Consider purchase, exchange, lease or value of real property

None

Adjournment

There being no further business, the meeting was adjourned at 8:56 p.m.

_____ _____

Charlie Cloud, Board President Micky Shearon, Board Secretary

OFFICE OF SUPERINTENDENT

For:	**Board of Trustees**
Date:	**10-20-08**
Action:	**Approval**

SUMMARY:
I recently met with representatives of the Granbury Basketball Association and the Boys and Girls Club concerning the facility usage fees. The two groups reviewed the new facility usage fee schedule and the impact it will cause for their organizations. Randy Leach and I reviewed the fees and the considerations requested by the associations.

RECOMMENDATION:
I recommend the Board amend the facility usage fees for the Boys & Girls Club/Granbury Basketball Association to $55.00 per day.

Respectfully submitted,

William Harris

October 7, 2008

Granbury Independent School District Board of Trustees:

The Public Funds Investment Act (Texas Government Code Chapter 2256, Subchapter A) requires the investment officer of each local government to submit to its governing body a report, not less than quarterly, of investment transactions.

The **Portfolio Summary Report** identifies all areas that are required to be reported to the governing body. The report summarized the information for all six groups of funds that the District invests funds. The report shows that all six funds are being invested at a rate similar to the average benchmark yield. The benchmark used is the 90-day T-Bill.

The total book value of investments held by the District on August 31, 2008 was $ 20,161,030. The General Fund holds the majority of the investments.

The District invested in the pools and the interest bearing checking accounts during the last quarter. The yield between the pools and the interest bearing checking accounts is consistent with that of individual Treasuries and Agencies. Term investments were researched and will be purchased as feasible. Funds will be reallocated to take advantage of the higher yield associated with the long-term investments as the opportunities become available.

Throughout most of last quarter, LOGIC maintained higher yields than TexPool, TexasTerm Daily and TASB-Lone Star. TexasTerm I, investments with set maturities, yield was slightly lower than the pools and funds are not as liquid as they are in the pools. With the interest rate dropping, it will not serve well to limit interest income for a period of time. These rates are being watched and investments being made as feasible. The interest yield on the checking accounts is consistent with the 90 day t-bill. The depository agreement entered into effective 9/1/05 and renewed for an additional 2 years, realizes a floating interest rate depending on 90-day t-bill adjusted quarterly and should allow for a more competitive rate with the interest rate market as it is. Further, the depository has set up an investment account that maintains a rate consistent with TexPool's prior month average yield adjusted monthly. However, with the drop in TexPool's rate at a more severe amount than LOGIC, this is not as attractive as it has been. Funds are invested in this account as appropriate and it allows for more earnings while maintaining the diversity needed for public funds. Due to collateral and diversity issues, funds are invested in the pools and the bank depending on the needs of the individual funds.

Funds are invested to yield the highest return and security at the time of investment or withdrawal. Graphs showing the percentage breakdown of investments as well as transactions for all funds are attached for your review.

The information presented above and the attached are submitted to you as the quarterly report of investment transactions for Granbury Independent School District.

Texas English Language Proficiency Assessment System (TELPAS)
Report to Granbury I.S.D. Board of Trustees
November 2008

The TELPAS was designed to measure English language acquisition for LEP students in the following four language domains: reading, writing, listening, and speaking. The assessment is administered to all eligible LEP students in kindergarten through grade 12.
In grades K – 1 each of the four language domains are holistically assessed. In grades 2 – 12 listening, speaking, and writing are holistically scored and the reading assessment is taken online through a multiple-choice test.

Performance is reported in terms of four English language proficiency levels: beginning, intermediate, advanced, and advanced high.

The TELPAS reading test, formerly known as the RPTE, was implemented in the spring of 2008. The new test is very similar to the former tests, except that:

- The ability to read in mathematics and science contexts is assessed to greater level
- More of the items are at the advanced high English language proficiency level
- A grade 2 assessment was added to replace the former holistically scored test
- The grade cluster changed

TEA used the spring 2008 performance to establish proficiency level cut points for the new TELPAS reading assessment. Therefore, the data presented in this report serves as a baseline for this test and cannot be compared to the former RPTE test result data.
