This amendment reduces funds previously received from the Granbury Education Foundation for the mural at Mambrino. Per the agreement with GEF, any funds remaining were to be used for the marquee. RE: Building Materials & Supplies CSP 2013-18 Renewal

SUMMARY:

Building materials and supplies for the district are purchased on an as needed basis. A proposal was let to provide vendors for building materials and supplies with an initial one year contract period with the option to renew for two additional one-year terms if agreed to by all parties. Initial vendor responses were received on May 28, 2013. The current term will expire on July 31, 2014. This will be the first renewal option.

A summation of the original process and outcome as well as a copy of the original tabulation is attached for your review.

The competitive sealed proposal allowed for an auto renewal unless either party notified the other within 90 days of the end of the then current term. Brunswick Door Company has informed the district they do not want to renew. Mr. Randy Leach, Facilities Director, has reviewed the options and the following is his recommendation.

Anticipated annual expenditure is $25,000 to $40,000 based on expense for the past three years.

RE: Exclusive Broadcasting of GISD Athletic Events CSP 2013-21 Renew

SUMMARY:

On May 28, 2013, a proposal was let to provide exclusive broadcasting rights of GISD Athletic Events. The original term was for the 2013-2014 school year with the option to renew, for the 2014-2015 and 2015-2016 school years, if agreed to in writing by both parties. This extension will be the first renewal option available under contract 2013-21.

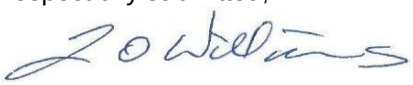

Granbury Public Television and its parent company, the City of Granbury, were awarded these services by the Board of Trustees at the June 10, 2013 Board of Trustees meeting.

We have received the intention to renew the current contract by the City of Granbury. There will be no cost to the district for these services.

RECOMMENDATION:

It is recommended that the Board of Trustees approve the renewal of this contract for the period of September 1, 2014 through August 31, 2015.

RE: Proposed Tax Rates to be Published in the "Notice of Public Meeting to Discuss Budget and Proposed Tax Rate".

SUMMARY:

As part of the budget and tax rate adoption process the District must hold a public meeting to accept public input before the adoption of the final budget and tax rates. Prior to this meeting the District must publish notice in a local newspaper at least 10 but not more than 30 days before the public meeting in strict accordance with Texas Education Code section 44.004.

Guidance from the Texas Association of School Boards (TASB) – Legal Services indicates that school boards should review available dates that comply with required "Notice" time frames. TASB also says the Texas Comptroller's Truth-in-Taxation Website indicates that the proposed tax rates that will be published in the "Notice" should be adopted by the school board as an action item at a board meeting. Lastly, TASB – Legal Services indicates that although Board action on the proposed tax rates to be published in the "Notice" is not required by statute, it is recommended as best practice.

August 25, 2014 is the scheduled board meeting date to adopt the budget and tax rates. In accordance with Texas Education Code 44.004, August 9, 2014 is the proposed date to publish the "Notice" in the local newspaper. The proposed tax rates to be published in the "Notice" are as follows:

M&O Tax Rate:	$1.04 per $100 of valuation
I&S Tax Rate:	0.24 per $100 of valuation
Total Tax Rate:	$1.24 per $100 of valuation

Based on preliminary property value estimates and budgetary needs for the 2014-15 school year the above proposed tax rates will generate sufficient revenues. The proposed M&O tax rate of $1.04 is the same as it has been for the last several years. The proposed Debt Service (I&S) tax rate of $0.24 is higher than last year's rate of$0.105 due to the passage of the bond package last November but it is in line with projections established by the District's financial advisor, BOSC, Inc.

RECOMMENDATION:

It is recommended that the proposed tax rates be approved for publication on August 9, 2014 in the local newspaper in accordance with Texas Education Code 44.004.

RE: Agreement for the Purchase of Attendance Credits

SUMMARY:

The purpose of this agreement is to enable the district to reduce its wealth per weighted student to a level that is not greater than the equalized wealth level as determined by the commissioner of education in accordance with Section 41.002, Education Code.

The voters approved this agreement as one of the methods in which GISD can reduce its wealth per student as required by Chapter 41 of the Texas Education Code. GISD has entered into this agreement each year since the Chapter 41 determination and filed in such a time as the early credit was applicable.

After reviewing the options available, this option is the most viable for GISD. In order to take advantage of the Early Agreement Credit, the attached agreement must be adopted and submitted to TEA by September 1, 2014.

RECOMMENDATION:

It is recommended that GISD enter into the attached Agreement for the Purchase of Attendance Credits with the Texas Education Agency for the 2014-15 school year.

RE: Region 10 Child Nutrition Cooperative Purchasing Program

SUMMARY:

One of the purchasing options available to school districts is an interlocal agreement as defined in Government Code 791 and Texas Education Code 44.031. There are many advantages to using an interlocal agreement, including time savings and cost savings through the increased buying power of an interlocal contract.

To meet the needs of the district child nutrition program, Linda Williams, Director of Support Services, recommends Granbury ISD join the Multi-Regional Child Nutrition Cooperative Purchasing Program administered by the Region 10 Service Center. All contracts available under this cooperative have been through a formal competitive process. These contracts will be used for the purchase of food, commodities and related items for the 2014-2015 school term.

Participation cost is based on enrollment using the 2013-2014 attendance data. School districts with an enrollment greater than 1,389 are charged $0.18 per enrollment with a maximum fee of $7,000. Based on the 2013-14 PEIMS snapshot of 6658, the cost for Granbury ISD to participate will be $1,198.44.

The term of the interagency agreement will be from Board approval through June 30, 2015.

CURRICULUM AND INSTRUCTION

TO: Dr. James Largent, Superintendent

FROM: Sharon Williams
DATE: July 8, 2013
RE: Accelerated Instruction Timeline Waiver

SUMMARY:

To ensure that all students receive the instruction and support they need to be academically successful in mathematics and reading, House Bill 3 includes an accelerated instruction provision in the Student Success Initiative (SSI). This provision requires districts and charter schools to provide accelerated instruction to students in grades 5 and 8 who do not demonstrate proficiency on the State Assessments of Academic Readiness (STAAR) in reading and/or mathematics tests. This accelerated instruction must occur after each administration of the test, **including the third administration**.

To assist districts and charter schools in meeting the accelerated instruction provision after the third administration of the test, the agency is allowing districts and charter schools to apply for an expedited waiver to adjust the timeline for providing accelerated instruction to students who fail the third administration. Approval of the waiver would allow districts and charter schools to promote or place these students in the subsequent grade during the first six weeks of the school year prior to the completion of the accelerated instruction.

RECOMMENDATION:

It is recommended that the Accelerated Instruction Timeline Waiver be approved.

Respectfully submitted,

Sharon Williams

SUMMARY:
Changes to the Code of Conduct come from TASB.

Revisions for the 2014–15 School Year. When reviewing the district's Student Code of Conduct for the 2014–15 school year, districts that accept interdistrict transfers and permit mid-year revocations of transfer agreements based on student misconduct will need to adjust this text in their codes of conduct. [See *Revoking Transfers* under *School District Authority and Jurisdiction*] A recent Commissioner of Education decision concluded that the Education Code does not grant a district authority to revoke a transfer mid-year except for nonpayment of tuition. Therefore, TASB Policy Service recommends deletion of the section on revoking transfers from the district's Student Code of Conduct. Additionally, policy recommendations to address this topic in FDA(LOCAL) will be issued to districts in Update 100 later this summer.

GISD 2013 Student Code of Conduct states:
Revoking Transfers
The district has the right to revoke the transfer of a nonresident student for violating the district's Code.

We will delete this paragraph from our Student Code of Conduct at this time. The Code of Conduct is located in the 2014-2015 Student Handbook.

		RE:	**Policy EIC Local**

SUMMARY:

Moving to the Foundation Program from the 4x4 Graduation Plan has inspired some necessary changes to our current Class Rank and GPA system. In our current system, students chase weighted points rather than take the courses that they need to prepare for post-secondary opportunities. Additionally, our students' GPAs are inflated because of the current system that applies 6 points to a 4- point scale.

We were charged with a updating the system to do the following:

- **Incentivize the collection of *endorsements* rather than the collection of GPA points.**
- **Incentivize "fidelity to a program," which, in the eyes of post-secondary recruiters, is one of the highest indicators of collegiate success.**
- **Create a level baseline for which all students may have an equal opportunity to gain highest academic honors.**
- **Appropriately reward students who continue to pursue our highest rigor academic core courses.**
- **Provide our students with a GPA that is more reasonably aligned with the state (and with what colleges and universities expect).**

The attached changes have been scrutinized by a teacher committee, parents, and students (especially recent graduates) who have provided input into this process.

Please note that this policy change, if approved, will need to run concurrently with the current system until the Class of 2017 graduates.

GRANBURY ISD
TECHNOLOGY DEPARTMENT

TO: Dr. James Largent, Superintendent	**FROM**: Amy Wood **RE**: Furniture

SUMMARY:

The first phase of the bond purchases for technology include model classroom technology purchases for classrooms in PK-8. These items include a Smartboard, Document Camera, Classroom Audio, projector, and teacher station. With the addition of this equipment, a secure place to store and a place to present are vital. As we move throughout the classrooms, this was not available.

After site visits, teacher and student evaluation, and principal input, presentation stations were chosen. These stations are well equipped to store and utilize the technology being installed now and they lock to secure the items for the classrooms in the future.

A full-size, two-tier cart will be installed in grades 6-8 and a smaller footprint of the same cart will be in grades PK-5. This is to accommodate the size of the classroom.

RECOMMENDATION:

It is recommended that the above purchases be made with appropriate vendors in the best interest of the District.

Granbury Independent School District Board of Trustees:

The Public Funds Investment Act (Texas Government Code Chapter 2256, Subchapter A) requires the investment officer of each local government to submit to its governing body a report, not less than quarterly, of investment transactions.

The **Portfolio Summary Report** identifies all areas that are required to be reported to the governing body. The report summarizes the information for all six groups of funds for which the District invests funds. The report shows that all six funds are being invested at a rate similar to the average benchmark yield. The benchmark used is the 90-day T-Bill.

The total book value of investments held by the District on May 31, 2014 was $117,734,421 when the accrued interest is added. The Building Fund holds the majority of the investments as a result of selling the bonds.

The District invested in pools, interest-bearing checking accounts, and CDs during the last quarter. The yield between the pools and the interest-bearing checking accounts is consistent with that of individual Treasuries and Agencies. Term investments were researched and will be purchased as feasible. Funds will be reallocated to take advantage of the higher yield associated with the long-term investments as opportunities become available. Bond funds and options related to those were researched and were invested during the month of March to maximize earnings with safety the primary goal. CDARS was the program approved and pursued.

Throughout most of last quarter, LOGIC maintained higher yields than TexPool, TexasTerm Daily and TASB-Lone Star. However, the TexasTerm CD Program's yield is an attractive investment option. The interest yield on the checking accounts is more than the 90 day t-bill. The depository agreement entered into effective 9/1/11 realizes a floating interest rate depending on 90-day t-bill adjusted quarterly and will allow for a more competitive rate when the interest rate market increases. At this point, the minimum paid is .20% no matter what the 90 day t-bill is doing. Further, the depository has set up an investment account that maintains a rate consistent with TexPool's prior month average yield adjusted monthly, also limited to a minimum .20%. This rate is higher than the funds, however, due to collateral being limited to $6,000,000 for all accounts held by bank, this account had been limited in its use. Additional collateral has been pledged that will allow up to $6,500,000 more for use as investments at the depository and movement of investments in and out of the depository. Funds are invested in the pools, CDARS, and the bank depending on the needs of the individual funds, diversity issues, and collateral available.

Funds are invested to yield the highest return and security at the time of investment or withdrawal. The information presented above and the attached are submitted to you as the quarterly report of investment transactions for Granbury Independent School District.
