RE: Buy Board Purchase – GHS Marque Upgrade

SUMMARY:

The GHS outdoor marquee is in need of being upgraded. The operating system is difficult to operate, there are several bulbs that are in need of being replaced and the size of the characters makes it hard to read. The marquee can be replaced with a more modern system including 10" characters on a 2 line system. This system and related installation labor are available from Buy Board vendors. GISD's interlocal agreement with the Buy Board allows purchases to be made from these awarded vendors without GISD having to go through the formal bid process. Specifications for this purchase were provided by Mr. Larry Gehrke, Maintenance Director.

Mr. Gehrke has recommended award to Olen Williams, Inc. for a total expenditure of $17,850.00. Administration does not believe that a better price would be realized by initiating a formal bid process. It would be in the best interest of GISD to purchase from the Buy Board vendor.

The new system will require an upgraded computer to be purchased for operation of the system. The projected cost of the respective computer is $2,500. This purchase will be made through the CISV/DIR process. The total cost of the project is expected to be $20,350.

Since the District purchased the new scoreboard for James Wann Center earlier this year and this project is similar in nature, the $25,000 threshold has been exceeded. Board Policy CH(LOCAL) requires board approval on purchases in excess of $25,000. The policy states "The Board delegates to the Superintendent or designee the authority to make budgeted purchases for goods or services. However, any single, budgeted purchase of goods or services that costs $25,000 or more, regardless of whether the goods or services are competitively purchased, shall require Board approval before a transaction may take place."

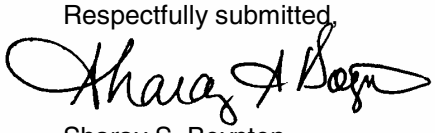

Funding for this purchase will be from Coke funds. At this time $93,000 remains from the funds awarded with the initial contract. The original purchase of this marquee was with funds awarded to GISD as a result of Ms. Leta Andrews being named Disney Teacher of the Year.

The following recommendation is that of Mr. Larry Gehrke, Maintenance Director and Mrs. Sharay Boynton, Executive Director of Finance.

RECOMMENDATION:

It is recommended that the above purchase be made from Olen Williams, Inc. through the Buy Board contract.

RE: Buy Board Purchase – Carpet

SUMMARY:

Purchase of carpet and related installation has been budgeted for the 2006-2007 school year. The carpet and related labor are available from Buy Board vendors. GISD's interlocal agreement with the Buy Board allows purchases to be made from these awarded vendors without GISD having to go through the formal bid process. A RFQ was created for the purchase of carpet and related installation costs for the various district projects budgeted. Specifications for this purchase were provided by Mr. Larry Gehrke, Maintenance Director.

Mr. Gehrke has recommended award to Spectra Contract Flooring for a total expenditure of $116,039.12. Administration does not believe that a better price would be realized by initiating a formal bid process. It would be in the best interest of GISD to purchase from the Buy Board vendor.

Board Policy CH(LOCAL) requires board approval on purchases in excess of $25,000. The policy states "The Board delegates to the Superintendent or designee the authority to make budgeted purchases for goods or services. However, any single, budgeted purchase of goods or services that costs $25,000 or more, regardless of whether the goods or services are competitively purchased, shall require Board approval before a transaction may take place.".

The following recommendation is that of Mr. Larry Gehrke, Maintenance Director , Mrs. Ronda Herrin, Inventory/Purchasing Specialist, and Mrs. Sharay Boynton, Executive Director of Finance.

RE: Brawner Roof Replacement - BuyBoard

SUMMARY:

$325,000 was budgeted to replace a portion of the Brawner roof during the summer of 2007. During the summer of 2005, the roof over the gym areas was replaced and at that time it was planned for the other sections to be replaced.

The roof and related labor are available from Buy Board vendors. GISD's interlocal agreement with the Buy Board allows purchases to be made from these awarded vendors without GISD having to go through the formal bid process. A RFQ was created for the project by Mr. Jack McGovern of Armko Industries, GISD Roofing Consultant. The RFQ required the vendors to submit a price for Phase I (classroom area), Phase II (Cafeteria and area surrounding the gyms) and a complete project. A copy of the tabulation is attached for your review.

Mr. Larry Gehrke, GISD Maintenance Director and Mr. McGovern have reviewed the responses. The area covered by Phase II is the area that is giving the most problems with leaks and such. Due to the available funds and the need of the district it is the recommendation of Administration that Phase II be done this summer and Phase I be planned for in the 2007-08 budget. Additioanl funding needed for Phase II will be provided from District contingency funds.

The recommended vendor is Parsons Commercial Roofing, the low bidder. Administration does not believe that a better price would be realized by initiating a formal bid process. It would be in the best interest of GISD to purchase from the Buy Board vendor.

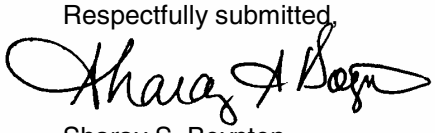

Board Policy CH(LOCAL) requires board approval on purchases in excess of $25,000. The policy states "The Board delegates to the Superintendent or designee the authority to make budgeted purchases for goods or services. However, any single, budgeted purchase of goods or services that costs $25,000 or more, regardless of whether the goods or services are competitively purchased, shall require Board approval before a transaction may take place.".

The following recommendation is that of Administration with the approval of Mr. McGovern, GISD's Roofing Consultant.

RECOMMENDATION:

It is recommended that the Roof Replacement project described above for Phase II of Brawner Intermediate be contracted with Parsons Commercial Roofing through the Buy Board contract.

RE: Disposal of Ag Trailer

SUMMARY:

According to Board Policy CI(LEGAL), "The Board may, in an appropriate manner, dispose of property that is no longer necessary for District operations."

The current 2000 W & W 6' x 24' Stock Trailer used by the GHS Ag department is in need of being replaced. Funds have been budgeted for this replacement. Mr. Slemmons, Transportation Director, and Mr. Nate Newton, GHS Ag Teacher are requesting that the trailer be used as a trade in for the purchase of replacement trailers. It is anticipated that that the trade in can bring between $3,000 and $4,000.

A bid is currently being generated for the new trailers and the option of the trade in would like to be included in the specifications for consideration in the process.

Mr. Slemmons has recommended that we dispose of the above trailer in the manner deemed the most appropriate for the District, either as a trade or disposal at surplus sale later in the year depending on outcome of bid process.

RECOMMENDATION:

It is recommended that the Board approve the disposal of the above trailer.

RE: ARAMARK Food Service Management Contract - Renewal

SUMMARY:
The contract that GISD has with ARAMARK for management of the District's food service program had an initial term of August 1, 2005 to July 31, 2006. The contract has to be renewed each year and be submitted to the Texas Department of Agriculture. It was renewed last year for the term of August 1, 2006 to July 31, 2007.

The above contract includes a clause, **Paragraph 2.1, Commencement & Term**, that states "The parties may by mutual agreement renew the term of this Agreement for four (4) successive 1 year Renewal Terms upon finding by the District that the services are being performed in an effective and efficient manner." District administration feels that the services provided by ARAMARK are both effective and efficient.

According to Paragraph 2.2A, the Management Fee and Administrative Fee can not be increased above CPI –Food Eaten Away from Home increase. The CPI for this year is 3.4%. Further, the contract contains a Guaranteed Return, Paragraph 10.6.

For further consideration, Paragraph 2.3 of the above contract states "Either party may, during the Initial Term or any Renewal Term, terminate this agreement with or without cause, by giving sixty (60) days notice in writing to the other party of its intention to so terminate."

Administration had been asked to review the food service program to determine if it would be appropriate to bring the management of the program "in-house", in lieu of contracting with ARAMARK for these services. This review has been done from a financial and administrative standpoint. The Board did not make Administration aware of any other items to be analyzed regarding this program. The financial analysis is attached for your review. The assumptions used in the analysis are detailed at the bottom of the analysis.

There is an increase in the Administrative Expense Fee and Management Fee proposed for the 2007-2008 school year per the contract paragraph 2.2.A. The projected annual Administrative Expense Fee is proposed to be $.0559/meal compared to this year's fee of $.0541/meal and the Management Fee is proposed to be $.0379/meal compared to this year's fee of $.0367/meal. The proposed fees on the projected meals would result in a total projected cost of approximately $119,000 or $3,100 increase over current year budget.

ARAMARK is also proposing to bring in an Assistant Director. The costs associated with this additional staff have been included in their proposed budget.

Taking into account the proposed increased fees and additional staff addressed above and the proposed staffing and related costs of bringing the program in house, there is an $8,000 difference in the two programs.

There are other considerations to take into account besides financial when making this decision. As you are aware, currently the administration of this program is overseen by me. There is no assistant superintendent to oversee this program and other support service departments. There will also be needs for personnel office equipment and building/office renovations to be considered.

Based on the above discussion, I am recommending that we extend the contract with ARAMARK for these services. Taking into account the CPI increase and the proposed budget for next year, GISD is proposing that the attached amendment containing the amended contract language be presented to Aramark for their acceptance.

RECOMMENDATION:

It is recommended that the Board accept the increase as presented by the attached Renewal Amendment of Food Service Agreement with ARAMARK to manage the food service program for GISD for the 2007-2008 school year.

RE: 2007-2009 Depository Contract

SUMMARY:

According to Subchapter G, Chapter 45, Texas Education Code, each school district must select a depository for school funds to be received during the 2007-2009 biennium that begins September 1, 2007. The board of trustees has the responsibility for making the selection and executing a new contract effective the first day of the new fiscal year, September 1, 2007.

According the Section 42.205(b), "a school district and the district's depository bank may agree to extend a depository contract for one additional two-year term."

On May 16, 2005 Granbury ISD awarded the 2005-2007 Depository Contract to First Financial Bank, N.A. The relationship with First Financial Bank has been very positive. Earnings on the district accounts held by them have been competitive with the market. The online services are very accommodating to district needs and procedures. The support personnel working with district personnel are competent and attentive to GISD needs. If the district were to change depositories, there would be increased staff time and possible increased cost to the district (ie... checks and deposit slips are currently paid for by First Financial Bank).

Administration feels that it would be in the best interest of the district to continue the relationship with First Financial Bank for the next biennium. First Financial Bank was contacted regarding their willingness to extend the current contract until August 31, 2009. They have agreed to the extension as allowed.

Attached is the resolution that must be executed and submitted to First Financial Bank, N.A. for their execution. Once all parties have executed, it will be submitted to TEA as required by procedures.

RECOMMENDATION:

I recommend the Board extend the contract with First Financial Bank, N.A. for the period of September 1, 2007 to August 31, 2009 for depository services.

		RE:	Textbook Recommendations

SUMMARY:
Texas Education Code 31.101 mandates that "The board of trustees of each school district shall (1-2) notify the State Board of Education of the textbooks selected by the board of trustees for the following school year from among the textbooks on the appropriate conforming or nonconforming list". Criteria considered in examining the samples included: needs of students at various grade levels, how well the books covered the Texas Essential Knowledge and Skills, organization of the material, and staff development offered by the publishers. All of the textbooks that are recommended are conforming as defined by the State of Texas. Only Math is being adopted this year.

Committee representative's names are attached for your review.

RECOMMENDATION:
We recommend that all textbooks on the conforming list be adopted. The selections from the committee are attached.

The State Board of Education issues a proclamation for the adoption of textbooks. This year's textbook adoption consists of mathematics for grades 6 through 12. Mathematics textbooks currently used in Texas public schools were adopted in 1997. According to Proclamation 2003, Algebra I, Algebra II, and Geometry textbooks are the only high school mathematics textbooks based on the TEKS. These books do not conform to all of the TEKS. With the implementation of the mathematics TEKS revisions in 2006-2007, the selection of textbooks presents a great opportunity and is much needed.

The Phase 1 committee (listed above) reviewed all conforming textbooks using the Mathematics Instructional Materials Analysis developed by the University of Texas. This process consisted of studying the TEKS and rating the resources based on rigor and depth, appropriate correlation to the grade level TEKS, and various mathematical relationships. Committee members provided justification for scores given in each area and an overall rating given to the resource. The committee worked over the course of two months to narrow the list of conforming resources to three per grade level or subject. The committee recommended that the 6-7-8 mathematics books be consistent and the Algebra 1 and Algebra 2 consistent.

The Phase 2 committee (listed above) followed the same process to select a final textbook for each grade level or content. The committee selected various TEKS to use to rate each resource based on rigor and depth, appropriate correlation to the grade level TEKS, and various mathematical relationships. Committee members provided justification for scores given in each area and an overall rating given to the resource. The committee is aware that no "perfect" textbook exists. It is teachers, not materials, who are key to successful instruction; they are the most important element of an effective mathematics program. However, the committee diligently studied each textbook to arrive at a consensus on choice of textbook. This choice best meets the needs all stakeholders including parents, teachers and students of Granbury ISD.

It is the committee's recommendation that GISD adopt all conforming textbooks (list attached). Specific textbooks are listed below.

Local Board of Trustees Certification, 2007

Legal Citation:

Texas Education Code §31.101 requires that, each year, the board of trustees of each district and the governing body of each open-enrollment charter school notify the State Board of Education of the textbooks selected by the board of trustees or governing body for use in the following school year. The law also requires that the board of trustees or governing body notify the State Board of Education if the district or charter school has selected textbooks, in the enrichment curriculum only, that are not on a conforming or nonconforming state-adoption list.

Certification:

We, the president and secretary of the local board of trustees, or the officers of the governing body of the charter school, certify that the selections recorded on either the *Annual Requisition for New Instructional Materials,* or transmitted via EMAT Online, have been selected for use in our district or charter school.

We understand that all textbooks adopted by the state are appropriate for use in the Texas schools and districts may choose any materials from the state-adopted lists. If the board of trustees or governing board does not wish to select a particular title adopted by the state and wants to prohibit the district or charter school from ordering the title at a later date, we have noted the title(s) below.

If our district or charter school is selecting materials in the enrichment subject areas that are not on a conforming or nonconforming list of adopted materials, we certify that those selections are listed below. We understand that 30 percent of the cost of those materials or 30 percent of the maximum cost of the materials will be borne by the district or charter school.

We understand that our selections are final, and we may not return copies of one title to secure copies of another title in the same subject.

SUMMER SCHOOL GUIDELINES

Summer school classes are scheduled for five days each week with the class period beginning at 7:30 a.m. and ending at 11:45 a.m. (with one 15-minute break). Credits will be given only for those courses passed with a grade of 70 or above.

Certified instructors teach summer school classes in a traditional classroom setting. A student's regular attendance, motivation, and work ethic are important factors in earning credit.

To receive credit a student must attend at least 90% of the days the class is offered. No more than two absences are allowed per summer session. Tardiness will not be tolerated.

The district will provide bus transportation for students receiving tuition assistance.

Students are expected to dress according to GISD policy. Dress code policy will be available for out-of-district students.

Adequate parking for students is available in the student lot behind the school. Students will not be allowed to leave campus or loiter in the parking lot during classes or at break time.

State law prohibits the use of tobacco in any form by students on school property. Federal law prohibits the possession of drugs or firearms on any school property at any time.

Serious or repetitive violations of rules may result in dismissal from summer school and forfeiture of tuition.
