MEMORANDUM

TO: Board of Education
THRU: Dr. Mike Dominguez, Superintendent
FROM: Suzette Goldsby, Plymell Principal/Curriculum Council Chair
DATE: 8/27/27
RE: GCCC Introduction to Computer Concepts and Application

ISSUE: The Board of Education is asked to consider and approve a name change to the current course, Windows App GCCC, to the new course name, GCCC Introduction to Computer Concepts and Application.

BACKGROUND:

GCHS seeks to change the name of Windows App GCCC SI (7022) and S2 (7023) to GCCC Introduction to Computer Concepts and Application SI (7022) and S2 (7023). Each semester is a .05 elective credit. This is a course that will continue to be taught by GCHS staff and the curriculum will remain the same.

The reason for the request is that the name of the course was changed at Garden City Community College. GCHS dual credit course student transcripts need to match GCCC transcripts.

ALTERNATIVES:

1. Approve the course as presented as an elective course to be offered as a .05 credit course for each semester.
2. Do not approve the course as an elective and the course will not be offered.

RECOMMENDATION:

It is recommended that the Board of Education approve the courses as presented.

FISCAL NOTE:

No additional funding will be necessary for these courses.

If this classroom moves to “masks required,” your instructor will inform you through a Canvas inbox message or an announcement in Canvas, and signage will be posted on the classroom door.

At no point should the professor or other students put themselves into an unsafe situation while attempting to enforce a face-covering policy. Campus Security: 620-272-6828.

If you do not wish to provide such consent, you may opt-out by signing a written form and providing the signed form to the Records Office in the Student and Community Services Center (SCSC). The opt-out consent form can be picked up at the Student Services desk in the Student and Community Services Center (SCSC) or online at: https://www.gcccks.edu/covid-19/opt_out_form.aspx.

For this specific class, you are asked to do the following: *Below is sample language that can be included in your syllabi to help students understand basic expectations. The list of actions can be modified.*

1. Complete your daily health screen on the GCCC Mobile App and follow the instructions on your health pass.

The course delivery mode may be changed due to safety or health concerns (ex. if an instructor becomes ill or if the course needs to change due to size). Students will be advised when any changes occur.

SYLLABUS STATEMENT FOR FACE COVERINGS

To protect the health and safety of the Buster and Garden City communities, the college has adopted a three-phase plan for the wearing of masks. Phases 2 and 3 require masks in all classroom and learning environments. If the college moves to phase 2 or 3, students will be notified on the gcccks.edu web site as well as on the Student Feed of the GCCC Mobile App.

Separately, in some classrooms where there are subject-specific needs or additional health concerns, masks may be required regardless of whether the college is in phase 1, 2, or 3. If you are in a classroom with masks required, that requirement will be clearly listed in the course syllabus.

Based on requirements from the Finney County Health Department, specific classrooms and all students and teachers within them may be required to wear masks for periods of time (usually two weeks or less). If this classroom moves to "masks required," your instructor will inform you through a Canvas inbox message or an announcement in Canvas, and signage will be posted on the classroom door.

RE: BOE Policy GAOE

ISSUE:

The Board of Education is asked to consider and approve updated BOE Policy GAOE Workers Compensation. This will be a first read and it will return for approval on the consent agenda on 9/26/24.

BACKGROUND:

This policy was originally adopted by the Board of education on 10-21-96. It was reviewed and readopted on 8-31-15 and reviewed on 7-22-24. SB 430 passed in the 2024 legislative session and the updated policy aligns with the new changes to the law.

GAOE Workers compensation

Workers Compensation

GAOE

(See KFD)

The district will participate in workers compensation as required by current statute. The combined workers compensation benefits and salary received under allowed paid leave shall not exceed one full day's pay.

All employees of the district shall be covered by workers compensation. Workers compensation coverage is provided for all employees regardless of assignment, length of assignment, and/or hours worked per day. Benefits are for personal injury from accident or industrial diseases arising out of and in the course of employment in the district.

An injured employee must notify the designated employer's ~~Benefits workers compensation coordinator or Specialist~~, if the ~~Benefits Specialist coordinator~~ is unavailable, his or her supervisor, either orally or in writing within ~~20~~30 days of the accidental injury or ~~within 20 days of~~ repetitive trauma in order to be eligible for benefits. If the individual no longer works for the district, the former employee has 20 calendar days after the individual's last day of employment with the district to report an injury suffered during a work-related accident or repetitive trauma.

The workers compensation plan will provide coverage for medical expenses and wages to the extent required by statute to those employees who qualify; however, the amount of workers compensation benefits and paid leave benefits shall not exceed a regular daily rate of pay. An employee using paid leave in combination with workers compensation will be charged for one full or partial day of paid leave, as provided for in the applicable leave policy or the negotiated agreement, for each day of absence until the employee's paid leave is exhausted.

Any employee who is off work and receiving workers compensation benefits shall be required to provide the designated ~~Benefits Specialist workers compensation coordinator~~ with a written doctor's release before the employee is allowed to return to work. In addition, should the employee be released to return to work

by a doctor and fail to do so, all benefits under paid leave shall terminate, and those benefits under workers compensation shall be restricted as provided by current statute.

Whenever an employee is absent from work and is receiving workers compensation benefits due to a work-related injury or is receiving district paid disability insurance, the employee may use available paid leave to supplement the workers compensation or district paid disability insurance payments. Workers compensation benefits and FMLA benefits provided in a board approved plan shall run concurrently if both are applicable.

In no event shall the employee be entitled to a combination of workers compensation benefits, district paid disability insurance, and salary in excess of his/her full salary. Available paid leave may be used for this purpose until 1) available paid leave benefits are exhausted; 2) the employee returns to work; 3) the employee is released by the medical provider and a position is offered by the employer, but the

Workers Compensation

GAOE 2

employee declines to return to work; or 4) employment is terminated. Paid leave shall be calculated on a ~~prorata~~ pro rata amount equal to the percentage of salary paid by the district.

Testing

The board, through its Benefits Specialist ~~designated workers compensation coordinator~~, may require employees who claim or are involved in an accident in the course of employment to submit to a post-injury chemical test. This includes instances where the district administration or Benefits Specialist ~~workers compensation coordinator~~ has actual knowledge of an accident whether the employee has or has not requested medical treatment. If an employee refuses to submit to an employer requested post-injury chemical test, the employee forfeits all related workers compensation benefits as provided in K.S.A. 44-501(b)(1)(E). Testing and the procedures used therefore shall conform to all relevant Kansas statutes. ~~Chemical test collection, labeling, and performance shall meet the requirements found in K.S.A. 44-501(b)(3).~~

Choice of Physician

The board shall have the right to choose a designated health care provider to provide medical assistance to any employee who suffers an injury while performing their job. However, if the injured employee chooses to go to a medical provider other than the designated provider, the recovery for such expenses shall be limited to ~~\$500.00~~ \$800.00.
