3. Patron Comments:

The Alsea School Board of Directors values the opinions and input of students, staff, parents, and community members. Although board meetings are held in public, they are not meetings of the public. Please keep your comments to 3 minutes or less. If you intend to speak to the board this evening, you will need to fill out one of the blue comment cards and hand it to the Board Secretary, Lora Nickle. Public comments may also be made via Zoom. If you intend to speak via Zoom, please put your name in the comments so that the board chair can call on you. Before you begin your comments, please state your name and if you are speaking for an organization, please state that organization. For more information about public comments at a board meeting, please see Alsea School District Policy BDDH.

4. Reports

a. Superintendent Report

Alsea School District

February Meeting Board Report

Krista Nieraeth, Superintendent and Special Education Director

1. 2024 – 25 School Year Calendar

The board will see 2 proposed school calendar schedules for next school year to vote upon tonight. These schedules were built off staff recommendations and comments, the Oregon University System calendar, and past calendars from surrounding school districts and ESD. Staff were given the opportunity to vote on their preferred option.

2. Benton County Safe Routes to School Meeting

I met with a representative from Benton County to discuss work that is proposed to be done in front of the school along the highway to make the corners ADA compliant and to create a visible crosswalk across the highway and across 3rd Street. The county has preliminary plans for this project but is waiting for ODOT approval. If there is any work done, it will be done this summer. Because the sidewalk will be closed, there will have to be a path on school property that acts like the sidewalk so that pedestrians can move safely along the roadway. The county will continue to update us as the project moves forward.

3. Collaboration Possibility

I took a meeting with the superintendents from Central Linn and Harrisburg to discuss a possible collaboration between our three districts to help bring in more telehealth services and learning opportunities to our districts. The grant we are looking at is a grant specifically for rural areas that would help upgrade our current technology systems to make bringing services via technology much easier and would allow us to have better access to different distance learning programs, including teachers from other school districts, for our students through video conferencing. I will continue to meet with both superintendents to see if this collaboration is something that would be useful for Alsea and move forward from there. There are also other grants that we could collaborate with these districts on

4. ODE Meeting

I met with Stacy Matthews, Alsea's Educational Specialist from ODE from the Office of Enhancing Student Opportunities (OESO). This position is a support to Alsea for any special education related questions and point of contact to help ensure that Alsea is following all Federal and State Special Education regulations and laws.

5. ODE Integrated Guidance Meeting

On Monday, a team from ODE will be on site to visit Alsea and visit with administration about the programs we are implementing with our Integrated Guidance grants. I'm excited to have ODE out to visit our school and see the great things that are happening!

6. Class of 2023 Graduation Rate

The graduation rate for the class of 2023 was released last week and Alsea's rate for the 4 year Cohort for percentage of on time grads was 40%. A cohort is made up of students who start their 9th grade year and then continues through their senior year. For the class of 2023, the cohort included not only brick and mortar students, but also online students, which Alsea's cohort was 35 students. Cohorts at the end of the 4 years do not include students who transferred to another district or state. In our data, 21 of the students were considered non-completers (which include students who earned their GED), which means that 14 students earned a regular or modified diploma in that cohort.

Ms. Nickle, Mr. Rothenberger, Ms. Wilson and I will be looking at ways to start tracking students to help inform us of systems that we can put into place to help our students, especially in the JH range, be successful in attaining the necessary credits for graduation as well as understand why it's important.

7. Facilities

The district had the radon testing done in January. Mr. Elbers worked with Environmental Inspection Services Pro LLC to have this done. The report showed that our building shows no elevated radon in our buildings and that our existing ventilation and mitigation systems are functioning adequately based on the results.

The full report can be found at this link: <https://alsea.k12.or.us/media/2024/01/Radon-Testing-Report-240116.pdf>

We are currently working on getting samples from all water sources in the building to test for lead in the system. This is a requirement that should be done every 6 years, as per the state. Mr. Elbers will start the test next week and send samples to a lab in Salem.

Mr. Elbers is finishing up the inside of the shed that was purchased using the Vina Annex project. This shed will house clothing and other items for our families and students who need it.

The flag has been installed in the gym. Thank you to the Alsea Booster Club for their generous donation to our gym!

Alsea School District

February Meeting Board Report – K-6 B&M School

Krista Nieraeth, Principal

School / Classroom Updates / Accomplishments

- The elementary school is doing student of the month from each classroom. December's student of the month theme was "Very....". The following students were chosen by their teachers for December:

Kindergarten:	Oaklynn Burk	1st Grade:	Noah Smith
2nd Grade:	Faith Smallwood	3rd Grade:	Takoda Davis
4th Grade:	Everett White	5th Grade:	Emmy Foster

Congratulations to all the winners!!

Elementary Student of the Month

This month's character trait was 'VERY DETERMINED'. These students showed what it is to be a Wolverine who always has a firm sense of purpose and commitment to reaching goals or following a particular path.

- Our K – 6 students are completing their mid – year diagnostic for I – Ready math and reading. Staff is working hard to ensure that students understand the purpose of these tests, and are starting to see results that will help them continue to create lessons and experiences based on student data. We should be completed with all diagnostic tests by the end of next week. I will meet with staff to review data and create plans for moving forward.
- The 4th and 5th grade classes continue to host the Mid-Valley CTE/STEM Hub to do fun STEM activities in the classroom. Both classes participated in an activity making a moveable Lego Mazes. They learned how to work as a team, critical thinking of how to set up a maze and how to complete an unknown maze. We appreciate Chris Singer and the Mid-Valley CTE/STEM Hub for coming out the Alsea and giving our students these opportunities!

- Our little Wolverines' basketball season is up and running. Alsea is sponsoring three elementary teams (K-1-2, 3-4 boys and 3-4 girls). The teams are playing in the Philomath Youth League. We hosted one weekend of games and will have two more weekends of hosting in Alsea. Thanks to Joy Jordan for running this for the district and for getting the volunteers for coaching each team.

January Student of the Month Assembly - Character Trait - TENACITY

Highlights - Students of the Month, Character Trait - Tenacity (relentless determination); Celebrating Attendance, Math, & Reading Superstars, Exploratory Class: Art, Reader's Theater, Spanish

Highlights/Kudos: I would like to recognize the commitment and dedication of our teachers and IA for building capacity to use I-Ready as a means to identify student proficiency levels, identify specific areas that need support, constructing enriching lessons, and comparative data analysis. Teachers must do a tremendous amount of work communicating and partnering with families in order to ensure students are completing diagnostic assessments in a manner that will allow for accurate data collection to happen. Thank you to our staff and parents for this crucial collaboration.

We have had several families re-enrolling their children back into LaHO, and we are grateful for their trust in our school.

Literacy & Math Diagnostic Data:

Our students will be completing their Winter Diagnostic 2 by Thursday of this week. Along with brick & mortar colleagues, our teachers will be participating in a training session provided by I-ready focusing on comparative data analysis. This analysis will allow teachers to celebrate academic success and growth of their students as well as continue to see what areas to focus on in small group or 1:1 instruction time. As a team, we are identifying areas on the master schedule that will allow for additional small group or 1:1 instruction.

d. 7-12 Brick and Mortar Principal Report

Board Report for 7-12 for: February

From behind the principal's desk:

This past month we have had been gearing up for finals and semester grades. The ice storm and missing school put a little wrinkle in it but we managed and moved forward.

Staff and students have been working hard for this semester. Mr. Schlechter has continued his Monday after school tutoring. The week of February 12-15 we will be starting some after school programs: Pottery, Shop and Culinary.

Again, I asked my staff to give me a highlight of one positive from their department.

CTE/Ag

Students continue to build skills in the shop. We received our welding machines and welder kits that include safety equipment and tools needed to weld.

High school PE and Health classes:

The high school health class semester-final test grade average was 95%, with the lowest grade being 74%. The testing format was changed to a multiple-choice format. The unit-testing format will remain multiple-choice moving forward.

Social Studies

Midterms went well with most students across the board raising their grade by working hard and preparing for their exam.

Science:

The 7th grade students are working on their new unit of study, Forensic Science. They are very excited about this unit because we get to do all types of science including; fingerprinting, chromatography, and blood typing. Good Times!!

Art:

Finishing up our totem poles in sculpture class.
graphic design will be working on design for Alsea ;Hope Grange,
and passing it onto Seth's class to make it!
Design shop and painting classes will start the new design and sign for Alsea's
Debs Diner!!!! very excited.

English:

Finals went very well in 7th - 12th grade English! All students had an exam over 84 Greek and Latin roots, and almost all of them got a C or better on it. If you think you'd get a C or better.... I'd challenge you to **take the test yourself!!** Also, each class had a grade-level essay assigned to them as a final. The final essay had to be printed in MLA

format with proper headings and content. Once again, the vast majority of students got a C or better on their essay. I am very proud of their efforts, and I am proud of the hard line the teachers and administrators held during the last week of the semester!

Math:

1. Algebra 2 and Geometry had a class average of 96% and 83% respectively
2. Algebra 2 gave presentations about various math topics and algebra 1 and geometry students sat in to earn extra credit.
3. The pass rate of students in high school math was 86.5% of students.
4. Algebra 1 students have voiced that they want to review old math topics and reinforce past ideas, I'm personally proud of them for wanting to improve their skills.

Desk of High School Secretary:

We are rolling into Semester #2 and students are excited.

Athletics:

Boys and Girls varsity basketball continue to battle in league play. Middle basketball is doing very well also. There will be a middle school "B" tournament at Mapleton on February 9th and a middle school "A" tournament at McKenzie on February 24th.

We are in the process of getting spring sports organized. Looking for a middle school track coach. Looking at possibly doing a coop with Monroe for baseball. We did not have enough interest in softball.

Transportation:

Transportation has been going well. Joy Jordan has taken over driving the west route and we are training a couple other drivers as subs. We also just hired a mechanic (As needed). This will help us out tremendously.

Alsea School District Bond Projects Construction Manager's Report

Report Date: 2 February 2024

GENERAL OVERVIEW

Final design documents for the new CTE building are in review with the County. Todd Construction has contracted with Nucor for the metal building structural design. All permits will be issued once that design review is complete. Todd is completing buy-out now and expects to mobilize in late March for underground utilities and foundations with the metal building erection planned for May. They have committed to construction completion by late August.

The Electrical Upgrade work with CB Construction has progressed as far as possible until the long-lead main switchgear arrives. We're still being told the main switchgear won't be delivered before April 2024 so the new systems can't be energized until that is installed. The current expected completion date for the Electrical Upgrade and switchover to the new power system is July 2024.

Work on the HVAC Upgrade project with CB Construction has been completed as much as possible until the gym is vacated in late June 2024. Classroom and office units have been installed with completion verified by a third-party commissioning engineer. The HVAC unit and ducting for the gym is all that remains, but this can't be installed until summer break so heat isn't disrupted in the gym. The new HVAC systems will be operational when the Electrical Upgrade is completed in July 2024.

The application for a seismic grant for the gym was submitted to the State in early January and award notice is expected in spring of 2024. If successful, design will start by summer 2024 with a goal of completing construction during summer 2025. The District also submitted the application for a TAP grant to fund the seismic grant application so there will be no impact to the District's budget even if the grant isn't awarded.

The District applied for, and was granted, an extension on the OSCIM grant, due to the history of delays and construction challenges associated with the bond program. This relieves the pressure to spend bond dollars by the March 30 deadline we have been working towards.

PROJECT TEAM

Todd Construction has been contracted to build the new CTE building.

BUDGET

The updated budget summary and details for bond project revenue and expenses are attached. Comments on revenue and expense elements are noted below.

Revenue

The current program budget is \$4.70 million including ESSER funds and the OSCIM grant that doubles the value of the bond amount. Bond interest is being added to the income budget as it's earned.

Expenses

The "Current Budget" column in Expenses shows the projected costs matched to the Revenue budget. Now that the Todd Construction contract for the CTE building has been added to committed costs, all budget elements have been included and there is \$55k remaining in Owner's Contingency for unforeseen costs.

The "Committed Costs" column shows the value of work that has been contracted so far. Cost for CTE construction have been added including permits, builders risk insurance, BOLI fees, special inspections and the fire alarm system.

The "Paid to-Date" column shows the value of work that has been paid for. So far, \$1.82 million has been spent on completed work. The project management fee from IMS does not include a donated value of \$31k to-date.

SCHEDULE

Soderstrom has completed final design of the CTE Building and permit documents have been submitted to the County for review. We have requested deferred submittal for the pre-engineered metal building so the contractor can begin work on the underground utilities and foundations while the design-build contractor for the metal building completes their design. We're waiting on a detailed master schedule from Todd Construction but we've been given the following milestone dates in the meantime:

- Underground utilities and foundations – April/May
- Metal building erection – May/June
- Building utilities & finishes – June/July/August

The electrical contractor has completed as much work as possible for the Electrical Upgrade and has pulled off the project until late March. The new power systems are projected to be completed and operational in July 2024 according to the recently updated Master Schedule shown below.

HVAC system installation has been completed except for the gym rooftop unit and duct which can't be installed until late June 2024 when the gym is no longer being used. New HVAC equipment can't be energized until next July when the Power Upgrade is completed, so the delays have no impact on the overall project schedule or cost. The Master Schedule for completion next summer is being updated.

COMMUNICATIONS

IMS Monthly Reports are being provided to the School Board and the Bond Oversight Committee (BOC) each month. No BOC meetings are currently scheduled. BOC meetings may resume when construction begins in the spring, as directed by District leadership.

One short article was provided to the Alsea Valley Voice to update the community on bond progress and the decision to use Todd Construction.

- a. 2024-2025 Proposed School Year Calendars

**Alsea School District 7J
Board Recommendation Form**

To: The Board of Directors of Alsea School District
Prepared By: Krista Nieraeth, Superintendent
Date: February 8, 2024

Background:

Each year, the school board sets a school calendar for the upcoming school year. The calendar is set based on meeting required instructional hours set forth by the Oregon State Board of Education, along with negotiated days and work hours within the Certified CBA. The Oregon University System Calendar was also consulted to ensure that breaks coincide.

As per the AEA CBA Article 10 Section A, “It is recognized that the Board has the right to set the annual school calendar. Prior to adoption of the calendar, a proposed calendar will be referred to the Association for review and recommendation.” Initial calendars were sent to staff for review and comments. Based on comments, two versions of the proposed calendar were then given to staff again for a vote. Staff preference was 58% in favor of version 1 and 42% in favor of version 2.

Action Requested:

To approve a 2024 – 2025 School Year Calendar.

Motion Requested:

“I move to approve Version ____ as Alsea School District’s 2024 – 2025 School Calendar.”

b. Baseball Co-Op with Monroe

**Alsea School District 7J
Board Recommendation Form**

To: The Board of Directors of Alsea School District
Prepared By: Bart Rothenberger
Date: February 8, 2024

Background: Alsea does not have enough students to field their own baseball team. After looking at the three high schools that border Alsea we have decided to coop with Monroe. Monroe has a tremendous reputation in baseball and each year they try hard to play JV games. I had a great conversation with Bill Crowson (Monroe Superintendent and Head Baseball Coach). He says his district likes and appreciated the relationship they had with Alsea in girls' basketball and baseball a few years back. We currently have four boys that are interested in playing. Transportation will need to be provided by the parents.

Action Requested: Requesting that the school board approves a coop with Monroe Union High School for baseball.

Motion Requested: I motion that Alsea School District approves the Baseball co-op with Monroe School District for the 2023-2024 school year.

Budget Committee Openings

Alsea School District announces three openings on its Budget Committee for a three year term expiring 6/30/2027, and an opening for a one year term expiring 6/30/2024.

The Budget Committee is an advisory group that provides budget advice and direction and examines the District's entire budget for the upcoming year. The Budget Committee also approves the Budget Document and forwards it to the School Board for adoption by the end of June. The Committee conducts business in evening public meetings held in April, May, and June.

Interested community members who are registered voters living within the district boundary may apply.

If you are interested in being on the Budget Committee, please email Lora Nickle, Executive Assistant, at lora.nickle@alsea.k12.or.us. Applications are due by March 7th, 2024, to Ms. Nickle.
