3. **Patron Comments:**

The Alsea School Board of Directors values the opinions and input of students, staff, parents, and community members. Although board meetings are held in public, they are not meetings of the public. Please keep your comments to 3 minutes or less. If you intend to speak to the board this evening, you will need to fill out one of the blue comment cards and hand it to the Board Secretary, Lora Nickle. Public comments may also be made via Zoom. If you intend to speak via Zoom, please put your name in the comments so that the board chair can call on you. Before you begin your comments, please state your name and if you are speaking for an organization, please state that organization. For more information about public comments at a board meeting, please see Alsea School District Policy BDDH.

4. **Reports**

a. Superintendent Report

Alsea School District

September 2024 Board Meeting Board Report

Krista Nieraeth, Superintendent and Special Education Director

1. CTE Building

The building is now up and running. We are working out small details, touch ups, getting equipment up and running, and organizing. We will host a grand opening of the CTE building soon to invite our community to come and see the new building and what their money provided for our school district.

2. SIA Grant

There was enough SIA grant left that the district was able to provide funds for Mr. Stevens and Mr. Lynch to purchase materials for projects in classes. Mr. Stevens is purchasing materials for welding and woodworking, and Mr. Lynch is purchasing materials that will allow his digital design class to do t-shirt pressing. Our hope is that we can increase interest in these programs by providing more hands – on learning for our students through engaging projects.

3. ODE Reporting – Integrated Guidance

I am currently working with LBLEDSD to complete the required reporting for Integrated Guidance. Because our school receives CSI (Comprehensive School Improvement) money, the district must submit a School Improvement plan, as well as update our Integrated Guidance plan. These reports must be submitted to ODE by the end of September.

4. Synergy Special Education (SE) Program

The district will be using the Synergy SE program for all special services (SPED and 504) records starting this year. All districts in our region are now using this program, which will allow for seamless service for our shared providers, as well as allow for our current SIS system to be able to access the information for students' teachers. However, transitioning records from our old SE program to this one was quite a task. Many hours were spent uploading and rereading files to ensure that all the information had been transferred correctly. Thank you to Roxy Cessnun and Leslie Boser for their hard work.

5. Facilities / Transportation Update

Mr. Elbers is completing the summer projects that were done throughout the school. He is working with Mr. Stevens to finish up projects in the shop to make it fully usable, he is working with his staff to ensure the surplus district property has been properly disposed or getting prepared for sale, and he is working with Chris and Nancy Giggy to ensure that the HVAC systems are functioning properly.

The Maintenance Department is moving equipment out of the transportation barn into the shop in the old CTE building. Mr. Elbers and staff will be able to use it to store the new mower and tractor, as well as

tools and other equipment. This will help keep the transportation shop organized for the buses and any maintenance that needs to be completed.

Mr. Elbers and Roxie Smallwood are also working on ensuring a seamless transition for this year's transportation department. The district submitted the annual mileage report to ODE and is currently working to ensure that our school bus routes are running smoothly. Right now, we do have a shortage of drivers, which will make running our regular routes and then routes for activities to be a struggle. We have

Starting this school year, the district working with coaches and some staff to obtain their Type 20 license to be able to drive not only the vans, but also the small bus. Any trip or activity that has less than 14 people will take that small bus and will need the coach or chaperone to drive to help mitigate scheduling issues with the low number of drivers. Mr. Elbers and Mrs. Smallwood are working with a trainer to get staff trained this year. All district vehicles have passed their annual inspections and are road ready.

b. K-12 Brick and Mortar Principal Report

Alsea School District

September School Board Report – K-12 B&M School

Krista Nieraeth, Principal

- School has gotten off to a GREAT start. Our theme this year is “PRIDE”, which all staff and students received a “PRIDE” shirt on their first day. Students in the JH/HS all have been assigned lockers, and Mr. Harris has been in both elementary and JH/HS classrooms, reiterating school and behavioral expectations. JH/HS students have received their schedules, and schedule changes have been made to reflect the students’ wants, but also needs for graduation.

- The elementary teachers will be collaborating with the LaHO teachers to discuss teaching strategies around literacy. Mrs. Shunk and Mr. Pearson will be leading this PLC, which will take place monthly. Mrs. Shunk and Mr. Pearson, along with 2 staff members, attended an Anita Archer literacy training in Portland this summer to learn about effective literacy strategies in the classroom. This PLC will be a part of our Early Literacy Plan that we are implementing in our district.
- The K – 6 teachers will attend a training on Sept. 11th on how to effectively use the Ready Math curriculum in their classrooms. The district adopted this curriculum last year and this year, we are implementing it.
- Mr. Stevens attended a CTE/Welding training course at Sutherlin High School this summer, where he was able to collaborate with colleagues and instructors from around the state in learning new welding skills and equipment. He has brought back some new ideas to implement in his classroom!
- Alsea HS is partnering with Central Linn HS to provide a virtual Spanish class 7th period. Right now, we have 8 students in the class, with Mr. Rozborski facilitating and Central Linn’s Ms. Guerrero as the teacher. We are excited to provide our students with that opportunity and am hoping to work with other districts in our region to be able to provide more classes for students.
- Our K – 12 teachers are currently working with our students to complete the fall diagnostic for both math and reading for our students. This data will help the teachers hone in on skills that the students need to work on as a whole, and then be able to individually work with students for remediation or extensions. New this year, for our K – 6 students, we will be testing their Phonics skills to give teachers more information on skills that need to be worked on. Instructional Assistants received training to administer this test. The teachers, when students are done, will use this data to help drive their instruction, as well as help with remediation of skills.
- I’m very proud of all of our staff and students in how we started this school year. We are working towards an environment that is “Be Safe, Be Respectful and Be Responsible” and those are the attributes that we are expecting from staff and students. I’m encouraged to see how excited staff and students are to be back at school and can’t wait to see how the year progresses.

Board Report – 9/11/2024

Alsea Athletics & Student Services

Summary:

The start to this year has been great! Students have come back and picked up where they left off. Some new faces mixed in with the familiar. Students were assigned lockers this year to keep our classrooms safer and provide students with some relief of having to carry their bags everywhere. Finally, a new cell phone policy to provide students and faculty alike with a distraction free learning environment. Although students have complained a bit, most have settled in and embraced the new way of doing things.

Alsea school hosted a football and volleyball jamboree on Saturday, August 31 and the turnout exceeded expectations. I would like to thank everyone that came out and volunteered, helped out, and attended the event. There was a beautiful memorial that started things off, and the atmosphere of love and compassion was amazing. We had 8 football teams and 9 volleyball teams that participated this year.

Middle school football and volleyball have officially started as of the 2nd of September. We have 11-12 students signed up for FB and approximately 20 for VB. These are exciting numbers as our programs continue to grow.

On a personal note, I wanted to say how thankful I am to be back at Alsea school serving in a new role. Thank you to the board and community for all your support and kind words, it really means a lot. I look forward to serving our school and students this year, and please don't hesitate to reach out to me with questions, concerns or comments.

Financial Summary – August 31, 2024

The statements are the initial statements for the 24-25 fiscal year. All authorized positions have been encumbered. However, the payroll benefits will not be accurate until after the September payroll, which will include the insurance pools and any other adjustments.

General Fund Resources

- State School Support – Included in the statements on page 4, is the 24-25 SSF projection based on the current enrollment figures. The projection submitted to the ODE and used for budgeting purposes was 295. The district will not meet this goal. The district will again be a hold harmless district, which means the final 23-24 adm will be used to compute the SSF allocation to the district. The final 23-24 adm will not be available until after December. However, we will get preliminary figures and these will be used to adjust the projected revenue for 24-25 and any adjustments to the final 23-24 SSF amount. Based on the current enrollment, the SSF will be reduced by \$325,611.
- 1510 - Earnings on investments – The earnings rate with the Local Government Investment Pool (LGIP) is still at 5.2%. The district presently is earning \$34,000 per month but this will be declining as the district uses beginning cash to maintain programs.
- All other revenues are projected as the budgeted amount.

General Fund Expenditures

- As shared previously, salary and benefits have been encumbered but the benefit figure will be more accurate after the September payroll.
- As with payroll, the October statements will include most contract and provide a more accurate financial picture.

Special Revenue

- The statement represents the awarded grants and carryover amounts. All federal funds go through September 30, while state funds go through June 30.
- ESSER III – the grant will be finalized by September 30. The remaining funds are being spent on the HVAC upgrade.
- School Improvement Grant – the carryover amount will be finalized by September 30. The funds are designated to salaries/benefits and CTE equipment and supplies.

- The district is working with all the agencies on the budgets and available dollars. As with all other areas, the October financial statements will reflect a more accurate picture.

Debt Service

- The only activity is interest earned on monies at the LGIP. The levy dollars will not be received from the counties starting at the end of October.

Capital Projects

- 400 – Capital Projects - reflects interest received on monies at the LGIP. Expenditures are the replacement of the windows and architectural services for the kitchen.
- 410 - Bond 2021 and OSCIM Grant - No change. Once the HVAC and electrical upgrade has been completed, the final OSCIM claim will be submitted to collect the remaining funds in this grant.
- 430 – Seismic Rehabilitation – represents approved service contracts.

Unemployment Reserve

- The district budgeted \$183,679 to cover quarterly unemployment claims. All salaries are charged a rate, and the funds are transferred into the reserve to cover the claims. Based on the upcoming quarterly claims, the amount transferred will be adjusted.

Alsea School District Bond Projects Construction Manager's Report

Report Date: 5 September 2024

GENERAL OVERVIEW

The CTE Building achieved occupancy on Thursday, August 15, a few days ahead of schedule. Final punchlist items are being completed this Friday. We'll complete the document and financial close-out by the end of this month.

The Electrical Upgrade work has been finished. Our 3rd party commissioning agent will complete their quality inspection by the end of this month.

HVAC Upgrade systems have been completed, but the gym RTU has a leak in the refrigerant coil that was discovered during testing two weeks ago. The coil is on order but is a 6-8 week lead-time item. In the meantime, the gym will not have cooling! The classroom units appear to be working properly and staff are enjoying the air conditioning.

Design continues for the Seismic Retrofit to the gym and adjacent office areas with final document completion due in February 2025. The 50% design documents will be reviewed in late September. At the same time, destructive testing is being done to take masonry samples, concrete wall cores and to open up ceiling structure for investigation by the design team. We plan to complete all testing and patching by the end of September.

A second seismic grant application for the High School classroom wing is in progress and will be submitted late this year for the next round of grants.

Conceptual design for a new kitchen building is continuing with the District, ourselves and Soderstrom Architects. The latest concepts and cost estimate was reviewed during a meeting yesterday.

BUDGET

The updated budget summary and details for both the bond projects and the seismic retrofit project are attached. Comments are noted below along with notes about the kitchen project costs.

Bond Projects

The current program budget is \$4.78 million including ESSER funds and the OSCIM grant. Bond interest is being added to the income budget as it's earned and a final projected interest value from the District is reflected in the Current Budget income value.

Alsea School District Bond Program Construction Manager's Report

The "Current Budget" column in Expenses shows the projected costs matched to the Revenue budget. All budget elements have been included and there is \$86k remaining in Owner's Contingency. We expect less than \$10k of this will be used for final scope additions requested by the District.

The "Committed Costs" column shows the value of work that has been contracted so far. There were no significant changes in the last month.

The "Paid to-Date" column shows the value of work that has been paid for. So far, \$4.3 million has been spent on completed work. The project management fee from IMS does not include a donated value of \$73k to-date.

Seismic Retrofit

The current project budget is \$2.48 million from the seismic grant.

The "Current Budget" column in Expenses shows the projected costs for construction design, management and other associated elements. There is a projected value of \$187k in Owner's Contingency for actual construction costs or unforeseen items.

The "Committed Costs" column shows the value of work that has been contracted so far. The design team is fully contracted as is project management and Geotech. Material testing is being contracted this month.

The "Paid to-Date" column shows the value of work that has been paid for. So far, \$28k has been spent on completed work.

Kitchen Building

Soderstrom Architects was contracted for master planning and conceptual design for a new kitchen and commons building. A not-to-exceed fee of \$12k was authorized for this work. IMS is not charging a management fee until the Board decides to move forward with a full design project.

The architect is projecting a cost of \$2.6 million based on the latest concept reviewed yesterday with the District. We believe this estimate is high since it is based on a cost of \$600 per square-foot with 30% soft costs. We believe a more reasonable conceptual budget would be \$2.0 million to \$2.2 million depending on inflation and how much existing kitchen equipment can be reused.

SCHEDULE

Todd Construction completed the CTE Building requirements for occupancy on Thursday, August 15 which was several days ahead of schedule. We walked the building with the architect that day and created a punchlist of quality issues and missing items. Todd is resolving all these items by this Friday for a final back-punch walk with the architect.

CB Construction's electrical contractor has completed installing new power feeders and all areas of the school were reenergized in early August. Our 3rd party commissioning agent will finish their inspections of the installation to verify quality before the end of September.

Alsea School District Bond Program Construction Manager's Report

CB Construction's HVAC contractor has completed the interior HVAC work and units were started up in late July and early August. A leak was discovered in the gym RTU refrigerant coil during start-up testing in mid-August. The new coil is on order but is 6-8 weeks out before delivery.

PROJECT-SPECIFIC ACTIVITY

CTE Building

The building has been completed and shop equipment move-in started on-schedule the week of August 19.

New Kitchen Building

The latest conceptual design meeting was held on Wednesday, September 4th. The refined concept below was discussed and final adjustments were given to the architect.

COMMUNICATIONS

IMS Monthly Reports are being provided to the School Board. An Open House for the new CTE building is being scheduled for the end of September/early October.

b. Policy IICA - Field Trips and Special Events Discussion

Alsea School District 7J

Code: **IICA**
Adopted: 4/13/16
Revised/Readopted: 5/11/23
Orig. Code(s): IICA

Field Trips and Special Events**

The district recognizes the value of special activities to the total school program. Further, students need to be allowed to participate in and profit from carefully planned learning experiences which fall outside the normal school program/day.

Field trips and other curricular/cocurricular activities involving travel may be authorized by the superintendent or designee when such trips or activities contribute to the achievement of desirable educational/social/cultural goals.

In planning and authorizing such trips, primary consideration will be given to educational values derived, the safety and welfare of students involved, community standards of conduct and behavior on the part of all participants and the selection of appropriate adult supervision, either from within the school staff or from the parent and community volunteer pool.

Written parental permission must be obtained for each trip. The signed form showing parental approval and acknowledgment of student conduct guidelines will be maintained on file for a period of one year.

The administration will develop rules to ensure both students and adult supervisors are acquainted with the standards for conduct while representing the district. Such rules will reinforce district policy in areas such as alcohol, tobacco and unlawful drug use, procedure to be used in cases of illness or accident, and methods for communicating with administrators/parents in discipline and emergency situations.

All out-of-state travel must have prior Board approval. Such approval is predicated on an acceptable plan for travel arrangements, parental involvement, orientation of students and supervisors and support of the appropriate administrator(s).

The following practices must be followed:

Please submit this completed form to the office the day before your planned trip.

- ☐ I have submitted the **Field Trip Application Form** to the administrator at least **14 calendar days before the date of the trip.**
- ☐ I have provided the office with a copy of the classroom permission slip at least **14 calendar days before the date of the trip.**
- ☐ I have confirmed the mode of transportation, the day and the time with the transportation department (Keenan) at least **14 calendar days before the date of the trip.**
- ☐ I have ordered sack lunches from the cafeteria at least **14 calendar days in advance** and have confirmed the quantity of lunches the day prior to the trip, if needed.
- ☐ I have met with the **administrator at least 7 calendar days before the date of the trip** to confirm that all parents and non – school staff who are riding the school district bus or attending a field trip as chaperones have passed the background check.
- ☐ I have put my absence into Frontline at least **7 calendar days** in advance of the field trip if I need a sub.
- ☐ I have made arrangements and told the office manager at least **3 days** in advance for all students who are not attending the field trip.
- ☐ I have arranged schedules for other affected staff members, including mid-day duties, if I need Instructional Assistant support for the trip and have submitted the plan in writing to the office manager at least **3 days before the field trip.**
- ☐ I have sent permission slips home for parent/guardian signature and have received all permission slips from parent/guardians at least **3 days before the trip.**
- ☐ I have given the office permission slips with parent/guardian signature **the day before the field trip.**
- ☐ I have a cell phone (# _____) and/or have a contact number for the destination (_____).
- ☐ I know if any child needs to take meds, have arranged for a trained staff member or the parent to dispense them, and have picked up the meds from the office.

**Alsea School District 7J
Board Recommendation Form**

To: The Board of Directors of Alsea School District
Prepared By: Krista Nieraeth, Superintendent
Date: 9/11/24

Background: The School Board of Directors adopted the current District Academic calendar at its February 2024 meeting. At that time, the AEA CBA stated that the licensed staff was only obligated to work 2 evening school conferences during the year. The schedule indicated that there would be 2 evening school conferences, and then 2 Friday conference days. The new AEA CBA was ratified to change the 2 evening school conferences to 4 evening school conferences. The proposed calendar indicates that change.

The full school staff was supposed to be trained in ALICE training, which is a Violent Incident Safety training during in-service on August 21st. However, our community was struck with news on that day, and I decided to postpone the training to allow staff time to process and grieve. This staff, however, still needs to be trained in this protocol. I am asking the board to approve an early release at 12:35pm for all students, both brick and mortar and LaHO, for the Violent Incident Safety training for the brick and mortar staff and for staff PD for LaHO.

Action Requested: To approve the updated District Academic calendar as presented.

Motion Requested: "I make a motion to approve the updated District Academic calendar as presented."
