ST. ANTHONY - NEW BRIGHTON SCHOOLS | WE ARE EVER BRIGHTER

Investments for the Future

- 
Increase funding on the general education formula and remove/raise cap on inflation.
- 
 Referendum equalization between districts and between state and local is uneven and inequitable. **All education funding should be equalized to ensure comparable taxpayer effort.**
- 
 American Indian Funding - **remove the minimum number of students to receive aid to close the unfunded mandate gap.**
- 
Expand use for Long-Term Facilities Maintenance.

SANB is committed to the success of all learners. We will engage, inspire and support each learner through innovation and collaboration. Support from our state legislature is critical in realizing this vision.

Neither ISD 282, nor its neighbor districts shown in the graph to the right receive state aid under the current operating levy equalization formula

Policy Improvements

Allow school boards authority to transform and innovate our high schools for the future by **providing flexibility in how schools define “instructional hours.”**

Eliminate state statute requiring three day notice for remote school board meeting access

Allow school boards to **publish school board meeting minutes on the official district website** to reduce expenses.

Allow students to **take milk for lunch without charging for a full meal.**

Success Metrics

What success looks like at St. Anthony-New Brighton Schools

St. Anthony-New Brighton defines success as a student who has acquired both the *academic skills* and *life skills* to *positively contribute to society*. They have a *love for learning* and are able to meet the *social-emotional needs* of themselves and others. A successful student becomes a *thriving citizen*.

Student Wellness	Academic Skills & Love of Learning	Positive Contributor & Thriving Citizen

2025

Keeping Students at the Center

Public education is foundational to Minnesota's future prosperity.

Our ability to compete in the global economy is directly tied to our success in closing the significant racial and socioeconomic disparities in our educational outcomes. All students, and all Minnesotans, will benefit when each and every student has access to an equitable and excellent education.

The AMSD Board of Directors has identified the following priorities to help stabilize school budgets and create more equitable academic opportunities for all students.

ABOUT AMSD

The Association of Metropolitan School Districts represents 47 K-12 school districts and six intermediate / cooperative districts. AMSD member school districts enroll more than one-half of all public school students in Minnesota, with the mission to lead the transformation of public education.

AMSD stands ready to assist state policymakers by providing current research and data to help them make informed decisions.

Association of Metropolitan School Districts

FUNDING PRIORITIES

A stable and equitable system must provide the resources necessary to meet state mandates and recognize real inflationary cost pressures. AMSD member school districts are facing major budget shortfalls in the wake of rising costs and expansive new requirements and expectations for our schools.

To help stabilize school budgets and mitigate significant staff layoffs, the Governor and Legislature should:

- Increase the formula allowance by 3 percent over current law for FY26 and FY27;
- Increase Local Optional Revenue from \$724 to \$974 per pupil to recover ground lost to inflation since the program was established in 2014 and link it to the formula;
- Provide funding to cover the state mandated costs of the Minnesota Unemployment Insurance and Paid Leave programs;
- Provide additional funding for teacher training and curriculum to ensure a successful implementation of the Read Act;
- Stabilize the compensatory funding formula by including additional criteria to identify families and students eligible for compensatory services;
- Increase the allowance for the Extended Time program so school districts can extend the school day, week and/or year to help all students succeed;
- Reduce the cross-subsidies in the special education and English learner programs;
- Strengthen programs such as the Grow Your Own and teacher apprenticeship programs to recruit and retain teachers of color and teachers in shortage areas, and maintain and expand pathways to teacher licensure; and
- Increase equalization of the operating referendum, local optional, and debt service levies in the omnibus tax bill to reduce taxpayer and education funding disparities.

Association of Metropolitan School Districts

ENHANCE STUDENT-CENTERED LEARNING

State policymakers should expand student-centered learning opportunities to allow school districts to create meaningful and personalized experiences that prepare students for future success. Specifically, the Governor and Legislature should:

- Broaden the definition of hours of instruction to allow students to earn credit for learning wherever it occurs;
- Create a legislative working group to study existing barriers to student-centered learning and craft recommendations for improvement;
- Replace the high school MCA exams with a nationally recognized college entrance exam; and
- Direct the Minnesota Department of Education to appoint a working group to build on the Future Assessment Design Working Group recommendations from 2017 and leverage existing state expertise, including researchers, practitioners, and stakeholders, to develop an assessment system that better supports student-centered learning.

ENSURE SAFE SCHOOLS FOR STUDENTS AND STAFF

To protect public assets and ensure safe and secure learning environments for students and staff, state policymakers should:

- Increase the per pupil allocation for the Long-Term Facilities Maintenance (LTFM), Operating Capital, and Lease Levy programs to recover ground lost to inflation since 2014 and expand the allowable uses of LTFM revenue to include security modifications and additions for instructional space;
- Allow limited removal time from class within Non-Exclusionary Discipline (NED) to enable schools to plan effective reentry supports and interventions to ensure safe classrooms; and
- Increase the Safe Schools Levy.

RESTORE MANAGERIAL RIGHTS AND ENHANCE LOCAL CONTROL

School districts need time to implement the new programs and requirements adopted during the last biennium. AMSD urges state policymakers to refrain from enacting any new mandates and:

- Repeal the requirement that locally elected school boards negotiate e-learning days, student testing, and student-to-staff ratios;
- Allow locally elected school boards to renew an existing capital project levy at the same rate after a public hearing;
- Require any individual submitting a data request to identify themselves and the organization they represent and allow districts to recover the rapidly escalating costs, including legal costs, associated with these requests;
- Allow school boards to establish the school calendar that best meets the needs of their students, staff, and community;
- Allow school districts to publish official proceedings on the district website in lieu of publishing them in a newspaper; and
- Eliminate the state requirement of a three day notice for remote school board meeting access.

LEGISLATIVE PLATFORM FOR 2025

Pillars to Strong Minnesota Public Schools

Public education is one of the fundamental pillars of a thriving community and state. Every day, our schools open their doors to a diverse body of students with unique dreams, goals and aspirations. In these classrooms, students develop essential skills in - reading, math, writing, critical thinking and civic engagement – tools that prepare them for success in an increasingly complex world whether their path leads to college, careers or community service.

Public education is an important investment in our students and in the future of our state. It is our school districts' duty to prepare students for a multi-cultural world and workplace.

The difficult reality is our Minnesota public schools are underfunded. Despite recent funding, districts continue to experience budget shortfalls that lead them to go to the taxpayers for operating levies, tap into budget reserves, and unfortunately, make cuts that negatively impact student learning. Now is the time to build on the past progress and address funding gaps worsened by inflation, new requirements, declining enrollment and the expiration of federal funds.

The Minnesota School Boards Association (MSBA) is a statewide advocate for public education, representing 331 school districts and over 2,450 elected school board members. Our school boards serve a diverse body of nearly 870,000 students in districts ranging in size from fewer than 100 students to over 38,000.

MSBA Funding Priorities for 2025

Increase the General Education Formula

An increase in the general education formula benefits all districts, including other formulas – English learner (EL), compensatory, declining enrollment, sparsity, and transportation sparsity.

Our school districts require an additional 3 percent (approximately \$673 million for the biennium) to address the rising costs of basic school operations (energy, transportation, insurance, curriculum, food, wages and benefits).

Without inflationary dollars since 2003, districts have lost the buying power of the formula, creating a shortfall of \$1,364 per pupil. Increased dollars on the general education formula would provide all schools with approximately \$223/\$227 per pupil FY26/FY27.

Inflationary Shortfall of the General Education Formula Allowance, 2003-2025

Compensatory Funding Formula

Ensure school districts are held harmless in compensatory funding allocations while expanding the criteria beyond direct certification and free and reduced-price lunch forms. Incorporate additional measures to better identify and address students' needs for services.

Long-term Facilities Maintenance Revenue (LTFM)

Remove the cap on LTFM, allowing all districts, not just a handful, to access funding for essential facilities maintenance based on a 10-year plan, approved by the school board and the Commissioner. If the cap is not lifted, we ask that roofs, pavement and security be added as allowable expenditures. This will provide fair and adequate resources for all schools to maintain safe and functional school facilities – a fundamental expectation of the public.

Funding for New Benefits

Fully fund the new Paid Leave statewide initiative. Fully fund summer unemployment insurance for non-licensed staff or repeal the law. Maintain ESST as a separate benefit to uphold its intended purpose while allowing for reasonable employer safeguards.

Local Optional Revenue Levy Adjustment (LOR)

Increase the LOR school board levy authority from \$724 per student to \$974 per student to adjust for inflation beginning with its inception. The additional \$250 per pupil would significantly reduce financial burdens for districts.

Inflationary Shortfall of the Local Optional Revenue (LOR) Allowance, 2015-2027

MSBA Policy Priorities for 2025

Local School Board Authority

Maintain local decision-making. Review, modify, or repeal existing unfunded mandates where possible. Resist any new mandates. Allow school boards greater flexibility to: transfer fund balances, expand uses of Fund 2 dollars, continue the substitute teacher pilot program but eliminate the \$200 minimum pay, modify the qualifications for student support personnel aid, and/or broaden the classification of Type III vehicles.

Restore Managerial Rights

Repeal the requirement that local school boards negotiate "adult to student ratios" in classrooms, "student testing" and "student to personnel ratios" as terms and conditions in collective bargaining. Reinstate the "number of personnel" in matters of inherent managerial policy.

Capital Projects Levy

Grant school boards the authority to renew a capital projects levy one time, enabling stability in funding for equipment, facilities, supplies and technology related initiatives. This request is modeled after the 2023 operating referendum renewal.

Data Requests

Amend Minnesota Government Data Practices Act to authorize school districts to assess and recover actual costs of searching and retrieving government data if the requesting individual abandons or fails to inspect the data once it has been prepared.

Open Meeting Law

Eliminate the three-day notice requirement for remote meetings to allow board members to participate in meetings remotely in case someone is sick or can't attend in person after the three-day posting.

School Attendance Initiatives

Launch a statewide campaign to promote and engage families and students in the benefits of consistent school attendance. Extend the enrollment drop period for student absences from 15 days to at least 20 days, facilitating continued support for students facing barriers to attendance.

Standardized Testing for High School Students

Minnesota should transition from the high school Minnesota Comprehensive Assessment (MCA) to the widely accepted, nationally recognized ACT, aligning assessments more closely with career and college readiness. The ACT not only helps students see the direct connection between their efforts in high school and future career paths, but it opens doors to those who may not have considered post-secondary education a path forward.

Broaden Definition of Instructional Hours

To better prepare students for future careers and post-secondary options, we must broaden the definition of instructional hours. This change would allow students to access more electives and courses that aligns with students' interests and career goals.

Recent legislative changes in credit requirements for graduation limit the valuable career pathways to meaningful coursework. By offering more flexibility in instructional hours, we can provide a wider range of electives and hands-on learning experiences that support students' individual paths, whether toward college or vocational careers. This approach ensures students earn credit for their efforts and schools receive funding for offering meaningful educational opportunities.

Voluntary Pilot Program for Extended School Year

Allow school districts to voluntarily explore extending the school year, aimed at improving student achievement and addressing workforce challenges.

Stabilize Workforce

Support policies to address the shortage of staff by reducing barriers to licensing and hiring.

Questions?

**Overall Human Resources Update
from Dr. Tim Anderson
Executive Director HR and Operations of St. Anthony - New Brighton**

On a rotational basis, district leaders will update the board about functions of the district.

We recognize that attracting and retaining high-quality staff is essential to achieving our district's mission of providing an excellent education for every student. A positive employee experience is key to this effort, fostering a sense of belonging and empowering our staff to contribute their best work. This report reflects our commitment to continuous improvement in support of our employees, especially our newest team members.

I. New Staff Onboarding and Support

It was a joy to welcome 17 new licensed staff members and 2 non-licensed staff members to our district on August 21st. The day was filled with opportunities for connection, learning, and a comprehensive introduction to the SANB community.

- Highlights of New Teacher Week:
 - Superintendent Corneille shared the inspiring history of SANB.
 - Dr. Urdahl led a session focused on purpose and mission.
 - The Effective Instruction team outlined district goals.
 - Executive Director Fagerland provided an overview of student services.
 - The World Savvy team highlighted their integral role in our schools.
 - Director Wendy Webster provided a guided tour of our district.

Strengthening Our Foundation:

To further enhance our onboarding process, we initiated a pilot program with our new licensed staff using a feedback survey. This feedback will be invaluable as we continue to refine our onboarding practices. Sample questions we asked include the following:

- What was the main reason that prompted you to seek employment at St. Anthony?
- How satisfied were you with orientation and onboarding to your job:
- How satisfied were you with the leadership and communication provided to you?

To make this data easily accessible and engaging, with the help of AI (Claude) I've created [this interactive website](#) that summarizes the key findings from the survey. This site will allow us to explore the data in a dynamic way and identify areas where we can enhance our support for new staff members.

II. HR Coordinator Transition

As many of you know, we recently experienced the resignation of our HR Coordinator, Kim Lannier. We are incredibly grateful for Kim's dedicated service to the district and wish her all the best in her future endeavors. She will be missed!

- Process Moving Forward:
 - We have actively sought to fill this vital role through a robust recruitment process, utilizing platforms like Indeed, LinkedIn, and Frontline.
 - We have received a good pool of applicants and are conducting screening interviews. Full interviews will follow, including representation from SEIU and teacher groups. I would like to take this opportunity to thank the members of our hiring team: Joan Nelson (teacher representative), JT Davies (SEIU representative), Taylor Freund, April Hindi, and myself.
 - In response to evolving district needs, we are incorporating operational responsibilities into this position to enhance efficiency and support.

Our Collective Focus: As we engage with each candidate, let's keep in mind the key qualities we're seeking:

- HR Expertise: A strong foundation in human resources principles and practices.
- Operational Efficiency: The ability to manage tasks and resources effectively.
- Communication Prowess: Excellent interpersonal and communication skills.
- Problem-Solving Acumen: The ability to analyze situations and find solutions.
- Cultural Alignment: A commitment to our district's values and mission.

To help us explore these areas, I've compiled a set of questions organized by category:

- HR Administration Questions

- Operations Management Questions
- Communication and Interpersonal Skills Questions
- Cultural Fit Questions

Addressing the Transition:

- To ensure a smooth transition, we have partnered with CESO to provide 20 hours per week of interim support, with a bridge contract for 1-2 days a week.
- I am also pleased to introduce Ally Olinger and Sara Riegel, who will be providing temporary assistance. (Bios and schedules to be provided.)

III. Strategic HR Initiatives

I am eager to continue structuring and executing our HR functions in a strategic manner, aligning our work with the district's mission and vision. This includes:

- **Cultivating a Positive Employee Experience:** We will actively seek ways to nurture a sense of belonging, provide support, and foster productive engagement for all staff members.
- **Enhancing Communication and Collaboration:** We will prioritize clear and consistent communication, creating opportunities for feedback and collaboration across all levels of the district.
- **Supporting Professional Growth:** We will continue to invest in professional development opportunities for our staff, empowering them to excel in their roles and contribute to our collective success.

IV. Contract Negotiations

We are currently engaged in contract negotiations with our support staff. We deeply value the contributions of our support staff and are committed to a collaborative process that honors their dedication and hard work. We are actively listening to their hopes and priorities for this contract. At the same time, we must also work within our zone of possible agreement (ZOPA), balancing these aspirations with our community expectations and Board of Education parameters. We are confident that by working together, we can reach an agreement that is beneficial for all.

V. Looking Ahead

I am excited about the work ahead for the Human Resources department. We will continue to:

- **Gather Feedback:** We will utilize surveys, focus groups, and other methods to gather ongoing feedback from staff to ensure we are meeting their needs.

- Analyze Data: We will analyze data from various sources, including exit interviews and employee surveys, to identify trends and areas for improvement.
- Implement Improvements: We will actively implement improvements to our processes and programs based on data analysis and feedback.

Conclusion

Before I close, I want to express my sincere gratitude to the Board of Education for your dedication and unwavering support. Your commitment to continuous improvement and your efforts in helping us build capacity are instrumental in our ability to effectively support our staff. This, in turn, allows our staff to focus on what matters most: providing an excellent education for every student in our system.

Ever brighter,

Policy 202.1 - ISD 282 BOARD COMPENSATION

I. Compensation Philosophy

The School Board of ISD 282 recognizes that board member compensation is a sensitive public policy matter. The Board believes that board members should be reasonably compensated for the time, efforts, and out-of-pocket costs incurred in serving the community as an elected official. The Board aspires to pay its members a wage that is:

- Commensurate with the responsibilities and time commitment of board members
- In alignment with compensation paid to board members at districts with similar characteristics to St. Anthony-New Brighton Schools
- Is reasonable and defensible to taxpayers and the community by demonstrating prudent use of public funds.

II. Board Member Compensation

- a. Effective January 1, 2020 board members' annual compensation, shall be based on the average of the compensation paid to board members of the districts that comprise membership in Northeast Metro 916 Intermediate School District.
- b. The Chair, Vice Chair, and Treasurer will receive an added stipend to reflect additional duties. The stipend will be, approximately, an additional 20% for the Chair, and an additional 10% for the Vice Chair and Treasurer.
- c. School board compensation shall be paid in March, June, September and December, and shall have all applicable federal and state deductions withheld.

III. Expense Reimbursements

School board members are eligible for reimbursement of expenses incurred that are directly related to fulfilling a board member's official responsibilities. Reimbursed expenses normally include:

- a. Mileage to and from school board member's home to seminars, committee meetings, association meetings (AMSD, MSBA, etc.), legislative hearings, and other meetings that are directly related to board service. Board members will not be reimbursed for mileage to and from regularly scheduled school board meetings, or mileage to attend school functions and events such as athletic competitions, plays, concerts, etc.
- b. Parking and other required transportation costs will also be reimbursed, based on actual costs incurred.
- c. Meals in conjunction with official school board activities and duties will be reimbursed, based on actual costs not to exceed limits set by the Board at its annual organizational meeting.

IV. Oversight

- a. This policy will be reviewed annually, prior to the Board's January Organizational meeting.
- b. Annually, at its organizational meeting the Board shall review and approve the amount of annual compensation for board members as determined by this policy.
- c. Throughout the year, requests for expense reimbursements must be submitted to the district finance office for review as to conformity with district policy and procedures. Following that review, all board expense reimbursement requests must be approved by the board treasurer. Requests for expense reimbursement submitted by the treasurer will be approved by the board chair.
