An effort shall first be made to adjust an alleged grievance informally between the employee and the School District's designee.

Section 5. Adjustments of Grievance. The School District and the employee shall attempt to adjust all grievances which may arise during the course of employment of any employee within the school district in the following manner:

Subd. 1. Level I. If the grievance is not resolved through informal discussions, the School District designee shall give a written decision on the grievance to the parties involved within ten (10) days after receipt of the written grievance.

Subd. 2. Level II. In the event the grievance is not resolved in Level I, the decision rendered may be appealed to the Superintendent of Schools, provided such appeal is made in writing within ten (10) days after receipt of the decision in Level I. If a grievance is properly appealed to the Superintendent, the Superintendent or designee shall set a time to meet regarding the grievance within fifteen (15) days after receipt of the appeal. Within ten (10) days after the meeting, the Superintendent or designee shall issue a decision in writing to the parties involved.

Subd. 3. Level III. In the event the grievance is not resolved in Level II, the decision rendered may be appealed to the school board, provided such appeal is made in writing within ten (10) days after receipt of the decision in Level II. If a grievance is properly appealed to the school board, the school board shall set a time to hear the

grievance within twenty (20) days after receipt of the appeal. Within twenty (20) days after the meeting, the school board shall issue its decision in writing to the parties involved. At the option of the school board, a committee or representative(s) of the school board may be designated by the school board to hear the appeal at this level, and report its findings and recommendations to the school board. The school board shall then render its decision.

Section 6. Denial of a Grievance. Failure by the School Board or its representative to issue a decision within the time periods provided herein shall constitute a denial of the grievance and the employee may appeal it to the next level.

Section 7. Mediation. Upon mutual agreement, the parties may petition the Bureau of Mediation Services for assistance in the resolution of any grievance prior to arbitration. If the parties so agree, the timelines for such review and appeal to arbitration shall be adjusted by mutual agreement between the parties.

Section 8. Arbitration Procedures. In the event that the employee and the School Board are unable to resolve any grievance, the grievance may be submitted to arbitration as defined herein:

Subd. 1. Request. A request to submit a grievance to arbitration must be in writing, signed by the aggrieved party, and such request must be received in the office of the superintendent within ten (10) days following the decision in Level III of the grievance procedure or the grievance mediation process, if applicable.

Subd. 2. Prior Procedure Required. No grievance shall be considered by the arbitrator which has not been first duly processed in accordance with the grievance procedure and appeal provisions.

Subd. 3. Selection of Arbitrator. Upon the proper submission of a grievance under the terms of this procedure, the parties may, within ten (10) days after the request to arbitrate, attempt to agree upon the selection of an arbitrator. If an agreement on an arbitrator is not reached, either party may request the Bureau of Mediation Services (BMS) to submit a panel of seven (7) arbitrators to the parties, pursuant to PELRA, provided such request is made within twenty (20) days after request for arbitration. Within ten (10) days after receipt of the panel, the parties shall alternately strike names and the remaining name shall be the arbitrator to hear the grievance. The order of striking will be determined by lot. The request shall ask that the panel be submitted within ten (10) days after the receipt of said request. Failure to agree upon an arbitrator or the failure to request that the BMS submit a panel of arbitrators within the time period as provided herein shall constitute a waiver of the grievance.

Subd. 4. Hearing. The grievance shall be heard by a single arbitrator, and both parties may be represented by such person or persons as they may choose and designate, and the parties shall have the right to a hearing at which time both parties will have the opportunity to submit evidence, of or testimony, and make oral or written arguments relating to the issues before the arbitrator. The proceeding before the arbitrator shall be a hearing de novo.

Subd. 5. Decision. The decision by the arbitrator shall be rendered within thirty days after the close of the hearing or the submission of briefs by the parties, whichever is later, unless the parties agree to an extension. Decisions by the arbitrator in cases properly submitted before the arbitrator shall be final and binding upon the parties, subject, however, to the limitations of arbitration decisions as provided in PELRA. The arbitrator shall issue a written decision and order including findings of fact which shall be based upon substantial and competent evidence presented at the hearing. All witnesses shall be sworn upon oath by the arbitrator.

Subd. 6. Expenses. Each party shall bear its own expenses in connection with arbitration including expenses relating to the party's representatives, witnesses, and any other expenses which the party incurs in connection with presenting its case in arbitration. A transcript or recording shall be made of the hearing at the request of either party. The parties shall share equally the fees and expenses of the arbitrator, the cost of the transcript or

recording, and any other expenses which the parties mutually agree are necessary for the conduct of the arbitration.

Subd. 7. Jurisdiction. The arbitrator shall have jurisdiction over disputes or disagreements relating to grievances properly before the arbitrator pursuant to the terms of this procedure. The jurisdiction of the arbitrator shall not extend to proposed changes in terms and conditions of employment as defined herein and contained in this written Agreement; nor shall an arbitrator have jurisdiction over any grievance which has not been submitted to arbitration in compliance with the terms of the grievance and arbitration procedure as outlined herein; nor shall the jurisdiction of the arbitrator extend to matters of inherent managerial policy, which shall include but are not limited to such areas of discretion or policy as the functions and programs of the employer, its overall budget, utilization of technology, the organizational structure, and selection and direction and number of personnel. In considering any issue in dispute, in its order the arbitrator shall give due consideration to the statutory rights and obligations of the public school boards to efficiently manage and conduct its operation within the legal limitations surrounding the financing of such operations. The arbitrator shall be without power to make decisions contrary to, or inconsistent with, or modifying or varying in any way from the application of laws, rules or regulations having the force and effect of law.

Section 9. Election of Remedies and Waiver. A party instituting any action, proceeding or complaint in a federal or state court of law, or before an administrative tribunal, federal agency, state agency, or seeking relief through any statutory process for which relief may be granted, the subject matter of which may constitute a grievance under this Agreement, shall immediately thereupon waive any and all rights to pursue a grievance under this Article. Upon issuing a proceeding in another forum as outlined herein, the employee shall waive the right to initiate a grievance pursuant to this Article or, if the grievance is pending in the grievance procedure, the right to pursue it further shall be immediately waived. This section shall not apply to actions to compel arbitration as provided in this Agreement or to enforce the award of an arbitrator.

Policy 516 STUDENT MEDICATION AND TELEHEALTH

I. PURPOSE

The purpose of this policy is to set forth the provisions that must be followed when administering nonemergency prescription and over the counter medication to students at school.

II. GENERAL STATEMENT OF POLICY

The school district acknowledges that some students may require prescribed drugs or medication or telehealth during the school day. For the purposes of this policy, the “school day” is defined as the regular student contact time. The school district’s licensed school nurse, trained staff, principal, or teacher will administer prescribed medications, except any form of medical cannabis, in accordance with law and school district procedures.

III. DRUG AND MEDICATION REQUIREMENTS

A. Administration of Drugs and Medicine

1. All medications (prescription and over-the-counter) to be administered at school shall have the Authorization for Administration of Medication at School form completed by the Minnesota Licensed Prescriber and parent. Nurses may accept a verbal order from a Licensed Prescriber to be followed with written authorization. Orders will be good for the school year (including the following summer sessions), but will need to be renewed at the start of a new school year. Orders will also be renewed when dosage changes occur.
2. Drugs and medicine subject to Minnesota Statutes, 121A.22 must be administered, to the extent possible, according to school board procedures that must be developed in consultation with:
 - a. with a licensed nurse, in a district that employs a licensed nurse under Minnesota Statutes, section 148.171;
 - b. with a licensed school nurse, in a district that employs a licensed school nurse licensed under Minnesota Rules, part 8710.6100;
 - c. with a public or private health-related organization, in a district that contracts with a public or private health or health-related organization, according to Minnesota Statutes, 121A.21; or

- d. with the appropriate party, in a district that has an arrangement approved by the Commissioner of the Minnesota Department of Education, according to Minnesota Statutes, 121A.21.

3. Exclusions

The provisions on administration of drugs and medicine above do not apply to drugs or medicine that are:

- a. used in connection with services for which a minor may give effective consent;
- b. used in situations in which, in the judgment of the school personnel, including a licensed nurse, who are present or available, the risk to the pupil's life or health is of such a nature that drugs or medicine should be given without delay;
- c. used in connection with athletics or extracurricular activities;
- d. used in connection with activities that occur before or after the regular school day;
- e. provided or administered by a public health agency to prevent or control an illness or a disease outbreak as provided under Minnesota law;
- f. For the purposes of Minnesota Statutes, 121A.22, special health treatments and health functions, such as catheterization, tracheostomy suctioning, and gastrostomy feedings, do not constitute administration of drugs or medicine.
- g. Emergency health procedures, including emergency administration of drugs and medicine are not subject to this policy.

B. Prescription Medications

1. An "Authorization for the Administration of Medication" form must be completed annually (once per school year) and/or when a change in the prescription or requirements for administration occurs. Prescription medication as used in this policy does not include any form of medical cannabis as defined in Minnesota Statutes, section 152.22, subdivision 6.
2. Prescription medication must come to school in the original container labeled for the student by a pharmacist in accordance with law and must be administered in a manner consistent with the instructions on the label.
3. The school nurse may request to receive further information about the prescription, if needed, prior to administration of the substance.
4. Prescription medications are not to be carried by the student, but will be left with the appropriate school district personnel. Exceptions to this requirement are: prescription asthma medications self-administered with an inhaler, and medications administered as noted in a written agreement between the school district and the parent or as specified in an IEP (individualized education program), Section 504 plan, or IHP (individual health plan).
5. The school must be notified immediately by the parent or student 18 years old or older in writing of any change in the student's prescription medication administration. A new medical authorization or container label with new pharmacy instructions shall be required immediately as well.
6. The school nurse, or other designated person, shall be responsible for the filing of the Authorization for the Administration of Medication form in the health records section of the student file.
7. For drugs or medicine used by children with a disability, administration may be as provided in the IEP, Section 504 plan or IHP.
8. If the administration of a drug or medication described in this section requires the school district to store the drug or medication, the parent or legal guardian must inform the school if the drug or medication is a controlled substance. For a drug or medication that is not a controlled substance, the request must include a provision designating the school district as an authorized entity to transport the drug or medication for the purpose of destruction if any unused drug or medication remains in the possession of school personnel. For a drug or medication that is a controlled substance, the request must specify that the parent or legal guardian is required to retrieve the drug or controlled substance when requested by the school.

C. Nonprescription Medication

Over-the-counter medications shall be in their original containers and labeled with the student's name. Health professional and parent authorization must be received before administration of over-the-counter medication.

D. Student Self-Carry/Administration of Prescription Medication

At the start of each school year or at the time a student enrolls in school, whichever is first, a student's parent, school staff, including those responsible for student health care, and the prescribing medical professional must develop and implement an individualized written-emergency plan for a student who is prescribed epinephrine auto-injectors that enables the student to:

1. possess epinephrine auto-injectors; or
2. if the parent and prescribing medical professional determine the student is unable to possess the epinephrine, have immediate access to epinephrine auto-injectors in close proximity to the student at all times during the instructional day.

The plan must designate the school staff responsible for implementing the student's emergency plan, including recognizing anaphylaxis and administering epinephrine auto-injectors when required, consistent with state law. This emergency plan may be included in a student's Section 504 plan.

E. Student Self-Carry/Administration of Non-Prescription Pain Relief Medication (E.g., Acetaminophen or Ibuprofen)

A secondary student (grades 7-12) may possess and use nonprescription pain relief in a manner consistent with the labeling, if the school district has received written authorization from the student's parent or guardian permitting the student to self-administer the medication. The parent or guardian must submit the parent portion of the Authorization to Self-Administer Medication form for the student to self-administer the medication each school year. The school district may revoke a student's privilege to possess and use nonprescription pain relievers if the school district determines that the student is abusing the privilege. This provision does not apply to the possession or use of any drug or product containing ephedrine or pseudoephedrine as its sole active ingredient or as one of its active ingredients. Students are not to possess this type of medication. These medications should be processed using the same procedures as prescription medications.

F. Sunscreen

A student may possess and apply a topical sunscreen product during the school day while on school property or at a school-sponsored event without a prescription, physician's note, or other documentation from a licensed health care professional. School personnel are not required to provide sunscreen or assist students in applying sunscreen.

G. Procedure regarding unclaimed drugs or medications.

1. The school district has adopted the following procedure for the collection and transport of any unclaimed or abandoned prescription drugs or medications remaining in the possession of school personnel in accordance with this policy. Before the transportation of any prescription drug or medication under this policy, the school district shall make a reasonable attempt to return the unused prescription drug or medication to the student's parent or legal guardian. Transportation of unclaimed or unused prescription drugs or medications will occur at least annually, but may occur

- more frequently at the discretion of the school district.
2. If the unclaimed or abandoned prescription drug is not a controlled substance as defined under Minnesota Statutes, section 152.01, subdivision 4, or is an over-the-counter medication, the school district will either designate an individual who shall be responsible for transporting the drug or medication to a designated drop-off box or collection site or request that a law enforcement agency transport the drug or medication to a drop-off box or collection site on behalf of the school district.
 3. If the unclaimed or abandoned prescription drug is a controlled substance as defined in Minnesota Statutes, section 152.01, subdivision 4, the school district or school personnel is prohibited from transporting the prescription drug to a drop-off box or collection site for prescription drugs identified under this paragraph. The school district must request that a law enforcement agency transport the prescription drug or medication to a collection bin that complies with Drug Enforcement Agency regulations, or if a site is not available, under the agency's procedure for transporting drugs.

H. Cannabis

Products containing Cannabis will not be administered by school personnel and these products cannot be brought on campus. This includes CBD containing products.

IV. ACCESS TO SPACE FOR MENTAL HEALTH CARE THROUGH TELEHEALTH

- A. Beginning October 1, 2024, to the extent space is available, the school district must provide an enrolled secondary school student with access during regular school hours, and to the extent staff is available, before or after the school day on days when students receive instruction at school, to space at the school site that a student may use to receive mental health care through telehealth from a student's licensed mental health provider. A secondary school must develop a plan with procedures to receive requests for access to the space.
- B. The space must provide a student privacy to receive mental health care.
- C. A student may use a school-issued device to receive mental health care through telehealth if such use is consistent with the district or school policy governing acceptable use of the school-issued device.
- D. A school may require a student requesting access to space under this section to submit to the school a signed and dated consent from the student's parent or guardian, or from the student if the student is age 16 or older, authorizing the student's licensed mental health provider to release information from the student's health record that is requested by the school to confirm the student is currently receiving mental health care from the provider. Such a consent is valid for the school year in which it is submitted.

I. PURPOSE

The purpose of this policy is to require that all students receive the proper immunizations as mandated by law to ensure the health and safety of all students.

II. GENERAL STATEMENT OF POLICY

All students are required to provide proof of immunization, or appropriate documentation exempting the student from such immunization, and such other data necessary to ensure that the student is free from any communicable diseases, as a condition of enrollment.

III. STUDENT IMMUNIZATION REQUIREMENTS

- A. No student may be enrolled or remain enrolled, on a full-time, part-time, or shared-time basis, in any elementary or secondary school within the school district until the student or the student's parent or guardian has submitted to the designated school district administrator the required proof of immunization. Prior to the student's first date of attendance, the student or the student's parent or guardian shall provide to the designated school district administrator one of the following statements:
 - 1. a statement, from a physician, advanced practice registered nurse, physician assistant, or a public clinic which provides immunizations hereinafter "medical statement"), affirming that the student received the immunizations required by law, consistent with medically acceptable standards; or

- B. The statement of a parent or guardian of a student or an emancipated student may be substituted for the medical statement. If such a statement is substituted, this statement must indicate the month and year each immunization was administered. Upon request, the designated school district administrator will provide information to the parent or guardian of a student or an emancipated student of the dosages required for each vaccine according to the age of the student.
- C. The parent or guardian of persons receiving instruction in a home school shall submit one of the statements set forth in Section III.A. or III.B., above, or statement of immunization set forth in Section IV., below, to the superintendent of the school

- D. When there is evidence of the presence of a communicable disease, or when required by any state or federal agency and/or state or federal law, students and/or their parents or guardians may be required to submit such other health care data as is necessary to ensure that the student has received any necessary immunizations and/or is free of any communicable diseases. No student may be enrolled or remain enrolled in any elementary or secondary school within the school district until the student or the student's parent or guardian has submitted the required data.

214 OUT-OF-STATE TRAVEL BY SCHOOL BOARD MEMBERS

I. PURPOSE

The purpose of this policy is to control out-of-state travel by school board members as required by law.

II. GENERAL STATEMENT OF POLICY

School board members have an obligation to become informed on the proper duties and functions of a school board member, to become familiar with issues that may affect the school district, to acquire a basic understanding of school finance and budgeting, and to acquire sufficient knowledge to comply with federal, state, and local laws, rules, regulations, and school district policies that relate to their functions as school board members. Occasionally, it may be appropriate for school board members to travel out of state to fulfill their obligations.

III. APPROPRIATE TRAVEL

Travel outside the state is appropriate when the school board finds it proper for school board members to acquire knowledge and information necessary to allow them to carry out their responsibilities as school board members. ~~Travel to regional or national meetings of the National School Boards Association is presumed to fulfill this purpose.~~ Travel to other out-of-state meetings for which the member intends to seek reimbursement from the school district should be preapproved by the school board.

IV. REIMBURSABLE EXPENSES

Expenses to be reimbursed may include transportation, meals, lodging, registration fees, required materials, parking fees, tips, and other reasonable and necessary school district-related expenses.

V. REIMBURSEMENT

- A. ~~Any board member wishing to travel out of state for any school-related meeting, conference, or other activity where the board member expects the school district to pay for or otherwise provide reimbursement for expenses, must seek prior approval of the board. Such approval must occur during a regularly scheduled School Board meeting.~~
- B. Requests for reimbursement must be itemized on the official school district form and are to be submitted to the designated administrator. Receipts for lodging, commercial transportation, registration, and other reasonable and necessary expenses must be attached to the reimbursement form.
- C. Automobile travel shall be reimbursed at the mileage rate set by the school board. Commercial transportation shall reflect economy fares and shall be reimbursed only for the actual cost of the trip.
- D. Amounts to be reimbursed shall be within the school board's approved budget allocations, including attendance at workshops and conventions.

VI. ESTABLISHMENT OF DIRECTIVES AND GUIDELINES

The superintendent shall develop a schedule of reimbursement rates for school district business expenses, including those expenses requiring advance approval and specific rates of reimbursement. The superintendent shall also develop directives and guidelines to address methods and times for submission of requests for reimbursement.

St. Anthony **New Brighton**
INDEPENDENT SCHOOL DISTRICT 282

To: ISD 282 School Board

From: Executive Director - Hope Fagerland

Date: Feb. 4, 2025

Subject: ISD282 Budget Model

Context:

Funding for Minnesota public school districts comes in multiple ways from multiple agencies. Each funding source has a specific and often restrictive purpose. The purpose of utilizing a budget *model* for ISD282 is to create efficiencies, transparencies, and the conditions to establish that funding is allocated consistently and based on ensuring the vision of the district can be accomplished.

The school board holds the responsibility of approving the school district budget and directs district administration to propose budget recommendations that support the successful implementation of the Mission, Vision, and Success Metrics. For the past six years, the Superintendent, Director of Business Services, and Executive Director have collaborated on and refined a process for creating a budget that effectively allocates funds to buildings, programs, and systems within ISD282. At this juncture, district administration proposes to articulate this established budget creation process in narrative form to the school board.

The ISD282 Budget Model sets the conditions for building and program staffing, that will then be implemented by each program manager/principal. With the ultimate goal of ensuring an equitable, strategic, model to meet the mission and vision of ISD282. By articulating the process, a level of transparency and accountability will be established.

Purpose of this Memorandum:

This memo will articulate, in narrative form, the components used in creating a proposed budget to the school board. Each component will be defined creating a shared understanding and operational definitions for building the ISD282 budget.

- **Component 1: Building Staffing Allocations:**
 - This component represents the majority of school district funding. The first step in creating these allocations comes from the school board's approval of grade level budget enrollment targets. Building Staffing Allocations are then determined by district administration, and each building is required to operate within these allocations and established frameworks. This component funds 100% of the general education program (e.g., classroom teachers, principals). While the district determines the allocation and funding levels, principals are responsible for staff recruitment and placement. Alternative terms for the Building Staffing Allocations component include: Base and Tier 1 programming.
- **Component 2: Planned Program Staffing:**
 - Allocations within this component are program-specific. The district and program managers collaboratively determine the allocation type and staffing requirements for each program. These allocations support specialized educational programs (e.g., ADSIS, A&I). This staffing is supplemental to the general education program and cannot replace general education staffing as many of the funds are restricted. Alternative terms for the Planned Program Staffing component include: Tier 2, Tier 3, specialized, and specific programming.
- **Component 3: Ancillary Programs:**
 - Allocations in this component are designated for programs outside of the K-12 classroom setting. Staffing allocations for Ancillary Programs are determined based on prior Schedule C and current Schedule D criteria. These programs encompass student programs such as PSEO and CIS. Funding for these programs often involves a combination of fees and general fund cross-subsidies. Alternative terms for the Ancillary Program component include: Co-curricular and enrichment programs.
- **Component 4: District-Wide Services:**
 - These allocations are based on district infrastructure and staff support needs. This component encompasses both staffing and funding. These services support Required Building Staff, Planned Programs Staff, and Ancillary Programs. Alternative terms for District-Wide Services include: operations, support services, and contracts.

Next Steps:

At the Feb. 4 School Board Meeting, Executive Director Fagerland will discuss the ISD282 Budget Model by building shared understanding and shared definitions for the budgeting process. At each upcoming board meeting, district administration will share budget assumptions in the areas of revenue and expenditures. In April, the district administration will propose a draft budget presented with both numbers and narrative. This draft will include both staffing and capital expenditures. Also, in April and May the school board will review a draft of the 10 year Long Term Facilities Management (LTFM) plan. Finally, in June the school board will approve the 2025-2026 School District Budget. By utilizing the articulated ISD282 Budget Model, the board will have clarity in the budget along with the narrative to explain the purpose behind the approved budget.

Federal School Funding:

Federal funding makes up 2.75% of the budget. 1.6% of this is specific to Special Education funding.

General Fund		
Federal Grant through MDE	2024-25 Funding	% of General Fund Budget
Title I	\$192,025	0.74%
Title II	\$49,454	0.19%
Title III	\$22,690	0.09%
Fed SPED	\$414,965	1.60%
ECSE 3-5	\$24,550	0.09%
ECSE Birth-2	\$9,644	0.04%
Total Federal Funding	\$713,328	2.75%

The potential impact of White House changes on federal school funding remains unclear. We will continue to monitor the situation and keep the Board informed.
