- E. Recommendation to approve the Amendment to the contract of the Superintendent and Assistant for Superintendent of Curriculum and Instruction.
- F. Recommendation to create the following new position effective beginning with the 2026-2027 school year:
1. Half-time Health and Physical Education Teacher - Permanent - Stroudsburg Junior High School
- G. Approval of the Extra Duty Services Contracts below is contingent upon the District's ability to implement such programming as the result of the ongoing COVID-19 pandemic crisis and/or other reasons or crises. The District's ability to implement such programs will be guided, in part, by ongoing orders of the federal government, the Governor, the Centers for Disease Control, local and county restrictions, and student participation in such programs. At its sole discretion, the District reserves the right to rescind the Contracts due to the pandemic and/or other reasons or crises that make the implementation of the Contracts impractical, impossible, or difficult. In the event programming begins and is suspended for any of the aforementioned reasons, the coach/advisor will be entitled to a prorated portion of the approved stipend.
1. The following Athletics Staff for the 2026-2027 school year:

H. Change In Employment Status:

1. Daniel Nonnemacher - from Maintenance I - Second-shift to Maintenance 1 - First-shift for his current hourly rate effective approximately September 10, 2026. He will replace Harold Foust who has retired.
 2. Giselle Rivera - from Long-term Substitute Certified School Nurse to Certified School Nurse assigned to Arlington Elementary for her current annual salary effective with the start of the 2026-2027 school year. She will replace Shannon Lloyd who has resigned.
6. **Payment of Bills.** On a motion by Brenneman with a second by Pozza, the Board approved the ratification of General Fund payments in the amount of \$10,954,764.29 and Capital Reserve payments of \$29,506.33. Roll call vote: Gerhardt-yes; Kilker-yes; Pozza-yes; Blake-yes; Brenneman-yes; DeRosa-yes; and DeVries-yes. 7 – 0, motion carried
7. **Support, Facilities, and Operations Items 9A -9F:** On a motion by Brenneman with a second by Pozza, the Board approved items 9A through 9F. Roll call vote: Kilker-yes; Pozza-yes; Blake-yes; Brenneman-yes; DeRosa-yes; DeVries-yes; Gerhardt-yes. 7 – 0, motion carried
- 9A. **Community Eligibility Provision (CEP):** The Board approved the Community Eligibility Provision for 2026-2027.
 - 9B. **Booster Organizations:** The Board approved the Booster Organizations, as presented.
 - 9C. **Educational Utilization, Capacity, and Master Plan Study:** The Board approved the Educational Utilization, Capacity, and Master Plan Study, as presented.
 - 9D. **Bogen Nyquist System:** The Board approved Bogen Nyquist System for B.F. Morey Elementary

School, as presented.

9E. Grant Writing Proposal: The Board approved to Grant Writing Proposal with SitelogIQ, as presented.

9F. German American Partnership Program: The Board approved the German American Partnership Program, as presented.

PUBLIC COMMENT

No Public Comment

As there was no further business to be brought before the Board, the meeting was adjourned at 7:24 P.M. by Pozza with second by Brenneman.

Respectfully submitted,
Brenda VanBuskirk
Secretary

1_Introduction to Journalism (Curriculum In Progress)

Grade Level Summary

[Course Cover Sheet](#)

Grade Level Modules

Module 1:	Introduction to Journalism
Module 2:	News Values and Media Literacy
Module 3:	Journalism Ethics and Media Law
Module 4:	News Writing Basics
Module 5:	Reporting, Research, and Interviewing
Module 6:	Feature Writing and Human-Interest Stories
Module 7:	Editorial, Opinion, and Review Writing
Module 8:	AP Style, Editing, and Revision
Module 9:	Photojournalism and Visual Storytelling
Module 10:	Digital and Multimedia Journalism
Module 11:	Student Publication Production
Module 12:	Final Publication Project

1_Introduction to Journalism (Curriculum In Progress) Introduction to Journalism

Unit Description

This unit introduces students to the purpose, role, and responsibilities of journalism in society and within a school community. Students examine what journalism is, how it differs from other forms of communication, and why accuracy, credibility, fairness, and audience matter. Students are introduced to major forms of journalism, including news, feature writing, opinion writing, photojournalism, and digital journalism. During this unit, students will also establish a digital portfolio that will be used throughout the course to collect drafts, reflections, revisions, and polished work.

Standards

CC.1.2.9-10.A	- Determine a central idea of a text and analyze its development over the course of the text, including how it emerges and is shaped and refined by specific details; provide an objective summary of the text.
CC.1.2.9-10.B	- Cite strong and thorough textual evidence to support analysis of what the text says explicitly as well as inferences and conclusions based on an author's explicit assumptions and beliefs about a subject.
CC.1.2.9-10.C	- Apply appropriate strategies to analyze, interpret, and evaluate how an author unfolds an analysis or series of ideas or events, including the order in which the points are made, how they are introduced and developed, and the connections that are drawn between them.
CC.1.2.9-10.D	- Determine an author's particular point of view and analyze how rhetoric advances the point of view.
CC.1.2.9-10.E	- Analyze in detail how an author's ideas or claims are developed and refined by particular sentences, paragraphs, or larger portions of a text.
CC.1.2.9-10.G	- Analyze various accounts of a subject told in different mediums (e.g., a person's life story in both print and multimedia), determining which details are emphasized in each account.
CC.1.2.9-10.H	- Delineate and evaluate the argument and specific claims in a text, assessing the validity of reasoning and relevance of evidence.
CC.1.4.9-10.A	- Write informative/ explanatory texts to examine and convey complex ideas, concepts, and information clearly and accurately.
CC.1.4.9-10.B	- Write with a sharp distinct focus identifying topic, task, and audience.
CC.1.4.9-10.C	- Develop and analyze the topic with relevant, well-chosen, and sufficient facts, extended definitions, concrete details, quotations, or other information and examples appropriate to the audience's knowledge of the topic; include graphics and multimedia when useful to aiding comprehension.
CC.1.4.9-10.E	- Write with an awareness of the stylistic aspects of composition. * Use precise language and domain-specific vocabulary to manage the complexity of the topic. * Establish and maintain a formal style and objective tone while attending to the norms of the discipline in which they are writing.
CC.1.4.9-10.F	- Demonstrate a grade-appropriate command of the conventions of standard English grammar, usage, capitalization, punctuation, and spelling.
CC.1.4.9-10.T	- Develop and strengthen writing as needed by planning, revising, editing, rewriting, or trying a new approach, focusing on addressing what is most significant for a specific purpose and audience.
CC.1.4.9-10.U	- Use technology, including the Internet, to produce, publish, and update individual or shared writing products, taking advantage of technology's capacity to link to other information and to display information flexibly and dynamically.
CC.1.4.9-10.W	- Gather relevant information from multiple authoritative print and digital sources, using advanced searches effectively; assess the usefulness of each source in answering the research question; integrate information into the text selectively to maintain the flow of ideas, avoiding plagiarism and following a standard format for citation.
CC.1.4.9-10.X	- Write routinely over extended time frames (time for research, reflection, and revision) and shorter time frames (a single sitting or a day or two) for a range of discipline-specific tasks, purposes and audiences.
CC.1.5.9-10.A	- Initiate and participate effectively in a range of collaborative discussions on grades level topics, texts, and issues, building on others' ideas and expressing their own clearly and persuasively.
CC.1.5.9-10.D	- Present information, findings, and supporting evidence clearly, concisely, and logically such that listeners can follow the line of reasoning; ensure that the presentation is appropriate to purpose, audience, and task.

Essential Questions

- What is journalism, and why does it matter?

Objectives

Students will be able to:

- define journalism and explain its purpose;
- identify several forms of journalism, including news, feature writing, opinion writing, photojournalism, and digital journalism;
- distinguish journalism from advertising, propaganda, entertainment, and personal social media content;
- analyze examples of media for purpose, audience, and credibility;
- explain the importance of accuracy, fairness, and verification in journalism;
- set up a digital journalism portfolio for use throughout the course;
- reflect on their own interests, strengths, and goals as developing journalists.

Key Vocabulary and Definitions

1. Journalism: the practice of gathering, verifying, writing, and sharing information with an audience.
2. Journalist: a person who reports, writes, edits, photographs, or produces news and information.
3. News: timely and relevant information about events, issues, or people that matters to an audience.
4. Media: forms of communication used to share information with the public.
5. Audience: the intended readers, viewers, or listeners of a message.
6. Credibility: the quality of being trustworthy and believable.
7. Bias: a preference or point of view that may affect fairness or objectivity.
8. Objectivity: presenting information fairly and without personal opinion.
9. Verification: the process of checking facts and confirming that information is accurate.
10. Source: a person, text, document, or media outlet that provides information.
11. Feature: a journalistic story that explores a person, topic, or event in greater depth.
12. Editorial: an opinion piece that presents a viewpoint on an issue.
13. Photojournalism: storytelling and reporting through photographs.
14. Digital Portfolio: an online collection of student work that documents growth over time.

Unit Learning Activities

- Introduce the course and discuss the purpose of journalism.
- Brainstorm where students encounter “news” in daily life.
- Compare journalism with social media, entertainment, advertising, and opinion.
- Read and discuss sample pieces from different forms of journalism.
- Sort media examples by category: news, feature, editorial, advertisement, social post.
- Analyze a current article or school story for purpose, audience, and credibility.
- Discuss why journalism matters in a school community.
- Introduce the idea of journalism ethics, accuracy, and verification.
- Have students complete a “What kind of journalist could I be?” interest activity.
- Create student digital portfolios using the platform you choose.
- Write an introductory reflection for the portfolio about goals and interests.
- End the unit with a short written response or mini-presentation on why student journalism matters.

Unit Resources

- teacher-created slides and notes
- sample school news articles
- sample feature, opinion, and photojournalism pieces
- current event/news article examples
- Google Slides for the digital portfolio
- teacher-created handouts for vocabulary, media sorting, and reflection
- [SNO Sites](#)
- [The News Literacy Project](#)

Assessments (Formative and Summative)

Formative Assessments

- class discussion participation
- entrance/exit tickets
- vocabulary checks
- media category sorting activity
- source credibility analysis
- annotation of a sample article
- portfolio setup check
- short reflection responses

Summative Assessments

- Journalism Foundations Quiz—Students demonstrate understanding of key vocabulary, forms of journalism, and the purpose of journalism.
- Media Analysis Task—Students analyze a sample text or media piece and explain its purpose, audience, and whether it functions as journalism.
- Portfolio Entry #1—Students submit their first digital portfolio entry, including a short reflection on their goals as student journalists and what they learned in the unit.

1_Introduction to Journalism (Curriculum In Progress) News Values and Media Literacy

Unit Description

This unit introduces students to the principles journalists use to determine what is newsworthy and how audiences evaluate information in print, digital, and social media environments. Students examine news values such as timeliness, impact, proximity, prominence, conflict, and human interest while also developing skills in media literacy. Through analysis of articles, headlines, images, and digital content, students learn to evaluate source credibility, identify bias, distinguish fact from opinion, and recognize misinformation and disinformation. Students will continue building their digital portfolios by collecting media analysis work, reflections, and selected polished responses.

Standards

CC.1.2.9-10.A	- Determine a central idea of a text and analyze its development over the course of the text, including how it emerges and is shaped and refined by specific details; provide an objective summary of the text.
CC.1.2.9-10.B	- Cite strong and thorough textual evidence to support analysis of what the text says explicitly as well as inferences and conclusions based on an author's explicit assumptions and beliefs about a subject.
CC.1.2.9-10.D	- Determine an author's particular point of view and analyze how rhetoric advances the point of view.
CC.1.2.9-10.G	- Analyze various accounts of a subject told in different mediums (e.g., a person's life story in both print and multimedia), determining which details are emphasized in each account.
CC.1.4.9-10.A	- Write informative/ explanatory texts to examine and convey complex ideas, concepts, and information clearly and accurately.
CC.1.5.9-10.A	- Initiate and participate effectively in a range of collaborative discussions on grades level topics, texts, and issues, building on others' ideas and expressing their own clearly and persuasively.
CC.1.5.9-10.B	- Evaluate a speaker's perspective, reasoning, and use of evidence and rhetoric, identifying any fallacious reasoning or exaggerated or distorted evidence.

Essential Questions

- What makes a story newsworthy? How do bias, perspective, and purpose affect the way information is presented? How can students become more critical and responsible consumers of media?

Objectives

Students will be able to:

- identify and explain common news values;
- analyze why certain events, issues, or people receive media attention;
- distinguish fact from opinion in journalistic and non-journalistic texts;
- evaluate the credibility and reliability of sources;
- identify signs of bias, misinformation, and disinformation;
- compare how different media outlets present the same story;
- explain how audience, purpose, and platform influence media messages;
- add media literacy analyses and reflections to their digital portfolios.

Key Vocabulary and Definitions

1. News Values: criteria journalists use to determine whether a story is important or interesting enough to report.
2. Timeliness: the quality of being recent or current.
3. Impact: the effect or importance a story has on people or a community.
4. Proximity: the nearness of an event or issue to the audience.
5. Prominence: the importance or fame of a person, group, or institution involved in a story.
6. Conflict: disagreement, tension, or struggle that makes a story compelling.
7. Human Interest: an element of a story that appeals to emotions or personal connection.
8. Credibility: the quality of being trustworthy and believable.
9. Bias: a preference, perspective, or prejudice that may affect fairness or objectivity.

Unit Learning Activities

- Introduce and define the major news values.
- Analyze sample headlines and stories to determine why they are considered newsworthy.
- Rank possible story ideas based on news value and justify selections.
- Compare coverage of the same event from different news sources.
- Practice distinguishing fact from opinion in articles, broadcasts, and social media posts.
- Evaluate the credibility of sources using authorship, evidence, purpose, and publication context.
- Identify examples of bias, loaded language, and omission in media texts.
- Examine examples of misinformation and disinformation and discuss how they spread.
- Complete a media source comparison chart or credibility checklist.
- Write short responses explaining how audience and platform influence media presentation.
- Add one or more media analysis artifacts to the digital portfolio.
- Reflect on how media literacy skills apply to students' daily lives as news consumers and emerging journalists.

Unit Resources

- teacher-created slides and notes
- current event articles from multiple sources
- sample headlines and article sets for comparison
- media literacy practice materials
- source credibility checklists or evaluation tools
- examples of social media posts, advertisements, and opinion writing
- high school online newspaper as a model for audience and platform discussion
- digital portfolio
- teacher-created graphic organizers for fact/opinion, bias, and source evaluation
- [The News Literacy Project](#)
- [SNO Sites](#)

Assessments (Formative and Summative)

Formative Assessments

- entrance and exit tickets
- class discussion participation
- headline/news value practice
- fact vs. opinion checks
- source credibility checklist
- media comparison notes
- bias identification activity
- short written reflections
- digital portfolio progress check

Summative Assessments

- News Values Analysis Task: Students analyze a set of story ideas or articles and explain which news values make each one newsworthy.
- Media Literacy Analysis: Students evaluate a media text or set of sources for credibility, bias, audience, and purpose.
- Portfolio Entry #2: Students upload a polished media literacy analysis or reflection to their digital portfolio, demonstrating their understanding of news values, source evaluation, and responsible media consumption.

1_Introduction to Journalism (Curriculum In Progress) Journalism Ethics and Media Law

Unit Description

This unit introduces students to the ethical principles and legal responsibilities that guide responsible journalism. Students examine concepts such as truthfulness, accuracy, fairness, independence, attribution, plagiarism, privacy, copyright, defamation, and freedom of the press. Through discussion, case studies, and analysis of real or simulated scenarios, students learn how journalists make responsible decisions when gathering, writing, editing, and publishing information. Students will continue building their digital portfolios by reflecting on ethical dilemmas and demonstrating their understanding of the standards required for credible and responsible publication.

Standards

CC.1.2.9-10.A	- Determine a central idea of a text and analyze its development over the course of the text, including how it emerges and is shaped and refined by specific details; provide an objective summary of the text.
CC.1.2.9-10.B	- Cite strong and thorough textual evidence to support analysis of what the text says explicitly as well as inferences and conclusions based on an author's explicit assumptions and beliefs about a subject.
CC.1.2.9-10.D	- Determine an author's particular point of view and analyze how rhetoric advances the point of view.
CC.1.4.9-10.A	- Write informative/ explanatory texts to examine and convey complex ideas, concepts, and information clearly and accurately.
CC.1.4.9-10.S	- Draw evidence from literary or informational texts to support analysis, reflection, and research, applying grade-level reading standards for literature and literary nonfiction.
CC.1.5.9-10.A	- Initiate and participate effectively in a range of collaborative discussions on grades level topics, texts, and issues, building on others' ideas and expressing their own clearly and persuasively.
CC.1.5.9-10.B	- Evaluate a speaker's perspective, reasoning, and use of evidence and rhetoric, identifying any fallacious reasoning or exaggerated or distorted evidence.
CC.1.5.9-10.D	- Present information, findings, and supporting evidence clearly, concisely, and logically such that listeners can follow the line of reasoning; ensure that the presentation is appropriate to purpose, audience, and task.

Essential Questions

- What ethical responsibilities do journalists have to their audience and the people they cover? How do journalists balance truth, fairness, and minimizing harm? What legal limits and protections affect journalists and publications? How should student journalists make decisions when faced with difficult publication choices?

Objectives

Students will be able to :

- explain key ethical principles that guide journalism;
- distinguish between ethical and unethical reporting or publishing practices;
- define and apply concepts such as attribution, plagiarism, privacy, copyright, defamation, and freedom of the press;
- analyze case studies involving ethical or legal questions in journalism;
- justify a publication decision using evidence and ethical reasoning;
- explain the importance of responsible conduct in student journalism;
- add an ethics reflection or analysis to their digital portfolios.

Key Vocabulary and Definitions

Ethics: principles that guide responsible decision-making and behavior.

Accuracy: the quality of being correct and free from error.

Fairness: presenting information in a balanced and just manner.

Independence: maintaining journalistic judgment free from improper influence.

Attribution: giving credit to the source of information, ideas, quotations, images, or data.

Plagiarism: using another person's words, ideas, or work without proper credit.

Privacy: a person's right to control access to personal information or experiences.

Copyright: legal protection granted to creators for their original work.

Fair Use: limited legal use of copyrighted material for purposes such as commentary, criticism, or education.

Defamation: false communication that harms a person's reputation.

Libel: written defamation.

Slander: spoken defamation.

Freedom of the Press: the right of journalists and media organizations to report and publish without unjust government interference.

Verification: checking facts and confirming information before publication.

Conflict of Interest: a situation in which personal interests could interfere with fair reporting or decision-making.

Minimizing Harm: considering the possible impact of reporting on individuals and communities.

Unit Learning Activities

1. Introduce key principles of journalism ethics and responsible publication.
2. Read and discuss short informational texts or scenarios involving ethical dilemmas in journalism.
3. Analyze examples involving plagiarism, inaccurate reporting, privacy concerns, or misleading presentation.
4. Examine the difference between legal and ethical choices in journalism.
5. Discuss attribution and practice correctly crediting quotations, ideas, images, and information.
6. Explore student press rights and responsibilities in a school setting.
7. Review examples involving copyright, fair use, and image/media use in student publications.
8. Analyze case studies involving defamation, privacy, or conflicts of interest.
9. Participate in small-group or whole-class discussions about what should or should not be published in specific situations.
10. Write short responses defending publication decisions with ethical reasoning.
11. Add an ethics reflection, case study analysis, or publication decision response to the digital portfolio.

Unit Resources

- teacher-created slides and notes
- journalism ethics case studies
- sample articles or publication scenarios
- informational texts on plagiarism, copyright, defamation, and press freedom
- school or student publication policies, if available
- teacher-created graphic organizers for case study analysis and decision-making
- digital portfolio
- mentor texts from school or professional journalism sources

Assessments (Formative and Summative)

Formative Assessments

- entrance and exit tickets
- class discussion participation
- vocabulary checks
- case study annotations
- plagiarism and attribution practice
- short written responses
- partner or group scenario discussions
- digital portfolio progress check

Summative Assessments

1. Ethics and Media Law Quiz: Students demonstrate understanding of key ethical and legal journalism terms and concepts.
2. Case Study Analysis: Students analyze a journalism scenario involving an ethical or legal dilemma and explain the most responsible course of action using evidence and reasoning.
3. Portfolio Entry #3: Students upload an ethics reflection or publication decision response to their digital portfolio, demonstrating an understanding of responsible journalism practices.

1_Introduction to Journalism (Curriculum In Progress) News Writing Basics

Unit Description

This unit introduces students to the foundational structure and style of journalistic news writing. Students learn how to gather and organize information using the 5 Ws and H, craft effective leads, and structure articles using the inverted pyramid format and AP style. The unit emphasizes clarity, concision, accuracy, objectivity, and audience awareness. Students also practice writing headlines and captions and revising for precision and readability. Polished news writing from this unit may be included in students' digital portfolios as evidence of growth in journalistic writing.

Standards

CC.1.2.9-10.A	- Determine a central idea of a text and analyze its development over the course of the text, including how it emerges and is shaped and refined by specific details; provide an objective summary of the text.
CC.1.2.9-10.B	- Cite strong and thorough textual evidence to support analysis of what the text says explicitly as well as inferences and conclusions based on an author's explicit assumptions and beliefs about a subject.
CC.1.2.9-10.G	- Analyze various accounts of a subject told in different mediums (e.g., a person's life story in both print and multimedia), determining which details are emphasized in each account.
CC.1.4.9-10.A	- Write informative/ explanatory texts to examine and convey complex ideas, concepts, and information clearly and accurately.
CC.1.4.9-10.B	- Write with a sharp distinct focus identifying topic, task, and audience.
CC.1.4.9-10.F	- Demonstrate a grade-appropriate command of the conventions of standard English grammar, usage, capitalization, punctuation, and spelling.
CC.1.5.9-10.A	- Initiate and participate effectively in a range of collaborative discussions on grades level topics, texts, and issues, building on others' ideas and expressing their own clearly and persuasively.
CC.1.5.9-10.D	- Present information, findings, and supporting evidence clearly, concisely, and logically such that listeners can follow the line of reasoning; ensure that the presentation is appropriate to purpose, audience, and task.

Essential Questions

- How do journalists communicate important information clearly, accurately, and effectively for a specific audience?

Objectives

Students will be able to:

- identify the key features of journalistic news writing;
- use the 5 Ws and H to gather and organize information;
- write effective leads that communicate the most important information clearly;
- structure a news article using the inverted pyramid format;
- maintain an objective tone and avoid unnecessary opinion in news writing;
- revise writing for clarity, concision, accuracy, and audience;
- write basic headlines and captions that match and support a story;
- add a polished news piece to their digital portfolios.

Key Vocabulary and Definitions

Lead (Lede): the opening sentence or paragraph of a news story that presents the most important information.

5 Ws and H: who, what, when, where, why, and how; the key questions used to gather and organize information.

Inverted Pyramid: a news writing structure that places the most important information first, followed by supporting details.

Objective Tone: a neutral, fact-based style of writing that avoids personal opinion.

Headline: a brief title that summarizes or highlights the main point of a story.

Caption: a short explanation accompanying a photo or image that identifies and provides context.

Attribution: giving credit to the source of information or quotations.

Quote: the exact words spoken or written by a source.

Paraphrase: restating information from a source in new wording while preserving the original meaning.

Nut Graf: a paragraph that explains the central point or significance of a story, especially in feature writing.

Concision: expressing ideas clearly using as few words as necessary.

Accuracy: the quality of being correct and free from error.

Revision: improving a draft by refining ideas, organization, wording, and clarity.

Unit Learning Activities

1. Read and analyze mentor news articles to identify common features of journalistic writing.
2. Introduce and practice the 5 Ws and H using short events or scenarios.
3. Identify and evaluate different types of leads from sample articles.
4. Practice writing leads based on teacher-provided notes, photographs, or event summaries.
5. Learn and apply the inverted pyramid structure through modeling and guided practice.
6. Organize details from a source set or scenario into the order of importance.
7. Compare objective news writing with opinion-based or informal writing.
8. Practice writing clear, concise paragraphs using journalistic style.
9. Draft short news stories based on school events, classroom scenarios, or shared source material.
10. Practice writing headlines and captions that accurately match a story or image.
11. Revise and peer edit drafts for clarity, organization, accuracy, and tone.
12. Publish or archive a polished news article in the digital portfolio.

Unit Resources

- teacher-created slides and notes
- mentor news articles
- sample leads and headlines
- school event descriptions or teacher-created reporting scenarios
- graphic organizers for the 5 Ws and H and inverted pyramid structure
- headline and caption practice materials
- peer-editing checklists
- digital portfolio
- high school online newspaper as a mentor publication model

Assessments (Formative and Summative)

Formative Assessments

- entrance and exit tickets
- lead-writing practice
- 5 Ws and H graphic organizers
- inverted pyramid sequencing activity
- headline and caption exercises
- objective tone mini-checks
- peer editing participation
- draft checkpoints
- digital portfolio progress check

Summative Assessments

1. Lead and Structure Assessment: Students write a lead and organize article details using the inverted pyramid format.
2. News Article Writing Task: Students write a complete news article based on a shared event, scenario, or source set, demonstrating clarity, organization, accuracy, and objectivity.
3. Portfolio Entry #4: Students upload a polished news article to their digital portfolio with a brief reflection on their development as news writers.

1_Introduction to Journalism (Curriculum In Progress) Reporting, Research, and Interviewing

Unit Description

This unit develops the reporting skills students need to gather accurate, relevant, and engaging information for journalistic writing. Students learn how to generate story ideas, conduct background research, evaluate and organize information, prepare for interviews, ask effective questions, take accurate notes, and incorporate quotations responsibly. The unit emphasizes curiosity, listening, verification, and professionalism. Students will collect interview materials, research notes, and articles in their digital portfolios to document their growth as journalists.

Standards

CC.1.2.9-10.A	- Determine a central idea of a text and analyze its development over the course of the text, including how it emerges and is shaped and refined by specific details; provide an objective summary of the text.
CC.1.2.9-10.B	- Cite strong and thorough textual evidence to support analysis of what the text says explicitly as well as inferences and conclusions based on an author's explicit assumptions and beliefs about a subject.
CC.1.4.9-10.A	- Write informative/ explanatory texts to examine and convey complex ideas, concepts, and information clearly and accurately.
CC.1.4.9-10.B	- Write with a sharp distinct focus identifying topic, task, and audience.
CC.1.4.9-10.S	- Draw evidence from literary or informational texts to support analysis, reflection, and research, applying grade-level reading standards for literature and literary nonfiction.
CC.1.5.9-10.A	- Initiate and participate effectively in a range of collaborative discussions on grades level topics, texts, and issues, building on others' ideas and expressing their own clearly and persuasively.
CC.1.5.9-10.D	- Present information, findings, and supporting evidence clearly, concisely, and logically such that listeners can follow the line of reasoning; ensure that the presentation is appropriate to purpose, audience, and task.
CC.1.5.9-10.C	- Integrate multiple sources of information presented in diverse media or formats (e.g. visually, quantitatively, orally) evaluating the credibility and accuracy of each source.

Essential Questions

- How do journalists gather, evaluate, and verify information in order to report a story responsibly and effectively?

Objectives

Students will be able to:

- generate and refine newsworthy story ideas;
- conduct background research to build understanding of a topic;
- evaluate and select credible sources;
- prepare purposeful, open-ended interview questions;
- conduct interviews using active listening and professionalism;
- take accurate notes and collect relevant quotations;
- distinguish between strong and weak source material;
- verify facts and cross-check information from multiple sources;
- organize reporting materials for use in journalistic writing;
- add research notes, interview materials, and articles to their digital portfolios.

Key Vocabulary and Definitions

Reporting: the process of gathering information for a news or feature story.

Research: the process of collecting background information from credible sources.

Interview: a conversation in which a journalist asks questions to gather information, insight, or quotations.

Source: a person, text, document, organization, or media outlet that provides information.

Primary Source: original information from a firsthand source, such as an interview, speech, or official document.

Secondary Source: information that interprets or reports on original information from other sources.

Open-Ended Question: a question that invites explanation rather than a one-word answer.

Follow-Up Question: a question asked to clarify, expand, or deepen a response.

Quotation: the exact words spoken or written by a source.

Paraphrase: restating a source's ideas in new wording while keeping the original meaning.

Attribution: identifying the source of information or quotations.

Verification: confirming information through fact-checking and cross-referencing.

Observation: gathering information by noticing and recording details directly.

Note-Taking: recording important facts, quotations, and details during reporting.

Credibility: the quality of being trustworthy and reliable.

Unit Learning Activities

1. Brainstorm and evaluate possible school or community story ideas.
2. Analyze sample story pitches to determine which topics are newsworthy and manageable.
3. Practice narrowing broad topics into focused reporting questions.
4. Conduct background research using credible print and digital sources.
5. Evaluate sources for reliability, relevance, and authority.
6. Model and practice writing open-ended and follow-up interview questions.
7. Role-play interviews to practice listening, note-taking, and professionalism.
8. Conduct peer, teacher, or school-community interviews.
9. Practice recording and selecting meaningful quotations.
10. Compare strong and weak interview questions and responses.
11. Organize notes, research, and quotations into a reporting organizer.
12. Verify details across multiple sources and discuss how journalists resolve conflicting information.
13. Draft a short reporting-based piece using gathered material.
14. Upload notes, interview materials, and articles to the digital portfolio.

Unit Resources

- teacher-created slides and notes
- story idea brainstorming tools
- mentor articles showing strong reporting and use of quotations
- sample interview transcripts or recordings
- source evaluation checklists
- interview planning organizers
- note-taking templates
- school or community event information for reporting practice
- digital portfolio
- high school online newspaper as a mentor publication model

Assessments (Formative and Summative)

Formative Assessments

- entrance and exit tickets
- story idea brainstorming and ranking
- source evaluation practice
- interview question drafts
- role-play interview participation
- note-taking checks
- quotation selection practice
- research organizer completion
- digital portfolio progress check

Summative Assessments

- Story Pitch and Research Plan: Students propose a story idea, identify a purpose and audience, and outline sources and interview possibilities.
- Interview and Reporting Task: Students conduct an interview, gather supporting information, and organize quotations and facts for a journalistic piece.
- Portfolio Entry #5: Students upload a reporting artifact, such as interview questions, notes, a research reflection, or a polished reporting-based piece, to their digital portfolio.

Curriculum Writer(s)

1_Introduction to Journalism (Curriculum In Progress)
Feature Writing and Human-Interest Stories

Unit Description

This unit introduces students to feature writing as a form of journalism that goes beyond basic reporting to tell engaging, meaningful stories about people, events, and issues. Students examine how feature writing differs from straight news writing through its use of detail, voice, structure, pacing, and narrative techniques. The unit emphasizes strong leads, description, organization, quotations, and the ability to connect with readers while maintaining accuracy and journalistic integrity. Beginning in the second marking period, selected edited feature pieces may be submitted for possible publication in the high school online newspaper and added to students' digital portfolios.

Standards

CC.1.2.9-10.A	- Determine a central idea of a text and analyze its development over the course of the text, including how it emerges and is shaped and refined by specific details; provide an objective summary of the text.
CC.1.2.9-10.B	- Cite strong and thorough textual evidence to support analysis of what the text says explicitly as well as inferences and conclusions based on an author's explicit assumptions and beliefs about a subject.
CC.1.2.9-10.D	- Determine an author's particular point of view and analyze how rhetoric advances the point of view.
CC.1.2.9-10.G	- Analyze various accounts of a subject told in different mediums (e.g., a person's life story in both print and multimedia), determining which details are emphasized in each account.
CC.1.4.9-10.A	- Write informative/ explanatory texts to examine and convey complex ideas, concepts, and information clearly and accurately.
CC.1.4.9-10.B	- Write with a sharp distinct focus identifying topic, task, and audience.
CC.1.4.9-10.E	- Write with an awareness of the stylistic aspects of composition. * Use precise language and domain-specific vocabulary to manage the complexity of the topic. * Establish and maintain a formal style and objective tone while attending to the norms of the discipline in which they are writing.
CC.1.4.9-10.S	- Draw evidence from literary or informational texts to support analysis, reflection, and research, applying grade-level reading standards for literature and literary nonfiction.
CC.1.5.9-10.D	- Present information, findings, and supporting evidence clearly, concisely, and logically such that listeners can follow the line of reasoning; ensure that the presentation is appropriate to purpose, audience, and task.
CC.1.5.9-10.A	- Initiate and participate effectively in a range of collaborative discussions on grades level topics, texts, and issues, building on others' ideas and expressing their own clearly and persuasively.

Essential Questions

- How do journalists turn facts and reporting into compelling stories for readers? How do structure, detail, and voice shape an effective feature story?

Objectives

Students will be able to:

- distinguish feature writing from straight news writing;
- identify the characteristics of effective human-interest and feature stories;
- analyze how leads, structure, pacing, and detail engage readers;
- develop a feature story idea centered on a person, event, issue, or experience;
- gather and organize reporting material to support a feature piece;
- incorporate quotations, description, and background information effectively;
- write with attention to audience, purpose, voice, and journalistic accuracy;
- revise feature writing for clarity, organization, engagement, and style;
- submit a polished feature or profile to their digital portfolio and, when appropriate, for possible online publication.

Key Vocabulary and Definitions

Feature Story: a journalistic piece that explores a topic in greater depth and often emphasizes storytelling, detail, and reader engagement.

Human-Interest Story: a feature story that focuses on personal experiences, emotion, or the lives of individuals.

Profile: a feature story that focuses on a person and highlights their experiences, personality, or significance.

Lead (Lede): the opening of a story designed to capture interest and introduce the topic.

Anecdotal Lead: a lead that begins with a brief story or example.

Descriptive Lead: a lead that uses vivid detail to draw in the reader.

Nut Graf: a paragraph that explains the central point, significance, or focus of the story.

Voice: the distinct style or personality of the writing.

Pacing: the speed and flow with which information is revealed in a story.

Transition: words, phrases, or sentences that connect ideas smoothly.

Quotation: the exact words of a source used in a story.

Attribution: identifying the source of information or quotations.

Angle: the specific focus or approach a writer chooses for a story.

Revision: improving a draft by refining ideas, language, structure, and clarity.

Unit Learning Activities

1. Read and analyze mentor feature stories, profiles, and human-interest articles.
2. Compare straight news stories with feature stories to identify differences in purpose, structure, tone, and style.
3. Identify and evaluate different types of feature leads.
4. Practice writing anecdotal, descriptive, and focused leads based on sample topics.
5. Examine nut grafs and discuss how they clarify the purpose of a feature story.
6. Brainstorm possible feature topics connected to the school or community.
7. Develop a feature angle for a person, event, issue, or experience.
8. Conduct interviews and gather background information to support feature writing.
9. Practice incorporating quotations and descriptive details into paragraphs.
10. Organize feature stories using a logical and engaging structure.
11. Draft, revise, and peer edit a feature or profile story.
12. Prepare a polished feature piece for the digital portfolio and, when appropriate, possible submission to the high school online newspaper.

Unit Resources

- teacher-created slides and notes
- mentor feature stories and profiles
- sample leads and nut grafs
- school or community story ideas and event information
- interview planning materials and note-taking tools
- graphic organizers for feature structure and story planning
- peer-editing checklists
- digital portfolio platform such as Google Sites, Google Drive, or Google Classroom
- high school online newspaper as a mentor publication model

Assessments (Formative and Summative)

Formative Assessments

- entrance and exit tickets
- mentor text annotations
- lead-writing practice
- nut graf analysis
- story angle brainstorming
- interview planning and question drafts
- paragraph and quotation practice
- peer editing participation
- draft checkpoints
- digital portfolio progress check

Summative Assessments

- Feature Story Planning Task: Students develop a feature topic, identify an angle, and organize reporting materials and story ideas.
- Feature or Profile Writing Task: Students write a complete feature story or profile that demonstrates effective structure, detail, quotations, engagement, and journalistic accuracy.
- Portfolio Entry #6: Students upload a polished feature or human-interest story to their digital portfolio with a brief reflection on their growth as writers and storytellers.

Curriculum Writer(s)

Gretchen Kelly

1_Introduction to Journalism (Curriculum In Progress)
 Editorial, Opinion, and Review Writing

Unit Description

This unit introduces students to forms of journalistic writing that express informed judgment, interpretation, and evaluation. Students examine the differences among editorials, opinion columns, and reviews while learning how to develop clear claims, support ideas with evidence, address counterarguments, and write with purpose for a specific audience. The unit emphasizes responsible opinion writing, strong reasoning, credible support, and the distinction between fact-based reporting and personal perspective. Selected polished opinion, editorial, or review pieces may be added to students' digital portfolios and submitted for possible publication in the high school online newspaper.

Standards

CC.1.2.9-10.A	- Determine a central idea of a text and analyze its development over the course of the text, including how it emerges and is shaped and refined by specific details; provide an objective summary of the text.
CC.1.2.9-10.B	- Cite strong and thorough textual evidence to support analysis of what the text says explicitly as well as inferences and conclusions based on an author's explicit assumptions and beliefs about a subject.
CC.1.2.9-10.D	- Determine an author's particular point of view and analyze how rhetoric advances the point of view.
CC.1.4.9-10.A	- Write informative/ explanatory texts to examine and convey complex ideas, concepts, and information clearly and accurately.
CC.1.4.9-10.B	- Write with a sharp distinct focus identifying topic, task, and audience.
CC.1.4.9-10.C	- Develop and analyze the topic with relevant, well-chosen, and sufficient facts, extended definitions, concrete details, quotations, or other information and examples appropriate to the audience's knowledge of the topic; include graphics and multimedia when useful to aiding comprehension.
CC.1.4.9-10.D	- Organize ideas, concepts, and information to make important connections and distinctions; use appropriate and varied transitions to link the major sections of the text; include formatting when useful to aiding comprehension; provide a concluding statement or section.
CC.1.4.9-10.E	- Write with an awareness of the stylistic aspects of composition. * Use precise language and domain-specific vocabulary to manage the complexity of the topic. * Establish and maintain a formal style and objective tone while attending to the norms of the discipline in which they are writing.
CC.1.4.9-10.G	- Write arguments to support claims in an analysis of substantive topics.
CC.1.5.9-10.A	- Initiate and participate effectively in a range of collaborative discussions on grades level topics, texts, and issues, building on others' ideas and expressing their own clearly and persuasively.
CC.1.5.9-10.B	- Evaluate a speaker's perspective, reasoning, and use of evidence and rhetoric, identifying any fallacious reasoning or exaggerated or distorted evidence.

Essential Questions

- How do journalists express opinions responsibly and persuasively? How do claims, evidence, and audience shape effective editorial, opinion, and review writing?

Objectives

Students will be able to:

- distinguish among editorials, opinion columns, and reviews;
- explain the difference between objective reporting and opinion-based journalism;
- identify claims, reasons, evidence, and rhetorical strategies in mentor texts;
- develop a clear position on a school, community, or cultural topic;
- support claims with relevant facts, examples, and source-based evidence;
- address alternative viewpoints or counterarguments appropriately;
- write reviews that evaluate a text, event, performance, or product using clear criteria;
- revise opinion writing for clarity, organization, tone, and effectiveness;
- publish a polished editorial, opinion piece, or review in the digital portfolio and, when appropriate, prepare it for possible online publication.

Key Vocabulary and Definitions

Editorial: an opinion piece that presents a position on an issue and attempts to persuade an audience.

Opinion Column: a regular piece of writing that expresses a writer's personal perspective on a topic.

Review: a piece of writing that evaluates a book, film, event, performance, product, or experience using specific criteria.

Claim: the main argument or position a writer is making.

Reason: an explanation that supports a claim.

Evidence: facts, examples, quotations, or details that support a claim.

Counterargument: an opposing viewpoint or argument.

Rebuttal: a response that addresses or challenges a counterargument.

Audience: the intended readers of a piece of writing.

Tone: the writer's attitude toward the subject and audience.

Bias: a preference or point of view that may shape writing or interpretation.

Criteria: the standards or qualities used to judge or evaluate something in a review.

Persuasion: the act of convincing an audience through reasoning, evidence, and language.

Credibility: the quality of being trustworthy and believable.

Revision: improving writing by refining ideas, evidence, organization, and style.

Unit Learning Activities

1. Read and analyze mentor editorials, opinion columns, and reviews.
2. Compare opinion-based journalism with objective news reporting.
3. Identify claims, reasons, evidence, tone, and audience in sample texts.
4. Discuss what makes opinion writing responsible, fair, and persuasive.
5. Brainstorm school, community, or cultural issues appropriate for editorial writing.
6. Develop opinion statements and refine them into arguable claims.
7. Practice gathering evidence from reporting, observation, or source material to support claims.
8. Examine how writers address counterarguments and alternative perspectives.
9. Analyze mentor reviews to identify criteria, evaluation, and supporting details.
10. Write an editorial, opinion column, or review based on a selected topic, event, text, or experience.
11. Participate in peer review focused on clarity, reasoning, organization, and tone.
12. Revise and polish writing for inclusion in the digital portfolio and, when appropriate, submission to the high school online newspaper.

Unit Resources

- teacher-created slides and notes
- mentor editorials, opinion columns, and reviews
- school or community issue topics
- sample reviews of books, films, events, or performances
- graphic organizers for claim, evidence, counterargument, and rebuttal
- peer-editing checklists
- digital portfolio platform such as Google Sites, Google Drive, or Google Classroom
- high school online newspaper as a mentor publication model

Assessments (Formative and Summative)

Formative Assessments

- entrance and exit tickets
- mentor text annotations
- claim-writing practice
- evidence-gathering exercises
- counterargument and rebuttal practice
- review criteria planning
- peer discussion participation
- draft checkpoints
- peer editing participation
- digital portfolio progress check

Summative Assessments

- Opinion Writing Planning Task: Students develop a clear claim, identify supporting evidence, and organize ideas for an editorial, opinion piece, or review.
- Editorial, Opinion, or Review Writing Task: Students write a complete piece that demonstrates a clear position or evaluation, effective support, awareness of audience, and strong organization.
- Portfolio Entry #7: Students upload a polished editorial, opinion column, or review to their digital portfolio with a brief reflection on their growth in opinion-based journalistic writing.

Curriculum Writer(s)

1_Introduction to Journalism (Curriculum In Progress)
AP Style, Editing, and Revision

Unit Description

This unit focuses on the editing and revision practices that help journalists prepare clear, accurate, polished writing for publication. Students are introduced to core AP Style conventions and learn how journalists revise for clarity, concision, accuracy, tone, grammar, punctuation, and consistency. The unit emphasizes the difference between revising ideas and editing surface features, as well as the role of peer review and editorial feedback in the publication process. Students will apply these skills to previously drafted pieces, strengthen their digital portfolio entries, and prepare selected work for possible submission to the high school online newspaper during the second, third, and fourth marking periods.

Standards

CC.1.4.9-10.A	- Write informative/ explanatory texts to examine and convey complex ideas, concepts, and information clearly and accurately.
CC.1.4.9-10.B	- Write with a sharp distinct focus identifying topic, task, and audience.
CC.1.4.9-10.C	- Develop and analyze the topic with relevant, well-chosen, and sufficient facts, extended definitions, concrete details, quotations, or other information and examples appropriate to the audience's knowledge of the topic; include graphics and multimedia when useful to aiding comprehension.
CC.1.4.9-10.D	- Organize ideas, concepts, and information to make important connections and distinctions; use appropriate and varied transitions to link the major sections of the text; include formatting when useful to aiding comprehension; provide a concluding statement or section.
CC.1.4.9-10.E	- Write with an awareness of the stylistic aspects of composition. * Use precise language and domain-specific vocabulary to manage the complexity of the topic. * Establish and maintain a formal style and objective tone while attending to the norms of the discipline in which they are writing.
CC.1.4.9-10.F	- Demonstrate a grade-appropriate command of the conventions of standard English grammar, usage, capitalization, punctuation, and spelling.
CC.1.4.9-10.T	- Develop and strengthen writing as needed by planning, revising, editing, rewriting, or trying a new approach, focusing on addressing what is most significant for a specific purpose and audience.
CC.1.5.9-10.A	- Initiate and participate effectively in a range of collaborative discussions on grades level topics, texts, and issues, building on others' ideas and expressing their own clearly and persuasively.
CC.1.5.9-10.D	- Present information, findings, and supporting evidence clearly, concisely, and logically such that listeners can follow the line of reasoning; ensure that the presentation is appropriate to purpose, audience, and task.

Essential Questions

- How do journalists revise and edit writing so it is clear, accurate, and ready for publication? How do style, grammar, and editorial choices shape the effectiveness of journalistic writing?

Objectives

Students will be able to:

- distinguish between revision and editing;
- apply basic AP Style conventions to journalistic writing;
- edit for grammar, punctuation, capitalization, spelling, and usage;
- revise for clarity, concision, accuracy, organization, and tone;
- identify and correct common errors in journalistic writing;
- use peer and teacher feedback to strengthen a draft;
- prepare writing for publication using consistent style and formatting;
- revise selected pieces for their digital portfolios and, when appropriate, for possible online publication.

Key Vocabulary and Definitions

AP Style: a set of writing and formatting guidelines commonly used in journalism.

Editing: correcting errors in grammar, punctuation, spelling, usage, and style.

Revision: improving a piece of writing by refining ideas, structure, clarity, and effectiveness.

Proofreading: the final review of a text to catch remaining surface errors before publication.

Concision: expressing ideas clearly in as few words as necessary.

Clarity: the quality of being easy to understand.

Tone: the writer's attitude toward the topic and audience.

Consistency: using the same style, formatting, and conventions throughout a piece of writing.

Peer Review: feedback given by classmates to help improve a draft.

Editorial Feedback: comments and suggestions provided to strengthen writing before publication.

Copyediting: reviewing writing for correctness, clarity, and adherence to style guidelines.

Draft: a version of a piece of writing that will likely be revised or edited.

Publication-Ready: polished writing that is prepared for a public audience.

Mechanics: the technical rules of writing, including punctuation, capitalization, and spelling.

Unit Learning Activities

1. Introduce the purpose and use of AP Style in journalism.
2. Practice common AP Style conventions such as numbers, dates, titles, abbreviations, and capitalization.
3. Compare rough drafts and revised drafts to identify effective revision choices.
4. Model the difference between revising for meaning and editing for correctness.
5. Complete editing practice using sentences and short journalistic passages.
6. Revise previously written news, feature, or opinion pieces for clarity, tone, and organization.
7. Practice trimming wordiness and improving concision in student drafts.
8. Use peer-editing checklists to provide feedback on content, clarity, and correctness.
9. Participate in mini-lessons on common grammar and usage issues in student writing.
10. Apply teacher and peer feedback to create stronger final drafts.
11. Prepare selected pieces for inclusion in the digital portfolio and, when appropriate, submission to the high school online newspaper.

Unit Resources

- teacher-created slides and notes
- AP Style reference sheets or classroom guide
- sample edited and revised journalism drafts
- teacher-created editing passages and sentence practice
- peer-editing checklists
- revision checklists for clarity, concision, and tone
- student drafts from prior units
- digital portfolio
- high school online newspaper as a mentor publication model

Assessments (Formative and Summative)

Formative Assessments

- entrance and exit tickets
- AP Style practice checks
- editing warm-ups
- sentence correction exercises
- peer review participation
- revision checklists
- draft conferences
- proofreading practice
- digital portfolio progress check

Summative Assessments

1. AP Style and Editing Assessment: Students demonstrate understanding of key AP Style rules and editing conventions by correcting journalistic sentences or passages.
2. Revision Task: Students revise and edit a previously drafted journalistic piece to improve clarity, organization, tone, and correctness.
3. Portfolio Entry #8: Students upload a revised and polished piece to their digital portfolio with a brief reflection on how editing and revision improved the writing.

1_Introduction to Journalism (Curriculum In Progress) Photojournalism and Visual Storytelling

Unit Description

This unit introduces students to photojournalism and visual storytelling as important forms of journalistic communication. Students examine how photographs can inform, document, and shape audience understanding of people, events, and issues. The unit emphasizes composition, observation, timing, ethical decision-making, caption writing, and the relationship between images and written reporting. Students will analyze mentor images, practice taking purposeful journalistic photographs, and create visual work that may be added to their digital portfolios and, when appropriate, prepared for possible publication in the high school online newspaper.

Standards

CC.1.4.9-10.A	- Write informative/ explanatory texts to examine and convey complex ideas, concepts, and information clearly and accurately.
CC.1.4.9-10.B	- Write with a sharp distinct focus identifying topic, task, and audience.
CC.1.4.9-10.C	- Develop and analyze the topic with relevant, well-chosen, and sufficient facts, extended definitions, concrete details, quotations, or other information and examples appropriate to the audience's knowledge of the topic; include graphics and multimedia when useful to aiding comprehension.
CC.1.4.9-10.D	- Organize ideas, concepts, and information to make important connections and distinctions; use appropriate and varied transitions to link the major sections of the text; include formatting when useful to aiding comprehension; provide a concluding statement or section.
CC.1.4.9-10.E	- Write with an awareness of the stylistic aspects of composition. * Use precise language and domain-specific vocabulary to manage the complexity of the topic. * Establish and maintain a formal style and objective tone while attending to the norms of the discipline in which they are writing.
CC.1.4.9-10.F	- Demonstrate a grade-appropriate command of the conventions of standard English grammar, usage, capitalization, punctuation, and spelling.
CC.1.5.9-10.A	- Initiate and participate effectively in a range of collaborative discussions on grades level topics, texts, and issues, building on others' ideas and expressing their own clearly and persuasively.
CC.1.5.9-10.D	- Present information, findings, and supporting evidence clearly, concisely, and logically such that listeners can follow the line of reasoning; ensure that the presentation is appropriate to purpose, audience, and task.

Essential Questions

- How do photojournalists use images to tell truthful, meaningful stories? How do visual choices and ethical decisions shape the way audiences understand a story?

Objectives

Students will be able to:

- explain the role of photojournalism in reporting and storytelling;
- analyze how photographs communicate information, emotion, and perspective;
- identify basic elements of composition, framing, angle, focus, and timing in journalistic images;
- distinguish between strong and weak journalistic photographs;
- apply ethical principles to taking, selecting, and editing images;
- write accurate, informative captions that provide context for photographs;
- select photographs that effectively support a story or communicate an event;
- create photojournalistic work for inclusion in their digital portfolios and, when appropriate, for possible online publication.

Key Vocabulary and Definitions

Photojournalism: journalism that uses photographs to report events and tell stories.

Visual Storytelling: communicating ideas or information through images.

Composition: the arrangement of visual elements within a photograph.

Framing: how subjects are positioned within the shot.

Angle: the position from which a photograph is taken.

Focus: the clarity and sharpness of the subject in an image.

Candid: an unposed photograph capturing a natural moment.

Subject: the main person, object, or scene in a photograph.

Caption: a brief explanation that identifies and provides context for an image.

Context: the background information needed to understand an image fully.

Cropping: trimming part of an image to improve focus or composition.

Ethics: principles that guide responsible decision-making in journalism.

Manipulation: altering an image in a misleading or deceptive way.

Perspective: the point of view or visual angle presented in an image.

Visual Impact: the strength or effectiveness of an image in capturing attention and communicating meaning.

Unit Learning Activities

1. Analyze mentor photographs from news, sports, feature, and school publication contexts.
2. Discuss how images tell stories differently from written text.
3. Identify elements of strong composition, framing, angle, timing, and subject selection.
4. Compare effective and ineffective journalistic photographs and explain why some images communicate more clearly than others.
5. Study the role of captions in providing context and accurate information.
6. Practice writing complete and informative captions for sample images.
7. Discuss ethical issues in photojournalism, including privacy, staging, manipulation, and respectful representation.
8. Take photographs of school events, classroom activities, or staged practice scenarios with a focus on storytelling.
9. Review and select photos that best represent an event, action, or experience.
10. Pair photographs with captions or short written reflections.
11. Participate in peer critique of visual storytelling choices.
12. Add selected photojournalism work to the digital portfolio and, when appropriate, prepare it for possible submission to the high school online newspaper.

Unit Resources

- teacher-created slides and notes
- mentor photojournalism examples from school and professional publications
- sample captions and caption-writing models
- school events, classroom activities, or practice photography subjects
- cameras or school-approved devices for photography
- photo selection and critique guides
- ethics scenarios related to visual journalism
- digital portfolio
- high school online newspaper as a mentor publication model

Assessments (Formative and Summative)

Formative Assessments

- entrance and exit tickets
- mentor image analysis
- composition and angle practice
- caption-writing exercises
- ethics discussion participation
- peer critique participation
- photo selection rationale
- digital portfolio progress check

Summative Assessments

1. Photo Analysis Task: Students analyze one or more journalistic images and explain how visual choices communicate meaning, focus attention, and shape audience understanding.
2. Photojournalism Project: Students produce a small set of journalistic photographs with captions that document an event, person, or topic and demonstrate attention to composition, accuracy, and ethics.
3. Portfolio Entry #9: Students upload selected photojournalism work to their digital portfolio with a brief reflection on how images can function as journalistic storytelling.

Curriculum Writer(s)

Board Approval Date

1_Introduction to Journalism (Curriculum In Progress) Digital and Multimedia Journalism

Unit Description

This unit introduces students to the ways journalism is created, adapted, and shared across digital platforms and multimedia formats. Students examine how written stories, images, audio, video, and social media can work together to inform and engage audiences. The unit emphasizes digital writing, audience awareness, platform-specific choices, responsible online publishing, and multimedia storytelling techniques. In the third marking period, students may begin planning a longform journalism piece that incorporates sustained reporting and, when appropriate, digital or multimedia elements. Students will create digital and multimedia work for their portfolios and may prepare selected pieces for possible publication in the high school online newspaper.

Standards

CC.1.4.9-10.A	- Write informative/ explanatory texts to examine and convey complex ideas, concepts, and information clearly and accurately.
CC.1.4.9-10.B	- Write with a sharp distinct focus identifying topic, task, and audience.
CC.1.4.9-10.C	- Develop and analyze the topic with relevant, well-chosen, and sufficient facts, extended definitions, concrete details, quotations, or other information and examples appropriate to the audience's knowledge of the topic; include graphics and multimedia when useful to aiding comprehension.
CC.1.4.9-10.E	- Write with an awareness of the stylistic aspects of composition. * Use precise language and domain-specific vocabulary to manage the complexity of the topic. * Establish and maintain a formal style and objective tone while attending to the norms of the discipline in which they are writing.
CC.1.4.9-10.F	- Demonstrate a grade-appropriate command of the conventions of standard English grammar, usage, capitalization, punctuation, and spelling.
CC.1.4.9-10.T	- Develop and strengthen writing as needed by planning, revising, editing, rewriting, or trying a new approach, focusing on addressing what is most significant for a specific purpose and audience.
CC.1.5.9-10.A	- Initiate and participate effectively in a range of collaborative discussions on grades level topics, texts, and issues, building on others' ideas and expressing their own clearly and persuasively.
CC.1.5.9-10.C	- Integrate multiple sources of information presented in diverse media or formats (e.g. visually, quantitatively, orally) evaluating the credibility and accuracy of each source.
CC.1.5.9-10.D	- Present information, findings, and supporting evidence clearly, concisely, and logically such that listeners can follow the line of reasoning; ensure that the presentation is appropriate to purpose, audience, and task.

Essential Questions

- How do journalists use digital and multimedia tools to tell stories effectively for different audiences? How do platform, format, and audience shape the way a story is created and shared?

Objectives

Students will be able to:

- explain how digital journalism differs from print-based journalism;
- analyze how stories change when presented through text, audio, video, images, or social media;
- identify strengths and limitations of different digital and multimedia formats;
- adapt journalistic writing for online audiences and digital platforms;
- create short digital or multimedia journalistic content using appropriate tools and formats;
- make responsible choices about accuracy, tone, design, and audience in digital publishing;
- evaluate how multimedia elements can support or strengthen a journalistic story;
- begin planning a longform journalism piece that may include digital or multimedia components;
- add digital or multimedia work to their portfolios and, when appropriate, prepare it for possible online publication.

Key Vocabulary and Definitions

Digital Journalism: journalism created for and distributed through online platforms.

Multimedia Journalism: journalism that combines more than one medium, such as text, images, audio, video, or graphics.

Platform: the medium or channel through which content is published or shared.

Audience: the intended readers, viewers, or listeners of a piece of journalism.

Engagement: the way audiences interact with content through reading, viewing, listening, or responding.

Podcast: a digital audio program shared online.

Video Journalism: reporting and storytelling through moving images and sound.

Social Media Post: a short digital message created for online sharing and audience interaction.

Multimedia Package: a journalistic presentation that combines text with images, audio, video, or interactive elements.

Caption: text that explains or provides context for an image or media element.

Hyperlink: a digital link connecting readers to another webpage, source, or resource.

Longform Journalism: an extended journalistic piece that explores a topic in greater depth through sustained reporting and development.

Digital Citizenship: responsible and ethical participation in online spaces.

Accessibility: designing content so that it can be used and understood by a wide range of audiences.

Publishing: making content publicly available to an audience.

Unit Learning Activities

1. Analyze examples of digital articles, multimedia packages, podcasts, videos, and school news websites.
2. Compare how the same story is presented in print, online, audio, and visual formats.
3. Discuss how audience and platform affect writing style, design, and delivery.
4. Examine the role of headlines, hyperlinks, captions, visuals, and layout in digital journalism.
5. Practice adapting a print-based article for an online audience.
6. Create short digital writing pieces such as web blurbs, post captions, or social media-style story promotions.
7. Explore basic audio, video, or multimedia storytelling techniques using available classroom tools.
8. Collaborate to plan a small multimedia story or digital news package.
9. Discuss digital citizenship, responsible online publishing, and audience awareness.
10. Brainstorm longform journalism topics that could be developed in later units.
11. Begin preliminary planning for a longform journalism piece that may include multimedia elements.
12. Add digital and multimedia work to the digital portfolio and, when appropriate, prepare selected pieces for possible submission to the high school online newspaper.

Unit Resources

- teacher-created slides and notes
- mentor digital news stories and multimedia examples
- school or professional online news publications
- podcast, video, or multimedia journalism samples
- devices and school-approved digital tools for writing, audio, video, or design
- planning organizers for multimedia story development
- digital citizenship materials
- digital portfolio platform
- high school online newspaper as a mentor publication model

Assessments (Formative and Summative)

Formative Assessments

- entrance and exit tickets
- mentor text and media analysis
- platform comparison activities
- digital writing practice
- audience and format reflection tasks
- multimedia planning checks
- collaboration and discussion participation
- longform topic brainstorming
- digital portfolio progress check

Summative Assessments

1. Digital Story Adaptation Task: Students adapt a journalistic story for a digital platform, demonstrating awareness of audience, format, and purpose.
2. Multimedia Journalism Project: Students create a short digital or multimedia journalism piece that combines text with one or more supporting media elements.
3. Portfolio Entry #10: Students upload a digital or multimedia journalism artifact to their portfolio with a brief reflection on how platform and format shape storytelling.

Curriculum Writer(s)

Gretchen Kelly

Board Approval Date

1_Introduction to Journalism (Curriculum In Progress) Student Publication Production

Unit Description

This unit focuses on the collaborative process of producing student journalism for an authentic audience. Students apply the reporting, writing, editing, visual storytelling, and digital publishing skills developed earlier in the course as they pitch ideas, plan coverage, revise work, meet deadlines, and contribute to a class or school publication. The unit emphasizes newsroom roles, editorial workflow, collaboration, responsibility, and publication standards. During the third and fourth marking periods, students will continue submitting selected polished work to the high school online newspaper and will develop a longform journalism piece through research, interviewing, drafting, revision, and editorial feedback. Students will add publication-ready work and process reflections to their digital portfolios.

Standards

CC.1.4.9-10.A	- Write informative/ explanatory texts to examine and convey complex ideas, concepts, and information clearly and accurately.
CC.1.4.9-10.B	- Write with a sharp distinct focus identifying topic, task, and audience.
CC.1.4.9-10.C	- Develop and analyze the topic with relevant, well-chosen, and sufficient facts, extended definitions, concrete details, quotations, or other information and examples appropriate to the audience's knowledge of the topic; include graphics and multimedia when useful to aiding comprehension.
CC.1.4.9-10.D	- Organize ideas, concepts, and information to make important connections and distinctions; use appropriate and varied transitions to link the major sections of the text; include formatting when useful to aiding comprehension; provide a concluding statement or section.
CC.1.4.9-10.E	- Write with an awareness of the stylistic aspects of composition. * Use precise language and domain-specific vocabulary to manage the complexity of the topic. * Establish and maintain a formal style and objective tone while attending to the norms of the discipline in which they are writing.
CC.1.4.9-10.F	- Demonstrate a grade-appropriate command of the conventions of standard English grammar, usage, capitalization, punctuation, and spelling.
CC.1.4.9-10.T	- Develop and strengthen writing as needed by planning, revising, editing, rewriting, or trying a new approach, focusing on addressing what is most significant for a specific purpose and audience.
CC.1.5.9-10.A	- Initiate and participate effectively in a range of collaborative discussions on grades level topics, texts, and issues, building on others' ideas and expressing their own clearly and persuasively.
CC.1.5.9-10.C	- Integrate multiple sources of information presented in diverse media or formats (e.g. visually, quantitatively, orally) evaluating the credibility and accuracy of each source.
CC.1.5.9-10.D	- Present information, findings, and supporting evidence clearly, concisely, and logically such that listeners can follow the line of reasoning; ensure that the presentation is appropriate to purpose, audience, and task.

Essential Questions

- How do journalists work together to produce accurate, engaging, and publication-ready stories for a real audience? How do deadlines, editorial decisions, and collaboration shape the publication process?

Objectives

Students will be able to:

- explain the roles and responsibilities involved in student publication production;
- generate and pitch story ideas appropriate for a school or community audience;
- plan, draft, revise, and edit journalistic pieces for publication;
- collaborate with peers to provide and apply editorial feedback;
- meet deadlines and manage workflow as part of a publication process;
- prepare selected work for submission to the high school online newspaper;
- develop a longform journalism piece through sustained reporting and revision;
- reflect on how editorial decisions affect content, quality, and audience engagement;
- add publication-ready work and reflections to their digital portfolios.

Key Vocabulary and Definitions

Publication: a newspaper, website, magazine, or other outlet that shares journalism with an audience.

Editorial Workflow: the sequence of steps used to plan, draft, revise, edit, and publish content.

Pitch: a proposed story idea presented for approval or discussion.

Deadline: the date or time by which work must be completed.

Editor: a person who reviews and improves writing for clarity, accuracy, style, and publication readiness.

Staff Writer: a writer who contributes articles or content to a publication.

Copyediting: editing for grammar, spelling, punctuation, style, and consistency.

Layout: the arrangement of text, images, and design elements in a publication.

Proofreading: the final review of content before publication.

Submission: a piece of work sent for review or publication.

Editorial Feedback: comments or suggestions intended to strengthen a piece before publication.

Longform Journalism: an extended journalistic piece that explores a topic in depth through sustained reporting and development.

Newsroom: the group or setting in which journalists plan and produce stories.

Production Schedule: a timeline for completing stages of publication work.

Audience Engagement: the ways readers interact with or respond to content.

Unit Learning Activities

1. Analyze how a student publication or online newspaper is organized and produced.
2. Review newsroom roles, responsibilities, and editorial expectations.
3. Brainstorm and pitch individual or group story ideas for publication.
4. Develop a publication calendar or production timeline for stories and deadlines.
5. Conduct reporting, writing, revising, and editing for selected stories.
6. Participate in editorial meetings to discuss story progress, quality, and readiness.
7. Practice giving and applying peer and editor-style feedback.
8. Prepare stories, images, captions, and multimedia elements for submission or publication.
9. Track progress on longform journalism pieces through proposal, reporting, drafting, and revision stages.
10. Reflect on collaboration, deadlines, editorial choices, and challenges in publication work.
11. Submit selected polished pieces to the high school online newspaper when appropriate.
12. Add final and in-process publication artifacts to the digital portfolio.

Unit Resources

- teacher-created slides and notes
- school or mentor student publications
- story pitch forms and editorial meeting templates
- production calendars or workflow organizers
- peer-editing and copyediting checklists
- longform project planning materials
- digital portfolio platform
- high school online newspaper as a mentor publication model and submission destination

Assessments (Formative and Summative)

Formative Assessments

- entrance and exit tickets
- story pitch proposals
- editorial meeting participation
- deadline and workflow check-ins
- draft checkpoints
- peer editing and revision participation
- longform project progress checks
- submission readiness reviews
- digital portfolio progress check

Summative Assessments

1. Publication Pitch and Planning Task: Students propose a publishable story idea, identify audience and purpose, and create a plan for reporting, drafting, revision, and deadline completion.
2. Publication-Ready Writing Task: Students complete and polish a journalistic piece for possible submission or publication, demonstrating strong reporting, organization, revision, and audience awareness.
3. Portfolio Entry #11: Students upload a publication-ready piece and a brief reflection on the production process, including collaboration, deadlines, and editorial feedback.

Curriculum Writer(s)

Gretchen Kelly

Board Approval Date

1_Introduction to Journalism (Curriculum In Progress)
Final Publication Project

Unit Description

This culminating unit gives students the opportunity to apply the reporting, writing, editing, visual storytelling, and publication skills developed throughout the course in a final authentic project. Students will complete and refine a substantial piece of journalism, which may include a longform article, feature, profile, editorial, multimedia story, photojournalism project, or other publication-ready work. The unit emphasizes sustained inquiry, revision, editorial decision-making, reflection, and audience awareness. Students will curate a digital portfolio of their strongest work from across the year, reflect on their growth as journalists, and prepare selected final pieces for possible submission to the high school online newspaper.

Standards

CC.1.2.9-10.A	- Determine a central idea of a text and analyze its development over the course of the text, including how it emerges and is shaped and refined by specific details; provide an objective summary of the text.
CC.1.2.9-10.B	- Cite strong and thorough textual evidence to support analysis of what the text says explicitly as well as inferences and conclusions based on an author's explicit assumptions and beliefs about a subject.
CC.1.2.9-10.G	- Analyze various accounts of a subject told in different mediums (e.g., a person's life story in both print and multimedia), determining which details are emphasized in each account.
CC.1.4.9-10.A	- Write informative/ explanatory texts to examine and convey complex ideas, concepts, and information clearly and accurately.
CC.1.4.9-10.B	- Write with a sharp distinct focus identifying topic, task, and audience.
CC.1.4.9-10.C	- Develop and analyze the topic with relevant, well-chosen, and sufficient facts, extended definitions, concrete details, quotations, or other information and examples appropriate to the audience's knowledge of the topic; include graphics and multimedia when useful to aiding comprehension.
CC.1.4.9-10.D	- Organize ideas, concepts, and information to make important connections and distinctions; use appropriate and varied transitions to link the major sections of the text; include formatting when useful to aiding comprehension; provide a concluding statement or section.
CC.1.4.9-10.E	- Write with an awareness of the stylistic aspects of composition. * Use precise language and domain-specific vocabulary to manage the complexity of the topic. * Establish and maintain a formal style and objective tone while attending to the norms of the discipline in which they are writing.
CC.1.4.9-10.F	- Demonstrate a grade-appropriate command of the conventions of standard English grammar, usage, capitalization, punctuation, and spelling.
CC.1.4.9-10.T	- Develop and strengthen writing as needed by planning, revising, editing, rewriting, or trying a new approach, focusing on addressing what is most significant for a specific purpose and audience.
CC.1.5.9-10.A	- Initiate and participate effectively in a range of collaborative discussions on grades level topics, texts, and issues, building on others' ideas and expressing their own clearly and persuasively.
CC.1.5.9-10.C	- Integrate multiple sources of information presented in diverse media or formats (e.g. visually, quantitatively, orally) evaluating the credibility and accuracy of each source.
CC.1.5.9-10.D	- Present information, findings, and supporting evidence clearly, concisely, and logically such that listeners can follow the line of reasoning; ensure that the presentation is appropriate to purpose, audience, and task.

Essential Questions

- How do journalists use reporting, writing, revision, and reflection to create meaningful work for a real audience? How does a final published piece demonstrate growth, purpose, and responsibility as a student journalist?

Objectives

Students will be able to:

- complete a substantial journalistic project that demonstrates course skills and growth;
- refine a longform or publication-ready piece through sustained drafting, revision, and editing;
- apply standards of accuracy, credibility, ethics, and audience awareness to final work;
- select and organize portfolio artifacts that represent development across the course;
- reflect on strengths, challenges, and growth as a journalist, writer, and contributor to a publication;
- present or publish final work for an authentic audience when appropriate;
- use teacher, peer, and editorial feedback to strengthen final products;
- curate a digital portfolio that includes drafts, polished pieces, multimedia artifacts, and reflections.

Key Vocabulary and Definitions

Capstone Project: a final task or product that demonstrates learning across a course.

Longform Journalism: an extended journalistic piece that explores a topic in depth through sustained reporting and development.

Portfolio: a curated collection of work that demonstrates growth, skill, and achievement over time.

Curation: the process of selecting and organizing work for a specific purpose or audience.

Reflection: thoughtful writing or discussion about learning, growth, process, and performance.

Revision: improving a piece of writing by refining ideas, structure, detail, and clarity.

Editing: correcting errors and improving style, consistency, and correctness.

Publication-Ready: polished work that is prepared for a public audience.

Audience Awareness: understanding the needs, interests, and expectations of intended readers or viewers.

Authentic Audience: a real audience beyond the classroom, such as readers of a school newspaper.

Submission: sending work for review, publication, or presentation.

Multimedia Artifact: a portfolio item that includes text, images, audio, video, or other digital elements.

Process Reflection: writing that explains how a project was developed, revised, and improved over time.

Journalistic Integrity: a commitment to truthfulness, fairness, accuracy, and ethical practice.

Unit Learning Activities

1. Review the goals and expectations of the final publication project.
2. Revisit earlier portfolio pieces to identify growth and strong candidate artifacts.
3. Select a final project format, such as a longform article, feature, profile, editorial, review, photojournalism set, or multimedia story.
4. Develop or refine a project proposal, timeline, and revision plan.
5. Continue reporting, interviewing, researching, drafting, and revising final projects.
6. Participate in peer workshops, conferences, and editorial review sessions.
7. Apply editing and AP Style skills to prepare final work for publication.
8. Curate portfolio entries to represent a range of genres and skills from across the course.
9. Write reflective pieces explaining growth, revision choices, challenges, and accomplishments.
10. Prepare selected final work for possible submission to the high school online newspaper.
11. Present final pieces or portfolios to classmates, teachers, or a broader audience when appropriate.
12. Complete a final portfolio review that includes polished work and reflections.

Unit Resources

- teacher-created slides and notes
- final project guidelines and portfolio checklists
- student drafts and previous course artifacts
- peer review and conferencing tools
- AP Style and editing reference materials
- longform project planning materials
- digital portfolio platform
- high school online newspaper as a mentor publication model and submission destination

Assessments (Formative and Summative)

Formative Assessments

- entrance and exit tickets
- project proposal or planning checkpoints
- draft conferences
- peer workshop participation
- revision and editing checks
- portfolio curation progress checks
- reflection drafts
- submission readiness reviews

Summative Assessments

1. Final Publication Project: Students complete a substantial journalistic piece that demonstrates strong reporting, organization, revision, audience awareness, and journalistic integrity.
2. Digital Portfolio Submission: Students submit a curated portfolio of work from across the course, including drafts, polished pieces, multimedia artifacts, and reflections.
3. Final Reflection: Students write a reflection explaining their growth as journalists, the development of their final project, and the strengths of their portfolio.

1_Introduction to Organic Chemistry (Curriculum In Progress)

Grade Level Summary

[Course Cover Sheet](#)
[PA STEELS Standards](#)

Grade Level Modules

Module 1: ONE: Foundations
Module 2: TWO: Organic Structure and Nomenclature
Module 3: THREE: Conformational Analysis
Module 4: FOUR: Stereoisomers

1_Introduction to Organic Chemistry (Curriculum In Progress) ONE: Foundations

Unit Description

Students will review chemical structure, bonding, hybridization, and geometry. They will learn to translate classical chemical models into organic models.

Standards

3.1.4.B	- Know models as useful simplifications of objects or processes.
3.4.10.A	- Explain concepts about the structure and properties of matter.
3.2.12.A5	- MODELS/PATTERNS Use VSEPR theory to predict the molecular geometry of simple molecules. CONSTANCY AND CHANGE Predict the shift in equilibrium when a system is subjected to a stress.

Essential Questions

- How do electron distributions dictate chemical connectivity, molecular geometry, and structural stability in organic compounds?
- How do valence electrons govern atomic bonding and structural representation in organic chemistry?
- How do atomic orbital hybridization and electron delocalization dictate 3D shape and molecular stability?

Objectives

By the end of Unit 1, students should be able to...

1. Determine electron configurations and formal charges; draw valid Lewis structures, condensed formulas, and bond-line structures for organic molecules; convert fluently between structural representations, and
2. predict molecular and electron-pair geometries using VSEPR theory; assign atomic hybridization states; construct valid resonance forms using curved arrows to evaluate electron delocalization and stability.

Key Vocabulary and Definitions

1. electron configuration: arrangement of electrons in an atom's energy levels, subshells, and orbitals
2. valence electrons: electrons in an atom's outermost shell
3. molecular formula: a way of writing the exact types and numbers of atoms that make up a singular molecule
4. Lewis structure: model that shows how valence electrons are arranged and bonded
5. condensed structural formula: a way to depict a molecule in a single line of text
6. bond line structure: shorthand way to draw organic molecules using lines for bonds
7. isomer: molecules with the same chemical formula but a different arrangement of atoms
8. index of hydrogen deficiency (SOPBAR): calculation used to determine how many rings or pi bonds exist in an organic molecule
9. electron domain geometry: describes arrangement of bonds AND lone pairs
10. molecular geometry: describes arrangement of only bonds between connected atoms
11. resonance: delocalization of electrons causing the existence of multiple valid Lewis structures
12. hybridization: the mixing of atomic orbitals to create new, hybrid orbitals

1_Introduction to Organic Chemistry (Curriculum In Progress) TWO: Organic Structure and Nomenclature

Unit Description

Students will explore functional groups and begin naming complex organic molecules. They will be able to identify molecular function based on structure.

- Lab Unit 1: Simple Distillation
 - Students use organic properties to distill alcohol from water.

Standards

3.4.12.A	- Apply concepts about the structure and properties of matter.
3.1.10.A7	- Describe the relationship between the structure of organic molecules and the function they serve in living organisms. Explain how cells store and use information to guide their functions.
3.3.12.A	- Explain the relationship between structure and function at all levels of organization.

Essential Questions

- How do functional groups dictate physical properties, and how does systematic naming allow global communication of chemical structures?
- How do specific functional groups and intermolecular forces dictate boiling points, solubility, and lab separation techniques?
- How do systematic IUPAC rules provide a standardized method for naming complex organic molecules?

Objectives

By the end of Unit 2, students should be able to...

1. Identify major functional groups within organic molecules; correlate structural features with IMFs; apply IMF principles to laboratory techniques such as distillation and extraction, and
2. determine parent carbon chains and substituent priorities; systematically apply IUPAC rules to name molecules containing functional groups; translate systematic chemical names into accurate bond-line structures.

Key Vocabulary and Definitions

1. IUPAC nomenclature: standardized system of naming chemical compounds
2. distillation: physical method of separating liquids in a mixture
3. immiscible: 2 or more substances that cannot mix together to form a single-layer solution
4. alkane: single bond between carbon atoms
5. alkene: double bond between carbon atoms
6. alkyne: triple bond between carbon atoms
7. functional group: a specific group of atoms within a molecule that dictates how the molecule behaves, reacts, and interacts
8. apparatus: the collective group of glassware used together to perform an experiment

1_Introduction to Organic Chemistry (Curriculum In Progress) THREE: Conformational Analysis

Unit Description

Students will analyze different alkane conformers using Newman Projections. Students will expand this skill to analyze cycloalkanes using Chairs. This unit builds off of Unit 2 when students identify functional groups to locate strain.

- Lab Unit 2: Liquid-Liquid Extraction of Caffeine
 - Students build on skills from their first lab unit to extract caffeine from tea.

Standards

3.2.6-8.A - Develop models to describe the atomic composition of simple molecules and extended structures.

Essential Questions

- How do continuous single-bond rotations alter molecular arrangements and energy?
- How do internal bond rotations create energy differences among staggered, eclipsed, anti, and gauche conformations?
- Why do cyclic alkanes adopt specific 3D chair shapes, and how do axial versus equatorial substituent positions govern ring stability?

Objectives

By the end of Unit 3, students should be able to...

1. Construct and interpret Newman projections along specific carbon-carbon bonds; evaluate steric and torsional strain to identify high- and low-energy conformers, and
2. draw cyclohexane chair conformations and perform ring flips; evaluate 1,3-diaxial interactions to predict the most stable conformer; differentiate between cis and trans stereoisomers on cycloalkane rings.

Key Vocabulary and Definitions

1. conformers: molecules with the same molecular formula but different spatial arrangement of substituent groups due to rotation around a single bond
2. staggered conformation: low-energy spatial arrangement where substituents on adjacent atoms are as far apart as possible, creating a 60 degree dihedral angle
3. eclipsed conformation: high-energy spatial arrangement where substituents on adjacent atoms are directly lined up with one another, creating a 0 degree dihedral angle
4. gauche relationship: staggered conformation isomer where 2 large groups on adjacent atoms have a dihedral angle of 60 degrees
5. anti relationship: relative spatial arrangement where 2 large groups on adjacent atoms point in opposite directions, creating a dihedral angle of 180 degrees
6. dihedral angle (torsional angle): the angle between 2 bonds/intersecting planes originating from different atoms; measures the rotation of a bond around a central shared bond
7. torsional strain: potential energy in a molecule caused by electron repulsion between bonds when they are forced into an eclipsed conformation during rotation
8. steric strain: potential energy in a molecule caused by repulsive forces between electron clouds of large substituent groups forced close together during rotation
9. angle strain: instability in a molecule when its bond angles are forced to move away from their natural shapes
10. Newman projection: drawing method used to visualize the 3D conformers of a molecule by looking directly down a specific, single bond axis
11. chair conformation: the most stable, lowest-energy shape that a cyclohexane ring can adopt
12. axial: bonds that point straight up/down around the ring
13. equatorial: bonds that slant outward along the equator around the ring
14. cis isomer: similar substituent groups lie on the same side
15. trans isomer: similar substituent groups lie on opposite sides

1_Introduction to Organic Chemistry (Curriculum In Progress) FOUR: Stereoisomers

Unit Description

Students will continue to explore organic structure by identifying stereoisomerism. Using foundational organic frameworks, they will determine the difference in properties of molecules when their spatial arrangements change.

Standards

- | | |
|------------------|--|
| 3.2.10.A2 | - Compare and contrast different bond types that result in the formation of molecules and compounds. Explain why compounds are composed of integer ratios of elements. |
| 3.1.4.B | - Know models as useful simplifications of objects or processes. |

Essential Questions

- How does 3D spatial orientation create non-superimposable molecular structures with distinct properties?
- How do chiral centers originate, and how are absolute 3D configurations defined using priority rules?
- How do structural relationships between non-superimposable mirror images and non-mirror-image stereoisomers differ?

Objectives

By the end of Unit 4, students should be able to...

1. Identify chiral centers (stereocenters) in organic structures; apply Cahn-Ingold-Prelog (CIP) rules to assign absolute R or S configurations, and
2. differentiate between enantiomers, diastereomers, meso compounds, and constitutional isomers; predict physical property differences between stereoisomer pairs.

Key Vocabulary and Definitions

1. stereoisomers: molecules that have the same molecular formula and same atomic connections but a different 3D shape
2. E/Z nomenclature: IUPAC method for naming alkene stereoisomers when cis/trans labels fail
3. Cahn-Ingold-Prelog rules: standard system for ranking substituents around a stereocenter
4. chiral: molecule that has a non-superimposable mirror image
5. achiral: molecule that has a superimposable mirror image (overlaps perfectly)
6. chiral center: an atom (usually carbon) bonded to 4 distinct groups
7. enantiomer: stereoisomers that are non-superimposable mirror images of each other
8. diastereomer: stereoisomers that are not mirror images of each other
9. meso compound: achiral molecule that contains at least 2 chiral centers
10. constitutional isomer: molecules that share the same molecular formula but their atoms are connected in a different order
11. racemic mixture: an equal 50:50 mix of 2 enantiomers

Grade Level Summary

[Course Cover Sheet](#)

Grade Level Modules

Module 1:	Unit 1: Foundations of Healthcare
Module 2:	Unit 2: Clinical Careers
Module 3:	Unit 3: Diagnostic & Technical Roles
Module 4:	Unit 4: Allied Health Professions
Module 5:	Unit 5: Professional Development

1_Pathways to Health Care (Curriculum In Progress)
Unit 1: Foundations of Healthcare

Unit Description

This introductory unit provides students with a broad understanding of the healthcare field, including healthcare systems, careers, professionalism, ethics, communication, patient rights, and safety practices. Students will explore the roles of healthcare workers and develop foundational employability and interpersonal skills essential for success in healthcare settings.

Standards

10.1.9.D	- Analyze prevention and intervention strategies in relation to adolescent and adult drug use. decision-making/refusal skills situation avoidance goal setting professional assistance (e.g., medical, counseling. support groups) parent involvement
10.1.9.E	- Analyze how personal choice, disease and genetics can impact health maintenance and disease prevention.
10.1.12.B	- Evaluate factors that impact the body systems and apply protective/ preventive strategies. fitness level environment (e.g., pollutants, available health care) health status (e.g., physical, mental, social) nutrition
10.1.12.E	- Identify and analyze factors that influence the prevention and control of health problems. research medical advances technology government policies/regulations
10.2.9.A	- Identify and describe health care products and services that impact adolescent health practices.
10.2.9.C	- Analyze media health and safety messages and describe their impact on personal health and safety.
10.2.12.A	- Evaluate health care products and services that impact adult health practices.
10.2.12.B	- Assess factors that impact adult health consumer choices. access to health information access to health care cost safety
10.2.12.D	- Examine and apply a decision-making process to the development of short and long-term health goals.
10.3.9.A	- Analyze the role of individual responsibility for safe practices and injury prevention in the home, school and community. modes of transportation (e.g., pedestrian, bicycle, vehicular, passenger, farm vehicle, all-terrain vehicle) violence prevention in school self-protection in the home self-protection in public places
11.1.9.B	- Explain the responsibilities associated with managing personal finances (e.g., savings, checking, credit, non- cash systems, investments, insurance).
15.6.12.N	- Compare and contrast various suppliers of insurance products and develop criteria to evaluate individual insurance needs.
13.1.11.B	- Analyze career options based on personal interests, abilities, aptitudes, achievements and goals.
13.2.3.D	- Identify the importance of developing a plan for the future.
13.3.11.A	- Evaluate personal attitudes and work habits that support career retention and advancement.

Essential Questions

- What is healthcare and why is it important?
- What careers and pathways exist within the healthcare industry?
- What skills and behaviors are expected of healthcare professionals?
- How do ethics, laws, and patient rights impact healthcare delivery?
- Why are communication and safety essential in healthcare environments?

Objectives

Students will be able to:

- Describe the organization and structure of healthcare systems.
- Identify major healthcare career pathways and educational requirements.
- Use introductory medical terminology related to body systems, positions, prefixes, suffixes, and abbreviations.
- Explain and apply basic patient care principles.
- Demonstrate professional behaviors expected in healthcare settings.
- Explain basic healthcare ethics, laws, and patient rights.
- Apply effective verbal and nonverbal communication skills.
- Recognize and follow health, safety, and infection prevention protocols.

Key Vocabulary and Definitions

- Healthcare system – The organized network of people, services, and facilities that provide medical care.
- Therapeutic communication – Professional communication that builds trust and supports patient care.
- Professionalism – Behaving in a responsible, respectful, and ethical way in the workplace.
- HIPAA – A federal law that protects patient health information and privacy.
- Ethics – Moral principles that guide decisions and behavior in healthcare.
- Scope of practice – The tasks and responsibilities a healthcare worker is legally allowed to perform.
- Infection control – Methods used to prevent the spread of disease.
- PPE (Personal Protective Equipment) – Equipment like gloves, masks, and gowns used to protect against infection.
- Vital signs – Basic measurements of body function (temperature, pulse, respiration, blood pressure).
- Patient rights – Legal and ethical protections given to patients receiving care.

Unit Learning Activities

Week 1: Introduction to Health Care

- History and evolution of healthcare
- Types of healthcare facilities
- Members of the healthcare team
- Organization of healthcare systems
- Suggested Activities
 - Class discussion: "What does healthcare mean?"
 - Healthcare career matching activity
 - Video reflection on modern healthcare systems

Week 2: Healthcare Careers and Pathways

- Therapeutic vs. diagnostic services
- Educational requirements and certifications
- Employability and soft skills
- Career exploration and pathways
- Introduction to medical terminology
- Suggested Activities
 - Research a healthcare career
 - Guest speaker or virtual interview
 - Resume and employability mini lesson

Week 3: Professionalism in Health Care

- Appearance and behavior expectations
- Time management and accountability
- Teamwork and workplace readiness
- Digital professionalism and social media awareness
- Suggested Activities
 - Scenario analysis
 - Professional vs. unprofessional behavior sorting activity
 - Mock workplace situations

Week 4: Ethics, Laws, and Patient Rights

- HIPAA and confidentiality
- Patient rights and advocacy
- Ethical dilemmas in healthcare
- Consent and scope of practice
- Suggested Activities
 - Case study discussions
 - Ethics debate
 - HIPAA violation examples

Week 5: Basic Patient Care Principles

- Patient comfort and positioning
- Measuring and recording vital signs
- Patient privacy and dignity
- Observation and reporting skills
- Suggested Activities
 - Vital signs practice
 - Bed-making or patient positioning demonstration
 - Role-play patient care scenarios
 - Observation charting practice

Week 6: Communication in Health Care

- Verbal and nonverbal communication
- Active listening skills
- Communication barriers
- Cultural awareness and empathy
- Suggested Activities
 - Role-play patient interactions
 - Active listening exercises
 - Nonverbal communication challenge

Week 7: Safety, Infection Control, and Culminating Review

- Standard precautions
- Hand hygiene and PPE
- Workplace safety practices
- Introduction to infection prevention
- Suggested Activities
 - Proper hand washing demonstration
 - PPE practice stations
 - Safety hazard identification activity

Unit Resources

Diversified Health Occupations or Introduction to Health Care & Careers; Medical Terminology for Health Professions; OSHA/HIPAA/CDC online resources; Career exploration tools (BLS Occupational Outlook Handbook); Basic clinical equipment for demonstrations; Guest speakers/site visits

Assessments (Formative and Summative)

Formative

- Bell ringers
- Exit tickets
- Class discussions
- Skills practice
- Reflection journals

Summative

- Unit test
- Career research presentation
- Professionalism and communication performance task

Differentiation and Supports

- Guided notes
- Vocabulary supports
- Choice boards for career exploration
- Visual demonstrations and modeling
- Small group discussions
- Extended time accommodations

Extension Activities

- Healthcare career fair
- HOSA participation
- Mock interviews
- Job shadow reflection

Culminating Project

- Students will create a “Healthcare Professional Portfolio” including:
- Career research
- Resume
- Professional reflection
- HIPAA and ethics scenarios
- Communication reflection
- Safety checklist

1_Pathways to Health Care (Curriculum In Progress)
Unit 2: Clinical Careers

Unit Description

This unit introduces students to a wide range of clinical healthcare careers and pathways. Students will explore physician specialties, nursing careers, therapy professions, and mental health careers while examining educational requirements, certifications, workplace responsibilities, and emerging trends in healthcare. The unit emphasizes career readiness, interdisciplinary collaboration, communication, empathy, and patient-centered care.

Standards

10.1.9.D	- Analyze prevention and intervention strategies in relation to adolescent and adult drug use. decision-making/refusal skills situation avoidance goal setting professional assistance (e.g., medical, counseling. support groups) parent involvement
10.1.9.E	- Analyze how personal choice, disease and genetics can impact health maintenance and disease prevention.
10.1.12.B	- Evaluate factors that impact the body systems and apply protective/ preventive strategies. fitness level environment (e.g., pollutants, available health care) health status (e.g., physical, mental, social) nutrition
10.1.12.E	- Identify and analyze factors that influence the prevention and control of health problems. research medical advances technology government policies/regulations
10.2.9.A	- Identify and describe health care products and services that impact adolescent health practices.
10.2.9.C	- Analyze media health and safety messages and describe their impact on personal health and safety.
10.2.12.A	- Evaluate health care products and services that impact adult health practices.
10.2.12.B	- Assess factors that impact adult health consumer choices. access to health information access to health care cost safety
10.2.12.D	- Examine and apply a decision-making process to the development of short and long-term health goals.
10.3.9.A	- Analyze the role of individual responsibility for safe practices and injury prevention in the home, school and community. modes of transportation (e.g., pedestrian, bicycle, vehicular, passenger, farm vehicle, all-terrain vehicle) violence prevention in school self-protection in the home self-protection in public places
11.1.9.B	- Explain the responsibilities associated with managing personal finances (e.g., savings, checking, credit, non- cash systems, investments, insurance).
15.6.12.N	- Compare and contrast various suppliers of insurance products and develop criteria to evaluate individual insurance needs.
13.1.11.B	- Analyze career options based on personal interests, abilities, aptitudes, achievements and goals.
13.2.3.D	- Identify the importance of developing a plan for the future.
13.3.11.A	- Evaluate personal attitudes and work habits that support career retention and advancement.

Essential Questions

- What roles do clinical healthcare professionals play in patient care?
- How do healthcare professionals collaborate to improve patient outcomes?
- What educational pathways and certifications are required for clinical careers?
- How do mental and physical health intersect in healthcare settings?
- Which healthcare career pathways align with individual interests and strengths?

Objectives

Students will be able to:

- Identify major physician specialties and their roles in healthcare.
- Compare nursing pathways, certifications, and career opportunities.
- Describe therapy professions and rehabilitation services.
- Explore careers in mental and behavioral health.
- Analyze educational requirements and workplace expectations for clinical careers.
- Demonstrate understanding of interdisciplinary teamwork in healthcare.
- Apply professionalism and communication skills in clinical scenarios.

Key Vocabulary and Definitions

- Physician specialty – A specific area of medicine a doctor focuses on (e.g., pediatrics, surgery).
- Residency – Post-medical school training where doctors gain hands-on experience in a specialty.
- Registered Nurse (RN) – A licensed nurse who provides and coordinates patient care.
- Licensed Practical Nurse (LPN) – A nurse who provides basic patient care under supervision.
- Nurse Practitioner (NP) – An advanced practice nurse who can diagnose and treat patients.
- Therapy services – Healthcare services that help patients recover or improve function.
- Occupational therapy – Therapy focused on helping patients perform daily activities.
- Physical therapy – Therapy focused on improving movement and mobility.
- Psychiatry – A medical field focused on diagnosing and treating mental illness.
- Counseling – Support services that help individuals manage emotional and mental health challenges.
- Interdisciplinary team – A group of healthcare professionals working together on patient care.

Unit Learning Activities

Week 8: Introduction to Clinical Careers

- Overview of clinical healthcare careers
- Clinical settings and patient care environments
- Career readiness and workplace expectations
- Suggested Activities
 - Healthcare team role matching activity
 - Career interest inventory
 - Clinical careers overview presentation
 - Small group discussions

Week 9: Physician Specialties

- Primary care vs. specialty medicine
- Surgical and non-surgical specialties
- Education, medical school, and residency
- Roles and responsibilities of physicians
- Suggested Activities
 - Physician specialty research project
 - “Day in the Life” physician career analysis
 - Medical specialty matching game
 - Guest speaker or virtual physician interview

Week 10: Nursing Pathways

- CNA, LPN, RN, BSN, and advanced practice nursing
- Nursing specialties and work environments
- Nursing skills and patient advocacy
- Communication and teamwork in nursing
- Suggested Activities
 - Nursing pathway flowchart activity
 - Nursing case study scenarios

- Nursing skills demonstration videos
- Panel discussion or interview clips

Week 11: Therapy Professions

- Physical therapy
- Occupational therapy
- Speech-language pathology
- Respiratory therapy and rehabilitation careers
- Suggested Activities
 - Therapy profession stations
 - Mobility and adaptive equipment demonstration
 - Case study analysis
 - Career comparison activity

Week 12: Mental Health Careers

- Psychology and psychiatry
- Counseling and social work
- Substance abuse and behavioral health services
- Mental health awareness and stigma reduction
- Suggested Activities
 - Mental health awareness discussion
 - Career research activity
 - Scenario-based patient support role-play
 - TED Talk or video reflection

Week 13: Emerging and Specialized Clinical Careers

- Telehealth and healthcare technology
- Sports medicine
- Emergency medicine
- Public health and community health careers
- Suggested Activities
 - Emerging careers research project
 - Technology in healthcare discussion
 - Public health scenario activity
 - Career pathway poster creation

Week 14: Clinical Skills and Professional Communication

- Patient interaction and bedside manner
- Communication with healthcare teams
- Empathy and professionalism
- Documentation and reporting basics
- Suggested Activities
 - Role-play patient interactions
 - Team communication scenarios
 - Mock interdisciplinary meeting
 - Reflection writing

Week 15: Culminating Career Exploration Project and Review

- Review of clinical career pathways
- Career portfolio completion
- Presentation preparation
- Unit review activities
- Suggested Activities

- Portfolio workshop
- Peer review sessions
- Career presentations
- Review games

Unit Resources

Diversified Health Occupations or Introduction to Health Care & Careers; Medical Terminology for Health Professions; OSHA/HIPAA/CDC online resources; Career exploration tools (BLS Occupational Outlook Handbook); Basic clinical equipment for demonstrations; Guest speakers/site visits

Assessments (Formative and Summative)

Formative

- Bell ringers
- Exit tickets
- Career reflections
- Class discussions
- Case study analysis

Summative

- Unit test
- Clinical career research presentation
- Career exploration portfolio
- Communication performance task

Differentiation and Supports

- Guided notes
- Vocabulary supports
- Career choice boards
- Visual organizers and graphic charts
- Small group discussions
- Extended time accommodations

Extension Activities

- Healthcare career fair
- Guest speakers from clinical professions
- Mock interviews
- Job shadow reflection
- HOSA participation

Culminating Project

- Students will create a "Clinical Careers Portfolio" including:
- Career research
- Educational pathway comparison
- Resume or career readiness artifact
- Reflection on personal career interests
- Communication and professionalism reflection
- Presentation on a selected clinical profession

1_Pathways to Health Care (Curriculum In Progress)
Unit 3: Diagnostic & Technical Roles

Unit Description

This unit introduces students to diagnostic and technical healthcare careers that support patient diagnosis, treatment, and healthcare system efficiency. Students will explore laboratory sciences, medical imaging, pharmacy careers, and health information technology. Emphasis is placed on accuracy, technology use, teamwork, patient safety, and the critical role these professionals play in healthcare decision-making.

Standards

10.1.9.D	- Analyze prevention and intervention strategies in relation to adolescent and adult drug use. decision-making/refusal skills situation avoidance goal setting professional assistance (e.g., medical, counseling. support groups) parent involvement
10.1.9.E	- Analyze how personal choice, disease and genetics can impact health maintenance and disease prevention.
10.1.12.B	- Evaluate factors that impact the body systems and apply protective/ preventive strategies. fitness level environment (e.g., pollutants, available health care) health status (e.g., physical, mental, social) nutrition
10.1.12.E	- Identify and analyze factors that influence the prevention and control of health problems. research medical advances technology government policies/regulations
10.2.9.A	- Identify and describe health care products and services that impact adolescent health practices.
10.2.9.C	- Analyze media health and safety messages and describe their impact on personal health and safety.
10.2.12.A	- Evaluate health care products and services that impact adult health practices.
10.2.12.B	- Assess factors that impact adult health consumer choices. access to health information access to health care cost safety
10.2.12.D	- Examine and apply a decision-making process to the development of short and long-term health goals.
10.3.9.A	- Analyze the role of individual responsibility for safe practices and injury prevention in the home, school and community. modes of transportation (e.g., pedestrian, bicycle, vehicular, passenger, farm vehicle, all-terrain vehicle) violence prevention in school self-protection in the home self-protection in public places
15.6.12.N	- Compare and contrast various suppliers of insurance products and develop criteria to evaluate individual insurance needs.
13.1.11.B	- Analyze career options based on personal interests, abilities, aptitudes, achievements and goals.
13.2.3.D	- Identify the importance of developing a plan for the future.
13.3.11.A	- Evaluate personal attitudes and work habits that support career retention and advancement.

Essential Questions

- How do diagnostic and technical professionals support patient care?
- What technologies are used in modern healthcare diagnostics and treatment?
- What educational pathways lead to laboratory, imaging, pharmacy, and HIT careers?
- How does accurate data impact patient outcomes?
- What skills are essential for success in technical healthcare roles?

Objectives

Students will be able to:

- Describe careers in laboratory sciences and their role in diagnosis.
- Explain the purpose and function of medical imaging technologies.
- Identify pharmacy career roles and medication distribution processes.
- Understand the role of health information technology in healthcare systems.
- Analyze education and certification requirements for technical careers.
- Demonstrate understanding of accuracy, safety, and ethics in healthcare data and procedures.
- Apply professionalism and communication skills in technical healthcare settings.

Key Vocabulary and Definitions

- Diagnostic – Relating to identifying a disease or condition.
- Specimen – A sample of body tissue or fluid used for testing.
- Pathology – The study of disease and its effects on the body.
- Radiology – The use of imaging technology to diagnose and treat disease.
- MRI (Magnetic Resonance Imaging) – A scan that uses magnets and radio waves to create detailed images.
- CT scan – A detailed imaging test that uses X-rays to view internal structures.
- Ultrasound – Imaging that uses sound waves to view organs and tissues.
- Pharmacist – A healthcare professional who prepares and dispenses medications.
- Dosage – The amount of medication prescribed or taken.
- Electronic Health Record (EHR) – A digital version of a patient's medical chart.
- Health Information Technology (HIT) – Systems used to store, manage, and share healthcare data.
- Data integrity – Ensuring healthcare information is accurate and complete.

Unit Learning Activities

Week 16: Introduction to Diagnostic & Technical Careers

- Overview of diagnostic healthcare roles
- Importance of accuracy and data in healthcare
- Interdisciplinary collaboration
- Introduction to healthcare technology
- Suggested Activities
 - Career cluster sorting activity
 - Healthcare systems role mapping
 - Technology in healthcare discussion
 - Case study introduction

Week 17: Laboratory Sciences

- Clinical laboratory science careers
- Specimen collection and analysis
- Pathology and microbiology basics
- Safety and lab protocols
- Suggested Activities
 - Lab simulation activity
 - Microscope or specimen analysis demo
 - Case study interpretation
 - Lab safety training review

Week 18: Medical Imaging

- Radiologic technologist roles
- X-ray, MRI, CT, and ultrasound basics
- Imaging safety and radiation protection
- Patient preparation and communication

- Suggested Activities
 - Imaging technology comparison chart
 - Virtual imaging lab tour
 - Case study interpretation of imaging results
 - Role-play patient imaging preparation

Week 19: Pharmacy Careers

- Pharmacist vs pharmacy technician roles
- Medication types and classifications
- Prescription process and dosage basics
- Medication safety and ethics
- Suggested Activities
 - Prescription label analysis
 - Medication matching activity
 - Case study on medication errors
 - Guest speaker or video interview

Week 20: Health Information Technology (HIT)

- Electronic Health Records (EHR)
- Medical coding and billing basics
- Data privacy and HIPAA compliance
- Healthcare informatics and data systems
- Suggested Activities
 - Mock EHR documentation activity
 - Coding scenario practice
 - HIPAA compliance case study
 - Healthcare data flow diagram

Week 21: Integration of Diagnostic Systems

- How lab, imaging, pharmacy, and HIT work together
- Patient case studies
- Interdisciplinary communication
- Technology in coordinated care
- Suggested Activities
 - Patient case simulation
 - Team-based diagnosis activity
 - Systems mapping project
 - Group discussion

Week 22: Professionalism and Ethics in Technical Roles

- Confidentiality and HIPAA
- Accuracy and responsibility
- Communication with healthcare teams
- Ethical decision-making
- Suggested Activities
 - Ethical dilemma discussions
 - Role-play communication scenarios
 - Case study review
 - Professional behavior analysis

Week 23: Culminating Project and Review

- Review of diagnostic and technical careers
- Portfolio completion

- Presentation preparation
- Unit review games
- Suggested Activities
 - Career portfolio workshop
 - Peer review
 - Presentation practice
 - Review activities

Unit Resources

Diversified Health Occupations or Introduction to Health Care & Careers; Medical Terminology for Health Professions; OSHA/HIPAA/CDC online resources; Career exploration tools (BLS Occupational Outlook Handbook); Basic clinical equipment for demonstrations; Guest speakers/site visits

Assessments (Formative and Summative)

Formative

- Exit tickets
- Vocabulary checks
- Case study discussions
- Skill practice activities
- Bell ringers

Summative

- Unit test
- Career research presentation
- Diagnostic systems portfolio
- Communication and ethics performance task

Differentiation and Supports

- Guided notes
- Visual diagrams and charts
- Vocabulary scaffolds
- Choice boards for career exploration
- Small group instruction
- Extended time accommodations

Extension Activities

- Job shadow opportunities
- Guest speakers from technical fields
- HOSA competitive events
- Healthcare technology exploration project
- Career fair participation

Culminating Project

- Students will create a "Diagnostic & Technical Careers Portfolio" including:
- Career research in one technical field
- Educational pathway analysis
- Case study reflection
- Resume or career readiness artifact
- Reflection on ethics and accuracy in healthcare
- Presentation on selected diagnostic/technical profession

Curriculum Writer(s)

Sarah Davis

1_Pathways to Health Care (Curriculum In Progress)

Unit 4: Allied Health Professions

Unit Description

This unit introduces students to diverse allied health professions that support, manage, and expand healthcare delivery beyond traditional clinical roles. Students will explore emergency medical services, public health careers, alternative and integrative medicine, and healthcare administration. Emphasis is placed on teamwork, systems thinking, community health, leadership, ethics, and the wide range of career pathways that support patient and population health.

Standards

10.1.9.D	- Analyze prevention and intervention strategies in relation to adolescent and adult drug use. decision-making/refusal skills situation avoidance goal setting professional assistance (e.g., medical, counseling. support groups) parent involvement
10.1.9.E	- Analyze how personal choice, disease and genetics can impact health maintenance and disease prevention.
10.1.12.B	- Evaluate factors that impact the body systems and apply protective/ preventive strategies. fitness level environment (e.g., pollutants, available health care) health status (e.g., physical, mental, social) nutrition
10.1.12.E	- Identify and analyze factors that influence the prevention and control of health problems. research medical advances technology government policies/regulations
10.2.9.A	- Identify and describe health care products and services that impact adolescent health practices.
10.2.9.C	- Analyze media health and safety messages and describe their impact on personal health and safety.
10.2.12.A	- Evaluate health care products and services that impact adult health practices.
10.2.12.B	- Assess factors that impact adult health consumer choices. access to health information access to health care cost safety
10.2.12.D	- Examine and apply a decision-making process to the development of short and long-term health goals.
10.3.9.A	- Analyze the role of individual responsibility for safe practices and injury prevention in the home, school and community. modes of transportation (e.g., pedestrian, bicycle, vehicular, passenger, farm vehicle, all-terrain vehicle) violence prevention in school self-protection in the home self-protection in public places
15.6.12.N	- Compare and contrast various suppliers of insurance products and develop criteria to evaluate individual insurance needs.
13.1.11.B	- Analyze career options based on personal interests, abilities, aptitudes, achievements and goals.
13.2.3.D	- Identify the importance of developing a plan for the future.
13.3.11.A	- Evaluate personal attitudes and work habits that support career retention and advancement.

Essential Questions

- How do allied health professionals support the healthcare system?
- What roles do EMS, public health, administration, and alternative medicine play in improving health outcomes?
- How do healthcare systems address both individual and community health needs?
- What education and skills are needed for allied health careers?
- How do leadership and communication influence healthcare delivery?

Objectives

Students will be able to:

- Describe the role of emergency medical services in acute care and response.
- Explain the purpose and impact of public health initiatives.
- Identify careers in alternative and integrative medicine.
- Understand healthcare administration roles and healthcare system operations.
- Compare education pathways for allied health professions.
- Analyze how allied health careers contribute to patient and population health.
- Demonstrate professionalism and communication in system-based healthcare roles.

Key Vocabulary and Definitions

- Allied health – Healthcare professions that support diagnosis, treatment, and health systems.
- EMS (Emergency Medical Services) – Emergency care provided outside of hospitals.
- EMT (Emergency Medical Technician) – A trained professional who provides emergency medical care.
- Paramedic – A highly trained EMS provider who can perform advanced procedures.
- Triage – The process of prioritizing patients based on urgency of care.
- Public health – The study and practice of improving health at the community level.
- Epidemiology – The study of how diseases spread in populations.
- Health promotion – Activities that encourage healthy behaviors.
- Healthcare administration – Management of healthcare facilities and systems.
- Health policy – Rules and guidelines that shape healthcare systems.
- Alternative medicine – Non-traditional healthcare practices used alongside or instead of standard medicine.
- Integrative medicine – A combination of traditional and alternative medical approaches.

Unit Learning Activities

Week 24: Introduction to Allied Health Professions

- Overview of allied health roles
- How allied health supports healthcare systems
- Interdisciplinary collaboration
- Career pathways overview
- Suggested Activities
 - Career cluster mapping activity
 - Healthcare system role analysis
 - Discussion: “Who keeps healthcare running?”
 - Intro video on allied health careers

Week 25: Emergency Medical Services (EMS)

- EMT and paramedic roles
- Emergency response systems
- Triage and patient stabilization
- Communication in emergency care
- Suggested Activities
 - EMS scenario simulation
 - Triage sorting activity
 - Emergency response flowchart
 - Guest speaker or virtual ride-along video

Week 26: EMS Skills and Emergency Systems

- Vital signs in emergency care
- CPR and basic life support overview
- Emergency communication systems
- Safety in high-pressure environments
- Suggested Activities

- CPR demonstration or video lab
- Emergency scenario role-play
- Vital signs practice
- Radio communication simulation

Week 27: Public Health Careers

- Role of public health organizations
- Disease prevention and health promotion
- Epidemiology basics
- Community health initiatives
- Suggested Activities
 - Disease outbreak simulation
 - Public health campaign design
 - Data interpretation activity
 - Case study analysis

Week 28: Public Health in Action

- Vaccination programs and prevention
- Environmental health and safety
- Health disparities and access to care
- Global health initiatives
- Suggested Activities
 - Health equity discussion
 - Public health infographic creation
 - Case study: outbreak response
 - Community health mapping

Week 29: Alternative and Integrative Medicine

- Overview of holistic health approaches
- Chiropractic, acupuncture, herbal medicine
- Evidence-based practice vs alternative care
- Patient choice and cultural considerations
- Suggested Activities
 - Debate: traditional vs integrative medicine
 - Research alternative therapies
 - Cultural health practices discussion
 - Case study analysis

Week 30: Healthcare Administration

- Hospital and clinic management roles
- Health policy and regulation
- Insurance and billing systems overview
- Leadership and communication in healthcare organizations
- Suggested Activities
 - Mock hospital administration simulation
 - Insurance claim analysis activity
 - Organizational chart creation
 - Leadership scenario role-play

Week 31: Culminating Project and Review

- Review of allied health professions
- Portfolio completion
- Career presentations

- Unit synthesis and reflection
- Suggested Activities
 - Portfolio workshop
 - Peer review sessions
 - Career presentations
 - Review games

Unit Resources

Diversified Health Occupations or Introduction to Health Care & Careers; Medical Terminology for Health Professions; OSHA/HIPAA/CDC online resources; Career exploration tools (BLS Occupational Outlook Handbook); Basic clinical equipment for demonstrations; Guest speakers/site visits

Assessments (Formative and Summative)

Formative

- Exit tickets
- Vocabulary checks
- Case study discussions
- Scenario-based reflections
- Bell ringers

Summative

- Unit test
- Allied health career presentation
- Portfolio project
- Communication and systems performance task

Differentiation and Supports

- Guided notes
- Visual systems maps
- Vocabulary scaffolding
- Choice boards for career exploration
- Small group instruction
- Extended time accommodations

Extension Activities

- EMS certification exploration (CPR/First Aid)
- Public health campaign competition
- Job shadowing in healthcare administration
- Guest speakers from EMS and public health fields
- HOSA participation

Culminating Project

- Students will create an "Allied Health Professions Portfolio" including:
 - Career research in one allied health field
 - Systems map showing how roles connect
 - Reflection on community vs clinical healthcare
 - Resume or career readiness artifact
 - Case study analysis
 - Presentation on selected allied health profession

Curriculum Writer(s)

1_Pathways to Health Care (Curriculum In Progress)
Unit 5: Professional Development

Unit Description

This unit focuses on essential professional development skills required for success in all healthcare careers. Students will deepen their understanding of healthcare ethics, cultural competency, communication skills, and the role of technology in modern medicine. Emphasis is placed on professionalism, reflective practice, patient-centered care, and preparing students for clinical experiences, internships, or postsecondary training.

Standards

10.1.9.D	- Analyze prevention and intervention strategies in relation to adolescent and adult drug use. decision-making/refusal skills situation avoidance goal setting professional assistance (e.g., medical, counseling. support groups) parent involvement
10.1.9.E	- Analyze how personal choice, disease and genetics can impact health maintenance and disease prevention.
10.1.12.B	- Evaluate factors that impact the body systems and apply protective/ preventive strategies. fitness level environment (e.g., pollutants, available health care) health status (e.g., physical, mental, social) nutrition
10.1.12.E	- Identify and analyze factors that influence the prevention and control of health problems. research medical advances technology government policies/regulations
10.2.9.A	- Identify and describe health care products and services that impact adolescent health practices.
10.2.9.C	- Analyze media health and safety messages and describe their impact on personal health and safety.
10.2.12.A	- Evaluate health care products and services that impact adult health practices.
10.2.12.B	- Assess factors that impact adult health consumer choices. access to health information access to health care cost safety
10.2.12.D	- Examine and apply a decision-making process to the development of short and long-term health goals.
10.3.9.A	- Analyze the role of individual responsibility for safe practices and injury prevention in the home, school and community. modes of transportation (e.g., pedestrian, bicycle, vehicular, passenger, farm vehicle, all-terrain vehicle) violence prevention in school self-protection in the home self-protection in public places
15.6.12.N	- Compare and contrast various suppliers of insurance products and develop criteria to evaluate individual insurance needs.
13.1.11.B	- Analyze career options based on personal interests, abilities, aptitudes, achievements and goals.
13.2.3.D	- Identify the importance of developing a plan for the future.
13.3.11.A	- Evaluate personal attitudes and work habits that support career retention and advancement.

Essential Questions

- What does it mean to be a professional in healthcare?
- How do ethics guide decision-making in patient care?
- Why is cultural competency essential in modern healthcare settings?
- How does communication impact patient outcomes and team effectiveness?
- How is technology transforming healthcare delivery and practice?

Objectives

Students will be able to:

- Apply ethical principles to healthcare scenarios and decision-making.
- Demonstrate cultural competency in patient-centered care situations.
- Use effective verbal, nonverbal, and written communication skills in healthcare contexts.
- Analyze the impact of technology on healthcare delivery and patient outcomes.
- Reflect on personal strengths and areas for growth in professional development.
- Demonstrate professionalism in simulated healthcare environments.

Key Vocabulary and Definitions

- Ethics – Principles that guide right and wrong decisions in healthcare.
- Confidentiality – Protecting patient information from unauthorized access.
- Cultural competency – The ability to understand and respect different cultural backgrounds in care.
- Diversity – Differences among people including culture, race, beliefs, and experiences.
- Equity – Fair treatment and access to healthcare resources.
- Inclusion – Ensuring all individuals feel respected and supported in care environments.
- Therapeutic communication – Communication that promotes patient trust and understanding.
- Interprofessional collaboration – Healthcare professionals working together across disciplines.
- Telemedicine – Providing healthcare services remotely using technology.
- Digital health – The use of technology to improve healthcare delivery.
- Informed consent – A patient's agreement to treatment after understanding risks and benefits.
- Professionalism – Consistent ethical and responsible behavior in healthcare settings.

Unit Learning Activities

Week 32: Introduction to Professionalism in Healthcare

- Expectations for healthcare professionals
- Workplace behavior and accountability
- Professional identity development
- Reflection on career readiness
- Suggested Activities
 - Professional vs unprofessional scenario sorting
 - Career readiness self-assessment
 - Healthcare workplace expectations discussion
 - Reflection journal

Week 33: Healthcare Ethics

- Ethical principles (autonomy, beneficence, nonmaleficence, justice)
- HIPAA and confidentiality
- Informed consent
- Ethical decision-making in patient care
- Suggested Activities
 - Ethics case study analysis
 - Scenario-based debates
 - HIPAA violation examples
 - Role-play ethical dilemmas

Week 34: Cultural Competency in Healthcare

- Diversity in patient populations
- Health disparities and equity
- Cultural beliefs and healthcare decisions
- Bias awareness in healthcare
- Suggested Activities
 - Cultural case study analysis
 - Perspective-taking role-play
 - Health equity discussion
 - Cultural awareness reflection activity

Week 35: Communication Skills in Healthcare

- Therapeutic communication techniques
- Active listening and empathy
- Interprofessional communication
- Barriers to effective communication
- Suggested Activities
 - Patient interaction role-play
 - Team communication simulation
 - Nonverbal communication challenge
 - Documentation practice

Week 36: Technology in Medicine and Culmination

- Telemedicine and digital health tools
- Electronic Health Records (EHR)
- Artificial intelligence in healthcare
- Future trends in healthcare technology
- Suggested Activities
 - Mock EHR documentation activity
 - Telemedicine simulation
 - Healthcare technology research presentations
 - Course reflection and goal setting

Unit Resources

Diversified Health Occupations or Introduction to Health Care & Careers; Medical Terminology for Health Professions; OSHA/HIPAA/CDC online resources; Career exploration tools (BLS Occupational Outlook Handbook); Basic clinical equipment for demonstrations; Guest speakers/site visits

Assessments (Formative and Summative)

Formative

- Exit tickets
- Scenario reflections
- Case study discussions
- Vocabulary checks
- Participation activities

Summative

- Ethics case study
- Cultural competency reflection
- Communication performance task
- Technology in healthcare presentation
- Professional development portfolio

Differentiation and Supports

- Guided notes
- Scenario scaffolding
- Visual organizers
- Choice boards
- Small group discussion support
- Extended time accommodations

Extension Activities

- Mock interviews
- Guest speakers from healthcare professions
- Telehealth simulation extension
- HOSA leadership activities
- Job shadow reflection

Culminating Project

- Students will create a "Professional Development Portfolio" including:
- Ethical decision-making case study
- Cultural competency reflection
- Communication skills reflection
- Healthcare technology analysis
- Resume or career readiness artifact
- Final reflection on growth across the course

1_Keyboarding (Curriculum In Progress)

Grade Level Summary

[Course Cover Sheet](#)

Grade Level Modules

- Module 1: Touch typing of alphabet and punctuation keys
- Module 2: Improving language skills when keying and proofreading
- Module 3: Building, improving and sustaining speed when keying documents
- Module 4: Touch typing figures and symbol keys
- Module 5: Formatting memos
- Module 6: Formatting block letters and envelopes
- Module 7: Formatting MLA style reports

1_Keyboarding (Curriculum In Progress)

Touch typing of alphabet and punctuation keys

Unit Description

Identify the location of alphabet and punctuation keys using the proper touch typing techniques.

Standards

3.7.10.C - Apply basic computer operations and concepts.

3.7.10.A - Identify and safely use a variety of tools, basic machines, materials and techniques to solve problems and answer questions.

2.2.11.A - Develop and use computation concepts, operations and procedures with real numbers in problem-solving situations.

3.7.10.B - Apply appropriate instruments and apparatus to examine a variety of objects and processes.

Essential Questions

- What is keyboarding?
- What is the correct technique for touch typing?

Objectives

Student will:

- identify the location of alphabet and punctuation keys
- use the correct finger to strike each key
- use proper techniques when striking keys
- use proper keyboarding posture when typing
- demonstrate proper key reach techniques
- demonstrate correct body and hand position
- build speed and accuracy through drills and timings in text and in the computer program
- critique his/her own keyboarding techniques primarily by utilizing a checklist

Key Vocabulary and Definitions

- Keyboarding - The activity of entering information into the computer utilizing a keyboard.
 - Keyboarding Technique:
 - Sit up straight at the computer; your body should be centered with the keyboard and monitor.
 - Feet are flat on the floor.
 - Fingers are resting on the home row keys (asdfjkl;)
 - Wrists are straight/slightly elevated using the natural curve of the wrist and based on individual student body design
 - Eyes on the screen or copy
- Ergonomics - Using technology properly to increase productivity, lessen muscle fatigue, and decrease musculoskeletal disorders such as tendonitis and carpal tunnel syndrome.
- Keyboard - An input device used to enter information into a computer
- Input device - A device that allows you to give information to a computer. Examples: keyboard, mouse, touch screen

Unit Learning Activities

- Demonstrate the proper finger placement in a curved, upright position over the home keys. Have students show proper placement of fingers on home keys.
- Demonstrate the proper finger placement for all alphabet and punctuation keys.
- Dictate letters/punctuation while students key.
- Utilize online keyboarding practice sites to improve speed and technique
- Observe students as they complete practice drills and make necessary adjustments to students' keyboarding technique.

Unit Resources

Keyboarding and Information Processing 21st Century Keyboarding and Information Processing

Assessments (Formative and Summative)

Formative Assessment:

- Checking students' posture and technique (correcting when necessary)
- Reviewing proper keyboarding techniques as a class

Summative Assessment:

- Quiz—fill in all letters and punctuation keys on blank keyboard.
- Utilizing a checklist of proper keyboarding techniques, evaluate each student.

Curriculum Writer(s)

Michelle Brozusky

Board Approval Date

1_Keyboarding (Curriculum In Progress)

Improving language skills when keying and proofreading

Unit Description

Review and improve language skills when keying all types of copy and proofread all documents

Standards

3.7.10.A	- Identify and safely use a variety of tools, basic machines, materials and techniques to solve problems and answer questions.
3.7.10.C	- Apply basic computer operations and concepts.
1.6.11.A	- Listen to others.
1.6.11.D	- Contribute to discussions.
1.6.11.E	- Participate in small and large group discussions and presentations.
1.6.11.F	- Use media for learning purposes.

Essential Questions

- Why is it important to have the ability to locate and correct grammatical and typographical errors?
- Why is it important to demonstrate the use of capitalization and number expression rules, basic sentence structure, and pronoun agreement rules?

Objectives

Students will be able to:

- Proofread and correct documents
- Ability to locate and correct grammatical and typographical errors
- Capitalization rules
- Number expression rules
- Basic sentence structure
- Pronoun agreement rules

Key Vocabulary and Definitions

- Proofreading - To carefully read text to find and fix errors
 - Rough Draft - Text with proofreaders marks indicating corrections to be made to the text.
 - Script - A handwritten copy of text
-
- Capitalization Rules
 1. Capitalize the first word of a sentence, personal titles, and names of people.
 2. Capitalize days of the week and months of the year.
 3. Capitalize cities, states, countries and specific geographic features.
 4. Capitalize names of clubs, schools, companies and other organizations.
 5. Capitalize historic periods, holidays, and events.
 6. Capitalize streets, buildings, and other specific structures.
 7. Capitalize an official title when it precedes a name and elsewhere if it is a title of high distinction .
 8. Capitalize initials; also letters in abbreviations if the letters will be capitalized when the words are spelled out.
-
- Number Expression
 1. Spell a number that begins a sentence even when other numbers in the sentence are shown in figures.
 2. Use figures for numbers above 10 and for numbers from 1 to 10 when they are used with numbers above 10.
 3. Use figures to express date and time (unless followed by o'clock).
 4. Use figures for house numbers except house number One.
 5. Use figures to express measures and weights.
 6. Use figures for numbers following nouns.
 7. Spell and capitalize names of small numbered streets (ten and under).
 8. Spell indefinite numbers.

Proofreading Marks

Unit Learning Activities

- Read and study with students the capitalization, number expression, grammar and punctuation rules/guides presented in each lesson before they key the “Learn and Apply” sentences in textbook, supplying the appropriate corrections.
- Review language and writing skills with students. Using textbook activities, have students study spelling/definitions of the words and then key the “Apply” lines choosing the right word(s) to complete the sentence.
- Have students detect and correct errors in punctuation, capitalization, number expressions, subject/verb agreement, and word choice by completing textbook activities.
- Given an incomplete sentence, students will continue the sentence and develop and compose as they key to integrate their keyboarding skills with creative-thinking, decision-making, and problem-solving skills.
- Extension: Have students create a reference manual containing all the language-skill rules/guides, and definitions of sound-alike work groups.

Unit Resources

Keyboarding and Information Processing 21st Century Keyboarding and Information Processing

Assessments (Formative and Summative)

Formative Assessment:

- Dictate a sentence that applies the rule(s) students have learned and have them capitalize, supply appropriate figure or word, and use proper grammar and punctuation. Review answers as a group.
- Review all “Learn and Apply” sentences as a class

Summative Assessment

- Quiz—based on capitalization, number expression, grammar and punctuation rules/guides.
- Given a document with numerous language skill errors, have students proofread and correct while keying the document correctly.

Curriculum Writer(s)

Michelle Brozusky

Board Approval Date

1_Keyboarding (Curriculum In Progress)

Building, improving and sustaining speed when keying documents

Unit Description

Learn to build, improve and sustain speed when keying documents

Standards

3.7.10.A	- Identify and safely use a variety of tools, basic machines, materials and techniques to solve problems and answer questions.
3.7.10.C	- Apply basic computer operations and concepts.
1.6.11.A	- Listen to others.
1.6.11.D	- Contribute to discussions.
1.6.11.E	- Participate in small and large group discussions and presentations.
3.7.10.B	- Apply appropriate instruments and apparatus to examine a variety of objects and processes.

Essential Questions

- Why is it important to build and improve speed when keying documents?
- Why is it important to sustain speed when keying documents?

Objectives

- Complete 30-second timed writings from typed copy
- Complete one-minute timed writings from typed copy
- Complete two-minute timed writings from typed copy
- Complete five-minute timed writings from typed copy
- Prepare a number of documents under timed conditions in order to meet specified goals for each document
- Complete all documents in acceptable manner in the time allotted

Key Vocabulary and Definitions

- Timed Writing - An assessment or practice task where text is typed with a strict time limit.
- GWAM - Gross Words a Minute - A measure of your typing speed that calculates the number of words typed per minute. One GWAM is equal to five characters or keystrokes, including spaces and punctuation.
- NWAM - Net Words A Minute - Final speed calculated by subtracting errors from the GWAM to show a true speed output.

Unit Learning Activities

- Begin by having students key sentences for 30-second timings. Teach them to use the scale at the end of each line and beneath the copy to count the words typed. Explain that they must multiply total words by two to get their gross words a minute (gwam) since the timings are based on one minute.
- Have students complete timing, calculate gwam and record on speed sheet (kept in student folder) for 30-second, one-minute, two-minute and five-minute timings (increase length of time as course progresses).
- Have students complete timings from handwritten, rough-draft copies since the primary input to computers will be in this format. Students will key one-minute timings first on straight copy; next, on script copy; and finally, on rough draft.
- Have students key additional timings on the slower paragraphs to increase speed.
- As instruction progresses, the focus shifts from quality-only to more realistic measure of productivity—using both the quality and quantity of output. For production timings, allow time for planning and preparing when students will organize all materials needed to process the documents. This will encourage organization skills and improve chance of higher production score and reduce anxiety. Before telling students to start keying, direct them to proofread/correct each document completed before printing it and to move promptly to next document. Time students for the number of minutes specified for document production. As soon as time is ended, tell students how much time they have to proofread and check the completed documents. Students will fill in the scoring sheets, assemble documents in numerical order, fasten papers together with score sheet on top and hand in.

Unit Resources

Keyboarding and Information Processing 21st Century Keyboarding and Information Processing

Assessments (Formative and Summative)

Formative Assessment

- Observe students as they key timed writings and offer assistance with calculation of gwam when necessary.
- Students will complete numerous timed writings and production tests before they will be used as an assessment. Observe students' work throughout timings and production units.

Summative Assessment

- Timed writings evaluated for speed and accuracy
- Production tests evaluated for speed and accuracy

Curriculum Writer(s)

Michelle Brozusky

Board Approval Date

1_Keyboarding (Curriculum In Progress) Touch typing figures and symbol keys

Unit Description

Identify the location of figures and symbols using the proper touch typing techniques

Standards

- | | |
|-----------------|--|
| 3.7.10.A | - Identify and safely use a variety of tools, basic machines, materials and techniques to solve problems and answer questions. |
| 3.7.10.C | - Apply basic computer operations and concepts. |
| 3.7.10.B | - Apply appropriate instruments and apparatus to examine a variety of objects and processes. |

Essential Questions

- What is the correct technique for touch typing?
- What is the correct finger placement on the keyboard for each key?

Objectives

Student will:

- Operate the figure keys (top row) with correct technique by touch
- Operate the numeric keypad with correct technique by touch
- Key any symbol with correct technique by touch
- Key copy containing symbols, figures and words

Key Vocabulary and Definitions

- Touch typing - a method of keying without looking the keys. With touch typing, a typist relies on muscle memory and memorizing the location of the keys on the keyboard.
- Figure Keys - The number keys 0 - 9. Located on the top row and on the number pad on the right side of most keyboards.
- Symbol keys - Keys other than letters and numbers on the keyboard. They are primarily located on the top row and right side of the keyboard. Majority of symbol keys are on dual character keys and require the use of the shift key being held down while keying the symbol.

Unit Learning Activities

- Demonstrate the proper finger placement for all top row and keypad numbers and for symbol keys
- Dictate letters and numbers while students key
- Dictate symbols while students key
- Observe students as they complete practice drills and make necessary adjustments to students' keyboarding technique
- Dictate isolated figure and symbol combinations as students key
- Have students complete textbook drills using various numbers and symbols

Unit Resources

Keyboarding and Information Processing 21st Century Keyboarding and Information Processing

Assessments (Formative and Summative)

Formative Assessment:

- Observe students' posture and technique (correcting when necessary) on regular basis
- Review proper reaches for numbers and symbols as a class

Summative Assessment:

- Quiz—fill in the numbers and symbol keys on blank keyboard
- Given a document with a variety of numbers and symbols, have students key the document using proper technique

Curriculum Writer(s)

Michelle Brozusky

Board Approval Date

1_Keyboarding (Curriculum In Progress) Formatting memos

Unit Description

Learn to format memos properly

Standards

- | | |
|-----------------|--|
| 3.7.10.A | - Identify and safely use a variety of tools, basic machines, materials and techniques to solve problems and answer questions. |
| 3.7.10.C | - Apply basic computer operations and concepts. |
| 3.7.10.B | - Apply appropriate instruments and apparatus to examine a variety of objects and processes. |

Essential Questions

- What is the purpose of a memo?
- What are the standard parts of a memo?

Objectives

Students will be able to:

- Format simplified and standard memos
- Format memos from arranged and semi-arranged copy
- Identify all parts of a simplified and a standard memo

Key Vocabulary and Definitions

- Memo - Also called an interoffice memorandum, a written message used by employees within an organization to communicate with one another
- Standard Memo margins:
 - Top margin 2 inch
 - Side margin 1 inch
 - Bottom margin 1 inch
- Memo heading - includes who the memo is being sent to (TO:), who the memo is from (FROM:), the date the memo is sent (DATE:), and what the memo is about (SUBJECT:). Each section is separated by a double space

Example:

TO:
FROM:
DATE:
SUBJECT:

- Single Space - A formatting style that places one line of text directly below the previous line with no blank line between.
- Double Space - A formatting style that leaves a full empty blank line between each line of text
- Memo body - all paragraphs of the body of a memo begin at the left margin and are single spaced with a double space between paragraphs

Unit Learning Activities

- Explain the purpose of memorandums and the formatting of both a simplified and standard memo
- Identify all parts of a simplified and a standard memo
- Guide students through the steps of completing both memo formats by keying parts of memos along with students (using SMART board) highlighting the spacing between the parts of the memos
- Have students key both types of memos repetitively using activities from textbook
- Compare and contrast between the simplified and standard memo

Unit Resources

Keyboarding and Information Processing 21st Century Keyboarding and Information Processing

Assessments (Formative and Summative)

Formative Assessment:

- As a class, review the parts of both types of memos
- Observe students as they key a simplified and a standard memo from textbook and offer any help that is needed

Summative Assessment

- Students will format/key simplified and standard memos for evaluation using a rubric

Curriculum Writer(s)

Michelle Brozusky

Board Approval Date

1_Keyboarding (Curriculum In Progress) Formatting block letters and envelopes

Unit Description

Learn to format block letters and large and small envelopes properly

Standards

- | | |
|-----------------|--|
| 3.7.10.A | - Identify and safely use a variety of tools, basic machines, materials and techniques to solve problems and answer questions. |
| 3.7.10.C | - Apply basic computer operations and concepts. |
| 3.7.10.B | - Apply appropriate instruments and apparatus to examine a variety of objects and processes. |

Essential Questions

- What is the purpose of a personal-business letter and a business letter?
- When should a business letter be used instead of an email or a memo?
- What are the parts of a business letter?
- How do you properly address an envelope?

Objectives

Students will be able to:

- Format personal-business letters in block style
- Format business letters in block style
- Format large and small envelopes
- Format personal-business and business letters from arranged and semi-arranged copy
- Identify all parts of a personal-business and business letter
- Identify all parts of envelopes

Key Vocabulary and Definitions

- Block format letter - a letter format with a clean, formal layout. All lines are flush with the left margin, there are no indentations.
- Personal Business Letter - An informal letter written by an individual to a business, organization, or official.
- Business Letter - A formal letter used for professional communications between companies, organizations, clients, or individuals.
- Parts of a letter:
 - Return Address - the address of the person who is writing the letter.
 - Date - The date the letter is written
 - Letter Mailing Address - The address of the person or company being written to.
 - Salutation - The greeting of the letter (example: Dear)
 - Body - The message of the letter
 - Complimentary Close - The ending of the letter (example: Sincerely)
 - Name of the Writer - The originator of the letter.

Unit Learning Activities

- Explain the purpose and formatting of block personal-business and business letters, referring to textbook examples.
- Identify all parts of a block personal-business and business letters
- Guide students through the steps of completing both letter formats by keying parts of letters along with students (using SMART board)
- Guide students through the steps of completing envelopes by keying parts along with students (using SMART board)
- Have students key both types of letters and envelopes repetitively using activities from textbook
- Compare and contrast the differences in a personal-business letter and a business letter

Unit Resources

Keyboarding and Information Processing 21st Century Keyboarding and Information Processing

Assessments (Formative and Summative)

Formative Assessment:

- As a class, review the purpose and formatting of personal-business and business letters and how to format an envelope
- Observe students as they key and format letters and envelopes and offer any help when needed

Summative Assessment:

- Students will format/key personal-business and business letters and envelopes for evaluation using a rubric

Curriculum Writer(s)

Michelle Brozusky

Board Approval Date

1_Keyboarding (Curriculum In Progress) Formatting MLA style reports

Unit Description

Learn to format MLA style reports

Standards

- | | |
|-----------------|--|
| 3.7.10.A | - Identify and safely use a variety of tools, basic machines, materials and techniques to solve problems and answer questions. |
| 3.7.10.C | - Apply basic computer operations and concepts. |
| 3.7.10.B | - Apply appropriate instruments and apparatus to examine a variety of objects and processes. |

Essential Questions

- What are the parts of an MLA style report?
- What is the purpose of endnotes and footnotes in an MLA style report?

Objectives

Students will be able to:

- Format an MLA style report
- Format endnotes and footnotes in a report
- Format MLA style reports from arranged and semi-arranged copy
- Identify the parts of an MLA style report

Key Vocabulary and Definitions

- Margin - The blank space around the edges of the page. MLA style requires margins to be set to 1 inch.
- Double Space - A line spacing setting that leaves a full blank line between every line of text.
- Font - The style of the text characters. MLA style requires readable text in 12-point Times New Roman font.
- Indent - Shifting the starting line of a paragraph in from the margin. MLA paragraphs require a 0.5-inch indent made by using the Tab key.
- Center Align - Text positioning between the right and left margins used for the report's main title.
- Header - A small section at the top right of each page that includes the student's last name and page number
- Heading - Information in the top left corner of the first page listing the student name, instructor name, course title, and date.
- Works Cited Page - A separate page at the end of the report that lists every source in the report.
- Plagiarism - Using someone else's words or ideas as your own.
- Endnote - A reference placed at the end of a chapter or at the end of the text.
- Footnote - A reference placed at the bottom of the page where the note is located.

Unit Learning Activities

- As a class, brainstorm a list of work situations for which a report would be appropriate
- Examine with the students the model MLA report and explain the different parts and their formatting
- Have students start keying the model report as teacher observes and confirms/corrects the student's formatting

Unit Resources

Keyboarding and Information Processing 21st Century Keyboarding and Information Processing

Assessments (Formative and Summative)

Formative Assessment:

- As a class, review the purpose and formatting of an MLA style report to determine if students understand material
- Observe students as they key and format reports

Summative Assessment

- Students will format/key an MLA style report and will be evaluated using a rubric
- MLA report production tests—students given twenty minutes to complete reports to be graded using speed and accuracy (using timing chart for grade)

9/3/2026			

PURPOSE

This policy establishes standards for wellness checks for students who receive academic instruction exclusively through the district's virtual instruction program for the full school year. Wellness checks are conducted to verify attendance and to facilitate the safety and well-being of students.

AUTHORITY

The Board directs the maintenance of a wellness check process that complies with state law.^[1]

This policy shall be posted on the district's publicly accessible website.^[1]

DEFINITION

District employee/representative – a district teacher, administrator or other district representative who is subject to mandated reporter requirements for child abuse under the Child Protective Services Law.^[2]^[3]

DELEGATION OF RESPONSIBILITY

The Superintendent or designee shall be responsible for implementing this policy.

It shall be the responsibility of the designated district employee/representative to administer wellness check procedures in accordance with applicable law and this policy.

GUIDELINES

Weekly Wellness Checks

Weekly wellness checks must be conducted for each student enrolled in the district's virtual instruction program who receives academic instruction exclusively through virtual means for the full school year.^[1]

At least once during any week consisting of three (3) or more full or partial academic instructional days, a district employee/representative shall ensure that each student is visibly seen and communicated with in real time either, in person or through electronic means.^[1]

Wellness Check Methods

Acceptable methods of conducting wellness checks include:^[1]

1. A student turning on a webcam and the district employee/representative visibly seeing and communicating with the student during synchronous online instruction.
2. Virtual or face-to-face participation by the student in any of the following activities:
 - a. Health screenings.
 - b. Standardized testing.
 - c. Advising sessions.
 - d. Tutoring sessions.
 - e. In person, school-sponsored activities chaperoned by a district employee/representative.

Excused Absence Exemptions

A student may be exempt from a wellness check on the day a check is attempted if the student has an excused absence pursuant to applicable attendance requirements.^[1] ^[4] ^[5]

If this occurs, the district shall conduct the wellness check on the next school day or another school day during the same week. If a student has an excused absence for all school days during the same week, the student shall be exempt from the wellness check requirement for that week.^[1] ^[4] ^[5]

Internet or Power Outage Exemptions

A student may be exempt from a wellness check when the student's household experiences a documented Internet or power outage during the day and time of the attempted wellness check.^[1]

If this occurs, the district shall conduct the wellness check on the next school day or another school day during the same week following resolution of the outage.^[1]

The student's parent/guardian shall provide documentation of the outage to the district as soon as possible.^[1]

Failure to Complete a Required Wellness Check

Within one (1) school day after a student fails to complete a required wellness check, the district shall:^[1]

1. Make documented and ongoing efforts to complete the required wellness check and contact the student's parent/guardian using at least two (2) different methods of communication; and
2. Provide written notice to the parent/guardian, in the parent's/guardian's preferred language, stating that the required wellness check has not been completed.

Wellness Review Conference

If the required wellness check is not completed within three (3) school days following the issuance of written notice, the district shall immediately schedule a wellness review conference to occur within one (1) school day. The wellness review conference may be conducted in person or through electronic means.^[1]

The wellness review conference will be conducted to:^[1]

1. Complete the required wellness check through real-time visual interaction with the student;
2. Reestablish communication with the student and the student's parent/guardian; and
3. Identify interventions to facilitate future participation in wellness checks.

The wellness review conference shall convene as scheduled regardless of whether the student or the student's parent/guardian participates.^[1]

In-Person Wellness Check

If a student does not participate in the wellness review conference, the district must conduct an in-person wellness check within twenty-four (24) hours of the scheduled conference, even if this time period falls on a weekend or holiday.^[1]

When the district has been unable to reach or obtain a response from the student or the student’s parent/guardian, the Superintendent or designee shall consult with the district solicitor for guidance.

Wellness Check Records

The district shall maintain accurate records of all wellness checks, including the date, time, method, and outcome of each check.^[1]

District administrators are prohibited from altering attendance records for wellness checks after a wellness check has been performed, except to correct an identified error.^[1]

Reporting Requirements

Any district employee/representative who observes an indications of abuse, neglect or harm to a child during a wellness check, wellness review conference, or related contact, the district employee/representative is required to report the concerns in accordance with law and Board policy.^{[1][2][3]}

The district shall maintain documentation sufficient to demonstrate compliance with this policy and applicable law.^[1]

Such documentation shall be provided to the Pennsylvania Department of Education (PDE) upon request. Failure to comply with the with such requests may result in:^[1]

- 1. A requirement to report to PDE the date, time and method of each wellness check for each student enrolled exclusively in the district’s virtual instruction program.
- 2. Mandating district educators, administrators and staff to complete child abuse recognition, prevention and reporting training annually.
- 3. Requiring the district to meet in person with each student enrolled in a virtual instruction program at least once during the school year following the school year in which the district was found to be out of compliance.
- 4. Prohibiting the district from being awarded a competitive state grant by PDE until the district demonstrates compliance.

Policy Number 317.2
Title Conduct/Disciplinary Procedures
Version v1 · 8/14/2026

Conduct/Disciplinary Procedures

Section 1. General Standard of Conduct

The Board requires all employees to maintain professional, moral, and ethical conduct at all times while on school property, while attending or participating in school-sponsored events or activities, and while acting within the scope of their employment. This obligation extends to relationships with students, colleagues, parents, community members, and all other persons.

Section 2. Professional Employees — Code of Professional Practice and Conduct

All professional employees holding a Pennsylvania educator certificate shall comply with the Code of Professional Practice and Conduct for Educators, 22 Pa. Code Chapter 235, and all other applicable laws, regulations, and professional standards. Violations may subject the employee to disciplinary action by the Board up to and including termination pursuant to 24 P.S. § 11-1122, and referral to the Professional Standards and Practices Commission for possible action against the educator's certificate.

Section 3. Prohibition of Sexual Activity on School Property

Sexual activity between or among employees, or between employees and any other person, on school property or at school-sponsored events is strictly prohibited, regardless of whether such activity is consensual. For purposes of this section, "school property" includes all buildings, grounds, facilities, vehicles, and any other property owned, leased, or controlled by the District.

Section 4. Disciplinary Consequences

Violations of this policy shall subject the employee to disciplinary action up to and including termination of employment. Such conduct may constitute "immorality," "intemperance," or "persistent negligence" within the meaning of 24 P.S. § 11-1122 (professional employees) or 24 P.S. § 11-1106 (non-professional employees). Additionally, for certificated employees, such conduct may constitute grounds for certificate discipline under the Educator Discipline Act, 24 P.S. § 2070.1a et seq.

Section 5. Legal Basis

This policy is adopted pursuant to the Board's authority under 24 P.S. § 5-510 and is intended to be consistent with and supplemental to the Public School Code of 1949, the Educator Discipline Act (Act 26 of 2022), and the Code of Professional Practice and Conduct for Educators (22 Pa. Code Chapter 235).

Policy Number	249
Title	Bullying/Cyberbullying
Adopted	10/18/2017
Revised	4/6/2023
Last Reviewed	6/17/2026
Version	v1 · 8/7/2026

Bullying/Cyberbullying

Purpose

The Board is committed to providing a safe, positive learning environment for district students. The Board recognizes that bullying creates an atmosphere of fear and intimidation, detracts from the safe environment necessary for student learning and may lead to more serious violence. Therefore, the Board prohibits bullying by district students.

Definitions

Bullying means an intentional electronic, written, verbal or physical act or series of acts directed at another student or students, which occurs in a school setting that is severe, persistent or pervasive and has the effect of doing any of the following:[\[1\]](#)

1. Substantially interfering with a student's education.
2. Creating a threatening environment.
3. Substantially disrupting the orderly operation of the school.

Bullying, as defined in this policy, includes cyberbullying.

Cyberbullying is the use of electronic communication technologies, including but not limited to social media, text messages, emails, websites, or online platforms, to harass, threaten, embarrass, or target another individual. This includes sending, posting, or sharing negative, harmful, false, or mean content about someone else, causing embarrassment or humiliation.

Artificial Intelligence-Generated or Modified Media refers to digital content (including images, videos, audio recordings, or text) that has been created, altered, or manipulated using artificial intelligence tools or software. This includes deepfakes, face-swapped images or videos,

AI-Generated impersonations, or any digitally altered media that misrepresents an individual's appearance, actions, or statements. The use of such media to harm, deceive, or bully others is strictly prohibited.

School setting means in the school, on school grounds, in school vehicles, at a designated bus stop or at any activity sponsored, supervised or sanctioned by the school.^[1]

Authority

The Board prohibits all forms of bullying by district students.^[1]

The Board encourages students who believe they or others have been bullied to promptly report such incidents to the building principal or designee.

Students are encouraged to use the district's report form, available from the building principal, or to put the complaint in writing; however, oral complaints shall be accepted and documented.

Staff members who receive reports of bullying must promptly report the incident to the principal or assistant principal. The person accepting the complaint shall handle the report objectively, neutrally and professionally, setting aside personal biases that might favor or disfavor the student filing the complaint or those accused of a violation of this policy.

The principal or assistant principal will conduct a thorough investigation of every reported bullying incident. This investigation may include:

- Interviewing students involved
- Consulting with staff members who witnessed the incident
- Reviewing any available documentation or evidence
- Collaborating with other relevant school personnel
-

The Board directs that verbal and written complaints of bullying shall be investigated promptly, and appropriate corrective or preventative action be taken when allegations are substantiated. The Board directs that any complaint of bullying brought pursuant to this policy shall also be reviewed for conduct which may not be proven to be bullying under this policy but merits review and possible action under other Board policies.

When a student's behavior indicates a threat to the safety of the student, other students, school employees, school facilities, the community or others, district staff shall report the student to the threat assessment team, in accordance with applicable law and Board policy.^[2]^[3]

Upon completion of the investigation and after a determination has been made, the principal and/or assistant principal will notify the parents or guardians of all students involved in the incident.

Discrimination/Harassment

Every report of alleged bullying that can be interpreted at the outset to fall within the provisions of policies addressing potential violations of laws against discrimination or harassment shall be handled as a joint, concurrent investigation into all allegations and coordinated with the full participation of the Compliance Officer and Title IX Coordinator. If, in the course of a bullying investigation, potential issues of discrimination or harassment are identified, the Title IX Coordinator shall be promptly notified, and the investigation shall be conducted jointly and concurrently to address the issues of alleged discrimination or harassment as well as the incidents of alleged bullying. **[4] [5]**

Confidentiality

Confidentiality of all parties, witnesses, the allegations, the filing of a complaint and the investigation shall be handled in accordance with applicable law, regulations, this policy and the district's legal and investigative obligations.

Retaliation

Reprisal or retaliation relating to reports of bullying or participation in an investigation of allegations of bullying is prohibited and shall be subject to disciplinary action.

Delegation of Responsibility

Each student shall be responsible to respect the rights of others and to ensure an atmosphere free from bullying.

The Superintendent or designee shall develop administrative regulations to implement this policy.

The Superintendent or designee shall ensure that this policy and administrative regulations are reviewed annually with students. **[1]**

The Superintendent or designee, in cooperation with other appropriate administrators, shall review this policy every three (3) years and recommend necessary revisions to the Board. **[1]**

District administration shall annually provide the following information with the school safety and security incident report: **[1] [6]**

1. Board's Bullying Policy.
2. Report of bullying incidents.
3. Information on the development and implementation of any bullying prevention, intervention or education programs.

Guidelines

The Code of Student Conduct, which shall contain this policy, shall be disseminated annually to students.[\[1\]](#) [\[7\]](#) [\[8\]](#)

This policy shall be accessible in every classroom. The policy shall be posted in a prominent location within each school building and on the district website.[\[1\]](#)

Education

The district shall develop, implement and evaluate bullying prevention and intervention programs and activities. Programs and activities shall provide district staff and students with appropriate training for effectively responding to, intervening in and reporting incidents of bullying.[\[1\]](#) [\[9\]](#) [\[10\]](#) [\[11\]](#)

Consequences for Violations

A student who violates this policy shall be subject to appropriate disciplinary action consistent with the Code of Student Conduct, which may include:[\[1\]](#) [\[7\]](#) [\[12\]](#)

1. Counseling within the school.
2. Parental conference.
3. Loss of school privileges.
4. Transfer to another school building, classroom or school bus.
5. Exclusion from school-sponsored activities.

- 6. Detention.
- 7. Suspension.
- 8. Expulsion.
- 9. Counseling/Therapy outside of school.
- 10. Referral to law enforcement officials.

School Measles Preparedness and Response Plan

Applies to: Students, staff, parents/guardians, volunteers, and visitors

Effective Date: _____

School/District: Stroudsburg Area School District

Plan Coordinator: _____

School Nurse/Health Office: _____

Local Health Department: _____

Purpose

This plan establishes procedures to prevent, identify, and respond to suspected, confirmed, or exposed cases of measles within the school community.

The goals are to:

- Protect students, staff, families, and visitors.
- Identify possible measles cases quickly.
- Reduce opportunities for transmission.
- Coordinate promptly with public-health authorities.
- Identify individuals who may require exclusion, vaccination, post-exposure prophylaxis, or medical evaluation.
- Provide families and staff with timely, accurate information.
- Maintain student and employee confidentiality.

Recognizing Measles

Staff and families should be alert for:

- Fever, which may be high.
- Cough.
- Runny nose.
- Red or watery eyes.
- A red, blotchy rash that typically begins on the face/head and spreads downward over the body.

Measles can spread before the rash is recognized. A person with measles is generally considered infectious from **4 days before through 4 days after rash onset**, with the day the rash begins considered Day 0. ([CDC](https://www.cdc.gov/measles/))

Prevention and Preparedness

School Administration

Before a case occurs:

- Maintain current student immunization records as required by state law.
- Encourage staff to know their measles/MMR immunity status and locate vaccination records.
- Establish a process for quickly identifying students and staff who lack documented evidence of immunity if an exposure occurs.
- Maintain updated parent/guardian emergency contact information.
- Designate a private room with a closable door where a person with suspected measles can wait until they leave the building.
- Maintain an emergency communication plan for staff and families.
- Identify a primary and backup contact responsible for communicating with the local health department.
- Educate staff about measles symptoms and reporting procedures.
- Reinforce hand hygiene, respiratory etiquette, and staying home when ill.

Pennsylvania schools should be aware that students with vaccine exemptions may be excluded during an outbreak of a vaccine-preventable disease. ([Pennsylvania Government](#))

Response to a Student with Suspected Measles

If a student develops symptoms consistent with measles at school:

1. **Do not allow the student to remain in the classroom or other common areas.**
2. Provide a well-fitting mask to the student.
3. Move the student promptly to the school's designated private room with the door closed, away from other students and staff.
4. Limit the number of people who enter the room.
5. Notify the school nurse/health official and administrator immediately.
6. Contact the parent/guardian and arrange prompt pickup.
7. Advise the parent/guardian to **call the healthcare provider before arriving** at a medical office, urgent care, or emergency department and explain that measles is suspected. This allows the healthcare facility to take precautions to prevent exposing others. ([CDC](#))
8. Document where the student was present in the school, including classrooms, transportation, cafeteria, extracurricular activities, and other relevant locations.
9. Contact the local health department promptly for instructions regarding reporting, exposure assessment, exclusion, testing, and communications.
10. Do not independently identify the student to other families or staff.

Response to a Staff Member With Suspected Measles

A staff member who develops symptoms compatible with measles should:

- Immediately stop direct contact with students and staff.
- Put on a well-fitting mask.
- Notify their supervisor and the school health office.
- Leave the school as soon as safely possible.
- Contact their healthcare provider **before going to the healthcare facility** and report possible measles.
- Remain away from work until cleared to return under public-health/medical guidance.

Staff should not report to work when measles is suspected merely to be evaluated by the school nurse.

Confirmed Measles Case

Upon notification of a confirmed case, the administrator/designee will immediately coordinate with the local health department.

The response team will:

- Determine the person's infectious period.
- Develop a timeline of where the infected individual was present.
- Identify potentially exposed students, employees, volunteers, visitors, transportation contacts, and others as directed by public health.
- Review documentation of measles immunity.
- Identify individuals who may be at increased risk for serious illness.
- Follow public-health instructions concerning exclusion, post-exposure prophylaxis, monitoring, testing, and return to school/work.
- Issue exposure notifications approved or recommended by public health.
- Protect the confidentiality of the infected individual.

A person with measles should generally remain isolated through **4 days after rash onset**. Immunocompromised individuals may require a longer isolation period and should follow individualized medical/public-health guidance. ([CDC](#))

Managing Exposed Students and Staff

The school will work with public-health authorities to determine who meets the definition of an exposure and who has acceptable evidence of immunity.

Do not rely solely on a person's recollection of having been vaccinated when public health requires documentation. CDC outbreak guidance states that written documentation of vaccine dates should be used when determining presumptive immunity of exposed contacts. ([CDC](#))

Under Pennsylvania school guidance, exposed children and staff without proof of immunity may be excluded **from Day 5 after the first exposure through Day 21 after the last exposure**. All exclusion decisions should be made in consultation with the Pennsylvania Department of Health or local health department. ([Pennsylvania Government](#))

Individuals who receive immune globulin after an exposure may require a longer monitoring period; public health will determine the appropriate timeline. ([CDC](#))

Post-Exposure Actions

Individuals exposed to measles should contact their healthcare provider promptly.

For susceptible individuals, post-exposure prophylaxis may be an option:

- **MMR vaccine:** may be given within **72 hours of initial exposure** when medically appropriate.
- **Immune globulin (IG):** may be given within **6 days of initial exposure** for certain individuals, particularly people at increased risk or those who cannot receive MMR vaccine.

Healthcare providers and public-health officials should determine eligibility. Pregnant individuals, infants, and people with significant immune compromise should receive individualized medical guidance rather than attempting to determine vaccination eligibility themselves. ([CDC](#))

Parent/Guardian Responsibilities

Parents and guardians should:

- Review their child's vaccination records.
- Provide requested immunization documentation promptly.
- Monitor children for fever, cough, runny nose, red/watery eyes, and rash following a known exposure.
- Keep a child with suspected measles home.
- Notify the school nurse promptly if measles is suspected or diagnosed.
- Call the child's healthcare provider before taking a potentially infectious child into a healthcare facility.
- Follow exclusion and return-to-school instructions provided by public health.

- Inform the school if their child has received post-exposure MMR vaccine or immune globulin when requested for public-health follow-up.

Parents should contact their child's healthcare provider for medical advice, particularly if the child is an infant, pregnant, immunocompromised, or otherwise at increased risk.

Staff Responsibilities

All staff should:

- Know the major signs and symptoms of measles.
- Immediately refer a student with suspected symptoms to the school health office using the school's isolation procedure.
- Avoid unnecessarily moving a symptomatic student through the building.
- Maintain confidentiality.
- Follow public-health instructions regarding exposure monitoring or exclusion.
- Review their own measles immunity/vaccination documentation.
- Report possible measles symptoms or a diagnosis promptly to their supervisor.

Teachers and other staff should **not diagnose measles**. Their role is to recognize concerning symptoms, separate the potentially infectious person from others, and notify appropriate personnel.

School Nurse/Health Office Responsibilities

The school nurse or designated health professional will:

- Assess reports of possible measles while minimizing additional exposure.
- Arrange immediate separation of suspected cases.
- Notify administration.
- Coordinate with the local health department.
- Assist with reviewing immunization/immunity records.
- Maintain an exposure/contact list as directed by public health.
- Provide families and employees with approved information.
- Track exclusion and anticipated return dates.
- Coordinate return-to-school/work documentation when required.
- Maintain confidential health records.

Environmental Response

Because measles primarily requires an airborne-transmission response, **isolating the person and preventing further exposure are immediate priorities**.

Measles virus can remain infectious in the air or on surfaces for up to approximately **2 hours after an infected person leaves an area.** ([CDC](#))

After a suspected or confirmed case:

- Restrict access to affected areas as directed by public health.
- Consult the health department before deciding when an affected room should be reopened.
- Follow routine environmental cleaning and disinfection procedures.
- Clean frequently touched surfaces.
- Continue promoting handwashing and respiratory hygiene.
- Coordinate ventilation/HVAC decisions with facilities personnel and public-health guidance rather than improvising changes during an incident.

Communication with Families

When an exposure notification is necessary, communications should be coordinated with the local health department.

A parent/guardian notification should explain:

- That a measles exposure has been identified.
- The relevant exposure date(s).
- Symptoms to watch for.
- The monitoring period.
- What parents should do if symptoms develop.
- Who may need to provide vaccination/immunity documentation.
- Any public-health-directed exclusion requirements.
- Where families can obtain additional information.

Do not disclose the name, classroom, medical history, or other personally identifiable information of the infected individual unless disclosure is legally authorized and necessary.

Communication with Staff

Staff should receive:

- The exposure period and locations they need to know about.
- Instructions for determining/documenting immunity.
- Symptoms and monitoring instructions.
- Reporting procedures if symptoms develop.
- Work-exclusion requirements when applicable.

- Instructions not to disclose or speculate about the identity of the affected individual.

Return to School or Work

A person diagnosed with measles may generally return after the infectious period has ended—typically after completing isolation through the fourth day after rash onset—but the **local health department's instructions will control the school's response**.

Individuals who are immunocompromised may require longer isolation. ([CDC](#))

Exposed individuals who lack evidence of immunity must follow the exclusion period established by public-health authorities before returning.

Incident Response Team

For a suspected or confirmed case, activate the school's response team:

Administrator/Incident Lead: Principal

School Nurse/Health Lead: School Nurse

District Administration: Dr. Cosmas Curry

Communications Lead: Dr. Stacy Famoso

Facilities Lead: Mr. Nathan Strouse

Transportation Lead: Mr. Kevin Aul

Student Services/Special Education: Mrs. Lynda Hopkins

Local Health Department Contact: Monroe County Department of Health (570) 424-3020

The Incident Lead will maintain a written record of decisions and guidance received from public-health authorities.

Immediate Response Checklist

- Separate suspected case from others immediately.
- Provide a mask to the symptomatic individual if tolerated.
- Place individual in designated private room with door closed.
- Notify school nurse/health designee.
- Notify administrator.
- Arrange for student pickup or staff departure.
- Tell family/staff member to call healthcare provider before arriving for care.
- Contact local health department.
- Record dates, times, rooms, transportation, activities, and potential contacts.
- Review vaccination/immunity documentation.
- Identify potentially vulnerable exposed individuals with public-health assistance.

- Implement exclusion instructions from public health.
- Send approved staff/family communications.
- Restrict affected areas as directed.
- Document all actions and public-health instructions.
- Establish monitoring and return-to-school/work dates.

Pennsylvania Public-Health Coordination

For Pennsylvania schools, the Pennsylvania Department of Health specifically advises schools to contact their local Department of Health office or county/municipal health department **before acting in response to a known or suspected communicable disease**. Public health can assist with identifying high-risk individuals, appropriate actions, communications, treatment recommendations, and ongoing response. ([Pennsylvania Government](#))

This plan should be reviewed annually and whenever CDC, state, or local public-health guidance changes.

Approved by: _____

Date: _____

Next review date: _____

The key operational point is to avoid treating this as only an attendance or cleaning issue: **rapid isolation, immediate public-health notification, immunity verification, contact identification, and timely post-exposure decisions** are the core of the response. CDC identifies MMR vaccination as the best protection against measles. ([CDC](#))

For Pennsylvania implementation, the state also publishes school-specific measles guidance. [Pennsylvania measles guidance for schools and child care settings](#)

September 16, 2026

A. RETIREMENTS

1. Elizabeth Maloney - Junior High School Paraprofessional effective at the close of business on December 1, 2026.

B. RESIGNATIONS:

1. Erin Doherty - Morey/Arlington Long-term Substitute Art Teacher effective at the close of business on August 25, 2026.
2. Natasha Souchet - Substitute Bus Driver - effective at the close of business on August 18, 2026.

C. REQUESTS FOR LEAVE:

1. Employee # 2994 -Intermittent FMLA beginning August 26, 2026.
2. Employee # 197 - FMLA/leave of absence beginning August 24, 2026.
3. Employee # 675 - FMLA/leave of absence beginning January 4, 2027.
4. Employee # 3674 - FMLA/leave of absence beginning approximately December 7, 2027.

D. RECOMMENDATIONS FOR EMPLOYMENT (pending receipt of all required documents and certifications):

1. Ariette Escobar - Long-term Substitute English Teacher assigned to Stroudsburg High School for the annual salary of \$72,466.00 (B+0, Step 7) prorated effective August 26, 2026 for the duration of Employee # 59's FMLA leave of absence.
2. Joshua Jasionowicz - Half-time Health & Physical Education Teacher assigned to Stroudsburg Junior High School for the annual salary of \$68,716.00 (B+0, Step 1) prorated effective September 17, 2026. He will replace Jacob Jones who has resigned.
3. Kristie Lugo - Long-term Substitute Special Education Teacher assigned to Arlington Elementary for the annual salary of \$69, 251.00 (B+0, Step 2) prorated effective August 25, 2026 for the duration of Employee # 3542's FMLA/leave of absence which is scheduled through approximately April 2, 2027.
4. Luc Marseille - Bus Driver assigned to Transportation for the hourly rate of \$25.00 (Step 1) effective September 17, 2026. He will replace Erasmo Davy who has resigned.
5. Margaret Reiss - Bus Driver assigned to Transportation for the hourly rate of \$25.00 (Step 1) effective September 17, 2026. She will replace Paula Norberg who has retired.
6. William Shay - Maintenance I assigned to Maintenance for the hourly rate of \$26.89 (Step 1) effective September 17, 2026.
7. The following Substitute Employee for the same teacher in the same content area at the daily rate of \$200. This assignment will not exceed 44 days per Board policy #405:
 - a. Tiffany Beck (for Employee # 3989)
 - b. Leeann Emmel (for Employee #726)
 - c. Joshua Jasionowicz (for Vacant position)
8. The following Substitute Teachers for the 2026-2027 school year:
 - a. Mercedes Santos
 - b. Rudina Furko
 - c. Cynthia Loud
 - d. Samantha Philipps
 - e. Faith Troyer

September 16, 2026

- f. Mandy Gizzo
9. The following Substitute Support Staff for the 2026-2027 school year:
- a. Madison Fava - Paraprofessional
 - b. Thomas Trauschke - Paraprofessional
 - c. Alyssa Cobb - Paraprofessional
 - d. Ronald Abrams - School Vehicle Driver
 - e. Taina Ruiz - Bus Monitor
 - f. Elianna Tejeda - School Vehicle Driver
10. The following Mentors during the 2026-2027 school year at the annual rate of \$800.00 per the SAEA collective Bargaining agreement:
- a. Abigail Wilson for Jasmin Lopez
 - b. Alicia Hensle for Kristie Lugo - prorated effective August 25, 2026 through approximately April 2, 2027.
 - c. Matthew Balcik for Makayla Letourneau
11. The following Temporary Medical Excuse Instructors (TME) for the 2026-2027 school year:
- a. Nancy Sarti
12. Recommendation to award Tenure to the following staff members on a satisfactory completion of the three-year probation period:
- a. Tracy Acosta
 - b. Adam Carter
 - c. Michael Cavanaugh
 - d. Amber Cohen
 - e. Nikolaos Kontos
 - f. Mili Patel
 - g. Jessika Valdez
 - h. Piper Langan
 - i. Samantha Olewine
 - j. Kenneth Parrish
 - k. Regina Steele
 - l. Marykate Geppert
 - m. Sashali Smith
 - n. Tara Beck
 - o. Mackenzie Jakobsen
13. The following Volunteers for the 2026-2027 school year:
- a. Lindsey Heger- Hamilton Elementary
 - b. Christine Huber- Hamilton Elementary
 - c. Emilee Krissinger- Hamilton Elementary
 - d. Lindsay Sprovkin-Hamilton Elementary
 - e. Lisa Corbo- Hamilton Elementary

September 16, 2026

- f. Nicole Huhn- Hamilton Elementary
- g. Ashleigh Schenke- Hamilton Elementary
- h. Britney Blindt- Hamilton Elementary

E. Recommendation to create a Girls Junior High School Wrestling program effective beginning with the 2026-2027 school year.

F. Recommendation to rescind Jennifer Laskowski-Floryan as Aavidum Club Advisor for \$1,305.00 approved at the August 19, 2026 board meeting and approve as Jennifer Laskowski -Floryan as Aavidum Club Co-Advisor for \$652.50.

G. Recommendation to rescind Molly Doyle Mentor for Katherine Nauman approved at the August 19, 2026 board meeting.

H. Approval of the Extra Duty Services Contracts below is contingent upon the District's ability to implement such programming as the result of the ongoing COVID-19 pandemic crisis and/or other reasons or crises. The District's ability to implement such programs will be guided, in part, by ongoing orders of the federal government, the Governor, the Centers for Disease Control, local and county restrictions, and student participation in such programs. At its sole discretion, the District reserves the right to rescind the Contracts due to the pandemic and/or other reasons or crises that make the implementation of the Contracts impractical, impossible, or difficult. In the event programming begins and is suspended for any of the aforementioned reasons, the coach/advisor will be entitled to a prorated portion of the approved stipend.

1. The following Athletics Staff for the 2026-2027 school year:
 - a. Sakiylah Williams - MS Fall Competitive Spirit - Head Coach - \$1,775.00
 - b. Michael Kane - Soccer Girls - Volunteer

RE: CLEARVIEW ELEMENTARY SCHOOL – PHYSICAL NEEDS ASSESSMENT
2000 N. 5th Street, Stroud Township, Monroe County, Pennsylvania 18360

Dear Mr. Strouse:

Barry Isett & Associates, Inc. (Isett) appreciates the opportunity to provide this proposal for a Physical Needs Assessment (PNA) for the above-referenced property. This proposal is based on recent communication between you and Robert Sarnowski of our firm.

PROJECT UNDERSTANDING

Isett understands that the subject property consists of approximately 6.0 acres and includes a 37,258 square foot (SF), multi-wing, split-level structure constructed in 1940. The structure is not currently occupied and previously served as an elementary school.

The purpose of the PNA is to better understand existing deficiencies and to identify the various building systems and current condition; estimate the expected remaining useful life of the building systems, where appropriate; and identify building system components of the facility that will need repair or to be replaced in the immediate timeframe (1 year), short-term (5 years), and long-term (10 years). Assessment of exterior site improvements such as parking lots and stormwater drainage and interior cosmetic finishes were declined.

SCOPE OF SERVICES

The PNA shall be performed in accordance with *ASTM E2018-15 Standard Guide for Property Condition Assessments: Baseline Property Condition Assessment Process* as follows:

1. Perform a review of readily-available private and public documents to augment a walk-through survey and to assist in the understanding of the subject property and identification of physical deficiencies. Typical documents include:
 - a. Drawings and specifications (as-built or construction)
 - b. Certificate of occupancy
 - c. Safety inspection records
 - d. Warranty information (e.g. roofing, boiler, chiller, cooling tower, etc.)
 - e. Records indicating the age of material building systems (e.g. roofing, paving, plumbing, heating, air conditioning, electrical, etc.)
 - f. Historical costs incurred for repairs, improvements, recurring replacements, etc.
 - g. Pending proposals or executed contracts for material repairs or improvements
 - h. Outstanding citations for building, fire, and zoning code violations (A Right-to-Know request is filed with the local authority having jurisdiction to obtain this information.)
 - i. Previously-prepared property condition reports or studies pertaining to any aspect of the subject property's physical condition
2. Conduct interviews with appropriate personnel to augment a walk-through survey and to assist in the understanding of the subject property and identification of physical deficiencies. A pre-survey questionnaire will be provided to the Client.
3. Perform a walk-through survey of the subject property to observe material systems and components and identify physical deficiencies and any unusual features. The survey will include, to the extent feasible:
 - a. Structural frame
 - b. Building façade and envelope
 - c. Roofing
 - d. Mechanical, electrical, and plumbing systems
 - e. Vertical transportation, if applicable (review of current inspection certificate and cab condition only; assessment of service history and equipment can be provided at additional cost)
 - f. Life safety/fire protection systems

Note: The assessments described above will not include any removal or testing of building materials or operation of equipment and will be based solely on visual evidence readily accessible during the walk-through. If access to the roof is not readily accessible, adequate means/method shall be provided by Client.

4. Prepare Opinion of Probable Costs for the suggested remedy of the material physical deficiencies observed that are greater than \$5,000.00 to assist in developing a general understanding of the physical condition of the subject property and long-term equipment replacement needs. We will prepare an Opinion of Probable Costs for immediate timeframe (1 year), short-term (5 years), and long-term (10 years).
5. Prepare a Physical Needs Report (PNR) for the subject property outlining the findings of the document review, interviews, walk-through survey, and opinion of probable costs organized as follows:

- a. Executive Summary
 - (1) General Description
 - (2) General Physical Condition
 - (3) Opinion of Probable Costs
 - (4) Deviations from the Guide
 - (5) Recommendations
- b. Purpose and Scope
- c. System Descriptions and Observations
- d. Additional Considerations
- e. Document Review and Interviews, including Right-to-Know Response
- f. Opinion of Probable Costs to Remedy Physical Deficiencies and for Replacement of Equipment greater than \$5,000.00
- g. Out-of-Scope Considerations
- h. Qualifications
- i. Limiting Conditions
- j. Exhibits
 - (1) Photographs

COMPENSATION

Based upon the Project Understanding and Scope of Services outlined above, our fees are presented below and shall be billed monthly in accordance with the percentage of tasks completed.

1. Structural, Building Envelope, Roof	\$ 6,900.00
2. Mechanical, Electrical, Plumbing	\$ 5,000.00
3. Opinion of Probable Costing	<u>\$ 1,500.00</u>
Total	<u>\$13,400.00</u>

Note: Credit card payments incur a 3% processing fee. Isett also accepts ACH and check payments.

SCHEDULE

Upon receipt of a signed authorization and a completed Pre-Survey Questionnaire, Isett will schedule the site survey. The PNA can typically be completed in approximately 4 weeks. This schedule is contingent upon receiving timely access to the subject property, favorable weather, interview information, and readily available documents from the Client and municipality. The Right-to-Know request response can take up to 30 days.

EXCLUSIONS

- 1. Production of a "Key Plan of Deficiencies" to visually represent findings.
- 2. Attendance at meetings to review findings.
- 3. When project work is suspended for more than 6 months, fees will be renegotiated. The fee listed above is based upon our portion of the work being completed by end of the current calendar year. Should the project be extended through no fault of Isett, we reserve the right to renegotiate the remaining services.

Mr. Nathan Strouse

4

July 6, 2026

4. Digital information generated in the process of developing the PNR for this project is for use only in preparing said PNR. Release of digital information to anyone not party to this agreement without prior, fair compensation constitutes a transfer of full liability to the releasing party.
5. See attached "Exclusions from ASTM E2018-15" for items excluded within the *ASTM E2018-15 Standard Guide for Property Condition Assessments: Baseline Property Condition Assessment Process*.

Prior to performing any work that is outside the scope of the work of this agreement, Isett will provide an estimate of the additional cost based on the attached hourly rate schedule and will obtain approval from Client.

The attached standard contract terms and conditions shall be made a part of this agreement.

If, after you have reviewed this proposal, you are satisfied with the terms, please sign and return it to us with the completed pre-survey questionnaire, as it will serve as our agreement for this work. If work authorization is not approved, there is no obligation for Isett to complete the work. This proposal is valid for 60 days from date of issuance.

We appreciate the opportunity to serve you and look forward to the successful completion of this work.

Sincerely,

Robert A. Sarnowski, CCCA
Project Manager
Project Management & Construction Services

EXCLUSIONS FROM ASTM E2018-15

1. Preparing engineering calculations (civil, structural, mechanical, electrical, etc.) to determine any systems, components, or equipment's adequacy or compliance with any specific or commonly-accepted design requirements or building codes, or preparing design or specifications to remedy a physical deficiency.
2. Taking measurements or quantities to establish or confirm any information or representations provided by the owner, such as size and dimensions of the subject property or subject building; any legal encumbrances, such as easements; dwelling unit count and mix; building property-line setbacks or elevations; number and size of parking spaces.
1. Reporting on the presence or absence of pests, such as wood-damaging organisms, rodents, or insects. Isett is not responsible for determining the treatment or remediation, determining the extent of infestation, nor providing opinions of probable costs for treatment or remediation.
2. Reporting on the condition of subterranean conditions, such as underground utilities, separate sewage disposal systems, or wells.
3. Entering or accessing any area of the premises deemed to pose a threat of dangerous or adverse conditions with respect to the field observer, such as crawl spaces, vaults, tunnels, or sloped roofs.
4. Performing flood plain research or base flood-elevation determination.
5. Accessing any area that may damage or impair the physical integrity of the property, any system, or component.
6. Providing an opinion on the condition of any system or component that is shut down, or whose operation by the field observer may increase significantly the registered electrical-demand load; however, the consultant is to provide an opinion of its physical condition to the extent reasonably possible considering its age, obvious condition, manufacturer, etc.
7. Evaluating acoustical or insulating characteristics of systems or components.
8. Evaluation of or opining on the presence of hidden or latent water or moisture that may exist in roof, ceiling, or walls.
9. Providing an opinion on matters regarding security of the subject property and protection of its occupants or users from unauthorized access.
10. Operating or witnessing the operation of lighting or other systems typically controlled by time clocks or that are normally operated by the building's operation staff or service companies.
11. Providing an environmental assessment or opinion on the presence of any environmental issues, such as asbestos, hazardous wastes, or toxic materials.
12. Performing an Americans with Disabilities Act (ADA) accessibility review.
13. Performing code reviews and/or assessment of fire and panic code compliance.

Pre-Survey Questionnaire: Building History Section

Please provide the following information to facilitate the Building Envelope Assessment:

1. What is the existing roofing material?
2. When was the last time the roof was replaced?
3. Please provide a copy of the roof warranty/repair history of the roof.
4. What are the existing exterior wall materials?
5. When were the existing windows installed?
6. Have there been any structural repairs/modifications to the exterior of the building? If so, please describe and provide detailed information.
7. Is there any previous water infiltration into the building from the roof, walls, windows, foundation walls, or other envelope systems? If so, please describe and provide detailed information.

ASCE/SEI 30-14 Pre-Survey Questionnaire
To be completed by the building owner's facility representative

8. Has a Building Envelope Assessment ever been performed on the subject building? If so, please provide a copy of the Assessment Report.
9. Have there been any upgrades, alterations, or deficiencies to the building envelope that are not mentioned above? Please explain.

During the site visit, we will require the following (if access is not permitted, observations will be limited to what is available):

- ☐ Access to all spaces
- ☐ Roof access, if a flat or low slope roof
- ☐ Access to building common areas
- ☐ A maintenance or facility manager on-site to assist with access if required

Thank you for your assistance in providing Barry Isett & Associates, Inc. with access to the property and pertinent documentation. Please email this information to your Barry Isett & Associates contact or fax the completed Questionnaire to 610.481.9098.

*BILLED IN 4-HOUR INCREMENTS, WHERE NOTED

NOTE: The cost of reimbursable expenses that are in addition to the basic services will be itemized separately. Reimbursable expenses include mileage; priority/express mail and packages; preparation of materials for electronic transfer; hand delivery of materials; reproductions; prints; and any additional insurance coverage or limits (including professional liability insurance) requested in **excess** of that normally carried.

Costs relating to any outside services contracted directly by Isett will be passed on to the client and may have up to a 15% service charge.

When related to a project, the following rates will be charged for reimbursable expenses:

Listed prices are for black and white prints only (additional charge for color prints).

Photocopies	\$0.18 per sheet	Large Format Scans	\$0.45 per square foot
Large Format Copies	\$0.35 per square foot	Large Format Plotting (dwg's)	\$0.60 per square foot
Large Format Plotting (tiff, cal, plt, pdf, jpeg)	\$0.40 per square foot		

Above rates are subject to change if conditions warrant. Reimbursables subject to Sales Tax.

Effective 1/1/2026

Fee Schedule

STANDARD CONTRACT TERMS AND CONDITIONS

1. DUTIES AND RESPONSIBILITIES

1.1 Engineer agrees to provide those professional services as agreed to in the scope of services.

2. RESTRICTIONS ON USE OF DOCUMENTS

2.1 It is understood that the drawing(s) rendered under this agreement will be prepared in accordance with the agreed scope and will pertain only to the subject project. Use of the drawings, information or data contained therein for other purposes is at user's sole risk and responsibility.

2.2 Client agrees that all documentation including drawings and other work Engineer furnished to Client or Client's agents which Engineer does not receive compensation for under the terms of this agreement shall remain Engineer's property and shall be returned upon demand and shall not be used for any purpose whatsoever.

2.3 Plans, CADD disks, and specifications, as instruments of service, are and shall remain the property of Engineer, whether the project for which they are intended is executed or not. The plans, CADD disks and specifications shall not be used by Client on other projects, for additions to this project, or for completion of this project by others, except by agreement in writing with the appropriate compensation to Engineer, provided Engineer is not in default under this agreement.

3. STANDARD OF CARE

3.1 Services performed by Engineer under the agreement will be conducted in a manner consistent with that level of care and skill ordinarily exercised by members of the profession practicing under similar circumstances in the same or similar locality.

4. OBSERVATION SERVICES

4.1 If required under the scope of services Engineer will provide personnel to observe and report on specific aspects or phases of construction in accordance with the agreed scope of services. Engineer's services do not include supervision or direction of the actual work of Contractor, Contractor's employees, agents, or subcontractors. Client agrees to notify Contractor accordingly. Client shall also inform Contractor that neither the presence of Engineer's field representative nor the observation by Engineer shall excuse Contractor for defects or omissions in Contractor's work.

4.2 It is understood that Engineer shall not be held responsible for any errors or omissions on the part of Contractor, including but not limited to Contractor's failure to adhere to the plans and specifications, regardless of whether or not Engineer is performing observation services. This provision shall be included in the contract between Client and Contractor.

4.3 It is understood that Contractor shall be solely and completely responsible for working conditions on the job site, including safety of all persons and property during the performance of the work, and that these requirements shall apply continuously and not be limited to normal working hours. Any monitoring of Contractor's performance conducted by Engineer excludes review of the adequacy of Contractor's safety measures in, on or near the construction site.

4.4 Engineer shall not be held responsible for Contractor's failure to observe or comply with the Occupational Health and Safety Act of 1970, and regulations or standards promulgated thereunder, or any state, county, or municipal law or regulation of similar import or intent.

4.5 It is understood that if Engineer's scope of services does not include observation services, then Client assumes all responsibility for interpretation of the Contract Documents and for construction observation, and Client waives any claims against Engineer that may in any way be connected thereto. Client agrees to the fullest extent permitted by law to indemnify and hold harmless Engineer, its officers, directors, employees and subconsultants against all damages, liabilities, or costs, including reasonable attorneys' fees and defenses costs, arising out of or in any way connected with the performance of such services by other persons or entities and from any and all claims arising from modifications, clarifications, interpretations, adjustment or changes made to the Contract Documents to reflect changed field or other conditions.

5. TERMINATION, SUSPENSION

5.1 This agreement may be terminated by either party upon written notice. In the event of termination, Engineer shall be paid for services performed to the termination date plus reasonable termination expenses.

5.2 In the event of termination or suspension for more than three (3) months, prior to completion of all services contemplated by the agreement, Engineer may complete such analysis and records as are necessary to complete the files and may also complete a report on the services performed on the date of notice of termination or suspension. The expenses of termination or suspension shall include all costs of Engineer in reporting, completed data, completing such analysis, records, and reports.

5.3 Client shall make no request of Engineer that, in Engineer's reasonable opinion, would be contrary to Engineer's professional responsibilities to protect the public. Client shall take all actions and render all reports required of Client in a timely manner. Should Client fail to do so, Client agrees Engineer has the right to exercise its professional judgment in reporting to public officials. Client agrees to take no action against or attempt to hold Engineer liable in any way for carrying out what Engineer reasonably believes to be its public responsibility. Client agrees, to the fullest extent permitted by law, to indemnify and hold harmless Engineer, its officers, directors, employees and subconsultants against all damages, liabilities or costs arising out of or in any way connected with Engineer's notifying or failing to notify appropriate public officials.

6. INVOICES, PAYMENTS

6.1 Engineer will submit invoices to Client monthly and a final invoice upon completion of services. Payment is due upon presentation of invoice and is past due thirty (30) days from invoice date. Client agrees to pay a service charge of one and one-half (1-1/2) percent per month (18% per annum) or fraction thereof on past due payments under this agreement. If an invoice remains unpaid for more than sixty (60) days Engineer, reserves the right to pursue all appropriate remedies including stopping work and retaining all drawings without recourse.

6.2 Payment to Engineer is a material consideration of this agreement. Therefore, Engineer has a right to suspend services for non-payment. Engineer shall not be liable, nor in any way be responsible for damages, delays or increased costs that may occur as a result of Engineer's suspension of services. Client shall hold harmless, indemnify, and defend Engineer for claims that arise due to any suspension.

6.3 It is further agreed that in the event a lien or suit is filed to enforce payment under this agreement Engineer shall be reimbursed by Client for all court costs and reasonable attorney's fees in addition to accrued service charges.

7. DISPUTES

7.1 In the event that Client institutes suit or arbitration against Engineer for any alleged error, omission, negligence, or failure to perform, and if such suit or arbitration is dropped or dismissed, or if judgment is rendered for Engineer, Client agrees to reimburse Engineer or pay any and all costs and any and all other expense of defense, immediately following dropping or dismissal of the case or immediately upon judgment being rendered on behalf of Engineer.

8. WARRANTY OF AUTHORITY TO SIGN

8.1 The person signing this contract warrants they have authority to sign as, or on behalf of, Client for whom or for whose benefit that Engineer's services are rendered, and also that, if Client is a corporation, that the person signing this contract shall be personally liable, if necessary, for all monies owed under this agreement. If such person does not have such authority, he agrees that he is personally liable for all breaches of this contract and that in any action against him for breach of such warranty a reasonable attorney fee shall be included in any judgment rendered.

8.2 If a proposal is submitted to Client and Client fails to return a signed copy of the proposal but knowingly allows Engineer to proceed with services, then Client shall be deemed to have accepted the terms of the proposal and these Standard Terms and Conditions.

9. CHOICE OF LAW

9.1 This contract shall be construed in accordance with the laws of the Commonwealth of PA.

10. SEVERABILITY

10.1 In the event that any provisions herein shall be deemed invalid or unenforceable, the other provisions hereof shall remain in the full force and effect, and binding upon the parties hereto.

11. REMEDY

11.1 If the services performed by Engineer are faulty, Client's exclusive remedy shall be for Engineer to re-perform such services to the extent necessary to correct the fault therein without charge to Client or damages limited to those amounts set forth in Warranty, Liability, and Indemnification.

11.2 All claims, disputes, and other matters in question between Engineer and Client, not in excess of \$200,000, arising out of or relating to the contract documents or the breach thereof, shall be resolved as follows:

11.3 A written demand for non-binding mediation, which shall specify in detail the facts of the dispute, and within ten (10) days from the date of delivery of the demand, shall be submitted to "Judicate Headquartered in Philadelphia." The mediator's fee shall be shared equally by the parties. If the dispute has not been resolved by mediation, the matter shall then be submitted to arbitration in accordance with paragraph 11.5.

11.4 No mediation, arbitration, arising out of or relating to this agreement, shall include, by consolidation, joinder or in any other manner, any additional person not a party to this agreement except by written consent containing a specific reference to this agreement, and signed by Engineer, Client, and any other person sought to be joined. Any consent to mediation, arbitration involving an additional person or persons shall not constitute consent to mediation, arbitration of any dispute not described herein. This agreement to mediate, arbitrate (and any agreement to mediate, arbitrate) with an additional person or persons duly consented to by the parties to this agreement shall be specifically enforceable under the prevailing mediation, arbitration law.

11.5 Any dispute between the parties that is to be resolved by arbitration shall be settled and decided by arbitration conducted by the American Arbitration Association in accordance with the Construction Industry Arbitration Rules of the American Arbitration Association, as then in effect. Any such arbitration shall be held and conducted in Trexlertown, PA. In no event shall the demand for arbitration be made after the date when institution of legal or equitable proceedings based on such claim, dispute or other matter in question would be barred by the applicable statute of limitations. The award rendered by the arbitrators shall be final and judgment may be entered upon it in accordance with applicable law in any court having jurisdiction thereof.

12. VALIDITY

12.1 It is understood that this agreement is valid for a period of sixty (60) days after which time, if it is not rejected by Client, Engineer reserves the right to revise or withdraw this agreement.

13. CHANGES IN THE WORK

13.1 The stated total fee constitutes Engineer's estimate of the effort required to complete the project as understood by Engineer. Facts developed after initial planning may dictate a change in direction, additional effort, or suspension of effort, which may alter the scope. If such change, additional effort, or suspension of effort results in an increase or decrease in the cost of or time required for performance of the services, whether or not changed by any order, the fee and schedule shall be equitably adjusted.

13.2 Client acknowledges that no amount of site investigation or design can anticipate every potential cost issue and that changes occur on every project. Accordingly, Client shall include a reasonable contingency in its construction budget for unforeseen conditions, imperfect documents, requirements of authorities having jurisdiction, and Client's own changes. Client further agrees to make no claim by way of direct or third-party action against Engineer or its subconsultants for any increased costs within the contingency because of such changes or because of any Contractor claims relating to such changes.

13.3 Engineer shall not be responsible for the cost or expense of constructing or adding a component or item mistakenly left out of the Construction Documents to the extent such component or item would have been required and included in the original Construction Documents and therefore would have been part of Contractor's bid or proposal. In no event will Engineer be responsible for any cost or expense that provides betterment or upgrades or enhances the Project.

14. WARRANTY, LIABILITY, AND INDEMNIFICATION

14.1 Engineer's liability for damages due to error, omission or professional negligence shall be limited to an amount not to exceed \$50,000 or Engineer's fee, whichever is less. If Client prefers not to limit Engineer's professional liability to this sum, Engineer will waive this limitation upon Client's request if Client agrees to pay an additional consideration for this waiver, prior to commencement of services.

14.2 For any Project related claim, demand, or suit action asserted by any party other than Client related to Engineer's alleged act or error, omission, negligence, carelessness, or breach of duty, contractual or otherwise, Client agrees at Client's sole cost and expense to indemnify, defend and hold harmless Engineer, its subsidiaries, affiliates, officers, employees, and consultants or such other who may have assisted Engineer in rendering its services in connection with the project from and against, all claims, liabilities, costs, and expenses, including but not limited to reasonable attorney's fees and other costs and expenses suffered, sustained or required to be paid by Engineer. In the event Client is required to defend Engineer per this section, Engineer shall have the right to choose its own counsel.

14.3 Client agrees to be entirely liable for providing any/all contractors working on this project with the latest revisions of all plans.

14.4 Notwithstanding any other provision of this Agreement, and to the fullest extent permitted by law, neither Client nor Engineer, their respective officers, directors, partners, employees, contractors or subconsultants shall be liable to the other or shall make any claim for any incidental, indirect or consequential damages arising out of or connected in any way to the Project or to this Agreement. This mutual waiver of consequential damages shall include, but is not limited to, loss of use, loss of profit, loss of business, loss of income, loss of reputation and any other consequential damages that either party may have incurred from any cause of action including negligence, strict liability, breach of contract and breach of strict or implied warranty. Both Client and Engineer shall require similar waivers of consequential damages protecting all the entities or persons named herein in all contracts and subcontracts with others involved in this project.
