin Harcourt Publishing Company
- ELS Full Core Curriculum by Inquiry by Design
- myPerspectives by Savvas Learning Company

A few of the key reasons we chose to go with the Savvas Learning Company curricula are:

- They offer K-12th alignment for the first time in known memory.
- They have robust supports that can address writing, a long-recognized weakness in prior materials and instruction.
- They are user friendly for students, families, and teachers with both clear and easy to understand printed materials and easy to navigate online components.
- They are designed to address a wide range of learning needs and styles and will blend well with Alsea School District's multi-tiered systems for supporting all learners.

Using *myView Literacy* will help K-5th grade teachers to ground their instruction in the well researched science of learning. They will be able to address not only literacy, but the content areas of science and social studies as well as social-emotional learning. This program has a rich writing component with daily minilessons with additional practice that helps students practice skills that complement their learning in both reading and writing.

Using *myPerspectives* will help 6th-12th grade students develop a sense of ownership over their learning through goal setting, choice, and reflection. It values the perspective of the learner as an individual as well as a member of the learning community of the class.

We are happy to answer your questions.

Sincerely,

Alsea elementary and ELA teachers and Lori Greenfield

Re: BP IGAI update

- The paragraph that includes "...transgender, non-binary, intersects, and two spirit/indigiqueer students ..." was taken directly from OAR 581-021-0593 The Menstrual Dignity Statute.
- BP IGAI is highly recommended by OSBA, but not required.
- The board can include CisGender as one of the pronouns
- The board can remove specific gender references and instead include an all inclusive statement, but state laws still apply and must be followed
- One of the attributes of board policy is communication. The recommended OSBA language reflects state law and communicates the nature of the law very accurately
- The board chair has recommended replacement of the paragraph in question with the following:
 - "The districts health and sexuality education will provide information on menstrual health and will be inclusive and affirming of all students and be accessible for students with disabilities"
- OSBA does not have a recommended AR for this policy, it would need to be developed in-district with input from administration, staff, and parent groups.

Decisions for the board to consider:

- 1. Approve the policy as recommended by OSBA
- 2. Approve the policy with board recommended changes
- 3. Delete the policy altogether

Re: BP KGBB

This policy does not currently exist for the Alsea SD. This is solely a recommended policy by OSBA if the board wants to be able to restrict a concealed carry licensee from carrying concealed weapon on school district property. Current state law allows for a concealed carry license holder to carry a weapon on school district properties. This ability to carry on campus does not apply to district employees.

Board decision options:

- 1. Not adopt the recommended policy thus allowing concealed carry licensees to carry weapons on campus in accordance with state law
- 2. Adopt the policy which would prohibit a concealed carry licensee from carrying a weapon on campus.

Re: BP KGC/GBK

The proposed policy, according to OSBA Policy Services, still supports a tobacco free campus but does not ban for nicotine patches, gum, etc... as a way to break a tobacco habit. Vaping is not one of the approved antismoking activities which is prohibited on campus for all staff, students, and community members.

Code: KA/KAA Adopted: Revised/Readopted:

District-Community Relations Goals and Objectives

The ultimate goal of school public relations is to improve the quality of education for all students. In order to achieve this goal and to evaluate progress toward it, the Board sets itself the following objectives:

- 1. Develop public understanding of all aspects of school operations, ascertain public attitudes toward issues in education and identify the public's aspirations for the education of their students;
- 2. Secure adequate financial support for a sound educational program;
- 3. Help citizens feel a direct responsibility for the quality of education provided by their schools;
- 4. Earn the good will, respect and confidence of the public with regard to school staff and services;
- 5. Foster public understanding of the need for constructive change and solicit public advice on how we can achieve our educational goals;
- 6. Involve citizens in the work of the schools and the solving of educational problems;
- 7. Promote a genuine spirit of cooperation between the school and the community and to set up channels for sharing the leadership in improving community life.

Achieving these objectives requires that the Board and staff, individually and collectively, express positive attitudes toward the schools in their daily contacts with parents, people of the community and one another; make systematic, honest and continuing efforts to discover what the public thinks and what citizens want to know; interpret school programs, problems and accomplishments; develop an active partnership with the community in working toward improvement of the educational program; and take an active interest in the needs of the total community to find ways to make the community a better place to live.

Re: HS Track overnight stay in Portland for District Track meet

I am requesting superintendent, athletic director, and board approval for the HS track team's upcoming overnight stay in Portland for the district track meet at Portland Christian High School. The meet will take place on May 19th and 20th. Chaperones will be myself and either Angela Jacobsen or Aimee Hart (if Angela has a schedule conflict).

I am requesting approval for the overnight stay and approval to book 2 rooms at the Shilo Inns-Portland Airport at a rate of \$169/room (total of \$338 + taxes and fees), boys in one room, girls in the other with Angela (or Aimee).

Code:	IICA
Adopted:	4/13/16
Orig. Code(s):	IICA

Field Trips and Special Events**

The district recognizes the value of special activities to the total school program. Further, students need to be allowed to participate in and profit from carefully planned learning experiences which fall outside the normal school program/day.

Field trips and other curricular/cocurricular activities involving travel may be authorized by the superintendent or designee when such trips or activities contribute to the achievement of desirable educational/social/cultural goals.

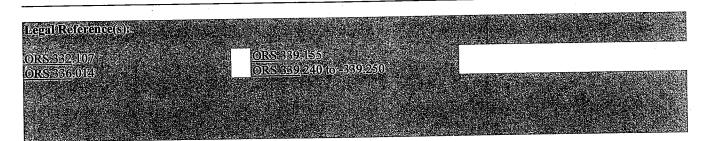

In planning and authorizing such trips, primary consideration will be given to educational values derived, the safety and welfare of students involved, community standards of conduct and behavior on the part of all participants and the selection of appropriate adult supervision, either from within the school staff or from the parent and community volunteer pool.

Written parental permission must be obtained for each trip. The signed form showing parental approval and acknowledgment of student conduct guidelines will be maintained on file for a period of one year.

The administration will develop rules to ensure both students and adult supervisors are acquainted with the standards for conduct while representing the district. Such rules will reinforce district policy in areas such as alcohol, tobacco and unlawful drug use, procedure to be used in cases of illness or accident, and methods for communicating with administrators/parents in discipline and emergency situations.

All out-of-state and-overnight travel must have prior Board approval. Such approval is predicated on an acceptable plan for travel arrangements, parental involvement, orientation of students and supervisors and support of the appropriate administrator(s).
