3. Patron Comments:

The Alsea School Board of Directors values the opinions and input of students, staff, parents, and community members. Although board meetings are held in public, they are not meetings of the public. Please keep your comments to 3 minutes or less. If you intend to speak to the board this evening, you will need to fill out one of the blue comment cards and hand it to the Board Secretary, Lora Nickle. Public comments may also be made via Zoom. If you intend to speak via Zoom, please put your name in the comments so that the board chair can call on you. Before you begin your comments, please state your name and if you are speaking for an organization, please state that organization. For more information about public comments at a board meeting, please see Alsea School District Policy BDDH.

a. Superintendent Report

Alsea School District

July 2024 Board Meeting Board Report

Krista Nieraeth, Superintendent and Special Education Director

1. CTE Building / Electrical / HVAC / Gym Floor

I'm very happy with the progress of the CTE building. We are on schedule with the electrical installation and turn on, the HVAC and the CTE building. The refinishing of the Gym floor will start on Monday, July 29, and the gym will be closed for 2 weeks. Thank you to Chris and Nancy Giggy for all their help in ensuring that things are moving along with schedule, as well as ensuring that the right questions are being asked.

2. Human Resources / Payroll

Don Staehely and Roxie Smallwood have been working hard to get calendars set, payroll set up based on the calendars, and contracts ready for the start of the school year. We have systems and processes in place that they have been working with and refining to ensure set up is seamless. Thank you to both of them for all the hard work they have been doing.

3. State Reporting

Lora Nickle and Don Staehely have successfully completed the state reporting for the past school year and are working on setting up the reports for the upcoming school year. There are 96 total reports that each school is required to do each school year, in addition to other reporting that come with monies, such as SIA, Menstrual Dignity Act, etc. We are in the process of verifying the data and are working with Synergy to pull data from our database to help us submit the data more effectively and efficiently. State reporting is no small feat. Thank you to both Lora and Don for their hard work.

4. Seismic Grant

The contract has been executed between the school district and the state and we are moving onto the next step of pre-proposal meeting to discuss plans, updates from surveys, etc., and we are meeting with both ZCS and Soderstrom to get the project moving forward. IMS has also put out the RFP for the project for a contractor. Please remember our goal is to start construction for this grant late spring/early summer. The grant involves the Gym and the offices.

5. Kitchen Concept / Budget

We are working with Soderstrom and IMS to look at the kitchen/cafeteria needs and building concepts to find what the costs would be. We have some equipment that was purchased by the district previously that can be used in the kitchen, which will help with the overall cost, but looking at the needs of our district, as well as space, can help us drive our decision making as to where the kitchen should be put and the costs. After we get estimated cost and make a decision on what we want, we will need to look for grants to help cover the building and material costs.

6. Facilities/Maintenance

Keenan and his crew have been working hard on summer projects. Without power, it has been hard to do some of the projects, but they are getting them done. Keenan has replaced windows and doors in the kindergarten and 2nd grade classrooms, the custodial staff has moved classrooms and materials around the building, and there has been clean out of surplus items, and going through items to surplus. Keenan has also been working with the county to figure out issues with water leaks on our back field and hopefully has gotten that figured out.

We also purchased a new lawn mower, as our previous one was continuously breaking, and we were having issues finding parts locally for it. We will be surplusizing that lawnmower.

Please remember due to construction, our building will be closed to all except maintenance employees and administration from June 24th – August 9th.

****Our staff inservice will be August 19th – 21st. I will be sending out a schedule in the next couple of weeks to staff. The board is also invited to attend any event during inservice. More to come....**

Financial Summary

The interim audit of the financial statements will be the week of July 22-25. This portion of the audit is to review the internal controls, which will determine the scope of the audit.

General Fund Resources

- State School Support – Property taxes received in June and July by Lane and Benton Co are considered constructively received for accounting purposes. These monies have yet to be turned over to the district. These dollars are considered part of the SSF formula and are not significant dollars.
- 1510 - Earnings on investments – As shared last month funds in the Local Government Investment Pool (LGIP) are earning 5.2% compared to 1% last year at this time. The district earned \$299,439 this fiscal year, and \$88,276 in the Bond Fund (410)
- 1943 – Charter Fees – The 4th quarter invoice to WLA has not been issued yet. This will be done once all invoices for July have been processed.
- No other changes in revenues

General Fund Expenditures

- No major changes in the expense accounts. We are processing the final payrolls and invoices for the 22-23 fiscal year. We still need to go through the grants and ensure all expenses are coded properly.
- 5200 – Food Service Transfer – The statements have been adjusted to reflect the projected amount required to balance the Food Service Program (299) – Included in the statements are the per meal cost analysis and participation claim report that will be review in the meeting.

Ending Fund Balance - Presently the balance projected is \$6,700,000. The 24-25 Approved Budget includes a \$6,700,000 beginning cash balance.

Special Revenue

- 299 – As shared above, included in the financial statements is an analysis of the food service program and cost per meal.
- No major changes. Krista Nieraeth, Brynn Campbell and Don Staehely will be going through all grants for proper expenditures and documentation.

Debt Service

- No change – the district is projecting an ending balance of \$26,000.

Capital Projects

- Interest has been recorded for the fiscal year. Expenditures reflected in the statements are for window replacements.

Bond 2021 and OSCIM Grant

- No change. Once the HVAC upgrade has been completed, the final OSCIM claim will be submitted to collect the remaining funds in this grant.

Alsea School District Bond Projects Construction Manager's Report

Report Date: 17 July 2024

GENERAL OVERVIEW

Construction continues on the new CTE Building, on-schedule for completion in mid-August.

The Electrical Upgrade work is nearing completion. Power shutdown for switchover is in progress. CPI has completed their work, removing poles and installing the transformer. The power start-up is expected to be completed late next week with final demolition of old panels completed in early August.

HVAC duct installation has been completed in the gym and the new roof top unit has been set. HVAC systems will be operational when the Electrical Upgrade is completed in late July.

Design has started for Seismic Renovation to the gym and adjacent office areas. Design is scheduled for completion in February 2024. We issued an RFP for CM/GC contractor selection by a District committee in August. The contractor will participate in design and construction will be completed next summer. Also, a seismic grant application for the High School classroom wing will be submitted late this year for the next round of grants.

Soderstrom Architects has also begun developing conceptual design options for a new kitchen and cafeteria. We expect to have our first meeting with them in the next couple of weeks.

PROJECT TEAM

ZCS Engineers and Soderstrom Architects were contracted for design on the gym seismic retrofit.

BUDGET

The updated budget summary and details for bond project revenue and expenses are attached. Comments on revenue and expense elements are noted below.

Revenue

The current program budget is \$4.78 million including ESSER funds and the OSCIM grant. Bond interest is being added to the income budget as it's earned and a final projected interest value from the District is reflected in the Current Budget income value.

Alsea School District Bond Program Construction Manager's Report

Expenses

The "Current Budget" column in Expenses shows the projected costs matched to the Revenue budget. All budget elements have been included and there is \$120k remaining in Owner's Contingency for unforeseen costs.

The "Committed Costs" column shows the value of work that has been contracted so far. There were no significant changes in the last month.

The "Paid to-Date" column shows the value of work that has been paid for. So far, \$3.1 million has been spent on completed work. The project management fee from IMS does not include a donated value of \$55k to-date.

SCHEDULE

Todd Construction's work is on-schedule with the primary milestones in their master schedule and they continue to show substantial completion for occupancy in mid-August, with final finishes completed before school starts. Primary construction elements are scheduled as follows:

- Interior finishes – July
- Final finishes and trim – early August
- Substantial completion for move-in – August 18
- Final inspection and punchlist work – late August

CB Construction's electrical contractor has installed the switchgear, coordinated transformer installation with CPI and is currently working on installing new power feeders to prepare for reenergizing the school. CPI has completed their work, removing poles and overhead lines. The electrician will complete their installation of new connections next week. Power will be restored to all areas by the end of July. Then our 3rd party commissioning agent will inspect the installation to verify quality.

CB Construction's HVAC contractor has completed the interior HVAC work and is waiting for power to the equipment next week in order to start-up, test and program the systems. Our 3rd party commissioning agent will continue their inspections in early August.
