2. Reports

4.1. Superintendent Goals Report

Ms. Nieraeth presented three goals to the board. She stated that she thought about these goals in the sense of making them goals that would continue for more than just this year.

Goal 1: Foster effective and open communication and partnership between the school, community, and education and agency partners. She stated that she is working hard on creating foundational goals. What are things we are already doing? Begin implementing systems. This goal will take 2-3 years to be fully put into place.

Goal 2: Promote ongoing academic and social emotional success and growth.

Provide high quality development for staff. If we want staff to grow I want staff to increase their capacity. We need

to give them opportunities for professional development. Which means when Ms Nieraeth is looking at the budget she needs to make sure that funding is there. As well as does it fit with our goals?

Goal 3: Increase organizational effectiveness, efficiency, and accountability.

Discussion from the board. Russ Ceperich asked about professional development and how we keep staff here.

Ms. Nieraeth said that she feels the way that we do that is to focus on the kids, not the chaos. She feels that they will want to come to school everyday when they know it is predictable, constant and safe. She wants staff to go to professional development that they want to go to not what she wants them to go to. She is creating a culture where staff feel valued for what they are doing and how they want to grow. Building a culture focused on students and increasing their capacity to be great learners. Looking at our data to improve student learning and giving the teachers the tools they need to do their job effectively.

Soren Rounds asked how do they even begin to measure these goals. Ms. Nieraeth talked about the i-Ready data being done on a consistent basis. RTI is that being done with students on a regular basis. Also, done through consistent communication at an interval that the School Board determines. Monthly, bi-monthly etc.

Russ Ceperich suggested these are some of the things that should be set in the board goal meeting in December. The great part about this conversation is that we are wanting to be better and grow better to create that culture that staff and families want to be a part of.

Jamie Olsen commented that an area of improvement would be communication home to parents and students. For example having an FFA program now available. Where does that responsibility lie? Updating the school website and making it more readable.

Risteen Follett talked about cleaning up some areas. i.e. consistency what does that look like? Promote school activities through another medium. Jamie also said that we need to promote academic success. We should be putting out student of the month, honor roll etc. If we can keep the calendar updated so that parents and the community know this to be our truth. Ms. Nieraeth asked if for the first year we could promote school activities and academics through a different media? Then you can give some measurable feedback. What is the one thing that we always do? And then work on keeping the calendar up to date or other areas of communication. A big goal is redoing our District Website making it more user friendly. We are also working on getting an effective online system for emailing, texting communication systems in place to notify parents.

Risteen Follett asked the board members if there are any objections to voting on it this evening with the additions recommended? Soren Rounds said that he would like to have it at least mentioned at the next board meeting. Deb Lindberg motioned to accept the Superintendent Goals. Russ Ceperich seconded. Vote: Jamie Olsen yes. Soren Rounds, yes. Risteen Follett, yes. Deb Lindberg, yes. Russ Ceperich, yes. All in favor. Motion passed unanimously.

Last item of business, Risteen Follett is to set a date for the School Board - Self Assessment Workshop. Lora Nickle will get possible dates from Vincent Adams and email the Board.

ii. Superintendent November Report

Alsea School District

November Meeting Board Report

Krista Nieraeth, Superintendent and Special Education Director

1. Title Budget Narratives - ODE

All Title Grant Budget Narratives have been submitted to and approved by ODE for this year. Currently, Alsea is considered a Title I Targeted Assistance School, which means our Title I plan has to address how we will spend the money to target SPECIFIC students who qualify for services. Based on the data we are seeing and historical data, I believe this money can be better spent if we change our status to a Schoolwide Plan, which will allow us to spend money in a broader way to provide services and materials to all students to help with growth. Mrs. Shunk and I will be working on submitting a plan to support the change to the schoolwide status.

2. SIA Annual Report

I will be presenting the SIA Annual Report to the board this meeting. This report is for the 2022 – 2023 school year. This is a requirement of ODE that annual progress is presented to the board by and a financial report completed and submitted to ODE by November 30th.

3. Integrated Guidance

ODE returned with their reply and would like some clarification on parts of our grant application. I'm currently working on the district's reply with the ESD to resubmit and move to the next stage of the process, which is setting Longitudinal Growth Targets with ODE.

4. Facilities and Bond

The facilities department is continuing to work on completing the bathroom, which we are still waiting on permits. We are putting up temporary fencing around the foundation of the CTE building to ensure continued safety. The work on the bond will wrap up this month with the installing of the hallway fresh air units. When that is completed, work will stop until next spring.

The seismic grant will be submitted to the state in December. We will be eligible for another round of the TAP grant in 2024 to work on projects that aren't covered by this seismic grant, if we get it.

5. Synergy Implementation

The district is still working on successfully implementing the Synergy SIS system. There were issues with set up, as the ESD threw in all options this year. Progress reports were sent out this week, as there were issues with the setup and how grades were put into the system and ran into a progress report. The district will work through the system and adjust with the ESD to ensure that our system fits the needs of our staff and family.

About Our School

ADVANCED COURSEWORK

AHS Advanced Coursework:
Dual Credit with LBCC and Willamette Promise Leadership Program

CAREER & TECHNICAL EDUCATION

We are working on providing new opportunities to offer our students more diverse opportunities in CTE, including Agriculture and Welding. Our district is currently working on building a new Vocational Building on campus to house our CTE programs.

EXTRACURRICULAR ACTIVITIES

Alsea Charter School offers a host of extracurricular activities for students from grade school through high school. These offerings allow students to gain experience in areas of interest using community and school resources and students who have competed in different competitions at local and state levels have found success.

PARENT & COMMUNITY ENGAGEMENT

Parents and the community can be involved in the school through a variety of activities. We offer Parent/Teacher conferences, as well as opportunities for our parents and community to volunteer in our classrooms and on field trips. Weekly bulletins with school information are sent home and posted on our website and on our social media. Alsea has a booster club that is active in supporting our staff and students.

School / Classroom Updates/Accomplishments

- Our K – 3 students went on a field trip to Davis Family Farms the afternoon of October 24. Each student received a pumpkin to take home and had some donuts and apple cider. Thank you to our staff and volunteers for making this trip possible!

- Our 4 – 6 students attended a field trip to Clemens Park on November 2nd to participate in activities with Benton Soil & Water Conservation District. During this trip, students were able to participate in activities that included measuring the length of salmon, investigating the different types of invertebrates found in the Alsea River, and testing water quality. Thank you to the staff and volunteers who took our students on this trip, as well as Benton Soil & Water Conservation District for allowing us to come along.

- The elementary school is doing student of the month from each classroom. October's student of the month theme was WONDER, which is the W from Wolverine. The following students were chosen by their teachers:

Kindergarten: Celeste Garibay
 1st Grade: Marley Wamsley
 2nd Grade: Warren White
 3rd Grade: Natalie Griffith
 4th Grade: Alayna Nelson
 5th Grade: Kaylie Wilson
 6th Grade: Bethany Hendrix

Congratulations to all the winners!! Each winner received a signed certificate and a \$10 gift card to Dairy Queen. In November, the student of the month theme is Optimistic.

Elementary Student of the Month

This month's character trait was 'WONDER'. These students showed what it is to be a Wolverine who always has wonder in their heart, questions on their mind, and uses their inquisitive nature.

CONGRATULATIONS!
 We are so proud!!

- Our students have been working on I – Ready lessons throughout the month. These lessons are designed to help the students work on skills that have been identified through a diagnostic they took in September/October as either needing remediation or extension. We want to see students working on lessons for 30 – 49 minutes each week to see maximum growth. Letters with how parents can support their students using this program have been sent home with students’ usernames and passwords attached.

c. LaHO K-5 Principal Report - Ms. Shunk

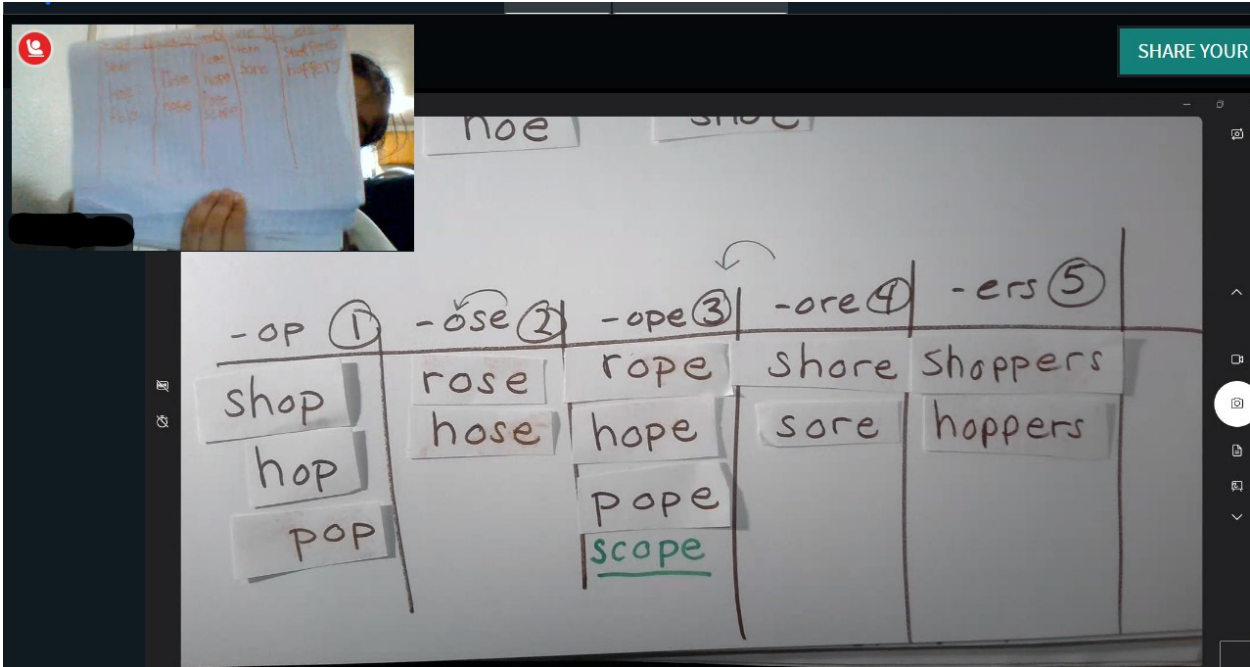

ALSEA SCHOOL DISTRICT BOARD REPORT

Name: Heather Shunk **Position:** Principal

BOARD MEETING DATE: November 9, 2023

Highlights/Kudos: I want to give a shout out to our very special Learn at Home Oregon families! Our parents work diligently to create effective learning environments in their homes to ensure that students have the best learning experience each day. Many of our Learning Coaches are grandparents and they share how special it is to take part in the learning process of their grandchildren.

Accomplishment: Teachers and students are doing a fantastic job bringing our ELA curriculum to life with systematic and explicit instruction each day. Providing systematic and explicit phonics along is crucial for students to build strong literacy skills, reading fluency, and confidence, all of which leads to independent reading and comprehension abilities. By focusing on these fundamental aspects of language, students learn to decode words, recognize patterns, and develop strong reading and writing abilities. Systematic phonics instruction helps children understand the relationship between sounds and letters, improving their reading and spelling skills. Explicit teaching ensures clear, direct instruction, aiding students in grasping complex phonetic rules. Daily practice enhances fluency, comprehension, and overall literacy, laying a solid foundation for lifelong learning and academic success.

Assessments: Taking the i-Ready diagnostic and using adaptive lessons in math and reading has had a significantly positive impact on our elementary students. The diagnostic assessments precisely pinpoint individual strengths and areas needing improvement, allowing for tailored instruction. With adaptive

lessons, students are receiving individualized support each day. Teachers are using this information to structure instruction within WIN What I Need Time. For students requiring significant support, teachers are able to schedule 1:1 sessions to provide a higher level of support.

Personnel Highlights: Teacher resourcefulness and adaptability are key strengths that enable them to navigate our unique learning environment. In addition to creatively working through challenges and utilizing technology to provide targeted instruction, our staff also excels in partnering with Learning Coaches to maximize the student experience. The importance of collaboration between teachers and parents is vital to the overall success of each student’s educational journey and experience.

The screenshot displays a Zoom meeting interface. The main content area shows a digital board with eight student information cards. Each card includes a class name, a student name, a number, and a set of icons. The cards are arranged in a grid:

Card	Class Name	Student Name	Number	Icons
1	Ms. Waverek's Kindergarten Class	William Brumback	6	Apple, Star
2	Ms. Waverek's Kindergarten Class	Stareen Apar	5	Banana, Triangle
3	Ms. Waverek's Kindergarten Class	Soi Zepeda	6	Orange, Star
4	Ms. Waverek's Kindergarten Class	Shooter Riley	5	Grape, Crescent Moon
5	Ms. Waverek's Kindergarten Class	Sara Garcia Ramos	1	Lemon, Crescent Moon

7	Ms. Waverek's Kindergarten Class	Dannari Periz	6	Grape, Triangle
8	Ms. Waverek's Kindergarten Class	Bennett Wheeler	2	Orange, Star

Below the board is a video gallery with six thumbnails. The first thumbnail is highlighted and labeled "Courtney Waverek". The gallery also shows other participants, including a child and a woman. The Zoom interface includes standard controls like "Hide Webcams", "Active Speaker", and a navigation bar on the right with page numbers 11, 12, 13, and 14.

d. 7-12 Brick and Mortar Principal Report - Mr. Rothenberger

From behind the principal's desk:

This past month has been very busy with school and extracurricular activities. We have been putting an effort towards students and their grades. We have had an increase in discipline. It's the time of year where students are feeling very comfortable and are testing their limits. We have circled back and have put an emphasis on respect, cell phones and less disruption in the classroom.

Again I asked my staff to give me a highlight of one positive from their department.

CTE/Ag

Students working on woodshop projects. Received our new project book curriculum from carpenters union: Really good lessons and projects that teach all the skills needed in carpentry from small tote boxes all the way up to residential and commercial framing

High school PE and Strength and Conditioning classes:

In Mr. Roz's High school PE and Strength and Conditioning classes, we concluded our second cycle of Weight room testing last week. We tested for improvements in:

1 Rep Max in the Squat, bench press, and hang cleans.

Measurable improvements in the vertical jump, and 1.5 mile run.

Practically everyone improved from their previous personal bests. A few highlights from the tests: At least eight students improved their Squat 1 Rep max by 40lbs.

Next cycle of tests will be conducted in January, after winter break.

Science:

All three Physical Science classes have been studying motion and the forces associated with motion. During our study, students worked in groups to build scale rubber powered blimp airships. Students then competed by racing their blimps against other teams for quickness and direction. The blimps were 3 foot mylar balloons with vertical and horizontal stabilizers, and balsa wood drive stick/gondola. To keep the blimps from going up to the ceiling, students had to work together to ballast the blimps for a specific elevation off the floor as well. It was a fun activity for all the students.

Art:

Graphic Design - Clemens logo. Currently working on ACAC logo (Asea Community Action Collaboration)

Design shop - almost finished with Merch Sign. - Working on New Years Eve ball drop project

History:

Juniors are doing great, meeting expectations, getting work turned in on time. Sophomores are doing well, with a few stragglers getting used to expectations. Middle school is realizing what is expected of them and coming to the realization that success requires effort.

English:

English students have been very excited about books they are reading in their own time-- for FUN!! There has been a lot of discussing and trading of books in the 10th, 11th and 12th grade, all led by

students. It seems to be becoming "cool" to read for fun in our hallways! I think that is a huge step forward for our academic culture.

Math:

Class behavior has improved drastically for the 8th graders, and finance although there is still some behavior to work on.

Athletics:

Winter sports season (Boys and Girls Basketball for high school and middle school) starts Nov 13th

HS girls: 3:30 to 5:30

HS boys: 5:30 to 7:30

MS boys and girls: 3:30 to 5:30

HS Volleyball:

Team finished third in league and seeded third for the district tournament. Ended up losing the third place seed game. Had a good season

HS Football:

Football tied for first place but due to head to head finished in second place. Made it to the first round of state vs Echo. Unfortunately lost that game

MS Volleyball and Football:

Football ended the season with one loss. The volleyball team ended getting second place in the tournament.

Transportation:

Has improved but we have had a couple discipline issues on a couple different routes. We have went to many assigned seats with more communication on expectations. This past week we were back to van transportation in the mornings due to sickness.

Alsea School District Bond Projects Construction Manager's Report

Report Date: November 6, 2023

GENERAL OVERVIEW

Construction began mid-March on the Electrical Upgrade and Panel Room projects. The Panel Room has had significant delays but we expect punchlist items will be completed this month, with final inspection following. Much of the Electrical Upgrade work will be completed by November but a large part of the work involves replacing panels and routing new wiring to the panel room which can't be completed with school in session. We're still being told the main switchgear won't be delivered before April 2024 so the new systems can't be energized until that is installed.

For the HVAC Upgrade project, power connections were completed to the heat pump rooftop units in October. They'll continue making connections from rooftop units to classroom units after hours during November. Hallway fresh air units and ducts should also be installed by the end of November with work occurring after hours and on Fridays when school is out. The new gym HVAC unit and duct can't be installed until next summer when school is out, so heat isn't disrupted in the gym. All the systems will be operational when the switchgear is installed and the power upgrades are completed in June 2024.

Final design for the new CTE building will be completed for bidding and permit in December with a goal of starting construction in early 2024 and completion next summer. An RFQ for General Contractors was issued and qualifications were returned from four companies. Three very qualified contractors were approved. A project pre-bid walk-through is scheduled for December 19 with these firms.

The application for a seismic grant is in progress and will be submitted to the State in the late-2023 cycle with award expected in spring of 2024. If successful, design will start by summer 2024 with a goal of completing construction during summer 2025. The District is also eligible for a TAP grant in early 2024 to fund the seismic grant assessment and application so there will be no impact to the District's budget even if the grant isn't awarded.

PROJECT TEAM

No changes.

BUDGET

The updated Budget Summary for bond project revenue and expenses is attached. Comments on revenue and expense elements are noted below.

Revenue

The current program budget is \$4.68 million including ESSER funds and the OSCIM grant that doubles the value of the bond amount. Bond interest is being added to the income budget as it's earned.

Expenses

The "Current Budget" column in Expenses shows the projected costs matched to the Revenue budget. There is \$1.9 million available for construction of the CTE Building or other uncommitted projects including \$200k in Owner's Contingency for unforeseen costs on all projects.

The "Committed Costs" column shows the value of work that has been contracted so far. There were no new significant additions last month.

The "Paid to-Date" column shows the value of work that has been paid for. To-date, \$1.6 million has been spent on completed work.

SCHEDULE

CB Construction is expected to complete the Panel Room for final inspections by the end of November. This delay is not affecting the Power Upgrade project because switchgear for the panel room doesn't arrive until next April or May.

The electrician will complete as much work as possible for the Electrical Upgrade by the end of November and then pull off the project until April. The new power systems are projected to be completed in June 2024.

HVAC system installation is projected to be completed in November except for the gym unit and duct which can't be installed until June 2024 when the gym is no longer being used. New HVAC equipment can't be energized until next June, when the switchgear mentioned above is installed, so the delays have no impact on the overall project schedule or cost.

The CTE Building is in final design. There have been several coordination meetings with the CTE teacher during the last month and final details are being resolved. The design team has been able to shorten their schedule and will now complete construction documents for bid and permitting by December 15. It was decided that, with the accelerated design schedule, we will not proceed with the early bid package for underground utilities and procurement of metal building components. We hope to get tighter bids and save on budget by bidding it all at once. With bids due January 10, we expect to spend the additional funds needed for the OSCIM grant match by the end of

**Alsea School District 7J
Board Recommendation Form**

To: The Board of Directors of Alsea School District
Prepared By: Don Staehely, Business Manager
Date: November 16, 2023

Background:

GASB (Governmental Accounting Standards Board) Statement 87 is a Subscription Based Information Technology Arrangements (SBITAs), that in place to ensure that the district shows all of the assets and liabilities on an accrual basis for all leases the district carries over 12 months. GASB (Governmental Accounting Standards Board) Statement 96 is a Subscription Based Information Technology Arrangements (SBITAs), that in place to ensure that the district shows all of the assets and liabilities on an accrual basis for digital subscriptions. District staff would need to spend multiple days reviewing what expenses the district incurred during the audit year in object 470, determine what contracts / user agreements are associated with those expenses, review the contracts / agreements and enter data into software, such as Debtbook. This software can cost the district anywhere from \$3,000 to \$20,000, based on the number of subscriptions that a district carries. District staff would have 14 days from Nov. 17th to complete this work and send to the auditor. Once this was done and submitted to the auditors, they would then pull the schedules from the software and review all contracts / agreements to confirm data outflows and then implement them into financial statements. The purpose of this statement is to ensure that the cost of financing these items does not result in an over expenditure of appropriations in the budget. However, many districts are opting to not follow these GASB because their board of directors do not find the information useful AND it is cost prohibitive for both the software and for staff time.

Action Requested:

The board vote to opt out of GASB 87 and 96.

Motion Requested:

“I motion that the Alsea School District opt out of GASB 87 and 96 for the fiscal year ending June 30, 2023.”

Section	Proposed Language	What changed
2.12	<p>Action by Written Ballot. Any action required <u>of the members will be taken by written ballot and</u> or permitted to be taken at a members' meeting may be taken without a meeting if the Association will deliver a written ballot to every member entitled to vote on the matter. A written ballot shall set forth each proposed action and provide an opportunity to vote for or against each proposed action. Approval by written ballot shall be valid only when the number of votes cast by ballot equals or exceeds a quorum of the members, and the number of approvals equals or exceeds the number of votes that would be required to approve the matter at a meeting at which the total number of votes cast is the same as the number of votes cast by ballot. A written ballot shall set forth each proposed action, indicate the number of responses needed to meet the quorum requirements, state the percentage of approvals necessary to approve each matter, and specify a reasonable time by which a ballot must be received by the Association in order to be counted. Once delivered, a written ballot may not be revoked.</p>	<p>This is a major edit that clarifies the process for membership voting. The current language assumed voting by the membership might take place in a face-to-face meeting, which will never occur as we consider our members to be school boards, esd board and community college boards and not individuals board members. This change clarifies the process of action of the membership by written ballot.</p>
2.13	<p>Unanimous Written Consent. Any action required or permitted to be taken at a members' meeting may be taken without a meeting if the action is taken by all members entitled to vote on the matter. The action shall be evidenced by one or more written consents describing the action taken, signed by each member, and included in the minutes or filed with the corporate records reflecting the action taken. Action taken under this section is effective when the last member entitled to vote on the matter signs the consent, unless the consent specifies an earlier or later effective date.</p>	<p>Language removed as the organization only allows membership voting via a written ballot. (See above).</p>
2.1.4 <u>2.1.3</u>	<p>Quorum and Voting. A quorum of the members shall consist of those votes represented at a meeting of the members. If a quorum is present when a vote is taken, the affirmative vote of a majority of the votes represented and voting when the action is taken is the act of the members except to the extent that the articles of incorporation, these bylaws, or applicable law require the vote of a greater number of members. <u>A quorum of the members shall consist of a majority of members in good standing at the time the ballots are to be returned to the association.</u></p>	<p>Edited to clarify the definition of a quorum.</p>
2.1.4	<p>Approval: With the exception of approving amendments to the Association's bylaws, which is outlined in Section 7.1 of these bylaws, approval by written ballot is effective when: <u>2.14.1 The number of votes cast by ballot equals or exceeds a quorum of the members; and</u></p>	<p>Edited to clarify what is needed for approval when the membership is voting by ballot.</p>

22-23 SIA Annual Report Presentation

Alsea School District 7J

SIA Annual Reporting Requirements

- SIA recipients are required by statute to review their own progress on an annual basis through an annual progress report and financial audit.
- ODE's annual report consists of four narrative questions and Progress Marker Ratings.
 - Progress Marker Ratings remain optional for the 21-23 biennium.
- SIA recipients are required to:
 - present their annual report to their governing board at an open meeting with opportunity for public comment,
 - and post the report to the district or charter school website.

Annual Report Narrative #1

What changes in behavior, actions, policies or practices have you observed related to SIA implementation during the 2022-23 school year? How do you see these changes contributing to the goals and outcomes in your SIA plan?

- MTSS process and procedures continue to be designed and implemented for grades K-12.
- Full integration of family liaison that aligns with integration of McKinney Vento, as well as works with families for students deemed high risk for chronic absenteeism.
- Adoption of K – 12 ELA curriculum that align to state standards
- Enhancement of college and career opportunities through dual credit in English, Science, Foreign Language and Math classes through Willamette Promise and LBCC

Annual Report Narrative #2

What barriers or challenges to SIA implementation have you experienced that are helpful for your community and/or state leaders to be aware of? What adjustments, if any, did you make to your SIA plan as a result of these challenges?

- Awareness of the importance for alignment to state standards with curriculum adoption and through lesson planning
- Training staff to align lessons to state adopted standards
- Process of identifying students for MTSS services, as well as procedures on identifying skills needed for improvement
- Continuing to establish trust with families of all students, but especially families of focal group students
- Continuing to find meaningful ways to communicate with ALL stakeholders in our community and families. We have reached out in multiple different ways, but still are having low input from families.

Annual Report Narrative #3

SIA implementation includes ongoing engagement with all students, focal students, families, staff, and community partners. How have relationships with or between those groups changed and/or been maintained throughout this academic year? Consider the Community Engagement Toolkit and where your efforts might land on the spectrum as you complete your response.

Enhancement of electronic communication tools. Communication tools used in the district are: Printed Media, School Website, Emailing lists, Specific Communication Apps, and Social Media

The district has taken a more active approach in reaching our community and other stakeholders, including having a Public Information Officer who sends out information to different media outlets about the happenings of our district.

There is still low engagement with our district families and the district is continuing to work to establish trust and cultivate relationships with our families, especially families of focal group students, for increased engagement through different activities and events that include meals and engaging activities.

Annual Report Narrative #4

As you think about what guided your choices and prioritization efforts in this year of SIA implementation, what stands out? How will what you've learned this year impact future SIA implementation efforts?

The district continues to work on opening the lines of communication with all our stakeholders, especially with families of focal group students, to increase engagement within our district. With increased engagement of our stakeholders, we should see increased student growth and achievement.

Having a set curriculum that is fully aligned to state standards and professional development training for our staff will help us to set systems and procedures in place that will affect student growth and achievement. We need to continue to implement trainings for our staff to ensure that standards and understanding of how to meet all students' learning needs are at the forefront of our teaching.

Local Wellness

{Required. Title 7 C.F.R. 210.31(a) requires local education agencies to “establish a local school wellness policy for all schools participating in the National School Lunch Program and/or School Breakfast Program...”. The law describes the policy as “a written plan that includes” various components intended to improve student wellness. This policy is designed to meet the requirements for a wellness policy and provide the framework for the district’s plan. Previously these requirements were split between the policy and an administrative regulation (AR). All required and/or related content is now included in the model policy, therefore OSBA recommends deleting the AR if the district previously included it in the board’s policy manual. Districts should consult with stakeholders in the process of adoption and incorporate language that meets the unique needs of the district.}

The district is committed to the optimal development of every student and believes that a positive, safe and health-promoting learning environment is necessary for students to have the opportunity to achieve personal, academic, developmental and social success.

To help ensure students possess the knowledge and skills necessary to make healthy choices for a lifetime, the superintendent shall prepare and implement a comprehensive district nutrition program consistent with state and federal requirements for districts sponsoring the National School Lunch Program (NSLP) and/or the School Breakfast Program (SBP). The program shall reflect the Board’s commitment to providing adequate time for instruction that fosters healthy eating through nutrition education and promotion, serving healthy and appealing foods at district schools, developing food-use guidelines for staff and establishing liaisons with nutrition service providers, as appropriate.

POLICY IMPLEMENTATION, MONITORING, ACCOUNTABILITY AND COMMUNITY ENGAGEMENT

Implementation

The district shall manage and coordinate the implementation of this local wellness policy.

Implementation will consist of, but not be limited to, the following:

1. Delineating roles, responsibilities, actions and timelines specific to each school;
2. Generating and disseminating information about who will be responsible to make what change, by how much, where and when;
3. Establishing standards for all foods and beverages provided (but not sold) to students during the school day on participating school campuses;
4. Establishing standards and nutrition guidelines for all foods and beverages sold to students during the school day on participating school campuses that meet state and federal nutrition standards for NSLP and SBP, competitive foods, permit marketing of same that meets the competitive food nutrition standards, and promotes student health and reduces child obesity; and

5. Establishing specific goals for nutrition promotion and education, physical activity, physical education and other school-based activities that promote student wellness.

The Board designates the principal(s) to be responsible for ensuring each school meets the goals outlined and complies with this policy.

Notification of Policy

The district will inform the public about the content and implementation of the local wellness policy, and post the policy and any updates to the policy on the district website annually. Included will be, if available, the most recent assessment of the implementation, and a description of the progress being made in attaining the goals of the policy.

The district will publicize the name and contact information of the district or school official(s) leading and coordinating the policy and information on how the public can get involved with the local wellness policy. This information will be published on the district's website and in district communications.

Triennial Progress Assessments

At least once every three years, the district will evaluate the implementation of this policy and its progress with a triennial assessment and produce a progress report that will include:

1. The extent to which schools under the jurisdiction of the district are in compliance with the policy;
2. The extent to which the district's policy compares to model local school wellness policy¹; and
3. A description of the progress made in attaining the goals of the district's policy.

The district will publish the triennial progress report on the district website when available. The district will update or modify the policy based on results of the triennial assessment.

Community Involvement, Outreach and Communications (Review of, and Updating Policy)²

The district will actively communicate ways in which the community can participate in the development, implementation and periodic review and update of the local wellness policy. The district will communicate information about opportunities on the district's website. The district will ensure that communications are culturally and linguistically appropriate to the community.

Parents, students, representatives of the school food authority, teachers of physical education, school health professionals, the Board, school administrators, and the general public will be solicited to participate in the periodic review and update of the local school wellness policy.

1. ³Students and staff will receive consistent nutrition messages throughout the school environment;
2. Nutrition education is provided throughout the student’s school years as part of the district’s age-appropriate, comprehensive nutrition program and is aligned and coordinated with the Oregon Health Education Standards and school health education programs;

The principal(s) will support nutrition and food services operation as addressed in Board policy EFAA – District Nutrition and Food Services and its accompanying administrative regulation EFAA-AR – Reimbursable Meals and Milk Programs.

Food and Beverage Marketing in Schools

Any foods and beverages marketed or promoted to students on the school campus during the school day will meet or exceed the nutrition standards for competitive foods set by the USDA.

PHYSICAL ACTIVITY AND PHYSICAL EDUCATION

A quality physical education program is an essential component for all students to learn about and participate in physical activity. The district will develop and assess student performance standards and program minute requirements in order to meet ODE's physical education content standards and state law.

Physical activity should be included in the school's daily education program for grades [pre-]K through 12 and include regular, instructional physical education, as well as co-curricular activities and recess.

In order to ensure students are afforded the opportunity to engage in physical education and physical activity in the school setting, the following goals are established:

1. ⁵Physical education will be a course of study that focuses on students' physical literacy and development of motor skills;

Other Activities that Promote Student Wellness

The district will integrate wellness activities throughout the entire school environment (districtwide).  - a. Nonpricing (serve SMP milk at no charge to all students);
 - b. Pricing programs without a free option (charge all students for SMP milk); or
 - c. Pricing programs with a free option (distribute confidential applications for free milk and charge only those students for SMP milk who do not qualify for free milk based on the household's application or direct certification from Supplemental Nutrition Assistance Programs (SNAP)).
2. Reimbursable meals will be priced as a unit.
3. Reimbursable meals will be served free or at a reduced price to all children who are determined by the district to be eligible for free or reduced-price meals.
4. Annually, the district will establish prices for reimbursable student meals. The price charged to students who do not qualify for free or reduced-price meals will be established annually by the district in compliance with state and federal laws.
5. The price charged to students who qualify for reduced-price meals will be established annually by the district in compliance with state and federal laws.

Application Procedures

Parents of a student approved for free or reduced-price benefits, when an application is made for the student by a school official, will be notified of the decision and given the opportunity to decline benefits.
5. Students who do not qualify for free or reduced-price meals are eligible to participate in the SMP, National School Lunch Program (NSLP) and School Breakfast Program (SBP) and will be charged “paid” prices set by the district. “Paid” category students will be treated equally to students receiving free or reduced-price benefits in every aspect of the district’s NSLP, SMP, SBP, and Summer Food Service Program (SFSP).

d. GCBDA/GDBDA - Family Medical Leave

OSBA Model Sample Policy

Code:
Adopted:

GCBDA/GDBDA

Family Medical Leave

When applicable, the district will comply with the provisions of the Family and Medical Leave Act (FMLA)¹, the Oregon Family Leave Act (OFLA)², the Oregon Military Family Leave Act (OMFLA), Paid Family Medical Leave Insurance (PFMLI) and other applicable provisions of state and federal law, Board policies and collective bargaining agreements regarding family medical leave.

In order for an employee to be eligible for the benefits under FMLA, the employee must have been employed by the district for at least 12 months, have worked at least 1,250 hours during the past 12-month period and worked at a worksite that employs 50 district employees within 75 miles of the worksite.³

Generally, in order for an employee to be eligible for the benefits under OFLA, the employee must work an average of 25 hours or more per week during the 180 calendar days immediately prior to the first day of the start of the requested leave. For parental leave purposes, an employee becomes eligible upon completing at least 180 calendar days immediately preceding the date on which the parental leave begins: there is no minimum average number of hours worked per week. Special requirements apply during public health emergencies.

OMFLA applies to employees who work an average of at least 20 hours per week; there is no minimum number of days worked when determining an employee's eligibility for OMFLA.

PMFLI is generally available to district employees who have earned \$1,000 in subject wages or taxable income during the alternate or base years⁴, contributed to the PMFLI fund in the alternate or base years and are otherwise eligible.⁵

Federal and state leave entitlements generally run concurrently.

¹ Generally, FMLA applies only to entities with 50 or more employees, however, FMLA applies to all public elementary and secondary educational institutions. See 29 CFR 825.600(b). The rule regarding individual employee eligibility does apply: an employee is only eligible if the employee "is employed at a worksite where 50 or more employees are employed by the employer within 75 miles of that worksite." See 29 CFR 825.110(a)(3). Consequently, FMLA applies to districts with fewer than 50 employees, but individual employees will not be eligible to receive benefits.

² OFLA applies to employers with 25 or more employees in Oregon (ORS 659A.153) and OMFLA applies to all public-sector employers in Oregon. (ORS 659A.090(2)) (Oregon BOLI Leave Laws – 2023 Edition)

³ While the district is subject to FMLA, the district does not have any eligible employees. Consequently, FMLA eligibility language has been omitted from this policy and the accompanying AR.

⁴ The wages are not required to have been earned for work in the district.

⁵ See OAR 471-070-1010 for additional information.

The superintendent [or designee] will develop administrative regulations as necessary for the implementation of the provisions of both federal and state law.

Family Leave

Employee Eligibility

FMLA benefits are available to employees who have been employed by the district for at least 12 months, have worked at least 1,250 hours during the past 12-month period and work at a worksite that employs 50 district employees within 75 miles of the worksite.¹

Generally, in order for an employee to be eligible for the benefits under OFLA, the employee must work an average of 25 hours or more per week during the 180 calendar days immediately prior to the first day of the start of the requested leave.² For parental leave purposes, an employee becomes eligible upon completing at least 180 days immediately preceding the date on which the parental leave begins: there is no minimum average number of hours worked per week.

An employee is eligible to take leave for purposes of OFLA during a period of time covered by a public health emergency except:

1. An employee who has worked for the district for fewer than 30 days immediately before the date on which the family leave would commence; or
2. An employee who has worked for the district for an average of fewer than 25 hours per week in the 30 days immediately before the date on which the family leave would commence.

An employee of the district is eligible to take leave for purposes of OFLA if the employee:

1. Separates from employment with the district, irrespective of any reason:
 - a. Is eligible to take leave OFLA at the time the employee separates; and
 - b. Is reemployed by the district within 180 days of separation from employment; or
2. Is eligible to take OFLA leave:
 - a. At the beginning of a temporary cessation of scheduled hours of 180 days or less; and
 - b. Returns to work at the end of the temporary cessation of scheduled hours of 180 days or less.

¹ While the district is subject to FMLA, the district does not have any eligible employees. Consequently, most FMLA eligibility language has been omitted from this AR.

² The requirements of OFLA do not apply to any employer offering eligible employees a nondiscriminatory cafeteria plan, as defined by section 125 of the Internal Revenue Code of 1986, which provides as one of its options employee leave at least as generous as the leave required by OFLA.

Any OFLA leave taken by the employee within any one-year period continues to count against the length of time of OFLA leave the employee is entitled. The amount of time that an employee is deemed to have worked for the district prior to a break in service due to a separation from employment or a temporary cessation of scheduled hours shall be restored to the employee when the employee is reemployed by the district within 180 days of separation from employment or when the employee returns to work at the end of the temporary cessation of scheduled hours of 180 days or less.

An employee who has previously qualified for and has taken some portion of OFLA leave, may request additional OFLA leave within the same leave year. In such instances, the employee must requalify as an eligible employee for each additional leave requested unless one of the following exceptions apply:

1. An employee taking, in any order, some or all of 12 weeks of OFLA pregnancy disability leave and some or all of 12 weeks of OFLA leave for any other purpose, need not requalify leave in the same leave year;
2. An employee who has taken 12 weeks of parental leave need not requalify to take an additional 12 weeks in the same leave year for sick child leave;
3. An employee granted leave for a serious health condition for the employee or a family member need not requalify if additional leave is taken in this leave year for the same reason;
4. An employee unable to work because of a disabling compensable injury³ need not requalify in order to use OFLA leave following a period the employee is off work due to the compensable injury; and
5. An employee who has taken serious health condition leave to care for a family member who dies during the employee's serious health condition need not requalify to take leave for the death of that family member.

OMFLA applies to employees who work an average of at least 20 hours per week. There is no minimum number of days worked when determining employee eligibility for OMFLA.

In determining if an employee has been employed for the preceding 180 calendar days, the district must consider days, paid or unpaid, an employee is maintained on payroll. Full-time public school teachers who have been maintained on payroll by the district for 180 consecutive calendar days are thereafter deemed to have been employed for an average of at least 25 hours per week during the 180 days immediately preceding the start date of the OFLA leave.

In determining average workweek, the employer must count the actual hours worked using the Fair Labor Standards Act (FLSA) guidelines.

Qualifying Reason

Eligible employees may access OFLA for the following reasons:

³ As defined in ORS 656.005.

1. Serious health condition of the employee or the employee's covered family member. Serious health condition means:
 - a. An illness, injury, impairment or physical or mental condition that requires inpatient care in a hospital, hospice or residential medical care facility;
 - b. An illness, disease or condition that in the medical judgement of the treating health care provider poses an imminent danger of death, is terminal in prognosis with a reasonable possibility of death in the near future, or requires constant care;
 - c. Any period of disability due to pregnancy, or period of absence for prenatal care; or
 - d. Any period of absence for the donation of a body part, organ or tissue, including preoperative or diagnostic services, surgery, post-operative treatment and recovery.⁴
2. Parental leave (separate from eligible leave as a result of the child's serious health condition):
 - a. Bonding with and the care for the employee's newborn (within 12 months following birth);
 - b. Bonding with and the care for a newly adopted child or newly placed child in foster care under the age of 18 (within 12 months of placement);
 - c. Care for a newly adopted child or newly placed child in foster care over 18 years of age who is incapable of self-care because of a physical or mental impairment (within 12 months of placement);
 - d. Time to effectuate the legal process required for placement of a child in foster care or the adoption of a child.
3. Sick Child Leave: leave for non-serious health conditions of the employee's child. For OFLA, sick child leave includes absence to care for an employee's child whose school or child care provider has been closed⁵ in conjunction with a statewide public health emergency declared by a public health official.⁶
4. Bereavement Leave: leave related to the death of a covered family member.⁷

⁴ This definition is from ORS 659A.150(7). A more detailed definition is available in OAR 839-009-0210(22).

⁵ "Closure" for the purpose of sick child leave during a statewide public health emergency declared by a public health official means a closure that is ongoing, intermittent, or recurring and restricts physical access to the child's school or child care provider. OAR 839-009-0210(4).

⁶ The district may request verification of the need for sick child leave due to a closure during a statewide emergency. Verification may include:

1. The name of the child being cared for;
2. The name of the school or child care provider that has closed or become unavailable;
3. A statement from the employee that no other family member of the child is willing and able to care for the child; and
4. With the care of a child older than 14, a statement that special circumstances exist requiring the employee to provide care to the child during daylight hours.

⁷ Bereavement leave under OFLA must be completed within 60 days of when the employee received notice of the death.

5. Eligible employees may access OMFLA for the purpose of spending time with a spouse or domestic partner who is in the military and has been notified of an impending call or order to active duty, or who has been deployed during a period of military conflict.
6. The eligibility of an employee who takes multiple leaves for different qualified reasons during the same leave year may be reconfirmed at the start of each qualified leave requested.

Definitions

1. Family member:
 - a. For the purposes of OFLA, “family member” means:
 - (1) Spouse or domestic partner;
 - (2) Child or the child’s spouse or domestic partner;
 - (3) Parent or the parent’s spouse or domestic partner;
 - (4) Sibling or stepsibling, or the sibling’s or stepsibling’s spouse or domestic partner;
 - (5) Grandparent or the grandparent’s spouse or domestic partner;
 - (6) Grandchild or the grandchild’s spouse or domestic partner; or
 - (7) Any individual related by blood or affinity whose close association with a covered individual is the equivalent of a family relationship.⁸
2. Child:
 - a. For the purposes of OFLA, “child” means a biological or adopted child, a child in foster care or stepchild of the employee, the child of the employee’s domestic partner, or a child with whom the employee is or was in a relationship of “in loco parentis”.

⁸ “Affinity” means a relationship for which there is a significant personal bond that, when examined under the totality of the circumstances, is like a family relationship. This bond may be demonstrated by, but is not limited to the following factors, with no single factor being determinative:

- a. Shared personal financial responsibility, including shared leases, common ownership of real or personal property, joint liability for bills or beneficiary designations;
- b. Emergency contact designation of the employee by the other individual in the relationship or the emergency contact designation of the other individual in the relationship by the employee;
- c. The expectation to provide care because of the relationship or the prior provision of care;
- d. Cohabitation and its duration and purpose;
- e. Geographic proximity; and
- f. Any other factor that demonstrates the existence of a family-like relationship.

- b. For the purposes of parental and sick child leave under OFLA, the child must be under the age of 18 or an adult dependent child substantially limited by a physical or mental impairment.

3. **In loco parentis:**

- a. For the purposes of OFLA, “in loco parentis” means person in the place of the parent, having financial or day-to-day responsibility for the care of a child. A legal or biological relationship is not required.

4. **Public health emergency:**

For OFLA a public health emergency means;

- a. A public health emergency declared under ORS 433.441.
- b. An emergency declared under ORS 401.165 if related to a public health emergency as defined in ORS 433.442.

Leave Period

For the purposes of calculating an employee’s leave period, the district will use a period of 52 consecutive weeks beginning on the Sunday immediately preceding the date on which family leave commences. The same method for calculating the one-year period for OFLA leave entitlement shall be used for all employees. However, in all instances, the leave period for the purposes of shall be dependent on the start of any such leave regardless of the district’s designated leave period described above.

Leave Duration

For the purposes of OFLA, an eligible employee is generally entitled to a total of 12 weeks of qualified leave during the designated leave period. However, an employee may be entitled to an additional, full 12 weeks of parental leave during the designated leave period following the birth of a child regardless of how much OFLA qualified leave the employee has taken prior to the birth of such child during the designated leave period. Likewise, an employee who uses the full 12 weeks of parental leave during the designated leave period, will be entitled to an additional 12 weeks of sick child leave under OFLA.⁹ OFLA does not combine the leave entitlement for spouses working for the district. Under OFLA, family members who work for the district may be restricted from taking concurrent OFLA qualified leave.¹⁰

For the purposes of OMFLA, an eligible employee is entitled to 14 days of leave per call or order to active duty or notification of a leave from deployment. When an employee also meets the eligibility requirements of OFLA, the duration of the OMFLA leave counts toward that employee’s leave entitlement during the designated leave period.

⁹ Sick child leave under OFLA need not be provided if another family member, including a noncustodial biological parent, is willing and able to care for the child.

¹⁰ Exceptions to the ability to require family members from taking OFLA qualified leave at different times are when 1) employee is caring for the other employee who has a serious medical condition; 2) one employee is caring for a child with a serious medical condition when the other employee is suffering a serious medical condition; 3) each family member is suffering a serious medical condition; 4) each family member wants to take Bereavement Leave under OFLA; and 5) the employer allows the family members to take concurrent leave.

For the purpose of tracking the number of leave hours an eligible employee is entitled and/or has used during each week of the employee's leave, leave entitlement is calculated by multiplying the number of hours the eligible employee normally works per week by 12¹¹. If an employee's schedule varies from week-to-week, a weekly average of the hours worked over the 12 months worked prior to the beginning of the leave period shall be used for calculating the employee's normal workweek¹². If an employee takes intermittent or reduced work schedule leave, only the actual number of hours of leave taken may be counted toward the 12 weeks of leave to which the employee is entitled.

Intermittent Leave

With the exception of parental leave which must be taken in one continuous block of time, an eligible employee is permitted under OFLA to take intermittent leave for any qualifying reason.

Intermittent leave is taken in multiple blocks of time (i.e., hours, days, weeks, etc.) rather than in one continuous block of time and/or requiring an altered or reduced work schedule. For OFLA this includes but is not limited to sick child leave taken requiring an altered or reduced work schedule because the intermittent or recurring closure of a child's school or child care provider due to a statewide public health emergency declared by a public health official.

When an exempt employee is eligible for OFLA but not FMLA leave, and the employee takes intermittent leave in blocks of less than one day, the district will jeopardize the employee's exempt status if the district reduces the employee's salary for the party-day absence.

An employee's intermittent leave time is determined by calculating the difference between the employee's normal work schedule and the number of hours the employee actually works during the leave period. The result of such calculation is credited against the eligible employee's leave entitlement.

Holidays or days in which the district is not in operation, are not counted against the eligible employee's intermittent OFLA leave period unless the employee was scheduled and expected to work on any such day.

Alternate Work Assignment

The district may transfer an employee recovering from a serious health condition to an alternate position which accommodates the serious health condition provided:

1. The employee accepts the position voluntarily and without coercion;
2. The transfer is temporary, lasts no longer than necessary and has equivalent pay and benefits;

¹¹ For example, an employee normally employed to work 30 hours per week is entitled to 12 times 30 hours, or a total of 360 hours of leave.

¹² For example, an employee working an average of 25 hours per week is entitled to 12 times 25 hours, or a total of 300 hours of leave.

3. The transfer is compliant with any applicable collective bargaining agreement;
4. The transfer is compliant with state and federal law, including but not limited to the applicable protections provided for in OFLA; and
5. The transfer is not used to discourage the employee from taking OFLA leave for a serious health condition or to create a hardship for the employee.

The district may transfer an eligible employee who is on intermittent OFLA leave to another position with the same or different duties to accommodate the leave, provided:

1. The employee accepts the transfer position voluntarily and without coercion;
2. The transfer is temporary, lasts no longer than necessary to accommodate the leave and has equivalent pay and benefits;
3. The transfer is compliant with any applicable collective bargaining agreements;
4. The transfer is compliant with state and federal law, including but not limited to the applicable protections provided for in OFLA;
5. The transfer to an alternate position is used only when there is no other reasonable option available that would allow the employee to use intermittent leave or reduced work schedule; and
6. The transfer is not used to discourage the employee from taking intermittent or reduced work schedule leave, or to create a hardship for the employee.

If an eligible employee is transferred to an alternative position to accommodate the employee's serious health condition, and as a result the employee works fewer hours than the employee was working in the original position, the employee's OFLA leave time is determined by calculating the difference between the employee's normal work schedule and the number of hours the employee actually works during the leave period.

When an employee is transferred to alternate position as described above but such transfer does not result in a reduced schedule, time worked in any such alternate position shall not be considered for the purpose of OFLA leave. An employee working in an alternate position retains the right to return to the employee's original position unless all OFLA leave taken in that leave year plus the period of time worked in the alternate position exceeds 12 weeks.

Special Rules for School Employees

For the purposes of OFLA, "school employee" means employees employed principally as instructors in public kindergartens, elementary schools, secondary schools or education service districts.

OFLA leave that is taken for a period that ends with the school year and begins with the next semester is considered consecutive rather than intermittent. In any such situation, the eligible school employee will receive any benefits during the break period that employees would normally receive if they had been working at the end of the school year.

1. Foreseeable Intermittent Leave Exceeding 20 Percent of Working Days

When the qualified leave is foreseeable, will encompass more than 20 percent of the eligible school employee's regular work schedule during the leave period, and the purpose of such leave is to care for a family member with a serious medical condition, for a servicemember with a serious medical condition or because of the employee's own serious medical condition, the district may require the eligible school employee to:

- a. Take leave for a period or periods of a particular duration, not greater than the duration of the planned treatment; or
- b. Temporarily transfer the eligible school employee to an alternate position for which the employee is qualified, which has equivalent pay and benefits and which better accommodates recurring periods of leave than the employee's original position.

2. Limitation on Leave Near the End of the School Year

When an eligible school employee requests leave near the end of the school year, the district may require the following:

- a. When the qualified leave begins more than five weeks before the end of the school year:
 - (1) For the purposes of OFLA leave, if the reason for the leave is because of the eligible school employee's own serious health condition, the eligible school employee may be required to remain on leave until the end of the school year, provided:
 - (a) The leave will last at least three weeks; and
 - (b) The employee's return to work would occur within three weeks of the end of the school year.
 - b. For the purposes of OFLA leave, when the qualified leave begins within five weeks of the end of the school year and the purpose of such leave is parental leave, for the serious health condition of a family member or for the serious health condition of a servicemember, the eligible school employee may be required to remain on leave until the end of the school year provided:
 - (1) The leave will last more than two weeks; and
 - (2) The employee would return to work during the two-week period before the end of the school year.
 - c. For the purposes of OFLA leave, when the qualified leave begins within three weeks of the end of the school year and the purpose of such leave is parental leave, for the serious health condition of a family member or for the serious health condition of a servicemember, the eligible school employee may be required to remain on leave until the end of the school year provided the length of the leave will last more than five working days.

If the district requires an eligible school employee to remain on leave until the end of the school year as described above, additional leave required by the employer until the end of the school year shall not count against the eligible school employee's leave entitlement.

Paid/Unpaid Leave

OFLA does not require the district to pay an eligible employee who is on a qualified leave. Paid Family Medical Leave Insurance (PMFLI) leave taken via Paid Leave Oregon or an equivalent plan will run concurrently with OFLA when taken for the same purpose. Subject to any related provisions in any applicable collective bargaining agreement [an employee may elect to use any available accrued paid leave including personal and sick leave, or available accrued vacation leave during the leave period.]{¹³} This includes when an employee is being paid through PMFLI. The district will notify the eligible employee that the requested leave has been designated as OFLA leave and ask the employee about the use of available accrued paid leave.

Eligible employees who request OMFLA leave shall not be required to use any available accrued paid time off during the OMFLA leave period.

Benefits and Insurance

When an eligible employee returns to work following a OFLA qualified leave, the employee must be reinstated to the same position the employee held when the leave commenced, or to an equivalent position with equivalent benefits, pay and other terms and conditions of employment.

During an OFLA qualified leave an eligible employee does not accrue seniority or other benefits that would have accrued while the employee was working, unless the terms of a collective bargaining agreement, other agreement or other district policy provide otherwise.¹⁴ The eligible employee is also subject to layoff to the same extent similarly situated employees not taking OFLA leave are subject unless the terms of an applicable collective bargaining agreement, other agreement or the district's policies provide otherwise.

For the purposes of OFLA, the district will continue to pay the employer portion of the eligible employee's group health insurance contribution (if applicable) during the qualified leave period. The eligible employee is required to pay the employee portion of any such group health insurance contribution as a condition of continued coverage.

For the purposes of OMFLA, the eligible employee is entitled to a continuation of benefits.

Fitness-for-Duty Certification

Prior to the reinstatement of an employee following a leave which was the result of the employee's own serious health condition, the district may require the employee to obtain and present a Fitness-for-Duty Certification. If the district is going to require a fitness-for-duty certification upon return to work, the district must notify the employee of such requirement when the leave is designated as OFLA leave. Failure to provide the certification may result in a delay or denial of reinstatement.

¹³ {Coordinate with any language regarding use of accrued leave during PMFLI from GDBDF/GDBDF or any equivalent plan information.}

¹⁴ See also ORS 342.934(4)(d) in reduction force situations.

For the purposes of OFLA qualified leave, any out-of-pocket costs associated with obtaining the fitness-for-duty certification shall be borne by the district.

Application

Under state law, an eligible employee requesting OFLA leave shall provide at least 30 days' notice prior to the leave date if the leave is foreseeable. The notice shall be written and include the anticipated start date, duration and reasons for the requested leave. When appropriate, the eligible employee must make a reasonable effort to schedule treatment, including intermittent leave and reduced leave, so as not to unduly disrupt the operation of the district.

The district may request additional information to determine that the requested leave qualifies as OFLA leave. The district may designate the employee as provisionally on OFLA leave until sufficient information is received to properly make a determination. An eligible employee able to give advance notice of the need to take OFLA leave must follow the district's known, reasonable and customary procedures for requesting any kind of leave.

For the purposes of OFLA, an eligible employee is required to provide oral or written notice within 24 hours of commencement of the leave in unanticipated or emergency leave situations. The employee may designate a family member or friend to notify the district during that period of time. Failure of an employee to provide the required notice for leave covered by OFLA may result in the district deducting up to three weeks from the employee's unused OFLA leave in that one-year leave period. The employee may be subject to disciplinary action for not following the district's notice procedures.

In all cases, proper documentation must be submitted no later than three working days following the employee's return to work.

Medical Certification

The district may require an eligible employee to provide medical documentation, when appropriate¹⁵, to support the stated reason for such leave. The district will provide written notification to an employee of this requirement within five working days of the employee's request for leave. If the employee provides less than 30 days' notice, the employee is required to submit such medical certification no later than 15 calendar days after receipt of the district's notification that medical certification is required.

Any additional certifications, including second and third opinions, will be in accordance with applicable law.

Posted Notice

¹⁵ Medical documentation is not allowed in every situation. Review current laws and guidance for more information.

The district will post the Bureau of Labor and Industries Family Leave notice in each building or worksite that is accessible to and regularly frequented by employees.¹⁶ The district will also post a notice explaining the provisions of FMLA and providing information concerning the procedures for filing complaints.¹⁷

Record Keeping

The district will maintain all records as required by federal and state laws including dates leave is taken by employees, identified separately from other leave; hours/days of leave; copies of general and specific notices to employees, including Board policy(ies) and regulations; premium payments of employee health benefits while on leave and records of any disputes with employees regarding granting of leave.

Medical documentation will be maintained separately from personnel files as confidential medical records.

³ PFMLI is a state-wide benefit, and not unique to the district. An eligible individual does not need to be an employee of the district in order to be eligible for PFMLI, but this policy only applies to employees of the district.

⁴ Pay could come from another Oregon employer.

⁵ Disqualifications may include eligibility for Workers' Compensation or Unemployment or determination of a willful false statement or failure to report a material fact in order to obtain benefits. See OAR 471-070-1010(1)(h).

⁶ In some pregnancy-related situations, employees may be able to take two additional weeks, for a total for 14 weeks.

g. GCBDF/GDBDF-AR - Paid Family Medical Leave Insurance

OSBA Model Sample Policy

Code: GCBDF/GDBDF-AR
Revised/Reviewed:

Paid Family Medical Leave Insurance (PFMLI)

Application

Employees may submit applications for Paid Leave Oregon (PLO) to the Oregon Employment Department (“Department”).¹ Applications may be submitted up to 30 days prior to the start of the leave and up to 30 days after the start of the leave.² The Department may require verification from the employee.³ The Department will make all decisions regarding acceptance and denial of an application, including determining the amount of the benefit.⁴ The district cannot accept, file, process or make decisions on applications.

An employee may appeal an approval or denial of claim, the amount of a weekly benefit or a disqualification from receipt of benefits to the Department in accordance with Oregon Revised Statute (ORS) 657B.410 and Oregon Administrative Rule (OAR) 471-070-8005.

Employee Notice to District

If the leave is foreseeable⁵, the employee must provide the district with written notice⁶ at least 30 calendar days prior to the leave.⁷ If the leave is not foreseeable⁸ the employee must give oral notice to the district

¹ For application requirements see Oregon Administrative Regulation (OAR) 471-070-1100. Applications can be submitted at <https://frances.oregon.gov/>.

² Exceptions may be granted when the applicant can demonstrate good cause for late submission.

³ See verification requirements in OAR 471-070-1110 - OAR 471-070-1130.

⁴ The benefit may be less than the employee’s salary. See ORS 657B.050.

⁵ Examples of foreseeable leave include, but are not limited to, an expected birth, planned placement of a child, or a scheduled medical treatment for a serious health condition of the eligible employee or a family member of the eligible employee. See OAR 471-070-1310.

⁶ Written notice includes, but it not limited to, handwritten or typed notices, and electronic communication such as text messages and email.

⁷ *OAR 471-017-1310(6) states “An employer that requires eligible employees to provide a written notice before the eligible employee commences leave, must outline the requirements in the employer’s written policy and procedures.”*

⁸ Leave circumstances that are not foreseeable include, but are not limited to, an unexpected serious health condition of the eligible employee or a family member of the eligible employee, a premature birth, an unexpected adoption, an unexpected foster placement by or with the eligible employee, or for safe leave.

within 24 hours of the start of the leave, and must provide written notice within 3 days after the start of leave.⁹ The district requests as much advanced notice as possible.

The notice must include:

1. The employee's first and last name;
2. Type of leave;
3. Explanation of the need for leave; and
4. Anticipated timing and duration of leave, including if it is continuous or intermittent.

Notice need only be given one time, but the employee shall notify the district as soon as practicable if dates of scheduled leave change, are extended, or were initially unknown. This notice does not need to mention PFMLI or PLO to satisfy the notice requirements.¹⁰ Notice may be provided by another party on behalf of the employee in accordance with state law.

Failure to comply with these notice requirements may result in a penalty imposed by the Department. The Department may reduce the amount of the benefit by 25 percent in accordance with OAR 471-070-1310(10).

Concurrent Use of District-Provided Paid Leave

The district allows¹¹ employees to use all or a portion of employer-provided paid leave in addition to receiving PLO benefits. Example:

An employee applies and is approved for PLO for a personal serious medical condition, which also qualifies for OFLA leave. The Department determines that the rate of pay will be 75 percent of the employee's regular salary. The employee will be allowed to use available district-provided paid leave (sick, vacation or otherwise) for days that PLO is received. Because of the overlap with OFLA leave, the employee will be able to choose how much other paid leave to use (which may result in the employee receiving more than 100 percent of their typical salary).

Return to Work

⁹ An eligible employee who takes safe leave shall give the employer reasonable advance notice of the individual's intention to take safe leave, unless giving the advance notice is not feasible. If other leave also applies (OFLA, FMLA, etc.), notice requirements for those types of leave may also apply.

¹⁰ A district requiring written notice must outline the requirements in policy and procedures. A copy of the written policy and procedure must be provided to all eligible employees at the time of hire and each time the policy and procedure changes and in the language that the employer typically uses to communicate with the employee.

¹¹ See Oregon [Bureau of Labor and Industries opinion letter](#), April 7, 2023. Because most PMFLI leave will also qualify for OFLA leave, OSBA recommends allowing the employee to use employer-provided paid leave for all PMFLI. A decision to not allow employees to use employer-paid leave could apply to situations eligible for PMFLI leave, but not OFLA leave.

Upon completion of leave, the employee is entitled to return to the position held in the district prior to the leave, if that position still exists and if the employee had been employed in the district for 90 days prior to taking leave.¹² *{For districts with 25 or more employees:}* If the position no longer exists, the employee is entitled to a position equal to their previous position, with equal benefits, pay and other terms and conditions of employment.

Communications Between the District and the Department

Upon receipt of an application or update in information from a district employee for PLO, the Department will notify the district. The district may provide additional information to the Department within 10 days. This information may include, but is not limited to, information about the employee's notice to the district or verification of the employee's continued employment with the district. If the district does not report such information to the Department, the Department will proceed using available information. The district can provide additional information to the Department as it becomes available.

If the Department requests additional information from the district, the district will respond within 10 calendar days.

Once the Department has issued a decision regarding an application submitted by an employee of the district, the Department will notify the district regarding the approval or denial and any applicable dates and periods of leave.

District Notice to Employees

At the time of hire and each time the policy or procedure changes, the district must provide notice to employees. This notice must be in the language that the employer typically uses to communicate with employees and will include:

1. The right of an eligible employee to claim and receive family and medical leave insurance benefits;
2. The procedure for filing a claim for benefits;
3. That an eligible employee must provide notice to the district before the employee commences leave, and a description of the penalties for failure to comply with the notice requirements;
4. The right of an eligible employee to job protection and benefits continuation;
5. The right of an eligible employee to appeal a decision or determination made by the Department director;
6. That discrimination and retaliatory personnel actions against an employee for inquiring about the PFMLI or PLO program, giving notification of leave under the program, taking leave under the program or claiming PFMLI or PLO benefits are prohibited;

¹² If the employee's leave also qualifies for OFLA/FMLA protection, see also Board policy GCBDA/GDBDA - Family Medical Leave and its accompanying administrative regulations.

7. The right of an employee to bring a civil action or to file a complaint for violation of ORS 657B.060 or 657B.070; and
8. That any health information related to family leave, medical leave or safe leave provided to the district by an employee is confidential and may not be released without the permission of the employee unless state or federal law or a court order permits or requires disclosure.¹³

The district will display the Department’s notice poster in an area that is accessible to and regularly frequented by employees in each building or worksite. The district will provide this notice poster to employees working remotely by hand delivery, regular mail or through an electronic delivery method at the time of hire or assignment to remote work.

District Filings

The district will file the Oregon Quarterly Tax Report, the Oregon Employee Detail Report and any other reports required by law. If the district fails to submit required filings or report, or fails to pay all required contributions, the district may be penalized in accordance with OAR 471-070-8520.

Employee Protections

No employee or prospective employee will be discriminated or retaliated against for inquiring about PFMLI or PLO, giving notification of leave under PLO, taking PLO leave or claiming PLO benefits. Eligible employees have a right to file a complaint and/or bring a civil action for violations of ORS 657B.060 or ORS 657B.070.

Any health information related to family leave, medical leave or safe leave provided to the district by an employee is confidential and may not be released without the permission of the employee unless state or federal law or a court order permits or requires disclosure.

h. LBEA - Resident Student Denial for Virtual Public Charter Attendance

OSBA Model Sample Policy

Code: LBEA

Adopted:

Resident Student Denial for Virtual Public Charter School Attendance**

The district is not required to approve a transfer of a resident student, when more than three percent of the students residing in the district are attending a virtual public charter school not sponsored by the district. The district will semiannually, by October 1 and April 1, calculate the percentage of students residing in the district, who are attending a virtual public charter school not sponsored by the district. When the established percentage is more than three percent, the district will not approve additional students enrollment to such a virtual public charter school.

A parent must give notice to the district of intent to enroll their student in a virtual public charter school not sponsored by the district, before enrolling their student in such a school and notice of actual enrollment.

If the district is not approving the enrollment, the district must respond with a decision to not give approval within 10 calendar days of receipt of the notice of intent from the parent. Such decision must include:

1. The percentage of students in the district that attend virtual public charter schools that are not sponsored by the district, based on recent calculations;
2. The right to appeal the decision to the State Board of Education;
3. A list of two or more other online options available to the student; and
4. A copy of OAR 581-026-0305 and OAR 581-026-0310.

The district is only required to use data that is reasonably available to the district, including but not limited to the following for such calculation:

1. The number of students residing in the district enrolled in the schools within the district;
2. The number of students residing in the district enrolled in public charter schools located in the district;
3. The number of students residing in the district enrolled in virtual public charter schools;
4. The number of home-schooled students who reside in the district and who have registered with the educational service district; and
5. The number of students who reside in the district enrolled in private schools located within the school district.

A parent may appeal a decision of a district to not approve a student enrollment to a virtual public charter school to the State Board of Education under OAR 581-026-0310.

If the student was enrolled in a virtual public charter school while living in another district and has maintained continuous enrollment in such school since moving into, and residing in this district, approval is not required.
