Land Acknowledgement Statement

We ask that you take a moment to stop what you are doing, to listen to these words as we recognize the land that we currently inhabit. No matter where each of us is physically located in Lincoln County, we must understand that we are on traditional homelands and unceded territories of indigenous peoples. Where we live in Lincoln County, these are the ancestral homelands for the Confederated Tribes of Siletz Indians.

Lincoln County School District acknowledges the Confederated Tribes of Siletz Indians that consists of over 30 bands originating from Northern California to Southern Washington. The Confederated Tribes of Siletz Indians currently occupy and manage 9,310 acres located here in Lincoln County but is a mere fraction of their original 1855 1.1 million-acre Siletz coastal reservation. We must remember the people of the Confederated Tribes of Siletz Indians are and will forever be the first stewards of this land, water, and fish.

We acknowledge and recognize the continued sovereignty of the Confederated Tribes of Siletz Indians and honor their ancestral homelands. We are committed to bringing awareness to their history and the existence of the Confederated Tribes of Siletz Indians since time immemorial.

3. Review of draft Equity Lens and draft Administrative Rule

Policy AAA: LCSD Equity Lens

Date: Sept 2022

BACKGROUND AND VISION FOR EQUITY

The development of a Lincoln County School District Equity Lens began in 2019 when the district put together its first Equity Team. Through the work of the Equity Team, which includes participation from LCSD employees (teachers, administrators and classified staff), community partners and students from each of our high schools, an Equity mission, vision, values, positioning and purpose document was created in 2020. Also in 2020-21, the LCSD Land Acknowledgement was created in order to recognize the sovereignty of the Confederated Tribes of Siletz Indians whose land we live and work on. In 2021-22, the district's first all district Equity Lens was created with feedback from various stakeholder groups. This draft Equity Lens went to the Board at its August 18, 2022 Retreat and eventually, passed as a new district policy in the 2022-23 school year.

HOW WILL THE LCSD EQUITY LENS BE USED?

The Lincoln County School District Equity Lens will be used as a decision making tool when creating, reviewing and implementing school district policies. The Equity Lens will be implemented when decisions regarding equitable resources allocation arise, when policies about student instruction and discipline come into play and for other policy related decisions as appropriate. It will be used by all employees and by all board members just as any other policy is used in the district. An Administrative Rule will be crafted by the superintendent to guide the use of this policy.

EQUITY TEAM PURPOSE STATEMENTS

What is the Vision for Equity for the Lincoln County School District? Through board and policy commitment, our unified vision is to welcome, accept and affirm equitable practices that break down barriers, promote access, voice, and advance ongoing opportunities for an equitable education for all.

Our ultimate purpose is to interrupt faulty educational systems by evaluating and guiding current educational practices, which provide access to diverse voices that eliminate barriers; so that every student attains a premier education in Lincoln County School District.

Through our progressive, consistent and intentional actions, the district's actionable positioning will prioritize our work through equity focused courageous conversations by examining everything through a LCSD equity lens; a lens that develops mindfulness, use of culturally respectful language, builds human capacity and exudes presence.

Our values are: genuine equity and inclusion, moral courage, unapologetic leadership, curiosity, transparency, intentionality, reflection, stakeholder input, cultural responsiveness, measurable action, honoring communities, and egalitarian dignity.

Our mission is to bring forth bold actions through intentional discourse and policy review, current and future, that prioritize data and professional training to assert cultural relevance and representation that provide necessary skills to meet the needs of all students.

Based on Multnomah County's, "5 P's Equity Lens Tool" (2022), the following are the five "Ps" of our LCSD Equity Lens: purpose, people, place, process and power. Each of these 5 "Ps" has an Essential Question to be posed whenever decisions are being made that will affect students' equitable access to education. They are as follows:

1. **PURPOSE (Why):** The purpose of the equity lens is to center equity and inclusivity so that students, families, and systems do not experience barriers throughout our district. Our equity lens will bring access, voice, and visibility of individual identities that promote justice while honoring relationships in a conscious and accountable manner.

Essential Question about Purpose: What past and current experiences may contribute to a system that may further perpetuate barriers to an equitable education at LCSD?

2. PEOPLE (Who): The equity lens is thoughtful in language, respectful of the past and present trauma of marginalized groups, recognizing the struggle for civil rights and equity. The trauma and process our underserved people have endured deserves to be treated with gravity and solemnity.

Essential Question about People: Who are the voices and what are the stories of our historically underrepresented communities that have not been served and recognized for their struggles for civil rights and equity in LCSD?

3. PLACE (Where): The equity lens recognizes environmental and geographical impacts on resource allocation and holds space for access to equitable resources, not hindered by geographic location, socioeconomic status, varying neuro abilities or demographics (culture, race, ethnicity, gender, etc.).

Essential Question about Place: What environmental and geographical impacts are essential in factoring and distributing resources equitably throughout LCSD?

4. PROCESS (How): The equity lens addresses policy barriers and processes through open and honest discourse and decision making which result in empowering, supporting, and reducing the traumatization of people.

Essential Question about How: How are we meaningfully including or excluding people who are affected by the Equity Lens? What policies contribute to exclusionary practices?

5. POWER (What): The equity lens through genuine shared power and authentic shared decision making contributes to strong problem solving and action that moves forward equitable policies, boards, and communities.

Essential Question for Power: What are the visible and invisible benefits and burdens that students and communities experience at the hands of our policies and processes of power?

Equity Policy

The Ashland School District (ASD) is a learning community committed to achieving equity and success for each student. In upholding the district's mission of empowering students to be lifelong learners, responsible citizens, and stewards of the world, the district expands its equity practices to be more inclusive of its diverse learning community.

The district will create and maintain a safe, welcoming, supportive, and inclusive environment for all of its students. Student success will not be predicted nor predetermined by race, ethnicity, socioeconomic status, enrollment mobility, language, family structure, sex, sexual orientation, gender identity, disability, citizenship, initial proficiencies, or religion.

The district will change its practices as needed in order to encourage the celebration of diversity; achieve and maintain equity in education; and maintain an environment that is supportive and inclusive of all students. Every student deserves to have a respectful learning environment in which diversity is valued and contributes to successful academic outcomes. Educational equity goes beyond equality--where all students are treated the same--to fostering a barrier-free environment in which all students have the opportunity to thrive.

The Catalyst for Change

A primary issue in educational disparity is race equity. In school districts across the state, White students, as a group, have outperformed Black, Hispanic and Native American students on state assessments in nearly every subject at every grade level. White students consistently graduate at higher percentages than students of color, while students of color are disciplined more frequently than White students. Similar issues persist among economically disadvantaged students, regardless of race, ethnicity and cultural background. The Ashland School District will work to eliminate such disparities for its students. These disparities are unacceptable and are directly at odds with our belief that all students have the potential to achieve.

Complex social and historical factors contribute to inequities within our society. The Ashland School District resolves to address educational disparity at every level of the organization through policy, procedure, and practice in order to eliminate persistent achievement gaps, inequitable treatment, and inequities within the district.

The Ashland School District Believes:

1. Every student can learn and has the potential to achieve with adequate support at the highest levels when all staff work together to provide equitable access and opportunity for learning;
2. The responsibility for eliminating educational disparities among students rests with adults, not children, and is shared broadly by all district staff, administrators, teachers, families, and communities;

3. An inclusive and welcoming environment plays a critical role in supporting a child's educational goals, which may differ from student to student;
4. Everyone in the district will hold each student to high expectations and prepare all students for college or career, and responsible citizenship; and
5. Maximizing the academic achievement and success of every child requires allocating resources equitably, not necessarily equally.

The Ashland School District Will:

1. Affirm the identity of each student and acknowledge and honor differences to create a sense of belonging for each student;
2. Provide students with equitable access to high-quality curriculum, programs, extracurricular activities, support services, teachers, administrators, and staff even when this means modifying current practices or differentiating resource allocation;
3. Systematically utilize district-wide and individual school level data, disaggregated as appropriate by race; ethnicity; language; special education; sex; sexual orientation and gender identity when available; socioeconomic status; enrollment mobility; and disability status to better inform district decision-making and to make those decisions in a manner that is free of bias;
4. Incorporate the voice, culture, and perspectives of students, staff, families, and communities that reflect student demographics in order to support and enhance student success;
5. Identify and counteract biased practices that perpetuate achievement disparities and lead to disproportionate levels of student success;
6. Actively recruit, hire, and retain staff who reflect student demographics;
7. Support employees to engage in culturally-responsive practices, including the delivery of quality instruction and services;
8. Be responsible and accountable for the success and achievement of all students;
9. Ensure that the Ashland School District Strategic Plan supports the principle of equity through its core values, goals, and strategies; and
10. Regularly report progress and outcomes of the district's equity plan(s) to the Board of Education and the community.

Racial Educational Equity

Corvallis School District acknowledges the historical, generational, and compounding reality of the systems and structures that have intentionally created opportunities for some groups and perpetuated racial inequities for others. This Racial Educational Equity Policy was written collectively with the voice and perspectives of our Black, Indigenous, and People of Color (BIPOC) community and students. We will use the word ‘we’ when referring to the district as we believe we are all responsible and accountable for the academic growth and well-being of every student in our district. We are committed to the success of every student in each of our schools. For that success to occur, we are committed to racial educational equity by recognizing and dismantling institutional barriers and creating access and opportunities that benefit each student. We recognize that the historic, persistent racial opportunity gap is unacceptable, and these disparities contradict the beliefs and values that the district articulates. We will achieve equity when student identity, including racial identity, does not predict or predetermine success in school.

Oregon’s history has impacted specific groups of people of color differently and the context of that treatment matters. In order to advance equity and racial justice, individuals and communities need a better understanding of the state’s historical treatment of certain groups, based on race, ethnicity, socioeconomic status, immigrant status, and gender expression. This policy is a vital step in raising awareness and understanding.

Racial educational equity is based on the principles of justice in allocating resources, opportunity, treatment, and success for each student.

Racial educational equity promotes the real possibility of racial equality of educational results for each student and between diverse groups of students. Racial equity strategies are intentional, systemic, and applied across all district operations with an emphasis on teaching and learning processes. We acknowledge that current and historical systems and structures have perpetuated racial inequities in health, safety, nutrition, housing and environmental, as well as academic outcomes. Rather than perpetuate racism, we must take responsibility to dismantle it.

To achieve racial educational equity, we are committed to:

1. Narrowing the opportunity gap between student groups while raising the achievement of all students.
2. Consistently using districtwide and individual school level data¹, disaggregated by race, ethnicity, special education, gender, and socioeconomic status to inform district decision making.
3. Promoting opportunities in all aspects of education, including extracurricular activities, to ensure equitable representation in advanced learning such as talented and gifted and advanced placement courses. Eliminate disparate representation in special education and discipline referrals.

4. Preparing all students to graduate and succeed in a diverse local, national, and global community.
5. De-centering the dominant narratives that stereotype people of color.
6. Honoring the culture, language, existing knowledge, and lived experiences that students bring to the classroom and using it to inform our teaching practice.

In order to achieve racial educational equity for each and every student, we will:

1. Ensure every student has equitable access to high quality culturally responsive curriculum that includes the multiple perspectives and contributions of other cultures and identities.
2. Give every student equitable access to educational resources such as inclusive classroom libraries, academic support, and facilities. Ensure students are not limited by their level of English acquisition. Equitable resource allocation will close the opportunity gap so that all students can thrive academically.
3. Review and examine existing policies, programs, professional development, and procedures through an equity lens for the promotion of racial educational equity. Develop all applicable new policies, programs, and procedures with racial educational equity as a priority.
4. Remedy the practices—including assessment—that lead to over- and under-representation of students of color in specialized programs including sports, clubs, performing arts and other school-sponsored activities.
5. Recruit, retain and support a racially conscious and culturally responsive workforce that includes racial, gender, and linguistic diversity, including administrative, instructional and support personnel, coaches, counselors, and behavior staff.
6. Ensure that every employee in the district is responsible and accountable for the learning and achievement of all students and for building a culture that reinforces this responsibility. The responsibility for dismantling racial disparities lies with adults, not students.
7. Strengthen employees' knowledge and skills for eliminating opportunity gaps and other racial disparities, as well as increase their capacity to understand the root causes of oppression.
8. Create schools with a welcoming, inclusive culture and environment that reflects and supports diversity of the student and staff population, their families, and their community, and creates a deep sense of belonging. Asset and strength based schools celebrate student and family cultures, languages, and lived experiences.
9. Embrace multiple perspectives in learning and growing toward more racially equitable educational outcomes. These diverse voices should include students and may also include families, government agencies, institutions of higher learning, early childhood education organizations, other districts, community-based organizations, local businesses, and community members of color (including those whose first language may not be English.)
10. Create multiple pathways to success, including college preparation and vocational training, in order to meet the needs of a racially diverse student body, and actively encourage, support, and expect high academic outcomes for each student.

11. Guarantee culturally responsive materials, assessments and courses that reflect the diversity of our nation and are geared toward the understanding and appreciation of race, ethnicity, gender identity, gender expression, sexual orientation, culture, socioeconomic status, language, ability, and other attributes that contribute to the uniqueness of each individual.

Every Corvallis School District employee is responsible for the success and achievement of all students. The Board recognizes that these are long term goals that require significant work and resources, as well as courageous action and boldness, to implement across all schools. As such, the Board directs the Superintendent to develop an action plan with clear objectives and metrics, prioritizing staffing and budget allocations and making the action plan accessible to the community.

The Superintendent will report on the action plan and progress towards these goals at least annually.

LCSD EQUITY LENS

This Administrative Regulation is meant to serve as a reference or guide for using the Lincoln County School District's Equity Lens as a tool to ensure equity throughout the educational process.

BACKGROUND AND VISION FOR EQUITY

The development of a Lincoln County School District Equity Lens began in 2019 when the district put together its first Equity Team. Through the work of the Equity Team, which includes participation from LCSD employees (teachers, administrators and classified staff), community partners and students from each of our high schools, an Equity mission, vision, values, positioning and purpose document was created.

HOW WILL THE LCSD EQUITY LENS BE USED?

The Lincoln County School District Equity Lens will be used as a decision making tool when creating, reviewing and implementing school district policies. The Equity Lens will be implemented when decisions regarding equitable resources allocation arise, when policies about student instruction and discipline come into play and for other policy related decisions as appropriate. It will be used by all employees and by all board members just as any other policy is used in the district. An Administrative Rule will be crafted by the superintendent to guide the use of this policy.

EQUITY TEAM PURPOSE STATEMENTS

The following are 3 scenarios that may prove helpful in how one might implement the Equity Lens.

Scenario One

Yom Kippur Observance

A new employee asked to take leave and what kind it would be for observance of Yom Kippur.

Scenario Two

GLSEN Rainbow Library and Textbooks

A parent posts on Facebook soliciting honest feedback regarding a book his daughter came home with from the school library. The book titled, “Ana on the Edge,” written by A.J. Sass is from the elementary school’s GLSEN Rainbow Library section that provides inclusive and affirming literature around Gay, Lesbian, and Straight Education. There are three GLSEN Rainbow Libraries in the district.

After many positive and negative comments on his Facebook post, he writes to the district office requesting that this section of the library be removed from the library.

Scenario Three

Quinceañera Practice

A student-athlete requests an excused school absence to practice for her quinceañera. Without an excused absence, the student wouldn’t be able to compete in the athletic contest after school, hence the request.

Board Strategic Goals 2020-2025

GOAL ONE: Demonstrate High Expectations For Student Achievement By Supporting an Equitable Education Framework. ALL LCSD students will demonstrate continuous academic and behavioral growth and achievement as demonstrated by the indicators. LCSD will strive to create equitable classrooms across the district within a framework of excellence in education.

GOAL TWO: LCSD is a Convener and Influencer of City, County and State Education and Economic Policies. LCSD will convene at least one countywide partnership gathering per year in order to connect Lincoln County elected people, organizations, and agencies in order to create partnerships that benefit our students and families throughout the community.

GOAL THREE: LCSD will provide for the Health and Welfare of our Facilities. LCSD will continue to assess, monitor, and enhance all of its facilities and grounds such that every school is warm, safe and welcoming to all students, families and communities and learning experiences are supported in the healthiest environments possible.

GOAL FOUR: LCSD will Identify the Need and Development of a LCSD Foundation (501 c 3). LCSD will investigate the development of a LCSD Foundation for the purposes of creating a funding source for valued activities we currently cannot pay for through the general fund such as art, music, theater, middle school athletics, some field trips, and other items desired by our teachers and staff. Feasibility, costs and sustainability will be investigated.

GOAL FIVE: Enhanced Communications and Community Engagement. LCSD will enhance the ways in which it communicates with community stakeholders and increase the engagement of various community groups by connecting schools, families, and partners countywide.

Lincoln County School District Equity Team Land Acknowledgement Statement

We ask that you take a moment to stop what you are doing, to listen to these words as we recognize the land that we currently inhabit. No matter where each of us is physically located in Lincoln County, we must understand that we are on traditional homelands and unceded territories of indigenous peoples. Where we live in Lincoln County, these are the ancestral homelands for the Confederated Tribes of Siletz Indians.

Lincoln County School District acknowledges the Confederated Tribes of Siletz Indians that consists of over 30 bands originating from Northern California to Southern Washington. The Confederated Tribes of Siletz Indians currently occupy and manage 9,310 acres located here in Lincoln County but is a mere fraction of their original 1855 1.1 million-acre Siletz coastal reservation. We must remember the people of the Confederated Tribes of Siletz Indians are and will forever be the first stewards of this land, water, and fish.

We acknowledge and recognize the continued sovereignty of the Confederated Tribes of Siletz Indians and honor their ancestral homelands. We are committed to bringing awareness to their history and the existence of the Confederated Tribes of Siletz Indians since time immemorial.
