## MEMORANDUM

To: Medina Valley ISD Board of Trustees  
From: Dr. Kenneth Rohrbach, Superintendent  
Re: Consider Bexar County Juvenile Board Memorandum of Understanding 2021-2022  
Date: June 15, 2021

The Bexar County Juvenile Justice Alternative Education Program (JJAEP) serves students in Bexar County and surrounding counties who have been expelled by their district. For counties surrounding Bexar County, the JJAEP may only be used by districts who have an MOU with Bexar County for use of the JJAEP. A student who is expelled due to mandatory expulsion requirements will receive services at the JJAEP at no cost to the district. If a student is expelled due to a discretionary expulsion, then the sending district is required to pay for the days the student is at the JJAEP.

Recommendation: Approve the Bexar County Juvenile Board Memorandum of Understanding for 2021-2022

## 2021-2022 MEMORANDUM OF UNDERSTANDING

### BEXAR COUNTY JUVENILE BOARD AND INDEPENDENT SCHOOL DISTRICT

#### I. PARTIES

This Memorandum of Understanding (MOU) is entered into by and between the Bexar County Juvenile Board (Juvenile Board), a political subdivision of the State of Texas, and the Independent School District (School District), a political subdivision of the State of Texas, agreeing to and executing this MOU. It establishes roles and responsibilities relating to the Bexar County Juvenile Justice Alternative Education Program (JJAEP). This MOU is required by the Texas Education Code (TEC), and is in compliance with the requirements set out in Grant P of the Texas Juvenile Justice Department funding contract with the Juvenile Board. All referenced attachments are incorporated into the MOU as if fully set forth herein.

#### II. STUDENT ELIGIBILITY

Students will be assigned to the Bexar County JJAEP at the Bexar County Juvenile Justice Academy (JJA) only as set forth by the provisions of this MOU.

- A. Factors Considered Prior to Expulsion. Pursuant to the TEC, the School District's Student Code of Conduct must specify that consideration will be given, as a factor in each decision concerning placement in JJA, regardless of whether the expulsion is discretionary or mandatory, to:
1. Self-defense;
  2. Intent or lack of intent at the time the student engaged in the conduct;
  3. A student's disciplinary history;
  4. A disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct;
  5. A student's status in the conservatorship of the Department of Family and Protective Services; or
  6. A student's status as a student who is homeless.
- B. Discretionary Expulsions. Students may be assigned to the JJA when they have been expelled from the School District for committing one of the offenses deemed to be a discretionary expulsion or placement by the TEC.
- C. Mandatory Expulsion. Students shall be assigned to the JJA when they have been expelled from the School District for committing one of the offenses deemed to require a mandatory expulsion under the TEC.

- D. Prerequisites. For a student to remain designated as a Mandatory Expulsion, all of the following requirements must be met:
- a. Offense Report. The School District must have an offense report prepared by a law enforcement agency for the alleged incident upon which the expulsion is based.
  - b. Filing the Offense Report. The offense or investigative report must be filed by the School District with the JJA, the Juvenile Probation Department and the District Attorney's Office. Until the offense report is filed, the student will not be designated a Mandatory Expulsion, and the Juvenile Board may bill the School District for that student at the Discretionary Expulsion rate.
- E. Additional Information. If the law enforcement agency report or complaint does not describe conduct that rises to the level of a Mandatory Expulsion offense, the JJA Administrator may require the School District to provide additional information to support the designation of Mandatory Expulsion.
- F. Reclassification. In the event a student fails to qualify as a Mandatory Expulsion, that student will be classified as a Discretionary Expulsion, and the School District will be billed for the student at the Discretionary Expulsion rate from the date of enrollment. The JJA will advise the Bexar County Auditor's Office of the student's correct status so that the status is accurately reflected in the School District's bill.
- G. Waiver. If a student fails to meet Texas Juvenile Justice Department (TJJD) eligibility requirements for funding as a Mandatory Expulsion, the School District may request a waiver. A written waiver request must be directed to the JJA Administrator. The waiver request must:
- a. State the reason the student was expelled from the home campus;
  - b. State the reason the student does not meet the TJJD funding eligibility requirements;
  - c. Be filed with the JJA Administrator on the form set forth in **Attachment A**; and
  - d. Be filed within ten (10) business days of the date the School District is made aware of the ineligibility as a Mandatory Expulsion. The JJA Administrator may deny untimely waiver requests.
- H. Eligibility Determination. The JJA Administrator will forward the School District's written request to TJJD and advise the School District if the waiver request is granted or denied by TJJD. The Juvenile Board will bill the School District for that student at the Discretionary Expulsion rate until notified by TJJD that the student is deemed eligible to receive TJJD funding under the Mandatory Expulsion category.
- I. Court-ordered Placements. Students may be placed in the JJA by a Court when they have been adjudicated for delinquent conduct or conduct indicating a need for supervision. The School District will not be responsible for payment for these students unless they have been expelled by the School District; however, the School District is responsible for providing special education services, as articulated in the students' Individualized Education Programs (IEPs)/ Individualized Accommodation Plan (IAPs) and/or Behavior Intervention Plan (BIPs) when such services are not provided by the JJA.

- J. Registered Sex Offenders. Students who are publicly registered sex offenders and residents of Bexar County may be placed by the school district in the JJA as provided in the TEC and in accordance with the conditions set out in Section III.B.4 of this MOU. Only students who are Bexar County residents may be placed in the JJA under this provision.
- K. Maximum Capacity Rules. Based on student instructional capacity and safety and security issues, the Juvenile Board has set a maximum student enrollment of 250 students at the JJA (Maximum Capacity). If student enrollment reaches 200, the following rules will apply:
1. JJA Administrator will notify the School District of current enrollment, allocation of spaces, and number of out-of-county students. The School District will be allocated a total number of non-Mandatory Expulsion spaces for Bexar County residents (to include all categories of Discretionary Expulsions and placements) commensurate with that district's percent of Bexar County's total student population in grades 5 – 12. These population figures will be extracted from the prior year's Public Education Information Management Systems (PEIMS) enrollment (snapshot) figures.
  2. When the School District has reached its allocated number of spaces, it must withdraw a student in order to enroll a new student if the district would otherwise exceed the assigned number of discretionary spaces.
  3. The School District may negotiate directly with other districts for unused spaces. The maximum enrollment may be re-defined from time to time as deemed appropriate by the JJA. Notification of these space arrangements between districts will be communicated in writing to the JJA Administrator prior to the assignment of the student. Cancellation or modification of these agreed spaces will be the responsibility of the participating school districts; however the maximum total space assignments cannot be exceeded.
- L. Maximum Capacity Procedure. Once Maximum Capacity is reached, the following procedures will apply:
1. All students at the JJA who are out-of-county residents shall be returned to the sending school district.
  2. The JJA Administrator will determine at the end of each month, based on projected withdrawals and enrollments, whether to continue the excess Maximum Capacity procedure.
- M. Out-of-County Students. This MOU applies only to students who are Bexar County residents, except as provided in this section. An expelled student who resides in a county other than Bexar, or who resides in Bexar County but attends a school in a district outside Bexar County, may attend the JJA only under the following conditions:
1. Eligibility for placement at the JJA is subject to the Maximum Capacity procedures described above.
  2. The School District shall pay the applicable Discretionary Expulsion rate in accordance with section VII.B or VII.C of this MOU, unless the student is a Mandatory Expulsion and eligible for TJJD funding.

3. In order for a Mandatory Expulsion student to be eligible for TJJD funding,
    - a. The respective School District and the Juvenile Board for the county where the student resides must have signed this MOU, and a copy of the MOU must have been provided to TJJD; and
    - b. JJA must obtain written approval from TJJD for funding of the particular student, using the Out-of-County Form, TJJD-JJAEP-005.
  4. TJJD funding is only available for 90 actual attendance days for out-of-county students attending the JJA. After 90 days, the School District is responsible for payment at the applicable Discretionary Expulsion rate in accordance with section VII.B or VII.C.
  5. In order to manage JJA student population within the Maximum Capacity, JJA will prioritize admission to students who are Bexar County residents. No provision of this MOU creates an entitlement for any out-of-county student to attend JJA.
  6. This MOU complies with TJJD's JJAEP Grant guidelines regarding students from counties other than Bexar.
- N. Adult Students. A student who is 17 years or older (Adult Student) is not eligible for juvenile probation services unless the student was on juvenile probation at the time of enrollment. In the event an Adult Student does not meet the JJA program behavior expectations as determined by the JJA Administrator, the student shall be returned to the School District for disposition.

### **III. STUDENT PLACEMENT**

- A. Intake. Upon expulsion or decision on placement, the School District must contact the JJA for a time and date for an intake interview. The School District must also inform the JJA of the reason for expulsion or placement, term (i.e., number of days) and whether the student has been identified as requiring special education services and/or native language instruction. The time, date and place of the intake at the JJA shall be included in the notice of expulsion sent to the student as well as in the notice of expulsion form provided to the JJA Administrator and the Bexar County Juvenile Probation Department. If the student is a juvenile, the School District shall notify parents in writing that their child will be referred to the Bexar County Juvenile Probation Department and be assigned a probation officer.
- B. Term of Assignment to the JJA. The expulsion or placement order by the School District shall specify the number of days or term of the expulsion or placement. For the purpose of this MOU, 180 enrolled instructional days is a year (Year) and the following term rules shall apply:
1. Mandatory Expulsions. A student's original term of expulsion for a mandatory offense may not exceed one calendar year. A student's total assignment to the JJA for a Mandatory Expulsion may not exceed a Year. An exception may be granted for the expulsion of a student who brings a firearm to school. A student expelled from the student's regular campus for a period of one calendar year in accordance with federal law may be assigned to the JJA for a calendar year.
  2. Discretionary Expulsions and Placements. In no event will a student be assigned to the JJA for more than one Year for a Discretionary Expulsion, or for a placement of student due to a

Title 5 felony offense, involvement in sexual assault, or registration as a sex offender. The one Year maximum term of assignment is cumulative, whether or not it is continuous and whether or not imposed by different school districts. For example, a student may be expelled to the JJA for a Title 5 felony offense for a maximum of one Year, regardless of which subsection of TEC may be employed for expulsion or, in the event of change in school districts, which school district initiates the expulsion. Also, the maximum cumulative term of placement at the JJA of a student who is a registered sex offender is one Year total, regardless of which school districts may have assigned the student to the JJA.

3. Title 5 Felony Offenses. A student who is assigned to the JJA due to a Title 5 felony offense shall be returned to the sending School District upon the first of these events to occur:
  - a. The charges are dismissed or reduced to a misdemeanor offense;
  - b. The student is acquitted;
  - c. The student completes the term of placement;
  - d. The student is assigned to another program;
  - e. The student's assignment to the JJA reaches 180 enrolled instructional days; or
  - f. The student graduates from high school.
4. Registered Sex Offenders. Initial placement of a registered sex offender to the JJA is to be for at least 90 enrolled instructional days (Semester) for an offender on probation, and may be up to one Semester for an offender not on probation. Placement must be reviewed at the end of the first Semester of placement. A registered sex offender placed at the JJA whose residence is outside Bexar County will be immediately returned to the sending district. If it is determined by the committee convened by the School District that a registered sex offender assigned to the JJA should remain in alternative placement, then when that student's term at the JJA reaches one Year, that student will be returned to the School District.
5. Student Releases. The JJA staff may recommend expulsion term extensions for students who do not satisfactorily complete the JJA program. The final determination to extend a student's expulsion term is that of the home School District. A student's assignment to the JJA shall terminate at the earliest of one of the following dates:
  - a. Successful completion of the expulsion term;
  - b. One of the seven "Exit Reasons" described in Texas Juvenile Justice Department regulations:
    - 1) Completed program / returned to home school while on probation.
    - 2) Completed program/ term of probation expired.
    - 3) Completed program/ term of placement expired.
    - 4) GED completion.
    - 5) Graduated.
    - 6) Left program incomplete.
    - 7) Other – left program for non-delinquency reason such as moved, death, or medical reason.
  - c. For a student placed at the JJA for a Title 5 felony offense, any event described above in paragraph III.B.3; or
  - d. The student's assignment to the JJA reaches 180 enrolled instructional days.

#### IV. SPECIAL EDUCATION

- A. Students with Disabilities. For students who commit an offense and have been identified by the School District as having a disability the following procedures apply:
1. The student may be expelled from the School District only after a duly constituted Admission, Review and Dismissal (ARD)/Section 504 Manifestation Determination Review ("MDR") meeting. The requirement to have a MDR does not apply only if the student:
    - a. Has been identified by the School District as having a disability under Section 504;
    - b. Was referred the BCJJA for an offense that pertains to the use or possession of illegal drugs or alcohol; and
    - c. The student is currently engaging in the illegal use of drugs or in the use of alcohol.
  2. A student that is eligible for services from the district's special education department or under Section 504 may be expelled only if the ARD/Section 504 committee determines that the alleged offense is not a direct and substantial manifestation of the student's disability or a failure to deliver the program of services and supports in accordance with applicable state and federal laws.
  3. School District must invite the administrator of the JJA or the administrator's designee to an ARD committee meeting convened to discuss the expulsion of a special education student. School District must provide written notice of the meeting at least five (5) school days before the meeting or a shorter timeframe agreed to by the student's parents. A copy of the student's current IEP must be provided to the JJA representative with the notice.
  4. If the JJA Administrator or designee is unable to attend the ARD/Section 504 committee meeting, the JJA representative must be given the opportunity to participate in the meeting through alternative means including conference telephone calls. The JJA representative may participate in the meeting to the extent that the meeting relates to the student's placement in the JJA and implementation of the IEP/IAP and/or BIP in the JJA.
  5. Students with disabilities assigned to the JJA will be provided educational services as determined by the ARD/Section 504 committee, and articulated in the IEP/IAP and/or BIP, such that the student receives a free and appropriate public education as defined by federal and state laws, and as further provided herein. The IEP/IAP and/or BIP must delineate the projected date for the beginning of services, personnel who will provide direct and/or related services, the anticipated frequency, location and duration of services, and accommodations or modifications for the term of the student's tenure at the JJA.
  6. Ultimately, the School District is responsible to ensure that appropriate programs and services, as articulated in a student's IEP/IAP and/or BIP, are provided at the JJA continuously and without disruption. The Juvenile Board is not responsible for the provision of special education services. All related services articulated in students' IEP/IAPs must be provided by the School District with the exception of counseling. Related services include speech therapy, occupational therapy, physical therapy, special transportation, in-home/parent training, and sign language interpreters. Counseling services available at the JJA are provided by Communities in Schools - San Antonio. The JJA will have special education services and personnel as a portion of the normal operation of the JJA. The JJA will provide a copy of each special education student's schedule within five (5) school days of a School District's request.

7. If after a special education student is placed at the JJA the JJA Administrator provides written notice to the school district of specific concerns that the student's educational or behavioral needs cannot be met in the JJA, an ARD committee meeting must be convened to reconsider placement of the student in the JJA. School District must invite the JJA administrator or the administrator's designee to the meeting and must provide written notice of the meeting at least five (5) school days before the meeting or a shorter timeframe agreed to by the student's parents. If the JJA representative is unable to attend the ARD committee meeting, the representative must be given the opportunity to participate in the meeting through alternative means, including conference telephone calls. The JJA representative may participate in the meeting to the extent that the meeting relates to the student's continued placement in the JJA.
- B. Students with Suspected Disabilities. If a student assigned to the JJA is suspected of having a disability under the Individuals with Disabilities Education and Improvement Act (IDEIA) criteria, the following procedures apply:
1. The School District's Child Find procedure will be initiated to resolve whether an assessment to determine eligibility is necessary.
  2. The JJA staff will assist with the completion of the necessary referral documents. Any student determined to qualify for services and protection under IDEIA or Section 504, shall be afforded all lawfully required services and protections by the School District to the extent that the JJA cannot provide the service and the School District is notified of the need to provide the service.
- C. English as a Second Language (ESL)/Bilingual Students. If a student has been identified as a second language learner, whether general or special education, the following procedures apply:
1. School District must obtain appropriate documentation from the Language Proficiency Assessment Committee (LPAC) relative to the following:
    - a. The student's dominant oral and written language;
    - b. The student's level of oral and written language proficiency; and
    - c. Type, level, frequency and duration of instruction and/or support services.
  2. The School District may provide, upon availability, training to JJA personnel to facilitate accommodations necessary for English Language Learners.
  3. The JJA will provide direct instruction by a certified Bilingual/ESL teacher.
- D. Change of Residence. Students receiving special education or Section 504 services prior to their expulsion and who change residence to another school district served by the JJA will continue to be the responsibility of the sending School District until the student has completed the JJA assignment and/or enrolled in the new School District.
- E. Accountability. Accountability for students placed at the JJA shall remain with the student's school district of residence. The eligibility folder will stay with the expelling School District and a working folder will be sent to the JJA prior to the intake appointment.
- F. Addressing Concerns. After placement of a student in the JJA, if the JJA has concerns that the student's educational or behavioral needs cannot be met in the JJA program, the JJA shall

provide written notice of the specific concerns to the School District. The School District will conduct an ARD/Section 504 committee meeting to reconsider the placement of the student into the JJA and to avoid disruption of services and/or an improper placement. The School District is responsible for providing notice to the JJA and to the parent of the ARD/Section 504 committee meeting in compliance with federal and state law and advising them of the specified time and location of the ARD/Section 504 committee meeting. Whenever possible, the ARD/Section 504 committee meetings for students enrolled at the JJA should be held at the JJA site and scheduled at a time that enables the home campus representative to be present. If the home campus representative is unable to attend the ARD/Section 504 committee meeting in person, alternate means of communication shall be made available so that the home campus representative may participate in the meeting.

- G. Notices. The notices required in this Article IV must be provided in the native language of the parent or mode of communication used by the parent, in compliance with federal law. The term 'native language' when used with reference to an individual of limited English proficiency, means the language used by the individual, or in the case of the child, the language normally used by the parents of the child.

## MEMORANDUM

To: Medina Valley ISD Board of Trustees  
From: Dr. Kenneth Rohrbach, Superintendent  
Re: Consider Adoption of Proposed Board Policy EH (Local)  
Date: June 15, 2021

Board Policy EH (Local) has been developed in order to support curriculum design in Medina Valley ISD. EH (Local) is not a required policy, but rather has been developed in response to the district's desire to have a well-defined curriculum policy to support curriculum development in the district. In addition to addressing curriculum design, the policy delineates the responsibilities of the board, the superintendent, district and campus level administrators, and teachers in relation to curriculum. This was presented at the May 2021 board meeting for a first reading is on tonight's agenda for adoption.

Recommendation: Adopt proposed board policy EH (Local).

### **Purpose**

The Board recognizes the need and value of a systematic ongoing program of curriculum review and development. The Board shall encourage and support the professional staff in its efforts to investigate new curricular ideas, develop and improve programs, and evaluate results. In order to ensure quality control of the curriculum and to be responsive to the school community and state requirements, the Board sets forth this policy to be followed by the Superintendent and professional staff.

### **Definition**

Curriculum is defined as the knowledge, skills, attitudes, and processes to be taught and learned at the appropriate levels/areas or in courses in the District schools.

### **Curriculum Articulation and Directions**

Curriculum shall be vertically articulated across grade levels/ programs and coordinated across schools to ensure the appropriate scope and sequencing of content to provide for reinforcement of knowledge and skills, and to ensure that high expectations for student learning are achieved by District graduates. It shall be an objective of the curriculum to enable each student to obtain an education appropriate to his or her diverse interests, ambitions, and abilities. The curriculum shall reflect current research and technological advancements that promote congruence and appropriate modifications in instructional methodologies, pacing, and resources for all student populations.

### **Curriculum Philosophy**

Instruction for early childhood through grade 12 shall be derived from a foundation and enrichment curriculum that incorporates the Texas Essential Knowledge and Skills (TEKS) at each grade level. The integrated District curriculum shall provide the continuity and cumulative acquisition of skills and knowledge from grade to grade and from campus to campus.

The Board intends to provide an environment and opportunity for innovative, instructional approaches and is committed to continuous improvement of the teaching and learning process. While instructional differentiation is expected to occur to address the unique needs of specific students, that instruction shall be derived from a set of curriculum learnings common to all students. There shall be equal access to the curriculum for all students, which shall be delivered in an equitable manner.

### **Curriculum Management Plan**

Administration shall design a curriculum management plan to implement this policy. The curriculum management plan shall communicate the intent and direction for the District in the areas of curriculum, instruction, and assessment. The plan shall coordinate improvement efforts in the development and implementation of the curriculum. The plan shall outline the expectations and procedures for the written, taught, and tested curriculum.

### **Written Curriculum**

The Board expects learning shall be enhanced by adherence to a District curriculum that promotes continuity and cumulative acquisition of skills and knowledge from grade to grade and from school to school. The curriculum should reflect the best knowledge of the growth and development of learners, the needs of learners based on the nature of society, the desires of the residents and taxpayers of the District, state laws, and State Board of Education rules.

Subject-area written curriculum and instructional frameworks shall be developed for all grade levels and subjects in the District. Administrators shall work with teachers to maintain consistency between the written, taught, and assessed curriculum.

In order to ensure equal access of the curriculum by each student, the curriculum is to be a District-level decision. Persons who would like to add, delete, or change the written curriculum shall submit recommendations to the curriculum director for review.

Instructional resources such as textbooks, software, and other materials shall be selected based on alignment with the curriculum objectives and curriculum priorities of the District. Staff development shall be designed and implemented to prepare staff members to teach the designed curriculum and shall use continuous improvement processes for long-term institutionalization. The focus of the curriculum shall ensure:

1. Mastery of grade-level reading, writing, and mathematics standards;
2. Mastery of skills required by all Texas Essential Knowledge and Skills outlined in state standards;
3. Mastery of (post-secondary) college readiness standards to ensure students are college and career ready; and
4. Include scope, sequence, time frame, objectives, student expectations, assessments, aligned resources, and aligned instructional strategies.

### **Taught Curriculum**

The Board has several expectations of the teaching process. There must be assurance that teachers and their colleagues are working toward a common set of student objectives. All faculty members have a responsibility not only to contribute to the refinements of the written curriculum, but also to teach to the curriculum objectives. The District curriculum framework and instructional standards shall serve as the primary sources of instructional direction from which a teacher will develop units of study, individual lesson plans, and approaches to instruction to meet a student's unique needs at a particular time. The principal shall ensure optimum use is made of available written curriculum materials and instructional time. Teachers are required to use the District curriculum as their primary source of instructional direction and to teach to the curriculum objectives.

Taught curriculum refers to instruction, the process by which the teachers plan, organize, and deliver instructional strategies for teaching the written curriculum. The teaching of the curriculum shall be aligned with the written curriculum and tested curriculum, resulting in a high degree of consistency.

All programs, including those for special populations, shall be aligned to the District curriculum. Further, they shall be integrated in their delivery approach. Teachers are required to modify curriculum and/or make necessary accommodations for students to succeed. In addition to the consistent delivery of the objectives in the curriculum, instructional delivery shall be based on sound teaching principles grounded in scientifically based educational research or evidenced-based practice. Instructional supervision efforts shall focus on these research-based teaching practices.

The systemic process shall include:

1. Establishing a school climate that is conducive to learning while affirming the worth and diversity of all students;
2. Expecting that all students perform at high levels of cognition;
3. Ensuring that all students experience opportunities for goal setting, learning, and success;
4. Having staff members and students take responsibility for successful learning;
5. Scheduling time for teachers to plan collaboratively with the purpose of analyzing content objectives, ensuring instructional delivery matches the rigor required by the student expectation, and developing common assessments to assess student learning.

6. Analyzing content of each learning objective so that instructional strategies match content and assessment;
7. Sequencing tasks into a hierarchy of learning skills to maximize the effectiveness of instructional delivery;
8. Assessing student mastery of the objectives to determine readiness for movement to a new instructional objective or the need to extend, enrich, or differentiate instruction; and
9. Embedding technology into the curriculum that is aligned with academic content and student achievement standards.

### **Tested Curriculum**

Tested curriculum is student assessment, both formal and informal, used to evaluate student progress toward mastery of the written curriculum. The Superintendent or designee shall establish assessment approaches for determining the effectiveness of instructional programming at District, campus, and classroom levels. Assessments shall focus on determining the extent to which students are achieving and maintaining mastery of curriculum objectives and the extent to which instructors are displaying effective conveyance of curriculum in the classrooms.

District staff shall design and use a variety of assessment approaches in determining the effectiveness of the planned and written curriculum, the taught curriculum, and instructional programs. Periodic reports shall be made to the Board concerning these assessments.

Teachers shall conduct frequent assessment of students on the curriculum objectives. Teacher-made assignments/assessments, District-wide common assessments, *state and federal mandated assessments*, and *other* criterion referenced tests shall be used to determine patterns of student achievement. Teachers and supervisors shall use test results to:

1. Assess the status of individual student achievement.
2. Identify general achievement trends of various groups of students, and to modify instruction as warranted by assessment results.
3. Guide District/campus improvement of curriculum.
4. Guide alignment and programmatic decisions.
5. Communicate progress to parents to support learning.

Principals shall review assessments to help teachers ensure congruence with the written curriculum and guide instruction. The data will be used to determine appropriate interventions by school-based administrators and teachers.

### **Resource Allocation**

The Board shall adopt a budget annually that provides the monetary resources to fund the curriculum training, materials and resources, and testing necessary to effectively implement the aligned curriculum. The budget development process shall ensure that goals and priorities are considered in the preparation of budget proposals and that any decision related to reduction or increase in funding levels can be addressed in those terms. Adoptions of common instructional materials shall be aimed at promoting consistency and clarity of instructional focus. [See EFA LEGAL]

### **Assessment Program**

Teachers shall include in their assessment programs items aligned with the essential knowledge and skills and the statewide testing programs that are content driven and contextually appropriate. Teachers shall monitor individual student progress on an ongoing basis, providing for remediation, reinforcement, and extension of the curriculum as indicated by the student's assessed performance.

### **Curriculum Model**

The model for curriculum development, implementation, and evaluation may include the following components: curriculum (written curriculum), instruction (taught curriculum), and evaluation (tested curriculum). The curriculum shall be stated clearly and comprehensively in writing so that the faculty teaches the written curriculum. The teacher-made tests and standardized tests shall be congruent with the written and taught curriculum. The curriculum shall encompass local goals and objectives, and skills that are identified by state and federal guidelines and mandates, where applicable.

### **Curriculum Development and Review**

The District shall continually develop and modify its curriculum to meet changing needs. The Superintendent or designee shall be responsible for developing proposals relating to curriculum modifications and additions that, in the opinion of the Board, the staff, and consultants, are essential to the maintenance of a high quality program of education from prekindergarten–grade 12.

### **Curriculum Documents**

Curriculum documents shall include the following components:

1. Curriculum frameworks: The District's documents on which instruction for subjects and courses is based. Frameworks shall include learning objectives based on TEKS and local

- needs, sequence objectives, and resources such as textbooks and materials.
2. Instructional resources, adopted by the District, that support the District's curriculum and the state's assessment system.
  3. Lesson plans: Teachers' instructional outlines that are consistent with District and campus policies.
  4. Grade records: Evidence of student performance used for decisions regarding mastery, promotion, and retention.
  5. Evaluation instruments: Formal or informal evidences of mastery of the District's curriculum components.

### **Publications**

All District instructional publications developed locally or obtained from state agencies or other publishers in the name of the District shall be the property of the District and shall not belong to an individual teacher or administrator. Such publications shall remain in the District upon termination of employment of any employee to whom publications have been assigned.

### **Training**
