Chugach School District Strategic Plan

Focusing on Today...and the Future

Responsibility~

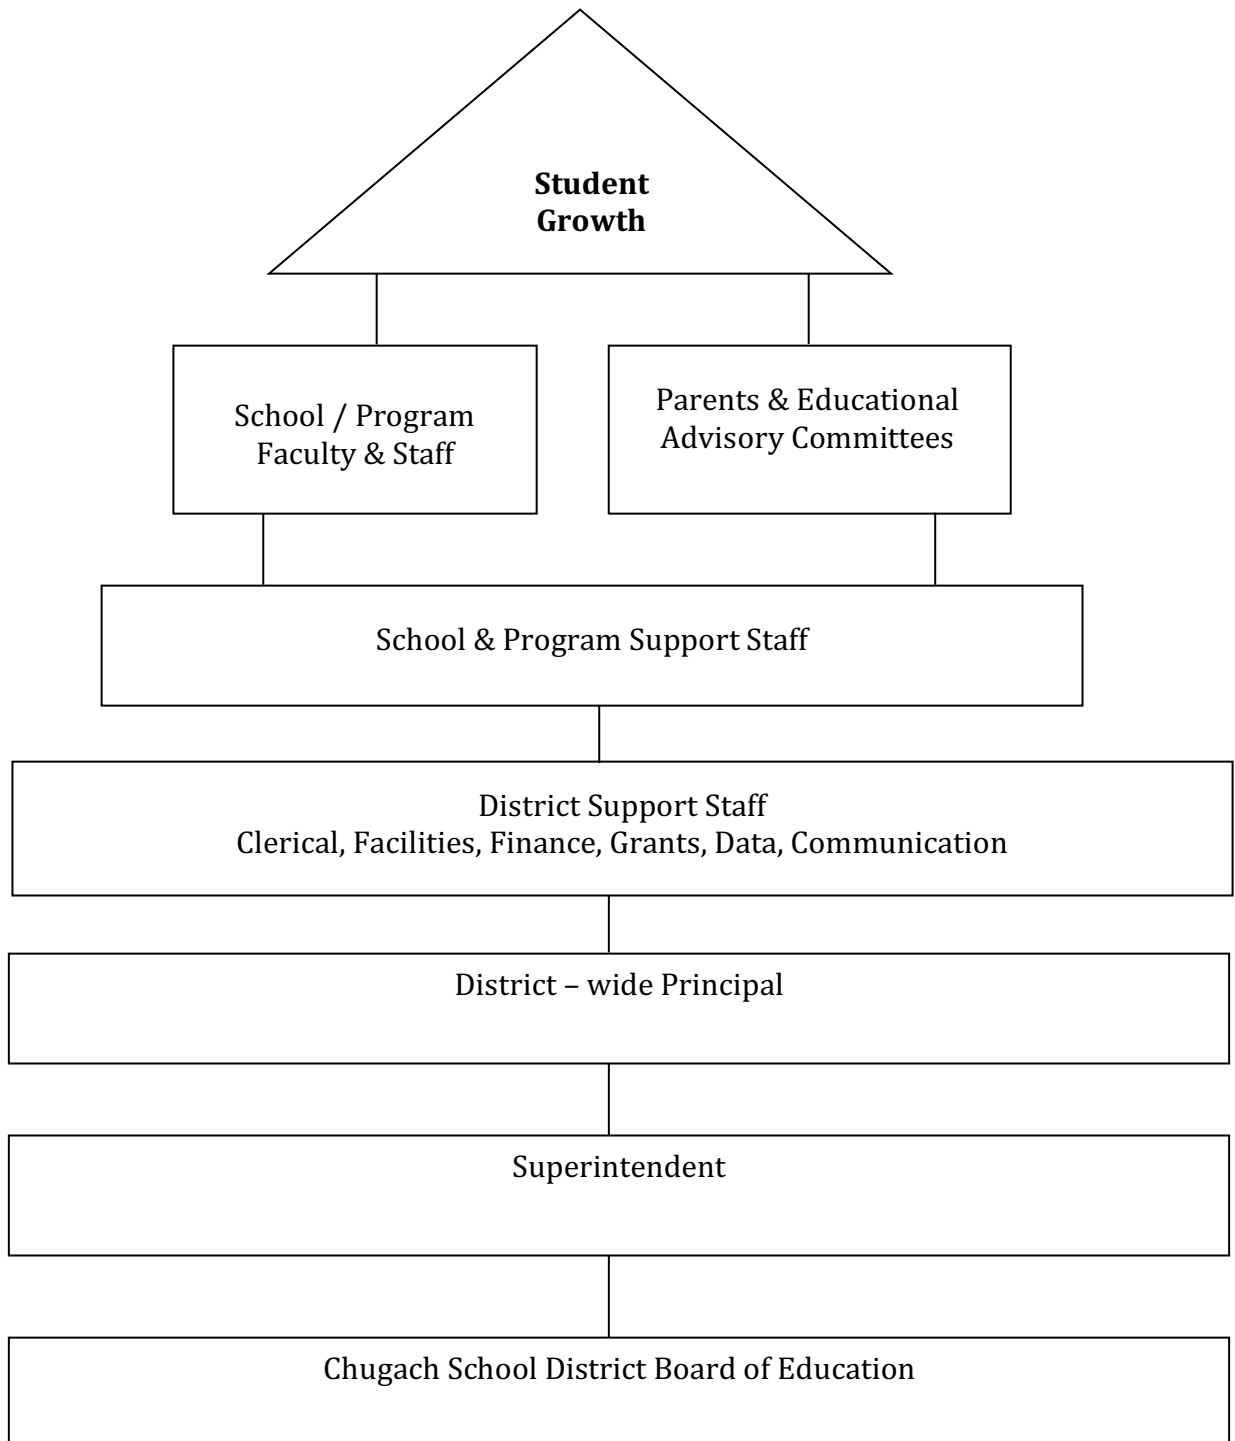

Mission

The Chugach School District is committed to developing and supporting a partnership with students, parents, community and business which equally shares the responsibility of empowering students to meet the needs of the ever changing world in which they live. Students shall possess the academic and personal characteristics necessary to reach their full potential. Students will contribute to their community in a manner that displays respect for human dignity and validates the history and culture of all ethnic groups.

Strategic Planning Process & Cycle

Organization Chart Chugach School District

Development of Chugach School District's dynamic Strategic Plan:

In the past decades, the Chugach School District has had traditional strategic plans, which have been placed in binders on shelves and not utilized as they should be. In recent years, a series of steps has been taken to gather input from all stakeholders in an effort to develop a "Working" strategic plan. We want a plan that we use on a routine basis to guide our efforts and decisions for current focus and future planning.

The first step was the development of our District Shared Purpose, Core Values, and Mission, which was adopted in 2009. Each school then aligned and developed their site's Shared Purpose and Core Values to the District Shared Purpose and Mission. .

Following steps included staff representative teams who worked for entire years gathering input and collecting data to complete our 2009 APEX application. This application gave us foundational information about how we operate, and how we are performing. The APEX report was then used to develop a strategic planning cycle and our strategy maps.

The CSD Strategic Plan's key features include:

- 1 Strategic Plan Development and Input processes
- 2 Shared Purpose, Core Values & Mission
- 3 Strategy Map
- 4 Organizational Chart
- 5 PIER plans and Action Plans
- 6 Communication Documents for a variety of audiences

Today, schools and programs use these strategic planning tools to develop school and individual PIER plans on an annual basis. This ensures that all of our plans are aligned with our Shared Purpose, Core Values and Mission.

The updated Chugach School District Strategic Plan is intended to be a working document: a document that provides guidance for staff and the School Board when making decisions and developing instructional plans for operational efficiency and innovation. As CSD values organizational flexibility, it is expected that some changes to this document will occur from time to time. That said, it's important to have a document that is in place as our next starting point, in order to clearly articulate the direction that CSD is headed.

Re: Chief School Administrator's Report – June, 2023

I. Superintendent's Proposed Goals / Focus Areas

- a. **Communication:** Increase communication through site visits, updates, meetings and other forms of outreach. Communications will be forthright and honest, in hopes of heading off misconceptions and rumors.

Self Eval.: I feel like this year was a learning curve, getting to know the district and learning people's communication styles. Next school year I would like to get out to the sites more often and be more present at Focus activities. I feel like this should be an ongoing goal for me.

- b. **Recruitment and Retention:** Simply put, staffing is the key to CSD's success. Student achievement starts with excellent educators and we will make every effort to recruit and retain high-caliber educators for CSD.

Self Eval.: This goal went well for us this year. We didn't have to look far to find our teacher candidates (two were local hires and one from a partner district). The "In Lieu Of Program," approved by the Board, has already played a key role in retaining and recruiting this year.

- c. **Processes / Policies / Procedures:** We need to align, refine, update, adhere to, and create new processes, policies and procedures to assure the district runs smoothly and efficiently so we can focus our resources on students.

Self Eval.: Much work was done in the area but I feel there is even more work to be done next year. This goal needs to continue to be a focus for the 23/24 school year.

- d. **Instructional Design / Innovation:** Our model is world-class but there is always room for evaluation and refinement. We will also look for innovations that can help us move our programs forward.

Self Eval.: When the Board approved the Aurora Institute for all staff, we kick-started this idea into action. I also believe there was some valuable input that came out of our 2-2-2 survey along with feedback during staff inservices. Our vice chair mentioned a few meetings back that we need to “revitalize” our competency-based model and I feel like the staff feel the same way.

- e. **Work / School Culture:** Our workplaces (schools and offices) need to be ones where folks want to stay. Our schools need to be an Oasis for our students, where adults put aside their differences and leave their baggage at the door in order to create the best learning environment possible for our students. Big people problems should not affect the education that we owe to our children.

Self Eval.: While I think I can do better on keeping the focus on kids, we did make strides in the fact that our schools were relatively quiet this year. Quiet schools, without a lot of problems, are the best learning environments where staff want to stay and students thrive.

FY2024 School Operating Fund Budget TRS/PERS Functional Breakdown**

Page 18

Chugach School District
District Name

The department uses two required revenue object codes, 056 and 057, for the purpose of recording TRS and PERS on-behalf revenue. The full amount of the TRS and PERS on-behalf from all funds must be recorded in the operating fund. The district is to calculate the functional break-out in order to allocate the related on-behalf expenditure.

The district is to use the following allocation method for breaking out the TRS by function.

- 1) To calculate the TRS on-behalf amount take the difference between the Board Recommended Rate and the Effective Rate and multiply the difference by the total district wide TRS payroll from all funds. You will now have the total dollar amount of the TRS on-behalf for all funds.
- 2) Divide the (total district wide TRS payroll by function from all funds) by the (total district wide TRS payroll from all funds) to derive a percentage of total district wide TRS payroll by function.
- 3) The total district wide TRS payroll by function percentage is multiplied by the total TRS on-behalf to come up with the total TRS on-behalf by function to be recorded in the operating fund.

The district is to use the same methodology for recording total PERS on-behalf. The TRS and PERS on-behalf allocations are to be recorded in the schedule below and also included in the employee benefits in each function. The total on-behalf employee benefits by function should reconcile to the total on-behalf revenues recorded from page 4.

Note: TRS on-behalf rate for FY2024 is 12.96% and PERS on-behalf rate for FY2024 is 3.10%

MEMORANDUM #23-20

Title: Deferred Compensation

Reason: Encourage Staff Retention

Date: 6-1-23

BACKGROUND:

The Chugach School District implemented a deferred compensation program in 1996. The program was initiated to encourage staff to participate in a retirement savings plan as well as to increase staff retention. In 2021 Empower Retirement acquired the current plan and now manages the program for CSD.

With the CSD financial landscape specifics somewhat unknown until after the financial audit, the Superintendent recommends the CSD Board approve contributing 1.5% for all eligible staff accounts. If it is determined after audit that we can financially contribute more to the plan, we will revisit and possibly increase our contribution in the Fall.

SUPERINTENDENT RECOMMENDATION:

It is the recommendation of the Superintendent that the Chugach School District School Board pass Memorandum #23-20 as presented.

SUGGESTED MOTION: I move that the Chugach School District Board authorize an FY23 Empower CSD contribution of 1.5% to eligible CSD employee accounts.
