RE: Budget Amendments

SUMMARY:

Attached are the monthly budget amendments for Board approval. In addition to the "narrative" style budget amendment document that has been presented in the past I have included new budget amendment documents that I am proposing we use moving forward. The new budget amendment documents are in an "accounting" format consisting of 2 pages that should give a better picture of how budget amendments will impact the overall general fund budget. The first page is the budget amendment for the current period and will indicate any increases to revenue as well as increases/decreases to each function and finally, the overall net effect of the amendment totals to the budget. For convenience, the budget amendments that will generate new revenue (i.e. campus book fairs, etc.) or are the result of donations made to GISD, have been highlighted in green so that the board may recognize these donations and efforts if they so choose. The second page is simply a summary and will indicate how the current amendment will impact the overall general fund budget as well as how previous amendments have impacted the budget.

RECOMMENDATION:

I recommend the Board approve the amendments as presented.

Dobie Williams
Assistant Superintendent for Finance and Operations

RE: Region 10 Child Nutrition Cooperative Purchasing Program

SUMMARY:

One of the purchasing options available to school districts is an interlocal agreement as defined in Government Code 791 and Texas Education Code 44.031. There are many advantages to using an interlocal agreement, including time savings and cost savings through the increased buying power of an interlocal contract.

To meet the needs of the district child nutrition program, Linda Williams, Director of Support Services, recommends Granbury ISD participate in the Multi-Regional Child Nutrition Cooperative Purchasing Program administered by the Region 10 Service Center. All contracts available under this cooperative have been through a formal competitive process. These contracts will be used for the purchase of food, commodities and related items for the 2015-2016 school year.

Participation cost is based on enrollment data. School districts with an enrollment greater than 1,389 are charged $0.18 per enrollment with a maximum fee of $7,000. Based on the 2014-15 enrollment data of 6658, the cost for Granbury ISD to participate will be $1,236.60.

The term of the interagency agreement will be from July 1, 2015 through June 30, 2016

GRANBURY ISD
TECHNOLOGY DEPARTMENT

TO: Dr. James Largent, Superintendent	**FROM**: Amy Wood **DATE**: May 1, 2015 **RE**: Technology Bond Purchases

SUMMARY:

Board Policy CH(LOCAL) requires board approval on purchases in excess of $50,000. The policy states "The Board delegates to the Superintendent or designee the authority to make budgeted purchases for goods or services. However, any single, budgeted purchase of goods or services that costs $50,000 or more, regardless of whether the goods or services are competitively purchased, shall require Board approval before a transaction may take place"**.**

Technology purchases are all purchased using DIR and TCPN contracts or other interlocal agreements the District has entered into. DIR and TCPN award contracts via an approved purchasing method. GISD is able to purchase directly from their contracts without going through the formal bid process. GISD uses these resources to gather quotes for purchasing decisions at the time of the purchase. The following purchases are planned to occur prior to August 31, 2015 by the technology department. These purchases include funds allocated to the technology department through the bond. Since these purchases could exceed the $50,000 amount, they need to be approved by the Board.

Classroom Technology Expenditures for PK-8 Campuses:
Mobile Devices for Classrooms
Mobile Labs

Classroom Technology Expenditures for GHS Renovations opening August 2015:
Classroom Audio
Document Cameras
Projectors
Classroom Teacher Stations

Infrastructure Items for GHS Renovations opening August 2015:
Access Points
Switches
Necessary components such as cables, fiber trays, etc.
Mobile Device Management

Total for all items not to exceed $3,700,000.

All purchases are with bond money.

RECOMMENDATION:

It is recommended that the above purchases be made with appropriate vendors in the best interest of the District.

Granbury Teachers Excellence Initiative (GTEI)

Interested teachers must submit the completed GTEI letter of intent form prior to the deadline. The first applications must be submitted by October 1, 2015. (Dates will be adjusted after the program is initiated).

Baseline requirements

- Eligible employees must be a certified classroom teacher evaluated through the PDAS system.
- Teachers must be in at least their 2nd consecutive year in GISD and must meet the PDAS requirements in order to be considered for the GTEI.
- In order to meet baseline qualifications for the GTEI, the teacher must meet **attendance** and **PDAS** requirements.

***Attendance requirements** are as follows:

- 99% attendance (2 or less days absent out of 187) would qualify a teacher for 100% of the incentive increase.
- 98% attendance (4 or less days absent out of 187) would qualify a teacher for 75% of the incentive increase.
- 97% attendance (6 or less days absent out of 187) would qualify a teacher for 50% of the incentive increase.

*The reason attendance is included in this plan is that research shows a direct correlation between teacher attendance and student success and progress. Also, substitute costs continue to increase and part of the way to fund this plan is with reduced costs in this area. Due to all the possible reasons for absences, there would be no exceptions to this requirement. If a teacher does not meet the attendance requirement one year, they would have another opportunity to qualify the following year.

PDAS requirement:

- Teachers must be **proficient or above in all areas** of their **PDAS** evaluation in order to qualify to apply for and to receive the GTEI.

Portfolio Requirements

For those teachers who meet the baseline requirements, data, artifacts, and other supporting documents must be submitted as part of a portfolio for each of the three areas below. The deadline for submitting the portfolio will be included in the GTEI letter of intent form.

1) **Professional Development/Collaboration** (A minimum of **30 documented hours** of additional training or professional development is required to meet the requirement for this section. All professional development must be pre-approved by the campus principal, not be part of the teacher's normal teaching requirements, and any costs shall be paid for by the teacher)

   Examples of artifacts to show mastery in this area:

   - Professional development in teacher's subject or grade level, voluntary PLC meetings, PD360 hours, etc.

In addition to the professional development above, each of the following examples could count for up to 6 hours toward meeting the 30 hour requirement.

- Obtaining additional teaching certifications
- Master's/Doctorate degree programs in an education-related field
- Serving as a mentor teacher
- Supervising a student teacher
- Grade level trainers in technology
- Trainer of trainers in other areas (and not being compensated)
- Having a PBL project vetted and added to the GISD curriculum

2) **Student Experience/Campus Culture** (A minimum of 30 hours should be documented to meet the requirements for this section, with a maximum of 12 hours in any one area)

   Examples of artifacts to show mastery in this area:

   - Committee involvement (voluntary campus or district committees)
   - Student and/or parent survey results showing positive feedback
   - Grade level department creations, new initiatives, etc.
   - Apply for and receive an outside grant that benefits your classroom and school.
   - Attendance at school activities, games, concerts, family nights, etc. (not required as part of job)

3) **<u>Student Achievement/Enrichment</u>** (Teachers will present data and artifacts to show student progress, growth, and success in the classrooms they serve)

Examples of data or artifacts to show mastery of this area:

- TPRI, DRA, TELPAS, I-station, STAAR, EOC, Common Assessments, universal screenings, AP exams, SAT/ACT success or other data showing student progress throughout the year.
- Success in contests such as UIL choir, band, or academic contests could also be used if a majority of students in the classroom participate in such contests or external evaluations.
- Other classroom activities and data such as jump rope club, Fitnessgram, Crossfit club, campus-wide musicals, science and history fair success, etc. could be used as artifacts for this section.

Other things to consider:

- The GTEI will begin with the 2015-16 school year.
- Teachers who meet the requirements for a salary increase will not see the increase until the following school year.
- **<u>Any increase will become part of their salary.</u>** It will not be taken away once they have earned it.
- The GTEI is also a retention strategy to retain staff. Teachers who do not return to GISD the following year will not receive any monetary benefit from meeting the requirements of the program.
- The actual amount of any increase in salary will be determined by the GISD school board, based on funds available and the number of teachers who meet the requirements.
- It is the intent of this recommendation that teachers may have the opportunity to earn up to an additional $1,000 in addition to any normal yearly salary increase the board approves for all teachers.
- Teachers may begin earning hours that count toward the GTEI on the day after their contract ends for the previous school year. (Example: hours accumulated after June 3, 2015 would count toward the 2015-2016 school year)
- A team of administrators will review each portfolio to determine those who successfully met the requirements, documented the hours, provided appropriate data to show progress in the classroom and are eligible for the GTEI.
- This program will be reviewed each year and changes to requirements may be updated/changed as deemed necessary by the GISD board of trustees.
- This program is not guaranteed to continue from one year to the next, and it may be discontinued at any time.

Athletic Opportunities and Participation

- At the High School / Ninth Grade level, we offer 22 sports, 11 male sports and 11 female sports, as well as a Sports Medicine program where students can learn injury prevention, first aid, injury care, and injury rehabilitation, and manager opportunities that include sports statistics and audio visual.

- At the Middle School level, we offer 6 sports, 3 male sports and 3 female sports for both 7th and 8th graders.

- Our Sports Medicine department, with the help of Lake Granbury Medical Center, offers opportunities to all students to receive their athletic physicals. By conducting the physical examinations at the middle schools, we are able to accommodate the middle school students and their parents.

- There are approximately 1,730 student athletes in the Athletic Programs in grades 7th – 12th.

- The enrollment for grades 7th – 12th as of May 5th was 2,870.

Hosted Playoff Events

This year we have been fortunate to host multiple playoff events. The reception from the visiting schools have been wonderful. As our facilities continue to improve, we will be able to host more events.

We have hosted 4 football games, including 2 State Quarter-Final games. We have also hosted a softball Bi-District game and a baseball Bi-District series.

We have been requested to host more games however due to construction we were unable to host.

We try to not host any playoff games of sports when we are currently in the playoffs so that it does not interfere with our teams and athletes.

Some of the sports that have requested us to host playoffs that we have not been able to include basketball, soccer, and volleyball.

Community Education Department

Information

♦ Drug Testing

All students in grades 7th – 12th that are involved in any extra-curricular activity are on the Random Drug Testing list.

Parents can request their students be placed on the Voluntary Drug Test even if the student if not involved in any extra-curricular activities.

♦ Driver's Education

We offer Driver's Education classes to Granbury ISD students as well as students in other districts.

Currently we have two Driver's Education Instructors – Doug Barnett and Donny Wiley.

♦ Summer Camps

We offer a variety of summer camps during June, July, and August.

The Summer Camps offer children hands on sport specific skill training in a fun atmosphere.
