With a district enrollment of 6134 students and growing at least 5% per year, Medina Valley ISD opening its 5th elementary campus located in the Ladera subdivision, off HWY 211. This year the board has made sure that laptops/computers are sufficiently place at each campus and equitably distributed. The district is blessed with a hard-working, student-focused board of trustees, who are laser-focused on improving and expanding opportunities for all students.

Demographics

With the continued growth, MVISD will implement a variety of best practices to support the achievement of all students regardless of background by providing effective teaching and learning whereby the strengths students bring to school are identified, nurtured, and utilized to promote student achievement and progress.

Student Achievement

MVISD continues to focus on student achievement and maximizing each student's potential; however, with the recent challenges in our ability to meet students' academic needs, our focus will be to identify gaps and address them through strategic planning and monitoring outcomes.

School Culture and Climate

MVISD will refine providing greater support for the social/emotional well-being of students and teachers through the development of skills in the areas of managing emotions, establishing and maintaining positive relationships, and responsible decision-making. Moreover, MVISD will continue to provide effective two-way communication and engagement activities for the parents/guardians to connect.

Staff Quality, Recruitment and Retention

Continue to strengthen teacher capacity through intentional PD, Mentor/mentee program, opportunities for advancement within MVISD, support for Spec Ed teachers and fostering of the effective instructional strategies and communication skills.

Curriculum, Instruction and Assessment

Specialized PD (Trade Conferences) and addtl resources/teaching materials that would encompass individual areas of academic studies that are offered by MVISD.

Curriculum, Instruction and Assessment

Continue to develop the Curriculum Management Plan to guide the district in curriculum and instruction standards and alignment.

Curriculum, Instruction and Assessment

Continue building vertical alignment across the district both in documentation and in collaborative opportunities for growth.

Curriculum, Instruction and Assessment

Establish procedures for ensuring a transition from Elem, to MS, to HS for future growth and development of programs necessary to foster the needs of each student population in all subpops.

Family and Community Engagement

Medina Valley ISD is building parent and family engagement capacity throughout the district by providing families with resources, trainings, and necessities to prompt student wellness and academic success. The district is providing families with information in the language of the parent. As we continue to grow a main need will be to provide and offer more workshops and conferences for teachers, staff, parents and families throughout the district. We will continue to strengthen our partnership with families by creating more opportunities for parents, teachers, and staff to make a positive social and academic impact on student success and well being.

School Context and Organization

Continue to cultivate a culture of excellence through programs and processes

Technology

While we have been able to provide updated and reliable infrastructure, devices and Internet access, we are continuing to work towards establishing a viable and equitable obsolescence plan to meet the needs of our growing community along with providing differentiated support & professional development

Special Programs**District Improvement Plan Development**

The DIP was developed with timely and meaningful consultation with teachers, principals, other school leaders, paraprofessionals, specialized instructional support personnel, administrators, other appropriate school personnel, and with parents of children in schools serviced under this part.

As appropriate, the DIP was coordinated with other programs under the Every Student Succeeds Act (ESSA), the Individuals with Disabilities Education Act (20 U.S.C. 1400 et seq.), the Rehabilitation Act of 1973 (20 U.S.C. 701 et seq.), the Carl D. Perkins Career and Technical Education Act of 2006 (20 U.S.C. 2301 et seq.), the Workforce Innovation and Opportunity Act (29 U.S.C. 3101 et seq.), the Head Start Act (42 U.S.C. 9831 et seq.), the McKinney-Vento Homeless Assistance Act (41 U.S.C. 11301 et seq.), the Adult Education and Family Literacy Act (29 U.S.C. 3271 et seq.), and other Acts as appropriate

To ensure that all children receive a high-quality education, and to close the achievement gap between children meeting the challenging State academic standards and those children who are not meeting such standards, the DIP describes how the local educational agency will monitor students' progress in meeting the challenging State academic standards by--

1. Developing and implementing a well-rounded program of instruction to meet the academic needs of all students
2. Identifying students who may be at risk for academic failure

3. Providing additional educational assistance to individual students the local educational agency or school determines help needed in meeting the challenging State academic standards

4. Identifying and implementing instructional and other strategies intended to strengthen academic programs and improve school conditions for student learning

5. Describing how the local educational agency will identify and address, as required under State plans as described in section 1111(g)(1)(B), any disparities that result in low-income students and minority students being taught at higher rates than other students by ineffective, inexperienced, or out-of-field teachers

6. Describing how the local educational agency will use current research on parental involvement that fosters achievement to high standards for all children and incorporate strategies to lower barriers to participation by parents in school planning, review, and improvement experienced

7. Describing the services the local educational agency will provide homeless children and youths, including services provided with funds reserved under section 1113(c)(3)(A), to support the enrollment, attendance, and success of homeless children and youths, in coordination with the services the local educational agency is providing under the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11301 et seq.)

8. Describing the strategy the local educational agency will use to implement effective parent and family engagement under section 1116

9. If applicable, describing how the local educational agency will support, coordinate, and integrate services provided under this part with early childhood education programs at the local educational agency or individual school level, including plans for the transition of participants in such programs to local elementary school programs

10. Describing how teachers and school leaders, in consultation with parents, administrators, paraprofessionals, and specialized instructional support personnel, in schools operating a targeted assistance school program under section 1115, will identify the eligible children most in need of services under this part

11. Describing how the local educational agency will implement strategies to facilitate effective transitions for students from middle grades to high school and from high school to postsecondary education including, if applicable through coordination with institutions of higher education, employers, and other local partners and through increased student access to early college high school or dual or concurrent enrollment opportunities, or career counseling to identify student interests and skills

12. Describing how the local educational agency will support efforts to reduce the overuse of discipline practices that remove students from the classroom, which may include identifying and supporting schools with high rates of discipline, disaggregated by each of the subgroups of students, as defined in section 1111(c)(2)

13. If determined appropriate by the local educational agency, describing how such agency will support programs that coordinate and integrate academic and career and technical education content through coordinated instructional strategies, that may incorporate experiential learning opportunities and promote skills attainment important to in-demand occupations or industries in the State and work-based learning opportunities that provide students in-depth interaction with industry professionals and, if appropriate, academic credit

- 3 Provide and offer more conferences or workshops for teachers, staff, parents and families throughout the district.
- 4 Create more opportunities for parents, teachers and staff to make a positive social/academic impact on student success.
- 5 Recruit surrogate parents for foster youth.
- 6 Increase collaboration with PTO to increase family engagement opportunities.
- 7 Provide campus based parents meetings focused on Spanish speaking families throughout the year to share important info such as STAAR, TELPAS, LPAC etc
- 8 Consistent communication from campus to campus for parent communication.

Summary

Medina Valley ISD is building parent and family engagement capacity throughout the district by providing families with resources, trainings, and necessities to prompt student wellness and academic success. The district is providing families with information in the language of the parent. As we continue to grow a main need will be to provide and offer more workshops and conferences for teachers, staff, parents and families throughout the district. We will continue to strengthen our partnership with families by creating more opportunities for parents, teachers, and staff to make a positive social and academic impact on student success and well being.

School Context and Organization

Strengths

- 1 The district provides reading and math intervention strategy classes for struggling learners.
- 2 All Campuses have a site-based team comprised of teachers, and each school has representatives in the District Wide Advisory Council (DWAC).
- 3 District educators create and implement standard-base formative assessments to maintain progress checks and TEKS mastery for all students.
- 4 Based on climate surveys, students, parents, and the community have an overwhelmingly positive perception of the school district.
- 5 Safety protocols such as Raptor and threat assessment teams implemented and assembled
- 6 Sharing Innovations through professional development opportunities (i.e. via EXPO, VP Academy, etc)

Needs

- 1 Provide struggling online learners with data proven intervention strategies.
- 2 Standardize documentation process for intervention and provide struggling online learners with data proven intervention strategies.
- 3 Standardizing, documenting and communicating processes & procedures to all stakeholders.
- 4 Continue to gather data for surveys.

Summary

Continue to cultivate a culture of excellence through programs and processes

Technology

Strengths

- 1 School Board and Superintendent have been fully supportive to provide an enriched technological learning environment for our learners.
- 2 Provides relevant and reliable technology for staff, students, and guests. This includes student access to wireless devices while on campus, this also will include district-wide reliable wifi access for our staff, learners and, guests.
- 3 Updated technology infrastructure is in place to support a high level of instructional technology use in all classrooms
- 4 Community relations via social media and educational assistance to our community members

Needs

- 1 Available personnel to be able to support teachers in the planning for and use of tools.
- 2 Investigate the readiness of infrastructure and device availability for 100% online STAAR testing.
- 3 Continue the district-wide inventory process which will structure the district's obsolescence cycle.
- 4 Need to analyze the efficacy of the instructional tools we are using currently (and consider revision)
- 5 Continue district focus on technology, ensuring that appropriate technology devices and programs are available to students and staff.
- 6 Expand technology-enriched learning environments on all of our campuses
- 7 Provide on-going training on existing data mining tools and instructional technology.
- 8 Consistent replacement and maintenance of technology
- 9 Accessories for technology available, i.e. microphones, mice, webcams, headsets
- 10 Present the long term strategic plan for technology to DWAC for review & clarify/define/establish standards for technology devices in classrooms/offices/labs/gyms etc.
- 11 Budget for long term technology infrastructure and device replacement
- 12 Available personnel to provide technology support (eg development of a formula based off of needs)
- 13 Increase strategic technology tools for curriculum and organizational efficiency and effectiveness.

Summary

While we have been able to provide updated and reliable infrastructure, devices and Internet access, we are continuing to work towards establishing a viable and equitable obsolescence plan to meet the needs of our growing community along with providing differentiated support & professional development

TEXAS EDUCATION AGENCY STRATEGIC PRIORITIES

- #1: Recruit, support, and retain teachers and principals
- #2: Build a foundation of reading and math
- #3: Connect high school to career and college
- #4: Improve low-performing schools

THE STATE OF TEXAS PUBLIC EDUCATION MISSION

The mission of the public education system of this state is to ensure that all Texas children have access to a quality education that enables them to achieve their potential and fully participate now and the future in the social, economic, and education opportunities of our state and nation. That mission is grounded on the conviction that a general diffusion of knowledge is essential for the welfare of this state and for the preservation of the liberties and rights of citizens. It is further grounded on the conviction that a successful public education system is directly related to a strong, dedicated, and supportive family; and that parental involvement in the school is essential for the maximum educational achievement of a child.

THE STATE OF TEXAS PUBLIC EDUCATION ACADEMIC GOALS

- #1: The student in the public education system will demonstrate exemplary performance in the reading and writing of the English language.
- #2: The students in the public education system will demonstrate exemplary performance in the understanding of mathematics.
- #3: The students in the public education system will demonstrate exemplary performance in the understanding of science.
- #4: The students in the public education system will demonstrate exemplary performance in the understanding of social studies.

THE STATE OF TEXAS PUBLIC EDUCATION OBJECTIVES

- Objective #1: Parents will be full partners with educators in the education of their children.
- Objective #2: Students will be encouraged and challenged to meet their full educational potential.
- Objective #3: Through enhanced dropout prevention efforts, all students will remain in school until they obtain a high school diploma.
- Objective #4: A well-balanced and appropriate curriculum will be provided to all students.
- Objective #5: Educators will prepare students to be thoughtful, active citizens who have an appreciation for the basic values of our state and national heritage and who can understand and productively function in a free enterprise society.
- Objective #6: Qualified and highly effective personnel will be recruited, developed, and retained.
- Objective #7: The state's students will demonstrate exemplary performance in the comparison to national and international standards.
- Objective #8: School campuses will maintain a safe and disciplined environment conducive to student learning.
- Objective #9: Educators will keep abreast of the development of creative and innovative techniques as appropriate to improve student learning.
- Objective #10: Technology will be implemented and used to increase the effectiveness of student learning, instructional management, staff development, and administration

Priority for Service (PFS) Action Plan for Migrant Students

As part of the Every Student Succeeds Act (ESSA), the Priority for Service (PFS) Action Plan is a required program activity for the Migrant Education Program. In providing services with funds received under this part, each recipient of such funds shall give priority to migratory children who have made a qualifying move within the previous 1-year period and who are failing, or most at risk of failing, to meet the challenging State academic standards; or have dropped out of school. [§1304 [20 U.S.C. 6394](d)].

The Priority for Service Report on NGS must be used to determine who to serve first and foremost with MEP funds. Students are identified as PFS if they meet the following criteria:

Priority for Service Criteria	
Grades 3-12, Ungraded (UG) or Out of School (OS)	<ul style="list-style-type: none">• Who have made a qualifying move within the previous 1-year period; <u>AND</u> <ul style="list-style-type: none">• Have a received grade level of “approaches or not meet” on the state assessments (STAAR), were Absent, Not Tested* or were not enrolled in a Texas school during the state assessment testing period for their grade level.
Grades K-3	<ul style="list-style-type: none">• Who have made a qualifying move within the previous 1-year period; <u>AND</u> <ul style="list-style-type: none">• Have been designated LEP in the Student Designation section of the New Generation System (NGS) Supplemental Program Component; <u>or</u>• For students in grades K-2, who have been retained, or are overage for their current grade level.

The following document is provided by TEA for districts to help document efforts that are being conducted on behalf of Priority for Service students. It contains all of the required components as described in Part 4 of the ESSA Application in the Provisions and Assurances, but also allows room for districts to add additional activities. Each district’s plan must clearly articulate criteria for defining student success, including timelines for achieving stated goals and objectives.

NOTE: This document can be obtained electronically in MS Word format from the regional ESC MEP Coordinator.

Mission

The mission of the public education system of this state is to ensure that all Texas children have access to a quality education that enables them to achieve their potential and fully participate now and the future in the social, economic, and education opportunities of our state and nation. That mission is grounded on the conviction that a general diffusion of knowledge is essential for the welfare of this state and for the preservation of the liberties and rights of citizens. It is further grounded on the conviction that a successful public education system is directly related to a strong, dedicated, and supportive family; and that parental involvement in the school is essential for the maximum educational achievement of a child.

Medina Valley I.S.D. District Mission Statement Medina Valley Independent School District will provide its students with a superior and diverse education that inspires excellence, promotes accountability and values, and encourages all students to achieve their highest potential.

Medina Valley LaCoste Elementary Mission Statement I am a Panther, I believe my Choices create my Character, which Inspires me to be a Leader & Reach my Highest Potential...

Vision

Shared Vision

Our Students will:

- Be passionate and responsible in their learning and in life
- Be well-rounded emotionally, socially, and academically
- Demonstrate strong values and pride through their actions and beliefs
- Follow an educational path that allows them to explore academic and/or vocational career possibilities
- Be equipped with the necessary skills, knowledge, and resources for their future
- Contribute positively as members of our community and society

Our learning environment will provide:

- State-of-the-art and relevant technology and facilities
- Consistent and effective communication between the home, school, and district
- Classroom experiences focused on student engagement and learning
- Opportunities for parents and staff to work together for student success
- A staff that is highly qualified, valued, and offered ongoing opportunities for growth
- Settings that are both physically and emotionally safe

Our district and community will work together to:

- Provide real-life learning opportunities to prepare students for the workforce
- Encourage and provide parental involvement and engagement to support the learning environment
- Provide a variety of educational programs with appropriate curriculum
- Support a growing and diverse population
- Build partnerships that are mutually beneficial

Medina Valley LaCoste Elementary Vision Through Leadership we will educate and inspire each other to achieve nothing less than our best.

Title I Campus

Title I campus with high risk students receiving inclusion support, tutorials, and needed accommodations and supports to be successful.

Demographics

In summary, we need instructional intervention resources to better support the diverse demographics at LaCoste in all content areas. We need technology that supports virtual learning and services to better support all our student populations.

Student Achievement

In order to increase student achievement, we are in need of tutors for all grade levels. We are in need of bilingual tutors, inclusion support aides, and math intervention resources for progress monitoring.

School Culture and Climate

The Leader in Me process has strengthened our ability to reach students that need positive motivation and support. We will continue to build that support through expanding leadership opportunities for all students, nurture distinctive learning needs, offer parent and community engagement activities in more than one language.

Staff Quality, Recruitment and Retention

LaCoste Elementary teachers want more opportunities for professional growth specifically on how to target and serve our populations that are in most in need of our support.

Curriculum, Instruction and Assessment

Lacoste has an abundance of reading resources and online programs for progress monitoring, and our students are excelling. However, we are lacking math, science, social studies, and writing resources. We are in need of online programs that target and progress monitor math skills. We are also in need of programs to supplement curriculum targeted for writing, science, and social studies. We need more ViewSonic Boards in classrooms as well as student devices to access the online curriculum. In order to target all of the needs of our students, we need tutoring and more training for staff on the online portions of our core curriculum.

Family and Community Engagement

Parental Involvement has increased and is positive, however, there needs to be support systems in place to engage them more effectively when they are attending the events. Our goal is to build capacity with parents and families - LaCoste Elementary is committed to fostering our parent/community/ school environment.

School Context and Organization

Our campus is learning and growing through the Leader In Me process along with that there will need to be more leadership opportunities to grow based on student and parent suggestions from the suggestion box. The students will have advanced opportunities to participate in clubs and activities tailored to their needs, specifically the needs discovered through distance learning.

Technology

Use of more student driven devices are always important and are both a strength and a need for LaCoste. Teachers are requesting more instructional guidance on classroom use and training to make our campus technology rich.

Special Programs

Addressing Needs of Students At-Risk of Not Meeting State Standards

The campus leadership team monitors and addresses students who are at risk of not meeting state standards by reviewing trends and patterns on state and benchmark assessments, RTI documentation, and then providing academic support, i.e. after school/parent arranged tutoring.

CNA Process

The CNA process begins in late Spring by gathering Data to support needs assessments. We create groups by ensuring that each representative from a grade level and community representative provide input. In early June we begin with our campus improvement by addressing our needs. CIP is completed by early September.

Campus Improvement Plan

Luckey Ranch Elementary School

2021-2022

12045 Luckey River
San Antonio, TX 78252

State ID: 163908106

Mission

In partnership with our community, Luckey Ranch E.S. will empower our students to be accountable for learning through a nurturing and inclusive environment. All students will excel and be able to lead, learn, and love.

Vision

At Luckey Ranch Elementary, we envision a school of well-rounded, productive citizens. Our students, staff, and community will encourage lifelong leaders and learners through a positive culture that embraces the skills of the 21st century.

Description

Luckey Ranch Elementary School opened its doors in 2018 and serves 600 students in grades PreK through 5th . The student population is 9.8% African American, 66% Hispanic, 19.1% White, 1% American Indian, 1.6% Asian, 2.2% Two Or more Races, 48% Male, 53% Female. Luckey Ranch Elementary School serves 13.6% Special Education students, 53.08% Economically Disadvantaged students, 65% At-Risk students. The average attendance rate for students is 96%.

Luckey Ranch Elementary School

Luckey Ranch E.S. opened its doors for students in the 2018-19 school year. The school is the fourth elementary in the Medina Valley ISD and has experienced rapid growth.

Title I Campus

Luckey Ranch Elementary is a Title I Campus.

Demographics

The campus will continue to provide support to all students including targeted intervention.

Student Achievement

For continued student academic success, an effort to reach every student will continue through targeted intervention through specialists and interventionists.

School Culture and Climate

LRE will continue to develop our culture and identity through consistent integration of the Leader in Me process. LRE will continue to provide opportunities for student success with positive interactions.

Staff Quality, Recruitment and Retention

LRE teachers will continue to have quality campus staff development based on campus and student need. LRE will continue to provide recognition and incentives to staff.

Curriculum, Instruction and Assessment

Luckey Ranch E.S. data indicate consistent and successful Tier I instruction in all classrooms; however, continued growth in Tier II-III instruction will need to be supported through teachers, specialists, and interventionists through professional learning communities, technology, and professional development.

Family and Community Engagement

LRE will continue to identify multiple ways for the community to participate, engage, and build relationships; all while supporting our student academic growth.

School Context and Organization

LRE will provide consistent communication to new staff, students, and families regarding the policies and procedures established at Luckey Ranch Elementary. Undeviating follow through and communication will continue throughout the year to support teachers, students, and families.

Technology

LRE will use teacher modeling and tiered/leveled professional training to support the growing population of our school.

Special Programs

Addressing Needs of Students At-Risk of Not Meeting State Standards

The campus leadership team monitors and addresses students who are at risk of not meeting state standards by reviewing trends and patterns on state and benchmark assessments, RTI documentation, and then providing academic support, small group instruction, opportunities for instruction with math and reading specialists, and before/after school tutoring.

CNA Process

Committees are formed on the campus to collect and review data to help guide decision making. The data helps schools monitor and assess the impact of programs, instruction, and other resources related to student achievement by developing a school profile. When conducted thoroughly, the CNA tool provides schools with identified strengths and weaknesses and specifies priorities for addressing student achievement and meeting challenging academic and performance standards.

While there may be specific times during the school year when targeted data analysis occurs, the data collection and analysis process is ongoing to ensure that progress toward the school's objectives, goals, mission and vision are being realized.

The mission of the public education system of this state is to ensure that all Texas children have access to a quality education that enables them to achieve their potential and fully participate now and the future in the social, economic, and education opportunities of our state and nation. That mission is grounded on the conviction that a general diffusion of knowledge is essential for the welfare of this state and for the preservation of the liberties and rights of citizens. It is further grounded on the conviction that a successful public education system is directly related to a strong, dedicated, and supportive family; and that parental involvement in the school is essential for the maximum educational achievement of a child.

THE STATE OF TEXAS PUBLIC EDUCATION ACADEMIC GOALS

- #1: The student in the public education system will demonstrate exemplary performance in the reading and writing of the English language.
- #2: The students in the public education system will demonstrate exemplary performance in the understanding of mathematics.
- #3: The students in the public education system will demonstrate exemplary performance in the understanding of science.
- #4: The students in the public education system will demonstrate exemplary performance in the understanding of social studies.

THE STATE OF TEXAS PUBLIC EDUCATION OBJECTIVES

- Objective #1: Parents will be full partners with educators in the education of their children.
- Objective #2: Students will be encouraged and challenged to meet their full educational potential.
- Objective #3: Through enhanced dropout prevention efforts, all students will remain in school until they obtain a high school diploma.
- Objective #4: A well-balanced and appropriate curriculum will be provided to all students.
- Objective #5: Educators will prepare students to be thoughtful, active citizens who have an appreciation for the basic values of our state and national heritage and who can understand and productively function in a free enterprise society.
- Objective #6: Qualified and highly effective personnel will be recruited, developed, and retained.
- Objective #7: The state's students will demonstrate exemplary performance in the comparison to national and international standards.
- Objective #8: School campuses will maintain a safe and disciplined environment conducive to student learning.
- Objective #9: Educators will keep abreast of the development of creative and innovative techniques as appropriate to improve student learning.
- Objective #10: Technology will be implemented and used to increase the effectiveness of student learning, instructional management, staff development, and administration

State ID: 163908105

Mission

Medina Valley Independent School District will provide its students with a superior and diverse education that inspires excellence, promotes accountability and values, and encourages all students to achieve their highest potential.

Potranco will provide high quality education in a safe, supportive and inclusive environment that builds a foundation for life-long learning.

Vision

Our Students will:

- Be passionate and responsible in their learning and in life
- Be well-rounded emotionally, socially, and academically
- Demonstrate strong values and pride through their actions and beliefs
- Follow an educational path that allows them to explore academic and/or vocational career possibilities
- Be equipped with the necessary skills, knowledge, and resources for their future
- Contribute positively as members of our community and society

Our learning environment will provide:

- State-of-the-art and relevant technology and facilities
- Consistent and effective communication between the home, school, and district
- Classroom experiences focused on student engagement and learning
- Opportunities for parents and staff to work together for student success
- A staff that is highly qualified, valued, and offered ongoing opportunities for growth
- Settings that are both physically and emotionally safe

Our district and community will work together to:

- Provide real-life learning opportunities to prepare students for the workforce
- Encourage and provide parental involvement and engagement to support the learning environment
- Provide a variety of educational programs with appropriate curriculum
- Support a growing and diverse population
- Build partnerships that are mutually beneficial

Description

Potranco Elementary School opened its doors in 2004-2005 and serves 714 students in grades Pre-Kinder through 5th grade. The student population is 4.93% African American, 60.55% Hispanic, 28.21% White, .11% American Indian, 1.49% Asian, 4.7% Two Or more Races, 53.21% Male, 46.79% Female. Potranco Elementary School serves 14.56% Special Education students, 38.07% Economically Disadvantaged students, 7.8% English Language Learners; 51.72% At-Risk students, 3.56% Gifted & Talented students.

Title I Campus

Potranco Elementary is a Title I Campus.

Demographics

The campus is in need of support to help our overwhelming amount of RTI and SPED identified population. We need more inclusion aides, assistance in the bilingual classrooms, and an LSSP/speech pathologist. ALL teachers, and staff need proper training in dyslexia, autism, and behavior as well as technology training regularly. There is also a need for an increase in in-school tutoring for all grade levels, due to the COVID gaps that our students now have.

Student Achievement

There is a need for special education resources for general education teachers to include training to reach social, emotional, and behavioral needs. Professional development for educators on the writing process and effective classroom management. Tutoring to include writing. Emotional support to students returning from a prolonged remote school setting to minimize student anxiety.

School Culture and Climate

The campus follows security procedures and is welcoming. Students feel safe and valued. We have great communication between staff and parents, along with community and parent involvement. We need to provide various means of communication for the school, recognition of students through Character Building, Social, and Emotional Program.

Staff Quality, Recruitment and Retention

There is a need for effective training for all teachers and support staff for special education students and how to best support them within the classroom and throughout the campus. Adequate personnel, including teachers and inclusion aids, is needed for support for serviced students within the classroom for successful inclusion. Teachers need opportunities for more out of district professional development to enrich their teaching and have the funding to do so.

Curriculum, Instruction and Assessment

To enhance our Curriculum and Instruction, we will need to provide support in the following such as: Staff Developments, Tutoring Programs, Technology Programs, Reading/Math/Bilingual/Special Education Programs, and Instructional Manipulatives.

Family and Community Engagement

Our committee came up with needs based on building a lifelong family partnership between students, staff, family, and community donors. Potranco committee members believe, "it takes a village to raise a child." If we all build these relationships together, just like a true panther we will leave an imprint, and together we will produce successful, independent lifelong learners and leaders that all started at Potranco Elementary.

School Context and Organization

There is a need for staff development for vertical alignment, leadership program for students, and additional tutoring and resources for intervention.

Technology

Our campus and students would benefit from additional devices for classrooms and students. Instructional programs continue to be a need as technology evolves and becomes more necessary for instruction delivery. New and replacement technology contributes to the overall safety and efficiency of our campus.

Special Programs

Title I Program

Potranco is a Schoolwide Title I, Part A campus, providing focused interventions for a large population of economically disadvantaged students and students who struggle academically.

Addressing Needs of Students At-Risk of Not Meeting State Standards

The campus leadership team monitors and addresses students who are at risk of not meeting state standards by reviewing trends and patterns on state and benchmark assessments, RTI documentation, and then providing academic support, i.e. after school/parent arranged tutoring.

CNA Process

A weekly staff meeting to discuss the CNA. Committees were assigned.

Federal programs director provide CNA overview for all staff and parents.

In the weekly staff meeting, staff formed the committees to begin CNA work. Committee chair led discussion. The committees reviewed Needs from previous year. The committees identified Needs that can be kept, eliminated, or edited.

In the second weekly meeting, staff reported to assigned committee.

The committee chair will led the discussion. The committee reviewed/discussed data provided. The committee began finalizing needs.

In the weekly staff meeting, the committees finalized needs and entered needs in Set2plan.

Campus Improvement Plan

Loma Alta Middle School

2021-2022

266 CR 381
San Antonio, TX 78253

State ID: 163908043

Mission

By establishing a safe, respectful and nurturing environment, we will inspire students to be innovative thinkers, self-advocates and responsible citizens.

Vision

Together, we will foster a desire for lifelong learning that prepares students to reach their potential.

Description

Loma Alta Middle School opened its doors in 2018 and serves 780 students in grades 6 through 8. The student population is 5.4% African American, 67.6% Hispanic, 20.1% White, 1.0% American Indian, 1.0% Asian, 0.4% Pacific Islander, 4.5% Two Or more Races, 50.9% Male, 49.1% Female. Loma Alta Middle School serves 13.5% Special Education students, 53.3% Economically Disadvantaged students, 5.8% English Language Learners; 28.8% At-Risk students, 7.1% Gifted & Talented students. The overall mobility rate for the campus is 13.9%. The average attendance rate for students is 96.4%.

Title I Campus

LAMS is a Title I Campus

Demographics

Although Loma Alta provides support for our non-English speaking families and students, we would like to add support in areas such as filling out the lunch applications and being able to log into skyward. Loma Alta would also like to focus on at-risk students by adopting interventions to help support them.

Student Achievement

Due to the COVID-19 pandemic, all state testing was cancelled. We will now use common assessment data and the previous year STAAR results to gauge student achievement.

School Culture and Climate

Loma Alta provided an educational field trip for the 7th graders this year, but due to the COVID-19 pandemic, we were not able to provide the other grades a trip. We would like to continue educational field trips along with increasing our character building for our students.

Staff Quality, Recruitment and Retention

Although we are a highly thought of district, we need to retain our teachers once they arrive. We would like to look at incentives for attendance for teachers. We also see the need to recruit substitute teachers.

Curriculum, Instruction and Assessment

We were fortunate to provide Math and Reading academies for our struggling learners during the previous years. In 2020-2021, we will change 6th and 7th grade to a push in model. We would like to add a specialist to our campus for daily support with curriculum. We also need continued support for our ELL students.

Family and Community Engagement

This year, and especially during the school closure, we did a good job communicating with parents and the community through social media. With report cards and student grades on Skyward, we need to continue encouraging the use of Skyward.

School Context and Organization

Every core area has a department head. This person is a great resource for our teachers. They hold PLC meetings and ensure that curriculum is aligned. Outside of core classes, our teachers need additional training on special program areas such as SuccessEd.

Technology

Medina Valley ISD began moving in the right direction and adding technology. Due to the COVID-19 pandemic, we used technology more than ever. Every teacher and most students had to learn Google Classroom. We are using Google classroom more than ever and will continue that push. We do need more technology, such as Chromebooks, in the classrooms.

Special Programs

Addressing Needs of Students At-Risk of Not Meeting State Standards

The campus leadership team monitors and addresses students who are at risk of not meeting state standards by reviewing trends and patterns on state and benchmark assessments, RTI documentation, and then providing academic support, i.e. after school/parent arranged tutoring.

CNA Process

LAM assembles its committee in late spring to review data and obtain input on the various needs of its students based on demographics, educationally disadvantaged and special programs. In June-August, the strategies are refined. In August or September, the final CIP is presented to the CIP committee.

Comprehensive Needs Assessment

Demographics

Strengths

- 1 Social worker on campus to provide counseling in small group settings.
- 2 Academy for ESL and SPED resource students.
- 3 Attendance incentives
- 4 Student to teacher ratio

Needs

- 1 General education teachers collaborate with Special Education teachers.
- 2 Mentoring program for at-risk students.
- 3 More teacher phones available to call parents.
- 4 Additional help/support for parents filling out free/reduced lunch at BOY.
- 5 Needs to balance inclusion students in classes.

Summary

Although Loma Alta provides support for our non-English speaking families and students, we would like to add support in areas such as filling out the lunch applications and being able to log into skyward. Loma Alta would also like to focus on at-risk students by adopting interventions to help support them.

Student Achievement

Strengths

- 1 Students were bench marked and then regular common assessments helped to show progress or lack thereof.
- 2 Interventions and Double Collaborative

Needs

- 1 Smaller teacher to student ratio in inclusion classes.
- 2 More exposure to online testing.
- 3 Cross-curricular writing in all grade levels.
- 4 Reading/Math Specialist
- 5 Curriculum Specialist

Summary

Due to the COVID-19 pandemic, all state testing was cancelled. We will now use common assessment data and the previous year STAAR results to gauge student achievement.

School Culture and Climate

Strengths

- 1 Teacher ability to build relationships
- 3 Teachers are seen as role models to students
- 4 Educational Field trips
- 5 School Counselors did one guidance lesson for all 3 grade levels.
- 6 Social worker gave PD on mental health awareness.
- 7 Folder system used to indicate "student needs break" without the student knowing.

Needs

- 1 Campus-level support of clubs
- 2 Bullying education for students and teachers
- 4 More opportunities for students to attend field trips.
- 5 Monthly character building skills throughout the year.
- 6 Teacher "oasis" room. This room would be separate from the work room. This room would be for relaxation on a hard day.

Summary

Loma Alta provided an educational field trip for the 7th graders this year, but due to the COVID-19 pandemic, we were not able to provide the other grades a trip. We would like to continue educational field trips along with increasing our character building for our students.

Staff Demographics

Staff Quality, Recruitment and Retention

Strengths

- 1 High level of collaboration within the staff.
- 2 Collaboration with the community.
- 3 Teacher flexibility and adaptability.
- 4 Quality teaching.

Needs

- 1 Better employee benefits package
- 2 Teacher attendance incentives
- 3 Substitute recruitment training
- 4 Teachers would like team building activities to get to know other members of the staff and discuss cross curricular activities.

Summary

Although we are a highly thought of district, we need to retain our teachers once they arrive. We would like to look at incentives for attendance for teachers. We also see the need to recruit substitute teachers.

Curriculum, Instruction and Assessment

Strengths

- 1 Curriculum support at the district level
- 2 Math and Reading academies for struggling learners
- 3 Preparation course to expose 8th graders to CTE program

Needs

- 1 Reading Specialist
- 2 English Language Learner support
- 3 Specific curriculum for Math and Reading academies
- 4 Continued resources and support for accelerated instruction.
- 5 More rechargeable TI 84 graphing calculators.

Summary

We were fortunate to provide Math and Reading academies for our struggling learners during the previous years. In 2020-2021, we will change 6th and 7th grade to a push in model. We would like to add a specialist to our campus for daily support with curriculum. We also need continued support for our ELL students.

THE STATE OF TEXAS PUBLIC EDUCATION MISSION

The mission of the public education system of this state is to ensure that all Texas children have access to a quality education that enables them to achieve their potential and fully participate now and the future in the social, economic, and education opportunities of our state and nation. That mission is grounded on the conviction that a general diffusion of knowledge is essential for the welfare of this state and for the preservation of the liberties and rights of citizens. It is further grounded on the conviction that a successful public education system is directly related to a strong, dedicated, and supportive family; and that parental involvement in the school is essential for the maximum educational achievement of a child.

THE STATE OF TEXAS PUBLIC EDUCATION ACADEMIC GOALS

- #1: The student in the public education system will demonstrate exemplary performance in the reading and writing of the English language.
- #2: The students in the public education system will demonstrate exemplary performance in the understanding of mathematics.
- #3: The students in the public education system will demonstrate exemplary performance in the understanding of science.
- #4: The students in the public education system will demonstrate exemplary performance in the understanding of social studies.

THE STATE OF TEXAS PUBLIC EDUCATION OBJECTIVES

- Objective #1: Parents will be full partners with educators in the education of their children.
- Objective #2: Students will be encouraged and challenged to meet their full educational potential.
- Objective #3: Through enhanced dropout prevention efforts, all students will remain in school until they obtain a high school diploma.
- Objective #4: A well-balanced and appropriate curriculum will be provided to all students.
- Objective #5: Educators will prepare students to be thoughtful, active citizens who have an appreciation for the basic values of our state and national heritage and who can understand and productively function in a free enterprise society.
- Objective #6: Qualified and highly effective personnel will be recruited, developed, and retained.
- Objective #7: The state's students will demonstrate exemplary performance in the comparison to national and international standards.
- Objective #8: School campuses will maintain a safe and disciplined environment conducive to student learning.
- Objective #9: Educators will keep abreast of the development of creative and innovative techniques as appropriate to improve student learning.
- Objective #10: Technology will be implemented and used to increase the effectiveness of student learning, instructional management, staff development, and administration

Title I Campus

MVMS is a Title I Campus

Demographics

Provide staff members with researched base instructional training (including co-teaching methods)so that both special populations and general education students received the best individualized instruction.

Student Achievement

Continue to provide the needed technology tools, instructional resources for intervention, and character building lessons to help all students grow academically, socially, and emotionally.

School Culture and Climate

Continue to provide opportunities for family involvement and add incentives for students to help build intrinsic motivation within all students using a character building program.

Staff Quality, Recruitment and Retention

Maintain communication with all staff members through frequent trainings (including peer observations) and through constructive walk-throughs.

Curriculum, Instruction and Assessment

Provide the needed trainings for all staff members on district wide instructional strategies/tools and enrichment/intervention activities as well as time to analyze assessment data and collaborate with coworkers on best instructional strategies to ensure academic improvement.

Family and Community Engagement

Provide more opportunities for parents to get involved in their child's education and for students to talk to parents about their accomplishments and goals.

School Context and Organization

Provide staff members with more leadership opportunities and continue to add to campus security with back fencing, cameras, etc.

Technology

Continue to provide the needed technology trainings to both staff and students and to provide the technology tools to enhance student learning.

Special Programs

Addressing Needs of Students At-Risk of Not Meeting State Standards

MVMS will work as a team and with parents to monitor and provide interventions for struggling students. The determination for such interventions will be based on state and local assessments, classroom performances, attendance rates, and discipline incidents. Response to Intervention (RTI) documentation will be a requirement for those students in need of differentiated instruction in order to be successful.

CNA Process

At the end of the 2020-2021 school year, the committee met to evaluate data and determine strengths of the present year and the needs for the upcoming year. The committee will meet again in September to look over the completed plan for the 2021-2022 school year and make the needed revisions. In April, the committee will begin to evaluate demographics, culture/climate, context/organization, staff quality, and family/community involvement. In May, the committee will evaluate curriculum, instruction and assessment, technology, and student achievement.

THE STATE OF TEXAS PUBLIC EDUCATION MISSION

The mission of the public education system of this state is to ensure that all Texas children have access to a quality education that enables them to achieve their potential and fully participate now and the future in the social, economic, and education opportunities of our state and nation. That mission is grounded on the conviction that a general diffusion of knowledge is essential for the welfare of this state and for the preservation of the liberties and rights of citizens. It is further grounded on the conviction that a successful public education system is directly related to a strong, dedicated, and supportive family; and that parental involvement in the school is essential for the maximum educational achievement of a child.

THE STATE OF TEXAS PUBLIC EDUCATION ACADEMIC GOALS

- #1: The student in the public education system will demonstrate exemplary performance in the reading and writing of the English language.
- #2: The students in the public education system will demonstrate exemplary performance in the understanding of mathematics.
- #3: The students in the public education system will demonstrate exemplary performance in the understanding of science.
- #4: The students in the public education system will demonstrate exemplary performance in the understanding of social studies.

THE STATE OF TEXAS PUBLIC EDUCATION OBJECTIVES

- Objective #1: Parents will be full partners with educators in the education of their children.
- Objective #2: Students will be encouraged and challenged to meet their full educational potential.
- Objective #3: Through enhanced dropout prevention efforts, all students will remain in school until they obtain a high school diploma.
- Objective #4: A well-balanced and appropriate curriculum will be provided to all students.
- Objective #5: Educators will prepare students to be thoughtful, active citizens who have an appreciation for the basic values of our state and national heritage and who can understand and productively function in a free enterprise society.
- Objective #6: Qualified and highly effective personnel will be recruited, developed, and retained.
- Objective #7: The state's students will demonstrate exemplary performance in the comparison to national and international standards.
- Objective #8: School campuses will maintain a safe and disciplined environment conducive to student learning.
- Objective #9: Educators will keep abreast of the development of creative and innovative techniques as appropriate to improve student learning.
- Objective #10: Technology will be implemented and used to increase the effectiveness of student learning, instructional management, staff development, and administration

Title I Campus

MVHS will be a Title I Campus beginning with the 2021-2022 school year.

Demographics

Increase performance on standardized tests and college readiness for all populations.
Increase staffing resources to promote student achievement across all populations

Student Achievement

Increase student attendance to state average or above.
Increase enrollment in advanced courses for all populations.
Follow a coherent sequence in CTE courses and offerings.
Continue to improve/refine our college career military readiness accountability rating.

School Culture and Climate

To provide struggling students with academic guidance and support through counseling. Continue to increase facilities space. Continue to monitor student attendance

Staff Quality, Recruitment and Retention

Improve mentorship program.
Content specific and follow through of professional development.

Curriculum, Instruction and Assessment

Opportunities for CTE, Gifted and Talented, and special populations with increasing support and additional assistance beyond the classroom.

Family and Community Engagement

Continued outreach to parents and continual communication with all stakeholders. Continue efforts to get more students involved in school and extracurricular.

School Context and Organization

Facilitate activities/rewards for students and staff alike to promote a positive culture.

Provide a safe environment by maintaining equipment that is aligned with business and industry standards.

Provide meaningful Freshman mentor program with guest speakers.

Technology

Technology has been continuously improving, but the population is increasing steadily which will require more technology and equipment to adapt to our growing needs.

Special Programs**Addressing Needs of Students At-Risk of Not Meeting State Standards**

The campus leadership team monitors and addresses students who are at risk of not meeting state standards by reviewing trends and patterns on state and benchmark assessments, RTI documentation, and then providing academic support, i.e. after school/parent arranged tutoring.

CNA Process

We created eight teacher groups at the end of the year and each group was responsible for an objective. The teachers reviewed the previous list of strength/needs and added/deleted to correlate for the current year.

THE STATE OF TEXAS PUBLIC EDUCATION MISSION

The mission of the public education system of this state is to ensure that all Texas children have access to a quality education that enables them to achieve their potential and fully participate now and the future in the social, economic, and education opportunities of our state and nation. That mission is grounded on the conviction that a general diffusion of knowledge is essential for the welfare of this state and for the preservation of the liberties and rights of citizens. It is further grounded on the conviction that a successful public education system is directly related to a strong, dedicated, and supportive family; and that parental involvement in the school is essential for the maximum educational achievement of a child.

THE STATE OF TEXAS PUBLIC EDUCATION ACADEMIC GOALS

- #1: The student in the public education system will demonstrate exemplary performance in the reading and writing of the English language.
- #2: The students in the public education system will demonstrate exemplary performance in the understanding of mathematics.
- #3: The students in the public education system will demonstrate exemplary performance in the understanding of science.
- #4: The students in the public education system will demonstrate exemplary performance in the understanding of social studies.

THE STATE OF TEXAS PUBLIC EDUCATION OBJECTIVES

- Objective #1: Parents will be full partners with educators in the education of their children.
- Objective #2: Students will be encouraged and challenged to meet their full educational potential.
- Objective #3: Through enhanced dropout prevention efforts, all students will remain in school until they obtain a high school diploma.
- Objective #4: A well-balanced and appropriate curriculum will be provided to all students.
- Objective #5: Educators will prepare students to be thoughtful, active citizens who have an appreciation for the basic values of our state and national heritage and who can understand and productively function in a free enterprise society.
- Objective #6: Qualified and highly effective personnel will be recruited, developed, and retained.
- Objective #7: The state's students will demonstrate exemplary performance in the comparison to national and international standards.
- Objective #8: School campuses will maintain a safe and disciplined environment conducive to student learning.
- Objective #9: Educators will keep abreast of the development of creative and innovative techniques as appropriate to improve student learning.
- Objective #10: Technology will be implemented and used to increase the effectiveness of student learning, instructional management, staff development, and administration

MVISD

MEMORANDUM

To: Medina Valley ISD Board of Trustees
From: Dr. Kenneth Rohrbach, Superintendent
Re: Consider TASB recommended Local Policy Update 117 affecting CH(Local), CV(Local), and DEC(Local)
Date: October 13, 2021

TASB recommended Local Policy Update 117 had first reading at the September 20, 2021 board meeting. As was discussed at that meeting, I do not recommend adopting the recommended changes to CH (Local) or CV (Local), as I do not believe that the superintendent needs to be granted this authority. I do, however, recommend adoption of DEC (Local).

Recommendation: Adopt DEC (Local). Do not adopt changes to CH(Local) or CV(Local).

(LEGAL) vs. (LOCAL) Policies: Remember the Difference

(LEGAL) policies:

- Reflect the ever-changing legal context for governance and management of the district
- Should inform local decision making
- Should NOT be adopted, but only reviewed

(LOCAL) policies:

- Require close attention by both the administration and the board
- Must reflect the practices of the district and the intentions of the board
- May only be changed by board action (adopt, revise, or repeal)

AIC(LEGAL)

ACCOUNTABILITY: INTERVENTIONS AND SANCTIONS

Administrative Code provisions amended effective January 5, 2021, address program performance regarding certain special student populations. The rules address supervision and monitoring reviews and require the commissioner to assign districts an annual determination level based on performance of the special student populations.

BBC(LEGAL)

BOARD MEMBERS: VACANCIES AND REMOVAL FROM OFFICE

We have streamlined the reference to CH(LEGAL) regarding board member removal for purchasing violations.

BBD(EXHIBIT)

BOARD MEMBERS: TRAINING AND ORIENTATION

As approved by the State Board of Education in November 2020, the Framework for School Board Development has been extensively revised.

BJCE(LEGAL)

SUPERINTENDENT: SUSPENSION/TERMINATION DURING CONTRACT

Changes to this legally referenced policy on suspension of the superintendent without pay and termination during the contract term were prompted by Administrative Code revisions effective January 11, 2021.

C(LEGAL)

BUSINESS AND SUPPORT SERVICES

The C Section table of contents has been revised to rename CHE to Vendor Disclosures and Contracts.

CBB(LEGAL)

STATE AND FEDERAL REVENUE SOURCES: FEDERAL

The federal Department of Education issued correcting amendments to the Uniform Guidance for Grants and Agreements, effective February 22, 2021, resulting in a change to the provisions on cooperative purchasing in this legally referenced policy. Citations have also been updated.

CH(LEGAL)

PURCHASING AND ACQUISITION

Update 117 includes a reorganization of the purchasing and facilities construction legally referenced policies in the CH and CV series.

As part of the reorganization, we have:

- Added cross-references to other pertinent policy codes to eliminate duplicated material;
- Added existing provisions on site-based purchasing;
- Reordered and adjusted provisions for clarity and to better match statutory wording;
- Moved to CHE(LEGAL) provisions on required vendor disclosures and contract provisions and lobbying restrictions; and
- Moved detailed provisions on competitive bidding to CVA(LEGAL).

Provisions on purchasing recycled products were added from new Administrative Code rules, effective July 2, 2020.

CH(LOCAL)

PURCHASING AND ACQUISITION

The major winter storms earlier this year caused extensive damage to many district facilities. Based on district requests for additional flexibility in such emergency circumstances, we recommend a new provision delegating authority to the superintendent to contract for the replacement, construction, or repair of equipment or facilities in the event of a catastrophe, emergency, or natural disaster affecting the district if

emergency replacement, construction, or repair is necessary for the health and safety of district students and staff. The superintendent must report to the board any contracts made under the delegated authority at the next regular meeting.

The recommended text also clarifies that the delegation *does not* permit the superintendent to act under Education Code 44.031(h) to make purchases without following normal competitive purchasing requirements; the board must take action to waive any Chapter 44 provisions in accordance with law.

The recommended delegation provision is optional. Please carefully review the new text to ensure it aligns with the district's practices and contact the district's policy consultant if your district does not wish to add this provision or has other revisions.

TASB Legal Services' eSource article [Emergency Management for Texas Public Schools](#) provides additional information on purchasing in emergency situations.

CHE(LEGAL)

PURCHASING AND ACQUISITION: VENDOR DISCLOSURES AND CONTRACTS

This legally referenced policy has been reorganized to focus on required vendor disclosures and contract provisions. This material has been moved from CH(LEGAL).

In addition, we have:

- Included references to other pertinent codes and deleted material duplicated at other policy codes; and
- Reordered and adjusted provisions for clarity and to better match statutory wording.

CL(LEGAL)

BUILDINGS, GROUNDS, AND EQUIPMENT MANAGEMENT

New Administrative Code rules, effective July 2, 2020, prompted revisions to provisions on recycling programs.

Provisions on pool sanitation and safety standards have been streamlined to refer to the relevant legal guidance.

CV(LEGAL)

FACILITIES CONSTRUCTION

Update 117 includes a reorganization of the purchasing- and construction-related legally referenced policies in the CH and CV series.

As part of the reorganization, we have:

- Added cross-references to other pertinent policy codes to eliminate duplicated material; and
- Reordered and adjusted provisions for flow and to better match statutory wording.

CV(LOCAL)

FACILITIES CONSTRUCTION

For ease of reference and to align with recommended changes at CH(LOCAL) on delegation to the superintendent for emergency contracting, Policy Service recommends adding a Note referring to CH(LOCAL) for those provisions.

CVA(LEGAL)

FACILITIES CONSTRUCTION: COMPETITIVE BIDDING

Provisions on identical, competitive bids have been moved from CH(LEGAL). In addition, a provision on making bid evaluations public has been moved to this policy from CV(LEGAL). Other revisions are to delete material duplicated at other policy codes and adjust language for clarity and to better match statutory wording.

CVB(LEGAL)

FACILITIES CONSTRUCTION: COMPETITIVE SEALED PROPOSALS

A cross-reference has been added to procurement processes included at other policy codes, and duplicated material has been deleted. Other revisions are to adjust language for clarity and to better match statutory wording.

CVC(LEGAL)

FACILITIES CONSTRUCTION: CONSTRUCTION MANAGER-AGENT

Additional detail has been added regarding the construction manager-agent method. A cross-reference has been added to procurement processes included at other policy codes, and duplicated material has been deleted. Other revisions are to adjust language for clarity and to better match statutory wording.

CVD(LEGAL)

FACILITIES CONSTRUCTION: CONSTRUCTION MANAGER-AT-RISK

Additional detail has been added regarding the construction manager-at-risk method. A cross-reference has been added to procurement processes included at other policy codes, and duplicated material has been deleted. Other revisions are to adjust language for clarity and to better match statutory wording.

CVE(LEGAL)

FACILITIES CONSTRUCTION: DESIGN-BUILD

A cross-reference has been added to procurement processes included at other policy codes, duplicated material has been deleted, and provisions have been reordered for flow. Other revisions are to adjust language for clarity and to better match statutory wording.

CVF(LEGAL)

FACILITIES CONSTRUCTION: JOB ORDER CONTRACTS

A cross-reference has been added to procurement processes included at other policy codes, duplicated material has been deleted, and provisions have been reordered for flow. Other revisions are to adjust language for clarity and to better match statutory wording.

DEC(LOCAL)

COMPENSATION AND BENEFITS: LEAVES AND ABSENCES

The events of the past year have highlighted the need for additional flexibility regarding administration of leave. TASB Policy, Legal, and HR Services collaborated on the recommended revisions to this policy, which remove administrative details not required to be in board policy and that may be more appropriately addressed elsewhere, such as in the employee handbook.

To support the removal of these administrative details, a new paragraph directs the superintendent to develop administrative regulations to implement the policy. [Remember that BJA(LOCAL) permits the superintendent to delegate this responsibility as appropriate.] In addition, TASB HR Services has:

- Created a corresponding [Framework for Developing Leaves and Absences Procedures](#), with prompts and placeholders for administrative decisions; and
- Revised the 2021–22 *Model Employee Handbook* to address administrative provisions removed from the policy.

Other changes include:

- Adding a definition of *school year* that aligns with terminology in the TASB sample contracts and that provides context for references to the term elsewhere in the policy.

Explanatory Notes

TASB Localized Policy Manual Update 117

Medina Valley ISD

- Relocating provisions on concurrent use of leave and compensatory time to the sections addressing temporary disability leave and family and medical leave.
- Streamlining of family and medical leave provisions to eliminate information not necessary in board-adopted policy.
- Adding a clear statement to reflect that the district does not permit paid leave offset in conjunction with workers' compensation benefits.
- Revising terminology from *reimbursement* to *payment* for unused leave to reflect that employees are receiving payment for days of accumulated leave upon separation from employment.

New recommended provisions on state personal leave clarify that the district will also consider how the duration of the requested absence affects the educational program and district operations.

The *Legal Issues in Update 117* memo describes common legal concerns and best practices specific to [this policy topic](#).

Please note: For clarity and consistency with policy style, the district's locally developed text has been lightly edited and reorganized. As noted, some of the district's unique text that is administrative in nature is recommended for deletion. Other revisions to your unique text include deleting the text regarding which days an employee cannot take leave for discretionary purposes since a supervisor will consider the effect of the employee's absence on the educational program or district operations.

EHAA(LEGAL)

BASIC INSTRUCTIONAL PROGRAM: REQUIRED INSTRUCTION (ALL LEVELS)

New Administrative Code rules address the requirement for districts to provide instruction in positive character traits, which can be met through a stand-alone course or by integrating the TEKS into other courses. The rules address the frequency of instruction by grade bands and are effective for the 2021–22 school year.

EHBA(LEGAL)

SPECIAL PROGRAMS: SPECIAL EDUCATION

Revised Administrative Code rules, effective March 14, 2021, address various special education provisions and:

- Provide more detail on instructional arrangements;
- Include a definition of *regular school day* for the purpose of determining the instructional arrangement; and
- Update citations to funding statutes.

EHBA(LEGAL)

SPECIAL EDUCATION: IDENTIFICATION, EVALUATION, AND ELIGIBILITY

Provisions on a district's obligation to refer for evaluation and the definition of a *child with a disability* have been updated based on revised Administrative Code rules, effective March 14, 2021. Other changes are to better reflect statute.

SPECIAL EDUCATION: ARD COMMITTEE AND INDIVIDUALIZED EDUCATION PROGRAM

As a result of revised Administrative Code rules effective March 14, 2021, we have updated text regarding establishment of the admission, review, and dismissal (ARD) committee and added a provision addressing a district's overall responsibility for all of the functions of the IEP team and ARD committee. Citations have also been updated.

Explanatory Notes

TASB Localized Policy Manual Update 117

Medina Valley ISD

EHBAC(LEGAL) SPECIAL EDUCATION: STUDENTS IN NONDISTRICT PLACEMENT

From revised Administrative Code rules effective March 14, 2021, we have added a provision requiring the district to notify TEA within 30 calendar days of an ARD committee's decision to place a student in a residential education program.

EHBAD(LEGAL) SPECIAL EDUCATION: TRANSITION SERVICES

Revised Administrative Code rules, effective March 14, 2021, prompted a revision to the graduation provisions and updates to cites throughout this legally referenced policy.

EHBC(LEGAL) SPECIAL PROGRAMS: COMPENSATORY/ACCELERATED SERVICES

Revisions regarding approval of an optional flexible school day program are from revised Administrative Code rules, effective December 6, 2020.

EIF(LEGAL) ACADEMIC ACHIEVEMENT: GRADUATION

Details have been added on the graduation of students receiving special education services who entered grade nine after the 2014–15 school year. The changes come from revised Administrative Code rules effective March 14, 2021.

In addition, we have replaced detailed provisions on graduation of students receiving special education services who entered grade nine before the 2014–15 school year with a reference to the relevant Administrative Code provision. Citations have been updated throughout.

EKB(LEGAL) TESTING PROGRAMS: STATE ASSESSMENT

In accordance with House Bill 3906 (86th Legislative Session) and effective September 1, 2021, the reference to the separate writing assessment in grades 4 and 7 has been removed.

EL(LEGAL) CAMPUS OR PROGRAM CHARTERS

We have added provisions that a district is entitled to additional state aid if the district was under contract during the 2017–18 school year or is under renewal of such a contract to jointly operate a campus or campus program under Education Code 11.157 (Contracts for Educational Services). Details may be found in revised Administrative Code rules, effective March 30, 2021.

FFAC(LEGAL) WELLNESS AND HEALTH SERVICES: MEDICAL TREATMENT

New Administrative Code rules, effective February 18, 2021, address maintenance and administration of unassigned asthma medication for districts that choose to implement such a program. Contact your policy consultant if your district has a program but lacks local policy provisions.

See FFAC in the [TASB Regulations Resource Manual](#).

(LOCAL) Policy Comparison Packet

This packet is generated by an automated process that compares the updated policy to the district's current policy as found in TASB records.

In this packet, you will find:

- Policies being recommended for revision (annotated)
- New policies (not annotated)
- Policies recommended for deletion (annotated in PDF; omitted in Word)

Annotations are shown as follows.

- *Deletions* are shown in a red strike-through font: ~~deleted text~~.
- *Additions* are shown in a blue, bold font: **new text**.
- Blocks of text that have been *moved* without alteration are shown in green, with double underline and double strike-through formatting to distinguish the text's destination from its origin: ~~moved text~~ becomes moved text.
- *Revision bars* appear in the right margin, as above.

Note: While the annotation software competently identifies simple changes, large or complicated changes—as in an extensive rewrite—may be more difficult to follow. In addition, TASB's recent changes to the policy templates to facilitate accessibility sometimes makes formatting changes appear tracked, even though the text remains the same.

For further assistance in understanding policy changes, please refer to the explanatory notes in your Localized Policy Manual update packet or contact your policy consultant.

PURCHASING AND ACQUISITION

CH
(LOCAL)

**Purchasing
Authority**

The Board delegates to the Superintendent the authority to make budgeted purchases for goods or services. However, any single, budgeted purchase of goods or services that costs ~~\$50,000~~ \$50,000 or more, regardless of whether the goods or services are competitively purchased, shall require Board approval before a transaction may take place.

**Exception for
Emergency
Contracts**

In the event of a catastrophe, emergency, or natural disaster affecting the District, the Board delegates to the Superintendent the authority to contract for the replacement, construction, or repair of school equipment or facilities in accordance with law, if emergency replacement, construction, or repair is necessary for the health and safety of District students and staff. The Superintendent shall report to the Board at the next regular meeting any contract made under this authority. [See Disaster Exception, CH(LEGAL)]

The delegation regarding emergency contracts does not waive competitive purchasing requirements under Education Code Chapter 44. Only the Board is authorized to waive competitive purchasing requirements under limited circumstances in accordance with Education Code 44.031(h). [See Emergency Damage or Destruction, CH(LEGAL)]

**Purchasing
Procedures**

The Superintendent shall develop purchasing procedures to implement the requirements of state and federal law. [See also CB, CBB, CH(LEGAL), and COA]

Purchasing Method

The Board delegates to the Superintendent the authority to determine the method of purchasing in accordance with CH(LEGAL) or CBB(LEGAL), as appropriate.

***Competitive
Bidding***

If competitive bidding is chosen as the purchasing method, the Superintendent shall prepare bid specifications. All bids shall be in accordance with administrative regulations, and the submission of any electronic bids shall also be in accordance with Board-adopted rules. All bidders shall be invited to attend the bid opening. Any bid may be withdrawn prior to the scheduled time for opening. Bids received after the specified time shall not be considered.

The District may reject any and all bids in accordance with state or federal law, as applicable.

***Competitive
Sealed Proposals***

If competitive sealed proposals are chosen as the purchasing method, the Superintendent shall prepare the request for proposals and/or specifications for items to be purchased. All proposals shall be in accordance with administrative regulations, and the submission of any electronic proposals shall also be in accordance with Board-adopted rules. Proposals received after the specified time shall not be considered. Proposals shall be opened at the time

specified, and all proposers shall be invited to attend the proposal opening. Proposals may be withdrawn prior to the scheduled time of opening. Changes in the content of a proposal, and in prices, may be negotiated after proposals are opened.

The District may reject any and all proposals in accordance with state or federal law, as applicable.

**Electronic Bids or
Proposals**

Bids or proposals that the District has chosen to accept through electronic transmission shall be administered in accordance with Board-adopted rules. Such rules shall safeguard the integrity of the competitive procurement process; ensure the identification, security, and confidentiality of electronic bids or proposals; and ensure that the electronic bids or proposals remain effectively unopened until the proper time.

**Responsibility for
Debts**

The Board shall assume responsibility for debts incurred in the name of the District so long as those debts are for purchases made in accordance with the adopted budget, state law, Board policy, and the District's purchasing procedures. [See CE] The Board shall not be responsible for debts incurred by persons or organizations not directly under Board control. Persons making unauthorized purchases shall assume full responsibility for all such debts.

**Purchase
Commitments**

All purchase commitments shall be made by the Superintendent in accordance with administrative procedures, including the District's purchasing procedures.

Personal Purchases

District employees shall not be permitted to make purchases for personal use through the District's business office.

FACILITIES CONSTRUCTION

CV
(LOCAL)

Compliance with Law

The Superintendent shall establish procedures that ensure that all school facilities within the District comply with applicable laws and local building codes.

Construction Contracts

Prior to advertising, the Board shall determine the project delivery/contract award method to be used for each construction contract valued at or above \$50,000. To assist the Board, the Superintendent shall recommend the project delivery/contract award method that he or she determines provides the best value to the District. [See CV series generally and CBB(LEGAL) for requirements if federal funds are involved.]

For construction contracts valued at or above ~~\$50,000~~ \$50,000, the Superintendent shall also submit the resulting contract to the Board for approval. Lesser expenditures for construction and construction-related materials or services shall be at the discretion of the Superintendent and consistent with law and policy. [See also CH and CBB(LEGAL)]

Note: For provisions regarding delegation of authority for construction contracts in the event of a catastrophe, emergency, or natural disaster affecting the District, see CH(LOCAL).

Change Orders

Change orders permitted by law shall be approved by the Board or its designee prior to any changes being made in the approved plans or the actual construction of the facility.

Project Administration

All construction projects shall be administered by the Superintendent or designee.

The Superintendent shall keep the Board informed concerning construction projects and also shall provide information to the general public.

Final Payment

The District shall not make final payments for construction or the supervision of construction until the work has been completed and the Board has accepted the work.

Definitions

The term "immediate family" is defined as:

Immediate Family

1. Spouse.
2. Son or daughter, including a biological, adopted, or foster child, a son- or daughter-in-law, a stepchild, a legal ward, or a child for whom the employee stands *in loco parentis*.
3. Parent, stepparent, parent-in-law, or other individual who stands *in loco parentis* to the employee.
4. Sibling, stepsibling, and sibling-in-law.
5. Grandparent and grandchild.
6. Any person residing in the employee's household at the time of illness or death.

For purposes of the Family and Medical Leave Act (FMLA), the definitions of spouse, parent, son or daughter, and next of kin are found in DECA(LEGAL).

Family Emergency

The term "family emergency" shall be limited to disasters and life-threatening situations involving the employee or a member of the employee's immediate family.

Leave Day

A "leave day" for purposes of earning, ~~using~~**use**, or recording ~~of~~ leave shall mean the number of hours per day equivalent to the employee's usual assignment, whether full-time or part-time.

School Year

A "school year" for purposes of earning, using, or recording leave shall mean the term of the employee's annual employment as set by the District for the employee's usual assignment, whether full-time or part-time.

**Catastrophic Illness
or Injury**

A catastrophic illness or injury is a severe condition or combination of conditions affecting the mental or physical health of the employee or a member of the employee's immediate family that requires the services of a licensed practitioner for a prolonged period of time and that forces the employee to exhaust all leave time earned by that employee and to lose compensation from the District. Such conditions typically require prolonged hospitalization or recovery or are expected to result in disability or death. Conditions relating to pregnancy or childbirth shall be considered catastrophic if they meet the requirements of this paragraph.

~~Leave Proration~~

~~Employed for
Less Than Full
Year~~

If an employee separates from employment with the District before his or her last duty day of the ~~school year~~, or begins employment after the first duty day of the ~~school year~~, state personal leave ~~and local leave~~ shall be prorated based on the actual time employed.

If an employee separates from employment before the last duty day of the school year, the employee's final paycheck shall be reduced for ~~state personal leave the employee used beyond his or her pro rata entitlement for the school year.~~

~~1. State personal leave the employee used beyond his or her pro rata entitlement for the school year; and~~

~~2. Local leave the employee used but had not earned as of the date of separation.~~

~~Employed for Full
Year~~

~~If an employee uses more local leave than he or she earned and remains employed with the District through his or her last duty day, the District shall deduct the cost of the excess leave days from the employee's pay in accordance with administrative regulations.~~

Recording

~~Leave shall be recorded as follows:~~

~~1. Leave shall be recorded in half-day increments for all employees.~~

~~2. If the employee is taking intermittent FMLA leave, leave shall be recorded in one-hour increments.~~

Order of Use

~~Earned compensatory time shall be used before any available paid state and local leave. [See DEAB]~~

~~Unless an employee requests a different order, available paid state and local leave shall be used in the following order, as applicable:~~

Concurrent Use of Leave

~~When an absent employee is eligible for FMLA leave, the District shall designate the absence as FMLA leave.~~

~~The District shall require the employee to use temporary disability leave and paid leave, including compensatory time, concurrently with FMLA leave.~~

~~An employee receiving workers' compensation income benefits may be eligible for paid or unpaid leave. An absence due to a work-related injury or illness shall be designated as FMLA leave, temporary disability leave, and/or assault leave, as applicable.~~

Medical Certification

An employee shall submit medical certification of the need for leave if:

1. The employee is absent more than three consecutive work-days because of personal illness or illness in the immediate family;
2. The District requires medical certification due to a questionable pattern of absences or when deemed necessary by the supervisor or Superintendent; or
- ~~3.~~ The employee requests FMLA leave for the employee's serious health condition; a serious health condition or that of the employee's spouse, parent, or child; or
- ~~4.3.~~ The employee requests FMLA leave for military caregiver leave purposes.

In each case, medical certification shall be made by a health-care provider as defined by the FMLA. [See DECA(LEGAL)]

**MEDINA VALLEY INDEPENDENT SCHOOL DISTRICT
BOARD OF TRUSTEES**

RESOLUTION TO PURCHASE REAL PROPERTY

WHEREAS, pursuant to Section 11.151 of the Texas Education Code, the Board of Trustees of the Medina Valley Independent School District (the "District") is authorized to acquire and hold real and personal property;

WHEREAS, on August 2nd, 2021, the District's Board of Trustees (the "Board"), by formal Resolution, authorized: (a) the acquisition of an approximately 29.938 acre tract of undeveloped real property generally located on the northwest corner of FM 471 North and CR 4714 in Medina County, Texas, out of the M.L. Torres Survey No. 39, Abstract 943, said property being given property ID No. 8812 (the "Newman Property") as being necessary to meet the present and future educational needs of the students residing in the District; (b) the Superintendent to enter into an Earnest Money Contract for the Sale/Purchase of Undeveloped Real Property and Corresponding Water Rights for the acquisition of the Newman Property (the "Earnest Money Contract"); (c) the District's tender of the Earnest Money required under the Earnest Money Contract; (d) the District to conduct the necessary due diligence investigations in connection with the purchase of the Newman Property; and (e) the District to take such other reasonable and necessary action to effectuate the District's ultimate purchase of the Newman Property;

WHEREAS, the Board, in its Resolution, required that the Earnest Money Contract be brought back to the Board for final approval of the purchase of the Newman Property, funding of the Newman Property's agreed purchase price and delegation of signatory authority;

WHEREAS, the Earnest Money Contract was expressly made contingent upon the Board's final approval of purchase of the Property after completion of the District's due diligence; and

WHEREAS, the District, having duly performed the tasks it was authorized to perform, now presents the Newman Property and Contract to the Board for ultimate approval.

NOW THEREFORE, BE IT RESOLVED:

1. That the findings and recitals in the preamble of this Resolution are hereby found to be true and correct and are hereby approved and adopted.

2. That the Board of Trustees of the Medina Valley Independent School District hereby formally approves the purchase of the Newman Property from Mark S. Newman (the "Seller") as more particularly described in the preliminary survey and field notes attached hereto as **Exhibit A** and incorporated herein by reference, and authorizes the Superintendent to act on behalf of the Board to close on the transaction and to tender the agreed Purchase Price and all closing and other costs required under the Contract to the title company for the acquisition of the Newman Property, and to execute such other and further documents as may be necessary or desirable to effect the District's purchase of the Newman Property.

3. That it is hereby found, determined and declared that sufficient written notice of the date, time, place and subject of the meeting of the Board of Trustees of the Medina Valley Independent School District, at which this Resolution was adopted, was posted at a place convenient and readily accessible at all times to the general public for the time required by law preceding this meeting as required by Chapter 551 of the Texas Government Code, and that this meeting has been open to the public as required by law at all times during which this Resolution and the subject matter thereof has been discussed, considered and formally acted upon. The

Board of Trustees further ratifies, approves and confirms such written notice and posting thereof.
