7.d. First Student Report (Written)

Talking Points-Please contact me at Darleen.vanriper@firstgroup.com with any comments or questions.

1. **OOT Drivers: Out-of-Towners Who are Here to Help**

As our numbers of available drivers continue to drop, we reached out to our regional team for assistance. Our call for help was answered by Washington and Montana. We received five OOT drivers, and over the spring break, we trained and prepared them to be ODE ready and ready to roll.

The process to get experienced drivers from out-of-state ODE-ready is simple: we need updated DOT physicals, fingerprints, background checks and four hours of Experienced Driver Training, so we can apply for the temporary permit and then the “green card” for bus drivers.

2. **First Student Employees and Social Media**

Facebook, Twitter, tiktok...it has become so easy to for individuals to express themselves publicly and share their lives with the world. Sometimes those posts are friendly, funny and endearing, and other times, posts are mean, hateful and borderline slander. Too often, people share information that are solely based on their opinion without investigating the issue further. Unfortunately, our employees become the subject of such posts...and most of the time, these posts are based on emotions and half-truths rather than on informed investigation.

First Student’s policy on the use of social media is clearly outlined. Especially when our employees become the center of attention of a disgruntled individual’s social media post, we remind them to focus on the positive and continue to be the safest bus driver on the block.

Safety & Security at First Student: Route Familiarity

First Student’s main priority is to transport our children safely to their destinations. During training, our drivers learn how to become professional drivers and how to build and maintain a safe school bus environment for all passengers and for the operators. One of the many terms our drivers memorize is “Route Familiarity.”

Route Familiarity is a state in which a driver automatically recognizes any changes while on route, at school bus stops and in school loading zones. While our bus drivers are operating their vehicles, they become aware of which cars park at their bus stops, who is there to pick up their students, when to slow down to avoid that pothole, and listen for anything that seems to be off topic with their passengers.

Our drivers also know who the student’s responsible adult is, and when something is off (like that white van with the unfamiliar individual waiting at a bus stop); they radio in any unusual events or simply ask if a new individual is authorized to pick up the student.

3. **Trainers Help Drivers: Know Your Bus is in Working Order**

Pre-trip Inspections are the very beginning of a school bus driver’s day. The moment they approach their buses, they are already looking for anything unusual such as open doors, puddles under the engine, or tilted buses. Our busdrivers check the entire bus for any missing parts, new dents, leaking hoses, or bald spots on their tires.

Part of this inspection is also making sure that the breaks work. While our small buses work with hydraulic breaks, the big buses exclusively run (or stop) on air breaks. The inspection of the sir breaks is quite involved and requires the driver to check for air leakage, break pad wear and tear ans well as the timing of filling the air tanks. If any part of the break does not satisfy the driver’s check, the bus is downed and a new bu must be issued to the driver. This can sometimes lead to delays on route, but we believe that it is safer to check the breaks, than run late for school or home drop off.

Lincoln County School District

School Meals Gardens Food Pantry

NSLP ADMINISTRATIVE REVIEW NOTES FROM ODE

Nutrition Services had its scheduled ODE Administrative Review in late March. The review covers health, safety, wellness, meal compliance, program management, civil rights, fiscal management, and record keeping. On average, Districts will receive 8-9 findings per review, we had 5. None of our findings resulted in serious deficiencies or fiscal action and are simple updates to our records or processes that have already been completed. USDA federal programs, including the National School Lunch Program (NSLP), are some of the most highly regulated programs for schools. We are proud of these results and the staff that keep us in good standing.

From ODE: ODE appreciates the time and effort Lincoln County School District (LCSD) has allocated to the administrative review process and the graciousness extended to ODE staff. The off-site tool was completed thoroughly and displayed strong program knowledge and leadership with LCSD staff. All documents were submitted timely and follow up questions were responded to quickly. Of special note, LCSD's nutrition program produces a wonderful newsletter aimed at promoting all aspects of the LCSD nutrition program.

Nicely done!

During the review the entire school community, LCSD and FSMC staff, were friendly and welcoming. Excellent customer service and welcoming cafeteria environments were observed at all sites and students were treated with great respect. Oceanlake Elementary cafeteria was bright and welcoming with signs on display promoting food choices. Throughout the review all staff were professional, asked great questions, accepted feedback, and displayed a wonderful attitude to making any needed corrections. LCSD and FSMC staff displayed a strong commitment to improving the district's nutrition program. The district works hard to minimize paper waste by using reusable trays and silverware at all sites. The team at Waldport High School were friendly to students and excited about the meals they were serving.

Schools with salad bars have a wide variety of food options to choose from including access to fresh fruits and vegetables and a variety of appealing entrees. Kitchens are clean, food handling practices are excellent, and strong food safety systems are in place. The line flows were efficient, and students did not have to wait long in line to be served.

LCSD displayed a strong partnership with Eddyville Charter School ensuring the items sold at the school are Smart Snack compliant with the exception of one item that will be corrected.

Additionally noted, LCSD completed the Local School Wellness Policy triennial assessment which was due by June 30, 2023. After multiple years of this assessment being delayed because of COVID waivers, it is impressive that LCSD stayed on top of the requirement and completed it timely. The school district also displayed strong financial processes including policies for a-la-carte milk sales, adult meal pricing, documentation for catering and equipment purchases, and internal controls.

CEP-Community Eligibility Provision

Calculations are done each April for the following school year and are good for 4 years, but districts can re-calculate each year to get a better rate of reimbursement. Due to changes in the USDA guidelines, schools can now add Medicaid recipients as Direct Certifications in their Free & Reduced Calculations. This change increased the number of identified students and allowed a one-time Mid-Year recertification option which we used.

Funding Example - Lunch	% of Meals Reimbursed		
	Original	New	
Federal Reimbursement at "Free" Rate	66.66%	90.00%	
State Reimbursement from SSA at "Free" Rate	23.34%	0.00%	Shifted to more reliable Federal Funding
Total % of Meals Reimbursed at "Free" Rate	90.00%	90.00%	
Federal Reimbursement at "Paid" Rate **	10.00%	10.00%	
	100.00%	100.00%	

**District must cover the difference between the Free and Paid rates and any decrease in reimbursements from excess earnings in other nutrition programs such as breakfast.

Other Comments

State money can be limited and big districts had already been anxious about covering a shortfall in coming years. LCSD will not need to rely on State funds at all. This helps to ensure a well funded Nutrition Services Program. These numbers are locked in for 4 years which guarantees free meals for all students until we are required to recertify for 27/28. LCSD boundaries include the entire county so this certification ensures off-site after-school and summer meal sites are CEP eligible county-wide. This also ensures that home daycares can use our eligibility to qualify for USDA nutrition programs. Additionally, it ensures that all students are eligible for State EBT programs. These are the numbers we use when applying for grants.

WHAT'S NEXT FOR SCHOOL GARDENS?

Lincoln County School District Nutrition Services has been awarded \$67, 873 in grant funds from ODE to support the completion of school gardens at both Toledo Elementary and Toledo Jr/Sr High Schools in 2024-25. Garden Coordinator Sara Gibson is putting the finishing touches on the Sam Case Elementary Garden and will be shifting her focus to the Toledo Area starting the summer of 2024. Completion is expected to be done by August 2025.

Custom Built Garden Shed for Sam Case Elementary

WHAT'S GROWING ON?

-LCSD SCHOOL GARDENS-

WHY GROW MUSHROOMS?

NMS school gardeners harvested their first batch of shiitake mushrooms this spring. Shiitake mushrooms grow on hardwood logs and are loaded with nutrition. A serving of shiitake mushrooms provides:

- Riboflavin: 11% of the Daily Value (DV)
- Niacin: 11% of the DV
- Copper: 39% of the DV
- Vitamin B5: 33% of the DV
- Selenium: 10% of the DV
- Manganese: 9% of the DV
- Zinc: 8% of the DV
- Vitamin B6: 7% of the DV
- Folate: 6% of the DV
- Vitamin D: 6% of the DV

Even if students don't want to eat mushrooms, growing them is a fascinating way to learn about nutrient cycling and they are fun to cultivate. NMS students drilled holes in alder logs and hammered in inoculated shiitake plugs. In about 8 months we will get our next harvest.

FRESH FRUIT AND VEGETABLE PROGRAM (FFVP)

The Fresh Fruit and Vegetable Program (FFVP) is an important tool in our effort to combat childhood obesity. The program has been successful in introducing elementary school children (K-8) to a variety of produce that they otherwise might not have the opportunity to sample. This month's menu includes: Mini Cucumbers, Dragon Fruit, Lemon Plums, Magic Sunrise Apples, Dekopon Tangerine and Jicama.

DID YOU KNOW?

Jicama is a member of the potato family and can weigh up to 50 pounds!

ELD & Elementary Social Science Adoption Recommendation to the School Board

March 12, 2024

ELD: Our Process for K - 12th

October 2023 Meeting: ELD teachers, Language Acquisition TOSA, and Federal Programs TOSA meet to begin the adoption process.

November 2023 Meeting: Team reviews and rates the three publisher materials options from the ODE approved list.

January 2024 Meeting: Independent adoption review for the kindergarten materials from National Geographic/Cengage materials as they were not on the approved state list but aligned to the materials the team felt were the most appropriate for our district students.

February 2024 Meeting: Final decision was made for all materials to suggest to the board for adoption.

Recommendation of the K-12 ELD Adoption Team

Kindergarten: Reach for the Stars

1st-5th: Reach Higher

6th-8th:

- Newcomer: Time Zones Starter, 1, 2
- ELD class materials: Impact Foundation, 1, 2, 3, 4

Secondary:

- Newcomer materials: Time Zones
- ELD class materials: Pathways Foundation, 1, 2, 3, 4 and Perspectives Level 1, 2, 3

Total Cost: \$112,242.89

K-6 Social Science Adoption: Rationale

- Next state social science material adoption will occur Fall 2025
- Plan for compliance with ODE
- Opted to pursue open source materials in order to bridge the gap between our current need for materials and our plan to adoption materials during the next state adoption cycle
- There is no cost for the materials contained in this adoption.

K-6 Elementary Social Science: Our Process

January 8th Meeting: 15 classroom teachers, 6 specialists, and 5 administrators meet to begin the adoption process. Began with powering the standards for each grade level and determined where standards are already being addressed in cross content areas.

January 22nd and February 4th Meetings: Team uses resources provided from vetted sources to begin the material search for each standard in each grade level.

February 26th Meeting: Finalized links in the scope and sequence for all materials K-6 to suggest to the board for adoption.

What curricula to pilot?

Wanted to pilot 3 for MS & HS

Using ODE Instructional Materials Evaluation Tool (IMET):

- Step 1 - Removed curricula not approved
- Step 2 - Reviewed priority criteria on IMET Tool
 - **2.1 Engagement and Motivation**
 - **2.2 Culturally Responsive Instructional Support**
 - **3.2 Supports for Students**
 - **3.3 Digital Learning Design Elements**
- Step 3 - Revisited any “1” scores on our lower priority IMET standards
 - **3.1 Supports for Teachers**
 - **4.2 Performance Assessments**
 - Resulted in keeping Stile and Twig in the mix (both received a “1” in one assessment standard)

Step 2 - Piloting & Data Collection

- December 2023 through February 2024
 - each curriculum piloted in classrooms
- Teacher & Student feedback collected

High School Student Feedback - McGraw Hill

Chemistry:

“Hard to understand what the questions are asking. I understand that they want a specific answer. The questions are worded so that lots of things would work but it is unclear what they are looking for.”

Biology

Positive: Format was easy to follow and visuals were helpful.

Negative: Instructions were overblown and difficult to figure out what was supposed to be present.

Teacher Perspective: in general, students find the Reading Essentials helpful but these are only available for Biology and not other subjects.

High School Student Feedback - SAVVAS

SAVVAS

Chemistry

Positive:

- Not too cluttered
- Good analogy that helps me understand concepts.
- Highlights important information well.
- Colors are easy on the eyes and not over/underwhelming lead me to the right information
- Motion lines which are actually really nice and make collision reactions make sense
- Walk through labs with pictures to show individual steps.
- Has a molecular view of some reactions as well.
- Table of contents shows specific parts of the chapter rather than just the broad subject.

Negative:

- Some Graphs don't have lines or unit values to help understand them better.(still get the point across)
- Flimsy pages (hard cover available)
- Lots of reused photos.

Biology

Positive: “I did what I thought it was asking.” “I think I get it.”

Negative: “I don’t understand what this is saying” “Pictures would be helpful.”

Teacher perspective: the assignment required students to apply their learning to a new situation and there were multiple ways to interpret the directions. Teacher prompting allowed students to interpret questions better.

High School Student Feedback - Accelerate Learning

Chemistry:

Positive:

“I think the multiple choice questions were good because it made it less complicated.”

Negative:

“The questions were mediocre because they didn’t explain them thoroughly enough, for example, they did not explain the meaning behind the words they were asking.”

“The questions were okay. I would've liked the multiple choice to be more difficult.”

Biology

Positive: “This is easy.” “I know exactly what to do.” “I’ve used things like this in middle school.”

Negative: “Why is this talking about Shakespeare?” “I don’t understand what Shakespeare has to do with Biology.” “This is boring.”

Teacher perspective: questions did not activate student higher level thinking, but the tie in to their English class was a great conversation starter. Students may have a bias from seeing similar materials in middle school and some reacted negatively due to the format.

High School Curriculum Request Upon Evaluation

- The process led the team to recommend **SAVVAS** for adoption
 - Most robust materials both online and in print including detailed Teacher's Edition
 - Differentiated materials including labs plus suggested activities for diverse learners
 - More opportunities for students to bring in individual experiences than other options
 - Workbook options could benefit all learners
 - More Spanish and other language options
 - Visually appealing for students
 - Lab kits for some subjects

Serving the Counties of Linn, Benton, Lincoln, and Beyond!

Linn Benton Lincoln Education Service District (LBL) serves educational agencies, districts, and schools across the state with high-quality services and programs that are practical, reliable, and economical. LBL has a distinguished reputation for supporting educational excellence and equity, working cooperatively with educators and educational agencies, and effecting productive solutions that help schools, teachers, students, and families meet Oregon's educational goals.

LBL comprises 12 component districts and 96 schools with approximately 37,217 students in Linn, Benton, and Lincoln counties. LBL also serves

students and districts elsewhere in Oregon through grants and contracts. Its governance structure includes a seven-member Board.

LBL is one of 19 Education Service Districts in Oregon that serve all 36 counties. The purpose of Oregon's Education Service Districts is defined in Oregon Revised Statute (ORS) 334.005. Education Service Districts assist school districts and the State of Oregon in achieving Oregon's education goals by providing equitable education opportunities for all of Oregon's public school students.

Education Service Districts (ESDs) originated in Oregon's first laws establishing a general system of common schools. Through the history of Oregon's regional services system, local governances and state statues concerning the mission of ESDs has remained somewhat constant: "Education Service Districts assist school districts and the State of Oregon in achieving Oregon's education goals by providing excellent and equitable educational opportunities for all Oregon public school students."

ORS 334.005 defines the mission, purpose, and accountability of an ESD. The mission of education service districts is to assist school districts and the Department of Education in achieving Oregon's educational goals by providing equitable, high quality, cost-effective, and locally responsive educational services at a regional level.

An education service district plays a key role in:

- Ensuring an equitable and excellent education for all children in the state;
- Implementing the Oregon Educational Act for the 21st Century;
- Fostering the attainment of high standards of performance by all students in Oregon's public schools;
- Facilitating interorganizational coordination and cooperation among education, social service, health care, and employment training agencies.

Per ORS 334.175, Education Service Districts must provide regionalized core services in the following areas:

- Programs for children with special needs, including but not limited to special education services and services for at-risk students.
- Technology support for component school districts and the individual technology plans for those districts, including but not limited to technology infrastructure services, data services, instructional technology services, and distance learning.
- School improvement services for component school districts, including but not limited to:
 1. Services designed to support component school districts in meeting the requirements of state and federal law;
 2. Services designed to allow the education service district to participate in and facilitate a review of the state and federal standards related to the provision of a quality education by component school districts;
 3. Services designed to support and facilitate continuous school improvement planning;
 4. Services designed to address schoolwide behavior and climate issues;
 5. Services designed to support career and technical education.
- Administrative and support services for component school districts, including but not limited to services designed to consolidate component school district business functions, liaison services between the Department of Education and component school districts, and registration of children being taught by private teachers, parents, or legal guardians pursuant to ORS 339.035.

An education service district may provide entrepreneurial services to public and private entities and to school districts that are not component school districts of the education service district with the approval of the constituent districts through their approval of the Local Service Plan.

We believe that every student, staff and community partner should be treated equitably. Our focus is to eliminate disparities among all groups.

Equity:

Just and fair inclusion. An equitable society is one in which all can participate and prosper to allow all to reach their full potential.

Purpose:

Provide a common vocabulary and protocol to produce and evaluate policies, practices, processes, programs, services or decisions that result in more equitable outcomes.

Procedure:

Consider the following four questions for any policy, practice, process, program, service or decision:

- 1 **Who Does It Impact?**
 - Who are the groups affected?
 - What are the potential impacts on these groups?
- 2 **Who Has the Opportunities and is Included and Who is Not?**
 - Are existing disparities ignored or worsened?
 - Are there unintended consequences?
- 3 **Whose Voices Are at the Table?**
 - Have we intentionally involved our partners?
- 4 **What Can We Do About It?**
 - How will we mitigate the negative impacts and address the barriers identified above?

Non-Discrimination: LBL ESD prohibits discrimination and harassment on any basis protected by law, including but not limited to an individual's perceived or actual race, color, religion, sex, sexual orientation, national or ethnic origin, marital status, disability, veterans status, or the protected status of any other person with whom the individual associates. [Policy AC](#).

Mission

Linn Benton Lincoln Education Service District serves districts, schools, and students by providing equitable, flexible, and effective educational services through economy of scale.

Vision

To be a responsive and transparent organization that supports districts by embracing continuous improvement in helping every child succeed.

Values

Success for all students and their districts.

Relationships built on trust, responsiveness, and honesty.

The four “E”s of Excellence, Equity, Efficiency, and Effectiveness.

Accountability.

September/October

Visit and interview districts to discuss service level satisfaction, LBL performance measures, and emerging needs. Survey electronically as needed.

October/November

Present VCSA draft resolution Local Service Plan for the next biennium. Review/revise the Local Service Plan as described under ORS 334.175(1) with input from Superintendents.

November

VCSA Superintendents finalize the Local Service Plan services and agreements resulting in recommendation of the LBL Local Service Plan to the LBL Board of Directors and component school districts.

January

The recommended LBL Local Service Plan will be provided to the LBL Board of Directors for adoption for the biennium. By statute, the Local Service Plan must be approved by districts each year.

February

After being adopted by the LBL Board of Directors, the Local Service Plan is approved on or before March 1 by resolution of two-thirds of the component school districts representing more than 50% of the students in the LBL region. Adoption by component district boards shall occur before March 1.

March

Notify LBL staff of changes in service requirements as established in the Local Service Plan.

April/May

LBL acquires the necessary staffing, equipment, and technology and other resources to deliver the services required or services are brokered through other sources.

Resolution Service Allocation

At least 90% of the annual State School Fund (SSF), property tax, and other qualifying resources allocated to LBL will be expended on resolution services. Services will be provided on a two-tiered basis.

Tier 1 Resolution Services

Tier 1 includes services that are available to all 12 districts and are determined as being essential to all districts. Approval to sustain or add a Tier 1 service occurs with a positive vote of two-thirds of the districts, representing over 50% of the students, based on the final ADMr from the 2020-2021 fiscal year as provided by the Oregon Department of Education in May of 2022. The emphasis in Tier 1 is on achieving the greatest economies of scale and assuring equity of access. Tier 1 services are fully funded from the 90% SSF allocation. Service decisions are made for a two year period. However, if a service is provided through a contract that LBL holds with a third party vendor, the term of that contract will take precedence. Current Tier 1 services include:

- Business Information Services
- InTouch Student Receipting Software
- Frontline Software - Forecast 5, 5Cast, 5Cast Plus, and 5Sight
- Courier
- Student Information System Suite: Synergy with Analytical and multi-tiered systems of support modules.
- Network Support Services including Wide Area Network Operation
- Cyber Safety
- Special Education and Evaluation Services (School Psychologists, Speech Language Pathologists, and other special education assessment personnel)
- Early Childhood Special Education Evaluation
- Audiology Evaluation
- Occupational Therapy
- Physical Therapy
- Augmentative Communication Services
- Severe Disabilities: Support and consultation for students
- Strategic Partnerships for Student Success
- Home School: Registration and assessment tracking

Tier 2 Resolution Services

Once Tier 1 funds are allocated, the remaining balance is used for Tier 2 services. Tier 2 funds are allocated based on the average of the last 3 years of actual ADMw. For the 2023-2024 fiscal year, ADMw from FY19/20, FY20/21 and FY21/22 will be used. For the 2024-2025 fiscal year, ADMw from FY20/21, FY21/22 and FY22/23 will be used. The amount is rounded to the nearest tenth of a percentage, not less than 1%. This allows LBL and its component school districts will stay within the constraints of the agreements, yet provide flexibility in the use of funds.

It is further agreed:

Changes in Tier 2 resolution services are negotiated by each district between the LBL Superintendent and the component school district Superintendent based on individual needs and within the following criteria:

- Assist component school districts in meeting requirements of state and federal law
- Improve student learning
- Enhance the quality of instruction provided to students
- Provide professional development to component school district employees
- Enable component school districts and the students who attend schools in those districts to have equitable access to resources
- Maximize operational and fiscal efficiencies for component school districts

- Service decisions will be made prior to May 1st of each year when possible
- Estimates of available resolution funding will be provided in April of each year

While every attempt is made to achieve economies of scale in Tier 2, the emphasis is on customizing a service package for each district. Tier 2 services do not require participation by a certain number of school districts. The emphasis is on the development of consortia of districts utilizing a given service. These consortia may, and most likely will, utilize a variety of funding resources, including resolution service resources, to fund services. The cost of Tier 2 services will be based on the districts ADMr where applicable. Up to 50% of the district's allocated Tier 2 resources may be used to acquire services from sources other than LBL if the service is not provided by LBL, based on the above criterion. Individual districts will determine Tier 2 services of Charter Schools.

Amendments to the Local Service Plan

If the component school districts approve an amendment to a Local Service Plan, the board of the education service district may amend a Local Service Plan that has been previously adopted by the LBL Board and approved by the Boards of component school districts.

ADMw that is used to calculate resource distribution for the 2023-2025 Local Service Plan are as follows:

Enrollment for Year 1 of the 2023-2025 Biennium

Tier 2 funds are allocated based on the average of the last 3 years of actual ADMw. ADMw from the previous three years will be used. This information is provided below.

SPECIAL EDUCATION SERVICES

Audiology Screening and Augmentative Communication

Service: Audiology Screening and Augmentative Communication

Program: Cascade Regional Inclusive Services

How it's funded: Tier 1

Contact: Angie Greenwood

Hearing screenings are provided to all students in kindergarten, 1st and 3rd grades who attend public schools. A child who fails two hearing screenings is then referred to the audiologist for an audiology evaluation. Testing may include: otoscopy, acoustic emittance testing, standard air and bone conduction audiometry, speech audiometry, and otoacoustic emissions.

Augmentative Communication

Service: Augmentative Alternative Communication (AAC)

Program: Cascade Regional Inclusive Services

How it's funded: Tier 1

Contact: Angie Greenwood

Students who have an existing special education program, demonstrate significant difficulty communicating, and need a specialized system to support their education program are referred to Augmentative Alternative Communication Specialists. The goal of the specialists is to support school staff in creating and supporting student communication opportunities throughout the school day/week- infusing communication training in daily tasks and routines.

Early Childhood Special Education Evaluation

Service: Early Childhood Special Education Evaluation

Program: Early Intervention/Early Childhood Special Education

How It's Funded: Tier 1 and State Grant

Contact: Autumn Belloni, Tina Linn, Catie Dalton and Kimberly McCutcheon-Gross

LBL early intervention specialists provide evaluations for students from birth to age 5 who are suspected of having a developmental delay or disability, including challenges in how they see, hear, talk, move, respond to others, play or learn. Families, child care providers, preschools, physicians, and community agencies can all refer students to the program for evaluation. Children who are found to have a developmental delay or disability are provided an Individualized

Family Service Plan (IFSP). An IFSP is a plan of services individualized for each child and family and includes the child's abilities and needs, services for the child and family, family outcomes related to the child's needs and goals, and objectives reflecting both the child's developmental and special education needs.

Occupational Therapy

Mild/Moderate occupational therapy in the educational setting supports school staff toward the collaborative implementation of student and children's educational goals. Providers assist in the implementation of Individual Family Service Plan (IFSP) and Individual Education Program (IEP) goals with a focus on adaptations and functional skills that promote progress toward those goals. Providers give direct consultation

to school staff and early intervention families for children eligible for services. Classroom teachers and interventionists are assisted with program development and interpretation of medical information. In-service training opportunities are available to enhance knowledge and understanding of issues impacting children's progress towards IFSP or IEP goals.

Physical Therapy

Service: Physical Therapy
Program: Cascade Regional Inclusive Services
How It's Funded: Tier 1 and Tier 2 and State Grant
Contact: Angie Greenwood

Physical therapists play an important role in both developing standards for school staff to assist students with gross motor deficits and in developing health care protocols to ensure safety, availability, accessibility, and self-

care in the school environment. A library of equipment is available for loan including assistive technology, positioning equipment, recreational equipment, and mobility aids. Providers give direct consultation to school staff and early intervention families for children eligible for services. Classroom teachers and interventionists are assisted with program development and interpretation of medical information. In-service training opportunities are available to enhance knowledge and understanding of issues impacting children's progress toward Individual Family Service Plan (IFSP) or Individual Education Program (IEP) goals.

School Psychological Services

Service: School Psychological Services
Program: Special Education and Evaluation Services
How It's Funded: Tier 1 and Tier 2
Contact: Sonya Hart

School psychologists provide evaluation and consultation services to component districts. The school psychologists complete some evaluations in their assigned districts and also lead more complex team evaluations (such as Autism Spectrum Disorder and Culturally and Linguistically Diverse evaluations) that take place in the ESD's testing center. Additionally, school psychologists provide consultation services in a wide range of areas such as systems development, academic interventions and behavioral supports for both general education and special education students, evaluation planning, as well as legal compliance.

Severe Disability Services

Service: Severe Disability Services
Program: Special Education and Evaluation Services
How It's Funded: Tier 1 and State Grant
Contact: Sonya Hart

Consultants provide support on instructional programming for students with moderate to severe intellectual disabilities, financial support, and access to an extensive lending library with materials that target the educational needs of students with moderate to severe intellectual disabilities. Services are provided by a program consultant which include the following resources: coordinates library purchases and

distributes list of available materials, provides districts with or helps districts find technical assistance and materials identified in district goals, visits each district monthly to observe programs and to provide consultation, serves as regional qualified trainer for Extended Assessment, and maintains an iPad loaded with educational apps for teacher preview.

Spanish Interpreter and Translation Services

Interpretation (oral) and translation (written) services in Spanish for school-related activities and meetings/services related to special education are offered through the Special Education and Evaluation Services program. The interpreter/translator services include interpreting at special education meetings and providing exact

translation of all school-related materials and forms, including but not limited to: evaluation reports, education forms, and parent communications. Staff can attend special education meetings to provide interpretation. This service also supports the Culturally and Linguistically Diverse (CLD) evaluations conducted per district request.

Special Education Collaborative

Service: Special Education Collaborative
Program: Special Education and Evaluation Services
How It's Funded: Tier 2
Contact: Sonya Hart

The Special Education Collaborative consists of five component districts who coordinate service and professional development needs through the ESD's learning consultants and school psychologists to maximize the support of district teachers and administrators. The collaborative services and supports include, but are not limited to the following: consultation on special education paperwork development, Individualized Education Plan (IEP) preparation, action plan

and system development, short professional development for individuals or groups of teachers, Oregon Department of Education (ODE) guidance and sharing of ODE resources, Systems Performance Review & Improvement (SPR&I) procedures, and review and maintaining the Electronic Special Education Manual (ESEM).

Special Education Evaluation Services

The Special Education and Evaluation Services (SEES) program offers support to students across the broad range of services, including: system development for general education interventions in academics and behavior, evaluations for Special Education identification, psychologists, speech language pathologists and educational consultants services, interpreter and translator services in Spanish,

Multi-Tiered Systems of Support (MTSS) consultation and training, professional development on research based initiatives, and special education law and current practices in evaluation by SEES staff.

Speech and Language Services

Service: Speech Language Services

Program: Special Education and Evaluation Services

How It's Funded: Tier 1 and Tier 2

Contact: Sonya Hart

Speech Language Pathologists (SLPs) provide speech and language services in Tier 1 evaluations as well as a direct service for districts to address students with a speech language impairment that adversely impacts their educational performance. As a Tier 1 service, speech language pathologists work with the evaluation teams to help identify and evaluate students with a suspected speech language impairment, suspected Autism Spectrum Disorder, or to help teams identify a language difference due to an English language proficiency rather than a disorder for students who are bilingual. As a Tier 2 service, districts are able to purchase FTE to support direct services within districts. Services include improving communication skills for students coping with difficulties in learning to listen, speak, read and/or write. SLPs serving in the schools case manage students who are identified with an eligibility of a speech language impairment as well as serve on intervention teams to help determine appropriate next steps for students who may be struggling with speech and/or language. SLPs may work with students under all disability categories and provide services under Specially Designed Instruction (SDI), related service, and/or consultation. These services may include articulation, receptive language, expressive language, social language, fluency, and voice.

TECHNOLOGY SUPPORT SERVICES

Business Information System (BIS)

Service: Business Information System (BIS)
Program: Business Services
How It's Funded: Tier 1 and Tier 2
Contact: Rocco Luiere

Infinite Visions is a fully integrated solution for financial and personnel management. It consists of integrated financial, human resources, payroll, purchasing, warehouse and fixed asset applications. Designed specifically for schools, Infinite Visions is a true K-12 multi-fund, modified accrual accounting system, both Generally Accepted Accounting Principles (GAAP) and Government Account Standards Board (GASB) compliant, offering full

Microsoft Office integration, drill-down capabilities, expert state reporting, customizable data sorting, and comprehensive reporting. The Infinite Visions suite also includes integrated applications such as the iVisions Web Portal that brings the power of Infinite Visions to every employee's desktop for employee self-services and school site functionality. LBL provides level 1 customer support to districts and acts as a liaison between Tyler Technologies and districts. Customer support includes problem-solving, training, facilitation of user groups, and upgrades and maintenance to each district database.

Cyber Safety

In the last year over 1000 schools have been negatively impacted by ransomware and many more have had breaches that resulted in stolen data. These attacks can cost districts in excess of one million dollars to rectify. Due to this uptick in cyber related attacks many cyber insurance carriers have increased their requirements for coverage.

Service: Cyber Safety
Program: Technology and Information Services
How It's Funded: Tier 1
Contact: Tim Jones

Cyber safety services are designed to help districts assess compliance with insurance requirements and improve their security posture. Cyber safety engineers can work with districts to create a complete security profile and make recommendations on how best to protect the district from malicious actors. While no amount of preparation can prevent all cyber attacks, the cyber safety services can help to lessen the impact in the case of the cyber attack.

Data Integrations

Service: Data Integrations
Program: Technology and Information Services
How It's Funded: Tier 2
Contact: Tim Jones

Data integration services offer the ability to integrate LBLED hosted applications with a variety of third party vendors, including but not limited to Destiny, MealTime, Canvas, Google and School Messenger. Integrations can be configured, implemented and monitored for proper transmission of data.

Desktop Support

Service: Desk top Support
Program: Technology and Information Services
How It's Funded: Tier 1
Contact: Tim Jones

Computer support technicians (desktop support) offer support to users who are experiencing problems with their individual desktop computers or software. Assistance is provided to computer users by answering questions and resolving technical problems related to computer equipment and software. They may install or update required hardware and software, and recommend computer products or equipment to improve district productivity.

Frontline (formerly Forecast5)

Service: Frontline License
Program: Business Services
How It's Funded: Tier 1

SCHOOL IMPROVEMENT SERVICES

Attendance Services

Service: Attendance Services
Program: Strategic Partnerships for Student Success
How It's Funded: Tier 2 and State Grant
Contact: Kristina Wonderly

School attendance advisors work in collaboration with educators to mobilize schools and communities to teach the value of regular school attendance. Decreasing absenteeism involves a team approach in addressing the complex needs of our most vulnerable children in schools. School attendance advisors provide positive messaging, home visits, and mentoring to students and families. They address barriers to regular school attendance and connect students and families to community resources when needed. Schools attendance advisors work closely with school teams to promote a positive culture of attendance and an engaging school environment that motivates daily attendance.

Behavior Consultant Services

Behavior consultants work closely with teachers and administrators to provide behavioral intervention for students in the classroom. Behavior consultants collaborate with educators to complete Functional Behavior Assessments (FBAs) and positive Behavior Intervention Plans (BIPs). They provide specific student strategies to help students learn new behavior skills and promote prosocial behavior and emotional regulation. Behavior consultants provide support for level 1 and level 2 student behavioral safety assessments and sexual incident response

advisory teams. They also provide nonviolent crisis intervention training to teach educators best practices for managing difficult situations involving unsafe behavior.

Family Support Liaisons

Family support liaisons offer a range of services that include, but are not limited to addressing, physical and mental health services, case coordination services, positive youth development opportunities, and education supports. Of importance, secure connections are made for families to access health and social services, assist in navigating social service systems, and eliminating barriers. A disproportionate number of youth and families encounter adversaries such as poverty, homelessness, bullying/harassment, trauma, crisis, food insecurity, and substance abuse resulting in problems with social, emotional, and behavioral health issues. The vision is to fully engage and support underserved populations by integrating and leveraging resources that eliminate barriers to school success and foster successful transition to the workforce or postsecondary education.

Early Intervention/Early Childhood Special Education

This contract through the Oregon Department of Education, supports the program for Early Intervention and Special Education services to young children, birth to five years. Early Intervention/Early Childhood Special Education staff provides consultation and instruction to families and young children with developmental delays and disabilities in a variety of settings through an Individualized Family Service Plans (IFSP).

The focus of Oregon's Early Intervention (EI) program is to build the family's capacity to meet the special needs of their child. EI services are available for children from birth to three years who have developmental delays in their cognitive, physical, communication, self-help, or social skills development. EI services are also provided to children who have medically diagnosed conditions that are likely to result in a developmental delay later in the child's development.

Most EI interventions are provided to the child within everyday routines, activities, and places within their natural environment. Family members or caregivers are shown strategies for teaching the child in situations where and when a skill is used. Early Childhood Special Education (ECSE) provides services for children from three years to entrance kindergarten who qualify for services due to a developmental delay or categorical disability. Children in ECSE have disabilities that significantly impact their developmental progress. Services are provided in community preschools, homes, and structured classrooms and are based on the unique special education needs of each child.

The focus of the ECSE program is on teaching the child needed skills in areas of developmental delay, preparing the child for a school setting, and incorporating intervention strategies into the child's day.

LBL Local Service Plan Addendum 2024-2026: Integrated Grants Technical Assistance

The ESD Mandate: Through the Statewide Education Initiatives Account, each ESD receives funds to provide technical assistance to districts in their region in support of the Student Investment Account, now included in the Integrated Guidance. There is flexibility in how ESD TA funds can be spent, but they must be spent on capacity building expenditures. (Funds cannot be used for direct student services.)

LBLESD	Technical Assistance
Outcome #1	Technical assistance for districts in their implementation of policies, systems, programs, and practices that promote student social emotional wellbeing, mental health, engagement, and physical safety.
Outcome #2	Technical assistance for the continued implementation of and the identified key areas in district Integrated Grants plans via consulting, coaching, professional development, or other supports.
Outcome #3	Technical assistance in data collection and analysis that builds capacity, data literacy, and continuous improvement of schools and districts.
Outcome #4	Technical assistance to further and expand community engagement to meet the requirements of district Integrated Grants planning.
Outcome #5	Technical assistance for the growth and support of Equity within each school district.
Strategy #1	Utilize a Continuous Improvement Team to focus on district social, emotional, behavioral, and student engagement needs in-line with district planning. [Outcomes #1, 2, 5]
Strategy #2	Utilize a Continuous Improvement Team focused on building data literacy of district and school personnel through coaching and training, or provide systems planning and performance support for the systematic use of data in planning and decision making. [Outcomes #2, 3, 5]
Strategy #3	Utilize a Continuous Improvement Team to support Instruction, Mentoring, and Coaching within Districts to provide more equitable outcomes for students. [Outcomes #1, 2, 3, 5]
Strategy #4	Utilize a Continuous Improvement Team to support implementation of District Integrated Grants processes and plans. [Outcomes #1-5]

SEIA Plan presented to Valley Coast Superintendent Association: October 20, 2023, November 17, 2023, January 19, 2024

SEIA Plan approved by Valley Coast Superintendent Association: January 19, 2024

Presented by LBL ESD Board of Directors: February 21, 2024

Adopted by LBL ESD Board of Directors: February 21, 2024

LBLEDSD works to support districts in the implementation of their Integrated Grants plan.

The original SSA purpose:

1. Meet students' health or safety needs. This may include supports from the following:
 - (A) Social-emotional learning and development (SEB Team);
 - (B) Student mental and behavioral health (SEB Team);
 - (C) Improvements to teaching and learning practices or organizational structures that lead to better interpersonal relationships at the school (Engagement/Attendance Facilitator, Instructional & Mentor Coaches);
 - (D) Student health and wellness (SEB Team);
 - (E) Trauma-informed practices (SEB Team);
2. Increase academic achievement, including reducing academic disparities for historically underserved students (Primarily Instructional & Mentor Coaches)

Each of the Activities were created based on the Strategies listed that support the overall Outcomes.

Strategy 1: Utilize a Social, Emotional, & Behavioral Health Team to focus on district social, emotional, behavioral, and student engagement needs in-line with district planning. [Outcome #s 1, 2, 5]

Activity Associated

- Social Emotional Behavioral Health Team
 - Facilitate Needs Assessment focusing on implementation readiness, progress monitoring and program evaluation for existing and/or new social, emotional and behavioral health systems and practices.
 - Train and Coach district and school leaders through professional learning opportunities with customized follow-up support to guide the implementation process of social, emotional and behavioral health systems.
 - Provide Implementation Support & Technical Assistance for existing and/or new social, emotional and behavioral health systems in your schools and district as well as supporting adaptations to these systems to implement in a variety of learning environments.
 - Connect with Local/Regional Leaders for regular collaboration opportunities with other leaders in schools/districts with similar demographics and structures to support the ongoing implementation of social, emotional and behavioral health systems.
 - Share Critical Information Updates on the latest research and trends related to evidence-based or field-tested practices and programs for social, emotional and behavioral health systems including easy-to-implement strategies to share with school leaders and staff.
 - Collaborate with Community Partners to provide access to social, emotional and behavioral health services beyond what the schools or district can provide in house.
- Improvement Facilitator/Engagement
- Professional Development
- DESSA or other SEL screener

Strategy 2: Utilize a Continuous Improvement Team focused on building data literacy of district and school personnel through coaching and training, or provide systems planning and performance support for the systematic use of data in planning and decision making. [Outcome #s 2, 3, 5]

Activity Associated

- Integrated Grants Liaison
- Instructional Coaching/Mentor

Activity Associated

- Integrated Grants Liaison
- All Coaches & Facilitators
- Data Analyst Tech/Programming Support (Longitudinal Performance Growth Targets)
- Professional Development

As outlined in statute, at least 90% of the annual State School Fund (SSF), property tax and other qualifying resources allocated to LBL will be expended on resolution services. The Local Service Plan is developed with the State School fund biennium budget. Districts review and approve the Local Service Plan on an annual basis. Services will be provided on a two-tiered basis.

Tier 1 Resolution Services

Tier 1 includes services that are available to all 12 districts and are determined as being essential to all districts. The emphasis in Tier 1 is on achieving the greatest economies of scale and assuring equity of access. Tier 1 services are fully funded from the 90% SSF allocation. Service decisions are made for a two year period.

Tier 2 Resolution Services

Once Tier 1 funds are allocated, the remaining balance is used for Tier 2 services. Tier 2 services are decided by districts on an annual basis. This allows LBL and its component school districts to stay within the constraints of the agreements, yet provide flexibility in the use of funds.

Transits

Up to 50% of the district's allocated Tier 2 resources may be used to acquire services from sources other than LBL if the service is not provided by LBL.

Statewide Education Initiatives Account (SEIA)

The SEIA grant provides funding to allow greater ESD support to districts. This includes the provision of technical assistance to districts in developing, implementing and reviewing a plan for receiving Student Investment Account grant money; and providing coordination with Oregon Department of Education in administering and providing technical assistance to districts, including coordinating any coaching programs. SEIA plans are adopted and amended as part of the Local Service Plan and approved by the Oregon Department of Education.

The _____ School District is in agreement to have the Linn Benton Lincoln Education Service District provide the Local Service Plan for the 2024-2025 school year as presented.

Board Goals 2024-2029

GOAL ONE: Lincoln County School District will establish and meet high expectations for student achievement.

GOAL TWO: Lincoln County School District will create equitable, diverse, inclusive, and accessible learning environments across the district within a framework of excellence in education.

GOAL THREE: LCSD will provide for the long term health and welfare of our facilities and finances, focusing on accessibility, technological innovation, and purposeful utilization.

GOAL FOUR: Lincoln County School District will strengthen community relationships through communication and engagement with staff, students, families, and community partners.

Lincoln County School District Equity Team Land Acknowledgement Statement

We ask that you take a moment to stop what you are doing, to listen to these words as we recognize the land that we currently inhabit. No matter where each of us is physically located in Lincoln County, we must understand that we are on traditional homelands and unceded territories of indigenous peoples. Where we live in Lincoln County, these are the ancestral homelands for the Confederated Tribes of Siletz Indians.

Lincoln County School District acknowledges the Confederated Tribes of Siletz Indians that consists of over 30 bands originating from Northern California to Southern Washington. The Confederated Tribes of Siletz Indians currently occupy and manage 9,310 acres located here in Lincoln County but is a mere fraction of their original 1855 1.1 million-acre Siletz coastal reservation. We must remember the people of the Confederated Tribes of Siletz Indians are and will forever be the first stewards of this land, water, and fish.

We acknowledge and recognize the continued sovereignty of the Confederated Tribes of Siletz Indians and honor their ancestral homelands. We are committed to bringing awareness to their history and the existence of the Confederated Tribes of Siletz Indians since time immemorial.

NON-DISCRIMINATION: Lincoln County Schools do not discriminate nor tolerate discrimination on the basis of an individual's race, color, religion, sex, sexual orientation, national origin, disability, gender identity, marital status or age or because of the race, color, religion, sex, sexual orientation, national origin, disability, gender identity, marital status or age of any other persons with whom the individual associates.
