June 12, 2012

Granbury Independent School District Board of Trustees:

The Public Funds Investment Act (Texas Government Code Chapter 2256, Subchapter A) requires the investment officer of each local government to submit to its governing body a report, not less than quarterly, of investment transactions.

The **Portfolio Summary Report** identifies all areas that are required to be reported to the governing body. The report summarized the information for all six groups of funds that the District invests funds. The report shows that all six funds are being invested at a rate similar to the average benchmark yield. The benchmark used is the 90-day T-Bill.

The total book value of investments held by the District on May 31, 2012 was $40,646,489. The General Fund holds the majority of the investments.

The District invested in the pools and the interest bearing checking accounts during the last quarter. The yield between the pools and the interest bearing checking accounts is consistent with that of individual Treasuries and Agencies. Term investments were researched and will be purchased as feasible. Funds will be reallocated to take advantage of the higher yield associated with the long-term investments as the opportunities become available.

Throughout most of last quarter, LOGIC maintained higher yields than TexPool, TexasTerm Daily and TASB-Lone Star. TexasTerm I, investments with set maturities, yield was still lower than the pools and funds are not as liquid as they are in the pools. With the interest rate as low as it is, it will not serve well to limit interest income for a period of time. These rates are being watched and investments being made as feasible. The interest yield on the checking accounts is more than the 90 day t-bill. The depository agreement entered into effective 9/1/11 realizes a floating interest rate depending on 90-day t-bill adjusted quarterly and should allow for a more competitive rate with the interest rate market as it increases. At this point, the minimum paid is .20% no matter what the 90 day t-bill is doing. Further, the depository has set up an investment account that maintains a rate consistent with TexPool's prior month average yield adjusted monthly. This account is also earning the minimum .20% which is more than the funds are paying. However, due to collateral being limited to $6,000,000 for all accounts held by bank, this account is limited in its use. Funds are invested in the pools and the bank depending on the needs of the individual funds, diversity issues, and collateral available.

Funds are invested to yield the highest return and security at the time of investment or withdrawal. Graphs showing the percentage breakdown of investments as well as transactions for all funds are attached for your review.

The information presented above and the attached are submitted to you as the quarterly report of investment transactions for Granbury Independent School District.

Ron Mayfield
Superintendent

Sharay S. Boynton, CPA

COMMUNITY SCHOOLS HEALTH ADVISORY COUNCIL

REPORT FOR SCHOOL YEAR 2011-2012

Topics Discussed:

- Review of the Health Advisory Council's role in Granbury ISD
- Presentations by American Heart Association and Family Smiles Orthodontics
- Lunch Voucher Program Sponsored by Hood County Children's Charities Fund
- Review of Local Wellness Policy
- Procedures to Ensure Confidentiality Regarding Communicable Diseases
- Review of Standing Orders for 2012-2013
- Head Lice Issues
- Texas Department of State Health Services Letter Regarding Immunizations
- Presentation by Hood County Children's Advocacy Center—Sexual Abuse Prevention Training

Community Schools Health Advisory Council

The Community Schools Health Advisory Council (CSHAC) reviewed Section 28.004 of the Texas Education Code which states its purpose, member requirements, and potential topics to be discussed. The council elected a secretary to record the meeting minutes. A discussion was conducted regarding the need to increase participation in the CSHAC.

Presentation of Opportunities

The American Heart Association presented to the council its program offerings to encourage healthy lifestyles and the importance of emergency response planning. The AHA representatives explained the no cost tools available to all classroom teachers through the Bethebeat.heart.org program.

Family Smiles Orthodontics presented the council with an opportunity to provide free orthodontic care for students in the secondary levels. This program would use Medicaid eligibility to determine which students would receive services. While the council was encouraged by this program, it realized the tremendous amount of work establishing this program would be. The council decided to table a decision regarding this opportunity.

Discussion of the Lunch Voucher Program

Child Nutrition Director Alicia Hernandez presented a brief review of the School Lunch program and its requirements set up by the Texas Department of Agriculture. There was a lengthy discussion on offerings in the lunch lines and how the Child Nutrition Department must balance the state and federal regulations with necessity of turning a profit. More discussion was conducted regarding Hood County Children's Charities Fund's (HCCCF) program to ensure any student who wants a hot lunch, receives a hot lunch; no matter the lunch charge status. The program was originally designed to provide students whose lunch account was overdrawn or had exceeded the "lunch charge" limit with a hot lunch rather than the school issued cheese sandwich. HCCCF and Granbury ISD have developed a program that will allow the cafeteria managers on each campus to issue vouchers for full pay or reduced pay students. These vouchers are submitted to the Child Nutrition Department each month and the charity is billed. Due to this program, no student is denied a hot lunch.

Local Wellness Policy

The council reviewed the Local Wellness Policy as required by the Texas School Health Survey. Alicia Hernandez explained the process used to develop the policy.

Procedures for Students with Communicable Diseases

The council reviewed procedures for staff members to follow if they should enroll a student with a communicable disease. The main purpose of these procedures is to ensure the student's privacy. These procedures are attached to this report.

Standing Orders 2012-2013

The council discussed the Standing Orders for the 2012-2013 school year and suggested any changes to the current orders. The orders have been rewritten and are attached to this report. The standing orders have been revised to include the purpose of the medication listed. The health advisory approved the 2012-2013 GISD Standing Orders.

Head Lice

The council reviewed the head lice policy of GISD. There have requests from parents in the district to revisit the "No Mass Screening" procedure. If one student is found to have a case of head lice, the parents had requested the entire classroom be examined. Currently the nurses do not screen any student unless a staff member witnesses the signs and symptoms of a head lice infestation. The health advisory council voted to follow the recommendations of the National Association of School Nurses, the American Pediatric Association, and the Texas Department of State Health Services regarding mass screenings. None of these organizations recommends a mass screening policy or a no nit policy.

Texas Department of State Health Services

The council reviewed a letter from the Texas Department of State Health Services stating they will no longer be able to immunize students who are currently covered by private insurance policies. This change is due to department budget cuts. Because of this change, the HAC has approved a letter to all parents informing them of this change and the need for the parent to immunize their child/children before the beginning of the next school year. This notification will be sent home as the nurses notify parents of their student's upcoming immunization requirements. A notice will also go home in the students' final report card of the year. This will be used to help reduce the "back to school" rush for immunizations.

Children's Advocacy Center Sexual Abuse Prevention Training Presentations

The council viewed a presentation regarding sexual abuse prevention training presented by Becky Runkel Logan from the Hood County Children's Advocacy Center. There was a discussion regarding the obligations and training needed for all district employees.

The council also previewed an online sexual abuse prevention training offered through MinistrySafe.

Granbury Independent School District Procedures

for Students with Hepatitis C Infection

1. All staff must use universal precautions as outlined in **Texas Guide to School Health Programs** manual:

    - Gloves will be kept in classrooms and used when having direct skin contact with body fluids
    - All contaminated supplies will be placed into plastic bags and sealed
    - Used needles, syringes, and other sharp objects will be disposed of in a Sharps container
    - Accidental exposure to blood, body product, or body fluids should be washed with soap and water, reported and documented as outlined in the recommendations by the Centers for Disease Control and Prevention

2. Any student with Hepatitis C infection has the same right to attend school and has the same privileges for participation in any school sponsored activity.

3. The school Superintendent or the Superintendent's designee will report any occurrence of Hepatitis C **within one week** to the Texas Department of State Health Services.

    Students are not required to disclose his/her Hepatitis C infection status to anyone in the educational system. No information regarding a student's Hepatitis C status will be divulged to any individual without informed, written, signed, and dated consent. All health records will be kept under lock and key. Information regarding Hepatitis C status will not be added to a student's permanent educational or health record without written consent.

4. Documentation of Bloodborne Pathogens for School Staff training will be maintained in the Special Programs Coordinator's office. Each campus should also retain documentation of training.

5. All students with a communicable disease will have an Individualized Healthcare Plan created by a district Registered Nurse.

Granbury Independent School District Procedures

for Students with HIV/AIDS Infection

6. All staff must use universal precautions as outlined in **Texas Guide to School Health Programs** manual:

    - Gloves will be kept in classrooms and used when having direct skin contact with body fluids
    - All contaminated supplies will be placed into plastic bags and sealed
    - Used needles, syringes, and other sharp objects will be disposed of in a Sharps container
    - Accidental exposure to blood, body product, or body fluids should be washed with soap and water, reported and documented as outlined in the recommendations by the Centers for Disease Control and Prevention

7. Any student with HIV/AIDS infection has the same right to attend school and have the same privileges for participation in any school sponsored activity.

    Students are not required to disclose his/her HIV/AIDS infection status to anyone in the educational system. No information regarding a student's HIV/AIDS status will be divulged to any individual without informed, written, signed, and dated consent. All health records will be kept under lock and key. Information regarding HIV/AIDS status will not be added to a student's permanent educational or health record without written consent.

8. The school Superintendent or the Superintendent's designee will immediately report any case of HIV/AIDS to the Texas Department of State Health Services. **TDSHS requires notification within one week.**

9. Documentation of Bloodborne Pathogens for School Staff training will be maintained in the Special Programs Coordinator's office. Each campus should also retain documentation of training.

10. All students with communicable disease will have an Individualized Healthcare Plan created by a district Registered Nurse.

Granbury Independent School District Procedures

for Students with Tuberculosis Infection

11. All staff must use universal precautions as outlined in **Texas Guide to School Health Programs** manual:

    - Gloves will be kept in classrooms and used when having direct skin contact with body fluids
    - All contaminated supplies will be placed into plastic bags and sealed
    - Used needles, syringes, and other sharp objects will be disposed of in a Sharps container
    - Accidental exposure to blood, body product, or body fluids should be washed with soap and water, reported and documented as outlined in the recommendations by the Centers for Disease Control and Prevention

12. The school Superintendent or the Superintendent's designee will immediately report any occurrence of latent tuberculin infection (LTBI) or TB disease to the Texas Department of State Health Services. **TDSHS requires notification within one work day.**

13. Any student with latent TB disease will have the same right to attend school and will have the same privileges for participation in any school-sponsored activity.

    No information regarding the student's TB status will be divulged to any individual without informed, written, signed, and dated consent. All health records will be kept under lock and key. Information regarding TB status will not be added to a student's permanent educational or health record without written consent.

14. In cases where known exposure to the TB disease has occurred and the district has notified the local or regional office of the Texas Department of State Health Services, the school district will then follow the guidance of the TDSHS.

15. All students with a communicable disease will have an Individualized Healthcare Plan created by a district Registered Nurse.

GRANBURY ISD
Helping Students Reach New Heights

GRANBURY INDEPENDENT SCHOOL DISTRICT
600 W. PEARL
GRANBURY, TX 76048

The purpose of standing orders is to standardize basic nursing care utilizing a physician's standing orders for treatments, and nursing protocols for use in specific medical situations.

Health Services staff will provide nursing care for specific situations in accordance with approved protocols and standing orders. Staff will also provide documentation indicating the assessment and treatment plan.

All standing orders will be reviewed and signed annually, and revised if indicated.

STANDING ORDERS FOR 2012-2013 AS FOLLOWS:

Hydrogen peroxide: prn topically for first aid or as an antiseptic per label instructions
Calamine lotion: prn topically for itching or rash per label instructions
Caladryl ointment: prn topically for itching or rash per label instructions
Caladryl clear lotion: prn topically for itching or rash per label instructions
Vaseline: prn topically for dry skin, chapped lips, or itching per label instructions
Neosporin: prn topically to broken skin to prevent infections per label instructions
First aid antiseptic: prn topically to broken skin to prevent infections per label instructions
Alcohol: topically prn to broken skin to prevent infections per label instructions
Anbesol: apply small amount to areas of soreness in mouth up to 4 times daily prn per label instructions
Burn gel: prn topically to minor burns or sunburns per label instructions
Chloraseptic throat spray: for sore throat or mouth prn per label instructions
Eucerin lotion: apply topically to areas of dry or itchy skin prn per label instructions
Clinical care dermal wound cleanser: apply to areas of broken skin to clean wound prn per label instructions
Aquaphor: apply topically to areas of dry or itchy skin prn per label instructions
Aloe vera gel: apply topically prn to burns or areas of skin irritation per label instructions
Sting relief swabs: apply topically prn to areas of insect bite or sting per label instructions
Glucose tablets: chew and swallow tablets as needed for hypoglycemia per label instructions
Hand sanitizer: apply locally to hands and lower arms prn per label instructions
Contact solution: rinse contacts prn per label instructions
Cough drops: allow to dissolve in mouth prn for cough per label instructions
Vitamin E cream: apply topically to dry skin, itchy skin, minor scrapes, or burns prn per label instructions
Ammonia inhalants: (smelling salts) per inhalation prn per label instructions

If your child has experienced an adverse reaction to any above mentioned treatments, please notify your campus school nurse.

EOC STAAR RESULTS

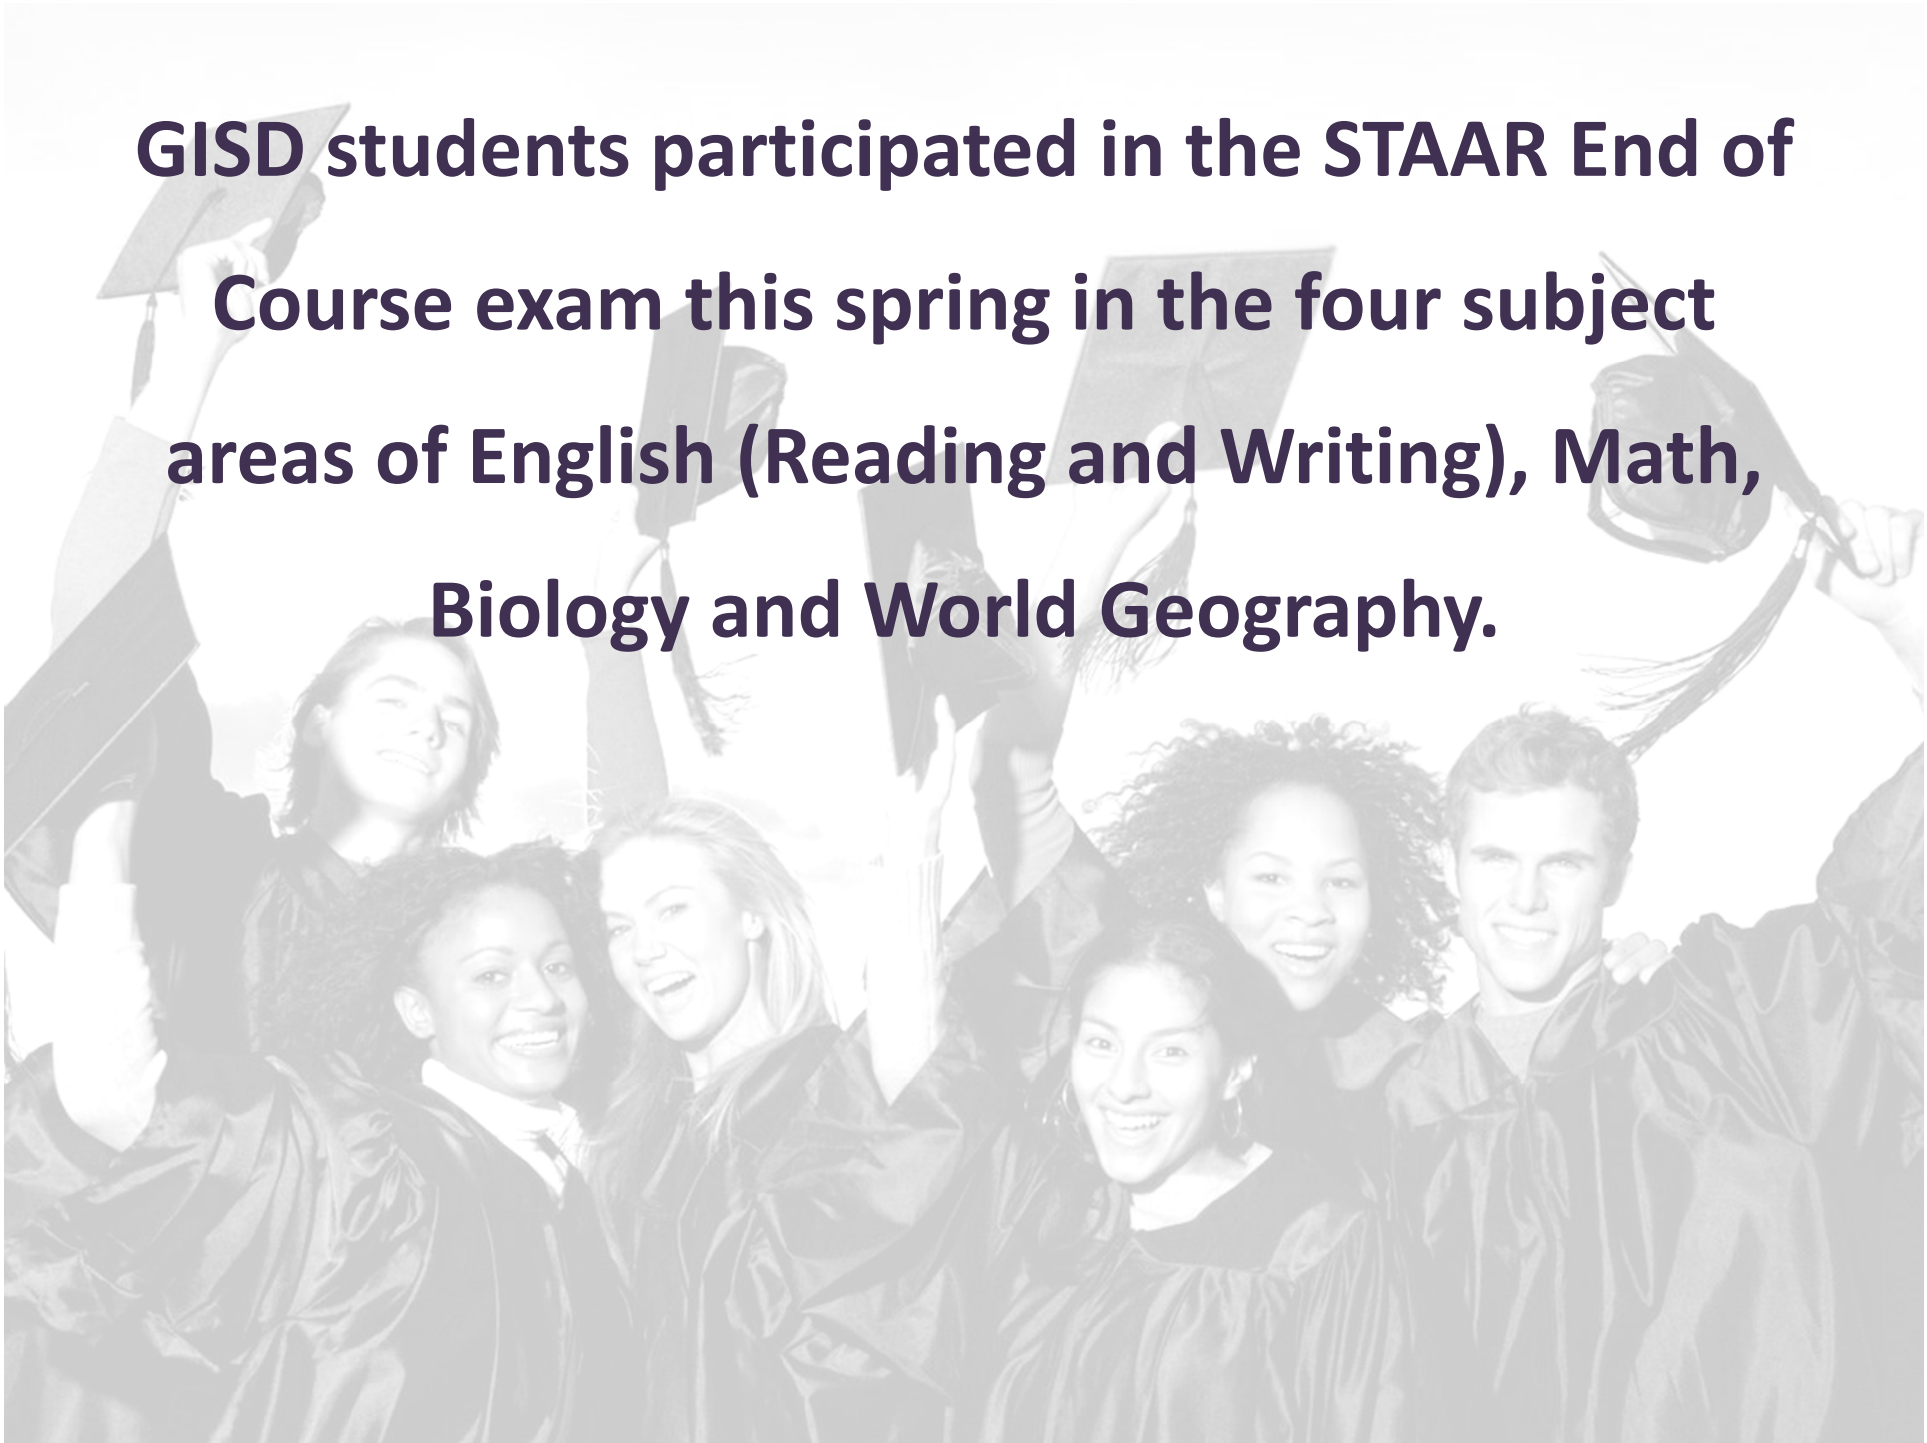

Granbury ISD

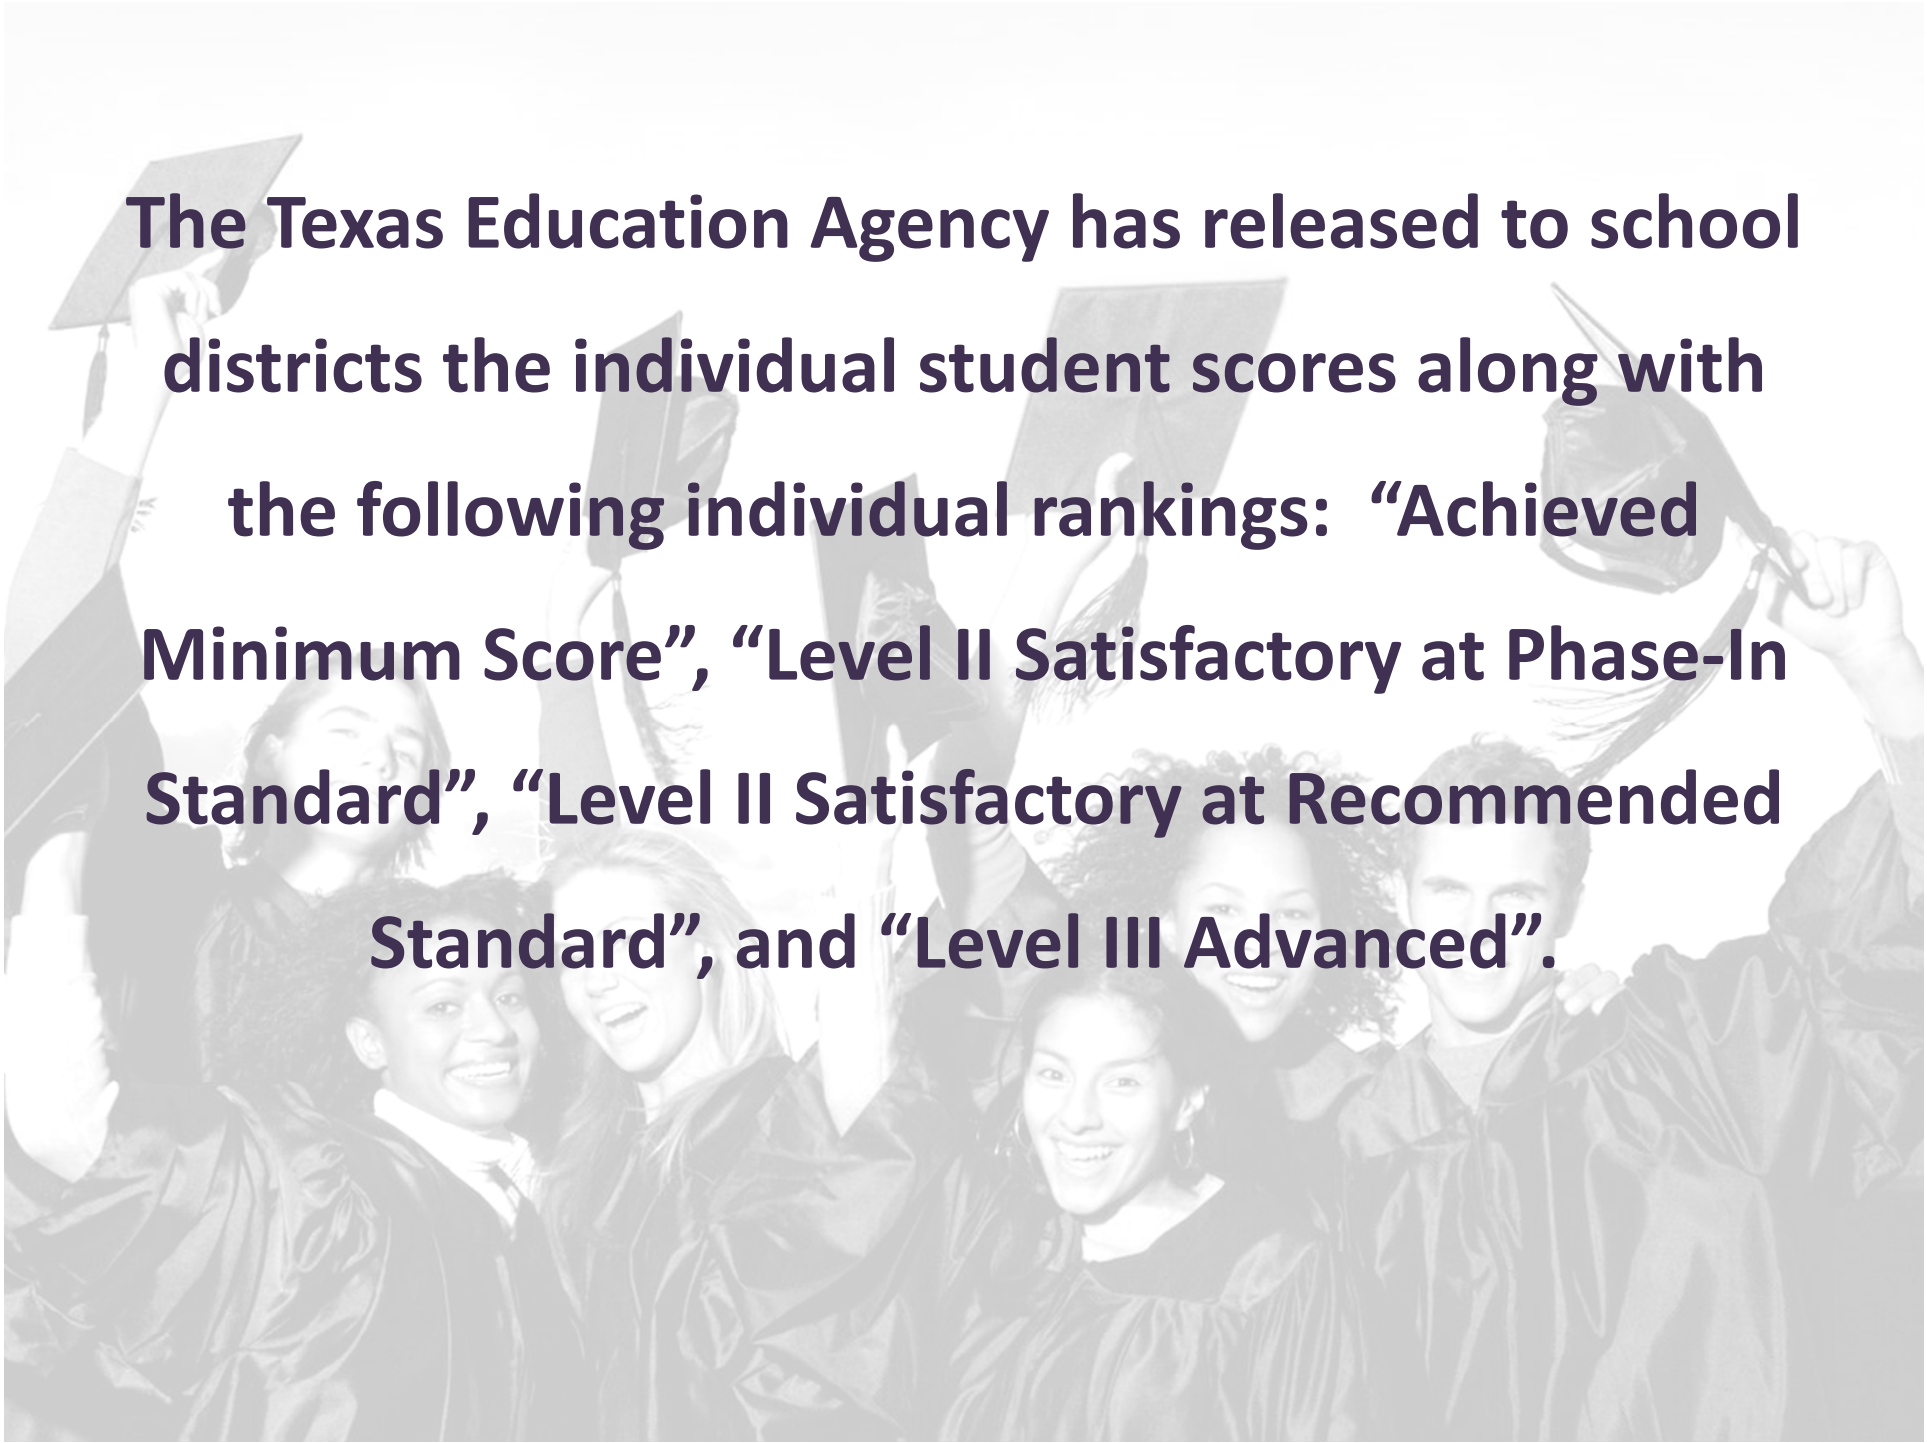

Crossland Ninth Grade Center

Carol Howard

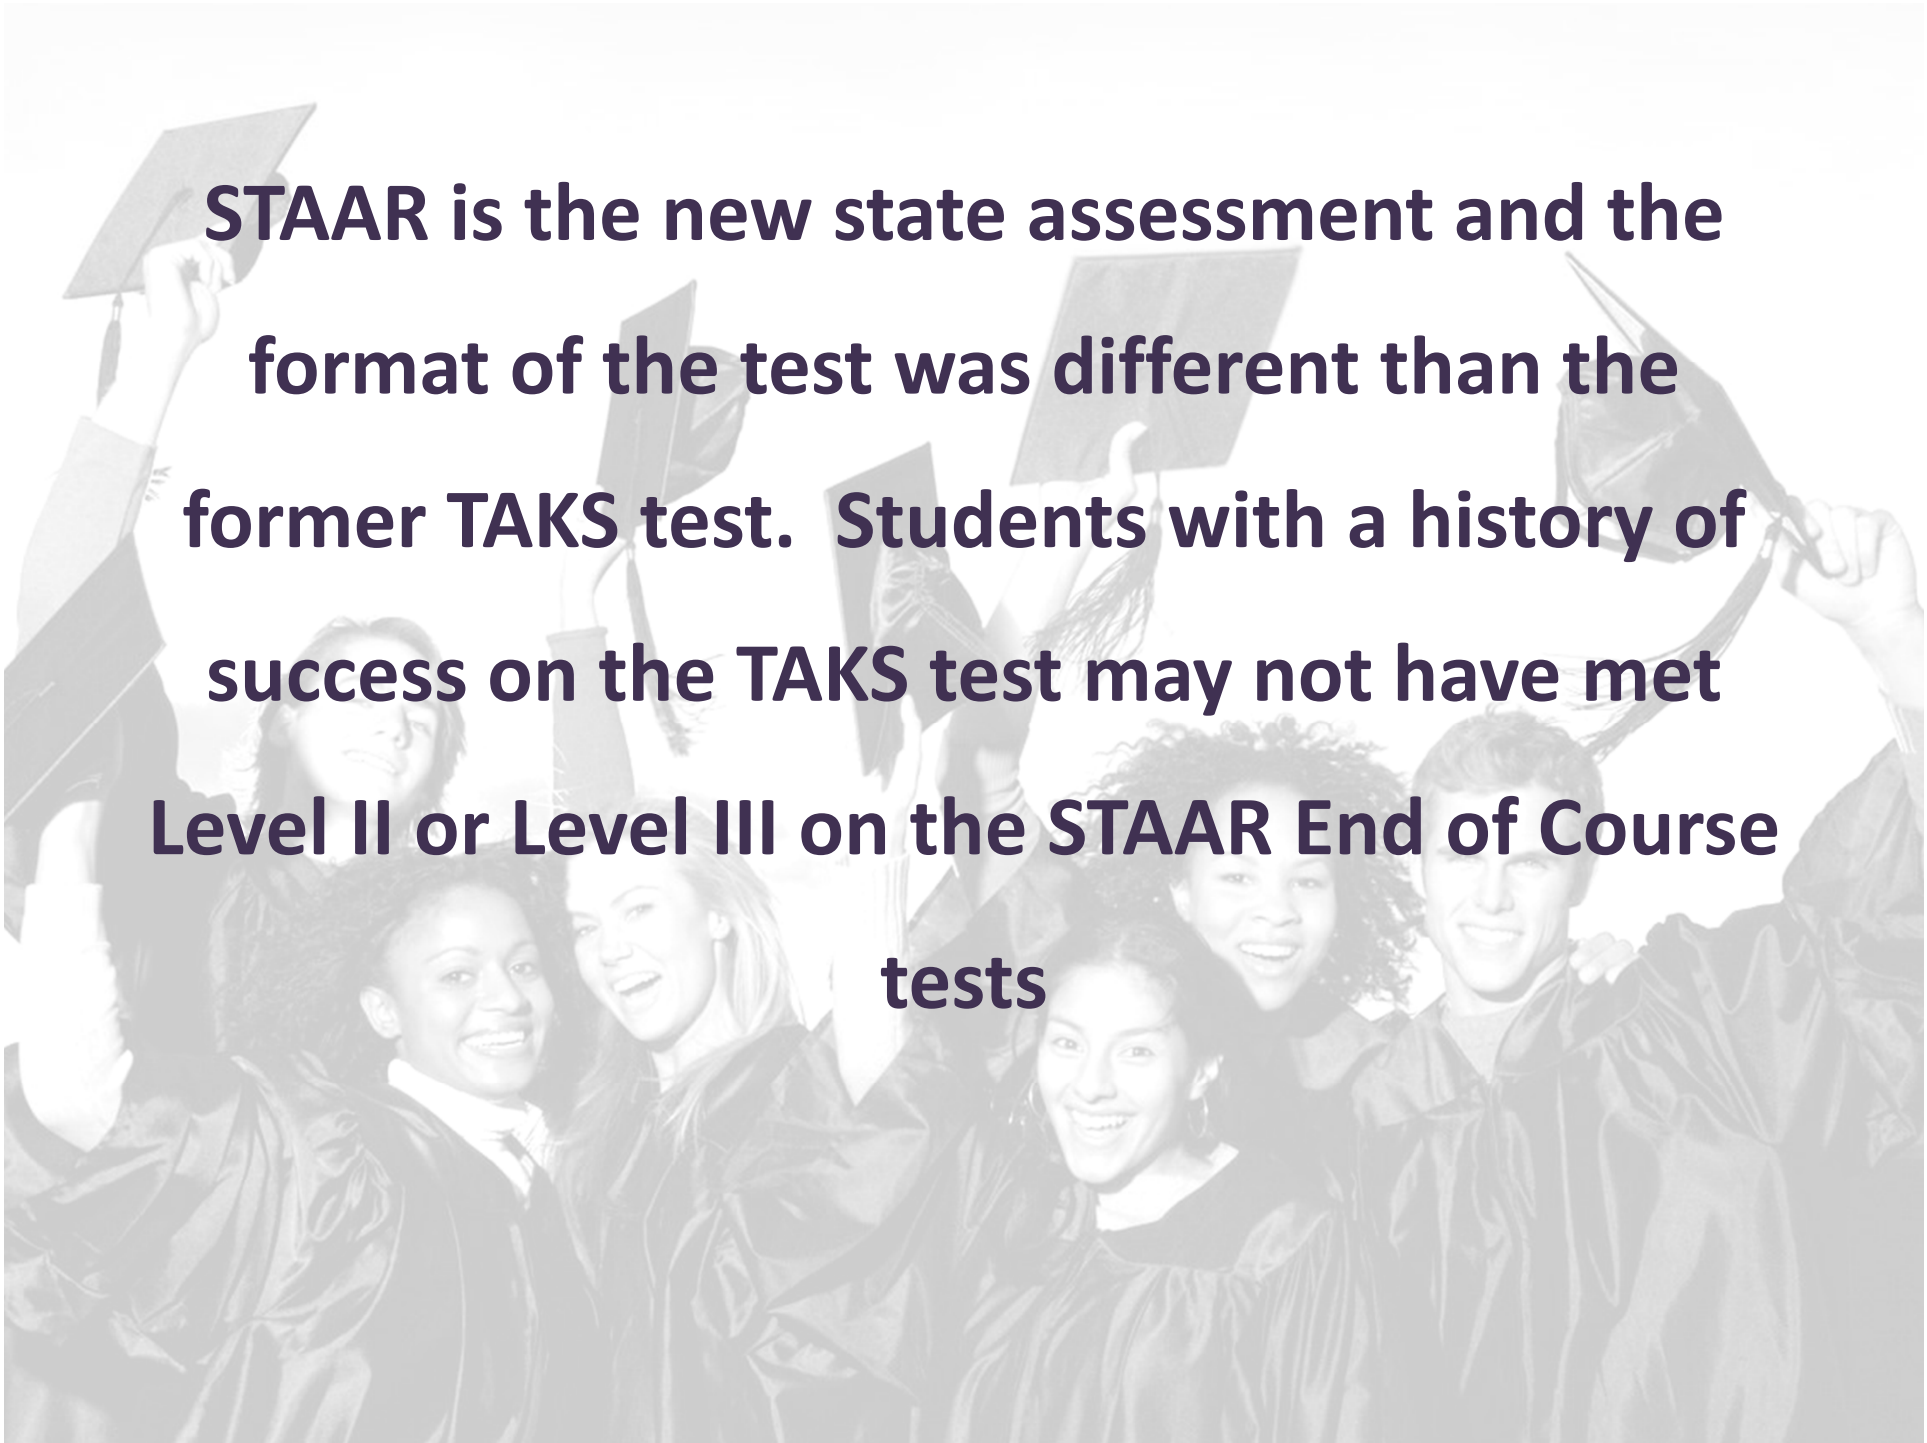

GISD students participated in the STAAR End of Course exam this spring in the four subject areas of English (Reading and Writing), Math, Biology and World Geography.

The Texas Education Agency has released to school districts the individual student scores along with the following individual rankings: "Achieved Minimum Score", "Level II Satisfactory at Phase-In Standard", "Level II Satisfactory at Recommended Standard", and "Level III Advanced".

STAAR is the new state assessment and the format of the test was different than the former TAKS test. Students with a history of success on the TAKS test may not have met Level II or Level III on the STAAR End of Course tests

Granbury ISD is committed to supporting our students to help them succeed in their graduation requirements

TEA
TEXAS EDUCATION AGENCY

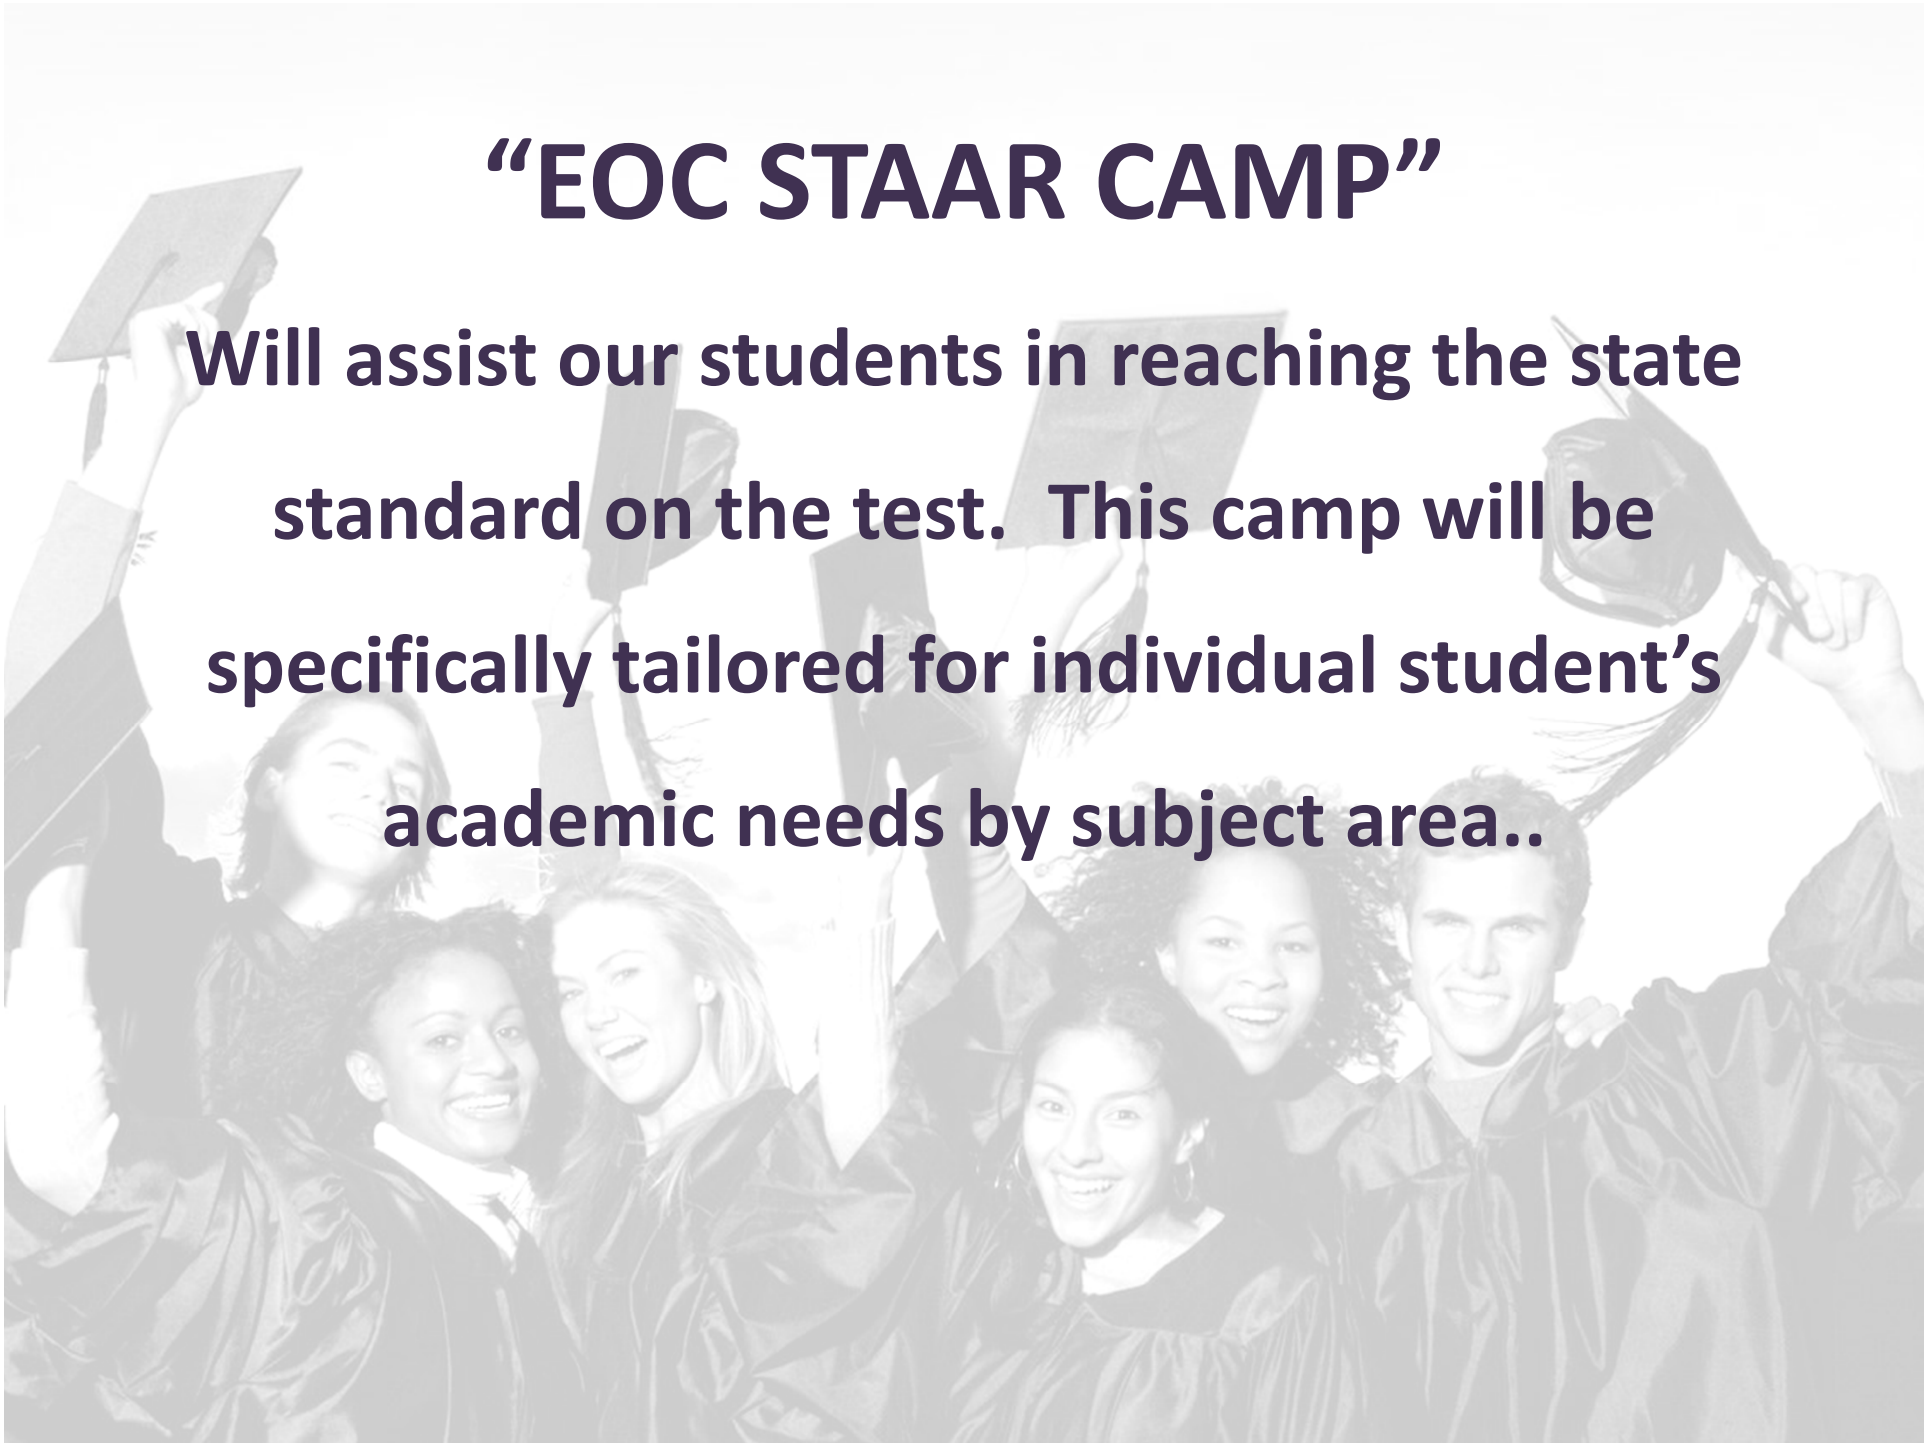

Graduation Flowchart for Students Receiving Special Education Services Who Entered Grade 9 in 2011–2012 (and thereafter)

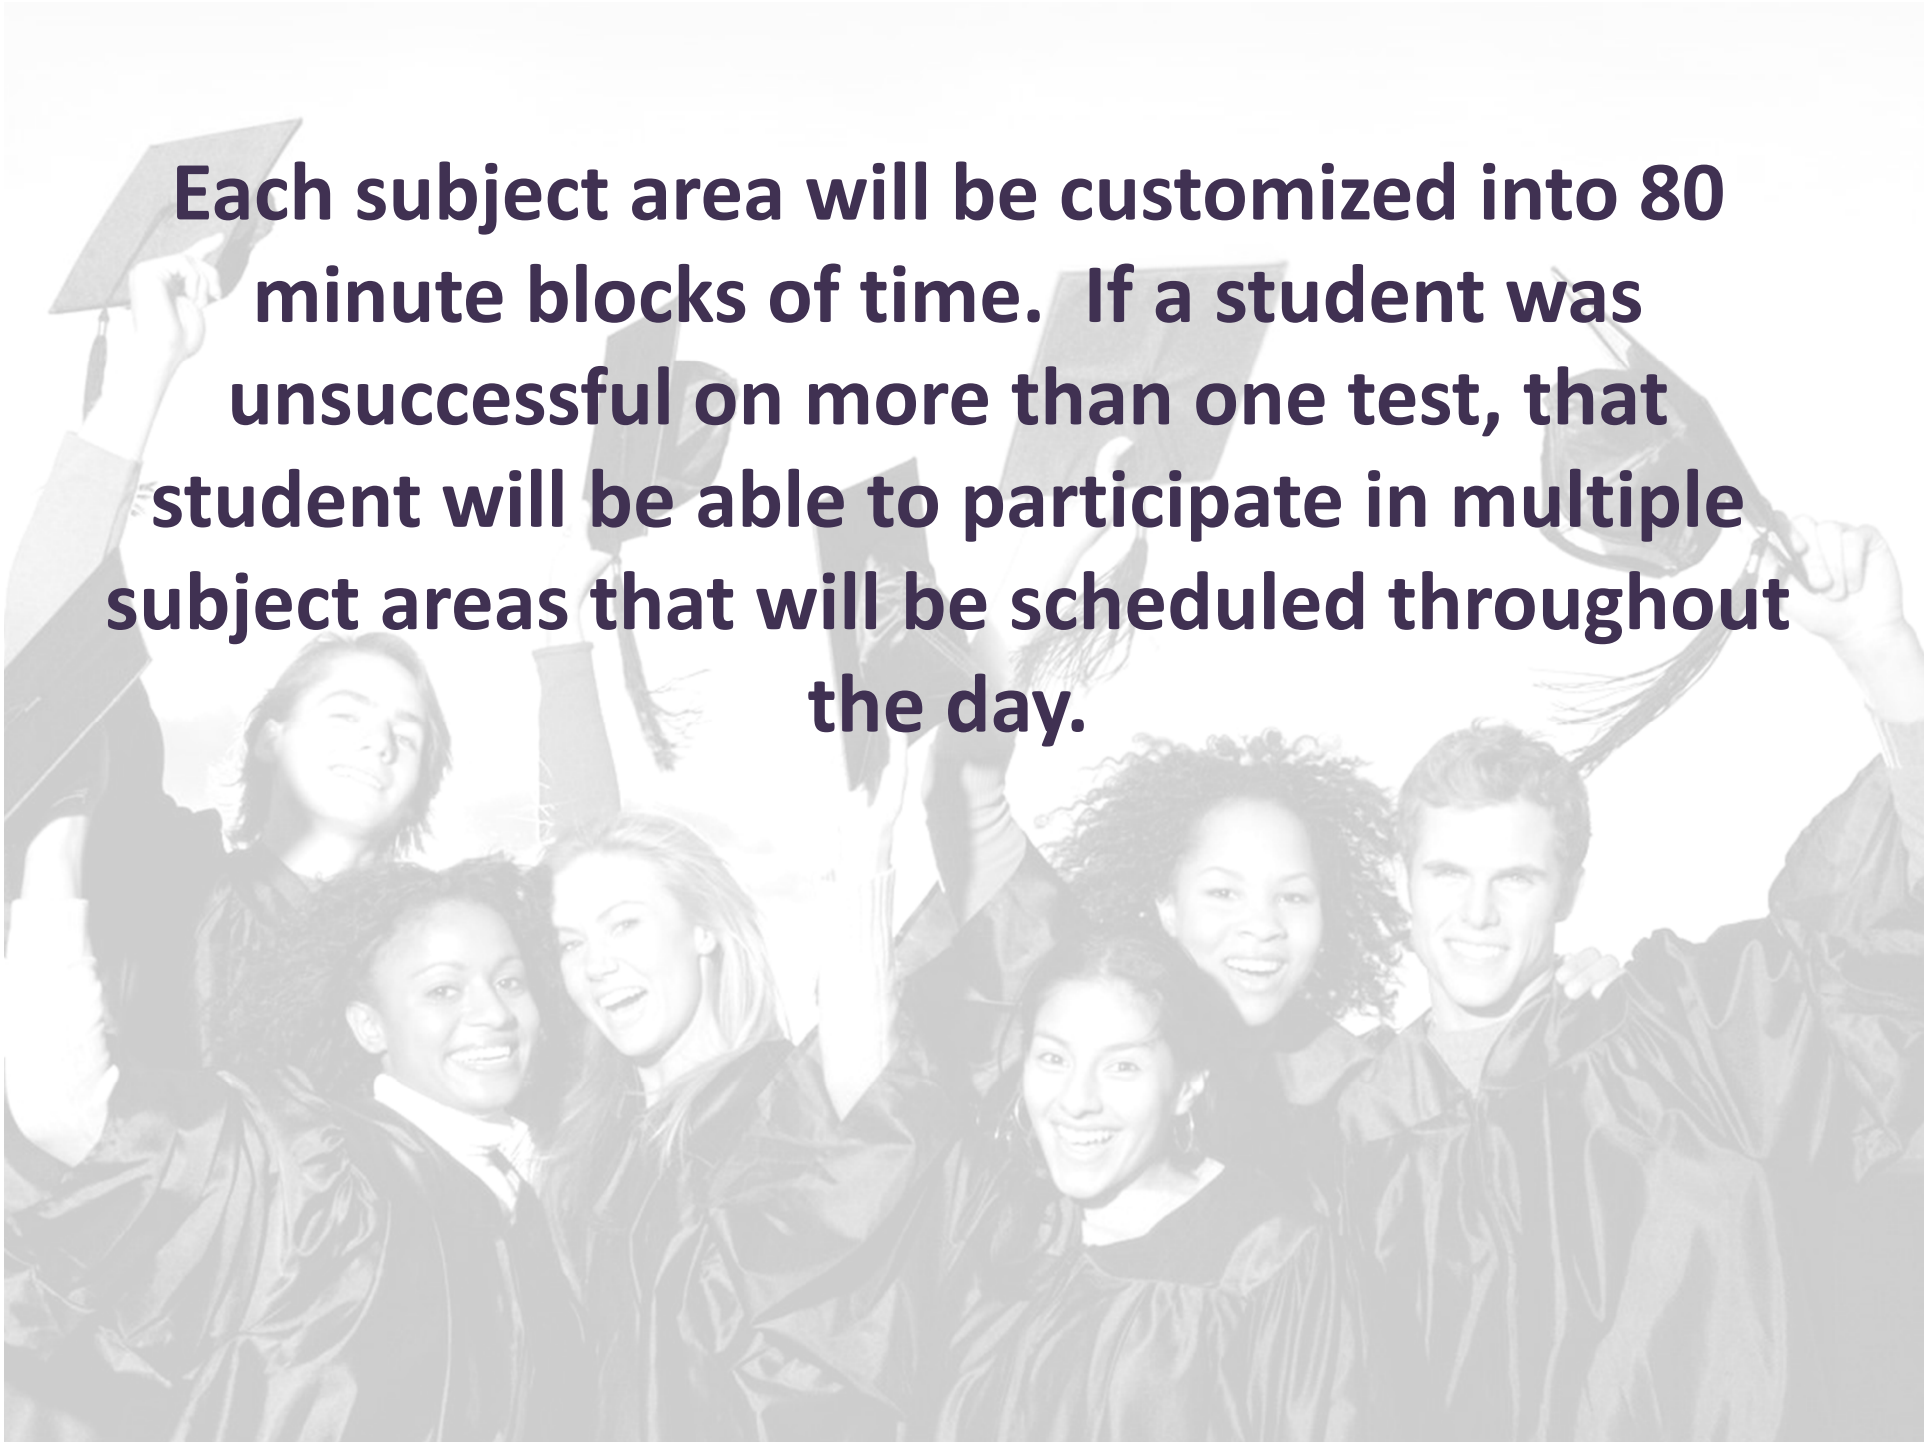

Posted December 2011

“EOC STAAR CAMP”

Will assist our students in reaching the state standard on the test. This camp will be specifically tailored for individual student’s academic needs by subject area..

Each subject area will be customized into 80 minute blocks of time. If a student was unsuccessful on more than one test, that student will be able to participate in multiple subject areas that will be scheduled throughout the day.

Offering the camp in June will allow your student to focus on his or her academic areas of need without distractions

“EOC Blitz”

A refresher two day course will also be offered July 2nd and 3rd immediately prior to the retest of End of Course exams in the second week of July. Students who did not reach a Level I Satisfactory on all EOC exams in each subject area are required to retake the exam until they reach a satisfactory level. Similar to the TAKS Exit Level testing schedule, the End of Course exams will be offered in July, in November, and in the spring of each year.

Our GISD staff will have specific and individualized academic activities designed to assist your student with the state requirements to demonstrate mastery in each subject test, so we are encouraging all of our students to attend these opportunities.

The “EOC STAAR CAMP” and “EOC Blitz” is optional and not a requirement for your student.

GISD Transportation and lunch will be available as a convenience for our students and will drop students off at CNC at 7:30 AM and will pick up students at 2:30 PM

GISD Student Goal
