State Health Insurance

Program and Funding

Insurance Program

- Everyone must offer group health insurance
  - Last year we opted to participate in the TRS Active-Care

Maintenance of Effort

- Maintenance of Effort level of funding must be maintained
  - Regardless of participation in TRS Active-Care
  - Based on effort in 2000-2001
    - Total expended divided by TRS Members
      - Not necessarily participating in Health Insurance program

Minimum Effort - Obligation to Spend

- For each participating employee
  - $900 from TEA
    - Funded from increase in Tier II funding
    - Gap assistance if applicable
  - $1,800 local contribution
    - Additional Hold Harmless funding available if applicable

Health Insurance Supplement

- Eliminated for 2005-06
  - $500/year for full-time & $250/year for part-time eligible employees
  - Added to Teacher Salary Increase
    - Net Salary Increase $2,000
  - Funded for current participants this year
    - No ongoing funding established

TRS Care

TRS Care

- Originally funded by state (.5%) and employee (.25%) contributions
- HB 3459 Sections 47-55 changes (2004-05)
  - State contribution increased to 1%
  - Employee contribution increased to .5%
  - District contribution authorized from .25% to .75%
    - 2004-05 was .40%
    - 2005-06 was .55%
    - 2006-07 – no increase identified

Replacement Schedules

Replacement Schedules

- The District has equipment that should be replaced and projects that should be done on a routine basis
- By addressing these two areas on a routine basis:
  - Costs are spread out over a time period instead of all at once
  - Planning can occur and crisis situations don't occur unexpectedly

Replacement Schedules

- Administration feels that funding of routine replacements should be included in the yearly maintenance and operations budget
- With these schedules, planning has been able to occur to accomplish funding in M & O budget
  - All areas except for HVAC

Replacement Schedules - Maintenance

- Maintenance is probably the department that utilizes replacement schedules the most in their day to day operations
- They continue to work hard to get most everything on a replacement schedule
  - Of course it is outdated as soon as it is printed, but they are maintaining in a format that allows for easy updating

Replacement Schedules - Maintenance

- The Maintenance Department has replacement schedules on the following:
  - Carpet
  - Grounds Equipment
  - HVAC Units
  - Parking Lots - Seal, Coat & Re-stripe
  - Maintenance Vehicles
  - Washer & Dryers
  - Water Fountains
  - Water Heaters
  - Roofs

Replacement Schedules - Transportation

- Transportation has all vehicles on a replacement schedule
  - Buses (14 years)
  - Vans
  - Shop vehicles
- They also have large equipment identified and on a replacement schedule

Replacement Schedules - Transportation

- Transportation has been able to keep up with the bus replacement schedule over the last several years
- Funding has been available to fund replacements and buses have been maintained in such a manner that buses have been able to be sold
- Planning has been done to alleviate the need to buy larger numbers in one year over the other
  - Example – Plan called for 0 – 2004, 9 – 2005, 0 - 2006, able to purchase 3 – 2004, 3 – 2005, and 3 – 2006

Replacement Schedules - Technology

- Technology equipment has been identified with useful life ranges
- Instructional Technology equipment is being replaced depending on useful life and operations on a routine basis
  - Coordinated by Technology Department – District wide

Replacement Schedules

- Each campus/department has other replacement schedules that they utilize for budget planning each year
- All District Staff should be commended for the great strides that have been accomplished this year in this area

Budget Development Process

Budget Responsibilities - Superintendent

- According to Education Code and Board Policy CE (LEGAL) “The Superintendent shall prepare, or cause to be prepared, a proposed budget covering all estimated revenue and proposed expenditures of the District for the following fiscal year. *Education Code 44.002.”*

Budget Responsibilities - Superintendent

- According to Board Policy CE (LOCAL)
  - "Budget planning shall be an integral part of overall program planning so that the budget effectively reflects the District's programs and activities and provides the resources to implement them. In the budget planning process, general educational goals, specific program goals, and alternatives for achieving program goals shall be considered, as well as input from the District- and campus-level planning and decision-making committees. Budget planning and evaluation are continuous processes and shall be a part of each month's activities. "

Budget Responsibilities – Board of Trustees

- According to Education Code, Financial Accountability Resource Guide, and Board Policy CE (LEGAL) the Board has the following responsibilities:
  - Review/prioritize/revise proposed budget submitted by Superintendent and staff in workshops/working sessions.
  - Call a public meeting in which to adopt the budget
  - Publish notice of such meeting

Budget Responsibilities – Board of Trustees

- "The Board shall adopt a budget to cover all expenditures for the succeeding fiscal year at the meeting called for that purpose and before the adoption of the tax rate for the tax year in which the fiscal year covered by the budget begins."
- Further the policy states "The Board shall have the authority to amend the approved budget or to adopt a supplementary emergency budget to cover necessary unforeseen expenses"

Budget Development Process

- December 2005 - Budget Parameters were set by Superintendent and Executive Director of Finance

Budget Development Process - Assumptions

- Assumptions were made and presented to the Board at it's January 23, 2006 meeting
- Assumptions included but were not limited to the following:
  - Fiscal year will run 9/1/2005 to 8/31/2006
  - Fund Balance projected to realize a decrease. Even with a decrease, fund balance is still healthy. Administration will work so that decrease will not be realized.
  - Taxable Value will increase but not as significantly as in the past – 5 % will be used

Budget Development Process - Assumptions – Cont'd

- Tax Rate is less than the $1.50 maximum and can be adjusted for continuing costs
- Tax collection ratio will be 99%
- Student growth of 2% will be used
- State Funding will continue but it will continue to decrease based on property value increases – Special Legislative session expected
- Additional sources of revenue will continue to be pursued
- Weighted Per Pupil Allocations will be developed for campuses
- Department budgets will be developed using a modified zero-based methodology not to exceed the 2005-06 allocation.
- Process for submission of projects not able to be funded through allocation process.

Budget Development Process - Assumptions – Cont'd

- GISD teacher salary market will be reviewed and funds will be allocated as available for increases so that teacher salaries are in the top quartile of the market reviewed
- Other salary schedules will be reviewed compared to market and adjusted accordingly – Emphasis will be on campus-level personnel
- DAC Salary committee will play an instrumental part in the development of GISD Salary Schedules
- District Insurance Contribution will remain $350/month
- 3-year projections continue to be done
- Programs and activities are continually reviewed regarding their impact on operations and teaching and learning

Budget Development Process - Budget Packets

- January 18, 2006 - Budget packets were disseminated to Principals and Directors
  - Weighted per pupil allocations were calculated and presented to campuses based on projected enrollment – this amount was increased by an average 10% over last year's allocations
  - Central Office and Department budgets were developed on a modified zero-based methodology – same allocation as last year

Budget Development Process - Campus/Dept Activity

- During the months of January & February:
  - Principals met with Staff and Campus Leadership Teams to develop budgets
  - Directors met with Staff and Principals to develop budgets
- Budgets were submitted to Business Office on March 1, 2006

Budget Development Process - Other Considerations

- Needs identified by campuses or departments that were not able to be funded by allocations were submitted as New Initiatives
- Campuses/Departments were also able to submit a New Initiative if start up of a new program or continuance of an existing program would exceed $20,000 during the 2006-2007 year

Budget Development Process - Maintenance/Renovations

- Campuses/Departments submitted maintenance/renovation requests outside of their allocations
- Maintenance also submitted these requests
  - Between Maintenance and the campuses/departments, hopefully all maintenance issues have been addressed

Budget Development Process - Peer Review

- Budgets were reviewed by peer groups March 21, 22, 24, 27, 28 and 29
  - Peer groups were made up of one or two like type budget managers (i.e. principal with principal, director with director), Campus Leadership Team Member, the District Budget Review Committee (DBRC) (Superintendent, Assistant Superintendent, Executive Directors) and other Directors as appropriate

Budget Development Process - Peer Review Continued

- Budget proposals were presented along with request for additional staff or staff salary changes, maintenance projects, furniture needs and new initiatives, all aligned with Campus/Department Improvement Plans

Budget Development Process - DBRC Activities

- Salary and benefit market studies were reviewed by TASB
  - DBRC reviewed findings
  - DAC Salary Committee has also reviewed these studies
- Development of Salary schedules by TASB
  - Proposals shared in June with the Board
- Placement of existing positions on approved salary schedules

Budget Development Process - DBRC Activities Cont'd

- New positions requested were reviewed based on District goals and objectives
  - Staffing guidelines were reviewed
- Teacher positions were compared to projected enrollment and adjustments made
- New Initiatives presented were reviewed and analyzed based on District goals and objectives
  - Some of these have been able to be done this year and will not be required in this budget

Budget Development Process - DBRC Activities Cont'd

- Maintenance/Renovations requests were reviewed
  - Some of these have already been done and will not be required in this budget
- New Personnel, New Initiatives, and Maintenance/Renovations were prioritized based on District Improvement Plan and projected funding

Budget Development Process - DBRC Activities Cont'd

- Revenue projections were reviewed
  - Preliminary Taxable Values
  - Current Collection Rate
  - Student Growth
  - Other Revenue Sources
  - HB1 Impact, Ch 41 Status, etc.
- Moak, Casey & Associates projected revenue
- Preparation of 2006-2007 Budget for presentation to the Board by the Superintendent

The end of Budget 101

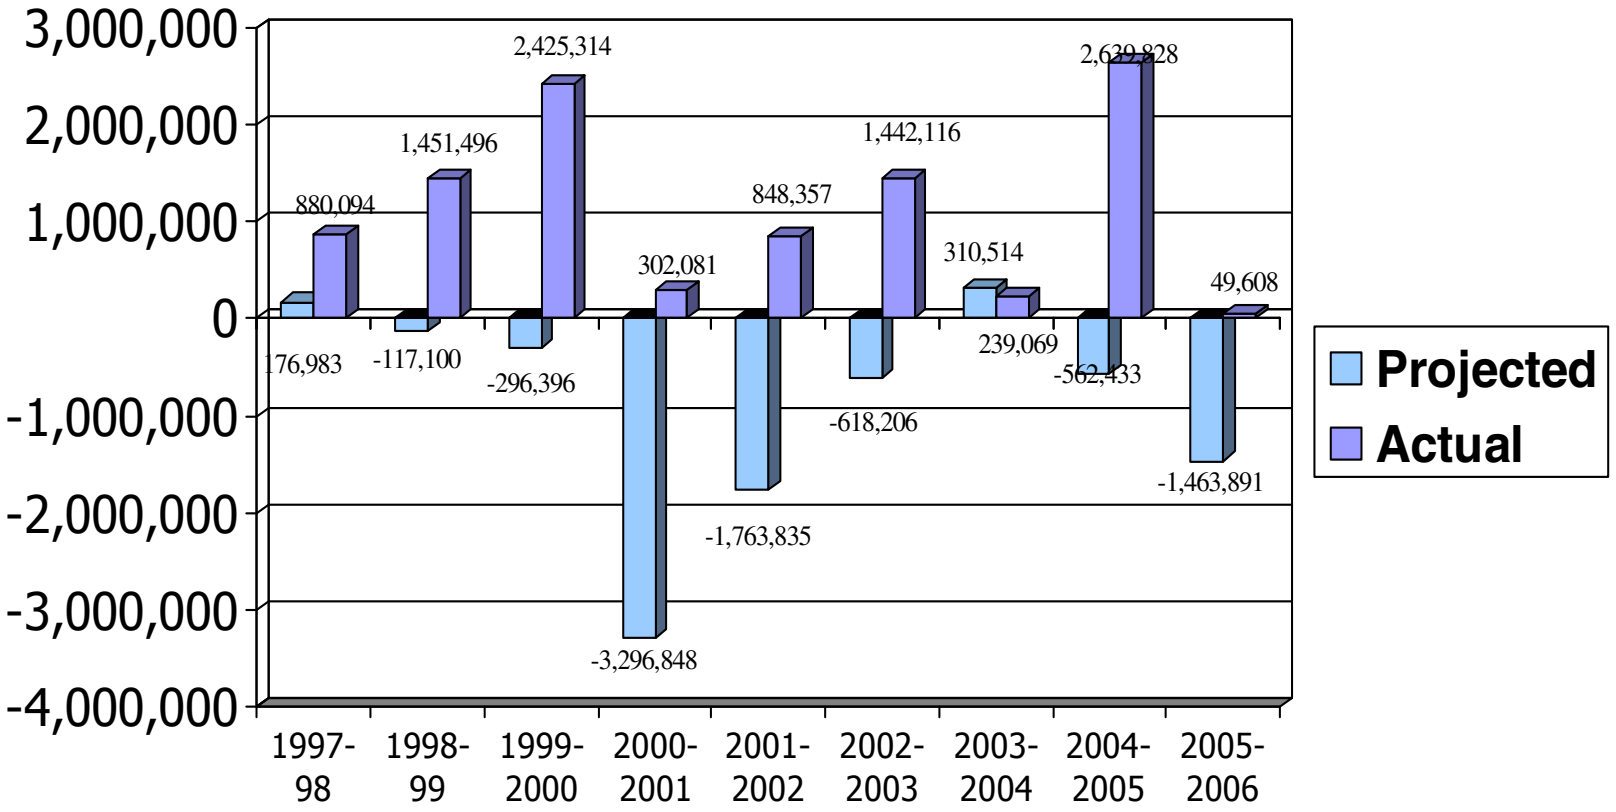

History of Adopted Budget to Actual Expenditures

History of Adopted Budgets to Actual

- GISD has adopted deficit budgets in the past
  - Seven of the past nine budgets have been deficit budgets
- The deficits have never been fully realized
  - None of the 6 actually realized a deficit
  - This is a result of the management of GISD budget managers and administration

History of Adopted Budgets to Actual

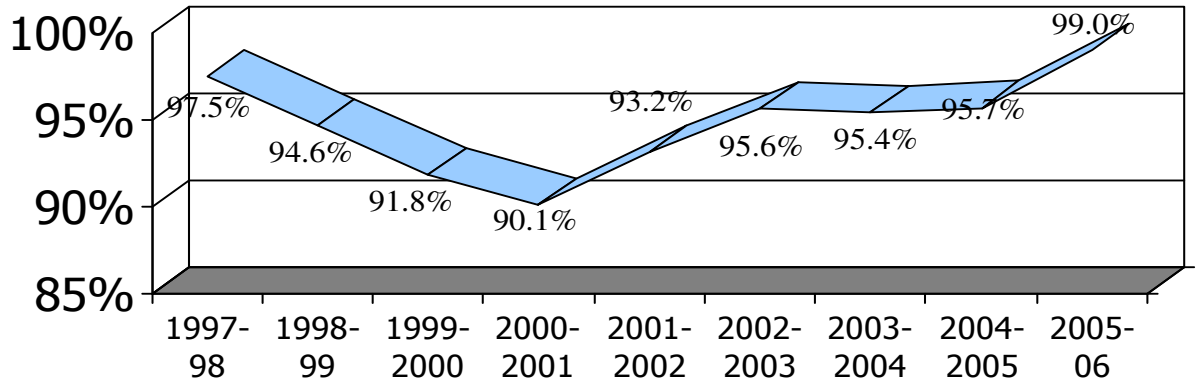

History of Adopted Budgets to Actual

- Over the last eight years, GISD has expended 90.1% to 99.02% of the budgeted expenditures
  - Never 100%

History of Adopted Budgets to Actual

Actual compared to Budgeted

% of Budgeted Expenditures

2005-06 Projections

2005-2006 Projections General Operating

- Adopted budget projected a decrease in fund balance
  - ($1,463,891)
- Amended budget projected a smaller decrease in fund balance
  - ($1,033,440)
  - Barnhart/Huckabee Settlements ($700,000)
  - Revenue Increases ($600,000)

2005-2006 Projections General Operating

- Projected year end affect to fund balance as of 6/19/06
  - Increase in Fund Balance of $49,608
  - 99.02% of Amended Budget Expended

2005-2006 Projections General Operating

- The projections as of 3/31/06 indicated that fund balance would increase $818,448
  - Funded Crossland Renovations and related expenses $560,000
  - Fuel Budget Amendment $20,000
  - Projected expenditures at 5 months out not as known as now

Fund Balance Analysis

General Operating and Debt Service

Fund Balance Analysis - General Operating

- What affected current year anticipated increase?
  - Revenue
    - Interest income over $500,00 more than budgeted
    - Local Tax Collections$350,000 more than budgeted
    - 100.18% of revenue budget expected
  - Revenue
    - Lapse in budgeted expenditure amounts
      - 99% of expenditure budget actually expended

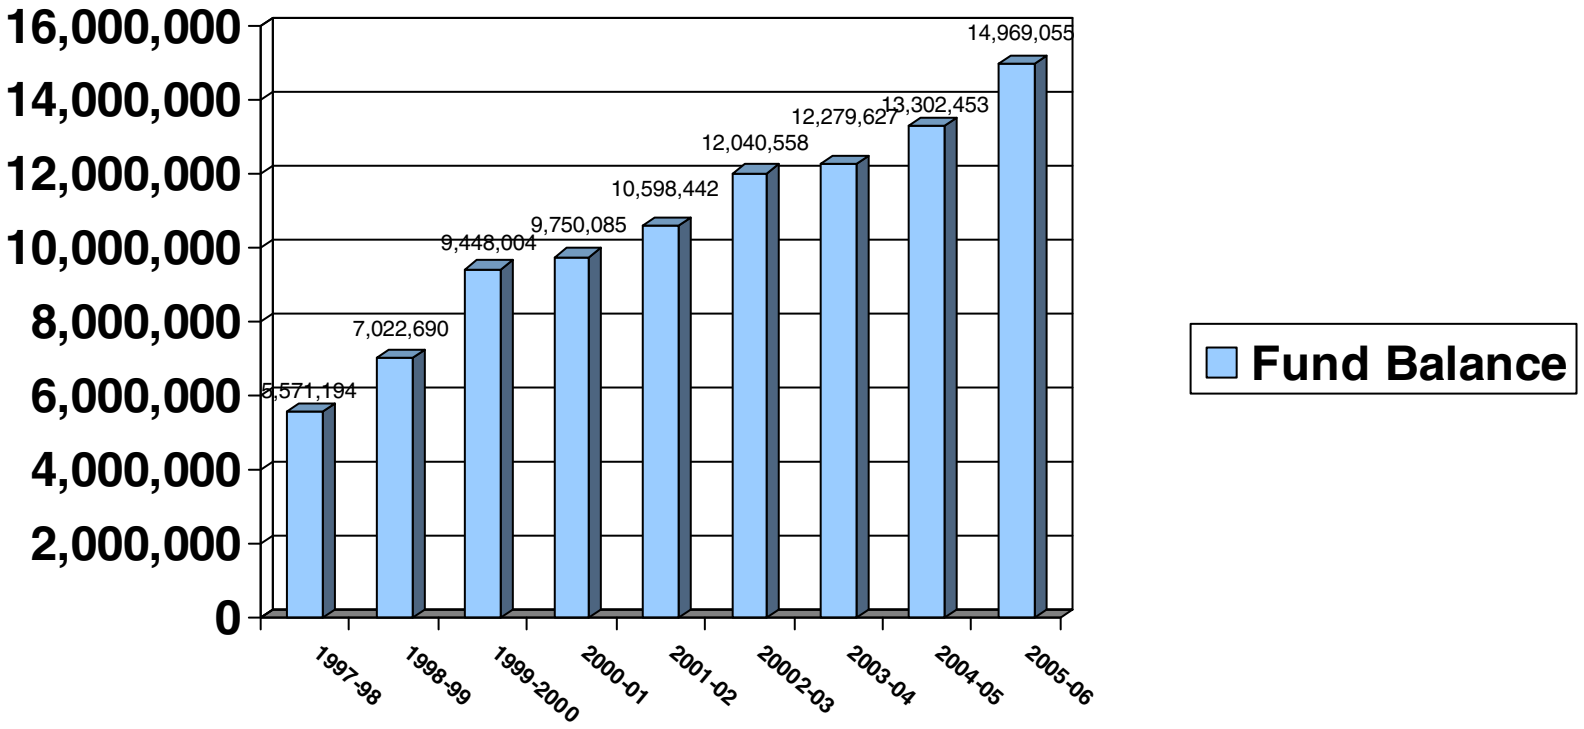

Fund Balance Analysis - General Operating

- The projected 8/31/06 balance is 32% of the 2005-2006 adopted budget
  - $14,969,055
- Fund Balance is suggested to be maintained at a level of about 15% of the current year budget
  - Due to the healthy fund balance that this District has maintained, the underlying debt rating for GISD is very good. As a result, the bonds that are sold for refunding have and will be sold at a much lower rate than the market

Fund Balance Analysis - General Operating

- History of GISD Fund Balance says a lot for the leadership of this District
  - Lower debt service costs are experienced due to the maintenance of this healthy fund balance
  - Planning can be done without a bond issue while still meeting the needs of the District

Fund Balance Analysis - General Operating

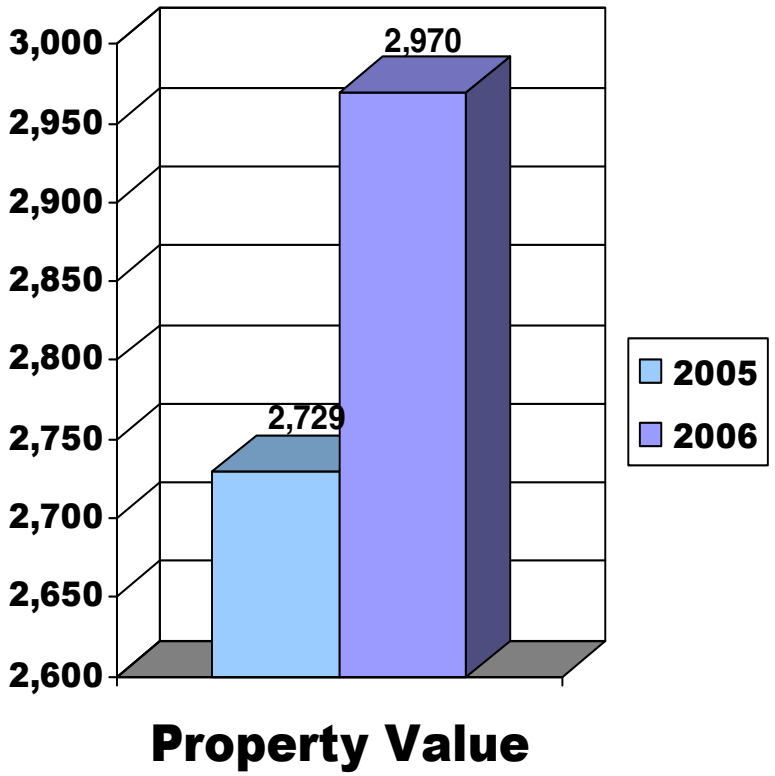

General Operating Budget

General Operating Revenue - Assumptions

- Budget was prepared using the assumptions presented earlier today

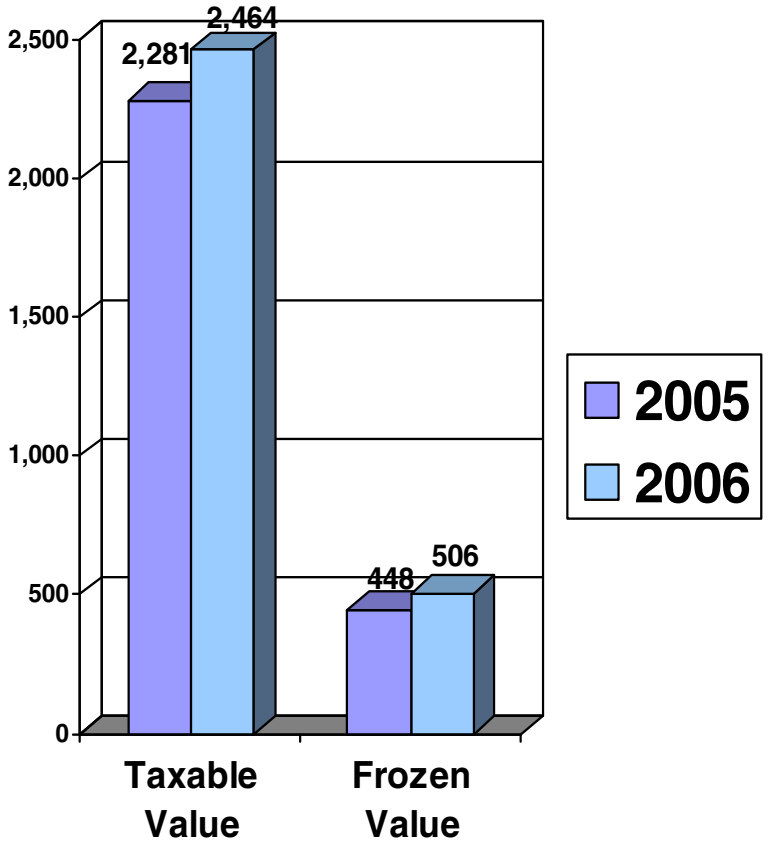

General Operating Revenue – Total Property Value

- Total Property value projected by HCAD is 9% higher than 2004
- State funding is calculated on previous year's property value
- Local funding is based on current year value

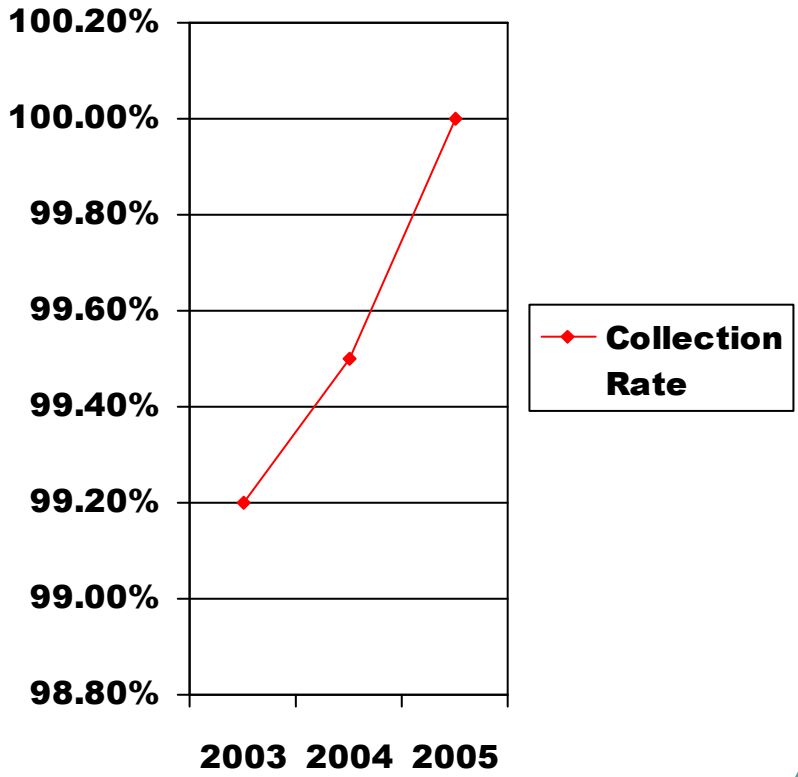

General Operating Revenue – Taxable Property Value

- Taxable property value projected by HCAD is only 8% higher than 2005
- Frozen property value certified by HCAD is 13% higher than 2005

General Operating Revenue - Collection Rate History

- The collection rate used is based on history
- The average over the last three years is 99.6%

General Operating Revenue - Student Growth

- Last year the budget was prepared with 0% ADA growth
  - Previous year (2005-06) budget was prepared using 1% growth
    - Actual was 1.942%
  - 2004-05 only grew by .94%
  - Demographer report is projecting a 3% enrollment growth
- Use of 2% ADA growth for 2006-07 is conservative but reflective of historical and planned growth

General Operating Expenditures - Allocations

Campus Budgets were allocated a per weighted pupil allocation ($1,316,921)

- High Schools - $231
- Middle Schools - $181
- Elementary Schools - $116 - $131

General Operating Expenditures - Allocations

- Campus Budgets were developed for the basic program on the campus and basic instructional supplies and materials for all other programs on the campus including the following:
- **Functions:** **11, 12, 13, 21, 23, 31, 33, 36, 52**
  - **6100** Salaries - Special Activities specific to campus programs
  - **6200** Professional & Contracted Services
  - **6300** Supplies & Materials
  - **6400** Other Operating Expenses
  - **6600** Capital Outlay

General Operating Expenditures - Allocations

- District wide budgets were developed for the following campus programs on top of the campus allocation
  - Athletics
  - Xerox
  - Classroom/Teacher Computer Replacement
  - Technology infrastructure costs (fiber, software, etc.)

General Operating Expenditures - Allocations

- Department allocations were the same as 2005-06
  - Zero-based budgeting by department
  - Some departments proposed budgets are less than allocation
    - Property Insurance costs are less this year

General Operating Expenditures – Salaries and Benefits

- Salaries & Benefits
  - TASB has presented the proposed structure
  - CPI Increase 3.4% for May 2006 from May 2005
  - Teachers
    - $2,000 State legislated raise
    - $500 Insurance supplement
    - $1,200 local supplement
    - Plus 2005-06 step
  - 5% Increase to Minimum, Midpoint, Maximum for other than Teacher Schedules – Except for M/T schedule where 6% was applied
  - Fund current Health Insurance contribution per eligible employee
    - $350/month – Full Time
    - $254/month – Part Time

General Operating Expenditures – Salaries and Benefits
