TO THE SUPERINTENDENT ADDRESSED:

Subject: Official Notification of the 2005 Final School FIRST Rating

This communication is to transmit the school district's final 2005 School FIRST (Financial Integrity Rating System of Texas) rating. The June 27, 2005 TO THE ADMINISTRATOR letter notified school districts of the issuance of preliminary ratings under the financial accountability rating system, which is officially referred to as School FIRST. As noted in the June 27 letter, the 2005 School FIRST ratings were based upon an analysis of staff and student data reported for the 2003-2004 school year, and budgetary and actual financial data for the 2004 fiscal year (the fiscal period ended June 30, 2004 or August 31, 2004, depending upon the ending date of the school district's fiscal year).

A primary purpose of the June 27 notification letter was to provide school districts an opportunity to review the preliminary ratings and the data supporting the 21 indicators, and to submit a written appeal, as appropriate (the written appeals were due by July 20, 2005). Please note that the Texas Education Agency (TEA) staff responded to the appeals under a separate letter and the preliminary School FIRST ratings for certain school districts were amended in some instances. The final ratings and the data supporting the 21 indicators are accessible by the district at **https://seguin.tea.state.tx.us/apps/logon.asp**. Please note, School FIRST ratings are NOT being issued on paper and are only accessible from the TEA's Internet site.

Within two months of this notice of the issuance of the final School FIRST ratings, each school district will announce and hold a public meeting to distribute a financial management report that explains the district's performance under each of the 21 indicators and the resultant district's rating. The first notice in the newspaper to inform the taxpayers may not be more than 30 days prior to or less than 14 days prior to the public meeting, in accordance with Title 19, Texas Administrative Code, Section 109.1005. (The public meeting to present the School FIRST rating may be combined with a scheduled regular meeting of the board of trustees.) The district is encouraged to

provide additional information in the financial management performance report that will be beneficial to taxpayers, especially information explaining special circumstances, if any, that may have affected the district's performance under one or more of the indicators.

The TEA has proposed additional refinements to the School FIRST process in response to comments received from stakeholders. These refinements will be effective for the financial ratings to be released on or about June 2007 [based upon an analysis of staff and student data reported for the 2005-2006 school year, and budgetary and actual financial data for the 2006 fiscal year (the fiscal period ended June 30, 2006 or August 31, 2006, depending upon the ending date of the school district's fiscal year)]. The proposed changes will be implemented as an amendment of Title 19 Texas Administrative Code, Chapter 109, Budgeting, Accounting, and Auditing, Subchapter AA, Commissioner's Rules Concerning Financial Accountability Rating System. The proposed adjustments include the addition of a new critical indicator and "raising the bar" for several indicators.

Improvements in financial management in many school districts have been identified since the initiation of School FIRST in 2003, one result being the provision of opportunities for increased financial allocations in support of classroom activities. The TEA gratefully acknowledges the generous assistance provided by many school and education service center officials during the development of School FIRST. The TEA also appreciates the continued assistance provided by TASBO, TSPRA and other professional associations. If you have questions about the district's School FIRST rating, please contact Rita Chase at (512) 463-9095.

Sincerely,

Joe Wisnoski

for School Finance and Fiscal Analysis

RE: Property, Crime, General Liability, Educators' Legal Liability; and Automobile Insurance through the Texas Association of Public School Property and Liability Fund

SUMMARY:

The District currently has an executed Interlocal Agreement for the Texas Association of Public Schools Property and Liability Fund (TAPS). The agreement allows the District to purchase property and liability insurance using a partially self-funded process by participating in this fund. The current coverage is in effect from September 1, 2004 to August 31, 2005. The renewal proposal has been presented for the Board's consideration. The annual cost is projected to be $309,386 compared to the cost for the same coverage last year of $335,140.

This method of purchasing coverage, through the interlocal, is very cost effective at this time. The coverage can be obtained without going through the formal bid process. Administration reviews this process annually and if such a time comes when this process is no longer beneficial to the District, the Administration will process the necessary paperwork to complete the bid process. Also, please note that I currently serve on the Board of Trustees in the role of Treasurer, so the District has direct representation in the decision-making processes for this fund.

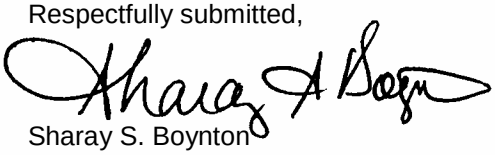

Even though this purchase can be made without going through the bid process, Board Policy CH(LOCAL) requires board approval on purchases in excess of $25,000. The policy states "The Board delegates to the Superintendent or designee the authority to determine the method of purchasing, in accordance with CH(LEGAL), and to make budgeted purchases. However, any purchase that costs or aggregates to a cost of $25,000 or more shall require Board approval before a transaction may take place".

The 2005-06 budget presented has sufficient funds to cover the cost of this insurance. The following is my recommendation.

RECOMMENDATION:

That the Board approve the purchase of Property, Crime, General Liability, Educators' Legal Liability; and Automobile Insurance through the Texas Association of Public School Property and Liability Fund effective September 1, 2005 to August 31, 2006.

Respectfully submitted,

RE: Maximum Travel Reimbursement Rates for 2005-2006

SUMMARY:

District Board Policy DEE(LOCAL) relates to the reimbursement and payment of travel expenses. It states that employees of the District, who incur expenses while performing duties related to their jobs, when such expenditure is at the request of the employee's immediate supervisor, shall be reimbursed the cost of the expenditures. The reimbursement or payment of such costs shall be within the guidelines set forth by the State Comptroller of Public Accounts in the State of Texas Travel Allowance Guide, the current schedule adopted by the Board, and subject to IRS regulations.

The General Appropriations Act for each legislative session contains maximum allowable travel reimbursement rates for meals and lodging. The Comptroller of Public Accounts establishes the maximum mileage rate. The current state rates were reviewed from the Texas Comptroller of Public Accounts and can be accessed at http://www.window.state.tx.us/fm/travel/index.html for your reference.

RECOMMENDATION:

I recommend the Board approve the attached Granbury Independent School District Maximum Reimbursement Rates for the 2005-2006 school year.

RE: Adoption of Tax Rate

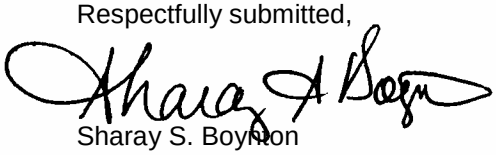

SUMMARY:

If the proposed budgets are adopted by the Board at this meeting, the tax rate will have to be set to raise the revenue needed to fund the budgets.

Several different scenarios have been presented for funding the related budgets. The tax rate will have to be set by September 30, 2005. I have prepared two resolutions for the Board's consideration, one for $1.68 and one for $1.69. They are attached and one will need to be adopted depending on the rate adopted.

The wording required by SB 18 is included in both of the resolutions as the effective tax rate for GISD is $1.644 and the proposed rate exceeds that amount. Once the tax rate is adopted the required posting on the GISD website will be done. The posting consists of the following: "THE GRANBURY INDEPENDENT SCHOOL DISTRICT ADOPTED A TAX RATE THAT WILL RAISE MORE TAXES FOR MAINTENANCE AND OPERATIONS THAN LAST YEARS RATE" and "THE GRANBURY INDEPENDENT SCHOOL DISTRICT ADOPTED A TAX RATE THAT WILL RAISE TAXES FOR MAINTENANCE AND OPERATIONS ON A $100,000 HOME BY APPROXIMATELY $XXX."
