## Financial Summary – June 30, 2025

The financial statements – All payrolls have been processed and invoices paid for the fiscal year ending June 30, 2024. The initial audit on internal controls and testing entries has been completed and the final audit work will be performed in October.

### General Fund Resources

- State School Support – All payments have been received. The final adjustments for 24-25 will not be known until April of 2026. Included in the statements is an estimate using final student enrollment numbers (schedule included), revenues received and transportation costs. Based on current figures, it is estimated that the district will receive approximately \$49K in May 2026. However, during the audit, there were discrepancies in the teacher experience numbers. We are working with the ODE to determine if there will be any changes.
- Property taxes – All property taxes have been received through July 30. The only payment remaining are those dollars paid to the accessor in July and turned over to the district in August. These will be very minimal. As shared last month, the modified accrual accounting requires property taxes received by the county through July of the subsequent month to be recorded as revenue in the prior year.
- 1510 - Earnings on investments – For your information, the funds received in July and recorded in FY 25-26 were still approximately \$31K, with the interest rate, 4.60%.
- 1960 – In balancing all payroll liabilities at year end, \$22,224 has been carried over from prior years for workers compensation. In working with the auditor, we are zeroing out the liability account and recording the offset to the income account – recovery of prior year expenditures.
- No changes in the other revenues.

### General Fund Expenditures

- Ending Cash Balance – The unaudited ending cash balance is project at \$6.44 million. \$6.7 million was used as the beginning cash balance for the 25-26 proposed budget. The difference, as shared last month, is due to the SSF loss.

## Special Revenue

- All claims have been made for funds spent year to date.
- Federal grants (IDEA and Title) go through September 30. The available funds have been approved to be expended through the 25-26 fiscal year.
- Pre-Employment Transition Program – the grant goes through September 30. Students are being paid for summer work. Once we determine the final expenditure amount and the funds required to cover these costs, expenditures in 24-25 will be reclassified from the General Fund to this grant to close it out.

## Food Service Program

- Included are the student participation, financial statements and per meal breakdown for the 24-25 fiscal year. The attached statement reflects the participation by month, with the annual participation at 65.9% for the breakfast program; 66.0%, lunch program.
- The projected transfer from the General Fund will be approximately \$54,882. The 4<sup>th</sup> quarter Community Eligibility Provision Incentive (CEPI) will not be received until September, at which time the actual transfer amount required will be determined. The estimated CEPI payment is \$1,774. The average cost per meal is \$5.88 while reimbursement is \$4.26, or a transfer from the General Fund of \$1.62 per meal.

## Debt Service

- No change in the Debt Service, with the projected fund balance ending, is estimated at approximately \$34,500.

## Capital Projects

- 400 – Capital Projects - reflects interest received on monies at the LGIP. Expenditures are the replacement of the windows, architectural services for the kitchen, and the upgrade to the fire alarm system. As of June 30, the balance that will be reflected in the audit will be \$376K. The actual balance available when including the 25-26 fiscal year encumbrances is approximately \$217,000.
- 410 - Bond 2021 and OSCIM Grant –As with Fund 400, the balance on June 30 that will be reflected in the audit is approximately \$51,000. All these funds will be expended in July and August.

- 430 – Seismic Rehabilitation – The balance on June 30 that will be reflected in the audit is approximately \$532,0000. The actual available balance in the FY25-26 as of July 31 after all agreements have been encumbered, the balance is approximately \$50,000.

#### Internal Service Funds

#### Unemployment Reserve

- As shared last month, The reserve will have sufficient funds to cover claims during the 25-26 fiscal year. No payroll costs will be charged during the 25-26 fiscal year for this cost. Most classified 10-month employees have filed for unemployment for the summer break period. The 1<sup>st</sup> quarter billing will provide a good figure to estimate future unemployment requirements.

#### PERS Reserve

- No change compared to last month.

c. Board Operating Agreement and Superintendent Governance

# Leadership Operating Agreement

The Board of Directors is the educational policymaking body for Alsea School District. To effectively meet the system's challenges, the School Board, its members, and the Superintendent must function together as a leadership team. To ensure unity among team members, effective group agreements must be in place. The following are the group agreements for the Board and Superintendent.

## How We Communicate

1. Respectful and timely communication is the norm between the superintendent and the board. The leadership team works together to have a united voice when addressing the community and advocating for families.
2. Effective and transparent collaboration between the superintendent and all board members is fostered, encouraging open dialogue, and creativity.
3. The leadership team handles interpersonal issues privately and constructively. Board members refer operational issues to the superintendent. The board is kept apprised of district operations through regular update emails and phone calls or text messages for emergencies.

**Commented [RF1]:** What does the superintendent want this to look like?

## How We Meet

4. The board concentrates on the governance role, stewarding the district vision and goals, and tracking district progress while leaving district operations to the superintendent.
5. The board prioritizes discussions and actions that focus on the needs, well-being, and achievement of students, avoiding small talk and personal agendas. All board actions and policies align with the goal of enhancing student learning and success.
6. Meetings are punctual, student-focused, efficient, and effective. The board consistently sticks to the business at hand and members arrive prepared, having read the information well ahead of time.
7. Board members exhibit, expect, and ensure respectful behavior, maintaining a courteous atmosphere during discussions, taking turns during discussions, and promoting equal participation and fairness.
8. Board members appreciate the input of the superintendent and staff. The board actively cultivates trust with staff through enthusiastic engagement, demonstrating authentic interest, and ensuring educators are heard and supported.

## Expectations of the School Board

9. The board establishes and stewards the vision of what is possible for Alsea students and sets audacious goals for success that are aligned with the needs of children, families, and the community.
10. Work as a leadership team with the superintendent, praising in public and addressing concerns in private. Act as a think tank for the superintendent, asking hard questions and working collaboratively.
11. Recognize and trust the superintendent as the board's sole employee, and the instructional and operational leader of the district, delegating the management of all district staff to them.
12. Set clear expectations for district and student performance, monitor district progress using data, and operationalize the board's governance through the development of district policies.
13. In collaboration with the superintendent and district staff, set priorities for the district and allocate adequate resources to meet the needs of every student.
14. During board meetings, members may propose topics for future agenda items. These suggestions will be considered for inclusion based on board consensus, ensuring that all voices are heard and that the superintendent's time and resources are aligned with the priorities of the majority.

## Expectations of Board Officers

14. Keep the board organized and structured, ensuring meetings are focused on students by creating timely and effective meeting agendas.
15. Facilitate discussions of the board gracefully, always focusing on the best interests of the students, staff, and the community.
16. Prioritize consistency in communication and actions to avoid surprises within the board. Remind the board of important tasks and events to ensure they stay on track and meet their responsibilities consistently.
17. Model clear and unbiased communication while also expecting it from fellow board members. Manage interpersonal problems within the board, addressing them as needed, outside of board business.

## Expectations of the Superintendent

18. Lead the school district and operationalize the district's vision. Implement district goals and prioritize children's needs, always putting children first.
19. Provide complete but concise communication with the board, keeping them informed and advising them on important matters, ensuring there are no surprises. Provide oversight of district

operations, ensuring compliance with education law and policies.

20. Foster collaboration by seeking input from the board, bouncing ideas off them, and asking questions of colleagues.

## Staff Ethics

### I. Prohibited Use of Official Position for Financial Gain

No district employee will attempt to use their district position to obtain financial gain or avoidance of financial detriment for themselves, relatives, members of household or for any business with which the employee, a household member or relative is associated, if the financial gain or avoidance of financial detriment would not otherwise be available but for the district employee's employment with the district.

This prohibition does not apply to any part of an official compensation package as approved by the Board, honorarium, reimbursement of expenses, or unsolicited awards of professional achievement. Further, this prohibition does not apply to gifts from one without a legislative or administrative interest. Nor does it apply if the gift is under the \$50 gift limit for one who has a legislative or administrative interest in any matter subject to the decision or vote of the district employee.

The employee may receive district or school logo apparel as part of the employee's official compensation package.

In some instances, staff licenses or certifications are paid for by the district (i.e. CDL, Type 10/Type 20 license, food handler's license, teaching or substitute license, administrative license, business or contractor's license, coaching certifications). Staff members are authorized to use these licenses and certifications outside of their district work contract to their financial benefit.

District employees will not engage in, or have a personal financial interest in, any activity that raises a reasonable question regarding the use of their official position in regard to their duties and responsibilities as district employees. This would also apply to any personal financial benefit for the district employee's relative or member of household of the employee, or any business with which the district employee or a relative or member of the household of the district employee is associated.

This means that:

1. Employees, relatives or members of the district employee's household will not use the employee's position to obtain financial gain or avoidance of financial detriment from students, parents or staff;
2. Any device, publication or any other item developed during the employee's paid time shall be district property;
3. Employees will not further personal gain through the use of confidential information gained in the course of or by reason of position or activities in any way;
4. No district employee may serve as a Board or budget committee member in the district;

5. An employee will not perform any duties related to an outside job during r regular working hours or during the additional time that they need to fulfill the position's responsibilities; nor will an employee use any district facilities, equipment or materials in performing outside work;

6. If an employee authorizes a public contract, the employee may not have a direct beneficial financial interest in that public contract for two years after the date the contract was authorized.

If a district employee has a potential or actual conflict of interest, the district employee must notify their supervisor in writing of the nature of the conflict and request that the supervisor dispose of the matter giving rise to the conflict. This must be done on each occasion the district employee is met with a conflict of interest.

“Potential conflict of interest” means any action or any decision or recommendation by a district employee that could result in a financial benefit or detriment for self or relatives or for any business with which the district employee or relatives are associated, unless otherwise provided by law.

“Actual conflict of interest” means any action or any decision or recommendation by a district employee that would result in a financial benefit or detriment for self or relatives or for any business with which the district employee or relatives are associated, unless otherwise provided by law.

In order to avoid violation of nepotism provisions and district policy, district employees must abide by the following when an employee’s relative or member of the household of the district employee, is seeking and/or holds a position with the district:

1. A district employee may not appoint, employ, promote, discharge, fire, or demote or advocate for such an employment decision for a relative or a member of the household, unless the employee complies with the conflict of interest requirements of Oregon Revised Statute (ORS) Chapter 244. This rule does not apply to employment decisions regarding unpaid volunteer position, unless it is a Board-related position;
2. A district employee may not participate as a public official in any interview, discussion, or debate regarding the appointment, employment, promotion, discharge, firing, or demotion of a relative or a member of the household. An employee may still serve as a reference, provide a recommendation, or perform other acts that are part of the normal job functions of the employee;
3. More than one member of an employee’s family may be hired as a regular district employee. In accordance with Oregon law, however, the district may refuse to hire individuals, or may transfer current employees, in situations where an appointment would place one family member in a position of exercising supervisory, appointment or grievance adjustment authority over another member of the same family.

“Member *of* household” means any person who resides with the employee.

4. “Relative” means: the spouse<sup>1</sup>, parent, step-parent, child, sibling, step-sibling, son-in-law or daughter-in-law of the employee; or the parent, step-parent, child, sibling, step-sibling, son-in-law or daughter-in-law of the spouse of the employee. Relative also includes any individual for whom the employee has a legal support obligation, whose employment provides benefits<sup>2</sup> to the employee, or who receives any benefit from the employee’s public employment.

---

<sup>1</sup> The term spouse includes domestic partner.

<sup>2</sup> Examples of benefits may include, but not be limited to, elements of an official compensation package including benefits such as insurance, tuition or retirement allotments.

## II. Gifts

District employees must comply with the following rules involving gifts:

Employees are public officials and therefore will not solicit or accept a gift or gifts with an aggregate value in excess of \$50 from any single source in a calendar year that has a legislative or administrative interest in any matter subject to the decision or vote of the district employee. All gift -related provisions apply to the employee, their relatives, and members of their household. The \$50 gift limit applies separately to the employee, and to the employee's relatives or members of household, meaning that the employee and each member of their household and relative can accept up to \$50 each from the same source/gift giver. A gift may be received by the district employee from, but not limited to, another district employee, a student or parent of a student or a vendor within the \$50 gift limit. Except for exclusions in ORS 244.040(2), an item received by an employee from the district is prohibited.

1. "Gift" means something of economic value given to an employee without valuable consideration of equivalent value, which is not extended to others who are not public officials on the same terms and conditions.
  - a. "Relative" means: the spouse<sup>3</sup>, parent, step-parent, child, sibling, step-sibling, son-in-law or daughter-in-law of the employee; or the parent, step-parent, child, sibling, step-sibling, son-in-law or daughter-in-law of the spouse of the employee. Relative also includes any individual for whom the employee has a legal support obligation, whose employment provides benefits<sup>4</sup> to the employee, or who receives any benefit from the employee's public employment.
2. "Member of the household" means any person who resides with the employee.

### Determining the Source of Gifts

Employees, the employee's relatives or members of the employee's household should not accept gifts in any amount without obtaining information from the gift giver as to who is the source of the gift. It is the employee's personal responsibility to ensure that no single source provides gifts exceeding an aggregate value of \$50 in a calendar year, if the source has a legislative or administrative interest in any matter subject to the decision or vote of the district employee. If the giver does not have a legislative or administrative interest, the \$50 limit does not apply and the employee need not keep track of it, although they are advised to do so anyway in case of a later dispute.

### Determining Legislative and Administrative Interest

A "legislative or administrative interest" means an economic interest, distinct from that of the general public, in any action subject to the official decision of an employee.

A "decision" means an act that commits the district to a particular course of action within the employee's scope of authority and that is connected to the source of the gift's economic interest. A decision is not a recommendation or work performed in an advisory capacity. If a supervisor delegates the decision to a

---

<sup>3</sup> Ibid. p. 2

<sup>4</sup> Ibid. p. 3

subordinate but retains responsibility as the final decision maker, both the subordinate and supervisor's actions would be considered a decision.

### **Determining the Value of Gifts**

The fair market value of the merchandise, goods, or services received will be used to determine benefit or value.

“Fair market value” is the dollar amount goods or services would bring if offered for sale by a person who desired, but was not obligated, to sell and purchased by one who is willing, but not obligated, to buy. Any portion of the price that was donated to charity, however, does not count toward the fair market value of the gift if the employee does not claim the charitable contribution on personal tax returns. Below are acceptable ways to calculate the fair market value of a gift:

1. In calculating the per person cost at receptions or meals the payor of the employee's admission or meal will include all costs other than any amount donated to a charity.

For example, a person with a legislative or administrative interest buys a table for a charitable dinner at \$100 per person. If the cost of the meal was \$25 and the amount donated to charity was \$75, the benefit conferred on the employee is \$25. This example requires that the employee does not claim the charitable contribution on personal tax returns.

2. For receptions and meals with multiple attendees, but with no price established to attend, the source of the employee's meal or reception will use reasonable methods to determine the per person value or benefit conferred. The following examples are deemed reasonable methods of calculating value or benefit conferred:
  - a. The source divides the amount spent on food, beverage and other costs (other than charitable contributions) by the number of persons whom the payor reasonably expects to attend the reception or dinner;
  - b. The source divides the amount spent on food, beverage and other costs (other than charitable contributions) by the number of persons who actually attend the reception or dinner; or
  - c. The source calculates the actual amount spent on the employee.
3. Upon request by the employee, the source will give notice of the value of the merchandise, goods, or services received.
4. Attendance at receptions where the food or beverage is provided as an incidental part of the reception is permitted without regard to the fair market value of the food and beverage provided.

### **Value of Unsolicited Tokens or Awards: Resale Value**

Employees may accept unsolicited tokens or awards that are engraved or are otherwise personalized items. Such items are deemed to have a resale value under \$25 (even if the personalized item cost the source more than \$50), unless the personalized item is made from gold or some other valuable material that would have value over \$25 as a raw material.

## Entertainment

Employees may not solicit or accept any gifts of entertainment over \$50 in value from any single source in a calendar year that has a legislative or administrative interest in any matter subject to the decision of the employee unless:

1. The entertainment is incidental to the main purpose of another event (i.e., a band playing at a reception). Entertainment that involves personal participation is not incidental to another event (such as a golf tournament at a conference); or
2. The employee is acting in their official capacity for a ceremonial purpose.

Entertainment is ceremonial when an employee appears at an entertainment event for a “ceremonial purpose” at the invitation of the source of the entertainment who requests the presence of the employee at a special occasion associated with the entertainment. Examples of an appearance by an employee at an entertainment event for a ceremonial purpose include: throwing the first pitch at a baseball game, appearing in a parade and ribbon cutting for an opening ceremony.

## Exceptions

The following are exceptions to the ethics rules on gifts that apply to employees:

1. Gifts from relatives and members of the household to the employee are permitted in an unlimited amount; they are not considered gifts under the ethics rules;
2. Informational or program material, publications, or subscriptions related to the recipient’s performance of official duties;
3. Food, lodging, and travel generally count toward the \$50 aggregate amount per year from a single source with a legislative or administrative interest, with the following exceptions.
  - a. Organized Planned Events. Employees are permitted to accept payment for travel conducted in the employee’s official capacity, for certain limited purposes:
    - (1) Reasonable expenses (i.e., food, lodging, travel, fees) for attendance at a convention, fact-finding mission or trip, or other meeting do not count toward the \$50 aggregate amount IF:
      - (a) The employee is scheduled to deliver a speech, make a presentation, participate on a panel, or represent the district; AND
      - (i) The giver is a unit of a:
        - 1) Federal, state, or local government;
        - 2) An Oregon or federally recognized Native American Tribe; OR
        - 3) Nonprofit corporation.
      - (b) The employee is representing the district:
        - (i) On an officially sanctioned trade-promotion or fact-finding mission; OR

(ii) Officially designated negotiations or economic development activities where receipt of the expenses is approved in advance by the superintendent.

(2) The purpose of the exception in a. above is to allow employees to attend organized, planned events and engage with the members of organizations by speaking or answering questions, participating in panel discussions or otherwise formally discussing matters in their official capacity. This exception to the gift definition does not authorize private meals where the participants engage in discussion.

4. Food or beverage, consumed at a reception, meal, or meeting IF held by an organization and IF the employee is representing the district.

“Reception” means a social gathering. Receptions are often held for the purpose of extending a ceremonial or formal welcome and may include private or public meetings during which guests are honored or welcomed. Food and beverages are often provided, but not as a plated, sit-down meal;

5. Food or beverage consumed by employee acting in an official capacity in the course of financial transactions between the public body and another entity described in ORS 244.020(7)(b)(I)(i);

6. Waiver or discount of registration expenses or materials provided to employee at a continuing education event that the employee may attend to satisfy a professional licensing requirement;

7. An item received by the employee as part of the usual or customary practice of the employee’s private business, employment or position as a volunteer that bears no relationship to the employee’s district employment;

8. Reasonable expenses paid to employee for accompanying students on an educational trip.

### **Honoraria**

An employee may not solicit or receive, whether directly or indirectly, honoraria for the employee or any relative or member of the household of the employee if the honoraria are solicited or received in connection with the official duties of the employee.

The honoraria rules do not prohibit the solicitation or receipt of an honorarium or a certificate, plaque, commemorative token, or other item with a value of \$50 or less; or the solicitation or receipt of an honorarium for services performed in relation to the private profession, occupation, avocation, or expertise of the employee.

# Alsea School District 7J

Code: GBC-AR  
Revised/Reviewed: 5/13/21; 2/09/23  
Orig. Code(s): GBC-AR

## Staff Ethics

District employees are allowed financial benefits as identified in Oregon Revised Statute (ORS) 244.040(2), such as their official compensation package, reimbursed expenses, limited honoraria and unsolicited awards for professional achievement. District employees are prohibited from using or attempting to use their district position to obtain a financial gain or to avoid a financial detriment for the district employee, a relative or member of the household of the employee, or any business with which the employee or a relative or member of the household of the employee is associated, if the opportunity for financial gain or avoidance of a financial detriment would not otherwise be available but for the employee's position with the district. Specifically, this means that:

1. Employees will not use district equipment for personal use, unless it is available to a significant segment of the general public. This includes, but is not limited to, the personal use of the district's:
  - a. Fax machine<sup>1</sup>;
  - b. Phones to make long distance personal calls;
  - c. District vehicles;
  - d. Professional technology equipment (e.g., wood shop, automotive shop, CAD); and
  - e. Athletic facilities (e.g., pool or weight room).

Further, the district's supplies, facilities, equipment, employees, records or any other public resources are not to be used to engage in private business interests. For example, the district's computer cannot be used to sell products on an auction website during school hours.

2. When employees are traveling on official district business, any gift given because of this travel must be either declined or passed on to the district for use for future district travel. For example, if the hotel where the employee is staying gives the employee a free night's stay on a future visit, this must be declined or given back to the district for future district travel. The frequent flyer miles earned when traveling on official district business can only be used for district travel. If the employee's spouse is traveling with the employee, the employee is responsible for all additional charges (i.e., additional room charge).
3. Employees may not use personal credit cards for district travel or other district business and receive incentives such as cash reimbursements, frequent flyer miles and other benefits based upon the dollar amount of purchases made.
4. Employees may not use discounts offered by private companies for the employee's personal benefit if the discount is only offered because of the employee's official position. For example, an office supplies store provides all teachers a 10 percent discount. Because the teachers are receiving this discount only because of their official position, they cannot use the discount to purchase personal items. Teachers may use the discount to purchase items for district use. Employees can also accept

---

<sup>1</sup> The district could establish a fee schedule that would allow only district employees to pay for the personal use of the district fax machines. If the district established a fee schedule for the use of fax machines the fee schedule must be equal to or exceed the prevailing rates offered at commercial businesses.

the discount if it is also available to a substantial segment of the population who are not public officials.

5. Employees may accept free passes to district extracurricular events if they are attending these events in their official capacity (i.e., chaperoning, ticket sales or managing concession sales). In order to promote employee participation in extracurricular activities, the district may include free passes in employees' official compensation packages or employees may be reimbursed by the district for the cost of admission.
6. The employee's district position is not to be used to take official action that could have a financial impact on a private business with which, the employee, a relative or member of the employee's household are associated. For example, if the employee's sibling owns a pest-control business which is seeking a contract with the district, and the employee is part of the decision-making process, the employee must declare an actual conflict of interest in writing, describing the nature of the employee's conflict, and provide this to the employee's supervisor.
7. Confidential information gained as a district employee is not to be used to obtain a financial benefit for the employee, a relative or member of the employee's household or a business with which any are associated. For example, the employee should not use the information that a student in class is falling behind in math to provide the parents a referral to the employee's sister's tutoring business.
8. District employees who mentor student teachers may not receive direct payments from sponsoring colleges or universities. The payment may be provided by the college or university to the district, which can then distribute the compensation to the teachers as an element of their official compensation package.
9. District employees must follow Oregon Government Ethics Commission guidelines for outside employment if the employee acts as a chaperone for student group trips on personal time and the district employee accepts compensation in the form of travel expenses from a private business or organization. Specifically, district employees must conduct all activities related to the trip on personal time and cannot use the classroom or school environment to plan the off-campus trip. Employees may use district facilities for this purpose only if they comply with the district's public use of facilities policy. It is not an ethics violation for the employee to accept reasonable expenses for accompanying students on an education trip.

These restrictions do not apply if the teacher is chaperoning students on a fact-finding mission that is officially sanctioned by the Board.

A “personal electronic device” is a device that is capable of electronically communicating, sending, receiving, storing, recording, reproducing and/or displaying information and data.

“Independent communication” means communication that does not require assistance or interpretation by an individual who is not part of the communication but that may require the use or assistance of an electronic device.

**Personal electronic devices shall be turned off and securely stored during instructional class time or at any other time where such use of the device would cause a disruption of school activities and the student learning process. The district will not be liable for personal electronic devices brought to district property and district-sponsored activities.

A referral to law enforcement officials may also be made. Personal electronic devices brought to district property or used in violation of this policy are subject to confiscation and will be released to the student's parent or property owner, as appropriate.

The superintendent shall ensure that the Board's policy and any subsequent school rules developed by building administrators are reviewed and approved in advance to ensure consistency with this policy and that pertinent provisions of policy and school rules are communicated to staff, students and parents through building handbooks and other means.

All students, staff members and other persons are entitled to learn and work in an environment that is free of harassment. All staff members, students and third parties are subject to this policy. ### General Procedures

When information, a report or complaint regarding sexual harassment is received by the district, the district will review such information, report or complaint to determine which law applies and will follow the appropriate procedures. When the alleged conduct could meet both of the definitions in ORS Chapter 342 and Title IX, both complaint procedures should be processed simultaneously (*see* GBN/JBA-AR(1) - Sexual Harassment Complaint Procedure and GBN/JBA-AR(2) - Federal Law (Title IX) Sexual Harassment Complaint Procedure). 2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the district’s education program or activity<sup>5</sup>;
3. “Sexual assault”: an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation;
4. “Dating violence”: violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim and where the existence of such a relationship shall be determined based on a consideration of the length of the relationship, the type of relationship and the frequency of interaction between the persons involved in the relationship;

<sup>5</sup> “Education program or activity” includes locations, events, or circumstances over which the recipient exercised substantial control over both the respondent and the context in which the sexual harassment occurs.” (Title 34 C.F.R. § 106.44(a))

6. “Stalking”: engaging in a course of conduct directed at a specific person that would cause a reasonable person fear for the person’s own safety or the safety of others, or suffer substantial emotional distress.

This definition only applies to sex discrimination occurring against a person who is a subject of this policy in the United States. A district’s treatment of a complainant or a respondent in response to a formal complaint of sexual harassment may constitute discrimination on the basis of sex under Title IX.

## **Federal Procedures**

The district will adopt and publish grievance procedures that provide for the prompt and equitable resolution of the student and employee complaints alleging any action that would be prohibited by this policy. *See* GBN/JBA-AR(2) - Federal Law (Title IX) Sexual Harassment Complaint Procedure.

## **Reporting**

Any person may report sexual harassment. This report may be made in person, by mail, by telephone, or by electronic mail, or by any other means that results in the Title IX Coordinator receiving the person’s verbal or written report. The report can be made at any time.

The HS Principal is designated as the Title IX Coordinator and can be contacted at 541-487-4305. The Title IX Coordinator will coordinate the district’s efforts to comply with its responsibilities related to this policy. The district prominently will display the contact information for the Title IX Coordinator on the district website and in each handbook.

## **Response**

The district will promptly respond to information, allegations or reports of sexual harassment when there is actual knowledge of such harassment, even if a formal complaint has not been filed.<sup>6</sup> The district shall treat complainants and respondents equitably by providing supportive measures<sup>7</sup> to the complainant and by following a grievance procedure<sup>8</sup> prior to imposing any disciplinary sanctions or other actions that are not supportive measures against a respondent. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

The Title IX Coordinator must promptly contact the complainant to discuss the availability of supportive measures, consider the complainant’s wishes, with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint.<sup>9</sup>

---

<sup>6</sup> (Title 34 C.F.R. §106.44(a)) Response cannot be deliberately indifferent. A recipient is deliberately indifferent only if its response to sexual harassment is clearly unreasonable in light of the known circumstances.

<sup>7</sup> (Title 34 C.F.R. § 106.44(a)) Supportive measures means non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to the recipient’s education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the district’s educational environment, or deter sexual harassment.<sup>7</sup> The district must maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of the recipient to provide supportive measures. (Title 34 C.F.R. § 99.30(a))

<sup>8</sup> This grievance procedure must meet the requirements of Title 34 C.F.R. § 106.45 (included in accompanying administrative regulation, *see* GBN/JBA-AR(2) - Federal Law (Title IX) Sexual Harassment Complaint Procedure).

<sup>9</sup> The Title IX Coordinator may also discuss that the Title IX Coordinator has the ability to file a formal complaint.

If after an individualized safety and risk analysis, it is determined that there is an immediate threat to the physical health or safety of any person, an emergency removal of the respondent can take place.<sup>10</sup> The district must provide the respondent with notice and an opportunity to challenge the decision immediately following the removal. A non-student employee may also be placed on non-disciplinary administrative leave pending the grievance process.

### **Notice**

The district shall provide notice to all applicants for admission and employment, students, parents or legal guardians, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the district of the following:

1. The name or title, office address, electronic mail address, and telephone number of the Title IX Coordinator(s);
2. That the district does not discriminate on the basis of sex in the education program or activity that it operates, as required by Title IX. This includes admissions and employment; and
3. The grievance procedure and process, how to file a formal complaint of sex discrimination or sexual harassment, and how the district will respond.

Inquiries about the application to Title IX and its requirements may be referred to the Title IX Coordinator or the Assistant Secretary<sup>11</sup>, or both.

### **No Retaliation**

Neither the district or any person may retaliate<sup>12</sup> against an individual for reporting, testifying, providing evidence, being a complainant, otherwise participating or refusing to participate in any investigation or process in accordance with this procedure. The district must keep confidential the identity of parties and participating persons, except as disclosure is allowed under Family Educational Rights and Privacy Act (FERPA), as required by law, or to carry out the proceedings herein. Complaints of retaliation may be filed using these procedures.

Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding does not constitute retaliation.

### **Publication**

This policy shall be made available to students, parents of students and staff members. This policy and contact information for the Title IX Coordinator shall be prominently published in the school student handbook and on the district website. This policy shall also be made available at each school office and at the district office. The district shall post this policy on a sign in all grade 6 through 12 schools, on a sign that is at least 8.5 inches by 11 inches in size.
