Athletics and Activities Annual Report

SANB School Board
March 4, 2025

Working with Purpose

I serve to use the power of school activities to make the world a better place, working alongside coaches and advisors to help fulfill their purpose.

Working with Purpose

Our coaches and advisors are capturing the hearts of students; our programs are improving their lives, the community, and the world!

This is why we are part of our schools.

Strategic Directions 2023-2024

Weekly Lessons

Incorporating valuable life skills.

Fitness Center

Enhancing physical well-being.

Intramurals

Promoting participation and fun.

Defining Success

Capturing the HEART of all participants

- Are they having fun?
- Are they improving at something they love to do?
- Are we developing better people - not just better participants?

Highlights

Record Athletics, and Activities Participation Counts

Highest duplicated, and unduplicated participation counts to date
(558/818)

Increased Student Body Participation

75.4% of SAVHS students were in a sport or activity in 2023-24.
Increase from 72% in 2022-2023.

Equal Gender Participation and Diverse Representation

Gender participation and diverse representation in programs is *near* proportionate.

Huskies baseball is heading to the Dells!

The SAVHS baseball team will be participating in three practices at the Wisconsin Dells from March 27-29.

30 Huskies baseball players will be traveling with four chaperones

- Booked independently, and paid for by families with support from the Dugout Club.
- Three ISD 282 vans will transport students by certified van drivers.

Questions?

Thank you!

Total expenses, including salaries and benefits, with no offset for ticket revenue or participation fees, divided by total number of athletes.

* \$95 per season, offered fall and winter until 20-21.

To: Board Chair Phillip, Vice Chair Dr. Palmer,
Directors Oksnevad, Overman, Hood, and Dr. Striker
From: Wendy Webster, Director of Community Services and Communications
Date: Feb. 27, 2025
RE: Recommendation for Approval of Draft 2025-26 Calendar on March 4, 2025

The Calendar Committee met on three occasions: Jan. 23, Feb. 6 and Feb. 12, 2025 to discuss the school calendar parameters and teacher contract language to create a draft 2025-26 school calendar. A draft 2026-27 school calendar will be presented next month.

The Calendar committee members include:

Wendy Webster - District Administration	Mike Overman - School Board
Troy Urdahl - Athletics, Activities, Facilities	Amy Kujawski - Principal Rep
Beth Rehfuss - SAVEA President	Rory Donovan - Clerical/Para Rep
Joan Nelson - SAVHS Teacher Rep.	Jenny Patrek - SAVHS Teacher Rep
Lisa Cartwright - WP Teacher Rep	Nancy Terry - WP Teacher Rep
Mike Potts - SAMS Teacher Rep	Chris Ravndal - SAMS Teacher Rep
Colleen Christenson - Food Services	Marilyn Wolff - Food Services

School calendar parameters include:

1. The school calendar must ensure instructional days and hours meet state guidelines:
Kindergarten: 850 hrs, Grades 1-6: 935 hrs, and Grades 7-12: 1020 hrs
2. Minnesota requires school districts to have 165 days in each school year.
3. The school calendar must include additional time for staff to engage in professional learning.
4. The school calendar must include time for families to celebrate holidays together without concern over students missing school.
5. One of our guiding principles as a school district is to create equitable educational experiences. School calendars are typically built around Christian holidays, and we recognize equitable experiences means creating time for families to celebrate other holidays too.
6. Placement of teacher contract days on the school calendar is still subject to School Board approval.

Teacher Contract Language:

Language regarding the school calendar was included in the SAVEA 2023-2025 Contract.

Teacher contract days of 185 will be made up of the following:

- a. student contact days;
- b. professional development days;
- c. conference days;
- d. communication days;
- e. teacher planning, preparation, collaboration, grading days; or another agreed upon day / time.

By February 1st of the odd numbered years, a committee made up of an equal number of representatives chosen by the district and Union representatives chosen by the Union will develop the 185/187 school year calendar for the next TWO (2) school years. This calendar will be mutually

agreed upon by the Union and school board by a vote of 2-0. In the event that a consensus cannot be reached, the teacher contract days will default to:

- one-hundred sixty nine (169) student contact days;
- five (5) pre-school year workshop days with the option to flex one (1) District Directed Work Day;
- two (2) conference / parent communication days;
- three (3) teacher planning / preparation / collaboration / grading days; and
- four (4) District-Led Professional Development days; with one (1) Teacher Driven Professional Learning Flex Day for a teacher who is proficient in Effective Instruction as determined by the Teacher Development and Evaluation system, and
- two (2) Building-Led Professional Development days.

Definitions:

- A. District Directed Work Day:** The District directs the work of teachers and the deadline by which the work is to be completed but allows flexibility around when and where teachers do the work (ex: compliance training).
- B. Teacher Driven Professional Learning Flex Day:** Teachers may select professional learning of their choosing if approved by the principal or supervisor, and if the professional learning is aligned to district objectives (ex: attendance at a content specific workshop).

Asynchronous Days may be added to the calendar as determined by the calendar committee. Work expectations for licensed school staff are as follows in the MOU:

A. Elementary School:

- a. This will be a non-school day for elementary students with no work expectations and no attendance taken.
- b. Licensed staff will work their regularly scheduled hours in a district building. Staff work will be teacher driven with support from the Director of Effective Instruction as requested by the teacher and must include one or more of the following: conference preparation, team collaboration, Effective Instruction preparation, curriculum work, parent communication.

B. Middle / High School:

- a. This will be a school day for middle and high school students. Attendance must be taken based on completion of work and/or an attendance question. Teachers will report attendance at the end of the regular school day.
- b. Licensed staff will work their regularly scheduled hours in their building.
- c. Teachers must provide work for students to complete at home (for students not in attendance). Staff will request students who require extra support to attend school. Families may choose to have their child attend school. Staff may request students to attend a synchronous lesson.
- d. Licensed staff must create a schedule that allows them to work directly with students who have been requested to be in the building and complete other teacher driven work with support from the Director of Effective Instruction as requested by the teacher and must include one or more of the following: conference preparation, team collaboration, Effective Instruction preparation, curriculum work, parent communication.

Policy 202.1 - ISD 282 BOARD COMPENSATION

I. Compensation Philosophy

The School Board of ISD 282 recognizes that board member compensation is a sensitive public policy matter. The Board believes that board members should be reasonably compensated for the time, efforts, and out-of-pocket costs incurred in serving the community as an elected official. The Board aspires to pay its members a wage that is:

- Commensurate with the responsibilities and time commitment of board members
- In alignment with compensation paid to board members at districts with similar characteristics to St. Anthony-New Brighton Schools
- Is reasonable and defensible to taxpayers and the community by demonstrating prudent use of public funds.

II. Board Member Compensation

- a. Effective on January 1, 2025 board members' annual compensation will align with the basic general education formula percentage increase (2-3%).
- b. The Chair, Vice Chair, Clerk and Treasurer will receive an added stipend to reflect additional duties. The stipend will be, approximately, an additional 25% for the Chair, an additional 10% for the Vice Chair and Clerk, and an additional 5% for the Treasurer.
- c. School board compensation shall be paid in March, June, September and December, and shall have all applicable federal and state deductions withheld.

III. Expense Reimbursements

School board members are eligible for reimbursement of expenses incurred that are directly related to fulfilling a board member's official responsibilities. Reimbursed expenses normally include:

- a. Mileage to and from school board member's home to seminars, committee meetings, association meetings (AMSD, MSBA, etc.), legislative hearings, and other meetings that are directly related to board service. Board members will

not be reimbursed for mileage to and from regularly scheduled school board meetings, or mileage to attend school functions and events such as athletic competitions, plays, concerts, etc.

- b. Parking and other required transportation costs will also be reimbursed, based on actual costs incurred.
- c. Meals in conjunction with official school board activities and duties will be reimbursed, based on actual costs not to exceed limits consistent with meal reimbursement as stated in Policy 412 Expense Reimbursement.

Adopted: July 7, 2009
Revised: September 17, 2013
March 2025
Mandatory

214 OUT-OF-STATE TRAVEL BY SCHOOL BOARD MEMBERS

I. PURPOSE

The purpose of this policy is to control out-of-state travel by school board members as required by law.

II. GENERAL STATEMENT OF POLICY

School board members have an obligation to become informed on the proper duties and functions of a school board member, to become familiar with issues that may affect the school district, to acquire a basic understanding of school finance and budgeting, and to acquire sufficient knowledge to comply with federal, state, and local laws, rules, regulations, and school district policies that relate to their functions as school board members. Occasionally, it may be appropriate for school board members to travel out of state to fulfill their obligations.

III. APPROPRIATE TRAVEL

Travel outside the state is appropriate when the school board finds it proper for school board members to acquire knowledge and information necessary to allow them to carry out their responsibilities as school board members. Travel to other out-of-state meetings for which the member intends to seek reimbursement from the school district should be preapproved by the school board.

IV. REIMBURSABLE EXPENSES

Expenses to be reimbursed may include transportation, meals, lodging, registration fees, required materials, parking fees, tips, and other reasonable and necessary school district-related expenses.

V. REIMBURSEMENT

- A. Any board member wishing to travel out of state for any school related meeting, conference, or other activity where the board member expects the school district to pay for or otherwise provide reimbursement for expenses, must seek prior approval of the board. Such approval must occur during a regularly scheduled School Board meeting.
- B. Requests for reimbursement must be itemized on the official school district form and are to be submitted to the designated administrator. Receipts for lodging, commercial transportation, registration, and other reasonable and necessary expenses must be attached to the reimbursement form.
- C. Automobile travel shall be reimbursed at the mileage rate set by the school board. Commercial transportation shall reflect economy fares and shall be reimbursed only for the actual cost of the trip.
- D. Amounts to be reimbursed shall be within the school board's approved budget allocations, including attendance at workshops and conventions.

VI. ESTABLISHMENT OF DIRECTIVES AND GUIDELINES

The superintendent shall develop a schedule of reimbursement rates for school district business expenses, including those expenses requiring advance approval and specific rates of reimbursement. The superintendent shall also develop directives and guidelines to address methods and times for submission of requests for reimbursement.

405 VETERAN'S PREFERENCE

I. PURPOSE

The purpose of this policy is to comply with Minnesota law mandating preference points for veterans applying for employment with political subdivisions.

II. GENERAL STATEMENT OF POLICY

A. It is the school district's policy to comply with Minnesota law regarding veteran's preference rights and the mandating of preference points to veterans and spouses of deceased veterans or disabled veterans.

B. The school district's policy is also to comply with the VPA requirement that no covered veteran may be removed from public employment except for incompetency or misconduct shown after a hearing upon due notice, upon stated charges, and in writing. This paragraph does not apply to the position of teacher.

C. Veteran's preference points will be applied pursuant to applicable law as follows:

1. A credit of ten points shall be added to the competitive open examination rating of a non-disabled veteran, who so elects, provided that the veteran obtained a passing rating on the examination without the addition of the credit points.
2. A credit of fifteen points shall be added to the competitive open examination rating of a disabled veteran, who so elects, provided that the veteran obtained a passing rating on the examination without the addition of the credit points.
3. A credit of five points shall be added to the competitive promotional examination rating of a disabled veteran, who so elects, provided that (a) the veteran obtained a passing rating on the examination without the addition of the credit points and (b) the veteran is applying for a first promotion after securing public employment.
4. A preference may be used by the surviving spouse of a deceased veteran and by the spouse of a disabled veteran who, because of the disability, is unable to qualify.

~~B. Veteran preference points will be applied pursuant to applicable law as follows:~~

- ~~1. There shall be added to the competitive open examination rating of a non-disabled veteran, who so elects, a credit of five points provided that the veteran obtained a passing rating on the examination without the addition of the credit points.~~
- ~~2. There shall be added to the competitive open examination rating of a disabled veteran, who so elects, a credit of ten points provided that the veteran obtained a passing~~

~~rating on the examination without the addition of the credit points.~~

~~3. There shall be added to the competitive promotional examination rating of a disabled veteran, who so elects, a credit of five points provided that (a) the veteran obtained a passing rating on the examination without the addition of the credit points and (b) the veteran is applying for a first promotion after securing public employment.~~

~~DC.~~ Eligibility for and application of veteran's preference, ~~and~~ the definition of a veteran, ~~and~~ the definition of a disabled veteran for purposes of this policy preference will be pursuant to the VPA applicable law.

E. When notifying applicants that they have been accepted into the selection process, the school district shall notify applicants that they may elect to use veteran's preference.

~~FE.~~ It is the school district's policy to use a 100-point hiring system to enable allocation of veteran preference points. The school district may or may not use a 100-point hiring system for filling teaching positions. If a 100-point hiring system is not used for filling a teaching position, preference points will not be added, but all veteran applicants who have proper licensure for the teaching position will be granted an interview for the position.

~~GF.~~ If the school district rejects a member of the finalist pool who has claimed veteran's preference, the school district shall notify the finalist in writing of the reasons for the rejection and file the notice with the school district's personnel officer.

H. In accordance with the VPA, no honorably discharged veteran shall be removed from a position of employment except for incompetency, misconduct, or good faith abolishment of position.

1. Incompetency or misconduct must be shown after a hearing, upon due notice, upon stated charges, in writing.
2. A veteran must irrevocably elect to be governed either by the VPA or by arbitration provisions set forth in a collective bargaining agreement in the event of a discharge.

III. The VPA and the provisions of this policy do not apply to the position of private secretary, superintendent, head of a department, or any person holding a strictly confidential relation to the school board or school district. The VPA and the provisions of this policy apply to teachers only with respect to the hiring process, as set forth in Paragraph F., above.

509 ENROLLMENT OF NONRESIDENT STUDENTS

I. PURPOSE

The school district desires to participate in the Enrollment Options Program (Open Enrollment) established by Minnesota Statutes, section 124D.03. The purpose of this policy is to set forth the application and exclusion procedures used by the school district in making said determination.

II. GENERAL STATEMENT OF POLICY

The school board adopts specific standards for acceptance and rejection of Open Enrollment applications.

III. OPEN ENROLLMENT PROCESS

- A. Open Enrollment applications will be approved provided that acceptance of the application will not exceed the capacity of a program, excluding special education services; class; grade level; or school building as established by school board resolution and provided that:
1. space is available for the applicant under enrollment cap standards established by school board policy or other directive; and
 2. in considering the capacity of a grade level, the school district may only limit the enrollment of nonresident students to a number not less than the lesser of: (a) one percent of the total enrollment at each grade level in the school district; or (b) the number of school district resident students at that grade level enrolled in a nonresident school district in accordance with Minnesota Statutes, section 124D.03.
 3. the applicant is not otherwise excluded by action ~~offe~~ the school district because of previous conduct in another school district.
- B. If the school district limits enrollment of nonresident students pursuant to this section, the district shall report to the Commissioner of the Minnesota Department of Education (MDE) by July 15 on the number of nonresident pupils denied

admission due to the limitations on the enrollment of nonresident pupils.

- C. The parent of a student with a disability not yet enrolled in kindergarten and not open enrolled in a nonresident district may elect, in the same manner as the parent of a resident student with a disability, a school in the nonresident district where the child is enrolled in a Head Start program or a licensed child care setting in the nonresident district, provided the child can be served in the same setting as other children in the nonresident district with the same level of disability.

Under this paragraph, parents must demonstrate enrollment in a community preschool or childcare setting.

- D. A nonresident preschool aged child with a disability open enrolled in the district may be required to open enroll for kindergarten.

For Board Discussion: MDE states: “There is no standard set for how parents must demonstrate enrollment in a community preschool or childcare setting. We recommend a written policy for this process.” A district may choose to insert applicable local provisions here.]

[NOTE: MDE offers the following recommendation: “the non-resident district may elect to allow the child’s enrollment status to continue without completing another application. We recommend that districts create policies around this election which must be non-discriminatory and in writing.” A district may choose to insert applicable local provisions here.]

IV. BASIS FOR DECISIONS

- A. Standards that may be used for rejection of application

In addition to the provisions above, the school district may refuse to allow a pupil who is expelled under Minnesota Statutes, section 121A.45 to enroll during the term of the expulsion if the student was expelled for:

1. possessing a dangerous weapon, including a weapon, device, instrument, material, or substance, animate or inanimate, that is used for, or is readily capable of, causing death or serious bodily injury, except that such term does not include a pocket knife with a blade less than two and one-half inches in length, at school or a school function;
2. possessing or using an illegal drug at school or a school function;
3. selling or soliciting the sale of a controlled substance while at school or a school function; or
4. committing a third-degree assault involving assaulting another and inflicting substantial bodily harm.

- BC. Standards that may not be used for rejection of application

The school district may not use the following standards in determining whether to accept or reject an application for open enrollment:

1. previous academic achievement of a student;
2. athletic or extracurricular ability of a student;
3. disabling conditions of a student;
4. a student's proficiency in the English language;
5. the student's district of residence except where the district of residence is directly included in an enrollment options strategy included in an approved achievement and integration program; or
6. previous disciplinary proceedings involving the student. This shall not preclude the school district from proceeding with exclusion as set out in this policy.

CD. Application

The student and parent or guardian must complete and submit the "General Statewide Enrollment Options Application for K-12 and Early Childhood Special Education (or the Statewide Enrollment Options Application for State-funded Voluntary Prekindergarten (VPK) ~~or School Readiness Plus (SRP)~~ Application if applicable) developed by MDE and available on its website.

The school district may require a nonresident student enrolled in a program under Minnesota Statutes, section 125A.13, or in a preschool program, except for a program under Minnesota Statutes, section 124D.151 ~~or Laws 2017, First Special Session chapter 5, article 8, section 9~~, to follow the application procedures under this subdivision to enroll in kindergarten. A district must allow a nonresident student enrolled in a program under Minnesota Statutes, section 124D.151 ~~or Laws 2017, First Special Session chapter 5, article 8, section 9~~, to remain enrolled in the district when the student enters kindergarten without submitting annual or periodic applications, unless the district terminates the student's enrollment under subdivision 12.

The school district shall notify the parent or guardian in writing by February 15 or within ninety (90) days for applications submitted after January 15 in the case of achievement and integration district transfers whether the application has been accepted or rejected. If an application is rejected, the district must state in the notification the reason for rejection. The parent or guardian must notify the nonresident district by March 1 or within ten (10) business days whether the pupil intends to enroll in the nonresident district.

DE. Lotteries

If a school district has more applications than available seats at a specific grade level, it must hold an impartial lottery following the January 15 deadline to determine which students will receive seats. The district must give priority to enrolling siblings of currently enrolled students, students whose applications are related to an approved integration and achievement plan, children of the school district's staff, and students residing in that part of a municipality (a statutory or home rule charter city or town) where:

1. the student's resident district does not operate a school building;
2. the municipality is located partially or fully within the boundaries of at least five school districts;
3. the nonresident district in which the student seeks to enroll operates one or more school buildings within the municipality; and
4. no other nonresident, independent, special, or common school district operates a school building within the municipality.

The process for the school district lottery must be established by school board policy and posted on the school district's website.

EF. Exclusion

1. Administrator's initial determination. If a school district administrator knows or has reason to believe that an applicant has engaged in conduct that has subjected or could subject the applicant to expulsion or exclusion under law or school district policy, the administrator will transmit the application to the superintendent with a recommendation of whether exclusion proceedings should be initiated.
2. Superintendent's review. The superintendent may make further inquiries. If the superintendent determines that the applicant should be admitted, he or she will notify the applicant and the school board chair. If the superintendent determines that the applicant should be excluded, the superintendent will notify the applicant and determine whether the applicant wishes to continue the application process. Although an application may not be rejected based on previous disciplinary proceedings, the school district reserves the right to initiate exclusion procedures pursuant to the Minnesota Pupil Fair Dismissal Act as warranted on a case-by-case basis.

FG. Termination of Enrollment

The school district may terminate the enrollment of a nonresident student enrolled under an enrollment options program pursuant to Minnesota Statutes, section 124D.03 or 124D.08 at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy under Minnesota Statutes, chapter 260A, and the student's case has been referred to

juvenile court. A “habitual truant” is a child under 17 years of age who is absent from attendance at school without lawful excuse for seven school days in a school year if the child is in elementary school or for one or more class periods on seven school days in a school year if the child is in middle school, junior high school, or high school, or a child who is 17 years of age who is absent from attendance at school without lawful excuse for one or more class periods on seven school days in a school year and who has not lawfully withdrawn from school under Minnesota Statutes, section 120A.22, subdivision 8. The school district may also terminate the enrollment of a nonresident student over 17 years of age if the student is absent without lawful excuse for one or more periods on 15 school days and has not lawfully withdrawn from school under Minnesota Statutes, section 120A.22, subdivision 8.

A student who has not applied for and been accepted for open enrollment pursuant to this policy and does not otherwise meet the residency requirements for enrollment may be terminated from enrollment and removed from school. Prior to removal from school, the school district will send to the student’s parents a written notice of the school district’s belief that the student is not a resident of the school district. The notice shall include the facts upon which the belief is based and notice to the parents of their opportunity to provide documentary evidence, in person or in writing, of residency to the superintendent or the superintendent’s designee. The superintendent or the superintendent’s designee will make the final determination as to the residency status of the student.

Notwithstanding the requirement that an application must be approved by the board of the nonresident district, a student who has been enrolled in a district, who is identified as homeless, and whose parent or legal guardian moves to another district, or who is placed in foster care in another school district, may continue to enroll in the nonresident district without the approval of the board of the nonresident district. The approval of the board of the student’s resident district is not required.

To: ISD 282 School Board

From: Executive Director Hope Fagerland

Date: March 4, 2025

Subject: Policy 903 and Visitors to ISD 282 School Buildings

This memo is meant to serve as a reminder regarding ISD282 policies and practices for visitors to St. Anthony-New Brighton school buildings, as well as what information can be shared. This could include, but is not limited to parole officers, social workers, and immigration agents. This can also pertain to students participating in either PSEO and/or CTE off campus programs.

The following is the process for when visitors arrive at the **High School/Middle School Building**:

1. Check-in at the Front Desk/Welcome Desk.
2. Front Desk Staff verify in the Student Information System whether the visitor is one of the following:
 - a. If the visitor is a parent, guardian, or approved volunteer they would go through the typical process of checking in through the Verkada System and receive a visitor badge.
 - i. The Front Desk at the MS/HS will call the building office to escort a parent/guardian to the appropriate location.
 - ii. MS/HS Building office staff will notify the Front Desk if a known visitor is coming that day.
 - b. If the visitor is **not** a parent, guardian, approved volunteer, and/or it is someone who does not have an appointment, they should wait at the Front Desk while that staff contacts the building principal (or Principal designee).
 - i. The building principal or principal designee will determine the next steps for the visitor, which could include contacting the Superintendent/District Office.
 - c. If the visitor is a student participating in either PSEO/CTE - the guidelines are below:
 - i. **School-wide Expectations:** While on school grounds, PSEO students are expected to follow the same guidelines as everyone else. This includes things like cell phone use, hallway passes, and attendance policies, as outlined in the Student Handbook.
 - ii. **Arrival and Departure:** PSEO students enter and exit the building through **Door 1** and create a SmartPass to go to their next location.
 - iii. **Virtual Classes:** For PSEO classes are virtual, students can work from home or in the **SAVHS Media Center**.
 - iv. **Lunch:** PSEO students are welcome to eat lunch at school, but are are not allowed to bring in outside food or beverages.

The following is the process for when visitors arrive at **Wilshire Park Elementary School Building**:

1. Approved volunteers check in at the kiosk (Verkada system) located in the vestibule by Door 1. They print their visitor badge and proceed to the classroom they are volunteering in.

2. Guests/visitors with an appointment check in at the office. They are given a visitor's badge and they proceed to their scheduled meeting location.
3. Visitors who come in unannounced are instructed to make an appointment with the classroom teacher, Principal and or Assistant Principal. In urgent situations, we will contact the Principal or Assistant Principal.
4. When parents come in to pick up a sick child or a child leaving early for an appointment, they do not go into the school building. They will wait in the office or vestibule until their child comes out.
5. Students will not be released to anyone who is not listed in Skyward as a legal guardian or emergency contact. Depending on the situation, we may contact the legal guardian to get permission to release the student to a relative not in the Skyward.

The following is the process for when visitors arrive at **Community Services Building**:

1. Guardians have a specific key code to use to enter the secured early childhood programming space.
2. Non-guardian visitors come to the Community Services desk to check in.
3. Staff check their ID to verify their name and to confirm on the authorized pick up list for specified student(s).
4. Staff escorts the visitor to the classroom

Reminder: No student information should be released under the Family Educational Rights and Privacy Act (FERPA) in person, over the phone, or through email. This includes if the student is in attendance.

Policy References:

[Policy 515](#) - Protection and Privacy of Pupil Records

[Policy 519](#) - Interviews of Students by Outside Agencies

A. Generally, students may not be interviewed during the school day by persons other than a student's parents, school district officials, employees and/or agents, except as otherwise provided by law and/or this policy.

B. Requests from law enforcement officers and those other than a student's parents, school district officials, employees and/or agents to interview students shall be made through the principal's office. Upon receiving a request, it shall be the responsibility of the principal to determine whether the request will be granted. Prior to granting a request, the principal shall attempt to contact the student's parents to inform them of the request, except where otherwise prohibited by law.

[Policy 903](#) - Visitors to School District Buildings

Per 903 Policy the following is required:

IV. RESPONSIBILITY

- A. *The school district administration shall establish visitor and off-campus learning student procedures and requirements. The procedures should reflect input from employees, students and advisory groups, and shall be communicated to the school community and the general public.*

- B. The superintendent shall be responsible for providing coordination that may be needed throughout the process and providing for periodic school board review of the procedures.*

This memo is providing both the board and the community of ISD282's procedures for visitors coming into school buildings. In addition, due to some federal changes from Executive Orders, district administrators and the ISD282 Policy Committee recommended discussing these procedures with the school board.

903 VISITORS TO SCHOOL DISTRICT BUILDINGS AND SITES

I. PURPOSE

The purpose of this policy is to inform the school community and the general public of the position of the school board on visitors to school buildings and other school property.

II. GENERAL STATEMENT OF POLICY

- A. The school board encourages interest on the part of parents and community members in school programs and student activities. The school board welcomes visits to school buildings and school property by parents and community members provided the visits are consistent with the health, education and safety of students and employees and are conducted within the procedures and requirements established by the school district.
- B. The school board reaffirms its position on the importance of maintaining a school environment that is safe for students and employees and free of activity that may be disruptive to the student learning process or employee working environment.

III. OFF-CAMPUS LEARNING STUDENTS

- A. A student enrolled in off-campus learning, such as post-secondary enrollment options, career and technology education, or other off-campus courses related to their formally established learning plan, may remain at the school site during regular school hours in accordance with established procedures.
- B. A student enrolled in an off-site learning course may be provided with reasonable access, during regular school hours, to a computer and other technology resources that the student needs to complete coursework for the off-campus learning course in accordance with established procedures.

IV. RESPONSIBILITY

- A. The school district administration shall establish visitor and off-campus learning student procedures and requirements. The procedures should reflect input from employees, students and advisory groups, and shall be communicated to the school community and the general public.

- B. The superintendent shall be responsible for providing coordination that may be needed throughout the process and providing for periodic school board review of the procedures.

V. VISITOR LIMITATIONS

- A. An individual, off-campus learning student, or group may be denied permission to visit a school or school property or such permission may be revoked if the visitor(s) does not comply with the school district procedures and regulations or if the visit is not in the best interest of students, employees or the school district.
- B. Visitors, including off-campus learning students with valid parking passes, are authorized to park vehicles on school property at times and in locations specified in the approved visitor procedures and requirements which are an addendum to this policy or as otherwise specifically authorized by school officials. When unauthorized vehicles of visitors are parked on school property, school officials may:
 - 1. move the vehicle or require the driver or other person in charge of the vehicle to move it off school district property; or
 - 2. if unattended, provide for the removal of the vehicle, at the expense of the owner or operator, to the nearest convenient garage or other place of safety off of school property.
- C. An individual, off-campus learning student, or group who enters school property without complying with the procedures and requirements may be guilty of criminal trespass and thus subject to criminal penalty. Such persons may be detained by the school principal or a person designated by the school principal in a reasonable manner for a reasonable period of time pending the arrival of a police officer.

Memorandum

To: School board
From: Tim Anderson
Date: 3/4/25
Subject: Staffing Update

Context

Executive Director of Human Resources Dr. Tim Anderson will provide the board with an overview of potential staffing changes. Per statute, district administration must inform the board and impacted staff of potential non-renews and unrequested leaves of absence for the upcoming school year. This information is being provided, because the School Board is required to take action on all nonrenews and unrequested leaves of absence at the April 1, 2025, School Board meeting.

Please consider this a review for you to consider the governance aspects you are taking action on your April 1st meeting. Please be reminded that your work here is driven by statutes and the Collective Bargaining Agreement with the teachers' union. Again, because of statute and CBA, each spring we assess overages, probationary teachers, ending of positions, etc. This staffing assessment guides the admin team on their staffing decisions based on the data collected.

1. Unrequested Leaves of Absence.

Unrequested leaves of absence are a mechanism used by school boards in Minnesota to manage staffing levels in response to various circumstances. School boards may place teachers on unrequested leave of absence due to discontinuance of position, lack of pupils, financial limitations, or merger of classes caused by consolidation of districts. Teachers proposed for unrequested leave must receive a notice stating the applicable grounds, their right to request a hearing within 14 days, and the consequences of not requesting a hearing. As of today, one possible partial ULA is being considered by the district.

2. Overages

- a. Per state statute and our CBA, we bring overages back to 1.0 FTE...
- b. Four teachers in the district were on an average this school year - next year back to 1.0.
- c. We appreciate these individuals helping out in this capacity this school year. This is not an uncommon need in systems, but again, we appreciate their willingness to give this extra service.

3. Another area we are working on is Tier 1 and Tier 2 and OFP.

Changes occurred last year from PELSB and updated guidance has been issued a few times since. We are still reviewing for accuracy the implications on staffing but we don't expect large disruptions based on the first analysis. In general, this can cause us to implement non-renews, or deliver notification that contracts are ending, but again, we don't expect large disruptions this year.

- a. Those teachers on Tier 1 (valid for one year), Tier 2 (valid for two years), and Out of Field placement (OFP) will be listed as their Tier licensure/OFP ending, requiring action by the board.

- b. **The TIER licensure program**, developed by PELSB (Professional Educator Licensing and Standards Board) provides individuals the opportunity to work in a school as they work towards their preferred area of licensure.
 - c. In these cases, PELSB requires that we post the position for 60 days. The teacher who held this position for this current school year, if interested, may apply. Again, the posting is a requirement set forth by PELSB.
- 4. **Similar to the TIER system, Out of Field Placement (OFP)** also requires the district to post the position for 60 days after the completion of one year on the OFP. An exemption to this is if a teacher is enrolled in a teacher prep program in the field listed on the OFP and is making adequate progress.
 - 5. **Non-Renew** There will be some non-renewal of some teaching contracts for the next school year. As per Minnesota statute 122A.40, probationary teachers may have their contracts non-renewed at the discretion of the school board. It's important to note that we must provide written notice to any teacher whose contract we decline to renew. The reasons for non-renewal can vary and may include budget constraints, changes in student enrollment, or performance-related issues. For probationary teachers, who are typically in their first three years of teaching, the district is not required to provide a reason for non-renewal unless requested by the teacher.
 - 6. And finally, as you know, we want to evaluate our teaching staff effectively. Traditionally, the probationary period is three years. With the change in law, this shifted to one year. To fully evaluate and to ensure we have a quality teaching staff, on rare instances we formally work to extend, in partnership with implicated teachers, the probationary period. Consequently, we do not have any staff members in this category. If we did, and should the staff member not wish to pursue an extension, district practice would be to non-renew that staff member.
-

To: ISD 282 School Board

From: Superintendent Renee Corneille; Executive Director Hope Fagerland

Date: March 4, 2025

Subject: ISD282 Budget Model

The following Context and Budget Model Description was previously shared in the Feb. 4 School Board meeting. Please review to understand the explanation of ISD282 Budget Model for the 2025-2026 School Year Budget.

Context:

Funding for Minnesota public school districts comes in multiple ways from multiple agencies. Each funding source has a specific and often restrictive purpose. The purpose of utilizing a budget *model* for ISD282 is to create efficiencies, transparencies, and the conditions to establish that funding is allocated consistently and based on ensuring the vision of the district can be accomplished.

The school board holds the responsibility of approving the school district budget and directs district administration to propose budget recommendations that support the successful implementation of the Mission, Vision, and Success Metrics. For the past six years, the Superintendent, Director of Business Services, and Executive Director have collaborated on and refined a process for creating a budget that effectively allocates funds to buildings, programs, and systems within ISD282. At this juncture, district administration proposes to articulate this established budget creation process in narrative form to the school board.

The ISD282 Budget Model sets the conditions for building and program staffing, that will then be implemented by each program manager/principal. With the ultimate goal of ensuring an equitable, strategic, model to meet the mission and vision of ISD282. By articulating the process, a level of transparency and accountability will be established.

Budget Model Description:

This memo will articulate, in narrative form, the components used in creating a proposed budget to the school board. Each component will be defined creating a shared understanding and operational definitions for building the ISD282 budget.

- **Component 1: Building Staffing Allocations:**
 - This component represents the majority of school district funding. The first step in creating these allocations comes from the school board's approval of grade level budget enrollment targets. Building Staffing

Allocations are then determined by district administration, and each building is required to operate within these allocations and established frameworks. This component funds 100% of the general education program (e.g., classroom teachers, principals). While the district determines the allocation and funding levels, principals are responsible for staff recruitment and placement. Alternative terms for the Building Staffing Allocations component include: Base and Tier 1 programming.

- **Component 2: Planned Program Staffing:**

- Allocations within this component are program-specific. The district and program managers collaboratively determine the allocation type and staffing requirements for each program. These allocations support specialized educational programs (e.g., ADSIS, A&I). This staffing is supplemental to the general education program and cannot replace general education staffing as many of the funds are restricted. Alternative terms for the Planned Program Staffing component include: Tier 2, Tier 3, specialized, and specific programming.

- **Component 3: Ancillary Programs:**

- Allocations in this component are designated for programs outside of the K-12 classroom setting. Staffing allocations for Ancillary Programs are determined based on prior Schedule C and current Schedule D criteria. These programs encompass student programs such as PSEO and CIS. Funding for these programs often involves a combination of fees and general fund cross-subsidies. Alternative terms for the Ancillary Program component include: Co-curricular and enrichment programs.

- **Component 4: District-Wide Services:**

- These allocations are based on district infrastructure and staff support needs. This component encompasses both staffing and funding. These services support Required Building Staff, Planned Programs Staff, and Ancillary Programs. Alternative terms for District-Wide Services include: operations, support services, and contracts.

2025-2026 Budget Model Assumptions:

Using the components in the ISD282 Budget Model outlined above, a detailed explanation of each building's budget will be provided. For each building -

Component 1 details the foundational staffing model. These are the positions that are necessary to operate the building at its most basic level. This includes providing enough classroom teachers based on the school board's class size recommendations per grade level. It also includes staffing required to ensure the school's operations can be executed, such as Administration, Admin Assistant, and Health Aide. All staffing articulated in this component is provided by the general operating budget

from the school district. The school board is reminded that these funds are the most flexible of all school district funds.

Component 2 details the utilization of funds from alternative grants, applications, and other state/federal fiscal sources. These funds are allocated to provide supplementary staffing to support student enrichment and student interventions. These funds are co-designed with district administration and site-based leadership. Additionally, these funds have specific and required usages. Examples of these funds include ADSIS, AI, and Title.

Component 3 ancillary funds provide for a more holistic approach to educating ISD282 students. Funds in these categories provide for student experiences in activities, athletics, and extracurriculars, along with specific clubs, service learning opportunities, and student mental and chemical health support. Funding for these areas is provided by a combination of both district financial contributions and student fees.

Component 4, District Support Services, encompasses the funding designated for the overall operation of the school building. This includes specific funding models for cleaning and maintenance. School leadership does not determine staffing levels for transportation, food service, professional development, and custodial services. These are provided directly by the district to ensure that each building has the shared resources necessary to safely operate educational programming.

The chart below details each school building's budget, broken down by its components. This allows school board members to view approximate costs (please note that actual costs may vary by up to 10%). This model enables the school board to compare actual costs against previously shared projections. Previous budget models presented year-over-year changes as percentage increases (i.e., a 4% increase in labor contracts) and/or FTE staffing increases (i.e., a 0.5 FTE increase for District Office administrative support). By utilizing the ISD282 Budget Model, school board members can see the funding sources used for each building's staffing, providing insight into which funding sources can and cannot be used for specific purposes.

Transparency: ISD282 Budget Model provides a clear and comprehensive budgeting process to the school board. This allows transparency and trust building within the board, staff, and broader community. By clearly sharing the budget per building and the funding sources for staffing - all stakeholders can see the difficulty in understanding school funding. The first step in creating the budget includes enrollment targets. These targets allow the board to determine revenue projections. The ISD282 Budget Model articulates how expenditures are prioritized by resource allocation. Using the ISD282 Budget Model the board can be completely transparent with the community. This transparency allows the board to effectively fulfill its oversight role, empowers staff to understand the financial rationale behind decisions impacting their work, and enables the community to hold the school district

accountable for the use of public funds. A well-defined budget model process promotes informed decision-making, reduces potential misunderstandings, and strengthens the overall credibility of the school district's financial practices.

ISD282 Budget Model starts with the school board determining enrollment targets that are guided by class size recommendations. In 2023, the school board used two studies (Demographics and Facility Analysis) to determine the ideal school enrollment, classroom class size, and over teacher student load (how many students, one teacher teaches in a school day). Per the board's enrollment target the following grade level class size and overall teacher student load.

School Building	Building Enrollment Target	Class Size Recommendations - Per Enrollment Target	<i>Current</i> teacher student load
Wilshire Park	710	K-1: 22 students per classroom 2: 23 students per classroom 3-5: 25 students per classroom	Elective Teachers Average - teaching 164 students.
St. Anthony Middle	450	6-8: 30 students per classroom	Teachers at SAMS Average - teaching 150 students.
St. Anthony Village High	800	9-12: 33 students per classroom	Core Subject Teachers at SAVHS Average - teaching 133 students. Elective Teachers at SAVHS Average - teaching 126 students.

Wilshire Park Budget Model
Enrollment 690-710 Students

Total SAVHS Other (restricted) Sources Budget	\$2,413,253	33%

Additional Component 4 (District Support Services):

To support teachers reaching proficiency in Effective Instruction by Fall of 2025, the School Board requested additional coaching for every teacher. Every teacher receives direct coaching in Effective Instruction by their school-based coach. In addition every teacher receives direct coaching from a World Savvy coach. The funding for World Savvy coaching comes from the 2% professional development funds within the general fund allocation from the state. The yearly cost for World Savvy coaching for all teachers is \$264,225. Reminder to the School Board. The board in 2023 elected to infuse high levels of support to teachers to ensure proficiency by 2025, by using World Savvy, the cost to the district would be one-time costs.

Analysis

The School Board should take note that Community Services (CS) - staffing and operations are not included in this current Budget Model. This is due to the fact that the CS budget has its own revenue sources (from the state and from fees). The General Fund does contribute to early childhood teacher salaries and the district utilizes Lease Levy Funds to rent the CS space from the city of St. Anthony.

In addition, this Budget Model does not include the expenditures dedicated to St. Charles. ISD282 is required (by law) to provide Multilingual, Special Education, and transportation. This current memo does not articulate these expenditures of the cross-subsidies that exist due to this requirement.

The ISD282 Budget Model for the 2025-2026 budget includes the following changes:

- 1.0 Additional FTE for Special Education
- 2.0 Additional FTE for ADSIS - to include SAVHS in ISD282's ADSIS programming. And an increase of .6 at SAMS. The 2.0 FTE increase will require a 40% cross-subsidy from the general fund. The board should note, ADSIS is funded in the same formula as SPED.

When analyzing the enrollment targets, class size limits, and teacher - student load numbers - ISD282 is staffed appropriately. The school board has received communications regarding the enrollment increases at SAVHS - but when comparing the metrics used to staff each building, the high school would appear to be over staffed. On average specialist teachers at Wilshire Park carry a teaching load of 164 students, SAMS teachers carry a teaching load of 150 students, but the High School averages only 133 students for core teachers (Math, English, Science, Social Studies) and HS elective teachers average student load is at 126 students.

District administration would not recommend an increase in staffing at any site for Component 1 - Building Staffing Allocations. Reminder, Component 1 is the base staffing model and requires general fund expenditures. With the continuation of an enrollment target of 200 in 9th grade, for the 2025-26 school year, the HS will be staffed appropriately. The HS will (with acceptance of the ADSIS application) increase their enrichment/intervention programming (Component 2) which will impact the general fund. In addition, with the increase in Multilingual learners, administration is working with our ML/EL coordinator to determine an increase in staffing at the HS (Component 2).

Budget - Enrollment: **1840**

Budget Building in Minnesota Schools

Diverse Funding: Minnesota public schools receive funding from multiple sources.

Restricted Use: Each funding source carries specific, often limited, purposes.

Budget Model Goal: ISD282 uses a budget model to:

- Increase efficiencies.
- Enhance transparency.
- Ensure consistent funding allocation.
- Support the district's vision.

Process:

- **ISD282 Model:** Formalize existing process in writing.
- **Admin:** Creates/refines budget process.
- **Board:** Approves budget, directed by mission/vision alignment.

Why the ISD282 Model:

- **Model:** Drives staffing decisions (buildings/programs).
- **Goal:** Equitable, strategic alignment with mission/vision.
- **Outcome:** Transparency and accountability via process articulation.

ISD282 Budget Model - Components

Component 1 - BASE - Tier 1

Foundational Staffing: Essential positions for basic building operation.

Includes: Teachers (class size-based), Admin, Admin Assistant, Health Aide.

Funding: General operating budget (district-wide).

Flexibility: General funds are the *most flexible funding source*.

Component 2 - Support - Tier 2/3

Alternative Funds: Grants, state/federal sources.

Purpose: Supplementary staffing, enrichment, interventions.

Collaboration: District admin & site leadership.

Restrictions: Specific, required usages.

Examples: ADSIS, AI, Title, Sped.

Component 3 - Whole Child

Ancillary Funds: Holistic student education.

Purpose: Activities, athletics, extracurriculars, clubs, service learning, mental/chemical health.

Funding: District contributions and student fees.

Component 4 - Operations and Systems

District Support: Building operation funding.

Includes: Cleaning, maintenance.

District-Provided: Coordination, Transportation, food service, Prof. Development, custodial services.

Purpose: Ensure safe, consistent building operations.

Why articulate a budget model?

"Transparency builds trust: ISD282's budget model shares with the community, staff, and board clarity in financials, and ensures accountability with informed decision-making."

"By demystifying school funding, ISD282's budget model fosters a shared understanding, enabling collaborative oversight and strategic resource allocation."

The ISD282 Budget Model hinges on ***board-determined enrollment targets***, which are informed by ***class size recommendations***. (Moving from 1834 to 1840)

In 2023, demographic and facility studies guided these targets, ***resulting in specific grade-level class size and teacher-student load parameters***, thus establishing the foundation for resource allocation.

Wilshire Park

4%	Component 3	\$841,887
31%	Component 4	\$6,308,249

Budget By Component

**High Expectations -
High Support**

Component 4 (High Support): Teacher **Coaching**

To **support teachers reaching proficiency in Effective Instruction** the **School Board requested additional coaching** for every teacher.

Every teacher receives **direct coaching in Effective Instruction** by their school-based **EI coach** and every teacher receives direct coaching from a **World Savvy coach**.

The funding for World Savvy coaching comes from the **2% professional development funds** within the general fund allocation from the state.

The yearly cost for **World Savvy coaching for all teachers is \$264,225**. Reminder to the School Board.

Caveats to ISD282 Budget Model

Community Services (CS):

- Excluded from the main Budget Model (this iteration)
- Has independent revenue (state, fees).
- General Fund covers some early childhood teacher salaries.
- Lease Levy Funds cover CS space rental.

Early Childhood Special Education (ECSE): Not fully included in this analysis

St. Charles Expenditures:

- Excluded from the main Budget Model.
- Mandated services (Multilingual, Special Education, transportation) are provided.
- Cross-subsidies related to these services are not detailed.

Budget Assumptions

ISD282 Budget Model 2025-2026

The ISD282 Budget Model for the 2025-2026 budget **includes** the following **assumptions**:

- **1.0** Additional FTE for **Special Education**
- **2.0** Additional FTE for **ADSI** - to include SAVHS in ISD282's ADSIS programming (.4 FTE). And an increase of .6 at SAMS. The 2.0 FTE increase will require a 40% cross-subsidy from the general fund. The board should note, ADSIS is funded in the same formula as SPED.

Budget Analysis: Based on Enrollment

Current Staffing: ISD282 is appropriately staffed based on enrollment targets, class sizes, and teacher-student loads.

No Component 1 Staffing Increase: District administration does not recommend increasing base staffing (Component 1) at any site.

Component 2 Adjustments at the High School: ML/EL and ADSIS

- Potential increases in **Multilingual Learner support** will impact future high school staffing needs.
- With projected enrollment and **potential ADSIS funding**, the high school will be adequately staffed.
