What is Schools FIRST?

The Schools FIRST (Financial Integrity Rating System of Texas), is a financial accountability system for Texas school districts developed by the Texas Education Agency in response to Senate Bill 875 of the 76th Texas Legislature in 1999. The primary goal of Schools FIRST is to achieve quality performance in the management of school district financial resources, a goal made more significant due to the complexity of accounting associated with the Texas school finance system.

Most recently, major changes to Schools FIRST were authorized by HB 5, Section 49 in the 83rd Texas Legislature regular session in 2013. These changes were implemented by the Texas Education Agency in August 2015 and are being phased-in over three years. During the phase-in period, the new Schools FIRST system has separate worksheets for rating years 2014-2015, 2015-2016, and 2016-2017 and subsequent years. The worksheet for rating year 2014-2015 contains only 7 indicators and the worksheets for rating years 2015-2016 and 2016-2017 will contain 15 indicators. Also, the worksheet for rating year 2016-2017 will require higher scores for select ratings compared to the worksheet for rating year 2015-2016.

In addition, the new Schools FIRST accountability rating system now assigns only two financial accountability ratings to Texas school districts; either "Pass" or "Substandard Achievement". To receive the "Pass" rating under the current system the district must have a score in the range 16 to 30 and the District must not answer "No" to Indicators 1, 2, 3 or 4.

The 2014-15 ratings are based on 2013-14 data and are published by TEA on their website in a document referred to as the District Status Detail. The 2014-15 Ratings Based on 2013-14 Data - District Status Detail is included in this report. The report contains each indicator and the result for the district.

Lastly, rules established by Title 19, TAC, Section 109.1005 also require this report to include summary financial disclosures pertaining to the superintendent and school board as well as a copy of the superintendent's current contract if it is not published on the District Website.

This information is being reported in the format recommended by the Texas Education Agency.

How Ratings are Assessed

Rating Worksheet

Preliminary ratings are released by Texas Education Agency every calendar year during the summer. The Commissioner's Rules for School FIRST are contained in Title 19, Texas Administrative Code, Chapter 109, Subchapter AA, Commissioner's Rules Concerning Financial Accountability Rating System.

The School FIRST Communications Kit was updated in August 2015 to include major changes in the Commissioner's Rule for School FIRST that were finalized in August 2015. The changes in the Commissioner's Rule were authorized by HB 5, Section 49, 83rd Texas Legislature, Regular Session, 2013. House Bill 5 amended Section 39.082 Texas Education Code to require the commissioner of education to include processes in the financial accountability rating system for anticipating the future financial solvency of each school district and open-enrollment charter school.

The changes to the School FIRST system implemented by the Texas Education Agency in August 2015 are being phased-in over three years. During the phase-in period, the new School FIRST system has separate worksheets for rating years 2014-2015, 2015-2016, and 2016-2017 and subsequent years.

The questions a school district must address in completing the worksheet used to assess its financial management system can be confusing to non-accountants. The following is a layman's explanation of what the questions mean—and what your district's answers can mean to its rating.

1. Was the complete annual financial report (AFR) and data submitted to the TEA within 30 days of the November 27 or January 28 deadline depending on the school district's fiscal year end date of June 30 or August 31, respectively?

A simple indicator. Was your Annual Financial Report filed by the deadline?

2. Was there an unmodified opinion in the AFR on the financial statements as a whole? (The American Institute of Certified Public Accountants (AICPA) defines unmodified opinion. The external independent auditor determines if there was an unmodified opinion.)?

A "modified" version of the auditor's opinion in your annual audit report means that you need to correct some of your reporting or financial controls. A district's goal, therefore, is to receive an "unmodified opinion" on its Annual Financial Report. This is a simple "Yes" or "No" indicator.

3. Was the school district in compliance with the payment terms of all debt agreements at fiscal year end? (If the school district was in default in a prior fiscal year, an exemption applies in following years if the school district is current on its forbearance or payment plan with the lender and the payments are made on schedule for the fiscal year being rated. Also exempted

are technical defaults that are not related to monetary defaults. A technical default is a failure to uphold the terms of a debt covenant, contract, or master promissory note even though payments to the lender, trust, or sinking fund are current. A debt agreement is a legal agreement between a debtor (person, company, etc. that owes money) and their creditors, which includes a plan for paying back the debt.)

This indicator seeks to make certain that your district has paid your bills/obligations on financing arrangements to pay for school construction, school buses, photocopiers, etc.

4. Was the total unrestricted net asset balance (Net of the accretion of interest for capital appreciation bonds) in the governmental activities column in the Statement of Net Assets greater than zero? (If the school district's change of students in membership over 5 years was 10 percent or more, then the school district passes this indicator.)?

This indicator simply asks, "Did the district's total assets exceed the total amount of liabilities (according to the very first financial statement in the annual audit report)?" Fortunately this indicator recognizes that high-growth districts incur large amounts of debt to fund construction, and that total debt may exceed the total amount of assets under certain scenarios.

5. Was the school district's administrative cost ratio equal to or less than the threshold ratio

This indicator measures the percentage of their budget that Texas school districts spent on administration. Did you exceed the cap in School FIRST for districts of your size?

6. Did the comparison of Public Education Information Management System (PEIMS) data to like information in the school district's AFR result in a total variance of less than 3 percent of all expenditures by function (Data Quality Measure)?

This indicator measures the quality of data reported to PEIMS and in your Annual Financial Report to make certain that the data reported in each case "matches up." If the difference in numbers reported in any fund type is 3 percent or more, your district "fails" this measure.

7. Did the external independent auditor report that the AFR was free of any instance(s) of material weaknesses in internal controls over financial reporting and compliance for local, state, or federal funds? (The AICPA defines material weakness.)
?

A clean audit of your Annual Financial Report would state that your district has no material weaknesses in internal controls. Any internal weaknesses create a risk of your District not being able to properly account for its use of public funds, and should be immediately addressed.

GLOSSARY

Accounting: A standard school fiscal accounting system must be adopted and installed by the board of trustees of each school district. The accounting system must conform to generally accepted accounting principles. This accounting system must also meet at least the minimum requirements prescribed by the state board of education, subject to review and comment by the state auditor.

Ad Valorem Property Tax: Literally the term means "according to value." Ad valorem taxes are based on a fixed proportion of the value of the property with respect to which the tax is assessed. They require an appraisal of the taxable subject matter's worth. General property taxes are almost invariably of this type. Ad valorem property taxes are based on ownership of the property, and are payable regardless of whether the property is used or not and whether it generates income for the owner (although these factors may affect the assessed value).

Adopted Tax Rate: The tax rate set by the school district to meet its legally adopted budget for a specific calendar year.

All Funds: A school district's accounting system is organized and operated on a fund basis where each fund is a separate fiscal entity in the school district much the same as various corporate subsidiaries are fiscally separate in private enterprise. All Funds refers to the combined total of all the funds listed below:

- The General Fund
- Special Revenue Funds (Federal Programs, Federally Funded Shared Services, State Programs, Shared State/Local Services, Local Programs)
- Debt Service Funds
- Capital Projects Funds
- Enterprise Funds for the National School Breakfast and Lunch Program

Assessed Valuation: A valuation set upon real estate or other property by a government as a basis for levying taxes.

Assigned Fund Balance: The assigned fund balance represents tentative plans for the future use of financial resources. Assignments require executive management (per board policy to assign this responsibility to executive management prior to end of fiscal year) action to earmark fund balance for bona fide purposes that will be fulfilled within a reasonable period of time. The assignment and dollar amount for the assignment may be determined after the end of the fiscal year when final fund balance is known.

Auditing: Accounting documents and records must be audited annually by an independent auditor. Texas Education Agency (TEA) is charged with review of the independent audit of the local education agencies.

Beginning Fund Balance: The General Fund balance on the first day of a new school year. For most school districts this is equivalent to the fund balance at the end of the previous school year.

Budget: The projected financial data for the current school year. Budget data are collected for the general fund, food service fund, and debt service fund.

Budgeting: Not later than August 20 of each year, the superintendent (or designee) must prepare a budget for the school district if the fiscal year begins on September 1. (For those districts with fiscal years beginning July 1, this date would be June 20.) The legal requirements for funds to be budgeted are included in the Budgeting module of the TEA Resource Guide. The budget must be adopted before expenditures can be made, and this adoption must be prior to the setting of the tax rate for the budget year. The budget must be itemized in detail according to classification and purpose of expenditure, and must be prepared according to the rules and regulations established by the state board of education. The adopted budget, as necessarily amended, shall be filed with TEA through the Public Education Information Management System (PEIMS) as of the date prescribed by TEA.

Capital Outlay: This term is used as both a Function and an Object. Expenditures for land, buildings, and equipment are covered under Object 6600. The amount spent on acquisitions, construction, or major renovation of school

district facilities are reported under Function 80.

Capital Project Funds: Fund type used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds and trust funds.)

Cash: The term, as used in connection with cash flows reporting, includes not only currency on hand, but also demand deposits with banks or other financial institutions. Cash also includes deposits in other kinds of accounts or cash management pools that have the general characteristics of demand deposit accounts in that the governmental enterprise may deposit additional cash at any time and also effectively may withdraw cash at any time without prior notice or penalty.

Chapter 41: A key "equity" chapter in the Texas Education Code (TEC) is Chapter 41. This chapter is devoted to wealth equalization through the mechanism of recapture, the recovery of financial resources from districts defined by the state as high property wealth. Resources are recovered for the purpose of sharing them with low-wealth districts. Districts that are subject to the provisions of Chapter 41 must make a choice among several options in order to reduce their property wealth and share financial resources.

Committed Fund Balance: The committed fund balance represents constraints made by the board of trustees for planned future use of financial resources through a resolution by the board, for various specified purposes including commitments of fund balance earned through campus activity fund activities. Commitments are to be made as to purpose prior to the end of the fiscal year. The dollar amount for the commitment may be determined after the end of the fiscal year when final fund balance is known.

Comptroller Certified Property Value: The district's total taxable property value as certified by the Comptroller's Property Tax Division (Comptroller Valuation).

Debt Service Fund: Governmental fund type used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

Debt Services: Two function areas (70 and 71) and one Object (6500) are identified using this terminology "debt services." Function 70 is a major functional area that is used for expenditures that are used for the payment of debt principal and interest including Function 71. Expenditures that are for the retirement of recurring bond, capital lease principal, and other debt, related debt service fees, and for all debt interest fall under Function 71. Object 6500 covers all expenditures for debt service.

Deferred Revenue: Resource inflows that do not yet meet the criteria for revenue recognition. Unearned amounts are always reported as deferred revenue. In governmental funds, earned amounts also are reported as deferred revenue until they are available to liquidate liabilities of the current period.

Effective Tax Rate: Provides the unit with approximately the same amount of revenue it had the year before on properties taxes in both years. A comparison of the effective tax rate to the taxing unit's proposed tax rate shows if there will be a tax increase.

Ending Fund Balance: The amount of unencumbered surplus fund balance reported by the district at the end of the specified school year. For most school districts this will be equivalent to the fund balance at the beginning of the next school year.

Excess (Deficiency): Represents receivables due (excess) or owed (deficiency) at the end of the school year. This amount is recorded as Asset Object 1200.

Existing Debt Allotment (EDA): Is the amount of state funds to be allocated to the district for assistance with existing debt.

Federal Revenues: Revenues paid either directly to the district or indirectly though a local or state government entity for Federally-subsidized programs including the School Breakfast Program, National School Lunch Program, and School Health and Related

Services Program. This amount is recorded as Revenue Object 5900.

Fiscal Year: A period of 12 consecutive months legislatively selected as a basis for annual financial reporting, planning, and budgeting. The fiscal year may run September 1 through August 31 or July 1 through June 30.

Foundation School Program (FSP) Status: The Foundation School Program (FSP) is the shared financial arrangement between the state and the school district, where property taxes are blended with revenues from the state to cover the cost of basic and mandated programs. The nature of this arrangement falls in one of the following status categories: Regular, Special Statutory, State Administered, Education Service Center, or Open Enrollment Charter School District.

FTE: **Full-Time Equivalent** measures the extent to which one individual or student occupies a full-time position or provides instruction, e.g., a person who works four hours a day or a student that attends a half of a day represents a .5 FTE.

Function: Function codes identify the expenditures of an operational area or a group of related activities. For example, in order to provide the appropriate atmosphere for learning, school districts transport students to school, teach students, feed students and provide health services. Each of these activities is a function. The major functional areas are:

- Instruction and Instructional-Related Services
- Instructional and School Leadership
- Support Services - Student
- Administrative Support Services
- Support Services; Non-Student Based
- Ancillary Services
- Debt Service
- Capital Outlay
- 90 Intergovernmental Charges

Fund Balance: The difference between assets and liabilities reported in a governmental fund.

General Administration: The amount spent on managing or governing the school district as an overall entity. Expenditures associated with this functional area are reported under Function 41.

General Fund: This fund finances the fundamental operations of the district in partnership with the community. All revenues and expenditures not accounted for by other funds are included. This is a budgeted fund and any fund balances are considered resources available for current operations.

I&S Tax Rate: The tax rate calculated to provide the revenues needed to cover Interest and Sinking (I&S) (also referred to as Debt Service). I&S includes the interest and principal on bonds and other debt secured by property tax revenues.

Incremental Costs: The amount spent by a school district with excess wealth per WADA on the purchase of attendance credits either from the state or from other school district(s). Expenditures associated with this functional area are reported under Function 92.

Instruction: The amount spent on direct classroom instruction and other activities that deliver, enhance or direct the delivery of learning situations to students regardless of location or medium. Expenditures associated with this functional area are reported under Function 11.

Instructional Facilities Allotment (IFA): (State Aid) Provides assistance to school districts in making debt service payments on qualifying bonds and lease-purchase agreements. Proceeds must be used for the construction or renovation of an instructional facility.

Intergovernmental Charges: "Intergovernmental" is a classification used when one governmental unit transfers resources to another. In particular, when a Revenue Sharing District purchases WADA or where one school district pays another school district to educate transfer students. Expenditures associated with this functional area are reported under Function 90.

Investments in Capital Assets, Net of Related Debt: One of three components of net assets

that must be reported in both government-wide and proprietary fund financial statements. Related debt, for this purpose, includes the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of capital assets of the government.

Local & Intermediate Revenues: All revenues from local taxes and other local and intermediate revenues. For specifics, see the definitions for Local Tax and Other Local & Intermediate Revenues. This amount is recorded under Object 5700.

Local Tax: This is all revenues from local real and personal property taxes, including recaptured funds from 1) Contracted Instructional Services Between Public Schools (Function 91) and
2) Incremental Costs associated with Chapter 41 of the Texas Education Code (Function 92).

M&O Tax Rate: The tax rate calculated to provide the revenues needed to cover Maintenance & Operations (M&O). M&O includes such things as salaries, utilities, and day-to-day operations.

Modified Opinion: Term used in connection with financial auditing. A modification of the independent auditor's report means there exists one or more specific exceptions to the auditor's general assertion that the district's financial statements present fairly the financial information contained therein according to generally accepted accounting principles.

Nonspendable Fund Balance: The portion of fund balance that is in non-liquid form, including inventories, prepaid items, deferred expenditures, long-term receivables and encumbrances (if significant). Nonspendable fund balance may also be in the form of an endowment fund balance that is required to remain intact.

Object: An object is the highest level of accounting classification used to identify either the transaction posted or the source to which the associated monies are related. Each object is assigned a code that identifies in which of the following eight major object groupings it belongs:

- 1000 Assets
- 2000 Liabilities
- 3000 Fund Balances
- 5000 Revenue
- 6000 Expenditures/Expenses
- 7000 Other Resources/NonOperating Revenue/Residual Equity Transfers In
- 8000 Other Uses/NonOperating Revenue/Residual Equity Transfers Out

Operating Expenditures: A wide variety of expenditures necessary to a district's operations fall into this category with the largest portion going to payroll and related employee benefits and the purchase of goods and services.

Operating Expenditures/Student: Total Operating Expenditures divided by the total number of enrolled students.

Operating Revenues and Expenses: Term used in connection with the proprietary fund statement of revenues, expenses, and changes in net assets. The term is not defined as such in the authoritative accounting and financial reporting standards, although financial statement preparers are advised to consider the definition of operating activities for cash flows reporting in establishing their own definition.

Other Local & Intermediate Revenues: All local and intermediate revenues NOT from local real and personal property taxes including:

- Revenues Realized as a Result of Services Rendered to Other School Districts
- Tuition and Fees
- Rental payments, interest, investment income
- Sale of food and revenues from athletic and extra/co-curricular activities
- Revenues from counties, municipalities, utility districts, etc.

Other Operating Costs: Expenditures necessary for the operation of the school district that are NOT covered by Payroll Costs, Professional and Contracted Services, Supplies and Materials, Debt Services, and Capital Outlay

fall into this category and include travel, Insurance and bonding costs, election costs, and depreciation. This amount is recorded as Expenditure/Expense Object 6400.

Other Resources: This amount is credited to total actual other resources or non-operating revenues received or residual equity transfers in. This amount is recorded under Object 7020.

Payments for Shared Services Arrangements: Payments made either from a member district to a fiscal agent or payments from a fiscal agent to a member district as part of a Shared Services Arrangement (SSA). The most common types of SSAs relate to special education services, adult education services, and activities funded by the Elementary and Secondary Education Act (ESEA). Expenditures associated with this functional area are reported under Function 93.

Payroll: Payroll costs include the gross salaries or wages and benefit costs for services or tasks performed by employees at the general direction of the school district. This amount is recorded as Expenditure/Expense Object 6100. *(NOTE: Payroll amounts do not include salaries for contract workers, e.g., for food service and maintenance. Therefore, this figure will vary significantly between districts and campuses that use contract workers and those that do not.)*

PEIMS: A state-wide data management system for public education information in the State of Texas. One of the basic goals of PEIMS, as adopted by the State Board of Education in 1986, is to improve education practices of local school districts. PEIMS is a major improvement over previous information sources gathered from aggregated data available on paper reports. School districts submit their data via standardized computer files. These are defined in a yearly publication, the PEIMS Data Standards.

Plant Maintenance & Operations: The amount spent on the maintenance and operation of the physical plant and grounds and for warehousing and receiving services. Expenditures associated with this functional area are reported under Function 51.

Property /Refined ADA: The district's Comptroller Certified Property Value divided by its total Refined ADA.

Property/WADA: The district's Comptroller Certified Property Value divided by its total WADA.

Refined ADA: Refined Average Daily Attendance (also called RADA) is based on the number of days of instruction in the school year. The aggregate eligible days attendance is divided by the number of days of instruction to compute the refined average daily attendance.

Restricted Fund Balance: This is the portion of fund balance that has externally enforceable constraints made by outside parties.

Revenues: Any increase in a school district's financial resources from property taxes, foundation fund entitlements, user charges, grants, and other sources. Revenues fall into the three broad sources of revenues: Local & Intermediate; State; and Federal.

Robin Hood Funds: See Wealth Equalization Transfer.

Rollback Tax Rate: Provides governments other than school districts with approximately the same amount of tax revenue it spent the previous year for day-to-day operations plus an extra 8 percent cushion, and sufficient funds to pay its debts in the coming year. For school districts, the M&O portion of the rollback tax rate allows school districts to add four cents ($0.04) to the lesser of the prior tax year compressed operating tax rate or the effective M&O rate to generate operating funds. School districts will get to add to the compressed operating rate any additional cents approved by voters at a 2006 or subsequent rollback election, not 8 percent. The rollback rate is the highest rate that the taxing unit may adopt before voters can petition for an election to roll back the adopted rate to the rollback rate. For school districts, no petition is

GLOSSARY

required; it's an automatic election if the adopted rate exceeds the rollback rate.

School Year: The twelve months beginning September 1 of one year and ending August 31 of the following year or beginning July 1 and ending June 30. Districts now have two options.

Special Revenue Fund: A governmental fund type used to account for the proceeds of specific revenue sources (other than for major capital projects) that are legally restricted to expenditures for specified purposes.

State Revenues: Revenues realized from the Texas Education Agency, other state agencies, shared services arrangements, or allocated on the basis of state laws relating to the Foundation School Program Act. This amount is recorded as Revenue Object 5800.

Unassigned Fund Balances: Available expendable financial resources in a governmental fund that are not the object of tentative management plans (i.e., committed or assigned). One primary criterion of rating agencies for school bonds is the relative amount of unassigned fund balance. Bond rating agencies view unassigned fund balances as a reflection of the financial strength of school districts and show concern when district fund balances decrease.

Unmodified Opinion: Term used in connection with financial auditing. An unmodified independent auditor's opinion means there are no stated exceptions to the auditor's general assertion that the district's financial statements present fairly the financial information contained according to generally accepted accounting principles.

Unrestricted Net Asset Balance: The term net asset refers to the amount of total assets less total liabilities. Unrestricted net asset balance refers to the portion of total net assets that is neither invested in capital assets nor restricted.

WADA: A Weighted Average Daily Attendance (WADA) is used to measure the extent students are participating in special programs. The concept of WADA in effect converts all of a school district's students with their different weights to a calculated number of regular students required to raise the same amount of revenue. The greater the number of students eligible for special entitlements, the greater a school district's WADA will be.

Wealth Equalization Transfer: The amount budgeted by districts for the cost of reducing their property wealth to the required equalized wealth level (Function 91). Sometimes referred to as Robin Hood Funds.

SUMMARY:

Attached are the monthly general fund budget amendments for Board approval. The first page is the budget amendment for the current period and indicates any increases to revenue as well as increases/decreases to each function and the overall net effect of the amendment totals to the budget. For convenience, the budget amendments that will generate new revenue (i.e. campus book fairs, etc.) or are the result of donations made to GISD, have been highlighted in green so that the board may recognize these donations and efforts if they so choose. RE: Copy Paper CSP No. 2016-01

SUMMARY:

Copy paper is bid twice a year due to the lack of storage space. Since the district does not have a central warehouse, the paper must be delivered to all locations which includes inside delivery by hand dolly. A proposal for copy paper was let and responses were due October 26, 2015. Delivery of the paper awarded under this proposal will be during the week of January 25-29, 2016. Notification letters were sent to 42 vendors. The proposal was advertised for two weeks in the Hood County News and posted on the district web site. Three vendors responded.

A summation of the process and outcome as well as a copy of the tabulation is attached for your review.

Debbie Johnson, Purchasing Manager, and Missy Brock, Purchasing Specialist, reviewed the proposal submissions. The following is the recommendation of Ms. Johnson, Ms. Brock and me.

RECOMMENDATION:

It is recommended the Board approve the items and the related vendors as evidenced by the highlighted areas on the attached tabulation for a total expenditure of $34,904.19.

BOARD APPROVAL FORM

Board Meeting Date: November 16, 2015 **Bid Number:** 2016-01

1. **Item, material or service (specific or classification):** Copy Paper

2. **Brief description:** Copy paper is bid twice a year due to a lack of storage space. All paper is delivered to each campus and department rather than to a central location, which results in a higher cost per case.

3. **Period of time bid covers:** This proposal is for a single purchase which will provide paper for approximately six months. Due to the constant fluctuation of the paper market, most vendors will not hold prices firm for any extended period of time.

4. **Person and title responsible for the expenditure:** Each campus principal and department director is responsible for their campus or department expense.

5. **Number of bids sent to vendors:** Bid notification letters were mailed to 42 vendors; the proposal was posted on the district web site and advertised in the Hood County News for two weeks.

6. **Number of bids received from vendors:** Three

7. **Listing of recommended vendors and total prices:** The recommendation for award is shaded on the tabulation in the column under the vendor name. The total expenditure for the copy paper under this proposal is $34,904.19.

8. **Explanation of other than low recommendations:** The evaluation criteria on this proposal included additional factors other than cost. In the ranking of those criteria, the 8.5 x 14" white, 92 brightness paper was not awarded to the vendor with the lowest cost.

9. **Last bid date (bid of comparable nature within last 5 years):** 3/23/15

10. **Percentage increase or decrease from last proposal**:

8.5 x 11 white	Decrease of 4.04%
8.5 x 11 colored	Decrease of 7.47% (except the red paper)
8.5.x 11 24#, 96 bright	Decrease of 4.07%
8.5 x 14 20#, 92 bright	Price remained the same

11. **Budget information:** Funds for this expenditure are budgeted through object code 6396 for the various campuses and departments.

RE: Discuss Possible Revision to Board Policy CH (LOCAL)

SUMMARY:

This attached proposed revision to Board Policy CH (LOCAL) is being presented to the Board as a discussion item only. Should the Board want to move forward with the proposed revision, we will bring it back to the Board at the December meeting for approval.

Currently, Board Policy CH (LOCAL), pertaining to Purchasing and Acquisition – Purchasing Authority, states that "*any single, budgeted purchase of goods or services that costs $50,000 or more, regardless of whether the goods or services are competitively purchased, shall require Board approval before a transaction may take place*". While this is standard policy language provided by TASB to all districts as a "base" model, the requirement is at times a redundancy that can slow the purchasing process significantly when products and services are needed and the next Board meeting may be several weeks away. As such, many districts have modified or relaxed this language to allow for certain budgeted purchases to be made without prior Board approval.

Therefore, in an effort to be more efficient, customer friendly and ultimately have purchased products and services completed and to the campuses / departments in a timelier manner, we are asking the Board to consider the attached proposed revision to CH (LOCAL). The attached revision will allow certain budgeted purchases of products and services in excess of $50,000 to be allowed without prior Board approval as long as those budgeted purchases fall into a categorical exemption. Also, in an effort to remain transparent and keep the Board apprised of these purchases, the proposed revision includes language that all purchases made in accordance with a categorical exemption shall be subsequently reported to the Board.

The proposed revisions are a result of researching what seems to work for other districts as well as discussing what we were trying to accomplish with the TASB Policy Review people. The attached is what TASB came up with and sent us as a possible revision.

PROPOSED REVISIONS

PURCHASING AUTHORITY

The Board delegates to the Superintendent or designee the authority to make budgeted purchases for goods or services. However, any single, budgeted purchase of goods or services that costs $50,000 or more, regardless of whether the goods or services are competitively purchased, shall require Board approval before a transaction may take place, unless the purchase falls into a categorical exemption.

CATEGORICAL EXEMPTIONS

For purposes of this policy, a categorical exemption shall be defined as:

1. A purchase made pursuant to a Board-approved interlocal contract, in accordance with law;
2. A purchase made through a cooperative purchasing program or state purchasing program that satisfies the District's obligation for competitive purchasing [see CH(LEGAL)]; or
3. A continuing or periodic purchase under a Board-approved bid or contract.

Purchases made in accordance with a categorical exemption shall be subsequently reported to the Board.

PURCHASING METHOD

The Board delegates to the Superintendent or designee the authority to determine the method of purchasing in accordance with CH(LEGAL).

COMPETITIVE BIDDING

If competitive bidding is chosen as the purchasing method, the Superintendent or designee shall prepare bid specifications. All bids shall be in accordance with administrative regulations, and the submission of any electronic bids shall also be in accordance with Board-adopted rules. All bidders shall be invited to attend the bid opening. Any bid may be withdrawn prior to the scheduled time for opening. Bids received after the specified time shall not be considered.

The District may reject any and all bids.

COMPETITIVE SEALED PROPOSALS

If competitive sealed proposals are chosen as the purchasing method, the Superintendent or designee shall prepare the request for proposals and/or specifications for items to be purchased. All proposals shall be in accordance with administrative regulations, and the submission of any electronic proposals shall also be in accordance with Board-adopted rules. Proposals received after the specified time shall not be considered. Proposals shall be opened at the time specified, and all proposers shall be invited to attend

	the proposal opening. Proposals may be withdrawn prior to the scheduled time of opening. Changes in the content of a proposal, and in prices, may be negotiated after proposals are opened. The District may reject any and all proposals.
ELECTRONIC BIDS OR PROPOSALS	Bids or proposals that the District has chosen to accept through electronic transmission shall be administered in accordance with Board-adopted rules. Such rules shall safeguard the integrity of the competitive procurement process; ensure the identification, security, and confidentiality of electronic bids or proposals; and ensure that the electronic bids or proposals remain effectively unopened until the proper time.
RESPONSIBILITY FOR DEBTS	The Board shall assume responsibility for debts incurred in the name of the District so long as those debts are for purchases made in accordance with the adopted budget, state law, Board policy, and the District's purchasing procedures. [See CE] The Board shall not be responsible for debts incurred by persons or organizations not directly under Board control. Persons making unauthorized purchases shall assume full responsibility for all such debts.
PURCHASE COMMITMENTS	All purchase commitments shall be made by the Superintendent or designee in accordance with administrative procedures, including the District's purchasing procedures.
PERSONAL PURCHASES	District employees shall not be permitted to make purchases for personal use through the District's business office.

RE: TASB Fuel Coop

SUMMARY:

Last year we joined a fuel cooperative with TASB. They have presented us the opportunity to join the cooperative again this year. By re-joining we will be locked into the rate we pay for diesel and unleaded gas that we purchase through the cooperative. We currently are paying approximately $1.58 per gallon for diesel and $1.56 per gallon for unleaded gas. If we enter into a 1 year agreement with TASB we will lock into approximately $1.75 for diesel and $1.65 for unleaded gas. If we enter into a 2 year agreement we will lock into prices that are approximately 10 – 15 cents higher per gallon than the 1 year agreement. These prices fluctuate daily and cannot be locked in until the day we execute the agreement. Therefore, the Board will need to give Dr. Largent the authority to enter into the agreement once a price and terms acceptable to the district can be reached.

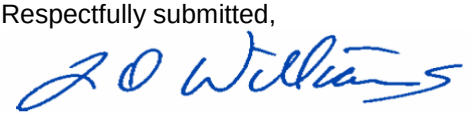

The main difference between this year's agreement and the one we locked into last year, besides price per gallon, is that we are considering a 2 year agreement this year and we will not commit to purchase as much fuel as we did last year. For this agreement we will only commit to purchasing 60,000 gallons of diesel and 10,000 of gasoline over a 2 year period as opposed to committing to purchase 100,000 and 16,000 gallons respectively last year, on a 1 year contract. Our intention is to continue purchasing fuel at the lower price we currently receive (outside of TASB's contract) as long as that price is below the TASB Cooperative price. However, in the event fuel prices rise in the future we will purchase fuel through the TASB cooperative at the locked in price if it is lower than market price.

As was the case last year, there is always a risk associated with locking in these prices and there is no guarantee this will be a good deal. We will eventually have to fulfil our commitment to purchase the number of gallons we commit to. But, we feel that with fuel prices where they are today as well as spreading it out over a 2 year period, the prices TASB will guarantee us could be considerably lower than what we could potentially pay. As mentioned earlier, we will need the Board to give Dr. Largent the authority to enter into an agreement once we see what the current market offer is from TASB. Right now, my recommendation will be that we join the cooperative again, only this time for a 2 year period at fuel prices acceptable to the district and with a lower commitment on the amount of fuel we will purchase over the 2 year period. This will at least give us some hedge against potential fuel price increases in the future.

RECOMMENDATION:

I recommend the Board give Dr. Largent the authority to enter into an agreement with the TASB Energy Cooperative once an acceptable price and terms are agreed to.

Update 103 is the first of two post-legislative updates, and it encompasses changes in law from the 84th Legislative Session that have an immediate effect on the governance and management of school districts. Local policies included in Update 103 address topics including training requirements for district peace officers, the use of prepaid meal cards/accounts for students, employee conflicts of interest and standards of conduct, harassment and discrimination, e-cigarettes, and student attendance. In addition to the local policies affected by the legislative session, Update 103 includes local policy recommendations to address new federal regulations governing federal grants and awards as well as recommendations to clarify the structure of the policy manual and the application of policy in relation to the award of credit or a final grade.

Throughout this document, House Bill is abbreviated as HB and Senate Bill as SB. For more information about the bills described below, download the TASB *2015 Legislative Summary for TASB Members* (PDF), available free from the online TASB Store at http://store.tasb.org.

Accountability

HB 1842 prompts several changes to the A Section of the policy manual, covering accountability:

- New code AF(LEGAL) describes provisions for districts of innovation.
- Revisions to AIC(LEGAL) address TEA monitoring reviews and special accreditation investigations, as well as significant changes related to the sanctions applied when a campus does not meet accountability standards.

Also added at AIC(LEGAL) are provisions from HB 3106 allowing the Commissioner of Education to extend the term of a district's board of managers.

Governance Issues

Edits to improve organization, better reflect statutory wording, and delete unnecessary provisions related to elections have been made at BBA(LEGAL), BBB(LEGAL), and BBC(LEGAL). Legislative changes include the following:

Qualifications for Office

- HB 484 requires that a person be registered to vote to qualify for an elected office, as reflected at BBA(LEGAL).

Elections

- At BBB(LEGAL):
  - HB 2027 requires, with certain exceptions, county election precincts to be used as the precincts in a school district election.

- SB 1703 establishes a deadline of no later than 78 days prior to an election day to call for an election and to file for a place on the ballot, as well as a 74-day deadline for write-in candidates regardless of the uniform election date used. Note that the 78-day deadline also applies to bond elections and tax ratification elections. See also CCA(LEGAL) and CCG(LEGAL), respectively.

- HB 2721 requires an election notice to be posted on the district web-site.

- SB 1073 also requires the disclosure of a public mailing address and e-mail address on a candidate's application.

Board Meetings

HB 283 requires school districts with a student enrollment of 10,000 or more to make a video and audio recording of regularly scheduled open meetings. This requirement is reflected at BE(LEGAL) and is effective January 1, 2016.

Policy Development

BF(LOCAL) POLICY CONSIDERATIONS

Recommended revisions to this policy, which lays out the structure and protocol of the local policy manual, include new text:

- Reminding readers that at each policy code the legally referenced policy must be read together with the local policy to further a full understanding of a topic.
- Explaining that "board member" and "trustee" are used interchangeably throughout the local policy manual, without any intent to distinguish between the terms. Both terms reflect all the duties and obligations of the position.
- Explaining that newly enacted law is applicable when effective.

District Operations

Multiple bills affect district operations from a safety and conduct perspective, including what is allowed or prohibited on district property:

Safety and Conduct

- HB 2684 mandates that districts with a student enrollment of 30,000 or more adopt a policy to require school district peace officers and school resource officers to complete a model training curriculum developed by the Texas Commission on Law Enforcement. This requirement has been incorporated at CKE(LEGAL); see also the recommended revisions for CKE(LOCAL), described below.

- SB 158 requires a policy if a law enforcement agency operates a body-worn camera program. Districts that have a police department and are contemplating this type of program will need to review the entire bill closely and may contact TASB Policy Service for sample local policy language. The relevant provisions are addressed at CKE(LEGAL), with a provision also added at GBA(LEGAL) indicating that these recordings are generally considered public information.

- SB 996 requires districts to provide to a parent, upon request, written notice indicating whether any district employee is currently appointed as a school marshal. This change is also reflected at CKE(LEGAL). The identity of a school marshal may not be disclosed, as reflected at GBA(LEGAL).

- HB 1396 provides that a peace officer may not search a person's cell phone or other wireless communications device pursuant to a lawful arrest of the person without obtaining a warrant, subject to several exceptions. See FNF(LEGAL).

- HB 910, effective January 1, 2016, authorizes open carry of handguns by license holders. Among other provisions, this bill changes the reference from "license to carry a concealed handgun" to "license to carry a handgun." Corresponding revisions are reflected at CKE(LEGAL) and GKA(LEGAL).

- SB 273 prohibits a school district from posting signs barring a handgun license holder from having a concealed handgun where the license holder is not otherwise prohibited by law from having a handgun. See GKA(LEGAL), as well as the recommended revisions for DH(LOCAL), described below.

- SB 97 requires a school district to prohibit anyone from using e-cigarettes at a school-related or school-sanctioned activity on or off school property. The district must publish in the student handbook and on the district's website a statement as to whether the district has policies and procedures that prescribe penalties for such use. See BDF(LEGAL), DH(LEGAL), FNCD(LEGAL), and GKA(LEGAL), as well as the recommended revisions for DH(LOCAL) and GKA(LOCAL), described below.

- SB 339 prohibits a district from enacting, adopting, or enforcing a rule or regulation that prohibits the possession of low-THC (non-intoxicating) cannabis as authorized by Chapter 487 of the Health and Safety Code, which permits possession in limited circumstances. Relevant provisions

have been added at DH(LEGAL), and a recommended change at DH(LOCAL) is described below.

- SB 1574 clarifies procedures for exposure to infectious diseases and explains when a district must designate an infection control officer. See DBB(LEGAL) and GRC(LEGAL).

CKE(LOCAL) POLICY CONSIDERATIONS

For districts that have provisions at CKE(LOCAL) addressing commissioned district police officers or an agreement for the presence of school resource officers, recommended revisions to this local policy correspond to the training provisions of HB 2684, described above. The recommended language is broadly drafted to be suitable for districts of any size.

DH(LOCAL) AND GKA(LOCAL) POLICY CONSIDERATIONS

Provisions from HB 910 and SB 273 regarding licensed carrying of handguns, described above, prompted recommended changes at DH(LOCAL) and GKA(LOCAL). Based on the employment relationship, TASB Legal Services believes that a district can continue to prohibit employees from possessing firearms on district property. Recommended text at DH(LOCAL), previously at GKA(LOCAL), prohibits employees from using, possessing, or displaying weapons, including firearms, on district property except at certain district-approved activities. The existing provision at GKA(LOCAL), applicable to community members, is recommended for revision to conform with the changes in law and prohibit the "unlawful" use, possession, or display of weapons, including firearms.

Prompted by SB 97, a recommended revision at both DH(LOCAL) and GKA(LOCAL) prohibits the use of e-cigarettes by employees and other individuals at school-related activities on or off school property.

In addition to these changes, new exceptions to a district's drug prohibitions at DH(LOCAL) are recommended to reflect provisions from SB 339 regarding low-THC cannabis, or any other controlled substance or drug, prescribed by a licensed physician.

Business and Funding Issues

State and Federal Awards and Grants

New federal regulations governing all federal grants and awards, known as the new Education Department General Administrative Regulations (EDGAR), prompted changes to legally referenced policies and recommendations for local policy changes. Relevant provisions have been added to CBB(LEGAL). See TEA's website at http://tea.texas.gov/Finance_and_Grants/Grants/Administering_a_Grant/The_New_EDGAR/ for more information related to the EDGAR requirements.

CAA(LOCAL) AND CB(LOCAL) POLICY CONSIDERATIONS

At CAA(LOCAL), recommended revisions extend financial ethics standards of conduct to include "agents," as referred to in the EDGAR conflict of interest provisions. In addition, new recommended text clarifies that "fraud and financial impropriety" includes the failure to provide financial records as required by federal entities and the failure to comply with requirements for state and federal awards. A recommended statement reiterates the legal requirement for a district to disclose in writing to the federal awarding agency or pass-through entity (TEA) any violations of federal criminal law involving fraud, bribery, or gratuity violations potentially affecting a federal grant award.

Also as a result of EDGAR, a new local policy on state and federal revenue sources is recommended for inclusion at CB(LOCAL). The new policy clarifies the superintendent's authority regarding state and federal grants and awards and provides for development of relevant administrative procedures as required by EDGAR. In addition, the policy includes provisions concerning conflicts of interest and gifts and aligns these federally required provisions with the disclosure amounts established in Chapter 176 of the Local Government Code applicable to state law disclosures.

Fiscal Issues

Legislation and other rule amendments prompted changes to numerous policies dealing with revenue sources, investments, and other fiscal management issues:

- HB 114 prohibits the issuance of capital appreciation bonds except when a district complies with extensive requirements. See CCA(LEGAL).
- HB 1933 revised the deadlines associated with installment payments of ad valorem taxes. See CCG(LEGAL).
- HB 870 reduced the hours of ongoing training required for districts' chief financial officers and investment officers. See CDA(LEGAL).

- SB 810 adds an exception to the prohibition against a school district using district resources for improvements to real property not owned or leased by the district, allowing a district to use its resources on certain projects with a municipality. See CE(LEGAL) and CX(LEGAL), as well as the existing prohibition at BAA(LEGAL).

- New state rules regarding audit requirements have been incorporated at CFC(LEGAL).

- SB 1812 requires districts to submit information by February 1 of each year to the comptroller for maintenance of an eminent domain database. See CHG(LEGAL).

- HB 473 prohibits a district from selling or transferring a marked patrol car or other law enforcement vehicle to the public unless the district first removes all law enforcement equipment and insignias. See CI(LEGAL).

- HB 1474 changes the payment cycle of a school district's instructional materials allotment from annual to biennial. See CMD(LEGAL).

- HB 2812 allows a district to include for purposes of ADA funding students who attend approved off-campus instructional programs pursuant to Commissioner rules. See EHDD(LEGAL).

Food Service

Two bills affect the operation of district school food programs:

- HB 1305 allows a district to choose, on a campus-by-campus basis, whether to participate in the national school breakfast program or in a locally funded and developed program to provide free meals, including breakfast and lunch. This bill also changes the way that educationally disadvantaged students will be calculated for purposes of compensatory education funding. Applicable changes have been made at COB(LEGAL) and EHBC(LEGAL). Also reflected at EHBC(LEGAL) is the requirement, as a result of HB 2660, that the Commissioner base funding for optional flexible school day programs on the same instructional hour requirements as the regular program.

- HB 3562 prompted changes at CO(LEGAL) to address policy requirements associated with insufficient meal card balances. Also incorporated at that code are recent federal rules addressing requirements for nutrition program directors as well as newly adopted Texas Department of Agriculture rules allowing schools to establish fundraisers exempt from the competitive food standards.

CO(LOCAL) POLICY CONSIDERATIONS

To comply with provisions from HB 3562 regarding insufficient meal card balances, we recommend inclusion of a new local policy at CO(LOCAL) on food services management. The new recommended text requires the superintendent to develop administrative regulations specifying the length of the grace period during which a student may continue to purchase meals when a card or account is exhausted and addressing parental notification, including a schedule of repayment.

Purchasing and Construction-Related Issues

Several bills affect policy text relating to purchasing and construction:

- HB 744 extends the coverage of insurance that school districts may obtain for students participating in athletic competitions or school-sponsored activities by deleting the requirement that the activity must occur on a school campus. See FFD(LEGAL).
- CH(LEGAL) has been adjusted to address SB 1281, clarifying that a district can participate in a cooperative purchasing program in this state or another state.
- Changes from HB 2049 and HB 2634 relating to architect and engineer services have been incorporated at CV(LEGAL) and CVD(LEGAL).

Transparency and Conflict of Interest Disclosures

In addition to a number of new required Internet postings incorporated at CQA(LEGAL), legislative changes related to transparency and conflict of interest are also addressed at other codes:

- HB 1295 requires a business entity to file a disclosure of interested parties, developed by the Texas Ethics Commission, before a district may enter into a contract that requires board action or is valued at $1 million or more. See CH(LEGAL).
- HB 3683 requires electronic filing of a trustee financial statement with the Ethics Commission, and HB 3680 makes confidential an electronic report or any financial statement data that is temporarily stored with the Ethics Commission pending official filing. See BBFA(LEGAL).
- HB 23 made significant changes to the conflict disclosure statement provisions in Chapter 176 of the Local Government Code, including:
  - Adding a requirement for a local government officer to report a family relationship, within the third degree by blood and the second degree

by marriage, with a vendor and adding the same requirements for a vendor related to a local government officer.

- Reducing the threshold for disclosing gifts from $250 to $100 in a 12-month period.
- Redefining a local government officer to include a district agent, which is defined to include an employee who exercises discretion in the planning, recommending, selecting, or contracting of a vendor.
- Revising the violations for failing to file the required disclosure.
- Deleting existing provisions that authorized a district to extend the Chapter 176 requirements to employees with authority to approve contracts for the district (based on the broadening of general disclosure requirements of agents).

These changes have been incorporated at BBFA(LEGAL) and (EXHIBIT), CHE(LEGAL), and DBD(LEGAL) and (EXHIBIT).

DBD(LOCAL) POLICY CONSIDERATIONS

Recommended revisions at this local policy on conflict of interest correspond to changes from HB 23 regarding Local Government Code Chapter 176 disclosure requirements. Text requiring only the superintendent to file a conflicts disclosure statement is recommended for deletion, as the law now requires any employee who exercises discretion in the planning, recommending, selecting, or contracting of a vendor to file a disclosure statement.

EFAA(LOCAL) POLICY CONSIDERATIONS

At its July 2015 meeting, the State Board of Education passed a resolution encouraging local school boards and administrators to adopt policies, procedures, and practices that guarantee transparency and public access by providing:

- Public notice to parents of instructional materials under consideration;
- Access to parents for review of materials prior to adoption and, to the extent possible, during a comment period; and

- At least one public meeting that allows for public comment before materials used to certify 100 percent TEKS coverage are adopted by the board.

Although no EFAA(LOCAL) policy is included with Update 103, a district that decides to change its practice should have the superintendent contact TASB Policy Service for appropriate revisions.

Personnel Issues

Legislative changes related to employment practices and requirements include the following:

Employment Practices and Requirements

- SB 168 allows the Commissioner to waive the requirement for certification of a superintendent if requested by a district. See BJA(LEGAL).
- HB 2205 establishes new criteria for the issuance of a school district teaching permit for individuals who will teach only noncore academic career and technical (CTE) education courses. See DBA(LEGAL).
- SB 664 provides for the discharge of a contract employee if the district determines the employee falsified a military record. See DF(LEGAL).
- HB 1783 prompted changes to several legally referenced policies:
  - DBAA(LEGAL) reflects that if a district learns about an employee's criminal record through the Texas Department of Public Safety clearinghouse, the district does not need to notify the State Board for Educator Certification (SBEC), since TEA would have already received this information from the clearinghouse.
  - At DFE(LEGAL) are revised investigation standards regarding an educator's alleged abuse of or other unlawful act with a minor.
  - Provisions at DG(LEGAL) reflect an employee's right to report a crime witnessed at school to any peace officer with authority to investigate a crime. A district is prohibited from adopting a policy requiring an employee to report a crime witnessed at school only to certain persons or peace officers or to refrain from reporting a crime witnessed at school.
  - A new legally referenced policy at DHB incorporates all relevant provisions on required reports to SBEC. Material has been pulled from DF(LEGAL), DH(LEGAL), and DFE(LEGAL) and modified as a result of HB 1783.

- HB 218 updated the certification requirements for bilingual and dual language programs. See EHBE(LEGAL).

- HB 786 requires districts to develop a policy on the expression of breast milk by employees. See the *2015–16 Model Employee Handbook* for language to address the requirement. DG(LEGAL) incorporates these provisions and existing federal provisions on breaks for nursing mothers who are nonexempt employees, previously at DEAB(LEGAL).

- HB 2186 requires that staff development for educators include suicide prevention training. See DMA(LEGAL).

DIA(LOCAL) AND DIA(EXHIBIT) POLICY CONSIDERATIONS

A recommended revision to the local policy on freedom from harassment, discrimination, and retaliation is in response to HB 1151, which prohibits sexual harassment of unpaid interns. Solely for the purposes of this policy, unpaid interns are included in the definition of "employee" and are thereby required to report any alleged harassment and comply with the other procedural elements of the policy.

In addition, to eliminate the need for the board to readopt DIA(LOCAL) every time the district's Title IX or ADA/Section 504 coordinator changes, we have moved the contact information for those positions to DIA(EXHIBIT), which is not a board-adopted document.

Compensation and Benefits

Policies related to compensation and benefits were affected by the legislature as follows:

- HB 2974 modifies the method for determining the health insurance contributions surcharge imposed on a district that hires a retiree. See DEA(LEGAL).

- As a result of SB 925, SB 934, and SB 972, certain stipends cannot be considered in determining whether a district is paying an educator the state minimum monthly salary. See DEAA(LEGAL).

- HB 445 requires a district to provide written notice of the number of workdays of paid leave available to a member of the Texas military forces. See DECB(LEGAL).

In addition, provisions at DECA(LEGAL) have been revised in accordance with the June 2015 U.S. Supreme Court ruling in *Obergefell v. Hodges* and the Department of Labor's new definition of "spouse."

Curriculum and Instruction

In addition to amended Commissioner rules related to the Texas Virtual School Network incorporated at EHDE(LEGAL), numerous changes from the 84th Legislature affected legally referenced policies regarding curriculum and instruction:

- The definitions of school year and school day, now measured in minutes, have been modified as a result of HB 2610. A district may add minutes to the end of normal school hours as necessary to compensate for minutes of instruction lost due to school closures. HB 2610 also prohibits a district from scheduling the last day of school before May 15. See EB(LEGAL) and EC(LEGAL).

- HB 4 prescribes the requirements for a district that wishes to participate in a grant for a high-quality prekindergarten program. Provisions from this bill have been added at EC(LEGAL), EEB(LEGAL), EHBG(LEGAL), and FD(LEGAL).

- HB 18 requires districts to provide to students, at least once in seventh or eighth grade, instruction in high school, college, and career preparation. See EHAC(LEGAL).

- HB 3987 allows a district to establish a school-based savings program to facilitate personal financial literacy instruction. See EHAD(LEGAL).

- HB 1613 provides that a student in a college preparatory English or math course under Education Code 28.014 who satisfies the college readiness benchmarks of the Texas Success Initiative assessment is exempt from the relevant end-of-course (EOC) assessment. See EHBC(LEGAL).

- SB 453 prompted changes at EHDC(LEGAL) to reflect that a score of 50, rather than 60, on a College-Level Examination Program (CLEP) exam is sufficient to receive credit by examination for acceleration/advancement purposes.

- At EHDD(LEGAL), changes regarding dual credit result from the following legislation:

    - HB 505 and HB 2812 repealed a provision that prohibited a student from enrolling in more than three dual credit courses at a college if the

college did not have a service area that included the student's high school.

- HB 18 mandates certain requirements for instructors of courses for joint high school and college credit.

- HB 181 prompted changes at EI(LEGAL) and EIF(LEGAL), deleting the requirement that diplomas carry information related to endorsements, performance acknowledgments, and the distinguished level of achievement. This information is now only required on a student's academic achievement record (transcript).

- HB 1993 allows a district to permit parents to acknowledge and sign required progress reports that are sent electronically, but the district must continue to offer parents the option of providing a handwritten signature. See EIA(LEGAL).

- SB 149 added provisions on the use of an individual graduation committee when a student has not passed up to two EOC assessments required for graduation. See EIF(LEGAL) and EKB(LEGAL).

- SB 1494 required changes at EIF(LEGAL) to reflect that a homeless student in 11th or 12th grade who transfers to a different district and does not meet the graduation requirements of the new district is entitled to graduate from the previous district if the student meets that district's graduation requirements.

- HB 2349 prompted additional changes related to state assessment at EKB(LEGAL) to clarify that a student must meet satisfactory performance on EOC assessments only for courses in which the student is enrolled. The bill repealed the required college prep courses for students who appeared unlikely to pass all required EOCs at the completion of 11th grade.

Student Issues

Legislative changes related to admissions and attendance include the following:

Admissions and Attendance

- SB 206 clarifies that students in foster care are entitled to continued enrollment regardless of whether a relocation is because of an initial placement or a change in placement. See FD(LEGAL). SB 206 also prompted changes at FEA(LEGAL) and FEB(LEGAL) regarding excused absences of students in foster care for compulsory attendance and funding purposes.

- HB 1559 requires a campus to post information on the campus website about local programs and services available to assist homeless students. This requirement applies when a campus is within a district with 3,000 or more students and located in a county with at least 50,000 people. See FDC(LEGAL).

- HB 2398 necessitated changes to multiple policy codes, including FEA(LEGAL), FED(LEGAL), and DEC(LEGAL). Significant provisions from HB 2398 include:

  - Extending compulsory attendance through age 18, rather than through age 17.

  - Changing the procedures related to a student who voluntarily enrolls after his or her 19th (rather than 18th) birthday.

  - Removing the criminal offense of “failure to attend school” for students under Education Code 25.094 and adding the option to refer a student in a civil case to a specific truancy court.

  - Revising the requirements for the written notices a district sends to students and their parents after a student reaches a certain number of absences.

  - Mandating that certain truancy prevention measures be applied.

  - Defining truant conduct as failing to attend on ten or more days or parts of days within a six-month period.

  - Modifying the definition of “child,” in terms of a referral to truancy court, as one who is 12 years of age or older and younger than 19 years of age.

  - Allowing a district to delay a referral to truancy court under certain circumstances.

  - Prohibiting a truancy referral when a student is pregnant, in foster care, is homeless, or is the principal income earner for the student’s family.

  - Requiring the employment or designation of a truancy prevention facilitator.

  - Prohibiting termination of an employee who is required to attend a truancy court hearing with his or her child.

FEA(LOCAL) POLICY CONSIDERATIONS

Recommended changes to this local policy on compulsory attendance correspond with provisions from HB 2398. Because the law now extends compulsory attendance to students through age 18 and requires a student who voluntarily attends or enrolls after his or her 19th birthday to attend school for the entire period the program of instruction is offered, we recommended deletion of the local policy provision to the same effect. Provisions regarding withdrawal for nonattendance are also recommended for revision to make them applicable to students under the age of 19.

FEC(LOCAL) POLICY CONSIDERATIONS

Recommended revisions to this policy on attendance committees are to improve the structure and to clarify that the policy applies when a student has not been in attendance for 90 percent of the days that the class is offered. In addition, text regarding the attendance committee appeal process has been simplified to give the district more flexibility by deleting the reference to the specific level at which the appeal of the attendance committee's decision must begin.

Health and Wellness

Several pieces of legislation address student health and wellness issues:

- SB 66 addresses school district administration of district-provided epinephrine auto-injectors to individuals reasonably believed to be experiencing anaphylaxis on a school campus, at an off-campus school event, or while in transit to or from a school event. A district that chooses to authorize trained volunteers and school personnel to administer epinephrine as permitted by SB 66 must adopt a policy that meets certain requirements and must provide written notice to parents before the policy is implemented and before the start of each school year. FFAC(LEGAL) contains the statutory requirements of SB 66. Also see FFAF(LEGAL) for related provisions. TASB Policy Service has sample materials available for districts that choose to implement an epinephrine program.
- SB 265 requires that districts permit students to possess and use over-the-counter sunscreen products on school property or at school-related events. See FFAC(LEGAL).
- SB 206 requires that if the Department of Family and Protective Services conducts an investigation of child abuse or neglect involving a district em-

ployee, the agency must provide, on request, a copy of the completed report to the board, superintendent, and principal. See FFG(LEGAL).

Discipline

SB 107 prompted changes to several legally referenced policies concerning student discipline:

- The bill creates the position of campus behavior coordinator (CBC), which is addressed in detail at FO(LEGAL). Each campus must designate a CBC, who may be the principal or any other campus administrator selected by the principal. The CBC is responsible for maintaining student discipline and implementing any duties assigned by law and as established by campus or district policy. Changes from SB 107 specifically referencing the CBC are also addressed at FOA(LEGAL), FOC(LEGAL), FOD(LEGAL), and the *2015 Model Student Code of Conduct*.
- SB 107 also deleted from statute a detailed list of prohibited weapons and instead now references Penal Code 46.02, Unlawful Carrying of Weapons, and 46.05, Prohibited Weapons. These changes affect mandatory expulsions of students. See FNCG(LEGAL) and FOD(LEGAL).

GRA(LOCAL) POLICY CONSIDERATIONS

At this local policy on state and governmental authorities, we recommend the addition of a cross-reference to policy code FO as a reminder of the CBC's obligation to provide written notice to a parent when a student is taken into custody by law enforcement under Chapter 37 of the Education Code.

Public Information Program

At GBA(LEGAL), HB 4046 modified provisions on public information regarding the confidentiality of student records. Changes reflecting HB 2160 provide that e-mail addresses and phone numbers of election judges or clerks are confidential.

At GBAA(LEGAL), provisions from HB 685 have been added to permit a public information officer to comply with a request by referring the requestor to an exact Internet location or URL address on a website maintained by the district. As a result of HB 2134, provisions have been revised to allow a district to e-mail any request to narrow or clarify a request for public information originally sent by e-mail.

More Information

For more information on these and other policy changes, refer to the policy-by-policy Explanatory Notes—customized for each district's policies—and the policies themselves, found in your district's localized update packet.

(LOCAL) Policy Comparison Packet

Each marked-up (LOCAL) policy in this collection reflects an automated comparison of the updated policy with its precursor, as found in the TASB Policy Service records.

The comparison is generated by an automated process that shows changes as follows.

- *Deletions* are shown in a red strike-through font: ~~deleted text~~.
- *Additions* are shown in a blue, bold font: **new text**.
- Blocks of text that have been *moved* without alteration are shown in green, with double underline and double strike-through formatting to distinguish the text's destination from its origin: ~~moved text~~ becomes moved text.
- *Revision bars* appear in the right margin, as above.

While the annotation software competently identifies simple changes, large or complicated changes—as in an extensive rewrite—may be more difficult to follow.

For further assistance in understanding changes, please refer to the explanatory notes in your Localized Policy Manual update packet or contact your policy consultant.

Please Note:

At **Update 103** you may see some duplicated margin notes in the policy comparison documents. They look like a tracked change where no clear change has taken place, like so:

~~MARGIN NOTE~~

MARGIN NOTE

This is an unintended side effect of Policy Service's recent migration to Word 2013, which revealed formatting issues in some margin notes that had not been apparent in earlier versions of Word. Fixing those formatting issues during Update 103 editing has now caused Word to annotate some margin notes where the wording itself hasn't changed, resulting in the effect described above.

We apologize for any inconvenience. If you would like assistance cleaning up the tracked changes in your local policy comparison documents, please contact TASB Policy Service, and we'll be glad to help.

"PUBLIC NOTIFICATION of TEACHER QUALITY (HIGHLY QUALIFIED)"

The No Child Left Behind Act of 2001 (NCLB) requires each local school district to report progress of the district toward meeting the State's measurable highly qualified (HQ) teacher objectives. The baseline for these statewide objectives was established during the 2002-03 school year. During the current year, the District is required to report this information to the Board of Trustees in a public report by December 15, 2015.

The following table indicates the target percentages established by the state per year compared to the actual percentage of highly qualified teachers employed by the Granbury Independent School District (GISD) and the statewide results.

School Year	Percentage of HQ Teachers (State Aggregate) **Target**	State Actual Percentage	G I S D Percentage of HQ Teachers
2002-03 (State Baseline/State Actual/GISD Actual)	76.2	93.09	97.47
Since 2006-2014	100.0	N/A	100.0
2015-16 School Year	100.0	N/A	99.9

During the baseline year (2002-03) the District was able to report 97.47% of its teaching faculty in the academic core areas (compared to the State result of 93.09%) as highly qualified classroom teachers. The District's percentage of highly qualified teachers has continued to increase since the baseline year, reaching 100% at the end of the 2006-07. Since the 2006-07 school-year the state requirement has been that Districts be 100%. GISD has remained 100% since 2006-14. September 16, 2015 was the required reporting date of the Campus Highly Qualified Teachers Compliance Report for the 2015/2016 year and on that date GISD reported 99.9%.

Additionally, teachers of core academic subjects* on all local campuses have Highly Qualified teachers as indicated below:

PERCENTAGE OF HQ TEACHERS REPORTED BY CAMPUS

Some CTE (Career Technical Education) and Technology Application Courses that are accepted by SBOE for graduation credit in a specific core academic subject are considered core academic subject courses.

The attached graph (page 5) will show the District's progress compared to the State and to the State Aggregate target percentage.

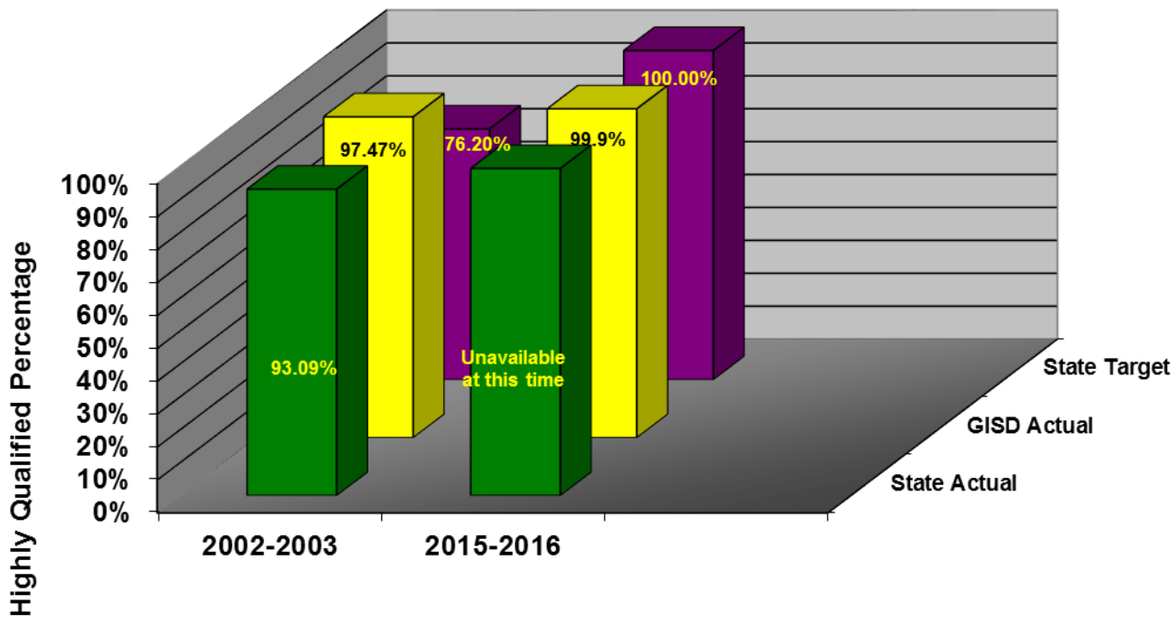

The following chart shows the percentage of Highly Qualified teachers at each campus during the 2002-2003 (the baseline year) and 2015-2016.

GHS	98.51%	99.9%
STARS	100.00%	100.00%
District Total	97.47%	99.9%

Another objective of the No Child Left Behind (NCLB) law is to reduce the number of core academic subject classes being taught by non-Highly Qualified Teachers or Teachers out-of-field for all students but particularly for the lower socio-economic students. The classes taught by Highly Qualified Teachers are more of a focus of the reports than they have been in the past.

*Core Academic Subjects – English, Reading or Language Arts, Mathematics, Science, Foreign Languages (languages other than English), Civics and Government, Economics, Arts (Music, Art, Theatre and Dance), History and Geography. Some CTE (Career Technical Education) and Technology Application Courses that are accepted by SBOE for graduation credit in a specific core academic subject are considered core academic subject courses.
